MAIL ORDERS

We solicit out of town orders, which receive
our personal attention. The length of time taken
to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place
orders as far ahead as possible. Orders are filled
by us in the rotation in which they are received,
and customers can always depend on our doing
everything in reason to give prompt despatch.

PRESENTED WITH PULPIT ROBES

Rev. T. P. Drumm of St. An- drews' The Recipient of Generous Gift

Last Friday evening Rev. T. P. Drumm,
B. D., of St. Andrews' Presbyterian Church
was pleasantly surprised, when he was pre-
sented with a set of pulpit robes.

Mr. Chas. Adams, Mrs. John Adams, Miss
Minnie Adams and Mr. A. G. Adams made
the presentation, the donors being Mrs. John
Adams and family. Mr. Chas. Adams asked
the rev. gentlemen to accept of the robes and
bands as a token of esteem, the minister re-
plying feelingly. He spoke of the many
kindnesses he had received at the hands of
the members of the church and in this gen-
erous gift he was greatly touched.

The robes which were worn by Rev. Mr.
Drumm last Sunday for the first time are of
heavy silk, and are similar to robes worn by
Presbyterian ministers in this country usually,
and in the old country always.

FALL MILLINERY OPENS THIS WEEK

The fall millinery openings are taking place
on Saturday of this week and Monday of next
when our millinery artists will display the
newest fashions for seasonable fall and winter
wear.

The styles have changed greatly from last
year and all fashionable trimmings are high,
with an abundance of bright colors. High
mounts, bandeaux of Paradise, Gaura Numide,
and ribbons are worked with bright effects.

The shades largely used this season will be
Taupe, Maroon, Fete de Negre brown, and
Peacock, Corbeau, Marie Louise, and Saxe
Blues.

Among the show hats at Miss McIntyre's
is a Susannah Talbot model in tan velvet,
with plush top, tan touches of green and
coque de ruche, with band of fur and numide
wing aigrette, finished with a bunch of fruit at
the side.

Another is a rose beaver Marguerite et
Lorraine; plumed wired coronet with
browns, and finished with aigrette with shaded
rose tips. A hat which looks well is an origi-
nal sailor hat in the New English block, exe-
cuted in satin soil, narrow moire antique ribbon
and tutes quils. The colors are champagne
and black.

Another model is in black beaver in an
elongated mushroom shape, trimmed in black
gray-grained ribbon and ostrich plume in
green, arranged on the back trim and droop-
ing in a forward slant over the crown.

written by Miss Lena Haddow of Dalhousie,
who won the second prize of fifty dollars (\$50-
00) in her reply to the question asked by The
Daily Telegraph of Montreal—"The Man I
want to marry."

Editor, The Daily Telegraph.

Sir—

As there is nothing perfect under the sun,
a woman unless she is very young and
sentimental, does not look for perfection in
the man she marries, yet there are certain
moral qualities which she is surely justified in
expecting to find. If I should some day de-
cide to end my free and happy spinsterhood,
and take unto myself a husband, he would
have to be a man whose character was above
reproach. He must be honorable, pure and
true. His looks would matter little, if
strength and kindness were expressed in his
face, and in his treatment of myself I should
expect consideration, courtesy and sympathy.

A keen sense of humor is a great factor in
making life happy, so I hope he would be
of a joke and able to see the funny side
of things. Of course, I should want him to
be ambitious, and to make the most of him-
self and of his opportunities, but not solely
for the purpose of piling up wealth. He
should not be so absorbed in his own affairs as
to give no time or thought to the service of
others. I hope that he would have enough
confidence in me to tell me his plans and as-
pirations, and allow me to help him in any
way I could. And as time went on, I trust
that we should find in one another the fulfil-
ment of the hopes and ideals with which we
began life's journey together.

PONY CONTEST STARTS WITH RUSH

Large Number of Contestants Entered and Much Interest Created

The Pony Contest announced in last week's
Graphic started Monday and up to six o'clock
last evening there were forty-seven boys and
girls names entered on the roll.

In all sections the deepest interest is being
taken in this contest, young and old working
for their favorites, and already large votes
have been polled in many of the stores.

Coupons in this contest can be had at
the following places and are given for cash
payments of all kinds.

Thos. Wan, The Rexall Store.

George St. Onge, Groceries, etc.

Central Book Store, Books and Stationery.

J. F. Gallagher, Dry Goods and Ladies
Furnishings.

Oak Hall, Men's Clothing and Furnishings.

A. E. Alexander & Sons, Hardware,
Sporting Goods, etc.

Opera House, Moving Pictures.

Irvine Floyd's, Meat Market.

The Campbellton Graphic.

In the case of the Graphic 500 votes will
be given for every dollar paid for subscrip-
tions on regular days and 1000 votes on special
days to be announced each week. Already a
large number of subscriptions have been re-
ceived and votes polled in this contest and
subscribers in remitting are asked to state in
whose favor the coupon for votes is to be
made out. In every copy of the Graphic
will be found a coupon good for five votes
when exchanged at the Graphic office for
regular coupons. If interested in this contest
induce your friends to subscribe for the Graph-
ic, every dollar counts 500 or 1000 votes.

Another point to remember is that all votes
cast during the first two weeks are increased
in value 50 per cent. That is every 100 votes
polled in that period will count 150 in the
final total.

Every purchaser should ask for the coupons
at these stores even if not directly interested
and save them for some boy or girl.

No statement as to the standing of con-
testants will be made until the final announce-
ment is made, so all should work hard and
unsuccessfully to make their total as large as
possible.

Subscribe for the Graphic and get 500 or
1000 votes for every dollar paid.

GLOVER ESTATE NOW PROBATED

Late Retired Merchant Left Large Estate. Some Local People Beneficiaries

The estate of the late Wm. Glover which
was the subject of much discussion in town,
was probated yesterday at \$70,000. Under
the terms of the will Mr. J. R. McKenzie is
appointed sole executor, and the whole estate
is turned into a trust fund to be administered
by the executor under the instructions laid
down in the will, which are clear and unmis-
takable. The bequests are all properly set
forth and among the beneficiaries are several
well-known people in town, those being, Mrs.
Robert Smith, Mr. Jas. P. Jardine, Mrs.
Marshall Wheelhouse, Mr. Alfred Malcomier
and Miss Campbell as well as many others out
of town. Mr. W. A. Trueman is orator in the
estate.

BIG GAME SEASON NOW IN FULL SWING

Given glorious weather for the opening of
the big game season, the sportsmen are mak-
ing for the woods in large numbers.
Hunting all over the province is now in
full swing, reports from various parts showing
that the sport is of a high class, with game
plentiful.

In this section of the country numerous resi-
dent licenses have been issued, and four non-
resident, these all being for American sports-
men. Last year there were only two non-resi-
dent licenses issued.

A good hunting season is looked forward to
encouraging reports being received from differ-
ent parts of the district, bearing out the state-
ment that moose are fairly plentiful, and good
sport is obtainable over the hunting places.

FREDFRICTON EXHIBITION

Fredfricton, Sept. 15.—The Fredfricton
exhibition of 1913, the greatest held in the
city since 1863, was formally declared open
by Lieut. Governor Wood this evening. The
ceremony took place in the amusement hall,
and addresses were delivered by His Honor
the Lieut. Governor, Hon. John Morrissey,
Minister of Public Works, on behalf of the
provincial government, and by City Clerk J.
W. McCready, on behalf of the City of Fred-
ricton.

The Lieut. Governor was attended by
A. C. B. Hamilton-Gray, A. D. C., officer
commanding No. 3 station Canadian Regi-
ment, and by Mr. W. M. Cruikshank, private
secretary. Members of the city council, city
officials and officers of Agricultural Society,
No. 34, by which the exhibition is held, occu-
pied seats upon the platform.

Lieut. Governor Wood in opening expressed
his pleasure at being called upon to formally
open the exhibition. The occasion was of
particular note, as it was the fiftieth anniver-
sary of the Fredfricton exhibition. The fair
spoke well for the farmers of that portion of
the province adjacent to the provincial capital.
His Honor paid a tribute to the agriculturists
of the province, and particularly emphasized
the importance of agricultural societies.

Hon. Mr. Morrissey made a strong plea for
farming as the greatest occupation afforded by
the province. He complimented Fredfricton
upon the excellence of the exhibition and
expressed the hope that the financial success
of the past would be repeated. On the North
Shore, increased interest was being taken in
farming. The farm was a good investment.
It would be better if the people bought farms
instead of bonds or western lands. As a mat-
ter of fact he was a farmer now, and was do-
ing better by his farm than by any other busi-
ness in which he was engaged.

Mr. J. W. McCready, the city clerk of
Fredfricton, welcomed the visitors on behalf
of the city. The Fredfricton exhibition in
the half century of its existence had become
an important factor in the life of New Brun-
swick. Fredfricton itself was developing, par-
ticularly with regard to railroads and had
fair to the "Hub" of New Brunswick.

MORE MINERAL WEALTH IN N. B.

Great Showing of Silver, Lead, and Zinc Ore is Reported

The Sussex Record says: We are pleased to make note of the existence of a very large body of silver, lead and zinc ore, which is located in Northern New Brunswick, near Petit Rocher Station, on the I.C.R., a short distance above Bathurst. This being additional evidence of the great mineral wealth of New Brunswick.

On Friday last, we had the pleasure of examining some splendid pieces of silver, lead and zinc ore from this locality. This is the zinc deposit erroneously credited to Albert Co. The Mr. Nason (Not Nasa) who had been up to this zinc deposit, on completing his examination at Petit Rocher, then went to Albert to look over the Lumsden Copper Mines there so that the Standard reporter got things mixed.

This silver, lead and zinc ore deposit is one of the most promising bodies of ore in all New Brunswick, and can be traced a long distance on the surface. The vein or ledge is from 20 to 32 ft. and is a solid mass of good ore from wall rock to wall rock.

Should the examination and report of the M. E. be satisfactory, a sale of property will no doubt be effected at a very remunerative price, otherwise a company may be formed to work the same.

Assays of the ore, made in Denver, Colorado, show the value of this ore to run from \$30 to \$90 per ton.

The property is owned and controlled by W. S. Montgomery, of Dalhousie, Jas. Dickie, River Charlo, Warren Taylor, Salisbury and E. A. Charters, Sussex, N. B.

Mr. Charters was instrumental in having a wealthy New York Mining Corporation send Mr. Nason to meet him and go to examine the mine.

We only hope that the good work may proceed and many more valuable mines of New Brunswick be brought to the front.

Prominent People Proud To Testify For "Fruit-a-tives"

MR. TIMOTHY MORAN

130 ATLANTIC AVE., MONTREAL, MARCH 1st, 1913.

"For years, I suffered from Rheumatism, being unable to work for weeks at a time and spent hundreds of dollars on doctor's medicines, besides receiving treatment at Notre Dame Hospital, where I was informed that I was incurable. I was discouraged when a friend advised me to try "Fruit-a-tives". After using three packages, I felt relieved and continued until I had used five packages when a complete cure was the result after years of doctoring failed. I consider "Fruit-a-tives" a wonderful remedy. You are at liberty to use this testimonial to prove to others the good that "Fruit-a-tives" has done me."

BRIDE'S VEIL CAUGHT FIRE AT ALTAR

Miniature Panic, But Ceremony Was Performed

Westbrook, Maine, Sept. 11—Had it not been for quick work by the attendants at the wedding of Miss Mary Alice Sullivan and John Edward Murphy of this city at St. Hyacinthe Catholic Church, Thursday, the bride would have been seriously burned when her veil caught fire from a candle. As it was, she was severely burned, but was able to proceed with the ceremony.

The procession had just moved up the aisle and the ceremony was about to begin when Miss Sullivan's veil came in contact with a lighted candle. There was a flash of fire and a scream from the bride-to-be, followed by screams from those in the audience who had saw what had happened. In a moment there was a miniature panic. The attendants rushed to Miss Sullivan's assistance, but before they could extinguish the fire it had burned her veil, communicated to her dress and scorched her hair.

BALAAAM'S ASS

Once upon a time a correspondent wrote to the editor of a religious paper asking whether he believed that Balaam's ass really spoke. The editor replied: "The Bible says so, and therefore we believe it, and we would say further that if everyone who undertakes to throw discredit on the Bible story would, whenever he opened his mouth, speak only half as wisely or half as well as the ass did, we should not have so much nonsense uttered as we now have to listen to."

SEEKS JAIL TO AVOID HUSBAND

Openly Steals in Shop and is Glad When Committed

New York, Sept. 11—"I stole because I want to go to jail to escape the drudgery of married life. For twenty years I have suffered the abuse of an unfeeling husband. Now, his son, my oldest child, is following in his footsteps and abuses me openly. There is nothing at home, for me but labor, continuous and hard, and no one appreciates me nor says a kind word."

So says "Jane Doe" in the Adams Street Police Court, Brooklyn to Magistrate Nash, when she was arraigned on a charge of shop-lifting.

Who she is the police have not yet learned. She is about forty and seems well educated and refined. She wore a brilliantine skirt, blue satin waist, a blue coat, a brown hat trimmed with brown and white ribbon and brown flowers and a wedding ring and a diamond rings. She is now in Raymond Street Jail awaiting trial after pleading guilty to the charge of shop lifting before Magistrate Nash.

She entered the store of Abraham and Straus and boldly pilfered a remnant of silk from a counter. Store Detective Tracy who was waiting for her to leave the store before arresting her says he saw her frown when no one spoke to her. Then she took an ostrich plume, a table cover and a breastpin. She then left the store and was arrested.

When told she must go to prison she said:

"I am glad. I want a long, long rest in prison. Only there can I escape from my servile state. My story is that of thousands of women who when they grow old and lose their charms are made common servants by brutal husbands."

She told Miss Connelly, Probation Officer, she had a ten year old daughter. In her handbag was found a bankbook made out to the name of "Isabel Andrews." She said it was her daughter's book but that "Andrews" is a fictitious name. She refused to say who she was, but inadvertently stated that she lives in Brooklyn's Eastern District.

TWELVE TRAIN AGENTS QUIT WORK

The End of a Costly and Useless Tory Experiment

A report has been current for some days to the effect that twelve of the train agents employed by the I. C. R. were to be taken off the road and put back in their former positions.

A leading official of the I. C. R. when asked on the telephone yesterday about the matter said he had no definite information to give out, but that such a proceeding would not surprise him in the least.

It is believed that a number of the agents have received the positions they held prior to the introduction of the train agent system. It is understood that all are to be taken off the trains.

Thus ends a costly and useless experiment which has apparently from the action of the authorities served to no good purpose besides insulting with the imputation of dishonesty a highly respectable class of men—the railway conductors.

ROBBED ON WAY TO MOTHER'S FUNERAL

Toronto, Sept. 16—Miss May Love of Winnipeg, who was on her way through this city to her home in Madoc to attend the funeral of her mother, was robbed last evening in Front street near Yonge. At that point the street is well lighted with a large cluster of lights. A man knocked her down and tore away from her a chalcaine containing her railway tickets and about \$600.

"Any insanity in your family?" asked the life insurance man. "No," replied farmer Cornstossel. "I could not afford to hire any alienist. If our boy Josh gets into trouble we'll jes' have to admit that he's plain foolish."

It Needs No Painting

THOSE neat sparkling roofs with their crushed mineral shining in the sun—you see them all over the country—they are Amatite roofs.

The fact that Amatite needs no painting means a great saving to those who use it.

It is also a great convenience not to have to paint roofs.

Many buyers have adopted the policy of using nothing but Amatite owing to this economy and satisfaction.

A booklet about Amatite will be sent free on request. Address our nearest office.

Creonoid *Lead Destroyer and Co. Solvent*

Creonoid removed an even better than the old solvent. It is safe and does not harm the surface. It is a great solvent for lead and keeps them at a distance. The cost is trifling.

Everjet Elastic Paint

Save money by using this black paint wherever the color is black. It is the best black paint ever made. It is for roofs, chimneys and all exterior work.

HATED BEING A GIRL

Toronto, Sept. 14—Miss Benedictine Wiseman, of Montreal, who has been working as a boy in Toronto for some months, was quite defiant when she appeared in police court Saturday charged with vagrancy. She positively refused to dress herself in skirts to go into court. Further, she would not go to the Salvation Army. She was remanded for a week to stay with friends.

"I just hated being a girl. That's why I dressed up like this. A boy has ten chances where a girl has one—and I'll go back to boy's clothes when I get a chance," she asserted to the court.

Some present had difficulty in making themselves say "her" and "she." They had known her for some time, and never suspected she was a girl; but "Jimmy" never used bad language nor smoked cigarettes. "She" gave some of her money, too, to the old lady, who befriended her and declares herself she was getting along fine.

The police claim they have known for some time that "Jimmy" was a girl, but as it is not contrary to law for women to wear men's clothes, nothing could be done until it was learned that her parents were seeking her. "Jimmy" is to live with her friends for a week and then go home if the defiant attitude fades away a little.

GRADUATE WAS IN WABANA BUNKERS

Working as Laborer While Parents Search for Him World Over

Montreal, Sept. 13—His face begrimed with soot and his clothing in a delapidated condition, Arthur Thomas Perch, 19 years of age, a graduate of the famous Harrow School of England, appeared before Judge Lafontaine in the Arraignment Court charged with deserting the steamer "Sargasso" at Quebec on July 13.

The appearance of Perch in court this morning terminated a world-wide search, extended over two months, conducted by his parents, resulted in finding the boy working as a common fireman in the coal bunkers of the steamer Wabana, now in port.

In December he entered the merchant service as an apprentice on the steamer "Sargasso". For six months things went well, and then the coming sailor found his duties becoming very irksome.

He left the ship but money gave out and he soon was glad to get a job as common coal heaver on the steamer "Wabana" where he worked until discovered.

When young Perch heard that the case against him was dismissed and that he was going to be sent home by the next steamer, he was delighted.

PRINCESS TO PAY CASH OR GO HUNGRY

Got No Dinner Until Secretary Found Some One to Lend \$100

Berlin, Sept. 15—Great sensations are promised in the coming trial for usury and swindling of Countess Elizabeth von Trenberg, the daughter of a poor tailor, who acquired her title by marrying a retired naval lieutenant, Count Ernest von Trenberg, and gained notoriety through the luxurious life she was able to lead, it is said, by means of her financial operations in acting as agent and broker between money lenders and people in high stations.

At one time she was active in obtaining money for Princess Louise of Belgium, who is being pursued by a swarm of debt collectors from four countries. When Princess Louise was asked to leave a certain Berlin hotel in 1909, after running up a bill of many thousand dollars, she went to an even higher hotel. There the management told her that her credit would be limited to \$4,000. She engaged the imperial suite, the cost of which, including meals for herself and her secretary, Count Gaza Matachick, amounted to \$100 a day.

The Princess exhausted her credit within a couple of months, and thereafter no dinner was served her until the \$100 for that day had been paid. More than once it happened that dinner grew cold and the Princess hungry while her secretary skimped around trying to find someone who would consider it an honor to pay the Princess's board bill for that day in order that she might have something to eat.

It was during these searches, which daily became more difficult, that Matachick learned of Countess Treuberg and her ability to raise money. A meeting of the Countess and Princess followed, and the Countess not only succeeded in obtaining numerous loans for the Princess but obtained credit for fine gowns, robes and furs at numerous establishments, for all of which, it is alleged, Mme. Treuberg exacted usurious commissions.

When even the wonderful resourcefulness of the Countess gave out, a plan was made, and it is charged executed, whereby the Princess ordered books aggregating \$50,000, paying for them with a cheque and immediately reselling them elsewhere for \$20,000 cash.

It is also rumored that the trial will disclose sensations concerning prominent women in high society in Berlin who have called upon Countess Treuberg to help them.

MODEL 1893

Marlin Big Game REPEATING RIFLES

The Special Smokeless Steel barrel, rifled deep on the Ballard system, creates perfect combustion, develops highest velocity and hurls the bullet with utmost accuracy and mightiest killing impact.

The mechanism is direct-acting, strong, simple and perfectly adjusted. It never clogs. The protecting wall of solid steel between your head and cartridge keeps rain, sleet, snow and all foreign matter from getting into the action. The side ejection throws shells away from line of sight and allows instant repeat shots always. New .33-caliber now ready.

Built in perfect proportion throughout, in many high power calibers, it is a quick handling, powerful, accurate gun for all big game.

Every hunter should know all the Marlin characteristics. **The Marlin Firearms Co.** Send for our free catalogue. Enclose 3 stamps for postage. 42 Willow Street New Haven, Conn.

If you shoot a rifle, pistol or shotgun, you should have a copy of the Ideal Hand Book—160 pages of useful information for shooters. It tells all about powders, bullets, primers and reloading tools for all standard rifle, pistol and shotgun ammunition; how to measure powders accurately; shows you how to cut your ammunition expense in half and do more and better shooting. This book is free to any shooter who will send three stamps postage to The Marlin Firearms Co., 42 Willow St., New Haven, Conn.

HUNGER MAY STOP THE DUBLIN STRIKE

Both Sides Hold Out But End Must Soon Come

New York, Sept. 15—A London cable says that hunger has become the ally of organized capital in the fight against the Dublin workers. By the end of this week the spectre of starvation will be a grim reality in the slums of the city, where life at its best is a hand to mouth struggle to keep body and soul together.

There is no sign of weakening, however, on the part of James Larkin, deluded followers, despite steady and ominous growth day by day of employers' lockout.

Larkin, speaking at a labor meeting in Manchester yesterday, said he believed he had a divine mission to make men and women discontented. Since he went to Ireland, in 1907, he had raised the flag of discontent from Belfast to Cork and through a new hope and gospel to the working classes of Ireland.

If you knew of the real value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by all dealers.

Come, come, don't be too angry at your own. You ought to make allowances for the advantages of youth. You can't cash allow-ances." Baltimore American.

ZAM-BUK PROVED BEST

AMBULANCE BRIGADES ADOPT IT

Zam-Buk has now been selected as the balm to be carried by the members of the St. John Ambulance Brigade. This is further proof of its superiority.

Mr. G. W. Fyatt, of 15 Southview Avenue, Toronto, Superintendent of the Riverside Division of the St. John Ambulance Brigade, writes: "Both in personal use and in first-aid work I have proved Zam-Buk to be of great value. I have used it for the past five years, and I do not believe there is any other balm to come up to it."

Mr. Geo. H. Westmore, of 197 Yonge Street, Toronto, Divisional Superintendent of the St. John Ambulance Brigade, also writes: "I am pleased to see that the members of this Brigade use Zam-Buk when on public duty, and find it very useful. It is a wonderful healer. Personally, I constantly use Zam-Buk in my calling as a chiropodist, and find it very helpful in healing sore feet, and as a dressing for corns and bunions after treatment and extraction."

Surely a balm that is worthy of a place in the wallet of an ambulance officer should find a place in your home! You may not require it to-day or next week, but as accidents don't give warning, be prepared. Zam-Buk is commended on the scientific lines. It is at the same time soothing, healing and antiseptic; keeps good. Zam-Buk is a sure cure for skin diseases, eczema, piles, old sores, cuts, burns, poisoned wounds, ringworm, abscesses, sprains, scalds, boils, ulcers, blood-poison, etc.

50 cents, at all drug stores. Refuse harmful substitutes and imitations. There is nothing "Just as good."

MEMBER OF P.E.I. CABINET RESIGNS

Toronto, Sept. 15—A Globe special from Charlottetown says that the Hon. Murdoch Kennedy has resigned as a member of the Prince Edward Island Government on account of an alleged difference with the Premier on the auto question, and that his resignation has been accepted.

After stating that it is an open secret that at a recent meeting of the Government "a very hot discussion, one might almost say a big row, occurred at the Council Board and there were rumors of coats coming off and a pugilistic encounter about to take place," the despatch adds:

"This is the first time in over thirty years that any member of the Government has resigned owing to a difficulty with his colleagues, and it is generally believed that the auto question is given as an excuse to cover up some deeper and more important reason."

A street car flit tried in every way to attract the attention of the pretty young girl opposite him. Just as he had about given up, the girl, entirely unconscious of what had been going on, happened to glance in his direction. The flit immediately took fresh courage.

"It's cold out today, isn't it?" he ventured.

The girl smiled and nodded assent, but had nothing to say.

"My name is Specknozzle," he volunteered.

"Oh, I am so sorry," she said, sympathetically, as she left the car.

PUBLICITY

Mr. A. R. Timothy the photographer engaged by Messrs Sells of London, Eng., which firm is preparing for the publication of a book on Canada is in Campbellton this week, and is engaged in taking photographs for this work. Views have been taken of scenery up the river, the harbor, the principal industries and other local features from which will be selected the photographs which will be used for illustrations on the page of the book, this page being contracted for at a recent meeting of the Board of Trade.

Mr. John T. Reid, secretary of the Board and chairman of the committee to prepare the material for the manuscript of the Campbellton section of the book has gone to considerable pains to set forth all the facts relating to the town in an attractive manner. The desirability of having all the benefits of our town set forth in a convincing manner cannot be over estimated, as this great work when completed will be used as a guide for investment in the old country, and no doubt the matter so supplied should attract the attention of capitalists on the other side. There is no doubt if our great natural resources were earnestly and consistently placed before the investing public our town and district would progress and prosper in no uncertain manner. This book as we have said will be used as an authentic guide for the investor in the whole of Canada, and besides the Board of Trade several local firms have subscribed for a copy of the work which will cost \$51.00 per copy.

PROSPECTS

Many New York parties are casting longing eyes towards Northern New Brunswick for mineral products, and it is most probable that the visit of the various engineers will mean great developments in Gloucester County. Besides the property near Petit Roucher, mentioned in another column in this issue, an American who is much interested recently visited the Manganese deposits on the Teguouche and took back with him a grip full of very rich samples of this ore. In conversation with a representative of the Graphic he stated that he represented a wealthy syndicate and that it was very probable his report which would be very favorable would lead to large

developments of these large deposits. The samples exhibited were of a high rich grade and there is no doubt if properly managed and carefully developed the properties would become most valuable.

What with iron, lead, manganese and other minerals Gloucester bids fair to become a noted mining centre.

BRIDGES

Has all the enthusiasm regarding bridge matters died out, or are we resting on our oars expecting a beneficent and fatherly government to come along and present us with a combined railway and highway bridge across the Restigouche with their parental blessing? No not by a long way. As a matter of fact were we sincere in our request for this bridge, was it of the most vital importance to our trade and commerce as we made it out to be? If so, then let us get a little bit busy. We will never get anything by sitting down with our hands folded. A large strenuous road is before us, ere the goal of our ambition is reached and the bridge matter should be kept ever before the ruling powers that be, and hammered for all its worth.

THE REVISORS

As noted in another column the revisors of the voters lists will soon commence their labors, and it is the duty of every one who is qualified to vote to see that his name appears on this list. We desire to give this fact publicity for by the act the revisors are only asked to post their notice in a conspicuous place, when for one dollar they could have the notice published in the newspapers of the town, where it would be read by every one. We don't blame the revisors, mark you, the act is at fault. The trouble is with most of our acts they were framed for a small country town and are now entirely out of date and ought to be amended.

OUR CLOCK

We are greatly rejoiced in spirit that we have at last a very fine looking clock on our post office tower. It has a nice open face, and can be seen from a long distance, but alas it doesn't seem to go. What is the matter, does it need winding up?

DENIES REPORT

London, Sept. 13—Sir Boverton Redwood, admiralty advisor on petroleum matters, denies the announcement emanating from Montreal that a member of his staff is investigating the shale fields of Newfoundland and Nova Scotia.

Regarding the truth of statement that Newfoundland alone contains three billion tons of oil shale, or sufficient to supply England and Canada for 500 years, Sir Boverton said it was altogether too premature to say anything on the matter.

THE DUBLIN LABOR CRISIS IS ACUTE

Farmers Lock Out All Who Are Transport Workers

Dublin, Sept. 18.—The labor crisis became suddenly acute today on account of the decision of the farmers throughout Dublin county to lock out all the laborers who are members of the Transport Workers' Union. They have given the men a week's notice, but it is expected that the farm hands will not wait to be locked, but will go on strike at once.

This addition to 2,000 men who already idle means the stoppage of the handling of farm produce, and the result will be famine prices in foodstuff, which is already the case in other commodities. The difficulty probably cannot be solved by the importation of commodities, as the members of the Transport Workers' Union would probably refuse to handle imported goods.

A paralysis of business is steadily creeping on the city. Five hundred carmen were locked out today, and many sailors and firemen were paid off, because shipping is idle and freights are lying on the quays. Twenty-four of the largest employers in the city held a conference last night, and decided to lock out all members of the Transport Workers, and it is expected that in a few days every trade will be involved. All hope of a settlement has now faded.

CANADA HAS CASE RESEMBLING THAW'S

"Insane" Murderer Set Free After Four Years

Charlottetown, P.E.I., Sept. 15.—The release from Falconwood Insane Hospital, Charlottetown, last week of Alonzo Doherty, who four years ago, shot dead another young man, Joseph McMillan, has aroused quite a storm of indignation.

The tragedy occurred at the village of Miscouche, near Summerside, on a Sunday afternoon in midsummer. The girl to whom Doherty was engaged was that afternoon seen by him in McMillan's company. Going into his house, according to the evidence at the trial, Doherty secured a revolver and putting it into his pocket, he started to walk along the railway tracks toward the spot where he had seen the two in conversation. As he proceeded he came face to face with McMillan and the girl, who were walking along the track toward him. Doherty immediately drew the revolver and shot McMillan dead on the spot.

The trial ended by the jury declaring Doherty to be insane and since that time he has been an inmate of the asylum.

The circumstances of this case throughout are considered by many to be far worse than those of the Thaw tragedy, with which it has been compared.

"BIG TIM" SULLIVAN LEFT LARGE ESTATE

Will Contains No Provisions for Bequests to Charity

New York, Sept. 15.—The late "Big Tim" Sullivan, the New York politician, whose mangled remains were identified on Saturday by his step-brother, Larry Mulligan, after it had lain for about thirteen days in a local morgue, after being picked up alongside the tracks of the New York, Hartford & New Haven Railway, left an estate valued at about \$3,000,000. Although noted for his many charities in life, "Big Tim" made no provision in his will to perpetuate them after death. Of his estate a fourth is left to Patrick H. Sullivan, a brother; a fourth to Lawrence Mulligan, a half-brother; a fourth to Mrs. Margaret Hickey, a half sister, and a fourth to the four children, two boys and two girls, of his dead sister, Mrs. Michael Summers. The will is learned as drawn up five years ago. There are no codicils. The claims against the estate, it is said, would amount to about \$100,000. The will is now in the custody of William B. Ellison, one of the committee of three, appointed by the court to look after the property and person of the Congressman when his mind became clouded several months ago.

The bread line that forms nightly in front of the Brewery Mission was broken last night and many derelicts gave up the chance of getting coffee and rolls to visit the rooms of the Timothy D. Sullivan Association and look upon the dead face of the man who had befriended thousands in a thousand different ways. In the crowd was the "down and out" who for years had come to the rooms on Christmas Day for a dinner and every February 6 for a pair of shoes, rubbing shoulders last night with prosperous looking men, young and old, whom Tim Sullivan had placed "on their feet". There were aldermen, assemblymen and former and present office holders, who owed their positions to "Big Tim". Tears in the eyes of almost every man—the prosperous and poverty stricken—denoted the extent of the feeling they could not help but show for their dead friend.

FALL EXCURSION TO MONTREAL

Montreal is always a city of interest and especially so in early autumn when the weather is enjoyable, the many stores crowded with seasonable novelties, and the places of amusement in full swing. A visit there at this time of year cannot be otherwise enjoyable, and with the very low fares prevailing on the Intercolonial Railway in connection with the annual fall excursions. The round trip can be made more cheaply than at any other time. On September 11, 12 and 13th, the round trip fare from Campbellton will be \$12.50, tickets good for return September 20th. On September 25, 26 and 27th the same rates will prevail with the return limit October 13th. Travellers from the Maritime Provinces have the choice of two of the finest trains on the continent the "Ocean Limited" and the "Maritime Express," both renowned for the excellence of their sleeping and dining car service. It is a bright, clean and attractive story, one any reader can enjoy and none should miss the opening chapters. Watch for it.

MARRIAGES Sept. 17th at the Manse by Rev. T. P. Drummond, B. D., Frank Harris of Campbellton to Edith Galley of Glenora, N. B. Archibald McAllister Adams of Sellarville, P. Q., to Lillian Frances Mann of Port Daniel, P. Q. Alexander Russel Lyons of Mann's Settlement, P. Q., to Christina Elizabeth Stewart of Mann's Mountain, N. B.

DIED AT VANCOUVER A telegram was received here Monday morning announcing the death of Mr. David McBeath at Vancouver, B. C. Mr. McBeath was a native of Restigouche and went west about thirty-five years ago. Deceased has a brother Duncan and a sister, Maggie, both of Vancouver, surviving. He was also a brother of the late William Alexander McBeath and Mrs. Flora Nelson of this town.

THANKSGIVING SERVICE On Sunday, Sept. 14th, Harvest Thanksgiving services were held at the Methodist Church, Escuminac. The church was tastefully decorated with maple leaves, flowers, fruit and other reminders of the occasion. Mr. G. S. Helps preached in the afternoon on "The Fact of a Revealed God", and in the evening on "True Thanksgiving." These were the last services of the summer season, as Mr. Helps returns to Mount Allison University on the 22nd of the month.

FOUR GENERATIONS Mr. and Mrs. William Wilkinson, jr., and young son, William, who were the guests of Judge Wilkinson last week, have gone to Campbellton to visit Mrs. Wilkinson's relatives. While they were the guests of Mr. Wilkinson's grandfather at Bushville, his father, Rev. William Wilkinson, sr., of Springfield also spent a few days here and thus four generations, all William Wilkinsons, were present, a very unique occasion.—Chatham Gazette.

PRESBYTERIAN NOTES

The committee on Social Reform and Evangelism has placed at the disposal of the Presbytery of the Miramichi, the services of Rev. M. P. Craig and Mr. John Nichol for revival work at New Mills during the month of September. These gentlemen are now at work in that section and have taken the places of the Rev. Mr. Konkle and Mr. McBrekeny, who have returned to their congregations in Ontario.

Any minister desiring to obtain the services of the evangelists will do well to communicate with Rev. T. P. Drummond of Campbellton, convenor of the committee on Evangelism for the presbytery.

A FEW REMARKS!

We ask for the floor for just a moment while we offer you a few Fall Shoe suggestions for your consideration. Firstly—Of all the things you wear, man, woman or child, your shoes give you the best returns for the money invested in them. A shoe that fits uniformly, lasts much longer than one where the wear falls all in one spot; and so you owe it to your feet and your purse to wear good fitting shoes. Secondly—We offer you the advantage of a large stock to choose from and the service of salesmen that know how to fit shoes correctly and who are a real help to you in finding out just the shoes you want. Thirdly and Lastly—You'll save time and money and obtain perfect satisfaction and foot comfort if you buy your shoes here.

HOPE TOWN
It is with feelings of deepest regret that we are called upon to chronicle the death of Mrs. Samuel Strong, which occurred here on the 29th of Aug. at two o'clock in the morning. She had been ailing for the past summer but her death came as a shock to many friends and relatives here who were unable to realize that the Angel of Death had indeed claimed its own and left a loving husband and three small children to mourn the loss of a kind and devoted mother.

Deceased was in her thirty-fifth year and an only daughter of Mr. and Mrs. Thomas Nelson of Shigawake, who survive with three brothers, Jim and Will at the old homestead, and Jack of Campbellton, who was called home to attend the funeral which was largely attended.

Many and beautiful were the wreaths that covered the casket. The hymns sung were "Nearer My God to Thee," and "Asleep in Jesus." Rev. Mr. Vibert conducted the services in the house and at the grave. We extend our sympathy to the bereaved ones.

BLACK CAPE
Mr. Jeffrey McKenzie arrived home from Ont. last week, he has been in the hospital there and will be under the doctor's care here for some time yet but is doing as well as can be expected.

Mr. Duncan Campbell has gone on a trip to Gaspe.
Mrs. Ernest Belanger has returned from a visit to Campbellton.
Miss Hannah Hardy returned last week to Montreal.

Mrs. Angus D. Campbell has returned from a visit to Paspébiac.
Mr. Howard Harper of Escuminac spent Sunday in Black Cape.
Mr. Norman McNair has returned from a visit to New Mills and Heron Island.

Mr. Nat Pettigrew and his sister Emma of Heron Island and their cousin Miss Thornburn of Athol, Mass., are visiting relatives and friends in Black Cape.
Messrs Blair Fairservice and William McDonald left on Saturday for the Island of Anticosti.

Miss Kerr of Bonaventure River is visiting relatives in Black Cape.
Miss Ethel Howatson is in Dalhousie visiting Mr. and Mrs. Wilson Howatson.
Mrs. Hamilton who has been spending a few days with her sister Mrs. Archibald McRae left on Monday for her home in N. B.

We regret very much to hear that Mrs. Lynch is very low and little hopes are held out for her recovery.
Mrs. Nap Cyr who is down with typhoid fever is reported to be keeping about the same but hope for a speedy recovery.

Dr. Martin of Campbellton was called here on Friday by the illness of Mrs. Lynch, arriving here at midnight by auto and returned on Saturday morning.
Messrs. Angus and Steele Campbell left today for Campbellton.

S. S. Myorra, Capt. McWilliam is in the Harbour of New Richmond loading deal for Casapedia Mfg and Trading Co., from there she will sail to Chatham, N. B., where she will take cargo and from that port she will proceed to Limerick.

We are having beautiful harvest weather and the farmers are busy getting their grain cut and the binders are seen in many fields.

NEW RICHMOND WEST
Mrs. John W. Ballum, formerly Miss Elma Willett, has been visiting her parents Mr. and Mrs. Benj. V. Willett, at their home, Spruce Grove Cottage in New Richmond West.
Mrs. Ballum now resides in Boston but like many others she likes to visit the old home where she meets old friends and school-day chums.
Mrs. Ballum spent a short time on her return trip with her brother Mansfield who is living in Campbellton.

TRAGEDY AVERTED
Hartland, N. B., Sept. 14.—What nearly resulted in a drowning accident happened this afternoon near Hale. There is a band of gypsies encamped near the river bank there and two of them, who were out in a boat which upset throwing them into the water where the current is swift and deep. When nearly exhausted and having given up hope of life, assistance arrived from the camp and their almost lifeless bodies were dragged ashore.

Two young employees of a florist, who are supposed to be variously employed in the rear of the establishment while the boss looks after things in front, were recently startled by the appearance of the "old man" while they were engrossed in a game of checkers.

The proprietor was justly indignant. "How is it," he demanded, "that I hardly ever find you fellows at work?"

"I know," volunteered one of the youths. "It's on account of those rubber heels you wear."

PORT DANIEL
The directors of the agricultural show, attended a meeting in New Carlisle last week. The dates on which the show is to take place in each division were decided upon. Port Daniel show will be held October 8th. Prizes are higher than last year and some members are sure to be lucky and deserving winners.
Mr. David Dea is back from a week's visit to Cape Cove.
Miss Winnie Cyr from Moncton is visiting her grandmother.

Mr. F. Miller has left for his new home in the west, his mother who was to go with him is suffering from a severe cold and she has postponed her departure.
Mr. Harry Young was visiting friends here on Sunday.

Dr. W. J. Enright spent the week end at his home here.
Miss Ella McDonald, who was visiting her sister, Mrs. Edg. Lawrence is returning to Winnipeg where she holds a lucrative position.

Since the automobiles are speeding almost daily through Port Daniel, speed in horses is being tested. Parties owning fast horses, or believing they do, take advantage of the fine moonlight nights and one can see horses going at a "Dan Patch" speed almost.

A very annoying incident occurred here at R. R. depot. Quite a few young ladies were leaving and there was the usual crowd natural to such wholesale departures. In the hustle and bustle of "good-bye performance" one lady forgot her grip. When noticed the train was moving and the grip was thrown with all the skill of a ball player to land on the rear platform of the now fast moving train, but the shock was too much and it collapsed.

Part of its contents (a right foot shoe, No. 7 and a left side comb) fell on the track but the train going, going, going. If a young lady, keeping her right foot in the dark is noticed, please refer her to Port Daniel.

To Editor Graphic
Dear Sir

Looking through your edition of Sept. 12th I noticed a letter written by a party from Richards, about a certain person from Anderson who had red hair and ate pea soup.

A little pea soup steadies the nerves and makes a person think a little before acting. This party from Richards certainly wrote without careful thought, otherwise he would not have written such foolishness in the name of Richard's people, as he says "We of Richards."

He has warned Anderson people to look after this pea soup man. This might be good advice if given by a wise person. In my turn I would not advise Richards' people to look after this party as he is too far gone, as the last part of his letter of Sept. 12 shows. He cannot do any harm now for he has written about all the nonsense his narrow brains would suggest to him. He would certainly write good novels if he ate a few more sandwiches, as he claims they are good for the brains.

He says our pocket books were too small to afford a lunch at one dollar a head for twelve.

If their's were so fat why did they not provide amusement for the excursionists. But in this they were probably as mean as in giving lunches after hours.

As for seeing a gang counting ties at Ross Siding that night, there was some one seen there and it did not surprise me when they said some of them were Richards' fellows, the others were strangers.

Now if I may give Richards' people our advice: I would warn them not to let this smart fellow write in their name again for he is making fools of them as well as himself. Yours, etc.

RULES FOR A DUNLAP PONY COMMERCIAL CONTEST

RULE 1. Any child not over sixteen years of age who is not a child or children of any employee connected with Business House mentioned in Folders or grandchild or niece or nephew of any of the participating merchants, may become a Contestant in the DUNLAP PONY COMMERCIAL CONTEST by enrolling his or her name at the places of business of all of the merchants who are joint participants in this Contest.

RULE 2. For all money paid to any of the participating merchants during the progress of this Contest, either on old accounts or on cash business, 25 votes shall be given for each 25 cents so paid; 10 vote coupons and five vote coupons may be used at the discretion of the merchant.

RULE 3. The only exception to the above rule is that in case a newspaper is participating, said newspaper may give out 500 votes for every dollar paid on new or old subscriptions, but said newspaper shall award the regulation number of votes for all other revenues of its office and if a Theatre is in a Contest 25 votes may be given when desired for children and 50 votes for adults. At all other times 5 and 10 cent vote shall be given.

RULE 4. Under no consideration, shall the schedule mentioned above be changed nor shall any additional votes be awarded by any merchant at any time during the progress of the Contest. No coupons except those printed by THE DUNLAP PONY COMPANY shall be considered valid coupons.

RULE 5. A sealed ballot box shall be placed in the store or office of each participating merchant for the reception of said votes. Said box shall be opened by said merchant in exactly two weeks from the date on which the Contest starts. The votes contained in said box shall be counted by him or by parties selected by him and the result of said counting shall be kept a secret.

RULE 6. Said ballot boxes shall be opened every two weeks thereafter during the progress of the Contest; the ballots counted in like manner and the result thereof kept a secret.

RULE 7. As an incentive to the early casting of votes and to facilitate the counting thereof, the following bonuses shall be given. The votes cast for each Contestant during the first period shall be increased 50 per cent. In other words, if Contestant A has 100,000 votes and Contestant B 90,000 votes, 50 p.c. shall be added to the votes of each so that A will be credited with 150,000 and B with 135,000 votes.

RULE 8. The votes cast for each Contestant during the second period shall be increased 40 per cent; the votes cast for each Contestant during the third period shall be increased 30 per cent; the votes cast for each Contestant during the fourth period shall be increased 20 per cent; the votes cast for each Contestant during the fifth period shall be increased 10 per cent; the votes cast for each Contestant during the last period shall not be increased at all.

RULE 9. At the conclusion of the Contest three disinterested judges shall be selected by said merchants, who shall tabulate the result certified to them by each participating merchant and shall award the Grand Prize of the Shetland Pony, Vehicle and Harness to the child who has received the greatest number of votes.

RULE 10. Each merchant agrees to carefully keep his records and not to divulge the contents thereof to any Contestant, to any of their friends or to any other participating merchant. By so doing, no one will know who is the lead at any stage of the Contest.
Double votes may be given one day each week, day to be set by merchants, but they all must be given on the same day. Double votes may be given for old accounts back of 60 days.

WEALTHY MAN HAS MANIA FOR THEFT

Steals Raiment of Laborers When They Sleep in Stable

Paris, Sept. 11.—Three agricultural laborers employed by a farmer near Ramboulet were sleeping in a stable a few nights since when one of them woke suddenly and saw a man leaving the stable and carrying their clothes away with him.

The laborer lost no time in arousing his comrades, and notwithstanding that they were clad only in their shirts and were barefooted, they set out in chase after the thief. The latter was hampered by his armful of clothes and boots, but gave them a long run, in spite of stopping once to pick up a boot he had dropped.

As the sun was now rising, the laborers had no difficulty in keeping him in sight, although he dodged around a cluster of trees. At last he took to the main road, and the laborers plodded along after him, in the hope of wearing him out.

Other laborers going to work, and two or three farmers going on their way to market, were met in the road and joined in the chase. At last the despoiled laborers ran the fugitive down at a bridge over the stream, just in time to prevent him from consigning his burden to the water.

They were astounded to recognize the thief as the son of a wealthy resident of a neighboring village. Police inquiries disclosed that the culprit, who is a doctor of law, had a mania for stealing people's clothes and burning them, after removing any valuables that might be in the pockets. His sanity will be inquired into.

HUSBAND HELD IN FEARFUL MURDER CASE

New York, Sept. 15.—A thin red stream trickling down the front of a tenement house in Brooklyn today revealed the murder of Mrs. Guillo DeCalitani. Two sailors who first noticed the red stain looked up and saw the woman at the window trying to scream but unable to make a sound because her wind pipe was severed. Her husband was arrested and charged with murder.

Shelburne and Liverpool Suffer Severly

The Shelburne, N. S., county institution for the poor and harmless insane was destroyed by fire Friday; the loss is \$7000, insurance, \$4,500. There were only three cases of insanity in the institution and they were temporarily lodged in the county jail. At Liverpool a fire destroyed the McClean building occupied by the Cleveland Motor Co. and Robert Harnish. There was \$3000 insurance on the motor car company's plant, \$1000 on the building and \$240 on miscellaneous effects in it. Mr. Harnish had no insurance.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

STRICKEN IN PULPIT

Winnipeg, Man., September 14.—With the opening sentences of his Sunday morning sermon barely uttered, Rev. F. B. Duval, M.A., D.D., of Knox Church, leaned heavily on his reading desk and then reeled back in to his chair, stricken with an attack of heart failure. He was carried from the church helpless and medical aid administered. It will be several days before the reverend gentleman who is one of the best known Presbyterian diines in Canada, is fully recovered.

ASSURANCE CO'Y II FORCED TO QUIT

Canadian Concern Lost Money in New York

Toronto, Sept. 13.—Because of unhappy experience during the last three years, the Sovereign Fire Assurance Company of Canada, with headquarters in the Temple building Toronto, has been forced out of business.

The Canadian business of the company has been taken over by the Phoenix Fire Insurance Company of Hartford, Conn., while the policies sold by the company in the United States are being taken care of by the New York company.

The Sovereign Fire Assurance Company had an authorized capital of \$2,000,000, and a paidup capital of over half a million.

Until three years ago the company was doing business exclusively in Canada; then it was decided to try the United States field, and agencies were established in various parts of the country. The company suffered some heavy losses in New York State and had been losing money for some time. One misfortune came after another and the company was eventually compelled to reinsure its United States business.

While the directors stand to lose considerable money, the policyholders have been fully safeguarded.

OFFICIAL REQUEST FOR THAW'S EXTRADITION

Concord, N. H., Sept. 15.—The official request of the state of New York for the extradition of Harry K. Thaw was filed in the office of Governor Felker to-day in the state house of Bernard Jacobs, a lawyer of Lancaster, N. H., who was acting for the New York authorities.

Governor Felker's desk was buried beneath a pile of letters and telegrams relating to the Thaw case. Most of these messages appeared to be the result of a movement originating in Kansas to create sentiment favorable to Thaw.

The Governor of the house was not expected at the state house to-day.

TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Edmonton, Alberta, Can. — "I think it is no more than right for me to thank you for what your kind advice and Lydia E. Pinkham's Vegetable Compound have done for me.

"When I wrote to you some time ago I was a very sick woman suffering from female troubles. I had organic inflammation and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend your medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills, and think they are fine. I will never be without the medicine in the house."

—Mrs. FRANK EMBLEY, 908 Columbia Avenue, Edmonton, Alberta.

The Other Case.

Beatrice, Neb. — "Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but I would not consent to an operation. I heard of the good Lydia E. Pinkham's Vegetable Compound, was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."

SMALL FORTUNE HIDDEN IN HOUSE

Two \$1,000 Bills in Pillow—Thought Woman Had Died Poor

Boston, Sept. 13—Mrs. Bridget Doherty, widow of John F. Doherty of East Cambridge, died last Saturday and was buried Monday, and when Lawyer John H. Hurley, who has been appointed executor of the estate, visited the home of Mrs. Doherty, who was considered poor, he found personal property amounting to several thousand dollars concealed about the house.

Among the earliest findings of the attorney was the sum of \$262 in bills, which was in a drawer, as well as bankbooks showing deposits of about \$5000. One of the neighbors remembered an occasion when a fire started in the Doherty house and the anxiety shown by Mrs. Doherty in getting a bed pillow out of the house.

She made known this fact to Dr. Hurley, who cut open the pillow, inside of which was found, among the feathers, two \$1,000 bills.

The deceased had been employed in a Back Bay house for many years, but lately had lived in the house in which she died. Mr. Hurley and the police are searching for relatives.

AT THE NEW GOLD FIELD

Vancouver, Sept. 11—Despatches from the north tonight state that the staked creeks in the Chisana camp includes Poor Man's Gulch, Eldorado and Glacier. At Little Eldorado a \$8000 nugget was found. One man is said to have shovelled in \$1,600 in less than four hours from a spot eight feet square.

The Schusanna stampede has claimed another victim in G. F. Benyon, who was drowned in the Chisochina river on his way to the strike.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her wets. For safety all dealers.

VILLAGE WIPED OUT

North Bay, Ont., Sept. 11—Deux Rivieres, a small village on the Canadian Pacific Railway, 67 miles east of North Bay, was practically wiped out by fire this afternoon which started in the supply headquarters of the Hawkesbury Lumber Co., destroying the warehouses and offices of that firm and spreading to the residences adjoining. The hotel owned by M. Cottenham was destroyed, also the post office and the residence of P. M. Jardine. The C. P. R. station buildings, and the residence adjoining that of Agent J. R. Bowles were destroyed. In all, about a dozen buildings were burned.

The implicit confidence that many have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

PRESBYTERIANS COMING TO CANADA

Quebec, Sept. 11—At the quarterly meeting of the Presbytery of Quebec, the report on immigration given by Rev. Dr. Patterson, chaplain, brought out the fact that this year will be a record one. During the last six months 14,700 Presbyterians had landed at St. John and Quebec. The total number of new comers this year will exceed 500,000. The Presbytery felt that, however important it may be to have immigration chaplains at Montreal, Quebec is the most important port, and that it is here that immigrants must be met.

GASPE OIL FIELDS FOR BRITISH NAVY

Canadian Supply Considered Admirable for New Imperial Scheme

London, Sept. 11—In view of the increasing attention which is being directed to the adoption of oil as fuel in the British navy, it is interesting to know that oil lands in different parts of the Empire are being sedulously developed.

The decision of the Government to secure supplies as far as possible within the Empire has given a new impetus to the search for large oil deposits in different parts of the dominions, and it would be fitting that the premier dominion, Canada, should be reckoned among the fuel-oil sources of supply.

In this connection Viscount Selby, who is chairman of the Eastern Canada Company, and who has just returned from the Canadian fields, supplies interesting details. In the course of a conversation Lord Selby remarked that he was greatly impressed with what he saw and heard during the visit. The most favorably situated oil fields in Canada, from a geographical and strategical point of view, he states, are those of Gaspe, which extend from the sea-coast on the Bay of Gaspe, on the Gulf of St. Lawrence, for several miles in a north-westerly direction. It was in the Larocque District, in the North-west, that a considerable number of wells were put down, and good supplies of oil of a good quality obtained. What is known as an anti-clinal formation extends from this district in a south and easterly direction down to the coast.

The opinions of experienced drilling men and geologists in that country are to the effect that oil will be found there in large quantities. Should this be the case, the importance of the fields from the points of view of supply for the British navy and for marine and industrial purposes cannot be overestimated.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson, Ohio Falls, Ind., writes, "Chamberlain's Cough Remedy is the best for coughs, colds and croup and is my best seller. For sale by all dealers."

AN AREOPLANE THRILL

London, Sept. 11—An airman named Kent, attached to the Royal Aircraft Society, has a marvelous escape from death today near Farnham. When at a height of 2000 feet his engine stopped, and seemingly he lost control of his machine. Spectators were amazed to see the aeroplane turn completely over four times. Then, with the utmost difficulty, the airman gained control of the machine succeeded in descending safely and alighting close to the edge of a pond.

An eye-witness says that when the machine turned over it seemed to founder helplessly, but that when within 100 feet of the ground the pilot got his engine started again, planned up a short distance, and then descended in a very steep spiral volplane.

After landing Kent appeared much shaken and remarked: "I thought I was done for that time," but he soon recovered from the shock and, after his engine had been attended to, he resumed his flight.

A CHEERFUL GIVER

An attorney in Dublin, having died exceedingly poor, a shilling subscription was set afoot to pay the expenses of the funeral. Most of the attorneys and barristers having subscribed, one of them applied to Toler, afterwards Lord Chief Justice, expressing a hope that he would also subscribe his shilling. "Only a shilling!" said Toler. "Only a shilling to bury an attorney? Here's a guinea; go and bury twenty-one of them."

PETIT ROCHER

It is with much regret we have to record the sudden demise of one of the best and most respected citizens of Petit Rocher in the person of Mr. Joseph Devereaux. The deceased who was 43 years old, left his home on Friday evening, Sept. 5th inst. to transact some business, intending to be back in a few hours. While returning home, he dropped dead on the way. It is supposed he died of heart failure. The funeral, which was the largest ever attended in Petit Rocher, took place Tuesday afternoon, and was conducted by the Rev. Father Carter. Mr. Devereaux leaves a wife, an adopted child, two sisters, Belle of Monrovia, and St. Denis of Burlington, Vermont, and one brother, Harry of Montreal.

The Gurney-Oxford

Why it is the Best Range Procurable

It stands to reason that the foundry of national reputation for its equipment of the most notable hotel, restaurant, and institutional kitchens throughout the Dominion, also makes the best range on the market for the home kitchen.

Perfect Control
The entire range is controlled practically by one handle, called the Economizer. It turns around a series of six notches to determine the exact degree of heat required. Such control saves time, fuel and labor.

Saving of Fuel
Then again the special Reversible Grate saves coal bills by burning the coal to a fine white ash. No unburnt coal can lodge in the rounded corners of the firebox.

Even Bakings
By means of a Divided Flue Strip, the heat is divided evenly over the top and down the back and sides of the oven. A pan of biscuits in the front and back of the oven will brown with perfect evenness without having to change their places many times during the baking. The two back lids of the range also receive an equal cooking heat that will boil two kettles at the same time.

It's Sanitary Too
Its smooth, clean top is polished and requires no black lead.

The Gurney-Oxford is "different" from all other ranges—its exclusive devices make an irresistible appeal to every woman.

DISPATCHING BY PHONE ON I.C.R.

Service on The Moncton-St. John Division

Montreal, Que., Sept. 15—Two new departments and an improved organization of the whole system will soon be in operation, F. P. Gutelius, general manager of the In-colonial Railway, now in the city announced today.

In the new departments Robert Simpson has been appointed general agent and B. K. Kluck, general tie agent.

On the programme of improvements are the double tracking of several sections of the road, increase of yard and workshop facilities, improved ferry service at Strait of Canso, installation of a telephone service on the Moncton-St. John line, and the introduction of the automatic block service. The construction of several new and attractive station houses is also planned.

Speaking of work shop facilities, Mr. Gutelius said it did not pay to make an absolute concentration of mechanical forces at headquarters and at the River Du Loup shop fifty additional men were recently appointed. All boiler repairs, must, however, be done at the Moncton shops.

The contract for eight miles of double tracking from Levis to Chaudiere Junction was awarded on Saturday to Messrs Soper and McDouall. The yards at Levis too, are to be extended to double their present size.

A second ferry boat for the Canso, crossing will be provided shortly at a cost of \$300,000 and this will give a more efficient service.

The train despatching by telephone on the St. John and Moncton section will mark the first attempt of this kind on the government system.

At the same time the automatic block system is to be introduced.

LIBERAL RALLIES IN WESTMORLAND CO.

Large Meeting Held Friday Evening at Barachois

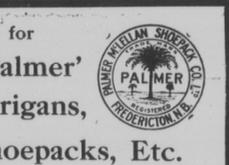

Moncton, Sept. 13—A series of Liberal rallies have started in Westmoreland County and are being addressed by Hon. H. R. Emmerson and others. Thursday evening the large new hall of L'Assomption Society at Cape Balu was filled with enthusiastic electors who listened attentively to speeches by Hon. H. R. Emmerson, M. P., Mr. P. J. Veniot, Bathurst, French Canadian Liberal organizer for New Brunswick; Mr. James McQueen, and Dr. E. A. Smith, Shediac. Friday evening another meeting was held at Barachois. It was one of the largest and enthusiastic ever held in that community by the Liberal party. Father Massee Hall was crowded to hear addresses by Messrs Emmerson, Veniot, McQueen and Smith. Mr. Placide M. Gallant was chairman.

Mr. Veniot held the rapt attention of the gathering, keenly criticizing the provincial and federal governments. He spoke in French and English. Mr. McQueen followed in a stirring address. Mr. Emmerson was accorded a magnificent reception and spoke briefly, dealing with federal issues. Dr. Smith also gave a splendid speech.

A meeting will be held this evening at Memramcook, to be addressed by Mr. Emmerson, Mr. F. J. Sweeney and Mr. P. J. Veniot. There were present at the Cape Balu meeting five members of one family, all heretofore strong Tories, but now enlisted under the Liberal banner and all zealous in their new found faith.

DUNLAP PONY CONTEST
EVERY CHILD HAS A CHANCE
The contest embraces one of the most liberal offers ever presented exclusively to the little folks of Campbellton, and will afford them an opportunity to develop their hustling propensities and at the same time win a splendid reward. The Pony outfit is not to be given to the prettiest child, nor the ugliest or best child either. It will be given to the little boy or girl who can hustle. Every child under the age of sixteen years has the same chance.

THE PLAN
The plan is as simple as the offer is liberal. Any child can understand it after a few minutes' explanation. During the contest the business men who are participating in this trade booming carnival will give Pony Votes on all cash purchases and for the payment of old accounts. With every five cent purchase a five vote coupon will be given. With every ten cent purchase a ten vote coupon will be given. With every twenty-five cent purchase a 25-vote coupon will be given. With every dollar purchase a hundred vote coupon will be given. With every ten dollar purchase a thousand vote coupon will be given to the amount of any purchase made at these business places during the contest. The contest will last for thirteen weeks, ending Dec. 24th. The Pony, Vehicle and Harness will be given to the child who gets the most votes during the contest. Should two children tie for first place \$300 in gold will be divided equally between them. A pretty liberal pre-

sent, isn't it.
HOW TO ENTER
Any boy or girl can enter the contest by going to all of the above named places and enrolling his or her name in the contest registry book. Or if preferable the contestants can have their parents or some friend do the enrolling for them. Each of the little contestants will be given some printed matter to assist them and the plan will be thoroughly explained to them.

HOW TO VOTE
On every vote coupon given out by the business men who are in the contest is a black line on which can be written the name of the child voted for. These names should be written plainly.

WHERE TO VOTE
There will be ballot boxes at each of the places interested in the contest. They will not be opened until the contest is over. No contestant can thus find out how many votes another contestant has, and as a result the contest is bound to be fair and above-board throughout.

WOMEN TO VOTE SOON IN HOLLAND

The Hague, Netherlands, Sept. 16—There is every indication that women will shortly be given the parliamentary franchise in Holland, as in the speech from the throne delivered at the opening of the states general to-day the new Dutch cabinet states the intention of granting the vote to women.

The speech from the throne says that a bill is to be introduced removing the constitutional obstacles in the way of granting the vote to women. The same bill will revise the Dutch constitution in such a way as to extend the parliamentary franchise to all male Dutch subjects on reaching a certain age with exceptions to be determined later. This bill is to be prepared without delay.

Fascinating Fashions

Introducing the beautiful and approved modes for Autumn in Coats, Costumes, Dresses, Furs, Furnishings, etc.

This Fashion Showing tells the Fall Style Story completely and interestingly and is of utmost importance to every woman in this community who desires to be well informed on the latest fashion developments for Fall and Winter 1913.

From a bewildering variety of all sorts of styles, we have selected the largest and finest stock of ready-to-wear Garments we have ever housed under our roof. You are especially invited to call and inspect the showing of the season's best styles.

STOP & THINK

BEFORE IT'S TOO LATE

Many prosperous citizens have lost their valued possessions over night. Then they kicked themselves because an outlay of a few dollars on every thousand of valuation every few years would have left them protected and prosperous. Don't be foolhardy. Few things are as cheap as fire insurance in the beginning, and nothing may prove more costly in the end than its lack.
