53rd YEAR. No. 22876

SHIPMENT AWAITS RUSSIAN REVOLVERS

WESTERN FAIR MUST MOVE TO LARGER QUARTERS IF PROGRESS IS TO CONTINUE, SAYS PRESIDENT IN REVIEWING SUCCESSSES OF 1917 EXHIBITION

This Year's Patronage Demonstrates Cramped Grounds MOVE DEPENDS ON WAR No Big Expenditures Can Be Attempted Till Peace Comes CHILDREN REIGN SUPREME

Kiddies Stormed Grounds Today En Masse and Are in Full Possession.

Children from every section of the city took possession of Queen's Park and the Western Fair early today. The gates were stormed early in the morning, hundreds of school pupils free for the day, being ready to enter as soon as the turnstiles were working. Refreshments arrived steadily throughout the morning and early part of the afternoon and every part of the grounds was soon occupied.

Regular Sample Plends. The palace was crowded throughout the morning, the exhibit of the Technical School in the annex to the Main Building were known to many of the children in the crowd.

Must Get New Grounds. The standard is likely to be as great as that of Thursday. Continued on Page Four.

GERMANY WILL GET LESS RAW MATERIAL FROM SWEDEN NOW

Revelations Will Antagonize People of Scandinavia.

MAY HELP DEMOCRACY

Masses Will Appreciate Where Prussian Methods Have Led Country.

By J. W. T. MASON.

Special to The Advertiser. New York, Sept. 14.—German imports from Sweden of food and raw material for the manufacture of munitions will be seriously curtailed, or cut off altogether, when the full effects of the state department's revelations concerning Swedish intrigues in Latin America are felt by the Swedish people.

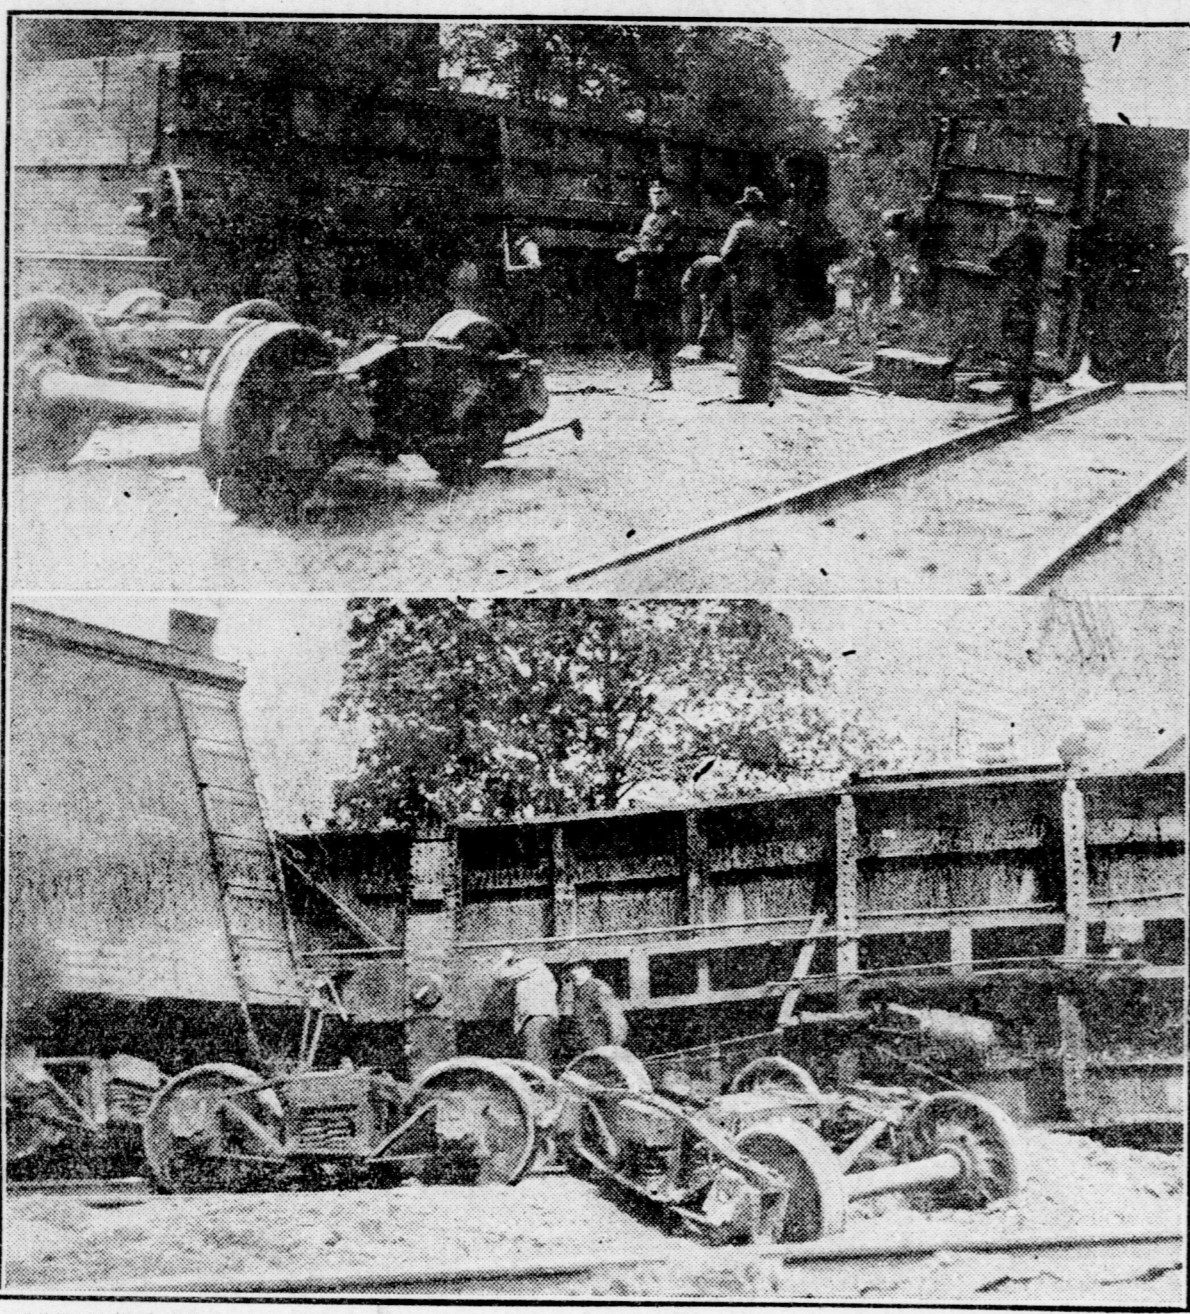

Will Assist Democracy. The revelations that Swedish officials and financial classes have been working for Germany at the expense of the common people of Sweden, will in the end greatly assist the spread of democracy in Sweden.

At a time when Sweden's ships were being sunk by German submarines and Swedish subjects were being murdered by the U-boat pirates, Swedish diplomats are shown to have been working in secret to further this very ruthless policy.

Sweden is the only neutral contiguous to Germany that has an official and systematic class modeled in part after the Prussians. It is the short-sighted selfishness of this class that caused Norway to secede from Sweden in 1905.

These Prussianized Swedes are disappointed in Sweden for the present Swedish government. They look just like

FREIGHT WRECK ON C. P. R. TIES UP TRAFFIC

Pictures of bad smash just west of Richmond street this morning show how heavy freight cars were ripped from trucks and toppled across line when seven cars were derailed, causing heavy monetary loss and delay in passenger and freight traffic.

"WE WILL DELIVER THE SHIPS" IS WORKMEN'S PROMISE WHICH THEY ARE KEEPING TO LETTER

Tremendous Activity Shown in All the Shipbuilding Yards, Where High Pressure Is Maintained—Hundreds of War and Commerce Vessels Are Under Way.

Glasgow, Sept. 14.—(By Mail)—On the banks of Scotland and Northwest England a workman has written with chalk in bold letters six feet high five words that express the determination of British shipbuilders to win the war. The five words are these: "We will deliver the ships."

Wonderful Industry. The shipbuilders of the world are working at top speed to beat the Germans. The rivets are glowing everywhere, arcs of red go back and forth in the rolling mills and through it all on these busy rivers there is a constant stream of ships.

SEVERAL MILLIONS FOR FRENCH RELIEF DURING THE WINTER

Red Cross Willing To Help the Civil Population.

Paris, Sept. 14.—The French Government has been officially notified through Gen. Petain that the Red Cross organization is willing to supply funds amounting to several million dollars for relief work among the French civilian population during the coming winter.

Construction Simplified. These standard ships, builders unanimously agree, will greatly increase the output of tonnage. In the first place, it was pointed out, construction has been simplified, all parts of hulls, engines, everything, are standard and may be used where first needed. Hangers for instance, 25 sizes of steel sections were used in the construction of ordinary ships. The standardization process has reduced this number to eight.

At the same time the capitalistic element in Sweden is pro-German because it has made large sums during the war selling goods to Germany. The official capitalist element in Sweden is selling goods to Germany. The common people in a struggle against those reactionaries and have been demanding the further democratization of their Government.

FRENCH REPULSE GERMAN ATTACK; TAKE PRISONERS AND PIERCE LINE

Enemy Executes Sudden Assault North of the Aisne

Paris, Sept. 14.—A German attack against the French positions on the Casemates Plateau in the Aisne region last night was repulsed after hand-to-hand fighting. The French war office officially announced today.

On the front, north of the River Aisne, the Germans at an early hour this morning executed a sudden attack against our positions on the Casemates Plateau. The assault, which was preceded by a violent bombardment, was repulsed after hand-to-hand fighting in which the enemy suffered heavy losses.

GERMAN CLAIMS. Berlin, Sept. 14.—Via London, German shock troops yesterday penetrated into the sector of the Aisne front, according to the official statement issued today by the German war office.

LIBERALS CALL FOR UNION GOVERNMENT. Regina Men Would Prefer National If Possible.

Regina, Sask., Sept. 13.—A public meeting which had been called here at the instigation of the Regina Liberal Club, was held in the city hall tonight when a resolution was adopted calling for a national government.

WRECKED CARS PLOW FURROW SIX FEET DEEP

Smash on C. P. R. Near Richmond Street Today Causes Heavy Loss

Damage to rolling stock, freight and trucks, which may amount to several thousands of dollars resulted at 11:02 o'clock today when seven cars on No. 92, a fast passenger C. P. R. freight train, were derailed and overturned as the result of one of the cars mounting the switch-point at the interlocking cross-over 300 feet west of Richmond street.

GENERAL KRUEMOFF SHOOTS HIMSELF, IN DREAD OF PENALTY

Petrograd, Sept. 14.—After being rejected by Premier Kerensky at the War Office, General Kruemov, commander of the 1st Army, shot himself tonight and died in the hospital.

VETERANS DEMAND HOSPITAL INQUIRY

Winnipeg, Sept. 14.—A resolution was unanimously adopted at a general meeting of the Great War Veterans last night asking Sir Robert Borden for the immediate appointment of a public inquiry into the conditions at Turbid Park Military Convalescent Hospital.

MOLDERS WILL KEEP FIGHTERS IN STANDING

Rechester, Sept. 14.—By a vote that reflected the opinion of the International Molders' Union of North America, in convention here, have voted to continue to do service in the armies or navies of any of the Allies or engage in any pursuit to aid the Allies.

OLD WOMAN BURNED IN DESTROYED ALMSHOUSE

Weymouth, Mass., Sept. 14.—Mrs. Mary Ross, 75 years old, was burned to death in her bed, and a score of other aged and infirm inmates were taken down here escapes and leaders when fire destroyed the town almshouse early today.

EX-PRISONERS OF GERMANS RELATE EXPERIENCES OF HUNNISH CRUELTY

Starved and Made to Stand In Snow Without Boots.

New York, Sept. 14.—A special cable dispatch to the New York World from London, dated September 13, says: "The revolting cruelty to which British prisoners were subjected in German military camps was described by repatriated soldiers who arrived in London today. Private George Ellsley, a Welsh regiment, who was captured in September, 1914, said:

"Although wounded, we were kept without food or water for days, and when one of us begged for something to drink the nurse brought him a glass of water and threw it in his face. Later we were removed to a hospital at Schweinfurt, where we were well treated, and later still to the Gustrup internment camp, where we were treated 'like dogs.'"

Wife's Cruelty. "Although we were badly wounded, upon our arrival at Gustrup, we were kept standing in the snow without food or water until 10 o'clock at night. Several of us nearly died of starvation. When we complained we were either broiled with bayonets or the 'English blockade' was given as a reason for the shortage of food."

Stabbed by Guards. "After weeks of hell we were set to work to build a canal. All the day the men were armed and 'had' to work, and if a man slacked off he received the butt end of a rifle. One day I saw several wounded men being taken away and we never saw him again."

GERMANY DECLARES ARGENTINE TROUBLE IS SWEDEN'S AFFAIR

Says Messages Not Inspired By German Government.

(By JOHN GRANDENS.) [Special to The Advertiser.] Berlin, Sept. 14.—London, Sept. 14.—Germany holds the American revelations as to Count Lushburg make the matter of the Argentine affair extremely delicate.

The official attitude here is that the telegrams cited by the American state department as to the Argentine matter show that the messages were not inspired by the German Government, and were merely private proposals.

BRITISH AIRPLANES AGAIN BOMBARDING GERMAN POSITIONS

Drop Many Bombs on Military Objectives.

London, Sept. 14.—British naval airships made another raid on the night of Wednesday and Thursday on German military establishments in Belgium. An official statement issued by the British admiralty today says:

"A bombing raid was carried out during the night of September 12-13 by the royal naval air service on military objectives at the Chastelles aerodrome and the 'Thourout' aerodrome. A large quantity of bombs was dropped. All our machines returned safely."

THE WEATHER

TOMORROW—WARM. Moderate easterly winds. Mostly fair and moderately warm today and on Saturday.

Temperatures. The following were the highest and lowest temperatures for the 24 hours previous to 9 a.m. today:

Table with 2 columns: Location and Temperature. Locations include Chicago, St. Paul, Minneapolis, Port Arthur, Buffalo, Kingston, Ottawa, Montreal.

Weather Notes. The area of high pressure with fringing intensity is now centered in the Gulf of St. Lawrence, and there are areas of low pressure over the northwestern states, and off the South Atlantic coast. A general rain has occurred over the western portion of the lakes region, but from Lake Huron eastward to the Maritime Provinces the weather continues fine.

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 75; lowest, 40.

HEAVY PUNISHMENT OF REVOLT LEADERS URGED BY RUSSIANS

Cabinet Believed To Have Split On This Question—Korniloff's Personal Surrender Imminent As He is Helpless, Being Deserted Even By Cossacks.

BY WM. G. SHEPHERD. [Special Cable to The Advertiser.] Petrograd, Sept. 14.—What punishment shall be meted out to Gen. Korniloff split the Russian cabinet today. Four ministers have left the cabinet.

Personal surrender of the revolting Korniloff was quelled by the arrest of Kaledin at Hosten. He was taken into custody by the local council of the workers and soldiers party. A formal announcement was made here that Kaledin's following was small. Gen. Alekseyev, new commander-in-chief, was at main Russian army headquarters today. A special Government commission was with him investigating all of Korniloff's activities prior to his revolt. General Ruzhicki has been named commander of the north front, succeeding General Lembovsky, and General Gomboff succeeded Denikin as commander of the southern front. Denikin has been arrested, and will be held to answer a treason charge.

Must Explain. Klembovsky must explain several of his actions during the short-lived rebellion. The Government has already demanded of him why he permitted Korniloff's rebel detachments to pass toward Petrograd. To this he replied non-committally, requesting that he be relieved of his command.

Severest Punishment. That the "certain measures," proposed by Korniloff, were a severe punishment of the rebel leaders, was confidently asserted in certain circles. One other minor revolt—that led by

FAIR BUSINESS REPORTED GOOD

London reports to Bradstreet's that interest is centered in the Western Fair, commencing here at the week-end. The usual influx of visitors is bringing a lively movement of trade, and wholesalers report that early returns are quite good.

ANOTHER ATTEMPT TO PLACE SPAN IN QUEBEC BRIDGE TO BE MADE THIS WEEK

Quebec, Que., Sept. 14.—Another attempt to place the central span of the great cantilever bridge over the St. Lawrence near Quebec into position, thus completing the structure, will be made some time during the next 48 hours.

The span built to succeed the link that failed last year, has been constructed at Sillery on pontoons and is ready to be dragged to the bridge by tugs, there to be hoisted the 150 feet from the water level to the uncompleted bridge.

The engineers of the St. Lawrence Bridge Company, the contractors of the bridge have decided that no better method of raising the span than that used last year, by two huge chains attached to each corner of the link, and hoisted by the cables from the cantilever arms above, has presented itself.

They have, however, modified the three feet raise the joints made last year at each movement to two feet. The wrought-iron castings upon which the corners of the span rest, and which are connected to the hoisting apparatus, the breaking of one of which caused the disaster last year, have been this time constructed of the toughest steel. It is expected that it will take several days to get the span into its place, and operations upon it will continue night and day until completed.

LIBERAL LEADERSHIP TO BE DIVIDED NOW, THE LATEST RUMOR

Sir Wilfrid and Conscriptonists to Head Wings.

Toronto, Sept. 14.—A special to the Toronto Star from its Ottawa correspondent says: "The Liberal leadership is a division in the Liberal leadership is the latest rumor at Ottawa. Laurier, according to this report, will not retire, but will lead his own wing of the party. Someone else will take the conscription issue, as the act was passed that, as it is now law, it carries the duty of all good citizens to carry it out harmoniously. Many French members of the House are taking the same position. At that rate it is held that Sir Wilfrid, if he came into power, would not interfere with the securing of 100,000 men by conscription, as the bill provides. These, indeed, may be secured by the time the election is over.

Conscriptonists the following situation might arise: Laurier and the other Liberal leader might together have a majority; the conscription issue might be out of the way, for the time at any rate. With the general policy of the Conservative party the Liberal conscriptionist leader would be as much out of tone as Laurier himself. Provided that Sir Wilfrid had a strong which-war policy, a fusion of forces would then be possible.

WRITER ANTICIPATES SWEDISH REVOLUTION

Foresees Abdication of King and Joining of Allies.

New York, Sept. 14.—Paul Bjorkman, writer and translator of Scandinavian literature, returned from Stockholm to his home in Woodstock, N. Y., on Sept. 13. He is a native, including a revolution, completely overthrowing the bureaucracy which has ruled the country for hundreds of years, and forcing the abdication of King Gustav V. and his German queen, a cousin of the Kaiser.

He states that the great mass of the people is intensely anti-German in sentiment and as pro-ally as the precarious condition of the country permits, and gives it as his opinion that Sweden may be forced into the war on the side of the Allies.

FIFTY DEAD AMONG TODAY'S CASUALTIES

Ottawa, Sept. 14.—Of the 390 Canadians who are named in today's noon casualty list, 59 are killed or died of wounds, and 65 are reported missing.

CANADIAN MORATORIUM LAWS CALLED UNFAIR

Winnipeg Man. Advises American Convention. MINNEAPOLIS, Sept. 13.—Resolutions pledging support to future war bond issue campaigns were adopted by the Farm Mortgage Bankers' Association, which closed its annual convention here today.

Canadian legislation, according to A. L. Crossine of Winnipeg, "has been unfair, irritating and unsatisfactory." He advised that such laws in this country be explicitly limited in application to homesteads and to men in actual foreign service.

CENTRAL POWERS REPLY TO POPE NEXT WEEK

AMSTERDAM, Sept. 13.—Advices received here from Vienna quote the reply of the central powers to Pope Benedict's peace proposal will be presented next week.

DISAFFECTION DOES NOT EXIST AMONG PEOPLE OF BRITAIN

Premier of New South Wales Visits Washington. GIVES U. S. SOME HINTS

Advices That Industries Be Placed Under Government Regulation.

NEW YORK, Sept. 13.—Government regulation of food supplies and industries in the United States as a measure for the successful prosecution of the war was forecast here today by the Right Hon. John Holman, premier of New South Wales, who is returning to Australia after a stay of several months in Great Britain.

REGINA WOMEN OPPOSE NEW FRANCHISE ACT

Regina, Sept. 13.—The following resolution was sent to Premier Borden to-night: "We, the members of the North Side W. C. T. U. of Regina express our strong feeling that the present war-time franchise act is very unfair and inadequate in the measure of franchise given to the women of Canada, and we vigorously protest against it.

FIG SEN THE GENTLE LAXATIVE THAT MAKES EVERY MORNING GOOD MORNING

"IT SURPRISED BOTH OF US," DECLARES WILLIAM HANNON

Tells Experience of Himself and Wife. TRIED MANY REMEDIES Improved From the Very Start On Tanlac.

"My wife tried so many different preparations without getting relief that when Tanlac began to straighten her out so quickly it surprised us both," said William Hannon, a well-known resident of Burlington, Ont., the other day.

INGERSOLL WOMAN TERRIBLY HURT BY FALL DOWN STAIRS

SUFFERED NINE YEARS Many Remedies Tried in Vain. Well and Strong After Taking Lydia E. Pinkham's Vegetable Compound.

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies, but found no permanent relief.

After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong, so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use.

The reason women write such grateful letters to the Lydia E. Pinkham Medicine Company is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives.

YOUNGEST SON ENLISTS. FOREST, Sept. 13.—Victor A. Pettipiece, youngest son of H. J. Pettipiece, ex-A. P., went to London today and enlisted with the 7th Regimental Detachment.

ELECTIONS IN SWEDEN. LONDON, Sept. 13.—Returns from the general election, which is proceeding throughout Sweden, says Reuters' Stockholm correspondent, indicate the defeat of the Conservatives. In 22 districts the Social Democrats have gained three seats and the Liberals five, while the Conservatives have lost thirteen.

NO NEW TACTICS BEING EMPLOYED BY SUBMARINES

High British Naval Authority Discounts German Claims. BRITISH MEET MENACE

Third Definite Date for Starving England Near at Hand.

LONDON, Sept. 13.—Via Reuter's Ottawa agency.—From high British naval authority Reuter's has received the following information: "Despite talk in certain quarters, there is no reason to believe, and there is certainly no evidence, that Germany is adopting new tactics in U-boat warfare."

AUSTRIA-HUNGARY FACES STARVATION

Cannot Hold Out Through the Winter, Says Official. GENEVA, Sept. 13.—The Freie Zeitung, Berlin publishes an article from a high Austrian official who has returned from a tour of several cities of his country, in which the writer states that Austria-Hungary cannot hold out through the winter, owing to economic reasons, as both soldiers and civilians will be suffering from starvation.

RUSSIAN CRISIS WILL BEAR GOOD FRUIT, IS BELIEF

Washington Officials and Diplomats See Silver Lining in Cloud. WASHINGTON, Sept. 13.—News of Premier Kerensky's determination to instill better discipline into Russia's armies created almost as much gratification today as reports that General Korniloff's attempted coup will have borne good fruit.

URUGUAYANS SHOW HOSTILITY TO GERMANY

MONTEVIDEO, Uruguay, Sept. 13.—A great anti-German demonstration was held here today and Argentina was cheered for the expulsion of the German minister, Count von Loubourg.

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

They live the liver and bowels and straighten you right up. Don't be bilious, constipated, sick, with breath bad and stomach sour.

WORK WHILE YOU SLEEP. Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced.

GERMANS ATTEMPT ATTACK ON BRITISH N.E. OF LANGEMARCK

Enemy Repulsed in Fierce Fight on Mile Front. LONDON, Sept. 13.—The British official communication issued tonight says: "Last night, after hours of heavy bombardment, the enemy raided our positions east of Bullecourt."

Two Vessels' Crews, Helpless in Boats, Bombarded by Huns

LONDON, Sept. 13.—Two cases of German submarines firing on the crews of sunken vessels after they had taken to their small boats, were made public today.

3 TRACTORS SECURED FOR WORK IN HURON

BLYTH Sept. 13.—Warden Dr. Milne was in Toronto this week interviewing Premier Kerensky's determination to instill better discipline into Russia's armies created almost as much gratification today as reports that General Korniloff's attempted coup will have borne good fruit.

PREMIER PAINLEVE ANNOUNCES CABINET NEWLY COMPLETED

Contains New Ministry of Missions Abroad.

NO UNIFIED SOCIALISTS

They Have Been Stumbling-Block, Condemned by the Press.

Paris, Sept. 14.—The new French cabinet contains a new ministry, at first called the ministry of propaganda but later changed to ministry of missions abroad. Owing to the absence of Franklin Bouillon, the new post is not listed in the official journal. The new ministry consists of 15 titular ministers, four ministers of state, and 11 undersecretaries. The new ministry is divided among five senators, eleven deputies and two, Louis Leclercq and Albert Clavelle, who do not belong to Parliament. The eleven undersecretaries are all members of the Chamber of Deputies. Sixteen of the new cabinet members have been ministers of state or undersecretaries in previous cabinets and three are former premiers. The political groups represented in the new ministry do not include the unified Socialists.

Seven of Old Cabinet. Premier Painleve represents the Socialist-Republican group, while the Socialists-Radicals have three members, the Radical-Left three, the Republican Union of the Left one, and the Radical Republic Union, seven members. Several members of the Ribot ministry retain places in the new cabinet. The most noted perhaps of the Ribot ministry today are Rene Viviani and Albert Thomas. The Ribot ministry failed late Sunday night when M. Thomas withdrew. Professor Painleve followed him, being unwilling to remain in a cabinet where the unified Socialists were not represented. Professor Painleve's first combination met the same fate last Tuesday night, when the unified Socialists also refused to co-operate with him principally because Alexandre Ribot remained as a minister.

Tried Again. As President again insisted upon M. Painleve continuing his effort, to form a ministry he resolved on Wednesday not to give the Socialists representation. At the last moment a new obstacle arose, when some thirty members belonging to the Socialist radical group, which numbers 170, being the largest in the Chamber of Deputies, after a meeting, sent a delegation to Prof. Painleve to inform him that they opposed the creation of a ministry of state, and to claim the ministry of the interior or justice for the Socialist radical group. Eliminating ministries of state would have meant the dropping of Louis Barthou, to whom there has been much opposition since he introduced three days ago the bill to amend the law of 1904, which gave the military service bill. The group's protest was transmitted to Renault, Daniel Vincent, Rene Desnoir, and Andre Renard and Maurice Long while they were present at a preliminary meeting of the new cabinet.

MAJORITY STAND BY WORD

On Thursday the cabinet suspended its sittings. The unified Socialist-Republican group, while the Socialists-Radicals go to the Chamber of Deputies to meet their partisans. Renault alone submitted to the group's resolution, the other members of the party named for cabinet positions declared that having pledged their word to Prof. Painleve they were unable to withdraw. They returned to the preliminary cabinet meeting, thus allowing Prof. Painleve to complete his combination by Renault. These events are expected to show that the new ministry will start life without the assurance of active support from the unified Socialists. The role played by the unified Socialists throughout the crisis is generally considered by the press as comparable to that of the workmen's and soldiers' delegates in Russia.

NEW CABINET MINISTERS.

Paris, Sept. 14.—The new French ministry formed by Prof. Paul Painleve, who in addition to becoming premier will continue to act as minister of war, follows: Foreign affairs, Alexandre Ribot; minister of justice, Louis Berthou; minister of the interior, Jules Steeg; minister of marine, Charles Chautauq; minister of colonies, Louis Loucheur; minister of commerce, Etienne Clemenceau; minister of agriculture, Fernand David; minister of provisions, Maurice Long; minister for missions abroad, Franklin Bouillon. Four ministers of state who also are members of the war committee are: Barthou, Leon Bourgeois, Paul Doumer, Jean Dupuy.

UNDER SECRETARY FOR MEDICAL SERVICES.

Justin Godard, under secretary for aviation, Jacques L. Demarne, under secretary for general administration, M. Moutier, under secretary for military justice and pensions, Pierre Masse, under secretary for munitions, J. L. Broton, under secretary of the interior, Victor Peyrolat, under secretary of finance, Paul Bourdey, under secretary of commerce, Paul Morel, under secretary of merchant marine and transports, M. Demontge, under secretary of blockade, Albert Metin, under secretary for fine arts, Albert Dallier.

TWO MOUNTAIN GUNS CAPTURED BY FRENCH IN MACEDONIAN ZONE

Paris, Sept. 13.—The French official statement from Macedonia reads: "Eastern theatre, September 12.—Lively artillery activity was displayed in the region of Monastir. In the neighborhood of the lakes our troops have reached Mummulshita, on the west shore of Lake Ochrida and Hill 1704, ten kilometres northwest of Mummulshita. On September 11 and 12 we captured 160 prisoners, mountain guns and 2 machine guns."

ORDER-IN-COUNCIL TABLED IN COMMONS PROVIDING FOR EXEMPTION BADGES

OTTAWA, Sept. 13.—An order-in-council providing for the issue of war badges by the Canadian Government to members of the Canadian Expeditionary Force who have honorably retired or been honorably discharged, or who have been rejected as medically unfit, was tabled in the House of Commons today.

Heretofore there have been no provisions for special distinctive badges to be given exclusively to men who have been active service overseas. Badges for this purpose have been issued by the voluntary efforts of the St. John Ambulance Association, to a large number of the returned men. The order-in-council states that great value is attached to these badges by the holders, and that it is desirable for the Government to take over and continue their issue.

Four Classes. These men who are entitled to receive badges are divided into four classes. The first class consists of members of the Canadian Expeditionary Force who have seen active service at the front, and in case of officers who have been honorably retired, or in the case of N. C. O.s and men who have been honorably discharged, or have been returned to, or retained in Canada on duty. The second class consists of officers or men who have been honorably discharged on account of old age, wounds or sickness, which would render them permanently unfit for further military service. The third class consists of members of the Canadian Expeditionary Force who have been honorably retired or discharged on account of old age, wounds or sickness, which would render them permanently unfit for further military service.

ARCTIC EXPLORERS' SHIP BLOWN UP BY EXPLOSION

Searchers for Blonde Ekimias Have Trying Experiences. Regina, Sept. 13.—Rudolph M. Anderson, chief of the southern party of the Stefansson Arctic expedition, who was in Regina today, stated to a Canadian Press representative that he had just received a letter from Rev. H. Gleding, Emmanuel College, Saskatoon, who for three years has been trying to reach the Blonde Ekimias. The little boat in which the party was traveling was blown up by an explosion this spring and the party lost the greater part of its supplies.

FUSION COMMITTEE STILL MARKING TIME

Joint Meeting in S. Winnipeg Indefinitely Postponed. (Special to The Advertiser.) WINNIPEG, Sept. 13.—The meeting of the joint committee of Conservatives and Liberals of Southwestern called for tonight, is postponed indefinitely. There has been no hitch between members of the committee, but it is stated they believe that a union government will be formed almost any day, and that one of the members of such government will be a resident of the constituency. This candidate is said to be Hon. Edward Brown.

WAR COSTS SWISS HEAVILY

BERN, Sept. 13.—According to a Swiss official statement, the Swiss debt on account of the war and the mobilization to guard the frontier amounts to \$2,000,000 francs. This will probably reach one billion francs by the end of the year, or an average of about 300 francs per capita.

ANOTHER PROMISING DEVICE FOR DEALING WITH SUBMARINES

Britain and U. S. Experimenting With Invention.

New York, Sept. 13.—A special to the Tribune from Washington says: "Great Britain and the United States are experimenting with an anti-submarine device, which is said to be more promising than any of its predecessors. The nature of the invention is not disclosed, but even representatives of the British Government, who have been disappointed often in the past, and who are naturally less optimistic than our own navy men, are hopeful. In addition, the device is being improved, and is still proving successful, which probably accounts for the reduction in losses announced this week."

FOURTH CANADIAN LOAN, IT IS HOPED, WILL EQUAL LIBERTY LOAN RECORD

OTTAWA, Sept. 13.—Sir Thomas White has completed arrangements with the Canadian Press Association for the promotion of the new war loan in the newspapers and other publications of the Dominion. The Canadian Press Association will open a bureau in Toronto, in connection with its offices, which shall be devoted exclusively to handling the details under the direction of the finance minister. The president of the association, H. H. Woods of Calgary, who is chairman of the committee, will be in personal charge throughout the campaign.

GENERAL INCREASE C" WAGES FOR MANITOBIANS

Winnipeg, Sept. 14.—General increases ranging from 3 1/2 to 10 cents per hour have been decided upon by the Manitoba fair wage board, which has had a revision of the schedule under consideration for upwards of a week. Electricians get the largest increase, 10 cents an hour, while lathers get the smallest, 3 1/2 cents, which advances their rate of pay to 66 cents per hour. Other in-

German Crown Prince Consulting With Kaiser on the Polish Situation

LONDON, Sept. 13.—The German crown prince has arrived at Berlin, according to an Exchange Telegraph dispatch from Amsterdam. He has had a long conference with the emperor, regarding the matter of the Polish situation, as mentioned in the pope's note.

ANOTHER SWEDISH OFFICIAL EXPOSED

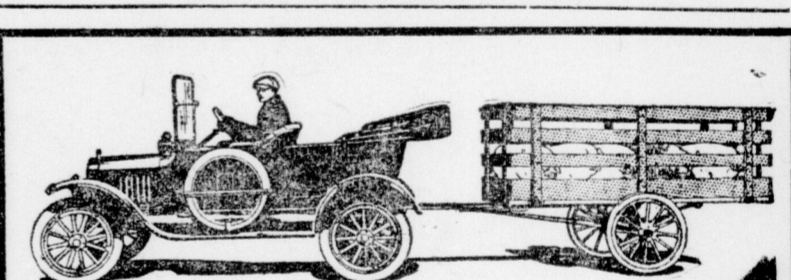

Charge d'Affaires in Mexico Kept Germany Informed. WASHINGTON, Sept. 13.—Another chapter to the story of German intrigue in neutral countries and among neutrals was revealed tonight by Secretary of State Lansing, in the form of a letter to the imperial chancellor from the notorious von Eckhardt, the German minister at Mexico City, to whom the intercepted Zimmerman note was addressed. It disclosed that Folke Cronholm, then Swedish charge d'affaires in Mexico, was depended on by the German diplomat to furnish information from the "hostile camp" and to transmit communications to Berlin, and that von Eckhardt wanted him rewarded by a secret award from the Kaiser of the "Order of the Crown of the Second Class."

PROSPECTS BRIGHTER

RIDGETOWN, Sept. 13.—Apparently the frost damage of Tuesday night is not as great as was at first reported, particularly on the high lands. Many farmers now report that in the majority of cases only a few of the outside leaves of the bean plants were frozen. If given half a chance they will come around all right. Corn and other crops were not injured. Although the green tomatoes may not fill out, it is believed that in most cases they will ripen. There were a number of fine fields of tobacco grown here. These were not protected from the wind, were badly frozen and are not expected to yield more than half a crop.

AMERICAN SHIP SUNK

WILMORE, Sept. 14.—The American ship Wilmore was sunk by a German submarine on September 12, according to an announcement made today by the British admiralty. All the members of the crew of the vessel were saved.

HOUSEKEEPING IS A BUSINESS. ECONOMICAL COOKING IS A SCIENCE.

Our Consumers' League

BY ISOBEL C. ARMSTRONG.

"PASTEURIZE," SAYS AMERICAN SCIENTIST.

An eminent American authority on public health, C. E. A. Winslow, professor in this department in the Yale School of Medicine, New Haven, Conn., takes the same view as Dr. Hill in regard to the importance of pasteurization of milk as the only safe course. He expressed himself as follows in a paper on "Pasteurizing the Health of Children," which was read at the annual meeting of the Ontario Health Officers' Association held in Toronto in May of this year:

"For some infants artificial feeding will always be a necessity; the provision of a safe artificial milk supply is, therefore, a necessary part of a general program of child saving.

"We can go far towards securing clean milk by an adequate system of farm and store inspection coupled with bacteriological and chemical examinations of the product. The milk supply should be graded on the basis of sterility and bacteriological counts. Into three grades, more or less recognized as suitable for the use of infants and of adults, and for cooking respectively. Even after all this is done I am strongly of the opinion that a further step still should be taken in the pasteurization of all milk supplies, and particularly of all those destined for infant use. Clean milk and safe milk are not synonymous terms. Bitter experience has taught us that no possible system of safeguards can prevent occasional exposure of milk to an unsuspected incipient case or carrier of the germs of typhoid fever, septic sore throat or diphtheria. When this happens, one touch of the finger, one cough over the pail will do the business. Again and again this has happened in elaborately constructed and conscientiously operated dairies. Even the exclusion of tuberculous cattle, theoretically a simple matter aside from the question of cost, has failed in some of the most famous certified barns of the United States.

"I am strongly of the opinion that there is no such thing as a really safe milk supply. As in the case of water supplies, we try to secure as high an initial purity as possible, and then filter or disinfect, to secure absolute safety, so here we should keep the milk supply as clean as economic conditions will allow, then make assurance doubly sure by pasteurization."

DO YOU KNOW "KEGEREE?"

What do you do with the fish "left-overs," the left-overs of the fish dinners which have been occurring with a patriotic frequency of late? Is it fish balls with potato and bread crumbs, bound together with a beaten egg? Perhaps it is creamed fish, or a fish omelet.

If you don't know about it already, there is another and most delicious way for you to serve up those fish left-overs, in a dish fit for a king for breakfast, for luncheon, or as the "back-bone" of the tea, which is the evening meal.

It is a fish dish which in the days before the war was a great favorite for breakfast in homes of the possible, and in some cases, to command such as the palace of the Archbishop of Canterbury. Nevertheless, it is by no means an extravagant dish. Rather, indeed, does it fit in admirably with wartime thrift adventures. It is called "Kegerée," pronounced something like "kedjerie," and has as its foundation principles fish and rice. Any cold fish will do, though white meat is preferred.

Mrs. David Williams, chairman of the food conservation committee, gives her recipe for "Kegerée" as follows:

teaspoonful mustard, 2 soft boiled eggs, salt and cayenne to taste. Pick the fish carefully from the bones, mix with the other ingredients, and put all in a sauce pan. Heat thoroughly. Kegerée should be served very hot.

TO CLARIFY FAT.

(Repeated by Request.)

"Do you think you could publish something again in the Consumers' League Page?" was an inquiry which came a few days ago over the telephone.

"Well, perhaps," was the cautious answer, "if it happened to be anything very important."

"Oh, it is," was the hasty assurance given from the other end of the line. "It is the method Mrs. Grant-Harris gave some months ago for clarifying fat for cooking. I read the paper, and though I have a kind of idea, I am not exactly sure. I have asked a number of others who remember about it, but who failed to keep it. I know ever so many who would be glad to have it, especially when they are trying to do all in their power to conserve food and to keep down expenses."

The moral of all this seems to be that when some hint or recipe which makes a special appeal appears, the wisest thing to do is to clip it and file it in a big envelope or paste it in a scrapbook for future reference.

In this case the information called for is important enough to take up space a second time, so here it is, just as Mrs. Grant-Harris gave it the first time. This is my recipe for rendering lard or clarifying fat: I put in a deep bowl and sprinkle liberally with salt; then I pour boiling water over it. After that, I let it stand till it is perfectly cold, when the fat, thoroughly clarified, can be scraped off the top. The sediment, as you know, sinks to the bottom. Sometimes it is necessary to repeat the process two or three times, for example, where a dressing has been used in cooking the chicken or meat. Fat with an onion flavor could not very well be used as shortening, but would come in useful, say for frying potatoes, where there is no objection on the part of the members of the family to the onion flavor. In clarifying lard in exactly the same way, though I, perhaps, use smaller quantity of the salt. Rendered and clarified in this way, any strong taste is entirely removed from the fat. By repeating the process with any dripping or fat, a beautiful, clear cake of shortening is obtained.

This method was obtained by Mrs. Grant-Harris from a famous domestic science teacher in England several years ago. She recalls the fact that it was also used by a cook in her home when she was a small girl, one who had previously been employed in a very good confectionery.

ANOTHER MARKET "VICTIM."

Still another protest has come this week in regard to a condition which a correspondent termed a few weeks ago "holidays on the local market." "Emptor" writes as follows:

Dear Miss Armstrong,—Going to market has always been held up as one way to beat the H. C. of L. Dwellers in towns without markets are envious of those who do possess them, and producer and consumer get together and the predatory highway-middlerman will be put to rout. Some such notion was mine until I visited the London market.

The first thing that strikes one is the diversity of the display. Ranges on horse and horseless vehicles are vegetables and fruits of many kinds. Venturing inquiries, one is now amazed at the variety of prices. Of course the qualities vary, but it is difficult for the ordinary person, standing out-of-doors, in a great crowd of people, to make such comparisons of quality as will allow him to judge fairly of prices.

One is forced to the opinion that one needs to haggle to do good business. Further, a vague feeling comes to one that the old injunction stands good, caveat emptor, let the buyer beware.

A further comment reveals itself. I inquire of a woman the price of her butter. It is 45 cents a pound and, of course, I have to carry it home. I go to one of the regular dealers in the market, a middleman, and get good butter for 43 cents, delivered to my house. Can it be possible that the honest consumer is doing what the wicked railroad is said to do, charging all the traffic will bear?

Now undoubtedly there are too many middlemen. Yet give me the devil his due. I go to my grocer and can buy at a price which I know is the same as mine. I need not haggle. The goods are graded. I need not fear about quality. Even if I have to pay a little more, it is really an insurance. This is not an apology for the middleman or an attack on the market. Rather I would raise the question if there can not be devised some system of supervision in the market which gives the average person who wants simply to pay a fair price for honest produce, a fairer chance.

In conclusion, let me congratulate you on your interesting department, and the manner in which you keep through it questions of live interest before the public. Yours truly, EMPYTOR.

THE "SENSITIVE" EGG.

It is to be hoped that every woman who attended the Western Fair this week has paid a visit to the Dominion Government poultry and egg demonstration in the Process Building. In a striking manner, an object lesson is given in regard to the right and wrong way of poultry farming, caring for and marketing eggs.

Large companion cases contain models which more effectively tell the story than any lecturing for a year could do. In the first is shown the dirty barnyard, the unclean henhouse crawling with vermin, the eggs gathered irregularly from under sheds and other places, where they become contaminated by the surroundings. The wrong way is to leave them exposed to heat in the kitchen, to pack them carelessly for market. Next stage in the journey to the consumer is the country store, where possibly the eggs are left in the window in the sun or subject to deterioration from contact with decaying vegetables or strong flavored foods which have a way of penetrating the porous shells.

At the railway station the eggs are dumped on the platform, exposed to all kinds of weather.

The right way is entirely different, good poultry stock to begin with, surroundings as clean as it is possible to make them, care in feeding, attention to gathering the eggs regularly and storing them in a cool, clean place. Step by step in the second case, every effort is made to deliver the eggs to the consumer in the best condition.

Switching over from the first, or haphazard method, to the second and scientific, has in a few years raised the standard of the egg industry in Prince Edward Island from far down in the scale to probably the top in Canada. The old comforting myth has been exploded that "an egg's an egg, and when an eating-house is too dirty to dream of swallowing food there, it is always safe to order two hard-boiled eggs." The Government education is teaching that no product is more sensitive to environment or more subject to deterioration than an egg, hence the necessity for production and marketing of this food under the most sanitary conditions obtainable.

The Crowning Event

Of this eventful week will undoubtedly be the record breaking sale of high quality meat to be held at the BIG STORE. Help us to keep down the high cost of living by BOOSTING the BOOSTER.

"A PENNY SAVED IS A PENNY EARNED"

This is a very old proverb, but never did it strike home more forcibly than now. In these days when the cry from every quarter is "Conserve" we all feel the necessity of saving at every turn. Did you ever figure out how much could be saved by using butter instead of meat? Try it for one meal; that is, instead of serving meat for dinner, serve fresh vegetables, putting lots of good creamery butter on them. Then count up the cost and you'll find you have effected a great saving. A quarter's worth of good butter used on vegetables will go a long way, but how far would the same money spent on meat go? It wouldn't serve many people, would it?

USE MORE BUTTER AND LESS MEAT.

SILVERWOOD'S LIMITED

EAT MORE POULTRY

What makes a nicer meal than choice, fresh Poultry? PEOPLE SHOULD EAT MORE POULTRY AND LESS MEAT. We can always supply a fancy article at reasonable prices. Specialty for this week—Fancy Spring Chickens. We also have Spring Ducks, Boiling Fowl, Selected Eggs, Choice Creamery Butter.

C. A. MANN & CO., 78 King St. Phone 1577

PRODUCTION

Increased effort and efficiency in labor, more economy and less waste in living, building up capital by harder work and greater savings, will enrich you and your country. The men and women at home must produce more to cover war's waste. It is easier to make money than to save it. A Savings Account at the Bank of Toronto will help save what your increased effort provides.

PROMINENT FOREST LAWYER IS DEAD

W. J. Porte Passed Away Yesterday After Long Illness. FOREST, Sept. 13.—William J. Porte, for 25 years a member of the Forest school board and for 35 years a practicing lawyer here, died this afternoon at his home, after a long illness. Mr. Porte was one of the best known and best liked men of the district. He was considered the mainstay of the local school board and had served many years as chairman and as secretary. In his profession, although able, he was always backed by amicable settlements rather than recourse to litigation. He had been town solicitor of Forest for 25 years. The late Mr. Porte was married to Miss Van Valkenburg of Strathroy, who survives, together with one daughter, Miss Edna Porte, who is in the office of the provincial secretary. Mr. Porte was prominent in Masonic circles and the funeral will be held under the auspices of that order.

N. Y. STATE HAS BIG PEACH CROP. BUFFALO, Sept. 13.—A call was issued today by the United States employment office here for 2,000 workers for ten days, beginning September 20, to save the peach crop of Western New York. The crop is the largest in years, but without additional help the bulk of it will rot on the trees.

WHAT IS URIC ACID?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the fact that it is found in the blood of scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its over-abundance in the blood, it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anurie," which will throw out and completely eradicate this uric acid from the system. "Anurie" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anurie Tablets." If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Dr. Pierce's Anurie Tablets. They are put up in 50-cent packages.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

100% FORFEIT. Increase strength, reduce nervousness, improve circulation, and get rid of all ailments in ten days in many instances. 50c for full box. Ask your doctor or Standard Drug Company, Limited, always carry it in stock.

HUNGARIAN PREMIER TO RENEW TRY FOR ELECTORAL REFORM

If Chamber Dissents, Elections Will Follow.

IS ANXIOUS FOR PEACE

Boastfully Speaks of Strength and Readiness to Wage War to Success.

AMSTERDAM, Sept. 14.—Dr. Alex. Wekerle, the Hungarian premier, expressed the Government's program at a meeting of the Hungarian Chamber of Deputies on Tuesday, says a Budapest dispatch. The premier, in his exposition, said he advocated the same principles regarding the suffrage as did his immediate predecessor, adding that it was impossible to carry out electoral reform without the present chamber. The Government would order new elections. The foreign policy remained entirely unchanged, and the premier emphasized the complete agreement existing between himself and the foreign minister.

The foundation stones of our foreign policy," continued Dr. Wekerle, "are our allegiance to our allies and our cooperation with them in all respects. We are united not only in the defensive war which was thrust upon us, but also as its final aim, namely, the harmonious joint conduct of a suitable lasting peace.

First in Peace. "We were first in agreement with the German emperor, openly to express our opinion on the subject of such a peace. This readiness of ours was solemnly confirmed by the peace resolution of the German Reichstag, which was made in agreement with the Imperial German Government, as well as the official statement which our foreign minister made public on July 17. We even gave a broad outline of the conditions of an understanding, by declaring that our defensive war is not aimed at any conquests whatever, that we oppose an economic war between the nations, and that we are striving for a suitable lasting peace, which will not be detrimental to our interests, and to avoid the recurrence of war.

Moral Empire of Right. "We even consider it desirable that the moral empire of right, which has been so long and so justly recognized, should be replaced by a moral empire of right. We recently also accorded grateful recognition to the body of our efforts, which have this aim in view. Our extreme readiness can naturally only meet with success if it meets with desirable recognition in the enemy's camp. Failing this recognition, we will wage war to the utmost, and we will not be deterred by the resolution of our troops, thereby securing in the future not only our vital interests, but also the blessings of a lasting peace and a mutual understanding."

CANADIAN LABORERS WANT PICKETING LAW

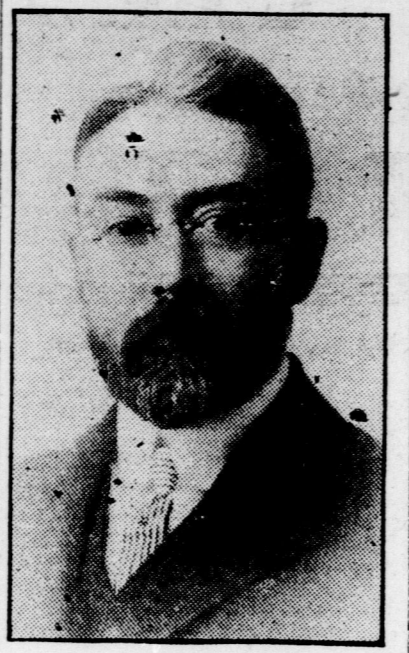

TORONTO, Sept. 13.—Chief among the many questions of interest to labor men to be discussed by the Dominion Trades and Labor Congress, which convenes in Ottawa next week, is the proposed amendment to the federal picketing act. Labor will ask that the British picketing act be placed on the Dominion statutes, in order that they may have some protection against employers who, through the courts, obtain injunctions for the purpose of preventing strikers from doing picket duty.

TALKING ON FOOD

Conservation Will Be Theme for Sunday Evening Band Concert.

N. Verrier Davidson, K.C., of Toronto, will be the special speaker at the Sunday evening band concert in Victoria Park. If the weather is inclement he will speak in the Majestic Theatre. Mr. Davidson is one of Canada's leading patriotic speakers, having spoken frequently for the purpose of the war. His subject will be "The Conservation of Food."

TAKES IMPORTANT POST ON G. T. P.

MR. W. E. DUPEROW, appointed general passenger agent of the Grand Trunk Pacific Railway, Grand Trunk Pacific Coast Steamship Company, and Canadian Government railways, with headquarters at Winnipeg, Mr. Duperow's jurisdiction on the Canadian Government lines will extend from Winnipeg to Armstrong and Port Williams, Ont., and on the Grand Trunk Pacific rail and water lines from Winnipeg to Alaska.

FRANKFURTER ZEITUNG CALLS LUXBURG FOOL

Should Have Profited by Zimmermann's Experience.

AMSTERDAM, Sept. 13.—The Frankfurter Zeitung, in an article dealing with the dispatches of the German minister to Argentina, made public by Secretary of State Lansing, waxes indignant over Mr. Lansing's "theft of inviolable neutral property," but scathingly criticizes Count Luxburg for what it terms his foolishness in employing the cable for the transmission of messages, despite the unfortunate experiences of Dr. Alfred Zimmermann, former German minister of foreign affairs.

The newspaper says Count Luxburg surely cannot expect again to be trusted as a diplomat, as his negligence has caused serious trouble for the people desiring to live in peace and friendship.

POTATO BLIGHT REPORTED FROM VICINITY OF EXETER

Some Patches Badly Affected by Plant Disease.

EXETER, Sept. 13.—Owing to the rot setting in, growers in this district are digging their potatoes. The disease started in the leaf and descended the stalk to the tuber. It works fast. The tops will be green and in a short time they are as dead as when the potatoes are ripe, and when dug the tubers are rotting badly. Some plots do not seem to be touched by the blight. Tomatoes are also rotting badly. They are slow in ripening, and unless it comes in warm the crop will be a failure.

The service in James Street Methodist Church next Sunday morning will be of a patriotic and memorial nature, when reference will be made to the boys who have paid the supreme sacrifice. An honor roll will be unveiled, as well as a display made of the photos of the boys who have enlisted from the church. These photos have been framed, and will be hung in the school-room.

The service will be taken by Rev. Mr. Baird, the pastor of the church. The Patriotic League is having a tag day for the overseas on M. C. A. on Tuesday, September 18.

During the question period Mr. Botvin asked the minister of finance when he would express his opinion on the amendment to the House with regard to the Canadian war loan. Sir Thomas White replied that he had no objection to the loan, but that he would not be able to make a statement on this matter at present. The loan would probably be floated in the month of November.

Mr. Carvell again asked if the Government proposed to put potatoes on the free list. Sir Thomas White said that was a tariff matter which would be taken up when it would be announced by the Government in due course.

Mr. Carvell suggested that potatoes, as well as wheat, could be put on the free list by a trade-council. W. F. Cockshead, with the consent of the House, availed himself of the opportunity to express his opinion on a monument to Dr. Graham Bell, the inventor of the telephone, which will take place at Brantford on the occasion of the presence of his excellency the governor-general. He extended an invitation to Sir Robert Borden and Sir Wilfrid Laurier to be present on the occasion.

The House went into supply on customary estimates. An item of \$3,345 for the quarter ending in August was caused Mr. Carvell to inquire whether the speaker in the new building would be provided for. Mr. Carvell inquired whether the speaker in the new building would be provided for. Mr. Carvell inquired whether the speaker in the new building would be provided for.

Dr. Schaffner suggested getting opinions of past and present speakers in the House on the subject of the war. He expressed himself as in accord with the opinion expressed by the leader of the Opposition.

An item of \$15,000 for stenographers for members, in addition to the \$25,000 for this purpose in the main estimates, was passed, but not before Hon. William Howard Howland expressed the opinion that it would be better to allow each member \$100 or \$150 per annum and let him pay his own stenographer.

Pay Dr. Eland's indemnity. The indemnity of a German island, prisoner of war in Germany, was provided for in a vote of \$2,010 in payment of full seasonal indemnity to members for days lost through absence caused by military business or necessary farming operations. Mr. Carvell took exception to the provision for members engaged in farming.

BIG FUNERAL FOR ACCIDENT VICTIM. DORCHESTER, Sept. 13.—The funeral of Frank Horne, the victim of the late residence near Avon was one of the largest ever held in that district. Rev. Mr. Taylor officiated at the services and interment was made at Putnam Cemetery.

FRANCHISE BILL AS UNBEATABLE BALLOT MACHINE

Government Jamming Important Legislation Through by Another Device.

PROROGATION THURSDAY?

Full Use Made of Obedient Majority to Impose Will on Parliament.

HOW MUCH FOR C. N. R.?

Arbitrator Refuses Enlightenment to Either House.

[Special to The Advertiser.] OTTAWA, Sept. 13.—Prorogation on Thursday next is the expectation of both Government and Opposition. The lever of closure is rapidly winding up the session of Parliament with much less than the usual amount of discussion upon the Government bills.

The indications are that for the first time since Confederation a session will be closed without morning sittings of the House of Commons. The Government will render morning sittings superfluous.

Certainly never has a government made such a display of its majority as the Government of Canada in the prorogation of Parliament. The Government has shown its unwillingness to give information to either Commons or Senate.

No "Bob" to Provide Funds. The House of Commons has been quietly solemnized at the home of the Northern bill is that it is made necessary by the retirement from the government of the Hon. Robert Rogers, who was supposed to have a good deal to do with the Conservative campaign.

The franchise bill was designed as an unobtainable bill of political machinery, if the soldier vote of the Liberal women can be rallied for the Government, the Hon. Robert Rogers, who was supposed to have a good deal to do with the Conservative campaign.

Closed Third Time. For the third time notice of closure on the new franchise bill has been given. The House of Commons has been quietly solemnized at the home of the Northern bill is that it is made necessary by the retirement from the government of the Hon. Robert Rogers, who was supposed to have a good deal to do with the Conservative campaign.

Protests Unavailing. Hon. Jacques Bureau protested on the ground that he had not had an opportunity of expressing his opinion on the bill. Sir Wilfrid Laurier hurriedly making his way to the House, declared the move on the part of the Government was totally unexpected.

"I thought," he undertook, "Sir Robert Borden replied, and in the presence of an assurance of a third reading this week, he expressed his opinion on the bill. A moment later debate on the third reading was adjourned on the motion of Laurier and the House rose.

Statement on War Loan. During the question period Mr. Botvin asked the minister of finance when he would express his opinion on the amendment to the House with regard to the Canadian war loan. Sir Thomas White replied that he had no objection to the loan, but that he would not be able to make a statement on this matter at present.

The loan would probably be floated in the month of November. Mr. Carvell again asked if the Government proposed to put potatoes on the free list. Sir Thomas White said that was a tariff matter which would be taken up when it would be announced by the Government in due course.

Mr. Carvell suggested that potatoes, as well as wheat, could be put on the free list by a trade-council. W. F. Cockshead, with the consent of the House, availed himself of the opportunity to express his opinion on a monument to Dr. Graham Bell, the inventor of the telephone, which will take place at Brantford on the occasion of the presence of his excellency the governor-general.

He extended an invitation to Sir Robert Borden and Sir Wilfrid Laurier to be present on the occasion. The House went into supply on customary estimates. An item of \$3,345 for the quarter ending in August was caused Mr. Carvell to inquire whether the speaker in the new building would be provided for.

Mr. Carvell inquired whether the speaker in the new building would be provided for. Mr. Carvell inquired whether the speaker in the new building would be provided for.

Dr. Schaffner suggested getting opinions of past and present speakers in the House on the subject of the war. He expressed himself as in accord with the opinion expressed by the leader of the Opposition.

An item of \$15,000 for stenographers for members, in addition to the \$25,000 for this purpose in the main estimates, was passed, but not before Hon. Pay Dr. Eland's indemnity. The indemnity of a German island, prisoner of war in Germany, was provided for in a vote of \$2,010 in payment of full seasonal indemnity to members for days lost through absence caused by military business or necessary farming operations. Mr. Carvell took exception to the provision for members engaged in farming.

BIG FUNERAL FOR ACCIDENT VICTIM. DORCHESTER, Sept. 13.—The funeral of Frank Horne, the victim of the late residence near Avon was one of the largest ever held in that district. Rev. Mr. Taylor officiated at the services and interment was made at Putnam Cemetery.

Besides his wife and five children, he is survived by two sisters, Mrs. Joseph Morris, Dorchester, and Mrs. E. B. George, Putnam, and five brothers, William of Merlin, Newton, Charles and Robert of Cranston, and Fred of Dorchester.

TAKES ACTION FOR DAMAGES AGAINST LIQUOR SEARCHERS

Man Whose Home Was Forcibly Entered Resorts to Courts.

BLITH, Sept. 13.—As the result of the search and removal of liquor from the residence of James Burns some time ago, writs have been issued against the constables who forced an entrance. The case came up before Magistrate Andrews of Clinton. His finding was that there was no evidence of any sale of liquor.

The writs against the constables were issued by Cr. J. Burns, the plaintiff's attorney, and ask unstated damages for forcible entry. The case will come up for trial at the fall assizes at Knickerbocker, and will be watched with widespread interest here.

Those named in the writs are R. McMillan, Seaford; J. Fellow, Goderich and C. Wallace, Clinton.

J. M. MASTERS CHOSEN GRAND PRIOR OF LONDON

WINNIPEG, Sept. 13.—Business sessions of the 34th annual meeting of the Knights Templar at the Fort Garry Hotel ended at noon today with the election of officers. The new officers are as follows:

Charles H. Collins, Toronto, supreme grand master; Abraham Shaw, Kingston, deputy grand master; W. H. Wito, Toronto, grand chancellor; Rev. G. A. Woodside, Brantford, grand chaplain; Dr. W. F. Taylor, Winnipeg, grand constable; E. A. Blackhall, Toronto, grand marshal; C. F. Mansell, Toronto, grand treasurer; C. O. Groch, Haltonbury, grand prior; J. M. Masters, London, grand prior; Dr. E. Russell, Brantford, Hamilton district; A. J. Brown, Toronto, Toronto district; F. D. Diamond, Belleville, Nova Scotia and Prince Edward Island; A. M. Rowan, St. John, New Brunswick; O. Clarke, North Bay, Alaska district.

McCALL-WELLS. BLITH, Sept. 13.—A wedding of much interest to the community was quietly solemnized at the home of the bride on Tuesday afternoon, when Bessie Belle, eldest daughter of James Wells, Blith, was united in marriage to George F. McCall, a prosperous farmer, of the town of Blith. The happy couple left on a motor trip to London and surrounding places.

SIX REGIMENTS OF BRITISHERS SIGNED IN U.S. RECENTLY

Passage by Congress of Alien Draft Bill Will Speed Enrollment.

NEW YORK, Sept. 13.—Passage by Congress of the alien draft bill will be welcomed by the British Government, according to a statement issued here tonight by the British recruiting mission, because it "removed the necessity for the much slower and more cumbersome process of recruiting men between the ages of 21 and 30."

"In less than three months," the statement said, "the equivalent of six British regiments has been sent from the United States, and the work keeps up with a steady flow. But it is necessarily slow work because of the difficulty to locate British subjects and to reach them by direct personal appeal."

"It would be useless to predict what will be the number of British subjects liable under the alien draft bill, but the number gained in this way, allowing for necessary exemptions, is sure to be a valuable asset to British manpower."

PRESBYTERY OF HURON SUSTAINS TWO CALLS

Auburn and Hensall Church Requests Sanctioned by Church Court.

CLINTON, Sept. 13.—The September meeting of the Presbytery of Huron was held in Willis Church, Clinton, yesterday. Besides the routine business of the session the calls of Rev. R. J. Ross of Hensall and of Rev. J. McConnell of Toronto to Hensall, were considered.

The call to Mr. Ross was sustained by the Presbytery, and arrangements were made for his induction should he accept the call. In the case of Mr. McConnell the Presbytery considered the call not sufficiently signed, and referred it back to the congregation. The matter came up again at an adjourned meeting at Kippen on Tuesday last, when the call was again presented with about forty additional signatures. There were several members of the Hensall congregation present.

The call to Mr. McConnell was therefore sustained by the Presbytery, and arrangements were made for his induction on September 23. There were present at the meeting Rev. Mr. Sedgwick of Hamilton and Rev. W. Woodside of Brantford, who presided over the session. The subject of "After-War Conditions, Economic, Industrial, Social and Religious," was discussed.

ALLIED DIPLOMATS DENY ANY SUPPORT TO GEN. KORNILOFF

Statement Issued to Combat Allegations in Some Circles.

PETROGRAD, Sept. 13.—The diplomatic representatives of the allied powers have issued a statement denying all allegations made by some of the newspapers that they are taking steps either to support General Korniloff's action or to hinder his suppression. The statement adds, "It is contrary to the role of the Allies towards Russian interior affairs."

The representatives of the allied powers met under the presidency of Sir George Buchanan to deliberate of the situation created by the conflict between the provisional government and General Korniloff. Conscious of their duty to remain at their posts for the defence, if necessary, of their nationalities, they at the same time consider it of the highest importance to maintain the union of all forces in Russia for the continuation of a victorious war. The view which they unanimously declared was in the interest of humanity, and anxious to prevent irreparable calamities, they offered their good services with the noble aim of serving the interests of Russia and the work of the Allies."

I. O. F. OFFICERS ELECTED. TORONTO, Sept. 13.—The following officers were elected by the I. O. F. Past supreme chief ranger, Victor Morin, Montreal; supreme vice-chief ranger, Fred E. Hand, California; supreme secretary, Fred J. Darch, Toronto; supreme treasurer, Robert Matheson, Toronto; supreme physician, Thomas Millman, M. D., Toronto; supreme counsellor, J. D. Clarke, K. C., Toronto.

YEGGS BREAK INTO BANK. QUEBEC, Sept. 13.—The branch of the Banque Nationale into last night and \$400 taken. The robbers did not see a bunch of notes totaling \$2,000. The manager of the bank, Notar Polier, disturbed the robbers. The local population believe Monette, the famous Montreal bandit, was leader of the yeggs, who escaped in an automobile.

WHY IS IT

that chronic skin diseases which have defied all other treatments yield to Zam-Buk? It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches disease centres in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.

Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure."

For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c box, 3 for \$1.25.

Careless Shampooing Spoils the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This irritates the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multifold coconut oil (which is pure and greaseless), and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifold coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

READY-TO-WEAR MILLINERY, SECOND FLOOR. Bedding. We extend a cordial invitation to visitors in the city to see the new fall displays in all departments.

J. H. CHAPMAN & Co., 239, 241, 243 Dundas St.

Scotland Woolen Mills Co Limited. Now For Your Fall Suit and O'Coat. Another consignment "direct from the mills." We are fortunate in being in a position to have these fabrics. They are absolutely new design and weaves. On account of the war it is difficult for many firms to secure supplies, and they were compelled to offer last year's effects. Our splendid mill connection gives us this advantage over all other concerns depending upon the "middleman." The lines we are putting on sale tomorrow are specially woven for custom tailor trade. You would not be able to secure them outside our own stores. We have had them fairly distributed to our Canadian branches. London is one of the fortunate ones. Now, we want you men who are particular about being in the latest fashion to come in and look these fine fabrics over. Nothing like them has ever been shown in London before. MADE STRICTLY TO YOUR MEASURE IN OUR BIG SUNLIT TAILOR SHOPS. ALL WOOL WORSTEDS! ALL WOOL CHEVIOTS! ALL WOOL IRISH TWEEDS! SELECT YOUR STYLE FROM ANY OF OUR 37 FALL AND WINTER STYLE PLATES. SAVE THE MIDDLEMAN'S PROFIT! SAVE THE MIDDLEMAN'S PROFIT! "MILL-TO-MAN" TAILORING. Scotland Woolen Mills Co LIMITED. 199 DUNDAS STREET. 30 CUSTOM TAILORING STORES. Hamilton, Brantford, Woodstock, St. Catharines, Welland, London, Kitchener, Galt, Guelph, Midland, Collingwood, Windsor, Sudbury, Sault Ste. Marie, North Bay, Sarnia, Cobalt, Parry Sound, Winnipeg, Medicine Hat, Alta.; Brandon, Moose Jaw, Edmonton, Port Arthur, Brighton, Belleville, Peterboro, Kingston, Ottawa, Detroit, Mich.; Akron, Ohio; Youngstown, Ohio; Havana, Cuba. OUT-OF-TOWN MEN. There are 30 branch stores of the Scotland Woolen Mills Co. If you are not located in any of these towns or cities, send your name and address and we will mail you our new fall and winter fabrics, style books and self-measuring chart. We guarantee to give you perfect satisfaction or return your money. Remember, we are doing an extensive business by mail order, and tailoring clothes for men in all parts of the Dominion. We save you 25 per cent to 40 per cent on your clothes. You have nothing to lose. We take all responsibility. Send today.

HOTELS OVERCROWDED SO SURPLUS FORCED TO STAY OUT OF CITY

1917 Exhibition Will Go Down as Unique in This Respect.

An attendance so great that hotel accommodation for the overflow had to be furnished in St. Thomas, will mark the Western Fair of 1917 as the biggest and most largely attended of any in the city's history.

After attempting to obtain rooms at every hotel in town hundreds of visitors went to St. Thomas to obtain sleeping quarters in the night.

Cafes and restaurants in the city also gave evidence of the immense crowds. Every place in the city where meals could be obtained was filled to the doors on Wednesday, not only at meal times but throughout the afternoon and evening.

After attempting to obtain rooms at every hotel in town hundreds of visitors went to St. Thomas to obtain sleeping quarters in the night.

Atwood Cheese Man Wins Six Firsts in Dairy Exhibit

ATWOOD CHEESEMAN WINS SIX FIRSTS IN DAIRY EXHIBIT

Makes Good Showing in Dairy Competition.

WESTERN FAIR RESULTS List of Prize Winners in the Cheese and Butter Classes.

Awards for exhibits in the dairy building have been announced. The exhibition was a good one, there being plenty of competition in every class.

MME. PETROVA THE LAW OF THE LAND At the Maestic Today and Saturday.

TAKING OF DRINK NOT "POSSESSION," SAYS MAGISTRATE

Momentary Holding of Bottle Insufficient for Conviction. PRISONER GOES FREE

Liberal Interpretation of Act—Man Who Took Purse Liberated.

At an extra sitting of the police court held yesterday afternoon Magistrate Graydon acquitted James Twell, charged with theft, and Claude Pearson of a breach of the Ontario temperance act.

Pearson's case was heard in court Wednesday, when the question of whether "possession" within the meaning of the act could be interpreted to mean the having of the bottle while taking a drink, or ownership. The magistrate accepted Pearson's word that the whisky did not belong to him, and that he was merely taking a drink from him.

As there was no evidence to prove that Pearson had taken the whisky to the place where he was caught, the magistrate thought it would be stretching the point too far to convict.

"I do not think that the act was framed to impose unreasonable hardships, and I have no hesitation in giving the prisoner the benefit of the doubt," said the magistrate in discharging the prisoner.

Pearson's subscription solicitor for a Chicago publication. His home is in Chicago.

In the case of James Twell, charged with the theft of a purse from the train here, the evidence for the prosecution was that Twell was seen on the train again, when the conductor asked him for the purse. He said he had dropped it in the gutter and went there and picked it up. Conductor Bailey and G. T. R. Constable gave evidence for the prosecution.

Miss Mary McKillop prosecuted and E. W. M. Flock defended Twell.

MOTORIZATION NEED SHOWN BY ACCIDENT TO FIRE DEPT. HORSES

Four Animals Slip While Answering Alarm Yesterday.

Four horses fell on the slippery pavements yesterday, when the fire department was responding to an alarm at Beattie Block, about 10 o'clock in the morning. One of them is painfully cut, and the others are bruised and shaken. The pavements were wet, and the animals had a hard time keeping their feet.

"We would not have this trouble with horses," said Fire Chief Allen. "The motor-driven apparatus is the thing." The fire did not amount to anything.

FOOD CONSERVATION. N. S. Davidson, M.P., of Toronto, will be in London to deliver an address on "Food Conservation." He is being brought to London by local women and will speak either in the Majestic Theatre or Victoria Park on Sunday evening.

CHURCH MUST LEAD IN RECONSTRUCTION WHEN WAR IS OVER

Rev. Dr. Sedgewick Discusses Situation Before Presbytery.

NATION-WIDE CAMPAIGN Arrangements Being Made for Greatly Extending Evangelical Work.

"That the church, as the agency of the kingdom of God, has much to do in the reconstruction period after the war, was the substance of an address delivered Thursday before the members of the London Presbytery at their fall meeting in the First Presbyterian Church, by the Rev. Dr. Sedgewick of Hamilton. Speaking on the general assembly's commission on the war, and the spiritual life of the church, Dr. Sedgewick addressed the members on arrangements to be made at the present time by the evangelized churches for a nation-wide campaign of evangelism, which in view of the possible ending of the war was to be undertaken as soon as possible.

All stipends are to be \$1,200, with house and the usual vacation, according to the report of the committee in charge of the matter, presented to the meeting by Rev. A. Brewster. The committee will visit all the congregations in the presbytery, in order that the action of the general assembly may be carried out.

Dr. McCrae Resigns. The resignation of Dr. McCrae, pastor of the Hamilton Road Church, was received and will be dealt with at the November meeting. The general assembly has granted Dr. McCrae leave to retire from the active duties of the ministry, and he purposes retiring towards the end of the year.

Sympathy with the moderator, Rev. W. S. McIntosh, and his wife, in the loss of their son, Gordon McIntosh, whose death occurred on the field of battle, was expressed on behalf of the members in a resolution signed by Rev. Dr. Sedgewick and Capt. Graham, in which feeling, reference was made to the sacrifice made by the son, and to the heroic courage, fortitude and confidence in the hour of danger.

Appreciate Sympathy. Mr. McIntosh, in thanking the members, told how much such little things mean to those who are suffering, and advised them never to refrain from speaking the consolatory word for fear of being thought too forward. He and his family felt that they should now try to live up to the example set by the son.

Rev. J. R. Harris was appointed for the next six months to Chelsea Green Church, retaining October 1. Knollwood Park Church will be visited by the home mission committee and a report will be made at the next meeting. In the meantime, Rev. A. H. Drummond will continue at Knollwood Park. Rev. G. S. Lloyd of Gloucester was given permission to moderate in a call to a ministry at Mossa to succeed Rev. Dr. Smith.

Call Rev. G. Munro. Rev. Stewart of Eaton presented a call for Lowell and McBride to Rev. G. Munro of St. David's in the Presbytery of Hamilton, which was signed by 112 members and 113 adherents. Messrs. Killian, Carroll, Graham and D. J. Turner are the sponsors on behalf of the congregation and urged that Mr. Munro accept the call, which was sustained and forwarded to him.

If he accepts, the induction will take place at 2 o'clock and a service to be fixed later at McBride's Church, with the moderator presiding. Rev. P. Jamieson of Melbourne will preach. Rev. J. Currie of Belmont will address the minister, and Rev. D. McKay of Dorchester the people.

Will Be Printed. A report on systematic giving was presented by A. S. McGregor, which will be printed and circulated, and the Layman's Missionary Association was the subject of a report by Froy, Peterson.

The last meeting of the general assembly was the greatest and finest in the history of the church, according to the report of Rev. D. Robertson of Mount Brindley, Rev. M. Crawford of Wilton Grove, Dr. A. J. Murray and W. S. Galbraith, who reported upon it.

The meeting adjourned in the afternoon at 10 o'clock in the evening, on the first Tuesday in November.

WILL RAISE STEAMER. SARNIA, Sept. 13.—The tug Michigan of the Great Lakes Towing Company left Port Huron yesterday afternoon for Georgian Bay, to assist the tug Favorite of the same company in raising the steamer Western Star, which was wrecked in the Georgian Bay district during the severe storms of the fall of 1915. This is the second effort made to raise this steamer by the Great Lakes Towing Company.

THAN DATE HUSBAND IS REPORTED AS MISSING. Smith Street Woman Puzzled by Message From War Office.

Mrs. H. Blackwell, 39 Smith street, whose husband, Pte. H. Blackwell, was reported "wounded and missing" in the official casualty list of Wednesday, has received a field postcard from her husband, written more than a month after the date he was officially reported to be missing.

The London soldier was reported wounded on July 5, according to the first message received by Mrs. Blackwell. The message was followed by another on Monday last, which stated that he was now reported both wounded and missing. The same date—July 5—was given in both reports.

The London soldier was reported wounded on July 5, according to the first message received by Mrs. Blackwell. The message was followed by another on Monday last, which stated that he was now reported both wounded and missing. The same date—July 5—was given in both reports.

A LAST CHANCE FOR HARVESTERS. Owing to the unprecedented need of farm laborers in Western Canada and the lateness of the harvest, arrangements have been made by the Canadian Northern Railway for an additional excursion on September 16th and 17th, from all points west of and including Ottawa, Ont., at the rate of \$12.00 to Winnipeg, plus half a cent per mile beyond. This will be positive-ly the last opportunity of taking advantage of a reduced fare to the West where high wages and every prospect of three months' work prevails. For tickets and all information apply to F. B. Clarke, city agent, or General Passenger Department, C. N. R., Toronto, Ont. 651-2xv

SAVED FROM DROWNING. SARNIA, Sept. 13.—A 13-year-old boy was saved from drowning in the St. Clair River, near the waterworks, Port Huron, by William Reynolds, an employee of the Stephenson Electric Company of that city. The lad was playing on the breakwater, when he fell in, and Reynolds, who was fishing nearby, immediately plunged into the river, and rescued him after he had gone down.

AMERICAN ANGLERS FINED FOR EXCEEDING BASS CATCH ALLOWANCE

As the result of representations made to the Dominion department of game and fisheries by Magistrate Graydon that he had been informed that American anglers were taking as high as 200 bass a day from the waters at Long Point, the case was investigated, and a number of fishermen fined.

The magistrate's attention was brought to the violation of the laws by anglers who had gone to Long Point for a brief vacation.

The maximum number of bass that one person can catch is eight, but the American fishermen threw away all nine, and caught all that would nibble the bait.

WEATHER INSURANCE MEN MEET AT FAIR

The Western Farmers' Weather Insurance Company held its monthly meeting in the tent at the Fair grounds on Thursday. Among those present were: President David Bails, St. Marys; Vice-Presidents Columbus Ross of Embro and H. Hensworth of Gowling; John Davidson of Milverton; James Davidson of Atwood; George Melndrum of Guelph; John McLevin of Hickson; also Valuator McKay of Harrington. Secretary E. L. Sutherland, and Managing Director George McIntosh of Embro.
