## PHILA. CAR STRIKE BRINGS FIERCE FIGHTING

Men Quit Work Suddenly Saturday Noon — Several Cars Burned — 3000 Additional Police to be Sworn in.

PHILADELPHIA, Pa., Feb. 20.—Rioting in every section of this city following the attempt of the Philadelphia Rapid Transit Company to operate its lines here today, following an unexpected strike of the employees yesterday. Passengers and crews were driven from the cars by infuriated mobs of strikers and sympathizers, and in many instances, the abandoned cars were burned or otherwise destroyed. At nightfall every car was withdrawn from service.

Measures were adopted by the police to quell the disorders and nearly 3000 persons were arrested, charged with inciting to riot. Two women were shot by stray bullets and many people were removed to hospitals.

Meyer Reburn to-night ordered Police Director Clay to swear in 3000 additional police and issued a proclamation putting in effect the riot act.

Executive committee of the Central Labor Union at a meeting this afternoon, pledged both moral and financial support to the striking car men. They also decided to call a sympathetic strike of every union man in the city in case the authorities put in effect their threat to operate the cars with police and soldiers.

During the morning hours, cars were run on every line with little difficulty except in the mill district of Kensington, where cars were stoned by disorderly mobs. At 11 o'clock the transit company officials announced that cars were running on their regular Sunday schedule. Shortly afterwards riots were reported from scores of widely separated localities.

Incidents of Rioting.  
At 24th and Wharton-streets, in the southern section of the city, a mob of boys drove the conductor and motorman from their posts and after the four women passengers had left the car, set it on fire with waste from a nearby freight car. The following car was also stopped and after the motorman had been driven from his post, a detachment of police and a chemical engine reached the scene.

In this same section, Mary Devlin, aged 3 years, was shot in the leg when the police fired their revolvers in an effort to check the mob.

In the usually quiet residential section of West Philadelphia mobs were formed which for a time baffled the police. Iron bars and stones were piled on the tracks and several cars were wrecked. Mounted police were powerless to disperse the mobs, and after the fire hose was finally brought into play, the most seriously injured in today's rioting was 12-year-old Violet Beung, who was shot in the abdomen by a stray bullet from a mob.

Three Hundred Cars Wrecked.  
The transit officials said 27 cars were wrecked, two completely burned and one partially burned by the mobs today. Two thousand, six hundred and eight cars were damaged, and the officials of the company charge that the rioting was directed by union men. They say that all their lines except those in the northeastern section of the city, where the rioting was the most severe, will be in operation tomorrow. The union leaders say they will force the company to arbitrate.

Strike Came Suddenly.  
The strike is the second by trolley men within a year. It came so suddenly that thousands of people were caught away from their homes and much inconvenience was caused by the sudden stoppage of street car service. The leaders of the union declare the trouble was started by the union men, but the corporation says the strike was arranged.

## Quebec Sentiment On Naval Schemes

La Presse Readers Are About Evenly Divided on Government Policy and Continuing Present Arrangements.

MONTREAL, Feb. 20.—(Special.)—Montreal La Presse, which is conducting a canvass of its readers on the naval question by soliciting an expression of their choice of four propositions submitted, had, up to yesterday, a small majority in favor of the government's proposals, as against continuing the present arrangement.

The questions and the vote thereon are:  
(1) For the proposed new navy ..... 2473  
(2) For contribution to British navy ..... 38  
(3) To continue as at present ..... 2205  
(4) For Quebec to remain aloof ..... 102

The last named proposition was based on the question whether, all the other provinces having shown a passionate sentiment in favor of a local navy or of a direct contribution, Quebec should refuse to lend assistance to Great Britain in the hour of danger.

## SIGNS OF CONFUSION IN NATION'S FINANCES

British Government Will Raise Another Twenty Million By Treasury Notes.

LONDON, Eng., Feb. 20.—Further practical evidence of the confusion into which the national finances have fallen was the announcement that government will borrow another \$20,000,000 by the issue of treasury bills, raising the total of those outstanding to \$181,500,000. Until recently treasury bills of shorter duration than three months were never issued. Under the present stress of borrowing from hand to mouth, the day's taxes come in one month bills were inaugurated. Nine million pounds sterling (\$45,000,000) of these and \$27,500,000 of two months bills have been created.

The non-payment of taxes, especially the income tax, has had one curious result. There is now lying in the banks the sum of at least \$60,000,000 which ought to be in the national exchequer. The consequence is that for the time being money is abundant and cheap. But it is possible that when the large payments of the income tax and other duties come to be made, the money market will be more than stringent.

Meantime the promoters of new companies are taking full advantage of the plentiful supply of money in order to place their schemes with the public.

## TWO WINNIPEG SUICIDES

Frenchman and Galician Hurry Over the Rubicon.

WINNIPEG, Feb. 20.—(Special.)—Two suicides and one attempted one were the features of Sunday afternoon. Georges Deaux, 22, who came from Paris last November, shot himself thru the head, dying instantly. He has been unsuccessful in securing employment. He was a clever fancy skater, and has a sister in Montreal.

Twenty minutes later, H. S. Winzicki hanged himself in a lonely shack on Higgins-avenue. He tied the rope round his neck and dropped thru a hole in the floor from the first floor to the bottom. He was a Galician, aged 45, and had been in Canada a considerable time.

## PARIS SANITATION GOOD

No Epidemic Feared Now—A Cause of the Flood.

PARIS, France, Feb. 20.—Notwithstanding the continued rainfall, the Seine is slowly subsiding. The work of disinfection is being carried out so thoroughly and so intelligently that the bores of health has no fear whatever of a typhoid epidemic. In fact, the sanitary condition of Paris is satisfactory.

M. Dubouché, director of the department of waters and forests, who is chairman of the sub-commission to find out the relation of the destruction of trees to floods, thinks that, owing to the peculiar constitution of the Seine in the plateau of the affluents of the Seine, wholesale tree cutting is a principal cause of the recent flood.

## CANADA WONT DOUBT ON TARIFF

No Official Advice Yet From Washington as to the Proposed Changes.

NEW YORK, Feb. 20.—(Special.)—The Herald's Ottawa correspondent wires:—No advice by the press that the United States has expressed a desire to Ambassador Bryce for tariff negotiations with Canada. The Dominion Government has not yet received the communication. The press despatches printed in Canada convey an unfortunate suggestion that the Washington Government expected Canada before this to have made known its reasons for believing the maximum American tariff rates should not be applied.

Sir Wilfrid Laurier and his ministers are satisfied that the extension of certain intermediate tariffs and special rates to France and those nations enjoying "most favored nation" relations with Canada do not "unduly discriminate" against the United States. At the same time it is pointed out that the Franco-Canadian treaty which brought these lower rates into effect was negotiated before the United States adopted a maximum and minimum tariff.

Canadian officials are slow to believe that the United States Government entertains the expectation that Canada should present herself at the bar and plead immunity from the deadly maximum. President Taft in his December message to congress said that it was hoped that the maximum might never be employed, but that "friendly negotiations" would result in the removal of discriminatory laws or practice of other countries.

This naturally has justified the Canadian Government in the idea that the United States would not touch the subject. In due time, unofficially, it is expected that the tariff board would come to Ottawa strengthened in this opinion, but without that the Dominion Government would have had difficulty in convincing itself that Canada should go along for tariff peace at Washington. The rebuffs which Dominion trade envoys have suffered there in the long ago made "no more pilgrimages to Washington" a national slogan dangerous to violate.

The officials of the Dominion expect when the communication does arrive that it will be a perfectly reasonable request for negotiation of the question. This Canada will be glad to engage in. Those familiar with Canadian sentiment, however, will recognize the irritating effect of reports like the Press Association despatch published in all Canadian papers this morning, which is capable of being condensed into a headline: "Unless Canada maximum rates will apply March 31."

It is felt here that the United States is too familiar with the Canadian mind to expect any genuflection whatever.

## VOTES FOR WOMEN IN ITALY

Premier Spagnolo to Consider Favorably a Bill in Parliament.

ROME, Italy, Feb. 20.—Deputy Gallini has presented to parliament a project for a law sanctioning female suffrage in provincial and municipal elections, allowing women to exercise the liberal professions and to compete for public employments, and abolishing the husbands' authorization. Signor Gallini advocated the reform which he said was justified by equity, and he hoped the project would be taken into consideration.

Suffragettes who crowded the galleries warmly applauded Signor Gallini's speech, and also Prime Minister Spagnolo's reply, in which he said that the recent intellectual and social improvement in women justified a corresponding improvement in legislation. Hence he was willing to examine the project.

## NO SCHOOLS FOR ORIENTALS

McBride Government Refuse Request to Amend Educational Act.

VICTORIA, B.C., Feb. 20.—The British Columbia Government has refused Socialist and Opposition Leader Hawthorthwaite's proposal to amend the school act by making provision for separate schools for Orientals obligatory.

The refusal is based on the contention that such discriminatory legislation would be disallowed at Ottawa, and that dictation to school boards in local matters is contrary to the policy of the government.

## BALFOUR HAS A BAD COLD

Unionists Fear Their Leader May Miss Critical Session of Parliament.

LONDON, Feb. 20.—Ex-Premier Arthur J. Balfour is suffering from a cold. His followers are much worried lest he should be unable to attend the session of the house of commons Monday, for which the ministry has sent out an urgent "whip," saying an important vote would be taken.

## GOOD OLD LAKESIDE GOES MUST HAVE BETTER BOAT

"Niagara Central Route" Will Have Fast Craft on Port Dalhousie Line.

In marine circles it is understood that the Niagara, St. Catharines & Toronto Railway Co. are making arrangements for considerable improvements and extensions of the service during the coming season. That the Lakeside is too small and too slow for the route has been all too apparent for some time, and if the present intentions of the company are carried out, she will occupy the route this year, and the Lakeside laid up or disposed of.

The retirement of the Lakeside has become absolutely necessary, owing to the development of the company's line of railway in the Niagara district. In the past few years the road has branched out in all directions from St. Catharines, and this has been an important factor in the progress of that section.

And further development is contemplated. Already the traffic has increased to the point that a more frequent and faster and more modern boat service has become a necessity, and it is expected that as soon as the railway is in a position to take care of the business, the company's new boat service will be inaugurated.

## EGYPTIAN PREMIER SHOT BY STUDENT-POLITICIAN

Three Shots Struck Body, But Wounds Will Not Prove Fatal.

CAIRO, Egypt, Feb. 20.—Boutros All Pacha, the Egyptian premier and minister of foreign affairs, was shot and seriously wounded to-day by a student, who was arrested.

The student fired five shots, three of the bullets lodging in the premier's body. Two of them, however, inflicted only superficial wounds. The bullets were extracted, and it is practically certain that the premier will recover.

The crime was entirely of a political nature, the would-be assassin being a Nationalist. He declared that his motive was to avenge various acts of the government which the Nationalists attribute personally to Boutros Pacha.

## ITALO-CANADIAN CLASH

Tariff Reprisals of Favored Nation Clause Don't Go on Italian Silks.

ROME, Feb. 20.—It is stated that in the event of the failure of the negotiations between Italy and Canada in the matter of granting the most favored nation clause treatment to Italian silks, reprisals are likely to follow, and the maximum tariff will be adopted here on all Canadian products.

## NEW ELECTRIC LINE

NIAGARA FALLS, Ont., Feb. 20.—(Special.)—An important extension to the N. S. C. & T. Railway will be built this spring, where a line will be constructed from Port Colborne to Port Erie and Bridgeburg, connecting this city with Crystal Beach.

## LANDSLIDE WRECKS A TRAIN

Many Passengers Injured Near Belfast, Ireland—Hung Over the Sea.

BELFAST, Ireland, Feb. 20.—A sudden landslide derailed and wrecked a mail train Saturday near Whitehead. Many persons were injured.

For upward of an hour the train hung over the sea a few inches from the water's edge.

## To-night's Dreadnought Meeting

To-night's meeting in Association Hall to discuss the navy issue is attracting a great deal of attention from those citizens who believe that in addition to the proposals of the Canadian Government, Canada should provide without delay one or more Dreadnoughts as the beginning of the Canadian fleet unit to help the imperial navy when the expected conflict with Germany occurs.

The committee in charge of the meeting announce that the speakers will be J. S. Willson, Hon. A. B. Morine, Joseph P. Downey, M.L.A., Rev. Father Minehan and others.

The Daughters of the Empire, Veterans' Associations and other loyalist citizens of the empire are asked to attend in a body and make the meeting a success.

## THEATRE FLOOR GAVE WAY AND CROWD WENT ALONG

Also a Stove—But No One is Seriously Hurt, Tho Chance For Horror Was Great.

PATTON, Pa., Feb. 20.—Four hundred people who attended a spiritualistic demonstration at the opera house last night are feeling considerably impressed to-day with the performance—about 25 of them, in fact, bear the brands of red hot coals and many other bruises.

The audience was just on the point of leaving when it was precipitated, together with a red hot stove, into the basement. The floor had buckled without warning.

## HETTY GREEN'S CAT A HERO

Satan Meows and Scratches and Saves 140 Families From Fire.

NEW YORK, Feb. 20.—Satan, a big black cat owned by Mrs. Hetty Green, one of the wealthiest women in the world, gave an alarm of fire to which 140 families, in a block of Hoboken apartments, owe their escape from danger Saturday.

Satan had been placed in the care of the janitor during the absence of his mistress. Smoke got in his eyes and he couldn't sleep. He meowed and scratched on a door and his temporary jailer woke up. The man roused the tenants.

## NORWOOD CRIME MURDER ELDER SISTER SUCCUMBS

Miss Margaret Macpherson, Aged 73, Lingered Month After Being Struck Down With an Ax.

PETERBORO, Feb. 20.—(Special.)—Miss Margaret Macpherson, aged 73, of Norwood, who, with her sister, 10 years younger, was assaulted by Robert Henderson, a youthful tramp, bent on robbery on Jan. 28, died to-day.

It had been feared from the first that she would not survive the injuries and shock, and Henderson has been held on remand in Peterboro Jail until it should be definitely known whether she would recover. He will now be charged with murder.

For 29 years had the Macpherson sisters lived a quiet and uneventful life in their home, some two miles from Norwood town, and they enjoyed the good will of the entire community. A third sister, Mrs. Robert Graham, lives nearby, and there are other relatives in the county.

The assault was exceptionally brutal, inasmuch as Henderson declared after his arrest that he had not intended to murder. During the morning he had called at the house, and asked for something to eat, saying that he was looking for a brother in the neighborhood. The kindly-natured old ladies obliged him. When he had finished, he asked if they had any wood he could cut and when told no, he insisted on leaving ten cents in payment for the food.

A short time later they saw him running past the house, and a moment later he opened the door, ax in hand. He struck the elder sister squarely over the head with the weapon; the other partly warded off her arm from blow aimed at her. She screamed and Henderson, frightened, left the house.

Miss Susan ran to the home of her sister, Mrs. Graham, and gave the alarm. Doctors were sent for, while a posse was hastily gathered to chase the assailant. Henderson was overtaken on the railway track by some sectionmen on a handcar, but he held them off with a revolver. They then sent for Police Chief Bennett of Havlock, to whom Henderson quietly surrendered.

Henderson is English, 29 years old, and is wanted in Toronto for theft. According to his own story, he came to Canada in May last year to look for work as a stevedore. He worked as a farmhand for a while.

In Toronto, he roomed at 56 DeGraaf-street, while employed at the gas works, but he lost his job. When he left the house, \$15.40 belonging to a roommate also disappeared. He was known to own a revolver.

In Peterboro, he had been swindling the charitable-minded by circulating a bogus subscription list with a clergyman's name forged, soliciting funds to place two poor women in a Muskoka sanitarium. The list was found on him when arrested and indicated receipts of \$160.

Henderson is good-looking, with light hair and blue eyes, and is well dressed. He has shown little concern since his arrest.

## ASQUITH NAMES REST OF HIS CABINET

And Nobody Wants Another Election for Awhile, Least of All the Recent Candidates.

LONDON, Feb. 20.—Premier Asquith has filled the vacancies in the ministry, which is an indication that he at least expects the government to pass safely thru the crisis. The new ministers are:

WILLIAM WEDGWOOD BENN, junior lords of the treasury; EDWIN SAMUEL MONTAGUE, under secretary for India, and CECIL WILLIAM NORTON, assistant postmaster-general. Mr. Norton succeeds Sir Henry Norman, who failed of election.

This completes the ministry. In the case of the junior lords by-elections will be necessary, tho they had good majorities last month, and there is little danger of their losing their seats. The King's speech, it is believed, beyond the usual references to foreign affairs, will be confined to the questions of finance and the relations between the two houses.

Parliament will be formally opened at 2 o'clock to-morrow afternoon by the King, who will be accompanied by the Queen, the Prince and Princess of Wales and Prince and Princess Henry of Prussia. The formalities will take up an hour, and as trouble Asquith is expected to speak early in the debate on the address in reply to the speech from the throne, the members will not have long to wait for the government's announcements of its intentions.

## PREMIER IS FIRM

If He Can't Control the Situation No One Else Can.

LONDON, Eng., Feb. 20.—(New York Tribune cable.)—Members of parliament who are threatened with another election before they have passed the bills for the last year are in a despondent spirit and are talking about postponing or selling their estates.

It is reported that a peerage may be in store for the chief Liberal whip, and that it will not be necessary to find a seat for him as a cabinet minister.

The large contributors to the Liberal fund will be reviewed when the next list of honors comes out, but on the Unionist side there have been enormous expenditures, with no prospect of immediate returns.

There is no evidence that the prime minister's hand has been forced by factional intrigues and hole-in-the-corner diplomacy. Hot and cold fits have followed one another at the National Liberal Club during the week, and there is a final reaction against secret negotiations and sensational journalism.

If Mr. Asquith cannot command the coalition groups and secure the passage of the belated finance measures no rival can do it on either side of the house, and a general election is inevitable.

That is the sum of the whole matter, and since an election is not wanted by any section of the house there is a reasonable expectation that it may be avoided.

Debate Will Straighten Tangle.  
Certainly the prospect of harmonious action among the three groups which are opposed to the lords' interference with the commons' control over finance is likely to improve when the debates begin and Mr. Asquith has an opportunity for explaining what he meant by security and guarantees and in what circumstances he looks for support from the crown in the event of a disagreement of the houses over the veto.

Loose talk will cease about obtaining pledges from the King before the veto bill has been introduced or an actual majority either for or against the budget has been ascertained by a decisive division in the commons.

The difficulties of government by three independent groups in coalition for certain purposes will be recognized, and the impracticability of relying on the power of the sceptre until legislation against the lords has been attempted and rejected by the privileged house will be apparent when the prime minister has spoken.

A general election cannot be avoided if the Nationalist and Labor parties make unreasonable demands and refuse to co-operate in legislating the tax levies and working out the salvation of the commons in an orderly way. It can be averted if the independent factions allow the government to perform its primary functions of raising money thru the budget, which was submitted to the general electorate and apparently sanctioned, and then unite in carrying the veto bill with the full force of the coalition majority.

**VARSITY LOSE TO QUEENS PLAY TEN MIN. OVERTIME**

**Senior Intercollegiate Championship Still Undecided—Saturday's Hockey.**

Varsity lost their chance Saturday night to clinch the senior intercollegiate championship by losing to Queens in ten minutes overtime by the score of 14 to 13. Both teams were tied at half-time, 8 to 8, and at full-time 12 to 12, while in the first and at full-time the score was 13 to 13. Five minutes of the overtime period, but here the good Varsity management made what proved to be a fatal mistake, they claiming the five minutes' rest, as stated in the rules. When they had taken one to the good when they were playing strong. The rest helped Queens more than Varsity, for they came back strongly in the second period, scoring two to Varsity's nil, and thus winning the game. Varsity, however, in this last period had the misfortune to have two of their players penalized—Evans and Gallie, while the former was serving time when the last period started.

It was by far the fastest game this year, and the large crowd present had something to cheer for all the time. Queens' forward line was lightning fast, they having the bright, particular star, in fact, the Queens line is the best seen this season and will take some beating by any old team on hard ice.

The result of the game makes it up to Varsity to win from McGill in Montreal, to win the championship, a feat which seems impossible, and in the event of Varsity losing a three-cornered tie will result between Queens, Varsity and McGill, for Queens lost both their games at home to Varsity and McGill on soft ice, but have won away from home from the same teams on hard ice.

Varsity started the scoring by notching two right off the reel, but Queens' goal, after that, was a battle royal ending, in which Queens' speed and staying powers told at the finish, the Varsity line more particularly the two wings, soon fading away from chasing their speedy opponents while, in the first period of overtime, McGill in Montreal, to win the championship, a feat which seems impossible, and in the event of Varsity losing a three-cornered tie will result between Queens, Varsity and McGill, for Queens lost both their games at home to Varsity and McGill on soft ice, but have won away from home from the same teams on hard ice.

National Gun Club Banquet. The annual banquet of the National Gun Club took place at the Headquarters Hotel last evening, when, under the presidency of Mr. Eddie Coath, a most pleasant evening was passed. After a most sumptuous meal provided by the host Alfred Hammond, had been disposed of, and the menu was really excellent, served in style, was described as the old country style, the rest of the evening was devoted to toast, songs, and speeches. The toasts, all of which received a very hearty welcome, were the King, Our Country, Our Guests, Our Club and The Ladies. Amongst those present were Messrs. Loverage, a prominent shooter from the Edginton district, W. E. Ellis, H. Warren, J. J. Bird, H. F. Love, W. McDowell, W. D. Woods, J. J. Nelson, E. D. Garratt, A. Hammond, G. E. Prior, E. E. Coath, H. J. Ward, W. Laper and many other prominent shooters of Toronto. The musical program was a conspicuous feature of the evening. Mr. McDowell was in especially fine form and in response to his imitation of Harry Lauder had to sing no less than five times. His "Quit Your Ticking Jock" was a feature of the evening. Before the happy proceedings terminated Chairman Coath was presented with a handsome silver shield. The tables were beautifully decorated with gladioli and maiden hair fern.

WAR ON THE POPE STOPS

Italian Radicals Think Austria Would Take an Active Part.

ROME, Italy, Feb. 20.—An attempt was recently made by Italian anti-clericals to initiate an open war against the Vatican, with the object of forcing the Pope to leave Rome. Naturally it was realized at the beginning that the undertaking was difficult of realization. Still, the anti-clericals determined to wage war on the Vatican even at the risk of revolution. What deterred them from the attempt at present is the fear of international complications and possibly armed foreign intervention in defence of the papacy. Signore Ettore Ferrari, grand master of the Italian Freemasons, abandoned the anti-clericalist line and tried to aid the Vatican and seek a pretext for a war against Italy. Other anti-clerical leaders share the same view. They allude to war with Austria as the inevitable result of a campaign against the Vatican. The anti-clericalist line is a civil war. Luigi Maltoni opposes the expulsion of the Pope. He says it is better to watch your enemies at close quarters. The scheme is a failure. The Vatican is a legislator, admitting that it was useless and dangerous.

only government capable of restoring authority for the taxes. A cabinet council was held Saturday for sanctioning the King's speech. Herbert Gladstone, resigned, and his successor and other ministers have kissed hands on their new appointments.

There have been official dinners at the prime minister's and Lord Beauchamp's, and opposition feasts at Mr. Balfour's and Lord Lansdowne's. Mr. Balfour's dinners have been followed by Mrs. Ivor Guest's party at the Liberal Club, and the support of the reception of 2000 guests. Unionists and smart people of all parties have been welcomed at Lansdowne House, with its long series of spacious reception rooms.

These are the social preliminaries to an exciting and possibly a momentous week in British politics, during which history may be made hand over hand.

The Treasury Crisis. The Bank of England is in an unusually strong position to meet the Treasury crisis, when heavy borrowing may be expected. There is an abundant supply of money, and the Treasury and other impostors have not been collected. Meanwhile the government has been living from hand to mouth by the issue of thirty-day bills until the floating debt of nearly £19,500,000 must be provided for before the end of March. Consols have weakened during the week, and there is a prospect of increased borrowing and depreciation.

ZION MOVEMENT

Rubin Brainin of Berlin Speaks to Toronto Jews. Rubin Brainin of Berlin, Germany, addressed a largely attended meeting of the Jewish residents of Toronto on the Zionist movement in Agnes-street Theatre, last night.

Herr Brainin, who is a well-known writer and social worker, paid a glowing tribute to Theodore Hertzl, editor of The Vienna Neue Freie Presse, whom he described as the originator of the movement to place the Jewish people throughout the world in the land of their fathers.

The speaker made a strong appeal to his hearers for financial support of the vessel since she passed Queen-street this afternoon. Windows were broken by stones hurled by the mob, which was dispersed after 25 arrests had been made.

MONTREAL, Feb. 20.—(Special.)—The startling news was received here last evening that Thomas Cote, formerly managing editor of La Presse newspaper, but now representing Canada at the Brussels exhibition, is dangerously ill at a Paris hospital, and little hope is held out for his recovery.

Fake Fit. While standing at King and Bathurst-streets yesterday evening, Richard Grant suddenly collapsed. The police ambulance was summoned and he was taken to the Western Hospital, where however, he was refused admission. The physician who examined him declared that Richard threw the fit so that he could stay in the hospital while he recovered from the effects of a just punishment on the Brittany coast of France, on Jan. 23.

Escapes From Industrial School. Charged with escaping from St. Mary's Industrial School, Annie Vieson was arrested yesterday afternoon. BOY FOLLOWS BURGLAR LATTER ADMITS CRIME

House of Charles Dunning Rifled By Thief While Family Were at Church. While walking down Yonge-street, near Wellesley, Frederick Hollis was arrested by Policeman Griggs yesterday evening for entering the house of Charles Dunning, 90 Hazelton-avenue, when the family went to church. Hollis was seen by Mardell Kitchen, a boy who lives next door, who followed him. When arrested Hollis had a parcel containing a number of shirts while at the station. It was discovered that he had taken almost everything that was small enough to secrete in his pockets. Among the articles were three gold watches, pearl necklace, a couple of strings of beads, numerous silk handkerchiefs, a number of gold pins, a gold locket, two leather card cases, and a jewel case containing a gold chain and a gold dollar bill. The latter the thief did not know of. When it was shown him he exclaimed, "Gee, I didn't know that was there." Hollis told the police he entered the house thru the back door, which was open. This was later corroborated by Mrs. Dunning, who said that when she left for church her son was in charge. He later went out and left the back door unlocked.

Continued From Page 1. being made by the Amalgamated Association for better working conditions. The company declined to recognize the Amalgamated Association exclusively, but stated that its men were free to belong to any union they wanted to.

Diemissals Precipitated Strike. The break in the negotiations came on Thursday, and Friday night and Saturday about 200 men were dismissed for "the good of the service." This aroused the indignation of the men, and precipitated the walk-out.

Contradictory claims are made by the opposing forces as to the number of men on strike. The leaders of the Amalgamated Association of Street and Electric Railway Employees say that 6200 of the 7000 employees of the Transit Company have left their cars. The officials of the company say that 3000 of their employees are loyal and that regular service will be resumed at daybreak to-morrow.

The importation of 175 strike-breakers from New York led to an attack on the barns and main offices of the company at East and Dauphin-streets this afternoon. Windows were broken by stones hurled by the mob, which was dispersed after 25 arrests had been made.

LAURIER WANTS CANADA TO BECOME INDEPENDENT

Disapproval of Government Navy Proposals By Toronto Conservative Club. That Premier Laurier in advocating the establishment of a Canadian navy has in view Canada's ultimate independence as a nation was the confident belief expressed by Edmund Bristol, M.P., at a largely attended and enthusiastic meeting, including ladies, in the Centre and South Toronto Conservative Club quarters, Simcoe-street, Saturday night.

Entire disapproval of the government's navy program, and the sentiment should be made for Dreadnoughts, were expressed by A. C. Macdonell, K.C., Thomas Hook and Henry Sheard, Arthur VanKoughnet, the president, was in the chair.

Doubts Laurier's Loyalty. Mr. Bristol declared that he seriously doubted Sir Wilfrid Laurier's loyalty to the empire. He cited remarks made by Sir Wilfrid Laurier so indicative of a desire that Canada should sever its connection with Great Britain, and asserted that, but for the strength of public opinion, the premier would not have consented to Canadian contingents going to South Africa in 1899.

Mr. Macdonell favored the course of indicating loyalty by offering to pay for the building of a great navy, and claiming that there was real danger menacing Great Britain, and that, as the issue would be decided in the North Sea, Canada's miniature navy, even if built by that time, would be useless.

Mayor Geary believed that Canada's duty was to follow the example set by New Zealand, and that, with the war clouds lowering, the time for action was now. It would take many years to build up a Canadian navy, and it would be of little practical use when ready.

Won't Hold Water.
