

SEVEN YEARS FOR WESSON THE FORGER

He Pleaded Guilty to All the Seven Charges. Said He Operated Under Direction of Another, And Placed the Blame on One Schmitz.

Seven years in Kingston Penitentiary. That was the sentence handed out to H. T. Wesson, alias Albert Evan, the check forger, who pleaded guilty to having forged four and uttered three checks on different banks.

Mr. A. M. Lewis, who appeared for the prisoner, asked that the latter might be put in the box to testify on his own behalf. He said that his right name was H. T. Wesson and that he came with Johnson City, Tenn. E. S. A. He said that his father was an insurance agent in that city.

BROOKLYN WEDDING

Hamilton Man to Bring Home Beautiful Bride.

Brooklyn, N. Y., Jan. 21.—A very pretty home wedding was held last evening at No. 956 Gates avenue, when Miss Florence Van Nostrand, daughter of Mr. and Mrs. George Van Nostrand, became the bride of George Hopper, of Hamilton, Canada.

The ceremony was performed at 7 p. m., Rev. Dr. George A. Kris officiating. The bride, who looked very pretty and was given away by her father, wore an elaborate gown of white chiffon, trimmed with duchesse lace.

New York, Jan. 21.—Just to prove that Cupid is no respecter of age, William Brook Mason, a negro, who gave his age as 128 years, to-day applied for a license at the marriage bureau.

When some lightning calculator had figured that the would-be bridegroom was three years old at the time of the Boston tea party, A.—I went to dinner at the tower, but did not go alone.

HARRY THAW'S YOUNG WIFE

Was Sullen and Answered Questions Very Curtly.

Tells Her European Travels With Thaw in 1903 and 1904.

Denied the Statement in the Hummel Affidavit.

New York, Jan. 21.—When District Attorney Jerome resumed his cross-examination of Evelyn Nesbit Thaw at the trial of her husband to-day he reverted to her European travels with Thaw in 1903 and 1904.

Like the direct inquiry, the cross-examination of the witness lost effect from repetition, no new facts having been unearthed to confound Mrs. Thaw with up to this time.

Mr. Jerome here produced the photographic copy of the famous Hummel affidavit, and had the witness identify the signature.

CUMMINGS INQUEST.

THE MAN IN OVERALLS

The glorious climate of California is nothing to this.

People should not require to be 'shooed' off the ice by Mr. Macdonald. They should know enough to keep off.

Mr. Studholme will have to 'make good' the coming session of the Legislature. There are others after his job.

Another moral is—Don't starve the fire brigade.

The thrillers in the Thaw trial don't seem to thrill this time. The public is callous, and the sobbing sisters sob in vain.

There are many backsliders on the streets these days.

Have you been mentioned as a Mayoralty candidate yet? Call up the Herald and get it fixed.

Emerald street is not the only street that should be opened up. I don't like those dead ends.

Steer clear of the grip if you can. It's sometimes worse than the smallpox, only the latter is not fashionable.

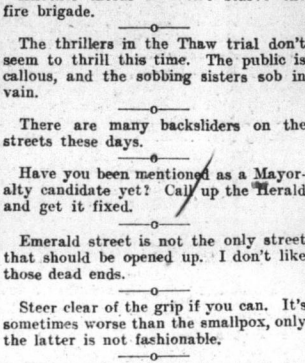

Will the Horticultural Society decide this evening to give us one of its old time shows some time this year?

A ST. CATHARINES WEDDING THAT DID NOT COME OFF.

Strange Story of Two English Ladies Who Were Stranded in This Country.

St. Catharines, Jan. 20.—(Special)—Two women, who recently immigrated from England to Canada, have had experiences which they will certainly not care to have repeated.

The women were thus alone in a strange city and almost without funds. They appealed to Rev. Robert Ner, rector of St. George's Church, showing him a strongly worded letter of recommendation from the vicar of their home parish.

WIND UP AFFAIRS.

THREE REPRESENTATIVES DEAL WITH SOVEREIGN BANK. More About Morgan Loan-Were Paying It Off in Large Weekly Installments.

Toronto, Jan. 21.-While all the branches of the Sovereign Bank were apportioned to the different financial institutions interested in the absorption,

the conduct of affairs at the head office has been left in the hands of three trustees.

Chief Ten Eyck saw there was no hope to save the building or any part of it after the wall had fallen, and the men were all kept away from the walls.

The fire died down of its own accord about 10 o'clock, and the crowd, which was merry and laughing till the wall fell, went home in bunches.

Policemen were kept on the ground most of the night to guard the live wires which covered the ground.

S. J. Hilton, a grocer at Stanley avenue and Locke street, and his son, A. J. Hilton, a friend of the fire, when they noticed a blaze in the back of the shed.

The two of the men who were sent out for a ladder, Wadsworth and Stinson, had a narrow escape from being buried, and the ladder they dropped was demolished almost before it touched the ground.

At the time of reorganization, it is understood, the directors of the bank were assured of financial support in the effort for re-establishment.

The sum of \$500,000 would have enabled the bank to weather the gale.

At the same time, it was owing to Mr. Morgan and his interests that the bank was not forced to go into liquidation last June.

The present debt of the Sovereign Bank to the Morgan interests is \$2,241,000.

The indebtedness has been steadily growing since the organization, when the loans scattered among the banks of Europe amounted to over \$3,300,000.

Nearly every cent of these foreign loans was made during the last two years, and this was the real danger point when the present manager took over the control formerly held by Mr. D. M. Stewart.

As these loans fell due the money to pay them was advanced by Mr. Morgan until he was a creditor to the extent of over \$2,000,000.

During the present financial crisis in the United States money continued to be loaned by the Morgan firm.

The reason generally assigned for the assistance proffered by these outside institutions is that between them they held over one-third of the capital stock of the bank.

The Dresden Bank held 5,400 shares and Mr. Morgan in the names of other New York men, shared valued at over \$500,000.

Since the reorganization, the Dresden interests have decreased their holdings over 200 shares and Mr. Morgan not at all.

GROCCERS' GUILD CASE.

It is announced that the Grocers' Guild case, which has been hanging for over two years, will be brought on at Toronto, on February 10.

Mr. G. T. Blackstock, for the crown, yesterday stated that the defence asked for a postponement, which he opposed.

The defence has a plea about a witness on the Pacific Coast who cannot be here.

If they have an affidavit to present to the court of course it will have to be considered.

"Died in the discharge of his duty" is a fitting epitaph for poor Roy Green. It would be as well for the public not to judge young Kirkpatrick in his unfortunate trouble...

Mr. W. Mackenzie King's report on Jap immigration makes it very clear that the blame does not lie with the Japanese Government. Canadians are the chief offenders.

Bank of Hamilton, Hamilton, November 30th, 1907.

Hon. William Gibson, in moving the adoption of the report, said that the banks of Canada had passed through a very trying time during the past year, and that the excellent statement submitted should be gratifying.

What has taken place during the past few months showed the excellence of our banking system as compared with that of our neighbors to the south of us.

While complaints had been made that the banks of Canada had treated their customers in a niggardly way, the customers of the Bank of Hamilton had no reason for complaint.

Every legitimate customer of this bank, who desired money for legitimate business, was treated fairly and squarely.

Attention of the Canadian banks in these matters during the time of monetary disturbance was in the best interests of the people of Canada.

In their bank, they did principally a commercial business on very careful lines.

Large sums of money had been drawn from all the banks by reason of the tightness of the money market.

The Bank of Hamilton seemed to have retained the confidence of the public.

At former meetings he had referred to the popularity of the stock of this bank.

ing to the General Manager, Assistant General Manager, Agents and other officers of the bank for the efficient performance of their respective duties.

This was replied unanimously, and Mr. Turnbull replied on behalf of himself and staff.

By a unanimous vote, the shareholders passed the by-law for the establishment of the pension fund and authorizing the directors to carry it into effect.

The following gentlemen were unanimously elected to the Board of Directors for the ensuing year: Hon. Wm. Gibson, J. J. M. Hendrie, C. C. Dalton, George Rutherford, Cyrus A. Birge, C. G. Dalton, Toronto.

At a subsequent meeting of the Board of Directors, Hon. William Gibson was elected President, and Mr. J. Turnbull Vice-President.

OPERA HOUSE CASE.

Appeal by Defendant Argued at Toronto Yesterday.

The following Hamilton cases were up at Osceola Hall yesterday: Bell Telephone Co. vs. Windsor, Essex & Lake Shore Rapid R. W. Co. — J. R. Marshall for plaintiffs.

Motion to continue injunction adjourned for two weeks. Injunction continued meantime. Mills vs. Small — J. L. Connell (Hamilton) for defendant.

Appeal from order of a divisional court, dismissing appeal by defendant from judgment of Riddell, J., in favor of plaintiffs in an action to recover money due for work done for defendant upon the Grand Opera House, Hamilton, under a contract with the plaintiffs, Messrs Fuller, Clafin Co., 8450 and 8300 for extra services, the plaintiff Righetti & Co., the plaintiffs Rober & Sumner Co., \$218.50, and plaintiff Mills \$45.28.

The Divisional Court (Meredith, C. J., McMahon J., Magee, J.) dismissed the appeal with costs, without prejudice to any action which might be brought by plaintiff to recover damages for breach of alleged covenant that building would be completed for \$22,500.

BRITANNIA RINK.

Lot of Special Attractions at This Popular Place.

There will be special events galore to please the patrons of the Britannia roller rink during this week.

On Wednesday afternoon a special matinee will be held for ladies.

A band will be in attendance and play a pleasing skating programme.

On Friday evening a balloon race, something entirely novel and very funny, will be put on.

All attending will be treated to the best evening sport they have enjoyed in a long time.

This was the night on which the fourth event in the one mile championship series should have been skated.

On Saturday afternoon and evening special musical sessions will be given. Prof. Lonsa's band will be in attendance at both sessions.

Praise for Grand Trunk Chicago Service.

The District Passenger Agent of the Grand Trunk received a letter from a prominent Toronto business man who has just returned from a trip with his family to Chicago.

It was a most agreeable trip and enjoyed every minute of it.

The run to and from Chicago was delightful, and we were never more comfortable or better taken care of than on this trip.

The service and the clean, bright and comfortable cars both going and coming were so comfortably warm and clean; the railway conductor, the pullman and dining car attendants and every person connected with the train were so friendly and attentive.

The Home Mission Society reported the addition of several new members. In June last it was decided to discontinue the support of a missionary in Dundurn, and devote all the funds to the work of the General Society.

The receipts of the year were \$640.26 and the expenditures \$639.50.

St. John Presbyterians Had a Good Year

And an Enthusiastic Gathering at Annual Meeting.

In St. John Presbyterian Church Sunday school the members and adherents gathered last night to hear the reports and transact the business of the annual meeting.

Mr. Arthur M. Eastman was elected chairman, and Mr. W. Davidson secretary for the evening.

The Board of Managers made the following report: During the year a new furnace, costing \$100, has been installed in the Sunday school, and the new gas burners used in the church have added much to the comfort of the members of the congregation.

A payment of \$500 was made on principal of mortgage and interest paid.

The mortgage is now reduced to \$10,000. The plate and envelope collections for the year amounted to \$4,217.00, an increase of \$45.30.

The Board also assisted the Music Committee by paying \$50 toward the final payment on organ.

The Board thanks the Ladies' Aid for \$120 on liquidation account, and year ends with a balance of \$267.98 to the credit of the liquidation account, and \$38.40 for current account, with all accounts paid to date.

A recommendation from the Managers that the salary of the pastor, Rev. John Young, be increased \$200, and that of the caretaker, Jas. Laidlaw, \$50, carried unanimously.

The treasurer of the Board of Managers, Mr. A. Stuart, submitted the following report: Current Account—Balance on hand 1st Jan., 1907 \$37.54

in the Sunday school, a number opposing them, as they feared they might interfere with the gymnasium practice.

Mr. Mitchell opposed the alteration, as it would make a debt of \$2,500; and he also spoke strongly against the use of the Sunday school as a gymnasium, as he said it was not benefiting to a church.

Mr. Hooper also expressed himself in favor of leaving the gymnasium out of the church.

Mr. Horning said he thought if the members who were raising such strenuous objections would come into the Sunday school and help rectify matters, it would be better.

Mr. George Ritchie, an elder, also expressed himself in favor of continuing the gymnasium, instead of allowing the boys to run on the street corners.

Other members also expressed themselves in regard to this matter, but it was decided to allow the session to say to whether the improvements should be made, and the kind of work carried on during the week.

Captain Hardy moved that \$120 be contributed to the Presbyterian Church extension and Mr. Horning seconded the motion, both expressing themselves in favor of advancing the work.

A number of others expressed themselves in favor of it, and it carried.

A vote of thanks was moved to the various departments and officers of the church, for the earnest manner in which their duties had been performed.

A discussion came up as to the advisability of extending the keyboard of the organ, and making some alterations to the chairs in the choir.

V. M. E. Goodenough, secretary, had not understood how choir-master could lead the singers when his back was to them.

If the changes were made it would be beneficial to the members.

It was decided to have the change made.

LANDED THE CREW. Nova Scotia Fishermen Saved Number of Lives.

Halifax, N. S., Jan. 20.—Exposed to the fury of a northeast hurricane, soaked to the skin, and with the temperature at zero, the crew of the schooner Ada Mildred, which went ashore on Gammon Ledge, at the entrance of Whitehead Harbor, scored 11 long hours on a narrow ledge of rock until taken off by fishermen from the shore this morning.

Late last night the schooner drove ashore in the height of a furious gale. Hope was practically abandoned by the crew, but the fishermen managed to struggle to the ledge with a line, and with this a dory was hauled back and forth until all the crew were landed. It was 10 o'clock before they all reached the ledge, and where they spent 11 long hours until taken off by a party from a boat in charge of Capt. Alden Munroe.

BURNED IN THEIR HOUSES. Macedonian Villagers Attacked While Dancing by Bands of Greeks.

Sofia, Bulgaria, Jan. 20.—News has reached here of a terrible tragedy at Dragosh, Macedonia, several days ago. While a fete was in progress and the villagers were dancing upon the lawns in the public park a large band of Greeks suddenly descended upon them, and after driving them into their houses set fire to the buildings and burned them to the grounds. The victims included women and children, and numbered between twenty-five and forty-five.

Montreal, Jan. 20.—Thomas Lachy, 36 years of age, of Maisonneuve, received injuries which may result fatally as a consequence of a boiler exploding in the cement works at Longue Point today. The crash was terrific, and the noise was heard a quarter of a mile away. The building was badly wrecked and some of the employees narrowly escaped. As soon as the smoke and steam had cleared away Lachy was found in a bleeding and battered condition. He will probably die. The cause of the explosion is not known.

CRUEL HOAX. Winnipeg Woman Receives News of Her Son's Death.

Winnipeg, Jan. 20.—Mrs. H. Foulke and family were the victims of a cruel hoax on Saturday, when a forged telegraph was sent, announcing that her son, a C. P. R. fireman, had been killed near Kenora at a construction camp. Instructions were given to meet the train to receive the body. The family were shocked and Mrs. Foulke prostrated with grief. Yesterday the young man returned safe and sound on the train supposed to be bearing his corpse. An effort will be made to run down the party responsible.

New Drink in Georgia. The first of the prohibition drinks made its debut in Atlanta Wednesday morning and it is understood that several others are to follow. The new drink, which looks like lager beer, smells like it and foams like it, is called "Jack Frost."

Scots found which had "Jack Frost" on draught Wednesday soon sold out their supplies, for there were many who were curious to sample the legal beer. The drink is non-alcoholic, according to the manufacturers, and is made, like other soda fountain beverages, from the syrup, with carbonated water added.

Even the old red nose toppers, who found their favorite haunts closed New Year's morning, were casting about for a substitute for the amber fluid with which they were wont to regale themselves, and they eagerly sampled the new prohibition drink.—Atlanta Journal.

Reforming the Senate.

Mr. McIntyre (South Perth) moved the following resolution: "That this House deems it expedient to invite the Honorable the Senate to consider with it by means of a conference or joint committee in giving consideration to the advantages to be gained by changes in the composition of the Senate, looking to: (1) An age limit for retirement and a shortened term of service for future Senators.

Mr. McIntyre's Argument. Mr. McIntyre declared that there were many evidences of 'dissatisfaction with the Senate and of a strong desire for some change or remedy.'

all. He scouted the idea that the Senate was a check on hasty or ill-considered legislation or that it afforded protection to the weaker Provinces.

The Premier's View. Sir Wilfrid Laurier regretted that such a small proportion of members had taken part in his debate, and congratulated those who had spoken on the judicial tone of their speeches.

Mr. Schell (South Oxford) was satisfied that the abolition of the Senate was impracticable.

Mr. Foster (North Oxford) favored a system partly nominative, partly elective, in regard to the Senate, and was in accord with the proposal to impose a time limit.

The operating room at the infirmary was used for a conservatory for flowers, and the adjoining medicine room has a piano in it, and was called the 'spooning room.'

duction is a typical Casino output, and abounds in bright, snappy comedy, tinkling music, and light, gracefully turned lyrics. At Bennett's Theatre. There are a number of really clever acts in this week's bill at the Bennett Theatre, and it would be hard to say which one of these is most entitled to first place in it.

The brightest and best juvenile comedian seen on the local stage this season is Garry Owen, who made his initial appearance at the Savoy yesterday afternoon. Young Owen made the hit of the bill, which was a very good one.

There was a stampede when Mr. Abbott appeared, but he loudly called to the men to listen to what he had to say. Nippon Company and Canadian People to Blame.

MacKenzie King Tells What Should be Done.

Ottawa, Jan. 20.—The report of Mr. W. L. MacKenzie King, the Royal Commissioner appointed in November last to inquire into the question of the influx of Oriental laborers to Canada, was tabled in the House of Commons this afternoon. It gives a most illuminating and exhaustive statement of the result of his comprehensive and searching inquiry into the vexed problem of Japanese immigration, and throws an entirely new light on the generally accepted opinion as to the responsibility of the Japanese Government for the sudden increase in the number of Japanese landing in British Columbia last summer. In effect it demonstrates that the Government at Tokio has been all along carefully observing the spirit of the agreement to restrict emigration entered into when the treaty with Japan was passed; and that the departure of the Japanese Foreign Office in April last from the regulations hitherto in force practically prohibiting the emigration of laborers to this country was made only at the instance of the Canadian Nippon Company, backed by the Canadian Pacific Railway Company, the Wellington Colliery Company, of which Mr. James Dunsmuir is President, and other influential Canadian sources, which represented at Tokio that Japanese labor was needed and was desired in this country.

Fun for Times' Readers

The Difference.
John Allen, of Tupelo, Miss., tells a good one at the expense of his townsmen. When a Yankee happened along and while they were discussing the differences between the north and the south, the Mississippi observed:

"Well, after all, as near as I can see, there isn't much difference between us and you, except that we 'reckon' and you 'guess.'"

"True," answered the Yankee; "but you mustn't forget that we 'guess' a blamed sight better than you 'reckon.'"

Auntie had been visiting, and when the day came to pack her trunk mother and auntie and the maid and little Jack fuddled and fitted and stuffed things in in fine style. At last all was in and the key was missing from the lock, and a hurried search was in progress and the express man was at the curb, when mamma asked the little four-year-old whether he had seen auntie's trunk key.
"Yes'm," said Jack, proudly. "I put it in first, so she wouldn't lose it."

AN AUTOMOBILE ROMANCE.
A Chauffeur's Love for Princess Ghika Unrequited.
London, Jan. 20.—A sensational motor car drama is reported from Bucharest. The chauffeur of Prince Ghika, a young Italian, fell desperately in love with Princess Ghika, his employer's wife. The chauffeur carried his passion to the Princess, but was told that unless he desisted she would tell all to her husband. The chauffeur apparently remained quiet, but made up his mind to destroy the Princess and himself. Young Ghika, who knew nothing of the love affair, believed the chauffeur had gone mad, and attempted to restrain him. A struggle for life ensued. The chauffeur was overwhelmed with the help of the Princess, and the car was slowed down, but too late to avoid an accident, in which the chauffeur was killed and the Princess seriously injured.

DEFENCE IS INSANITY.
Trial of E. O. Brown, of Charlottetown, on Forgery Charges.
Charlottetown, P. E. I., Jan. 20.—The trial of Edwin O. Brown, barrister, charged with forgery of mortgages, certificates, notes, etc., aggregating over twenty thousand dollars, opened in the Supreme Court to-day. Counsel for the defence raised the plea of insanity, claiming that the prisoner was not capable of conducting his own defence. The testimony of four doctors, including Superintendent Falconwood, of the insane asylum, was given. They examined the prisoner a number of times during the past four months since his arrest, concluding he was suffering from paranoia.
The Chief Justice decided to let the question of insanity be determined by a jury, which will be empanelled to-morrow.

Overdose of Drug Caused Death of Young Man From Newfoundland.
Toronto, Jan. 21.—R. C. Hatcher, a fourth year medical student at the University of Toronto, died in his room at 28 Bevilacqua street, late Sunday night, from an overdose of cocaine, which he took to induce sleep. A fellow-student found him under the influence of the drug about 12 p.m., and called Dr. Stark, Carlton street. Everything possible was done, but the young man never regained consciousness.
Hatcher was a son of Rev. Mr. Hatcher, of Bonavista, Newfoundland, and had no relatives in Toronto.

Rockdale, Texas, Jan. 20.—Five of the seven members of the family of C. Sauer, a farmer, died of poison yesterday, and the other two are reported in a dying condition to-day. Arsenic has been found in the house, and it is believed that the poison was placed in the flour, of which bread was made. Sauer and his wife and three children are dead.

BIG ROBBERY.

GOODS AND MEN ON THEIR WAY TO ENGLAND.

Thousands of Dollars' Worth of Woollens Systematically Stolen From Warehouse of Messrs. E. P. Dignum Company, Toronto.

Toronto, Jan. 21.—Scotland Yard detectives of Great Britain, the Ontario Provincial detective force, the Thiel Detective Agency, and city detectives are at present engaged in probing a mysterious robbery in the Toronto woollen district by which a business had thousands of dollars' worth of woollens stolen from them and smuggled out of the country. The robbery took place at the premises of Messrs. E. P. Dignum & Company, at 84 Bay street, and the stealing is said to be the work of two of their former employees now out of the country, and who are being diligently sought by the police of Great Britain and this country.
Cases full of goods have been traced to Portland and on to ocean liners, and word has been sent by the Attorney-General's Department to Scotland Yard detectives to have the men arrested there, but so far no reply has been received. Cases answering the description of some of them supposed to have been sent to have been placed on an ocean liner which arrived at Liverpool on Saturday. The cargo will be closely inspected by detectives and if any of the cases containing stolen goods are found the Attorney-General's office will be notified.
Warrants have been issued for the arrest of the men believed to be responsible for the robberies, and who are now thought to be on their way to their former homes in England. The authorities have experienced some difficulty in locating the men, for they are believed to have been working in Canada under assumed names, and to have deceived their employers as to their references from former places of employment. Provincial and city police, and Detective Kennedy, after the whereabouts of the men became known, were associated with the Thiel Agency detectives in securing definite evidence of the whereabouts of the stolen goods.
The band which is supposed to have organized the plot is made up of foreigners. It presumably is composed of five Italians, one Canadian and two Germans. Three of the Italians have been arrested here, and it is believed that the other members of the band have been taken into custody at Sao Paulo.
Paris, Jan. 20.—But few here treat the story of a plot to destroy a portion of the British fleet seriously, although it is true that officials at Rio and Washington were warned from Paris that there was a plot afoot. The story of the discovery of the alleged plot, as given by those responsible for it, is substantially as follows: A young man of good family residing here claims to have overheard snatches of a telephone conversation, in which vague references were made to the cruise of the American fleet and of plans concerning the cessation of cattle-driving on a certain date. The young man communicated this information to an American official in Paris, and also established a surveillance of the café.
It is claimed that the observations at the café led to several suspicious characters holding mysterious meetings. Their movements are said to have been traced and their plans in part learned as to the shipment of explosives to Brazil.
The suspicious parties were surprised they are said to have shown fight, and in a scuffle which ensued the young man claims to have snatched a portion of the paper over which they were poring, containing the cabalistic words "measur'd destruction," supposed to mean "if measured, destroy."

AMONG ANARCHISTS PLOTTING TO DESTROY U. S. FLEET.

Five Italians and Two Germans Are Also in the Conspiracy—Several Arrests Have Been Made at Rio Janeiro.

Rio Janeiro, Jan. 20.—There were further developments to-day, according to the local police, as to the efforts being made to unearth the persons responsible for the alleged plot to destroy part of the United States fleet now in this harbor. Several arrests have been made.
The band which is supposed to have organized the plot is made up of foreigners. It presumably is composed of five Italians, one Canadian and two Germans. Three of the Italians have been arrested here, and it is believed that the other members of the band have been taken into custody at Sao Paulo.

IRISH FACTIONS RECONCILED.

The Result Attributed to Chief Secretary Birrell.

Dublin, Jan. 20.—Politicians attribute to Chief Secretary Birrell the reconciliation between the Nationalist factions, which now seem to have finally accomplished, Mr. O'Brien having waived his demand for the holding of a convention. He and Mr. Healy will re-enter the party, and all are happy. Mr. Birrell intimated to leaders that unless they contemplated Irish measures, including a comprehensive scheme for Home Rule and for the establishment of a Catholic university. He appealed for the cessation of cattle-driving and other agitations on the ground that their continuance would infallibly antagonize Parliament. He promised a bill for the compulsory sale of land, and also that steps would be taken to divide the grazing ranches. It is believed that the leaders are consequently trying to stop lawlessness.

BRIDE RAN AWAY.

Hungarians at Belleville Have an Exciting Time.

Belleville, Jan. 21.—Much excitement was created here yesterday morning. Two Hungarians were to have been married at St. Michael's Church. Every preparation was made. The intended groom and his friends were present, but the girl failed to appear. A search was made for her at home and for miles around, but she could not be found. It was learned later that she had run away, and, losing herself in the woods, finally wandered into Austin Frenche's residence, half frozen.
She said her intended husband got drunk on Friday and she refused to marry him, and so ran away. She had \$52 in the bosom of her dress, and said she was going back to Austria. To-day Branko Zevalk Czylak, her affianced, endeavored to have her arrested, to obtain the price of the license, wedding ring and trousseau, but was prevented by her friends.
"To-day she bought her ticket for Gallitz, Austria, where her parents live, leaving on the noon train."
Killed by a Train.
Montreal, Jan. 20.—Remi Collet, 23 years of age, met a violent death at the foot of St. Timothee street. To-day he was being run over by a Canadian Pacific Railway train. The victim's head was completely severed from his body; his arm was cut off, and his clothing torn into shreds. An inquest will be held to-morrow.

PAID TAX; SCHOOL BARRED.

Twelve Chinese Lads in Vancouver in a Quarry.

Ottawa, Jan. 20.—A complaint has been made to the Comptroller of Chinese Immigration by the Chinese Benevolent Society of Vancouver in regard to the refusal of the Public School Board of that city to allow twelve young Chinese boys to attend the Public School at that city.
The lads are between five and twelve years of age, and came to Canada before May and August of last year, paying the head tax of \$500 each. Provided they attend a Public School for twelve consecutive months the head tax is returned, according to law, but refusal of the School Board has complicated matters, and the lads have had to be sent to a private school.
The Chinese Benevolent Society wants to know whether the time spent at a private school, pending the decision of the courts as to whether the lads may attend the Public School, will count in the statutory time within which the return of the head tax may be earned.

Symptoms That Will Tell of the Turn of Life

When the turn or change of life makes its appearance you will notice severe pains shooting through the loins. As a rule the change is gradual. In most cases it is marked by irregularity of the menstrual flow. It is most important to maintain as high a degree of vigor as possible. All strength should be taken three times daily until the crisis is past. Ferrazone not only acts on the blood, giving it purity and richness, but acts directly on the womanly organs in such a way as to lessen the strain and severity of this trying time.
Mrs. Martha M. Macadam, of St. George, writes: About two years ago I was greatly run down and felt as if I was going to die. I was in a nervous, excited state, and had the most dreadful pains every month. Irregularities that I never had before, commenced.

and I didn't know what was wrong. I consulted the doctor and learned I was approaching a very critical time. I started on a course of Ferrazone and took one tablet along with every meal for about six months. Ferrazone had a direct action, and helped me immensely. My nervousness went away and so did all the other worrying symptoms.
Other weak women have grown strong and beautiful through Ferrazone. Why not you? Ferrazone will give you a reserve of strength, brace your nerves, make your muscles strong and firm, improve your complexion. In short, it will give you God's greatest blessing: **Health.** This is what you want. Ferrazone will get it for you. Price 50c per box, or six for \$2.50. Druggists or N. C. Edmunds played hockey in Stratford since 1902. A year ago last November he went to Moose Jaw, in the Northwest, and secured a position as a bookkeeper, returning home in May last upon receipt of a telegram stating that his father was seriously ill.

The sub-committee considered that Edmunds told the truth, and dismissed the charges made against him. Jules Timmins was granted a certificate to play with St. Michael's College.

FOR GENERAL VACCINATION.

Dr. Roberts Will Recommend It This Afternoon.

Another By-law Required for Board of Control.

News and Views From the Municipal Stone Pile.

A special meeting of the Board of Health has been called for 5 o'clock this afternoon to discuss the smallpox situation, which has become rather serious, and Dr. Roberts, the Medical Health Officer, declared he would strongly recommend that general vaccination be decided on. In his opinion there is no doubt that the Board has power to order compulsory vaccination. It is not his desire to antagonize the public. Persuasive methods will be tried first. "We have had nearly twenty cases now, and few of the victims were ever vaccinated. Vaccination looks to be the only way to stamp it out."

Three more cases came under the department's attention to-day. The four-month-old child of a family named Altan, residing at 22 Emerald street north, was declared by the doctor to be suffering from smallpox to-day. Myles Goodale and his wife, residing at 451 Cannon street east, are also believed to have it. The doctor says there is no doubt about Mrs. Goodale, while her husband has all the symptoms. Mr. Goodale is a brother of A. Goodale, who has been quarantined at the isolation hospital. He resided with them, and was taken from their home some weeks ago, suffering from smallpox. This afternoon the doctor was informed of what is believed to be another case at 101 Emerald street north. He sent Dr. Orr down to make an investigation.

The City Solicitor has prepared for the Finance Committee a draft of the document to be sent to the Government regarding the ward system and Board of Control. The City Solicitor wants a Board of Control next year and to reduce the number of aldermen, it will be necessary to submit another by-law to the people before November. It is proposed to leave the fixing of the salaries for controllers to the council.

Secretary Foster, of the Board of Education, announced to-day that the school for teaching foreigners the English language which the trustees decided to establish in the old Customs House on Stuart street would open on Monday night. Forty desks have been placed in one of the large rooms there. The fee will be fifty cents a month and this will pay the salary of a teacher and other expenses.

The special committee dealing with the Radial bill met Colonel Gibson, President of the company, yesterday afternoon, and consented to the agreement and amendments drafted in accordance with what was decided on at a previous meeting. The City Solicitor was still opposed to one of two points, but the aldermen thought the city's interests were safeguarded and Hamilton will not oppose the bill. Only three members of the committee attended the meeting. They were Aldermen Dickson, Sweeney and Farmer.

"That this council request E. A. Lancaster, M. P. for Lincoln, to assist in the passage of the bill through the Railway Committee, and that he be requested to urge that a clause be inserted to compel the company to complete the line to St. Catharines within two years."

This resolution was unanimously adopted by the St. Catharines City Council at a special meeting held last night to consider the matter.

The conference which was to have taken place this afternoon between the Sewers Committee and officials of the Hamilton Steel & Iron Company regarding the strip of land adjoining its property, which the company desires to purchase from the city, had to be postponed on account of the illness of Mr. Robert Hobson.

The aldermen are having a busy time of it this week. To-night the Board of Works and House of Refuge Committee meet. To-morrow afternoon at 4 o'clock the Fuel Committee will meet and the Fire and Water Committee will have a session at night. This afternoon the Board of Hospital Governors are meeting.

Although it is said that the promoters of the Hamilton, Waterloo & Guelph Railway have not reached a settlement with the Grand Trunk, Hamilton announces that strip of land near Dundurn Park which it will be necessary to secure the company hopes to begin work in the early spring, and have the road sufficiently advanced so as to be able to complete it by July, 1909.

Mr. Fred Howe, of the Board of Works Department, who was taken ill last week, is back on duty again.

Mayor Stewart said to-day that he was rather surprised at Mr. John Knox at the annual meeting of St. Paul's Church last night appealing to the congregation to support the Cataract Power Company. The Mayor also denies the term "thieves and robbers," attributed to him.

The Toronto expert who is reporting on the electric pump tenders is said to be Chief Engineer Sefton, of the Hydro-Electric Commission. Some fault is being found because the city did not get an independent engineer to make this report.

Ald. Bailey has donated fifty sacks of flour to the city relief department.

It was stated on good authority to-day that there was no foundation for the story that on account of the bondholders of the Street Railway would be asked to sell the Jockey Club part of the Radial, as Colonel Gibson of it intended doing to escape city percentage. It is said \$1 bonds cover all these

They say they are quite prepared to meet any move the company may make. The H. G. & B is said to have experienced the most prosperous year in its history during 1907.

A meeting of the Executive Committee of the Street Railwaymen's Union was held this morning, and a conference was held with Vice-President Sinclair and Organizer Reeves, of the International Union. After the meeting the committee, by request, waited on Mr. W. C. Hawkins, general manager of the Cataract Company, and the case of John Theaker was gone into at length.

GIVING ORGANS AWAY.

This heading is misleading if you like, only to the extent that you Heinemann & Co., Limited, No. 71 King east, Hamilton, announce that they are selling organs at \$10, \$15 and \$20 each, in payments of 50c a week. It is next door to giving organs away. One can hardly expect that such bargains will last very long. Wise ones will see about the matter at once.

THE THAW TRIAL.

(Continued from page 1.)

No attempt was made this year to keep secret the names of those who gave the testimony of the first trial.

"Didn't you testify at the first trial that White only gave you useful presents, like clothes and furs?" asked Mr. Jerome.

Mr. Littleton objected and the question was not pressed.

Mr. Jerome continued as on yesterday to read extensively from the testimony of the first trial, seemingly determined to get every detail of the evidence of a year ago in the record of the present hearing.

Mr. Jerome also went over in detail his former cross-examination of the witness and repeated much of it. No incident, important or trivial, was neglected. The prosecutor stood squarely facing the witness, and constantly consulted it in both hands and constantly consulted it.

Mrs. Thaw fared continually with Mr. Jerome, telling him once that he was giving the wrong impression by reading only part of an answer she made last year. The District Attorney started to reply when Justice Dowling interrupted the colloquy by addressing the witness and saying: "Just answer the questions, please."

The District Attorney questioned the witness closely as to her motive in writing a note to Thaw at Martin's, the evening of the tragedy, telling him about the presence of Stanford White in the restaurant.

"Did you think it was calculated to have a quieting effect on him?" asked Mr. Jerome.

"I thought it was better that he should know he had been seen than that he should know suddenly upon him," replied Mrs. Thaw.

"But the note was written after White had gone out, but that he might come back," fairly shouted the witness.

"And you thought it best that Thaw with a pistol in his pocket should see Stanford White?"

"I did not know Mr. Thaw had a pistol."

"You knew he always carried a pistol when in New York?"

"I know only I saw the pistol when we were in New York."

Here Mr. Jerome made a move which called Attorney Littleton to his feet with a jump. He asked the witness: "Did you read in the newspapers at the time of the last trial that there was no narcotic known to science which could be drunk in champagne and produce the effect you said the wine had upon you at the 24th street house?"

The annual meeting of B Company of the 91st Highlanders was held last evening in the company's quarters. GLOBE EDITOR.

Toronto, Ont., Jan. 21.—The action of Dr. Beattie Nesbitt against Mr. James A. MacDonald, managing editor of the Globe, came up in the assizes this morning before Mr. Justice Batten, Mr. N. W. The judge ordered that the pleadings be not published, the case was adjourned indefinitely and Mr. MacDonald released on his own recognizances.

CROWN POINT WITHDRAWS.

Mr. Martin Malone, the solicitor who had charge of the drawing up of the petition of the Crown Point residents for the incorporation of that village, has received notice to withdraw the petition. No reason is given, but it is thought that the opposition displayed against it in the County Council was successful in disposing of the petition.
