End Red Horrors  
Before Allies Will  
Deal With Soviets

Means No Diplomatic Relations With Moscow  
Government for the Present—Decision of  
Supreme Council at London Meeting.

London, Feb. 24.—The Allies will decline to deal with Soviet Russia "until they have arrived at the conviction that the Bolshevik horrors have come to an end." This was announced after a meeting of the allied supreme council today.

The decision of the supreme council, it was recognized, precludes diplomatic relations between the allied governments and the Moscow administration in the immediate future.

The council expressed itself as pleased that the international labor bureau had decided to send a delegation to Russia to study conditions, but it stated that supervision of the delegation should be under the council of the league of nations, giving the investigators greater authority.

The council, it was stated, decided that the allies could not accept the responsibility of advising the border states to continue war against the Bolsheviks, which course by such states might be injurious to their interests. If the Bolshevik attack within their territory of the border states, however, the allies promise "every possible support."

CITY'S BILL FOR  
REMOVAL OF SNOW  
WILL BE LARGE

Allowance Usually \$4,000—  
Cost So Far Exceeds  
\$18,000—This For Work in  
Connection With Street  
Railway Only.

Although but \$14,000 is appropriated by the city for street work in connection with the removal of snow since Jan. 19 of this year has amounted to more than \$18,000. As there is usually in the vicinity of \$4,000 left for snow removal after a year's street repairs have been completed, it is expected that the allowance for snow removal this winter will exceed the appropriation at least \$16,000. These figures are of course approximate as the cost cannot be computed until all accounts have been received.

Hundreds of tons of ice are being removed from the lines of the street railway in King, Dock, Mill and Prince William streets today. The ice is being removed by men in the employ of the N. B. Power Company and is being hauled to the Market slip by the city teams.

The city teams are also hauling the snow from City Road.

A PHASE OF  
THE INFLUENZA  
SITUATION

Commissioner Thornton Con-  
siders It Unwise to Have  
Police attend on Am-  
bulance.

Taking the stand that not only the health of policemen themselves but that of the general public would be endangered, Commissioner Thornton this morning felt compelled to refuse a request for co-operation on the part of the real difficulty of the Russian situation, recognition of the Soviet republic, remains unsolved.

Premier Millerand is understood to have voiced the fear of France that united Russia might be a serious menace to western Europe, while Premier Lloyd George and Nitti have taken the view that Russia has been broken up and is not dangerous. Reports, therefore, that Premier Millerand has agreed to decisions reached by the council are taken to mean that a middle ground has been found on which the Allies can stand until developments show true conditions.

Poland is said to have been won over to the British view, and Rumania is reported to have asked guarantees from the Allies relative to the risks involved in direct negotiations with the Bolsheviks.

THE GRAMPAN IN  
HOUSING MATTERS

Commissioner Bullock, chairman of the St. John Housing Commission, said this morning that, should the amount of loan under the housing act for frame buildings be increased from \$5,000 to \$4,000, the provincial government had recommended, the commission would still have to figure closely to erect a substantial house for this amount. The allowance, he pointed out, covered the cost of the land and incidentals, such as architect's fees, etc.

Amongst the items on which the prices had recently gone up, were plumbing and bathroom fixtures. Dealers in these articles said that brass enamel fixtures are difficult to obtain and are away up in price with the prospect of going much higher.

Asked as to the awarding of contracts for the work at Douglas court, Mr. Bullock said that the contractors who submitted figures were doubtful if the work could be carried out at the prices quoted as the result of the recommendation. He said that the commission was awaiting the result of the recommendation for the increase in the amount of the loan before taking action.

A Japanese squadron arrived at Marselles yesterday for a visit.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I am in receipt of a communication from Mr. F. T. A. Davies, mystic, fustian, reveller and member of the Kosmos Church. His present habit is to hold a long and that there are now in England Kosmos churches, where the great and ceremonies are performed, Angel Communion practiced, and Priests and Priestesses minister according to the ritual of the church. One of his dead men sends a long message from which the following is an extract: 'At present it is a long holiday for me, visiting as an angel the various places on the earth that I was not able to see while on its surface; looking up those I cared for on the earth, and visiting the host of real friends, relatives and connections, number of whom were aware of my passing over.' This veracious spook goes on at great length to tell his doings since a man and a woman who turned out to be angels welcomed him and pointed out that he still had eyes, nose, ears, mouth, head and body, spiritual of course, but an exact counterpart of his old physical body, with which to covet around on the spiritual grass beside the spiritual rivers and under the spiritual trees. I presume if there was a war on his physical nose it was reproduced on the spiritual counterpart. Brother Davies wants me to join the Most Sacred Confraternity of Faithfuls and become a lightbearer in Kosmos. I observe that in the message from the departed worthy from whom I have already quoted is not altogether grammatical in parts, but that is a minor detail. What do you think? Shall I start for London?"

"I think I'd give him one more chance," said Hiram. "The keeper may get him again before long. He must get the big fiddle in Sir Oliver's Lodge. Hey—what?"

ROYAL TOMB IS  
RIFLED BY THIEVES

Steal Jewels and Crowns in  
the Mausoleum of Charlot-  
tenberge Castle.

Berlin, Feb. 24.—Burglars rifled the Mausoleum of Charlottenberge Castle on Sunday. They forced the lid and removed the jewels from Queen Louise's coffin, but failed to open the other coffin. They removed her gold and silver and gilded crown, tiara, on the coffin of Emperor William I, and Empress Augusta, Prince Albert and others.

The Mausoleum of the royal palace was erected by Genz. In this place reposed the bodies of Queen Louise, who died in 1810 and her husband, Frederick William III, who died in 1840, together with their son, Emperor William I, who died in 1888, and the Empress Augusta, died 1890.

EDUCATIONIST  
IN QUEBEC DIES  
OF PNEUMONIA

Montreal, Feb. 24.—In the death of Irving O. Vincent here yesterday of pneumonia after a fortnight's illness, the Province of Quebec loses a strong advocate of education. He was principal of the Edward VII. School in Montreal and though only 38 years of age he had already won a prominent part in educational movements in this province where he had always consistently advocated compulsory education. Aged 38, he was born at St. Armand. He is survived by his wife and an infant daughter.

QUEBEC CABINET  
IS DIVIDED OVER  
AN APPOINTMENT

Quebec, Feb. 24.—It is frankly admitted here that the provincial cabinet and many of the members of the government are divided over the appointment of a successor to the late Mr. Justice Langelier as magistrate of the sessions of the court.

It was commonly reported that Arthur Godbout, member for Beauce, would be appointed, but later it developed that there was opposition and that several members of the cabinet favored Arthur Lachance, a former member of the House of Commons for Quebec Centre and crown prosecutor.

MONTREAL AT SYDNEY

Quebec, Feb. 24.—The Canadian Government Steamer Montcalm arrived at North Sydney at 12:30 this morning, all well.

May Mean Double Duties  
Paris, Feb. 24.—The government is considering requiring the payment of customs duties in the equivalent of gold as a means of increasing its income, according to one of the trade journals published here. As there is no gold in circulation, this would mean the fixing of a relation of gold to currency, which the newspaper suggests might be two to one, which would mean that two dollars would be doubled.

Montreal Curfew Wins

Montreal, Feb. 24.—Montreal curfew successfully defended the Quebec Challenge Cup against Sherbrooke last night, beating them by 21 to 17.

The Japanese budget introduced by the government yesterday passed the lower house without amendment.

Arrest of C. N. R. Men  
At Napadogan Reported

Thirty Reported Involved in  
Theft Charges

Taking Prisoners to Frederic-  
ton—Lumbering Hindered  
by Severe Storms—"Flu"  
Reports From Provincial  
Points.

(Special to The Times.)  
Fredericton, N. B., Feb. 24.—C. N. R. detectives are reported to have made a great roundup at Napadogan of railway employes charged with breaking into freight cars and stealing goods in transit. The prisoners are expected to arrive here tonight. An investigation had been going on quietly for some time. Some thirty employes are said to be involved.

It is reported that some lumbermen in the central part of New Brunswick have found their operations seriously hampered by the very heavy snowfalls of the present month. The mild weather followed by cold, which caused a heavy crust to form did the greatest damage. Many hauling roads had not been broken out before the crust formed and now cannot be used.

Ludlow Young has completed an operation on the Taxis river for the Miramichi Lumber Co. It was of 7,000,000 feet. This was so well advanced that the storm did not hinder.

The department of health has received reports of six cases of influenza at Bathurst. A total of sixty-seven cases in York county is reported. In Moncton, 500 cases have occurred. The epidemic there has largely abated. No deaths occurred there. Dr. Desmond has gone to Sackville to investigate conditions. He has received reports of three cases of influenza at Keswick Ridge and two at McAdam. In the latter place the situation has greatly improved.

Mrs. Mary Maxwell, wife of W. H. Maxwell of Fredericton, died last night at her home, 712 Brunswick street, after a brief illness. She was aged seventy years. Surviving are her husband, one son, J. W. Maxwell, and one daughter, Miss Gladys Maxwell, both of Fredericton. Mrs. John J. McKenna of Lunenburg is a sister. Mrs. Maxwell was the daughter of the late Hon. James Brown. The funeral will take place on Wednesday afternoon.

There has been a general disappearance of punch boards in Fredericton. The prosecution of a barber who had one in his shop.

BOGUS "COUNT;"  
VANISHING GEMS

Rogue's Grand Tour of  
French Hotels—Stolen  
Cheque Book.

Paris, Feb. 24.—Many hotel managers  
in several large cities, and wealthy clients  
of these hotels have been victims  
of a clever Spanish thief who has been  
operating in the south of France for several  
months past, and has at last been  
arrested in France.

At Bordeaux, one day towards the end  
of last year, the thief arrived at the  
south of France, and put up in great style  
at a leading hotel as "Count Justino de  
Lopes," head of the Portuguese aristocracy  
in Africa.

This "distinguished" gentleman had  
suddenly, taking nearly a whole floor  
himself and his expected luggage.

After three days his important lug-  
gage had not arrived, but the "Count"  
had left the hotel with jewels and valu-  
ables belonging to various rich clients  
of the hotel.

Afterwards the "Count" visited Tou-  
louse, Marseilles, Lyons, Bourdeaux, and  
various other towns, in which he re-  
peated his Bordeaux operation with suc-  
cess. The police were after him, but  
always arrived too late.

However, the "Count" encouraged by  
his success, came to Paris, and the  
probed fast for him.

Buying Airplanes—Stealing Gems.  
He put up at a leading Paris hotel,  
stating he was on a mission for the Por-  
tuguese government to buy two aeroplane  
in France.

He asked the hotel manager whether  
he could find room in the hotel to  
keep the two machines for a few days.  
He was about to leave with jewels  
belonging to clients of the hotel when  
he was arrested.

He confessed that he was a Spaniard  
named Lopez, born at Vayo in 1882.  
During his stay in Paris the thief  
visited the best restaurants in company  
with young women. He always paid  
the bills in checks on the bank of  
France.

He had found a check book in a "fau-  
touteux" he stole at Marseilles. His lady  
companions also received false checks,  
and informed the police that the "Count"  
had stolen their jewels.

NO SUCCESSOR TO A. K. McLEAN

That Is Belief in Ottawa Government Plans Reduction of Portfolios.

(Canadian Press.) Ottawa, Feb. 24—It is generally understood in government circles here that a successor will not be appointed to Hon. A. K. McLean, whose resignation as a member of the cabinet without portfolio was announced last night.

It is also generally understood here that the government is prepared to carry out a policy of reduction of portfolios. The amalgamation of the railways and the public works is much to the fore at present, but no section is expected until the return of Hon. J. D. Reid, minister of railways, who is now in Florida.

Double murder and suicide but

... but for the Grace of God.

NOT long ago a shamefully wronged husband started out to do away with his wife and the destroyer of his home.

HE was intercepted, reasoned with, pleaded with. After two days and two nights spent in prayer and meditation, through the manifestation of the Holy Spirit he was turned from his intense and terrible passion to a magnificent attitude of forgiveness.

THE instrument through which husband and wife were reconciled—and a ghastly tragedy prevented—was a Salvation Army Officer.

SUCH a change of heart wrought by the Spirit is not rare in the world-wide experience of the Salvation Army.

STOCK CO. PLAYS TO BIG HOUSE

Tom Marks Opens Engagement at Queen Square Theatre—Drama and Vaudeville Enjoyed.

St. John enjoyed a revival of the old stock company days when Tom Marks and his company opened a two weeks' engagement before a packed house in the Queen square Theatre last evening.

The opening piece of the company's repertoire was a four-act comedy drama, entitled "The Girl Over There," and the repeated applause and hearty laughter which was indulged in by the audience gave evidence that the piece went well.

The story is a simple one and with few variations, resembles several of the comedy-dramas the days gone by. It was a good clean show all the way through, however, and this is a pleasing feature.

Miss Arline Marks, as the heroine of the piece, Ploisani, made a large number of friends by her performance last night, and Tom Marks, as Captain Barton, also met with the approval of the audience.

Other characters which completed the cast were Mrs. Elmer, taken by Miss Gertrude Hughes, her maid, Edward, played by L. E. Perrin, and Ben Cook, portrayed by C. C. Allen.

Between the acts some bright vaudeville numbers were introduced, including a bagpipe selection and Scotch dialect solo, a novelty act, and a comic selection, and a comic selection by Bessie Hawthorne, which was the chief get-into of the entertainment.

Betty Wales Dresses For Women

WE desire to correct as emphatically as possible the impression in the minds of some of our customers that Betty Wales Dresses are designed solely for girls.

Betty Wales designs many dresses for the matronly type of woman, and the demand for these models has grown steadily.

Their popularity is due to the fact that while the general effect is entirely appropriate for the woman they succeed in suggesting the much-desired lines of youth.

Let us show you the Betty Wales models for women. They will give you an entirely new conception of the art of Betty Wales, master designer.

This store alone sells Betty Wales Dresses in this city.

## WON. ROBERT ROGERS SCORES UNION GOVERNMENT

Calls it "Government of Tinkers and Jobbers and of Second-Hand Dealers."

Winnipeg, Man., Feb. 23.—"Canada's industrial and economic conditions have reached the most critical period in the history of our existence," said Hon. Robert Rogers, former Dominion minister of public works, who addressed here tonight, in the Fort Garry Hotel, an open meeting of the Liberal-Conservative Club of Winnipeg. Declaring that he had "no further political ambitions to gratify," he proposed to speak plainly.

Mr. Rogers declared the Union government to be a "government of tinkers and jobbers, a government of second-hand dealers. Their energies almost entirely devoted to second-hand theories that are the product of the diseased brain of some poor, unfortunate splinter." The former minister urged strongly "a definite and a fixed scientific tariff," advocated the dissolution of every existing government commission, pointed out "the necessity for the Liberal-Conservatives to immediately prefer their organization everywhere," and elaborated on the benefits which he said, had been secured for the farmers of Western Canada through the Liberal-Conservative party. Mr. Rogers closed with an appeal for further recognition for the claims of Canadian veterans of the war.

THE HON. ROBERT ROGERS.

While Ottawa was still buzzing with comment on the resignation of Hon. A. K. Maclean the Hon. Robert Rogers rose up in Winnipeg to denounce Union government in all the moods and tenors.

an association of Clubs, as that which in Canada made possible the great educational conference in Winnipeg. As to the broad spirit of Rotary it is indicated in the declaration "to be not more obligated to a brother Rotarian than to every other man in human society."

IN TORONTO ALSO.

The city of Toronto, like St. John is suffering from the importation of liquor. The Globe says: "Newspaper reports of police court proceedings indicate that the removal of the restrictions on the import of intoxicating liquors into the province has resulted in a serious increase of drunkenness—and drunkenness upon the public streets."

ANOTHER PROP GONE.

Union government has received another severe jolt. Hon. A. K. Maclean has resigned from the cabinet, in which the maritime provinces have now no representative.

A recent Ottawa despatch says: "Some astounding facts have been brought to light by the department since it took over the operation of the act on opium and habit-forming drugs two months ago. Less than 50 per cent of the drugs used in Canada are necessary."

THE ROTARIANS.

The Rotary Club has become a centre and source of inspiration wherever it has been established. The Club in St. John celebrated last evening the fifteenth anniversary of Rotary. Fifteen years ago four men met in Chicago and began the movement.

Cardinal Mercier denounces the extravagance, luxury and sensuality of society women in Belgium. The war has evidently not taught them their lesson, though Belgium suffered most of all in the great war.

RECENT DEATHS

(Amherst News, Saturday.)

The entire town heard with deep regret today, the news of the death of Mrs. M. M. Sterne, which occurred at midnight at the home, Church street. Although Mrs. Sterne has not been in the best of health for some months it was not anticipated that she was in a dangerous condition but death, due to angina pectoris from which she had been suffering for some time although unknown to her friends and relatives, passing came as a most sorrowful blow to the family and a large number of friends. Particularly to her husband, Professor Sterne, will the loss be an awful shock. For nearly forty years has the late Mrs. Sterne been a loving and devoted help meet, and it will be difficult for him to bear up in this sad hour. The late Mrs. Sterne was beloved by all who knew her, and her acquaintances are numbered in all parts of Nova Scotia and throughout the world. She was a prominent member of Christ Church and took a large part in all the functions conducted by this congregation. The deceased who was sixty years of age is survived by her husband, a daughter, Miss Marion, and two sons, George and Ralph, of the legal firm, Sterne & Sterne, and one brother, R. S. Hibbard, of the Minusie Coal Co.

The late Mrs. Sterne was a daughter of the late George Hibbard, Lower Cove, and Jane Seaman of Minusie. Her father was one of the important factors in the political life of Nova Scotia. She was a grand daughter of Amos (King) Seaman, who held a huge grant of land, that covered the entire district, known today as Minusie, and which he conducted in a manner similar to the barons of the feudal days.

The Sternes have been a great "home" family and the loss of the mother in the united circle is a loss that only time can alleviate.

The death of William T. Robb took place at his home in Halifax yesterday afternoon after a long illness. He was the son of Mrs. Francis Robb, Union street, in this city, and on leaving school worked with his father, after which he took up Y. M. C. A. work as his vocation.

He is survived by his wife, formerly Miss Nina Hanley of New Glasgow, a little son and daughter; his mother, three brothers and two sisters. The latter are Rev. Alexander F. and Miss Jennie Robb, of Ham Heung, Korea; Andrew W., of Halifax; Mrs. John T. McGowan and Bruce C. Robb of this city. The funeral will be held on Thursday and interment will be made in Halifax.

The death of William Molloy, of 4 Harvey street, North End, yesterday. Mr. Molloy is survived by a son and three daughters. The funeral will be held tomorrow morning at 8:45 from his late residence to St. Peter's church for high mass of requiem.

There passed away at the Mt. Allison Ladies' College on Saturday morning, Miss Margaret Gray of Bathurst, death resulting from pneumonia.

William McMonagle, a well known resident and business man of the North End, passed away at his late residence, 113 Sherbrooke street, yesterday, leaving three brothers to mourn. The brothers are John, of Portland (Me.); Daniel and James of this city. The funeral will take place from his late residence at a date to be announced later.

The death of Mrs. Robert Wilby took place at her son's home, Gaspoint, yesterday morning after a brief illness from pneumonia. Dr. Wilby of this city was called to his wife's bedside and remained with her when she died. She leaves besides her husband two sons, one daughter, Mrs. George E. Crow of this city, and three sisters in England.

James U. Robertson the last member of the family of the late Wm. A. Robertson of this city, died at his home in Philadelphia at the age of sixty-nine years. He was the eldest of seven sons. At the time of his marriage to Miss Annie E. Robertson, adopted daughter of Robert Reed, he moved to Liverpool, Eng., to take charge of his father's shipping business, and later he returned home, going to Philadelphia. He leaves his wife, five sons and two daughters.

GREATER ST. JOHN

(Continued.) To the Editor of The Times: Sir,—So much time is being taken up with the harbor traffic that there seems little thought of the other more urgent needs of our city. Little effort seems to be made in the solution of the great housing problem which becomes more prominent in our midst today than ever. People of all shades and classes are in search for some place to make their homes for at least the coming year. Driven to despair at being flooded or frozen out they are seeking shelter elsewhere but without any great success. "Children we don't want in our houses," is the cry from many. Rents are so high that the poor cannot pay and so it goes on day after day. What a distressing shame it is to see St. John conditions which do not exist in any other city on the continent in comparison to population. Enough has been said through your valuable daily to arouse the most languid and the half has never been told or ever will be told of such conditions. The question which comes home to us all is when are we as a city interested in the expansion and progress of present day affairs going to start and take up the question in its entirety and see the matter fully consummated? I regret that some of my fellow citizens are inclined to think that I have some real estate pursuits in East St. John and elsewhere. To this I may say that such is not the case. My articles

Feature new style ideas and are developed in many clever and fascinating modes. Among the colors that promise to be spring favorites are taupe, navy, royal and black.

The variety of style is interesting. Short sleeves are among the predominating features of the newest gowns. Overskirts of various lengths and shapes are showing and cascade effects at hips are decidedly new.

As a whole the frocks have a charming simplicity; however, some of the more elaborate models have Georgette fronts handsomely beaded, or fronts of self material with vari-colored Silk embroidery.

Finely pleated ruffles are used with good effect on semi-tailored models. Surplice waists and button back effects are also new.

There are many styles here that will make your selection decidedly interesting.

Greater St. John are not inspired by any personal motives but for the interest of those who are unable to speak out. As a citizen having limited ability I am ready and willing to contribute to the best of that I possess in furthering the interests of our city and to correct an evil which is paramount in our midst. The housing problem is an outstanding feature of the present day and needs correction without delay. It calls for prompt action if we want to keep faith with the future generation. Every effort should be made to build a bridge across Courtenay Bay and open up this beautiful undeveloped country to the people. In the great storms this winter this section of country was isolated for weeks. The road about way to the city seemed impassable for a time. With a bridge from King street east we would not have such conditions and the route is much shorter.

In conversation with some of our directors at city hall the other day I was pleased to know that the idea is being strongly endorsed but the price of that bridge "Oh my." Never mind the cost of this splendid scheme. Get it there and you will be repaid three fold in time. This proposition is an important one in many respects beneficial to our city. It opens the gates to a heart-broken people who have been held in bondage to a slavish regime. They could find land at reasonable rates to build a home and rear their families in healthier surroundings. Again as a commercial proposition it ranks first place. King street east would in time become a rival to King west and Charlotte street. Firms now trying to get space could establish on this highway and soon we would have a great business centre with that magnificent civic building in the centre. This is not too great a scheme for St. John. We have plenty of money and good business men to push the thing forward. They know their place and are alive to the conditions, so why tarry? Greater St. John is a good thing. Push it along, shoulder to shoulder, boys, and

## B. C. FARMERS IN CONVENTION

President Speaks of Federal Elections—Okanagon Fruit Man Says Union for Political Effort Waste of Time.

(Canadian Press.) Victoria, B. C., Feb. 24—The convention of the United Farmers of British Columbia opened here yesterday. Candidates for parliament who are farmers and who know the needs of the farming communities are all right and in parliament," said W. F. Laidman of Vernon, a fruit grower of the Okanagan. "But a union of the farmers for political effort at this time, I think would be a waste of effort. Our time

should be spent in the development of our business and in the pushing forward of measures that will assist along that line. We have no time for play." He strongly urged the formation of a British Columbia council of agriculture members.

"What about the Canadian council of agriculture which is so much talked about?" he was asked.

"That will come later," he replied, "but a strong provincial organization should come first."

The central secretary's report showed that the growth of the organization during the last few months had been very rapid. The membership up to the end of 1919 was only about 1,200, but it was now more than 4,800 and there were newly organized locals which had not reported.

President Copeland said the object of the united farmers and the united farm women was to increase the membership in this province to 10,000 next year.

"There is," he said, "a strong feeling that the farmers of the east and middle west will be heard from in no uncertain way in the federal election and I find everywhere a feeling that the farmers of this province ought to be with them and have a voice in the framing of the policies on which candidates may be placed in the field. I do not believe that we will benefit greatly from the platform that has been put forward by the united farmers of the prairie and in any case we ought to be in with them and if we desired some slight modification of that policy I believe it could be secured."

Mr. Copeland was re-elected president. Mourning the death of Gaby Delays, the Duc de Craxas, to whom the actress was engaged, arrived in New York yesterday on the French steamship Savoie.

## THREE SAID TO BE IN DISGRACE

Reported Trio of Major League Baseball Players Are Being Ousted.

Chicago, Feb. 24—The flat statement was made here yesterday that three major league players of some prominence would not be seen in any championship games this year as the result of a secret investigation re letting. No names were mentioned, but it is assumed that contracts were sent to these three players, calling for so much less than they received a year ago and there is little or no chance of their signing.

**A KIDNEY REMEDY**  
Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate the irritant acids formed. Help your stomach to properly digest the food by taking 15 to 30 drops of Extract of Roots, sold as Mother Seigel's Curative Syrup, and your kidney disorder will promptly disappear. Get the genuine.

## End Your CATARRH Today

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be cured right at home by inhaling "Catarrhone."

In using Catarrhone you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages.

The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cures come quickly. Colds and throat troubles can't last if the pure healing vapor of Catarrhone is breathed—stomach and coughing ceases at once, because irritation is removed. Use Catarrhone to prevent—use it to cure your winter ills—it's pleasant, safe and guaranteed in every case.

## MILLIONS IN A SAD PLIGHT

Dr. Robertson Points to Starving Peoples of Europe—Matter of High Prices.

Montreal, Feb. 24—Dr. Robertson, speaking before the Canadian Club yesterday, said that in Europe today there were between ten to fifteen millions of people who during the coming summer will be either on the verge of destitution or absolutely starving. As Canadian manufacture of food supplies, Dr. Robertson said that Canadian governments were trying to keep them up because there would be lack of production without good prices. Canada's reputation now was such that she would get the world's best prices for all she had to sell. "My own opinion is that we shall in the next few years do well in agriculture with a profit in response to efforts."

## EAT

What You Will—When You Will—Stuart's Dyspepsia Tablets Help Digest the Meal.

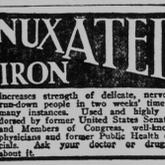

Good food is itself harmless. The usual reason stomach troubles arise is due to faulty digestion brought about by overwork, sickness, overeating, late hours, etc.

The best way to correct faulty stomach troubles due to digestive mistakes is to do what nature wants. All that nature usually needs in such cases is a little assistance to do this work. This is why doctors tell you to diet. Nature is then compelled to aid herself. You do not then overwork her when she is already exhausted.

Stuart's Dyspepsia Tablets go into your stomach just like food. They help digest food, and thus when the next meal is eaten, the system is better prepared to do its work without assistance. By following this practice many have corrected their stomach troubles, and have conquered the old "bugbear" of indigestion.

Always take a Stuart's Dyspepsia Tablet after meals or just before bed time. By doing this you will be acting wisely and playing safe.

Go to your druggist anywhere and buy a box now. Price, 50 cents.

**NUXATED IRON**

Increases strength of delicate, nervous, run-down people in two weeks' time in many instances. Used and highly recommended by former United States Senators and Members of Congress, well-known physicians and former Public Health officials. Ask your doctor or druggist about it.

attraction at the Imperial Theatre yesterday. The picture is an example of what interesting and absorbing heights mystery and spectacular cinema features may progress when directed by a capable, intelligent man from a scenario that has reliable plot structure. This picture turns a glib lesson at the scores of serial films. Houdini is honestly a star.

Boys from six to sixty will perhaps find the thrill of the Nick Carter days in "The Grim Game." It is a breathless sort of adventure told in "high," to use a suitable parlance. A good cast aids materially.

There can be little doubt that Houdini took real risks in the making of the role. His scaling of the hospital wall, his descent via a short dis-

tance rope, his leap directly under a big motor truck going at a good rate of speed and the startlingly vivid aeroplane fight that climaxes the picture, with the machines crashing to earth; finally—these are incidents that thrill and deserve mention. The crashing to earth of the planes was a miracle in its circumstances of not proving fatal to the passengers.

To offset the tingling effects of the Houdini thriller there were comedy offerings by Mutt & Jeff and the Literary Digest's "Topics of the Day." The Rotary Club entertained things greatly with their songs and cheers and a genuine night of fun was had by all hands.

The same programme tonight, but tomorrow Bert Lytell is to be the star in "Lombard's Lad," a girl-and-fashion romance de luxe.

**Why do Some Folks Dream All Night**

**IF** you are one of those healthy individuals who "never" dream, be sure you are a deep sleeper. Your sleep does you lots of good.

You'll never get sound, refreshing sleep unless you relax. You can't relax in a bed that rattles or groans—on a spring that squeaks every time you move.

The least noise keeps the nerves on edge. You may not wake up—but your nerves will. That's one reason you dream.

**WHAT** you need for deep, dreamless sleep all night is a perfectly quiet bed and a spring that invites complete relaxation.

That is why folks sleep so much better on a Simmons Metal Bed and a Waldorf Box Spring.

The Simmons Bed is noiseless. It locks firm at the corners. The corner locks are made of pressed steel—have much longer bearing surfaces than the average—fit true and snug—not a creak, rattle, or feeling of unsteadiness.

The Simmons Pressed Steel Corner Locks are protected by basic patents—exclusive with Simmons Limited, not to be duplicated or imitated.

And these patented corner locks have made possible the *Three-piece Bed*—the new Simmons idea—the spring forming a single unit with the side rails.

**THE** Waldorf Box Spring really does what you have always wanted a spring to do. It invites complete relaxation. It supports the body at ease on fine resilient spring coils—each coil conforming freely to the contours, so that the spine is perfectly rested, whether one sleeps on the back or on the side.

Simmons Waldorf Box Spring is covered with ticking of the finest grade and great wearing quality, in new and attractive designs.

It fits firmly on the bed—never sags or humps, never loses its resiliency.

And Simmons Mattresses and Pillows are in every way worthy to go with Simmons Metal Beds and Waldorf Box Springs.

**THE** most advanced thought of the day about sleep is "a separate bed for each sleeper," either in a separate room or in a *Twin Bed*. Physicians have been urging *Twin Beds* for years—and Simmons Limited has long made a specialty of *Twin Beds*.

They are welcomed by people of nice feeling everywhere.

**ALL** leading merchants have Simmons Metal Beds, Waldorf Box Springs, Simmons Mattresses and Pillows.

Simmons Beds offers you a wonderful choice of brass, and enamel in colors and in beautiful natural wood effects to match your bedroom decorations.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established *beautiful and authoritative* design in Metal Beds.

If you like, we will send you the names of merchants in this community who can give you Simmons Beds, Waldorf Box Springs, Mattresses and Pillows.

**THE FREDERICTON MUNICIPAL CONTEST**

Fredericton, Feb. 23.—Alderman J. A. Reid is being urged to run for mayor in the approaching civic elections. A delegation waited upon Mayor Hanson today asking him to reconsider his decision not to offer for the mayoralty again but he emphatically said he did not intend to enter the contest.

The incorporation of the Farmers' Co-operative Dairy Company, Ltd., which will conduct a business in Fredericton, is expected this week. The total capital stock is twenty-five thousand dollars.

The Fraser Memorial Hospital which was directed to be built by his estate by the late Donald Fraser will be erected

**Girls! Have the Long Beautiful Hair that is Rightfully Yours**

Short, scraggly, unsightly hair is more of a habit than anything else.

Hair must have intelligent care. Merely combing and washing will not keep it in a healthy condition, and give you the abundance of hair nature intended you should have.

**Newbro's Herpicide** should be used at frequent intervals, because it keeps the scalp free from dandruff and harmful matter due to perspiration. Herpicide keeps the scalp in a healthy condition permitting the hair to have its normal growth and sheen.

It is astounding how many men and women will go through life with little or no hair and with what they have in a very unhealthy condition, when at a very small cost, they could get Newbro's Herpicide and save and beautify their hair.

Herpicide is sold and guaranteed at drug and department stores everywhere. Applications at barber shops.

Send 10 cents in stamps or coin today for sample and booklet on the care of the hair. Address: The Herpicide Co., Dept. 189-B, Detroit, U. S. A.

**5¢ LIFE SAVERS**

**THEY** sell so fast they're always fresh

LIFE SAVERS do not get a chance to loaf on the dealer's counter. Many willing hands make light the burden of the box. Life Savers are progressive. Their motto is "keep moving."

Life Saver quality calls for purest ingredients. That is the biggest reason why they are always fresh and crisp.

Keep these thoughts in mind when you are mint-hungry and you will spend your money wisely and well. Nickel a pack, same as the imitations.

### MORE ADVANCES IN HARDWARE

Sharp advances in prices continue to affect many lines of hardware. The following list includes some of the most important changes: Iron wood screws, wire nails, wood churns, cast-iron and conductor pipe, washers, rules, levels, hammers, cotton twine, clothes lines and sash cord, stove pipe wire, scales, sweat pads, galvanized staples, shellac, lined oil, auto lamps, cream freezers, sap buckets and spiles, sleigh bells, saddle hardware, power horse-clippers, rolling pins, fly paper, sheets and plates, iron and steel bars, scrap and old rubber.

The exchange situation continues to be an important factor for higher prices on some commodities. The slow movement of freight, caused by the shortage of cars as well as the cold weather and heavy snow storms, is causing inconvenience to many and may account for some of the shortage of raw materials and incidentally the finished products.

### PLANNING FOR EXPORT TRADE FROM CANADA.

The Canadian trade commissioner at Washington, in acknowledging a copy of the St. John Board of Trade report for 1919, states his belief that if the citizens of the industrial centres and the large ocean ports would take a vital interest in the matter of export trade they could exert a very beneficial influence on the foreign commerce of the Dominion. Continuing, he says: "Canada has it in her power, beyond all doubt, enormously to increase her exports, if she will only give close attention to the principles by which success in such a trade is obtained. We can make the goods as well as any country in the world, but where we so often fail is in the marketing of them abroad. It seems to me that we should be making plans for the time when business depression which has followed every great war will be severely felt."

### HON. A. K. MACLEAN HAS RESIGNED

#### One by One the Crew is Leaving the Ship — Maritime Provinces Now Without a Portfolio.

Ottawa, Feb. 23.—Hon. A. K. Maclean has resigned from the union cabinet and another resignation or two may be expected before the coming session has ended. Mr. Maclean told his followers in Halifax in 1917 that he was planning to enter the union government for the duration of the war, and until reconstruction after the war was fairly well advanced. It is said that he intends to contest Halifax at the next general election as a Liberal. His defection leaves the maritime provinces entirely without representation in the cabinet. Mr. Maclean has never accepted a position at the head of a department in the union government.

### ROTARY CLUB ANNIVERSARY

The fifteenth anniversary of the founding of the Rotary Club was well celebrated yesterday by the members here with a dinner party at Bond's restaurant, followed by a theatre party at the Imperial Theatre. About eighty members were present. George A. Margrett presided at the meeting and Dr. H. L. Spangier was song leader. A vote of thanks to the rector and wardens of Trinity church was moved by E. A. Schofield and seconded by E. J. Terry. D. Hunt, secretary, read a letter from the Montreal Rotary Club asking St. John to co-operate with them on day-light saving. The matter was referred to the executive.

Rev. Canon Armstrong gave a particularly interesting address, reviewing the history of Rotarians since its founding in Chicago fifteen years ago. E. A. Schofield explained the work done by the headquarters of the association in Chicago, where fifty people were employed to do its work. Solos were given by Royden Thomson and recitations by Harold Chadwick. The members of the guilds of Mr. Margrett at the Imperial.

### HORTICULTURAL SOCIETY ELECTS

At its annual meeting yesterday the St. John Horticultural Society elected officers, received reports of the year's work and discussed matters pertaining to future plans. Sir Douglas Hazen, Judge Armstrong, Dean Gandy and H. A. L. Fairweather were appointed to a committee to take up the matter of grounds with the common council. The officers were appointed as follows: President, Sir Douglas Hazen; vice-president, R. B. Emerson; and Joseph Allison; secretary, Deane Gandy; treasurer, Judge J. R. Armstrong. Additional members appointed to the board of directors were as follows: John Jackson, J. H. A. L. Fairweather, and H. W. Prink. Committees appointed were those for park construction, arboretum, park management, gardens and grounds, finance and park attractions.

### C. G. I. T. RALLY

At a rally of the members of the C. G. I. T. in the recreational centre of the Y. W. C. A. last evening, Mrs. A. W. Estey presiding, a delightful time was enjoyed in addresses, games and refreshments. The programme was in charge of the Methodist group, including representatives from the different churches as follows: Miss Bain, Mrs. Emery, Miss Edna Austin, Miss Denham, Miss McRae and Mrs. McKenny. Those taking part in the programme included Miss Dorothy Handron, Mrs. W. C. Good, Miss Charlotte Calkin and Mrs. Thompson. Mrs. Emery, Miss Matheson and Miss Bain directed the games.

### Do you sing in your bath?

Have you that feeling in the morning of being born again? This is a joy accorded only to perfect health. Racing blood and high spirits are two results of exercise, regular living and regular bowel evacuations.

By an entirely new principle Nujol will keep the poisonous waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol prevents constipation by keeping the food waste soft, thus helping nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles bearing Nujol's trademark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger."

A New Method of Treating an Old Complaint

### BEST ACT OF LIFE, STATES FIREMAN

#### Wife Overjoyed at Results of Tanlac Bought for Her by Husband.

"My wife is now able to do her housework for the first time in many years and I want everybody to know that it's all because of the good results she has gotten from Tanlac," said L. Constantine, a fireman employed by the New-Foundland Railway, living at 87 Hamilton street, St. John's, Newfoundland, while telling of his wife's recovery since taking the medicine.

"For years and years," he continued, "my wife's health has been bad and she was so weak and thin I looked for her to give out and break down just any time. Her circulation was poor and she was so pale she hardly had the color of blood in her face. Her nerves were all on edge and at the least excitement or unusual noise she would shake like a leaf. Headache spells often came on her and at night it was next to impossible for her to sleep well. She had little or no appetite and it seemed that she had lost all her strength and energy and was so weak she was almost helpless. It looked like the more medicine she took the worse she got and she could hardly understand how she managed to hold out as long as she did.

"A friend of mine who had been taking Tanlac came to me and told me what it had done for him. I went straight to the drug store and bought some to see if it would help my wife. Well, sir, she seemed to improve with each dose and in a few days she was looking better and acting like a different person. Her appetite returned, everything she ate agreed with her and now, although it has been only a little over a month since she started taking Tanlac, she has already gained about fifteen pounds. Her blood has been purified, she is stronger than in years and has now gone back to her regular household work. The headaches have left her and her nerves are steady and she now knows how it is to enjoy a good night's sleep and rest. She is so overjoyed at her recovery that she is praising Tanlac all the time and since she has had it done for her, I believe that when I bought this medicine I did the best act of my life."

Tanlac is sold in St. John by Ross Drug Co. and by the leading druggists in every town.

### CARBON!

#### Rid System of Clogged-up Waste and Poisons with "Cascarets."

Like carbon clogs and chokes a motor, so the excess bile in liver, and the constipated waste in the bowels, produce foggy brains, headache, sour acid stomach, indigestion, sallow skin, sleepless nights, and bad colds.

Take gentle, harmless "Cascarets" rid the system of the toxins, acids, gases, and poisons which are keeping you up.

Take Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced. Cascarets never grip, sicken, or cause inconvenience. They work while you sleep. A box of Cascarets costs so little you can't afford to neglect your health.

### LOYALIST CHAPTER REVUE NOT TO GO TO HALIFAX NOW

The Loyalist Chapter Revue is not to be taken to the city of Halifax next week as intended. Inroads of prevailing grip among prominent members of the sixty or more local performers have shot the programme considerably to pieces and the promoters of the trip feel that full justice could not be done the quality of show given here last week with much amended bill. There is general regret over the outcome of the scheme as preparations were well advanced for the journey and the show. The exchange visit of the Halifax players to this city is necessarily abandoned.

### INFLAMMATORY RHEUMATISM PERMANENTLY CURED

#### NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warnam, of Kent Jet, N. B. Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wit's end when the remarkable cure of Theo. Gullen was published. This gentleman was cured of rheumatism by Ferrozone. Consequently Mrs. Warnam used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despair of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone. I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even bad weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warnam's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferers, don't let it about time to stop experimenting! Ferrozone is a CURE, order today, 50c per box, or six for \$2.50, sold by all dealers or direct from The Cataractose Co., Kingston, Ont.

### IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting tired of hearing and fear Catarrh of the Ears, go to your druggist and get 1 ounce of Parmitin (double strength), and in 10 minutes you will be free from the pain and noise. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should be opened, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrh of the Ears, or who is tired of hearing or who has head noises, should give this prescription a trial.

### WHEN YOU SUFFER FROM RHEUMATISM

Sloan's Liniment should be kept handy for aches and pains.

WHY wait for a severe pain, an ache, a twinge following exposure, a sore muscle, sciatica, or lumbago to leave naturally when you should keep Sloan's Liniment handy to help curb it and keep you active and fit?

Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest for utmost economy. 35c, 75c, \$1.50.

Made in Canada.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, yawning, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Kip's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Help

#### At a meeting of the Commercial Club last evening it was decided to take steps to locate King's Artillery in St. John.

W. R. Turnbull, C. E., of St. John, will address the Canadian Club, Moncton, on "Hydro-Electric Development," on Friday.

A horse belonging to Walter L. Logan, a Main street grocer, ran away yesterday in Main street. No damage was done.

The first mail from Lepraux in ten days was brought to the city yesterday by S. A. Stafford. Owing to the fact that the Shore Line has been held up by the recent storms the residents of Lepraux have gone without their mail for more than a week.

The Y. P. A. of Carleton Methodist church last evening enjoyed a meeting at which an address was given by L. Beattie on "Evangelization and Citizenship." J. L. Robertson sang a solo and prayer was offered by the honorary president, Rev. J. Heaney.

The G. W. V. A. at a meeting of its executive last night, appointed a committee to interview the city commission relative to their stated preference in appointments to returned men. The matter has arisen because of the appointment of one who was not in service over a returned man who had applied for the post of city veterinary.

In another of their election contests last evening in the school room, the Y. P. A. of Carleton church had several entries. Prizes were won by Misses Estelle McAlpine and Aileen McCavoy. The judges were Mr. Jordan and H. V. McKinnon. In a musical programme following, those taking part were Misses Dorothy Nice, Mrs. Longie, and Miss Bessie Holder.

Chaperoned by Mr. and Mrs. W. S. Potts, the Epworth League of Zion Methodist church last evening enjoyed a sleigh drive to the Manor House, and back to the school room for refreshments. The party in the school room, and refreshments were in the hands of Mrs. V. Vaughan, Mrs. D. Wood, Mrs. G. Lewis, Mrs. J. McKee and Miss G. Carr.

The adjourned hearing of the application of the New Brunswick Telephone Company for an increase in rates before the Public Utilities Commission, which was set down for tomorrow, will be postponed further on account of the fact that S. H. Midram, engineer and accountant, who is examining the books of the company, has not yet completed his work. It is expected that a progress report will be made by Mr. Midram.

### AUTO KILLED BOY, UNSEEN BY DRIVER

Toronto, Feb. 24.—The body of eight-year-old Jack Waugh, who was killed by a motor truck in Dufferin street near St. Clair avenue, was brought to the morgue for an inquest. He was badly crushed about the body, the driver of the truck having passed over him. He was picked up by one of his home, where he died before medical aid could reach him.

The auto was owned by Charles S. Simpson, and was driven at the time by William Granary. The latter did not know the boy had been struck until informed by Acting-Inspector John Prichard, of the Globe editorial staff; H. J. of the assessment department of this city, and George F. manager of the Bank of Montreal, Trail, B. C., are brothers.

According to the police, the youngster had come out of school at noon, and with other lads had caught on the motor truck for a ride. He fell off and slipped beneath a rear wheel of the heavy vehicle.

### DOMINION L. O. L. FAIR

There was a large attendance at the Dominion L. O. L. No. 141 fair in the Simonds hall, last evening, and the games were eagerly contested. ### CONCERNING SHIPMENTS TO GREECE FROM CANADA

In a letter to the St. John Board of Trade explaining why it had been found necessary to order certain Canadian shipments for Greece through a United States port, the Canadian Trade Commission states that the port to which the various Atlantic ports, as all this traffic from Canada. In ordering shipments to a United States port they were conforming to altered arrangements of the wheat board, due largely to the inability of the railroads to get a sufficient volume of wheat to St. John. It is stated that there are now at St. John about 650 cubic tons of manufactured goods awaiting the arrival of a Greek ship. The Canadian Trade Commission assure the board that Canadian ports will, in all cases, receive the preference in the handling of foreign shipments.

### TORONTO MAN WHO WAS PROMINENT IN MASONIC FRATERNITY IS DEAD

### OUCH! LAME BACK. RUB LUMBAGO OR BACKACHE AWAY

Rub pain right out with small trial bottle of old "St. Jacobs Oil."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago sciatica or strain and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

This is to offer you a 10-Day Tube of Pepsodent—the pepsin tooth paste which combats the film.

Able authorities have proved the product by clinical and laboratory tests. The results are beyond any question. Leading dentists everywhere are now urging its adoption. We ask you to prove it by a 10-day test. Do this for your sake and your children's sake. See for yourself how it will help you to cleaner and whiter teeth.

That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. And for years, dental science has sought a way to combat it. Film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Now science knows a way to combat it. The way is embodied in a dentifrice called Pepsodent. It is now used daily on millions of teeth, largely by dental advice. To those who don't know it we supply a free tube, so they may find it out.

This film is clinging. It enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. That's why millions find that well-brushed teeth discolor and decay.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual agent is an acid harmful to the teeth. So this method long seemed barred. Now science has found a harmless activating method, and teeth can now be daily cleaned as they never were before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

This means more than pretty teeth. Compare your teeth now with your teeth in ten days and decide what is right for yourself. Cut out the coupon now.

See how the teeth have whitened—how the film has disappeared.

### WELCOMING CHINESE WAR LABORERS HERE

A little bit of international service was well performed here on Sunday when the members of the soldiers' reception committee spent the day in meeting and greeting 1,000 Chinese war coolies who crossed the Atlantic on the steamship Melita. Welcome cards in English and Chinese, and more than 1,000 golden juicy apples, were presented to the war laborers. Their cheerful smiles, and accompanying "thank-yous" and "Merchies" testified to their appreciation of the service that was performed for them.

FORWARD MOVEMENT.  
The congregation of Knox church held a successful meeting last night in connection with the forward movement.

The pastor, Rev. R. Moorhead Legate, presided and introduced the speaker, Rev. P. F. McI. Smith, who, with lantern slides, brought the work before the audience. As a result of the meeting last evening subscriptions amounting to \$8,840 were received, while the objective is \$4,500, which is expected to be reached in a few days. The Baptist church movement is being carried on with success. In the city the Baptist churches have a total of \$8,728, while their objective is \$30,000. The Anglican church have a total of \$4,615, while the Carleton Methodist have exceeded their objective of \$2,500, having a total of \$3,500.

Capt. William C. Harvey, was struck off the strength of Military District No. 7 on Feb. 12, 1920.

**TRAINS LATE.**  
The Montreal train was reported two hours late today, the Boston an hour and forty minutes. The Maritime was reported on time.

**STREET CAR SERVICE.**  
The service in street car operation by the N. B. Power Company is almost back to normal. The line to East St. John has been opened and men are at work clearing the Glen Falls line so that it is expected that this will be open tomorrow or Thursday.

**THE GIRLS WON.**  
Michael Kelly took five girls of his spelling class yesterday afternoon to Beaconsfield school where they competed with the boys in spelling. The girls won, 22 points to eight. Mr. Kelly remarks that it will not be his fault if we do not have some real mental sport as well as physical in St. John.

**LABOR OFFICIAL COMING.**  
M. J. Quirk of the department of labor, Ottawa, is expected to arrive in the city tomorrow in connection with the matters in dispute between the employees and the management at the Courtney Bay works. One of the supervising engineers of the public works department at Ottawa is expected here this week also in the same connection.

**ROTARY IN HALIFAX.**  
Monday's Halifax Echo devoted an eight page supplement to Rotary, with articles by Mr. Justice Russell, Rev. Clarence McKinnon, J. D. Logan, John O'H. Mitchell, Dean Lwyd, Dean Macrae and others. Among the photographs shown is one of G. Ross Marshall, a director of the Halifax Rotary Club, who was a guest of the St. John Rotarians at their celebration last night.

**THE LATE CAPT. F. P. TRITES.**  
On the arrival of the Boston train yesterday the body of Capt. Frank P. Trites, formerly of this city, who died in Philadelphia a few days ago, was interred. The funeral service was carried out by Rev. S. S. Poole and daughter was in Fernhill. Mrs. Trites and daughter accompanied the body. Capt. Trites was well known here, having sailed in the ships of Troop & Sons for many years.

**CARDS REMOVED.**  
Nine more quarantine cards have been removed from houses in the city where persons were afflicted with influenza. Out of this number it is probable that many more recoveries will result but up to the present time sixty-four have been reported. No new cases were reported this morning. One patient was admitted into the pregnancy hospital in St. James street. Those already there are progressing favorably.

**PRaise FOR ST. JOHN AMATEURS.**  
Of the recent appearance of St. John amateurs in the record says: "The St. John amateurs certainly scored a brilliant success in the magnificent way in which they presented Charles's Aunt. On account of the bad roads which prevented many from outside districts getting into town, the audience was not as large as the magnificent performance deserved. The acting of those taking part much superior to that of many professional companies that have visited here recently."

**GIVEN FAREWELL.**  
A very pleasant evening was spent at the Manor House on Saturday evening when friends of Fred H. Brown tendered him a farewell. Dancing and games were enjoyed by all. During the evening Mr. Brown was presented with a suitably engraved fountain pen, and he fittingly replied. After a sumptuous supper and the singing of the National Anthem, the party broke up about midnight. Mr. Brown left on Monday night for Vancouver, where he has accepted a position with the T. Eaton Company of Vancouver. His many friends in St. John will join in wishing him success in his new work.

**BROWN-FISHER.**  
At the home of Mr. and Mrs. John H. Fisher, 60 Spar Cove road, on Wednesday, Feb. 12, their only daughter, Nina Pearl, was united in marriage to Hazen David Brown. The ceremony was performed by Rev. Neil McLaughlin, in the presence of friends and relatives. The bride was attended by Miss Olive Brown, a sister of the groom, while John Orr supported the groom. The bride, who was dressed in blue silk, trimmed with gold, received many beautiful gifts. A dainty wedding supper was served at the home of the bride. Mr. and Mrs. Brown will reside at 60 Spar Cove road. The groom is a returned soldier, and has been an active service overseas.

**LOANS TO SOLDIERS.**  
W. E. Blanchard of Fredericton, interviewed with the D. S. C. R., was in the city today in connection with the matter of loans to soldiers who have taken vocational courses or who have a disability which was not sufficient to entitle them to a course but which may be sufficient to give them a loan if they plan to start in their trade or business. Mr. Blanchard said that quite a few of the returned men were seeking to take advantage of the new arrangement in order to re-establish themselves. For those who have finished their vocational course the time for applying for a loan has been extended by one month while those discharged from the various vocational schools have two months from the time of their discharge in which to apply.

**AGAIN BEREAVED.**  
The death of Mrs. Marguerite (Greta) Morrison, which occurred last evening in West Medford, Mass., has again brought sorrow to the household there, as well as to relatives in this city and other parts. Her death followed within a very few days upon that of her mother, Mrs. Joseph Burnett, both caused by influenza. The sad news reached the city early this morning in a telegram received at the home of J. A. Gillen, 24 Victoria street. Mrs. Morrison had visited St. John at various times and had many friends here. Her husband survives, with one little child, and her father, Joseph Burnett, all of West Medford, Mass. Mrs. J. A. Gillen, of Victoria street, and Miss Annie Dalton, of Calgary, are aunts of the young woman. The sympathy of a wide circle of friends will go out to the family in their double bereavement.

### ASSAULT CHARGE AGAINST WIFE

Unusual Case in Police Court—Fines of \$280 on Liquor Charges.

An unusual case was aired this morning in the police court when Mrs. Annie Ross was charged with assaulting her husband, Robert Ross, in their home 35 St. James street. In connection with the case Morton Mortenson was also charged with assault on Robert Ross at the same time.

The complainant told of going home on Monday morning at the house and being somewhat put out at the presence of the lad at his residence frequently, told him to get out. The lad, he said, struck him and on getting to the door picked up a shovel and attempted to hit him with it, but fortunately struck the door instead. He said his wife had interfered and said to her, "You will stick up for him?" and she replied, "I will stick up for any one but the like of you," and at this, he said, she struck him over the head with a stick.

Mrs. Ross told her side of the story. She said that young Mortenson came to the house with a letter which he had received from her son, who is now in Woodstock. He was giving her the message when the husband entered. On seeing the lad, he spoke to him, but immediately turned and told him to get out of his house, which the boy started to do, but apparently not quickly enough as the complainant began to use the lad roughly in attempting to force him out. Mrs. Ross said that the lad naturally resorted to a means of defence, but at the same time tried to get out as quickly as possible. He called for his cap, as the complainant had knocked it off in the scuffle, and it was at this stage that she interfered by handing the lad his cap, one moment striking her husband with a stick.

Mortenson corroborated the evidence given by Mrs. Ross, while Stella Berry, daughter of Mrs. Ross, also corroborated her mother's statement. The magistrate decided to postpone the case until tomorrow afternoon, when some of the neighbors will be summoned. G. Earle Logan appeared for the prosecution, while J. A. Barry was for the defence.

A man in West St. John was summoned to appear in court to answer to the charge of refusing to assist Sergeant O'Neill in the discharge of his duties in the arrest of Richard McCaustlin, who was fined yesterday for being drunk, having liquor in his possession, and assisting the police. The accused pleaded not guilty. Sergeant O'Neill gave evidence. The magistrate said he would have to strike a penalty, but would allow it to stand. The man said he did not hear the policeman call for assistance.

William H. McFarlane pleaded guilty to stealing two bottles of liquor, valued at \$4, the property of the C. P. R. He was remanded for sentence.

William J. Quinn was charged with having liquor in his possession, and also with drinking in public. He was fined \$20.

James Wilson was fined \$8 for not moving on when told to do so by the police.

Five men charged with drunkenness were remanded. One of the number was taken to the General Public Hospital on account of his condition.

WANTS FIRE PROTECTION.  
To the Editor of The Times-Star:  
Sir—Will you kindly allow me space in your valuable paper to ask the good people of East St. John what is to be done in the way of protection for both property owner and tenant in case of fire and loss of water through dry wells or frozen pumps. Last week we saw Mr. Woods' house, store and stock of groceries go up in flames and no help in any way for him. Here is the way it looked to a resident: A forty-mile-an-hour gale to the flames, a water main sixty feet away, not a hydrant from Kane's Corner to the Municipal Hotel, not one foot of fire hose of any kind, frozen pumps and dry wells, and empty buckets. What a chance to save property, w. w. w. w. w. I believe the good people of East St. John should get together and do something to relieve the situation. I also forgot to say that there is not even a small dinner table to warn the residents that there is a smoke rising. We need better protection from fire and some families' wells run dry and they have to walk great distances for drinking water when there ought to be at least one hydrant at the post office corner and one every 200 feet apart. I would allow us to live today instead of yesterday. So thanking you, Mr. Editor, I am  
Yours truly,  
JAMES SHEEHAN,
