OCCUPATION OF GERMAN TERRITORY IS QUIETLY EFFECTED

Attorney-General Raney Overridden When He Tries to Apply "Silencer"

Deficit in the Railway Estimates Much Smaller Than First Appears

PETROGRAD REBELS ARE NOW PREPARING TO MARCH ON CITY

Despatch Says They Are Victorious and Minor Forts Silenced.

PROCLAMATION ISSUED

London, March 8.—The Petrograd workmen are revolting against forced mobilization and have attacked the Soviet troops, says a Helmsingford despatch to The London Times. The Soviets, after street fighting, took possession of the greater part of the city.
The revolutionary leader, Kozlovski, is completely victorious, the despatch adds, the artillery having silenced the minor forts and is preparing to march on Petrograd. He has issued a proclamation to the effect that he is in a hurry to save the population from the oppression of a tyrannical clique.
The Krasnoy Gorko fortress is directing its fire against the Moscow-Petrograd railway line, says a despatch to the Central News from Helmsingford.
A wireless message from Moscow today says the food and fuel situation in Kronstadt is hopeless and that dissolution among the insurgents is increasing hourly. The conflict between the rebels and those desiring to negotiate with Finland for assistance is becoming more acute, the message asserts, and deserters from the insurgents state the latter have not the least hope of being able to resist. The leaders of the rebels are taking the severest measures to prevent the sailors deserting to the Soviet army from Kronstadt, according to the message.
Joined Revolutionaries.
Kronstadt, March 8.—The fortress of Krasnoy Gorko, which is reported to have joined the revolutionaries, was taken over by the Soviet government to quell the Kronstadt uprising. The Soviet had threatened to blow up Kronstadt from Krasnoy Gorko if the rebels in Kronstadt did not surrender.

Bolesheviks Repulsed.
London, March 8.—Reuters Helmsingford correspondent says it is reliably reported that the Bolsheviks attacked Kronstadt this morning, but were repulsed with heavy losses. The bombardment continued throughout the morning. The gun flashes of the Systerbark batteries shelling Kronstadt were plainly visible at Terokki during the night.
Finnish troops are massing on the frontier.

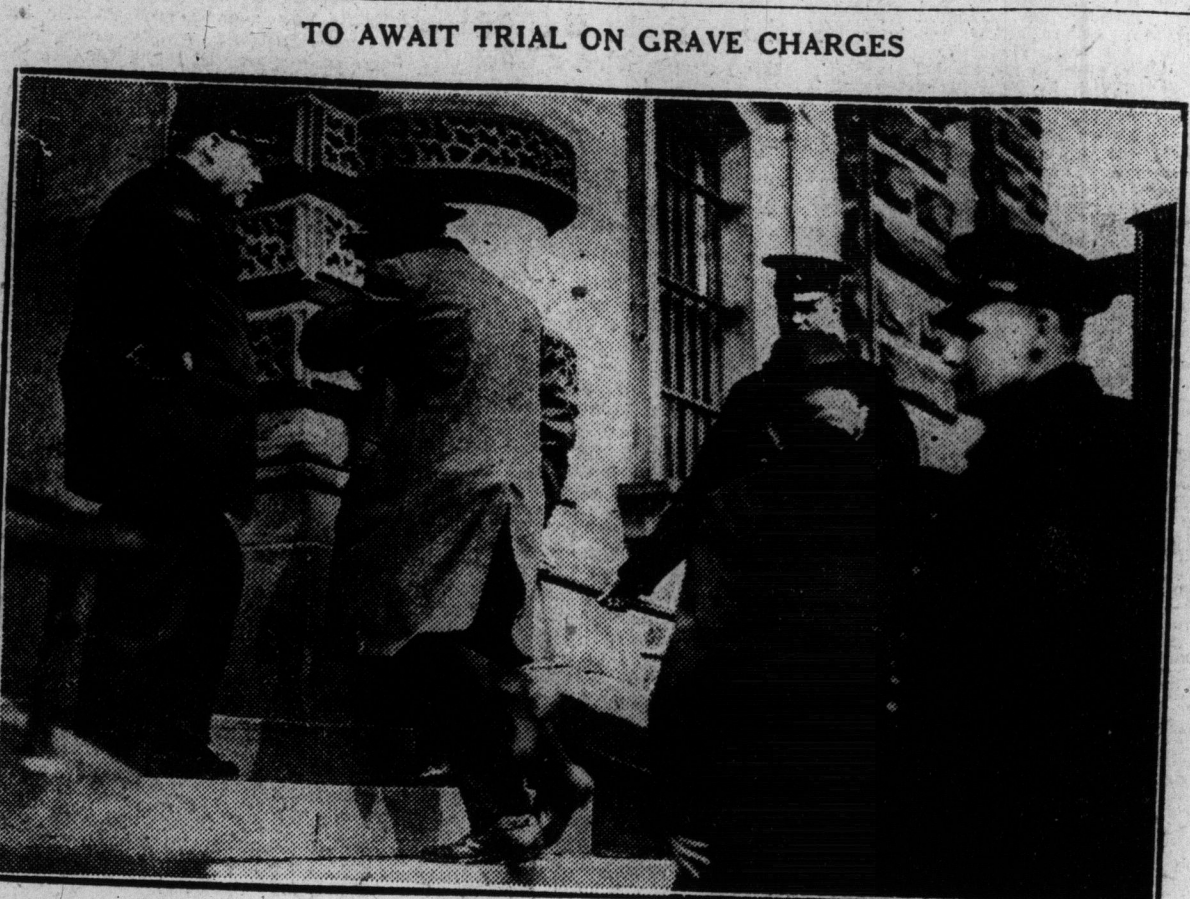

DOHERTY SPEAKS AGAINST EMBARGO

Ontario Minister Says He Appears Merely as Private Citizen.

London, March 8.—About 700 of an audience attended tonight's meeting here called to protest against the embargo on the exportation of Canadian cattle. Lord Beaverbrook presided and spoke from a platform covered the now familiar argument against the embargo were delivered by Arthur Henderson, the Labor leader; Commander Kenworthy, James Wilson, the Laborite who has just defeated Sir Arthur Griffiths-Boscawen, minister of agriculture, at Dudley; Hon. Manning H. Doherty, Ontario minister of agriculture, who made special reference to London newspaper attacks on him in regard to his attitude on the embargo.
"I fear my presence here tonight may be misunderstood. Let me point emphatically that I am not here with the idea of dictating or even advising the people or the government here. I want to nail down that lie, I feel I have right to bring the facts to your attention here."
Mr. Doherty proceeded to prove that Canada possessed a clear bill of health from 30 years of official records and denied the charge of disease as one of the most unmitigated falsehoods ever promulgated.
(Continued on Page 4, Column 4.)

ENTHUSIASTIC WELCOME FOR PRINCE AT GLASGOW

Glasgow, March 8.—The Prince of Wales, who is visiting Glasgow, today was accorded an enthusiastic reception.
During the day there was a parade of unemployed, who carried banners with such mottoes as, "We want the 12th pence" and "The prince has ruined our dinner. We have no option." The inscription referred to the public dinner in his honor owing to council to the expenditure of funds for such a function.

The World staff photographer was able to get the above picture of the men accused of participation in a series of recent crimes in Toronto, including the murder of Druggist L. C. Sabine, ascending the steps of Toronto jail, closely watched by the police, after appearing in the police court. They will appear again in court on March 15.

RANEY CAUSES SCENE TRYING TO PREVENT REPLY TO QUESTION

The Attorney-General Fought Hard to Prevent Minister of Lands and Forests Giving Information to House, But Speaker Orders Latter to Make It Public—Had a Lively Verbal Combat.

There was a clash in the legislature yesterday afternoon in which the Speaker, attorney-general, and Conservative Leader Ferguson were all concerned. It was exciting while it lasted, and occurred when the Conservative leader asked if Hon. Beniah Bowman was now prepared to answer a question previously asked. If the government had conducted a survey of the logs and mill cut for the purpose of ascertaining the amount of over-run or increase shown in the actual amount of lumber cut from the logs over the Doyle rule of measurement. The minister said he had not the answer to the question had been secured but had not been verified, consequently he did not think it should be made public at the present time. Later, Mr. Bowman entered the chamber and Conservative leader repeated his request for an answer.

Scale Not Sworn To.
The minister said he had the result of a scale, which he admitted had been made, but because it was not sworn to he did not think he should make it known. Then the fireworks started. The attorney-general, who took the same view as Hon. Mr. Bowman, rose to support that gentleman's contention but had only spoken a few words when Hon. Mr. Ferguson, who had the question should be answered. He protested that an effort was being made to keep the matter secret.

Amount of Deficit.
The Canadian Northern part of the National Railway System ran behind in working expenses last year about \$5,000,000. Fixed charges, however, had to be met. The combined deficit on the National Transcontinental and Intercolonial are estimated at \$7,000,000. The big loss has been and will be on the Grand Trunk Pacific, which has not yet been taken over by the government, but is operated by it.
(Continued on Page 8, Column 1.)

DEFICIT ON RAILWAYS IS UNDER \$50,000,000

Is About the Same Under Government Ownership as Last Year, Tho Wages and Prices Have Risen—Liberal Predictions Shown to Be Foundationless.

BY TOM KING.
Ottawa, March 8.—The railway situation came to the front this afternoon with a bump when Sir Henry Dwyer laid the estimates for the coming fiscal year upon the table of the house. Copies were at once distributed, and every member turned to the railway estimates, which appeared to be starting in a promising way. The government was asking for votes aggregating \$178,000,000. This, of course, did not mean that the railway deficit amounted to anything. Indeed, the deficit in the operation of the Canadian National Railway System including the Grand Trunk Pacific, but slightly exceeds the deficit for the preceding year, a remarkable record in view of the fact that the past year has been one of the worst ever encountered by railway companies all over the continent. Operating expenses, especially wages, increased enormously. Higher rates, it is true, were allowed, but these only became effective in Canada September first, while the raise in wages were retroactive to May first. The increase in rates was also tol-

TO AWAIT TRIAL ON GRAVE CHARGES

The World staff photographer was able to get the above picture of the men accused of participation in a series of recent crimes in Toronto, including the murder of Druggist L. C. Sabine, ascending the steps of Toronto jail, closely watched by the police, after appearing in the police court. They will appear again in court on March 15.

HOUSE WILL PROBE CHARGES OF BRIBERY FREQUENTLY MADE

Committee on Privileges and Elections Has Been Summoned.

To vindicate its honor the privileges and election committee of the legislature has been summoned to investigate the reported statement of ex-Ald. Ashplant of London that members of the house could and might be bribed in connection with the London City Gas Co.'s legislation. The committee at the same time will enquire into the observations attributed to R. W. E. Burnaby, president of the U. P. O. Co-operative Co., A. H. Hicks, the U. P. O. whip in the legislature, and J. J. Taylor, U. P. O. member for North Grey, casting reflections on the integrity of members of the house. The incidents leading up to the decision to hold the enquiry were to say the least of it stormy.

Demands an Inquiry.
Before the orders of the day were reached, Karl Homuth, the vigorous young Labor member for South Waterloo, drew the house's attention to a press report of Ashplant's speech before the city council of London, casting reflections on the legislature, and promptly moved to have him brought before the committee on elections and privileges to tell what he knew or thought he knew.
"And I," added Conservative Leader Ferguson, "have been intending since last summer to ask for an inquiry into the reported utterances of certain gentlemen during the recess." Mr. (Continued on Page 8, Column 3.)

LONDON WILL HAVE CANADIAN CHAMBER

Representative Gathering Decides to Form Commercial Organization.

London, March 8.—A gathering of representatives of Anglo-Canadian banking, commercial and professional interests here resolved to proceed to the formation of a Canadian Chamber of Commerce in London.
The meeting was convened by the agent-general of the Dominion provinces, F. C. Wade, agent-general for British Columbia, who was chairman, explained that the Canadian high commissioner felt unable to participate in the meeting since the proposal apparently meant a subsidy from the Dominion government.
One speaker of the idea was good. As long as the chamber did not generate into a mutual admiration society but informed the people of Canada, it felt unable to produce goods in a style really saleable here.
The chairman announced that the Canadian Manufacturers' Association had already promised financial help, and the Dominion government had expressed itself as favorable to the proposal. The meeting was also attended by F. Kelway, minister of overseas trade, who regretted that Great Britain did not enjoy a larger share of Canadian business.

ESTIMATES REDUCED BY \$31,000,000 Tabled in House

Million Dollars Is Allotted for Work in Toronto Harbor.

OTHER EXPENDITURES

BY TOM KING.
Ottawa, March 8.—The main estimates for the fiscal year ending March 31, 1922, laid upon the table of the house today, showed only a decrease of \$31,000,000 when compared with the combined main and supplementary estimates of the last session. This appears disappointing in view of the general agreement that all estimates should be cut to the quick. The reduction, however, is more substantial than appears from the figures, because the railway estimates of \$178,000,000 include bookkeeping transactions to the extent of \$38,000,000, involving no payment of money, and they also include what is practically a part of the purchase money for the old Grand Trunk Pacific. The cost of the census of \$1,200,000 is also to be taken into account. Militia expenditure will be reduced by nearly a million dollars, and there is a considerable cut in the appropriation for police.
Naval estimates show an increase of \$350,000 but the vote includes additional cost of \$500,000, cast upon the country by the acceptance of the government of war vessels from the other country. The rapid and satisfactory re-establishment of returned soldiers justifies a cut of \$21,000,000 in the vote for soldiers re-establishment, while \$100,000 less for soldiers' settlement is asked for this year.
(Continued on Page 8, Column 2.)

HOLLAND WATCHING ALLIED OCCUPATION

Claims Germany Can Ship All She Wants by Rail Into Netherlands.

The Hague, March 8.—The Dutch government, as much of Holland's commercial prosperity depends on the Rhine district, is watching closely any effort the allied occupation of the region or the proposed customs collections will have on Dutch trade.
While losses may be incurred through the Rhine trade, Dutch officials take the view that nothing can prevent Germany sending as much merchandise as she pleases direct into Holland over the railway roads, which are expected to handle it to their capacity.
The Dutch evening newspapers generally are unfavorable to the action of the allies. The Haag Nieuwe Courant says the occupation of Duesseldorf and the other German cities is a violation of the treaty of Versailles and as a result Germany will undoubtedly will pay less attention to it than ever, while probably the production of coal will decrease enormously.
The Vaterland says the measures certainly do not improve the power of Germany to pay.

Victims of Hold-Ups.
LOOK OVER MEN HELD
Number of Persons Called to Detective Headquarters Yesterday as Sequel to Sensational Round-up, But Little in Way of Positive Identification is Accomplished—Men Arrested Have Bad Police Records.

With a view to linking up the sextet, who were arrested early yesterday morning, with Toronto's recent epidemic of lawlessness, during which L. C. Sabine was murdered in cold blood in his drug store on Harbour street, on Saturday night, last, several persons, victims of hold-up men, were summoned to detective headquarters at the city hall yesterday to try to identify the men under arrest.
George Brown, clerk in the jewelry store of Harry Rousseau, 835 East King street, Hamilton, who was bound and gagged on Monday morning by two armed men, who then made off with a tray of rings and ten lavallieres valued at \$1,000, came to Toronto yesterday afternoon along with his employer to see the men. Brown was able to identify the two men, Conleys and Hotrum as the men who had him up.

Mrs. C. Buchanan, 142 East Adelaide street, whose apartment was entered on Wednesday night last and a quantity of money and gin stolen, was able to identify one of the men, who were arrested early yesterday morning, with Toronto's recent epidemic of lawlessness, during which L. C. Sabine was murdered in cold blood in his drug store on Harbour street, on Saturday night, last, several persons, victims of hold-up men, were summoned to detective headquarters at the city hall yesterday to try to identify the men under arrest.
George Brown, clerk in the jewelry store of Harry Rousseau, 835 East King street, Hamilton, who was bound and gagged on Monday morning by two armed men, who then made off with a tray of rings and ten lavallieres valued at \$1,000, came to Toronto yesterday afternoon along with his employer to see the men. Brown was able to identify the two men, Conleys and Hotrum as the men who had him up.

ALLIED FORCES ENTER CITY OF DUSSELDORF; CITIZENS SURPRISED

Britain's Contribution To Occupation Forces

London, March 8.—Great Britain's contribution to the forces of occupation along the Rhine at present is to be confined to cavalry, tanks and a small flotilla of boats, in addition to a small complement of infantry. It is officially announced that no troops will be sent from Britain to the Rhine.
Dusseldorf, March 8.—French and British airplanes flew over Dusseldorf this afternoon, while allied troops with machine guns were taking positions on the bridges and roads and in the important factories. The inhabitants of the city had not been prepared by the newspapers for the additional German territory and were surprised this morning at the sight of Rhine boats mooring northward of the city, loaded with troops and war materials.
British tanks and cavalry landed to the north and French artillery and engineers landed to the south of the city. The Anglo-French forces massed around Dusseldorf, while Belgian infantry, which had concentrated yesterday at Crefeld, crossed the bridge into the centre of the city.
The allied quartermasters have asked the mayor to give them possession of certain schools, besides the barracks and railway station, which have not yet been occupied.
Traffic with Oberhausen on the Rhine has stopped, and telephonic communication with the town has been interrupted.
The administration of the newly-occupied territory will be the same as is at present applied in the Rhine-land. German officials and employees will carry on affairs according to the general control of the allied troops, commanded at Dusseldorf by the (Continued on Page 2, Column 2.)

SPANISH PREMIER IS SHOT TO DEATH IN HIS MOTOR CAR

Is Attacked by Several Persons While on Way From Chamber.

Madrid, March 8.—Premier Dato was assassinated this evening while returning from the chamber in a motor car. He was attacked by several persons who fired a number of shots.
Eduardo Dato was recognized as one of the most conservative of the conservatives in Spain. He became leader of the Liberal-Conservative party, the strongest political group in both the senate and the house of representatives after the disappearance of Canovas. Never a friend of the working classes, and opposed to all reforms, Dato acquired the height of his reputation for sternness in August, 1917, when he suppressed with the utmost energy the workers' movement.
Senator Dato had held the seat in parliament for Victoria, capital of the province of Alva, ever since his entry into parliament. On several occasions he was speaker of the house. Besides holding portfolios in various cabinets he was the prime minister a number of times. Although apparently of gentle temperament, Dato possessed a will of iron and never hesitated to subject with anyone once he had made up his mind on it.
Dato was born in La Coruna, August 12, 1858, and studied law. He passed his final examinations at the age of 19. When he entered politics he pushed rapidly to the front, becoming secretary of state for the interior in 1891 and minister of the same department in 1899. During his occupation of the ministry of the interior he secured the passage of laws regulating workers' insurance and the hours of labor for women.
In 1903 Dato became minister of justice, and in 1907 he was nominated Speaker of the house of representatives and also became mayor of Madrid. He was first chosen premier in 1914 and followed this with a second term in 1917. In 1918 he held the portfolio of secretary of state for foreign affairs. Dato was married in his early youth and was the father of three children. Dato's sympathies throughout his career were on the side of the allies. Recently there had been considerable agitation for the formation of a coalition government in Spain to replace Dato's cabinet.

Both shootings took place in a section known as "Death Valley," in the nineteenth ward, and were ascribed by the police to the feud between the Povers' faction and that of Anthony D'Andrea, who was defeated by powers for alderman last month.
The election campaign was marked by great bitterness and violence, including bombing of a political meeting and several kidnappings on election day.
URGE FEDERATION OF BRITISH WEST INDIES
Kingston, Jamaica, March 8.—A majority of Jamaicans are not in favor of the suggested sale of the island to the United States. As a counter-blast, a resolution was introduced in the legislature today, urging confederation of the entire group of the British West Indies, with a uniform tariff.

STRIKE OF WORKLESS FAIRS

Vancouver, March 8.—The strike of Vancouver's unemployed to force a higher wage for emergency relief work and elimination of rock-breaking proved unsuccessful. Although only one work reported for work today there was a huge crowd on hand to offer their services.

SMALL, BUT ALL THERE.
World readers who have not noticed the importance of the morning vote in the house of commons, and again, yesterday morning, they were the only people who read of the arrest of the bandits supposed to be implicated in many robberies and the murder of the Harbord street druggist.

The World is a small paper, specially made up to accommodate busy readers. All the news is boiled down and edited for people who have not much time to spend on newspapers, but it is all there, and that is the important thing.
