BRITISH ELECTION IS LIKELY IN JANUARY

That's the Latest Prediction, Based on the Expected Failure of the Veto Conference - The Unionists Already Are Girding for the Fray.

NEW YORK, Sept. 18.—The Tribune's London cable says: An eminent Unionist organizer has expressed the conviction that general elections will be held in January, in consequence of the failure of the veto conference.

So well is this truth understood on the Liberal side that the best organizers agree that the veto question will be taken up early in the year or dropped altogether. If the government attempts to continue the present armistice and to defer an appeal to the country until the autumn of next year it will find itself without an issue of paramount importance, and will be overwhelmed by the reaction of loyal enthusiasm for the crown and the empire.

The labor leaders of the Trades Union Congress have been even more explicit in forecasting a general election in January and a close coalition with Radicalism for legalizing political parties.

The labor leaders of the Trades Union Congress have been even more explicit in forecasting a general election in January and a close coalition with Radicalism for legalizing political parties.

While the Labor party is organizing an active autumn campaign against the Osborne judgment, by which the terms of trade unionism are paralyzed, Liberal editors are exerting themselves to carry the country on a select assortment of foreign issues.

Visitors who have enjoyed the royal hospitality at Balmoral give discreet accounts of the conduct of King George V. He is in excellent spirits, is not worrying over politics, is enjoying his favorite recreation with the gun and is cultivating his fatherly interest for non-military dealing with men.

The guests at Balmoral differ from those of the previous reign. The King has no social favorites, and, not being fond of bridge, he invites public men of both parties to Balmoral and cares less about millionaires and smart people than his father did.

They Deserve Gratitude for Their Co-operation During Late Congress.

MONTREAL, Sept. 18.—(Special.)—The population of Montreal is 600,000, yet that of the city of the dead behind the mountain is still more numerous. It is stated that in the Roman Catholic cemetery, nearly 400,000 are sleeping their last sleep.

His Grace Archbishop Bruchesi, speaking to-day at the annual pilgrimage to the Cote des Neiges, said the Protestants of Montreal deserved all praise and gratitude for their co-operation during the late congress.

Local interest in Larsen's trip thru the Niagara Gorge was keen enough to draw a score of persons to telephone enquiries last night, whether that fellow had got thru all right.

Ended Promising Career

THE LATE ALF ROBERTSON, Inspector of the Winnipeg Detective Department, Formerly of Toronto, whose tragic death Saturday deeply shocked his large circle of friends and acquaintances.

WINNIPEG, Sept. 18.—(Special.)—Announcement of the suicide of Inspector of Detectives Alfred Robertson at Toronto was received by the police department with sorrow and dismay. That he was not mentally responsible for his act, was a first impression that was borne out to-night by Chief McRae, who said that three years ago the inspector was seized by "brain-storm" and for a time was placed in a hospital a raging maniac.

OLD INJURY TO HEAD MAY EXPLAIN TRAGEDY

Chief of Police of Winnipeg Gives Clue to Account for Inspector Robertson's Untimely Death.

WINNIPEG, Sept. 18.—(Special.)—Announcement of the suicide of Inspector of Detectives Alfred Robertson at Toronto was received by the police department with sorrow and dismay. That he was not mentally responsible for his act, was a first impression that was borne out to-night by Chief McRae, who said that three years ago the inspector was seized by "brain-storm" and for a time was placed in a hospital a raging maniac.

Chief McRae stated that he was a most trustworthy and faithful officer, and so far as he knew, was a total abstainer. He roomed with Mr. and Mrs. Picard, 157 Jarvis-avenue. They state that he was most affable and gentlemanly, who never left the house without saying good-bye, and that when he came he always had something to say to occupants of the house.

Robertson joined the Winnipeg force June 10, 1902, as constable. He was promoted to sergeant March 1, 1904, and inspector of detectives and police June 17, 1908. He left on his trip east Sept. 17 for Quebec, Montreal, Ottawa and Toronto, and was due to return Sept. 22.

A DOCTOR'S SUICIDE

James P. Thompson, Said to Be From Toronto, the Victim.

SCRANTON, Pa., Sept. 18.—(Special.)—Dr. James P. Thompson, whose home is said to be in Toronto, Canada, from which city he had lately returned, was found dead to-day at his home in Scranton, Pa., with a bullet in his head and a revolver in his hand. His uncle has a large private hospital here.

STABBED TO THE HEART

Fatal Termination to Quarrel Between Montreal Italians.

MONTREAL, Sept. 18.—(Special.)—Two Italians named Antonio Mazzaconi and Salvatore Rappini got into a row to-night. Words led to blows, and during the fight Mazzaconi drew a knife and stabbed to the heart Rappini, the latter falling dead. The assassin made his escape, and has not yet been arrested.

READY TO LAY STONE.

The corner stone of the New St. Paul's Anglican Church, East Bloor-street, will be formally set in place on Saturday next, at 2.30, by Hon. S. H. Blake. The Bishop of Toronto will conduct the religious exercises.

LARSEN GOES THRU RAPIDS IN SAFETY

Buffeted by Giant Waves, and at Times Shot High in the Air—Engine Gives Out Just Below Whirlpool—His Boat Completely Capsized Once in Lower Rapids.

NIAGARA FALLS, Ont., Sept. 18.—(Special.)—It was not five minutes after he had told a party of newspaper men that he would not make the trip that Capt. Klaus Larsen of Cleveland, Ohio, suddenly changed his mind this afternoon and successfully negotiated the five miles of water between the Maid of the Mist landing and a point a mile and a half above Lewiston.

Larsen's motor boat, the Ferro, became disabled about an hour before he was scheduled to make the trip. He tied up at the Maid of the Mist landing on the Canadian side and attempted to get his engine going, without success. About 8 o'clock he announced that he would not make the trip, and thousands were disappointed. Then an expert worked at the engine for over an hour before he got it running. Larsen had given it too much oil.

Larsen kept in midstream until he neared the head of the rapids. Then he went in towards the Canadian shore. Most of the time he was a divinely appointed body, established by Christ himself, and as such was governed mainly by the Christ-made waves of baptism, priest and deacon. There were all kings and priests and deacons, and a grand old man in the service, who all hearily took part in the responses for the offering of Jesus Christ.

As the Ferro struck the rapids, great waves rose clear of the water level, with as much ease as the water buffeted about a huge cork. The little craft battled manfully with the seething, foaming water, at time rearing up and taking a leap after the manner of a racing auto on an ordinary country road, only more pronounced in her movements into the air. Ten feet leaps into space were taken so many times that Larsen was unable to enumerate them after the trip.

In passing the whirlpool, which was reached in less than three minutes, the Ferro went in towards the American shore, cutting across the eastern corner of the pool. She experienced no difficulty in getting past this treacherous piece of water, but had hardly negotiated the feat when the engine stopped. The boat struck a big wave that completely overturned the craft in just the nick of time. She righted herself with no difficulty. She was herself with no difficulty. She was herself with no difficulty.

"EX" OPPOSES POWER ROUTE

Directors Will Ask City Council to Abandon Waterfront Plan.

With the request that the city postpone for the present authorization of a power transmission line, right of way along the waterfront from Indian-road to Strachan-avenue, a deputation representing the directors of the Exhibition Association will wait on the city council this afternoon.

It is the contention of the exhibition management that to place the poles and wires there would mean serious interference with the carrying out of future plans, including the holding of an aviation meet, as the high voltage wires would establish a danger zone. While the route north of the grounds might be secured, the exhibition grounds originally chosen has been disapproved by the Dominion Railway Commission, the directors think another right of way north of the grounds might be secured, perhaps along the new G.T.R. construction.

LARSEN AND HIS FRAIL CRAFT "THE FERRO" IN WHICH HE BRAVED NIAGARA RAPIDS

ANGLICANS SATISFIED WITH THEIR RELIGION

Canon Tucker Refers at Brotherhood of St. Andrew Convention to Fr. Vaughan's Utterance.

MONTREAL, Sept. 18.—(Special.)—"We have heard lately about the soul of religion," said Rev. Canon Tucker, secretary of the Anglican Church Missionary Society, at the Saturday evening meeting of the St. Andrew's Brotherhood Convention. "We, as members of the Church of England, are satisfied with our religion, and we know the soul of our church is a living faith in a living Christ."

Canon Tucker spoke on the subject of "The Layman in the Church," and declared that laymen had a large part in the Church of England. "It was a divinely appointed body, established by Christ himself, and as such was governed mainly by the Christ-made waves of baptism, priest and deacon. There were all kings and priests and deacons, and a grand old man in the service, who all hearily took part in the responses for the offering of Jesus Christ."

Dr. Graham referred to the interest aroused in the general public by the recent gorgeous congress at Montreal. Everything had been done that would appeal to the senses. Here he contrasted the simplicity of God, and of the Apostle Peter, who went about teaching in his ragged clothes. "I hold that it ought to be absolutely impossible, in this country, where there is no state church, for the militia to be called upon to take part in any such demonstrations," he said. "It was not done when we Baptists had our conference, or for the Presbyterians, the Methodists, or the Anglicans. Let the state keep out of all such celebrations, and let religion be religion."

It was the Pope, the Italian priest, and the Church of Rome that were exalted through this entire congress, and Christ and His church were kept in the background. I have lived in Montreal, and I can say to you, from first-hand knowledge, that it was for nothing more than to show the people in that district the power of this church, that all this display was made.

A Prophecy. "I do not profess to stand up here before you and tell you that I am a prophet's son, but mark my words, before long you will see an effort on the part of the Catholic Church to remove the seat of the papacy from Rome to Montreal. In Italy the church has been considerably weakened of late years, but what Catholicism has lost in the old land it is making up in the new."

I have no quarrel with Father Vaughan. He has a perfect right to say what he believed, and I believe he meant what he said when he cried "I hate Protestantism." I admire him for it. Many of us, I am afraid, are not half so outspoken toward what we believe to be our Protestant doctrine. However, he made a statement that Protestantism was a religion without a sacrifice, or a soulless religion. Then he came to Toronto and told us that the papers had misrepresented him. He claimed that he put what he had to say in the form of a syllogism. If Father Vaughan knows anything, his syllogism wasn't worth a button, for the simple reason that he did not prove his major premise. Until he proves this part of his argument, his statement is an insult to our intelligence.

Two Pillars of Church. Dr. Graham then read quotations from a special book of Catholic instruction, compiled by John T. Sullivan, and authorized for study by the bishop. Selections were read in which the author gave instructions for the performance of masses. Dr. Graham stated that he believed that the mass and the confessional were the two pillars on which the Roman Catholic religion was founded.

"Get the people to believe that the mass is a hump, and that there is nothing in the confessional," said the pastor, "and they will forsake them as they have done in the past where the light has come in."

Drawing comparisons between the two doctrines, Dr. Graham stated that in Protestantism the sacrifice of Jesus Christ on the cross was a sacrifice, once for all, and forever. He believed that against every sin committed there were three witnesses, God, the moral law and the conscience, and the sacrifice of the penitent sinner must appeal to all three to be of any real value. The sacrifice of the mass, which was made thru the priest, was not sufficient.

"These people have not the truth," continued the doctor. "They are in the dark. You may talk of idol-worship, if anything their teaching is worse. During the war of 1870, when Victor Emmanuel entered Rome, he found only five per cent of the people able to either read or write. How is it that Spain has trespassed the rule of the Catholic Church, and has kicked over the traces? and who was it that burned the Huguenots out of France? This religion cursed Italy. It has cursed America, and it will curse Canada if we ever let it get a grip on us."

SEES VATICAN TRANSFER FROM ROME TO CANADA

Rev. Dr. Graham Believes Montreal is to Become the Seat of Roman Catholic Power.

OTTAWA, Sept. 18.—(Special.)—To an overflowing congregation Rev. Dr. William T. Graham, pastor of the First-avenue Baptist Church, last night not only picked up the gauntlet thrown down by Father Vaughan in his recent challenge to Protestantism, but leveled his weapons at the doctrine of Roman Catholicism in general. His text was found in Hebrews: "By which will we are sanctified thru the offering of Jesus Christ, once for all."

WOODMAN, ASSAILED IS KILLED BY FRIGHT

Strange Circumstances Surround Death of Mrs. Hugh Deline, a Young Woman, in Lonely Home Near Havelock—Found Dead in Woodshed by Her Husband.

HAVELOCK, Sept. 18.—(Special.)—Frightened to death in a struggle with a fiendish man! This is the conclusion reached by Dr. Holdcroft, of this place, and Dr. Ford, of Norwood, concerning the death of Mrs. Crissy Deline, who was found dead by her husband, Hugh Deline, in the woodshed of her home, 6.1-2 miles northwest of here on Thursday night.

To the local authorities the case is a mystery, and the whole countryside, from Peterboro down to the north end, that foul play was committed is certain. The dead woman's face was scratched deeply in several places on each side of the nose, where she had been clawed with abrasion finger nails. There was an abrasion on the left side of the forehead, a slight bruise on the right side of the neck, and there below the left collar bone, and there were distinct marks around each wrist, indicating that the hands had been tightly tied together by a stout cord. From the way the body was lying, when examined by the coroner's jury, and the nature of these marks, opinion would point strongly to the idea that the dead woman's assailant had intended an outrage. The post-mortem report of Drs. Holdcroft and Ford will state, however, that this was not accomplished.

Dr. Holdcroft told The World to-day that the marks on her body were superficial and not sufficient to cause death. They were the work of strangulation or smothering, but there were plain indications of terrible fright and death was probably due from shock.

In the search for theories, neighbors are recalling a remark made by the husband of deceased on Monday last: "I wouldn't be surprised to see some night and find my wife dead." He is credited with having repeated several times.

Joseph Doughty, a neighbor, states that Deline made a remark on the four times. James Buchanan's son and Robert Buchanan, brother of James, a neighbor, also declared he said the same thing. It is understood, further substantiated this statement, but he has been ill since Thursday and could not be reached.

The fact, however, that Mrs. Deline had been taking medicine, as she complained frequently of severe pains in her back, rather than the fact from any significance in the remarks, Mr. McMullan, a neighbor, had on the evening of the tragedy, read the directions on a bottle of medicine for Deline.

Street Thru the Cemetery

While some progress has been made on the Eastern Road, a considerable dissatisfaction is felt because of the delay in taking action to open up a southern route through the cemetery, and the town of North Toronto has given the cemetery trustees a week to give an entrance thru the cemetery, and hereby put in touch with the people of this street. The Township of York has shown its interest in this matter by a resolution passed at the opening of the right of way thru the cemetery, and the town authorities do not at once proceed to take action to give the people of North Toronto this new outlet to the street.

It would seem as if the North Toronto Council, in a resolution passed at the opening of the right of way, they do not at once proceed to take action to give the people of North Toronto this new outlet to the street. It is for the Town of North Toronto and York Township, but the cemetery trustees must understand that they are just as much a public body as the councils of the Town of North Toronto and York Township, and if they are not prepared to act in the interests of the public it might be necessary to institute proceedings to bring them to a recognition of their duty.

The cemetery trustees should meet the North Toronto people in a spirit of give and take, with the idea that both are acting in the public interest, and there should be no delay in the opening up of the street, which has been a necessity for many years, and which is becoming more and more necessary.

Legate at Winnipeg. WINNIPEG, Man., Sept. 18.—(Special.)—Cardinal Vincenzo Vanutelli, papal legate, arrived in Winnipeg at 10.30 a.m. to-day, and till late tonight was entertained by clergy and laymen. Over one hundred automobiles were required to carry the crowds that went to the depot to escort his eminence on the circuitous drive thru the city.

Henry Heath, the King's Matter. It is a unique position to hold, that of batter to the King, and in the case of Henry Heath of Old London, the title has been more than merited, for Heath is without doubt the most original and exclusive manufacturer of hats in the world. His hats are almost universally adopted by other makers; the quality of his output is remarkable for its excellence. Its fame has attracted attention to the United States, where the "Heath" is sold at a higher price than any other hat made in Canada, because of a low tariff, that remains has attached to the United States, where the "Heath" is sold at a lower price than the imported American article. The "King George" is the name of the new Heath Derby. Dinesen, 140 Yonge-street, is Canadian agent for Heath hats.

Government Fathered ROPER'S CRITICISM

Manuscript of His Speech Shown to Hon. P. Brodeur—Did What Dundonald Could Not.

OTTAWA, Sept. 18.—(Special.)—Now that all the facts of Commander Roper's attack on the opposition regarding the Canadian navy have come to light, the public are treated to a most amazing spectacle. The government, which got rid of Lord Dundonald because he ventured to criticize militia matters, actually fathered this criticism of the naval situation. Before Commander Roper's speech was delivered, his manuscript was shown to Hon. L. P. Brodeur, and met with the approval of the minister in charge of the naval service. It was also submitted to the deputy minister of the naval service, and likewise met with approval. The ministry is therefore in this position, that so far from ordering a public servant to abstain from making a political speech upon a matter deeply affecting the Canadian people, they actually approved of and took full responsibility for Commander Roper's utterances.

## New Features in Smart Millinery

Our Showcases are Supplemented Daily by Artistic and Original Creations.

As the great master minds in millinery give expression to some new thought in Paris or New York, but a fraction of time elapses before a concrete reflection of the idea is to be seen in our own Millinery Section.

At the present moment the soft, draped toque—a production that has little more stiffness in its make-up than a lad's cap—is carrying all before it, while the favor accorded the close-fitting turban that consists of a plain band surmounted by a high, loose crown is also distinctly marked.

The introduction of tapestry as a millinery medium is recognized in a number of smart hats of both large and small proportions, and the noticeable partiality for King's blue, black and all shades of brown is also provided for in many smart developments of these tones.

At from \$9 to \$25 will be found hats that embody the chic of the costly French model, tempered by the happy quality of practical wearableness.

## The Vogue of the Tailored Shirt Waist

We Are Showing it in Linen, Madras, Flannel, Delaine and Silk.

With the craze for severe tailored lines in suits and coats the vogue of the strictly tailored styles in shirt waists has likewise intensified, with the result that the plain blouse most in demand is that made famous by Charles Dana Gibson in his celebrated shirt waist girl sketches.

Our Autumn stock is replete with tailored blouses of every sort; besides the host of linen productions is an attractive line in Persian delaine, in color combinations that make the waist a harmonious accompaniment to practically any shade of cloth-skirt; they are cut in a smart design, finished with silk piping and buttons, and are procurable in sizes 32 to 42. Price..... \$3.50

Women's Tailored Madras Waists—White, finished with wide tucks and box pleat down front; some with clusters of tucks, others of imported percale, in stripes, tucks and pearl buttons down front; laundered collar; colors white, white with black, or white with blue; sizes 32 to 42..... \$1.00

Women's French Flannel Tailored Waists—Wide pleat over shoulder; finished with pearl buttons and pocket, in fancy stripes of blue, brown, tan or green; sizes 32 to 42..... \$1.50

Tailored Waists of Pure Irish Linen—Made with the new plain back and pleated front; another style with two pleats down the back, tucked front, finished with pocket and large buttons..... \$1.50

Linen Tailored Waists—Made with pleated front and four large pleats down the back; finished with linen collar and cuffs and small pearl buttons; sizes 32 to 42..... \$2.50

Several Tailored Styles of Irish Linen Waists—Some have hand-embroidered fronts, others tucked or plain; made with yoke, pleats or plain backs; sizes 32 to 42..... \$3.50

Women's Flannelette Waists, 50c—These Waists are infinitely more attractive than their description suggests; they are trimly cut and finished, and the flannelette is in a pretty black and white shepherd's check; of the plain tailored order, the sleeves are long, with bandouff, and the scalloped front is bound with black satin and ornamented with buttons covered in the same; they are procurable in sizes 32 to 42, and are admirably adapted for street and house wear. Very special..... 50c

—Third Floor.

## The Great Extent of Suit Styles

A Feature of Our Showing

The woman who has in mind the purchase of a new Fall suit, no matter what may be the price she wishes to pay, may come here expecting to choose from an assortment that in variety and charming designs eclipses anything this department has heretofore presented. Foremost in the showing come the splendid styles—a distinctiveness that characterizes our collection of suits, both EATON made and imported. But it's the variety we wish to emphasize Tuesday. Rack after rack, row after row of as stylish, well-made suits as you'd care to select from, and everywhere the best of value-giving prevails, as these items show:

At \$17.50—Made from fine French serge; coat 38 inches long, semi-fitting, silk-lined, fly seams, long roll collar and cuffs trimmed with black satin duchesse, with inlay of Ottoman cord; 3 large buttons; skirt has long front panel, with flat midway pleats at sides, giving a long, graceful effect; colors taupe and navy, also black. Each..... \$17.50

## Dressy Coats and Opera Wraps

Just received, a handsome collection of broadcloth Opera Coats, in pastel shades, showing the latest shadings of robin's egg, orange, drab, cerise, lavender; short and long sleeves; big trimmed collars; done in silk braiding, cording, embroidery and fancy odd buttons. Special value, each..... \$22.50

Beautiful Coats of Sealette, Plush and Velvet—Richly trimmed with silk braidings and ornaments; silk and satin lined; plain and quilted. Extra value at..... \$30.00 to \$40.00

Black Cloth Coats, \$10.00 and \$11.00—Made of very fine grade of rich Austrian broadcloth, in full length, semi-fitting style; lined to waist; full collar, with big revers of Ottoman cord; perfect in finish and fit. Extra good value..... \$10.00 and \$11.00

## Dresses and Skirts

Two Specially Good Values

Dresses of All-wool Panamas—Made in a stylish semi-Princess design, with trimming of black soutache braiding and satin covered buttons; full length sleeves; makes a good general purpose or house dress, and comes in black, brown, green and navy. Each..... \$7.50

## Stylish Walking Skirts

The fabric employed is a fine all-wool French diagonal of a good clean, crisp weave; thoroughly well made and up-to-date, with alternate panels and triple pleat groups; black and navy. Each..... \$5.00

—Second Floor, James St.

## The Specializing of Young Women's Suits

The Special Study Made of Young Women's Costuming Needs Results in an Unusually High Standard of Excellence in Tailored Suits.

Designers who confine their whole attention to this one subject of misses' suits, a staff of workers who devote their entire efforts to the making of the same, tailoring facilities of the most adequate sort, and inspectors who carefully examine every detail of the completed garment—such factors contribute to the turning out of our young women's coats and skirts, and such are the secret of their style, good workmanship and moderate price.

The section in the completeness of its Autumn showing offers a splendid field of choice in regard to variety of design, of material, of color and of price. The styles represent reproductions from the season's best imported models, modified to meet the demands of practical wear, and the list of fabrics employed, include the new basket weaves, homespuns, diagonal chevrons, Panama cloth, broadcloth and fine and heavy serge. Leading lines are obtainable at \$10, \$12.50, \$13.75, \$15.75, \$18.50 and \$22.00.

The young business woman, the school or college student, or any member of the feminine contingent who wears size 32, 34 or 36 should visit the Young Women's Section on the second floor.

## Young Women's Skirts, \$3.50

Special value in Young Women's Walking Skirts, made from a special quality of Panamas cloth, in black and navy blue; neat walking style with plain panel front, side gores, knee pleated, stitched cap at top of pleats, beautiful hanging skirt. Monday Morning, Sept. 19, 1910. NORTH TORONTO WILL REQUIRE TO WATCH.

The various Toronto public utilities corporations are making strenuous efforts to tie up North Toronto now that there is a prospect of the town becoming part of the city.

There is something symbolically consistent in the action of the secretary of the Dominion Alliance forbidding a meeting of the Brotherhood of St. Andrew in a theatre on Sunday.

A DESERVED APPRECIATION. In the twelve years during which Prof. John E. McFarlay has held the chair of Old Testament Literature and Exegesis he has steadily added year by year to a reputation already considerable when he came to Knox College.

North Toronto is not being properly treated in the matter of transportation by the radial railway, any action that is wanted should be taken by the people's representatives.

At least Inspector Rogers' graft was in the direction of cleanliness. As much cannot be said for some other parties.

Without discussing any controversial point, such as private ownership versus public ownership in any utility, it is clearly shown that the block of power which it is proposed Windsor shall be permitted to dispose of to Detroit concerns is fully controlled by the hydro-electric commission for Ontario when required.

Arrangements have been made by which the 14,000 horse-power which may be sold will always be available on short notice in convenient blocks.

On the other hand if the municipalities refuse to share Windsor's partnership then it is probable the hydro-electric commission will deal with Windsor alone.

An Example From France

The thrift of France is wonderful. It enables the nation to bear the enormous losses of the Franco-Russian war, including payment of five billion francs as war indemnity.

The wheat and champagne crops in France have been failures the year. One effect of the failure of the wheat and champagne crops in France will be that instead of buying foreign securities, France for the next six months will have to sell some of its enormous holdings of foreign stocks and bonds.

The one drawback to France's greatness is her excessive population. A generation there has been practically no increase in population. Of late the birth rate has been rather smaller than the death rate.

At least Inspector Rogers' graft was in the direction of cleanliness. As much cannot be said for some other parties.

On December 18, a daughter, Pearl, developed scarlet fever and diphtheria, and within a week afterwards, both Mr. Mitchell and his wife were ill with diphtheria.

Mr. Mitchell further testified that when he visited the hospital, he had taken no special precautions about with him.

MANY CASES OF INFECTION BUT COMPLAINTS SCARCE

Saturday's Session of Enquiry Into Isolation Hospital Management—Parents Give Evidence.

The enquiry being conducted by Judge Winchester into the management of the Isolation Hospital was continued on Saturday and adjourned until next Monday morning.

James Rogers, who, as a result of the death of his child in the hospital, caused the enquiry to be instituted, on Saturday "withdrew," being dissatisfied when he was not permitted to cross-examine witnesses to his liking.

Dr. Copp of the Hospital for Sick Children, the first witness heard, gave expert evidence as to the contagious diseases, which often developed in the hospital, despite the most rigid precautions.

Judge Winchester referred to a book by Robert Milne, M.D., C.M., for 30 years medical officer of Dr. Barnard's hospital and homes, which claimed that it was possible to absolutely prevent danger of after-infection by rubbing the patient with eucalyptus oil.

Dr. Copp said patients were rubbed with oil of eucalyptus, but it could not prevent infection.

Replying to H. L. Drayton, K.C., Dr. Sheard stated that the cause of the variations in the death rate from such a disease as scarlet fever was the greater or lesser malignant form assumed by the disease.

James C. Mitchell was the next witness. He was an employee of the medical health department for fifteen years, but had resigned for reasons which came out in the investigation.

Mr. Mitchell further testified that when he visited the hospital, he had taken no special precautions about with him.

Witness had sometimes relieved the engineer at the Isolation Hospital

when he was in the employ of the department and had gone freely from one ward of the institution to another without taking any precautions.

Dr. Sheard, who cross-examined the witness, stated that on or about the same time the Mitchell family were sick there were over half a dozen cases of scarlet fever on the same street.

Herbert Elliot, 17 Elm Grove, testified that his boy had been returned to the Isolation Hospital with diphtheria last May and that whilst there he had developed measles.

attended Joseph Mitchell and had sent him to the Isolation Hospital with diphtheria. He had seen the child on several occasions afterwards when he appeared to be doing well and the last time he saw him in hospital his throat was entirely well.

# Pastor Russell's Sermon

### The Lord's House in the Top of the Mountains

DETROIT, Mich., Sept. 18.—Pastor Russell of Brooklyn Tabernacle preached twice here to-day to the local branch of the International Bible Students' Association. He had an excellent hearing and large and intelligent audience. One address was entitled "The Lord's House," the other was "The Kingdom of God." The speaker said:

Our text has not yet been fulfilled, but we believe the beginning of its fulfillment to be near. It pictures Messiah's Kingdom, for which Christian people have long been waiting and praying. "This Kingdom come; thy will be done on earth as in heaven"—the same Kingdom for which the Jews so long waited and are still waiting. Our text relates, not to the spiritual part of the Kingdom, which the gospel church is called to share, but to the earthly part of the Kingdom, which belongs to the natural seed of Abraham. A great mistake has been made by many of us in the past, in that we have not discerned and acknowledged the two Israels, spiritual and natural, and the separate rewards and blessings apportioned to these by the divine promises of the Scriptures. Both are to be used of God in fulfilling the promise made to Abraham—in blessing all the families of the earth.

After the completion of Messiah, head and members, on the plane of glory, the new covenant will be inaugurated with Israel, as the Scriptures distinctly teach (Jeremiah xxxi, 31-34). Our text, therefore, waits for its accomplishment until the last member of the elect Church of Christ shall have passed beyond the veil.

In the symbolic language of the Scriptures a mountain is always symbolic of a Kingdom. Hence the mountain of the Lord's house means the Kingdom of God and that royal house or family recognized by Him. For instance, we read that David sat upon the throne of the Kingdom of the Lord, and that God made a covenant with him, even the sure mercies of David. "Viz., the name which he called, his posterity, would ever be recognized as the divinely appointed representatives of God in kingly authority and power. In other words, Messiah was to be the offspring of David, the great antitypical David (beloved), who must "reign from sea to sea and from the river to the end of the earth."

The Messiah-King on the spirit plane, the Son of God (and like God invisible to man), is also the angelic, the antitypical David and the antitypical Solomon, the wise, the great, the rich. In the days of His flesh our Lord was the Son of David, according to the flesh, and the Son of a divine life not tainted by any human imperfection. He was, therefore, holy, harmless, undefiled, and separate from sinners. His faithful-ness to the will of the Father made Him subject to all of the experiences of suffering and death, as expressed in His own words, "The cup which My Father hath poured for me, shall I refuse to drink? His obedience unto death, demonstrated His loyalty to the last degree. He received the high reward appropriated, "Him hath God also highly exalted, and given a name that is above every name, that the name of Jesus every knee should bow, both of things in heaven and things in earth."

Exalted to the right hand of Divine favor He waits only for the Father's time to take to Himself His great power and reign (Revelation xl, 17). Meanwhile, in harmony with the divine will, He acts as advocate for such as have the hearing ear and the obedient heart and will now respond to the special invitation of the gospel age. That call is to leave the world, its sins, its pleasures and its hopes, and to walk by faith in the things which are not seen. For as heard, neither hath entered into the heart of man, these are the heavenly things promised them as the bride and joint-heir with their Redeemer in His glorious Kingdom to come and its blessed work of uplifting Israel and the world.

We have before our minds the antitypical house of David, the royal priesthood divinely prepared. As a Kingdom it will be at the top, above all the Kingdoms of earth. Not only will it be the house of the spiritual Kingdom (invisible to men as the angels are invisible), but it will include also an earthly Kingdom (visible to men as the angels are invisible). At their head as princes in all the earth will stand the resurrected ancient worthies, perfected as men and sameness of what all mankind, by obedience to the laws of the Kingdom, may attain to, with eternal life. These ancient worthies are enumerated in the Scriptures—Abraham, Isaac, Jacob, the prophets, etc., and described by St. Paul in Hebrews xi, 35-40. To these belongs the earthly promises of the Old Testament. They never heard of the heavenly and spiritual promises. Their loyalty will find its reward in the fact that they will come forth from the tomb no longer blemished and imperfect, but fully, completely restored to the perfection originally enjoyed by father Adam. Additionally these will have the special guidance and instruction of Messiah, with its members in all the affairs of mankind. Thus as the Master said, speaking of that time, "I shall see Abraham, Isaac, Jacob, and the prophets in the Kingdom" (Luke xiii, 28).

God's Kingdom will be represented in the earth by Israel—especially by these saintly men of Israel, resurrected and perfect, who will be the pointed and representatives of the glorified Messiah's rule. As it is written, "Not only will I be with you, but I will be with you in person" (John xiv, 18). These princes, acting under and continually in contact with the spiritual Kingdom and rulers styled in the Scriptures "the royal priests," will, of course, be superior in their wisdom and power as to command the obedience of the whole earth. The nation, with whom they are related, will naturally respond more quickly than others to the new order of things, which will be just that for

which they have been waiting and praying for more than thirty centuries.

In these words the Lord thru the prophet assures us of the wonderful success which will attend the establishment of the new empire of earth, the dominion of the Prince of light, which will supersede the dominion of the Prince of darkness, when Satan shall be bound for a thousand years, that he may deceive the peoples no more. Messiah's Kingdom will be high above all other Kingdoms, not only in its grandeur, majesty and authority, but also in the lofty principles which it will represent. Thus it is written, "He shall lay righteousness to the line and justice to the plummet and the hall (Truth) shall sweep away the refuge of lies" (Isaiah xxviii, 17). Nevertheless, as the world shall come to appreciate the new order of things all nations shall flow into it, flow up to it—contrary to the ordinary course of fallen human nature. It will make manifest such wonderful rewards for righteousness and obedience to God that it will so manifestly manifest stripes that must attend all willful disobedience to the Divine arrangement that the Scripture will be fulfilled which declares that the judgments of the Lord are abroad in the earth, the inhabitants of the world will learn righteousness (Isaiah xxvii, 9).

Humanity for six thousand years has been learning "the exceeding sinfulness of sin," its downward tendency in every sense of the word. Every form of government has been tried in an endeavor to secure the greatest amount of blessing. But the uniform results have been that those exalted to place and influence have used that power to place themselves unequal to the opportunities and temptations of the position and have abused them selfishly. Whoever is acquainted with history realizes the truthfulness of all this. If some of us have hoped that the general enlightenment of the masses and the general enlightenment of the race would abolish sin and selfishness and demonstrate the truthfulness of the proverb, "Honesty is the best policy," we are willing to confess that this has been a mistake. We perceive that the greater wisdom and intelligence granted to a selfish mind and heart the greater will be its opportunities for evil and incitement thereto.

As a consequence the world is losing confidence in itself. All whether politicians or judges or governors, great or small, of one party or another, of one nationality or another—all are accused of being tarred with the same stick of selfishness. The Bible clearly indicates that this distrust is not without reason and that the great time of trouble soon to come upon every nation (Daniel xii, 1) will be the direct result of this loss of confidence. The Bible's description of the matter briefly summed up is, every man's hand shall be against his neighbor (Zechariah viii, 10; xiv, 13). It will be after that great time of trouble shall have been and every man shall be against his neighbor, that the Kingdom of God will manifest itself in the top of the mountains—higher than all other Kingdoms every way, and all people shall turn toward it. As it is written, "The desire of all peoples shall come" (Haggai ii, 7).

This is described in the verse following our text which reads, "And many people shall go and say, Come ye, let us go up to the mountain (kingdom) of the Lord, to the house of Jacob; and he will teach us his ways and we will walk in his paths, for out of Zion (the spiritual unseen Kingdom of God) shall go forth the Law and the Word of the Lord. From Jerusalem (the seat of the earth's government) shall be sent the judgments among the nations (rewarding and punishing justly), and he shall smite many people; and they shall beat their swords into plowshares and their spears into pruning hooks. Nations shall not lift up sword against nations, neither shall they learn war any more." All Christians agree that these words apply to the Messiah's Kingdom. They tell us clearly and distinctly the judgments of the Lord will be abroad in the earth, causing wars to fill the whole earth as the waters cover the great deep (Isaiah xi, 9).

We have already noted that this prophecy belongs to natural Israel and not to spiritual Israel. As the first verse declares, it concerns Judah and will have begun to be fulfilled, spiritual Israel will be beyond the vale. It is in full harmony with this that Jacob, come ye up to the mountain in the light of the Lord. This is particularly the time when this message to natural Israel should go forth. We understand the next few verses to be that during the next few years the Lord will have special dealings with Israel in connection with the way of righteousness and the great privileges that are theirs as a people, because of Divine promises to their fathers, Abraham, Isaac and Jacob, etc. But only those who respond by turning to the Father of God's Word to walk in it will be in the proper condition of heart and obedience to promptly grasp the blessing at the beginning of Messiah's reign. Those most prompt to respond will get the greater blessing.

Verses 6-10 picture some of the reasons why God's favor has been withdrawn from a time from natural Israel—aside from the fact that His special favor was for the time to be given to spiritual Israel. The Book of Revelation, description of the time of trouble, in which present institutions will succumb, let us read some of the Revelations and note their applicability to our day and the correspondence between these announcements in the Book of Revelation, applicable also to the time in which we are living. We will quote and paraphrase from verse 11 to the end of the chapter.

The lofty looks of man shall be humbled, and the haughtiness of men shall be bowed down, and the alone shall be exalted in that day. One of the greatest obstacles in the path of humanity, hindering approach to truth and righteousness, is pride. The Almighty God is not sufficiently

reverenced. The very learned men of all our colleges seem more and more to doubt that there is a God and that the affairs of earth are subject to any other regulations than those of chance, except as the learned can regulate them. The time of trouble when the various theories of man will be tried and found wanting will demonstrate most thoroughly that the wisdom from above is neglected in favor of earthly wisdom. The Lord says in another place, the wisdom of their wise men shall perish and the understanding of their prudent men shall disappear.

For the day of the Lord of Hosts shall be heavy upon every one that is proud and lofty, and upon every one that is lifted up, and he shall be brought low, and upon all the cedars of Lebanon that are made and lifted up (the ecclesiastically great) and upon all the oaks of Bashan (the politically strong); upon all the high mountains (the kingdoms of the world) and upon all the hills that are lifted up (the smaller principalities); and upon every high tower and upon every fenced wall (representing human organizations for strength and protection) and upon all the ships of Tarshish (labor organizations) and upon all the desirable prospects and desires of earthly ambition, the arm of the Lord will be heavy. The result will be that the lofty shall be humbled and the haughtiness of men shall be brought low; and the Lord alone shall be exalted in that day; and the idols shall be utterly abolished. God must be first under new order of things. No peace or blessing will otherwise result.

Those in distress and perplexity will in that time of trouble flee to the holes and the rocks and the caves of earth for fear and hiding, covering from the eyes of men, when they shall express it, they shall call to the rocks, "Fall on us and hide us from the face of Him that sitteth upon the throne." We are not to understand this more literally than its context. It does not signify that people will be so foolish as to literally pray for rocks to fall upon them, when they come more easily destroy their lives in another way. The thought is the very contrary to this—that they desire protection, shielding, hiding, covering from the trouble of the coming day of the Lord. These shelters of the rocks and caves of the earth symbolically represent the attempted protection of human organizations—insurance companies, secret societies, etc. But none of these will be able to protect from the trouble which is coming—which will be world-wide and involving every earthly thing and interest, religious and secular, financial and political.

This will take place when the glory of the Lord and His majesty shall be manifested in connection with His standing up to assume command of the world and when "He will shake terribly the earth (society), and everything contrary to righteousness and holiness may be uprooted and overthrown. St. Paul pictures that same time of trouble as the day of wrath, when every work that will not be shaken will be whatever is in harmony with God's Kingdom of righteousness (Heb. xii, 26-29).

### Public Amusements

**"The Nigger"** The Royal Alexandra's first big dramatic attraction of the season, opens to-night. Unusual preliminary expectation has been aroused around the production of this play, which is the work of the Grand Theatre Company in New York; also because of the favorable attention that the work of the Grand Theatre and his associates have received on tour.

**"The Travelling Salesman"** The latest comedy success of James Forbes, author of "The Chorus Lady" and "The Commuters," will be presented for the first time in Toronto at the Princess Theatre to-night. The story revolves around the life of a typical American "drummer" who is called to his attention in the second act, disclosing a poker game in progress in one of the rooms of a small town hotel, is a scream.

**"At the Mercy of Tiberius"** dramatized from Augusta Evans Wilson's famous story of the south, will be the offering at the Grand Theatre, with matinees on Wednesday and Saturday. The production to be seen in this city is the one made popular by Vaughan Giffels and the leading female role will be seen Eleanor Montell, daughter of Eugene Blair, now recognized as one of the cleverest of the younger leading women. The play teaches a healthy moral lesson in a most effective manner.

**"The Queen of Bohemia"** will be the offering at the Gaiety this week. It has lots of brand new features that have never been seen on any stage in Canada. The grand attraction is "The Girl in the Balloon," imported from the Polles Bergeres of Paris.

The attraction announced for this week at the Star Theatre is Dave Marlon and his big company of Dreamland Burlesques. Marlon has never failed to make a hit with his audience in his inimitable character work, with the Cabman. The two-act musical extravaganza.

A great many are taking advantage of the opportunity to secure seats for Forbes-Robertson in "The Passing of the Third Floor Back," by sending in their orders by mail, which are filled in the order received. Already the Royal Alexandra management has received orders for a block of 50 or 60 tickets from several towns. The office sale of seats does not open until Thursday morning.

Gertrude Hoffman, at Shea's this week, will present her own Revue of last season's theatrical sensations, the most ambitious and startling act in vaudeville. Miss Hoffman was known as an imitator, and in this line of work she excels. She begins her Review with imitations of popular players, including Ethel Barrymore, Eddie Foy, George M. Cohan and Eva Tanguay, in which Cohan and Tanguay are particularly true to life.

Included in this week's bill are: Fortinault, in "The Visit"; Gordon and Marx, McFee and Hill, and Alice Fulton, and the cinematograph.

### JEALOUSY THE CAUSE OF 'COLD-BLOODED MURDER'

**Trapper Shot His Neighbor, Who, as Special Constable, Tried to Execute Search Warrant.**

**VANCOUVER, Sept. 18.—(Special.)**—Jealousy between two rival trappers was responsible for a cold-blooded murder in the north, news of which reached Vancouver yesterday, when Constable Minty of Rock Bay brought down Donald MacDonald, a Salmon River rancher, and trapper, and the body of his neighbor, Frank Savage, shot by MacDonald Sept. 14, during a quarrel.

A charge was laid against MacDonald for having been illegally in possession, and Savage was sworn in as special constable to execute a search warrant at the trapper's home. MacDonald resisted execution and Savage called in the aid of another rancher, P. Cushman. As the two special officers came out of MacDonald's hut after making their search, the latter shot Savage thru the breast, killing him instantly. He gave himself up to the provincial police.

ST. LAWRENCE MARKET.  
Receipts of farm produce were 100 bushels of grain, 15 loads of hay, a large number of loads of apples, potatoes and mixed produce in the north building, with a liberal supply of butter, eggs and poultry on the market.  
Trade was brisk, as there was a large number of alien buyers on the market. The city has provided a market for the east side of the south market building, for the convenience of the farmers attending the market. But no one of them availed himself of the privilege, but still crowded the tables at the south end.  
Probably nine out of ten of the farmers did not know of the provision of these tables. Whoever is in charge of the market should direct the farmers and stop the overcrowding at the south end of the building, as it was at times almost impossible to get thru the crowd.  
It was an old time market on Saturday, with thousands of the citizens availing themselves of the privilege of buying from the farmers direct.  
Wheat—One hundred bushels sold at 91c to 92c.  
Hay—Sixteen loads sold at unchanged prices, of 17 to 20 per ton.  
Potatoes—A large supply of potatoes, single bags delivered at 80c to 85c. Apples—A fair supply, not large, sold at 15 to 18 per barrel.  
Butter—Prices were steady to firm, at 25c to 26c per lb., the bulk going at 26c to 27c per lb.  
Eggs—Prices firm at 30c to 32c per dozen, the bulk selling around 30c to 31c per lb. for chickens, and ducks, 10c to 12c per lb. for a few, two, three or four, sold at 12c to 15c per lb. A few eggs sold at 12c to 15c per lb.

#### CREDIT MEN'S ASS'N. IN WEST

\$10,000 Fund to Investigate Frauds and Punish Offenders.

WINNIPEG, Sept. 15.—An important business meeting of the Canadian Credit Men's Association, at the sixth monthly dinner in the Royal Alexandra Hotel, resulted in the adoption of a resolution to start a \$10,000 fund for the prosecution of unscrupulous persons. The fund is to be raised by the association, which is supported by R. B. Wilson, vice-president, and the board of governors.

A feature of the meeting was the desire expressed for a higher state of efficiency in mercantile agency service, and a determination to obtain more up to date and reliable information by means of a central working together on behalf of the members and agencies supplying the information.

A report was read from the legislative committee respecting the necessity for further legislation governing the obtaining of credit by means of fraudulent financial statements submitted to mercantile agencies.

The issuance of cheques on banks where no funds are in deposit to cover such cheques at the time they are issued, and other arrangements made to cover them, was presented, and was another point raised by this committee.

These two matters are receiving the committee's attention of the legislation which is hoped soon to report a favorable outcome to its efforts.

#### A Chance to See the North Country.

In order to give the farmers of Ontario an opportunity of the North Country, the Grand Trunk and T. and N. O. Railway will run excursions, Sept. 19, 20, to Halliburton, and points north on the T. and N. O. Railway.

These excursions are under the auspices of the Temiskaming Board of Trade, and special agents have been arranged to show visitors the possibilities of this part of the province.

#### They Can't Forgive Canada.

Already it has been pretty well demonstrated that certain railways of the Northwest are fighting desperately to stop the flow of immigration to the Canadian west. In fact, this campaign has extended to the southwestern railways as well. For instance, the Texas and Pacific Quarterly, a rather pretentious magazine, published by a Texas agent and issued at Dallas, upbraid, which includes a quotation from Longfellow's 'Evangeline': 'All the year round the orange groves are in blossom and the great More in a single night than a whole Canadian summer.'

### SYSTEMATIC GIVING TO THE CHURCH OF MISSIONS

Result is a Large Increase in the Receipts in the Nations of the World.

Herbert K. Caskey, secretary of the Canadian Council of the Laymen's Missionary Movement, has compiled an interesting statement indicating the different givings of the world to foreign missions. America heads the list, and during the past year has given almost as much as all the rest of the world. The figures are all for 1909 and are as follows: America, \$11,317,406; Great Britain, \$5,584,683; Germany, \$1,869,964; other countries, \$1,850,063. This makes a total of \$24,622,097. This total has advanced just one million dollars annually for the past ten years.

The chief reason for such an immense increase is credited to the method of systematic giving adopted during the past few years by many of the churches. Last year from the foreign fields themselves, \$4,839,608 was given.

Mr. Caskey quotes a concrete case where the results of systematic giving are most apparent: The Church of the Nazarenes, a western congregation gave \$88 for the missionary work. Since that time the systematic method of giving has been adopted by that congregation, and last year they gave \$1,000 for foreign missions, besides \$20,000, which was expended for local charities.

# Women's Coats For Motoring and other uses

No part of our Third Floor showing of new Fashions was more admired than the section devoted to Women's Coats. For out-door enjoyment of the delightful months that come between now and Christmas, a woman needs at least one of the coats mentioned in detail below. If she comes, and sees what good style they are, she'll probably decide to have a motor coat and one other

An exclusive Motor Coat, in heather mixture blanket cloth, one of our Paris models, Raglan style, with loose back, front fastened in new double breasted effect, with three large novelty buttons, meeting a turned-down collar, inlaid in tan cloth novelty buttons, finish, pockets and cuffs, \$33.00.

Women's Elegant Fall Coat, in tan shades of kersey only, full length, lined to waist in self shades of satin, semi-fitted back, front single breasted, fastened with novelty buttons; a shawl collar, trimmed with narrow strap and small buttons, make coat very suitable for immediate wearing; sides have inverted pleat, extending from scalloped lapel, which is trimmed with narrow straps and small buttons; a fancy trimmed cuff, in keeping with the rest of the coat finishes sleeves, \$22.50.

A full length Coat in fawn and brown shades of golf cloth, Raglan style, inverted pleat down back, stitched to waist line, and held in position by a 4-inch buttoned strap; single breasted, front, buttoned slightly to left side, meeting a turned-down collar, inlaid in self shade of velvet; large patch pockets and turned-back cuffs, both trimmed with buttons, give coat a decidedly smart finish; this coat is dressy for street wear, and comfortable for motoring.

Women's Early Fall Coat, in fine quality kersey cloth, shades blue, green, fawn and brown, 52 inches long, lined to waist in satin, back semi-fitted, with a pleated effect from waist line, sides, finished in skirt effect, and trimmed with large novelty buttons, single breasted, front, meeting low turned-down velvet collar and revers, cuffs finished with a neat scalloped cuff, \$25.

A Beautiful Fall Coat, in a light tweed, lined throughout in silk serge; color, grey only, semi-fitted back, front double breasted, with three-buttoned effect, turned down collar and revers, inlaid in black silk velvet and satin piping; sides neatly trimmed with V shaped pockets and lapels, also velvet trimmed; sleeves tailored and finished with turned back cuff to match collar, the weight and style make this a nice between-season coat. Price \$21.00.

An up-to-date Woman's Coat, in striped tweed, grey and green, 54 inches long, close fitted back, with inverted pleat on side, back seam, single breasted front, meeting a large roll collar, inlaid in black velvet, with a two-inch buttoned strap running around to side pockets, and strap cuff effect, finish this coat, \$9.25.

A fashionable Coat for fall, shown in a military style; comes in blue, black green and brown shades of broadcloth; full length; lined to waist, plain semi-fitted back, front double breasted, and trimmed neatly with military braid, double turned-down collar, also trimmed, sides trimmed with touches of soutache braid and small buttons; sleeves neatly trimmed at cuff with braid and buttons, \$18.50.

A smart Fall Coat, in grey and brown shades of striped tweed, full length, lined to waist, close fitted back, with an inverted side pleat on back panel, single breasted front, fastened with three large buttons to meet a beautiful scalloped collar, inlaid in self shade of broadcloth; a 15-inch opening on side seams; large mannish pockets, and scalloped cuff, finish this extra smart coat, \$21.00.

## New "Gage" Hats From Chicago

The very latest productions of this well-known firm have just arrived, and will be shown to-morrow in the Millinery salon. For exclusive styles these are among the best we have ever imported. We are also showing some recent importations from New York, a very large variety, but not many of a kind. They come in silk velvet, velvet and silk, velvet and Bengaline silk, hatter's plush and fur felts. Prices are moderate, ranging from \$2.75 to \$6.50.

## Net Waists—and the Warmer Kind

New Waists of fine Brussels net, mounted on Paisley silk, shaped yoke and collar, of pin tucking, front elaborately trimmed with gulfure lace and lace medallions, white or ecru, pretty new tucked sleeves; sizes 32 to 42. \$5.00 waist Tuesday, \$3.95.

A very fashionable waist of coarse mesh fish net; yoke, front and back, wide tucking, and piped with bands of chiffon silk, trimmed with large and small silk buttons, silk lined, white, ecru and black. Special value \$5.00.

New Fall Waists, of fine serge or all-wool Panama, shaped yoke and collar of tucked chiffon silk in self-shades, tucking front and back, front and new dressy sleeve, trimmed with small silk buttons; colors black, navy and cardinal. \$4.00 waists Tuesday \$3.10.

A special sale of good Flannellette Waists, in black and white shepherd's check, wide shoulder tuck, tucked back, front has large turn-back lapel of black and white plaid, front opening. Sizes 32 to 44. \$1.00 waist Tuesday 79c.

## Girls' Sample Dresses

## New Silks for Gowns of Distinction

One reason that women like our Silk Department is that beside being what Fashion demands, the Silks we are now showing give them a chance to exercise their individuality of taste.

The new silks that have been crowding in during the past week are all shown to best advantage now. In your planning for a new silk suit, morning dress, afternoon gown, evening costume, shirt waist or coat, you can carry out your idea economically and satisfactorily in this rich collection. Colors and designs are too many and varied to mention, but here are a few of the weaves:

French Dress Foulards, 75c, \$1.00. Fancy Persian, Dresden and Paisley Silks, for dresses, linings and trimmings, 75c, 85c, \$1.00, \$1.25, \$1.50. Tartan Plaid and Shepherd Check Silks, 50c, 75c and \$1.00.

## The Broadcloth Side of It

The Dress Goods situation is well defined; on the one hand, heavy, rough fabrics; on the other, smooth, lustrous ones. Of the latter class Broadcloths are the most important.

Simpson's Dress Goods Department has always been particularly noteworthy because of its stock of broadcloths. We have a magnificent collection from the four great broadcloth divisions, English, French, German, Austrian; manufactured from the finest wools; dyed and finished by expert dyers and finishers. About the colors. Have you seen our new pastel shades, particularly intended for suits, cloaks and coats, in pale mauve, powder, blue, apricot, shell pink, banana, lavender, pearl grey, pale green, champagne, peach, ashes of roses and cream?

FOUR SPECIALS IN BROADCLOTHS. "Sedan Broadcloths," beautiful light weight quality, specially for the new one-piece dress, in a full range of the new fall shades, shrunk and unspottable. Special value, 52 inches, \$1.00.

## Crettones, on the 4th Floor, Linoleums

A large shipment of English Crettones and Sateens received to-day, purchased at prices we cannot hope to repeat for some time. The designs and colorings are all new and quite superior to anything you have seen in goods at the prices quoted.

The Crettones at 10c, 12 1/2c and 15c have never been equalled in Toronto. The Sateens at 15c, 20c and 25c are prettier and better in quality than you have seen at even larger prices. 3,000 yards of Scotch Printed Linoleum, in matting, block, floral, tile and parquet designs; regular 45c and 50c. Tuesday, per square yard, 33c.
