**Saltwater People Have Beaten the H. G. & B. Company on Every Point—General News.**

Hamilton, April 30.—(Special.)—All the applicants for liquor licenses, except three, have been granted their licenses for 1899. The three are: Ed. Hayes, East King-street; Wellington St. John, corner of Merrick and Macanab-streets, and Ed. Duffy, corner of James and Stuart-streets. The owner of Hayes' Hotel has not complied with the law regarding increased rates of accommodation, and the other two have been conducting their places in a way to displease the commission.

**Vanadium by Amateurs.**

The Garrick Club performances at the Grand Opera House yesterday were an immense success. The bill included two comedies—"Old Cronies," and "Second Thoughts"—a number of operatic songs and choruses, and the most elaborate cake walk ever given here by amateurs. At the evening performance—a committee awarded the first prize in the walk to Miss Jeanette Lewis and Norman Nicholson, with Miss F. Duluth Barnes and W. Hillborn a close second.

**Church Parades.**

The annual sermon to the members of the Independent Order of Oddfellows was preached this afternoon by Rev. W. F. Wilson in Wesley Church. There was a large attendance of both city and country members. Special music was given. The offering was in aid of the Aged Oddfellows' Home of Ontario.

**Saltwater Wins Everything.**

The long-drawn-out suit of the Saltwater Taverns Council v. the H. G. & B. Electric Railway Company ended yesterday, judgment being given by Justice Street for the saltwater, with full costs. The evidence showed that the company had raised the grade at the Red Hill crossing about one foot. In the action Saltwater won everything.

**IT IS PROBABLE THAT REV. DR. ARMSTRONG BLACK WILL ACCEPT THE CALL FROM ST. ANDREW'S CONGREGATION.**

Rev. Dr. Armstrong Black will probably be St. Andrew's next pastor. The trustees of the church have received word from England that it is altogether likely Dr. Black will accept the call, although the minister himself has not yet written. At next week's Presbytery meeting it is expected Rev. Dr. Black's reply will be read by Justice Maclean.

It is probable that Rev. Dr. Armstrong Black will accept the call from St. Andrew's Congregation. The call is signed by over 600 members of St. Andrew's congregation. Yesterday more than 100 members of the congregation signed the call. The call thus signed will be presented to the Presbytery. The Presbytery will undoubtedly accept the call and forward it to the Presbytery under whose jurisdiction Dr. Black is.

Rev. Dr. Armstrong Black.

THE TORONTO STAY ON TOP

Suthoff's Pitching, Assisted by Heavy Hitting, Won Easily on Saturday.

WORCESTER CAPTURED TWO.

Freeman Keeps Up His Home-Run Record with the Washington Senators.

The Saturday game was easier for Toronto than on the opening day, and Hartford went to the bottom of the League. Providence won from Syracuse in successive days, but the Gray's victories were on their own stumping grounds. Montreal lost their opening game to Worcester, while Rochester and Springfield made a tie of it. The record:

Games today: Toronto at Hartford, Montreal at Worcester, Rochester at Springfield, Syracuse at Providence.

Torontos Can Hit the Ball. Hartford April 29—Toronto took another game from Hartford today by hitting the non at will. The fielding of the locals was loose. Suthoff was wild in the fourth and tied the bases, and Gannon's hit scored two runs.

Champions Lost Opening Game. Worcester, April 29—Nearly 3000 persons witnessed the opening game between the Worcester and Montreal teams. President Powers of the Eastern League was present. Worcester greatly outplayed Montreal, but a few costly errors coming in before home runs hit piled up the score for the visitors rapidly. Score:

A TORONTO MAN'S FREAK.

Walter Edington Goes to Buffalo on a Visit and Enlists in the American Army.

Buffalo Times: A young Canadian from Toronto wound up a week's pleasure yesterday in this city in a manner that will necessitate his spending three years in the United States regular army.

The Walter Edington referred to in the above paragraph was for five years manager of the undertaking establishment of Dr. J. W. Edington, 321 Yonge-street.

Edington is well known in Toronto, where he has been in business as an undertaker and embalmer. His family are well-to-do and as yet they know nothing whatever of his escapade.

THE PIANOLA

This wonderful invention has revolutionized the musical field. By its aid a person with even the slightest musical taste can render upon the piano any piece of music that was ever written. It is not necessary that the operator shall have any knowledge of piano playing.

Any Person Can Operate It. Anything that was ever played by Paderewski, Sauer or Rosenthal can be reproduced in your own home—note by note—by yourself. The touch is perfectly human, and is perfectly under your own control. Mere words, however, cannot describe it—come in and see it—and hear it—for yourself.

BRITAIN AND GERMANY

Are Reported to Be Drifting Apart in Regard to Delagoa Bay— Cecil Rhodes' Scheme.

Berlin, April 30.—The correspondent of the Associated Press learns from an authoritative source that England's unfriendly attitude is likely to have considerable influence upon the Anglo-German Delagoa Bay agreement. Some curious events preceding this agreement have now been made public. The agreement only goes into force if Portugal voluntarily relinquishes Delagoa, which has not yet been done, although English and Portuguese financiers are working to that end. The moving spirit in the matter was Cecil Rhodes, who managed to make the King of Portugal believe that he could secure his throne against the attacks of the Republicans by English arms if he relinquished Portuguese African possessions to England. Germany had nothing to do with these machinations, but only tried to safeguard her interests. There has been such a revision of public feeling regarding Eng-

land, due to her unfriendly attitude in Samoa and China, that the Government feels obliged to yield to this sentiment. There is a suspicion in England that Cecil Rhodes, the German Ambassador at Pretoria, has been instructed that Germany is no longer ready to carry out the Delagoa Bay agreement.

MADE THE PRINCE LAUGH.

"Ow, Ow, You Do Look Nice, Hedward," Said a Cook Girl to His Royal Highness. London, April 30.—An amusing and authenticated incident occurred on the day of Lord Rosebery's daughter's wedding. The Prince of Wales' carriage was blocked by a crowd. Two East End coster girls peered into the window and one cried, "Ow, Ow, You do look nice, Hedward!" The Prince uncovered and laughed heartily. Thomas Pua, a well-known mill owner and brother-in-law of G. H. Rowson of Peterboro, has lost his life by drowning at Indian River. He leaves a widow and five children.

THE RAINY RIVER RAILWAY DEAL

The Ontario & Rainy River Railway tripartite bonus scheme will soon be submitted to the Federal Government in Parliament. The Globe, we notice, is preparing the way. The Manitoba and Ontario Legislatures have contributed their shares. It now rests with the Dominion Government to supplement the grants from itself and from these provinces by an amount that will make the bonus for the railway scheme aggregate \$10,400 per mile. For such is the subsidy agreed upon. How it was arrived at we do not know, nor has any statement been submitted to show why the grant should be so large. The Globe accepts these figures without question. It no doubt has been assured by Messrs. Mann and McKenzie, and perhaps by Senator Cox and Mr. Jeffrey, who know a good deal about railway matters, that \$10,400 per mile is about the right figure for a railway of that kind. Satisfied by such high authorities as these, The Globe does not even argue or explain the abnormal nature of the grant. The Government should assist in the construction of new railways, the assistance rendered should certainly bear some definite relation to the cost of the work. Will The Globe kindly tell the country why it favors the granting of \$10,400 per mile through making will cost \$800 per mile. The statement of Mr. McKenzie or Senator Cox as to cost may satisfy The Globe, but it does not satisfy the people. Whether or not the rail can be built for \$10,400 per mile, certain it is that the promoters can build the road without putting up a dollar of their own money, as a matter of fact, does not speak for the party, but merely for a few enterprising gentlemen who have interests of their own to serve, and who use The Globe as a mask for the Liberal party.

THE LATEST AMERICAN THREAT. It is no doubt true that the United States Government is seriously contemplating the exclusion of Canadian lumber, in one way or another, as a means of securing a policy. It will emphasize the commercial hostility of that country to Canada, and will force our weak-kneed Government to assume some kind of a definite policy. The United States position is decidedly stronger than they demand for it and pay higher prices. Canada can afford to keep cool over this bluff. The Americans threaten to bring their policy of exclusion into force within 30 days. But surely they will do nothing of the kind during the adjournment of the International Commission. For Sir Wilfrid Laurier, on his part, holds that Canada is bound during the interval to do nothing that would alter the relations existing between the two countries. If Canada undertakes such an obligation, so to speak, in the United States. But we would not be surprised, however, to find that Sir Wilfrid has been making a fool of the country in trying it up to a code of honor which the United States never accepted and never intended to accept. Sir Wilfrid's conduct is reprehensible and his attitude is one of absurdities. He gave Great Britain a preference in our market without getting for us any equivalent in return. He holds that Canada's hands are tied during the adjournment of the International Commission, while the United States apparently intends to act without regard to the commission. We shall either have no reprisal from the United States until after the commission has rendered its report, or we shall have Canada's Premier lose a magnificent simplifier.

ARRIVALS APRIL 30. Steamer Cuba of the Merchants' Line arrived at this port last night. After discharging considerable freight at the Geddes' wharf, she cleared again for Kingston station. The captain reports having encountered considerable ice on Lake Erie, which detained him over 24 hours at the Great Cay. The steamer Chloera arrived this evening from Kingston, where she has been receiving a few repairs on the drydock.

TOOK THE WRONG MEDICINE. Ottawa, April 30.—Dr. M. J. Dominguo Yachon of Young-street, Hintonburg, had been ill for some time and had been taking medicine for the same. He had a servant girl, by the name of Yachon, who administered the medicine. The doctor died last night. The cause of death was ascertained to be the result of the medicine administered. The doctor's recovery is entertained of Mrs. Yachon's recovery.

CARETAKER FRAME BADLY BURNED. Mr. Thomas Frame, caretaker of the Pavilion, while carrying a lighted lantern, tripped and the lantern exploded. The oil ran over his clothes, and soon he was enveloped in flames. His body, head and hands were badly burned, and he is also suffering from shock.

REMEMBERED THEM. On Saturday evening the staff of H. P. Eckardt & Co. presented Mr. V. E. Hutchison with a gold pocket and chain and Mr. Eckardt a traveling case, on the occasion of their severing their connection with the above firm. Both these gentlemen have been with Eckardt & Co. several years, and their absence will be greatly felt.

PIASTERERS ON STRIKE. Philadelphia, April 29.—Five hundred plasterers and plasterers' laborers went on strike at noon to-day. They demand that the contractors pay the old scale of \$3.50 per day to journeymen and \$2.50 per day to laborers. The plasterers now earn from \$2.25 to \$3 a day and laborers from \$1.50 to \$2.

GOLF BOY IN THE FIGHT. John Baird, son of Mr. Robert Baird of Galt, has been elected a member of the Phi Kappa Phi Fraternity at the University of Pennsylvania.

THE SHERMAN AND GRANT. Have Reached San Francisco From Manila and Are Quarantined. San Francisco, April 30.—The U.S. transport Sherman and the auxiliary ship Grant, both of which were bound for Manila, arrived here last night. Both ships were ordered into quarantine.

PRIMROSES IN MILLIONS. Celebration of Beaconfield Day Made a Boom for Florists. London, April 30.—As showing how tremendously the celebration of Primrose Day has become popular in England, the Daily Mail has been compiling some statistics, which show that for Primrose Day, less than 4,000,000 plants, which are planted side by side, would cover 90 acres of land.

J. M. MANNELL DEAD. From Listowel comes the news of the death on Friday of James McKinley Mannell, of Listowel, a well-known local politician. He died at his residence at Listowel, after a short illness, at the age of 62 years.

"BOOZE" RUN IN. Inspector Hall and Constable Crowe called at May McLeod's home, 103 Church-street, last night. They took a look around for liquor and found four bottles of ice standing in a pail of ice water in the kitchen, eight more upstairs and a like number downstairs. The stuff was removed to Police Headquarters in the patrol wagon.

SALISBURY'S HOPEFUL TALK

The Premier is Gratiified Because an Agreement Has Been Reached With Russia. THE ALLIANCES ARE SENTIMENTAL. No Agreements Have Been Made Which Will Drag Great Britain Into War.

London, April 29.—The annual banquet of the Royal Academy was held at Burlington House this evening. Replying to the toast to "Her Majesty and Her Ministers," Lord Salisbury said he did not wish to exaggerate the extent of the gratifying agreement signed with Russia, but in view of the relations which had from time to time prevailed between the two countries, it was a matter for congratulation that they had come to an agreement with respect to China, which to a certain extent would prevent the likelihood of a collision between the interests and objects of the two countries for the future.

ALLIANCES ONLY IN SENTIMENT. Continuing, the Premier said: "We have taken it as a matter of course in a certain sense that with any nation we will go to war together, and bear the cost and danger together and for each other, can only very rarely be done. The alliances of which we speak are alliances of good feeling between peoples and governments, and not engagements likely to bring either side into war."

THE PEACE CONFERENCE. Referring to the International Conference to be held shortly at The Hague, Lord Salisbury said: "Whether the peace conference will effect any improvement in the relations of the nations we do not know, but the fact that such a conference has been summoned is a good sign for which we are glad. It is one which all who value the interests of peace, civilization and Christianity may fully dwell on."

AUSTRALIA IN IT, TOO. Three of the Australian Colonies Framing Tariff Bills in Favor of Britain. London, April 29.—At a meeting of the British Empire League, held at Eastbourne to-day, the Agent-General of Tasmania, after predicting the speedy and unanimous adoption by Parliament of the Australian Federation bill, added the important announcement that recently he had been able to secure the Secretary of State for the Colonies, Mr. Chamberlain, that three of the Australian colonies were framing tariff bills differing in favor of British manufacturers, and against imports from other countries.

VINEGAR VAT BURSTS. And Floods Jarvis-Street-Extensive Damage to Badgerow, Scott & Co's Premises. A large vinegar vat in the premises of Badgerow, Scott & Co., 70-81 Jarvis-street, burst about 5 o'clock Saturday afternoon and flooded the entire building. The liquid poured down from the upper flat into the street and flooded the sidewalk. The burst was caused by the heating coil in contact with the cold fluids. The damage will be extensive.

RUSSIA IN PERSIA. The Shah Grants Concessions for a Railway to the Persian Gulf to the Caspian. Berlin, April 29.—The Frankfurter-Zeitung has a despatch from Bagdad that a Russian expedition consisting of seven officers and 14 engineers, under the command of the Lieutenant-General, General von Gortchakoff, having completed the survey thus far for the railway from the Persian Gulf to the Caspian Sea, the Shah of Persia has granted Russia a concession to build a railway and several posts for the protection of the line.

MAY BLOCK BUILDING TRADE. The Toronto Bricklayers Will Go Out on Strike This Morning. DEMAND FORTY CENTS AN HOUR.

And Eight Hours a Day's Work — The Strikers Will Number 275 Strong. The situation between the bricklayers and their employers is this: The latter offered 30 cents an hour; the former demanded 37 cents and then 40 cents. The employers refused.

A final meeting of the bricklayers was held on Saturday afternoon, and lasted for five hours, behind closed doors. There was a large attendance and much enthusiasm. The local union had hoped for an amicable solution, but the resolute refusal of the employers to meet their demands forced the hand of the bricklayers. Throughout the whole struggle the International Bricklayers' Union has backed the local union, and the strike is declared with its approval.

The Wages Committee was expected to have reported on the employers in their report, but none was forthcoming. Up till 8 o'clock the bricklayers would have compromised with 37 cents an hour, but owing to the silence of the employers, the men will now stand out for 40 cents an hour and eight hours a day.

The number of bricklayers who will go on strike is 275, representing 20 local unions in the city. The bricklayers who are non-union men are only 30.

It will readily be seen that a crisis is before the building trade. The men declare that they have done nothing hastily. A deputation waited on the masons' secretary on Thursday afternoon, and Mr. C. Robertson, with a view to arranging a settlement, but nothing was done, as the employers would grant no more than 30 cents an hour.

Mr. J. P. McGowan of the International Bricklayers' Union, is in the city from New York, looking after the interests of the men.

In December, 1898, the men notified the employers that they wanted an increase, going into effect May 1, 1899. Last January the men stated their increase should be at 40 cents an hour.

Advertiser's Financial Cable. New York, April 29.—The Commercial Advertiser's financial cable from London says: The markets here opened dull to-day, on the announcement that the Government has represented to the Transvaal authorities the dynamite monopoly is a breach of the convention. They hardened later on the reported Anglo-Russian agreement as to Chinese railways. Americans were stagnant, moving within a fractional range. Coppers were strong on the incorporation of the combination. Money was hard. Silver was quietly firm.

A Ten Per Cent. Increase. Youngstown, O., April 29.—Notices have been posted at the blast furnace of the Youngstown Iron Company, Andrew & Hitchcock, Britherlin Iron and Coal Co., Struthers Furnace Company, Ohio Iron and Steel Company, and Youngstown Coal Company, providing for an advance of 10 per cent in wages from May 1st.

MINES AND MINING STOCKS

Good Outlook for Some Canadian Stocks on the British Market - Price of Le Roi.

OF SOME DEALS IN THE WEST

Bold Ledger "Jumped" - Slocan Mines - On the Mining Exchanges Saturday.

Labourers' London Truth of April 13 observed in its financial columns:

"There are indications that British Columbian shares will come more to the front in the near future. The rise in British America Corporation to 200 1/2 has been predicted by me for some time, and will doubtless make further progress. The news from the various properties of this corporation is remarkably favorable. The advice from the Le Roi, too, is the most satisfactory. Amongst these is the cablegram from the manager at Roseland to the effect that the shipments from March 10 to 31 were 5002 tons, the gross yield being 3245 lbs. of silver, 183,000 lbs. of copper. This is even more favorable than the previous shipment, and it is expected that while shipments were at the rate of 313 tons per day, they will shortly rise to 400 tons daily. These are a compilation of the news from the various properties which take place early in May, increased animation may be expected in the near future. The mine has advanced to 1 1/2 on the very favorable news from the property. Since the above was written, A.C. and Le Roi have advanced much higher."

Gold Ledger of Republic "Jumped."

According to reports from the west the Gold Ledger Company of Republic Camp have had some trouble over the "jumping" of their claim. Some of the news discovered on the property and the jumping was first reported about three weeks ago. Mr. H. L. Lillenton and others of the Gold Ledger Company made light of the jumping story, but the Republic mine hand, according to the story, Allan Blackman, one of the owners of the Lucky Choke, a few hundred feet to the north of the Gold Ledger, went out and jumped the most valuable portion of the Gold Ledger ground. Blackman claims the right to some of the Gold Ledger ground by prior location. Gold Ledger stock is being advertised and sold in this city.

True Blue Option Off.

The Hall Mines Company of Nelson, B.C., has refused to take up its option on the True Blue mine near Kaslo, and negotiations have been broken off. The property is owned by Messrs. Stenson and Fraser, the latter of whom belongs to Chatsworth, Ont., and it is said that they will themselves continue work on the holding.

He Believes in Golden Star.

Editor World: I have recently made enquiries regarding the Lucky Star mine through Mr. Alex. M. Robertson, manager of the Lucky Star mine, which lies near the Golden Star. Mr. Robertson is a relative of mine and he writes me that Golden Star is a sure winner. He advised me to buy all I could at 70 cents, or less, and I have done so, and would advise all other holders to do likewise and not frighten out of the market. He says that he will manipulate the stock for their own advantage.

Mr. Robertson is right on the ground and knows what he is talking about. By the way, he advises the purchase of Lucky Star stock at 20 cents. (Signed) W. A. Moffat.

Slocan Silver-Lead Mines.

The Payne is paying regular \$25,000 dividends monthly. It sends out from 20 to 30 tons of ore every week, and since January 1 its shipments have reached to the neighborhood of 4000 tons.

The last chance follows the Payne, and is sending down 140 tons weekly. It has 2000 tons to its credit since the first of the year.

The Queen Bess and Idaho have great quantities of ore out ready for shipment when the roads are in condition. The former has shipped 1250 tons this year and the latter about 800.

The Whitewater and Jackson are sending out two and three carloads weekly and since Jan. 1 have shipped 4775, Jackson 497.

The Slocan Star has resumed shipments and sends out 60 tons a week. At the present time the Four Mile properties are not shipping owing to the bad roads.

The Comstock has closed down for 90 or 100 days, after shipping 120 tons. Mr. Edith has sent out 60 tons of Vancouver 250, and Wakefield 500.

Dozens of smaller properties are shipping occasionally, and the total output thus far for the year 1949 is about 13,000 tons.

Find of Molybdenum.

According to the Spokane Chronicle, molybdenum, a metal much more scarce than gold and almost as valuable, has been found in the northern part of Washington State. Some of this mineral has heretofore been found in small quantities in the British Columbia, but it is understood that this find near Spokane is the only one of any commercial value that has been made. The deposits are found in Lake Cleelan County. A company is being formed to mine and ship this ore.

One Yukon Concern.

The New York Engineering and Mining Journal says: The Yukon Development Company of New York, Inc., is at present on the lands of the Yukon, in the Yukon Territory, in the possession of a prospecting permit granted at the suit of Morton C. Nichols, who claims that the company's stock and actually paid in \$100,000. This money, he charges, the company has never issued him any stock, and he has not been recognized as a stockholder. It seems as though the company's stock should not even have the satisfaction of receiving a handsomely engraved certificate, the contemplation of which might console him, even when there was little or no value behind it. On the other hand, Mr. Nichols is certainly to be congratulated on the fact that, through the company's remittance of the further \$400,000, which he has at least, through the company's refusal to issue him the stock, which he proposed to invest. The office of the company is at present in charge of the sheriff's officer, who had, however, little beyond the furniture to levy upon there.
