hest efforts to improve_their stores. That means better relations between customers and merchants and a better spirit all around. BUY-AT-HOME is going to prove just as successful as the movement to do away with the almanac and trust in the home town physician. Just as people came to realize that the best and safest way in case of sickness was to call in the local doctor instead of sending for some patent medicine, so the movement now is to buy from the local merchant when goods are needed instead of from stores in the big cities. The BUY-AT-HOME Idea should have been inaugurated in every.pro-

of the past in buying and selling. It

is one hope for getting better rela-

tions between all classes in the cour-

munity. It is a movement that every

Nova Scotian home should make its

BUY-AT-HOME is going to mean

that merchants, realizing that the

home-town people are patronizing

them exclusively, will put forth their

premicr ports to carry our products to Europe.

All we need to develop this wonderful little province of ours is money. We must have money. And we shall never have it by pursuing the policy of buying our needs abroad and thus sending our money out of the province,

BUY AT HOME then. BUY AT HOME and keep your money to develop Nova Scotia. BUY AT HOME for it means the greater saving in the end. BUY AT HOME and get another chance at the same old dollar. BUY AT HOME.

to launch her the first of November. Quite a number from this place at-tended a "corn boil" at Stronach Brooks, Saturday evening. Sept. 8th. Mr. M. H. Clarke and Mrs. D. P carry over the surplus from one sea-son to the shortage of another. Pro-perly defrosted poultry, for instance, 's equally as wholesome and nutritious as fresh-killed stock.

as fresh-killed stock. The public is invited, therefore, to ask for frozen poultry, of which there is a large supply consisting of chick-ens, broiters, ducks, geese, and tur-keys. The trade advise that many of these varieties can be obtained at prices considerably lower than those prevailing for fresh-killed stock at

present available. It is given as a suggestion that rozen poultry could be utilized econ-omically as a substitute for beef and bacon on Tuesdays and Fridays. If special poultry or frozen meat days were arranged and individual retail-ers had prospects of handling a cer-tain quantity, they could order accordon Tuesdays and Fridays. If tain quantity, they could order accord-ingly and all arrangements be made for the necessary defrosting. As there is practically no other market for frozen youltry at the present time. it would appear to be of distinct ad-vanage to this country, in assisting to conserve its food products of other orts, that poultry meat be utilized, n so far as possible, in the way sug-
