GREATEST TREK ON KOWKASH FOR GOLD FIND

All Kinds of Prospectors and Adventurers Hit Yellow Trail.

SPECIAL TRAINS RUN

Twenty Odd Claims Already Have Been Staked in New Field.

HAILEYBURY, Sept. 5.—The whole Timiskaming country is wild with the Kowkash gold discovery made by King Dods two weeks ago and first told in detail in The Toronto World on Friday last. The excitement extends from North Bay, thru Cobalt, Haileybury, Liskeard, Porcupine, Cochrane and now all along the transcontinental to Kowkash and on to Superior Junction and Port Arthur. The silver discoveries of Cobalt and the gold discoveries of Porcupine will be exceeded in interest by the trek now on to the Kowkash country. 300 miles west of Cochrane, Kowkash is a village post 777 from Toronto to Winnipeg by the transcontinental.

For this is an immense new field right in the greatest mineral belt in the world. It runs from Kingston, thru Tweed, Madoc, El Dorado, Cobalt, Sudbury, Porcupine, Silver Lake and now on further west and north. Only a little of it has yet been explored, but the gold, silver, copper, platinum, nickel (absolutely the richest metal deposit in the world is at Sudbury) and rare metals like molybdenite have been found and are all now being successfully mined. The gold country between Cobalt and Cochrane, including Porcupine, has hardly yet been touched.

Rang the Bell. For two years the Timiskaming army of prospectors have been waiting on their paddles for the next move, and the bell was struck last week.

CANNON STILL ROAR ON BATTLEFRONT

Artillery Bombardments Main Form of Fighting in France.

SOME BOMBING DUELS

German Batteries Silenced at Several Points by Opposing Guns.

LONDON, Sept. 5.—Artillery actions formed almost the entire feature of the warfare on the French front today and yesterday as they have formed for the past month. The chief scenes of great bombardments were Neuville and Rocourt, the region of Roye, the Champagne front, especially between Aubervilliers and Souain, the Argonne, Apremont forest, a point north of Fierey, Vailly region, south of Arras, at Linge in the Vosges and north of the Aisne. French trench mortars and artillery engaged in a duel in the sectors of Quenneviers, Vis and Neuvron, and the German batteries were silenced at several points.

Quite an intense bombardment also occurred in Champagne, north of the Chalons camp, Saturday night. French artillery silenced a German fusillade at Linge in the Vosges.

Engagements with bombs and hand grenades also occurred in the Champagne and in the outskirts of the Argonne.

EXHIBITION VISITORS. One of the features of visiting Toronto is inspecting the fall style display at Dineen's, 140 Yonge Street. Ladies will be charmed with the new fall millinery and fur—men with the new fall hats and hand-some fur coats.

The values are unusually fine and are not surpassed on this continent. You are cordially invited by the company to make their store your shopping headquarters during your visit.

RUSSIAN MOTORBOAT TOOK TWO TURK SHIPS

Armed Crews Were Made Prisoners — Some Skirmishes in Caucasus.

PETROGRAD, Sept. 5.—(Via London, 11.10 p.m.)—The war office today made public the following official communication concerning the warfare on the Black Sea and in the Caucasus: "A Russian motorboat has captured two Turkish sailing vessels laden with provisions, and made prisoners of their armed crews in the region of Melasgerud.

"Encounters took place between our scouts and Turkish cavalry near the villages of Alkhisa and Khoulka."

FRESH ADVANCE AGAINST TURKS

Some Progress Made in North Zone of Gallipoli Peninsula.

TURK ATTACK FAILED

Unsuccessful Night Onslaught Against British Near Anzac Region.

LONDON, Sept. 5.—Paris reports that the Turks have delivered an unsuccessful night attack against the British positions near the Anzac region, but beyond that no news has been received of the operations in the near east.

"Tonight's official French statement says: "In the Dardanelles since the end of August, quiet has prevailed in the north zone several engagements of quite a spirited nature have enabled the British troops to realize some progress."

There has been renewal of the reports from Athens of dissensions between the Turks and Germans at Constantinople and of depression among the Turks as the result of heavy losses in Gallipoli. No evidence of this, however, is to be found among the Turkish troops, who are reported to be fighting with all their old stubbornness.

Object Not Obvious. The Germans on the other hand, are massed between Grodno and Kobryn on the Brest-Pinsk Railway, but their immediate object is not obvious, unless they are looking for a good defensive position on which to hold the Russians throughout the winter.

Further south the Russians are offering fierce resistance, as they are firmly established in a fortified area, of which Rovno and Dubno are centres; while in Galicia they still hold the line of the Sereth River.

With the rainy season a few weeks off, the opposing armies, especially in the marshy region of the centre, cannot hope to carry on the operations much longer, and some German intrepid reports state that the Germans and Austrians are already weakening their armies in Russia by moving troops to the Serbian, Rumanian and western fronts.

In the western zone the heavy artillery of the allies is still bombarding the German lines, doing all the damage possible and trying to break the morale of the German troops, but thus far there is no indication of a general offensive.

HAMILTON GIRL IS REPORTED MISSING

Daughter of W. Taylor Separated From Parents Aboard Hesperian.

By a Staff Reporter. HAMILTON, Monday, Sept. 6.—It was learned late last night that W. Taylor, his wife and two children who reside on the mountain top, were aboard the Hesperian when it was torpedoed.

Mrs. Hedger, 79 South Bay Street, who is a friend of the Taylor family, received a message stating that Mr. and Mrs. Taylor and daughter Dorothy are safe, but that Nellie is missing.

Early reports last night indicate that eight or ten lives had been lost, but later it was declared authoritatively that all were saved. It is probable that the Hamilton girl reported missing became separated from her parents when rescued.

FARMER MET DEATH UNDER TRAIN WHEELS

Richard Birch Killed at St. Mary's on Returning From Exhibition.

ST. MARY'S, Ont., Sept. 5.—Richard Birch, a prominent farmer living at Anderson, a few miles from here, was killed at the Grand Trunk station here last night as he attempted to alight from passenger train No. 37, as the train was pulling out of the station.

Birch, who was returning from Toronto, where he had been exhibiting livestock at the National Exhibition, lost his balance and fell under the wheels.

TEUTON ARMIES ABOUT EXHAUST DRIVING POWER

Germans and Austrians Make Small Headway in Russia of Late.

FORCES AT STANDSTILL

Von Hindenburg Held Up by Resistance Between Riga and Grodno.

LONDON, Sept. 5, 9.50 p.m.—Either the driving power of the Austro-German offensive against Russia is nearly exhausted or the German generals have decided that their armies have penetrated the Russian Emperor's dominions as far as is considered safe and are preparing to dig themselves in for the winter. This is the opinion expressed by military writers here.

Certainly very little progress is now being made, and at many points the Germans and Austrians are kept busy repulsing the counter attacks of the Russians. From the Gulf of Riga to Grodno, Field Marshal Von Hindenburg's armies are at a standstill, having apparently made no attempt to cross the Dvina after carrying the bridgeheads at Lennewa and Friedrichstadt.

To the north, southwest and south of Vilna, the fall of which has been predicted for some days, the Germans are faced by very strong Russian forces who, by their offensive, have made it dangerous for the Germans to push their way westward, or to the south of them.

Object Not Obvious. The Germans on the other hand, are massed between Grodno and Kobryn on the Brest-Pinsk Railway, but their immediate object is not obvious, unless they are looking for a good defensive position on which to hold the Russians throughout the winter.

Further south the Russians are offering fierce resistance, as they are firmly established in a fortified area, of which Rovno and Dubno are centres; while in Galicia they still hold the line of the Sereth River.

With the rainy season a few weeks off, the opposing armies, especially in the marshy region of the centre, cannot hope to carry on the operations much longer, and some German intrepid reports state that the Germans and Austrians are already weakening their armies in Russia by moving troops to the Serbian, Rumanian and western fronts.

In the western zone the heavy artillery of the allies is still bombarding the German lines, doing all the damage possible and trying to break the morale of the German troops, but thus far there is no indication of a general offensive.

RUSSIA TO SPEED UP MUNITIONS OUTPUT

Parliament Gives Only Reply Worthy of Nation, Says Czar.

NO PEACE IN SIGHT

War Until Victory's Complete Determination of Whole People.

LONDON, Sept. 5.—A Petrograd despatch to Reuter's Telegram Company says: "Presiding yesterday at the first meeting of a special conference having for its object the discussion of measures to be taken for national defence, Emperor Nicholas declared: "The question before the conference is of the gravest importance, it concerns the more speedy equipment of the army with munitions, which is the one object for which our gallant troops wait in order to stop foreign invasion and bring success to our arms. Parliament have given me resolutely and without the least hesitation, the only reply worthy of Russia—a reply which I expected from it, namely, war until victory is complete. I doubt not that this is the voice of the whole Russian Nation."

BIG ELEVATOR BURNED LOSS TWO MILLION

Structure Destroyed at Newport News One of Greatest in United States.

NEWPORT NEWS, Va., Sept. 5.—The Chesapeake & Ohio Grain Elevator "A," one of the largest in the United States, was destroyed by fire last night, with a loss estimated at \$2,000,000. Five hundred thousand bushels of wheat were in the elevator.

TURKS CLAIM SUCCESS IN MINOR ENCOUNTERS

Demolition of Hostile Machine Gun One of Exploits Proclaimed.

CONSTANTINOPLE, Sept. 5.—Via London, Sept. 5, 6.05 p.m.—The following official statement was issued today at the Turkish war office: "In the Anatolia section our artillery demolished a hostile machine gun, which column surprised the enemy trenches at several points and captured a quantity of war material. "Nothing important has occurred near Ahi Burnu. "Near Seddul Bahr the enemy bombarded Aitchepe and its neighborhood from land and sea for two hours fire caused an explosion among the enemy's mine throwers. An explosive mine demolished hostile barbed wire entanglements."

SALEM, Ont., Sept. 5.—The Salem tannery was destroyed by fire this afternoon, the loss being estimated at \$3000. The building was insured for \$1000 and the machinery and contents were uninsured.

Vessel Remained Afloat and Every One of the 600 Souls on Board Was Saved.

WOUNDED CANADIANS AMONG PASSENGERS

Force of Explosion Was Tremendous and 20 Passengers Were Injured.

LONDON, Sept. 5, 11.00 p.m.—The Allan Line steamer Hesperian, with 350 passengers and a crew of 200 aboard, bound from Liverpool for Montreal, was attacked without warning by a German submarine, 130 miles from Queenstown, just as darkness was falling Saturday evening. Although the torpedo found its mark, the vessel remained afloat, and, according to a statement issued by the company tonight, every soul aboard was saved.

The Allan Line officials, however, decided not to give out a list of the passengers.

No submarine was seen and probably it was too dark to observe the wake of a torpedo, but all the passengers and members of the crew who arrived at Queenstown on the rescue steamers today, agree that the attack was made by a German undersea boat, basing their opinion on the force of the shock and the great volume of water thrown into the air. This dropped back on the deck, drenching the passengers, who were taking an after dinner promenade, feeling quite safe, in the belief that they had passed the submarine danger zone.

Tremendous Explosion. The force of the explosion was tremendous, and of the passengers landed at Queenstown, many of them scantily clad, about 20 were injured. There were no American passengers aboard, so far as the American consul could learn tonight, but two members of the crew were American citizens, and they were both saved.

About thirty Canadian soldiers, who were wounded in battle in Flanders, were going home to recuperate. Most of the other passengers were Canadians, returning from a visit to England, or English people on their way to Canada to settle.

Settled by the Head. The torpedo struck the Hesperian in the forward engine-room, and the ship immediately began to settle by the head. Captain Main ordered the passengers and crew into the boats, but with his officers remained on the bridge, altho at that time he must have felt sure that his ship would go down.

The discipline was perfect, but one of the boats, the falls of which became jammed, capsized, and those in her were thrown into the water. In the darkness confusion naturally prevailed, but all were picked up, and, with other passengers and the crew, were transferred to the rescue steamers which arrived in answer to wireless calls for assistance. The Hesperian was about 130 miles to the westward when struck.

SAYS HESPERIAN MOUNTED ONE GUN

U. S. Consul at Queenstown Says It Was Visible on the Stern.

PASSENGERS LANDED

Injured Vessel Will Arrive in Port Some Time Today.

WASHINGTON, Sept. 5.—A cablegram from American Consul Frost at Queenstown to the state department tonight, announcing the torpedoing of the Allan Line Steamer Hesperian, said the liner carried mounted and visible on her stern a 4.7 inch rifle.

The consul's message, dated 1 p.m. today, follows: "The Allan Line Steamer Hesperian, torpedoed by German submarine 79 miles southwest of Fastnet at 8.30 o'clock Saturday evening. One or two Americans on board, none lost. Vessel not sunk. Admiralty boats landed passengers and troops at 8.30 this morning. Have returned to bring Hesperian in here (Queenstown). Due about 9 o'clock tomorrow morning. There were about 45 Canadian troops on board, unorganized and mainly invalided. Also one 4.7 gun mounted and visible on stern. Vessel bound for Montreal."

It is fully expected that some new features will soon be announced in connection with the war program of this country in order to increase the aid and backing given to the mother country.

Needless to say, questions of domestic affairs or politics will be left for later consideration.

CABINET TO MEET TO HEAR PREMIER

Sir Robert Borden Will Explain Attitude of Imperial Authorities.

TO GIVE FURTHER AID

New Features in Connection With Dominion War Program Expected.

OTTAWA, Sept. 5.—Sir Robert Borden rested quietly at his home today after his long and busy trip to Great Britain and the western battle front.

The cabinet ministers, most of whom are now in town, called at his residence this afternoon, and an informal reception was held. The prime minister gave his colleagues many interesting details of his trip and his impressions of various phases of the war.

It is understood that tomorrow, the Labor Day, the cabinet will meet and immediately take up certain matters in connection with Canada's participation in the war.

The prime minister and Gen. Sir Sam Hughes will set forth the attitude of the imperial authorities, altho, of course, Canada is left to decide for herself as to what course she shall follow.

It is fully expected that some new features will soon be announced in connection with the war program of this country in order to increase the aid and backing given to the mother country.

Needless to say, questions of domestic affairs or politics will be left for later consideration.

WOMEN AND CHILDREN SAVED FROM WATER

Captain and Officers Stayed on Board and the Ship is Saved.

QUEENSTOWN, Sept. 5, 10.30 p.m.—Major J. S. Barres, a Canadian officer, who was returning home to recuperate from wounds, said: "The Hesperian was torpedoed without warning. The deadly missile was discharged at the steamer while she was shrouded in darkness. That there was not an appalling loss of life was no fault of the commander of the German submarine. The torpedo struck in a vital part of the engine room."

Major Barres assisted the engineers in closing the bulkheads, and thereby the inflow of water from the first and second forward compartment was checked. By this means the steamer, which was in imminent danger of foundering, was kept afloat.

According to statements made by some of those who were landed here, the captain of the Hesperian and about twenty of his crew never left the steamer, and altho the captain appealed to many of his men who had taken to the boats to return they did not respond.

Two Americans Saved. So far as has been ascertained by the American consul, who has been making inquiries, there were only two Americans aboard. Both were saved. They were ship stewards. One of them, named Dojan, of Pittsburgh, said that no submarine was sighted. The only evidence that a submarine was near was a tremendous explosion which threw up such a mass of water that it swept clean over the forepart of the vessel.

Among those who had to swim for it were several Canadians. They were good swimmers and not only managed to keep afloat until picked up, but helped to save some of the women and children. A choppy sea, added to the darkness, intensified the misery of those in the boats, many of whom were scantily clad.

Thought They Were Safe. Another Canadian officer who remained on board the Hesperian until the rescue steamers arrived said the liner was struck by the torpedo at half past eight in the evening, when she was well out of sight of the Irish coast and everybody on board thought they were out of the danger zone.

With other officers, the Canadian says he went below to assist in closing the bulkheads, which was quickly accomplished. The torpedo, he says, hit the liner on the starboard side somewhere near the second bulkhead, and the ship went down by the bow to about 35 feet. As the water was more or less confined to the forward part of the steamer, Capt. Main was hopeful that he could bring the Hesperian to port.

Repaired the Wireless. The wireless, according to the officer, was put out of action as the result of the explosion, but a ship's officer climbed the mast and repaired it, and calls for assistance soon were being flashed across the sea.

The first rescue steamer arrived at Queenstown on Sunday morning.

Real Clothing Values Are Not To Be Judged by Prices Alone

Price-cutting acts like a boomerang, and in many cases it flies right back and hits the man who throws it. In other words, continued price-cutting will in time lower the standard of any house until only the **CHEAP BUYER** goes there to trade.

PRICE-CUTTING is like a malignant disease that has crept into the business houses of the city and country until today the whole United Kingdom of the mercantile world is affected by it, and customers being made skeptical because they are asked to believe that **PRICE** inducements held out to them are great bargains, when in reality there is nothing of merit in them at all.

We Are Not Handing Ourselves Any Bouquets

when we say that for nearly half a century it has been the policy of this Store to maintain a high standard of Clothing Values, with prices marked according to the **QUALITY** of the garment we offer to our customers.

We are carrying out that same policy today. Our showing in new Fall and Winter models of Suits and Overcoats is bound to appeal to the man who can fully understand and appreciate good clothes, well made, with a fair-minded price marked on every garment, and a store service that will do all in its power to make you a pleased and well-contented buyer.

And Lastly

We are not confined to any set price, such as \$14.00, \$15.00 or \$18.00. We can sell you at any price you wish to pay, starting as low as \$8.50 and going up the price ladder to \$35.00, and higher if you wish to go.

If you are prospecting for clothes value, you may find your "NUGGET" in our clothing **MINE**.

Women and Children First
I joined the Hesperian at Liverpool Friday. I was engaged in the steering, where the women and children all had gone to bed when the explosion occurred. They immediately poured out into the alleyways in their night clothes. The stewards endeavored to calm their fears, but when it became known that the ship had been torpedoed the women and children were ordered on deck to take their places in the boats.

The stewards put lifebelts on them and helped them into the boats. Three of the boats capsized as they were

Several of the boats left the ship not quite full. I assisted in getting wounded Canadians into some of the boats. I left the Hesperian at midnight in a collapsible boat.

Passengers Drenched.
Ronald Whiteway of London, who, with his wife, was a passenger on the Hesperian, said:
"We were sitting on the upper deck, the weather being delightful, when, about 8.30 o'clock Saturday evening, we felt a violent impact which almost knocked us out of our chairs."
"In less time than I can tell of it, a huge volume of water rose almost as high as the masts, and, breaking, drenched us to the skin. We had thought we were out of the danger zone and were discussing the possibility of a pleasant voyage."
"The lifeboats were quickly lowered and rowed away from the steamer, on which the captain and officers and some of the crew remained. The steamer apparently was struck on the starboard side, but as it was nearly dark the torpedo could not be seen. After the explosion the Hesperian settled down by the head. Rescue steamers were soon on the scene and took the passengers on board."

Lieut.-Col. A. C. Caldwell and Capt. R. B. McGiffin are arranging for the picking of overseas troops in Toronto. The troops will come to Toronto from the camp at Niagara in November. They will be quartered at the Exhibition grounds, the Woodbine race course and the old General Hospital. It is expected that the artillery will be at the Woodbine.

NO PARADE TODAY OF HUNDRED-NINTH

But Regiment Will Hold Weekly Turnout on Tuesday Night.

Following the declaration that Monday (Labor Day) is a general holiday for the military units in Toronto, Major W. S. Dinick, commanding officer of the 109th Regiment, has ordered the postponement of the usual weekly parade of that corps till Tuesday evening.

Holiday Today.
In Toronto active service recruits training today, partly because it is Labor Day and partly to give them an opportunity to visit the Exhibition. The staff of the recruiting depot at the armory is also "off duty" today. The depot will be open to enlist men on the last Labor Day of the week. On account of Wednesday night instead of tonight.

Col. W. A. Loele received word from Ottawa on Saturday that the militia department has decided to retain Major H. C. Blockford as general staff officer of this military division instead of sending him to Shorncliffe camp, England, to be D.A.A.G. and Q.M.G.

HAMILTON NEWS

HAMILTON WON DOUBLE-HEADER

Guelph Scored Total of Two Runs in Saturday's Contests.

SECOND GAME CLOSE

Lindholm's Timey Drive in Eighth Brought Victory to Local Team.

By a Staff Reporter.
HAMILTON, Monday, Sept. 6.—Hamilton continued its uphill climb and added to its long string of victories by taking a doubleheader from Guelph here Saturday. The first game resulted in a score of 5 to 1, the second ended 3 to 1. Both teams played rattling good ball, and the pitchers were afforded excellent support. The Guelph team netted any runs until the fifth, when local batsmen and two innings were counted. Again in the seventh Auld was fresh, and this time with bad errors, resulted in three more runs. Guelph's lone tally was made in the ninth when Brown tripled to left and scored a minute later on a hit.

Second Game Close.
In the second contest both teams scored one in the first, but no more runs were scored until the eighth, when Hernandez walked and scored on Lindholm's long drive to centre field. The scores:
First game—R. H. E.
Hamilton.....000000001—1 6 4
Guelph.....000000000—0 1 2
Batteries—Auld and Harkins; Armstrong and Lamond.
Second game—R. H. E.
Hamilton.....10000000—1 7 0
Guelph.....000000000—0 1 2
Batteries—Carney and Harkins; Jones and Lamond; Unipire—Bedford.

Escaped From Camp.
The residents in the vicinity of the City Hospital and the authorities of that institution saw a man roaming about at night in a white nightshirt late Saturday night. Later it became known that Pte. Priem, who last Friday, underwent a serious operation, on Saturday night became restless and escaped his quarters before 11 o'clock. For some time the military authorities tried to locate him, but, failing, informed the police to search the streets. The police were notified and the patient taken back to his bed in the hospital.

Took Extended Leave.
Lately the military officials at Niagara camp have complained of the absence of some of the men who have absented themselves from camp after the time their leave of absence had expired. Several of the offenders had returned to their homes in Hamilton, and the police were asked to locate and hold them. They have been successful, and yesterday Sgt. J. Cowell, in E. Pictou street, and Milne, Vine street, and Wm. Rouse were locked up and will be held until an officer comes from the camp to take them back.

Van Fell on Woman.
Just after leaving the east end incline early Saturday evening, a team attached to one of the Farming's trucks became unmanageable and caused the van to topple over. As it fell it struck Mrs. Albert Phillips, 118 Albert street, Mount Pleasant, who was about to get on the incline. It threw her against an iron railing and she sustained a serious injury to the head and body. She was taken to the City Hospital in a serious condition. She was accompanied by her two small children, but they escaped injury.

Names of those on board the Hesperian.
The names of those on board the Hesperian, which was torpedoed by a German submarine near Queenstown, Ireland, could be learned from a list of names which were being having written relatives that they were sailing on that ship.

Century Club Winners.
On Saturday the 20th Century Club, winners of the 1914-15 season, of the Dundas League, and Zion, winners of the Dundas League, looked up in a game for the club championship. The Century club had little difficulty, and won the championship by a 2-0 score.

Old Residents Dead.
Rachel Campbell Parker Haslett, wife of E. H. Haslett and a high-ranking member of the late John Seary, died at her residence, 448 South Park street, yesterday, following a lengthy illness. She was 62 years old and had resided in Hamilton since 1880. She leaves two daughters, Lena and Mary, both at home. The funeral will be held at 3.30 Tuesday afternoon at Hamilton City Cemetery.

Robert F. Drake, 79 years old, who has resided in Hamilton for the past 55 years, died at the home of his son, Frank Drake, 130 Gibson avenue, Saturday afternoon, following a lingering illness. He was one of the oldest members of Court Pride, A. O. F., and had been employed with Coppell, Hayes & Randall for nearly 30 years. The funeral will take place at Hamilton City Cemetery at 2.30 this afternoon.

Joseph Joshua Wright, brother of T. C. Wright, 81 Market street, died yesterday, at the home of his son, Joseph Wright, in Sussex County, England, and came to Canada when a young man. Until a few years ago he earned his living as a cooper. He leaves a wife and one son. The funeral will be held at Goderich on Tuesday.

The total number of recruits for overseas accepted and based at the central recruiting depot at the armories for the week ending Saturday was nearly 700. The number is smaller by 100 than the total of the previous week, but it is expected that the Exhibition has a retarding effect on enlisting instead of a stimulating one.

STOUT DEFENCE OF CZAR'S ARMY FOILS GERMANS

Russian Resistance Stiffens at Both Wings, Checking Foe's Advance.

REAR GUARD FIGHTS

Battles in Galicia Result Favorably to Russians at Several Points.

LONDON, Sept. 5.—Stiffening of the Russian resistance on both wings has held up the Germans for several days, and even Berlin is forced to admit that it has no victories to report. The stand of the czar's armies, however, is intended merely as a strong rear guard to enable them to dictate the pace of their retreat to the lines chosen to make a final stand and to inflict the maximum of punishment on the enemy in the course of their withdrawal.

Near Linden Village, on the Dvina, the Russians recrossed to the left bank of the stream, driving the Germans back from the river and engaging them in a desperate fight. Near Friedland the Russian troops, under pressure of the enemy, who had been reinforced, and being under a cross fire from the German artillery, crossed to the right bank of the Dvina River.

Russians Re-enter Grodno.
Forceful fighting was resumed near Grodno Friday morning when the Russians entered the town and captured eight machine guns and 150 Germans. This success permitted them to fall back without molestation from the enemy. On the front between the Dvina and the source of the Jasoldia River the Russian rear guards only were engaged for two days in holding up the advance of the enemy.

Rebuffs for Enemy.
A counter-offensive was developed by the Russian troops operating on the right bank of the Dvina on the Derajna-Olyka-Mlynof front and was attended with success. The enemy was thrown back in the Radziwillof region. Only secondary actions are reported from the Sereth River front in Galicia. On the front between Derajna and the Dnieper the Russians met with considerable success Thursday and Friday, taking prisoners over 60 officers and 3000 men, with some machine guns.

A big battle was precipitated in the Zaleszczyk region on the Dniester by the Austro-Germans, who delivered a series of attacks and are continuing the fighting. Heavy losses were inflicted on the Germans in the recent fighting on the Stripsa River.

HOTEL TECK

JEWISH NEW YEAR STARTS WEDNESDAY

Oldest of All Festivals Celebrated in the Civilized World.

Wednesday evening is the commencement of the Jewish New Year and the festival will be continued on Thursday and Friday. Rabbi Price will preach on Thursday morning on the "Dual Aspect of the Jewish New Year" and on Friday morning his subject will be "Religion's Call to Civilization." The Rabbi has arranged with Col. Logie of Niagara camp that all Jewish soldiers will be released from duty on New Year's Day and the day of atonement. He has extended invitations to them to attend the services and has provided quarters for them in the city. The Rabbi has expressed his very grateful to the colonel for his kindness.

In an interview with The World last night, Rabbi Price said that the Jewish New Year was the oldest of all festivals celebrated in the civilized world and is unique for its significance as well as for its antiquity. "The Jewish new year on January 1, is a day of gratifications, men rejoice in what they have achieved," he said. "It is a day for sorrowful inventories, whereas the Jewish New Year is a time for serious thought on the meaning of life. It evokes pious contemplation of the difficult problems as to the right and wrong and its appeal is not that we should get more out of practical life."

Attendance First Week || LABOR MEN VISIT FAIR TODAY Entries for Baby Show at Exhibition 407,000 || LABOR MEN VISIT FAIR TODAY Outnumber Other Years

LABOR AND CAPITAL COMBINE TO MAKE GREAT CELEBRATION ONE OF UNEQUALED SUCCESS

Procession Comprising Some 7,000 Union Men Will Terminate at Exhibition Grounds Where All Will Participate in an Immense Demonstration of Canadian Optimism and Faith in Dominion's Resources.

Labor, in all its branches, will be represented at the Canadian National Exhibition today. Provided the weather is favorable, it is expected that labor day figures of past years will be far surpassed.

There is reason for this optimism on the part of the directors and officials generally. They have already seen positive proof of the fact that Toronto and indeed the whole Dominion is behind them in the greatest undertaking of its kind for many years.

The spirit of unshakable confidence that has been manifested by labor and capital alike, as exemplified at the Exhibition, is having an influence upon the attitude of the Dominion generally.

Confidence in Canada. Every man who enters the grounds of the Canadian National Exhibition witnesses to the fact that he has confidence in Canada and the arms of the British Empire.

Labor Speaks Today. Labor speaks today. Seven thousand union men will be present to witness the parade and the march to the grounds in a body.

But the baby show, that's the event that will put all others in the background so far as the very young generation is concerned. This year there are 500 entries.

CREATORS BAND TODAY. Matinee Program. Part 1. 1. "Lepante".....Cecchi 2. "The March".....Cecchi

INDIANS CLAIM ANNUITY. CORNWALL, Sept. 5.—The Indians of the St. Regis reservation, across the river from here, are requesting the State of New York for an allowance which they claim was promised to their tribesmen 118 years ago.

STRONG MAN WILL PULL AN ARMORED MOTOR CAR. Member of Bemey Troop to Make Experiment, Bearing Strain With Elephant in Lead.

An experiment will be carried out at the Exhibition grounds this morning between 10 and 11 o'clock, which, if successful, will mean something new for this world's visitors.

There will be another strap around the neck of the motor car, and it will be pulled by a horse loaded with 20 men, but today he is going to try the motor car, and if successful, will demonstrate his strength in this way at each grand stand performance.

LABOR DAY TO COMMENCE BEST SURPRISE OF FAIR

Twenty-One Sporting Events Will Be Keenly Contested and There Will Be Fun and Entertainment For Everybody.

Labor Day is the day all Toronto visits the Exhibition. In previous years Labor Day has brought the biggest attendance of the year. In 1912 this was 153,000; in 1913, the record year, 154,000, and last year, 115,000.

Four hundred and seven thousand is given as the figure for one week, that will be equaled in a foregone conclusion. Today is a special day. In 1912 this was 153,000; in 1913, the record year, 154,000, and last year, 115,000.

INDUSTRIAL DAY. 8.00 a.m.—Gates open. Procession under way. War trophies on view in the government building.

LABOR DAY VISITORS at the Exhibition will do well to see the fine display made by the Canadian Government Railways in the federal government building.

HELP A GOOD CAUSE. When at the Exhibition get your meals at the Women's Work Department. There is a beautiful panoramic view of the grounds.

DADDY HAS GONE AWAY TO FIGHT. Twenty Motor Cars in Parade Today Will Contain Children of Soldiers.

AVIATOR MACAULEY COMING CLOSER IN. Will Give Demonstration Few Feet From Crowded Water Front.

BOATS MUST KEEP OUT. Dangerous Feat Cannot Be Performed Unless Way is Made Clear.

SATURDAY'S CROWD OUT FOR PLEASURE

Many Attractions Drew Regular Holiday Numbers to Exhibition Grounds.

THOSE WHO WITNESSED MARCH OF THE ALLIES WERE MOST ENTHUSIASTIC.

There seemed to be no end to the number of people who on Saturday made a trip to the fair. At 1 o'clock 2,100 more people had entered the grounds than had done so at the same time a year ago.

It was a regular Saturday afternoon pleasure-seeking crowd. There was no mistaking that because they showed they were out for fun and amusement by the smiles on their faces and the money they spent.

BOYS IN KHAKI GO THRU DRILLS

Military Manoeuvres Won Popular Favor at White Tented Camp.

TRENCH DIGGING, LONG DISTANCE SIGNALING AND DESPATCH RIDING SEEN.

Military manoeuvres won popular favor in the white-tented camp by lake Saturday. More and more the public are finding out the attractions of the place where the boys in khaki give vitality and picturesqueness and present a graphic object lesson of the drama of the empire.

Early in the afternoon crowds gathered outside the line which separates the military camp from the rest of the Exhibition area, many finding intense interest in watching two soldiers in fatigue dress who worked at the connecting trenches at the entrance.

THE WHOLE OF BELGIUM that the Germans have taken is covered by trenches just like that," said one who evidently considered this an insuperable barrier to the progress of the allies, forgetting that the engineers, with their predecessors, the sappers and miners of the British service, had an antidote for the ravages of even the greatest strategists in the Kaiser's army.

Other among the white tents the Signalers Corps of the 37th have their station, and here a reporter of The World found Signal Brown near his headquarters.

"We can signal to Niagara-on-the-Lake, and even further, a distance of 40 miles," the expert in khaki said in answer to an enquiry. "We have a station here and another on the top of the grand stand." It was then explained that the heliograph communications by means of the strong glass of the instrument and the rays of the sun, is the most reliable for the distance the flash may be longer in India, for instance, the flash may be seen at a distance of 80 miles.

"It is the flash visible for the eye," was courteously demonstrated in the affirmative by an invitation for the reporter to position himself a tree in line with the instrument, when the operator flashed a succession of dots and dashes and a perfectly resplendent light emanated from which flashes were clearly visible.

Despatch riding is part of the work of this division. A lot of people are under the impression that the work of this section is pretty safe, but this is wrong," said our informant. "There might be some safe spots, but the quarters, but at the front signaller must go with the scout." The danger of the work entails required no demonstration. A dummy set of telegraph instruments similar to those used in trenches were other objects of interest.

Drilling in Progress. Out in the drill square, drilling was in progress, and the sharp word of command came thru the surrounding ranks of civilian spectators, reminding one that the world was transformed into a military camp. The drill square was a scene of peace alone was known. Glances of pride and notes of admiration followed the rhythmic feet of the khaki-clad figures whose bayonets flashed in the sun as their bearers wheeled, marched and counter-marched at the word of the commanding officer. The tanned faces in particular were a surprise for a uniform red was seen on every countenance.

"They've had six months' training," volunteered someone in the crowd, which was quite explanatory. Bags made of sacking half-filled with straw were hanging from a line and German names painted in large letters were added with the surrounding for which they were used. Von Kluk, Von Hindenburg, give personality to the scene. The direct touch of military life even in the residential quarter of the camp was given by the business-like march of the orderlies as they went with despatches to and from the orderly room, the presence of a mounted policeman and the steady tramp of the sentry on duty. The camp certainly one of the show-spots of the Exhibition.

TO SHOW COLOR PLATES OF ALL PRIZE GARDENS. Prof. Hutt Will Use Them at Massey Hall on Friday Night.

Lumiere color plates with views of two score of Toronto's most beautiful gardens are to be shown by Prof. H. L. Hutt in Massey Hall on Friday night when the distribution of prizes won in the Dovescourt Backyard Garden Contest takes place. These plates were made only in France, and owing to the war it was found impossible to import a supply. It was only by combing the supply houses of New York that a number were obtained and rushed to Toronto within the past week. The views of the prize gardens are said to be among the best samples of color photography yet obtained by the Lumiere process.

THIS WEEK AT TORONTO THEATRES

Social Maids

Patrons of the Gayety Theatre will have one of the greatest treats of the season this week when Joe Hurtig's Social Maids appear at that handsome amusement house for their annual engagement. This season the show is new from beginning to end, with new magnificent scenery, gorgeous costumes and ingenious and original electrical equipment. Best of all is the superb cast which Mr. Hurtig has engaged to present his clever musical

burlesque, "Busy Little Cupid," the book of which was written by Leon Berg and the special music by Will H. Vodery. Starring in the principal roles are George Stone and Etta Pillard, conceded the cleverest exponents of the modern art of dancing that the stage of burlesque boasts. In support of these stars are Billy Baker, Billy Foster, Jack Pillard, Marty Seamon, Jessie Hiatt and the Jewel Sisters.

Shea's

Exhibition visitors and Shea's regular patrons will be offered the opportunity of bright and varied amusement this week when Bert Lamont and his cowboys will head an excellent all star bill at the popular Victoria street vaudeville house. The feature act has been provided with a picturesque western setting that serves to introduce Lamont and his five companions in a host of pleasing songs. Florrie Millership, a dainty singing comedienne, will sing some new songs with appropriate changes of costumes. Miss Millership's handsome gowns will prove particularly attractive to the feminine portion of the audience. Charles Cartmell and Laura Harris will present their pleasing singing and dancing novelty interspersed with crisp, snappy dialog. The inimitable Doc O'Neill has plenty of laugh-provoking material, while Collins and Hart, burlesque "strong men" are guaranteed to keep their audience in roars of laughter. Nana Sullivan and a clever company will appear in a variety of offering, while the Musical Johnstons are clever xylophone artists. The See-backs in an ingenious athletic novelty and bag-punching offering and complete photo plays complete the bill.

CHARLIE CHAPLIN as he appears in real life. He will be seen with Marie Dressler in "Tillie's Punctured Romance" at The Strand all this week.

The Hippodrome

For this week the Hippodrome management offers as the headline attraction of a bright bill the Six Serenaders, a clever musical offering. J. C. Mack trio will present the ludicrous farce, "On a Busy Day," a comedy playlet that seems with laugh-provoking situations. "Back to Montreal" is another comedy sketch that tends to drive away dull care. Rice and Franklin have an attractive singing, dancing and talking melange that includes many new songs and the best of the modern dance diversions, while Dave Vanfield, comedy juggler, handles pianos and chairs with ease and grace. Jack Prince is a comedy magician and monologist who performs many amazing feats of sleight of hand, while he amuses his audience with some rapid fire chatter. The Clavenes produce many thrills in their daring aerial offering and with feature film attractions complete a splendid bill for the last week of the Exhibition.

Loew's

An all-star bill will be presented at Loew's Yonge Street Theatre this week, topped by Roland West's musical comedy success, "On the Veranda," offering happy incidents of learning days. This act consists of three men and three women and a stageful of special scenery. Other acts on the bill will include the Usher Trio, presenting their clever comedy skit, "Almost a Millionaire." Connors and Witt, two boys and a piano, in popular song numbers. Mile, Nadjie, the physical culture beauty called the most perfectly formed woman in the world. The tramp comedian with the big voice, B. Kelly, Forrest, president of the Hobos' Union. Branley and Meredith, two pretty girls in a combination of melody and motion; Karlton and Klifford, presenting a revelation in art, and special for this Monday, Tuesday and Wednesday only, "Charlie Chaplin" in his latest success, "The Woman," besides other first run photo-plays.

GOING INTO HOSPITAL.

W. J. Keates, 57, of 37 Saultier street, one of the Queen's wreck victims, has been ordered into the hospital to undergo an operation.

MARY PICKFORD. Appearing at the Madison in "Little Pal" on Monday, Tuesday and Wednesday.

Tribly

Tonight at the Alexandra Theatre will see that eight star cast revival of "Tribly" which was one of the most notable successes of last year's New York theatrical season. Mr. Joseph Brooks brings the big production here intact with Phyllis Neilson-Terry as Du Maurier's heroine, Lyn Harding as

PHYLLIS NEILSON-TERRY, who will play the title role in "Tribly" at the Alexandra Theatre this week.

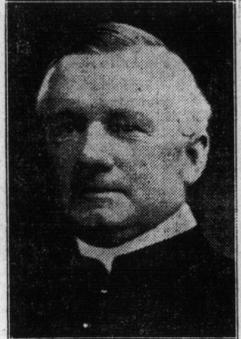

Svengali, George MacFarlane as the Laird, Charles Dalton as Taffy, Ignacio Martinetti as Zou Zou, Paton Gibbs as Gecko, and Rose Coghlan as Mme. Vinard. Miss Neilson-Terry is conceded to be the living ideal of Du Maurier's imagination, and her part of the Irish born vivandiere of the ateliers, but she sings "Ben Bolt" divinely.

The Park

This week's bill at the Park Theatre, Lansdowne avenue and Bloor street, which will inaugurate its winter season today, gives a new meaning to the possibilities of popular-priced vaudeville. The opening bill embraces Maglin, Eddy and Roy, the "Laugh Kings"; Ardning and Ardning, in a musical comedy; Lillian Wright, comedienne; Dawson and Dawson, singers and dancers; Mme. Sweet, contralto, and a select variety of photo-plays. Matinees will be given daily, commencing today.

The Rosary

How many homes in this city are gradually being wrecked thru the husband not appreciating the true, honest and sincere love of a good wife? How many husbands in this city are imbued with the spirit of atheism, while their wives—women of serious conviction regarding faith in the things of life unseen—sacrifice the unequalled love of true, honest and sincere creatures? These are two of the questions that are forcibly brought

to the attention of all who witness a performance of "The Rosary," which is being presented at the Grand Opera House all this week with matinees today (Labor Day) and Wednesday and Saturday. Strong in his belief and thoroughly human, a priest moves thru the subtle story of this play. When doubt comes and the man's and woman's lives are shattered seemingly beyond human power to repair, this priest analyzes the situation and by the power of his faith brings both the people whom he loves back to happiness.

Charming Widows

Eddie Dale, the popular little comedian, whose methods of funmaking are quiet but highly effective, is at the head of "The Charming Widows," a brand new production which will come to the Star Theatre this week. The

show is gorgeously mounted with scenery, pretty costumes and unique electrical effects, and the presenting company includes some of the best known stars in burlesque. Mr. Dale is assisted by Jimmy Cooper, Sam Carlton, Harry Peterson, Hugh Skelly, Ada Lum, Helen Stanley, Pauline Palmer and a chorus of 20 pretty girls.

Essentials of Peace

Germany need be under no illusion regarding some, at least, of the terms of peace that will be acceptable to the allies. Germany is far from willing to make restitution or even to return to the status quo ante bellum. Nor are the allies, a brawler and disturber among the nations like Germany need expect no consideration beyond the measure of strict justice which humanity must insist upon. A side table in the dining-room properly set, adds to the room's attractiveness. Many people mar the appearance of a room by the clutter of the table with too much ware. Often a dining-room side table is made to look like a counter in the store on a bargain sale day. Most women possess, or should possess, matched water tumblers. Such a set makes the side table an object of admiration when the glasses are prettily arranged.

BATTLE OF MARNE FAMOUS VICTORY

France Saved From Germans Just One Year Ago Today.

BRILLIANT CAMPAIGN

Blunder of Von Kluck Gave British and French Opportunity to Win.

By W. H. Stewart.

"I've been hearing, matan, that the Germans will have been having a pit of a set-back." This is the way a pit of a set-back.

Victory on Sedan Day.

So General Joffre and Sir John French saw their opportunity for victory. Under cover of the night of Sept. 6, Sedan Day, the order was given for a general advance.

Germans Lost Heavily.

The Germans were attacked with great vigor while on the march past the British army and the French sixth army took them in flank.

Post of Honor for British.

Seventy thousand British expeditionary force, which was beginning to arrive were given the post of honor on the extreme left of the French line and last before Mons.

Battle of Metz.

Joffre planned to relieve the pressure of the Germans in Belgium by initiating an offensive in Lorraine, but this army, after an advance, was forced back and defeated on Aug. 19, 20, 21.

On Aug. 23, another disaster was inflicted on the allied army.

It was first upon the French army, on the right of the French line, that the German blow fell. It was badly outflanked by a superior German force, and it had to retreat in a hurried manner to save itself from destruction.

which the Germans were endeavoring to destroy and capture.

It was therefore the British army which saved France and Europe. The line of retreat for Sir John French was past the fortress of Maubeuge and he said in his despatches that the Germans endeavored to force him with his command to take refuge in that thirteenth stronghold, but fortunately he resisted the impulse and successfully retreated.

Germans' Close Pursuit.

The Germans' pursuit of the retreating British till this time was close. The British soldiers, who were not defeated, were reluctant to retire, and some units held on to their positions till the last minute.

SOCIETY

Mrs. James McGlashan announces the engagement of her daughter, Hazel Augusta, to Lieut. Herbert Elder Rooney of the 88rd Battalion, C.E.F., youngest son of Mr. and Mrs. W. Lawrence Rooney. The marriage to take place quietly the latter part of September.

On Saturday the marriage of Milda, only daughter of Mr. and Mrs. E. Kohler, 327 Palmerston boulevard, to Mr. George S. Ingram, Toronto, was quietly solemnized at the Western Congregational Church, Spadina avenue, Rev. James W. Pedley officiating.

Mr. and Mrs. F. J. Dunbar have returned from Nova Scotia, having spent the last three weeks by the sea.

On Sept. 2, at the home of the bride's parents, Mr. and Mrs. Henry S. Garratt, Palmerston and avenue, the marriage was solemnized of their only daughter Milla K. to Mr. J. Webster Honeysett, youngest son of Mr. and Mrs. James S. Honeysett, Glen side, Pa., formerly of Toronto, the Rev. J. Wesley Magwood officiating.

The wedding ceremony was played by Miss Irene Jinks. The bride, given away by her father, wore a white net gown and tulle veil and orange blossoms. She was attended by Miss Lorna Ross, who was in shell pink crepe de chine. The groom was attended by his brother, W. Fraser Honeysett.

After the ceremony a reception was held, the bride's mother wearing black silk crepe and white chiffon, and the groom's mother wore a dress of white satin with French trimmings. After breakfast the bride and groom left for the States, the bride wearing a smart black French hat, navy blue suit and white fox fur. Mr. and Mrs. Honeysett will live in Glenide, a suburb of Philadelphia.

Friday afternoon a presentation was made at the office of the Ontario Press of a wrist watch to each of the following employees of that firm, who have enlisted for service with the Canadian Expeditionary Force: Harry Kingdon this morning; and left for Kingston this morning; Harry Heffer, Trent A. Hutchinson, Silney Parker, William Self. This makes six of the employees of the Ontario Press who have resigned permanent positions in order to join the colors.

A very pretty wedding was celebrated in St. Michael's Church, Belleville, Ont., on Wednesday morning, Aug. 25, the bride being Mary (Mae) McCaully of Belleville, and the groom Michael Joseph McCaully of Toronto. The bride was given away by her father and wore a white satin gown trimmed with Irish lace and pearls and a bridal veil with wreath of orange blossoms, and carried a shower bouquet of white roses and lily of the valley. Miss Kate McCaully was her only attendant, and, daintily gowned in pink silk and carried pink and white roses. Mr. Alex McCaully acted as best man. After the celebration of the nuptial mass the bridal party repaired to the home of Mr. and Mrs. H. McCaully, Jones street, where a dainty wedding breakfast was served, leaving later for Toronto, where a reception was held at the home of the groom's parents, 143 Shaw street. After their wedding trip to Hamilton, Niagara Falls and Buffalo, they will reside in this city.

A New Walk-Over Model that is proving a supreme favorite this Fall Season

It is not always possible to create a style that is distinctive, artistic and correct as far as fashion decrees. In the "GIPSY PATTERN"—the latest WALK-OVER creation—we feel we have happily hit the style expression mark, and we are entirely confident that the women of Toronto and vicinity will promptly appreciate this masterpiece of good style, distinction and comfort. Below we give a brief description—let us demonstrate it on your feet by the FOOT-OGRAPH.

This charming new model has no seams—fits like a glove and the slender look so much desired by the smartest women. Details of Gipsy Kid, Mat Kid, Dark Kid, and Mat Kid. The most correct effect.

LEAFS COME HOME TO WIND UP SEASON

Playing Double-Header With Buffalo This Afternoon—Some Champions.

The Toronto Maple Leafs come home today to start the last home series of a disastrous season. The champions on paper are boys in grey who have barely led the second division. Manager Clymer has tried out more men than any other club in the circuit and so do not blame the owners because we will not win the pennant. Yet statistics would likely prove us leaders in three departments of the pastime for the season up to date, viz:

1. One run defeats.
2. Men left on bases.
3. Of course the boys did not play long together and thus their team-work was not highly developed, the most of them had glimpsed one another in the big show. However, should they stick out another summer, no one can predict what they might pull off.

The attraction today is Buffalo, a double-header in the afternoon, repeating the dose tomorrow. The follow Newark, Jersey City, Richmond and Providence in turn, last game of the year on Saturday, Sept. 18. This way to the boats!

The Leafs lost two games on Saturday at Richmond, both by close scores, but they hope to get their backs today on their own field, even if the opposition be Buffalo.

In both we were beaten out at the finish, J. Dunn's boys taking more kindly to the route than our boys. Two runs in the ninth were made off Herbert, who had held Richmond well in hand up to this period. A base on balls and a couple of doubles gave the home team a lead of one and the game was called.

In the second game, Laque was invincible for five innings, while the Leafs and Williams some runs to their credit. A series of hits of various dimensions in the sixth and seventh gave the Danites three runs and then the game was called.

LACROSSE HONORS STILL UNSETTLED

Tecumseh Scored Another Victory Over Rosedale in Queen City League.

A win for Rosedale on Saturday would have given the north-enders the championship of the Queen City Lacrosse League, but they could not do it without Fitzgerald, Kalls and Warwick. Tecumseh won by 11 to 8, necessitating still one more game to decide the honors. The attendance at the island included many out-of-town enthusiasts, who were delighted with the play.

OVERSEAS TAKE A LONGER LEAD

Defeating Manchester While Thistles Hold Wychwood to a Tie—T. & D. Results.

In a first division T. and D. game at Varsity stadium Wychwood held Thistles to a draw 2-2. A mere handful of spectators turned out to see the game.

The line-up: Thistles (2)—Stevens, Campbell, Buchanan, Adams, Hayden, Small, Sinclair, Barretson, Thompson, McLaren, Wilding.

Wychwood (2)—Wilcock, George, McDonald, Adams, Cameron, Toole, Curry, Richardson, Baird, Rutherford, Carter, Blackman, Armstrong, Moffat, Aitken, Taylor.

Manchester (1)—Smith, Yeoman, Owens, Bourne, Nash, Chadwick, Calver, Bonham, Dow, Tapper, Henry.

In an exhibition game at Varsity Stadium Lancaires and Poisons played a drawn game 0-1. It was a fairly good game to watch.

The piece de resistance today will be the international game at the Varsity Stadium between Canada and Scotland.

At Montreal: Montreal defeated 4 to 0 on the McGill grounds.

RUGBY AS USUAL IN THE BIG FOUR

Argonauts Open Season at Home With Tigers Second Saturday in October.

Wm. Ewing of Montreal was in the chair Saturday at the King Edward Hotel for the annual meeting of the Big Four at the Interprovincial Rugby Union when the official schedule was drawn up.

The meeting was not sure about going ahead owing to the war, the three of the four clubs ventured to say yes, the Argonauts dissenting.

The line-up: Argos at Hamilton: Montreal at Ottawa; Hamilton at Montreal; Ottawa at Argos.

Maple Leafs were easy for Ulster. These teams met on Saturday at Queen Alexandra School grounds. Score 4 to 0.

The game between Sunderland and Queen's Park was a hotly contested affair throughout, the latter winning 2 to 0.

TAILORING A SUIT IN FOUR DAYS

To make a single suit to measure in four days is not beyond the skill of any tailor.

In the Semi-ready shops every order goes through in four days and hundreds of other orders come in by each day's mail from all parts of Canada.

Some years ago a Special Order suit was finished at any old time—at the convenience of the workers. But this was changed, and with the prompt delivery service, the Special Order department grew to be half as large as the tailoring of stocks for the Semi-ready stores.

Ed. Mack, Limited, give special attention to the tailoring of special suits and overcoats to measure. Garments are delivered on the morning of the fifth day after the measurements are taken and the choice of cloth made.

WHEAT DOWN AGAIN ON HEAVY SELLING

Chicago, Sept. 4.—Wheat today was driven to lowest prices for the crop on general selling by commission houses and local pit traders, the market at the close showing a net loss of 1-5/8c to 3-1/8c.

GRAIN ALSO DECLINED

Traders Sold Freely to Protect Themselves Over Holiday.

Wheat was under bear influence during the session. Domestic and foreign price-making factors were nearly all of a character to send prices down.

There was a fair export business and many holders faced with a double holiday before trading is again resumed.

Sunday and Monday, on which the board will hold no session—sold freely to protect themselves over the closed period.

There was considerable commission business in selling of corn and prices receded steadily for almost the entire session.

Oats parroted of the easy feeling in wheat and gave out most of the support it received.

A good call for land and ribs, presumably from packers, gave good support to provision prices during the day.

There was a fair export business in the export demand for cash land and ribs was generally noted by the trade.

POOL'S OUT BUSINESS MARKET IS LIFELESS

Pool Promotion Not a Success and Market Reverts to a Natural Position.

An inspection of the transactions on the Toronto Stock Exchange on Saturday, Sept. 4, shows that the market would be superfluous.

The total sales, aside from two mining stocks, were only \$1,000,000, a sharp decline from one hundred.

The market was utterly lifeless and the two or three pools which have recently tried to induce public interest have apparently ceased operations.

With nothing on which to hang a speculative rise the market has resorted to a perfectly natural position.

COBALT SHIPMENTS

Special to The Toronto World. COBALT, Sept. 4.—Shipments for the week ending yesterday were the highest in many months, and this notwithstanding the fact that the Mining Corporation of Canada is not represented in the list.

Four cars of ore from the Buffalo were the first shipment from the property, left last night for Denver, and these helped to swell the grand total of eleven cars, listed over seven shippers. In detail the figures are:

COBALT OR SHIPMENTS

COBALT, Sept. 4.—Ore shipments from the Cobalt camp for the month of August are about the same as in July.

The figures are about the same as in July. Twelve cars of ore were shipped from the property, left last night for Denver, and these helped to swell the grand total of eleven cars, listed over seven shippers.

In detail the figures are: Buffalo 23,725 lbs.; McKinley-Darragh 147,830 lbs.; Ontario 1,000,000 lbs.; Timiskaming 81,000 lbs.; Coniagas 75,000 lbs.; Peterson Lake (Seneca ore) 65,870 lbs.

Total 1,511,458.01 lbs. No business left the camp during the same period, but a shipment was despatched by the Buffalo on the afternoon train.

SILVER PRICES

In London Saturday bar silver closed 1-1/2 lower at 23 1/2 per ounce. The New York price was 4 1/2c, a rise of 1/2c.

MARKET ABUSES ARE NOT REMEDIED

Drains Have Been Put in, But Have Not Been Flushed Yet.

LAVATORIES FILTHY

Overcrowding Due to Bad Arrangement is Also an Evil.

There was a very heavy market on the St. Lawrence Saturday. The crowded and insanitary conditions of the market again demonstrated the fact that a radical change is needed in its management.

After a long struggle, The World succeeded in having the garage removed, which was a step in the right direction.

It is the opinion of the market that the filthy condition of the market has been partially remedied, as the authorities have taken steps to clean up the corner of the wagon section so it can be flushed out.

But these drains have been there three weeks and it has not been flushed out yet. Why? Get busy Mr. Commissioner.

And as for the filthy condition of the lavatories, the women's section is a disgrace to the City of Toronto, and one wonders how it is that a city with such a splendid health laws, is allowed to have such a filthy condition in its present condition.

It is not fit for a woman to take charge of the ordinary lavatories. It is only by having a woman to take charge of the ordinary lavatories, and then have someone put in charge of them.

When after these necessities are attended to (and we do pray it will not take long), there is the crowded condition to remedy. The wagon section on Saturday was again filled to overflowing.

Several wagons having to line-up on the street—and this is a pity for a woman to have to stand in line for a long time to get a small portion of the day, and it is only by having a woman to take charge of the ordinary lavatories, and then have someone put in charge of them.

FURS A Superb Display of New Models for the Present Season

Fashions in furs are as decided as are fashions in dresses or suits; a difference in the collar or a ripple in the edge of a coat, new lines to the stole, or a change in muff sizes is as important to the effect of your costume as is the cut of your gown or size of your hat.

SEE THE NEW FUR STYLES MONDAY.
Model garments are here from the best French and American designers, showing the most approved modes of New York and Paris; exclusive garments that are easily distinguished from the run of cheap furs, yet many of them very moderately priced.
Royal Russian Ermine, in new round-shaped muffs and pretty neck-pieces.
Russian Fitch, in new shapes, New Alaska Sable Furs; new designs in Persian Lamb; new Pointed Wolf Muffs and Stoles; new designs in Black Wolf; new shapes in American Gray Fox Furs.

Coats are from 36 to 48 inches long, with slightly shaped back and full rippled skirts.
Trimmings of natural beaver, plucked otter, Alaska sable or lynx, are used in contrast with other furs; Persian lamb, Hudson seal and muskrat are all shown generously, as are fox furs, in black, cross, natural red, white and natural blue.

FURS SELECTED NOW will be placed in our Cold Storage Vaults free of charge until required.

For Out-of-town Customers requiring coats for steady, hard wear, we offer a strictly first quality Natural Canadian Muskrat; 50 inches long; this season's newest design, with best satin linings, for 45.00; or one made from American Muskrat for... 37.50
