Maine Tired Over Roundup and Sentencing of Bootleggers SIR ADAM BECK FACES 39 CHARGES

WOMAN WORKER IN TEMPERANCE CAUSE AMONG 15 JAILED

Move to Break Ring Dealing in Liquor Smuggled from Canada.

LIQUOR SOLD AT \$6 Authorities Say More Than 25,000 Cases Brought Across Border.

Bangor, Me., Nov. 12.—A woman and 14 men have commenced jail sentences of from one to six months here, as the result of the biggest round-up of liquor sellers in the Pine Tree State since the passage of the Volstead act.

Mrs. Laura Patten, of East Machias, temperance worker, church worker, prominent in local society and mother of two children, was sentenced to jail for two months after she and 14 out of 19 other defendants, gathered before U. S. District Judge A. Peters in U. S. District Court here, had pleaded guilty on arraignment, following a gigantic raid in Washington County that started all of Maine.

Liquor From Canada. The court procedure was the start of a concerted move to break up a bootlegging ring that has been flooding Bangor, Rockland and adjoining points and many other cities and towns in the State, and points in New Hampshire and Massachusetts, with intoxicating liquors smuggled in from Canada.

Two of the defendants have been the "master minds" in the liquor ring hereabouts, the U. S. officials contend, while the man they term most important, Captain William H. Hicks of Machiasport, was out on bail of \$5,000 tonight, after entering a plea of not guilty, U. S. District Attorney Dyer has an agreement with him that at the December term of the court in Portland he will surrender himself, change his plea to guilty and take a sentence to the federal penitentiary at Atlanta, Ga.

His plea of not guilty was by arrangement with District Attorney Dyer, that the captain might return, selling his real estate and other effects and then take the sentence of six months. He already has one conviction behind him, when he was captured with a still in his possession and paid a fine of \$500.

Arrests Cause Furore. Nothing short of a cyclone could have caused more of a furore in Maine than the arrest of those who appeared before Judge Peters. The court room was jammed and weeping relatives clung to the sentenced ones as Marshal Woodman and his deputies led them away to jail.

Liquor Sold Openly. Marshal Woodman has long been cognizant of the wide-open run-running and selling conditions there, and it was his request that sent the two special agents into Washington County to start the roundup.

More than 25,000 cases of liquor have been smuggled into the country by the ring that was smashed. Bottles have been sold in homes, in stores, on the roads, anywhere they could bring about a sale, and transactions have been carried on openly in front of children, and boys and girls have been making trips with loads with their parents, the officials charged.

Prevailing Price \$6 a Quart. The prevailing price for the liquor was about \$6 per quart, the investigating officials found, and gin, Scotch, rye and other liquors were being peddled. There was also a goodly sale of wine of a sort, although the quality of this particular brand was not so good, the agents testified.

Firpo Will Meet Weinert Once Again New York, Nov. 12.—Louis Angel Firpo tonight will face Charlie Weinert, "the Newark Adonis," in a 12-round no-decision bout in the Newark memory, inaugurating what the "Wild Bull" himself calls his second campaign for the world's championship. Firpo used Weinert as a final stepping stone to his great battle with Dempsey last year, bowling the Adonis into retirement oblivion in a match in Philadelphia.

Pair, In Quarrel, Fall 75 Ft. to Death

Chicago, Nov. 12.—Andrew Zajac, 44, and his wife, Rose, 44, looked in a fight, crashed through the railing of a rear porch of their third floor flat at 1425 Emma street today and fell 75 feet to a cement passageway. Zajac was killed, his neck being broken and skull fractured. Mrs. Zajac suffered a broken neck, a fracture of the skull, a broken shoulder and other injuries. She is recovering in two hospitals, 14 and 9 years old, were spectators of the tragedy.

TO ACT IN PLACE OF LATE R. W. L. TIBBIS

Appointment of M. B. Dixon is Gazetted—Other Provincial Positions Filled.

(Special to The Times-Star.) Fredericton, Nov. 12.—Provincial appointments are gazetted as follows: M. B. Dixon, clerk of the Executive Council, to be acting deputy Provincial Secretary and acting King's Printer, in place of R. W. L. Tibbis, deceased, appointment to date from Oct. 25, 1921.

Carmen Wathen, of the village of Harcourt, to be deputy and police magistrate for the parish of Harcourt with civil jurisdiction, in place of L. J. Wathen, deceased, and to be issuer of D. C. Slipp, of Hampsstead, to be deputy and police magistrate for the parish of Hammond, with civil jurisdiction, in place of William J. Nickerson, deceased.

R. J. Fanjoy, of Young's Cove Road, to be a justice of the peace. George Leitch, of Campbellton, to be provincial constable. Louis Giroux, of Charlo, to be a justice of the peace.

CANADIAN ACTION WILL AFFECT U. S.

Speaker Says Church Union Will Mean Much to American Protestantism.

Winnipeg, Nov. 12.—Should the Church Union movement in Canada succeed, it will mean a great deal for the union of the Protestant churches in the United States, according to Rev. A. C. Sinclair, D. D. of Bloomfield church, New Jersey, speaking before the Presbyterian Synod of Manitoba here last night. Dr. Sinclair was formerly pastor of St. Andrew's church, Winnipeg.

Extending a greeting from the church in the United States, Dr. Sinclair said the Church Union movement in Canada had made a deep impression upon American Protestantism, and was being watched closely. If it failed, it would set back American Protestantism a generation; if it succeeded it would mean a great deal for union in the United States.

U. S. WILL STUDY BRITISH TAX PLAN

Special Commission to go Old Country to Examine Methods. Washington, Nov. 12.—Secretary Mellon yesterday commissioned A. W. Gregg, a special assistant to the secretary of the treasury, to make a study of the British system of taxation in the hope that he may obtain ideas which will give the treasury new possibilities in laying out a programme of taxation in the future.

Mr. Gregg will sail Saturday to spend a month or six weeks in England where he can gain first-hand knowledge of the methods employed in levying and collecting the assessments from which the British Government derives its revenue. It was emphasized that the secretary did not have in mind plans to imitate any of the British methods immediately, but that he felt the British had had valuable experience raising money through direct tax and grounds for development of a better American system might be developed therefrom.

A Safe Seat For Asquith Sought

London, Nov. 12.—It was announced at a meeting of the Liberal Association of Middleborough West that Trevelyan Thomson, who was returned to Parliament for the constituency of North Devon at the recent general election, has been approached with a view of accepting the Children Hundreds in order to provide a safe seat for H. H. Asquith, the Liberal leader, who was defeated at Paisley.

LIBERAL PACT WITH CONSERVATIVES IS ROUNDLY SCORED

Defeated Candidates in British Election Criticize Re-organization Plan.

OBJECT TO EXPERTS Some of Them Reared as Responsible for Collapse of Party.

(Canadian Press Cable.)

London, Nov. 12.—The steps taken by its leaders toward overhauling the Liberal party, which suffered badly in the last election, are not viewed with entire favor by those in the party ranks.

About 100 Liberal candidates who were defeated in the recent polling met yesterday to talk over the situation. The candidates criticized the constitution of the committee of experts which Mr. Asquith, the party leader, announced last Monday was working to meet the need for an overhauling of the party "from top to bottom."

Particular criticism was directed against the inclusion in this committee of some members whom the candidates regarded as largely responsible for the party's defeat. Demand was made for wider representation and the appointment of independent investigators to the committee.

"The pact" with Conservatives, by which these combined forces were elected in some constituencies to assure defeat of Labour, was roundly condemned at the meeting, and another complaint was that there was nobody at Liberal headquarters during the election with sufficient authority to advise when difficulties arose.

HOPE IS NOT DEAD FOR ERICSSON CREW

Wife of One of Members Takes Heart at Hearing of Derelict.

(Canadian Press.) New York, Nov. 11.—Following a radio to Washington yesterday from the cruiser Trenton announcing that reports had been received of the sighting of a derelict corresponding in dimensions to the missing motor yacht, Lief Ericsson, there was no further news concerning the adventurous Ericsson and her crew.

Wife Is Hopeful

New Britain, Conn., Nov. 12.—Mrs. Eric Todahl, wife of one of the yachtsmen aboard the Lief Ericsson, who is visiting her daughter here when told of the despatch from the Trenton reporting the sighting of the derelict, said: "I feel relieved at the news. If the Ericsson is still afloat there is more than an even chance that her crew survived a storm which might have disabled her. They may have been picked off the boat and landed at some port in the north from which they have been unable to communicate with us or they may be on some vessel which has no wireless to tell of their rescue."

SMYTHE READY TO CROSS THE CHANNEL

Canoeist From Sydney is Held up at Deal by Bad Weather. London, Nov. 12.—(Canadian Press Cable.)—The young Canadian, P. G. Smythe, of Toronto, who is attempting a voyage by canoe from Sydney, N. S. to Rome arrived off Deal Monday afternoon after paddling down the Thames. When abreast of the pier he passed through rows of anglers who were fishing from boats, then continued southward, but the weather in mid-channel was believed to have been too inclement for any canoe to attempt a crossing last night. Smythe plans to cross the channel, then to keep to the coast round the Bay of Biscay, and proceed along the Mediterranean to Rome.

Seasickness Lays Family Low, Jimmy Enjoys Self

Jimmy O'Connell of County Limerick resourcefully took care of himself when his family became seasick on the voyage to the U. S. He was smothered with dirt and tar by the time he reached a New York dock, but still smiling.

ONTARIO KIDDIES BURNED TO DEATH

Grandmother Also is Painfully Injured and May Not Recover. Owen Sound, Ont., Nov. 12.—In a fire which destroyed their home, Helen and Loretta Fetherstone, aged eight and nine years respectively, were burned to death at five o'clock this morning and their grandmother, Mrs. Fred Fetherstone, with whom they were living, is seriously burned and may not recover. The fire which broke out in the back kitchen quickly spread to the brick portion of the house and before the children could be got out they were suffocated and burned to death.

Contest Certain In Ont. By-Election

Belleville, Ont., Nov. 12.—E. Gus Porter, K. C. Conservative and Charles R. Hannah, Liberal, were nominated here yesterday to contest the federal riding of West Hastings in the forthcoming election. The riding was made vacant through the resignation of Mr. Porter in connection with the charges he preferred against Hon. James Murdock, Minister of Labor, in the House of Commons last session. Mr. Porter made particular reference to his charges against Mr. Murdock and declared that the children could be got out by the resignation of Mr. West Hastings would uphold the position of the Minister of Labor. Hon. G. H. Gordon, M. P., appeared for support of the Liberal candidate.

Has Never Missed Voting in 79 Years

Oakland, Cal., Nov. 12.—The oldest voter registered in Alameda county for the recent election was Charles P. Lohse, who reached the century mark last spring. Two weeks later he walked to his voting precinct at home and had never before found time to marry and take care of each other.

Klansmen Give Negro Church \$200; Profess Friendship For Black Race

Huntington, L. I., Nov. 12.—The Ku Klux Klan was presented in a new light at the annual meeting of negro Methodists of New York here on Sunday. The meeting was held in the local white Methodist Episcopal Church, with pastors of both races present. At the close of the meeting there entered the church a procession of sixteen men, neither robed nor masked, led by a man bearing an American flag and another holding the Klan standard. When the procession reached the pulpit, a man who introduced himself as John Hamilton spoke.

EVIDENCE ALL IN Argument Only Remains in Case Against Home Bank Director.

Toronto, Nov. 12.—With the resumption before Judge Coatsworth today of the hearing of charges against C. A. Barnard, Montreal director, in connection with the Home Bank case, the proceedings advanced to the stage where all the evidence is in and only argument of counsel remains. Much of the day's evidence centered around the examination of Major A. E. Nash, accountant, on the books of the Home Bank.

Detroit Police Seek One-Legged Burglar

Detroit, Nov. 12.—The Detroit police force is looking for a one-legged burglar. In the small hours of Sunday morning, someone stole into a local shoe store, broke up a sump case and made off with 53 shoes—all for the right foot.

BALDWIN PLANNING CLOSER RELATIONS WITH DOMINIONS

This is Opinion Prevalent in Official Circles in Great Britain.

RUSSIAN QUESTION Matter of Zinovieff Letter to be Decided in Next Few Days.

(Special Cable by British United News.)

London, Nov. 12.—The question whether there should be a change in the relationship between the Colonial Secretary and the dominion high commissioners, which has been raised here by the London Times, has provoked lively discussions throughout all the branches of the Imperial Government. A correspondent to the Times puts forward a suggestion that dominion high commissioners should regularly meet foreign ministers to discuss foreign affairs, providing it is clearly laid down that the high commissioners have no authority to commit their dominions on any definite plan. In other words, the high commissioners should become permanent ambassadors.

LT.-Col. L. M. S. Amery is in bed suffering from a slight cold at present and was therefore unable to express an opinion but the opinion in official circles is that Premier Baldwin is going to develop relationship along these lines giving the high commissioners a more personal touch with the head of the government, and see that the Colonial Office treats the dominions on a different basis to colonies.

But it is admitted that the whole question of relationship must be overhauled and that the postponed conference must be called as soon as possible. The future relationship between Britain and Russia will be decided within the next few days by the government. A reply has to be sent to Russia's protest against the publication of the Zinovieff letter as a genuine document, and which was not answered by MacDonald.

OPPOSE UNION OF CHURCH AND STATE

U. S. Catholics do Not Want it, Says Bishop Carroll. St. Louis, Nov. 12.—American Catholics neither need nor want a legal union of Church and State in this country, Bishop John P. Carroll of Helena, Mont., declared in a sermon at the fourth annual convention of the National Council of Catholic Women. This is the first meeting of the council away from its headquarters in Washington, D. C.

"Union of Church and State may be an ideal condition in a country that is wholly Catholic," Bishop Carroll said. "It is not desirable or practicable in America, and if it were referred by the United States Government to the people the Catholic hierarchy and the Catholic laity of America would unanimously vote against it."

"The constitutional guarantees of religious liberty are sufficient for American Catholics, and they neither need nor want a legal union of Church and State in this happy land of ours," he quoted the words of Theodore Roosevelt—where religion and liberty are natural allies.

British Railway Casualties More

London, Oct. 25.—(By mail)—Reporting on the accidents which occurred in working the railways of Great Britain during 1923, the Ministry of Transport says that 743 persons were killed and 28,240 injured, as against 728 and 19,462 respectively in 1922.

Weather Report

Synopsis—Depression which was in Wisconsin yesterday, has passed northeastward to James Bay and the pressure has increased considerably to the eastward of the Great Lakes. The weather continues unseasonably cold in the western provinces and mild from Ontario eastward.

Duchess of Athol in British Ministry

Is Only Woman Among More Than Score of Appointments Announced. London, Nov. 12.—The Duchess of Athol is the only woman among more than a score of ministerial appointments made public last night. The Duchess becomes almost equal in rank to the Board of Education.

White Collar Jobs Are Bad For Eyes

New York, Nov. 12.—Wood alcohol, curling irons and golf balls were accused by the National Committee for the Prevention of Blindness of playing a comparatively large part in the growth of "white collar jobs." The Russell Sage Foundation, next to children's play accidents, ranks next accidents are the most serious non-occupational causes of eye injuries. Excessive use of wood alcohol, rank next. The eyes of 200 children were injured last Fourth of July according to the report.

Dr. James H. Alger said that eye strain was unknown before the growth of "white collar jobs." He said that many children had the bad habit of reading from a book only six inches from their eyes.

USED HYDRO FUNDS FOR PERSONAL ENDS ARE ALLEGATIONS

Settall Claims \$20,000 Deposit of Hydro Money Covered Private Loan.

"SMUGGLING" Chairman's Car Used to Bring Daughter's Baggage From N. Y.

(By Canadian Press.)

Toronto, Nov. 12.—The main volley of E. C. Settall's broadside upon the Ontario Hydro-Electric Commission resounded through Queen's Park yesterday. The target for the volley was Sir Adam Beck, Settall's former chief, against whom he laid 39 specific charges of irregularity, arising in most cases out of alleged expenditure of hydro funds for personal or other purposes.

Settall and his one time employer came face to face for the first time since the former secretary's flight from Toronto more than a month ago.

Some of The Charges. Sir Adam Beck entered the committee room, where Judge Snider's investigation was being conducted, soon after the morning session was underway. The charges against Beck, chairman of the commission, included allegations that the hydro chairman's motor car had been engaged in smuggling goods into the United States, that the chairman had given a banquet to 100 nurses at the hydro's expense, that the chairman had benefited from both hydro labor and hydro materials, and that a hydro deposit of \$20,000 in the Molson's Bank had been used to offer a loan to Sir Adam from that institution. Investigation of these charges was opened yesterday and in the day's evidence it was the matter of the \$20,000 deposit chiefly that remained unexplained.

CHOOSE CANDIDATE IN RESTIGOUCHE

Liberals Convene at Campbellton—Choice Likely Down to Three. (Special to The Times-Star.) Campbellton, Nov. 12.—Delegates are here from all over Restigouche for the Liberal convention which, this afternoon, will choose a running mate for Henry Currie of Campbellton, to contest the county in the next provincial elections. Mr. Currie, who was nominated a year ago, along with A. T. LeBlanc, K. C., is manager of the Imperial Oil Company here. Mr. LeBlanc was recently elevated to the King's Bench Division of the Supreme Court of the province, hence the necessity of selecting a man to replace him in the ticket.

T. H. McEvoy of Dalhousie who, despite the fact that he is still in his twenties, has been in the thick of much active campaigning in Restigouche, appears to be the choice for chairman of this afternoon's meeting. He makes a forceful presiding officer. Hon. P. J. Venios, Premier of the province, and Pius Michael of Edmundston, M. P. for Restigouche-Madawaska, will speak at the public meeting following the convention.

Hon. C. H. Lablillois of Dalhousie and John Leger and Alphonse Bellisle, former councillor, both of Campbellton, are expected to be the only nominees for the candidacy. The weather is beautiful, interest is running high and a lively convention is looked for. D. A. Stewart, M. L. A., and Honore E. D'Amour, M. L. A., the sitting members, have already been selected as the Conservative candidates in the next election.

DUCHESS OF ATHOL IN BRITISH MINISTRY

Is Only Woman Among More Than Score of Appointments Announced. London, Nov. 12.—The Duchess of Athol is the only woman among more than a score of ministerial appointments made public last night. The Duchess becomes almost equal in rank to the Board of Education.

Side from other parliamentary secretariats, appointments are announced as follows: Sir William Mitchell Thompson, Postmaster-General; Lieut.-Col. Wilfred Ashley, Minister of Transport; Major G. C. Tryon, Minister of Pensions, which post he previously held. The Earl of Onslow is made Under Secretary for War; Sir Philip Sassoon, Under Secretary for Air; and Earl Stanhope, Civil Lord of the Admiralty. Sir Thomas Inskip again becomes Solicitor-General. Others who will retain their old posts are Robert McNeill, Under Secretary for Foreign Affairs; Walter Guinness, Financial Secretary to the Treasury, and Earl Winterlow, Under Secretary for India.

ATHLETIC FAIR HAS MUCH TO ATTRACT

City Cornet Band and Singers Tonight—Kerr Leads in Voting.

Although the athletic fair in St. Andrew's rink got away to a start that was disappointing to the organizers...

Booths at the fair are being conducted by the South End Improvement League, The Portlands, St. John Baptist Society and the Trojans A. C.

The vote in the most popular ball player contest is arousing keen interest. This is being conducted by J. M. Elmore.

Through the permission of Captain D. V. Fain, the 10th Cavalry band will attend the fair on Thursday night and give a musical programme.

Turkish Premier May Have to Quit. London, Nov. 12.—The condition of the Turkish Premier and Foreign Minister Ismet Pasha...

Japan Has Again Said No to Russia. Berlin, Nov. 12.—(Special Press)—Japan has again declined Russian proposals regarding the island of Sakhalin.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

CHISHOLM AWARDED \$23,100 AND COSTS

(Canadian Press Despatch.) Halifax, Nov. 11.—Mr. Justice McTavish in the Supreme Court today awarded \$23,100 and costs to Daniel Chisholm, manager of the Sheet Harbour Lumber Company, who brought action against Senator Curry, of Antlerst, for that amount in respect to commissions alleged to be due Chisholm for sales of pulpwood tracts to Messrs. Ingraham and Moore, of New York.

N. B. HOGS TO MONTREAL

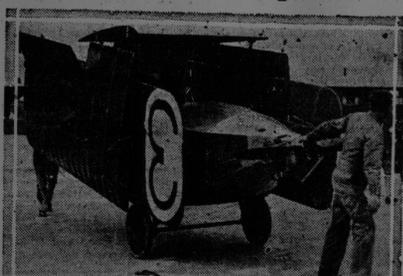

The Harvey Pig Club on Friday sent a second carload of live hogs to the Montreal market. Harvey Mitchell, Deputy Minister of Agriculture, and James Brenner, Provincial Livestock Supt., were at Harvey in that connection. The hogs are of high quality and the price received for the first lot was sufficiently satisfactory for the second shipment to be made.

Louisiana raises more sugar cane than any other state in the U. S.

Famous Old Recipe for Cough Syrup

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this famous, old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less. Get 2 1/2 ounces of Pinex from any drugist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or fruit syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying, tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma. Pinex is a special and gently concentrated compound of highly refined pine extract, known the world over for its healing effect on the membranes. Avoid disappointment by asking your drugist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Collapsible Airplane

This is the "Cranwell," a collapsible airplane recently exhibited at Lympne, England. Its wings fold up so that it can be wheeled into a garage.

RESTORING FRANCE—SIX YEARS AFTER

Remarkable Progress Shown in the Work of Repairing War's Damage—France Has Spent 74 Billion Francs.

By MINOTT SAUNDERS. (United Press Staff Correspondent.) Paris, Nov. 12.—During the years since the war that the allies have been quibbling over reparations payments, France has been making remarkable progress in rebuilding her devastated regions, according to official figures. She has been admirably industrious and has restored her stricken districts with a business energy which, she believes, should inspire world-wide confidence.

This has meant a heavy drain on her treasury. France has spent 74 billion francs in reconstruction. Germany has contributed only 800 millions. The total damage to French property, covered by the Treaty of Versailles, is estimated at 82 billions.

The ministry of the Liberated Regions is authorized for some outstanding figures of rehabilitation in the ten important war-stricken departments: Aisne, Ardennes, Marne, Meurthe-et-Moselle, Meuse, Nord, Oise, Pas-de-Calais, Somme and Vosges. The following summaries are striking:—

Industrial plants in these areas before the war numbered 4,690,188, of which 4,283,677 have now returned.

Of 741,938 houses and farm buildings destroyed or damaged, 605,988 have been repaired.

Of 1,928,479 hectares damaged (a hectare is nearly two and a half acres), 1,788,769 hectares have been reclaimed for cultivation.

Coal mines destroyed by the Germans numbered about 260, and three-fourths of this number are now producing in increasing quantities, although the output remains far below pre-war normality.

At the close of the armistice 58,697 kilometres of highways required urgent attention in the war zones, and 42,360 kilometres have been repaired.

Buildings destroyed, 6,125; fully repaired, 4,800.

Of 22,900 factories and workshops destroyed or damaged, 20,870 are either fully reconstructed or in the final stages of repair.

It is a fact that reproduction has not kept pace with reconstruction, but this is due to elements of which the Government has no control. In districts where there was heavy fighting and a network of trenches the land is not yet as fruitful as formerly, but only time can restore it. The years of inactivity of factories and farms destroyed the system of marketing, and this must be carefully rebuilt.

Livestock Decreases. The possession of livestock remains low, compared with the pre-war figure. There are now only 829,940 cattle in the devastated regions as against 892,338

TELLS OF WORK AMONG CHILDREN

The St. John Deanery Sunday School Teachers' Association meeting in the Church of England Institute last night was addressed by Miss Hasell, who has been in charge of a van Sunday school in Caribou diocese for several seasons and is now on her way back to England to raise money for the work for the next season. H. Usher Miller, president, was in the chair and the meeting was largely attended. Miss Hasell gave an account of her experiences in the diocese of Caribou. Miss Hasell is English and she raised in England the money to purchase her Sunday school van and to pay the expenses of her work. With two helpers she has traveled the length and breadth of the diocese of Caribou teaching the children, preparing teachers to take charge of Sunday school classes and reaching many hundreds of children by means of the Sunday school. The lantern slides with which Miss Hasell illustrated her address showed how perilous many of her journeys had been and gave some realization of the coolness and courage that these devoted workers must have to face emergencies.

On one occasion the van had rolled over the bank of a precipice and when it was resting upside down at the bottom of the ravine the occupants scrambled out, walked to their destination, conducted the meeting they had been going to attend and after the meeting was over asked the help of the men in the district to right the machine.

Miss Hasell's address was greatly enjoyed and hearty thanks were given her. The collection taken at the meeting will go to assist the Sunday school work in which she is interested.

FAVOR UNION. Toronto, Nov. 11.—Out of a total of 30 ministers in the Presbytery of Pictou, Nova Scotia, 26 have issued a signed declaration of their intention of entering the United Church of Canada, according to a message received by the church union bureau of information and made public today.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your drugist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot callouses, without soreness or irritation.

ASQUITH ADVISES REORGANIZATION

Says Liberal Party in England is Far From Dead

(Canadian Press Despatch.) London, Nov. 11.—Former Premier Asquith, leader of the Liberal party, the losses of which in the recent elections have given grave concern to its

supporters, said in an address at a luncheon of Liberal members of Parliament yesterday that there was no use of disguising the serious nature of the party's setback. He asserted, however, that Liberalism was far from dead, and he incidentally revealed the fact that a small committee of experts was already working on a complete reorganization for the party which he needed, he said, "an overhauling from top to bottom."

Mr. Lloyd George, who since his retirement from the Premiership has been associated with Mr. Asquith in the party leadership, declared there was "nothing in the situation which ought to dismay us." Meantime, he added, the party had valuable work to do in the House of Commons.

In connection with today's meeting it was reported in political circles in Liverpool that a seat in the House of Commons might be found for Mr. Asquith in Denbighshire. The Liberal leader failed to win a re-election from the Paisley constituency in the late election. It is understood that Mr. Lloyd George has already taken action with a view toward finding the Denbighshire seat for Mr. Asquith.

Reduce Your Fat Without Dieting

Years ago the formula for fat reduction was "diet"—"exercise." Today it is "Take Marmola Prescription Tablets." Others tell friends—these friends tell others. They eat substantial food, live as they like and still reduce steadily and easily without going through long, tedious diets. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a box, or if you prefer you can order direct from the Marmola Co., General Motors Bldg., Detroit, Mich.

EMMA GOLDMAN IS CURED BY RUSSIA

Woman Deported From America For Bolshevist Views Changes Mind

(Canadian Press Despatch.) London, Nov. 11.—"Emma Goldman, when she makes public her feelings toward the Bolsheviks, will be the best advocate of anti-Bolshevism to whom England has ever listened," says Rebecca West, the writer, in a statement to the Daily Express.

"She is a disappointed woman, thoroughly disillusioned with what she has seen in Russia," Miss West adds. "She welcomed her deportation to Russia from the United States as the opportunity of a lifetime but the time she spent in Russia changed her theories to a great extent and Bolshevism is no longer her great enthusiasm."

Miss Goldman has been in London for several weeks, but her presence was not generally known until announced in the papers yesterday.

To Champion Prisoners. London, Nov. 12.—Emma Goldman, who has come to England from Germany seeking asylum as a refugee, intends to make a speaking tour of Great Britain, according to her London friends.

A dinner to welcome Miss Goldman for several weeks, but her presence was not generally known until announced in the papers yesterday.

She says that the dangers of Bolshevism are not realized here, she said, "feel that in Washington there is an instinctive understanding of their difficulties which, when they come to London, they have to explain laboriously in Downing Street."

Alpine mail service has been introduced in China, between Peking and Tientsin, a distance of 237 miles.

ILLITERACY IS ON DECLINE IN CANADA

Ottawa, Nov. 11.—Illiteracy is steadily declining throughout the Dominion, according to information compiled by the Dominion Bureau of Statistics.

This improvement in the educational status of the population five years of age and over, during the last 20 years, is indicated by the decrease in the percentage of illiterates from decade to decade. In the last census, for the total population five years of age and over 9.25 per cent were reported as being unable to "read and write" as compared with 10.80 per cent in 1911 and 14.38 per cent in 1901.

Thanksgiving Day, Monday, Nov. 10, our stores will be closed.

CLOUD SHOOTING BY AVIATORS

Experiments Being Made in Destruction of Fog and Clouds.

Washington, Nov. 12.—Extensive experiments in the destruction of fogs and clouds by the use of electrified sand are to be carried out, under Government supervision, at Bolling Field, Army airfield equipped with the device patented by Dr. L. Francis Warren of Harvard University have been detailed exclusively to that work and daily flights are to be made during the next six weeks to determine both the peace and war value in connection with aviation.

The two aviators who conducted the first attack obtained a fair "bang" despite the extreme height of the clouds over the field. A group of officers and civilians from the ground could follow without difficulty the cutting off of a cape or peninsula of cloud and its subsequent disintegration. Larger masses were criss-crossed with lanes through which the sun's rays shone to accelerate evaporation. Dr. Warren described the work as a "mere continuation of the invariably successful experiments of the past three years."

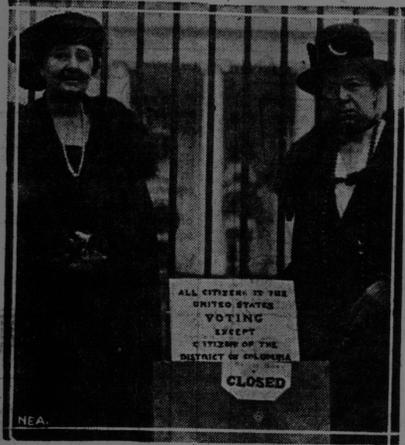

"We have had nothing happen in the last three years," he asserted, "to make us change our claims or our minds. We base our work on the assumption that visible forms of moisture in the air, like mists, fogs, clouds, etc., were a form of colloidal suspension in gases and that they should be governed by the same general laws that prevail in colloidal action in liquids and solids.

Propeller Spreads Sand.

"We fill the sand tanks on the planes with 120 mesh silica sand. The planes being equipped for charging the sand either positively or negatively by the turn of a lever, the sand impinging upon charging plates or falling through charging nozzles and being scattered by the air, driven back by the propeller. When a cloud is found to have a positive charge, we scatter negatively charged particles at the extreme top; when it is found to have a negative charge we scatter positively charged particles at the top; and when it is found without any charge we first charge it as we like and then bring it down by again scattering the opposite charged particles.

"These tests have resulted in some cases in uncanny manifestations. For example, on July 8, at about 2 o'clock

Where They Had No Vote

Although (and because) the District of Columbia is the seat of our government its inhabitants have no voice in the election of president. So on election day women of the various parties displayed locked ballot boxes as propaganda to gain the franchise for Washington voters in future elections.

of the afternoon, a frightfully heavy thunderstorm with almost continuous lightning lay to the south of Phillips Field over Chesapeake Bay. At 2:30 we attacked a small corner of this storm with a quantity of negatively charged sand—less than ten pounds—and coincident with its application, there was no more lightning and no more thunder. There followed a slow, gentle rain of about four hours' duration. No claim is of course made that the rain was caused by us, because it would have rained anyhow, but the rain would have been attended by constant thunder and lightning and the sudden bursts of downpour so familiar to us. This experiment was intended to test an opinion expressed by Mr. Edison, in an interview in which he was reported to have stated that we should be able to upset the electric charge of a tornado or a cyclone.

Need Larger Planes.

"A much better showing could have been made if we had planes that could

"CLEAR, sparkling coffee—the color of rich, transparent amber—may be made in any Hotpoint Percolator."

Percolation from cold water commences within thirty seconds. Hotpoint Percolators are equipped with exclusive safety switches which protect the appliances should they accidentally "boil dry."

For sale by dealers everywhere. H 150

HOTPOINT DIVISION

widely scatter electrified sand at the rate of 100 pounds per minute. With the planes as they now are, we can release only 30 pounds per minute. The small planes with their light weight are all right for fog and all right for flitting with clouds, and have at least proved beyond doubt that the principle is correct and practicable, which means that a celestial epoch has been reached in the affairs of man. Commercial rain-making now lies within the grasp of man, and he can employ to this end one of nature's cheapest commodities, namely common or garden silica at a

Boys and Girls! Toyland is Open At M. R. A.'s

Santa Claus is getting ready for the "Day of Days" just six weeks away, and is preparing surprises a-many for good girls and boys. Come in and see the Brand New Toys in Toytown. You'll see plenty of jolly things you'll want to include in your Santa Claus letter. Better try to bring Mother or Dad along with you. They'll enjoy looking over this wonderful Toytown too.

Trains, Boats and Automobiles for Boys Who Like Engines

And every boy likes toys with plenty of machinery to wind up and set in motion. Some of these toys will speed up and outclass anything of the kind you have ever seen. Mechanical toys of many kinds are here for boys to look over and choose from. Every day for a short time new arrivals will keep Toytown interesting and cheerful. Just wait until Christmas morning and see which ones of them Santa Claus leaves for you.

Mothers Might Like to Know

That the earlier they secure pretty and funny little stocking novelties, the better variety there'll be to choose from. Tree decorations may be chosen to fine advantage now too. Prices in Toytown are so moderate you'll want to do a great deal of shopping here. Sometimes the little novelties that fill the Christmas stocking afford as much amusement as toys costing a greater price. A word to the wise—Choose these things early.

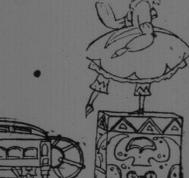

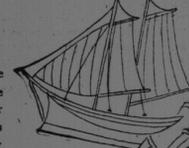

All Kinds of Lifelike Dolls For Admiring Small Girls

Dolls that walk, talk and sleep. Some are curly headed and some are smartly and properly bobbed. Dressed dolls—and dolls ready to dress. We feel sure that every little doll-lover will find here a beautiful pound eyed darling to suit her exactly. Many of these dolls will stand any amount of rough handling. Tell Santa you want one of these beautiful dolls for your very own.

We Can't Begin to Tell You All About Toytown

Come and see it for yourself. There are hosts and hosts of amusing Wooden Chinese Toys different from anything you have ever seen. Then there are Games of many kinds for small and bigger girls and boys; Gaily Painted Furniture for dolls; Prancing Horses and Vehicles; Lifelike Pigs; Funny Monkeys; Musical Toys; Building Blocks—and so many more things you'll have to see to really understand.

These pictures will help tell the story. Toytown will be found in the same place as other years. Just behind the Art department, German street entrance.

The people evidently appreciate the idea. Why not share in the special prices and have something to boot in your pockets?

Lots of good things for Thursday. ONLY THREE DAYS MORE

(Signed) F. W. DANIEL. London House.

cost of about \$3 per ton, which, outside of maintaining the equipment and operating the planes, will be the only charge.

It was understood President Coolidge had expressed his interest in the experiments and had indicated his hope that facilities for their continuation might be found. The Bolling Field group will make flights daily, the inventor said, during the next six weeks with a view to obtaining exhaustive data for the governmental departments.

WEDDINGS

Murphy-Clark. The marriage of Miss Edith Clark, daughter of Mr. and Mrs. Thomas Clark of Ready street, and Daniel Murphy, son of Mr. and Mrs. Daniel Murphy, Sand Cove Road, was solemnized with nuptial mass at 7:30 this morning in St. Rose's church, Fairville, Rev. Charles Collins officiating. The bride was gowned in a navy blue Canton crepe dress with silver trimmings, hat to match, and a fox fur, and carried a white prayer book. She was attended by her sister, Mrs. Max O'Keefe, who wore a navy blue tailored suit and black picture hat. Mr. O'Keefe was best man. The groom's gift to the bride was an onyx pin with pearl settings, and to the groomsmen a gold bar pin. After the ceremony the happy pair motored to the home of the bride's parents, where a wedding breakfast was served. The dining room was decorated, with the color scheme being carried out on the prettily arranged table. Many beautiful presents of silver, cut glass and

linen were received. Mr. and Mrs. Murphy will reside at 14 Ready street.

McCrea-Akerley. In the Central Baptist church on Nov. 11 Miriam Isabel, daughter of Mr. and Mrs. Eldon Akerley, of McDonald's Point, and Hugh Blake, son of Mr. and Mrs. William McCrea, 130 Broad street, were united in marriage, Rev. James Dunlop officiating. They were unattended. The bride was attired in blue Canton crepe, with black picture hat and grey shoes and stockings. She wore a corsage bouquet of roses. Following the ceremony a reception was held at the home of the groom's parents, after which Mr. and Mrs. McCrea left on a honeymoon trip through the maritime provinces. On their return they will reside at 92 Mecklenburg street. Mr. McCrea is in the coal and wood business in this city. Numerous gifts testified to the popularity of the young people.

Coleman-McAfee. A pretty wedding was solemnized at the home of Mrs. J. J. Drummond, 786 Broadway, Everett, Mass., on Saturday, Nov. 1, when Miss Edith McAfee, daughter of the late George and Esther McAfee, of Red Head, and Edgar William Coleman, of Gardner, Mass., were united in marriage, Rev. Mr. Pitman officiating. The bride was dressed in a gown of golden brown georgette and carried a bridal bouquet of opheelia roses and carnations. She was given in marriage by Mrs. J. J. Drummond. Miss Dorothy Drummond played the wedding music. Mr. and Mrs. Coleman will reside in Gardner, Mass.

One hundred liters are required to yield one gallon of cod liver oil.

GIVEN 5 YEARS AND 20 LASHES

Digby, Nov. 11.—A man named Godsoe appeared before Judge Grierson today under the Speedy Trials Act on a serious charge laid by Rev. A. J. Prosser, agent for the Children's Aid Society, and was sentenced to five years in Dorchester penitentiary with twenty lashes. Crown Prosecutor Dennison appeared for the prosecution and Frank Jones, K.C., for the accused. It is said others are implicated and it is expected that further arrests will follow shortly.

HEAD STUFFED BY CATARRH OR COLD?

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief. How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffing, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure. A new implement, a "spading tractor" will plow, harrow and cultivate in one operation, and does a quantity of three acres an hour.

SCHOONER CUPOLA HAS CARGO OF RUM

Yarmouth, N. S., Nov. 11.—The fifty-ton two-masted schooner Cupola, which for several years was one of Yarmouth's fresh hallbutters, is in port with a cargo of 730 cases of rum on board. The vessel is in charge of Capt. John Simms, and at the Customs this morning reported "from sea." The vessel is also reported as leaking badly. But, nevertheless, clearance papers were taken out for St. Pierre, Miquelon, and it is expected the vessel will sail tonight without much delay.

BRITAIN TO PLACE WREATH ON GRAVE

Boston, Nov. 11.—Edward F. Gray, British Consul-General at Boston, was instructed today by Sir E. Howard, the British Ambassador, to attend the funeral of Senator H. Cabot Lodge tomorrow and to place a wreath on the grave on behalf of the British Empire.

MAY CHANGE NAME OF FASCIST PARTY

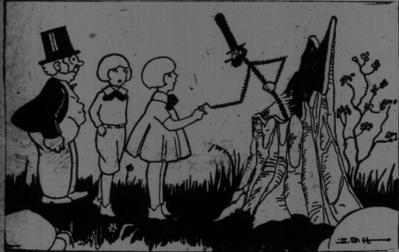

(Canadian Press Despatch) Rome, Nov. 11.—Several newspapers here today state that a project is being studied to change the Fascist Party to one which will be called instead the National Party. This change, it was said, is being contemplated in order to allow many who have not yet joined the Fascist, because of its revolutionary origin, to enter an organization having a wider scope.

They now get away with stomach and back-pain, indigestion and other two-fisted ailments and yet never have a sign of dyspepsia.

AT ALL DRUGGISTS

all parts of the earth, so they ought to know something about it. Down they went through the stumps and there they were in Doofoony Land.

The first person they met was Miss Pithers, the yarn lady.

"The House-That-Jack-Built!" she exclaimed. "You mean Jack-in-the-Box, I suppose."

"Oh, no," said Nancy. "Nothing like that."

"That's the only one I know of," said Miss Pithers, passing on.

"The House-That-Jack-Built!" she exclaimed the Cut-Out Lady. "I never knew that the Jumping Jack was a carpenter."

"Oh, I know!" said the Saw Horse. "Jack used me to lay his boards on. So it is gone! If anyone in Doofoony Land has seen it, I'll let you know."

ANNUAL EVENT IN ST. PATRICK'S HALL

High Tea and Sale Opens—The Committees in Charge.

For the Church of the Assumption high tea and sale, to open this evening in St. Patrick's Hall, West St. John, the auditorium has been artistically decorated. Effort has been made to provide good entertainment for the visitors.

Supper table, No. 1—Mrs. S. B. Donovan, Mrs. Ted McMuray; replenishers, Mrs. H. Collins, Mrs. J. Lynch. Table No. 2—Mrs. Gerald Jenkins, Mrs. F. X. Collins, Mrs. W. Ring, replenishers, Mrs. G. Hennessy, Mrs. Josephine Goldie.

Many parents keep a daily schedule to be followed by their children and thus prepare them for greater regularity of life in later years. The Mann family wasn't particularly attentive to such matters and this is typical of a great many families.

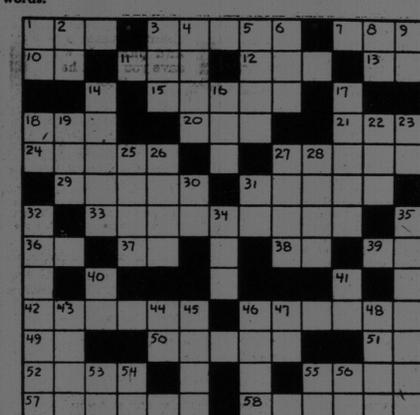

CROSS-WORD PUZZLE

The object of the cross word puzzle is to fill out the white spaces in the diagram with words which agree with the definitions given in the accompanying text.

The word defined in the text under "HORIZONTAL" and indicated as No. 1 (in case such a number appears in the Horizontal list) will extend horizontally from No. 1 square to the next black square.

The word indicated as No. 1 under "VERTICAL" in the list of definitions will extend from white square No. 1 to the black square below. And so on.

Most of the letters are used in the making of two different words.

SUGGESTIONS FOR SOLVING CROSS-WORD PUZZLES

Start out by filling in the words of which you feel reasonably sure. These will give you a clue to other words crossing them, and they in turn to still others.

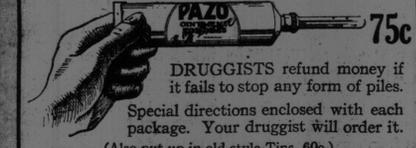

A letter belongs in each white space, words starting at the numbered squares and running either horizontally or vertically or both.

- HORIZONTAL
1—To rest on a seat
2—The god of love
7—A spring of mineral water
10—Upon
11—An age

Painful, swollen ankles

Sloan's gets right at the trouble

You'll get quick, sure relief for swollen, painful ankles with Sloan's. It requires no tiresome rubbing; the medicine itself does the work.

In it are certain ingredients that are so stimulating to the circulation that the moment it is applied, freshly purified blood starts tingling through the aching place.

Sloan's Liniment kills pain!

Doctor prescribed Carnol

and Miss Mosher is now as well as she ever was.

If you could read the many testimonials which have been pouring in from people everywhere telling us of the marvelous results from using Carnol, you would be convinced that Carnol is a wonderful remedy.

Social Notes of Interest

Miss Katherine Peters, of Rothesay, who is a student at Macdonald College, St. Anne de Bellevue, was the week-end guest of Miss Marlon Charleson, Ottawa, daughter of Mr. and Mrs. William Charleson, the latter formerly Miss Florrie Smith, of this city.

Mrs. W. H. Green, of 229 Douglas avenue, with her two children left last Saturday to visit her mother at "Hillcrest," West Brome, Quebec. Mrs. Green and children will remain for two months.

The residence of Mr. and Mrs. Walter C. Allison, at Rothesay, was a scene of pleasant interest on Saturday evening when more than fifty of their friends from the city and Rothesay assembled to extend them best wishes on their arrival from their honeymoon. The rooms were very pretty with yellow chrysanthemums, making an effect of sunshine under the brilliant electric lights. Mrs. Allison was given in a fuchsia georgette crepe over silver with silver slippers and beautiful pearls. Mrs. William S. Allison was given in turquoise with white and black beads. Gifts were sent to the bride and groom by the guests who assembled at the residence of Mr. and Mrs. William S. Allison, and went together to the home of Mr. and Mrs. Walter C. Allison.

Among those present were Mr. and Mrs. Richard Hooper, Mr. and Mrs. T. E. G. Armstrong, Mr. and Mrs. E. Allan Schofield, Mrs. Fred B. Schofield, Mrs. Fenwick Fraser, Mr. and Mrs. Thomas Bell, Dr. and Mrs. J. Lee Day, Mr. and Mrs. Alexander Wilson, Mr. and Mrs. George Cushing, Mr. and Mrs. Theodore Cushing, Mrs. R. E. Puddington, Miss Anne Puddington, Mr. and Mrs. H. E. Puddington, Mr. and Mrs. John McIntyre, Mrs. James F. Robertson, Miss Hooper, Mr. R. Morton Smith, Mr. and Mrs. George P. Robinson, Mr. and Mrs. Ernest Barbour, Dr. H. A. Farris, Rev. Canon and Mrs. A. W. Daniel, Mr. and Mrs. William E. Bowman, Mrs. B. S. Purdy, Mr. John D. Purdy and several others. Bridge was played, the prize winners being Mrs. Bell, Dr. Day and Mr. and Mrs. E. Allan Schofield. Mrs. Allison was one of the guests at a tea, following the usual meeting

in the Kitchen Try a small portion of Gillett's Pure Flake Lye in the dishwasher when cleaning greasy pots and pans. It will save you much hard labor.

MADE IN CANADA

of the Ladies' Bridge Club at the residence of Mrs. H. P. Puddington yesterday afternoon at Rothesay.

Mr. J. Gray Hamilton, son of Mrs. W. J. Hamilton, of Douglas avenue, who is a student at Acadia University, Wolfville, N. S., was a guest of Dr. McDougal at Halifax for the holiday.

Miss Barbara Semple, of East Florenceville, spent Thanksgiving holidays in St. John, the guest of her aunt, Miss Mabel Gallupe, Orange street. Miss Semple is at the present a student at the Provincial Normal School in Fredericton and while there is living with

her cousin, Mrs. Rolfe K. Nevers, Lansdowne street.

Mr. and Mrs. Willoughby Hatch and Mr. and Mrs. Albert Wilson were visitors to St. George for the Thanksgiving holiday, returning to town yesterday.

Mrs. J. J. Dwyer has gone to Montreal and is visiting her sister, Mrs. Arthur McCloskey, Hutchinson street. Miss Madelon Dwyer, her daughter, is visiting the Misses Brennan, 298 Union street.

Mr. and Mrs. George A. Speight, of Woodman's Point, have announced the engagement of their daughter, Sarah Elizabeth, to Arthur Henry Hart, of Woodman's Point, formerly of Wilsheach, England, the wedding to take place in the near future.

Mrs. C. H. Cochrane, Lawrence street, West St. John, has returned home after a pleasant visit to Fredericton, where she was a guest of Mrs. Holland Boone while visiting her daughter, Miss Ella Cochrane, who is a nurse in training at Victoria Hospital.

Miss Annie Allen has arrived home from Woodstock, where she was the guest of her cousin, Mrs. T. Griffin, and Dr. Griffin for the holiday.

JAMS PRESENTED. The Women's Hospital Aid visitors to the General Public Hospital and the East St. John Hospital yesterday presented the splendid array of jams, jellies and preserves which had been contributed by the members of the Aid and the friends of the organization's good work. There were about 350 jars of delicious home-made delicacies received at the General Public Hospital, a much larger supply than has ever been given on Jelly Day in previous years. At the County Hospital there were 88 jars and when they were set out upon the pantry shelves they looked tempting indeed. It had been feared that the dividing of the appeal this year might have meant a lessened supply for the General Public Hospital, but the fears were unfounded and both institutions were greatly pleased to receive the Jelly Day gifts, which will mean many special treats for the patients.

NEW CLASSES OPENED. A new department for grades one and two pupils has been opened in King Edward school and Miss Alice Fulton has been appointed as teacher of the class. The large number of new pupils has made necessary the opening of the new department.

King Cole Tea. Full of Quality. You'll like the flavor.

NEW OFFICERS FOR COAL HANDLERS. The annual meeting of the Coal Handlers and Trimmers Local, No. 810 of I. L. A., was held in its hall in Smythe street last night with a large attendance of members. Last year's understanding with regard to wages and conditions of employment will be in force for the coming year. The officers elected were as follows: President, William Mattson; vice-president, Frank Duffy; secretary and business agent, William Ely; executive board, F. MacDonald, William Hunt, James Wolfe, Hugh Gaurlie, Phillip Goggin, marshal, N. Dobson; delegates to the Trade and Labor Council, William Ely, William Mattson, R. Sutherland, John Bent and Charles Carlin; delegates to the Waterfront District Council, William Ely, William Mattson, Charles Carlin, S. Swanton and James Wolfe. Various matters of importance to the union were discussed.

BEAUTIFY IT WITH "DIAMOND DYES"

Perfect home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, coverings, coverings, hangings, everything new.

Bon Ami. Dozens of Ways to Use It. Of course, you use Bon Ami for cleaning mirrors and windows—everybody does. But many housewives have discovered dozens of other uses for their "good friend." Bon Ami is just the right thing for bathtubs and tiling, for all brass, copper, nickel and aluminum ware and for white woodwork as well. And it absorbs quickly the grease and grime from linoleum and Congoleum. And so it goes throughout the house—everything is brightened by the magic touch of Bon Ami. Cake or Powder Whichever you prefer. BON AMI LIMITED, MONTREAL. Made in Canada.

DOMINION LODGE HAS ANNIVERSARY. Dominion Lodge, I. O. G. T., No. 445, last night celebrated its eleventh anniversary and observed Armistice Day at a gathering held in the lodge hall in Murray street. The hall was splendidly decorated with flags, James McEachern, grand chief templar, was chairman, and with him on the platform were E. N. Stockford, national chief templar; George McKel, the first chief templar of the lodge; H. B. Cunningham, the first lodge deputy; Geo. Kelly, grand secretary; Frank Merrill, past chief templar; and Rev. A. L. Tedford, who conducted an impressive memorial service in honor of the 11 members of the lodge who had died during the 11 years of its existence, of whom five had made the supreme sacrifice during the Great War. An interesting and pleasing programme was given after the memorial service. The various numbers included a reading by Miss Marshall, solos by Mrs. Charles Spence and Miss Dorothy Spence, a selection by the McEachern quartette, and addresses by George McKel, E. N. Stockford and Mr. Tedford. Mr. Tedford spoke of the temperance situation in New Brunswick. Mr. Stockford presented to Mr. Cunningham an I. O. G. T. anchor and Mr. Cunningham made a fitting reply. When the programme closed with the singing of the National Anthem the ladies of the lodge served refreshments and a social hour was enjoyed.

Neilson's Home Made Chocolates. 60¢ per pound. Half Pounds, Pounds, Two Pounds.

CLOCK, 140 YEARS OLD, FOR MUSEUM. A "wag on the wall" clock has just been presented to the Natural History Society. It is the gift of W. B. Campbell, of 115 Elliot Row, and is at least 140 years old. A "wag on the wall" clock is the name which was familiarly given to these clocks of home manufacture in Scotland, and it is a very descriptive title. These clocks were by means of a long chain. When the clock is about run down the weight at one end of the chain has dropped down as far as it will go. To wind the clock the other end of the chain is pulled down as far as it will go. A pendulum hangs outside the case and the clock was always hung on the wall. The motion of the pendulum and the position of the clock were cause sufficient for the producing of the name, "wag-on-the-wall." This particular clock that has just been presented to the society is of so great antiquity that its age is shrouded in mystery. It is a very fine specimen of fossil of the gigantic or gigantic club mosses long since extinct. In size it measures about five inches in diameter and has an average length of about 12 inches. It was found 25 years ago and is presented to the society by Aldredo McDonough, of St. Martins. The specimen is a remarkably good one and shows very clearly the pits left by the rootlets of the enormous horsetail. It is a very heavy specimen to handle, weighing something like 15 pounds.

FLY-TOX. is easily used with the Special FLY-TOX Hand Sprayer. Will not Stain or Fade Furs or Finest Fabric. At your Dealer's. KILLS MOTHS. CANADA REX SPRAY CO. LTD. DUNSTON ONTARIO.

CELEBRATE THEIR GOLDEN WEDDING. Richibucto, Nov. 11.—On Oct. 4 there was a very pleasant social function at the home of Mr. and Mrs. Patrick Swift at Coal Branch, Kent county, the occasion being the fiftieth anniversary of their marriage. Their sons and daughters with their wives, husbands and children, numbering 35 in all, came to the old home to offer congratulations. Rev. Father Robichaud, of Adamsville, N. B., their parish priest, presented them a purse of gold on behalf of their sons and daughters. During the evening a dainty supper was served, the color scheme in the dining room being in pink. A delightful programme of vocal and instrumental music was given and bridge was played at several tables. Mr. and Mrs. Swift were married in Rexton (then Kingston) on Oct. 4, 1874. They resided in Rexton and Richibucto until 1880, when they removed to Coal Branch, Kent county.

LIFEBOUY PROTECTS. Take no chances—cleanse your hands frequently with the rich, creamy lather of Lifebuoy. Lifebuoy contains a wonderful health ingredient which goes deep down into the pores of the skin, purifying them of any lurking infection. The clean, antiseptic odour vanishes in a few seconds, but the protection of Lifebuoy remains.

GOES TO JAIL. John Beck with appeared in the police court yesterday afternoon charged with assaulting Percy Charlton and was fined \$20 or two months in jail. He went to jail. Leo Walsh, charged with stealing half a bushel of oats from his brother, George, was remanded to jail.

STARTS WINTER WORK. The monthly meeting of Alexandra Chapter, I. O. D. E., was held in Temple Hall, Main street, yesterday afternoon with Mrs. R. A. Corbett, regent, presiding. There was a fair attendance of members. Plans were formulated for the holding of a tea in the near future. There was practically no other business, as the chapter is just getting down to work, after the summer recess.

Your Second Best Dress. It is perfectly natural for women at this time of year to look over their wardrobes and be shocked at the poverty of nice dresses. A new purchase or two doesn't quite handle the situation. Then is when Dry Cleaning saves one declining Dress, freshening it up so it can be worn instead of the newer ones around the house. New System Laundry Cleaners—Dyers.

BISTO for Vegetarian Dishes. Gray, Soups, Stews, Meat, Pies, etc. BISTO is invaluable to those who cook Vegetarian Dishes on account of the wonderful "savouriness" it brings. Bisto turns a thin vegetable gravy into something nourishing and tasty. It adds zest, too, to all other dishes where a savoury flavour is desired. IN 10, 25 & 50c PACKAGES AT ALL GROCERS.

R. K. JONES DIES FROM INJURIES IN MOTOR ACCIDENT

Son of Former Solicitor-General Passes Away in Hospital

Woodstock, Nov. 11—Randolph Kelchum Jones passed away at 6:20 this evening in the Fisher Memorial Hospital from injuries received in an automobile accident yesterday. While it was generally known that his injuries were severe there was a hope that youth and a strong constitution would bring him through the ordeal and the announcement of his death was a shock to everyone.

He was a son of Hon. Wendell P. and Grace J. Jones and was 22 years of age. He graduated from Woodstock High School and in 1920 graduated from McGill in arts, taking honours in political economy. He was two years at U. N. B.

There were many activities connected with his life. The Boy Scouts and Cadets were among the first organizations to attract him and last year he was made a captain in the 89th Battery.

One of McGill's brilliant young students, he took part in the elections in England, in the Conservative interest, in 1923, making a striking impression by his speeches on the preferential tariff.

A Favorite.

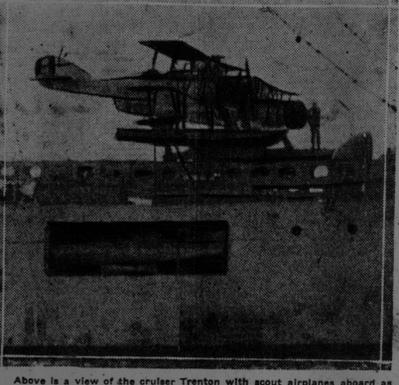

His youth and very youthful appearance made him a great favorite with the big audiences that he addressed during the campaign.

For the last few months he had been a student in his father's law office and would have finished his law studies in one year. He wrote many articles for the leading dailies and magazines that attracted much attention.

Offered an English constituency in the recent election, he declined as he had planned to enter Canadian politics and no doubt, on account of his signal ability, would have been successful along his chosen line. The public has lost a very promising young man and his family a devoted son and brother.

He is survived by his parents; three brothers, Charles J., Junior member of the legal firm of Jones and Jones; Raymond, of Boston, and George Y., at home; five sisters, Mrs. H. H. Ritchie, of Newcastle; Mrs. C. Morrell, of Minto; Mrs. C. H. Coll of Los Angeles, and Misses Dorothy

Searching For "Lief Ericsson"

Above is a view of the cruiser Trenton with scout airplanes aboard as it left New York to search for William W. Nutting and his crew, lost in a 40-foot sloop, the Lief Ericsson. It is six weeks overdue at Battle Harbor, Labrador.

and Audrey, at home. The funeral will be held Thursday afternoon at 2:30 o'clock.

Peter Norton Griffiths, of London, one of the victims of the terrible automobile accident that occurred here yesterday, was reported to be somewhat improved this evening. His condition still causes grave anxiety. Cable messages from his father were received today.

Sir Henry Gray, eminent English surgeon, now of Montreal, will arrive tomorrow, probably to give any and possible to save the life of Peter Griffiths.

On his return from England where he took part in the election campaign during the winter of 1923, Mr. Jones landed in St. John. He had many interesting stories to tell of the campaign and brought back with him letters of appreciation from men high in the Conservative party in Great Britain.

He was highly commended by Viscount Burton, of Kedleston, and Lieut. Col. Amery, first Lord of the Admiralty.

While in England Mr. Jones was the special guest of Sir John Norton Griffiths, M. P., who is well-known in St. John where he had one of the first contracts for the improvement in Courtenay Bay.

EXHIBITION HAD A SURPLUS OF \$437

Directors are Elected—Plans are Made for Next Year's Show.

That the 1923 show of the St. John Exhibition Association had resulted in a surplus of \$437.31 was announced at the annual meeting of the directors and the subsequently held meeting of the shareholders of the association last night in the exhibition offices, Prince William street.

Through some necessary capital expenditures this amount has been decreased somewhat.

At the meeting of the directors the reports of the auditors and secretary-treasurer were received. These were later presented to the shareholders. A letter was read from the live stock commissioner and the secretary of the Canadian Association of Exhibitions, stating that the annual meeting of that body would be held in Toronto on Nov. 27 and 28. H. A. Porter, secretary, was delegated to attend the meeting.

That there is a growing interest in the exhibition was evidenced by the presence at the meeting last night of several citizens who were not members of the directorate. They were made to feel very much at home, and when the meeting settled down to general discussion, took part in it.

The directors' report commented on the surplus, remarking the fact that there was a surplus despite the fact that the receipts had been considerably below those of 1922. One of the largest of the deficiencies was in the midway, which in 1922 paid \$6,000 and in 1923 only \$3,007. Another source of loss was in the cutting off of \$1,000 in the provincial grant, from \$5,000 to \$4,000.

The report recommended to the directors the holding of an exhibition in 1923 providing the necessary support from the city and Provincial Governments was forthcoming.

Attention was drawn to the fact that under the terms of city's guarantee, the deficit of \$3,600 in 1921 and paid to the association. The assessment was not made, nor has the association asked for the money.

The report said that several capital expenditures would have to be met in the near future if the St. John exhibition was to continue and improve.

In the general discussion which followed numerous suggestions were made for improving the exhibitions of the future.

Although the board of directors consists of 31 members, owing to the act of incorporation, only 21 can be elected at the annual meeting. These 21 have the power to add 10 to their number at another meeting. Those elected last night were W. C. Allison, W. S. Allison, W. F. Burditt, F. S. Crosby, F. A. Dykeman, Clive Dickson, G. D. Ellis, A. E. Everett, A. L. Foster, Mrs. M. Lawrence, A. J. Mulcahy, P. D. McAvity, G. C. P. McIntyre, I. H. Northrup, R. R. Patchell, G. B. Schofield, E. J. Terry, G. W. Wilson, G. L. Warwick, W. H. White, Hon. R. W. Wigmore.

The meeting of the directors will be held on Monday, Nov. 17, at 12 o'clock in the exhibition offices, at which the additional ten members will be elected. The officers will be elected at still another meeting of the full board of directors.

THOROUGH brushing requires a brush that reaches every hair and penetrates to the scalp.

That is why the Pro-phylactic Pen-e-tra-tor is a real brush. It does the work expected of it and does it thoroughly.

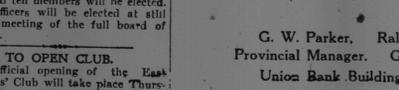

It brushes out every strand of hair quickly and easily. The tangles are removed without that harmful tugging which breaks the hair. The daily brushing becomes less of a labor and more of a comfort.

The stiff, springy bristles are set in widely separated tufts and penetrate the thickest hair.

Examine this brush at any store where brushes are sold and you will see why it brushes through the hair. Sold always in the yellow box.

Radiola Super Heterodyne

Receives Stations Thousands of Miles Away Without Aerials or Wires

No longer is it necessary to have unsightly batteries, ground connections or aerials, in order to enjoy radio reception. The Radiola Super Heterodyne illustrated above contains a loop antenna concealed in the back of the cabinet, which will receive far distant stations without further connections of any description. Provision is made, however, for a larger external loop should one be desired.

Radiola Super Heterodyne can be used in close proximity to a powerful broadcasting station, and yet it will easily tune in a station from the more distant stations. In tuning the Super Heterodyne, the various stations are picked up at exactly the same spot each time. It is as simple to operate as a gramophone.

The six Radiolas are operated by dry cells, and the set may be carried with perfect ease. The cabinets beautifully finished mahogany, equipped with a leather handle for carrying from place to place.

Radiola Super Heterodyne, complete with the exception of batteries and external loop, \$350.00

MARITIMES ASK PERMISSION TO ASSESS C. N. R.

Contend Those of West Have That Right as Shareholders

Ottawa, Nov. 11—One of the outstanding features of today's conference of Provincial Treasurers with the Minister of Finance and the taxation officials of the Finance Department was the address by Dr. Tory, of Edmonton, who last year investigated and reported upon the question of rural credits and who was asked by the banking and commerce committee last session to suggest coordinating measures in the light of further inquiry.

The representatives from the Maritime Provinces, it is understood, have put forward the request that the Canadian Government grant to them the privilege of taxation of the Canadian National Ry. It was pointed out in support of this contention that the provinces of New Brunswick, Nova Scotia and Prince Edward Island were in a unique position due to the fact that they were virtually title holders. Ontario and the western provinces, on the other hand, as stockholders, enjoyed the right to levy taxes on the Canadian National Railways.

On behalf of the Province of Alberta, Hon. B. G. Reid, Provincial Treasurer, submitted the attitude of his Government to the conference, making a survey of the entire situation. Owing to the initiation of certain policies by the Dominion, problems have been left to the province for solution which have strained the financial resources of the province and have placed upon them a burden which is not properly theirs, according to Mr. Reid's case.

"The Dominion income tax," continued Mr. Reid's statement, "invades the field of direct taxation to such an extent that it makes it extremely difficult for the provinces to relieve their financial burden by the imposition of a provincial income tax, as such a tax would be regarded as overlapping and for that reason very objectionable. The municipalities of Alberta have been agitating for some years for a share of certain taxes collected by the Province, but it is impossible for the Provincial Government to relinquish certain of its taxing powers to its municipalities until the present arrangement of taxation between the Federal and Provincial Governments is amended."

INVITED TO CHICAGO.

The president of the St. Andrews Society, C. B. Allan, has received an invitation to attend the annual banquet of the Illinois St. Andrews Society to be held in Chicago at the Hotel La Salle on Saturday, Nov. 29. The invitation cannot be accepted as the president of the local St. Andrews Society will preside at the Scottish night when his own society holds its annual celebration, but the courtesy of the invitation is much appreciated.

Free licenses to brew beer are held by 5,496 persons in Great Britain.

THREE YEARS FOR THEFT OF MOTOR

Dalhousie, Nov. 11—In the early part of October an automobile was stolen from the garage of Herman Cook, of Point Lanin. The car was traced to Newcastle where it had been placed for repairs. The chief of police in Newcastle detected the number and notified Constable George Ross, of Campbellton, who immediately proceeded to Miramichi accompanied by Herman Cook, the owner of the car. Cook having identified his property, William Boucher, who was suspected of the theft, was arrested in Nelson, where he was working for a lumbering concern. He was brought to Dalhousie on a warrant issued by Police Magistrate William McNeil and other, and lodged in the county jail.

Today at the opening of the November term of the Restigouche County Court, presided over by Judge McLatchy, Boucher confessed and was sentenced to three years in the Dorchester Penitentiary.

CIVILIZED MEN AND WOMEN BECOME OLD PREMATURELY.

One would think it would be the other way about. But this would leave out of the picture—the effect of civilized peoples' denatured foods. Savages live upon foods just as nature provides them, thus they retain all their body-building properties. Civilized peoples refine out of their most important building materials, the mineral salts, vegetable fats and vitamins. Thus civilized bodies cannot so well stand the wear and tear of daily life, and they soon begin to grow old. While flour, refined "ghost cereals," white sugar, and refined syrups and other "denatured" foods do their work well in prematurely aging their votaries.

This aging tendency can be overcome to a great extent by resorting to natural, unrefined foods. Dr. Jackson's Roman Meal is a natural whole grain food, made from whole wheat, whole rye, flax and bran. It compensates the deficiencies of white flour, "ghost cereals," etc. Roman Meal renewed the youth of Dr. Jackson, his inventor, to such an extent that while at 55 he was a wreck, at 65 he won a 1,500 mile bicycle contest from a man 30 years younger, actually ran away from his young competitor.

Roman Meal has 1,600 food units while beef has only 932. Roman Meal is thus seen to be the best body-building and strength producing food known. You ought to use Roman Meal. At grocers.

Staying Power!

ON the rugby field, in sports of any kind, the athlete prepares himself for staying power. He develops himself to the maximum of efficiency. He makes of his body a veritable storehouse of energy so that he will be "there" when he is needed.

The athlete daily eats the foods which give him the greatest amount of energy without taxing his digestive organs. So should you. Grape-Nuts is the food you should eat every day. You need the nourishment that wheat and malted barley give, the vitality and strength of phosphorus and iron, the laxative bran from the whole wheat berry.

Ask your grocer to send you Grape-Nuts for to-morrow. Four teaspoonfuls with cream or milk are sufficient for each serving. Add sugar if you wish. You'll feel a new tingling through your veins—a new feeling of strength and vigour that will carry you through each day always at your best.

"Theres a Reason"

Grape-Nuts

Says Canada Status Equal To Britain and Other Dominions

SENATOR BELCOURT SAYS STANDING RE TREATIES SETTLED

Dominion's Representative at Reparations Meeting Speaks in Toronto.

THE PANEL SYSTEM Explains That Arrangement was Agreed to With Reservations.

Toronto, Nov. 11—Canada's status in Imperial affairs was the subject of an address delivered to the Canadian Club today by Senator N. A. Belcourt, envoy, extraordinary of the Canadian Government at the recent reparations conference in London.

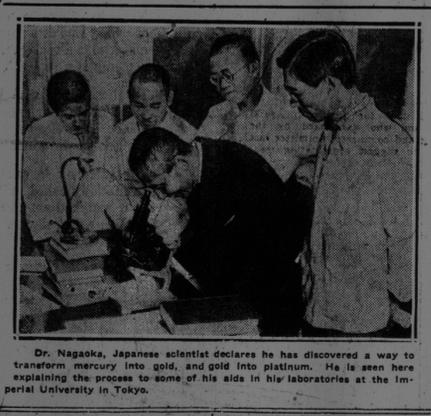

How nearly the British Dominions were to having direct representation was described by Senator Belcourt. Notwithstanding that Canada had refused to submit to its own Parliament the treaty bearing that name, the matter of representation from the Dominions and India at the last London conference was overlooked by the Government of Great Britain, said Senator Belcourt.

When the Prime Minister appointed me to represent Canada at the conference his instructions were to insist upon representation separate from Great Britain and with equal power.

Panel System. On his arrival in London, however, he learned that Australia, New Zealand and India had agreed to be represented by the "panel system" by their high commissioners in London.

Panel System. On his arrival in London, however, he learned that Australia, New Zealand and India had agreed to be represented by the "panel system" by their high commissioners in London.

Making Gold From Mercury

Dr. Nagasaki, Japanese scientist declares he has discovered a way to transform mercury into gold, and gold into platinum. He is seen here explaining the process to some of his aids in his laboratories at the Imperial University in Tokyo.

NEVER SAW SO MUCH ICE IN THE ARCTIC

Seattle, Wash., Nov. 12.—How the ice in the Arctic Ocean, the worst this year that white men have ever known in the waters north of Alaska, worked to destroy two gasoline schooners, the Arctic of San Francisco and the Lady Kinnerley of Vancouver, B. C., was related by Captain John Backland, master of the sailing schooner C. S. Holmes, which is wintering here.

"When I go into the Arctic ice," he recalled, "I always watch for a way to get my vessel out. I was 80 miles from Point Barrow while the Lady Kinnerley was fast in the ice and her men were trying to get away from her. I was forced to go southwest in the ice, away from them, to keep from being caught myself."

The C. S. Holmes landed her cargo at Point Barrow, where she hurried for Bering Strait. According to reports here, only one other vessel succeeded in delivering a cargo at Point Barrow, the northern tip of Alaska, this year. She was the whale Nanuk, which for a while was believed lost.

PLANS NEW COLONY NOVA SCOTIA

C. P. R. Takes Over Large Area for Subdivision Near Digby.

Montreal, Nov. 11.—Colonization in eastern Canada is about to be undertaken by the Canadian Pacific Railway. Announcement was made today at the offices of the company that a considerable block of agricultural land along the line of the Dominion Atlantic Railway in Nova Scotia has been purchased.

N. S. FISHERMAN DROWNED AT SEA

Lunenburg, Nov. 11.—The fishing schooner J. H. May, Captain Olan Mosman, put into port this afternoon with flag at half mast, reporting the loss at sea of Edward Scott, 20, hauling from Newfoundland. The tragedy occurred last Thursday on Queer Bank. Scott's dory upset in a heavy sea and, although his dory again was saved, Scott was not seen again nor was his body recovered.

A man smoking 20 cigarettes a day would require slightly more than three years to get through a mile, or 1150 boxes of cigarettes, counting 20 to the pack.

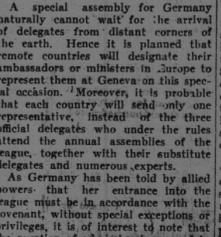

Falls 100 Feet; Is Little Hurt

Fitchburg, Nov. 12.—In falling 100 feet from a stack of the Fitchburg Gas & Electric Light Company, which was painting, Henry J. Cloutier, 29, a professional stepladder, of Lowell, suffered only from minor injuries to one of his hands.

GIRL IS STOWAWAY TO REACH SICK DAD

Edinburgh, Nov. 12.—A girl stowaway has arrived home from halfway across the world. Romance and pathos attach to her story, for she made her desperate adventure, dressed as a boy, so that she could take the place of her dead mother and look after her crippled father—who has now died, too—and his young family.

MRS. FISHER AND KIDNAPPED BABY

When Mrs. Wilbur Fisher, of Boston, was granted a divorce and custody of her two-year-old son early last summer, she little knew the custody of her baby was snatched from her by a man in a limousine. Months passed in following futile clues. The search finally came to an end in Montreal, where, at a baby farm, Wilbur, Jr., was once more clasped in his mother's arms.

APPEAL IN HANSON VS. GLEANER CASE HEARD AT CAPITAL

After Argument of Counsel, Court Takes Matter Under Consideration.

OTHER CASE LATER

Hearing of Appeal of Defendant on Decision Likely December 9.

Frederick, Nov. 11.—The appeal division of the Supreme Court this afternoon heard argument in the appeal of the plaintiff in Hanson vs. The Gleaner Ltd., and took the case into consideration. J. B. M. Baxter, K. C., appeared to support the appeal of the plaintiff from the judgment of Mr. Justice LeBlanc refusing the motion of plaintiff to strike out the defence because J. H. Crockett, managing director of The Gleaner, Ltd., refused to answer questions upon examination for discovery prior to the libel suit. J. F. Winslow, K. C., contra.

The plaintiff, R. B. Hanson, K. C., M. P., was present in court. J. B. McNair, partner of Mr. Winslow, also was present. The full appeal Court, composed of Chief Justice Sir Douglas Hazen, Mr. Justice White and Mr. Justice Grimmer, heard the appeal. The appeal of the defendant newspaper in the same libel suit, which is from the verdict in favor of the plaintiff, will be heard at a later date. The court which will hear it will be composed of Mr. Justice Grimmer, Mr. Justice LeBlanc and Mr. Justice Byrne. The case has been named as the tentative date, but the hearing may be later.

During the presentation of argument considerable testimony was displayed by counsel on both sides. Mr. Winslow said the questions which the managing director of the defendant newspaper had refused to answer on advice of counsel had been in the main frivolous and covering the ground of which the other side was perfectly aware from the libel.

Dr. Baxter, on the other side, urged that answers to the questions were exactly in line with the plaintiff's side. The managing director of the defendant newspaper had merely given a general refusal to answer almost all the questions asked of him. Dr. Baxter stated that there were features of the examinations of which the court was not cognizant but he could say the denial and refusal were given "with a leer and a laugh." Later, while Mr. Winslow was presenting his side of the case, Dr. Baxter interrupted and said that he did not wish to say what he intended to say but he was forced to by the attitude of the other side. The refusal, he said, were given "with an air of drunken familiarity." Mr. Winslow at once retorted that there was no justification for such statements.

Baxter's Argument. Dr. Baxter, in presenting his argument to the court, said that it was very material for the plaintiff to show express malice on the part of the defendant and for that reason alone many of the questions which had met with refusal to answer were permissible. Some questions, if answered truthfully, would have left the defendant newspaper without a leg to stand on. The question concerning attempt to verify the libel prior to publication would have been one. Weakness of the case in other particulars might have been revealed. Court asked if the refusal had not been in advice of counsel. Dr. Baxter said it had, but not on every point. He said that it would be a violation of procedure to have a newspaper to reveal its source of information. In the case of an anonymous letter published, the newspaper must take the blame. Dr. Baxter emphasized the point that the case had gone to trial on the defendant's notice. The defendant's refusal to answer was not in advice of counsel. Dr. Baxter stated that he could not see what procedure could have been taken.

Discussion between counsel and court ensued on the matter of burden of proof and also as to whether the law relating to examination for discovery would not be defied if the judgment were allowed to stand. Numerous cases were cited.

Advice of Counsel. Mr. Winslow's support of the judgment placed emphasis upon the point that refusals were in advice of counsel. The plaintiff, although other courses offered, refused to accept any but the striking out of the defence. That attitude had not been proper. There also was the point that the examinee had not been instructed by a court that such questions should be answered.

Chief Justice Hazen remarked that striking out the defence would be a severe course if refusal had been in advice of counsel. Mr. Winslow proceeded to cite cases and also drew attention to the fact of the other side's weakness in not citing the questions, refusal to answer which was objectionable. In similar cases instead of striking out defence the action of the court had been to order the examinee to attend for examination.

Insistence on striking out the defence if it resulted in such being in order by the court might mean that the defendant would be deprived of his defence because counsel was in error in advice. Refusal to answer such questions as "did you write that article" or "did (Continued on page 15, 7th column.)"

SPECIAL ASSEMBLY MAY LET GERMANY IN NATION'S LEAGUE

Geneva, Oct. 23.—(By mail)—A special assembly of the League of Nations is expected to be held at Geneva some time this winter to vote in Germany as a member of the league. Basing their explanation on the assumption that the German negotiations with the various powers will eventually succeed and that Germany will one day actually forward her application for membership, league officials express the opinion that the Council of the League will probably arrange for the special assembly.

It is believed that if the German negotiations have proceeded far enough and the German application is actually received in time, the council will take some action at its December meeting in Rome.

A special assembly for Germany naturally cannot wait for the arrival of delegates from distant corners of the earth. Hence it is planned that remote countries will designate their ambassadors or ministers in Europe to represent them at Geneva on this special occasion. "Moreover, it is probable that each country will send only one representative, instead of the three official delegates who under the league attend the annual assemblies of the league, together with their substitute delegates and numerous experts.

As Germany has been told by allied powers that her entrance into the league must be in accordance with the covenant, without special exceptions or privileges, it is of interest to note that a five-fold increase in the number of Article 1 of the governing this says that any fully self-governing state, dominion or colony may become a member of the league. However, it is understood by everybody that Germany will be given a permanent seat on the council as being one of the great world powers.

VISITOR FROM BAFFIN LAND AT WESTMINSTER

London, Nov. 12.—Nowabce is in London town. And who is Nowabce? Nowabce—call him John for short—is just as well pleased—he had heard of the great Exhibition at Wembley, so he donned his bear coat, put on his big red boots, pulled on his heavy fox cap and well down over his eyes, and set sail in the mighty kayak with wings, otherwise the 200 tons Rosie, laden with pelts for Peterhead, north of Aberdeen.

Nowabce in hand, and when he landed at Peterhead he was equipped with three magnificent words: "Yes," "No," "Good." His real idea of a train will never be known till he returns home to Yakkoff. The dogs that pulled the sleigh must have been hounds of Hades. He could not see them, try as he might. But London! Mr. Nowabce gripped tightly his guide's arm, and stood trembling on the brink of that ever-flowing river of vehicles and men. He was taken across the roads at that dodging the invisible dogs that drew the automobiles. After various adventures he went to the great temple of the Great White Spirit of the missionary, Westminster Abbey.

WORLD'S LARGEST KORAN AT AUCTION

London, Nov. 12.—Probably the largest Koran in the world was put up to auction at a famous London auction room lately. It was 4 ft. by 2 1/2 ft., and a foot thick, with covers of wood, and took two men to lift it. The serial—thirteen, ten lines to a page, was 4 in. high, the borders were richly illuminated with floral designs, and the whole covered in gold brocade and Kalamkari. It was sold for \$1,000 to an eastern buyer. For comparison, one of the smallest Korans in the world, 1 1/2 in. by 1 1/2 in., was placed beside it. What was catalogued as "a large Cashmir shawl" proved to be a fabric 30 ft. by 15 1/2 ft., which covered the whole one end of a wall. It sold for only \$200.

SEARCH FOR LOST HIKERS GIVEN UP

Missoula, Mont., Nov. 12.—Rewards aggregating \$1,700 have been offered for the recovery within the next year of the bodies of William and Joseph Whitehead, brothers of Chicago who disappeared in the wilds of Glacier Park last August. They left on a hiking trip and are believed to have lost the trail and died of starvation. Search for the bodies has been abandoned temporarily because early snows have covered the park, blotting out all possible clues.

POLAND BARS GRAIN EXPORTS

Warsaw, Oct. 22.—(By mail)—The government has fixed a charge of the equivalent of \$3 on each 222-pounds of grain exported because of this charge amounts to a prohibition of grain exports.

ARREST FOLLOWS CHARGING CALIFORNIA MAN

Boston, Nov. 12.—E. L. Millen, alleged to be doing business "under the name and style" of the Consolidated Company of 100 Boylston street, owes his arrest by federal officers on mail fraud charges to the persistence of William Vanderloos, who hiked all the way from his home in Covina, Calif., to "have it out" with Millen.

MAY RAISE PAY OF ONTARIO CABINET

Premier Ferguson Proposes 50 Per Cent Increase for Ministers.

Toronto, Nov. 12.—Ontario's cabinet ministers, excluding the Premier, are to receive a 50 per cent increase of salary at the next session of the Legislature, if Premier Ferguson puts into effect a step which he has been contemplating. The increase would bring Ministers' salaries up to \$9,000, or on a par with that of the Prime Minister. In addition, they receive a seasonal indemnity of \$1,400.

DENIES SUN SPOTS CAUSE OF QUAKES

Berkeley, Cal., Nov. 12.—Fear that earthquakes may result from the accumulation of spots on the sun is without scientific basis, according to W. F. Meyer, associate professor of astrophysics at the University of California. The sun spots, which have been causing much speculation lately, are under continual observation at the university and at other observatories.

RUSSIAN PEASANTS RETURN TO WORKING FOR DAYS WAGES

Riga, Oct. 21.—(By mail)—It is related today in Riga that in one section of Russia the peasants are willing to work in the fields for wages, just as they did in the days of Emperor Nicholas. The report is that in Pskov, Siberia, a secret understanding has been reached between the village Soviet and the local land owners whereby the latter have leased back their former property, and are giving jobs at day's wages to the peasantry.

JAPANESE GOVERNMENT LINES TO BE ELECTRIFIED

Los Angeles, Nov. 12.—Electrification of some 400 miles of main lines of the Japanese government railway forms a part of the village Soviet and the local land owners whereby the latter have leased back their former property, and are giving jobs at day's wages to the peasantry.

RIDICULES HERO MEDALS

Berlin, Oct. 23.—(By mail)—Lieut. Colonel Siebert, organizer of the German flying force, during the world war, has been declared an outcast by the National Association of Imperial Officers because he ridiculed the distribution of war medals by the emperor's officials. He declared in a newspaper contribution that war medals were like airbombs and said they "both dropped unexpectedly far back in the hinterland and hit innocent beings."

5 TENEMENT FIRES BLAMED ON LUNATIC

New York, Nov. 12.—A pyromaniac, his inhibitions broken down probably by bad whisky or drugs, set five blazes in quick succession in the congested negro section of Harlem, and only the accident of quick discovery in every instance prevented a serious situation. Had the man gone his rounds before milkmen and other early delivermen were astir, the fire might have caused panic and loss of life among sleeping tenants.

Although they worked absolutely without a clue, no single person, having seen the man at work or scurrying away, detectives of Harlem precincts and members of Fire Marshal Brophy's staff kept unremitting watch during the night against the possible return of the fire-bug. The sharpest watch was kept in Harlem, but policemen in other parts of the city were told to alert for the appearance of a man who might slide into the hallway of a tenement house no matter where, kindle his quick flame and flee.

Fire Marshal Brophy, who was called from his bed as soon as it became evident that the fires were too similar in nature and too near each other to be conceivably a series of accidents, gave his attention to all five of the slight blazes. At the end of his examination he expressed his conviction that they were the work of a single pyromaniac. The reckless boldness with which the man had worked in setting so many fires, even though, by chance he escaped detection, led to the belief that he was under the influence of poisonous drink or drugs.

Firemen in engine houses that serve the Harlem district were almost sleepless in the early hours before dawn, racing to one fire after another, and after about the second of the calls they became convinced that they were confronted by the work of a dangerous lunatic. As a result they sped through the almost deserted streets at an even faster clip than usual and dashed at the work of rescue in each case so swiftly that serious consequences were averted.

In addition to the five Harlem fires there was another early morning blaze in a loft in West Thirty-seventh street, which was considered so suspicious that an arrest was made.

HALIFAX MAN FREED OF MANSLAUGHTER

Halifax, N. S., Nov. 11.—Charge of manslaughter against William Cameron, street car conductor, whose car fatally injured 11-year old Harold Wright on October 27, was dismissed this morning by Magistrate Cloney, who contended the fatality was accidental.

TRUSTEES TO ACT WITH CITY COUNCIL

School Board Decides on Joint Action in Vocational School Matter.

At its meeting last night the Board of School Trustees requested the chairman to arrange with Mayor Potts to have a joint delegation from the board and the City Council appear before the Government and ask for an extension of time for the vocational training grant.

Dr. L. M. Curren, M. L. A., chairman, presided. Others present were the trustees, Mrs. E. R. Taylor, Mrs. D. P. Chisholm, G. Herbert Green, H. Colby Smith, E. R. W. Ingraham, Thomas Nagle, Allan A. McIntyre and S. W. Palmer, S. A. Worrell, acting superintendent of schools, and A. Gordon Leavitt, secretary.

Letters of condolence had been sent to the relatives of Miss Annie Hea and Miss Kate Kerr, valued teachers of the city schools, who had died.

It was decided to have the boys' classes in the Cliff street building known as the St. Vincent's Boys' School in future instead of St. Malachi's Boys' School.

Authority was given to sell the opportunity classes and to use the proceeds to purchase material for use in these classes.

Wish Positions. Applications for positions on the teaching staff were received from Miss Bessie J. Ryder, Peticoctac, and Miss Lillian G. Moran, St. John.

The official notification of the appointment of Dr. Curren as chairman was received from Dr. W. S. Carter, chief superintendent of education.

As work on boys' laboratories in the High School was not to be undertaken immediately it was decided to return the contractors' checks.

A request from the Carleton Methodist congregation for the use of a room in the old Albert school as a gymnasium was referred to the teachers' committee.

Dr. H. A. Farris wrote asking that school children might take part in the sale of tuberculosis Christmas seals as an educational measure as well as a means of raising funds for anti-tuberculosis work.

Quotations of 4 cents per k.w.h. for Vocational School.

A letter from Mayor Potts asked the board to stay proceedings with regard to establishing a vocational school pending the outcome of an effort by a joint committee before the provincial government asking for an extension of the time of the provincial grant.

Mr. Green objected to the Mayor's letter on the score that it was an expression of personal opinion. He thought a communication should have come under the seal of the council.

Mr. Palmer accused Mr. Green of quibbling and said he believed that letter had been written in compliance with a request made by Mr. Green at the joint conference.

Dr. Curren said he would have liked to have had a communication from the City Council. He believed, however, that the conference had brought a big advance and the Mayor's letter implied that there was no intention to give up vocational education and no opposition to having the vocational school built in the limit of the time during which outside assistance would be available.

Mr. Nagle held the same opinion but advocated having the delegation appear before the government for the sake of having a spirit of unity prevail for all matters in connection with the vocational training.

LOGGING IN NEW YORK CITY

Under the shadow of towering apartment buildings on Riverside Drive, loggers with hobsnotted boots and pole poles teeter over the water as they were in the North Woods. They are sorting out piling and timber from rafts at the basin of the city dock department.

supply of electric current were received from both the St. John Power Commission and from the New Brunswick Power Company.

The chairman said the city should not be called upon to pay out additional money to light schools when it had to pay for more electric current than it could use.

A committee of Trustees Nagle, Palmer and Smith was appointed to report further with regard to electric current. At the present time the larger amount of expenditure for electric current for the schools goes to the city commission.

The secretary's report showed 8,928 pupils enrolled and 8,880 belonging, being 4,226 boys and 4,654 girls with 8,162 or 92.32 per cent in average daily attendance.

The health report showed four cases of diphtheria, three of scarlet fever, one of mumps and one of whooping cough.

A request for a try-out of a fuel saving device was referred to the buildings committee. The board has already two or three other such devices in operation.

Mr. Curren suggested the services of the city engineer might be called upon for a report on these devices. It was said the board would have to pay for such services and it now had to pay \$380 for the services of the city auditor.

Mr. Curren wished this statement had been made at the joint meeting with the city council as he had been of the opinion the board had been offered the services of full time employees of the City Council.

Mr. Green said he would have liked to have had a communication from the City Council. He believed, however, that the conference had brought a big advance and the Mayor's letter implied that there was no intention to give up vocational education and no opposition to having the vocational school built in the limit of the time during which outside assistance would be available.

Mr. Nagle held the same opinion but advocated having the delegation appear before the government for the sake of having a spirit of unity prevail for all matters in connection with the vocational training.

Beauty

A Gleamy Mass of Hair 35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thicker, longer and stronger. Hair stops falling out and dandruff disappears.

A letter from the family of George Gorman thanking the council for expressions of sympathy and floral offerings was ordered filed.

On motion of Commissioner Frink the application of the New Brunswick Telephone Company to relocate pole line in Simonds street, in order to provide for a cable line, was granted.

Commissioner Bullock reported that he had received applications for the position of port warden from J. A. Mowry and R. R. Lee, and he moved the names be balloted on. On the ballot being taken Mr. Lee filled the position.

Mr. Potts reported that he forwarded the Mayor of Windsor, N. S., the sum of \$1,000 to be used in relief work among the fire sufferers. On motion of Commissioner Frink the action of His Worship was confirmed.

INDIAN RUNNER IS MEN'S BUSY RIVAL

Being Developed Into Great Layer, Says U. S. Visitor to England.

Ducks that lay 300 eggs a year are numerous in England, and there is considerable discussion concerning the chances of these fowl crowd hens' eggs out of the markets. Means of the greater ease of obtaining them and the greater certainty of the product. The particular fowl that is thus praised is the Indian Runner duck, which is already recognized. It is stated, as a dangerous competitor in the egg market of the Leghorn hen. Willard C. Thompson, a poultry husbandman, writing about the Indian Runner for the New Jersey Agriculture says:

"My attention was first called to the commercial importance of the lighter type of ducks in England when, on a recent trip between Cheltenham and Cirencester in Gloucestershire, our American party made a stop at the farm of the Johnson brothers. These live-brood poultrymen have been conducting with fine success the Gloucestershire egg-laying trial on their poultry farm during recent years. We passed through the site of the egg-laying trial.

"My gaze was immediately diverted from the contest by hundreds of white specks dotted over a ten-acre field growing a magnificent crop of clover and grass. The white specks were young Indian Runner ducks. Mr. Johnson immediately explained that there were over 3,000 young ducks in the field, and that the farm usually carried over 2,000 laying ducks through the year. That indicated a real business interest in the Indian Runner.

"The owner proceeded to tell us that there was only one farm out of several in that county which were actively managed for laying flocks of Runner type ducks. The average net profit per duck is about \$2.50 in American money.

"A more surprising fact was soon divulged to us by a walk wherein the range. We found ourselves in a small lot in which was located a huge U-shaped series of small, low pens built consecutively and undulating but one side of a hollow central area about twelve feet wide and over a hundred feet long. It was the trap-nest, or more properly the trap-pen, series in which the ducks are trapped to determine egg production.

"So English laying ducks, as well as headsticking and undulating, are being raised in many different parts of the country. They have not only developed a real business in the breeding of laying ducks, but have developed them to the point wherein they demand high-record individuals in their breeding pens. The ducks are let into the enclosure at 5 p. m. Each little pen is open, with its trap-door set. One duck can enter each pen. It remains there until the next morning, when it is released and recorded.

"Ducks lay during the morning hours, so that method is practicable. Runners and Khakis are entered in all the English egg-laying contests. The same methods were seen in use at Bentley laying trial, the Harper-Adams trial, and the Lancashire trial, up near Preston. The records made are wonderful, and average as high, if not higher, than the average Leghorns in the contest of our country."

A Perfect Christmas Gift

WILL greet you on this—their first Christmas. One, the Wahl Eversharp, brought to a state of perfection never before known in the art of fine pencil making.

The other, the Wahl Unbreakable Pen of age-enduring metal—a pen of beauty and of use forever. Fine in balance, sturdy, handsomely fashioned of perfect gold, holding more ink, its iridium-tipped point suggests the true aristocrat among pens.

Never has there been such a happy combination of utility and fine appearance. Flawless writing material is a real gift. Wahl writing equipment not only is a real gift, but looks its part.

To those even who literally have everything these faithful friends are ever sure of hearty Christmas welcome, for Wahl value and utility are known the world over.

The gift box is worthy of what it contains. Beautifully cased, a Wahl Pen and Eversharp in a matched set not only is a delight to the recipient, but also is a mark of discrimination from the donor.

Made in Canada by THE WAHL COMPANY, LTD., Toronto. Manufacturers of The Wahl Eversharp and The Wahl Unbreakable Fountain Pen.

Eversharp—122 Models from \$1.00 up. Wahl Unbreakable Pens—93 Models from \$5.00 up. Matched Sets—75 combinations from \$6.50 up.

The New WAHL EVERSHARP & WAHL PEN PERFECTED

Buying Made-in-Canada Goods will make a Merry Canadian Christmas.

IN PORTLAND CHURCH. Rev. Dr. H. T. Crossley gave an inspiring address last evening in Portland Methodist church, on the sprinkling of the blood on the floor posts of the Israelites in Egypt, prior to their flight under the leadership of Moses. Mr. Leonard, singer accompanying Dr. Crossley, interspersed the address with suitable gospel hymns. Rev. H. A. Goodwin, pastor of the church led in prayer and many signified their intention to live more consecrated lives, with several testifying to the desire to make a start in the Christian life. Dr. Gressley and Mr. Leonard sang a duet. The large congregation sang heartily familiar gospel hymns. The meetings will continue this week.

MUSIC AFTER BUSINESS. St. Vincent's Alumnae held its regular meeting last night in its rooms in St. James street with Miss K. O'Neill, the president, in the chair. Plans were made for holding a bridge next week and following the business session a musical programme was enjoyed and refreshments were served. Mrs. Arthur Godsoe was the convener for the entertainment and the refreshments. Miss Helen Lawlor gave a violin selection and her accompanist was Mrs. D. J. Barrett. A reading was given by Mrs. E. P. O'Toole.

Nurse Stacey's Suggestions to Middle Aged Women

A MOST trying period of a woman's life is that of middle age, fraught with danger to some extent, and invariably with most annoying symptoms, such as hot flashes, smothering spells, nervous troubles, irregularities and fainting spells.

When a woman like Nurse Stacey after many years of caring for the sick writes a letter of praise for Lydia E. Pinkham's Vegetable Compound like the following, it should influence other women who are passing through the Change of Life to try it.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It helps nature to build up the weakened, nervous system, and enables women to pass this trying period with the least possible annoying symptoms.

Nurse Stacey's Letter Follows: Collinsville, Illinois.—"I could almost write a book in praise of Lydia E. Pinkham's Vegetable Compound. In the first place my husband induced me to try it and I have continued taking it off and on for years. I have become a well woman from its use and am now taking it through the Change of Life just to be on the safe side. I first took it for backache and a weak condition of the whole system and I think it saved my life and my baby. She is now a mother and takes it herself and I think I can count as high as a hundred and I have recommended the Vegetable Compound to, as I am a practical nurse. Use my letter in any way you see fit for I will stand by what I write."—Mrs. H. Stacey, Collinsville, Ill.

Another Woman's Similar Experience Ingomar, N. S.—"I took your medicine for a run-down condition and inward troubles. I had pains in my right side so bad at times that I could not walk any distance. I saw about Lydia E. Pinkham's Vegetable Compound in the newspapers and have taken five bottles of it. I am better in every way and you can use my letter to help other women."—Mrs. ALYRA M. PERRY, Ingomar, Nova Scotia.

Take Mrs. Stacey's advice and try Lydia E. Pinkham's Vegetable Compound LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

College Girl Chums

are the ideal shoes for girls in their "teens." Correct in shape for growing feet, yet stylish in appearance, and, most important of all, providing long months of wear.

Chums shoes are made of the very best leather. It is possible to secure, and the Ahrens tradition of "Quality First" is behind every pair of Chums.

There is no shoe like Chums for boys and girls. Ask for them by name. Write for our Chums booklet and nearest dealer's name.

LEEDS WOULD SELL FORTUNE IN GEMS

They Await Purchaser in Jeweler's—A Tale of Two Countries.

London, Nov. 12—Princess Xenia of Russia, beautiful wife of William Leeds and daughter-in-law of the late Princess Anastasia of Greece...

"SALADA" TEA

Truly delightful Superb flavor Deliciously fresh Finest of all teas.

luck seemed to date from her acquisition of enormous wealth. Her first husband began his career on a small scale.

Before long he had accumulated a fortune of \$50,000,000. Of this titanic amount \$40,000,000 went to his wife.

The famous tiara which once adorned the brow of the "tinsplate king's" widow both before and after she became the bride of Prince Christopher of Greece...

It is a fascinating, although sad, task to trace the history of Princess Christopher as illuminated by the glow of the gems which are now casually offered to the first purchaser...

The sole compensation for the presentment that she was going to her grave was the princess' knowledge that her son, "Billy," was happily betrothed to the lovely young Princess Xenia of Russia.

The late Mrs. Leeds' streak of bad luck seemed to date from her acquisition of enormous wealth.

Later Mr. Leeds extinguished a petrol fire which was about to destroy his palatial yacht Wildcat while he and his wife were on a holiday in the northern part of New York State.

At the very moment when "Billy" Leeds was beating out the flames which played about Princess Xenia, other flames were flickering in a glass case in a jeweler's shop...

St. Paul's Needlework Society met yesterday afternoon at the residence of Mrs. H. B. Robinson, Germain street, with a good attendance of members.

BUGLE CALLS HAD ANCIENT ORIGIN

Many of U. S. Signals Were Derived From European Armies.

To civilians there is a tremendous thrill in bugle calls, and a trumpet band makes them feel martial and bellicose, sometimes to the point of enlisting, says Oscar Luedtke, band leader, Fifty-fifth Artillery, Fort Kamshamcha, H. T.

Soldiers, however, have a different point of view. First Call, the strident notes of which break into many happy dreams, is seldom romantic to the many in the army—in fact, while it very often arouses their fighting spirit, their belligerency is directed not against their country's enemies, but against the bugler.

Tattoo, which means "lights out," is another call that is seldom popular with the regular establishment. It is a very beautiful thing from a musical standpoint, the longest and most complicated of all the calls, but it sounds invariably when a man, lying on his bunk in sweet contentment is just at the most interesting and absorbing part of the story.

Drill Call is another that falls to cause the glow of martial ardor to suffuse the soldier's cheeks. In fact, outside of Chow Call, in manuals called Mess Call and Taps, the reaction of the military to their comrades' sounding brass very seldom partakes of feeling that could be described as tender or romantic.

Perhaps the knowledge of the antiquity of bugle calls, and the consciousness that, even though First Call or Reveille does disturb the progress of his sleep, it has done the same for countless generations of soldiers, may serve to soften the attitude of the military man toward the trumpet and bugle of the service.

Almost lost in the mists of antiquity is the origin of our modern brass instruments. The cow's horn was the first bugle and in the Old Testament historians find the first reference to it as a means of military signal.

The ram's horn of the Bible is a variation, and in Jewish ceremony to this day plays a part in religious observances, says Mr. Luedtke, and adds:

Origin of the Calls. "The origin of some of the calls used today in the American army is not, but most of the more familiar bugle signals were derived from European armies and adapted. Tattoo is the most elaborate of all calls. It consists of 23 measures, the first eight of which are the French 'Lights Out' and were formerly played in our army for Taps; the rest of the measures were made up from the British infantry 'Tattoo.' Tattoo as a call can be traced back to the Thirty Years' War (1618-1648) when it was established by Wallenstein.

"Zapfenstreich was the name given by the soldiers and exactly describes the purposes of the call. It was the signal for the end of the night's beer-drinking bouts and other reveling of the troops. To insure that the Provost Marshal would proceed to every soldier's booth—the equivalent to our canteen—to see to it that the bung (zapfen) was in every barrel. To make sure that they were not disturbed until his morning's call of inspection, he would draw a chalk line (streich) over them. The soldier next morning would be subjected to heavy penalties if on scrutiny it was found that the line had been disturbed. Our term 'Tattoo' is a corruption of Tap-to or closed, a call is obviously derived from circumstances similar to Zapfenstreich.

"We retain the French infantry Reveille, and First Sergeant's Call is taken from German army signals. Retreat is of very ancient origin and is one of the few calls known to have been used by the Crusaders. The oldest bugle calls preserved in our army are to be found in a composition published in Antwerp in 1545, 'La Bataille,' by Jannequin, describing the Battle of Marignano in 1515. Not a few of those ancient battle signals can be found at least reminiscently in our calls of today.

"The bugle and the trumpet are two separate and distinct instruments, the former smaller and so shaped that it tapers from the bell to the mouthpiece, the latter is of the same diameter for its whole length until it reaches the flare at its extremity. The trumpet is more of a music producing device than its smaller contemporary and its chief use is for so-called bugle bands. The bugle is much shiller and more penetrating in its tone—a quality which made its strident notes distinguishable even above the din of battle. Both instruments are limited in their range to about an octave. The various notes on the bugle are obtained by lip pressure and use of the tongue, the lips compressing as the notes rise in pitch, with a corresponding increase in tone. It is necessary on the part of the musician to accomplish them. The more expert players are given to what is known popularly as 'triple-tonguing,' which adds considerably to the beauty of the calls, giving, as it does, staccato effect.

Pay Day Call Is Popular. "There is one call, blown but once a month, to which the soldier reacts promptly, and which does thrill him in a way which no civilian who has never experienced it can appreciate. Pay Day properly sounded by a trumpeter band as it marches with the drums around the post, has a magic in its notes which causes a grin to break out on every face and a feeling of pleasurable anticipation to surge in every O. D. bosom. Even the economical, saving soldier to whom pay day means no orgy of spending responds to the general elation.

"The World War, in which concealment from the enemy was a primary consideration, marked to a great degree the waning of the bugle as a battle signal and relegated those historic instruments, as it did national and regimental flags, far to the rear. But in rest billets and hospitals their cheering and familiar notes added a good deal to the comfort of the patients, suggesting at least something that came from home. In a hospital not far from Boulogne, British, but with an American personnel, and not far from a French training school, American inmates could hear, night after night, the last call of the three armies. The French was first, then at 10:30 came the British 'Last Post,' a beautiful call, haunting and melancholy; but seldom would tired and weary eyes close until 11 o'clock brought the well-loved strains of Taps.

"In spite of its close association with military funerals the last call of the American army is not sadness-producing; there is in its strains some association of home, of youngsters tired out with the day's play rolling luxuriously into bed—or of the peace and comfort that comes with well earned rest after a day of duty to the utmost."

REGGAL FLOUR is a flour that is every day becoming more and more popular with the bread makers of the maritime provinces because they find that it is easy to work with, that it spends well, and in addition, that it produces a most superior quality of bread. Try a barrel and you will be convinced of the superiority of this wonderful FLOUR

ing and melancholy; but seldom would tired and weary eyes close until 11 o'clock brought the well-loved strains of Taps.

TELLS OF NEW BRUNSWICK. Under the title "The Charm of the Maritime Provinces," F. J. Craddock has contributed a very striking article which appears in the November number of the "World Traveler," a New York publication that is very nicely gotten up and has articles of much interest dealing with travel in all parts of the world and with current events of note. The article was prepared last summer when Mr. Craddock visited the Maritime Provinces and while the title would seem to imply a wide territory is covered Mr. Craddock has written chiefly of New Brunswick. Much of his information he was given by C. B. Allan, secretary of the New Brunswick Tourist Association and the association was able to provide plates for some of the excellent views of New Brunswick which illustrate the article.

REQUIRE MONEY. The fire sufferers in Windsor are in no need of clothing or shelter but require money assistance it was stated in the letter received by Miss Ethel Hazen Jarvis, secretary of the New Brunswick division of the Red Cross Society from the Red Cross commissioner for Nova Scotia, Dr. Walker, to whom the New Brunswick division sent an offer of aid for the Windsor residents. The matter of sending money will be referred to at the monthly meeting of the New Brunswick division to be held on Friday.

The cactus was imported from Mexico into Europe in 1700.

The DUCHESSE de RICHELIEU tells how to have A Lovely Skin

"THE WOMAN whose life is given not only to Society but to concert-singing must always appear with a complexion fresh and radiant. Care of her skin, therefore, is an obligation with her, second only in importance to the care of her voice. This care, in my opinion, can best be obtained by the daily use of Pond's Two Creams. They keep the skin exquisitely soft and lovely."

Duchesse de Richelieu

"HOW extraordinarily young! Scarcely more than a girl!" One often hears it of this vivacious duchesse—for she possesses one of those matchless cream-and-white complexions which make everybody turn to look. She has a lyric soprano voice of melting quality. And she married the head of one of the oldest, most famous titular houses in all France. So, of course, the Duchesse de Richelieu is sought by everybody who is anybody. Now Paris claims her—now Deauville. And every year she appears in the smart sets of New York and Baltimore in the United States and at the famous resorts of Southampton and Palm Beach. The Duchesse de Richelieu, determined that her skin should remain always as fresh and youthful as it is today, learned of the Two Creams society women everywhere are using—for a Rejuvenating Cleansing and a Delicate Protection and Soft Finish. "Care of the skin in my opinion," says the Duchesse, "can best be obtained by the use of Pond's Two Creams. They keep the skin lovely."

Every skin needs these Two Creams

MADE IN CANADA

Your Estate

There is but one certain way of having an Estate, and that is through life insurance.

The Life Story of a Successful Man

At age 21 "twas all the Estate he had."

At age 30 he wisely increases his insurance.

At age 40 he finds the security of his Estate unquestioned by his Banker.

At age 50 he has no fear of hardship for himself or his family.

At age 60 his "Estate" fully paid for, becomes a substantial fund, earning dividends.

Canadian Government figures recently compiled show that out of 107,109 persons who died in one year, 100,031 left estates of less than \$10,000. The vast majority left nothing.

This fact, that 93% of persons at death leave practically nothing, makes clear the necessity for Life Insurance.

Creating Your Estate THE CANADA LIFE will guarantee to provide at your death an Estate which is twenty or thirty times greater than the amount of your annual deposit with the Company. And if you live—

Every dollar of regular annual deposit will be returned at the end of twenty years, and substantial dividends will be paid at intervals.

Our "Capital Return" Policy

- 1st. Deposits are made yearly. This is what you are saving, and at the end of 20 years the Canada Life guarantees the return of every dollar paid in. 2nd. Your life is insured from the day you make the first deposit—for \$5,000, or whatever amount you decide. 3rd. Dividends are paid at stated intervals in addition to the return of all deposits at the end of 20 years. 4th. These dividends may be used to increase the amount of your insurance, or be allowed to accumulate at interest for 20 years. 5th. The cash value of Policy and Dividends represents a valuable asset, useful in business, and your "estate" is protected by the insurance. 6th. At the end of Twenty Years you can draw out all you have paid in, along with the accrued dividends—

you can draw a Special Cash Guarantee, together with the Accumulated Dividends, making a substantial sum, and leave the \$5,000 Policy fully paid for and continuing to earn Dividends as long as you live—

this Special Cash Guarantee may be applied to increase a \$5,000 policy to more than \$7,500.

SCOUT MASTERS MUST BE TRAINED

Plans For Winter Are Discussed at Meeting of Leaders

The plan of having all scout committee men and all Scout leaders and assistant leaders take the tenderfoot test and be invested as real Scouts was brought forward at the meeting of the Scout Leaders' Club last night. It was also decided to conduct a winter course of training for Scout masters and to have scouters take training in order to conduct first aid classes for their troops. The club met at the Edward buffet for supper with 23 present, including the committee men. Those present were as follows: Harry Lister, field commissioner; Dr. G. B. Peat, district commissioner; Miss Irene Barber, secretary of the New Brunswick division of the St. John Ambulance Association; S. G. Olive, N. Lambert, O. J. Lawson, F. Chopin, W. Anderson, C. Hoyt, R. Keltie, Jones Jr., Percy Williams, E. Edgar Adams, F. J. Likely, E. Boyaner, M. Eilman, William Tansman, Rev. C. P. Carleton, A. W. Parker, H. M. Hamm, D. C. McInnis, A. Rex, J. J. Legate and L. L. Johnson, district secretary.

Rheumatism

A remarkable Home Treatment Given by One Who Had It. In the year of 1893 I was attacked by Rheumatism and sub-acute Rheumatism. I suffered at only those who are thus afflicted know how terrible it is. I found relief as I continued the temporary. Finally, I found a treatment that cured me completely, and such a pitiful condition has never returned. I have given it to a number who were suffering from Rheumatism, and some of them seventy to eighty years of age. After you have used it and it has proven itself to be that long looked for means of getting rid of such forms of rheumatism, you may send the price of it, one dollar, by mail to me. I do not want your money unless you are perfectly satisfied. Write today. Mark H. Jackson, 1555, Durston Bldg., Syracuse, N. Y. Mr. Jackson is responsible. Above statement true.

10% MORE HEAT

FROM AFRICA TO TORONTO VIA DUBLIN

A lion and a lioness placed for the Toronto Zoo emitted no roars of protest as they were destined for their travelling cages of oak and iron aboard a Dominion Express car at the Canadian Pacific Windsor Station, Montreal, recently. The male of the species was born in South Africa about three years ago while the lioness first saw the light of day about the same time in the Royal Zoological Gardens, Dublin, Ireland, from whence they have both come a present to the Toronto Parks commission. The Toronto Park Commission will shortly send a pair of deer to Dublin in reciprocation.

Too Much Gas—Mr. Tuttle Couldn't Sleep

Stomach Gas Caused Restlessness and Pain

"After taking the second dose of Adierka the heavy feeling (gas) in my bowels is entirely gone and I go to bed and get a good night's sleep now."

There is now offered to the public a liquid preparation which is not only a wonderfully effective and QUICK intestinal evacuant, but which also seems to stimulate the glands of the intestinal tract and to cause expulsion of flatus (GAS). This preparation, known as Adierka, is a valuable agent for the purpose of cleansing the bowels of matter which has been in the system a long time and which other less effective means have been unable to dislodge...

BETTER TRADE IN THE OFFICE. According to the experts of the F. B. I., whose trend forecast command serious attention, better times are really coming for industry. Their theory is that, as a basic proposition, trade prosperity depends on agricultural well-being.

THE WOBBLER. In his rather painful efforts to make the best of both worlds Mr. MacDonald has succeeded only in making the worst. His extremist supporters (to whose voice and influence, incidentally, the Labor Premier owes his position, because that it was who elected him over Mr. Clynes' head as leader of the party) are furious with him for hesitating to denounce the Moscow manifesto as a "forgery" and throw over his subordinates at the Foreign Office. But they do not realize, as Mr. MacDonald does, how hopelessly compromised his official position is. If Mr. MacDonald seriously challenged the authenticity of that document there would be revelations that would sweep him to catastrophe. As it is, the full story of how the manifesto came into the Government's hands, how and why its publication was delayed, and how and why it was then suddenly decided on, may yet be unfolded. The denouement cannot be agreed to by the Labor Premier or his party.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

ST. JOHN MAKES BID FOR BIG ICE MEET

Decides to Apply for International—Decision Sunday in New York.

When "Joe" Page tells the annual meeting of the International Skating Union in New York next Sunday that St. John is desirous of having the international championship speed skating meet here this winter, he will do so with the assurance that St. John would be ready to take over the management, and give St. John another boost in sport. This decision, which will come as welcome news to citizens here, was reached at a conference on Tuesday afternoon between representatives of the New Brunswick Skating Association and the St. John Skating Association in the office of the N. B. Publisher, Co. Ltd., R. S. Sims presided. There was a good attendance of men prominent in the life of the city.

The importance of yesterday's decision in securing a meet for St. John can hardly be over-estimated as it strengthens considerably Mr. Page's hands in getting a meet. He will be able to show the international union officers that St. John is a unit in wanting the meet and the many protestations of regard by American officials for St. John as a speed skating centre, make the chances good for St. John's wishes being met.

D. J. Carr, secretary of the St. John Association, told the meeting he had been assured there would not be any world's championship meet in North America this year, but that strong efforts would be made to bring Olo Thurnberg, Olympic champion, over to compete at the various meets. Thurnberg's presence, undoubtedly, would stir up great interest just as did the visits here years ago of Nelson and Hagen. Thurnberg is a clerk in a store in Helsinki. He is short and stocky, somewhat along Charlie Gorman's lines.

If St. John gets the meet it is hoped to hold it between Jan. 20 and Feb. 8, Judge Landis, head of organized baseball, and several prominent sport editors will be in Canada about that time and likely would come here.

St. John has had both the Canadian and International outdoor as well as the International indoor. The Canadian was conducted by the Y. M. C. I. in 1922, the International by the Rotary-Y. M. C. I. in 1923, and the International indoor last winter by the St. John A. S. A. At all three meets, high standards were set both in attendance and performances.

At the 1923 meet, Charlie Jewtraw, now a student at the Massachusetts Institute of Technology, was chased to the phenomenal time of 18 and 4-10ths seconds for the 220 event by Charlie Gorman, now U. S. national and International champion. Later on in the meet Jewtraw equalled Gorman's then world record of 37 and 2-10ths seconds for the 440, while the same day Richard Donovan skated within one second of the mile record. At these latter meets, the skaters are nerved up to do their best, particularly at the international meet, which St. John is taking for this year.

If St. John lands the International, it will be of tremendous interest here as there will be a St. John boy defending his title. Gorman won that crown last year in sensational style and his friends are confident he will go better this year if given a fair chance. He should be given the best training possible and begin at once to enable him worthily to uphold the honor of his native city against the cream of skaters from the United States and Canada.

The holding of a meet here annually is rapidly developing into a mighty valuable business asset for the city of St. John and therefore the decisions of the International Union this Sunday will be awaited here with particular interest.

DURAND AND GREEN WIN. Montreal, Nov. 10.—Clovie (Kid) Durand, Montreal, flyweight champion of Canada, was awarded the judges' decision over Wee Willie Woods, New York, holder of the flyweight title of Scotland, in a ten-round bout here this evening. The men weighed: Durand, 113½; Woods, 112.

Solly Green, Montreal, was awarded the decision over Sid Keppen, of New York, in another ten-round affair.

Injures Hand While Training

PAUL BERLENBACH

New York, Nov. 11.—The 12-round match slated between Paul Berlenbach, the New York light-heavyweight, and Tony Marullo, of New Orleans, at Madison Square Garden Friday night, was called off today after an injury Berlenbach sustained to his left hand during training.

Berlenbach went before the State Athletic Commission's physician for an examination to determine the extent of his mishap but in the meantime Promoter Tex Rickard announced cancellation of the fight. Efforts were being made to obtain another opponent for Marullo.

Horemans Expected to Shine in Next World's Billiard Tournament.

New York, Nov. 12.—The billiard stars already have started to prepare for the world's championship tournament, which will be held in Chicago in February or March. The work of one player will be watched closely this season, as his sensational performances ever since last June have improved his championship chances. The player is Edouard Horemans, billiard champion of Belgium. He has been playing brilliantly for the last four months, and if he continues to show the same form until the time for the tournament is here, he is almost certain to enter on even terms with the present champion, William F. Hoppe.

Horemans, following his failure against Hoppe in the challenge match here last spring, has devoted all of his time to billiards. He refused to take any vacation and instead went to South America, where he played continuously from last June until his return here in September. His work in all of his exhibitions has been of such a nature as to force the experts to follow his play more closely than ever before.

The Horemans first visited this country he came with a remarkable reputation, boasting many high runs and high average, but the glamour fell from his work as a result of his weak showing in championship matches. Since leaving here early in the fall Jimmy participated in a number of bouts and was awarded decisions in all. One of his most notable achievements was winning the lightweight title. He looks to be in the pink of condition and is confident that he will make good when he meets McIntyre. Both boxers are training faithfully and expect to step into the ring in the pink of condition.

The debut of Louis Donovan in the professional ranks is also creating considerable interest. As an amateur he won signal honors and many are confident that he will make a mark among the "money men." He is a hard hitting youngster with a hard wallop in both hands and if he follows his usual style should cause his opponent, Mickey Morris, all kinds of trouble.

EXPECT A GREAT BOUT IN BOSTON

Fans Await the Meeting of Eddie Shevlin and Bob Lowery.

Boston, Nov. 12.—Eddie Shevlin of Roxbury faces the most dangerous puncher in the ranks of the welterweight matches in California. It cannot be said that Hoppe selected any easy opposition, for Shevlin is rated one of the best balling players of the present day. He is the only man who has been able to dethrone Hoppe in recent years.

Hoppe will leave for Los Angeles on Nov. 15 and will open his first match there against Schaefer on Nov. 25. He then will move to San Francisco and oppose Schaefer in the second match, which will open on Dec. 2 and end on the night of Dec. 5. Following this engagement Hoppe has arranged to play a three-day exhibition in Seattle on Dec. 8, 9 and 10. This will wind up his stay on the Coast and he then will start East. His first stop will be in Cleveland, where he will entertain for two days. Then he will move to Pittsburgh for a brief engagement, spend one day in Buffalo, and then return to New York. He plans to arrive here a few days before Christmas.

Welker Cochran, the Coast star, who finished in a tie with Hoppe in the tournament last year, only to lose on the play-off, has been showing good form this year, according to reports from California, and is likely to cause trouble. It was Cochran who put out Hoppe in a sensational exhibition last year. His only reverse was at the hands of Hagen, and this setback deprived him of his chance to win the world's title. Cochran, encouraged by his success of last year, is playing with more confidence. Always rated a fine exhibition player, and good at times in competition, all that he needs, according to the experts, is to play more consistently. One day he is likely to run out a 400-point game in three innings, then he is next to be forced to take twenty or twenty-five.

Schaefer has been active all season. He has been preparing for the coming match with Hoppe since last August. Schaefer lost in a challenge match with Hoppe in Chicago last January, but still believes he is Hoppe's master. He has used the challenge to Hoppe for an exhibition on the Coast, which Hoppe accepted. It should prove to be a real match, for both are splendid competitive players. It also will serve to give billiard followers a fine chance to size up the class of balling that these two stars are playing this season. The billiard public has had little chance thus far to judge this.

CARLETON CURLERS ELECT OFFICERS

At the annual meeting of the Carleton Curling Club, held last night in the office of the N. B. Publisher, the annual dues from \$10 to \$15 for active members, and to \$10 for non-curling members. Plans were discussed for the coming curling season, which, if they materialize, 1924-25 will be one of the best seasons for a good many years.

The election of officers resulted as follows: President, D. M. Pennington; vice-president, H. B. Crouse; secretary-treasurer, P. L. Webb; managing committee, M. P. Mooney, E. R. Taylor, James Scott, match committee, C. Driscoll, F. S. Hiltner, Morris, H. B. Crouse; ice committee, M. P. Mooney, and chaplain, James Scott.

BELGIAN CHAMPION IS PLAYING WELL

Horemans Expected to Shine in Next World's Billiard Tournament.

New York, Nov. 12.—The billiard stars already have started to prepare for the world's championship tournament, which will be held in Chicago in February or March. The work of one player will be watched closely this season, as his sensational performances ever since last June have improved his championship chances. The player is Edouard Horemans, billiard champion of Belgium. He has been playing brilliantly for the last four months, and if he continues to show the same form until the time for the tournament is here, he is almost certain to enter on even terms with the present champion, William F. Hoppe.

Horemans, following his failure against Hoppe in the challenge match here last spring, has devoted all of his time to billiards. He refused to take any vacation and instead went to South America, where he played continuously from last June until his return here in September. His work in all of his exhibitions has been of such a nature as to force the experts to follow his play more closely than ever before.

The Horemans first visited this country he came with a remarkable reputation, boasting many high runs and high average, but the glamour fell from his work as a result of his weak showing in championship matches. Since leaving here early in the fall Jimmy participated in a number of bouts and was awarded decisions in all. One of his most notable achievements was winning the lightweight title. He looks to be in the pink of condition and is confident that he will make good when he meets McIntyre. Both boxers are training faithfully and expect to step into the ring in the pink of condition.

The debut of Louis Donovan in the professional ranks is also creating considerable interest. As an amateur he won signal honors and many are confident that he will make a mark among the "money men." He is a hard hitting youngster with a hard wallop in both hands and if he follows his usual style should cause his opponent, Mickey Morris, all kinds of trouble.

SUGGEST BOXING SCHOOL FOR GIRLS

Request of Pupils May be Tried out in New York.

New York, Nov. 12.—"Lay-deez an' gimcrum. The fy-nal bout, between Battling Besie, the Bronx bantam, an' Maulin' Mildred, the pride of Told Avenoo. In this corner, lay-deez an' bantam, Battlin' Besie, the Bronx bantam—stand up, Bess, ya dumbbell, an' bow! In this corner Maulin' Mildred, the pride of Told Avenoo. Both members of the club. I thank you."

Not yet, perhaps, but eventually, should the innovation which is shortly to be introduced at public school No. 12, the Bronx, develop along the lines indicated by experiences of the past. In public school 12, which is at Frisby avenue and Overing street, the bigger school is about to receive instruction in what hitherto has been called "certain pliant sport writers," "the many art of self-defense."

This is being done, as the principal, John F. Condon, was careful to point out yesterday, at the request of the girls themselves, and of their parents. Only girls who wish to learn to box, and whose parents wish them to receive such instruction, are to be admitted to the classes which Mr. Condon originated some time ago for the benefit of the older boys.

Nor will there be any contests between the female pupils of public school 12, the Bronx, or, at least, not until an epidemic of playground scrap, in which the lack of science displayed by the combatants had grieved him heavily. The boys are taught the feat, the straight left and the point, the straight right and the point. Later they are permitted to demonstrate the value of their instruction in the coming Hoppe-Schaefer billiard matches which will be played on the Coast the latter part of this month and the first of next. Schaefer has been playing nothing but billiard all year while Hoppe has been dividing his time between three-cushion and billiard, with more in public being a three-cushion. The effect of the angle game on Hoppe's real form will be seen in the billiard test. Hoppe has stated that the playing of three-cushions has improved his billiard, but it is known that Schaefer, whose ambition it is to regain the world's championship, refused to devote much of his time to the corner game, fearing that it might injure his billiard stroke.

It is believed that Hoppe will be able to cause early season trouble in the National Championship "Pocket Billiard League in the person of Charles Harmon of New York. The first of next, Schaefer has been playing nothing but billiard all year while Hoppe has been dividing his time between three-cushion and billiard, with more in public being a three-cushion. BALL PLAYER WINS ELECTION

Richard Casey, known to the baseball fan of New Brunswick as "Dick," through his association with the Moncton pro ball team in the N. B. League in 1923, was elected a representative of District 19, Massachusetts, in the recent United States election, according to word received here by friends yesterday.

There were six men running, three to be elected. Their standing was: William A. Fish, Democrat, 8,961; Bernard Ginsburg, Republican, 8,909; Richard Casey, Democrat, 7,847; Joseph Finnegan, Democrat, 7,608; H. G. Wilson, Republican, 7,881; and H. H. Alwood, Republican, 7,104.

Dick's majority over his next nearest opponent was 243. Fish and Ginsburg, the report said, were old campaigners, but Casey was a newcomer.

NEW SUGGESTION BEING DISCUSSED

Billiard Experts Feel That Cannefax's Idea is Worth Tryout.

The unusual suggestion of Robert Cannefax, the world's three-cushion billiard champion, to play a special three-cushion match against Willie Hoppe, billiard champion, in which the result would be decided on a basis of blocks instead of total points, has resulted in much discussion among billiard experts says a writer in the New York Times.

The majority agree, however, that the suggestion merits a trial and if Hoppe accepts the Cannefax terms billiardists will have an opportunity to see the champion meeting under new conditions. Cannefax says that world's best billiard champion is decided on the number of games won and not on the point total, and insists that the system should be effective in billiards. Cannefax is willing to meet Hoppe but he wants the match played on a basis of the best six out of eleven 50-point blocks. It is believed that Hoppe will be agreeable to such conditions.

While it is unlikely that a Hoppe-Cannefax match can be played before late next year, interest now is centered in the coming Hoppe-Schaefer billiard matches which will be played on the Coast the latter part of this month and the first of next. Schaefer has been playing nothing but billiard all year while Hoppe has been dividing his time between three-cushion and billiard, with more in public being a three-cushion. The effect of the angle game on Hoppe's real form will be seen in the billiard test. Hoppe has stated that the playing of three-cushions has improved his billiard, but it is known that Schaefer, whose ambition it is to regain the world's championship, refused to devote much of his time to the corner game, fearing that it might injure his billiard stroke.

Y. M. C. I. House League. Last night on the Y. M. C. I. League the Rolls Royce team scored three points from the Ford Motor Works. The scores follow:

Table with 3 columns: Team, Total, Average. Rolls Royce: McCluskey 102, 86, 98, 276; McGirr 81, 85, 80, 246; Holland 100, 84, 69, 253; Hazelwood 80, 88, 120, 288. Total: 469, 412, 448, 1320. Average: 93.8, 83.2, 63.2, 84.2.

Ford Motor Works—Total Avg. McGirr 81, 85, 80, 246; Latham 101, 107, 97, 285; Smith 88, 73, 77, 238; Swill 93, 85, 73, 251; Stewart 81, 83, 91, 255. Total: 415, 432, 408, 1254. Average: 81.6, 84.2, 77.7, 77.7, 77.7.

Coronet Co.—Total Avg. Anderson 79, 84, 84, 247; Scott 64, 75, 74, 213; Morton 66, 71, 77, 214; Freese 78, 71, 84, 233; Daley 80, 102, 106, 288. Total: 362, 408, 425, 1190. Average: 74.8, 81.6, 81.6, 81.6, 81.6.

G. W. V. A. House League. Total Avg. McPhee 84, 71, 74, 229; Bright 81, 75, 86, 242; P. Wilson 88, 80, 83, 251; Bonnell 76, 74, 121, 297; Irving 100, 98, 82, 280. Total: 429, 422, 445, 1296. Average: 81.6, 77.7, 81.6, 81.6, 81.6.

Zillebeck Scouts—Total A.D.R. Wilson 80, 84, 89, 253; Rolfe 70, 73, 67, 210; Morton 76, 67, 79, 222; Freese 84, 83, 105, 272; Machum 78, 82, 93, 253. Total: 388, 389, 433, 1210. Average: 77.7, 77.7, 77

BASEBALL DOES NOT FIND FAVOR WITH ENGLISHMEN

American Premier Pastime Said to Confuse British Sportsmen.

ACKNOWLEDGE SKILL

People Slow in Catching On to the Fine Points of the Game.

The tour of the Giants and White Sox baseball teams in England has resulted in many interesting, and not infrequently amusing, comments on the American national game in the British press.

The result of the exhibition baseball match between the New York Giants and the Chicago White Sox at Stamford Bridge yesterday was a win for the Giants by 8 runs to 2.

The New York Giants, who have created a record in winning their four consecutive pennants in the National League this year, and the Chicago White Sox, an almost equally famous club, are playing a series of exhibition matches in Europe, practically as propaganda of baseball.

The British nation is not only conservative in its appreciation of other people's games, but it may be claimed that rounds was also an earlier form of cricket.

It should be specified: 1. What constitutes a fair ball? 2. What constitutes out and when the side is out or an innings completed.

With these few points firmly fixed in the mind the spectator will proceed with zest to assimilate the home run, a double or triple play, 'stealing-base,' a 'sacrifice,' a 'bunt,' or a 'pinch batter.'

As a matter of fact the exhibition match yesterday was, as an American spectator phrased it with a sort of lacy contempt, 'like a bull-fight without the bull.' There was a comparatively small crowd present to see the match, and those were very largely ignorant spectators watching the game, with interest indeed, but with no knowledge.

The finer points of the game obviously pass the ordinary spectator as baseball unnoted. A criticism of the game by a mere follower of other ball-games must, therefore, appear to Americans who know all points of their own game and appreciate those points to their full value, to be unfair.

WALTER HAGEN ENTERS. Norfolk, Va., Nov. 12.—More than 30 prominent professional golfers already have entered for the Princess Anne Country Club's open golf tournament, which will open on Friday.

LOCATES IN SUSSEX. Dr. J. Ewing Brown of New Westminster, B. C., has taken over the practice of Dr. A. T. Baker in Sussex.

TO SPEAK IN FREDERICTON. Samuel R. Weston, chief engineer of the New Brunswick Power Commission, has suggested the 28th inst. as the date for his address before the Fredericton Board of Trade upon hydro current for Fredericton.

for every beard

The Stubby Beard

The heavy beard demands the extra softening of Colgate's and its gentle treatment of the skin.

The Coming Beard

The youthful beard wants to lie down on the job. It needs the stand-up action of Colgate's. Every hair is held up straight.

The Average Beard

Even for the easiest-shaving beard—neither hard nor soft—there is new shaving comfort and refreshing delight in Colgate's.

Every refill will give you at least three months' easier shaving.

WM. KIERVAN GETS LOST DOG "BOBS"

Airedale Had Been Missing in Nova Scotia Since September.

A Nova Scotia bench show was held in Halifax during the second week of September last, and at the conclusion of the show, the prize winning Airedale dog "Bobs," owned by William Kiervan, of this city, broke away while being placed in a crate for shipment home and escaped.

GOVERNOR-GENERAL UNVEILS GENOTAPH

New Memorial on Dominion Square, Montreal, is Dedicated

(Canadian Press Despatch.) Montreal, Nov. 11.—In the presence of a great crowd of men, women and children, among whom there were many wet eyes, His Excellency Lord Byng of Vimy, Governor-General of Canada, this morning unveiled the new permanent cenotaph on Dominion square.

The unveiling was attended by many leaders of the state, the church, the army and various public bodies. One of the most impressive moments of the ceremony was when a long line of women, bearing beautiful wreaths of flowers, approached the monument to deposit their offerings of remembrance at its base.

Before performing the actual unveiling, His Excellency, accompanied by General Sir Arthur Currie, inspected the guard of honor, after which the band played "O God Our Help in Ages Past," while all stood bare-headed.

Then, with the strains of "O Canada" breaking the silence around the cenotaph, Lord Byng released the flags covering the massive granite pedestal, upon the top of which is the reproduction of a coffin.

THE TRUE BEAUTY. (T. Carew, 17th Century.) He that loves a rosy cheek Or a coral lip admires, Or from star-like eyes doth seek Fuel to maintain his fires; As old Time makes these decay, So his flames must waste away.

But a smooth and steadfast mind, Gentle thoughts and calm desires, Hearts with equal love combined, Kindly never-dying fires— Where these are not, I despise Lovely cheeks, or lips or eyes.

Both Missing.

The Rev. Guy E. Shipley, editor of The Churchman, told at a dinner in New York several church anecdotes.

"Let's one Saturday night," Dr. Shipley said, "a young divine received a wife from his bishop ordering him to preach the next morning at a certain church. This church was unknown to the young man. Nevertheless he prepared his sermon, took the train, arrived and preached duly."

"He preached from the text: 'Without money and without price,' and to his astonishment and annoyance every time he quoted it pretty frequently in the sermon's course—the entire congregation shook with suppressed laughter."

"Well, after the services were over the young divine asked one of the unseemly mirth."

"The vestryman gave a loud guffaw, and said: 'Our own minister—the one whose pulpit you are supplying—is named Price, and he absconded yesterday with a large sum of money.'—Pittsburgh Sun.

BAPTIZED IN THE RIVER. The Pentecostal or Holy Roller connection held baptism service in Devon on Sunday, says the Fredericton Gleamer. Several converts were baptized in the St. John river.

JACKIE COOGAN AND VALENTINO RETURN

Boy Star Brings 27 Trunks from Europe; Rudolph Has Beard.

New York, Nov. 12.—Jackie Coogan and Rudolph Valentino came back from Europe on the Leviathan. Jackie has 27 trunks with him and Valentino is wearing whiskers. These, he says, are not his own fault, but due to the fact he is to play a Moor in a picture laid in the fourteenth century.

Jackie Coogan, who was accompanied by his parents, was 10 years old in Geneva last month. In his months abroad, carrying over the money raised for the relief of the children in the Near East, the youthful star has been in charge of a tutor, so that nothing has been neglected in the way of education.

The most impressive experience he says he had was his audience with the Pope, which lasted eighteen minutes, in which he says the Holy Father called him "Little John." The elder Coogan was asked about the apparent smallness of the income tax paid by Jackie, it being reported as \$800.

"I don't know," said Coogan, senior. "That is something that is handled by the people who take care of the finances."

MAKING RAPID PROGRESS. J. A. Grant & Co., contractors on the Bank of Montreal new building in Fredericton at the corner of Carleton and Queen, are rushing the masonry work, evidently trying to beat the snow out. The brick rear and side walls are well advanced and the street walls of Indiana limestone are coming along rapidly.

NEW BRUNSWICK SKATING BODY ADMITTED TO I. S. U. MEMBERSHIP

Admitted to Membership by Mail Vote, Says President Savage.

WEST IS ANNOYED

Is Granted Affiliation by Frank Garnett's Case is Mentioned.

With the decision of a meeting yesterday afternoon to apply to the International Skating Union, at its annual meeting in New York on next Sunday, for a sanction that will give St. John the international meet this winter, skating news assumes an early interest in this city.

Frank Garnett in the News.

Another piece of news of interest here is that rumors of a break between the International Skating Union and the Western Skating Association, a subsidiary body of the I. S. U., broke out anew yesterday in New York when it was learned that members of the western body would attend the annual meeting of the I. S. U. there on Sunday with the intention of bringing about the reinstatement of Harry Kaskey.

Kaskey, a Chicago skater and a member of the U. S. Olympic team, together with Alfred Neuffer of Cleveland and Frank Garnett of St. John, N. B., was suspended last spring by the I. S. U. Kaskey's case was immediately championed by the western association which body sought to bring about a reinstatement of the star, but without success.

Rumors have come from Chicago that the western association would break away from the parent body if Kaskey was not declared eligible and a climax to this situation is expected to be reached at the Sunday meeting.

President Joseph K. Savage of the I. S. U. said last night that he had received a formal application from Kaskey, asking that his case be reopened and that this application was to be followed by an affidavit signed by Kaskey, protesting his innocence and denying the charges which caused his suspension.

St. John has asked that Frank Garnett's case be reopened.

RECEIVE LONG SERVICE MEDALS

A. E. Brown and George Gallagher of C. N. R. are Honored.

C. N. R. Superintendent W. N. Rippey presented Imperial Long Service Medals to two retired employees here today. One went to Conductor A. E. Brown, of this city, while the other one went to George Gallagher, a section foreman.

IS SEEKING WORD ABOUT W. T. SIMMS

H. E. Wardroper, Common Clerk this morning received from Mrs. Elizabeth Aspinall, 140 Hoedegge street, Oldham Lane, England, a request for information concerning the whereabouts of William Thomas Simms, her nephew. She said the missing man was a master baker and she understood he at one time had been shop in St. John.

ACCUSES SON OF STRIKING HIM

Arnold Hanson appeared before Magistrate Henderson in the police court, this morning, charged with assaulting his father, Halvor Hanson. He pleaded not guilty. His father said the son entered his bedroom and struck him on the head. The defendant asked for an opportunity to have his mother appear as a witness on his behalf, and the case was set aside until Friday morning at 10 o'clock.

SISTERS OBSERVE THEIR BIRTHDAYS SAME TIME

Mr. and Mrs. William Gorie, of Harding street, Fairville, celebrated yesterday the birthday of their two daughters, Miss Elsie and Miss Teresa, one 14 and the other 16. Their birthdays come on the same day, November 11. A party was given and two cakes were prepared with candles numbering the respective ages of the girls. Favours for everybody were inside the cakes. Games and music with gifts for the young guests of honor made a very pleasant occasion.

MASONIC PRESENTATION

A handsome clock was presented to Herman Sullivan, an officer of the lodge, last evening at a meeting of Hibernia Lodge, No. 8, F. and A. M., by Past Grand Master LeBaron Wilson on behalf of lodge members. The presentation was made at the conclusion of the meeting and in honor of Mr. Sullivan's recent marriage. The second degree was exemplified last evening. Hayward Stillwell, master, was in charge of the ceremonies.

CLARENCE WETMORE MADE PRESIDENT

Elected Last Evening at Gathering of Centenary Badminton Club.

Centenary Badminton Club enjoyed their opening banquet for the season last evening with 90 of the 40 members attending. Two long tables were set in the shape of a cross in the large parlor, which was brightly lighted and augmented with red candles in silver sticks on tin tables. Favours of chocolates ornamented with fancy candles on slim supports were at each cover.

ADOPT UNIFORM TRAFFIC SIGNALS

Standard Set Will be Put Into Operation in Saint John.

Commissioner Harding has taken up the matter of uniform signals for the traffic policemen in the city in order to facilitate the passage of traffic at all times. He discussed this with the chief of police and that official has secured from other cities a list of standard signals which it is proposed to adopt here. The public are asked to study these and aid the traffic policemen in their work of safeguarding the public. Following is the list of signals:

Stop Traffic on the Right.

Half face to the right rear, extend right arm straight to the height of the palm of hand toward traffic. At the command SIDEWALK! extend the arm straight to the right, palm to the front, and at the command MOTION! bend the arm at the elbow, having the tips of fingers touching breast twice. After the hand back to the rear, palm of the hand to the front, and to motion the hand ahead, bend the arm at elbow, having tips of fingers touch the breast twice.

Stop Traffic on the Left.

Draw the left arm up smartly so that back of hand is near the left shoulder, palm of hand toward the front, push the arm forward, hand at the height of the head, palm toward the traffic. At the command SIDEWALK! place the arm straight to the left, palm to the front. At the command MOTION! bend the arm at the elbow, tips of the fingers touching the left breast twice, then back traffic, place the arm straight to the front, hand at the height of the head, palm toward the face. At the command MOTION! bend the arm at the elbow, having the tips of fingers touch the left shoulder twice.

Draw the right arm against right side, arm bent at elbow, hand at height of shoulder, palm to the right, pushing the arm straight to the right.

At the command A YOU WERE! place the arm at the side. Stop Foot Passage on the Left. Same as above with the left arm.

Stop Traffic Right Intersection Street.

Draw right arm against right front shoulder, arm bent at elbow, palm straight to the front and push the arm out at an angle of 45 degrees, hand up as high as possible. At the command PALM TO THE LEFT MOTION! make two good sweeps with the hand in the direction which the traffic is to go.

Stop Traffic Left Intersection Street.

Draw left arm against left front shoulder, palm of the hand straight to the front, then push the arm out at an angle of 45 degrees to the left, palm to the front. At the command PALM TO THE RIGHT MOTION! make two good sweeps to the right in the direction which the traffic is to go.

RED CROSS PLANS FOR CAMPAIGN ARE ADVANCED

Plans for membership campaign on next Monday for the Red Cross Society were completed at a meeting of the society in the depot here this morning with Mrs. Alfred Morrissey in the chair. The drug stores in the city, through the courtesy of the proprietors, will be fitted up with Red Cross booths, at which members will be enrolled. These booths will be in charge of various associations in the city, and the Red Cross is offering a large Red Cross flag to the organization which secures the largest enrollment. In this way, club competition will be assured. Reports of the work during the month were given at the meeting. Mrs. J. D. Maher and Mrs. A. Morrison reported on jobs made during the month. Those present, in addition to the chairman, were: Miss Alice Walker, Mrs. Harold Lawrence, Miss F. Stetson, Mrs. Janet H. Dooly, Mrs. J. D. Maher, Mrs. L. Isaacs, Mrs. A. Morrison, Mrs. C. Beard and Miss Ethel Jarvis.

MICHAEL TOWER DEAD.

The death of Michael Tower occurred yesterday in the General Public Hospital after a short illness. He is survived by three sisters and one brother. The body will be taken to morrow from Chamblain's undertaking parlors to Sackville and interment will be made in the family lot at Rockport, N. B.

ALMANAC FOR ST JOHN, NOV 12.

NOVEMBER DANDELIONS.

A nice bunch of dandelions was picked on Monday at Perry's Point by Miss Hattie Bustin.

FINED \$200.

John McCausland was fined \$200 in the police court this morning on a charge of having liquor for sale in his beer shop in Mill street on Oct. 22.

TRANSFERRED HERE.

Francis Lonergan, for some years on the staff of the Union Bank of Canada in Montreal, has been transferred to St. John and arrived in the city yesterday.

INSPECTS BRANCH LINE.

J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, left this morning on an inspection trip over the St. Andrews branch line.

AT THE DRY DOCK.

The C. G. S. Dollard has been hauled up on the marine railway at East St. John to undergo extensive repairs and overhauling. The oil tanker Azov is still in the drydock undergoing repairs.

WILL ATTEND FUNERAL.

Major E. R. Vince, M. C., who is at present in Woodstock, will represent No. 7 headquarters at the funeral of Randolph K. Jones in Woodstock tomorrow afternoon. It was announced at headquarters this morning.

WORK IS COMPLETED.

The installation of a new combustion engine with diaphane to replace the old steam plant at the Cape D'Or fog alarm station was completed yesterday after two months of work. The new plant is expected to be of considerable assistance to vessels in entering Minas Basin.

REDEMPTORIST PROVINCIAL HERE.

Rev. Arthur T. Coughlan, C. S. R., of Toronto, provincial of the Redemptorist Congregation in Canada, arrived in the city today and is a guest at St. Peter's rectory. The provincial was accompanied by one of his consultants, Rev. Charles Kels, C. S. R.

FOR ORPHANS.

The treasurer of the Grand Orange Lodge of New Brunswick has received from L. O. B. A., No. 221, Fredericton Junction, \$75, and from Loyal True Blue No. 869, of Victoria, \$100, in bags of vegetables as donations towards the maintenance fund of the N. B. Protestant Orphanage.

INDUCTION ON SUNDAY.

Rev. C. Gordon Lawrence will be inducted into the rectory of Trinity church on Sunday morning and will preach his first sermon to his new congregation on that evening. Rev. Mr. Lawrence and Mrs. Lawrence will reside at 215 Germain street. He will be succeeded at Hampton by Rev. Walter P. Dunham, of Fairville.

COUNTY COURT.

County Court sat this morning, with His Honor Judge Barry presiding. The case of McGuire vs. Jones, an action arising out of an automobile collision, was set for hearing, but will not be commenced until tomorrow morning at 10.30, court adjourning until that hour. G. G. McInnes, of Victoria, is the plaintiff, and G. H. V. Beyses, K. C., for the defendant.

CLASS MAKES PLANS.

The Beacon Light Class was entertained last evening by Mrs. W. H. King at the home of Mrs. Richard Gould, Pleasant Point. The president of the class, Mrs. W. E. Hamma, presided at a business session. It was decided to send a donation of clothing to the Children's Aid, Garden street, and plans were made for a waist line social on the anniversary of the class. Dainty refreshments were served by Mrs. Hamma, assisted by Mrs. J. Ryder. The meeting closed with the Missal benediction.

DEATH OF ARCHIBALD SEELY.

The death of Archibald Seely, of Lands End, Kings county, occurred early this morning in the General Public Hospital at the age of 62 years. He is survived by two sisters, Mrs. F. Graham of this city, and Mrs. V. Maslerman, of Stratton, Me., and one brother, Henry Seely, of Wolford. The funeral service will be held at the home of his nephew, John E. M. Seely, 122 Adelaide street, on Friday afternoon at 2.30. Burial will take place in Cedar Hill. Many friends will be sorry to learn of his death.

THE RIVER STEAMERS.

The steamer Hampton will make her last trip to Hatfield's Point on the Belisle on Saturday. During the remainder of the season she will ply between Winktown and Winktown. It was not definitely known today whether or not the Majestic would make any more trips this season up the Washademoak. It was expected that a decision would be arrived at on her arrival at Indiantown today. If she is withdrawn from that route she will replace the D. J. Purdy, L. on the main river route between Indiantown and Fredericton.

STREET RAILWAY WORK.

M. A. Pooler, general manager of the New Brunswick Power Company, said this morning that he expected the cars would be running over both tracks in Lancaster by the end of the week. The work in that section was the replacement of rails from the foot of Fairville to Hill's Corner. Work of extending the line from the head of Fairville to Moore's hill is progressing and it is expected that it will be completed in another week. There was delay in acquiring material for this work, but it is expected that satisfactory progress will now be made.

CURLING CLUB ELECTIONS.

The annual meeting of St. Andrew's Curling Club was held in the rink last evening. Dr. W. Leiding, president, presided and a large number of members were in attendance. The election of officers resulted as follows: W. B. Tennant, president; F. W. Coombs, vice-president; C. H. Ferguson, secretary-treasurer; F. M. Maunsell and Frank T. Lewis were elected as directors for a three-year term. Dr. A. H. Merrill and C. F. Sanford were appointed delegates to the annual meeting of the Royal Caledonia Club, maritime branch, in Moncton on Dec. 11. At a meeting in December plans for the playing season will be taken up.
