RECIPROCITY PASSED IN UNITED STATES HOUSE

Vote Was 265 to 89—All Amendments Rejected—Republicans Vote Against Measure—Attempt to Add Whole of Democratic Free List Bill to Measure.

WASHINGTON, April 21.—President Taft's Canadian reciprocity agreement, supported by all but a handful of Democrats, and opposed by a majority of the Republicans, passed the house of representatives early this evening by 265 to 89.

The bill seeks to put into effect the formal agreement reached between President Taft and the members of the Canadian cabinet for a reduction of the tariff rates on many articles and free trade in many others across the Canadian border.

The passage of the bill marked the close of a fight that had raged in the house for six days. During that time the safety of the measure was at no time threatened, but the Democratic and Republican leaders working for its passage conceded all the opportunity desired by its opponents to debate and, following the same policy, amendments were admitted in the house today for almost every section of the bill, and in each case they were rejected by an overwhelming vote given by the friends of the measure on both sides of the house.

Republicans Voted Against It. Ten Democrats voted against the bill on its passage, while 137 Democrats voted for it. At the time the bill passed at the preceding session of congress, a majority of the Republicans were found against it, the party vote being 87 for and 73 opposed.

The attempt to amend the agreement began with final reading of the bill at 2 o'clock. The threats of Republicans opposed to the measure to make Democrats vote against amendments to free meat, lumber and free agricultural machinery, were carried out, but the party leaders declared that any amendment would defeat the whole trade agreement they cheerfully voted these amendments down.

The Republicans, who taunted them with opposing free admission of these important products, were met with the assertion that the measure would lay the new "farmers' free list bill" before the house next week, and that an opportunity would then be given for free meat, machinery, lumber and a score of other things. This defiance was met by Republican standpatters with the charge that Democrats knew the free list bill could not pass the senate nor secure the president's approval.

Proposed Whole Free List Bill. Attempts to put free and canned meats on the free list section of the reciprocity bill were made by Representatives Martin of South Dakota, Foster of Vermont, Democrat of Wisconsin and Norris of Nebraska. Representative Lenroot finally proposed the whole Democratic free list bill as an amendment, and although Representative Sherley of Kentucky, who was presiding, ruled that it was in order, the Democrats stolidly voted against it.

The section of the bill relating to free admission of pulp and paper provoked the sharpest attack, drawn up from Representative Mann of Wisconsin, the Republican leader, the statement that it was exactly in the terms agreed upon by the two countries. "Former Speaker Cannon bitterly attacked this section of the bill.

"Let's bring Canada down here and surrender the bill to congress to them," exclaimed Mr. Cannon. Representative Longworth of Ohio pointed out that any reduction of duties proposed in the free list amendments would violate the relations between the U. S. and all other countries, as it would give Canadian goods a special preference in the American markets.

"I challenge the statement that we are going to pass the free list bill later on with the expectation that it will not become law," said Democratic Leader Underwood in reply to statements from Republican opponents of the reciprocity bill. "The free list bill will become law, or the Republican president that kills it or the Republican president that votes it will never be heard from again."

Massacre at Fez

MADRID, April 21.—The government has received a telegram stating that a native has arrived at Teuan, who declares that the Moroccan rebels have stormed Fez and massacred the garrison, and that the sultan has taken refuge in the French consulate.

Mackenzie Now in Control of T. E. L.

Official Notification Given That Two-thirds of the Stock Has Been Deposited.

William Mackenzie and his Electrical Development Co. are now the owners of the Toronto Electric Light Co. Two weeks ago to-day at a meeting of the shareholders the offer from a syndicate of \$13 per share, contingent upon two-thirds of the stock being turned in, was received. A 30-day limit was set, but already the required amount of stock has been deposited with the National Trust Co., so that the remaining shareholders have still two weeks to turn in their holdings.

The following circular was sent to shareholders: "Dear Sir or Madam: We beg to inform you that there have been deposited with us stock certificates of the above mentioned company for more than two-thirds of the total issued shares of that company. We are, therefore, prepared to pay to you, upon presentation at our office of the certificate which we issued to you in respect of this matter, the sum of twenty (\$20) dollars for each share represented by the said certificate. It is necessary for you to forward the certificate which we issued to you in order that we may endorse the said payment thereon. The certificate, when of course, be returned to you, together with the payment."

Your truly, W. E. Rundle, Manager.

FELL INTO BASEMENT WOMAN LIKELY TO DIE

Topped Backwards Thru Window of Osgoode Hall Boiler Room and Fractured Skull.

An unidentified woman, about 24 years of age, fell from the point of death in St. Michael's, following a strange accident in the boiler room of the rear of Osgoode hall, at 433 yesterday afternoon. Her skull is fractured and she has little or no chance of recovery.

The young woman was talking to two young men, when she backed up against the windows of the newly constructed engine room of Osgoode hall, which are almost flush with the street. There was a crash of glass as she stumbled against the ledge of the windows and fell backwards 16 feet to the cement floor below.

The engineer did not hear the fall, but felt the draught thru the broken window, which he believed to have been open. He went around to fasten it and found the girl lying unconscious in a four-foot space, between the boiler and the wall. The police ambulance was summoned and she was removed to the hospital, where, at an early hour this morning she was in a critical condition and had not recovered consciousness.

TOWN HAD CLOSE CALL

SWAN LAKE, Man., April 21.—The town of Swan Lake had a close call this morning when a bush fire was discovered just south of the town. The bush for two or three miles all round the south and southeast is burning, and with the aid of a bucket brigade, the citizens are keeping the flames back. W. J. Scott's blacksmith shop was scorched and his separator, which stands outside, was slightly burned. A watch will be kept during the night.

To Teach Moral Hygiene.

Dr. Conboy, chairman of the management committee of the board of education, says he will introduce a motion for instruction in morality in the schools by expert instructors.

Another Liberal Balks

OTTAWA, April 21.—There was another Liberal opponent of the reciprocity agreement to-night. W. O. Sealey of Wentworth opposed the pact, so far as it affects the fruit and vegetable industry. He condemned the interference with the tariff on that industry, pointing out that at present the Canadian duty is double that of the United States, and warned the government that as a result of the agreement the American fruit growers would swamp the Canadian growers. He said he still hoped and trusted that the fruit and vegetable industry would receive the consideration of the government.

As regards hogs, he thought it would have been safer to leave the tariff as at present. He announced that he would move to strike out of the agreement the fruit and vegetable schedules. He considered that the risk of ruin to an important industry was too great to be undertaken.

TOO MANY TIPS FOR MR. TAYLOR

Member for Leeds Denounces Extravagant Expense Accounts of Ministers, Departments and Officials.

OTTAWA, April 21.—(Special.)—Traveling expenses such as cab hire, Pullman cars, hotel bills and gratuities to waiters on the part of ministers, deputy ministers and departmental officials, formed the chief subject of discussion in the house of commons this afternoon. Geo. Taylor (Leeds) took up a return recently tabled and in lacrymose tones inveighed against wanton expenditures.

"By what right," he demanded, "did these officials put their hands into the public chest and give tips to waiters?"

Mr. Taylor objected to private cars for the commissioners of the national transcontinental railway. He criticized the expenses of the board of railway commissioners, and hinted at sundry items which might be classified as "incidental."

Taking up the bulky return Mr. Taylor began to read militia department \$2000 just even; not \$200, and out of this tips to waiters \$228.28.

"Are the names of the persons tipped given?" naively asked Mr. Foster. "No, no," replied Mr. Taylor, somewhat disconcerted by the interruption. Continuing Mr. Taylor read over the expenses of the governor-general and privy council office, \$306; Hon. Charles Murphy \$500 tips; department of finance, \$53 tips; trade and commerce department, \$183.03; labor department, \$85.20; railway commission, expenses of car Acadia, \$719.40.

The Premier's Pets. The member for Leeds was particularly severe on the commissioners of the national transcontinental railway, "traveling expenses," he snorted, "or \$764." "These men are the pets of my right hon. friend the prime minister."

"Rate & Co. for stocking private car, \$2082," said Mr. Taylor, "and \$1500 of it for liquor," referring to a particular item as "2200 simply for just an official." "I wonder if my right hon. friend the prime minister will justify that to the farmers of the west?"

The member for Leeds was the next victim. L. P. Broder, \$428.28; cabs, \$218; hotel bills, \$576; Pullman cars, \$94; tips, \$100. Mr. Taylor then went on to show that the minister and officials of the marine department had paid out in tips during the year something like \$800. Sir Alan Aylesworth, for personal expenses, spent \$2245, and Hon. Wm. Paterson was at the bottom of the list with but \$40 against his name. "There was a party given on the 17th," said Mr. Taylor, amid laughter.

"He beats his mark," came from a backbencher. "I have never known a minister so lavishly treated," he vouchsafed the remark. "He feels safe on biscuits."

The Mr. Paterson did not appear to lose up to what Mr. Taylor's tirade. He managed to disburse \$500 in personal expenses.

Means "Bar Accounts." The department of agriculture was different, and grouped several large sums under the caption "incidental." One item represented \$577.70, and another \$1700. "I have never known a minister so lavishly treated," said Mr. Taylor, "and \$1500 of it for liquor."

Then came the speaker of the evening, Hon. Mr. Paterson, who spoke for over an hour, on the reciprocity agreement negotiated by himself and Hon. Mr. Fielding. He claimed that the government needed no mandate to enter such an opportunity. This pact would have all the traffic they could handle, because they could handle it as cheaply as anyone else.

FIFTY YEARS RECTOR

Congregation of St. Stephen's Will Honor Canon Broughall. Fifty years rector of St. Stephen's Church. This is the record of Rev. Canon Broughall, and in commemoration of the happy event, special services are to be held in the church tomorrow. His lordship, Bishop Sweny, will preach in the morning, and R. V. W. A. Graham, formerly of St. Thomas, in the evening.

Canon Broughall was born at Cobourg in 1822 and was educated at Victoria College. In 1852 he took his degree at Trinity, and for a time was classic lecturer there, later becoming curate under Rev. T. S. Kempster of St. John's Church, at a time when his services were held in old St. Andrew's market. In 1861 he became rector of St. Stephen's. The church was the gift of the late Col. R. B. Denison, and was then supposed to cover the whole territory north of Queen-st. and west of Spadina-ave.

Canon Broughall will be 78 on May 2 next.

CANADIANS AT COLUMBIA.

MANY LIBERALS DECLINED TO ENDORSE RECIPROCITY

Hon. William Paterson's Cornwall Meeting Proved to Be Somewhat of a Frest.

CORNWALL, April 21.—(Special.)—The liberals of Stormont held a meeting in the Masons hall last night, to hear the reciprocity agreement discussed by Hon. Wm. Paterson, minister of customs, and others. The attendance was rather slim, less than 40 being present, and many of these declined to endorse the agreement.

It was a quiet easy-going kind of a meeting; James W. McLeod, president of the Stormont Liberal Association, presided. The first speaker was Co. R. Smith, M.P., for Stormont, who explained why a drill hall and other public buildings were not erected here.

Then came the speaker of the evening, Hon. Mr. Paterson, who spoke for over an hour, on the reciprocity agreement negotiated by himself and Hon. Mr. Fielding. He claimed that the government needed no mandate to enter such an opportunity.

Over in the Canadian Pacific sheds, where the men are getting ready to organize and present a demand for higher pay. There are over 400 men employed by the Grand Trunk as freight handlers, and they are growing weary of working ten hours per day for 15, 16 and 17 cents per hour.

BRITONS BECOME MORMONS

Forty Families Passed Thru Toronto Yesterday for Salt Lake City. An express train passed thru the Union Station yesterday carrying forty immigrant families to Buffalo, and eventually to Salt Lake City, Utah. This is the first batch of immigrants from the British Isles to leave the old land for the Mormon city. This influx, the largest of its kind in the history of this continent, is caused by the presence of Mormon missionaries, who are at present preaching in different parts of Great Britain, and unless legislation is enacted to prevent their presence and proselytizing, it is likely that a good many more immigrant trains will pass thru Toronto en route for the Mormon city of the west.

JOHN CHAMBERS APPOINTED.

John Chambers, formerly city park commissioner, was yesterday appointed by the Ontario Government to be gardener at the Central Prison at a salary of \$1600.

Accident to Survey Party?

OTTAWA, April 21.—Census Commissioner Blue to-night received the following wire from his son, Walter Blue, who is on a government survey in the Timiskaming: "Saved every thing and am all right." It is believed here that the wire refers to some accident in the north, but nothing is known of it in Ottawa.

Fully Up to Advance Notices.

The musical extravaganza, "The Old Town," in which the versatile comedians, Montgomery and Stone, are appearing, at the Princess Theatre, this week has lived fully up to advance notices. The engagement here ends with a matinee this afternoon and an evening performance.

FREIGHT HANDLERS TO DEMAND HIGHER PAY

Grand Trunk Men Will Revive Organization and C. P. R. Employes Will Join.

Railroad officials have their troubles when they try to keep down salaries. All along the line it looks as if the employes of the Grand Trunk are determined to have an increase proportionate with the "increased cost of living," and better pay on other roads.

The men had a union some time ago but owing to the constant moving of individuals to better positions elsewhere and new men coming on, it was finally dropped. With it dropped all organization and any power to regulate wages, and the men are determined that these must be secured again.

A change in the bylaws of the board was also made. Formerly the fee of members was \$10 for non-residents and \$12 for resident members for one year, and \$6 and \$5 for the half year. When the late campaign was started, it was decided to make the fee \$9 and \$8 for the nine months remaining of the year, but it was discovered that this was unconstitutional, so yesterday the constitution was amended to allow of the arrangement.

TO WIRE OTHER PRESBYTERY

Prompt Action Needed in Dealing With Call to Rev. S. H. Gray. It will be decided on May 2, whether Rev. S. Harper Gray, of Dundas, will become pastor of Old St. Andrew's church.

On that date not only does the Toronto presbytery meet to consider the call, but the Hamilton presbytery, to which Rev. Mr. Gray belongs, meets at St. Catharines. If the Toronto body sustains the call it will be transmitted by wire to the Hamilton presbytery. However, plans may be upset by an invitation Rev. Mr. Gray has received to a professorship in Alberta College, University, Kingston, and who is a close friend of Rev. Mr. Gray.

DEATH BY ACCIDENT.

"We, the jury, find that David Fry came to his death thru being struck by an elevator, and we believe that his death was purely misadventure." Thus Coroner Dr. Winnett's jury expressed themselves after hearing the evidence in the case of the unlucky old man who was found under the freight elevator in McKendry's store on Yonge street. No negligence was found in the evidence against the store, and it could not be made clear how the victim a night watchman, had got under the elevator, there was little doubt of its being a case of accident.

No Commission on Epidemic.

Sir James Mackenzie yesterday afternoon stated in the House of Commons that government would probably appoint a commission to probe the Ottawa typhoid epidemic, was not correct.

FOREIGN INFLUX GRAVE PROBLEM

True National Spirit Endangered, Says A. E. Kemp at Fine Rally of North Riverdale Conservatives.

Danforth Hall was packed last night at the smoking concert held by the North Riverdale Liberal-Conservative Association, with an enthusiastic audience of representative electors. Excellent speeches were made by leading Conservatives. President A. J. Smith expressed great pleasure at the large attendance.

On the platform, in addition to the chairman, were: Col. Sam Hughes, M. P.; A. E. Kemp, Thos. R. Whiteside, M.L.A., Controller Church, J. A. Macdonald, A. H. Birmingham, and other representative Conservatives.

Controller Church warmly congratulated the association on the untiring front the electors of East York were showing in this important Canadian crisis. He well remembered speaking in East York last year, to the platform of W. F. Maclean, M.P. It was a strongly Conservative riding then, and he was glad to see that the same spirit continued to be manifested.

Cheered A. E. Kemp. A. E. Kemp was given an ovation. He said he was delighted to be present and to see such a successful meeting.

Respecting the reciprocity question he wished to say that Canada had many years ago many very able men, such as Hon. Geo. Brown, Sir Charles Tupper and Sir John A. Macdonald. The country was reproaching with men which needs again such men as Sir John A. Macdonald, if the Dominion is to be kept from absorption by the United States.

Sir John A. and the other fathers of Confederation had an easy task to bring about the union of the Dominion with the development of our great northwest in view of the great influx into the Dominion of settlers, most of them not British.

Big Foreign Population. The foreign element was in the majority in the Canadian census. In the early days of the United States there was a continuity of interest, of commerce and of population.

The Canadian east and west are separated by a wide stretch of unsettled country. The newcomers there regard the northwest as being Canada. The United States, but you find the United States settlers in our west, deploring their homes, and wishing to return to the north-west, as being Canada. We are not safe with so-called "expatriation" going on, and we are negotiating for tariff agreements.

Annexation in Sight. Confederation is now at the testing point. We are now negotiating for reciprocity agreement for the same reason that the American people are favorable to it, namely, Annexation. We can't believe it will lead to annexation. This was shown by the statement in congress by Mr. McCall, who moved for a resolution which likened it to the Louisiana purchase. The Democratic and Republican leaders were united for the pact because they aimed at annexation. The United States were not very friendly to Canada until they found they could not get along without us.

The real feeling of the Americans towards Canada was shown by an incident two weeks ago at Albany, when his own sister-in-law was put off the street car because it becomes law of his own accord a Dominion one dollar bill for her fare.

The Dominion Government has got so mixed up with President Taft that it is committed to pass the pact, but we will insist that the people of Canada be allowed to pass upon it at the ballot box before it becomes law. (Prolonged applause.)

President Grier of Ward One Conservative Association declared it was as much a man's duty to take part in politics in times of peace as to be ready to go to the front in time of war.

An Iniquitous Pact.

Col. Sam Hughes, M.P., said he feared for the present great prosperity of Toronto if this iniquitous reciprocity pact were ratified. The constitutional basis he declared the arrangement had been made contrary to the constitutional usage of the empire and the basis of responsibility government. On any great new issue an appeal to the people was requisite. This was the case in the case of the pact. The pact is not in Canada's interests; it would be a blow at Canada's industries and place Canada at the mercy of the United States trusts. But for the fool policy of the Conservative party in 1896 in making a dicker with the ecclesiastics for the Manitoba schools, the Liberals would not have achieved power. The Conservative party, however, in and out of office, had stood true to the national policy of fostering Canadian industry. (Applause.)

Brief speeches were made by J. A. Macdonald and A. H. Birmingham and a number of songs rendered the smoker.

The North Riverdale patrol of boy scouts in khaki held a special muster and attended the meeting.

No Commission on Epidemic. Sir James Mackenzie yesterday afternoon stated in the House of Commons that government would probably appoint a commission to probe the Ottawa typhoid epidemic, was not correct.

THE FASHIONABLE ALPINE.

RADIAL'S NEW ROUTE NOT AGREEABLE TO CITY

It Means Crossing Several Streets on Level—Riverdale Has Wants.

Controller Spence yesterday called to the attention of the board of control that the Metropolitan Railway Company were buying a right-of-way west of Yonge-st. as far north as the limit over which their franchise will shortly expire.

The route proposed by the change of the line to the new right-of-way would lead it across three or four city streets, and he thought the city should object before the Ontario Railway Board against any crossings level with the streets.

The mayor reported that the corporation counsel would register the city's objections before the railway board.

The Riverdale Business Men's Association had a large delegation present to make two requests to the board. One was that the city demand the erection of a union station for the C.N.R. and C.P.R. at the Don, either immediately south or north of Queen-st., and that the C.N.R. be requested to cross the Don at a point north of Queen-st. This was referred to the city solicitor.

The other request was that the city permit no further additions to the traction line on its present site. This was referred to the board of health.

The Chicago Aeroplane Company telegraphed the mayor that they would make the city a good price for curbs aeroplanes and a large exhibition of flights about June 5. The board decided that they would let the company fly their aeroplanes in the city's sky if they chose to do so, but that they would contribute in no way toward the expenses of the exhibition.

George Faulkner offered 20 acres of land south of Gerrard-st., between Colborne and Scarborough-ave., for park purposes at \$500 per acre. The offer was referred to the parks commissioner.

Controller Church received his report on the inspection of the conduit leading to the intake. It was first inspected on Nov. 1, 1898. Then came inspections on Nov. 7, 1900; Nov. 7, 1903; Sept. 2, 1906; Sept. 22, 1909; Sept. 7, 1907. The diver was in 1908, and the inspection was not made in 1909 because of rough weather. It was examined on April 2, 1910. With the exception of the 1910, all reports of inspection were made verbally. The pipe was reported in good condition in every instance.

The city engineer recommended that the application of the residents of St. George-st. for cluster lights be not lost sight of, and asked that concrete poles be not erected on the street before a bylaw had been submitted to legalize the placing of cluster lights under the local improvement system. His communication is referred to the city electrical department.

DEMAND THEIR CARGO.

KINGSTON, April 21.—(Special).—The schooner Ford cleared for the steamer John Sharples, wrecked off Gullough Islands, to demand her cargo of corn for James Richardson & son, to whom it was consigned. On Wednesday the men on the wrecking job refused Capt. Durycau permission to get the corn off until the vessel was released. Trouble is looked for if the second request is refused.

Horses and Carts Scarce.

Property Commissioner Harris is experiencing considerable difficulty in getting horses and carts for the extra work incurred by the clean-up of the medical health department is giving the ward. He attributes the fact to the scarcity of unemployed horses and carts owing to the amount of contract work in progress. He says that the work he has to offer is only temporary, and will not therefore attract carters who have steady employment.

Athletic Program For Championships At Newmarket

The O.A.A.U. spring championships will take place on May 24 at Newmarket under the auspices of the Young Men's Amateur Athletic Club, Newmarket. The following championship events will be contested: 100 yards run, 220 yards, 440 yards, 880 yards, 1 mile, 5 mile run, 2 mile walk, running high jump, running broad jump, pole vault (for height), putting 15 lb. shot, 120 yards hurdle (6 hurdles 3 ft. 6 in. high). There will also be a 5-mile marathon race as a special event. The Band of the Queen's Own Rifles has been engaged and everything points to a big show in "Canada Town". For entry blanks and full particulars apply to the secretary, George A. Benton, Box 238, Newmarket.

Down to Golf Semi-Finals.
LAKEWOOD, N.J., April 21.—High-class golf marked the continuation of the open tournament at the Lakewood Club to-day. The real favorites, Travis and Herreshoff, won their second round matches while the other two to qualify for the semi-finals were Kirby and Arthur C. Oswitow, a 16-year-old Lakewood lad. The last named will have to pit his skill against Herreshoff and Travis in what is now well known Kirby can play.

The feature of the afternoon was the driving of Herreshoff and Percy Platt in their match. First one then the other would do something sensational. At the third hole Platt hit a ball that went fully 230 yards. He also drove the twelfth green, a matter of 200 yards and Herreshoff drove into the pit near the 14th green, which is 230 yards from the tee. A steady game by Herreshoff made him win.

Grand Circuit Nominations.
HEADVILLE, Mass., April 21.—An unusually large number of nominations have been made in all of the early closing state events to be decided in connection with the Grand Circuit meeting at the Readville track the coming summer, according to an announcement made to-night by Andrew J. Welch of Hartford, Conn., the owner of the track. In the American trotting derby the track in the event of the program, the entry of high class trotters is greater than in any season since Readville inaugurated the handicap system of racing. The entries include Pennsylvania; Joan, 2:04 1/2; Hallworth, 2:04 1/2; Sterling McKinney, 2:05; Diddle Archdale, 2:04 1/2; Billy Burke, 2:05 1/2, and the imported trotter Whip, 2:07.

Last of the B. B. Telegram.
Dr. McElbown and W. H. Hall have finally settled about that telegram. It was sent from Mr. Hall's house on Aug. 12, being written by Charlie Querrel during the secretary's absence. The confusion was caused by the announcement at the conclusion that the date was Aug. 9. Otherwise the telegram was sent as stated by Dr. McElbown.

Cricket Matches Wanted.
Dovercourt Cricket Club (league eleven) want an all-day game at Dovercourt Park on Victoria Day, May 24. M. J. Stewart and W. T. Piers, Seattle, Wash., are at the King Edward Hotel. They have lately returned from a visit to England and the continent.

J. R. Stratton, M.P., Peterboro, is also staying at the King Edward Hotel.

PRINTERS' LEAGUE TOURNEY

Wind Up of Season at T. B. C. Tonight, With Presentation of Prizes.

The Printers' Bowling League will wind up their season as usual with a significant tournament this evening at the Toronto Bowling Club alleys. Manager T. P. Ryan has in his accustomed generous style placed the alleys at the disposal of the previous efforts will be completely eclipsed. It is intended to make it a social evening, and a cordial invitation is extended to the lady friends of the printers to be present. Music will be provided to further enliven the proceedings, which promise to be anything but dull. Judging from the enormous list of entries, numbering at least a hundred, in order to pull off this big event successfully, it will be necessary to roll in two shifts, and the following teams are requested to be present ready to roll at 7 p.m. sharp: Courier Press, Acton Publishing, MacLeans No. 2, Ontario Press, Mail and Daily World, and any others wishing to roll early. The men all receive handicaps, and the handicaps count also on the teams. Any further information can be obtained from the president, R. Elliot, or the secretary, W. H. Williams, at the alleys after 5 p.m. to-day. After the tournament the league season prizes will be presented to the winners, and will be on display during the evening.

O'Keefe's

BREWS MEAN SAFETY FROM TYPHOID

Medical men agree that Typhoid epidemics are due to impure water. It seems impossible to get pure water. It is very easy, however, to get pure malt beverages. All the water used in brewing O'Keefe's Lagers, Ales, etc., is filtered before the beer is brewed—filtered again after brewing—and pasteurized after it is bottled. This means absolutely pure beverages—wholesome and healthful—that should be used at all times instead of city water.

The following are some of O'Keefe's famous brews:

O'KEEFE'S "PILSENER" LAGER

is the light beer in the light bottle. The finest lager brewed on this side of the Atlantic and equal to anything imported.

O'KEEFE'S SPECIAL EXTRA MILD STOUT

—rich and invigorating but mild and never bilious.

O'KEEFE'S SPECIAL HALF & HALF

is the real thing—just like they have in England—try it yourself.

"STAR" BEER AND "STAR" STOUT

are the great home drinks. They contain less than 1% Alcohol—and are strictly non-intoxicating.

THE PREMIER AND THE CONFERENCE

In an editorial yesterday The Globe prepares the way for throwing responsibility for Sir Wilfrid Laurier's absence from the imperial conference on the action of the opposition, should it insist on debating the reciprocity arrangement beyond the time when the must sell for Britain.

During the controversy in 1902 over Mr. Balfour's education bill The Globe very strongly supported the Liberal opposition's objections that he had no mandate for the introduction of a measure which in important respects changed the existing system in order to promote the interests of the Anglican church.

COULDN'T AGREE ON CHAIRMAN. FERNIE, B. C., April 21.—The members of the conciliation board, now being formed to enquire into the industrial dispute in this district, after meeting twice yesterday, came to the conclusion late in the afternoon that it was not probable that they would agree on a third person to act as chairman, and notified Mr. MacInven, the representative of the labor department.

intoxicated, but this is a rash undertaking even for an Irishman. No one will suffer if the club-drinking facilities are not further enlarged, and this applies to other interests as well as the Irish.

CONCEALED WEAPONS. There will be no excuse in future for the carrying of dangerous weapons or firearms, since the government has proclaimed the act restricting the sale and use of these articles, and it comes into force to-day.

LITERARY CRITICS. The Star says editorially that Tennyson read his poems in public. This is no doubt a slip. Tennyson abhorred publicity. On occasion and before select company he would read some of his poetry, and Goldwin Smith in his recollections tells how he took a person obnoxious to Tennyson out of the room so that the others might have the pleasure of hearing him read, which he would not do before Thomas Carlyle, who was the obnoxious critic.

The Star makes another slip in the same article in attributing the lines "He came with a heart full of gladness" to Swinburne. They were written by James Rhoades.

The Jettator has acquired a new meaning thru the action of one of the Camorrist prisoners. Italians are notoriously superstitious about being "overlooked" by the evil eye, but the judge did not need to be superstitious. The prisoner took out his glass eye and threw it at him. It was no sneeze, eye, either.

How Large Industries Are Dealt With A TYPICAL INSTANCE OF THE FULLNESS OF TREATMENT ACCORDED TO THE CHIEF INDUSTRIES and of the convenience of the textual arrangement in the chief cases of all important subjects is shown by the manner in which the subject TEXTILE INDUSTRIES is dealt with. There is an article of 37,000 words on "COTTON," written jointly by W. Monkhouse, of the Editorial Staff of the Manchester Guardian, Imperial Institute, London; B. J. Chapman, M.A., Dean of the Faculty of Commerce, University of Manchester, and A. N. Alpacá, "BLEACHING," "CALICO," "CELLULOSE," "DYEING" (the last named by J. J. Hummel, F.I.C., late Professor of Dyeing, University of Leeds); "FLAX," "MANILA HEMP," "MERCERIZING," "MUSLIN," "RIG," "SACKING MANUFACTURE," "SILK," "SPINNING," "TAPESTRY," "WEAVING," "WOOL, WORSTED & WOOLLEN MANUFACTURE" (19,000 words), and "YARN."

Information Not to be Found in Other Books Speaking recently at a dinner given in London to a number of contributors to the new edition, Mr. Hugh Scott, Editor-in-Chief of the Encyclopaedia, gave some interesting information in this connection. He said: "If you take the series of articles on the Textile Industries you will find that those articles would make several ordinary books. You will find articles under 'Cotton,' 'Flax,' 'Hemp,' etc.—you will find under those headings the mechanical product treated from its appearance out of the earth to its utilization in everyday life. From the general article you are referred to special articles on the separate technological processes, under Cotton, to such as

Among the hundreds of subjects dealt with in the New Edition which will prove of special interest to the man of business are the following:— Building Societies, Monetary Conferences, Factory Acts, Board of Trade, Shipping News, Succession Duties, Sale of Goods, Conveyancing, Bills of Exchange, Coffee, Silk, Silver, Income Tax, Stamp Duty, Unemployment, Trade Organization, Steamship Lines, Executors, Company, Airfreight, Option, Tea, Spirits, Lead, Customs Duties, Succession, Balance of Trade, Copyright, Employers' Liability, Legacy, Directors, Bank Notes, Trust Companies, Paper, Alkali, Copper, Excise, Oils, Asphalt, Zinc, Personal Property, Navigation Laws, Lien, Real Property, Sea Law, Contract, Dollar, Free Ports, Oil, Fraud, Damages, Corporation, Memorandum of Association, Tithe Guarantee Companies

There is a Separate Article on Every Metal, or Every Natural Product, on Every Article of Trade of any Importance, on Every Branch of Industry or Manufacture, on Every Art and Craft, on Practically Every Phase of Modern Commerce, Trade and Business Economy. There are no fewer than 1,135 Concise and Practical Articles on Law, covering, among other things, every point of Business Law that could well be thought of.

Problem of Bulk Solved by India Paper. The use of India paper in the new Britannica amounts to a REVOLUTION IN THE MAKING OF ENCYCLOPAEDIAS. The volumes in the India paper edition are only one inch thick, although they each contain from 960 to 1,064 pages of 1,500 words in large, clear type. The whole set of 29 volumes takes up only 29 inches of linear space, whereas the edition on ordinary book paper requires nearly seven feet. The India paper volumes open flat at any place and remain open, and they are so light and strong and flexible that they can be handled with the greatest ease and comfort. Note.—Those who possess copies of previous editions of the ENCYCLOPAEDIA BRITANNICA (now out of date) are requested to advise us of the fact, clearly indicating which edition they possess (giving name of publisher and number of volumes), and if they wish to purchase the new edition, they will be informed how they can dispose of their old editions at a fair valuation. The new Encyclopaedia Britannica is sold direct to the public and through the leading booksellers. No agents or canvassers are employed or recognized.

Immediate Application Advisable. Delivery of the New Encyclopaedia Britannica to early subscribers is now beginning in the case of Vols. I. to XIV., inclusive. The remaining volumes are expected to arrive shortly. Further shipments from England have been called for to meet the demand for the work in Canada, which has largely exceeded expectations. Intending applicants are strongly advised to register their intention to subscribe at once, for since the supply cannot at present meet the demand, a waiting-list has become inevitable. All orders are being filed in order of receipt, and will be filled strictly in the same order. No money need accompany advance subscriptions, nor will any payment fall due until the volumes have been delivered. Advantage in Price. To those who apply at once, in advance of publication, there is offered a great advantage in price, for such advance applications will be accepted at the rate of \$4.00 a volume (cloth), or \$4.25 a volume for India paper, instead of \$7.50, which will be the ultimate price of the new edition in its cheapest form, as it was the price at which the volumes of the 9th edition were originally sold. Leather bindings (full sheep, flexible, and full Morocco, flexible) are now correspondingly low in price. Illustrated prospectus (40 pp.), 50 specimen pages on showing the special advance terms, will be sent by return of post if the reader will write name and address below, tear off this corner and post to Cambridge University Press, Encyclopaedia Britannica Department, Royal Bank Building, 10-12 King Street East, Toronto. Before Middleton, J.

McNabb v. Toronto Construction Co.—J. M. Ferguson, for plaintiff. J. G. Smith, for defendant. An appeal by plaintiff from the judgment of the master in chambers of March 31, 1911, refusing plaintiff's application for leave to amend writ and statement of claim by adding as plaintiffs himself and the other members of the partnership.

Judgment: The motion is late, I think it should be granted in the modified form in which it is now sought. Under the circumstances, why not present the real question to be litigated and submit the immaterial issue whether McNabb and his firm was employed? The addition of Turner and Rowat cannot harm the defendants. It seems necessary to enable the real question to be tried. Proper terms must be imposed. These two men may be added as plaintiffs and the statement of claim may be amended accordingly. The action must be deemed to be begun by them as of the date of the amendment. The defendants must have the right to amend their defence as advised. The defendants should elect within a week whether they desire the terms as to trial to stand in which case the action may be placed on the list for trial in due course on the present entry, or if they so desire, the plaintiff may stand relieved from the terms imposed and must enter the action again, and give new notice of trial when the cause is at issue (this entry may be without payment of further fee). If no election, the latter alternative will prevail. The costs of the motion to the master (except the cross examination of Mr. Mulcahy, as to which there are to be no costs) and the costs lost by the defendants in respect of their defence under this order by pleading matters that ought to have been set up in the first instance, this will not be allowed to them as part of these costs. There should be no costs of this appeal.

Single Court.

Before Meredith, C.J.

Sager v. Reider—A. Cohen for defendant. J. M. Ferguson, for plaintiff. Motion by defendant for an order dismissing plaintiff's action without costs, and for payment out of moneys in court to the defendant. Order made.

Divisional Court.

Before Falconbridge, C.J.; Britton, J.J.

Riddell, J.

Kennedy v. Kennedy—A. J. R. Snow, K.C. for plaintiff. E. D. Armour, K.C. for defendant. James H. Kennedy, defendant. Robert Kennedy, appeared in person. An appeal by plaintiff from the judgment of Latchford, J., of Jan. 29, 1911.

This was an action by Madeline Kennedy for the interpretation and true construction of the will of David Kennedy, and the rights of all parties interested or to be interested therein as ascertained and declared, and for the administration of testator's estate under direction of the court.

The judgment of the court was declared that the bequest of part of the residue to plaintiff by said will was void, that the plaintiff has no interest in the estate of David Kennedy, and dismissed her action as against defendant. James H. Kennedy, with costs. Appeal argued. Judgment reserved.

Madeline and Frederick Kennedy, K.C. for plaintiff. E. D. Armour, K.C. for defendant. James H. Kennedy, A. J. R. Snow, K.C. for defendant. Madeline and Frederick Kennedy, W. J. Anderson for defendant. David and Joseph Kennedy, W. A. Froudford, for defendant. Downs, W. Skeans for defendant. Marion Hill. An appeal by plaintiff from the judgment of Teetzel, J., of March 1, 1911. Plaintiff, Gertrude Foxwell, a granddaughter of David Kennedy, and a devisee under one of the executors named in his will, who renounced her right of privity of said will, brought this action to set aside her renunciation and for a declaration that she is still one of the trustees under said will, for an order for maintenance and board, to set aside an agreement of sale between James H. Kennedy, and Snydam Realty Co., and for construction of said will. The judgment complained of refused plaintiff's application, and dismissed her action except the claims set up in paragraphs from fifteen to twenty-three of statement of claim, etc., with costs. Appeal partially argued, but not concluded. To be continued May 15.

Court of Appeal.

Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.

Griffith v. G.T.R. Co.—D. L. McCarthy, K.C. for defendants. W. M. McClemon (Hamilton) for plaintiff. An appeal by defendants from the judgment of Middleton, J., of Nov. 17, 1910. An action by Mary Griffith, widow, and the children of James A. Griffith, late of Hamilton, who was killed at a railway crossing on Kentworth-avenue, Hamilton, on Dec. 29, 1909, by a railway train of defendants alleged to be the defendants' negligence in allowing train to travel at excessive speed, etc. At the trial judgment was awarded plaintiffs for \$2000 and costs.

Judgment: Appeal dismissed, with costs. Meredith, J.A., dissenting and being of opinion that there should be a new trial.

Strat v. Toronto Construction Co.—G. H. Watson, K.C. and S. Watson for defendants. W. N. Tilley and T. K. Allan (Kemptville) for plaintiff. An appeal by defendants from the judgment of Teetzel, J., of Nov. 21, 1910, in favor of plaintiff for \$2000. This action is brought by the administrator of Leona Lanata, late of South Gower, Grenville County, who was in the employment of defendants and who was killed by an explosion of dynamite which he was engaged in thawing out while in such employment, for \$5000 damages.

Judgment: Appeal dismissed with costs. Meredith, J.A., dissenting.

Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.

Zufelt v. C.P.R. Co.—I. F. Hellmuth, K.C., and A. MacMurchy, K.C. for defendants. Wm. Douglas, K.C. and G. F. Mahon (Woodstock), for plaintiff. An appeal by defendants from the

judgment of Magee, J.A., at the trial awarding plaintiff \$2000 and costs. This was an action by the father and mother of Ernest Edgar Zufelt and Ida Marion Zufelt, who while driving on Zorra-street, in the Village of Beachville, and crossing defendant's railway, were struck by a snowplow attached to a train of defendants, and both injured so that they afterwards died, which accident is alleged to have been caused by the negligence of defendants, and plaintiffs claimed \$10,000.

Judgment: Trial judgment set aside and new trial directed. Costs of former trial and of appeal to be costs in the action.

Before Moss, C.J.O.; MacLaren, J.A.; Meredith, J.A.; Magee, J.A.

Canadian Gas Power and Launches v. Orr Bros.—G. H. Watson, K.C. for plaintiffs. E. F. B. Johnston, K.C., and R. McKay, K.C., for defendants. An action by plaintiffs, manufacturers of gas engines and machinery, against defendants, restaurant keepers, etc., for \$404.84, balance alleged to be due by defendants on a gas engine and dynamo purchased by them from plaintiffs. Defendants counter-claimed for return of money, damages for breach of warranty and for removal of the gas engine and dynamo, on the ground that same were useless for purposes of defendants. At the trial plaintiffs' action was dismissed with costs, and judgment entered for defendants on their counter-claim for \$8742 with costs. Judgment: Appeal dismissed with costs.

CONDUCTORS DISSATISFIED.

Increase of salary is asked for by the G.T.R. dining room conductors, but their prospects for a raise do not look very bright. They ask to be placed on the same level as the G.P.R. employees as regards pay, commission on liquor sales, and a free lodging house at the end of the line. The salary schedule at present runs \$65 for the first year, \$70 for the second, \$75 for the third, and \$83 for all time after four years' service.

Don't Grow Old Too Fast

"A man is as old as his arteries." Old age is merely a hardening of the arteries—and hardening of the arteries comes from excessive eating of high-protein food such as meat and eggs. Cut down the high-protein diet for awhile and eat Shredded Wheat. It supplies all the body-building material in the whole wheat prepared in a digestible form. Of course

SHREDDED WHEAT BISCUIT

will not "cure" appendicitis—nor will any other cereal food. The excessive eating of indigestible foods, however, gradually brings on stomach and bowel disorders—and these can be prevented by a daily diet of thoroughly cooked cereals. Shredded Wheat is best for this purpose because it is steam-cooked, shredded and twice baked, retaining the bran coat, which is so valuable in keeping the bowels healthy and active.

Heat the Biscuit in the oven to restore crispness and serve with hot or cold milk and a little cream, adding salt or sugar to suit the taste. It also makes delicious combinations with stewed or preserved fruits. Two Shredded Wheat biscuits with stewed fruit makes a wholesome nourishing meal.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.

ROYAL Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.

NO STRIP LAW ENFORCED

Minneapolis Street Car Ordinance is Sustained. MINNEAPOLIS, Minn., April 21.—Judge C. A. Willard of the federal district court today denied the injunction applied for by the local street car company to restrain the City of Minneapolis from enforcing its recently passed "strip" ordinance. The ordinance provides that street cars shall not take on passengers after all the seats are filled and others are standing equal to 35 per cent of the seating capacity of the car. The court refused the company's contention that the ordinance deprived the company of property without due process of law. He said the ordinance was not drastic enough, as it permitted crowding of cars when more than 400 feet apart.

Valuable Exchanges

Formerly the owner of a very valuable piano was as a rule considered parting with almost anything in his home rather than his treasured piano, but this condition of things has changed. The desire to possess a Goulay-Angelus leads almost any person to exchange his almost unused piano of well-known make and high value. Two such pianos now in the warehouses of Goulay, Winter & Leeming are genuine 700 Decker Bros' upright and a \$500 Gerhard Heintzman. Each is priced at \$275. If you are looking for a bargain, here is your opportunity. Remember the address, Goulay, Winter & Leeming, 188 Yonge-st.

Cured His Rheumatism In Three Weeks.

James LeB. Johnstone, a prominent member of the Citizen's Band, of Chatham, writes:

"I contracted Rheumatism by exposure five years ago, and was ailing for two months and in great pain all the time. I got Father Morrissey's No. 7 Tablets and took them for about three weeks, when the Rheumatism all left me and I have had no return of the same since."

Father Morrissey's "No. 7" Tablets

Rheumatism is generally brought on by exposure, but is really caused by Uric Acid in the blood. This Uric Acid is an irritating poison, formed from the waste matter of the body. The kidneys should remove it, but when they fail it poisons the blood, and, settling in the joints, causes Rheumatism.

"No. 7" Tablets clear out the clogged-up Kidneys and stimulate them to perform their task of filtering the Uric Acid out of the blood. When this is done the Rheumatism simply and naturally vanishes.

CAPT. D. C. BURK DEAD WAS PIONEER OF YORK

Prominent as Conservative and Orangeman, His Passing is Widely Mourned.

In the death of Capt. D. C. Burk early yesterday morning at his residence, 106 Shuter-street, there was removed a pioneer of York County, one whose name was a household word in Markham Township, he having been born at Brown's Corners 74 years ago. Well-known among lumbermen, Capt. Burk was prominent also as a conservative worker, and Orangeman. He

LATE CAPT. D. C. BURK.

was an honorary member of the East and South York Conservative Association. He joined the Orange Order 55 years ago, being initiated into Markham L.O. 1. by the late Col. Burton of Locust Hill.

On coming to Toronto he became a member of Cameron Lodge, No. 612. Capt. Burk entered commercial life at an early age, his first business venture being the conduct of a general store in Markham Village for about ten years. Then he became the senior member of the firm of Burk & Harrison, general merchants at Newmarket. Tiring of store life he took up logging and lumbering on Lake Simcoe and followed it for twenty-five years, becoming during that time a prominent figure in the business. His tags the "Jennie Burk," "Isabella" and "Conqueror" towed many hundreds of thousands of feet of lumber to the mills at Bradford and Belle Ewart. Capt. Burk then saw the possibilities of the apartment house in Toronto and he opened "Walnut Hall," 106 Shuter-street, where he died.

The Scotch mansion at Church and Gould-streets was also purchased by him and converted into apartments. His generosity made him many friends, who will sincerely mourn his demise. He was married twice and his second wife died about a year ago. The surviving members of his family are his son, David C. Burk, who lives at home one daughter, Mrs. A. McIntosh, Harry Sound; one brother, Wm. Burk, Markham; four sisters, Mrs. Frank Robinson, Mrs. T. F. Webb, Mrs. Frank Harrison, and Mrs. M. Carleton, all residents in Toronto.

Under the auspices of Cameron L. O. 612, the funeral will take place on Monday afternoon from the residence to St. James' Cemetery.

NO EXPENSE TO CITY TO EXTEND VICTORIA-ST.

Controller Spence Urges Expropriation of Adjoining Land—Officials Will Report.

There is a possibility of the city attempting to put thru the extension of Victoria-street from Gerrard-street to Carlton-street under the new municipal act which empowers a municipality to expropriate property up to 25 feet on each side of a local improvement. At least the works committee will have a report on it.

The report of the assessment commissioner and the city engineer recommended that the city purchase, thru at a cost of \$360,000, of which the city should pay 75 per cent, or \$270,000, and the property owners \$90,000, assessing property owners along Victoria-street to Queen-street.

Controller Spence asked what the distance between the western side of Victoria-street and the eastern side of Yonge-street was, and was informed that it was 244 feet. He suggested that the city take the land for half the distance from the west side of the proposed extension to Yonge-street, some 120 feet, and a similar amount on the east side of the improvement, and use the proceeds of this when sold after the improvement to defray the city's end of the expense. He believed it could be done without levying a cent on the city, and it was an improvement that he did not think the city should be called upon to pay as it benefited only a section around where it was.

Ald. Maguire thought it an excellent opportunity to test the new legislation. The street should be put thru without delay as it was beneficial to the whole city, as the corner of Carlton and Yonge would eventually become the chief business centre.

Assessment Commissioner Forms reiterated that the city would have to pay for the property with its buildings on would preclude any profits being made. He doubted the benefit of the new legislation in a case of this kind, also it might work admirably where there was 50 per cent. of the land vacant.

Controller Spence pointed out that the law only made it necessary to take possession of the property that was found profitable to expropriate; and that the city could pass over any that would be too expensive. He noted that the assessment commissioner and city engineer report on the possibility of making the extension under the new law. This carried.

City Engineer and Assessment Commissioner reported that it would cost \$37,000 to extend Gould-street from

Mutual-street to Church-street, and advised that it be not undertaken until the property owners in the vicinity petitioned for it. They were of the opinion that the city should not pay more than \$10,000.

Ald. Maguire declared it was only a question of a few years until it would be absolutely necessary, as he predicted that the section of the city immediately north would be the centre of the business section. Ald. McCarthy suggested that the city pay 1-3 of the cost, and moved that immediate steps be taken to extend the street, but was voted down.

The application of the Grand Trunk for permission to place a siding on the south side of Wellington-street will have to stand over until the C.P.R. plans have been settled.

50c a Week Buys an Organ. Heinzman & Co., Ltd., 127-128-129 Yonge-street, Toronto, are clearing a stock of some thirty or forty organs that have come to them in exchange when selling their pianos. Every instrument, though slightly used, has been put in good condition. Prices range from \$20 to \$85, and are being sold in payments of fifty cents a week.

C. E. Bongard's Defence. In the estate case yesterday morning C. E. Bongard, who is being sued by F. G. Scofield for \$5000 and 100 shares of common stock in the Bongard Electrical Co., put up a strong defence and claimed that Scofield did not pay up the money he agreed to and complained that the repeated postponements of the case have prevented him from completing business arrangements. The case was adjourned.

Estate of the Dead. Annie Hutton has made application in the surrogate court for letters of administration of the estate of her husband, William Hutton, who died on Jan. 23 last, leaving an estate valued at \$2000.

W. R. Pearce has applied for letters of administration in the estate of his wife, Maggie A. Pearce, who died May 15, 1910, leaving an estate of \$200. Her husband receives \$1066 and two sons and one daughter each receive \$711.

Thomas Williamson, 65 DeFoe-street, left an estate of \$7293.92. There are fifteen beneficiaries, most of whom live in Toronto. Jane Brydon, a sister, receives \$1163.32.

Adam Dixon of Richville, N. Y., left property valued at \$1750 in Ontario. Frank R. Smith has applied for letters of administration. The entire estate is left to the widow, Rebecca Dixon.

Henry Lake disposes of an estate of \$67, coached in thirteen words. His stepson, William T. White, is the beneficiary.

Through Tourist Sleeper to Winnipeg and Edmonton. Will leave Toronto 11:00 p.m., April 25th, for Winnipeg and points on Grand Trunk Pacific Railway. This car will be fully equipped with bedding and porter in charge. Berths may be secured at a low rate. This is an exceptional opportunity for those wishing to take advantage of the remarkably low one-way settlers' rates.

Secure tickets, berth reservation and full particulars from any Grand Trunk agent, or address A. E. Duff, District Passenger Agent, Toronto, Ont.

Warehouse to Cost \$25,000. W. S. Meredith has taken out a permit for a two-storey brick and stone warehouse on Ducess-street, near Sherbourne-street. It will cost \$25,000.

ELECTRICITY Will Cure YOU

Varicocele, Weakness and Loss of Vigor are quickly and forever cured by the Grand Product of Nature, Dr. McLaughlin's Electric Belt. Send for Free Book.

Show me the men who would not be better than they are. It matters not how the rocks and shoals of life have worn the edge off the spirit of youthfulness, have dulled the enthusiasm of youth and left the nerves less vigorous, the eye less bright, the step less springy, the mind less forceful and the general vitality less powerful than they ought to be at your age, you want to be strong. Hard work wears, and worry, disappointment and the other cares of life drain away the vim and snap of perfect health. Electricity applied my way restores it. It makes you feel strong; it renews your strength.

Dr. McLaughlin's Electric Belt

Does this naturally. I know that the foundation of all strength is Electricity, and that Electricity alone will renew it. I have applied it for years, and have cured thousands of weak people in that time. Every town knows of its cures. My book tells of many grateful men and women who were cured by this Belt after every kind of medical treatment had failed.

It is the one sure remedy for the cure of Rheumatism, Weak Kidneys, Weak Stomach, Nervous Debility in young or old, and similar ailments, as well as Dyspepsia, Constipation, etc. How can anyone remain in doubt as to the value of this grand remedy when you see so many cures?

If you haven't confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give reasonable security and I will take your case, and you can

Wear My Electric Belt Until I Cure You and Then Pay Me

Stronger Than Ever Before.

DR. McLaughlin: Dear Sir—Your Belt has helped me wonderfully, for I am at present, I have gained nine pounds in weight, and I give you the credit for it. I am stronger than I ever was in my life. I sleep well, eat well, and feel fine, and I am sure your Belt did it. Yours truly, L. MALIN.

MR. SAMUEL J. HARNETT, North Gower, Ont., says: "I received a Belt from you some four years ago, and I wish to say that it was all it was represented as, giving all the credit to your Belt. Anyone giving it a good trial, I know, will feel as I do."

Do you want to feel big, husky and powerful, with your veins full of youthful fire, your eye clear, and your muscles strong and active? If you do, fill out this coupon and send it to me, and I will send you a book which will inspire you with the courage to help yourself. It is full of the things that make people feel like being strong and healthy, and tells of others like yourself who were just as weak once, but the coupon and send it to-day and get this book free, sealed, by return mail. Call for free consultation. Office hours, 9 a.m. to 6 p.m. Wednesday and Saturday 11:30 p.m.

FINE CAR OF HORSES GOES THRU TO COAST

Big Seizure of Liquor in West Toronto—Grist of County and Suburban News.

WESTON, April 21.—(Special.)—There was shipped out from this village tonight, and consigned to far distant points on the Pacific coast, one of the finest carriages of high-class horses ever imported from this province. The lot included sixteen heavy Clydesdale mares and geldings, with one light harness and were purchased and shipped by ex-Reeve J. M. Gardhouse of Etobicoke Township, and will go direct to the "Investment Farm" in the British Columbia, after which they will be distributed by sale and otherwise throughout the province.

Among the shippers were two Clyde geldings, four-year-olds, one of them weighing 1850 lbs., and the other 1960, and bought from Pat Farrell of Woodstock, a man known from one end of the province to the other for his interest in good horses. They were a credit to Oxford County, not alone by reason of their massive proportions, but by reason of their fine disposition, and general excellence. Huron, Perth, Oxford and others of the best horse-breeding districts in Ontario were scoured by Mr. Gardhouse in his efforts to find together a car of horses that would be representative by the best that Ontario can produce. One fine animal also went from the stable of Graham and Rescoe of Bedford Park.

Within the past few days Mr. Gardhouse has also shipped to Massey, Ont., for J. I. Wilson, the well-known Forciping Harrier, a car of Shetland and Welsh ponies.

The Province of Ontario may not possess the illimitable wheat fields of her sister provinces to the west, but so long as she continues to maintain the ascendancy in high-class stock evidenced by this and similar shipments sent out by Mr. Gardhouse and others, she possesses a most valuable asset. It took a lot of money to bring together the high-class shipment, which went by palace horse car, attached to the Winnipeg express, leaving Weston tonight, and that the same success which has attended Mr. Gardhouse's former ventures will attend this is the wish of everybody.

YORK MILLS.

The body of the late Mrs. W. F. Maclean was interred yesterday morning in the churchyard of St. John's at York Mills, the Rev. Richard Ashcroft, the rector, conducting the services, both in the church and at the home. The pall-bearers were Dr. J. D. Thornburn, John Lewis (brother of deceased), Mr. W. F. Maclean, Mr. Hugh Maclean, Mr. W. H. Greenwood, Mr. H. H. Cross, representatives of the World staff and a few friends and neighbors were also present.

NEWMARKET.

Contract is Let for Enlarging the Methodist Church. NEWMARKET, April 21.—(Special.)—On Sunday evening the members of the local I.O.O.F. Lodge will visit Aurora, where in company with the members of the Aurora lodge will attend divine service in that town. Riggs will leave the lodge-rooms here at 5.30 p.m. The Robinson family have been generously remembered by Newmarket people, no less than \$200 in cash, besides a lot of goods, being given. The Perry, Chalmers and Newmarket people, as on many former occasions, have shown their willingness to help in any worthy cause.

A number of sites are suggested for the proposed new \$10,000 public library, and the one that seems to meet the most favor is to put the building on the lot between Dr. Hutt's residence and Millard's undertaking rooms.

The contract for the repair, renovation and enlargement of the Methodist Church has been let to John J. Mackintosh, and the figure is said to be between \$20,000 and \$25,000. The trades except the plumbing, heating and electric wiring. An executive committee composed of Aubrey Davis, H. S. Cane, E. J. Jackson, Dr. Scott, E. W. Pearson, Dr. Wilkinson and E. H. Brinson.

A GOOD MEDICINE FOR THE SPRING

Do Not Use Harsh Purgatives—A Tonic is All You Need.

Not exactly sick—but not feeling quite well. That's the way most people feel in the spring. Easdy tired, appetite feeble, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order; that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Don't dose yourself with purgatives as so many people do, with the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this. What you need in the spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine helps to make new blood, which clears the skin, strengthens the appetite, and makes tired, depressed men, women and children bright, active and strong. Mr. B. Martin, Deux Rivieres, Que., writes: "I was depressed, I was all run down. I was pale, weak, and had little appetite. I also suffered from a severe pain in the back, and though I tried several medicines, nothing helped me until I began the use of Dr. Williams' Pink Pills, and thereupon fully restored my health. I can strongly recommend these pills to every weak person."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

CEDAR BRAE.

North York Farmers Are Sending Out Some Fine Cattle.

CEDAR BRAE, April 21.—(Special.)—Some good stock is being raised and shipped out of this part of North York these days. Robert Norris sent out within the last week a fine car of cattle and another of hogs, some of the cows weighing nearly 1700 lbs. With the present good prices and the big weights obtained there ought to be money in the farmers' pockets. W. C. Orr, Robert Doughty and George Frost were among those who sold the stock.

SCHOMBERG.

SCHOMBERG, April 21.—(Special.)—The Metropolitan Railway Co. have installed a large water tank in the Schomberg branch yards here. Telephones are being placed in a number of village houses, among the latest being Milton Pearson, John Foster and Charles Russell.

Miss Belle Porter has accepted a position as public school teacher at Wawhwa, in New Ontario, and will enter upon her duties at once.

THORNHILL.

Newsy Grist From the Village on the Hill.

THORNHILL, April 21.—(Special.)—The old town is still booming along and getting more attractive every year.

Mr. Watson, who purchased the Bell property, is spending about \$10,000 in addition and improvements to the residence, also \$5000 on the farm residence, as well as other improvements.

Mr. J. Fisher is making extensive improvements to his residence, which he recently purchased.

Dr. L. G. Langstaff has engaged a landscape gardener, recently from the college at Guelph, who will materially improve the surroundings at the Hawthorne Sanitarium.

The bottling of spring water has become quite a thriving industry here. The Northern Springs have formed a stock company of \$40,000 capital and are making extensive preparations for the summer trade.

At the meeting of the Epworth League Tuesday evening the following officers were elected: President, J. Ed. Francis; Vice-president of missionary department, Miss F. Clibb; secretary, Miss F. Bows; treasurer, E. J. Pearson; Chairman Endeavor, Mrs. J. E. Francis; literary secretary, Miss Pearl Breaker; citizenship, J. A. Thompson.

MARKHAM VILLAGE.

Local Boys Still Have Good Grip on the Checkers.

MARKHAM VILLAGE, April 21.—(Special.)—Alfred Jordan, champion checker player of England, Australia and New Zealand, paid a visit to the village during the week and while here met with a number of local men, including W. A. Young, P. McClelland, John Featherston, R. A. Fleming, Wm. Maxwell and E. B. Beive. To the everlasting credit of these gentlemen it is said that they each succeeded in winning one or more draws from Mr. Jordan. Later in the day the champion played simultaneously on four boards Rev. Jos. Wilson, C. W. Hollema, T. B. Beive and John Featherston. General interest was expressed on all hands at the fact that Alex. Laurie was ill at home and unable to meet Mr. Jordan. The latter is only forty years of age, of quiet and unassuming manner and bears his honors with becoming modesty. In the evening he left for Boston, where he meets with Mr. Banks, the American champion.

WEST TORONTO.

Police Make Raid in Early Hours and Get Big haul.

WEST TORONTO, April 21.—(Special.)—The death occurred tonight of Alexander R. McLennan at his late residence, 277 Glendene-avenue. The deceased was 59 years of age and was the brother of the late Colonel R. R. McLennan of Glenora, Ont. The funeral service will take place at the above address on Saturday afternoon at 6 o'clock, after which the remains will be taken via 700 GTR train to Lancaster. Interment will take place there on Monday afternoon.

Lakeview Lodge, I.O.O.F., and the club of the Amelanchier and the maple trees, held their regular meetings tonight in their respective lodge rooms.

Della Sementa, blind and four off-limb, made a raid upon the Occidental restaurant on Monday afternoon. She was accompanied by a telephone man and Dunda-Street early this morning and made a seizure of ninety-two bottles of whiskey, which they found concealed in a secret compartment arranged in the walls of the basement. The police have had this place under surveillance for some time, but have been unable to secure evidence of illegal traffic, and the proprietor will have to face a charge of keeping for sale in a local option district.

The death occurred yesterday of Mrs.

LAKESHORE GARDENS

This delightful home tract, just north of Stop 26, Lakeshore Road, is so happily situated that it enjoys all that nature can give and yet is part of the city's life. Cars stopping at the gates of this property bring the city centre very near.

\$6, \$7, and \$8 Per Foot Front and Upwards

Lakeshore Gardens look upon the lake and the pine groves along the shore. There is easy access to the lake and all its pleasures. A homesite here is large enough for house and garden. Healthful, beautiful, and convenient surroundings make this property much to be desired. Churches, schools and stores are close at hand.

TOO MANY TIPS FOR MR. TAYLOR

Continued From Page 1.
The record of appointments since confederation would show. The matter would be dealt with shortly.
Reciprocity Debate Continued.
The debate on reciprocity was resumed by Mr. Beaulac (St. Hyacinthe), who spoke briefly in French in support of the agreement. He took the ground that two markets were better than one, and that reciprocity would give to the Canadian farmer the choice of exporting his product to England or to the United States.
Wright (Muskego) in reply protested against the way the government had sprung the question on the Canadian people. It was not right to ask members of parliament to vote on the question without giving them an opportunity to consider the proposition in detail. In fact the agreement should not be passed until the people had an opportunity to pronounce upon it in a general election, (opposition applause). The government had also been remiss in not supplying additional information to parliament, and in this respect Mr. Wright contrasted the position of the Canadian commissioners, who went to Washington armed with only a few obsolete blue books, while the American negotiators had exhausted information, collated by the permanent staff, board. The government should have gone into the question of the cost of production and transportation in Canada, the United States, Great Britain and the favored nation countries.
Acted Rashly.
The government, Mr. Wright contended, had acted rashly in entering upon the negotiations at all, in view of the low tariff sentiment which had developed in the United States. The proposed agreement was also objectionable because of the political effect, as notwithstanding the millions spent in Canada on transportation, only a few million dollars were contemplated disorganization and would disunite the provinces of the Dominion.
The clause in the bill to incorporate the Canadian Baptist Foreign Mission board, which permits that body to hold land for ten years, was objected to by Messrs. Henderson and Barker. Mr. Henderson said that heretofore the term for such holdings was seven years unless good reason was shown for the change he would oppose the creation of another precedent. Mr. Fowler, who is sponsor for property clause had been changed from seven to ten years. Hon. Wm. Pugsley favored the bill as it stood, and declared for the taxation of all church property when not being used for the purposes and operations of the church. The bill went over until Monday.

BOY SCOUTS' FINE DISPLAY

Clever Camp Work Exhibited With Many Novel Features.
The boy scout movement has taken hold of Toronto, or rather Toronto has taken hold of the boy scout movement. Last night about 2000 enthusiastic citizens sat in Massey Hall while the many city troops gave a display of scout work. The subsidiary program made a most attractive shifting background to the display.
The carrying military credit need no longer decay the lack of military training for the young.
In the boy scout movement is an organization that gives the best training that can be desired. The value of the thorough training in all military work demanded by the scout movement cannot be overrated. While a full display of the camp work, including signaling, single and double lock, pontoon and double breast bridge-building, semaphore drill, first aid, shadow, graphing, tent pitching, rope bridge building, and look-out towers was taking place in the front of the stage, a subsidiary program consisting of revellie, parade, flag-raising, breakfast, butterfly-making, single and double lock, bugling, friction fire, mat-making, telegraphy and evening meal was put on in the camp scene at the back.
Presentations were made to three boy scouts for bravery by Miss Gibson, daughter of Lieut.-Governor Gibson. George Jackson of Dunville was presented with a bronze medal for rescuing a boy from drowning, and attempting the rescue of a second, almost losing his own life. A silver medal was given C. Richardson of Peterboro, who also saved a lad from drowning. Thomas Hobbs of Toronto, who assisted in saving a man from drowning in

Town Springs Up On Shores of Pearl Lake

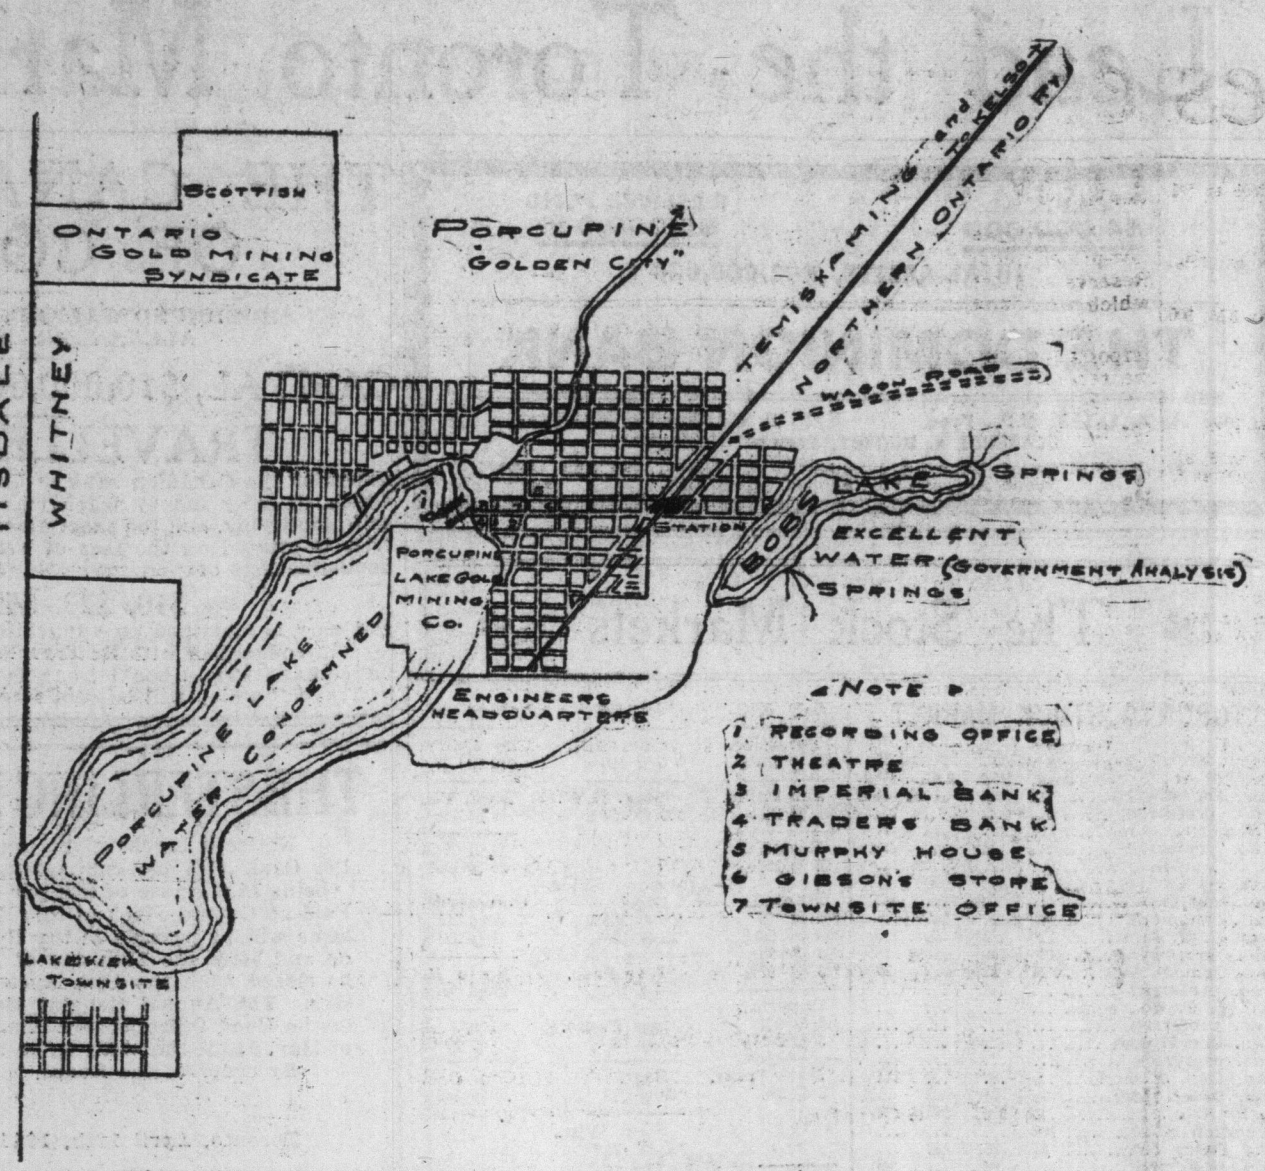

Centre of Activity in Western Tisdale - Population of District Increasing Rapidly.

Porcupine City, April 18.—(From Our Man Up North.)—A large sized settlement has already sprung up on the shore of Pearl Lake, and before another month has passed the present population will have more than doubled. All the drainage for more than a mile each way empties into the lake. On the Schumaker property, where a wagon road leads to the Hollinger mine for a stretch of a half mile, the location for a townsite is most ideal, and it is here that the stores, dwellings, pool rooms, soft drink houses, and hotels are going up. The centre of mine work is around this lake and during the summer not less than 900 to 1000 men will be employed in this vicinity. With this large number to draw on, the opportunity for business is too great to be passed by the ambitious business man who is taking his dollar while he can. The road from South Porcupine to Pearl Lake will be cordoned for the summer traffic.

Shaft on Mulholland Down to 55 Feet

Quartz Shows in Banded Schist Right Across Shaft Bottom—Machinery Being Erected.

Porcupine City, April 17.—(From Our Man Up North.)—Sinking on the Mulholland claims to the east of the Scottish-Ontario continues, and a depth of 55 feet in the main shaft has been reached with quartz showing in the banded schist across the bottom of the six by nine foot shaft. Statistics on the formation in the shaft are as follows: Quartz lead carrying free gold on the surface. At a depth of 10 feet quartz passes from shaft. Work butts into the solid schist. At 15 feet quartz stringers from the north appear again. At depth of 30 feet schist encountered in solid body. At 40 feet quartz appears again in wide stringers, containing in strength

as water now seeps thru the crevices in too great quantities to permit of further shaft work.

THE NEW AND THE OLD

Men From Up North Come to Toronto and Take Over Established Business.

The purchase of the capital stock of the Davidson & Hay Company, Limited, by the interests controlling the Young Company, Limited, North Bay, brings into clear relief this well-known New Ontario wholesale company. While A. J. Young is perhaps the morning spirit in this business, still he has associated with him, and has had associated with him, some of the most progressive citizens of New Ontario. These men are still in the picture, and will be moving things when needed.

The personnel of the Young Company is: Robert Booth, President; W. J. Bell, Sudbury, vice-president; Archie Foster, North Bay, general manager; George Gordon, M.P. of Sturgeon Falls, James W. Hennessey, of Ottawa, A. B. Gordon, Toronto, and A. J. Young, North Bay, directors. All these men are men of substance, whose word is a bond, and who have to be reckoned when the interests and the progress of New Ontario are considered.

Archie Foster, the general manager, has been the manager of the Young Company, Limited, since A. J. Young, North Bay, retired from the active management in 1907. Mr. Foster will be the Young Company representative in the management of the Davidson & Hay Company in this city. A. J. Young will be president.

With the absorption of the Davidson & Hay Company by the Young Company, Limited, a new era in the enterprise of these New Ontario men has begun, for this is the first time in which any of the group mentioned have become interested to any extent in a Toronto business. Henceforth this band of New Ontario men will be important factors in Ontario business for years to come. Old Ontario will gain much by this infusion of new business blood, while a stronger link than has hitherto been forged between Old Ontario and New Ontario comes into being.

Bradstreet's Trade Review. Montreal reports to Bradstreet's say general trade there continues of about average proportions. While there is some improvement in the retail movement of spring lines, the activity is not yet what might be expected for the whole, however, a good Easter business was done. Country trade is reported quiet and with no very marked roads dry up, moving fairly well. A bright feature is the demand for the western demand. The millinery trade has shown more life during the week, and the volume of business is now fairly good. The hardware trade continues active, and an excellent demand is reported for all lines. The boot and shoe business is quiet at the moment. Groceries are steady. Receipts of country produce are fairly large, and prices generally steady. Leather is quiet, and shows a slightly firmer tone. Collections are still on the slow side.

Toronto reports say a good general trade seems to be moving in all lines of business. Spring trade is a little slow in some localities, but the volume of business is generally satisfactory. Orders are coming in nicely, and it is evident that merchants are looking forward to a large turnover during the coming summer. Western business seems to promise exceptionally well. Travelers in that part of the country report the outlook very satisfactory. Few changes are reported in drygoods. The business in millinery has been more active, and the clothing trade is also generally brisk. An excellent business is reported here and elsewhere in house furnishings. A good seasonal demand is noted for carpets, curtains, etc. The demand for general hardware continues good. Country trade is only fair. Produce comes forward freely, and prices generally are unchanged. Hides are reported firm in tone. The grain trade is rather more active. Collections are generally fair.

Wholesale reports say trade there and through Central and Western Canada is commencing to move with a vigor that promises well for the season's turnover so far has been largely in excess of that of last year. The heavy immigration and the rapid extension of settlement in all parts of the country is responsible to a very large extent. The weather has been very satisfactory for seedling, and it is evident there will be a very large increase in the acres put to seed. The fall was unusually favorable to the preparation of new land. Local manufacturers are extremely busy, and expect to continue so through the season. A heavy demand for money for general business purposes is noted, and the supply seems to be adequate. Collections are generally fair.

WAS ORDER ALTERED?

Experts Testify to Suit Over Goods Sold by Manufacturers.

A somewhat complicated case came before Justice Sutherland yesterday afternoon in the non-jury session court. When the William Edie and Costume Manufacturing Co. claimed \$366 and costs as full amount of order for coats given them by A. E. Rae & Co., Ltd. Defendants claimed that only fifty were ordered and the order was changed to 150 after it had left their hands. Frank Wilson, of the Wilson Co., said that his brother brought in an order which was shown to him from A. E. Rae & Co., signed by Mr. Har- ton, manager of the company. He took the order to be for 100 of each class of coats, as there had been some change made by Mr. Harlon in the number of coats he wanted from 100 to 150.

A. C. Neff, hand-writing expert, gave his opinion that the alteration was not made by the same hand that made the original.

O. B. Stanton, examiner of forged and other handwriting, was not sure whether it was originally 50, but he was convinced that it had been changed to 100 and the hand that made the second tracing was the same hand that made the original.

W. H. Shaw, of the Shaw Correspondence School, said that the hand that wrote figures 50 in the first place changed the figures to 100 afterwards, but said he could not swear to it.

His Lordship dismissed the case as he was not sure whether the order had been altered.

Mr. J. W. Curry, K.C., for plaintiffs asked for a stay of 30 days in order to appeal. It was granted.

Thomas Williamson's Estate. Thomas Williamson, who died April 2, 1911, left an estate valued at \$7292.92. Beneficiaries are five sisters, one of whom got \$50 and the other four \$1162.32. Two brothers receive \$1162.32. Deceased's relations, with the exception of one sister, Jane Beverly, of Toronto, live in England and Scotland.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day— You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and brain, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many men and nervous men right in their own homes—without an additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary, sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor. Failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, and send you a copy of this splendid recipe in a plain, ordinary, sealed envelope, to any man who will write me for it. I send it entirely free.

The Public May Participate In This One

The profits in Porcupine stocks thus far have been realized chiefly by the Underwriters. A commission brokerage house which really wants to serve its clients in their best interests should offer them the first opportunity on flotations of merit.

We have opened an office in Toronto with the idea of furnishing the Canadian public with that kind of a brokerage service which has made us one of the largest commission mining brokerage houses in the City of New York. Our plan of sending comparisons on all selling and buying orders executed on the New York Curb Market is a guarantee against false accounting, and an absolute preventive of "bucketing" margin orders.

Have you been given the opportunity of participating in any of the profits which have gone to the Underwriters (so-called) of the Porcupine issues put out in the past few months? Certainly not. **THOSE PROFITS WERE FOR THE INSIDERS ONLY.**

We turned down many Porcupine flotations as not meeting our standard of requirements until the

PORCUPINE TOWNSITE MINES LIMITED

was brought to our attention. After thorough investigation we found the company owned one of the most promising properties, consisting of 80 acres, in the camp of Porcupine. Its capitalization of \$1,000,000 is fair; its titles are clear, valid and unencumbered. One-half of its authorized capital (\$500,000) is reserved for the Treasury. It is incorporated under the laws of Ontario.

The Officers and Directors are men of high commercial and professional standing, as follows:

- G. J. MUSSON, Esq., President** - Toronto
Pres. of The Musson Book Co., Ltd.
- CHARLES T. LUNT, Esq., Vice-President** - New York
Chief Accountant U.S. Sub-Treasury
- A. J. GILLIES, Esq.** - Toronto
The Laces and Braids Co.
- HON. AMOS H. STEPHENS** - New York
General Counsel, Travellers' Insurance Co. of Hartford, Ct.; Formerly Deputy Attorney General of New York.
- GEORGE GOVINLOCK** - Toronto
Toronto Hardware Manufacturing Co.

- BANKERS**
The Standard Bank of Canada, Bay Street Branch, Toronto
- REGISTRAR AND TRANSFER AGENTS**
The Union Trust Company, Limited, Toronto.
Security Transfer & Registrar Company, New York.
- AUDITORS**
Wilton C. Eddis & Sons, Toronto.

Of the property, Engineer Carl S. Willis says: **"I am confident that it will make one of the Camp's big mines."**

With the above facts before us, we have decided to let the public in on the first offering of 200,000 shares at 35c, and it is not in a spirit of philanthropy that we do this, but because it is more to our advantage to have a thousand satisfied clients than ten or a dozen capitalists. We are therefore forming a syndicate to take up the above-mentioned 200,000 shares. No subscriber can have more than 1000 shares nor less than 100 shares.

Every share of the capital stock is held in trust by the Union Trust Company, Limited, of Toronto, under an agreement whereby it is pooled and can only be delivered in accordance with that agreement to Aug. 20, 1911.

Application will be made to list the stock in both Toronto and New York within a few days.

We believe that Porcupine Townsite Mines shares will advance rapidly, and that quick profits can be realized, but our confidence is in the property, and the greatest profits should come to those who await the dividends.

SEEKING JAIL FARM SITE. Prospects are that Toronto will soon have a jail farm. There has been some delay in getting the scheme into operation because, until the recent legislation was secured, the city had no power to go outside of the city to appropriate land for the purpose. Now that this power has been granted, a site will be secured as soon as possible.

It is understood that there are several sites available. Ald. O'Neill, chairman of the property committee, and Property Commissioner Harris have looked over several, and are expected to make a recommendation to the property committee in the near future.

High Opinion of Mr. Rust. There is a resident of the west end of the city who seems to be of the opinion that the city engineer is an individual who can right all his, from a broken intake to an exorbitant bill for dentistry. At least that is what City Engineer Rust thinks as a result of a letter received from this citizen yesterday. He complains that a dentist charged him \$23 for filling four teeth for his wife, and asks the engineer to try to get him some redress.

RAILWAY FOR HAYTI. CAPE HAYTIEN, April 21.—The steamer Sarnia arrived here today with party of civil engineers and construction equipment and transport mules, which will be used in building the railroad, a concession for which was recently given to an American syndicate, headed by James P. Macdonald of New York. According to the terms of the contract the syndicate secured large areas of public lands and the right to run a line of steamships between Cape Haytien and foreign ports. The government gives the syndicate an interest in the fruit concessions of the island.

This Man Is Young at 55 Years

He is a "Health Belt Man," therefore has the vitality and hot, red blood of youth in his veins, he towers like a giant above the ordinary difficulties of life—He is a "Health Belt Man" yourself—it gives manly strength; it makes you young and keeps you young all the days of your life; it takes all the coward out of your make-up—Let Me Give You of This Abundant Vitality, Then Nothing Can Ever Conquer You But Death Itself—100,000 Men Have Taken My Advice, Why Not You?

The secret of life-long youth may be summed up in one word—Vitality. If you have this great natural power in abundance years count for nothing. I use no drugs, I recommend no medicines. Just the Health Belt. No privations, no dieting and no restrictions, excepting that all dissipating must cease. Put the Health Belt on nights when you go to bed; let it send its power into your nerves, organs and blood while you are sleeping. It gives you a great flow of soft, gentle, galvanic-vital electricity during the entire night. One application and you are like a new being; it takes all the pain and weakness out of your back; it makes you answer the morning greeting with "I'm feeling fine." It is a great strength builder; it overcomes the results of earlier mistakes and indiscretions; it gives you a compelling power, so that you are attractive to all women and men with whom you come in contact. Three months' use is sufficient. F. A. Clarke, Port Huron, Ont., writes: "I am a man again, thanks to you. Nothing can discourage me now."

I TAKE ALL THE RISK
All I want is a chance to prove to you the truth of my claims. Write to me, call at my office, and you can arrange to get the Belt and pay for it when cured. If not cured, send it back. If you prefer to pay cash down you get a discount.

Let Me Send You These Two Books FREE

They fully describe my Health Belt, and contain much valuable information. One is called "Health in Nature," and deals with various ailments common to both men and women, such as rheumatism, kidney, liver, stomach, bladder disorders, etc. The other, "Strength, the Glory of Man," is a private treatise for men only. Both sent upon application, free, sealed, by mail.

If in or near this city, take the time to drop in at my office that you may see, examine and try the Belt. If you cannot call, fill in the coupon and get the free booklets by return mail. They are better than a fortune for any one needing new vigor.

Wheat Market in Nervous State Has Sharp Spurt Late in Day

Rapid Advance in Wheat Prices at Chicago When Selling Pressure is Exhausted—Grains Firmer in Toronto.

CHICAGO, April 21.—With export clearances greater in volume than a year ago, and with cash business here showing some little improvement, wheat closed firm to-day at a net-advance of 1/4c to 1/2c. Latest transactions left corn 1/4c to 1/2c higher than last night. Oats were 1/4c to 1/2c higher and provisions 1/2c to 1/4c increased in cost.

The start in the wheat pit was weak, owing to disappointing cables and to local weather and crop conditions that gave the Atlantic forecast of heavy world shipments a further edge.

The oats market was chiefly to reflect the feeling in corn and wheat. Most of the business was of a speculative nature at lower prices early and a bulge later. May varied between 1/4c and 1/2c closing at 1/4c, a net loss of 1/4c to 1/2c.

The oats market was chiefly to reflect the feeling in corn and wheat. Most of the business was of a speculative nature at lower prices early and a bulge later. May varied between 1/4c and 1/2c closing at 1/4c, a net loss of 1/4c to 1/2c.

Receipts at Primary Centers. Receipts of wheat in car lots at primary points, with comparisons, were as follows: This week, 1911, 1,883,000 bushels; last week, 1,883,000 bushels; corresponding week last year, 1,883,000 bushels.

European Grain Markets. The Liverpool market closed to-day 1/4c higher to 1/2c lower on wheat and 1/4c to 1/2c higher on other grains, compared with yesterday. Paris closed 1/4c to 1/2c higher on wheat, Berlin 1/4c lower, Budapest 1/4c lower and Antwerp 1/4c higher.

Winnipeg Inspection. Winnipeg receipts of wheat to-day graded as follows: No. 1 northern, 10 cars; No. 2 northern, 30; No. 3 northern, 20; No. 4 northern, 10; No. 5 northern, 10; No. 6 northern, 10; No. 7 northern, 10; No. 8 northern, 10; No. 9 northern, 10; No. 10 northern, 10.

Argentine Shipments. The weekly Argentine estimates are given as follows: This week, 1,883,000 bushels; last week, 1,883,000 bushels; corresponding week last year, 1,883,000 bushels.

World's Estimated Shipments. Wheat and flour shipments for the week, exclusive of North America, are estimated at 10,000,000 bushels, against 9,500,000 bushels last week. Of this Europe will take about 7,000,000 bushels and the rest will be shipped to other parts of the world.

Australian Shipments. The Australian wheat shipments this week were 1,200,000 bushels, against 1,200,000 bushels last week, and 1,200,000 bushels last year.

Liverpool Wheat Market. LIVERPOOL, April 21.—Wheat—There was a firm undertone at the start with prices 1/4c higher and following this there was a further advance of 1/4c with shorts steady. The strength in America and clearing firmness in Buenos Ayres yesterday, together with the fact that Plate offerings are 6d higher prompted support.

The total receipts at the two yards for the corresponding week of 1910 were as follows:

Table with columns: City, Union, Total. Rows: Cattle, Sheep, Horses, Calves, Pigs, Swine.

Chicago Gas. J. P. Bickell & Co. received the following at the close:

There was some display of weakness in wheat during the morning and there was a dip in prices. For a time there was considerable selling pressure.

There was a disposition on the part of the buying side on the break, and it was a gradually hardening market for the balance of the session, with a spur of buying and sharp advance in the first few months of the last half hour.

News for the trade continues to be good. Most of the early sellers of wheat were buyers on the return. It is claimed that some of the pit traders who are now being the bear side of the market around the bottom prices for the week, are now lined up in sympathy with the continued close with a surprising show of strength.

At the City Yards the above figures show a decrease of 17 cars, 84 cattle, 37 sheep and 20 horses, when compared with the corresponding week of 1910.

At the Union Yards the above figures show a decrease of 23 cars, 196 cattle, 100 sheep and 10 horses, when compared with the corresponding week of 1910.

ROOT CROPS FOR FARM STOCK

We make a distinct specialty of ROOT SEEDS, and are careful to see that our stocks keep pace with all the advancements being made from year to year. Anyone wanting the best should insist on

Steele, Briggs' "Prize Giant" Sugar Beet, Steele, Briggs' "Royal Mammoth Long Red" Mangels, Steele, Briggs' "Giant Yellow Oval" Mangels, Steele, Briggs' "Giant Yellow Globe" Mangels, and Steele, Briggs' "Giant White Sugar" Mangels.

No other Root crops produce so large an amount of desirable cattle food for winter feeding. Insist on having them—they're the best—refuse substitutes and others said to be just as good.

Monarch Stock Fence

There is nothing causes more trouble about a farm than poor fences. The "Monarch" is not the ONLY good wire fence made, but it is as good as the best, in every particular, and it has a few points in which it is superior to the standard wire-fences.

We use nothing but the very best Cleveland Hard Steel Galvanized Wire, made by the United States Steel Company. This is a guarantee to you that you are getting the best that abundance of capital and years of experience in wire making can produce.

Besides this, you have the benefit of our eight years' experience in manufacturing wire fence and gates. Our fence is kept right up to the highest possible standard in every respect. The quality and size of wire, and the galvanizing are closely watched, also the manufacturing is workmen.

especially looked after by experienced workmen. Our machines for making the "Monarch" Fence are of the most modern type, and injury to the wire in manufacturing the fence is reduced to a minimum. The Lock shown in this ad. is a true cut of the "Monarch" Lock, as made by us.

If you do not know who in your locality handles our fence, write us a line requesting his name and our catalogue.

Owen Sound Wire Fence Co., Limited Owen Sound, Ont.

sales of the day were 35,000 bales, of which 1800 were for speculation and export, and included 12,000 American. Receipts were 13,000 bales, including no American. Futures opened steady and closed steady.

All Want Cluster Lights. Every merchant on Yonge-street north of Wood-street as far as Davenport-road is desirous of having cluster light even if they have to pay the extra cost. They have all signed petitions, which Aid. Maguire, chairman of the fire and light committee, has sent to the city clerk. They will be sent on to the fire and light committee on Tuesday next.

Liverpool Cotton Exchange. Cotton—Spot, good business, prices eight points higher. American middling, fair, 5.64; good middling, 5.52; middling, 5.40; low middling, 5.28; good ordinary, 5.14; ordinary, 5.02.

For a Quick Turnover For a Big Profit BUY LOTS IN WATROUS Saskatchewan

The Central Prairie Divisional Point on the Grand Trunk Pacific

Watrous is a thriving town in the heart of a prosperous country. Watrous has residents and business men of a character that makes a town conspicuous on the map—makes it known far and wide—makes real estate values

Watrous is accumulating all the necessities and conveniences of city life at a rapid pace. It has now telephone, graded streets, several miles of sidewalks, an efficient fire department, and is arranging for an adequate water supply and electric lights.

Lots in Watrous at prices from \$100 to \$125 are certainly a bargain. They can be secured at this low price now, and on easy terms—10 per cent. down and 10 per cent. a month.

What would you give to be able to turn back the wheels of Time and buy inside lots in Winnipeg, Calgary, Regina, Moose Jaw, at the original prices? Even the prices of five years ago would have turned a few hundreds into thousands at any of these places. Everything points to Watrous as a city in the Moose Jaw and Saskatoon class. Everything points to a phenomenal rise in Watrous real estate values during the summer of 1911. The best investment for a few dollars is at Watrous. Buy now, before the boom!

LITTLE MANITOU LAKE

Not the least of Watrous' attractions is Little Manitou Lake, three miles to the north. Little Manitou Lake will draw tourists and a colony to which those afflicted with rheumatism, and many who wish a pleasant, healthful camping spot, will equally contribute.

Plans are under way, whereby one or more commodious hotels will be built this year at Little Manitou Lake. Extensive Sanatoriums and numerous cottages are planned for building this year, and it has just been announced that a Lutheran College is likely to be located between Watrous and the Lake. Watrous—always ready to meet an opportunity half way—has offered the College a bonus of \$15,000 to build in or near the town.
