SIXTH TIE-UP OF TORONTO CARS IN TEN DAYS

From 3.20 to Six o'Clock Yesterday Afternoon
Not a Car Moved in Toronto or on Radial
Lines, and Thousands of People Had
To Walk or Wait in Rain.

There appears to be no end to the suffering that the Toronto public is forced to endure thru trouble on the line of the Electrical Development Co. between here and Niagara. A few crashes of thunder and lowering clouds prove sufficient to cause the power for the street cars to go off, resulting in a general tie-up.

When the sky darkened yesterday afternoon about 3.30 and thunder rolled slightly, the whole Toronto Railway system was at a standstill. It was 6 o'clock before the cars again started to move.

For the sixth time in the last ten days the working people of Toronto were the brunt of the company's defective system, by having either to walk some of stand on the corners in a drizzling rain. The power had no sooner gone off than it started to rain. The nearest people to the cars found shelter in them. Others who were not so fortunate stood on the sidewalks. Those who had parasols were partly protected, but there were hundreds who depended on the doorways of the business houses as places of refuge.

Shoppers Delayed.

Hundreds of housewives had taken advantage of a Monday afternoon to take trips to the large departmental stores. Laden with parcels and other articles, just purchased, they hurried to catch cars for home.

Those who only had short distances to go were confronted with the rain and therefore were forced to remain on the cars. Babies cried at the long delay and the mothers, burdened with their purchases and knowing there was a supper to prepare, anxiously waited, wearing distressed frowns.

The Workers' Rush.

At 6 o'clock workers rushed from the factories and stores and piled into the cars, irrespective of the inconvenience to the shoppers with the parcels and children.

Warned in the past how much to depend on the cars starting again thousands of the working people disregarded the drizzle and started for home on foot. Hundreds of other persons took advantage of the motor buses, which were running on the main thoroughfares, and were taken to their destinations.

At 6 o'clock the power came on again and the cars once more started. Simultaneously with the arrival of the "juice" came the factory whistles. In a few seconds the mob of employees jammed onto the cars. These were already well filled.

The sledge, "Always room for another," was disproven then and there. Well dressed men were glad to cling to the hook on the back used for the switch iron. Women and girls hung to

the sides of the cars, while others pushed forward to get on.

People who had expected to be eating supper at home before six, got home after seven o'clock, and it was later than that hour before the crowds had been removed from the city streets.

Radial Lines Stopped.

As in the past, the residents of the outlying portions of Toronto were seriously affected by the tie-up. On the Credit York Radial line, between Port Credit and Sunnyside, the cars were not running. The residents of the villages and districts along the line were either marooned in lonely parts of the country, or sat in the waiting rooms at the station. The Tongue-st. suburban line was motionless, as were also the other suburban lines near the city.

When the power did come on, these cars were unable to handle the traffic, as many residents had come from the city on the trains and joined those already waiting. It was some time before the average load was again being carried.

Cause of the Trouble.

Mr. R. F. Pack, of the Toronto Electric Light Company, stated last night that their steam auxiliary was used to great advantage. Within 20 minutes after the power went off, he estimates, they were supplying power from this plant. The majority of the downtown houses had lights, but those in the western part of the city were forced to wait until 6 o'clock for power. He says that they are improving on their plants all the time and will soon be able to supply light in respect of breaks in the other systems.

It is thought that the trouble was caused by a bolt of lightning striking the line near Hamilton.

What the Hydro Says.

It has been suggested that the hydro-electric commission should turn a feed wire into the Toronto Railway Company's station, and, in the interests of the public, supply enough power to operate the line until the damage could be repaired. The World took up this side of the case with E. M. Ashworth of the hydro yesterday. He stated that at the present time it was impossible to do this as there was no point where the two systems met and a sub-station would have to be erected between them before the voltage could be transferred.

On the other hand the commission feels that the company should make some move to secure power from them without the hydro offering any advantage. "We are willing to sell power to anyone, the Toronto Railway or any other company," stated Mr. Ashworth. It has been suggested that the hydro might want to buy power from the Toronto Railway.

TORONTO SHOULD EXPROPRIATE RAILWAY

Acting Mayor Church Says the Company Has Become a Nuisance, and He Will See Sir James Whitney With Reference to Failure in Providing Proper Service.

"It is up to the Ontario Railway Board to give the city power to expropriate the street railway for breach of trust in that it has utterly failed to provide the citizens with a proper service. The board of control is to confer with Sir James Whitney on Thursday afternoon next regarding city matters, and I will then bring the matter up."

"This was the statement made last night by Acting Mayor Church, who pointed out that, in January last, he had brought up a motion for expropriation because of the faulty service following the example of municipalities in British Columbia where a public utility failed to carry out its obligations. He also drew attention to the fact that a week ago, when the first of the recent series of power breaks had occurred, he had drawn the attention of the railway board to the inconvenience caused the people, but without apparent result.

"I am also going to take up with the city attorney the question of prosecuting the railway, inasmuch as its failure to operate its plant efficiently is virtually a nuisance," he said.

"The acting mayor believes that passengers who were kept waiting on cars for long periods, are legally entitled to demand refund of their fares as the railway is required to carry them to their destination in a reasonable time.

SIR WILFRID ON CRAFTY MISSION

While Planning Political Activities, He is Watching for Announcement of Borden's Naval Policy.

OTTAWA, July 15.—(Special.)—There is considerable curiosity and speculation in political circles at the announcement that during the coming summer Sir Wilfrid Laurier is billed to speak at various points and political gatherings in Quebec and Ontario.

The leader of the opposition leaves tonight for his old home in Arthabaska, Que. Before going he intimated that he would attend a number of political gatherings during the latter part of the summer and the early fall.

This is looked upon as a deliberate move on the part of Sir Wilfrid to secure an opportunity to discuss at these meetings the naval policy of the government should or at least as a desire on his part to investigate personally the sentiment towards it in Quebec, and also in Ontario, before deciding upon the stand which he will take when parliament meets and the result of the present naval conferences is announced.

WINDSOR MAN KILLED BY LIGHTNING

WINDSOR, July 15.—(Can. Press.)—Henry Brazill, aged 56, a building contractor, was struck and instantly killed late this afternoon by a bolt of lightning, while at work on a new frame house.

Struck School Chimney.

STRATHROY, July 15.—(Can. Press.)—During an electrical storm here this morning, a bolt of lightning struck the chimney on the Caradoc-st. school, demolishing it and continuing its way down the stove pipe, tore the stove door off its hinges and then ripped a large hole in the floor. Mr. Frank Hawkins, who lives nearby, was struck by lightning, but not seriously injured.

The Storm in Hamilton

HAMILTON, July 15.—(Special.)—During the storm yesterday afternoon the downpour in Hamilton was very heavy, and accompanied with a hailstorm, which happily left the surrounding fruit-growing district immune from serious damage.

Although no serious damage was done, the business portion of the city was tied up for nearly an hour. The sewers were for some time unable to cope with the torrential downpour, and the hailstorm added considerably to the discomfort of street traffic, both vehicular and pedestrian.

A break in the Gasquet Co.'s high tension wires put the city in darkness for half an hour from 10 o'clock. All lights were out, the phone system was paralyzed and theatrical performances given by gaslight.

TRINITY GROUNDS FOR A CITY PARK

Government Will Be Asked to Allow City Council to Issue Debentures for \$600,000, and Special Meeting of Council Will Be Called to Ratify Agreement.

After a conference with the authorities, Acting Mayor Church stated yesterday afternoon that there was every possibility of the city closing a deal for the Trinity College grounds in a week's time. A special meeting of council will likely be called next Wednesday, when the matter will be definitely settled. It is known that a majority of the board of control are in favor of purchasing the property, and at their meeting-to-day the controllers will recommend in favor of the proposition. The price has not been definitely settled, but it is understood that the city can secure the property by putting up a sum equal to an offer which the authorities have already received.

Acting Mayor Church would not state definitely what occurred at the meeting, but he said the result was most satisfactory. Nothing stood in the way of the city acquiring the property, he said, except that the council must decide at once. The assessment department has been instructed and a private party engaged to report upon the proposition. Owing to the short time the city has to close the deal, the matter will not be referred to the ratepayers, but permission will be sought from the Ontario Government to issue the necessary debentures.

BRITAIN RIGHT IN PANAMA PROTEST

Senators Burton and Root Contend That Important Powers Were Surrendered by England in Return for "Equal Treatment" Pledge—Formal Statement Not Received.

WASHINGTON, July 15.—(Can. Press.)—Great Britain protest that the U. S. has no right under the Hay-Pauncefote treaty to pass its own coastwise vessels free thru the Panama Canal, while it collects tolls from British and other foreign ships, found emphatic support in the senate to-day.

Opening the fight over the Panama Canal bill sent to the senate by the House in which the free provision is an important feature, Senators Burton of Ohio, and Root of New York, outlined the grounds upon which the opponents of free passage to American ships fight their battle.

Both senators declared Great Britain had surrendered important rights at Panama held under the former Clayton-Bulwer treaty for the pledge of equal treatment to all ships, given by the United States in the existing Hay-Pauncefote treaty. The controversy hinges on the question of whether the United States in its pledge to treat the ships of "all nations" equally, meant to include vessels owned by its citizens.

Senator Root, former secretary of state, unreservedly declared that the Hague Court would be called upon to settle the issue finally. If the United States passed the bill with the free provision, which he characterized as "unjustifiable discrimination against other nations."

May Lose Millions.

A decision against the United States by the Hague Court, he said, would involve this country in the repayment of millions of dollars to the owners of foreign ships, which might have been taken in as tolls at the canal.

VETERAN GRANTS WITHOUT DELAY

Nearly Half-Million Dollars to Be Taken Out of the Current Revenue.

OTTAWA, July 15.—(Special.)—The Feniar raid veterans are going to get their money after all without any more delay. Arrangements have been made whereby the necessary amount, which will be close upon a million dollars, will be taken out of consolidated revenue.

Veterans can secure certificates from the militia department, and upon presentation to the department of finance the \$100 grant will be paid to them. Cheques are being made out to-day. A large number of applications have been passed upon and it is expected that something like 4000 grants will be paid out.

A great many applications are being received from persons who are laboring under the misconception that all those who turned out in '66-'70 are entitled to the grant, whether they saw active service or not. This, however, is a mistake, and only those who the department is assured saw active service will get the one hundred dollars.

DROWNED TRYING TO SAVE HIS COMPANION

Bodies of Miss Gavey and Edward Haigh, Who Were Drowned From a Rowboat in Hamilton Bay on Dominion Day, Were Recovered Yesterday Clinging Together.

HAMILTON, July 15.—(Special.)—The bodies of Hattie Gavey, 23 East Stuart-st., and Edward Haigh, 212 East Macaulay-st., who were drowned in the bay on July 1, were recovered this afternoon by Captain Lundy and Robert Lutz, Captain Henderson of the Macassa, on his trip out about 4 o'clock noticed the bodies and reported his discovery at the pier. The bodies were brought to the pier and taken to the Lakeside Hotel. Miss Gavey was notified and, as she was on the pier, she came on and enquired a jury, which viewed the bodies and adjourned until July 22. The bodies were taken to Green Bay, and then to the pier. The body of the man was positively identified by Dr. Hopkins as Edward Haigh and it is certain that the other body is that of Hattie Gavey.

The bodies were found clinging to each other and appearances indicate that Hattie was drowned trying to save his companion. On the evening of July 1 the unfortunate couple were seen undertaking a launch. The identity of the drowned couple was at first uncertain, and it was not until two days afterward that their row boat was run into by a launch and the bodies were grasping at the spot where the couple were drowned.

CAR COUPLINGS WERE DEFECTIVE

John Reid Was Fatally Injured When He Attempted to Make Couplings Come Squarely Together.

John Reid, who was crushed between two cars at Bond Lake Junction on the schomberg line of the Toronto and York Radial Railway, July 6 last, came to his death as the result of a fatal hemorrhage. The coroner's jury found that the brakes and couplings on one of the cars were defective. The train crew had been attempting to couple the cars on a curve and Reid, the conductor, stepped between the cars to throw the coupling apparatus over to one side so the two parts would meet square when the coaches came together. Before he could get out of danger the approaching car pinned him and he died on the train while being brought to Toronto.

To Probe Cheese Weights

OTTAWA, July 15.—(Special.)—Samuel Macdonald, a well known farmer and dairyman of Strathmore, has been appointed the second member of the commission of which R. A. Pringle, K.C., is chairman, and which has been created by Hon. Martin Burrell, minister of agriculture, to investigate the charges of Ontario and Quebec eastern townships farmers and dairymen that in the present regulations governing the weighing of cheese at the port of Montreal, they are losing thousands of dollars annually.

The third member of the commission has not yet been named, but it is understood that he will be a prominent Montreal exporter. Hon. Martin Burrell said to-day that the commission would have the widest scope. It is of supreme importance to the farmers of the province, who claim that they have been losing all the way from \$50,000 to \$100,000 each season.

BATHER DROWNED AT SUMMER RESORT

Miss Amelia Taylor of Scarborough Junction Was Stricken With Heart Failure at St. Elmo, Muskoka, and Was Drowned in Two Feet of Water.

Miss Amelia Taylor, 24 years of age, youngest daughter of the late Thomas Taylor of Scarborough Junction, was drowned while bathing last Saturday afternoon at the beach at St. Elmo, a summer resort in Muskoka. Miss Taylor had been visiting with some friends there and setting early on the morning of the fatality had gone down to the beach for her early morning plunge. She was evidently stricken with heart failure for she drowned in about two feet of water. No cries for help nor any signs of distress were heard or seen, and it is evident that the young woman was suddenly stricken. Her mother died suddenly about seven years ago, and her father four years ago. A sister died suddenly one year ago.

The funeral will be held this afternoon from 2068 East Queen-street at 3 o'clock. Rev. Mr. Oker of Thornhill will officiate. The remains will be interred in Washington Cemetery, Scarborough.

UNKNOWN MAN KILLED IN FALL

Overbalanced Himself While Looking Out a Window in York St. Boarding House.

An unknown man yesterday afternoon suddenly appeared at a window in a boarding house at 152 York-st. He looked out, balanced himself for an instant on the ledge, then dropped to the pavement, instantly killing himself. His body was taken to the morgue. In appearance the man is about 70 years of age. He has brown hair, had on a coat and vest of black cloth, brown trousers with a grey and red strip, black ribbed socks, a white shirt with blue stripes, canvas high shoes with brown laces and a shoemaker's awl in his pocket. A bottle of lithia water was in his hip pocket. So far no one has come to claim the body. An inquest will be opened this morning.

FINE PANAMA HATS, \$3.49

There is much comfort in a Panama hat when the weather is very hot, and there is some comfort when you require a Panama hat to know that the Dineen Company is making some unusual offers in genuine Panamas recently imported from South America. Here is the list: Rare South American weaves, regular \$5. for \$3.49; regular genuine, \$7.50 for \$4.75; regular \$10.50 for \$6.50. Absolutely superior lines in every weave. Dineen Company's store in Toronto is 140 Yonge-st.

BORDEN BELIEVES WAR MENACE IS REAL

Premier and Colleagues, After Private Conference With British Ministers, Recognize Need to Strengthen Navy—Form Contribution is to Take Has Not Yet Been Settled.

LONDON, Eng., July 15.—(C.A.P.)—A statement regarding the progress of the negotiations between the Canadian ministers and the imperial defence committee, given to the Canadian Associated Press by an apparently well-posted informant, is as follows: "If the Canadian ministers were in a position to speak, there is not the slightest doubt they would say that the aims of Great Britain with regard to naval requirements, modeled mostly on German expansion at sea, which have been the keynote of representations made by British ministers, have been made in a most conclusive manner. Canadians are absolutely convinced that there is danger in prospect.

"Hon. Mr. Borden particularly, it is learned, put a series of questions in order to elucidate the real inwardness of the naval menace and requirements. He took nothing for granted, and, as a result, voluminous, vouchered facts are now in his possession, including technical explanations from navy experts dealing with the strategic position and structural recommendations with regard to the type of ships required.

CONTRIBUTION NOT SETTLED

"What form aid will take has not been decided, but the question will be submitted at meetings beginning tomorrow at which the naval experts will be present.

"It is generally believed in inner circles that the granting to Canada and other dominions of a place on a remodelled committee on imperial defence is practically settled as a matter of principle, but details have to be worked out. Just as the Canadian premier declared that Canada would not be an adjunct of the empire, so he has insisted on assurances of representation being given.

Visit to Paris.

"Much conjecture surrounds the visit of Canadian ministers to Paris on the 27th. No doubt while there, unofficial enquiries will be made with regard to the relations between France and Germany. Having in mind the entente between Britain and her neighbors across the channel, and the community of interest involved, Canadians are assured of a warm welcome. Their arrival in London has not been unheeded in France, and the importance and significance of the moral force surrounding the prospective assistance of British colonies to the mother country, is fully recognized in French circles, both in London and Paris."

FELL INTO TUB OF HOT WATER

Two-Year-Old Girl Died at Hospital of Scalds Received Five Days Ago.

Victoria Crane, 1236 Dufferin-st., the two-year-old girl who fell into a tub of boiling water about five days ago when her mother was washing clothes at her home, was taken to the Western Hospital in a police ambulance, died there suddenly yesterday evening about 7 o'clock. For a day or so after the accident it was thought that the youngster would live, but yesterday morning she began to sink rapidly.

UNDER TWO FLAGS!

Jeff: "Is that ye, John? Maister Flennin's doin' gran' work. He's lived till see Drayton oot o' the cesty hat, an' Sothman oot o' h' hydro-headed abomination: an' he hopes till see Geary in Drayton's place an' yin o' his freens as mayor for 'th' balance o' th' term. Ye'll be helpin' him, John?"

John: "Yep."

Jeff: "An' wouldn't it be gran' for th' pair companies if Sir Jeems an' yon horse-gypsy Beak had a del' o' a row?"

John: "No, not that. The Tely' for Arjay an' Adam with both feet."

Jeff: "But how, John, can ye be for bath?"

John: "As ye are for public ownership and for th' companies at th' one an' th' same time."

FRUIT MEN ASK FOR SOME REMEDY

Protest Against Bylaw Compelling Them to Keep Stock Covered—W. W. Hodgson Mentioned as Property Commissioner—City is Buying Land at Scarborough.

Protesting against the recent bylaw compelling fruit dealers to keep their wares covered or place them inside their shops, about 100 Italians waited upon Acting Mayor Church yesterday and asked that the bylaw be repealed.

For the first time yesterday the six for a dollar tickets for the exhibition were put on sale, and the number sold was not recorded.

Buying at Scarborough. In the opening of the proposed Scarborough heights water system, the assessment department have secured options on the required property in that locality, according to the announcement made by the acting mayor yesterday.

Swimming Certificates. That no person should be permitted to treat a canoe without first producing a certificate stating that he was able to swim, is a proposal being considered by the harbor commissioners.

Belleville's Downtown Station. Toronto people who go to Belleville over the Canadian Northern Ontario are keenly appreciative of the fact that the station of this line is located down on the waterfront, easily within five minutes' walk of the business and residential districts and of the principal hotels of the old city from Toronto, where the closest connection is made for Picton, Wellington-on-the-Lake, and all other Central Ontario Railway points.

There is a Canadian Northern Ontario train of superior equipment which leaves the Union Station for Belleville and intermediate points at 8:30 a.m., and another at 5:40 in the evening, spending hours for the bushy and the regular traveler. Returning in the morning, there is a train leaving Belleville 7:35 a.m., and another at 1:15 p.m., the most convenient hours which the passenger department could select.

On Saturdays a train departs from Toronto at 11 a.m., returning to the city Sunday night. This Saturday and Sunday service affords a splendid opportunity to visit relatives or friends in Prince Edward County without loss of time, and connections are effected at Trenton to all points along the Central Ontario line.

Indians Barley Hold Own. OTTAWA, July 15.—In population, Canadian Indians are just holding their own. Figures for the last fiscal year show the total to be 104,000, an increase of a few hundred over last year.

PROTECTION FOR BATHERS AND BOATERS

Life-saving Crew of Twelve, With Lifeboat and Fast Launch, Will Soon Be Stationed at a Convenient Point on the Bay—May Prevent Renting of Canoes.

As soon as the crew of the life saving and patrol service can be sworn in and equipped with uniforms, the bathing place around Toronto will be equipped with a suitable protective force, which should have some effect in preventing the number of drowning accidents in the neighborhood of the city.

As a sequel to the fatality at the Island Saturday night, Acting Mayor Church has asked the harbor commission to take measures to prevent accidents of this kind. It is the commission's duty to make arrangements to be met jointly by the harbor commission and the Dominion Government.

It is advertising that makes it possible for you to buy "the best" right at your corner store. It is advertising that encourages the inventor to make new comforts

You Can Thank Advertising

NEXT time you step into the corner store, take a look around. Of all the articles on the shelves, how many were on your shopping list five years ago? Make it ten years, and you will find that most of the things you buy to-day—and could not do without—were not even made then.

You men and women who buy things, like this sink in. You are better men and women because of advertising. You eat more wholesome food. You wear better clothes. Your home is better furnished. You have cleaner and more sanitary houses. You read better books and magazines. You seek more healthful amusements.

Your whole standard of living has been raised—and why? Because the men who make these better things are telling you that you will be more comfortable, happier and healthier if you use these higher grade goods.

It is advertising that makes it possible for you to buy "the best" right at your corner store. It is advertising that encourages the inventor to make new comforts

Isn't life brighter because we have new and higher standards of living? Let us thank advertising for it.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503, Lumden Building, Toronto. Enquiry involves no obligation on your part—so write if interested.

BUYING ON SPADINA

Property From Sussex to Bloor is Being Purchased by Unknown Syndicate

That the King-st. frontage of Stanley Park be sold to private individuals and the proceeds be used for the purchase of Trinity College and the adjoining grounds, is the latest proposal conveyed by the civic fathers in the matter of the removal of Trinity College to a new site. The proposal will go before the board of control this morning.

It is now said that the college authorities are acquiring the property south of the faculty of education building at Bloor and Spadina, with the intention of erecting the new college on that site. This report is denied by Provost Maclellan of Trinity, but it is at least certain that somebody is buying up the property between Spadina and Huron-st., from Sussex to Bloor.

DEMANDS OF ENGINEERS

Fifty Eastern Roads Concerned in Arbitration Now Begun.

NEW YORK, July 15.—(Can. Press.)—Representatives of fifty railroads east of Chicago and north of the Ohio River met the officials of the Ohio Locomotive Engineers' unions before an arbitration commission to-day at the Oriental Hotel, Manhattan Beach. The effort to reach a settlement of differences, which recently threatened to result in a strike that was claimed would have paralyzed the industry of the country, increased pay estimated at \$3,500,000 per year and better working conditions for engineers are involved.

JOHN FISHER 32 CHURCH ST. -- TORONTO SECURITIES, LIMITED 202 Kent Building Main 6571

EX-POLICEMAN DEAD W. J. Chalmers was injured on Duty Several Years Ago. Yalter J. Chalmers, a one-time mounted police officer of Toronto, died at his home, 107 Fernside-avenue, Saturday, from injuries he received over two years ago. He was thrown from the horse he was riding and fractured a rib, which pierced his lung. He was given inside work for a while, but was forced to resign. He later went west and served with the Kamloops and Yale forces, but was also compelled to resign from these as his health was very bad. The funeral was held yesterday afternoon and many of the local police attended.

RIESTS AGAIN WARNED Reopening of St. John's College Forbidden by Mgr. Bernard. MONTREAL, July 15.—(Can. Press.)—Another interdiction has been launched against the priests of St. Marie de Monnoir, who have already been subjected to interdiction by Mgr. Bruchet, Archbishop of Montreal. The additional interdiction of Mgr. Bernard, bishop of St. Hyacinthe has been announced in all the churches of that diocese. A pastoral letter from Mgr. Bernard solemnly forbids the priests to open their college at St. Johns, where for three years it has been maintained in defiance of his wishes. St. John's is not in his diocese, while Marieville, where the college was situated before removal to St. Johns is.

PEACHES ARRIVE BY THE CARLOAD

Great Quantities of Superior Fruit on the Market—Apple and Orange Season is Over.

Peaches arrived in great quantities on the Toronto fruit market yesterday. White & Co. had a lot of Crawford from Georgia. These peaches, some from Texas on sale at 12 cents, and McWilliam and Everist from California. The California peaches were priced as usual as the Ontario peaches were a big factor in the day's trading.

The pineapple season is almost over. There are no more in the market, and there is much more on the other hand. Some are more numerous, and the prices are coming down. White cherries are the coming variety. There are some from Pennsylvania on sale at 12 to 14 a box. There are also baskets of cauliflowers having a fine appearance. Burries are at much cheaper. Strawberries, 12 to 13c a box; raspberries, 12 to 13c a box; black caps, 12 to 13c a box; cherries, 12 to 13c a basket; cantaloupes, \$3 to \$3.50 a case; California peaches, Alexandria, \$1.25 to \$1.50 a bushel; pines, \$2 to \$2.50 a bushel; blueberries (Delaware), 12c to 14c a box; Canadian peaches, \$1 to \$1.25 a 11 quart basket; oranges, 9c to 50c a basket; bananas, 25 to 25.50 a bunch.

Harper, Customs Broker, 125 Spadina Building, 10 Jordan Street, Toronto, Tel. 40.

IMMIGRANTS FOR ONTARIO

Ten coaches arrived at the Station over the G.T.R. from Quebec yesterday evening, bringing 250 immigrants from the old colony. The party arrived on three lines—French, the Granville and the Canadian. Only 56 are bound for the western provinces. The majority of the newcomers will remain in Ontario.

PLANS ALL MADE FOR SHORT TRIP

Liberal Members of the Legislature Will Go to Northern Ontario on July 29.

Arrangements have been completed for N. W. Rowell's trip into the northern country. The leader of the opposition with him following in the legislature and a party of friends will leave by special train for Timiskaming on July 29. All Tuesday will be spent in Cobalt and on Wednesday the party will drive thru the agricultural district of Thornloe Park. On Park, Sharon and New Liskeard. On Tuesday, Aug. 1, short visits will be made to Matheon, Monteith and Iroquois Falls. Cochrane will be reached early in the afternoon of Friday. The stay at Cochrane will include trips east and west on the Transcontinental. Englehart will be reached on Saturday morning. The afternoon will be spent in the country to Haliburton. They will take their train there Saturday night for Toronto.

TEACHERS ENTERTAINED

Visitors From Scotland Had Luncheon and Saw the City.

Viewing the city from the city hall tower, and inspecting the big stores made up the Scotch teachers' program yesterday morning. The tour of the city was entertained by the Toronto Teachers' Association at luncheon at Eatons. Brief addresses of welcome were made by Acting Mayor Church, Dr. Colquhoun, deputy minister of education; Principals Fraser and Ward. The teachers were taken in motor cars to the afternoon to view the university, and the most important of the high and public schools. The evening was devoted to a visit to the island.

POPE-HARTFORD MANAGER IN TORONTO

Mr. Oscar Coolican of Montreal, manager of the Pope Hartford Co. of Canada, Limited, will be in Toronto for the next few weeks looking after the affairs of the company's local branch.

CHARGED WITH NON-SUPPORT

William S. Oliver, for the non-support of his wife, who lives at 25 Sparty hall-avenue, was arrested by Detective Taylor yesterday evening and taken to No. 1 police station. Oliver was ticketed as agent at one of the railway companies' offices in Toronto. Eight weeks ago his wife laid the complaint. He got out on bail last night.

SENATOR TAYLOR GIVES \$5000

KINGSTON, July 15.—(Special.)—Senator George Taylor, as special offering in honor of Mrs. Taylor's birth on Saturday next, July 20, offers to pay the entire debt on Grace Methodist Church, Gananoque, and accrued interest. The debt is somewhere over \$5000. Best of all, the gift carries no restrictions with it.

Do Your Looks Quite Satisfy You?

If Your Color is Bad, If You Suffer From Pimples, Here is Good Advice.

Fine Results in Two Weeks.

Miss Nettie E. Callaghan, a well-known young lady in Middleton, writes as follows: "I was afflicted for two years with a rash, and ugly looking pimples that spread over my face. My color was poor, and my blood evidently completely out of order. Certainly it was a most despairing sort of a case, because various treatments did but little to help me. A friend of mine in Toronto, Ont., advised me to get Dr. Hamilton's Pills, so I sent at once for five boxes. In two weeks I felt like new—looks improved, spirits rose, and I felt I was getting well. I have used this remedy for a long time, and now wouldn't be without it."

If you are in ailing health, have blood disorders, stomach trouble, or headaches, Dr. Hamilton's Pills will help you quickly. All druggists and storekeepers sell Dr. Hamilton's Pills of Mandrake and Butterbush. 25c per box, five for \$1. Sent postpaid by instructions from Currier, Buffalo, N.Y., and Kingston, Canada.

ARMSTRONG GETS TELEGRAPH CUP

Halifax Sergeant Scored Possible in Final Contest
O'Grady Prize Won by Canadians.

BISLELY, July 15.—(C. A. P.)—Sgt. J. H. Armstrong of the 68th Regiment, Halifax, won The Daily Telegraph Cup with five bulls, including a slinger. Other Canadian scores were:
Auld 28, Batterall 35, Blackburn 25, Davidson 20, Dymond 30, Forester 31, Kennedy 21, MacDougall 23, Maggs 32, MacPherson 33, Molines 30, Mitchell 34, Mortimer 33, Regan 27, Richardson 38, Sillar 33, Steele 23, Stoddart 31, Andrews 30, Bayles 30, Simpson 31.

The Canadians beat the City Rifle Club by 4 points for Col. O'Grady's cup.
Lieut. Blackburn, Winnipeg, was 22nd in the "Peace of Wales" match. Batterall was 23rd, MacPherson 27th, Mortimer 4th, Smith 45th, Richardson 56th, Maggs 58th, each winning \$40.
In the Corporation of London match the winners were: W. A. Hall, London; Norton, London, second; Gower, Staffordshire, third; Mortimer, Canada, fourth; G. R. Easton, fifth; Kerr, Argyll, sixth. East won \$25, Forest 12th, Blackburn 21st, Sclater 22nd, Dymond 24th, Forester 42nd, each winning \$10. Maggs 83rd, Armstrong 87th, Regan 78th, MacPherson 81st, and MacDougall 101st, win \$5 each.

Held For Murder At St. Catharines

Armenian Who Slept White Room, mate Was Slain, Must Explain to Police.

ST. CATHARINES, July 15.—(Special.)—The Greek this evening placed Circus Ralaton under arrest, pending the outcome of an investigation into the murder of McKinnon. He occupied the bed adjoining that in which Arakli Tarpanian was hacked to pieces, and he is being held on a charge of murder.

KINCARDINE OLD BOYS

KINCARDINE, July 15.—(Special.)—Old boys and girls, several hundred strong, are here to celebrate old home week, which opened to-day. The town is being decorated and public reception, held in the park to-night. Mayor Patterson officially opened the large new pavilion on the lake front.

NOTICE THE TRADERS BANK OF CANADA

NOTICE IS HEREBY GIVEN OF THE intention of the undersigned Banks to apply, after the expiration of four weeks from the date of the first insertion of this notice in the Toronto and Western Daily Free Press, to the Governor-in-Council and the Treasury Board, through the Minister of Finance and Receiver-General, for the approval of an agreement between the Traders Bank of Canada and the Royal Bank of Canada to issue and circulate in circulation and leasehold obligations.

MIMICO PARK SCHEME

Location and Price Made Councillors Abandon the Idea.

MIMICO, July 15.—(Special.)—The proposed park scheme for the village, as per Mr. J. A. H. McKelvie's offer of last week, seems to have fallen flat. The councillors are understood to have agreed that the location is not as central as it should be, and they also think the price of \$24,000 is rather high. In the face of the proposal to support the sewerage and water works by the ratepayers in January the general opinion is that taking up Mr. McKelvie's offer would be "biting off more than they can chew."

"Always ready—Get in and Go"

Busy Business Men Should Use Electric

To and from the office and about town, the electric provides delightful travelling luxury.

A good "electric" for a business man, is the equivalent of the most expensive of other cars minus the dirt, care and extra expense.

Electric current costs less per mile than gasoline. The simpler power plant and altogether cleaner, quieter, more reliable mechanism give the "electric" a wonderful advantage both in cost and convenience.

The "electric" has no engine that requires "turning over" before it will start. A slight pressure on the control lever and away you go, smoothly, swiftly, noiselessly.

Our Service Department is always at the disposal of "electric" owners.

Toronto Electric Light Company Limited

GIRL RETURNS TO HER FATHER

Sarah Taylor Goes Home, Intended Husband to a Farm, and Elopement is Called Off.

Sarah Taylor, the girl who came from the old country last week to rejoin her father, and eloped a few days later with Wm. Stafford, has been located to her parent. At the request of Mr. Taylor, the couple were stopped by the police at the Union Station last Saturday when they attempted to leave the city. Subsequently, at the immigration offices, father and daughter met, and the family tangle was straightened out.

Ward Seven

West Toronto Public Library received an addition, last night of eight volumes of Harmsworth's "History of the World," and eight volumes of "The Imperial Dictionary." The Pacific Lodge No. 223, Woodmen of the World, held an enthusiastic and well-attended business meeting last night in St. James' Hall, Dundas-street.

Manager Ben Law of the West Toronto Shamrock lacrosse team has ordered two practices for his players this week at Lambton Athletic grounds in preparation for next Saturday's game with the Young Torontos.

Building is brisk at present in Ward Seven. Frederick W. Burman took out a permit for a pair of solid brick stores on Fiskeden-avenue to cost \$10,000.

F. W. Robinson is erecting three detached houses on Annet-street, which will cost in the neighborhood of \$7000.

EX-MAYOR HANNA DEAD

NIAGARA FALLS, Ont., July 15.—(Special.)—George Hanna, former mayor and alderman, died at the family home to-day. He had been in poor health since the Dominion campaign four years ago, when, as a Conservative candidate, he was injured in a runaway while campaigning. He was born in Cork, Ireland. He leaves a wife, one son and three daughters.

New Yorkers for Canadian West. WASHINGTON, July 15.—Nine hundred settlers have arrived from New York State.

You can buy a ton of steel for twenty-eight dollars. But a ton of steel made into watch springs is worth twenty-eight thousand. The difference? A matter of refinement. Ford Vanadium is the most highly refined steel used in automobile construction—lightest—strongest—safest.

More than 75,000 new Fords into service this season—proof that they must be right. Three-passenger Roadster, \$775—five-passenger Touring Car, \$850—Delivery Car, \$875—f.o.b. Walkerville, Ont., with all equipment. Catalogue from Ford Motor Company of Canada, Limited, 106 Richmond Street West, Toronto, or direct from Walkerville factory.

Single Fare for Week-End Trips.
The low rates offered by the Grand Trunk Railway System for week-end trips is a great benefit to those who wish an enjoyable outing at small cost. Return tickets are issued every Saturday at single fare, with ten cents added to a great many points in Ontario, good going Saturday and Sunday; valid returning Monday following date of issue. Secure tickets at City Ticket Office, northwest corner King and Yonge-sts. Phone Main 4209.

Woman's Realm—the Household, Fashions and Society

SOCIETY

Lady Mulock spent the week-end at her country house in Newmarket. Mrs. White is on her way home from Vancouver...

The Daily Hint From Paris

Mr. and Mrs. James Bain have taken Mr. Douglas Ridout's house at Brighton Beach, Lake Simcoe, for the summer. Mr. and Mrs. Douglas Ridout are building a house on the Baldwin property in Avenue-road, and hope to occupy it before Christmas.

TWO QUEENS MEET AT GENTRY BROS. SHOWS—MISS PERCY HASWELL AND THE QUEEN OF THE GENTRY ZOO.

IN A SMALL KITCHEN

The kitchenette housekeeper has problems to meet that do not confront the woman with a full fledged kitchen. Without an inch of superfluous room, it takes care and skill to become proficient in wastefulless, odorless cooking and easy serving.

"ST. ELMO" A BIG SUCCESS

Phillips - Shaw Company's Presentation at the Grand Enthrustically Received by Large Audience. A new stage version of Augustus Evans Wilson's famous story of the south, "St. Elmo," was presented at the Grand Opera House last night by the Phillips-Shaw Stock Company...

REAL RAINSTORM IN FINE COMEDY

"At the White Horse Tavern" Splendidly Rendered by Miss Haswell and Her Capable Company. Miss Percy Haswell's revivals of old and favorite comedies have proved to be thoroughly attractive. Last night, at the Royal Alexandra, "The White Horse Tavern," as adapted from a German original, lost none of its influence as a genuinely humorous comedy.

CLOSED SOME PLAYGROUNDS

Contractors Making Alterations to Schools Need the Ground, and Gates Have Been Locked. Slam went the gates in a lot of school playgrounds last night, and they will be shut and locked until the fall term opens.

A Lace and Silk Confection

Net top lace, flouncing, draped over rainbow taffeta, is the material used to make this picture gown. Achimise of plain net and square cornered lapsels of net, edged with the silk, partially fill the V-shaped space in front, and a girde and bows of corse velvet give the essential color accent.

Home Helps

A discolored bean pot may be restored to its original whiteness by letting buttermilk stand in it for a day or so. If the brush is removed from the carpet-sweeper, dipped in water and then replaced, the sweeper will not raise a dust.

Fashion Hints

Two-toned straw hats are popular, the facing usually being of the darker shade. Silver ball buttons of different shades are used to trim blouses of white or colored material.

When Raspberries Are in Season

Ways of Making Shortcake, Pie and Ice Cream. Raspberries, either red or black, with sugar and rich sweet cream, leave little to be desired in the way of a delightful dish; but for moderns a variety of new recipes are here given for serving the berries in different ways.

Seasonable Recipes

Onions as a Salad. Onions sliced thin, served as a salad with oil and vinegar will be relished. Onions, cucumbers, and lettuce are good in combination; so also onions and tender radishes sliced and dressed with oil and vinegar; while a combination of young onions and ripe black olives is greatly liked by those who have learned the secrets of ripe olives.

WHERE THE BAND SHINES

The Navy and Army Bands, which have been especially re-engaged for this week at Sanderson Beach Park, sets an example to other bands might expect to go to a good advantage. It features members of the band in instrumental solos and vocal selections, the first cornetist, Miss Hodge, and the vaudeville quartet being probably the biggest hits of the entertainment.

QUEEN ALEXANDRA

Lunch and tea room—second floor King Edward Hotel, is the only place in Toronto where you can enjoy lunch in a delightfully cool room—dairy menu prepared and cooked by women—served by neat waitresses—modest prices—no noise or odor of a cooking kitchen—12.30 to 2.30—3.30 to 5.30 and 6 to 8—smoking allowed.

Wilson's Ice Cream

WILSON'S ICE CREAM. HOMOGENIZED Ice Cream means wholesome, easily digested, nutritious Ice Cream. Wilson's Ice Cream is so smooth, rich, so good for you, because it is made of cream that has been completely homogenized. Take home a Confection. Several favors. At 700 Druggists and Confectioners in Toronto and at 500 points throughout Canada. WILLIAM WILSON LIMITED. - PHONE PARK 4380.

Trade in Farming Issues—Commercial Quotations

COOLAPSE IN WHEAT PIT DUE TO CROP REPORTS

Predictions of bumper harvest in Spring wheat states led to small panic in bottom dropped out of market.

CHICAGO, July 15.—Record breaking crops, that experts to-day declared to be fairly a sight smashed the price of wheat. The market here closed demoralized 3/4c to 4/8c a bushel lower than 48 hours before. Corn finished at a decline of 1/4c to 1/4c, oats down 1/4c to 1/4c and provisions varying from 1/4c off to an advance of 2 1/2c.

One of the best known authorities in the wheat trade announced without reserve that conditions in North and South Dakota and Minnesota pointed to a yield of 30,000,000 bushels, a total far above any previously reached for those three states named. At the same time there was evidence that Kansas would have to be credited with an amount much in excess of the estimates heretofore accepted as highest. Holders of the wheat showed discouragement from the start. A sudden turn to cool weather northwest, insuring heavy falling of grain just at the right stage and rendering it unlikely any serious menace from black rust, led to free selling by owners and speculators who believed that the market of the wheat should be counted upon for the four states had appeared among brokers.

Canada's Yield, 250,000,000 Bushels

Canadian grain men put the final stroke to the breaking prices, Winnipeg sent word that the northwestern provinces could be counted upon for 250,000,000 bushels, and showed faith by lowering quotations in a hurry.

The fact that current yields of corn are light averted pressure from that cereal, despite the excellence of the crop output. Accordingly, the market for the grain showed more a bearing showing than wheat. Cash grades were in poor request.

In the deferred options, oats sank to the lowest point of the season. Weakness of other grain furnished the main reason. July had a setback too, notwithstanding the smallest wheat stock on hand here. It was feared that new crops might arrive in Chicago in time for delivery on this month's contract.

Provisions required support from packers. Falling off in exports had a bearing influence and so did the tumbling prices in the neighboring pits.

Northwest Receipts

Receipts of wheat at northwest points, with usual comparisons, follow:

	To-day	Last Week	Year Ago
Chicago	81,800	100,200	1,000,000
Duluth	150,000	150,000	1,000,000
Winnipeg	300,000	300,000	1,000,000

European Markets.

The Liverpool market closed to-day unchanged to 1/4d lower on wheat, and 1/4d lower on corn. The market for wheat was lower, Budapest 1/2c higher, Antwerp 1/4c lower, and Paris holiday.

World's Shipments.

The world's shipments of wheat, with comparisons, follow:

	To-day	Last Week	Last Year
Wheat	3,300,000	3,100,000	4,700,000
Corn	3,800,000	3,600,000	5,000,000

On Passage Statement.

On passage: Wheat, 4,700,000 bushels; corn, 5,200,000 bushels; oat, 2,000,000 bushels. Corn, 3,100,000 bushels, against 3,200,000 last week and 4,100,000 last year; wheat, 1,100,000 bushels, against 1,200,000 last week and 1,100,000 last year.

Primates.

Wheat	To-day	Tr. 480
Shipments	320,000	576,000

ST. LAWRENCE MARKET.

Only three loads of hay were offered on the local market yesterday, and the old figure prevailed. Farmers are too busy haying to bring in the old product.

One very small quantity of hay is coming in the great bulk having been marketed.

The daily fluctuations in the price of spring lambs on the live stock market keeps retailers bobbing to hold the price at a level which will allow them to sell lambs, live weight, yesterday, but no rise in the price of the dressed meat.

Chickens are found both alive and dressed, are carrying a demand on the local market.

DECLINE IN HOLLINGER AFFECTS THE WHOLE LIST

Porcupine Leader Drops 40 Cents a Share in Apathetic Market—General List Shows Easier—Timiskaming Leads Cobalt.

World Office, Monday Evening, July 15.

The buying demand was so limited in the mining exchanges to-day that quotations just naturally sagged on the appearance of any real liquidation. A 40-cent decline in Hollinger led the 40-point list down in the morning. It was the most outstanding instance of weakness, but a perceptibly easier disposition was noted elsewhere in the list, and some restricted recoveries in values clearly bore out the apathetic feeling existent among the speculative fraternity.

Narrow Price Swings.

The dip in Hollinger to within 30 points of the low record for the month to date was brought about by the incoming of a couple of small selling orders. The quotation was lowered rapidly, there being in effect no buying demand of any account in the market. The general list shows a similar narrow action as has characterized the market for so long now and again experienced.

Chicago Gossip

J. P. Bickell & Co. from Logan & Bryan: Wheat—Fine prospects for wheat in the northwest as reported by crop experts, furnished principal selling incentive in the northwest. From present indications, change has induced by the weather. The wheat crop will be unusually large, and there is no prospect for any serious crop trouble at the present time. One report said that three northern states could easily export 30,000,000 bushels. With new wheat beginning to move freely in the northwest, and factors were oversold, and there was general liquidation, as well as hammering by bear traders. The market was larger, and there were several cars new wheat in here. Most of the buying today has been by shorts, and consequently the market is expected to show a declining tendency.

Activity at the Mines in Pailkier

Progress at the Cartwright Gold Fields, Pailkier Lake, in Beatty Township, is reported as very satisfactory. This company has been working since the commencement of the spring of this year, and it has been decided to install a stamp mill as early as possible. The mine is producing 250 tons of ore per month, and the average assays run 8 to 20 feet, and the average assays run 8 to 20 feet, and the average assays run 8 to 20 feet.

LIVERPOOL GRAIN EXCHANGE.

LIVERPOOL, July 15.—Wheat—Lighter world's shipments, firm market, and a stimulus at opening, but later distant markets suffered from realizing. The market for wheat, and the United Kingdom, with a view to a quiet demand for foreign shipments, and these offers are pressed for sale. European crop prospects for the whole are satisfactory.

Winnipeg Grain Market.

Winnipeg, July 15.—Prices declined in sympathy with American markets to-day. There was no bull news of consequence, the demand was poor and prices closed 2 1/2c lower for July and 1/4c for October.

President Earle in Copper Mining.

Ellis P. Earle, president of the Nickel Mining Co., has been elected a director and member of the executive committee of the Tin-Bullion Smelting and Refining Co. with offices in New York.

According to an interest closely connected with the development of the tin-bullion character has been opened up. At the company's mines at Kelly, New Mexico. However, the company continues work on the development of lead and zinc and the mills are being run continuously. Shipments are kept up to the standard of the past year and the developing work is being maintained by three eight-hour shifts. The outlook in general is gratifying.

Government Will Complete 250 Miles of Roads This Year—Tremendous Possibilities of Great Area.

The provincial government under the supervision of Mr. J. F. Whitson, the government commissioner, superintending the work of road construction in Northern Timiskaming, will complete this summer practically 250 miles of graded roads in townships between the Fredericton and Abitibi Rivers, north and south of the Transcontinental Railway.

Already a force of 175 men is employed and nine camps are in operation around Cochrane. Work will soon be started on the Mattagami River, 40 miles west, but so far the work has been confined to the Fredericton and Abitibi sections. At Iroquois Falls, the trunk roads, and to date between 30 and 30 miles have been made. Commencing this week a gang of men will be placed at work near Matheson and Manitoba, where more roads will be built.

The method of building the roads is on a systematic basis. The roads are cut out the regulation width, 66 ft., cleared, grubbed, burned and then graded. For the most part, and where suitable, the government road follows the boundaries of the township, with cross roads running north and south and east and west across the centre of each subdivision. In this respect each township is served to its best interest, with main trunk graded roads.

The roads are being built at the rate of a mile a day in the expected 250 miles. By the end of September, East from Cochrane, a distance of over 100 miles. One of the principal towns on the road west of Cochrane, gets a large roadhouse and other railway buildings. The transportation of the crop of wheat to the east is the incentive for the pushing of work as rapidly as possible along the whole road.

Mr. J. N. Englehart, chairman of the T. & N. O. Commission, states that the Cochrane Annex is now being surveyed and lots will be placed on sale shortly. Practically all the lots in the present township have been disposed of.

Tenders are being advertised for the government to be opened on Aug. 15 for the lease of the timber limit east of Iroquois Falls and near the Abitibi Lakes, including the obligation to erect mills on or near the territory in order to manufacture the wood into pulp and other products for the Province of Ontario, which will mean a tremendous impetus to this paramount industry.

The pulp mill is to cost not less than \$300,000 and 250 men must be employed for ten months in the year. Mr. Willis K. Jackson, the Buffalo lumberman, who recently bought the townships of Hastings and Kenora from the provincial government, has already commenced work with great vigor. The townships are situated on the Transcontinental Railway at the junction point of the Mattagami River and the G.T.P. A large gang of men are already engaged in road building and these two townships and cutting and dressing timber to be used in the erection of the large \$75,000 saw mill which they are now negotiating with the government to build.

The Dominion Immigration Registrar states that Ontario is now getting 35 per cent. of its agricultural machinery from Canada. During June no less than 6070 high-class immigrants were placed at various points in the province, which is three times the quantity of the corresponding month of last year.

Shipments of agricultural implements to Northern Ontario have increased in truly amazing proportion. For the year 1910 the Massey-Harris Co. handled a delivery of agricultural machinery at the rate of \$2,000,000, which was widely advertised at the time as representative of the needs of the settlers and farmers in that section, which included 13 binders, 30 rakes, 3 seeders, 5 rollers, 35 mowers, 10 harrows, 17 plows, 4 wagons and 17 drills.

These new counties now in the making added to Old Ontario will create a purchasing, political and social power of vast importance, and this wither westward procession is at last halting and turning northward to New Ontario, well watered, rolling hills and pleasant valleys a land over which two transcontinental railways run across, and which in the next five or ten years will have railways running all through it.

THE COBALT OUTPUT.

The T. & N. O. Railway Commission report that in the attempt of one shipment sent out by the Casey Cope, 26,000 lbs. of wheat, 2,700 lbs. of oats, 1,000 lbs. of hay, and 1,000 lbs. of corn, the total output of the Casey Cope for the year under evaluation is 3,300,000 lbs. of wheat, 3,300,000 lbs. of oats, and 3,300,000 lbs. of hay, and 3,300,000 lbs. of corn, according to the official figures.

WALL ST. SENTIMENT ADOPTS MORE OPTIMISTIC MOOD, AND MARKET TURNED BUOYANT--TRADING DULL IN EXTREME

Money Scarce IN LONDON MARKET

LONDON, July 15.—Money was scarce and dear to-day. Discount rates were firm. The Bank of England bought the bulk of \$4,000,000 South African gold offered in the open market. The stock market was inactive.

CONSOLS DROP TO LOWEST IN MANY YEARS

LONDON, July 15.—Consols touched a new low record since 1874 at 75 3/4 to-day. Apart from the general tendency of British financiers to discard home securities in favor of foreign stocks, to-day's slump was partially due to rumors of a treasury bill issue amounting to \$50,000,000.

FORD MOTOR PROFITS

The Ford Motor Car Company of Walkerville has declared a dividend of 20 per cent. on the new issue of stock. The original capital was \$125,000, on which annual dividends were paid of 100 per cent. when capital was increased to \$1,000,000, of which \$750,000 was paid up.

SOUTHERN ISSUES IN LONDON.

Messrs. Ballie, Wood & Craft received the following figures by cable (Canadian equivalents):

MONEY MARKETS.

Bank of England discount rate, 3 per cent. Open market discount rate in London for 90 days, 2 per cent. New York call money, highest 3 per cent., lowest 2 1/2 per cent.; ruling rate 3 per cent. Call money in Toronto, 3 1/2 per cent.

TUCKETT TOBACCO AT 55

A block of 10 shares of Tucket Tobacco Co. Ltd. changed hands on the curb yesterday at 55 a share. This is the stock which was offered to the public last week by a Montreal house at \$40, the offering being heavily oversubscribed.

MEXICAN NORTHERN

Mexican Northern Power took another sudden spurt on the curb yesterday, the shares rising to a new high of 32 1/2. The shares were quoted at a full point over Saturday's quotations.

BRITISH CONSOLS.

July 15. July 15. Consols. for money. 75 3/4 75 1/4 Consols. for account. 75 3/4 75 1/4

STREET COMMENT ON TORONTO RY.

In their weekly market letter, Messrs. McQuillan Bros. & Company of Montreal say: There is no question but that public sentiment in regard to Toronto Railway has improved very materially in the past year, prior to which time the short duration of the franchise did not tend to enhance the stock in the estimation of the public.

CONGRATULATIONS

Mr. J. G. Beatty, resident partner of the firm of Erickson Perkins & Co., members of the New York Stock Exchange, 14 West King-street, Toronto, celebrated his 50th birthday yesterday.

MARKET OPENS

PRICES DROP ONE-QUARTER CENT

Extremely slow and drab was the opening of the live stock market Monday at the Union Yards, with few bright spots illuminating the market quotations during the day.

On the whole the quality of the offerings was good for the season of the year. The usual quantity of calves did not come in and consequently hardly a market was made on this class of stuff.

At the close of the day's transactions all the whole shipment of live stock had been disposed of with opening quotations remaining firm.
