The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## SPECIAL NOTE.

The Original Letters, Papers and Documents enumerated in Divisions I. and II. of this Catalogue were purchased by me in Exeter, England, in 1867.

Knowing that Colonel John Graves Simcoe, the first Governor of Upper Canada, was a Devonshire man, and that he was buried in Exeter Cathedral, I was desirous of verifying the statement that "Canada" was not mentioned in the inscription on his monument. This statement I found to be true. The only indication that the monument gives (that Simcoe ever held any position in Canada) is the sculptured figure, on one side of the monument, of an American Indian, with a tomahawk in his right hand and a blanket thrown over his left shoulder. (See title page.)

The Original Letters and rare old Documents enumerated in the first part of this collection, as well as the quaintly printed Proclamations of Governor Simcoe, President Russell and Governor Hunter, in the second part, form a unique and most interesting collection of Historical Papers relating to the stormy times of the French and American Revolutionary wars, 1750-1778.

Among the most interesting papers in this historical collection is the *Ulster County Gazette, N. Y.*, published in January, 1800, containing an account of the death in December, 1799, and his burial in the same month, of General George Washington, aged 68, with addresses to the President, John Adams, on the subject, and his replies thereto; with separate newspaper copies of letters of his medical attendants, and other items of interest.

TORONTO, June, 1901.

honour upon the Families who had adhered to the "Unity of the Empire," and joined the Royal Standard in America before the Treaty of Separation in 1783. The Proclamation then reiterates the orders of the Governor-General-in-Council to the effect that the several Land Boards should take course for preserving "Registry of the names of all persons falling under the description above mentioned to the end that their posterity might be discriminated from future settlers in the Parish Registers and Rolls of the Militia of their respective districts, and other public remembrances of the Province, as proper objects, by their persevering in the fidelity and conduct so honourable to their Ancestors for distinguished benefits and privileges."

But as the Proclamation states, "such registry has not been generally made; and, as it is still necessary to ascertain the persons, and families who may have distinguished themselves, as above mentioned, as well for the causes set forth, as for the purpose of fulfilling His Majesty's gracious intentions of setting such persons and families upon lands now about to be confirmed to them . . . Now know ye that I have thought proper . . . to direct . . . all persons claiming to be confirmed in their several possessions, who adhered to the 'Unity of the Empire' and joined the Royal Standard in America . . . to ascertain the same upon oath . . . in such manner and form as the Magistrates are directed to receive the same."
