FILLING UP THE SENATE.

Special to The World.

OTTAWA, Jan. 7.—Two out of the three vacancies in the Senate have been filled by the appointment of Dr. Chas. Doucet Casgrain of Windsor, Ont., and Mr. Samuel Merner, ex M.P of New Homburg, Ont., as representatives of the French and German elements respectively. One vacancy remains in Ontario, but it is said that several other seats will soon be empty and further appointments will then be made.

The Canada Gazette to-morrow will contain notice of the advancement of several Civil servants as well as the usual formal notices and names of candidates successful at the Civil Service examinations.

RAILWAY COLLISION NEAR CHICAGO.

An Express Train on the Burlington and Quincy Meets With a Mishap.

CHICAGO, Jan. 7.—An accident happened this morning on the Chicago, Burlington and Quincy Railroad, near Downer's Grove, fourteen miles from Chicago. The Keithsburg express was delayed, and a suburban train left Aurora ahead of it, but side-tracked at Napierville to let the express pass.

The latter train went by, but when two miles west of Downer's Grove it was stopped by the freight train, the engine of which had "given out."

The suburban train was following close on the express, and before it could be stopped came crashing into the sleeper. The pilot of the engine ran under the trucks with such force as to lift the car high in the air and a moment later it fell back on the engine, completely demolishing the forward part.

The passengers in the sleeper were badly scared and shaken, but no one was seriously hurt. The only injuries were those received by Riley Cronk, the news agent, and Conductor Willard of the suburban train. Cronk's finger was lacerated by flying glass. Willard was sitting by a window and the shock forced his head through it. He escaped with a few cuts.

THE QUEENSBURY DIVORCE CASE.

The Noble Marquis, Separated from His Wife, Lives With Another Lady.

EDINBURGH, Jan. 7.—The Marquis of Queensbury, who is being sued for divorce, has not lived with his wife for twelve years. Shortly before they began to live apart the Marquis admitted another lady into his house who became a regular inmate of his establishment. His connection with this woman is made the basis for the suit. Neither the lady nor the Marquis will deny the charge of adultery, which the marchioness makes against her husband. The case will be tried in Edinburgh because the Scotch law grants a wife a divorce for adultery alone.

Extreme Cold in Chicago.

CHICAGO, Jan. 7.—The mercury fell steadily in this city until 4 o'clock this morning, when the thermometer registered fourteen degrees below zero, and at 6 o'clock had risen to ten degrees below, and has since remained stationary, and according to the signal service reports will probably continue to do so for the next twenty-four hours. At St. Paul the thermometer stood thirty-two degrees below, while the extreme northern Minnesota and Canadian stations had not sent any reports.

A MILLIONAIRE'S WILL.

Bequests by the Late John S. Newberry, of Detroit.

DETROIT, Mich., Jan. 7.—The will of the late John S. Newberry was read last night. The estate amounts to $4,250,000. To the widow is bequeathed $1,000,000 stocks and bonds, beside the homestead, the summer residence and personal property. He leaves a large amount in small sums to his employes. The residue is divided into five parts, of which four go to the four children and the fifth is vested in the widow, except the payment of certain legacies; but he says his wife will understand that the property is to be used liberally for educational and benevolent purposes. Several amounts are specified, including $4000 to local charities; $10,000 each to the Boards of Home and Foreign Missions of the Presbyterian Church and to the Trustees of the Board of Education of the Presbyterian Church, and $5000 to the Presbyterian Board of Publication, for Sabbath school work, besides smaller amounts bringing the total to $90,000, while the total amount intended for benevolent purposes is much larger.

Driven Insane by Slander.

MIDDLETOWN, N.Y., Jan. 7.—Ollie Brower, the 19-year-old daughter of Herman Brower, a glove manufacturer, was committed to the State Insane Asylum yesterday. Her insanity is said to have been caused by reports circulated about town by John W. Baird, defaming her character. Miss Brower's father recently brought suit against Baird for $10,000 for slandering his daughter's good name, and Wednesday, as Miss Brower was leaving Bull's Opera House, Baird exclaimed in the presence of a number of people: "There goes my $10,000 beauty." This seemed to affect the girl very much, and a short time after she had returned home she became insane and made a desperate attempt to kill herself. Baird is 20 years of age and a native of Kansas. A wealthy uncle died some months ago and left him all his property.

The Loss of the Harvey Mills.

SAN FRANCISCO, Jan. 7.—The officers and crew of the ship Harvey Mills, which was reported wrecked last night, numbered 24 men. The captain and three men attempted to leave the ship in a boat which, however, capsized as soon as it left the ship's side, and it is believed all were drowned. Four others took to a raft, but they have not since been heard of. Mate Cushman and three of the crew also left the ship on a raft, but before they were picked up one of them went crazy and jumped overboard. The remaining twelve stuck to the ship, and as the survivors saw her go down all on board must have perished.

Refused Permission to Enter England.

ATLANTA, Ga., Jan. 7.—It has just been learned that the British Government refuses to allow the Gate City Guards to enter England. It is supposed this action was taken because Capt. J. S. Burke is an Irishman.

The guards proposed to make a tour of the principal cities of the continent in full uniform and bearing arms. By special invitation, King Leopold of Belgium was to inspect them and be present at several of their public manœuvres. They are to be accompanied by Col. Emmons Clark of the Seventh Regiment of New York and several prominent citizens of Atlanta.

THE CLAIMS OF CAVALRY.

AN EFFORT TO HAVE A SCHOOL ESTABLISHED IN TORONTO.

The City Council Meeting—Ald. Macdonald's Opinion of the Globe—Resolution Congratulating the Emperor of Germany—One More Meeting.

The adjourned meeting of the City Council was held yesterday afternoon. At 3.25 all the members were in their places with the exception of Ald. Crocker, Lamb, Shaw and John Woods, and business occupied their attention until nearly 6 o'clock.

When order was called, Ald. Baxter asked that the minutes of the previous meeting be read. It appears that the previous meeting was called for the night of the municipal elections. The only members who appeared were Ald. Baxter, Ald. Carlyle of St. Thomas' Ward and City Clerk John Blevins. The meeting was conducted with the decorum becoming so august a body. Ald. Carlyle moved that the roll be called, and Clerk Blevins read out the 36 names in a solemn tone. Then Ald. Carlyle moved an adjournment and the two Aldermen went off to see how the elections were going. When this circumstance was explained, Ald. Baxter agreed to dispense with the minutes.

Ald. Macdonald rose to a question of privilege. He said that in classifying the members of the new council the Globe had put him down as a Conservative and had also classed him with the anti-Temperance men. All he could say was that it was a rotten and corrupt paper and he despised it.

A communication was received, signed by Jas. B. Baldwin, Captain and Adjutant of the Second Regiment of Cavalry, and addressed to Sir John A. Macdonald, in reference to the establishment of a cavalry school of instruction in Toronto. It shows that the number of cavalry in Ontario is 1017, more than one-half of the whole cavalry force of the Dominion, and points out that the majority of Canadian cavalrymen are liable to be pitched at any moment, through not having any proper training. The only cavalry school in the Dominion is at Quebec, and the accommodation there is insufficient, besides being too far distant. A cavalry school could be stationed in Toronto in the same premises as "C" School of Infantry.

After deductions made by the County Judge the total assessment for 1887 is $82,962,053. The amount deducted by the County Judge was $137,989.

Messrs. Foster, Clarke & Bowes sent in a bill of $59.90 for services in connection with the Street Railway Company's appeal against their assessment.

In Committee of the Whole the clause in the works report granting permission to the Northern Railway Company to erect a ticket office at the foot of Simcoe-street was referred back. The Mayor stated that the railway had refused to pay the city about $60,000 which had been awarded against them by arbitration, and until that is paid the city should not show them any favor whatever. The application of Wm. Stonehouse for leave to open a forty-foot street, with a swell in the centre to sixty feet, was referred back on motion of Ald. Walker. The street was to extend from Dufferin-street to Gladstone-avenue. The claim of Peter McIntyre for a $25 refund was once more thrown out, this time finally.

The Board of Works reported that Mr. R. Robinson, to whom was awarded the contract for constructing section No. 3 of the Don improvement scheme had declined to carry out his contract unless he were awarded that for No. 2 also. Mr. R. Macdonald, of Manning & Macdonald, had stated that his partner, Frank Manning, had assigned his interest in the contract to him, and with the consent of the committee he was prepared to give security and carry out the contract. They therefore recommended that section No. 2, including the bridges, be given to Mr. Macdonald on his giving satisfactory security, and that in the event of the city not being able to compel Mr. Robinson to carry out his tender for section No. 3 the same be proceeded with as far as it is expedient under the supervision of the Engineer's Department, in order to furnish immediate employment for the purpose of testing the practicability and economy of the city doing its own work. This report was adopted, with the addition that the excavations be done by the city and the Engineer furnish the council with detailed periodical reports of the work.

A bylaw was passed to prevent the erection of brick-veneered buildings on wooden foundations. The enactment reads: That from and after the passing of this bylaw, it shall not be lawful for any person or person or corporation to erect, within the limits of the City of Toronto, any brick-veneered building on wooden foundations, or to veneer with brick any wooden building heretofore erected unless brick or stone foundations shall have been first erected or placed under such veneering. The penalty is a sum not exceeding $50 for each offence.

Ald. Steiner moved a resolution, which is to be engrossed and forwarded, congratulating His Imperial Majesty William, Emperor of Germany, on the attainment by His Majesty on March 22, 1887, of the patriarchal age of 90 years.

Ald. Carlyle pointed out that the congratulations were a little premature, since it was only January and the birthday would not be until March. Perhaps it might never come to pass. The Mayor said it would be a compliment to Ald. Steiner and would not hurt the Emperor, and the resolution was adopted. Ald. Piper suggested that Baron Heimrod and Ald. Steiner be a deputation to present it, but this was not acted upon. Ald. Frankland predicted trouble with the French, and asked to have appended to the resolution that it was only adopted out of courtesy to their brother alderman.

Mr. A. R. Boswell was reappointed the city representative on the Public Library Board.

The Mayor announced that the final meeting of the council for 1886 would be held next Friday evening.

THE RECOUNT DOES DR. DOWLING UP

Mr. McAndrew Demands a Scrutiny in Renfrew and Gets a Majority of Nine.

PEMBROKE, Jan. 7.—The recount for South Renfrew, which has been going on here before His Honor Judge Deacon for the past few days, terminated last night at a late hour, and resulted in the return of Mr. McAndrew by a majority of nine. At the close of the poll on Dec. 28 the former member, Mr. Dowling, was declared elected by a majority of two. Dissatisfied with this, Mr. McAndrew, Dr. Dowling's opponent, demanded a recount. The recount of the ballots placed the candidates in the following position:—McAndrew, 1050; Dowling, 1041; Tierney, 199; majority for McAndrew, 9. Mr. McAndrew is a thorough gentleman, and has attained a high position in the estimation of the better class of the residents of South Renfrew. Mr. Thomas Deacon, Q.C., and Mr. H. Deacon acted for Mr. McAndrew at the recount, and Mr. Craig, of Renfrew, and Mr. J. H. Metcalf, of Pembroke, acted for Dr. Dowling.

Mr. McAndrew is well-known in Toronto. He only left here last summer to practice law in Renfrew. He graduated in arts in the University of Toronto in 1881, studied a year in Edinburgh and then returned to Toronto to enter on the study of law. He was a member of the firm of Lawrence, Milligan & McAndrew of this city for a short time. Mr. McAndrew will take a pretty independent course in the Legislature. Though a Reformer he had all the Reform organization and the Reform candidate, Dr. Dowling, directed against him.

HAMILTON MATTERS.

Accused of Burglary—Bravery Recognized—Tobogganing Accident.

HAMILTON, Jan. 7.—Daniel Hurley, a respectable looking young man about 21 years old, was arrested yesterday by Detectives Doyle and Campbell on suspicion of having been connected with the burglary at Mr. Ellis' grocery, corner James and Cannon-streets. The Board of Trade Favor it, Merchants Want it, and the People Will Have it.

HAMILTON, Jan 7.—At a public meeting held to-day under the auspices of the Board of Trade, the question of a winter carnival to be held here was discussed. All the merchants present were greatly in favor of the project. The Mayor said the council would grant a reasonable amount of money, and it was unanimously decided to go on with the scheme. A large general committee was at once formed, and from the enthusiasm displayed it is certain that the carnival is to be a great affair.

The H. and N. and N. Railway Consolidation.

HAMILTON, Jan. 7.—The legislation for the consolidation of the Hamilton and Northwestern and the Northern Railways, which are now working under a pooling arrangement with regard to earnings, will probably be opposed by the Board of Trade as it is by the City Council. The Hamilton and Northwestern has a debt amounting to $19,810 per mile, while the liabilities of the Northern are $34,465 per mile, and this city is a shareholder of the Northwestern to a considerable amount. The permanent consolidation of the roads would relieve the burden on the Northern but at the expense of those interested in the Northwestern. The Board of Trade will take some action in the matter to-day. The present working agreement was made for twenty-one years, and seven years have now expired.

Several Stores at Forest Burned.

FOREST, Jan. 7.—At 7 o'clock this morning fire broke out in W. M. Vanvalkenburg and M. Brock, and were occupied by R. Mellick, residence and restaurant; Pollock & Anderson, storeroom and the Dominion Organ Company's agency. C. Robinson's billiard room was emptied of its contents, as were also the rooms overhead, occupied by himself as a residence, but the building could not be saved and went with the others. Mostly insured.

LIEUT.-COL. ARTHURS' FUNERAL.

A Large Turn-out of Prominent Citizens and the Military.

The funeral of the late Lt.-Col. Wm. Arthurs took place from his residence, 168 Richmond-street west yesterday at 3 p.m. The Queen's Own Rifles, from which corps the deceased had retired when Senior Major, with his brevet rank, mustered about 200 strong under Lieut.-Col. Miller and Major Hamilton, Capt. Murray acting as Adjutant; and with their bugle band marched without music to the house. There they were joined by their band and representatives from other corps, and a squad from the Body Guard. The New Fort was represented by Lieut.-Col. Otter himself; the Grenadiers by Capt. Manley; and the Artillery by Capts. Mead and Beaty, and Lieutenants Irving and Myles.

The service at the house was read by the Rev. Arthur Baldwin, assisted by the Rev. Dr. Potts. The coffin was surrounded by beautiful flowers. Besides tributes from the relatives of the deceased, there was one from the Queen's Own Rifles, and another from the National Club.

To mention those present would be to give a list of the prominent citizens of Toronto, from the Lieutenant-Governor down. Major Fred Dixon headed a large contingent of the Queen's Own Veteran Corps, who were conspicuous by their silver maple leaf and mourning badge.

The cortege moved off at 3.20, the following being the pallbearers: Commodore McGaw, Dr. Thorburn, Lt.-Col. Gilmore, Messrs. John Ross, (of St. Catharines), J. V. Wright, Kenneth Miller, W. Thomas, Capt. Dick and A. McNabb. The chief mourners were John Leys, and Allen, youngest son of the Colonel.

The procession was headed by the band of the Queen's Own Rifles, and the route was Simcoe, King, James and Carlton to the Necropolis.

The streets were in many places lined with spectators, and the sorrowful faces showed how well-known and respected was the late Col. Arthurs.

"Muggs' Landing" will be given at the Toronto all next week by Miss Frances Bishop, supported by a strong New York company. Miss Bishop is of the Lotta style, and is said to be a bright little actress, possessing a fine voice, besides being an excellent dancer. The New York Herald says of Miss Bishop and her play: "There was a large audience at the Opera House last evening to witness 'Muggs' Landing,' and the manner in which the 'mugs' were generally suffused with smiles proved that company and play were 'up, away up,' in the opinion of the auditors."

Next Thursday evening in Shaftesbury Hall Rev. Dr. Pepper, a Methodist clergyman of Ashland, Ohio, will lecture on "The Ireland of To-day," under the auspices of the Toronto branch of the Irish National League. Dr. Pepper's reputation as an orator is well known, and he will no doubt draw a large audience.

The first of a series of concerts, to be known as "Saturday Popular Concerts," at really popular prices, 15 and 25 cents, with good talent, will be given in Shaftesbury Hall to-night, under the direction of Mr. J. Churchill Arlidge, whose reputation as a flute soloist is well known. The other artists will be Miss Corlett, Miss Berryman, Mr. Sims Richards and Mr. E. W. Schuch.

The seats for the Carreno-Huntington concert in the Pavilion Music Hall on Monday night are selling rapidly. The concert will be not only a fashionable one, but perhaps the best we may have this season.

THE WORKINGMEN'S PARLIAMENT.

Where Grievances Are Freely Discussed and Remedies Suggested.

Municipal and other matters were handled with the usual vigor at the Trades and Labor Council's meeting last night. Business on the order sheet was light, and the session was short. The absence during the earlier part of the meeting of President Whitten gave Vice-President George Beales an opportunity to display his ability as presiding officer. He added lustre to his name by scornfully denying that he belonged to a "ring," as was basely hinted by a belligerent brother. The Don improvements were well talked over, and the Municipal Committee was instructed to appear before the City Executive Committee and urge that as much as possible of the work be done by the day, and that in every case Toronto workingmen be given the preference over outsiders.

The Legislative Committee in their report suggested that notwithstanding the defeat of all but one of the Labor candidates in the provincial elections the membership of the various labor organizations throughout the province should be further advised as to their duty on such occasions. They thought that all persons having less than $800 income should be exempt from taxation, and that the property qualification should be reduced. A suggestion was made that a permanent committee be appointed to see that the names of all wage-earners were placed on the voters' lists. The report was adopted.

The credentials of these gentlemen were received as delegates for the ensuing year: James Clagston, Wm. Thomas, and Richardson Harrison, L.A. 3499; Chas. Dundas, Thos. I McDonald jr., and Robt. Jack, L.A. 2211; J. Guest, E. Rush and J. Whalen, L.A. 2622; Wm. Phillips, Messrs. Westcott and Guest, L.A. 5742; R. Davis, D. Long and J. Wood, Amalgamated Society of Carpenters and Joiners; H. E. Griffiths, Hy Davis, and M. J. Ottman, L.A. 2782; Wm. Knight and Edward Chimson, Cigar Makers' Union No. 27; Jno. Booth, Builders' Laborers' Union; Jno. Bailey, L.A. 5743; W. Stott and James Munro, L.A. 3490; Wm. McFarland, 5579; Chas. March, D. J. O'Donoghue, J. T. Gilmour, L.A. 2305.

At the next regular meeting new officers will be nominated and elected.

A Canadian Novel.

An Algonquin Maiden, a romance of the early days of Upper Canada: By G. Mercer Adam and A. Ethelwyn Wetherald; Toronto: Williamson & Co.

This is a pretty and interesting story of Canadian life in the days when Toronto was Little York and Sir Peregrine Maitland was Governor of the province. The tale is woven from somewhat meagre material, and the action shows nothing of an exciting or tragic nature, save in the death of the heroine, but as a love story it is creditable to the authors. The descriptive work of Miss Wetherald, it being understood that that lady contributed largely in that direction, is well done, and the reader finds the freshness of the woods and the perfume of the cedars in the paths where she leads him. The hero is Edward Macleod, son of a retired commodore of the British navy, who had come to make his home in the new land. The scene opens in York, then shifts to the shores of Lake Simcoe, in the neighborhood of Barrie, between which and the settlement at Oak Ridges the action alternates. Macleod loves and has a matrimonial eye upon Helene De Berczy, a young lady who lives with her parents in the suppositious luxury of colonial times at the Ridges, but the gentleman spending the summer on the shores of Kempenfeldt Bay meets the Algonquin maiden, and as man is fickle ever he pursues the new flame with ardor and much to the discomfort of Helene. The manner of his meeting with the Algonquin is realistic and might be considered rude by some, but the way in which the incident is related leaves little room for fault finding. The interest of the story centres in the varying fortunes of the lovers and finds its climax in the death of the Algonquin, who, Hiawatha like floats away to the unknown in a bark canoe. The book is neatly got up, the print is large and its contents can be mastered at a sitting. Besides the interest which attaches to it as the production of a lady and a gentleman well-known in literary ranks hereabouts, it possesses merits which commend it to lovers of light reading.

How Mayor Howland Feels.

—Mayor Howland must feel extremely gratified to Toronto's citizens for the "notable majority" he had. Mr. Blain must also be congratulated for the vote he polled (and it was merited). Another candidate for the city is "Strathern," who will please the ladies in the bargains they get in toys, sleighs, etc., fancy goods, in fact one of the choicest assortments of toys, sleighs, baby carriages, etc., in Toronto is at 179 Yonge-street. x

A GREAT WEEK OF CURLING

PROGRAM OF THE INTERNATIONAL BONSPIEL IN TORONTO.

Four Brothers' Tournament At Moss Park—Death of Mr. Pete Collins—Hanlan and Gaudaur—Officers of the Dog Sports Club.

Arrangements have been perfected for the International bonspiel, to be played in Toronto Wednesday next. Mr. J. S. Russell, the Secretary of the Ontario Branch, has charge of the details, and has been indefatigable in preparing the program, which, it is safe to say, will meet with the approval of the army of curlers who will be in attendance. The bonspiel promises to be the largest—as it will be the most interesting ever played on this continent. Four hundred or more curlers will participate in the contest.

The present indications are that the United States will send fifty rinks, ten more than was originally expected, and to repel this invasion into Canadian territory about one-half of the ninety clubs allied with the Ontario Branch are sending one rink each. The United States will be represented by rinks from Buffalo, Jersey City, Cleveland, Milwaukee, Chicago, Brooklyn, Ogdensburg, Albany, Utica, Newark, Manhattan, N.J., Mosholu and New York City, Gotham, with Ogdensburg and Milwaukee, will be represented by more than one rink. Upon the following places will devolve the duty of upholding Ontario's reputation: Sarnia, Toronto (4 rinks), Hamilton (2 rinks), Aurora, Lindsay, St. Catharines, Seaforth, Waterloo, Brampton, Scarboro (3 rinks), Collingwood, Niagara, St. Mary's, Orillia, Markham, Thamesville, Brantford, Bowmanville, Peterboro, Woodbridge, London, Chatham, Paris and Cobourg. In the event of any of these places failing to send rinks the Toronto clubs will make up the deficiency.

The bonspiel will be "curled" on the bay if suitable ice can be got, but as this is an improbability, arrangements have been made to play in all the city rinks, which will furnish twenty-eight rinks of open air ice and about a like number under cover. As the United States curlers have expressed a desire for open air ice their wishes will be met as far as possible. The program provides for the drawing Tuesday night at Mr. Russell's office, and play will begin at 11 o'clock Wednesday morning, and will be continued until 1 o'clock, when an hour's adjournment will be made for luncheon. At 2 play will be resumed, and will be concluded at 4, or when twenty-five ends have been played. Players will easily be distinguished as the visitors from the other side will be decorated with a blue ribbon, while the Ontario representatives will wear red. Col. A. A. Stevenson of Montreal will act as umpire.

The visitors will be entertained at dinner at 8 o'clock Wednesday evening at the Walker. Among the distinguished personages expected are Lieut.-Governor Robinson, Hon. Oliver Mowat, the United States Consul, President Flavelle (of the Ontario Branch, who will preside,) and Vice-President Berwick of the Grand National Curling Club of the United States and a member of the Buffalo club.

On Thursday the Stewart medal competition will be decided. The trophy is given by Mr. A. M. Stewart of the Scottish American to be played for by the natives of any one county of Scotland against any other county, but now residing anywhere on this continent. The medal is held by Lanarkshire and is in the custody of Mr. Geo. H. Gillespie of Hamilton. The United States curlers will take advantage of the occasion to play several of their club matches, and the Four Brothers' organization, to which quite a number of the visitors belong, will also battle for supremacy. The Toronto club will play the New York State clubs, Chicago and Milwaukee, with whom they have old scores to settle.

Four Brothers' Curling Club Tournament.

The eighteenth annual tournament of the Dominion of Canada Four Brothers' Curling Club will take place on Moss Park Rink Tuesday next. The first draw has been fixed for 10 a.m, the annual meeting for election of officebearers at 1 p.m., the second draw at 2 p.m., and the third draw at 6 p.m. These hurried arrangements have been found necessary so as not to interfere with the great International match on the following day. It is expected that from twelve to fourteen rinks of Brothers will be present to compete for the Malcolm medal and other prizes.

The invitation of the Brothers' Club has been accepted by the curlers of the United States to play a match on Jan. 13 at 10 a.m., with at least ten rinks a side, for a medal and ten barrels of flour to be given by the winners to ten of the charitable institutions of Toronto. It is the wish of the curlers interested that Mayor Howland name the most deserving charities and make the presentations.

On the afternoon of Jan. 13 the Brothers' Club will also play simultaneously against Milwauke, Ogdensburg and Cleveland for three G.N.C.C. medals not yet competed for, and at the same time and place the Caledonian Curling Club of New York will play a friendly club match of three rinks against the Moss Park Club. This, with other matches that are in prospect, will fill up next week and give our curling friends from over the borders ample opportunity to enjoy themselves around the Tee.

Death of Mr. Peter Collins.

Mr. Peter Collins, who was well known to every horseman and sporting man in Ontario, died at his home in Dundas yesterday morning. For some months his health had not been of the best, but neither he nor his friends had any apprehensions that his end was near. On Wednesday he complained of feeling badly, and went to bed. During the night, when his brother went to awake him to administer medicine, he found the patient dead. The news of his death was received with much regret in Dundas where he was very popular and highly respected. About eight or nine years ago he published in this city the Sporting Times and Gentleman's Journal, and was a high authority on all sporting matters, particularly regarding equine pedigrees, in which he was considered to be the best posted man in Canada. About two years ago the Guelph Turf Club presented him with a gold watch in recognition of his services as official handicapper for that organization. Mr. Collins was 50 years of age and was unmarried.

Hanlan and Gaudaur.

A paragraph recently appeared in the St. Louis Republican stating that Mr. Roche should claim forfeit of Hanlan on the half completed match with Gaudaur, the presumption being that Hanlan would start for Australia early in the spring. Under date of Toronto, December 29, Hanlan writes to the Turf, Field and Farm as follows:

If Mr. Dick Roche ever sees that $500 he made so much talk about at the St. James' Hotel last September, I have greatly overrated my ability as a sculler. I expect to row and beat Gaudaur. I might say to you that I am the only man who ever brought the championship of the world to America and held that title against all comers in this country for many years. I lost it with Beach in Australia. Wm. Beach visited England and all our crack oarsmen, including Gaudaur, Ross, Teemer, Hosmer and last, but not least, George W. Lee, tried to bring back to this country the championship, but I am sorry to say that it is as far off as ever. Beach and myself will row on the Nepean River, N.S.W., Australia, in November, 1887, for $500 aside and the championship of the world. Yours truly,

EDWARD HANLAN.

A Series of Chess Matches.

The Snowshoers' Tours.

NEW YORK, Jan. 7.—The Canadian snowshoers, after spending the day in sightseeing, left for Albany at 6.30 to-night.

General Notes.

The canine fanciers of Guelph talk of getting up a dog show.

It is probable that New York will have both Kelly of Chicago and Denny of St. Louis on its league team next season.

Thos. Stevens, the bicyclist, who left San Francisco on a bicycle tour around the world in April, 1884, arrived there yesterday from Japan.

The members of Glen Grove Club will assemble at the Guns in the Park at 3 o'clock this afternoon and at 3.30 start out on a drive to the Club House.

The Toronto Dog Sports elected the following officers at the Dog and Duck Hotel last night: Hon. President, John Millett; President, Wm. Clow; Vice-President, Walter Over; Secretary, Robt. Junor; Treasurer, John Goss; Solicitor, F. M. Morson; Pathmaster, John Oulcott; Committee, James Hatch, D. G. Lorsch, A. Smith, J. Worden. The club will hold its first winter meeting at Oulcott's, Saturday next.

SEPARATE SCHOOL FINANCES.

The Annual Report Shows a Balance on Hand—Thanks and Speeches.

The Separate School Board of 1886 held its final meeting at the De La Salle Institute last night. The meeting was in an upstairs room, owing to the board room being in the hands of workmen who are modernizing it. The Chairman, Very Rev. Father Rooney, V.G., was in his place, and the other members present were: Vicar-General Laurent, Rev. Fathers Bergin and McCann, Dr. Cassidy, and Messrs. Petley, Herbert, Ryan, C. Burns, W. Burns, Curran, Vincent, Hennessy, Fraser and O'Connor.

The business of the evening was the consideration of the annual financial report which was presented by the sec'y-treasurer, Rev. Father Bergin, and read by Assistant-Sec'y John G. Hall. It was an elaborate affair, and a recapitulation showed that the receipts were:

Municipal Taxes	$19,058.00
Parkdale "	145.19
Tp. York "	481.86
Gov't Grant	2,220.[illegible]
Rent of fence at King and Bathurst-sts	45.50
Imperial Bank rebate	5.25
	$21,955.30

The disbursements were:

By Imperial Bank over draft	$ 187.09
" St. Paul's School	316.00
" St. Mary's "	355.50
" St. Thomas' "	59.45
" St. Patricks' "	222.15
" St. Vincents' "	98.62
" St. Helen's "	131.85
" St. Peter's "	85.50
" St. Joseph's "	62.55
" De La Salle Institute	446.61
" Salaries	13,005.86
" Insurance	270.80
" General Purposes	4,460.70
" Real Estate	269.28
" Balance in Bank	1,983.54
	$21,955.30

Rev. Father Bergin, in presenting the report, explained that because of certain payments having to be made the actual balance on hand was only $665 instead of $1983.54, as stated in the report. He took occasion to say that in retiring from the board, after four years' service, he wished to express his thanks for the kindness he had met with from the members and from city officials, particularly the City Treasurer and his assistants.

Votes of thanks were tendered to Rev. Father Bergin, on his retirement; to Vicar-General Rooney, for his services as chairman; to His Grace the Archbishop, who is the local superintendent; to Brother Tobias, the Inspector, who spoke highly of the schools as compared with similar schools which he visited during a recent European tour; to the chairmen of committees; to Assistant-Secretary Hall; and to Auditor Hennessy.

In replying the chairman referred to the great changes and vast improvements that had been made in Separate School affairs since he first became a member of the board twenty-seven years ago. He denied the statement that the schools were getting undue advantages and claimed that while they had obtained privileges to which they were entitled there were others which they had not yet received.

A Moulders' District Union Formed.

A convention of moulders thirteen unions in the province being represented, was held in this city on the 4th, 5th and 6th instants at which a District Union was formed. The officers of the District are: John Jeffries, Oshawa, President; John J. Rogers, Toronto, Vice-President; Fred. Walters, Hamilton, Secretary; Samuel Tyrell, Guelph, Treasurer; Executive Board—Robert Emmet, Toronto; James Ripley, Hamilton; H. Stephens, Belleville; James Cowie, London; H. Rutkins, Peterboro. The unions were ably represented by the delegates, the majority of whom left for home Thursday night greatly pleased with the treatment they received at the hands of the members of Union No. 28 in this city. It is confidently felt that much good to the moulders' trade will result from the formations of the assembly.

In Better Quarters.

No more enterprising or successful business firm exists in this city than Simpson & Co., who are now located at 66 and 68 Yonge, between King-street and Melinda. These premises are well adapted for the firm's extensive and constantly increasing trade, being commodious, well lighted and centrally located. The ground floor is devoted to every branch of the retail dry goods trade, the second floor to carpets, the third to wholesale staples, and the fourth to wholesale fancy goods. The stock in each of these departments is complete, and its aggregate value is nearly a quarter of a million. The firm makes a specialty of selling goods by packages and in cutting lengths to dealers, and to the public at large, at wholesale prices for cash. In their old quarters on Colborne-street the firm established for itself an enviable reputation, and by a like policy in the future will endeavor to merit the patronage of its patrons.

Humber Bay Notes.

The new postoffice is well patronized. Subscribers to The World get their morning paper at 7.45 a.m.

On Wednesday Engineer Stokes inspected the work on the new Humber bridge. The centre span is now in course of construction. The bridge will be a very substantial structure.

Sleighing on the Lake Shore-road never was better. Farmers are taking advantage of the good roads and are bringing in hay in large quantities.

The Humber Bay presents a beautiful scene, and the winter landscape is most enchanting from High Park to the River.

The Metropolitan Toboggan Slide.

Those who desire a few hours' recreation at grand and exciting sport should not miss the Metropolitan Street Railway toboggan slide this afternoon and evening. This slide is certainly the finest in America, having four chutes nearly half a mile in length in splendid condition. Judging from the merry and fashionable party of young ladies and gentlemen who were patronizing it Thursday evening to their great enjoyment, the Metropolitan slide will soon become the favorite and most pleasant resort of this kind.

Prohibitory measures—Toronto has a right to expect great things from the newly elected aldermen. Citizens who study the mercury say that it is in the habit of taking a drop too frequently. If the aldermen do not insist upon its taking the pledge quinn will sell all the woollen underwear yet in stock.

Jack Carroll Gets Five Years.

If Kingston Penitentiary's walls and locks are strong enough, Jack Carroll, the young desperado who was captured the other night shortly after committing a burglary, is stowed away for five years. That was the sentence which the Magistrate dealt out to him yesterday for having burglarized Jury & Ames' tailor shop. Three previous convictions were read against him.

That Railway Appointment.

Mr. Lucius Tuttle was appointed Passenger Traffic Manager of all the lines of the Canadian Pacific Railway, with headquarters at Montreal, and not General Passenger Agent, as published by The World and other papers. Mr. D. McNicoll remains the efficient head of the general passenger agency. The mistake was made by conflicting the two offices.

Branch Telegraph Offices.

The C.P.R. Telegraph Company have opened branch offices at Scott's drug store, corner Gerrard and Ontario-streets, and at Wallbridge's store, south-west corner of Queen and Parliament-streets. These offices will be a great convenience to the public living in the northeast and eastern part of the city.

"Billy" Dalziel Committed For Trial.

The Dalziels, William and Annie, nephew and aunt, were before Col. Denison yesterday, William on four charges of forgery and his aunt on one. There was no evidence against Miss Dalziel and she was discharged, and so was William on a similar charge. But he was committed for trial on three others.

His Conscience Pricked.

Mrs. Ashall, who keeps a jewelry store on Yonge-street, received a letter yesterday from "one who desires to do right," enclosing a crisp $10 bill and saying that some years ago he had received that amount too much from her in getting change.

$1,000,000 Reward.

—Any person finding he can't get a "fit," no matter if he's a "head," or "dead head," or "great head," or "always ahead," or "its "a head," or "largest head," or "smallest head," or "funniest head," or last of all the "*Sensible Head*," who goes to Dineen, the great Hatter and Furrier in Toronto, cor. King and Yonge-street. Who will call and get the reward? x

A DYNAMITE CONSPIRACY.

A LETTER FROM THE AUTHORS OF THE SAN FRANCISCO EXPLOSION.

They Have a Powerful Organization, Which Originated in Chicago, Directly After the Haymarket Affair, and They Are Going Right Forward.

SAN FRANCISCO, Jan. 7.—The Examiner this morning published a letter from the alleged authors of the dynamite explosion of the cable road in Ninth-street on Wednesday night. The letter is written with red ink on coarse brick-colored paper, and is signed "August Howlitz." It states that the persons responsible for the explosion are members of a powerful organization which originated in Chicago directly after the Haymarket affair. The letter further states that the dynamiters have no connection with the Carmens' Union, and that the latter is utterly ignorant of who the dynamiters are. The letter concludes as follows: "We have a program laid out for a series of dynamite explosions, and shall go forward in earnest if the roads persist in refusing the carmen their just rights."

PRAYERS FOR POLITICIANS.

Suggested by the Hon. Oliver Mowat—More Christianity in Election Contests.

The services held in the Metropolitan Church last night were in connection with the anniversary of the Toronto Branch of the Evangelical Alliance. The proceedings were of an interesting nature. Hon. Oliver Mowat presided, and in a brief address referred to the gratifying spirit of unity existing among the evangelical churches of the city. The excitement of the recent provincial and municipal elections, and the contemplation of a Dominion one at an early date, was of immense importance, as all legislation depends upon and grows out of every election and suggests lessons to all, the most important of which was that these contests should be conducted in a Christian spirit. It was well known that much evil was connected therewith, despite the laws regulating the purity of elections, which are violated in many places. The sin of bribery and other election offences were committed, and the necessity of greatly raising the moral tone was easily apparent. Men noted for their uprightness in their dealings were in election contests oft times guilty of an infraction of the law. The franchise was a sacred trust, and demands greater attention than it has received. Whilst all classes had been the subject of prayer, nothing specific had been done for the politicians, who needed prayers as much as any class of the community. The subject required Christian thought and teaching, and more of the church's prayers.

The report of the secretary-treasurer was read, dealing with the work of the branch during the past year. In moving the officers for the current year, President Castle gave an interesting sketch of the formation and growth of the association, and Rev. Dr. Potts, in seconding the resolution, dwelt upon the principles which drew into the membership of the alliance all the churches of Protestant Christendom.

The officers are: President, Hon. Mr. Mowat; Vice-Presidents, Rev. Wm. Reid, D.D., Principal Castle, D.D., Rev John Burton, B.D., Rev. H. Grassett Baldwin, Rev. Henry M. Parsons, President Wilson, LL.D., Rev. Samuel Rose, D.D., Rev. B. C. Thomas, D.D., Hon. S. H. Blake, Q.C., Rev. Dr. Potts, Rev. Principal Caven. Council—Messrs. John Macdonald, J. S. Blaikie, H. E. Clarke, M.P.P., A. McDonald, S. C. Duncan-Clark, W. B. McMurrich, Daniel McLean, H. J. Clark, Rev. Elmore Harris, J. J. Woodhouse; Secretaries, Rev. Ira Smith, J. J. Woodhouse; Treasurer, J. J. Woodhouse.

Mayor Howland discussed mission work and the great results that could be accomplished in this city if the work would only be undertaken. He believed in any agency—the Salvation Army among others—to reach the people. Although Toronto was far ahead in this respect, the churches, nevertheless, did not possess sufficient room for its constantly growing population.

The services were closed with prayer, in which reference was made to one mother's request for prayer for her four children, and to another's for her son's success in missionary work in Africa.

The Madras Disaster.

MADRAS, Jan. 7.—It is officially stated that 405 persons were burned to death in the incendiary fire which destroyed the reserved enclosure in the People's Park last week.

Sudden Death of Mr. Joseph Davids.

Mr. Joseph Davids had just crossed the threshold of his house at Norway yesterday afternoon, when he staggered and fell dead. The case was unusually sudden. Mr. Davids had just returned from the city, where he transacted some business and appeared to be in his usual good health. Heart disease was the cause of death. Mr. Davids was an old resident of Toronto. He carried on business as a druggist for years, and sat at the Council Board as alderman for St. Thomas' Ward. He subsequently was a deputy Reeve of York Township and a member of the County Council. Mr. Davids was at Ridgeway with the Queen's Own.

Trouble With a Custom House Entry.

N. H. Hirschburg, a customs broker, doing business at 56 Yonge-street, is accused of altering an invoice placed with him by Manager Holmes, of the Merchants' Despatch & Transportation Company, to pass through the customs a consignment of ten bales of hops. Upon presentation of the altered invoice the customs clerks discovered that it was not the one sent to Mr. Holmes, but in its altered form made a difference of $60 in favor of the consignee. Mr. Holmes, when called upon, pronounced the invoice a forgery and produced the cheque for the correct amount which had been given to Hirshburg, and which the latter had cashed. The matter has, it is said, been referred to Ottawa to determine the line of action to be taken.

St. George's Society.

At the monthly meeting last night of the St. George's Society, held at the rooms, 7 Louisa-street, it was found desirable to promote social intercourse among the members by introducing topics of general interest at the monthly meetings. Nine new members and four life members were elected. The annual meeting of the society will be held in Shaftesbury Hall on the first Friday in February.

PERSONAL.

Mr. Goschen, who takes the Chancellorship of the Exchequer in Lord Salisbury's Cabinet, is very near-sighted, wears glasses and has a husky voice, but is a learned man and a strong speaker.

Gladstone was paid $1250 for his article in the Nineteenth Century on Lord Tennyson's new poem, which is one of the largest if not the largest price ever paid in England for so short an essay.

Mr. Erastus Wiman entertained Mr. Bengough, of Grip, at dinner at the Hotel Brunswick, New York, last night. Nast, of Harper's Weekly; Keppler, of Puck; Gillam, Hamilton and Hart, of Judge; Mitchell, of Life; De Grimme, of the Telegram, and Willing, of the Royal Canadian Academy, were present.

A Relic of "Pete."

News will be found in another column of the death of "Pete" Collins, well-known to all Canadian sporting men. Nearly seven years ago when The World was an infant quite Pete was winding up the affairs of the sporting paper he at that time published in an upstair office in Adelaide-street. The World was a neighbor and hard up for furniture. Pete had a desk to sell a dicker was made; and ever since that time the night editor of this paper has done his work at Pete's old walnut desk. It will be all the more revered now that Mr. Collins is no longer.

The Main Issue Now.

Current rumor says that the Dominion elections are near at hand; and we know that anyway they cannot be very far off. What is the main issue now?

Some issues that have largely filled the public mind of late are dying out now; while others are taking a rest, and are getting into the background, to say the least. In Quebec the Riel issue has been played for all it is worth; the bolt is shot, and it will not interfere in the Dominion elections, except, as we suggested yesterday, in Sir John's favor by the law of political compensation. The most enthusiastic advocates of Ontario's provincial rights cannot put a very high estimate on the probable influence of their particular craze on the Dominion contest. In some respects heretofore undetermined, provincial powers are now fixed, and the fight is over. Is the country now to be asked to whack most laboriously with the flail on straw that has already gone through the thrashing machine? Not a very sensible proceeding, we should say. Let bygones be bygones. As an old diplomatist once said to a younger brother of the craft: "Always accept established facts."

One fact of immense importance to Canada there is, which is not yet *quite* established as it ought to be. And that is—the acceptance of the National Policy of Protection to home production. Many political leaders of high position in the Grit party are avowedly hostile to it. Others there are who would like to see it "knocked out," but who for fear of their constituents dare not say it out loud. Always bear this in mind, and never swerve from it, not an inch, no, not half an inch. No Protectionist candidate ever pretends to be a Free Trader; that is a thing positively unknown. But Free Trade candidates are always putting on Protectionist clothes—stealing the livery of Heaven to serve the devil in, as we may say. Hypocrisy is the homage that vice pays to virtue. Show us a Protectionist hypocrite, if you can—that is, a man who is really a Protectionist, but who pretends to be a Free Trader. No such man can be found, either in Canada or the States. But we can show you lots of the other kind; the woods are full of them, of men who are bent on downright lying and deceiving, pretending that they are in favor of Protection, while they are bitterly opposed to it.

The circumstances of the time will certainly compel definitions on the main issue. Give provincial rights their swing just now; the swing back again will come when it is realized that the province tends to Toryism, and the Nation to Liberalism, almost every time. The few exceptions there are help to prove the rule. Consider provincial rights settled, also the question of Canadian Pacific Railway policy. The latter, we fancy, has settled itself. What Dominion issues now remain?

We reply, the one great issue of the National Policy. The disappearance of the provincial powers fight, of the Riel issue, and of the Pacific Railway issue, clears the way. Not since Confederation has the way been so well cleared before. Now let us have a straight-out fight on the question of National Policy, and let Mr. Blake and other prevaricators and dodgers toe the mark, if they dare.

Dr. Schliemann, the famous antiquarian, has unearthed a lyre five feet high. The Ottawa correspondent of the Chicago papers is bigger than that.

Erastus Wiman predicts that should the C.P.R. telegraph system freeze out the Great Northwestern, it will become a worse monopoly than the latter is. Erastus predicts too much, but perhaps Canadians might prefer a native monopoly to one controlled from New York.

Mr. Bishop, the mind-reader, is accused by the Post of leaving Washington without paying a hotel bill of $50. Probably he could not read that bill—in his mind.

The Indian is mighty particular. Salt Lake redskins take it as an affront that negro soldiers should be sent to garrison a fort in their vicinity, and threaten to raise large crops of wool shortly, or else reports therefrom are colored.

A description of the work upon the Panama Canal reports that ice costs eight cents a pound on the isthmus. In this glorious climate a pound of ice will fall off an eavetrough and pound you on the head for nothing at all. Globe editors who growl about the cost of living in Canada under the N. P. should reflect that they do not know when they are well off—for ice.

There was a time when Sir Charles Tupper had great influence in the Mail office, but things have changed since then. Still if any man can consummate a scheme to either buy out or choke off that journal, the Cumberland war horse is the man.

The Hamilton Spectator insists that Mr. Mowat is not a Christian politician. Well, you must at least admit that he is the most popular heathen in this section of Christendom.

Gen. Boulanger will not permit the use of any but steel writing pens of French manufacture in the military schools of France. Were he a Canadian minister he would have to face an election cry for free pens.

Among Mr. Gladstone's birthday presents were three mince pies and a box of pills—the bane and the antidote.

It was not so much of a trick for Mr. Mowat to save the country after all. It has been on ice ever since he issued his final pastoral as bishop in partibus infidelium.

With two elections over and a third one in sight, this is a great winter for the back townships entirely. A thing of politics is a jaw forever.

These scientists will be the death of us yet. Their latest discovery is that straw in the horse car generates, propagates and cultivates crops deadly diseases. Of course the car companies ought to heat their caravans, but of course they will not, therefore our voice is still for straw, and more straw. In this case straw shows which way the mercury is blowing.

It is stated from Chicago that the agitation against Powderly has practically collapsed. The vast majority of Knights are too sensible to go before the public without Hamlet.

Guessing at the exact date of the federal elections is idle. No one out of the Cabinet knows whether the day and date have been fixed, but probably not. Once this is settled the public will not be long in suspense, and it will be settled soon.

... a mistake to ask admission ... such weather as this. Any ... incorporate a blizzard ... be coldly regarded by

the electorate. Let our neighbors take warning by Canada. We never knew here what a cold wave was until after we opened the back door to let in Manitoba and her prairie sisters. They have been blowing about it ever since, and their breath is often more bracing than genial. As the wild winds of Dakota are about ten per cent. stronger and ten degrees colder than those of Manitoba, it would be unwise for President Cleveland to permit them to blow around the place where his whiskers ought to be. As Dakota goes Republican he is not likely to make any such mistake, so long as he has the rheumatism.

The Globe ought to explain what it means by its babble about the comparative prices of tea in England and in Canada, and what that has got to do with the N.P. There is no duty upon tea coming into Canada.

A Tupper to the rescue! There is some talk of Sir Charles opposing Mr. Blake in West Durham, but he will probably find plenty to do elsewhere. Anyhow when Tupper is about there is sure to be lots of fun and fighting.

The proposal to substitute Mr. A. P. Landry of Kent, N.B., for Mr. Costigan in the Dominion Cabinet does not look like a decline of French influence. Mr. Landry is the Acadian leader in his own province, and therefore a man of influence, while Mr. Costigan has lost his hold of the Irish Catholics generally, through the Home Rule complication. But what does the Mail say to Mr. Landry?

Has the agitation for a President of the City Council any connection with Mr. Howland's aspirations Ottawward? The Mayor's absence during a session of Parliament would necessitate some arrangement of the sort. The World moves that in such contingency Ald. Baxter fill the chair. He is a solid man, and when he sits down upon a point of order it is left not worth a bent pin.

The Mail rather discredits the rumors of an early dissolution of Parliament, but as the Mail is no longer an organ it probably knows no more about the matter than the rest of us.

The defeat of Rev. Dr. Laing of Dundas, who sought re-election as a school trustee, is one evidence that clergymen often make trouble for themselves when they mingle in political faction fights. Mr. Mowat has revenge upon his reverence, such as it is.

TRUTH.

'Twas heard upon the city streets
Not very long ago
What interests the human race,
The highest and the low.

'Twas not a Grit was found to vote
Upon the Tory side,
Nor a reporter for the press
Confessed that he had lied.

'Twas not that John A. said to Blake,
"You are the better man,
Come here and step right in my place,
I can't do right, you can."

'Twas not that Blain to Howland said,
"Toronto voted fair,
Come temperance ladies carry him
And place him in the chair."

'Twas if diseased the lungs should be,
And if the blood's not pure,
Try Dr. Jug's great medicine,
That sure and certain cure.

A LABOR SCARE IN LONDON.

A Crowd of Unemployed Men Besiege the Government Offices.

LONDON, Jan. 7.—The West End had another labor scare to-day. Crowds of unemployed workmen assembled in front of the offices of the Local Government Board and demanded relief. Mr. Ritchie, president of the board, received a deputation from the crowd outside, but said he could promise nothing. When the crowd were apprised of this they hooted the Government and marched to Trafalgar Square, where an indignation meeting was held and resolutions were adopted protesting against the apathy of the Government. Many of the residents and shopkeepers in the vicinity of Trafalgar Square, fearing the breaking out of new socialistic riots, closed their shutters and barred their doors, but the meeting dispersed quietly.

What Would the World do

—without woman? asks the essayist who starts out to say something new on this oft-treated subject. Of course the human element of the world would not exist without woman, so the question is gratuitous. It would have been far more sensible to ask: What would the world do without the salvation of woman, without a panacea for her physical ills and a cure for her peculiar diseases. In a word, what would the world do without Dr. Pierce's "Favorite Prescription," the great remedy for female weaknesses? It is indispensable for the ills of womankind.

Another Tie-up Threatened.

NEW YORK, Jan. 6.—It is predicted that a "tie-up" will occur in Brooklyn within forty-eight hours on the lines of the Brooklyn City Company and the Broadway New York Company, should they not recede from the position they have taken. The time-tables issued by both of these lines are obnoxious to the men.

$1000 Forfeit!

—Having the utmost confidence in its superiority over all others, and after thousands of tests of the most complicated and severest cases we could find, we feel justified in offering to forfeit One Thousand Dollars for any case of cough, cold, sore throat, influenza, hoarseness, bronchitis, consumption in its early stages, whooping-cough and all diseases of throat and lungs, except asthma, for which we only claim relief, that we can't cure with West's Cough Syrup, when taken according to directions. Sample bottles 25c and 50c. Large bottles $1. Genuine wrapped only in blue. Sold by all druggists, or sent by express on receipt of price. John C. West & Co., Toronto. ed

—The great lung healer is found in that excellent medicine sold as Bickle's Anti-Consumptive Syrup. It soothes and diminishes the sensibility of the membrane of the throat and air passages, and is a sovereign remedy for all coughs, colds, hoarseness, pain or soreness in the chest, bronchitis, etc. It has cured many when supposed to be far advanced in consumption.

The new leaves turned over to-morrow will be numerous enough to make you think Spring has come.

—Ayer's Cherry Pectoral is commended by eminent physicians, on both sides of the Atlantic, as the most reliable remedy for colds, coughs, and all pulmonary disorders. Inquire of your druggist for Ayer's Almanac. d

His Last Resort.

—Mr. Richard Rowe of Harley, Ont., was afflicted for four years with dyspepsia. Two experienced doctors treated him. Getting discouraged, he tried Burdock Blood Bitters. He states that two bottles cured him. He is now doing heavy work and as well as ever. 246

Australia's Wheat Harvest.

MELBOURNE, Jan. 6.—The wheat harvest in Victoria is 12,000,000 bushels, an average of twelve bushels per acre. The exportable excess is 150,000 tons, or 60,000 tons over that of the preceding year.

$500 Reward!

—We will pay the above reward for any case of liver complaint, dyspepsia, sick headache, indigestion, constipation or costiveness we cannot cure with West's Vegetable Liver Pills, when the directions are strictly complied with. They are purely vegetable, and never fail to give satisfaction. Large boxes containing 30 sugar-coated pills, 25c. For sale by all druggists. Beware of counterfeits and imitations. The genuine manufactured only by John C. West & Co., Toronto. ed

—Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism, and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood. d

Make good resolutions even if you are afraid you can't keep them. If you break them it's very easy to make new ones just as good.

—Why will you allow a cough to lacerate your throat and lungs and run the risk of filling a consumptive's grave, when, by the timely use of Bickle's Anti-Consumptive Syrup the pain can be allayed and the danger avoided. This Syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

Tosso, the Violinist, Dead.

CINCINNATI, Ohio, Jan. 6.—Prof. Jos. Tosso, a celebrated violinist, died at his home in Covington, Ky., to-day, aged 85 years. He has become famous throughout the country by reason of the composition of the quaint melody, the "Arkansas Traveler."

Faithful.

—J. R. Faithful, of Stroud, Ont., says he suffered from quinsy for several years, until cured by Hagyard's Yellow Oil, which medicine is a specific for all painful complaints. 246

Oyster plates of cut glass are novel, and have places for five bivalves.

—A. B. Des Rochers, Arthabaskaville, P.Q., writes: "Thirteen years ago I was seized with a severe attack of rheumatism in the head, from which I nearly constantly suffered until after having used Dr. Thomas' Eclectric Oil for nine days, bathing the head, &c., when I was completely cured, and have only used half a bottle."

Dynamite Outrage in San Francisco.

SAN FRANCISCO, Cal., Jan. 6.—An attempt was made last night to blow up the cable railway on Larkin-street. A dynamite cartridge was used and the concussion was terrific, the masonry was badly shattered, the pulleys upon which the cable runs were broken and the foundation of the tunnel was cracked.

To Our Readers.

—If you suffer from headache, dizziness, back ache, biliousness or humors of the blood, try Burdock Blood Bitters. It is a guaranteed cure for all irregularities of blood, liver and kidneys. 246

The Express Robbers.

ST. LOUIS, Mo., Jan. 6.—The Adams Express robbers, Fred Wittrocks, W. W. Haight and Thomas Weaver were taken to the penitentiary to-day. Dan Moriarty, in charge of a detective, arrived from Kansas City this morning. It is supposed he was brought here to testify in the coming trial against Fotheringham.

Lamps of cut glass are the latest thing in extravagant illumination.

—For the thorough and speedy cure of all Blood Diseases and Eruptions of the Skin, take Northrop & Lyman's Vegetable Discovery. Mrs. B. Forbes, Detroit, had a running sore on her leg for a long time; commenced using Northrop & Lyman's Vegetable Discovery, and she is now completely cured. Her husband thinks there is nothing equal to it for Ague or any low Fever.

Fan screens show innumerable varieties of designs.

Cannot be Excelled.

—"I have pleasure in saying that Hagyard's Pectoral Balsam cannot be excelled for curing colds, coughs and loss of voice. It cured my brother completely." So says Ira McNead of Poplar Hill, Ont., regarding this reliable remedy. 246

—One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine. Buy a bottle, and see if it does not please you.

Soup plates and spoons are much smaller than of yore.

Among the new toys for boys are boats run by electricity.

—Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.

A CARD.

"JUNE OF LIFE" ASTHMA CURE.
TESTIMONIALS.
The proprietor of "JUNE OF LIFE" was cured of Asthma 10 years ago, after suffering over 20 years from it.
MR. JOHN SENNOTT, of Toronto, writes: "I suffered from Asthma when a child, and for nine years, taking many medicines without relief, till I got two bottles 'June of Life,' which cured me completely, and I can recommend it to other sufferers from Asthma.
(Signed) JOHN SENNOTT."
MR. ROBINSON, of 21 Arthur-street, Toronto, writes: "I take great pleasure in recommending your 'June of Life' to parties suffering from Asthma. I was a great sufferer from it for eight years, and tried every kind of Remedy I heard of, as well as a great many doctors, without relief. I was unable to lie in bed for a week at a time, and was seldom free from suffering till I took your 'June of Life,' about six years ago. Since then I have been a different man, never losing any rest or suffering any inconvenience from it since, and I think any one giving it a fair trial cannot fail to receive benefit by its use.
Truly yours,
46 (Signed) THOMAS ROBINSON,
21 Arthur-street, Toronto.

EPPS'S COCOA.
BREAKFAST.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—"*Civil Service Gazette.*"

Ayer's Cherry Pectoral
Will cure a Cold more thoroughly and speedily than any other preparation in use. This medicine is especially beneficial in all affections of the Throat and Lungs, and affords effectual relief even in the advanced stages of Consumption. Thousands of cases of Pulmonary diseases, which have baffled every other expedient of human skill, have been completely cured by the use of Ayer's Cherry Pectoral. "For fifteen years I was afflicted with Lung troubles. Ayer's Cherry Pectoral relieved the distressing symptoms of this disease, and entirely cured me. It is the most effective medicine I have ever used.—C. M. Fay, Prof. of Anatomy, Cleveland, Ohio.

While in the army I contracted a severe Cold, which settled on my Lungs, resulting in exhausting fits of Coughing, Night Sweats, and such loss of flesh and strength that, to all appearance, Consumption had laid its "death grip" upon me. My comrades gave me up to die. I commenced taking Ayer's Cherry Pectoral, and it
CURED ME.
In the twenty years that have since elapsed, I have had no trouble with my Lungs.—B. B. Bissell, Editor and Publisher *Republican*, Albion, Mich.

Ayer's Cherry Pectoral cured my wife of Bronchitis, after friends and physicians (so severe was the attack) had almost despaired of her life. She is now in perfect health.—E. Felter, Newtown, O.

When about 22 years of age, a severe Cold affected my lungs. I had a terrible Cough, could not sleep, nor do any work. I consulted several physicians, but received no help until I commenced using Ayer's Cherry Pectoral. I continued to take this medicine, and am satisfied it saved my life.—C. G. Van Alstyne, P. M., North Chatham, N. Y.

Last year I suffered greatly from a Cold, which had settled on my Lungs. My physician could do nothing for me, and my friends believed me to be in Consumption. As a last resort, I tried Ayer's Cherry Pectoral. It gave immediate relief, and finally cured me. I have not the least doubt that this medicine
SAVED MY LIFE.
I am now ruddy, healthy, and strong.—James M. Anderson, Waco, Texas.

Ayer's Cherry Pectoral cured me of Throat and Lung troubles, after I had been seriously afflicted for three years. The Pectoral healed the soreness of the Lungs, cured the Cough, and restored my general health.—Ralph Felt, Grafton, O.

Twenty years ago I was troubled with a disease of the Lungs. Doctors afforded no relief, and said that I could not live many months. I commenced using Ayer's Cherry Pectoral, and, before I had finished one bottle, found it was helping me. I continued to take this medicine until a cure was effected. I believe that Ayer's Cherry Pectoral saved my life.—Samuel Griggs, Waukegan, Ill.

Being at all times anxious to meet the wants of the Insuring Public, in any way that experience and caution recommend as desirable, the Directors are much gratified to find that the Company's Commercial plan, as improved during the latter part of the year, has been largely appreciated and adopted by insurers. The regular cost, after admission, for a Commercial Policy, is only $3 a year per $1000 for expenses, and at ages 31 to 35, $2.05 a quarter, payable on fixed quarter days named in the policy, making the total cost $11.20 for a policy of $1000, or $112 for a policy of $10,000. The usual level premium for a $10,000 Policy at age 30 is $227, and at age 35 $263.80. More than double that of the Commercial Plan. During the years of life in which life insurance is specially needed, the cost on this plan will be only about one-half that of the ordinary plans, or for the same payment double the amount of insurance can be obtained on the Commercial Plan.
No extra charge is made by this Company on the premiums on its Tontine or Semi-Tontine Policies, but the Premiums are the same as on its like ordinary policies. The investment feature of Tontine insurance has induced thousands of young men to take out policies who have no need of insurance of any other form. It offers an investment that is far better than a savings bank fund, inasmuch as once begun there is not half the likelihood of a failure to keep up the contract as there would be if the money was accessible at any time. More than this, it cates a habit of saving that will be of inestimable benefit to every young man in his es[illegible] ng. Full information furnished on application to

THE HOME CLUB AND THE UNIONS.

A New York Trades Union Paper Denounces District 49.

NEW YORK, Jan. 7.—The Journeymen Brewers' Union continues to wage a bitter war on the Home Club element and District 49. The official organ of the trade will to-day contain an editorial denouncing the Knights' alleged treachery and a specification of the particular acts of injustice which they are alleged to have committed. The article charges the Home Club and the Pythagoras Hall Executive with the following acts of animosity:

That they have opposed and vilified the trades-union movement in general. Specially by an opposition to establish trades-districts within the order.

That they extended only a lukewarm support to the eight hour movement of last May.

That they organized trades assemblies in unnecessary opposition to open unions, a procedure by which small assessments generally served as a catch word in order to compete with a well established and good union. Thus the capitalistic principle of cheap goods and bad quality found its way into the organization.

That trades or mixed assemblies frequently initiated scabs and suspended members of an open trades union.

That there has been unwarranted interference between an open union and its opponents among the employers of labor.

That they have, in several instances where arbitration has been applied, feathered their own nests in such a way as to make the principle of arbitration, in practice, synonymous with boodle transactions.

NEW YEAR'S WEDDING BELLS!

I.

Faster, faster, Dobbin, my boy,
Faster over the frozen snow,
What with my love and the frosty air,
I and my heart are all aglow.
Aye, all aglow. Next week we wed,
And Jenny's hand will be her's no more.
So faster, Dobbin, with your jingling bells,
I've a list to fill at Walker's store.

II.

Yea, Dobbin, my boy, when Jenny's "Yes"
Gave life a thrilling rapturous joy,
I thought of a home so sweet and dear,
And every pleasure without alloy;
And the wise little woman said:
"Our home must be furnished, so don't forget,
'Walker's Weekly Payment' is the wisest plan,
So Walker's store you'll please select."

III.

So Dobbin go faster to Walker's Store,
There's kitchen and parlor to furnish well,
Tables and chairs and knives and forks,
Carpets and curtains—well, I can't tell.
I'm mixed a little about the wants.
But stoves I'll get at the cheapest price
And parlor curtains and bed-room suites,
And table linen and everything nice.

IV.

Go faster, Dobbin, before I forget
About pictures and clocks, oil cloth—Oh my!
The hanging lamp nearly slipped my mind,
And what is there else that I should buy?
Oh, chinaware: yes, and an easy lounge,
An umbrella stand and a hat-rack, too,
Some rods for the stairs, and a parlor suite—
I'm mixed. By gracious! what shall I do?

V.

Whoa! Dobbin: I've got it—we're here at last.
Mr. Walker will help me; I'm sure he will.
He's been married, so, of course he'll know,
There's nothing like having been "through the mill."
He'll help me to choose just what I need,
He'll tell me just what I ought to pay,
And, Dobbin, between us, I promise to do
Exactly, precisely what he may say.

OVER.

Faster, faster, Dobbin, my boy;
Faster over the frozen snow,
Walker furnished my home with all things good.
And half that he sold me I really don't know.
