YOUTH OF

BY PAR

Path of Progress Pointed in
Messages From Meighen,
King and Crerar.

ARE READ IN CHURCH

Ottawa, March 20.—Messages to the
youth of Canada from Premier Meighen,
Hon. W. L. Mackenzie King,
Liberal leader, and Hon. T. A. Crer-
ar, leader of the Progressive party,
were read by Rev. Dr. B. Wayne in
Knox Presbyterian Church tonight.
Premier Meighen's message was:
"You ask me for a message to young
men. I am not so far as to warrant me
in assuming the role of a sage. Nor
will the sage ever live who can im-
prove on the simple teachings that
sometimes obscured thru dark peri-
ods of reaction, sometimes luminous
and leading, have guided humanity
for centuries."
One Law of Progress.
"There is one law of progress and
one only, and that is intelligent ac-
tivity. A wholesome purpose will keep
the direction right; the unremitting
application of every talent is all that
will achieve. Mere negative living
gets one nowhere. The only way to
conquer idleness is to work; the only
way to avoid doing wrong is to do
right. I repeat in almost identical

MINES SHUT DOWN
IN CAPE BRETON
Eastern Coal Industry Hard
Hit and 10,000 Men Are
Affected.

Sydney, N. S., March 20.—Cape
Breton tonight is the grip of the
worst slump that has hit the eastern
coal industry for many years past.
Everyone of the 25 mines of the Domi-
nion Coal Company is idle and will
remain closed down until Tuesday,
and it is just a question whether
many of them will be authorized to re-
sume production then. Not a wheel
has turned on the Sydney and Louis-
bourg railway, a subsidiary of the
Dominion Coal Company, since Sat-
urday noon, with the exception of one
regular express, one regular freight,
and one or two switch engines. The
closing of the collieries leaves the
coal road without a pound of extra
freight to move.
The order to close all the Cape
Breton collieries was issued by the
Dominion Coal Company follows on the heels of Pres-
ident Wolvin's statement on the bad
condition of the local coal market and
it is feared here that the bottom of
the decline has not been reached.
About 10,000 railroad workers, miners
and other classes of labor are affected
by the shut-down order.

ACCEPTS AN ANNUITY
IN LIEU OF THRONE

Belgrade, Jugo-Slavia, March 20.—
Prince Danilo, heir-apparent to the
throne of Montenegro until his recent
abdication in favor of Prince Michael,
son of the late Prince Mirko, has de-
cided to accept the annuity of 300,000
francs which the Belgrade government
had offered to his father, the late King
Nicholas, according to the Politika.
Nicholas, who died on March 1, always
had rejected the offer, maintaining it
would entail recognition of the union
of Montenegro with the Jugo-Slav
countries and abandonment of all
claims to the throne.

GREAT CELEBRATION
HELD AT TRIESTE

Italy's Redeemed Territories
Mark Their Formal
Annexion.

Trieste, March 20.—Italy's redeemed
territories today celebrated their for-
mal annexation with great enthusiasm.
Hundreds of thousands of people from
the whole of Julian Venetia crowded
at dawn this morning to the Piazza
of the three valleys with the firing
teams and battalions. Then parading
bands circled thru the principal
streets, followed by delegations of
formed, consisting of numerous patri-
otic societies.
King Victor Emmanuel's proclama-
tion of annexation was publicly read
at noon by the governor of the pro-
vince and religious services for the
dead followed by the baptism of
Vittorio Emanuele, while the ships in
the harbor saluted.

Explosion Wrecks Chicago Grain Elevator With Grave Results Fatal Cyclone Near Kincardine; Costly Cloudburst in Port Hope

Life Lost, Damage Heavy In Bruce County Cyclone

London, Ont., March 19.—Hugh J. McArthur, a farmer residing near
Clamiss, was killed, and George Farris, a neighbor, is in the hospital in a
critical condition as a result of being crushed in a barn which was demolished
during a cyclone near Kincardine this afternoon. The men had been attend-
ing a cattle sale and took refuge in the barn when the storm came up. The
barn was completely demolished.
John M. Bowie, another farmer who was in the barn with McArthur and
Farris, was injured about the head and shoulders, but not seriously.
It is estimated that the property loss in Bruce township will reach \$50,000.
Between 20 and 30 barns were damaged, about half a dozen large barns were
completely demolished, while others were unroofed.
No damage is reported in the town of Kincardine.

VETERANS WILL JOIN FORCES WITH LABOR FOR MASS MEETING

G. W. V. A. and G. A. U. V.
Branches to Co-operate —
Three Hundred Ushers Are
Now Planned to Keep Red
Element in Order at Mas-
sey Hall Gathering.

The Toronto Trades and Labor
Council executive have secured badges
for three hundred ushers. It had at
first been considered that one hundred
men would have been sufficient to
maintain order, but hearing that the
"Reds" were liable to try and make
trouble, it was decided to employ a
number of ushers, making the total
300.
The main floor will be kept in order
by 100 ushers, another 100 men will
look after the first gallery and the
upper gallery will have would-be trou-
ble makers kept in check by still an-
other hundred volunteer ushers.
Guard Against Disorder.
A regular organization is to be
formed to keep the meeting from
breaking into disorder, and the
divisions of one hundred men each
will be captained by three different
leaders, a captain for the main floor
and a captain for each of the gal-
leries.
Profiting by the experience of the
last two Massey Hall meetings, to be
disturbed by the properties are to be

will be prepared, and everything con-
nected with it will be well organized.

YUKON IS PLANNING SPRING OPERATIONS

Season Expected to Be One
of Busiest in Many
Years.

Dawson City, Y.T., March 20.—The
Yukon is planning spring operations
on a large scale. The season is ex-
pected to be one of the busiest in
many years. There will be extensive
gold dredging and hydraulics, and
the gold and silver yield will be
opened. Two or three new com-
panies in addition to the Yukon Gold
Company, have been looking into sil-
ver properties in the Mayo district.
Work will begin in about ten days
on a machine shop which will engage
50 men preparing dredges for the
upper Dome Creek, Gold Run and the
Klondyke valley. After the first week
in May the dredge fleet will be able
to secure hydro-electric power. The
gold and silver yield will aggregate
several millions this year in the ter-
ritory.
Many old timers who were unable
to secure work outside during the un-
employment period are returning to
Dawson by stage or on foot.

Chamberlain Will Accept If Election Is Unanimous

London, March 20.—Political specu-
lation as to the result of Andrew
Bonar Law's retirement has not
abated, but the only thing that seems
certain is that Austen Chamberlain
will be elected to the leadership of
the Unionist party and the commons
at tomorrow's Carlton Club meeting
of the Unionist members of the house.
Mr. Chamberlain has already in-
formed the Unionist whip that he is
prepared to accept the leadership
providing the election is unanimous.

GERMANS AND POLES FLOCK TO SILESIA TO CAST BALLOTS

Arrive From Every Country
Except the Entente
Nations.
2,500,000 TO USE VOTE

Tarnowitz, Upper Silesia, March 20.—
All preparations have been completed
today, when polling opened for the
plebiscite thruout Upper Silesia to
determine whether the region, rich in
coal, zinc and lead, and compris-
ing approximately 5,000 square
miles, henceforth shall be under the
sovereignty of Germany or Poland.
From distant parts of the world Ger-
mans and Poles, former residents of
Silesia, and entitled to cast their bal-
lots, had journeyed in the hope of
aiding their respective countries to
win the region.
The plebiscite, it is estimated, in-
volved the pilgrimage of 140,000 Ger-
mans. Special trains were furnished
at the expense of the Germans, and
toward the end no tickets were sold
except to men and women returning
to vote, and the trains were so crowd-
ed that many of the passengers were
obliged to stand. Among the last
contingents arriving from foreign
countries were forty from South
Africa, which completed the represen-
tation of nearly every country except
the entente.
The final results of the balloting
were expected to be delayed some-
what owing to the order of the inter-
national plebiscite commission suspend-
ing telephonic and telegraphic com-
munication with the outside world,
with the exception of press despatches,
which, however, were subject to the
approval of the Silesia authorities.
Approximately 2,500,000 Germans
and Poles were expected to cast bal-
lots, and the propaganda agents of
these countries have worked to the

Refugees Tell of Horrors of
Storming — Officers Are
Executed and the Bodies
Thrown on the Ice—Garris-

Communists in Fortress—
Rebel Soldiers Are Interned
Awaiting More Executions.

Stockholm, March 20.—Details of the
fall of Kronstadt before the re-
peated onslaughts of the Bolshevik
army under command of Leon
Trotsky, the Soviet war minister,
have been brought here by refugees.
In the citadel, according to the re-
fugees, some 1,700 men were left, en-
deavoring to fight their way toward
the east, and in the other fortresses
approximately 1,000 were made pris-
oners by the Bolsheviks. All officers
and leaders among the military
forces and civilians were immedi-
ately picked out and on Trotsky's order,
given before the final attack, were
executed. Their bodies were thrown
on the ice of the Gulf of Finland,
with stones and scrap iron in their
pockets, so that they will sink when
the ice breaks up, probably a fort-
night hence. All the other rebel sol-
diers interned are awaiting the future,
which, according to the refugees,
most likely will bring executions. As
food is scarce and the victorious
Soviet army is on half-rations, the
situation of the prisoners is casti-
deplorable, the refugees point out.
The horrors of the days of storm-
ing cannot be described, the re-
fugees say. The insurrectionary

THIEVES RANSACK APARTMENT.

Gaining entrance thru a cellar win-
dow to the confectionery store of Mon
Rosefield, 131 Lippin avenue, on Sat-

living apartment above. Among the
things stolen were several valuable
diamond rings, a quantity of cash and
silverware.

Spring Is Here.

Both by date and weather. There was
rain yesterday; creeks and rivers run-
ning full, the ice all down and away,
and for two weeks the fields have been
free of frost. Many a field is soft
mud. But if Ontario didn't have these
well-soused fields now, she might not
have big crops later. You may see dry
fields on stone ridges, but that doesn't
mean farming. The market gardeners
have been working for two weeks get-
ting their land manured and ready for
ploughing. There is pruning of trees and
berry bushes under way. The farmers
are hastening to greet their serious la-
bors. They don't mind being mired as
to their boots in the soft and soggy
ground. Lambs are bloating in many a
farm yard. On the whole, a promising
spring has come in without having to
break thru like a robber.

CLOUDBURST CAUSES BIG PROPERTY LOSS AROUND PORT HOPE

Midland Railway Roadbed,
Factories and Stores Flooded
in Early Morning.
FIRE BELLS GIVE ALARM

Port Hope, Ont., March 20.—(Spe-
cial).—Damage which may run as
high as \$200,000, according to
estimates in some quarters, resulted
early this morning in the town and
vicinity, when a cloudburst caused the
Ganersaka River to flood a wide ter-
ritory. Hundreds of feet of the road-
bed of the Grand Trunk Midland
tracks north of the town were wash-
ed away, and practically every store
on the north side of Walton street
was flooded. Several manufacturing
plants suffered heavy losses, notably
the Nicholson File Company; Common
Chemical Company, and Spira and
Tye's mill. Walker's furniture store
sustained the greatest loss among the
merchants' establishments.
Residents of the town were startled
about 2 a.m. by the ringing of fire
bells, the authorities fearing at this
time that the flood was a menace to
lives as well as to property. The water
did not, however, rise sufficiently
high to cause any drownings.
The Midland line had a big con-
struction hand at work repairing
the damage to the tracks. It was
necessary to route the Toronto train
to Port Hope round by way of Peter-
boro.
At the Nicholson factory 175,000
dozen files packed up and ready for
shipment received a bad wetting and
will have to be unpacked and re-
packed. The company's motors were
badly damaged by water, and it is
estimated that five or six weeks will
be required to get the plant into nor-
mal condition.
A great deal of lumber was carried
out into the lake.
It is stated that insurance policies
carried do not provide any indemnity
against damage from flooding.

DEATH AND DISASTER BY GRAIN EXPLOSION IN CHICAGO ELEVATOR

Ireland Experiences
A Black Week-End
Two Dead and Four Are Miss-
ing — Property Damage
Is Estimated at Sixteen
Million Dollars—One Man
Hurled 300 Feet — Huge
Blocks of Concrete Thrown
in All Directions.

Dublin, March 20.—A black
week-end has just been experi-
enced by the crown forces in Ire-
land, according to official reports.
Eleven members of the govern-
ment forces were killed and eleven
wounded in various ambushes,
while it is believed that thirteen
of their assailants were killed and
ten wounded. The reports do not
take into account isolated murders
and outrages, which are contin-
ually reported.
Chicago, March 20.—An explosion of
grain dust rocked the entire southern
section of Chicago early Saturday
night, wrecked one of the world's
largest grain elevators and broke
every window within a radius of a
mile.
Of the nine watchmen who were
trapped in the structure by the blast
two are known to be dead and four
are missing. The bodies of the two
known dead were recovered yester-
day.
The elevator, which consisted of a
series of steel and concrete towers,
was built at a cost of more than ten
million dollars and was operated by
the Armour Grain Company.
The explosion was due, it was said
by officials, who made an early in-
quiry, to fire that started in a load-
ing chute. The blaze set fire to the
dust-filled air and the resulting blast
rent asunder the big tower, releasing
thousands of bushels of grain.
The explosion hurled great concrete
blocks for hundreds of feet and de-
tailed a freight train which was
standing on a track beside the eleva-
tor.
Heavy damage was caused in near-
by towns by the explosion. Windows
were shattered in Hammond, Whiting
and East Chicago. The heaviest
sufferer was Whiting, where it was
reported every window in the down-
town business district was broken.
The property loss there, according to
mechanics, will reach \$100,000.
The explosion caused 5,000,000 bushels of
grain to be stored in the elevator, but
at the time of the blast there was

RUSSIA AND TURKEY SIGN NEW TREATY

Both Agree to Recognize No
International Act Without
Sanction.

London, March 20.—By virtue of the
new treaty between Russia and Tur-
key, which defines the boundaries of
Turkey, both parties undertake to
recognize no international act relating
to one party which is not recognized
by the other, says a wireless despatch
from Moscow.
The old treaties between Russia and
Turkey, Turkey's debts to Russia, and
the system of capitulations are all
abolished, under the reported terms of
the treaty.
Batumi is ceded to Georgia with a
system of local autonomy, but Turkey
has the right of free transit thru the
port.
The districts of Artvin, Ardahan and
Kars are recognized as Turkish terri-
tory.
The signing at Moscow on March
16 of a Russo-Turkish treaty was re-
ported in a wireless message from
Moscow received in London yester-
day. The pact was described as
"establishing fraternal relations be-
tween the two countries."
Turks Shelling Batumi.
Batumi, Georgia, March 20.—The Tur-

clared that the Turks are shelling

FREIGHTER ASHORE OFF NOVA SCOTIA

City of Colombo Is in Dire
Straits—Two Ships on
Way to Aid.

St. John, N.B., March 20.—The Brit-
ish freighter, City of Colombo, 3,125
tons register, Captain Robertson in
command, which sailed from here this
morning at 8 o'clock for United States
ports, went ashore here at the mouth
of the Nova Scotia coast this afternoon.
Her "S.O.S." calls for assistance were
heard here at 4 o'clock and J. C.
Chesley, agent for the marine and fish-
eries department, sent government aid
to the stranded ship. The Aberdeen,
which was in port, was despatched to
the ship's aid, and the Laurentian was
ordered out from Westport, N.S. The
position of the ship was given as lati-
tude 44.2 north, longitude 66.06 west.
This would bring her about 16 miles
south of the Digby Gut and 50 miles
from here.
En Route to United States.
The steamer arrived here from an
English port a week ago with freight
in transit to United States ports. She
took on here a part cargo of machin-

Canadian Clubs Promoting Amity With United States

New York, March 20.—The value of
organizations of Canadians in the
United States for the purpose of
fostering friendly relations between
the two neighboring countries was
emphasized by Colonel Charles R.
McCullough of Hamilton, Ont., speak-
ing last night at a smoker of the
Canadian Club of New York. Colonel
McCullough is honorary president of
the Association of Canadian Clubs
and is generally known as the "Father
of the Canadian Club."
In Canada, he said, the Canadian
Club fostered and maintained a na-
tional spirit, while in New York it
served to keep up a spirit of friend-
ship between Canadians and citizens
of the United States. The speaker
declared that organizations of the
kind should make a special effort at
this time, owing to the propaganda
being spread by parties interested in
creating a feeling of ill-will.
"Here in New York," said Col.
McCullough, "you have planned two
splendid institutions, the Canadian
Club and the Canadian Society. May
they be truly representative of the
Canadian spirit which seeks to ex-
press itself in good will and to uphold
good government wherever it may be."

NOT PEACE POLICY BUT PROVOCATION

Strong Criticism of London Conference Acts in Italian Chamber.

Rome, March 20.—The acts of the London reparations conference were severely criticized in the course of the debate in the chamber of deputies yesterday which followed the speech by Count Storza, the foreign minister, who represented Italy at the conference. Many deputies declared that the policy of the entente was not a policy of peace, but of provocation. The socialist deputies especially denounced the policy of France, which they declared was aimed at the permanent occupation of Germany. The Socialists further asserted that Italy, being opposed to the domination of Germany, must be equally opposed to that of France in political matters and to that of Britain in economic and financial questions.

The 50 per cent levy on German exports was denounced as injurious to Italy, who wanted the German trade in order to escape the high British and United States exchange rates.

During the session several deputies spoke in defence of the separation of the two reparations conferences, which was effected under the treaty of Rapallo. Germany's offer at the recent reparations conference in London to pay 30,000,000,000 gold marks in thirty years, Count Storza told the chamber of deputies, did not amount to as much as Italy would have to pay the allies in the next forty-two years on account of war loans.

Germany's Lack of Good Will.

"Her counter-proposals," he said, "were not worthy of consideration. She seemed to be negotiating a transaction favorable to herself instead of offering indemnity to the allies. Altho the allies acted with great forbearance, Germany has shown a manifest lack of good will."

The foreign minister, who represented Italy at the conference, declared that despite certain differences with the allies, Italy did her best to preserve unity.

Count Storza said that he and Signor Modra, minister of the treasury, had made extensive reservations on the subject of the fifty per cent tax on German exports, but that the Germans themselves had suggested the idea at Brussels.

Discussing help for Austria, the speaker declared Italy did not intend to renounce or postpone reparations, but only to enable certain of Austria's resources to be utilized as pledges for financial operations for the benefit of that distressed country.

The minister announced that the negotiations for a trade agreement with Russia had been completed; the contract would shortly be signed by the government.

BRANTFORD ALIEN ACCUSES COUNTRYMEN

Alex. Goolasch Faces Charge of Stealing From Hussin Hassin.

Brantford, Ont., March 20.—(Special.)—Alex Goolasch, arrested in Hamilton Saturday on a charge of theft of \$300 from a fellow countryman, Hussin Hassin, here a few weeks ago, will be arraigned in the police court tomorrow to answer that charge. Hassin suffered an injury some months ago when he was burned by molten metal. When he recovered and was able to leave the hospital he preferred the thief charges against Goolasch.

Ward four prohibitionists have completed organization for the referendum on the liquor and meetings will be held here during the coming week.

Clayton Moyer captured the gold medal in the anatomical contest, held at the Y.M.C.A. last night, by an address on the League of Nations. Arthur T. Whitaker took the silver medal and Percy Unsworth the bronze.

CAPITAL IS VISITED BY ELECTRICAL STORM

DIES SUDDENLY IN BUGGY ON ROAD IN COUNTRY

Cornwall, Ont., March 20.—Edward Walsh, a prominent citizen here, died suddenly on his way here yesterday while on his way here from Chesterville. Pat Flynn, who was arriving into Chesterville in his car, met Mr. Walsh's rig on the road and as he was passing noticed that Mr. Walsh seemed to have collapsed in the seat. The auto was stopped and Mr. Flynn ran back and jumped into the buggy, to find Mr. Walsh unconscious and apparently lifeless.

It is hoped to make the movement Dominion-wide.

SOUTH WELLINGTON U.F.O. FLOURISHES

Holds Annual Meeting in Guelph—Elects J. Hohendadel to Presidency.

Guelph, Ont., March 20.—(Special.)—The annual meeting of the central organization of the U.F.O. for South Wellington took place on Saturday afternoon at the Labor Hall and was very largely attended. Reports for the year were presented and were of a very satisfactory character. Wm. Cowan, shipper of the organization, in his report stated that the total amount of the shipments during the year was \$161,178, as compared with \$241,000 for the previous year. This was due to the decrease in the price of live stock during the year. Included in this total was 2,780 hogs, valued at \$92,256, and 596 cattle, valued at \$13,242. There were 50 car loads shipped in all. Samuel McKee of the U.F.O. live stock shipping department at Toronto delivered a lengthy address on co-operative shipping, which was greatly appreciated by all the members. The following officers were elected for the ensuing year: President, John Hohendadel; vice-president, Guy Thurston; Guelph township; secretary-treasurer, T. J. Mahon, Puslinch; shipper, Wm. Cowan, Guelph.

REICHTAG VOTES TO ABOLISH CONSCRIPTION

Increased Prosperity.

The association has in view such an increase in population and production throughout the western provinces as will lessen the disability of the national railways, lighten the per capita burden of the national debt, and go far to place the whole Dominion on a more prosperous basis.

Mr. Hobson was considered by the directors fittingly to represent eastern interests, which have assisted generously in financing this important western movement. He is president of the Steel Company of Canada.

The vice-president, M. A. Brown, is president of the Industrial Association of Alberta and was four times mayor of Medicine Hat. It was in his mind that the idea of the Western Canada Colonization Association took shape. He has been the main driving force behind the movement.

General McCrea has extensive financial and commercial interests in British Columbia.

Each voter was handed two ballots, one Polish and the other German. After marking one of the ballots, the voter was directed to drop both into the ballot box. This method, it was expected, would make for delay in counting the votes, the unused ballots having first to be separated from the valid votes. Even the prisoners in penal institutions were entitled to vote.

LEAGUE CANNOT ACT ON GERMAN NOTE

The German note to the League of Nations on the allied penalties was March 17 and appointed one of the council, as requested by the German foreign minister, and also, in conformity with the league's practice, to all members and to the press" declared Dr. da Cunha.

"I am not, of course, prepared to express any opinion on the substance of the note itself, but as president of the council for the time being, I should like to emphasize that the league itself as an organization has in this case no power of action unless one of its members sees fit to take the initiative, as provided by the covenant. The league is an association of states and is not directly endowed with executive power except in certain cases, and is not served rather as a common meeting ground for the governments."

Some steps should be taken to stop this reckless carnival of wasteful expenditure, said Mr. Ferguson.

Dr. Forbes Godfrey referred generally to the elevation of Hon. Peter Smith from farming a 100-acre patch to juggling with millions of dollars of the public funds of Ontario.

WORK COUNTY AND SUBURBAN NEWS

DEMAND WIDENING OF YONGE STREET

Ratepayers Determined That City Provide 86-Foot Thoroughfare.

NORTH TORONTO

Strong condemnation of the World and the Telegram, because of the stand taken by them on the proposition to widen Yonge street, and the avowed determination to have a wider Yonge street "or bust", were the features which marked a special meeting of the North Toronto Ratepayers' Association Saturday evening in the old town hall.

When we were going over the estimates we paid them down, as I for one thought perhaps we could scrape up the money for the widening of Yonge street, said Alderman Blackburn.

Alderman Baker was of the opinion that there was nothing that should prevent the widening of Yonge street and the laying of the tracks for the street car.

Alderman Phinmore also declared that he would use his influence at the meeting of council today to get an 86-foot street for them.

I have always stood up for North Toronto, declared Controller Hillz. The City of Toronto is really one unit and the policy should be the same for all.

Alderman Honeyford endorsed the statements made by his colleagues, as he thought if Danforth Avenue in the east was entitled to an 86-foot thoroughfare, the centre of the city—Yonge street—should be at least as wide.

Alderman Beamish declared that Works Commissioner Harris could spend money like water and nothing was said about it, but directly North Toronto was mentioned there was a hubbub.

With walking down Keewatin avenue, Gordon Adair, ten years of age, of 10 Castlefield avenue, was bitten in the leg by a dog belonging to A. Nicol, 36 Keewatin avenue.

Spring has arrived. The robin was observed in North Toronto yesterday, and the song of the wild cat was heard, which, according to the old residents, promises an early spring.

BEAUTIFY THE TOWN IS NOW THE SLOGAN

Local Horticulturists Pledged to Campaign of Floral Adornment.

PORT CREDIT

The local Horticultural Society's forthcoming campaign for new members has a bigger motive behind it than the mere strengthening of the organization financially and numerically.

A resident on Centre road has suggested that the newly-formed community association should make a campaign in their activities by securing life belts and having them hung on the posts along Centre road so that pedestrians desirous of crossing from one side of the thoroughfare to the other would lessen their chances of perishing while making the attempt.

There was a large turnout of the boys of the Tuxis Square of the Methodist Church last night, when the pastor, Rev. Mr. Rogers, gave an address on "Ourselves, Our Hymns and Our Writers."

Fred Peters, Port Credit's popular tenor and non-composer, has been engaged by a Toronto concert agency to sing at a number of concerts to be given throughout the Dominion.

Belleville, Ont., March 20.—(Spe-
cial)—A fire of mysterious origin
on Thursday destroyed the farm
buildings and contents on the farm
of Mr. Robert Wadsworth at Pau-
dash Lake, North Hastings. A neigh-
bor discovered the barn on fire and
shortly after a second barn was burn-
ed. Fire also broke out in the resi-
dence, but was extinguished. Mr.
Wadsworth and family were away at
the time. The fact that the three
fires were all going at about the one
time and the buildings a consider-
able distance apart indicate the work
of a firebug. Mr. Wadsworth lost all
his machinery, hay and grain. The
loss is partly covered by insurance.

G. E. McCRAANEY, K.C., FALLS DEAD IN SNOW

Former M.P. for Saskatoon Will
Be Buried in Oakville, Ont.

Saskatoon, Sask., March 20.—George
E. McCraaney K.C., was found dead
in the snow a short distance from his
residence Friday afternoon. Death is
thought to have been due to apoplexy.
Mr. McCraaney represented Saskatoon
constituency in parliament for several
years, having been elected as a Lib-
eral member in 1906, 1908 and 1911.
The snowstorm was the worst this
winter.

The late Mr. McCraaney was born
at Bothwell, Ont., in 1868. He receiv-
ed his early education at Oakville and
Upper Canada College, and was a
graduate of the University of Toronto
and Osgoode Hall. In 1905 he was
elected to the Ontario bar and after
practising in Milton for seven years,
went to Rosthern (30 miles north of
Saskatoon), where he opened the first
law office between Regina and Prince
Albert.

DEATH AND HAVOC THRU EXPLOSION

(Continued From Page 1).

only about 500,000 bushels. This was
destroyed by the fire.

Employees Had Quit Work.

The explosion took place just after
150 employees had quit for the day.
According to one eye-witness, there
were three separate explosions, the
last being the most severe. The ex-
plosions tore the entire top off the
elevator. This was of light steel-
concrete construction and was de-
signed so that the force of any blast
would be spent thru the upper part
of the elevator—like the mouth of a
great cannon.

So great was the force of the
blast, however, that the tower itself
was shattered, great pieces of con-
crete from its sides being thrown
about in all directions. Early es-
timates put the property loss at more
than \$16,000,000.

Fire alarms were repeated until a
large part of the city's fire apparatus
and ambulances was on the way to
the scene, hampered by the unimpro-
ved streets leading to the elevator.

To add to the confusion, a portion
of the wrecked building fell into the
Calumet River, damming it until it
flooded a number of small cottages on
the opposite bank.

One Victim Hurlled 300 Feet.

At one time a score or more of
small fires were burning in these
dwellings, but the flames were soon
subdued.

One of the men killed was hurled

300 feet by the explosion.

The isolation of the large elevator
probably was all that prevented
greater destruction of life and prop-
erty. There are not many buildings
near the wrecked structure and the
force of the explosion seemed to pass
over the cottages nearby, taking equal
effect on more distant buildings and
largely at the expense of the win-
dows.

The wreckage, lying for blocks
around, without having hurt anyone
in the sparsely settled neighborhood,
told a tale of terrific force, but bil-
lows of smoke from the smouldering
grain for some time prevented close
inspection of the devastation. Shat-
tered glass was reported from as far
as five miles from the elevator, while
reports of feeling the shock came
from 75 miles away.

Due to Spontaneous Combustion.

Officials of the Armour Grain Com-
pany, which operated the elevator,
said that it might be several days be-
fore it could be definitely determined
how many men died in the disaster,
as their records containing lists of
men employed at the plant had been
destroyed by the fire, which followed
the explosion.

Besides the two bodies recovered,
only four men remained unaccounted
for tonight and it was believed that
these may have been buried beneath
the thousands of tons of grain re-
leased by the blast. All of the vic-
tims were employed at the elevator.

John C. McDonnell, chief of the fire
prevention bureau, said that his in-
vestigation had convinced him that
the explosion was due to spontaneous
combustion, which ignited inflam-
mable mill dust.

He discredited reports that it might
have been due to labor troubles.

Engineers who inspected the eleva-

tor, which is located at the southern
city limits, said that the damage to
the structure would approach \$1,500,-
000. The value of the grain destroyed
was estimated at \$1,000,000.

LANGTRY STOPPED FORTY-ONE SHOTS

NO BRANDON GOALERS' TWENTY-FOUR

Western Champions Surprise and Whitewash the Toronto Team in First of Allan Cup Finals on Slow Ice at Winnipeg—Prospects of Harder Going in the Second Game Tonight.

Winnipeg, Man., March 20.—(By Canadian Press.)—Brandon stalwarts, up to the mark in the opening clash of a two-game series to decide the holder of the Allan Cup at the Amphitheatre rink on Saturday night by taking the measure of the Toronto Varsity team 2 to 0 in a contest that was bristling with incidents from both sides. But the margin of two goals is no indication of the marked advantage that the holders had over the easterners at every stage of the frays. They outlasted them in every period and to such an extent that the collegians can consider themselves mighty lucky that they enter the final game on Monday night with only two goals behind. The performance of a Brandon team was a complete revelation to the thousands who gathered to watch the players a quiet moment from start to finish. The Manitowans outlasted their ability opponents on the attack, on the defence and even in team play. It was a wonderful exhibition of hockey that the cup-holders displayed, and only a marvelous exhibition of goalkeeping and stout defence allowed the U. boys to escape so easily.

The ice, which opened fast, slowed up considerably towards the end, but never failed to affect both considerably. It failed, however, to slow up the maddest pace set by the athletes, and the boys were traveling just as fast at the end of the game as at the beginning. That the Toronto boys did not live up to advance notices was the opinion of their many friends here, and that opinion was carried over to the arena. The Brandon team carried the puck with determination to do or die, but never at any stage did they uncover the much-heralded combination which the team was supposed to possess and which was sure to prove the turning point in their favor. The showing of the easterners, the disappointing to some because was accounted for in many ways. They found the Brandon team playing with the top of their form and doing everything just right, but scoring goals. It was the former to slow up on a sheet of ice new to them, and the strange surroundings, together with the fact that they were performing after a long trip, may have had something to do with their failure to uncover the form which carried them thru to the top of the heap in the east. But there is no doubt that the furious back-checking of Brandon, which never let a player free for a second, had a lot to do with the slowing up of the easterners.

The Varsity boys, who were given a grand reception by Winnipeg fans, looked capable of better things but only for about five minutes in each period did they appear actually to get into the swing of the time they were too busy stopping the speedy rushes of the cup-holders to do very much in the way of attack.

Jack Langtry in the Cup-holders' net, uncovered the most sensational performance of goal minding seen in these parts for many a day. He was nearly unbeatable, coming out time after time to save a very valuable goal. The last period when it looked as if everything was lost, he had no chance on the two goals scored against him, and it is a wonder that at least a half dozen other goalkeepers did not beat him.

The easterners, however, the Brandon team in checking their opponents practically into submission, striking away like lightning to rebound the puck into the goal, seemed too much for the eastern champions to cope with.

Never at any time of the match did the Varsity crew uncover the form which they showed against the Winnipeg Falcons at Toronto last year. They showed

Limited defeated Massey-Harris 3 to 1 in the first game of the season. The double-header, which were the last scheduled games of the season. If C.G.E. had come across a win over the Ford Motor team, a three-cornered tie would have been created. The former looked the more classy and did considerably more skating. The Ford team seemed to get the necessary goal to win just at the right moment. There is no doubt but that the team of the Ford Motor team was working to capacity when the Hickman-Burke-Burke game was being played. The winning goal was scored by the Ford Motor team.

MIDGETS WIN IN THIRD PERIOD

Sudbury Score Two in First and Lead Stratford in the Second.

Almost a full house turned out at the Arena Saturday night to see Stratford Midgets come from behind and win 4-2 from Sudbury Juniors. In the first of the Abbott Cup games, Stratford routers were in the preponderance, but they were very quiet until the last period, as Sudbury was leading 2-0 at the end of the first stanza, and 2-1 to commence the last lap. Up to this time the yowls of the northern wolves were quite prominent on the sidelines. Carson, who broke a skate in the early part of the first period, and was well liked by the crowd, was the only player to be flamed during the intermission, but he rebounded second like a seal. With Miller on the sidelines, Carson used both as a winfielder and beat McCall for a goal of first score, and the period ended 1-0 in favor of the Midgets. New blades in the last period, and with Carson, who played over the Sudbury outfit, the Midgets were able to score on a pass from Carson, and repeat in the same manner two minutes later, while Croutier was on the ice. Carson, from left wing, put the game on a new basis, and the men of the north were not dangerous afterwards. Gladys Robinson, fresh from her triumph in the Ontario and Chicago, was the world at speed skating, gave an excuse for the Midgets' first intermission, and Robinson, the former Midgets' player, who shot it thru a net of legs into the corner of the net.

Shots of the Toronto players in action were also taken, and the finished product will be shown in Toronto shortly. As to the game, it was decided in the second inning, when the Leafs splashed five hits, including a double by Lavin with the bases full, and aided by the bad fielding of Shortstop Morrow, who messed up five chances, tallied seven runs. Woodgate and Potune had the soldiers baffled in the periods, but the Leafs, who only batted for four hits, yielding three runs. Another double-header was staged in the Toronto Officers' Garrison Indoor Baseball League at the Armories Saturday on Saturday, at which a large number of the members were present. The financial statement showed that the club had had a very successful year and that the membership was at the limit of 500. A very active season is anticipated at the Canadian Lawn Tennis championships to be held on the club's grounds during the summer, and immediately following this event the Davis Cup elimination contests between the six leading Canadian players will take place. On the showing made in these games the Davis Cup committee will select Canada's team to meet the Australians. The following were elected directors for the year: H. C. Boulton, president; C. H. Anderson, secretary-treasurer; C. D. Henderson, H. Bickle, W. H. Holden, W. G. Davidson, T. H. Hall, P. H. Jones, J. M. Straker and D. Dixon.

DOHERTY CONFIDENT EMBARGO WILL GO

Earl Denbigh, Slates Lord Beaverbrook for Stand on Question.

London, March 20.—Hon. Manning Doherty, Ontario minister of agriculture, when leaving Liverpool for Canada today said it was practically certain the embargo on the importation of Canadian cattle into Great Britain would be removed probably soon after the imperial conference in June.

Meantime the effects of the dispute are extending. It is now learned that Earl Denbigh, a staunch practical supporter of the board of agriculture, has declared his hostility to Lord Beaverbrook's anti-embargo campaign by resigning his trusteeship for the debenture holders in his lordship's paper, The Daily Express.

In a letter to Lord Beaverbrook he expresses great indignation at the importance of agriculture, but "parent ignorance of agricultural conditions only equalled by deliberate misstatement of the main arguments against the repeal of the embargo."

The letter denounces the action of The Daily Express in the Dudley by which a seat was lost to the government and Sir Arthur Griffith-Boscawen, minister of agriculture, defeated, as a dishonest press stunt, and describes as a scandalous untruth Lord Beaverbrook's own statement that the supporters of the embargo are "a bastard combination of landlords and big breeders."

"As I am ashamed of the part played by your press and still continued by you, I prefer not to have any further official or pecuniary connection with it."

NOR SEX, NOR AGE SPARED BY REDS

(Continued From Page 1). Forces were repeatedly betrayed by inhabitants sympathizing with the Bolsheviks, and small bodies of rebels were fired on and mowed down by machine guns in the hands of local communists. The garrison was not strong enough to rush these forces of communists and banditry to repulse attacks from the outside.

No Quarter Given. Everyone, old or young, man or woman, with or without weapons, who got in the way of the hunt by the Bolsheviks was killed immediately, the refugees assert, no quarter being asked and none given.

The town of Kronstadt suffered severely. At the beginning of the retreat by the insurgents thousands of big fires were burning in five places.

The stream of refugees from Kronstadt has ceased, according to reports received from Terioki, on the Finnish frontier, at four o'clock this afternoon. Only a few men arrived this morning after an adventurous night, clad in white and with badly wounded hands sustained in creeping for miles along the ice in order to escape detection by the many Bolshevik patrols. The Bolsheviks, the refugees say, have established a circular chain of sentries and sentries around Kronstadt, through which it is impossible to break.

Will Be Heavy Burden. Finland will have great difficulty in feeding the hungry refugees, as normally she must import more than two-thirds of the grain and flour consumed. With exchange rates so favorable, keeping some 15,000 destitute refugees indefinitely will be a heavy burden. The Finnish press, in opposing care of the refugees by the government, urges that it is an international affair and that the League of Nations or some of the great powers should intervene.

Restoring Normal Life. London, March 20.—A Moscow wireless despatch, briefly describing the recapture of Kronstadt from the insurgents, says the town, the forts and the fleet again are in the hands of the Soviet power. The report adds that normal life is being restored in Kronstadt and passenger traffic is gradually being restored on the railways to Petrograd and points on the Baltic.

AMBUSH OCCURRED DURING SEARCH

(Continued From Page 1). attacked by five hundred armed Irish men, who were concealed in the thick woods. The search party, which was composed of other forces arrived, when the Sinn Fein began to retreat.

Passengers on the Cork and Brandon Railway line witnessed a thrilling pursuit, in which many of the civilians were seen to fall, the remainder being put to flight.

Crowds today gazed curiously at a man chained to the railing of the cathedral in Marlborough street here, until the police ordered to liberate him.

Three bombs were thrown at a military force here Saturday night, two of which exploded, killing two soldiers and wounding six others, including the officer. The remaining soldiers fired, wounding three of the attacking party.

Curfew Hour Advanced. From Monday night on the curfew has been fixed from 8 p.m. until 5 a.m.

The advancement of the curfew hour, which was due to yesterday's ambush, affects the whole of the Dublin area, except the coast townships.

The archbishop of Tuam, in a letter to the parish priest in Clifden, condemning the shooting of policemen there as a reprisal of the Mounjoy executions and the failure to obey his call for a cessation of executions by the republican forces, says: "I must give my people moral guidance, even if corrupt politicians turn gospel teachings to bad ends."

The archbishop repeats his appeal for a truce and urges the government on the stronger side, to call a truce and initiate peace negotiations.

Further Outrages. Captain Atkinson, an Ulster barrister, who acted as judge in a number of recent Dublin courts-martial, was attacked in his home Saturday night by three armed men. He was wounded.

John Sheehan, a former attendant at the Cork lunatic asylum, was shot dead at Cork last night. He had been suspected of giving information last December, on the occasion of the arrest of a girl wearing steel armor, concerning a Sinn Fein arsenal. This was the second time sheehan had been attacked. He received several wounds when the first attempt was made.

Cork, March 20.—A police patrol, consisting of a sergeant and seven constables, was attacked by a band of armed men near Passage West, County Cork, tonight. Two constables were wounded and later sent to a hospital. The casualties of the attacking party are unknown.

Faction Fight in Belfast. Belfast, March 20.—Serious faction fighting took place here today in York street, which last August was the scene of fierce rioting. There was much revolver firing and two men were seriously wounded. Similar disturbances here and at Londonderry Saturday night, were stopped only by the intervention of the curfew.

Montreal, March 20.—(By Canadian Press.)—According to present expectations of the directors of the Dominion Steel Corporation, the Nova Scotia Steel and Coal Company, and the Halifax Shipyards are to be consolidated, will be definitely effected early in April.

Following a meeting of the executive committee of the Dominion steel corporation, to be held here tomorrow morning, there will take place in the afternoon a gathering of the full board of directors, at which the date of the special meeting of shareholders of the company will be set and the formal notice of the proposal officially passed upon. A consolidated balance sheet of the three concerns to be consolidated, under the name-style of the British Empire Steel Corporation, will be forwarded to a shareholders' meeting, together with terms on which the deal will be exchanged. In the deal will be exchanged into those of the new corporation.
