## General Postoffice Wrecked by Fire—Engineer Suffocates in Cellar 15 Persons Removed to Safety From Upper Windows by Firemen

**Blaze of Mysterious Origin and  
 Difficult to Fight—Basement  
 and First Floor in Ruins  
 —Damage \$30,000.**

In a battle with smoke rather than flames, during which one life was lost and fifteen others placed in serious jeopardy, the Toronto fire department by sheer dogged determination and an almost heroic endurance early Sunday morning confined to the lower floors of the general postoffice a blaze which at one time threatened the entire building with destruction. The damage is estimated at from \$20,000 to \$30,000. Two dogs were suffocated.

It is announced that there is but little loss of mail matter, and that postal business will be continued to-day as usual. There will be no delay in deliveries. The warehouse at Front and Lorne streets will be used as a temporary office.

Thomas Letray, night engineer of the building, and his dog, died probably from suffocation. Just how he met his fate will never be known, but according to the statement of John Milner, caretaker of a nearby building, who first noticed the fire, it would appear that he perished either in making an effort to subdue the flames, or to recover property of his own. Milner had run to the grates which cover the area-way looking into the basement in the alley to the west. He shouted "Fire." A moment later he heard the sound of running steps in the basement and then a voice cried out, "What's the matter?" Milner repeated his warning, and without another word, Letray was heard to turn back into the basement.

The next sign of him was at 4:30 in the afternoon, when firemen, after hours of patient search in the five feet of water which had flooded into the place, found the body floating in a corner of the engine room.

Hardly had the alarm of fire been given to occupants in the building when the electric lights suddenly turned off. It is probable therefore that Letray was lost in the darkness of the cellar, the means of exit being particularly difficult. The clouds of smoke were such as would overcome even a powerful man in a very few minutes.

**Many Were in Danger.**

That several other lives were not sacrificed also may perhaps be ascribed to a kindly Providence.

The third and fourth floors of the postoffice building are occupied as the living apartments of the caretaker, the assistant postmaster, and his family of twelve, two lady visitors and a servant girl were sleeping. Two other sons were absent from home, but who suffered the trying ordeal had considerable difficulty in reaching the windows. No attempt was made to use the fire escape, which runs down to the third floor window to the lower roof, the endeavor being to make their way to the roof. When aroused, the smoke was filling the corridors so thickly that the imperiled ones had to crawl along the floors, the current of air always to be found there affording them an opportunity to breathe more freely. There was no time to don street apparel, and all were attired only in their night robes when, huddled together, they were rescued by the firemen. One of the boys, in fact, was awakened from his slumbers by the firemen breaking the window of his room, and was for the moment unable to appreciate the nasty predicament from which he was being rescued. There were nine women, Mr. Ross and five of his sons taken out.

**The Story of the Fire.**

It was a few minutes past three when the alarm was sent in from the alarm box 415, which is located in the postoffice itself, and which, peculiarly enough, had also been used on Saturday afternoon to call out the department to a fire in the building across the street, of which John Milner is caretaker.

Feeling that it would be better in the interests of his employers to remain on the premises there over night lest by any mischance fire should break out again, Milner had decided to stay on watch. At 3 o'clock Sunday morning he was on the street, and there was no sign of anything wrong. At ten minutes to three he was in conversation with the nightman at the Carwell Co., two doors west of the postoffice, when he observed what seemed to be dust issuing from the area-grating. He remarked to the other that the man down there must be doing some dusty work. A little later the cloud became larger and Milner ran to the lane. He saw then that it was smoke, and raised the cry of fire, which was responded to by Letray. At the same time a policeman on Toronto-street came running up and proceeding along the alley battered at the heavy door.

**Other Employees Aroused.**

There were three men on duty in the sorting room, a long wide one-room one-storey addition, which runs back to Lombard-street from the four-storey postoffice proper.

One of them was heard to say that he had just finished his labors and was stretching back in his chair with his feet cocked up on the table when one of the others startled him with the shout that the downstairs was all in a blaze. The three hurried into the street.

When the Bay-street and Lombard-street firemen pulled up, 2 minutes afterwards, smoke was curling up from the basement windows in the front portion of the building. The firemen were

badly hampered in their effort to get at the fire promptly by reason of the heavy iron gratings fastened into the cement of the pavement. These gratings extended along practically the whole length on both sides of the building, and had literally to be chopped and chipped loose with ax and crowbar, and then wrenched and tugged away by half a dozen men before the hose could be gotten into any of the lower windows. Each grating removed meant the loss of from 10 to 20 valuable minutes. The wire nettings on other windows were also a nuisance.

Chief Thompson was an early arrival, and was informed of the plight of the Ross household. He at once had the big aerial ladder run up to the roof from Adelaide-street.

**The Rescue.**

Meanwhile Capt. Smith of truck 1 had ladders run up to the low extension, and from there to the upper window. With the aid of his company he carried the laid down to the roof. One said she could walk down and she did. The men got down by themselves. Blankets had been secured, and the roof they were wrapped up, and then, with the men of aerial 2 assisting, they were again carried down the ladders to the ground. The girls ranged in age from 12 to 25. Carriages had been sent for and they were hurried to the Elliott House, where clothing was sent by the firemen who penetrated to the apartments. Later in the morning they went to the homes of friends, and in the afternoon were visitors at the wrecked office. None seemed any the worse for their experience, and all made it a special request that no names be mentioned. Mr. Ross and his sons got carriers' overcoats and hats and remained on the scene, he testing instructions for the assembling of his full staff at the earliest possible moment during the morning.

**A Hard Job.**

Meanwhile the firemen were struggling to get at arm's length with the flames. By 3:30 the smoke was coming

The removal of mail matter was in active progress from 5 o'clock in the morning through the day. As employees arrived they set to work to make themselves useful, and various were secured to carry the mail bags and other papers to the sub-stations.

The official statement given on last night shows that the losses in the aggregate will be very small.

The mail loss will include the evening mails from 4 o'clock Saturday afternoon until 12 p.m., which were sorted for the entire city and Parkdale ready for the letter carriers.

Registered mail, special delivery mail, money orders, postoffice orders, were all saved, the vault remaining intact. Any other night but Saturday the loss in the registration department would have been great.

The recent renovations in the postoffice cost the government between twenty and thirty thousand dollars. The main loss, the ground floor, and the ceiling, the handsome in Canada, totally ruined, will amount to about \$18,000 to building.

The postmaster's office and the contents were saved, also many valuable papers were ruined by water.

The office of the superintendent of mail service and the customs office can

All mixed drinks containing spirits, minimum price, 15c.

All Canadian ales, porters and lagers, consumed in bar, pints, minimum price, 15c; do., quarts, 20c.

The maximum beer glass to be used, 12 oz.

Draught ale, porter and lager, three half pints, 10c.

It always pays to keep sober, but it is going to become even more profitable now, for the tavern-keepers have decided upon a hold-up on the citizens who like an occasional touch, the booze purveyors met on Saturday night at the King Edward, and thru inability to figure out any easier way of making a living they decided to stay in business, pay the increased license fee and soak the sinners who occupy the outside of the bar to the extent of an all-round raise in the price of liquid refreshment without any guarantee that the purchaser would get what he pays for at that. "Case goods" are to be 15c. This means whiskeys, domestic and foreign, most of which have been selling at 10c a throw not measured out. Some drinkers take a booster of large proportions. Others go light on the spirit. The minimum price is to be 15c after May 7 and the hotelier can charge as much more as the suffering thirsty soul is willing to put up. Canadian case liquors cost the hotel man from \$7 to \$9 per dozen quart bottles, so it can be seen that the bottlers have left themselves a rather comfortable margin to work on if you figure out how many drinks there are in a bottle and what they would net at 15c a drink.

The draught whiskeys are to be 10c a drink. Good draught whiskey costs \$2.75 a gallon, and the water a lot of the barkeepers put in before it is sold is cheaper. It often takes the place of case whiskey and

Postmaster Fatterson arrived on the scene by 6 a.m., and by 7 o'clock had hired the new building. That the citizens of Toronto will never know that there was a fire by 8 o'clock this morning was evinced by the fact that all last night several hundred men were on the job, and it was estimated that by midnight the work would be completely cleared up. Letters were delivered to the newspaper offices last night, which were but slightly damaged by water.

In the meantime the postmaster will have his headquarters in a room in the Queen's Hotel, the number of which can be obtained at the new office.

will doubtless continue to do so as long as the label on the bottle doesn't get too dirty.

Canadian ales and porters and lagers in bottles are to be raised to 15c for pints and 20c for quarts. This is certainly a tender touch. Pints cost 60c a dozen—50c a bottle—Quarts cost 90c a dozen, or 7 1/2 cents a bottle. The draught ale that the can rasher gets thru the side window will not be so much as heretofore for the lonely dime. The quantity for 10 cents will be reduced to three half-pints. The beer costs the hotel men about 25c a gallon.

It will be sad news to the man who goes to the places where he can get the "big beers" to know that the maximum beer glass to be used is to have a capacity of 12 ounces, which, by the way, is a comfortable drink, and a few 12-ounce doses are very filling. At some places the 15-ounce glass has been in use, but on the average the 8-ounce glass is the vogue.

All mixed drinks containing spirits are in the 15-cent class, and imported mineral waters and ginger ale are raised.

The news that the raise had been decided upon had become pretty well circulated yesterday and created a considerable amount of dissatisfaction.

Montreal, April 29.—The workmen of Montreal do not want the McGill College to confer any honors on Mr. Andrew Carnegie. The workmen claim that the Carnegie libraries are gold bricks. Resolutions were passed at Saturday night's meeting of the Workmen's Educational and Reform Association protesting against the presence of Mr. Carnegie in Montreal on May Day. Several of the speakers claimed that Mr. Carnegie's millions were made out of the blood of the murdered iron and steel workers of Homestead, Penn.

It was finally decided to ask Mr. Carnegie upon his arrival in town to provide a fund to support the widows and orphans who were rendered homeless by the killing of the iron and steel workers by Pinkerton detectives during the strike at the Carnegie works some years ago.

PELLATT AND JUNKIN.

Truly we live in an astonishing age. The investigations of investigators who do not seem to know how there were not the patient policyholder dumbly witnessing the destruction of his confidence in the honor of men to whom he has entrusted his frugal savings.

Obviously the complete story of the Junkin-Pellatt deals with policyholders' money in 1903 has not been told. The vital questions have not been asked. They cry aloud for consideration.

These two eminent guardians of the sanctity of the trust relationship looked out over the field of lawful investments, and behold, it was not very good. Mr. Pellatt saw Dominion Steel, which, while it was unlawful to Pellatt of the finance committee, was very desirable to Pellatt the stock broker.

Why this treating of the board as if it were composed of little children or of dottering seniles? For, observe: When the money was made, these two eminent financiers would come to the board and say: "We have a surprise for you. Unknown to you, we have taken the policyholders' money, speculated with it and here are ten thousand dollars clear profit!"

Even a commissioner can see the absurdity of this position. And it is the only possible situation that could have arisen if Dominion Steel had gone up instead of down.

It is the commissioners' duty to probe this most reprehensible procedure. The explanation of Mr. Junkin is so remarkably partial as to be amusing. Fancy a grown man, a managing director, strenuously keeping it dark that he had made a good investment for his company! Isn't it like a chapter from "Alice in Wonderland"?

How long did they intend to conceal the deal? What could happen in the meantime? Remember always that Pellatt felt sure Dominion Steel was going up. WHEN THE OTHER DIRECTORS WERE UNAWARE THAT THE POLICYHOLDERS' MONEY HAD GONE INTO DOMINION STEEL HOW WERE THEY TO KNOW THE NUMBER OF TIMES THAT STOCK WAS OPERATED WITH BY THE MEN WHO CONCEALED THE FIRST TRANSACTION?

Always remember that Pellatt was quite confident the stock was going up. Never forget that one way to make stock continue to go up is to create and nourish a market for it.

How can the thing be explained? It MAY be explained if the insurance director made the original purchase for the stock broker to speculate with.

anybody—insurance company or private individual—he gets a commission. The oftener he pushes shares to somebody else, and the oftener they are pushed back to him the oftener a percentage of their value is rubbed off into his own pocket.

Always remember that Pellatt felt quite sure Dominion Steel was going up. When Dominion Steel was going up, opportunities to buy and sell and buy and sell again would multiply.

There are other unelucidated aspects of the game of concealment and deception that are worth opening up. It is being said that, because Pellatt paid back the company's money which by a concealed adventure he lost, he is not under a cloud.

Confessedly the other directors were deliberately deceived and the government department was given in all good faith at Ottawa which did not rightly represent the facts.

GALT BUSINESS INTERESTS TO RELIEVE HOUSE FAMINE

Utter Necessity of Providing Accommodation Results in Revival of Joint Stock Proposition.

Galt, April 29.—(Special.)—The house famine in Galt has assumed such alarming proportions that the manufacturers and business men apprehend a serious set-back to the growth of the town...

Last night the board of trade met in special session and talked over the situation for two hours.

The board of trade fully recognizes the gravity of the situation and will do all in their power to promote some scheme for stimulating the lagging energies of the geographical society...

The board of trade recently allowed to lapse, namely, solicitation of stock in a proposed joint stock company to be formed for house building purposes...

Encouragement was offered in the willingness of members present to invest in the enterprise provided it assumed a substantial and promising shape.

Results in Destruction of Three Barns With Contents. Niagara-on-Lake, April, 29.—The first thunderstorm of the season passed over this district about 5 o'clock this afternoon.

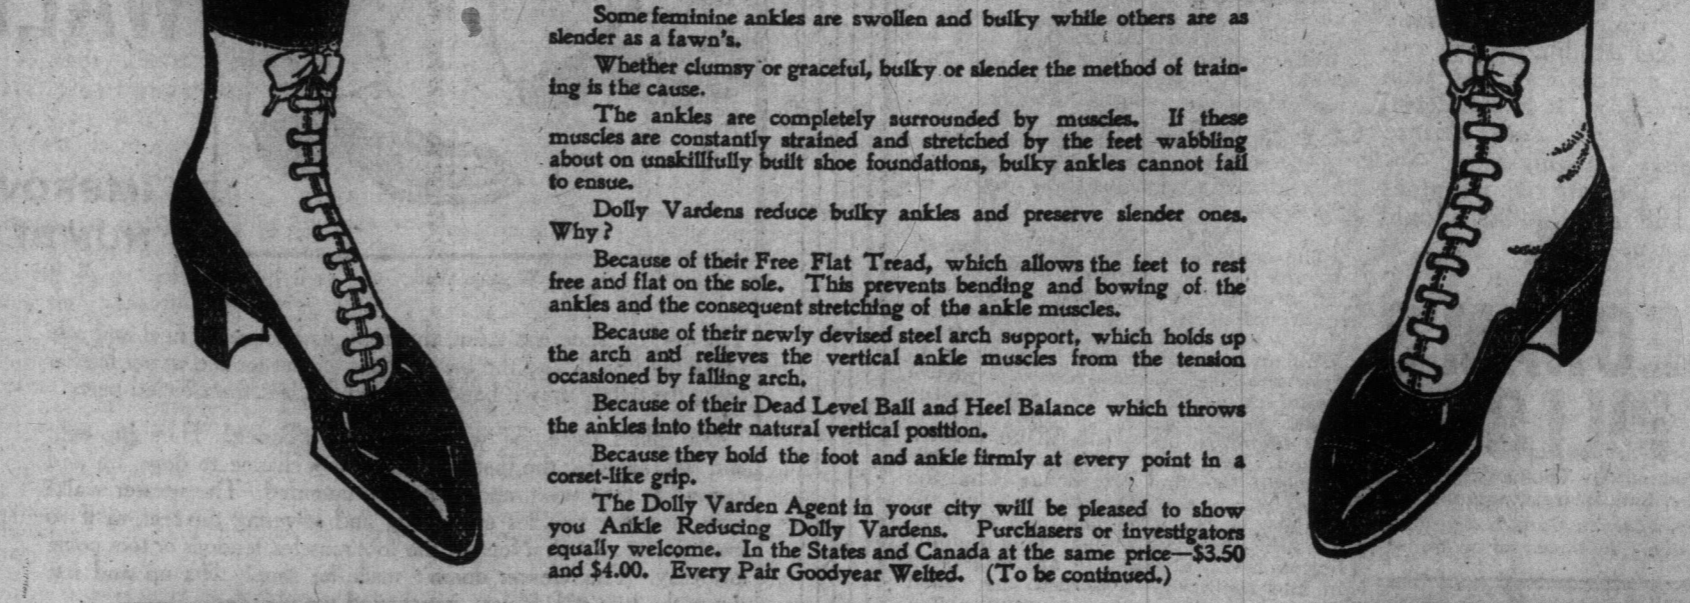

As a result three barns on the farm of Mrs. Mary Omond, about four miles west here on the Lake-road were entirely destroyed by fire together with their contents of grain, hay, implements, etc.

Seven heads of cattle tied in their stalls were burned to death.

The loss will total about \$2000, probably partially covered by insurance.

**VISIT FROM FRENCH FLEET.**

Three Ships Under Admiral Gampoin at New York.

New York, April 28.—Greeted by the salute of cannon from Fort Mifflin, from Castle William on Governor's Island, and from the ships of the armored cruiser division of the North Atlantic fleet, the three cruisers sent by France to participate in the recent John Paul Jones ceremony at Annapolis, arrived from the Maryland capital to-day, and dropped anchor in the North River. The visiting squadron, under command of Admiral Gampoin, consists of the flagship *Marsellaise*, the *Admiral Aube*, and the *Conde*. They are moored in North River, near the anchorage where the West Virginia flag of Admiral Brownson, the *Pennsylvania*, the *Maryland*, and the *Colorado* have been lying for two days. As soon as the French fleet anchored the two admirals exchanged visits.

The French cruisers are here to stay until next Thursday, and a series of dinners, luncheons and entertainments has been arranged for the officers and men.

**Opens Safe Locked Ten Years.**

Kingston, April 28.—A Gravelle, proprietor of The Renfrew Journal, whose fame as a safe opener has spread throughout the Dominion, was in Kingston to open a safe, the door of which had remained closed for ten years. The executor of the Henry George estate summoned Mr. Gravelle to open this safe, which had been in Mr. Casey's possession for the period named. The Renfrew expert did not experience much difficulty in the work.

**STRENGTH FREE TO MEN**  
How to Regain it Without Cost Until Cured

Strength of body—strength of mind! Who would not possess it if they could? It is nature's greatest gift—our most valuable possession. Without this strength life is a failure, with it everything is possible. Almost every man who is made strong, but few have been taught how to preserve this strength. Many, through ignorance, have wasted it recklessly or used it up excessively, leaving the body exhausted, the nerves shaky, the eyes dull and the mind slow to act. There are thousands of these weak, puny, broken-down men dragging on from day to day who might be as strong and vigorous as ever they were if they would only turn to the right source. Electricity cures these weaknesses. It gives you back the very element you have lost. It puts new life into the veins and renews the vigor of youth. For 40 years I have been curing men, and so certain am I now of what my method will do that I will give to any man who reads this advertisement a **FREE TRIAL** of my world-famed **DR. SANDEN'S ELECTRIC BELT AND SUSPENSORY FREE UNTIL CURED**. You pay nothing; but upon request I will furnish you with the Belt to use, and if it cures you pay me my price—in many cases not over \$5.00. If you are not cured or satisfied, return the Belt to me and that ends it. As I am the originator of this method of cure, I have made it a great success, there are many imitations of my Belt; but my great knowledge, based on 40 years' experience, is mine alone. My advice is given free with the Belt.

This offer is made especially to men who lack strength and vitality, who have drains, losses, impotency, varicocele, etc., but I also give my Belt on the same terms to sufferers from Rheumatism, Lame Back, Sciatica, Kidney, Liver and Stomach Troubles.

Call or write for a Belt to-day, or, if you want to, look into the matter further. I have two of the best books ever written on Electricity and its medical uses, which I send free, sealed, by mail.

**FIRST OF IMPERIALISM**  
PROF. M'CURDY'S LECTURE

Imperialism Best Exemplified by Empires of Rome and Britain.

"Imperialism is generally thought to be best exemplified by the Empire of Rome, and the Empire of Britain," said Prof. J. F. MacCurdy at the Canadian Institute on Saturday evening in the course of a lecture on "The Beginnings of Imperialism."

"But," he added, "there are other and earlier types of powerful states slowly built up and attaining to wide dominion also worthy of attention. The study of their rise and fall is full of suggestion, for they reveal even more clearly than the later systems the best tendencies and essential character of empire."

**GIVES SECRETS TO ARCHBISHOP**

An Allegation Against Government Employee Which is Denied.

Statements made by H. C. Hocken, editor of The Orange Sentinel, indicating that Provincial Secretary Hanna had been brought into clash with Roman Catholic influences in Ontario government departments are flatly contradicted by Mr. Hanna.

Mr. Hocken, speaking at an Orange meeting at St. Catharines on Friday night, referred to the three-fifths vote required for local option, saying it would bring a religious issue in line, with 40 per cent. of the population Roman Catholic and 40 per cent. Protestant.

Touching the Sbarrett incident, he said that the hierarchy had a great hold on the Ontario as a whole, and that a great majority of holders of provincial departmental jobs were Roman Catholics.

Of Mr. Hanna it was stated that on asking an idle government employe to bestir himself, the latter had retorted that he would "see the archbishop." Mr. Hanna then giving him notice to quit; also that he had learned that information as to the contents of all his letters on private government business was conveyed to the archbishop.

"It is absolutely without foundation," said Mr. Hanna, Mr. Hocken says that he got his information from an employe in one of the departments.

**TRAVELS 55 MILES IN AIR.**

Aeronaut Makes Trip From Pittsfield to Woodville, Conn.

Pittsfield, Mass., April 28.—Favored by beautiful weather and a breeze that carried them rapidly in a southeast direction, Count Hendri de la Vaulx of Paris, with Capt. Homer W. Hedges of New York, president of the Aero Club of America, and Charles Jerome Edwards of New York, made an ascension to-day in the big balloon Centre in the presence of 3000 persons.

The balloon landed safely in Woodville, Conn., at 6.30 to-night. It travelled fifty-five miles, and it is understood the men in it hoped to reach New Haven, but this idea was given up as darkness approached.

**Will Return Visit.**

New York, April 28.—(Special.)—To repay the respect shown for the United States by Prince Louis of Battenberg in including New York in his visit to this side of the water, the North Atlantic squadron will leave for England in a short time. This is the information derived from some words dropped by one of the high naval authorities. It is corroborated by the fact that preparations are being made by all the vessels in the fleet for some time.

London, April 28.—(C. A. P.)—W. T. R. Preston sails for Canada on May 5 on the Empress of Britain.

**NATAL RESERVES ORDERED OUT**

Trouble With the Natives Assuming Ominous Proportions.

London, April 28.—The government has called out the first reserves in seven districts of Natal to cope with the native insurrection.

The disorder is spreading among the Dink Gulus. The chief instigator on behalf of the colonial government to Chief Sigandama has failed, and he reports that Sigandama's tribe is in a state of rebellion.

The natives of Swaziland are showing signs of restlessness and Europeans there are appealing for protection.

**BANDITS KILL CHINESE TROOPS.**

Chefoo, April 28.—Two weeks ago at Yenching, in the southwest part of the Province of Shantung, 600 foreign-drilled Chinese troops were attacked by 2,000 bandits armed with modern rifles. One hundred of the soldiers were killed.

**Canadian Boys' Club.**

The annual closing banquet of the Canadian Boys' Club was held on Friday evening, and proved the most enjoyable and successful banquet the club has held, over 50 being present, and amongst these were: Mr. and Mrs. T. Findlay, Mr. J. Burns, Mrs. Dr. A. D. Watson, E. H. A. Watson, J. W. Hopkins and F. Messing, Dr. A. D. Watson was chairman and toastmaster. E. H. Watson was presented with a set of books by members of the club who attended the literary class which was taught by Mr. Watson. The club was presented with a picture of Lord Beaconsfield by Louis Benjamin. The speakers of the evening were: Mrs. Dr. A. D. Watson, who replied to the toast of "The Ladies"; and J. W. Hopkins, E. H. A. Watson, Thomas Findlay, L. Benjamin, H. Barlow, F. Marshall, F. Rutherford, Kirby, Frank Watson, H. Marshall, F. Samuels, J. Valentine, R. Crocker, B. Jaxon, W. Powell and T. D. Benjamin.

**Acquitted.**

Belleville, April 28.—The case of Walter Lucas, who, with his brother John, was charged with breaking into loaded C. T. R. cars and stealing grain and flour therefrom, was disposed of in the police court here to-day, the prisoner being acquitted.

The Toronto Daily World is now for sale on the wharf at Hanlan's Point and at Rennie's parcel office, Island Park.

**RAG PEDLARS COMBINE**  
TO KEEP UP JUNK PRICES

Application in High Court for Injunction Restraining the Union.

"Of course the union will fight this," said Louis Gurofsky to The World when seen at his office in the Crown Bank Building on Argus-street.

A large number of officers (including President Z. Shore of the Toronto Junk Pedlars' Union) were present during the conversation, and there was a murmur of approval when Louis Gurofsky spoke.

He was referring to the application made on Saturday in the high court by R. E. Kingsford for an injunction restraining the operations of the union, which is alleged to be in the nature of a combine.

**Sign Agreement.**

Affidavits declaring that the president of the union called on S. Schwartz, the Granatstein Rag & Metal Company and many other large junk dealers and got them to sign an agreement under which junk dealers agreed to pay all members of the organization who have been exercising their warehouses the sum of \$150 per hundred for mixed honest rags and 50 cents per hundred for wrappings and the current market price for metals. Junk dealers are also required not to refuse to purchase goods during business hours from members of the organization, and they are also asked to enter into a bond of \$1000, to be forfeited if they broke the terms of the agreement.

These were a few of the interesting elements in an agreement which provided for arbitrators to decide any differences and to judge cases on their merits.

Certain firms signed the agreement, and fees of the union say that compulsion and coercion have been exercised.

"These men," said Gurofsky, pointing to the bunch, "are the fellows who go around picking up rags for the various houses." "Bunter Bryson and the wheezing push carts loaded with old iron and waste from the furthestmost parts of the city, so that they may earn a dollar a day for the support of their families."

"These are the men who are served with writs and are called conspirators and 'combinesters,' just like the plumbers."

**Large Dealers Cut Prices.**

It is reported that the large junk dealers of Toronto met a few weeks ago and agreed not to pay the pedlars any more than 90 cents per hundredweight for their rags and to effect a general reduction in the price of other waste materials.

"Such a reduction would have meant practical starvation to these pedlars, who are all poor men. Driven to bay, they formed this union, and it was agreed upon by them that they would sell the goods only to men who would give them a living price—a dollar and a half for a ton."

**The Granatstein Rag & Metal Co.**

One of the largest dealers in the city agreed to pay the price, and the members of the union at once disposed of their goods.

"Other firms found that their trade dwindled, and two others of them signed an agreement with the Granatstein Rag & Metal Co. and the other firms got together and induced the last two to join the union. The Granatstein Rag & Metal Co. for the cancellation of the agreement and the breaking up of the union."

**One Firm Refuses.**

The Granatstein Rag & Metal Co. do this, claiming that a dollar and a half was a reasonable market price, which they were willing to pay at all times. Anyone who would bring in the goods.

"No compulsion, threats or intimidation have been used at all. All that was agreed upon by the union was to sell to those who would pay the price."

The union further agreed that no member of the union should sell to any other firm, and that if any member did so, even though the latter might be willing to pay the proper sum for a short time, he was assisting these men because they are mostly foreigners who are un-used to the ways of our country, and I do not like to see them taken advantage of."

**The Junk Dealers have prospered at our expense,**

"A combine they call us," said another, "but the derisive laughter of his comrades."

**PUBLIC AMUSEMENTS.**

That breezy western operatic comedy, "The Tenderfoot," will be the strong attraction at the Princess Theatre this week.

The stars of the production are Oscar L. Figman and Ruth White, well-known thru their work as the stars of "The Burgomaster" and other musical productions. Mr. Figman is the gentle philosopher, Professor Peto (ibone), is said to be a delight, his keen sense of humor and talent for making audiences laugh, standing him in good stead. Miss White's fine soprano voice is heard to the best advantage in the role of Marion. The music of "The Tenderfoot" is peculiarly bright and swinging. The company numbers nearly seventy people.

**The successful cartoon comedy, "Buster Brown,"**

which will be presented for the first time in this city at the Grand Opera House, is under the personal direction of Melville B. Raymond, a noted American producer. The cheerful "Buster Brown" and "Tige," whom all readers of the funny pages of The New York Herald have learned to love, will delight the young and old. There is probably not a theatre-goer who is not familiar with the name of "Buster Brown" and who has not laughed at his mischievous pranks and their attendant misfortunes. This successful cartoon comedy production will be seen in this city for the above mentioned engagement only this season. A large happy chorus will lend charm to the entertainment as heretofore. Matinees will be given on Wednesday and Saturday.

**Arkansas has often been the theme**

of song and story, and no melody ever written has evoked more genuine pleasure than "The Arkansas Traveler." The same may be said of "Human Heart," which is a strong story, dealing with life in the Arkansas Hills. In addition to laughter it is mingled with heart interest and tears. The scenic equipment this season will be entirely new, the past summer having been devoted to securing new models and the building and painting of new scenery. Consequently, this year's "Arkansas Traveler" will be really a brand new production. It will be seen at the Majestic all this week with a matinee every day.

**Opening this afternoon, at Shea's**

Yonge-street Theatre, the bill will be headed by one of the most attractive girls of the season, Madeline Carter, the Polly Girls, in two of the big hits of the musical comedy, "The Maid and the Mummy." The Polly Girls, who are the stars of the "Maid and the Mummy," will be backed by the "The Ladies' Tailor." Others are Moshier, Waterbury Bros. and Tenny, Linden Beckwith and the Five Columbian.

**The patrons of the Star Theatre**

will be treated this week when the Jolly Grass Widows will present for their approval their lavish extravaganza, "The Sign of the Cross." The "Widow's Wedding Night" or "The Matrimonial Club, introducing Nevada Farrington as the widow. This will be followed by a big olio, composed of such well-known vaudeville acts as the Four Alvinos, Pinard and Walters, Ruth Everett, and Thompson and Laurance. The performance will conclude with a funny burlesque entitled, "The Sign of the Red Light."

**When Madame Nordica comes here**

on Tuesday of next week she will be assisted by an eminent pianist in Signor Patricolo, an Italian virtuoso, who comes here highly recommended from abroad. Madame Nordica's numbers will include the Elizabeth aria from "Tannhauser," a group of three English songs, a group of three French songs, and her concluding numbers will be Rubinstein's "Es Blinkt der Thau," Schubert's "Erkling," and Peter Cornelius' "Song of Solomon." The sale of reserved seats begins to-morrow (Tuesday).

The advanced pupils of David Ross' studio gave a vocal recital in Nordheimer's Hall Saturday afternoon. Dubois' "Air de Trionphe" an exuberant song, was rendered by W. Gillespie in a thrilling style, and was prof-

Her numbers were Mozart's "Vol che Sapete," by Miss Eva Scythes (soprano); Mozart's "L'addio," by Miss Lily Crossley (contralto); Handel's "Angels Ever Bright and Fair," Mrs. W. E. Colwell (mezzo soprano); Verdi's "Ella Giunna M'amo," A. D. Robertson (baritone); De Koven's "Armourer's Song," by Willard W. Demmy (basso), and Handel's "Hear Me, Ye Winds and Waves," G. Henry Eaton (baritone). Master Arthur Singer, pupil of W. O. Forsyth, gave a skilful treatment of Moszkowski's "Valse in E major" (from Op. 34). For a youth, he is a genius at the piano, and is deserving of highest praise.

**The Ontario Sunday School Association summer school.**

It has been decided to include in this, besides the four courses of regular lectures, exhibit of Sunday school appliances, missionary literature, etc. Denominational representatives as follows: Rev. R. P. MacKay, D.D., Presbyterian; Rev. F. C. Stephenson, M.D., Methodist; Rev. F. G. Brown, B.A., Baptist; Rev. T. B. Hyde, Congregationalist; N. W. Hoyles, L.L.D., Church of England, are co-operating with the summer school committee of the association in this matter.

**Metropolitan Anniversary.**

The thirty-third anniversary services of the Metropolitan Church were celebrated yesterday. Bishop Henry W. Warren, D.D., L.L.D., of Denver, Col., preaching both morning and evening. It was announced from the pulpit that Bishop Warren would address the Methodist Social Union Tuesday evening on "England in India." He has given great attention to the study of British influence in India, and as he is a very brilliant speaker his discourse will be very interesting and instructive.

**Thursday evening in the church,**

Prof. Duxbury of Manchester, England, will give a recital of Ewing's dramatic story of Prince Jonathan. From 7.30 to 8 P.M. Dr. F. H. Torrington gives a grand organ recital showing bells and various features of the organ.

Russian Writers Surprised at His Reception in America.

St. Petersburg, April 28.—The Twentieth Century, a leading literary paper, publishes to-day a protest signed by twenty-six writers setting forth that the Americans have insulted a Russian author and a Russian lady by coarsely drawing attention to their private life. The protest concludes as follows: "To find such a disregard of the elementary usages of cultured society among the writers of America, as represented by Mark Twain, was the very last thing that we, as Russian literary men, expected. We hereby signify our profound indignation." The reactionary press ridicules the protest, remarking sarcastically that it will be a dreadful blow to Mark Twain, especially as it contains only one name known in America, that of Ospa Feldman, who is not a writer, but a hypochondriac. Nemirovitch Danchenko, the war correspondent, is among the signers of the protest.

Elaborate Preparations by Military
for Dealing With Possible
May Day Troubles.
Paris, April 28.—The government has completed final preparations for dealing with the May Day situation, and is confident that the day will pass without serious disorder. However, the public is not in the least assured by the elaborate military concentrations, and again is showing great uneasiness as the first of May approaches.

New Vickerman
Price List
In spite of the sharp and persistent advances in woollen prices generally, we have been able to maintain very near the old schedule on all Vickerman goods, as much as anything else for the sake of an advertisement. Conditions are such that we shall be obliged to ask an increase, commencing
June 1st.
This is intended as a notification to the trade that no orders will be received after that time except at the new prices. That leaves just five weeks in which to anticipate requirements and take advantage of the present exceptional values.
Incidentally we may add that the sales of Vickerman goods, especially worsteds and vicunas, are more than double this season as compared with last year, and the demand for lighter weight goods is bound to be large.

DRINK SCHLITZ BEER
"DRINK WHITE ROCK WATER"
"ON TOP AND IN THE BOWEL OF CHEOPS' PYRAMID"
BY SIGMUND KRAUSZ
From the Gentleman's Magazine, May-June, 1902.
"Walking up the road which leads from Mena House to the plateau of the Desert, I noticed a small camel caravan being photographed there, with the Cheops Pyramid as a background. The animals were laden with cases, and great white blankets hanging down their sides showed in large letters the words 'DRINK SCHLITZ BEER, the Beer that made Milwaukee famous; 'DRINK WHITE ROCK WATER, the business spirit which knows how to get advertisement even out of the Pyramids. I was only wondering that the nattering advertising agent had not made his legend read as follows: 'Drink Schlitz Beer, the Beer that Cheops drank.'"
This proves that SCHLITZ and WHITE ROCK WATER can be found everywhere, and that they have a world-wide reputation.

OCEANS OF MUD SUBMERGE WHOLE VESUVIUS REGION
Fresh Disaster Overwhelms Stricken People—King Edward Gives Cheque.
Naples, April 28.—Oceans of mud brought from the mountain side by torrential rains Friday night practically are submerging the Vesuvius region. The situation can only be described as a black misery, and if it rains again soon it will be absolutely hopeless.

POWER MEN WITHHOLD BRIEFS
Congressional Committee Leave Without Hearing Argument.
Niagara Falls, April 28.—(Special.)—The congressional committee which has been here for the last 48 hours finished its labors this evening and departed for Washington. The several briefs filed by the committee were not submitted to the committee were withheld because it was believed that the psychological moment to make the argument a further hearing will be given to the local committee at Washington next week.

**CHIEF OF POLICE KILLED FOR PART IN MASSACRES**

**Bomb Thrown at Another Officer in Russian Poland Kills Policeman.**

Odesa, April 28.—The chief of police who played such a prominent role in the October massacres here and a policeman were assassinated by revolutionaries here today in broad daylight.

The plot was wide-reaching and contemplated also the assassination of Assistant Chief of Police Polovtchenko and several other policemen. A young girl named Jerobova threw a bomb at Polovtchenko on the way to the hospital to visit one of the wounded policemen. Her aim was poor and Polovtchenko was unhurt. The girl was gravely wounded by Polovtchenko's orderly.

**BOMB MISSES MARK.**

Warsaw, April 28.—At Czenstochowa in Russian Poland, today a bomb was thrown at the carriage of the chief of police while he was returning from a funeral. The missile exploded, killing a policeman.

**AMERICANS ARRESTED.**

St. Petersburg, April 28.—It was reported to-night from Saratoff that two American correspondents, Laborer and Darland, who had been investigating the conditions in the famine stricken districts of the interior, had been arrested and temporarily imprisoned. No complaint has been received at the embassy.

**SENTENCED FOR MUTINY.**

Kieff, Russia, April 28.—The trial of the regiment of engineers which mutinied last fall has been completed. All of the officers were acquitted, but three non-commissioned officers were sentenced to death, 15 privates were condemned to hard labor and 42 were assigned to a disciplinary battalion.

**OBITUARY.**

**G. M. Breeding.**

The death occurred on Saturday of George M. Breeding, at the age of 69 years, who had resided at 20 Spruce-street for 25 years. He was manager of the old Bodega Cafe for ten years, and was for nineteen years with the Toronto Street Railway, retiring last fall owing to ill-health. He was a member of the Knights of St. John and Malta. For eleven years he was a member of the 18th Hussars, but came to Canada forty years ago, residing in Toronto ever since. He leaves a widow and four daughters, Mrs. Forbes, Mrs. McFarlane, Miss May and Miss Annie Breeding. The funeral is private, on Monday, April 29, at 2:30 p.m.

**Balley Left All to His Wife.**

New York, April 28.—The will of James A. Balley, the circus man, was filed yesterday. Mr. Balley leaves his entire estate to his wife, Ruth Louisa Balley of Mount Vernon, and names her as sole executrix. He further stipulates that no security of any kind shall be required of her for the administration of the estate, which is believed to amount to more than \$5,000,000, but the value is not given.

But Even There the Management Suffers But a Trifle and It Doesn't Becloud the General Satisfaction.

Saturday was get-away day for the horse show and before midnight the big society function was at an end. By far the most enthusiastic audience of the week was present in the morning from 10 o'clock till noon, when hundreds of schoolchildren made the building ring with their cheers and applause. They played no favorites and all horses looked alike to them, as long as they were successful in leaving a ribbon of some color pinned on them.

The morning was taken up in judging the ponies, pacers and heavyweight green hunters. The most interesting event of the afternoon was the trial of the steeplechasers. There were 18 entries in this event. The jumping was watched with many thrills by the women, who expected to see some of the riders come a "hoper," but fortunately there were no accidents.

Brevity in every detail marked the closing of the show at night. So the morning was taken up in judgments full of interest and in measure victory perched upon the banner because, notwithstanding the fact that exhibition attractions, by soldiers and sailors and other wiles, were out in defiance to the horse, the attendance was of such magnitude that, compared with last year, it is only about a couple of hundred dollars behind.

Manager Stewart Houston explains this in a unique way, inasmuch as in his experience of large entertainments the importance of a big crowd one year is minimized by the small crowd the next year. He candidly admits in the case of a horse show that lots of people don't come just to see the horses, and they let a year elapse and come next year, but he says there is no discouragement whatever to the directors of the show this year; that five expectations have been fulfilled, and the show has been the means of bringing out the finest classes of horses ever shown in Canada. Never before in this country was such a beautiful collection of horses shown to an admiring audience.

In the matter of scenic detail, as emphasized in the grand stand, the beauty and neatness of apparel was never so attractive before and it made the common decoration of the hall, which was really elaborate, look the subervient part it played in the scenery.

Saturday morning the children owned the show and got a most attractive program for digestion. The ponies played the star part. Sir H. M. Allan and party of Montreal were present in the afternoon His Honor Lieutenant-Governor Clark and Mrs. Clark occupied the royal box, and in the evening his honor and Mrs. Clark were there.

Throughout the show the attraction has been the jumping, which, like all good things, has always been left to the last of the program.

**Good Management.**

Considerable satisfaction has been expressed with the general arrangement for the conduct of the show and fault-finders are few excepting among some exhibitors who think the judges do not know their business. This opinion has often prevailed before.

Compliments galore have been showered upon the bands which supplied music for the show. The selections proved popular and praise was unstinted to every bandmaster whose musicians participated. The Body Guards' Band played on Saturday afternoon and evening and the Cadets' Band in the morning.

The opening day was taken by the Queen's Own, the next by the Grenadiers and Friday by the Highlanders.

In the evening, class 17, pair of heavy draught mares or geldings were first on the program. The Dominion Transport Co. again captured first with their well-matched pair, Charlie and Bobby Burns. O. Corby of Guelph got second. This class was an extra one and some good horses were shown.

In class 23, mare or gelding, Mrs. A. Beck was successful with Lady Egan getting the red ribbon. Crow & Murray were second with President. There was very little to choose between the first two and the judges had their troubles in picking the winner.

In the next class, No. 37, champion harness class, Mrs. A. Beck won first with Lady Egan and second with Sparkle, the winner of the King Edward Hotel challenge cup.

In class 29, pairs of horses to be driven by amateurs, prize was won by Dr. Young's pair, Princess Dagmar and The Duchess of Marlborough. This was a popular year and the doctor received a hearty clap.

In the four-in-hand class 41, only three teams were entered. The first prize went to Mrs. A. Beck's team driven by Mr. Beck. The teams were well matched and had splendid action, particularly the wheelers, S. H. McCoy and George Pepper, who entered their horses together, were second. This team while having good action, were not so well matched as the winners. By winning this class Mrs. A. Beck captured thirteen firsts, which is a splendid record for any person. The Hunt Club cup class was well represented. Gordon Henderson's team of Hamilton was the only one to go over the jumps without a miss. However, W. A. Young's team, who made one miss, were awarded first. This team was a better combination than the other.

The champion hunting class, for the best hunter, finished the evening at the show. This class was well represented and some good jumping was done. Capt. W. H. Evans of Montreal again captured first with his big horse Sweet Briar. Mrs. A. Beck's Kakabeka was second.

The closing day of the twelfth Canadian Horse Show saw some more good exhibits. It was children's turn in the morning, and

the way the youngsters applauded showed how well they liked the show. Mrs. Chas. Wilcox's Post group, first class 11, for saddle ponies, and in classes 80 and 87, Jesse Applegate captured first in both with his pony "Up-to-date." This pony was ridden by his little daughter Elida, 13 years old, who handled the pony like a veteran.

Class 12, for pacers, that Mather got first with his racing mare Bertha W. This was an extra good class, and some stylish pacers were shown. To watch the ponies jump was what the children like. Roger was the only one who cleared all the jumps in class 45, and he did not. The green hunters were well contested, but none of the horses got over all the jumps. In this class Mrs. A. Beck was successful with Kakabeka. This horse is showing improvement in jumping every time out. The military class finished the morning, but nothing great was shown by the soldiers.

Class 60, pairs of roadsters, was the first on the program in the afternoon. There were only three pairs entered, first going to Miss Willis' pair, Rhea W. and Easter Belle. The Bradford pair, Eliza C. and Selecta C., only got third. This pair was so fast that they were not timed.

The Governor-General's Prize for best 4-year-old gelding or mare, was awarded to the Count, owned by Alfred Rogers.

Class 65, sporting tandems, went to Alfred Rogers, his horse All Aglow being the only one to clear the jumps.

Three pairs were shown in the dealers' class—Yeager & Crow & Murray's and Pepper's. George Pepper got first with his fancy pair, Creston and

In class 44, for saddle horses, Jos. Kilgour's regale was won from Mrs. J. J. Wood, and the judges apparently had a hard time to pick the winner.

Class 48, champion saddle horse, was won by Yeager, with Cingalee second.

In class 58, mare or gelding, to be driven by a lady, first went to Lady Norfolk, driven by the owner, Mrs. A. Beck. This lady had with her horses, they only being outside the money once.

The lightweight hunters finished the afternoon. In this class Mrs. A. Beck's jumping of the show was seen. It was well filled, and only a few made any mistakes at the jumps. The winners were Crow & Murray, was the winner, Mrs. A. Beck's Heather Belle taking second.

**WIFE GREETED DOWIE.**

**Deposed Leader Back in Zion City in Rainstorm.**

Chicago, April 28.—"I am glad to be home again." With these words John Alexander Dowie, the deposed leader of the Christian Catholic Church in America, this afternoon stepped within the portals of St. John's House, thus completing his much heralded entry into Zion City after an absence of several months, during which time he had been deserted by a large part of his followers and had been stripped of all ecclesiastical authority. Mrs. Dowie, the wife of the late apostate, met him at the door of St. John's House and gave him a hearty welcome.

Only a handful of people were at the station to greet him, and the majority of these were women. When Dowie to-day left the Auditorium Annex, where he had been stopping since his return from Mexico, he was driven to the Chicago & North-western Railroad depot, where his private car had been attached to the regular 2 o'clock train. He was accompanied by several of his personal attendants.

As Dowie alighted from the train he was greeted by shouts of "Peace to thee!" He responded with the customary "Peace to thee multiplied." Rain, which had been threatening for some time, then began to fall, and the crowd with one accord began to sing "Showers of blessing."

On reaching the door of the carriage he turned and facing the assembled people made a short address. "With all my heart I desire to thank you for your kind greeting," said he. "It is not fitting that I should speak at length at this time. I have done nothing since I saw your faces of which to be ashamed. Not one of the accusations made against me is true—not one. God bless you. Now I bid you goodbye. Peace to thee."

**CHICAGO CITY HALL SINKING.**

**Foundation Excavations for New County Building Cause Danger.**

Chicago, April 28.—Several large cracks have appeared in the south end of the city hall and have created uneasiness among city officials and employes in the building. The foundation was found to-day to have sunk an additional one-eighth of an inch during the night.

S. C. Hankland, a civil engineer, was hastily summoned by Acting Commissioner of Public Works O'Donnell, and he made a thorough examination of the cracks in the ceiling and walls of the rooms in the south end and the effect upon the foundation of the building.

The settling is caused by the construction of the new county building, and it may be necessary to excavate the city structure upon jacks to avoid a serious accident.

**BECOMES FATHER AT 84.**

New York, April 28.—John H. Thiry, school commissioner of Long Island City, who is in his 84th year, was aroused at 1 o'clock yesterday morning by the arrival of a newborn son. Mr. and Mrs. Thiry live at No. 181 Academy-street, Dr. L. H. Taylor, who was in attendance, said that the boy was a bouncer and looked like his father.

Mr. Thiry is still very active and loves children. He introduced the school savings bank system in this country, and has seen it grow until the total amount deposited in schools, where the system is in force, has passed \$4,000,000. Mr. Thiry nine years ago married Miss Margaret O'Connor, and in time a son came to bless the union, but the infant did not live long. Mrs. Thiry is now 59 years old and has two other children, Henrietta, 4 years old, and Francis, 2 years old.

**Men's Springtime Suits**

**CUSTOM** and necessity drive a man sometimes against his will to spend money on clothes.

Some stores trade on this fact to the point of extortion, taxing a man for his adherence to fashion and a desire to look respectable.

We don't. We take it for granted that a man has a right to be well and fashionably dressed at somewhere near the cost of producing the clothes. Whenever we can get a chance we offer better opportunity even than that. For instance, to-morrow:

\$12.00 Spring Suits for \$7.95.

100 Men's Fine Imported Tweed and Worsted Suits, in new spring colorings, grey and black in very faint plaid and overlaid effects, cut and made up in the new single-breasted sack style, broad chest effect, well tailored shoulders and close fitting collar, sizes 35-44, regular \$10.00, \$11.00 and \$12.00, on sale Tuesday.....

**7.95**

**New Hats for Spring Gentlemen**

A "Spring Gentleman" is our our disrespectful way of describing a man who has blossomed out in a new spring suit or coat. A spring hat is needed to complete the vernal effect.

Let us cap the climax with a Spring Fedora. We can give you a very decent hat for \$1.00. We can give you a better one for \$1.50 and a beauty for \$2.00.

Black, brown or slate. Other stores charge 50 cents to \$1.00 more for the same qualities.

**Men's \$3.50 Tan Boots for \$1.49**

Tan is the proper caper this summer. Good thing, too. Black boots are hot and ugly, and a man gets tired of them after wearing them three-quarters of the year.

Tans will be a change. Here's a "special" to-morrow:

A clearing lot of Men's Tan and Chocolate Laced Boots and Oxford Shoes, ranging in value from \$2.50 to \$3.50 per pair, mostly all Goodyear welts, sizes in the Oxford shoes 5, 6, 7 and 9 only, in the laced boots size 7 only, to clear, 8 a.m. Tuesday.....
