## *An* INTRODUCTION

Thousands of wives and mothers are scanning the news from France today; many thousand more Western wives and mothers are waiting for that sudden leap of heart to throat---that black pall that will come before the eyes with the news --"The Second Contingent is leaving for the Front;" "Our boys are going away to a foreign land to fight our battles."---Some of them will not come back---many of them, probably, for this is the most murderous war in history. Can we do too much for them? This book is just a record of faces. One face, gazing bravely somewhere from the mass---to be looked at and treasured by a mother, a family, or wife, or sweetheart, or friend; and the mass itself to be looked at with the pride of National courage, by the people of Western Canada.

*A. J. M. M. M.*  
Mayor

*Yours faithfully,  
H. Steele,*

## Lots of Power for Less Money

The Galloway five horse power of our new low price is the **power sensation of the year**. It's positively the most engine for the money ever offered by anybody, any place, anywhere, at any time. It's positively A1 in high quality of material, finish, design and workmanship. Absolutely **supreme in power, simplicity and design**, not over-rated, nor high-speeded, but large bore and stroke, and plenty of weight, low speed, built for long, hard, continuous service. All other sizes from 1 3/4 h. p. up to 15 h. p. proportionately low in price. Our engines are made in our own great modern factories by the thousands, from the very finest materials, on automatic machinery, all parts standardized and alike and sold to you direct from the factory for less money than middlemen can buy engines, no matter at wholesale and in many cases not nearly so good, in solid carloads for spot cash.

## Don't Get Fooled

by the light high-speeded, short lived, cheap engine, run by the high priced, ordinary engine with thin middlemen's profits as the **only excuse** for that price. Check our engine **point for point** with them all, measure the bore and stroke, put them on the scales for weight, size them all up for simplicity, then test ours out side by side with every make and kind, regardless of who makes it or what price they ask, and we will leave it entirely to you to be the judge. Sold on thirty days' free trial. Every sale backed by a \$5,000 bank bond.

**Valuable Engine Book FREE**—Send a post card today for our 100 page, up-to-date and valuable engine book that is full of information, pictures and letters from satisfied customers that tell the absolute truth about Galloway engines. It's yours for the asking. Address

## Blackwood's—This Water is free from all harmful salts Aero Distilled Drinking Water

"Purest on Earth"

Distilled water is the purest water on earth, commended by physicians the world over. We loan Water Coolers free; price of water Ten Cents per gallon, minimum charge One Dollar per month. The celebrated surgeons, Drs. Mayo, of Rochester, Minn., say that most of the cases that come to them from Winnipeg and vicinity for treatment are the direct results of lime in the city water. Better drink aero distilled water and save expensive and dangerous operations.
