It is an interesting matter of speculation how many such lessons Official Interpretation of

Washington dispatches are to the eeet that the Department of State is lodged formal protest against the sbargo which Great Britain has laid on potatoes from this country. It not easy to see how our government can take any such line of action ith any great earnestness of sincerty. Either Great Britain is under the ecessity, as she asserts, of putting ecessity, as she asserts, of putting ecessity, as she asserts, of putting the war. Did they perform more work instead of less, they would have gained something. Increased production of real things lowers prices; and with higher wages, people have more money to spend. But a combination of higher wages and decreased production raises the cost of living. It is a closed circle. If it is not prepared to make sacrifices. If it is not prepared to make these sacrifices, then it had better cease talking about the industrial future of India and prepare itself to relapse in to the condition of a plantation producing raw materials and importing all its manufactures.

Selling The Maritimes To The West

THE necessity of letting the people of Western Canada know the problems as well as the rights of the Maritimes, as a part of Confederation, has long been recognized.

At last one Maritime Newspaper-The Telegraph-Journal of St. John, has had the courage and enterprise to send a commissioner, to argue the case for recognition of the Ports of St. John and Halifax, before our Western fellow Cana-

This commissioner will address Boards of Trade, Chambers of Commerce, interview shippers, Mayors of cities and towns, from Quebec to the Prairie Provinces. He will be gone two months and during that time will tell the story of the Maritimes to thousands.

Hardie Power Sprayers

Hardie power sprayers are now used wherever good fruit is grown. They are preferred by the largest and most successful growers, not only throughout United States of America and Canada, but in South Africa, and New Zealand, and in fact, they are found wherever there are large orchards.

They are noted for their

LIGHT WEIGHT, HIGH PRESSURE, STURDY CONSTRUC-TION, RELIABILITY, the accessibility of all working parts, and the absence of weak and complicated contrivances. Hardie Power Sprayers are made in a number of sizes and styles. In fact, no matter how large an orchard you have or how small, no matter what sprayer problem you are up against, there is a "Hardle" to

Local Happenings

The Congregation of St. Mary's heir annual "At Home" in Belleisle Hall next Tuesday evening. This is "Family Gathering" which is looked forward to year by year and is always heartily enjoyed.

Last Thursday evening, Mrs. J. H. Freestone entertained the members of the United Church Choir at the parsonage. The evening was spen very pleasantly in music, games and social intercourse and dainty refresh ments were served by the popular hostess. Mrs. A. R. Bishop, the tal ented and efficient organist of Unit ed church presided at the piano and the evening was greatly enjoyed b A very interesting debate took place The mother of this attractive little girl, Mrs. E. E. Emmans, of 215 Seventh Ave., N. E., Portage La Prairie, Man., is one of the many Canadian mothers who are enthusiastic about the vaporizing salve, Vicks VapoRub, for treating children's colds. Mrs. Emmans writes: "My little girl had croup at night pretty badly and Vicks did her a lot of good. I have also used it with very satisfactory results for head and chest colds."

Vicks is just "rubbed on" for sore throat, tonsilitis, bronchitis, croup or deep chest colds. When, so applied Government Control. The occasion in the United Church School room o throat, tonsilitis, bronchitis, croup or deep chest colds. When so applied, Vicks has a double direct action: internally medicated vapors are inhaled while, at the same time, externally, it is absorbed through and stimulates the skin.

"Oh, we hadn't a look in from your people for six months, and thought that perhaps you had given up working this territory; so we placed our order with another house in your line. Now we're stock-

That's the answer a travelling salesman got the other day from a village storekeeper whom he was canvassing for an order.

Rather a Nasty Knock!

How different it would have been if the salesman's house had been in the habit of giving the dealer a periodical call over the Long Distance Tele-

Then the dealer would have known the house was doing business in the territory, and the house
