British Recover Most Of Ground They Lost In Bullecourt Village

Heavy Fighting North of Scarpe River is Reported—Powerful Attack Upon French But Latter Hold All Positions

London, May 16.—The British have recaptured most of the ground they had lost in Bullecourt and have established a new position on the west side of the village, says a despatch today from Reuter's correspondent at British headquarters.

HEAVY ATTACK ON FRENCH Paris, May 16.—A violent battle is raging near Moulou de Laffaux on the French front, where the Germans have attacked in force after an artillery struggle which lasted throughout the night. The official statement of the war office says the French are maintaining all their positions.

SEVERE FIGHTING London, May 16.—Severe fighting is in progress today north of the Scarpe River on the Arras battlefield, says today's official statement on operations in the Mesopotamia theatre.

IN MESOPOTAMIA London, May 16.—The British campaign in Mesopotamia, where a series of important victories over the Turks have been won, is now almost at a standstill.

The following official report from the Mesopotamian front was issued today:—

Though no important operations have occurred since the beginning of the month, we have secured 136 prisoners, including twenty-nine in a skirmish near Deli Abbas.

DETAILED STATEMENT London, May 16.—The British official report says:—

"Fighting continued yesterday to our advantage in the western portion of Bullecourt. We captured a few prisoners in the course of a small encounter last night on the right of our position in the Hindenburg line east of the village. Severe fighting is in progress north of the Scarpe."

Paris, May 16.—The French statement follows:—

"Artillery fighting continued during the night. After a violent bombardment the enemy this morning delivered a powerful attack on a front of four kilometers in the region of Moulou de Laffaux. We maintained our positions in spite of his repeated efforts. The fighting continued at various points."

"Surprise attacks undertaken by the Germans in the regions of Aubervicourt, Arrécourt and Barenkopf were broken by our fire."

"In Upper Alsace one of our light detachments penetrated the enemy trenches and brought back prisoners, after having wrecked defensive positions of the enemy."

A BRITISH ADMIRALTY STATEMENT OF MAY 14 STATED THAT THE L. 22 HAD BEEN SHOT DOWN IN THE NORTH SEA.

Another Honor for Balfour Richmond, Virginia, May 16.—Arthur James Balfour and twelve other members of the British war commission will be initiated as members of the Phi Beta Kappa, the oldest scholastic honorary fraternity in America.

GERMANS ADMIT LOSS OF ZEPPELIN Amsterdam, May 16, via London.—The loss of the Zeppelin L. 22 is officially admitted in a statement issued by the German admiralty.

A British admiralty statement of May 14 stated that the L. 22 had been shot down in the North Sea.

LOYALIST DAY In honor of the anniversary of the landing of the Loyalists, who first set foot in St. John on May 18, 1784, there will be a band concert of patriotic music in King square on Friday, Lieut.-Col. Gillis, O.C., the 21st battalion, has offered the services of his battalion's band for the occasion and the band will play from the elevated stand in the square from 11.30 to 12.15, noon on that day.

NEW POLICEMAN Owing to the resignation of Policeman E. F. Lund from the local force a new man was taken on this morning by the person of Henry E. Day of this city. The new policeman stands five feet ten and one-half inches, weighs 170 pounds and is twenty-six years of age.

ITALIANS ARE WINNING IN FACE OF STIFF OPPOSITION Rome, May 15, via Paris, May 16.—Important successes were won by the Italians today in inaugurating their drive on the Isonzo front. The following official note in regard to these operations was given out here tonight:—

"The offensive action now being developed on the Julian front, which was announced in today's statement, was preceded by vast infantry and methodical artillery preparation. Fire was opened on the morning of May 12 along the whole line from Tolmino to the sea. It was maintained with a regularly quickening rhythm until the morning of May 14, when it was intensified to a powerful drumbeat."

"During the first part of the bombardment the enemy reacted but feebly. It seemed as though the Austrians had been taken by surprise, but their reply was more vigorous on May 13 and extremely violent on the morning of the 14th. The Austrian batteries then opened a heavy curtain of fire, pouring thousands of projectiles on the trenches in the Italian line."

"Underlined by this tempest of fire, the Italian infantry towards noon leaped over the parapets and dashed resolutely forward toward the objectives previously assigned. These positions were almost all difficult ones and some of them hitherto had been regarded as impregnable, such for instance as the heights on the left bank of the Isonzo from Plava to Salsano pass. The steep slopes covered with rocks and dotted here and there with thick clumps of brush constituted a formidable obstacle to an infantry advance. Successive lines of trenches prepared months ago above deep caverns well supplied with defensive and offensive material were defended by assault troops and protected by batteries placed so as to flank attackers with their fire."

"Notwithstanding these conditions, the Italian infantry advanced and still continues to advance. Valuable positions have been won and prisoners are flowing into our concentration camps."

"Our aviators co-operated with great effect by bold and ceaseless reconnaissance, by skillful regulation of the artillery fire and bombardment of depots and convoys and by brilliant combats with Austrian airplanes."

Call On Government To Act In Food Matter

Winnipeg, May 16.—That the federal government should take immediate steps toward mobilizing the food supplies of the dominion and establishing central control, and that the cold storage situation should be rectified by providing government plants and government abattoirs, was the substance of a resolution passed by the city council last night.

WILSON WANTS GRIP AT ONCE ON MATTER OF PRICE OF FOOD

Washington, May 16.—Members of the senate and house agriculture committees today reported to their colleagues that President Wilson is unusually anxious for early passage of legislation to stop speculation in foods and regulate production and distribution. The food situation ranks second only to the army and navy in importance for the war, so the president is anxious to see the matter handled as soon as possible for a general peace without annexations or indemnities on the basis of the right of nations to work out their own destinies. The provisional government was unable to agree to such a principle, because it did not consider possible any renunciation of its principles set forth in its proclamation of April 28th.

The provisional government further thinks it necessary to confirm the unity of all allied fronts and insists on an energetic struggle against anarchy. To the financial and economic reforms mentioned by the council the government raises no objections regarding it as part of its task to realize such reforms. The executive committee of the Paris peace conference has approved this decision of the government.

MAY WEDDINGS Moore-Corbet.

St. David's Presbyterian church was the scene of an interesting event at five o'clock last evening, when Sergeant Charles Moore, M. C. of the 20th New Brunswick overseas battalion, was united in marriage to Miss Elizabeth Graham Corbet, daughter of George Corbet of this city. Miss Corbet, who was given in marriage by her father, was the bride and the wedding was a quiet one on account of a recent bereavement in the family. The ceremony was presided over by Rev. J. A. McKean in the presence of a gathering which filled the church.

Sergeant Moore is a native of England, who was engaged in ranching in the west before the war. When war broke out he came across to the city schools at 26th Lanark and Renfrew (including former St. John's, 26th from Winnipeg, Ontario County; 26th, Toronto Irish 24th, Montreal. Drafts—Field artillery from Victoria and Halifax.

Credited, Dental Corps, Naval flight lieutenants and Royal Flying Corps of lieutenants.

MONKTON SOLDIER DIES OF WOUNDS Moncton, N. B., May 16.—Private Bertram H. Hoey, who has succumbed to wounds, was a son of William Hoey, who was a retired L.C.M. engineer. Private Hoey enlisted in 1915. His father a few months ago lost his leg in an accident in the Moncton yard.

POLES DEMAND A KING. Amsterdam, via London, May 16.—Warsaw telegrams say that the local press is eagerly discussing the question of the accession of a Polish king. They demand that the question be settled as soon as possible, as the state cannot be conducted properly without either king or regent.

The radical press is equally insistent on the declaration of a Polish republic. Berlin and Vienna are reported to be in a deadlock over the subject.

BOY IN COURT In the juvenile court this morning a thirteen-year-old boy was charged with theft of \$10 from Mrs. Samuel Woods in Paradise row. The lad, after consulting his mother, who was in court, pleaded guilty. The magistrate said that the mother would have to consult with his father when he returned from work this evening, and that all the expenses borne by Detective Briggs in telephone messages and the loss sustained by Mrs. Woods would have to be made good before the lad would be allowed to go. The boy was arrested at Vaneboro by the authorities there. He had a ticket for Montreal, and was going to his sister, who resides there. The magistrate remarked that railroad people should not sell tickets to minors.

CLEAN-UP CAMPAIGN The clean-up campaign being waged by the public works department is today centred in the district lying between King street and City road. Reports to Commissioner Fisher indicate that less material is being offered by the citizens than last year. While the department had been expecting to remove more refuse, Commissioner Fisher said that their efforts have at least given the citizens an opportunity to get rid of rubbish and will make it impossible for householders to offer that excuse if the board of health gets after them.

RAIN. Maritime—Presh winds, mostly cloudy and cool today and on Thursday, with local rains. New England—Partly cloudy tonight and Thursday, warmer on the mainland, moderate west winds, becoming variable.

Russian Trouble Has Effect Of Checking Our Drive In West

Hindenberg Able To Throw Many More Troops Into Defence—Anarchy in Russia and Revolution or Republic in Germany Coming?

The demoralization of the Russian army and the consequent withdrawal of German forces from the eastern front are having their effect in France. The heavy reinforcements of men and guns which Field Marshal Von Hindenberg has been able to throw into the defense of his sorely battered lines have for the time being at least, caused a deadlock which the most furious efforts of the British and French have failed to break.

The first fruits of the chaos in Russia are the more ominous in the hints that they offer as to future possibilities. The council of soldiers' and workmen's delegates seems to have aroused at last to the peril it has elected to follow but it is a question if its awakening has not come too late. The soldiers in the ranks evidently have the bit in their teeth and it remains to be seen if there is a hand strong enough to check them from bringing about practical anarchy.

The hopeful side of the picture shows multiplying signs that the political and economic crisis in Germany is acute as ever. The extraordinary action taken by the German censorship to prevent the outside world from learning conditions in the empire has been largely successful but some facts could not be concealed. Possibly for the first time in history revolution and a German republic has been openly talked about in the Reichstag and, most significant of all, apparently the authorities do not dare to check the growing audacity of the radicals. In fact, the pressure of the malcontents has become so great as to force the government to withdraw hastily its refusal to permit radical socialist delegates to attend the international socialist conference in Stockholm.

The food situation in Germany also appears to be growing steadily worse and alarm is expressed in various quarters that the available supply will not suffice to feed the nation until the next harvest. The effective promises which the administration checked the May Day strike agitation have proved hollow and there are complaints that the attempt to substitute meat for bread is seriously diminishing the country's stock of milk animals.

COMMENT ON SPEECH OF GERMAN CHANCELLOR London sees That He is Inaugurating for Russia—Refuses to Appear at War Aims

London, May 16.—Only three or four morning papers comment on the speech of Chancellor Von Bethmann-Hollweg in the Reichstag yesterday. The general tenor of the comment is that the chancellor's words have strengthened the flatter Russian idealists without deterring them from their hope of annexation.

It is noted that the German chancellor's declaration of complete agreement with the army chiefs was greeted with special enthusiasm.

The Russian revolutionists are in danger of falling into the German trap and it is urged that Great Britain, France and America should send their ablest socialist speakers and thinkers to Russia to help and guide those who are trying to construct the new government.

Not Flattering. Amsterdam, May 16, via London.—The Nieuwa Van Der Tag regrets that Chancellor Von Bethmann-Hollweg's speech has not cleared the obscurity in regard to Germany's war aims. It says that the chancellor's words have strengthened his own hands and must be equivalent to an admission of defeat.

Berlin, May 16.—In the Reichstag today, the chancellor bluntly refused to enter into a discussion of Germany's war aims. He asserted that these called for the government's specific peace programme, the announcement of which at present would not only be premature but would be difficult to formulate, and also of no practical service to the nation in the present situation.

He virtually made a peace offer to Russia, saying that if Russia renounces her aims of conquest, Germany would not prevent a permanent friendship by making impossible demands.

RUSSIAN MINISTER OF WAR GIVES UP POST Petrograd, May 16.—Paul N. Milukoff, minister of foreign affairs, has resigned, leaving the cabinet altogether. Mr. Tereschenko, minister of finance, has been appointed foreign minister and A. A. Kerensky, previously minister of justice, has been named minister of war and marine.

SIX KILLED IN EXPLOSION Sautee Ste. Marie, Mich., May 16.—Six men were killed and several others seriously injured in an explosion this forenoon at the end of the Fort Brady pier. Most of the victims were laborers. It is believed dynamite stored under the dock exploded.

THE KILLIES It is said in military circles that the 25th New Brunswick Killies Battalion will be detained at Fredericton for some weeks.

SMUTS IS GUEST OF LORDS AND COMMONS

Viscount French Presides at Banquet—Former Boer Leader's Words as to Future

London, May 16 (via Reuter's Ottawa Agency).—Lieut. Gen. Smuts, minister of defense for South Africa, and representative of the union at the imperial war conference, was the guest of the House of Lords and the Commons at a banquet in the Royal Gallery, vacant French president.

General Smuts said that the spirit of comradeship on the battlefields of Europe would be more powerful than any instrument of government they could erect. Our commonwealth would go to pieces if its world-wide communications were not maintained. Germans, during the last three years, had settled everywhere. The day would have come when the empire would have been jeopardized by the cutting of these communications. Now the world outside of Europe had been cleared of the enemy and we were almost providentially brought to the position that we could consider the future problem as a whole.

General Smuts said he hoped when the time for settlement came we would remember not merely central Europe, but the whole British Empire. He did not wish the empire to have fought in vain.

"We have not fought for material gain nor for territory," said General Smuts, "but for future security."

CALLS ON GERMANY TO PREVENT OUTRAGES BY TURKS IN PALESTINE London, May 16.—An Amsterdam dispatch to the Times says that Deputy Cohn, an independent socialist, asked Chancellor Von Bethmann-Hollweg in the Reichstag if he was prepared to exert influence on the Turkish government to prevent, as far as was still possible, a repetition of the Armenian atrocities in Palestine.

Deputy Cohn said that Djemal Pasha, commander of the Turkish forces in Syria, at the end of March had ordered all Jews, including German, Austro-Hungarian and Bulgarian subjects, to be removed from Jaffa and its neighborhood. Djemal Pasha said military considerations required this, although Deputy Cohn said his German chief of staff said it was unnecessary. The expelled Jews were reported to have been subjected, under the eyes of the Turkish authorities, to violence and robbery, many being killed. The Turks also did nothing toward feeding the fugitives.

Deputy Cohn asked that Germany would incur a great moral responsibility if she took no action.

Good Things Coming

Theatres of St. John

EXCELLENT SHOW AT THE OPERA HOUSE
Tonight would be a good time to see that excellent vaudeville show at the Opera House, one of the best variety programmes that has been offered since the long time since such a clever novelty as "The Newmans" offer, in sensational feats on the bicycle and unicycle, has been seen on a local stage. Myrtle, Jess and Art are past masters on the bicycle and the "sweet prettiness" or rather eccentricity, Davis Bros. do some clever pantomimic work and their imitation of a bird courtship is a distinct novelty. The other two acts on the bill are equally good and then there is the 14th chapter of "Crimson Stain Mystery" to add drama and thrill to the programme. Two shows tonight, at 7:30 and 9—every afternoon at 2:30.

MORE NEW AND BIG OFFERINGS AT THE GEM
Helen Clayton and Carlyle Blackwell are at the Gem tonight in "His Brother's Wife," a lively, gripping, home-life story with a sob in it, but a happy ending. It's one of our masterful World-Brady features that have met the highest praise, Al Banna, in a musical act, and Dickens and Floyd, friends from the Bowery, in a comedy character skit will entertain you in vaudeville.

BANK MANAGER DIES SUDDENLY IN FREDERICTON STREET

Frederickton, N. B., May 16.—F. W. Demille, manager of the Fredericton branch of the Bank of Commerce, died suddenly in the street on today while on his way to the bank. He was a native of Halifax, and came here from Waterloo, Ont., two years ago. His wife and two children survive.

MR. REDMOND BACK TO THE COMMONS AGAIN

London, May 16.—John Redmond today made his first appearance in the House of Commons since his illness. He said he had not received the government's proposals for the solution of the Irish question. Chancellor Bonar Law replied that they would be forwarded this afternoon.

TRACK CLEARED

Despite trouble along the line of the Maine Central Railroad, near Vancouver, the Boston as well as the Montreal service in this city on time yesterday noon. The wrecking crews were able to clear the tracks by early this morning, and as a result it was not necessary to transfer the passengers around the wreck as was done yesterday. It is said that the train which ran off the track was not badly damaged so far as the coaches were concerned, but the passenger cars were pretty well demolished. Some St. John people were passengers on the train, but aside from getting a good shaking up and a scare there were no serious results.

HON. MR. HAZEN SPEAKS OF WAR

The Conditions in England—Some Concern Over Russia and Submarines But Britain Will See Thing Through
Ottawa, May 16.—(Montreal Star)—"Every one in England has enough to eat, but the country has come to realize that no food is to be wasted at this time," said Hon. J. D. Hazen today. "The King is setting an example to his people that no wine, beer or spirits of any kind were used in the royal household. The fare at the table has been reduced to simplicity. For instance you cut your own bread. There is the loaf and knife and you eat what you eat. This is done to prevent waste. No toast is allowed because bread once toasted cannot be used again. All heavy meats are cut out of all over England."
Mr. Hazen emphasized the importance and value of the war conference. Lloyd George declared that in peace and war they must be annual, and the imperial cabinet embodied in the machinery of the empire. The minister of marine reaffirms the message that Britain is going to see the thing through. The Russian and submarine situations cause some concern, but have not shaken public confidence.
Mr. Hazen says that the reports about men in uniform drinking are grossly exaggerated. In the Canadian camps he found scarcely any. The closer one gets to the front, the more he is impressed with the admirable spirit. The achievements of the men at Vimy Ridge, he said, won great fame for the Canadians.

GERMANS REMOVE PEOPLE OF MENIN

Amsterdam, May 15, via London.—The Handelsblad says the Germans have evacuated the civil population of the town of Menin, Belgium.
Menin lies on the Franco-Belgian frontier, about eighteen miles inland from Ypres. The town has a population of between 18,000 and 20,000, and before the war had a large cotton, wool and spinning factories.
BRITISH GOVERNMENT TAKES NO ACTION ON LIQUOR TRAFFIC CONTROL
London, May 15.—In the house of commons today Chancellor Bonar Law said the announcement published this morning that the government had taken a definite step in the direction of a control of the liquor traffic by deciding to assume the powers of the provinces was unauthorized and inaccurate account of one of several private interviews with Premier Lloyd George.

BRITISH IMPORTS INCREASE

London, May 15.—The Board of Trade report for April shows that imports increased £2,860,000. Grain, meat and non-durable goods increased £1,000,000 and cotton £2,000,000, but owing to restrictions on the importation of non-durable goods there was a decrease of nearly £4,000,000 in manufactured articles. Exports decreased £1,018,000. The fall-off was mainly in food and manufactures.

BRITAIN CALLS MEN UP TO 50.

London, May 16.—The War Office announces that the voluntary recruiting age will soon be extended to men up to fifty years of age, both single and married.
The announcement expresses the hope that those who come forward will be ready and willing to serve without delay when called upon.

JAIL SENTENCE IN LIQUOR CASE

Moncton, N. B., May 16.—Phillips G. Gane, found guilty of second against the C. T. A., was sentenced today to three months in jail.

SAYS HE OWNS LIQUOR

The case of Alexander Efton was taken up this afternoon in the police court instead of on Saturday as elsewhere reported. Tony Crisp, to whom the proprietor said the confiscated liquor belonged, arrived from Fredericton today and was hastily summoned as a witness. He said that he hired a room in the defendant's house in Main street, at the rate of \$1.25 per week commencing on Monday last. He had purchased the liquor a few days previous to May 1. He admitted owning the case of gin and the bottle of liquor found in the case was still proceeding when going to press.

BY-LAW MATTER

Albert Kindred, of West St. John, was reported in the police court this morning by Policeman Flispatrick for allowing a minor to operate his team. Mr. Kindred said that the boy had taken the horse over to the blacksmith shop and had done so without his knowledge. The explanation was accepted by the court and the case dismissed.

TAKEN ILL

Charles Stewart, colored, was found this morning in an alley off Carmichael street where he had taken ill. Detectives Duncan and McAlain then looked after the man and removed him to his home.

Right now is the time to get acquainted with Arthur Henderson, whose reputation is second to none for good clothes. Ready to wear suits \$15, \$18, \$20 and up. Made to order, \$30 up. Located in my new store up at head of King street, at 104.

EMPRESS OFF ROUTE
Owing to necessary annual repairs, inspection and overhauling, the S. S. Empress will be taken off the St. John-Digby route on Monday, Tuesday and Wednesday, May 21st, 22nd, and 23rd.

On account of prevailing conditions, it has been found impossible to procure a suitable steamer to replace the Empress on these days. The time usually required to complete spring work on the boat is about three weeks, but special arrangements have been made to have the work performed in four weeks.

The travelling public will appreciate the difficult position the Company is placed in, and the means they have taken to overcome the situation with the least possible inconvenience.

TENDER TOES OF AMERICAN WOMEN

Tortured with corns because of high heels, but says corns lit out.

Style decrees that women wear high-heeled footwear, which buckles up the toes, producing painful corns, then many women cut at these pests, which is a most dangerous proceeding, because one is simply inviting infection or an awful death from lockjaw.

For little cost there can be obtained from any pharmacy a harmless drug called sufficient to remove every soft or hard corn or callus from one's feet. A few drops applied directly upon a tender, itching corn relieves the soreness at once and soon the entire corn, root and all, can be lifted right out without pain. It is a sticky substance which dries in a moment and shrivels up the corn without inflicting or even irritating the surrounding tissue or skin.

Here is a good thing, ladies, so pass it along to your sisters in distress.

"Y. M. C. L. LECTURE"
Wednesday evening, May 23, is the date fixed for the lecture by His Rev. Mr. Barnes of Oxford University, Eng., in the Y.M.C.I. Hall, Cliff street. Subject, "Catholic Education." The lecture is open to both ladies and gentlemen, and the admission fee is twenty-five cents.

Tickets can be procured at Dwyer's Book Store, Union street, Mrs. M. A. McGuire's, 106 Prince William street, and Colahan, at the Y.M.C.I.

THE MARKET SQUARE FOUNTAIN

Two citizens were standing at the foot of King street yesterday afternoon when they noticed two soldiers satisfying their thirst by drinking from the fountain in Market square. "The horse fountain is a lot of good in St. John," said one. "There's no doubt of it, but a horse should not be allowed to go to the fountain's drinking place to assuage his thirst." That brought about the proposal to do something with the fountain.

It is conceded that the present location is not a good one. It is in the way of a busy point and particularly with so many people having to stand there awaiting street cars. It would be better to place the fountain in another part of the square, regarded as necessary and it is felt the common council should act in the matter at once, also providing sanitary drinking equipment for the people.

How Glasses Preserve Sight
Good sight is largely mechanical. Light rays must strike the retina exactly right or vision cannot be clear. Nature gets the focus by muscular action.

Often the muscles are under continuous strain, which is harmful to eyes, sight and health. Properly fitted glasses remove this strain and preserve good vision.

Headache, nervousness, frowning, tired eyes, are symptoms of strain. If you are bothered in this way, consult us about your eyes.

Bottom Is Out Of Wheat Market

Chicago, May 16.—There seemed to be no bottom today to the wheat market. Lack of support was so evident that prices made almost a sheer descent of nineteen cents a bushel.

Opening prices, which ranged from two to fifteen cents lower, with July at 2.35 to 2.40 and September at 2.06 to 2.13 were followed by setbacks respectively to 2.25 and 2.20 with only transient intervening rallies of one to two cents. Before the first hour of the session ended, September wheat broke still further dropping below 2.00 and settling at 1.98, an overnight fall of twenty-three cents a bushel.

THE BAPTIST MINISTERS.

(Maritime Baptist.)
A new joy has entered the parsonage at Wolfville. hearty congratulations are tendered to Pastor Harkness and wife. We had thought of suggesting a name for the new boys, but doubtless such suggestion is unnecessary and might even be unwelcome.

Rev. F. M. Gillan, who recently closed his pastorate on the Lutes Mountain, N. B., has accepted a call to Harvey, N. S., and is expected to arrive in that town on Friday.

Rev. L. J. Tingley, the pastor-at-large of the New Brunswick conference, will spend May with the Grand Lake churches.

We regret to report that Mrs. S. A. McDougall, wife of Pastor McDougall, of Victoria, has been ordered again to undergo another operation. This will be the third operation she has undergone.

Many will hear with much pleasure that Dr. Alfred Chipman is preparing a good measure of health after his recent severe illness.

Dr. A. Cameron has returned to Ottawa after spending the winter in California.

Rev. W. U. Hatfield has accepted a call to the field at Cady's, N. B., and began his work there the first Sunday in May.

A letter recently received from Rev. J. H. Haskins, of Bolton, Ont., gives some interesting details of a missionary's work. Among the wounded in Saturday's list was the name of L. G. Gage, of St. John's, N. B., who is now recovering at the Victoria General Hospital, Halifax.

Miss Margaret Shaw, of Cambridge, Mass., is reported as killed in action.

Hon. Mr. Hazen's Return.
Fredericton Mail.—The announcement that Hon. J. D. Hazen had returned to Canada was pleasing news to the members of His Majesty's loyal opposition in the New Brunswick legislature. Some of them have urgent business with the minister, and it would not be surprising if a delegation were to start for Ottawa, N. B., to see the minister in person. It is reported that a delegation of members of the opposition expect to have their party services rewarded.

FUNERALS

Rev. David Hutchinson, pastor of the Main street Baptist church was the officiating clergyman at the services at the funeral of Charles Coleman, which took place at 2 o'clock on his late residence, 4 Chubb street. Interment was in Cedar Hill.

The funeral of William J. Tait for more than twenty years janitor of the St. John High School and known almost intimately by the thousands who have attended the school during the last quarter of a century, was held from his late residence, 59 Union street, at 3:30 this afternoon. The services were attended by many, and the floral tributes were beautiful and numerous. Rev. James Crisp officiated. Interment was made in Cedar Hill.

The funeral of James Nelson took place this afternoon at 2:30 from his late residence in Thome street, and was followed by services in the Cathedral, with Rev. Francis Walker officiating. Relatives served as pall bearers. Interment was made in the new Catholic cemetery.

Two Commanders Retire
Petrol, May 15, via London.—It became known here today that just before the resignation of the provisional minister of war, General Gueckhoff was announced yesterday General Aleksandr Brusiloff, commander-in-chief of the Russian armies on the southwestern front, and General Gurko, the commander on the Russian western front, asked to be relieved of their commands. The resignation of these two army officers will be considered after the successor of General Gueckhoff has been appointed.

BOWLING

Sparrows Defeat Owls
The Owls and the Sparrows, winners and second place team respectively in the recent Y. M. C. I. bowling alley last evening in a friendly match—a challenge from the Sparrows. Before the three strings were ended it was seen the Sparrows have been flying very lately and they took the Owls into camp by fifty-four pins for the total pin fall of the three strings. The Owls say the bright lights over the alleys made their eyes blink. However, they were put on the blink, David Hutchinson was followed with interest by the bowlers and was closely contested up to the last string when the Sparrows flew away from the Owls and rolled the string for a total of 306. The Owls started off well and won the first string by forty-one pins. In the second they dropped and their opponents won by twenty-nine pins, thus leaving the Owls with a lead of twelve. The Sparrows easily overcame this lead and finished up well.

Clearly for the Owls rolled a fine string with 127 for a starter. Harrington, although not officially on the line up of the Sparrows, rolled a steady game and came out on top with an average of 108. He was big man of the night. There was some excited cheering as the winners gathered before the score board. The Owls say next time will be their chance and then there'll be some hotting. The scores were:

Sparrows
Smith ... 82 94 100 276-282
D. Colgan ... 69 86 112 267-284
R. Colgan ... 81 86 112 273-93
Harrington ... 111 100 98 308-108
Coggrove ... 99 89 105 298-274
442 458 508 1407

Owls
McCafferty ... 78 89 257-854
Crisp ... 127 80 92 299-904
Flitpatrick ... 90 98 108 291-97
McGuire ... 78 88 73 236-748

GERMAN CHANCELLOR WANTED TO RESIGN

The Hague, May 16.—The Berlin press suggests that the chancellor went to headquarters of offer his resignation owing to the impossible position between the fires of the Conservatives and Socialists. The Tagblatt indicates if anything of the sort happened, the resignation was unaccepted.

According to current Reichstag circles, what happened was the following: The Kaiser and Junkers and militarists were alarmed by the drastic democratizing moves of the Reichstag committee on constitutional reforms; Hindenburg was infuriated by the attempt of the committee to secure some parliamentary control of army and navy matters; hence the Kaiser proposed to nullify all the committee's proposals by closing the session of the Reichstag instead of merely adjourning the house. This would mean that all committee work in the house would have to be done over again in the new session. Thus the reactionaries would gain six months' time.

Bethmann urgently warned against this measure and threatened to resign, and finally carried the day.

THE CRISIS IN CANADA.

The Canadian casualties since April 9 were 18,865, and the list continues to grow. Surely it is time the people of Canada asked themselves with a serious heart-searching what is to be done to fill the ever thinning ranks. This is no time for partisanship. Any government that fails to give adequate leadership should be succeeded by one with a war policy worthy of the name. The cry goes up for men and food and ships. What is the answer? We have been at war for nearly three years. There has been ample time to mobilize the whole country. The situation today is so serious that the outcome of the great struggle, warning after warning has been issued by the foremost statesmen and military leaders of the Empire. Appeal after appeal has been made to recruit more men, to conserve the food supply, to increase production and to build ships. Those who make the appeal are not idle alarmists. They are the men charged with the tremendous task of saving civilization from the onsets of barbarism. They know the peril and they know the way of salvation. Hence they endeavor to press home on every free man and woman the necessity of national service or effective there must be leadership. Hitherto Canada in this respect has suffered and been ashamed. There is to be a great convention in Montreal next week. Sir Robert Borden is back in Ottawa. We ought to be on the eve of great events in this country. Are the men big enough for the job?

THE WAR SITUATION.

The war situation is by no means encouraging. It is frankly admitted today that the armies and guns the Germans have been able to move from the eastern to the western front have caused a deadlock there, and in addition there is a growing fear that Russia may fall to her part in the great struggle because of the condition approaching political chaos which has followed the revolution. The soldiers are described as having the bit in their teeth, and being in no mood to listen to the commands of those who should lead. Moreover, the internal strife cannot but weaken the hands of the government and paralyze the whole system of providing the armies with necessary supplies. The German chancellor has seized the opportunity to throw out what is practically an invitation to Russia to discuss peace terms, and Turkey is in a like mood. All this is ominous for the cause of the Entente Allies.

On the other hand there is some hope that revolution may break out in Germany. One member of the Reichstag has had the audacity to talk about a republic. The answer to such a man a few years ago would have been a dead wall and a very fine party, and conditions must be very serious when members of the German parliament can speak so boldly of possible revolution. And yet the Allies would be guilty of supreme folly if they permitted the German revolution to induce them to relax for a moment the vigor of their prosecution of the war. The news regarding the submarines is much more satisfactory. Their toll has been less of late and a larger proportion of them destroyed. If this menace can be successfully met the problem of providing fresh armies and food supplies will be far less serious. The German chancellor refuses to talk of peace terms, which means that the German authorities are still confident of their ability to continue the war with a measure of success. It follows that the British Empire must put forth renewed efforts on the assumption that the war is to be prolonged beyond the present year. Will Canada do her share?

THE COMMON TASK.

The province of New Brunswick will derive lasting benefit from the conferences now being held and the united effort to increase production. The average city man does not realize how little he knows about the problems of production, transportation and marketing until he sits down with other men to consider ways and means of ensuring larger crops for this year. The present agitation and free discussion, prompted by a common desire to serve a patriotic purpose, will bring the country and the cities and towns into closer touch, with a clearer and beneficial understanding of each other's point of view. These are trying times, and they are forcing men out of themselves into a wider atmosphere, where they get new conceptions, and acknowledge larger interests. It cannot be helpful from the viewpoint of community welfare. In the face of common danger, and of grave problems whose solution means so much for the country, men and women are learning to live in and to appreciate a new realm of thought and feeling. There are none so pitiable as those who do not realize the opportunity for service, or feel the inspiration of a great united task that challenges the best there is in the human heart and brain. How many families in St. John are using substitutes for food products that could be sent overseas?

EXPLOITING THE VETERANS.

That was a very cheap and transparent trick which the opposition played at Fredericton yesterday. Mr. Baxter was put up to move an amendment to the address in reply to the speech from the throne, as follows: "That the motion be amended by adding to the address, proposed in reply to the speech of His Honor, the Lieutenant-Governor, the following words: 'But at the same time in view of the large number of appointments which have been made to the public service, since the assumption of office by the present administration, we desire to express our regret that in the making of such appointments, the claims of returned soldiers, who have served actual service at the front, do not appear to have received that consideration, which their services merit.'"

The purpose of this amendment, which amounted to a vote of want of confidence in the government and therefore was very promptly and properly voted down by the government supporters in the house, was perfectly transparent. It was a cheap trick to carry favor with soldiers and their friends. If Col. Baxter and Major Tilley and the other warlike gentlemen on the opposition side wished to do something of real benefit they would not adopt a method which they knew perfectly well must fail. But they were playing the game of politics. Soldiers and soldiers' friends have good reason to resent the conduct of men who try to use them for partisan political advantage. The real friends of the soldiers are either at the front or doing something practical and patriotic at home, instead of exploiting the returned soldier for partisan purposes. The provincial opposition is off to a bad start.

The Fredericton Glensier is fairly well pleased with the new Valley Railway board, and pays the following tribute to Mr. Carter:—"Mr. E. S. Carter, who becomes secretary, is a practical newspaper man of experience in public affairs. As the organizer of the Liberal party in the province he has been an industrious political party agent, and, in some instances, perhaps bitterly partisan. He has shown considerable ability at times against great odds; and, although naturally not in the good favor of party opponents, his political friends and others do not hesitate to acknowledge his ability and to recognize the value of his energy and, in some instances, his determination of purpose."

An unconscious humorist makes the Federation of Labor appear as advocating the following:—"That the fair wages act be amended so as to make the rate of wages received by any workman on government work conform with the union or prevailing rate of wages received by any workman in the same line of work in the locality in which the government is being done." No doubt the government is being "done" in many localities, but that is not what the Federation means.

The Standard refers to the provincial administration as the Carter government. This is the highest compliment it could pay to Mr. E. S. Carter, who would never think of claiming for himself alone the honor of providing his native province with what is beyond question the ablest and safest government it has had for many years. Mr. Carter did more than any other man to expose the old government and so cause its defeat, and that in itself is a great and lasting honor.

The Standard charges that "Hon. Walter E. Foster, premier of New Brunswick, was the first man to rise in his place in the legislature yesterday and vote against the employment of returned soldiers." In this way the Standard seeks to set aside political feeling and line up all parties for patriotic service. This is the Standard's idea of service.

The members on the government side at Fredericton did well to shorten the debate on the address. There is work to do, and the next talkers should be acted. The government will be judged by acts and the words may very well be left to the windy gentlemen on the other side.

The Germans on the western front are still able to attack with great vigor. The Hindenburg line has not yet been broken by the British and French to an extent that would cause the enemy to retire for any distance.

There should be no assumption that city men do not desire a chance to do vacant lot gardening. An organization of the right sort would discover many who are willing to do national service along that line.

Britain, Canada and the United States should enforce prohibition of the liquor traffic till after the war.

Alexander Reid, of Union Street, Moncton, dropped dead near the L. C. R. station rest house yesterday afternoon at 2:20 o'clock. He was fifty-nine years of age and was a carpenter with the C. G. R.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade—Two Interesting Letters

Toronto, Ont., May 16—So many people suffer from derangements of the liver that we feel sure these two reports, having recently received, will prove interesting reading and valuable information to many readers of this paper.

Mrs. F. L. Harris, Keatley P. O., Sask., writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one 25c. box the pain had left me and I commenced to gain in flesh and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Perry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swelling on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment, and used nine boxes which cured me at that time. Then, about two or three years afterward I was troubled again with the swelling, but only on my right side. I secured some more Kidney-Liver Pills, and took them, which, finally cured me. I have not been troubled in this way since, can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble."

"We have also found Dr. Chase's Laxative and 'Purpentine' excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good."

The Modern Pharmacy and one of the two vendors in the city licensed under the new prohibitory act. Mr. Cameron, like the majority of city druggists, had refused to apply for a vendor's license and consented to do so only after repeated urgings from prominent temperance people. In doing so, he says, his sole object was that of making it possible for persons who need it to secure liquors for medicinal purposes and he did not apply with an intention of making big profits.

For the benefit of the public he frankly stated the terms on which he sells his brandy, whisky and sherry—half cents an ounce; sells it at twenty cents an ounce, this including the cost of bottle and label; whisky costs nine cents an ounce and he sells it for fifteen cents. Pure alcohol is sold at ten cents an ounce.

"I am selling liquors solely for medicinal purposes, as I would any other drug, and am handling them at all simplicity to oblige the people who have actual need of them," Mr. Cameron said. "Prescriptions were brought to the store, signed by two different physicians, calling for brandy or whiskey; under circumstances which indicated that they were wanted for use as a beverage and not for medicinal purposes. I refused to fill them, as I am justified in doing under the act, especially as in each case I asked and was informed that the person presenting the prescription had not been examined by the doctor. The act requires that no prescription for liquor shall be issued except after an examination by a physician. I drew the attention of the physicians to this provision and since then have not received any more prescriptions of this nature."

The extent to which liquor is actually required for medicinal purposes is indicated by the fact that, since the new law went into effect—a period of fifteen days—Mr. Cameron has filled only seven prescriptions calling for the use of liquors. This may be some consolation to the many applicants who were refused vendor's licenses. Mr. Cameron explained the small demand by saying that there are other things which may be used to equal advantage in most cases and that the doctors may be prescribing drugs which are more easily obtainable.

That Mr. Cameron did not anticipate a heavy legitimate demand is indicated by the size of the stock he laid in. In one corner of the store is found his entire stock and its proportions are such as to cause deep grief and disappointment among those who had been looking to the vendor's place of business as an oasis in an otherwise desert-dry city. Before May 1, several dozen sal-

WILL OBSERVE LOYALIST DAY

Common Council Will Co-operate—Public Demonstration in King Square

Arrangements for the observance of Loyalist Day, Friday, May 18, were made at the meeting of the common council yesterday afternoon. In response to a request from the Women's Canadian Club, the mayor announced that there would be a brief observance at noon in King square with music by one of the battalion bands and informal speeches from the band stand.

The use of the bandstand in King square was granted also to the trades and labor council for a public meeting to consider the cost of living. A communication from the labor council regarding the inspection of plumbing was referred to the mayor and city solicitor.

Commissioner Russell's recommendations for the issue of renewal leases to Agnes, Annie and Mary Donovan and to Byron J. Grant were adopted. The lease of a city lot in Britain street to William Lewis & Sons was authorized.

The lot occupied by the Fairville Methodist church was granted to the church on payment of \$4, the land to be reserved for the city if used for other than church purposes.

A request for permission to erect a wooden shed, for work in connection with the construction of the new grain elevator, in Queen street was referred to the commissioner of public safety.

The use of the city ambulance for conveying wounded soldiers was granted. The recommendations passed by the council in committee on Monday were adopted.

Food Production

Increased food production was discussed at a meeting of the Lancaster Board of Trade last evening. W. J. Linton presided and the chief speakers were Commissioner Russell, T. H. Estabrook. The board passed a resolution asking the city to open all their Lancaster lands for cultivation by private individuals. A committee consisting of Joseph Dwyer, Amador Anderson, Harry Dwyer and W. J. Linton was appointed to aid in the work.

In Simonds A meeting in the interests of increased food production was held last evening in the Silver Falls school house. Henry Shillington presided and the chief speakers were Former Councillor Leo E. A. Schofield, Alexander Johnston, E. A. Goodwin and J. King Kelley. During the evening orders were placed for nineteen barrels of seed potatoes, 150 bushels of oats and four bushels of wheat and barley.

First Volunteers Six employees of W. F. Hatheway & Co., Ltd., have signified their willingness to spend their summer vacations on farms in the interest of greater food production.

For School Boys E. A. Schofield has offered a prize of \$25 to the school boy, who after returning from work on the farms this summer, wins a competition consisting of handling a pair of horses, harnessing them, hitching them to a farm wagon and driving the wagon between rows of empty barrels.

If a number of school boys can accomplish the feat additional money will be available and will be divided among them.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unsifted coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoons will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rises out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get purified coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

WESTERN WHEAT OUTLOOK FOR THIS YEAR IS SERIOUS Letter From Dr. Hart Says That Seeding Has Been Delayed by Wet Season

Conditions in the west as regards prospects for this year's wheat appear to be pretty serious. A recent letter from Dr. Hart conveys the information that the usual seeding time has passed without any large percentage of the crops being in and that prospects for the near harvest are poor. Dr. Hart says in part: "The farmers are beginning to get very anxious here. The season has been so late and the ground is still so wet that seeding is by no means general, and it would be all over for wheat by this time. We have got two days seeding done as my land is a little higher than some of the farms, but it rained today, which stopped operations. It looks as if everything is against the wheat business here. It is already much too high for the buyer's point of view."

IRON, STEEL AND METAL In its summary of the iron, steel, metal and machinery markets for the week ended May 5, Canadian Machinery and Manufacturing News, Toronto, makes the following observations: "The prices of iron and steel will continue to advance seems now assured. Developments in the steel market in the United States point conclusively to higher prices and a more pronounced shortage of steel in Canada, affecting consumers in regard to both imported and domestic steel products. Manufacturers using merchant bars and small shapes, etc., are experiencing considerable difficulty in obtaining material for their factories and operations are being in many cases seriously restricted. In regard to imported materials, the situation seems likely to become more acute.

The more important price changes to note this week include wrought pipe, steel spikes, iron rivets, fire-weld chain, billets and galvanized sheets, which have all advanced, while higher prices may be looked for on steel plate, boiler rivets, black sheets, bolts and nuts. The pig-iron situation is unchanged and domestic iron is still off the market. There is some hope of improved conditions developing in the near future. Machinery cast iron and malleable scrap are higher and in good demand. Steel scrap is also in good demand at unchanged prices, but copper, brass and the non-ferrous metal markets are firmer and the situation has generally improved. Tin is weaker and has declined. Copper quotations continue nominal and the market is quiet, although somewhat firmer than it has been during the past few weeks. Machine shop supplies continue in good demand at firm prices. The machine tool market is fairly active, business being of a more general character than formerly.

RECENT WEDDINGS Albin-Tiplady. A wedding of much interest was performed in the Mission church of St. John the Baptist last evening when Rev. J. V. Young, priest in charge, united in marriage Arthur Albin, of New York, now a member of the 21st Battalion, to Miss Margaret Irene Tiplady, daughter of Mr. and Mrs. W. H. Tiplady, of this city. The young people had many friends who will extend the heartiest wishes for their best happiness.

GREAT WAR VOTE. Washington, May 15.—All appropriations records of congress were broken today when the senate appropriations

committee reported the war, army and navy deficiency bill, carrying a total of \$3,300,000,000, including \$400,000,000 for construction and purchase of an American merchant marine. The committee added \$568,892,000 to the house bill. Among the senate increases were \$500,000 for the council of national defence; \$1,000,000 for detention of interned Germans; \$26,000,000 for army machine guns; and \$26,000,000 for heavy army ordnance.

William Holland died at his home in Acton, near Harvey Station, on Sunday last, in his seventy-second year.

Free-At Last

"I used to vomit nearly everything I ate and many prescriptions failed to do me any good," a lady writes. She was a slave to stomach troubles and suffered terribly from indigestion—A druggist recommended

BRAYLEYS STOMACH-LIVER PILLS and now she is free at last, with a perfectly working digestive system. She concludes by saying—"I congratulate you on having such a wonderful pill. My friends are also full of their praise." Everybody suffering with a Stomach or Liver complaint should try Brayley's Stomach-Liver Pills, a pure vegetable compound that assists nature in nature's own way.

LOCAL NEWS

SPECIAL SERVICES END

The services in connection with Rogation Days were brought to a close this morning at nine o'clock in the Cathedral when Rev. Harold L. Coughlin celebrated high mass. The congregation was even larger than on the previous two mornings. The Litany of St. Basil was chanted before mass and His Lordship the Bishop, with the priests and forty altar boys, marched in procession around the church. The scene was a solemn one.

SET GOOD EXAMPLE

Mrs. Mary Crawford of Duke street, West St. John, has set out with a will and a ready hand to do her bit for the empire. In the small lot at the rear of her house, she has undertaken the aid of her neighbor, Mrs. J. J. Shaw, to plant a large garden that will furnish more than enough vegetables for her family during the coming summer. This morning, with a hoe, she was seen busily at work in her garden. Later she says, she is going to add herbs, carrots, cabbage, beans, and lettuce to her potatoes. While she realizes that she cannot shoulder a basket she fulfills her duty to her king and country by yielding the hoe and spade.

THE Y. M. C. A.

In order to allow more time to clear away the deficit that now faces the Y. M. C. A., the annual meeting of the board of directors, which was scheduled for last night, was postponed. The association officials hope that by another week they will be able to balance accounts, and start a new year with a clear sheet. The death of the vice-president, Frank C. Smith, who was also chairman of the finance committee, was a big loss to the directors of the association, and he has been greatly missed. Now that the winter gym classes have closed, and the members are taking up outdoor activities. An all day fishing trip and a bare and bound chase for the younger boys are on the programme.

THREE ON DRUNKENNESS CHARGE

The case of three prisoners, Reocho Presioso, Antonio Geordano and Philip Farro, answered the charge of drunkenness and resisting the police, created some interest as it was thought there would be some revelations as to where the liquor was purchased. The only revelation was the explanation offered by the men to the effect that they had been taken to the Digby boat and had their supply provisions to landing in St. John. The three men were arrested by Police Constable Quinlan and Cooper. They were told what they were liable to and it is likely preparations will be made to see them safely home again.

MRS. WM. KIRKPATRICK

An old and highly respected citizen of Douglas town passed away on Thursday evening, May 10, in the person of Mrs. William Kirkpatrick, after a prolonged illness. Her death cast a gloom over a wide circle of friends and relatives. Mrs. Kirkpatrick was seventy years of age, and besides a sorrowing husband, leaves to mourn her death three sons, John, William and Arthur, and one daughter, Mrs. J. H. Gouby of Digby. She also has two sisters, Mrs. John Hanlon of Fairville, and Mrs. John Foley, Roxbury, Mass. The funeral services were held on Sunday, conducted by Rev. Father Cormier, in the St. Samuel's R. C. cemetery, Douglas town. She was the widow of the late William Kirkpatrick, who died in 1908. Her other relatives are—Thos. Lane, Robert, William and James Dymann, James Hanlon and John Brophy.

DECLINE IN FLOUR

Manitoba flour declined fifty cents a barrel today and the wholesale price is now \$16.40. A decline in Ontario would not surprise the trade. The Chicago wheat market is again lower. War on the speculators is having its results. A Chicago despatch says—

"A sentiment of pessimism on the Chicago board of trade Tuesday that the action Monday of the board of directors in suspending further trading in May corn and oats and suspending for two days all purchases of wheat, except for the liquidation of existing contracts was but the forerunner of more drastic steps to curb speculation in grain."

Delegates from the grain exchanges of St. Louis, Kansas City, Omaha, Minneapolis, Duluth and Toledo are expected to meet here late Tuesday with the board of directors of the Chicago board to discuss the situation in an attempt to evolve a plan for concerted action by all grain markets of the country.

Today sales continued heavy on a hand-to-mouth basis. The available stock in the city is rather light, but jobbers are buying mostly only for present requirements. In consequence, sales of flour are unusually light.

It is necessary to go back to the time of the Crimean war to find flour prices as high as they are today. Since then, the biggest feature in the history of the flour market had been the excitement which followed the cornering of wheat by Joseph Leiter in 1898. At that time the advance in flour caused a tremendous flurry, a rise of twenty-five cents a barrel almost every second day being regarded as something unprecedented. Before the corner was broken the total advance amounted to \$2 or \$3 a barrel. Business men who look back at those days are inclined to smile when they compare the excitement caused by that situation with present day conditions. During the last forty-five days, alone, flour has shown an advance of \$2.20 a barrel, an increase greater than the total price of flour before the war, and there have been no record jumps of ninety cents and \$1.20 in a single day.

During the last week other commodities showed the upward trend which is now regarded as customary.

Ordinary commercial advanced from \$8.20 to \$8.50 a bag.

There was a heavy advance of \$2 a hundred in Siam rice, the wholesale price now being \$8 to \$8.10.

Corned beef showed an advance of seventy-five cents a case in the top price. Canned apples went up twenty-five cents a case.

Cream of tartar showed another advance of three cents.

Pork and beans also are higher, but the wide variety on the market offers a range of from \$4 to \$5.50 a case.

Laundry soaps were advanced fifty cents a case.

Eggs and cheese showed a slight decline and Bermuda onions dropped from \$8.50 to \$8.40 a fifty pound crate.

Winnipeg, Man., May 16—A drop of forty cents in the price of flour is announced by local millers and first patents are quoted at \$7.50 per sack of ninety-eight pounds.

CONTRACT HAS BEEN AWARDED

R. A. Corbet to Build Power House and Laundry at Hospital For \$19,900

Tenders for the construction of the new power house and laundry for the general public hospital have been passed upon by the joint committee of the municipal council and the hospital board, and the contract awarded. The successful tenderer is R. A. Corbet, who has given the contract of the entire construction. The building is to be completed by October 1, and the price fixed is \$19,900. This is \$1,200 below the estimate, and even allowing \$1,800 for excavation, etc., will bring the price well under the limit fixed.

Plans and specifications for the equipment are being prepared by F. M. Hoadley of Montreal, and he expects to present them to the committee for approval next Monday.

Examination of the plans in the office of the architect, F. Neil Brodie, this morning shows that provision has been made for a fireproof building of modern construction and ample room. The erection of the new building will make it possible to remove the power plant and laundry from the main building and thus remove what has been considered a fire risk.

The building will front on Ritchie street, with coal entrance in the rear from White street. It will be of brick and concrete construction throughout, with reinforced concrete floors. The only wood used will be in the roof, doors and window frames, and it will be practically fireproof.

At the front of the building, on the ground floor, will be the boiler room, 28 by 41 feet, with 15 foot ceiling. Two boilers will be installed, but room is provided for an additional boiler when required. Of the boiler room is the engine room, which will contain the engine, dynamo, switchboard and other electrical equipment. Opening off the engine room is a toilet room with toilet, wash basin and shower-bath 6 by 6 feet. The floor of the coal pocket incline sharply towards the place where the coal is taken out, the coal dropping toward that point by gravity and thus saving any extra shovelling. It has a capacity of 400 tons.

On the upper floor will be the laundry, 40 by 41 feet, which will be fitted with direct connected electrical equipment of the latest design.

THE SEQUEL OF A PLEASANT EVENING

The home coming of a party of young folks at an early hour this morning proved rather disastrous when one of the male members of the party was taken into custody about one o'clock by Detective McAlush on charge of acting disorderly in the street by shouting and yelling.

In the police court this morning the evidence of the detective went to show that a party of young people, including some soldiers, were proceeding along Union street following the celebration of a happy event. Some of the party were overjoyous and gave vent to their feelings in song when the detective stepped up to them and made a remark. Eugene Barry, apparently not knowing who the officer was, refused the remark with the result that he was placed under arrest. The remaining members of the party became much excited over the affair and it is said a married lady in the party fainted and had to be assisted home.

The soldier took the stand in his own defence and told his story. He said he did not know the man who spoke to him as an officer of the law if he had he would not have resented the remark. A fellow soldier also testified and gave his claim a first class reputation.

An officer of the battalion also paid a high tribute to the soldier and said he was one of the best boys in the regiment. The affair was regrettable, he said. The court stood by the soldier's good name and he was allowed to go.

A SOLDIER'S CASE

The case of Pte. Fred Macaulay for absenting himself without leave from military duty was taken up this morning by the magistrate and the military authorities. The soldier has been in jail some time. He was arrested in this city. The records as supplied the court by his new commanding officer showed that on September 5, 1916, he had enlisted; on November 29, 1916, three days pay was stopped; December 10, 1916, he refused duty and was sent to the island; December 19, was absent without leave also on January 22. On this occasion he was brought before the court, adjudged guilty and let go on suspended sentence; on February 23 he was confined to barracks for twenty-eight days with the understanding, it is said, that he would get his discharge when he returned. In the meantime the regiment to which he was then attached went overseas and since then he was arrested on a charge of absenting himself from duty without leave. The court remanded the soldier, and the paper wherein is contained his discharge will be secured. The magistrate will then deal with him. It is understood the military authorities will not take him back.

THE EMERGENCY HOSPITAL

Mrs. G. A. Kuhring and Mrs. H. A. Powell visited the emergency hospital in St. John's old Martello Hotel, west side, yesterday. They were shown over the building, talked with all the patients, and found the arrangements generally satisfactory. Of course this is only an emergency hospital, and could not be all pleased with what they found. The men are getting every attention and the food showed that it is well cooked. The patients are comfortably housed. The patients made no complaints, but paid a warm tribute to the Lanecater Red Cross and Brunswick Chapter, I. O. O. F., especially mentioning Mrs. Joseph Smith, Mrs. Duval and Mrs. Anglin. The patients under a regular system of visitation, are given home delicacies every day. They have a supply of magazines, and the Soldiers' Club will provide some amuse.
