STEEL COMPANY OF CANADA GIVES GUNS

Hamilton Will Soon Be Able to Hand Over Completion to Authorities.

STOP SUNDAY BASEBALL

Lord's Day Alliance Gets Busy—Colts Carry Back Defeat.

By a Staff Reporter.

HAMILTON, Monday, Aug. 1.—At a meeting of the executive committee of the Hamilton Machine Gun Association held Saturday afternoon, President Lieut. Col. Labatt, who just returned from interviewing the military authorities at Ottawa, reported that the Dominion Government has ordered 1500 machine guns for the use of the Canadian soldiers, and had also ordered another 2000, which will be paid for from the subscriptions of private individuals and public bodies.

The 200 guns which are being given by the City of Hamilton and its citizens will be supplied from the latter order. The delivery of the guns will be commenced in October and will be sent forward as fast as they can be turned out by the manufacturers. Archdale Wilson, secretary of the association, announced yesterday that the employees of the Steel Company of Canada had decided to donate five hundred dollars to the National Machinery Company one.

The canvassing of private citizens who it is thought will be pleased to subscribe towards the machine gun fund will be commenced tomorrow.

Lord's Day Society Busy. Recently the members of the park board were divided over the question of permitting baseball games to be played at Wabassa Park on Sunday.

Objection is being taken to the sale of ice cream, etc., on the boats plying between the park and the city, and also at the park. There is also a likelihood of an effort being made to stop the ball games and amusements which are included in the park on Sunday.

Inquire of Child's Death. Coroner Dr. W. B. Hopkins has ordered an inquest into the death of a young daughter of Mr. and Mrs. John Leigh, 219 Cannon street east, owing to peculiar circumstances in connection with its death.

St. Cecilia Chapter, I. O. O. F., held its annual summer bazaar on Saturday at the home of the regent, Mrs. Harry Burkholder, Grimby street, and a very large crowd present, and many beautiful and useful articles were offered for sale.

Private James John Wilson, who was connected with the 28th Battalion, which is situated at Niagara camp, now faces a charge of treason. He gave himself up to the militia at Niagara, on Saturday, informing them that he was a deserter.

Word was received here yesterday that Ying F. Hsieh, a Chinaman, and Martha A. King, a trained nurse, both formerly of this city, are to be married shortly in Brooklyn. Hsieh is a native of Hamilton, and met Mrs. King, who is now a Chinese newspaper in New York, San Francisco and Hamilton.

On Saturday afternoon some person broke into the Messico Storage Company, 21 East Jackson, and stole a quantity of goods. Later Constable Duffy arrested two men, and they will appear before Magistrate Casey this morning on a charge of shopbreaking.

Constable Berryman, dismissed, was connected with the force for some time, was dismissed on Saturday night by Chief of Police Whately. The cause of his dismissal could not be ascertained.

The Hamilton baseball team returns home today, after a most disastrous road trip. The local aggregation were only able to win one game out of five played, and this fact certainly caused them to drop away down in the standing. They, however, retain third place, but Brantford has been slowly creeping up on them.

The loyal fans are still confident that their team is capable of doing bigger things, and hope to see the Hams in second place before the week is out, as they have even games at home, commencing with a double-header today, with Brierhams' Saints. Ottawa follows St. Thomas, starting a two-game series here on Thursday. While both these aggregations are tough propositions to that they can break ahead on the week and thus decrease the lead now held by Guelph. It is likely that Casey Dulan and Patsy Dougherty will do the heavy lifting today.

Templars' Picnic. Evidence that Good Templars are still very much alive in this city is given on Saturday afternoon, when the given annual picnic, as a joint affair in connection with the Mayflower Juvenile Temple, both lodges journeyed to Wabassa Park, the attendance of members and friends of Excelsior Lodge and Juvenile Temple being fully 150 strong.

SOLDIERS GIVEN GREAT SEND-OFF

Warmest Enthusiasm in History of Weston and Mount Dennis.

GO ON ACTIVE SERVICE

Leading Citizens Pay High Tributes to Men Who Have Enlisted.

Never in the history of the Town of Weston and the adjoining Village of Mount Dennis has an event calculated to arouse the enthusiasm and loyalty of these two places been better carried out than Saturday night's farewell to the 52 townsmen volunteering for active overseas service.

It was a notable event, marked by a leading crowd of soldiers and many tributes from leading men in all walks of life.

The send-off was held on the grounds surrounding the town hall, which were too small to accommodate the throng, which overflowed into Main street.

Mayor Charlton presided at the brief public meeting, voicing the appreciation of the town council and the citizens generally, at the splendid response to the call for volunteers. Reeve Garghouse and all the members of the town, spoke briefly, as did Dr. Forbes Godfrey, M.L.A., Rev. Hugh Price Jones, Rev. Symington, Rev. P. Long Taylor and John Bayliss, J.P., the latter more especially representing the Village of Mount Dennis.

A delightful program of military music was given by the Weston Brass Band, to which a number of the volunteers enlisting, Mothers and J. Cole gave a number of vocal selections, patriotic airs, which aroused great enthusiasm.

Half From Each. Of the 52 soldiers present on Saturday evening, about one half were residents of Weston and the remainder in Mount Dennis and neighborhood. On their arrival at Niagara they will be attached to their respective regiments, the Mississauga Corps and the 109th.

SALVATION ARMY AND HOME LEAGUE

Garden Party in Earls Court Drew Fair Crowd and Results Were Satisfactory.

Earls Court Salvation Army Band and Home League held a garden party on the grounds, corner of St. Clair and Boon avenues, Saturday afternoon, which was well attended.

The Army Band and Earls Court Men's Own Orchestra rendered selections. Refreshments were supplied from tents erected on the grounds, in charge of the women of the Home League. The total receipts amounted to about \$25.

ANNUAL GALA PICNIC A FEATURE FOR TODAY

British Imperial Association Has Arranged Splendid Program of Sports and Music.

The British Imperial Association annual gala day picnic will be held today on the Royal York Hotel grounds, corner of St. Clair and Lansdowne avenues. Attractions have been arranged, including football matches, horse show, races of all kinds, and other special events. An important feature will be the rendering of a program of music by the Band of the 4th Highlanders. The proceedings will commence at 11 o'clock. Gates will be open one hour earlier.

UNIONVILLE LODGE ATTENDS SERVICES

Rev. R. H. Johnson Addresses Orangemen in St. Philip's Church.

Unionville L.O.L. No. 168 had a great march-out yesterday afternoon to St. Philip's Anglican Church, where Rev. R. H. Johnson gave an address on the aims and objects of the order. The turnout was one of the largest in the history of the lodge. A feature of the afternoon's proceedings was the playing of the "March of the Silver," probably the oldest Orangeman and who for more than 50 years of age, was associated with Brown's Corners and Unionville Lodge.

SOLDIERS' INSURANCE AGAIN.

A public meeting will be held in Niles' Hall, Silverthorn avenue, on Wednesday evening, commencing at 8 o'clock. The subject for discussion will be "The Insurance of York Township Soldiers."

WYCHWOOD RIFLE COMPANY.

W. Katley won the half-monthly handicap at the Wychwood Rifle shoot on Saturday. The following were the highest scores of the team shoot, Win. Evans 58, Peter Black 57, W. Keatley 58, R. Lovell 55, F. Collar 55, E. J. Carleton 54, C. Wilson 51, George Taylor 48, B. Homes 48. A special prize offered for the highest score in D class was won by H. Moore.

MORPETH PARK

These are the vital facts that make this property so logical a purchase—whether for a home site, or as a sound remunerative investment;
1. It is but 25 minutes' ride from Queen and Yonge Sts.
2. In the trend of the City's natural growth.
3. Water is on the property—development work has commenced.
4. Paved boulevards leading to this property represent an expenditure of upwards of \$42,000.00.
5. So conveniently located that a man can live here and work in the city.
6. No inconveniences to put up with—you are not confined to a small lot with your neighbor's house built against yours, there's ample room for your home and a garden, which means Freedom, Happiness and Health.
7. Building restrictions are both practical and sensible, such as to establish a standard for cozy and economical houses, that will be much sought after.
8. Figuratively—Morpeth Park will save the rent payer and wage earner money, as well as prove profitable to investors.
9. It is the cheapest of really desirable property offered to the public today—it is easy to carry—taxes are low.
10. The terms are \$10 to secure a lot, and the balance is payable over a period of five years—lots can be purchased as low as \$180.

YOU'LL NEVER BUY LAND ANY CHEAPER BUY IT NOW--WE RECOMMEND IT TO YOU

Our recommendation is based on many years of successful business experience. Remember there are no low lots and the property is approached over pavements.

YOU DON'T TRAVEL OVER A MUD ROAD TO MORPETH PARK

BY ALL MEANS SEE MORPETH TODAY—you can't go wrong—people are buying it, and the property is selling on its merits—this is another opportunity such as we recommended a few years back—land that we sold at \$10 per foot the purchaser has had offers of \$250 per foot. Look at St. Clair Avenue, Dufferin Street, Danforth Avenue, Ranleigh Avenue, Roslin Avenue, etc. The time to buy is right now.

Phone the office—send in the coupon—or take the Metropolitan cars to Melrose Avenue—don't get off at Glen Grove Avenue—we will be at Melrose Avenue to meet you and show you Morpeth Park.

MORE MEN NEEDED TO DRIVE GERMANS

Must Get Them on the Run Right Thru to Berlin, Says Pte. Deeks.

Dr. A. T. Macnamara, 2052 Davenport road, recently received a letter from Pte. W. H. Deeks, Third Battalion, wounded, at No. 12 Stationary Hospital. The following extracts are interesting as showing the need for recruits:

"I believe I can put an appeal to Canadians that I think we are all praying for a speedy end of the war. It rests with those fellows at home; let them consider us, and come out to help us finish the German troops. We need men and need them badly. Why? Because the more men we have the quicker we can drive the kaisers' troops back to their own country. Aye, even to Berlin. Once we get the kaiser by the heels, then, and only then, can we hope for peace. We must crush the German, and it needs men to do it."

Pte. Deeks was one of a party of hand grenade throwers, who, with other men, escaped after an attack on the German trenches. Previous to enlisting Pte. Deeks worked at the Davenport hardware stores. He was a prominent member of the Davenport Methodist Church, and an officer in the Tri-Mu Society. His widow, mother resides at Home Health, St. Clair Avenue, Earls Court.

READY TO COMMENCE.

The prospect of an immediate commencement of the work on the Lansdowne avenue car line is now assured. Saturday surveyors were busy pegging out the road on which the lines will be laid, and large quantities of materials were delivered at the base of operations.

CAPT. R. KIRK IMPROVED.

Capt. R. Kirk of the Earls Court Cavalry Rifle Association, who met with an accident some time ago, necessitating his removal to the General Hospital, is improving and has returned to his home, 11 Day Avenue.

ENLISTING SPIRIT THRU EARLS COURT

Little Else But Recruiting Spoken of in This District. WOMEN INSPIRE MEN No Sacrifice Too Great When Empire Calls, is Their Motto.

Within the last two weeks recruiting has taken on a fresh impetus in the Earls Court district, scarcely a house in this locality but has sent one or more of its men to the front. In one street of six houses all the male members from five of the six residences have left for the front, and in several instances business men have disposed of or closed down their establishments and donned the khaki. Little else is spoken of but recruiting in the streets and stores, and every encouragement is being given to the men folk by the women who are equally enthusiastic, and no sacrifice is considered too great by them in helping along the cause. In the local factories men are leaving their jobs voluntarily in order to enlist, and a common occurrence in these works is to see a machine standing idle, the attending mechanic having suddenly quit to give in his name at the recruiting office. The soldier in uniform is looked upon with admiration, and the privilege of riding free upon the civic cars is his alone, which covers the cost of distribution. The Royal George Theatre, thru the courtesy of Manager McCulloch is also free to him, and he also enjoys other favors not granted to the man who cannot or will not enlist.

HIGHLAND REGIMENT STARTS IN EARNEST

Will Be Known as Ninety-Second and Will Reinforce Forty-Eighth. Arrangements have been completed for the new Highland regiment. It will be known as the "Ninety-Second" and will have the purpose of reinforcing the 48th Highlanders. It is not intended at present that the regiment will go to the front as a whole, but quotas will be sent from time to time as required.

The majority of the staff of officers will be chosen from the 48th Highlanders. The commanding officer will be named within a few days. Three double companies will be drawn from the 48th Highlanders, and the officers for them as well. One double company will be contributed by the 51st Highlanders of Hamilton, as well as the officers for it.

Details as to uniforms will be attended to at once, and it is expected the total strength will be reached within two weeks. Already between 175 and 200 men have enlisted.

The Wonder Car

All Low "First-Cost" Records Broken

The new 1916 Maxwell shatters all low "first-cost" records for a real automobile. Think of it—a full 5-passenger car—an absolutely complete car, with electric starter, electric lights, high-tension magneto, and every refinement—a luxurious car—a beautiful car—a powerful 50-mile-an-hour-car,—yet a light-weight real economy car—for \$925

All Low "After-Cost" Records Broken

The "first cost" of an automobile is a big consideration to any sane man, but the "after cost" is an even bigger consideration to any man who wants to remain sane in his automobile investment.

The "after cost" or upkeep is what a car costs you to maintain, run, and enjoy, after you have bought it, and it is mighty hard to enjoy an automobile if it costs you too much to run.

The Maxwell has lowered all economy records for:

- 1st—Miles per set of tires
- 2nd—Miles per gallon of gasoline
- 3rd—Miles per quart of lubricating oil
- 4th—Lowest year-in-and-year-out repair bills

1916 Maxwell High-Priced-Car Features, all included for \$925

MONDAY MORNING, AUGUST 2.

Germany Does Not Understand Freedom

We have frequently remarked upon the thick-headedness of Germany, which appears in her policies in dealing with subject or conquered races. Her colonization schemes fail because they are not inspired with the vital spirit of freedom.

The Germans have never been able to understand these things and under their philosophy they never will. Great Britain has been successful because she has allowed men the liberty of their souls. Kipling says somewhere that it is possible to get ten times as much work out of a man when he is under the delusion that he is a god than by any other means.

Germany believes in none of these things. Men are mere machines to be used for cannon fodder or driven to death in factories with no choice. A few chosen people who are "born" and distinguished by the title of "von" may have souls and the aspirations of gods, but not the common folk.

The New York Herald put the idea in these American the other day, "Germany," said our contemporary, "can never understand that the United States regards each of the one hundred and twenty odd Americans murdered on the Lusitania as exactly as much importance as the Hapsburg prince who was killed at Sarajevo."

This conflict of ideals underlies the present war. The allies are all seized of it. They know its importance. The United States are based upon this eternal principle. They cannot ignore it. As long as they hold to it they must come into conflict with Germany, which defies the principles of freedom.

Britain's National Registration

On August 21 the registrar-general of the United Kingdom will have in his possession a complete record of every male and female in the British Isles between the ages of 15 and 65 on the 15th of the month. The memorandum books and forms will be in the hands of the enumerator on or before August 9, and they must deliver all the forms during that week.

The women of the British Empire are in danger of missing the freedom which has been won for them by their men. They have in many instances forgotten the high privilege they possess in mothering a nation of freemen.

HOW FAST NATIONAL RAILWAYS ARE COMING

Dr. Seth Low of Cornell University has written The New York Times to say that the railways must immediately cut their passenger rates in two.

Mr. Low points out that passenger fares are much higher in countries where there is private ownership of railways. One of the first effects of nationalization would be a general lowering of passenger rates, even though it might be necessary to charge proportionately higher freight rates.

The Neutrality of Holland

Ever since the beginning of the war German agents and papers have been attempting to indoctrinate the Dutch people with the belief that Britain harbors designs against her neutrality and independence.

Mr. Underwood says that there should be a fixed passenger rate whether it does or does not pay as a separate branch of the railway business. He points out that in every large business some departments are run with a small profit or at a loss, while others bear the burden of interest charges, overhead expenses and so forth.

Mr. Underwood, also a practical railway man himself, is one of those who believe that the conduct of railway business on this continent has been characterized by gross stupidity.

Everyone will admit that the railways will carry a great many more people at a cent a mile than at three cents a mile. No one will dispute that it is desirable from the standpoint of public policy to have people travel as cheaply as possible.

The Nursing of Infants

Dr. Hastings, the medical officer of health, has made an appeal in his monthly bulletin which should not be overlooked or passed by in silence. It deals with a question vital to the nation and to the empire.

His subject is the perpetuation of infant life. The mortality is a dreadful one, even when all the natural allowances are made for unavoidable diseases, for weakling babies and for accident.

WILL ATTENDANCE REACH A MILLION?

Optimists Look for Record Crowds at Coming Exhibition. OUTSIDERS EXPECTED Prosperity of Farmers and Tourists From South to Swell Numbers.

Predictions are being made in Exhibition circles that the million mark will be again reached in attendance this year. This figure has been touched only once—in 1913—and it takes a fine brand of optimism to look for a repetition in war times, but there is a basis for a belief in a largely augmented attendance in the enormous increase in the numbers of enquiries received by the railways regarding rates, etc.

The railway situation in the United States is less than the railway situation in Canada calls for the intervention of the government. If the United States roads are to meet their fixed charges with a reasonable dividend for stockholders they must be allowed to advance their rates.

The Financial America, while no doubt in sympathy with every effort to save off public opinion will long be caged by Mr. Underwood's proposal as a step with so attractive a proposition as the one-cent-a-mile passenger fare. It is measured by the extent of their freight business, it is certain that a 20 per cent. average increase in freight rates would solve most of the financial difficulties of the roads, even if a one-cent passenger rate did not bring a profit.

Instead of "keeping the best things till the last" we are starting right into the August Sale to offer some of the choicest plums that our buyers secured for this great annual economy event.

Just \$2 Down and small weekly sums will buy one of these Famous Davenport Beds.

\$35.00 is the price at which these peerless Pullman Davenport Beds regularly sell, but by agreeing with the makers to take an unusually large quantity which they made up for us during the slack period, we are enabled to offer them at the extraordinarily low price of only \$24.75.

SOLID OAK FRAMES—The design is a neat and sturdy one; semi-mission; frames are of selected oak, finished in either golden with coverings of black moroccoline, or fumed or early English with brown Spanish moroccoline covering. The seats and backs have extra deep spring upholstery.

These Davenports are equipped with separate Spring and Felt Mattress included in above price.

The simplest operation opens these Davenports up to a full size bed, and exposes a separate spring and all-felt mattress, which can be turned and aired at will, just as on an ordinary bed.

You Have Choice of Two Sizes.

Either the full-length Pullman Davenport, 7 ft. long, or the Pullmanette, which is only 5 ft. 4 in. long, may be had at this price.

Altogether this provides one of the best bargain features that any special sale has offered, and those who wish to own a good Davenport Bed will do wisely to act at once and secure one of these before the lot is all snapped up.

BIGGEST TASK OF NATIONS STANDS BEFORE THEM NOW

Senator Lougheed, Acting Minister of Militia, Gives Strong Address at 12th York Rangers' Recruiting Meeting, Which Many Veterans Attended.

To a big crowd of recruiting enthusiasts assembled on Saturday night in the headquarters of the 12th York Rangers Hon. Senior Lougheed, acting minister of militia, stated that the opinion of the highest military authorities in England as conveyed to him by Mr. Thomas, the British Government's munitions purchasing agent

Some of the more important announcements made by the acting minister were as follows: (1) That in the past three weeks the public subscriptions for the purchase of machine guns made by citizens and institutions spread over the Dominion from the Atlantic to the Pacific, amounted to \$1,000,000.

(2) That the machines purchased by national and individual subscribers would be entirely in addition to the equipment already provided by the military departments of the British Isles and Canada.

(3) That the public are invited to make further subscriptions. (4) That the equipment of machine guns supplied to the Canadians will be quadruple that supplied to the British.

(5) That the government is immediately opening a large convalescent hospital in the city of Quebec. (6) That 75 palatial residences in the Dominion have already been offered to the government for use as convalescent homes.

Owing to the heat of the night the attendance of young men was not as large as the officers of the 12th York Rangers would have liked. The attendance of Veterans, however, was big. In almost every seat sat a grizzled old warrior, or to be more correct they tried to sit, for as the orators struck their climaxes and the limit of veteran endurance was passed, the old soldiers jumped to their feet and in cheers forgot all about those seated behind.

And sometimes the veterans didn't agree with the speakers. Some of them, in fact, seemed to have a grouse at the young men in civilian clothes outside the building, and when A. Claude Macdonnell, M.P., in his enthusiastic eulogized the young men who were all "springing up and joining the colors," one old veteran who had fought in the Fenian raids and the Northwest rebellion, interrupted him with the shout, "No, they're not. No, they're not."

His Grace Archbishop Neil McNeil, who presided at the meeting and gave the opening address, laid emphasis on the part that Canada was playing in the war. A few excerpts from his remarks are as follows: "We are a little slow in realizing that we have passed out of the stage of a colony into the stage of a nation within the empire."

"We have seen to think of the country as a colony. Canada today is just as much a nation within the empire as is Scotland or Ireland. We should assert this always to be the fact. When we arise that we are a nation, then the call to arms should have greater weight."

Archbishop McNeil told the story of the success of the Canadian Legion in the call for 300,000 men and ended by saying that Canada's answer to the call from across the ocean should be "We are coming, dear old England, with 300,000 men."

Archbishop Macdonnell, in beginning, referred to the help that his grace was giving in the recruiting work in the city, and stated that one of the by-product results of the war, was that in Canada we were becoming more united than before the war, and that differences of language, race and religion were not being magnified or allowed to hamper us in our task of subduing Germany.

He referred to the work the government was doing, and more especially to the enthusiasm of Mayor Church in the recruiting and insuring of the soldiers. "No place in Canada is doing as much as Toronto," was his appreciation, "and this is as it should be."

Senator Lougheed left quite at home in the York Rangers' hall, for he had once been a member of the regiment many years ago, when he took the place of a soldier who had been ordered out just after the wedding bells had ceased to chime and the honeymoon was about to begin.

VICTORY FOR LEAFS AND TEN INNINGS TIE

Herbert Made the First Easy—Second Game Long Drawn Out Controversy.

A victory for Toronto and a ten-innings tie resulted from the brace of contests at the island Saturday. A fair-sized crowd saw the double-header and were generally well satisfied with the brand of baseball served up, they were beginning to long for home and supper at the finish, as it was approaching seven o'clock when the second game was called in the tenth on account of darkness.

Things looked unfavorable for the Leafs in the early part of the first game. The visitors got a lead by scoring in the second inning without a hit, when Kraft got on on Wares' fumble, was pinched off first by Herbert and reached second when Wares dropped a throw, was caught off second by Kocher, went to third and came home when Wares threw high over Cather. It was a bad quarter-hour for the little shortstop, but he redeemed himself later. Herbert wavered in the third, and a walk, a sacrifice and a solid single in a row put them two ahead. A double-play, started by himself, got Herbert out of trouble, and after that he settled down and prevented any more scoring.

Chabek started well for Harrisburg, but the Clymerites evened up the score in the third on a walk, a sacrifice, a high throw and a single. In the later innings Chabek weakened, and his came in bunches. Three doubles in a row scored two in the sixth, and four more were added in the eighth on four singles and a couple of passes, the game ending 8 to 2.

The second game was a pitchers' battle between Louise and Herb. The latter went to the tenth without a decision. Harrisburg got the first run in the fifth on two hits and a sacrifice fly. Toronto got it back in the sixth on a pass, a single, a steal of a base and a bunt throw by the catcher. Neither team got any more, the both had opportunities galore, but good pitching, aided by some luck, spoiled the chances.

Rath was the good man with the stick Saturday, getting three hits in each game. Cather coming next, with two in each. Thorpe, the Indian athlete, made his first appearance in the today, but created no sensation as a ball player.

Rosedale All Out For 13 Runs

Small cricket scores were features of Saturday's games. In their C. A. fixture Rosedale were all out for 13 runs, while the Toronto collected 108. Grace Church appear about the only side to hit up a score of commendable proportions. Against St. Andrew's Club, Matfield's man made five five wickets and then declared. Grace Church have won every game this year.

REMARKABLE FEAT BY GRACE CHURCH BOWLER

Roberts Took Five Wickets for One Run in Three Overs—Cricket Scores.

Grace Church A team won the O. C. A. game of cricket from St. Alban's on Saturday on St. Andrew's College grounds by 130 runs for 5 wickets to 47.

The chief feature of the game was the most remarkable bowling of H. Roberts for the winners who captured five wickets for one run in three overs, also performing the best trick.

For the losers Saxton got two wickets for 48 runs and Moon two for 36. Scores:—Grace Church A..... 130

PROCLAMATION WAR ANNIVERSARY

Thomas L. Church, Mayor of the City of Toronto.

Whereas Wednesday, the 4th day of August, will be the anniversary of the Declaration of War, and the occasion calls for solemn and fitting recognition by the people throughout the Empire.

And whereas His Honor the Lieutenant-Governor has appointed the said day to be observed throughout the Province as a day of prayer and intercession to Almighty God on behalf of the cause undertaken by the Empire and its allies, and of those who are offering their lives for it, and for a speedy and decisive victory to the end that peace shall ensue.

I, therefore, do now most earnestly invite compliance by all citizens with the desire of His Honor the Lieut.-Governor for the due observance of the said day as one of prayer and intercession.

Divine services will be held in St. James' Cathedral and other places of worship throughout the city at 11 o'clock in the morning and a patriotic gathering of citizens will be held in Rivendale Park at 8 o'clock in the evening, to which all are cordially invited.

In witness whereof I have hereunto set my hand and caused this proclamation to be made known.

T. L. CHURCH (Mayor), Mayor's Office, Toronto, July 31st, 1915.

PROFIT-TAKING SALES JULY OATS ADVANCE

Sinking of Iberian Had Depressing Effect on Trading.

NEW YORK, July 31.—By comparison with the heavy trading and wide movements of the earlier days of the week, today's stock market inclined toward the prosaic.

Speculation was on more conservative lines. The outside demand for the war specials fell off largely, and the extent of their rise of the week brought up the question of their stability at prevailing prices.

MARKET WEAKER IN CHICAGO WHEAT

Prospects of Bumper Yield Offset Wet Weather Influences.

JULY OATS ADVANCE

Crop Will Test U. S. Transportation Facilities to Utmost.

CHICAGO, July 31.—Prospects of a bumper yield in the spring crop states

proves more today an offset today for wet weather over the greater part of the winter wheat belt.

BEARISH CROP REPORTS

Crop reports could hardly have been more bearish than the reports from Minnesota, the banner states for spring wheat.

According to one authority, the conditions there were now such that neither blight nor rust could materially cut down the promise, the only thing to fear being a wet harvest.

It was said that big movement of winter and spring wheat would be likely to come at the same time, and would test to the utmost the transportation and terminal facilities of the country.

In view of such advances, an early advance, due mainly to rains in the districts where the winter crop harvest has not yet been finished, was forced to give way to a material decline from which no important rally took place.

Deliveries of July wheat contracts were settled up without any unusual trouble. Shorts appeared to be in some difficulty in the first part of the day, but on the other hand, longs found it at least equally hard to dispose of holdings in the last quarter hour of the session.

The bullish state reports from Kansas failed to have any permanent effect on the market and there was no evidence of an urgent export call.

The sinking of another ship by a German submarine tended somewhat to increase the pressure to sell.

In the corn market, July shorts covered freely, and thus did a good deal to first to harden prices all around.

Deferred options declined afterward with wheat, and as a result of improved crop reports from the more southern sections of the belt.

July oats advanced to the highest price of the crop. On the bulge, the houses that generally act for the seaboard were active sellers until the rise was checked.

Higher prices for hogs gave a little strength to pigsticker, but there was no change in price chiefly from Milwaukee.

Wagon Section Filled With Splendid Fresh Vegetables for Sale.

Again on Saturday last the rearrangement of some of the tables in the basket section at St. Lawrence Market demonstrated the fact that the management of the market is in the hands of an incompetent.

Most of the farm women were quite indignant at the change, one farmer explaining that he had not thought conditions could be worse than they had been, but it remained for the superintendent to prove him wrong.

The change gave the fortunate few who secured the stands at the north end of the market a decided advantage.

Others, who were situated farther south, especially those who were right at the south end, which abutted the south wall of the building, did not have a fair chance when the crowds got between the sections of tables, people could not reach them.

Had there been a passage-way around the south end of the tables, it would have made things a little more equal, but perhaps the limited space would not permit this.

The World has no doubt the superintendent was trying to better conditions, but he should have made better change. But this only goes to prove the fact that conditions are not what they should be, and the whole place needs a radical change.

The basket section is not a large enough. Of course, the superintendent claims he has space for more baskets along the east side, but that east side is right among the live fowl section, and is not fit to use.

Therefore, a great many of the vendors refused to go there, thus overcrowding the west side.

Then, look at the wagon section, which is used as a stable during five days of the week and only used for produce on Saturday.

It is not fit to use, and it has been cleaned up, but it is not fit to use, and it has been cleaned up, but it is not fit to use.

POPE UTTERS PLEA FOR PEACE AGAIN

Prays Fratricidal Struggle May Be Speedily Brought to End.

WANTS FOURPARLERS

Direct or Indirect Exchange of Views Between Belligerents Suggested.

PARIS, Aug. 1.—The text of the

appeal just issued by Pope Benedict says: "When we were called to succeed to the apostolic throne of Pope Pius X., whose exemplary life was brought to an end by the fratricidal struggle, we too, felt the despair of a father who witnesses his home ravaged by a furious tempest.

"We thought of our young sons cut down by death; we felt the unexpressed sadness of mothers and of wives made widows before their time and the tears of children deprived of parental guidance. We thought of our own people, who were called to concentrate our whole activity and all our power to the reconciliation of the belligerents. We thought of the solemn promise to our Divine Father, who wished at the price of His blood to make all men his brothers.

"Our affectionate and insistent counsels as father and friend were not heeded. This increased our sadness, but did not shake our resolution. We continue with confidence to appeal to all our powerful, imploring Him to end the great scourge.

"Today, on the sad anniversary of the terrible conflict, our heart gives forth the wish that the war will soon end.

"In the name of the Lord God, we implore the belligerent nations before divine providence beneficently and the horrible carnage which for a year has been dishonouring Europe.

"Sew up Wounds and Reunite Europe are sown with bodies and ruins. You, who before God and men, are charged with the grave responsibility of peace and war, listen to our prayer. It cannot be said that the immense conflict cannot be ended without violence of arms. May this craze for destruction be abandoned.

"Why not weigh with serene conscience the rights and just aspirations of the people? Why not make good will a direct or indirect exchange of views with the object of considering of peace formed in His own equity, and thus put to an end the terrible combat?

"Blessed be he who first extends the olive branch and tenders his hand to the enemy in offering him reasonable conditions of peace.

"The equilibrium of world progress and the security and tranquility of nations repose on mutual well-being and respect of the right and dignity of others, more than on the number of armies and a formidable zone of fortresses.

"Prayers for Speedy Dawn. "May Jesus in His pity, by the intercession of the mother of sorrow, end the terrible tempest and cause to arise a radiant dawn and the quietude of peace formed in His own equity, where the questions may be studied with necessary calm and thought.

"This will be the most beautiful and glorious victory. In confidence the tree of peace will soon allow the world to enjoy again its fruits, we beseech our apostolic benediction upon all those who are faithful to our keeping, even also upon those who do not yet belong to the Roman Catholic church."

French aeroplanes threw 30 shells on the aerodrome near La Malmaison and six shells on a military train near Chateau-Salins.

Seven French aeroplanes also bombarded the railway station and aeroplane works of the Germans at Freiburg in Baden. Owing to motor-traffic the French aeroplanes were forced to land in the lines of the enemy.

The Germans also report that one of their aerodromes near La Malmaison was bombed. They claim that some of their machines dropped 30 bombs on the aerodrome, while the French reported that they were dropping 30 bombs on the French flying ground near Nancy.

The French official statement, however, does not mention any material damage, doing no material damage.

Engage in Aerial Duel. German aeroplanes engaged in a duel with six French machines over Chateau Salins, according to the Germans. They say that six of their machines attacked fifteen French machines, forcing several to land, but that one of their battle aeroplanes shot down a hostile machine.

Bombardments by artillery were continuous in the Argonne, where the usual artillery activity is reported. Here, one German field piece, firing at a range of three miles, shelled Combeigne, where the fire which was quickly extinguished.

The Germans bombarded the French positions at Villers, near La Fontenelle and Metzera, in the Argonne.

Increased violence in the artillery action is noted by the French official report in the district northwest of Rheims, at the Luxembourg farm between Caroy and Lohrv, and in the western Argonne.

Four Mouson and Madieres villages were bombarded by the Germans.

At Angora and Arze, in Antioch the usual artillery activity is reported. Here, one German field piece, firing at a range of three miles, shelled Combeigne, where the fire which was quickly extinguished.
