TOWN TOPICS.

"A child's among ye, taking notes,
As 'faul' he'll prove it."

The Big Camera covers a multitude of people in a group photo, and Geo. Stewart manipulates it to advantage.

A GOOD PRESENT.—The most useful gift you can make is to give a Writ of Habeas Corpus to D. McGillicuddy, agent, Goderich.

When you want rain get up in style to suit the taste of your most fastidious critical friend don't fail to walk around the square until you find E. J. Fridham, the shoemaker.

If you want pictures framed, or photo taken, or enlargements of pictures, or any thing else requiring taste and skill, be sure and leave your order with H. C. Salows and it will be attended to.

Pure Paris Green, fresh hellebore, insect powder, and everything usually kept in a first-class drug store, also Reclamator toilet preparations and liquid retinet at Wilson's prescription drug store.

Merchants can get their Bill Heads, Letter Heads, etc., printed at this office for very little more than they generally pay for the paper, and it helps to advertise their business. Call and see samples and get prices.

We may thank the pure air of our town for the health we enjoy. The porous nature of our soil makes the water very impure. Everyone see Saunders & Son, the sanitary plumbers, and get them to put in the town water for you. They do only good work, and prices will be found low.

AT THE ALBION HOTEL.—Miss McLeod, a medical specialist, who treats and cures diseases by massage treatment, solicits a call from all who are suffering from rheumatism, neuralgia, sciatica, liver and kidney troubles, salt rheum, hip disease, white swelling, and any other malady of a like nature. Consultation free. Office—Parlor 17, in the Albion Hotel, Goderich. Positively no medicine used. Teeth extracted without pain.

Mrs. Doty, of Chicago, is the guest of Mrs. R. W. McKenzie.

The W. C. T. U. have closed their meetings for July and August.

Garnet Fraser, son of Capt. Fraser, of Detroit, is visiting friends in town.

The Government and County accounts will be audited at the office of Clerk of the Peace on Thursday, July 3rd.

Mr. John McCulloch, a former resident of Goderich, now of Detroit, is renewing old acquaintances in and around town.

PORT ALBERT.—A lengthy communication from our Port Albert correspondent reached this office too late for publication this week.

The meeting of the High School Literary Society announced for this evening has been cancelled owing to the death of Mr. Geo. Harvey.

Don't forget the concert and entertainment under the auspices of the Cadets and Templars in the Temperance Hall tonight. All are invited.

Thos. Bramicome, committed on Saturday last in default of sureties to keep the peace, was released on Wednesday, his father having gone on his bond.

Mrs. Geo. Stewart and Miss Kate Reid enjoyed a pleasant visit to Poplar Row and Duncannon, besides taking in the Nile campmeeting services, last week.

The Royal Templars of Seaford, Brucefield, Varna, Bayfield and other points have arranged for a picnic at Bayfield on July 1st, at which a number of the Goderich Templars are expected to attend.

A SUMMER CARNIVAL.—Those of our business men and the public generally who favor the idea of a summer carnival will please leave notice at this office during the week. All that is wanted is concerted action.

The Acadia Recorder, Halifax, Wednesday, June 4th, 1890.—The Canadian Pacific Railway Company received the result of the Derby, via the Commercial Cable Company, at 11:08 a.m., today, beating all competitors.

MEMORIAL SERVICE.—A memorial service in connection with the late Mrs. Davidson and Mr. Geo. Harvey will be conducted in North-st. Methodist church on Sunday evening next by the pastor, Rev. Geo. Richardson.

A special sermon to Goderich Orangemen will be preached in Victoria-st. Methodist church on Sunday, July 6th, at 3 p.m., by Rev. B. L. Hutcheson, brethren from neighboring lodges are invited to attend the service.

PRESENTATION AND ADDRESS.—On Friday afternoon last Mr. F. W. Johnston was presented with a handsome watch, and an appreciative address by the members of the county council, on the occasion of his elevation to the position of judge of the court.

The address was read by Mr. A. H. Manning, reeve of Clinton, and the presentation was made by Mr. Geo. Beck, reeve of Colborne. A suitable reply to the address was made by the recipient.

ROLLER RINK.—Prof. Trevor, of Boston, commenced his singing class last Wednesday evening. Those who attended expressed themselves very much pleased. Next lesson this evening (Friday) at 8 o'clock. The roller rink is the coolest place in town. All are invited tonight.

QUOTAS.—Bob Simmonds, the Salford quill champion, is still to the fore, and having had some preliminary practice with Donald Cummings, the Dunlop champion, believes that he carries the championship of this section in the twist of his wrist. He is particularly anxious to get on a match with Wm. Nevius or Tom McKenzie, or any other way-up Goderich quill. Let's have a tussle on Dominion Day. The match can be arranged by telephone.

QUICK WORK.—The Canadian Pacific Telegraph Company, with the assistance of their Commercial Cable connection, performed something in telegraphy yesterday hitherto unknown. The result of the famous English Derby race was received in the city exactly one and a half minutes after the race, and in two minutes bulletins were posted in the daily newspaper offices, the Board of Trade rooms, Royal, Victoria and Dufferin hotels. This remarkably quick transmission shows that the Commercial Cable Company and Canadian Pacific Telegraph Company are fully alive to the requirements of the public. The Direct Cable Company, landing at Halifax, was four minutes behind the Canadian Pacific. The Daily Sun, St. John, N. B., June 5th, 1890.

DROWNING ACCIDENT.—About 5 o'clock last Monday Geo. A. Harvey, of Atwood, who had been attending the High School here for some months past, was drowned while bathing at the mouth of the Maitland River. It is supposed that he took a cramp, as he suddenly called to his companions, who also were High School students, and immediately sank from view. A board was thrown in towards him, but in all likelihood the young man did not notice it. Thirty-five minutes elapsed before the body was raised, and efforts at resuscitation were made in vain by Capt. Bobb, Dr. Holmes, coroner, after learning from the deceased's companions the circumstances of the accident, decided an inquest was not necessary. The remains were taken to Listowel on Tuesday for interment, and were followed to the station here by a large number of the deceased's friends, mainly teachers and pupils from the High School. Mr. Harvey was a very promising young man and was studying for the medical profession, and the news of his sudden death was received with sincere sorrow by his many friends, fellow-students and others.

GODERICH TEMPLAR ASSOCIATION.—The banner meeting of the season will be held in Goderich Tuesday next, July 1st. The largest list of first-class horses ever entered on any track in the Western part of the Province will be at Goderich on that day. The committee up to date has spared no effort to make the races a thorough success. The track has been greatly improved during the past month, and is now in splendid condition. The grand stand accommodation will be of the best, and ample seating space will be provided for all who desire to be present with us on that day. The success of the races last year, and the decorum that prevailed during the entire proceedings have set the minds of all at rest so far as the attendance of ladies is concerned, and a large representation of the fair sex can be safely counted upon. At the London meeting on Wednesday, June 25th, the well-known Goderich horse, "Grey Tobe," won the 2:30 race in three straight heats, and "Baldwin," another Goderich horse, had two heats and a dead heat to his credit in the 2:35 class. The race was to be finished on Thursday, June 26th. Both of these horses will be on the track at the Goderich meeting on Tuesday next.

Cough medicines, Ayer's Cherry Pectoral is in greater demand than ever. No preparation for Throat and Lung Troubles is so prompt in its effects, so agreeable to the taste, and so widely known, as this. It is the family medicine in thousands of households.

"I have suffered for years from a bronchial trouble that, whenever I take cold or am exposed to inclement weather, shows itself by a very annoying tickling sensation in the throat and by difficulty in breathing. I have tried a great many remedies, but none does so well as Ayer's Cherry Pectoral which always gives prompt relief in returns of my old complaint."—Ernest A. Hepler, Inspector of Public Roads, Parish Terre Bonne, La.

"I consider Ayer's Cherry Pectoral a most important remedy. For Home Use. I have tested its curative power, in my family, many times during the past thirty years, and have never known it to fail. It will relieve the most serious affections of the throat and lungs, whether in children or adults."—Mrs. E. G. Edgerty, Council Bluffs, Iowa.

"Twenty years ago I was troubled with a disease of the lungs. Doctors afforded me no relief and considered my case hopeless. I then began to use Ayer's Cherry Pectoral, and, before I had finished one bottle, found relief. I continued to take this medicine until a cure was effected. I believe that Ayer's Cherry Pectoral saved my life."—Samuel Griggs, Waukegan, Ill.

"Six years ago I contracted a severe cold, which settled on my lungs and soon developed all the alarming symptoms of Consumption. I had a cough, night sweats, bleeding of the lungs, pains in chest and sides, and was so prostrated as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally recommended to give me Ayer's Cherry Pectoral. I took it and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am as well and sound as ever."—Rodney Johnson, Springfield, Ill.

FARM AND GARDEN.

To Keep Flowers Fresh.
A simpler way of keeping short-stemmed flowers erect and fresh than by soldering wire-net over the top of a small tin pan is to fill the pan or dish with clean washed sand and water, or with suitable green moss, and to stick the flowers in that, like pins in a pin cushion.

Support for Tomato-Vines.
Light hurdle-frames filled with wire-netting are a neat and sturdy support for peas, which climb, and adhere to them admirably. But for the heavier tomato-vines nothing seems to be so tidy, simple and safe as to use an S-ft. stake to each plant and tie the advancing stem to it, keeping it erect.

Trees for Screens.
Plant white willow, soft maple and box elder, the willows to be outside. Mark ground as for corn, plant every fourth row; plant corn in rest of rows, and that or some other hood crop until the trees shade the ground.

Care for the calves.
Every calf pasture should be provided with a shed closed on three sides as a place of retreat from chilling wind, pelting rain or burning sun, and a constant supply of fresh water.

A Warning to Parents.
One of the first literary men in the United States said to a temperance lecturer, "There is one thing I wish you to do everywhere; I treat every mother not to give a drop of strong drink to a child."

The Burdock Remedy.
Last year I lost my early turnips, radishes and bunching onions through the maggot, but I saved some later sowings by the application of the burdock remedy mentioned by Prof. Lintner in his bulletin of 1888.

induced to quit. For the maggot, the burdock is a capital remedy. In powdering a patch of cabbage attacked by the flea with turpentine lime, it appears that the further you proceed the thicker the fleas become; and so they do, since you are driving them before you, and when the last row is reached it seems as if you were there; where they then hop to I cannot tell, but I know that they will not again visit the cabbage plants you have dusted, so long as there is a small quantity of turpentine about them.—J. H. C. Monroe County.

Young Pigs.
The members of the Tunbridge-walk Farmers' Club had an opportunity of listening to a good, practical paper on pigs by Mr. Sanders Spencer, and so satisfactorily did the author acquit himself that he was promptly elected an honorary life member.

Why Woman's Man's Best Friend.
First and foremost, woman is man's best friend. Because she is his mother. Because she is his sister. Because she is his wife. Because she is patient with him in illness, and endures his fretfulness and "nonthings" of him.

A Handsome Youth of sixteen years passed one day through the playground of a public school. "There goes brother Robert," called out a little girl, in the midst of a group of scholars. "Isn't he handsome?"

A Knitted Blanket, or an embroidered cushion, can be wrapped around the baby under the water in very warm. It is always safe to use one when it is carried from one room to another, to protect the head from draughts.

On Tuesday night or Wednesday morning of last week a daring burglary was perpetrated at Mr. Joseph Morrow's farm, Varna. The entrance was made by bursting the front door. The safe was drilled and blown open, scattering the contents over the floor. Fortunately Mr. Morrow had no money in the safe at the time nor any registered letters. The only money taken was a few dollars in American silver and some small change. There were also four silver watches and one revolver missing, but it is impossible to tell what all has been taken. The safe is badly wrecked. There is no suspicion as to who the guilty parties are.

We were shown the other day a curiosity in the shape of a very old coin which is now owned by the Session of the Presbyterian church at Walton. It was coined in Gaul some time between the years 350 and 343 A.D., during the reign of the Emperor Magnentius. This ancient monarch was born in the year 303 A.D., proclaimed Emperor at Autun in 350, and killed himself in 353. The coin is dark colored, about the size of an American cent, and bears on its face the side head portrait of the above named Emperor. It was given to the Walton Session by Mr. Thomas Warner, of Cobourg, New York, in exchange for a church token such as is used for church membership by the congregation.—Seaford Expressor.

The Bradford, Pennsylvania, Star speaks of a very peculiar and melancholy accident which befell two little boys, aged respectively 13 and 14 years, sons of R. W. Traister, formerly of this county but now of Bradford, and nephews of Wm. Ballantyne, License Inspector of Seaford. It seems that on the 24th of May the little fellows were rumaging in a garbage heap on the street picking up such things as might attract their fancy. Unfortunately some remains of a former glycerine magazine had been carelessly deposited in this heap, and being disturbed by the lads an explosion took place, injuring them so severely that one of them has since died, and the other is so mutilated and injured that his recovery is doubtful, and even in the event of recovery he will be disfigured for life.

LEE BURN. From our own correspondent. Nearly every family in the section was represented at the Nile campmeeting last week, and the general opinion was that a pleasant and profitable time was spent.

Horace Fulford, of Goderich, and his cousin, G. Fulford, of this place, made an enjoyable visit to friends at Kingsbridge, this week.

Miss Louisa Hillier, of Goderich, visited relatives here this week.

Miss McCloskey, of the 4th concession Goderich township, was the guest of the Misses Stirling this week.

FATALLY BURNT.

A Hamilton Girl Perishes in Terrible Agony—The Copetown Victim.

HAMILTON, June 25.—While Joseph Christie and Mary Kenney, two 6-year-olds, were playing with matches last night, the little girl's dress became ignited and she was frightfully burned, dying in terrible agony within a couple of hours. The little one's father is a Grand Trunk car inspector living at 82 Ferris-street east.

William McDonnell of Chicago and John G. O'Neil of Port Huron, the brother and brother-in-law of E. J. McDonnell, who was killed in the recent railway disaster, left here for Port Huron this morning with the body. Lewis Larmour, the injured Wagner car conductor, has recovered. He left his hospital this morning and went to his home in Chicago. The other passengers at the hospital are doing as well as can be expected. T. L. Lewis and James T. A fatal accident took place yesterday at North Gleanford. In connection with the Frelton riot writs have been issued at the instance of James L. Brady against Justices of the Peace James L. Robertson and John Ross of Frelton, claiming \$10,000 damages because "they did unlawfully and maliciously, and without reason or probable cause, cause a charge of common assault against John Brady to be altered and amended at the request of James Brady or his solicitor after hearing the evidence for the prosecution and defence, which showed that no charge, either of common assault or of probable cause, could be sustained, and that the main event was a great one as evidenced by the fact that both contestants beat the best previous records at the distance.

Fourth race, a match race, two entries, \$5000 each, with \$5000 added by the association, selling allowances, 1 mile. The competitors were: Tenny, best previous record at the distance, 2:07 1/2; made this year; and Salvator, best previous record at the distance made at this year's Suburban race, 2:06 4/5.
