Circuit Favorites Fail On Final Day at London

Darky Hal Wins Free-for-All After Dropping a Heat to Capt. Sphinx

LONDON, June 14.—(Special).—Fully thirty-five hundred people were in the stands and on the grounds at Queen's Park to-day to see the winding-up of the Canadian Circuit races here to-day and those who were fortunate enough to be on hand saw an excellent day's racing, probably one of the best ever seen on a half-mile track in this country. The feature of the day was the defeat of the favorite in each of the races.

Baseball Toronto Only Loser

TOP TO HAMILTON CLOSE SUCCESS BY LONG ODDS

Three Favorites, Two Long Shots and Thomond, Rank Outsider, Win on Friday

HAMILTON, June 14.—(Special).—Once more three favorites finished in front here to-day. The weather was fine and warm and the attendance up to the standard. Chambers & Walker were missing to-day and the ring runners were considerably at sea. This firm undoubtedly were the leaders in good prices, but most for the success of the Hamilton meeting. They have gone to Windsor, which opens on Saturday, and horsemen who have gone there are hoping that Chambers & Walker will keep up their good work and not fall back into the wicked syndicate ways that have brought a bad name to the Palmer-Henke circuit.

HAMILTON, June 14.—(Special).—Once more three favorites finished in front here to-day. The weather was fine and warm and the attendance up to the standard. Chambers & Walker were missing to-day and the ring runners were considerably at sea.

Big Aquatic Program To Be Run Off To-Day

Eleven Crews to Compete in Don Regatta—Sailing and Canoe Events

A big program is down for decision this afternoon on the water, including yacht, canoe and rowing races. At 2.30 the Don Rowing Club will pull off their annual spring regatta and everything points to a record one in point of attendance and number of events to be run off. Eleven crews are entered in the four-oar race for the Mack gold medals, and nine singles will compete in the single events.

Professionals Are Reinstated By C.L.A. Judicial Committee

Tool Gow, Bill Neely and Yeaman Can Play Intermediate—Cornwall at Island To-Day—Record Score at Shelburne, 31-0

The C.L.A. judicial committee met at 10.30 last night with President Harry S. Cameron in the chair and T. F. Doyle, J. K. Forsythe, W. T. Gair and C. A. Irvine present. The purpose of the meeting was to consider the application of Ferguson to play for Chipewyan in the few days ago. After much discussion the meeting reinstated Gow, Tool and Neely to their former position on the Thistles to-day at Gait.

Players Reinstated

The following will represent Deer Park at Aurora Lee this afternoon: Dunbar, Swan, Marks, Steffen, Stuart, Croft, Hasty, Kent, Sinclair, Morphy, Wilmont.

The St. Clement's C.C. are playing two games to-day, against Mimco and Dovercourt. The team for the former includes: Hill, Webber, Taylor, Crichton, Brinwood, White, Nickolls, Maffey, Simpson, Gould and Hain.

The Athletics will play the Florals on the latter's grounds at 2:30 p.m. The following players are requested to be on hand at 2 o'clock: Adams, Robinson, Kenzie, Crawford, Neville, Graves, Castles, Malton.

The Ontario Y.M.C.A. Junior B.B. team will play the Senecas at the old national skating rink at the corner of Broadview and Danforth streets at 2:30 p.m.

The following players are requested to be on hand at 2 o'clock: Adams, Robinson, Kenzie, Crawford, Neville, Graves, Castles, Malton.

The Florals A.C. will play the Sherbornes a game of baseball on the Don Flats at 2:30 p.m.

The Shamrocks will play a league game with the Orioles at 2:30 p.m.

AMATEUR BASEBALL PROGRAM LEAGUE AND EXHIBITION GAMES

Club Player and Pointers for Saturday—Notes of the Future Greats.

There will be two good games played in the Western Manufacturers League at Stanley Park this afternoon. The first at 2 o'clock will bring together Robert Watson Co. v. John Ingalls & Co.

The second, at 4 o'clock, brings together Langmuir and American Water Case Co. Batteries for Langmuir are: Lloyd, J. Carroll, J. Martin, J. McCarry, J. Stille, J. Sill, J. Carroll, J. Martin, J. McCarry, J. Stille, J. Sill.

The Ontario Y.M.C.A. Junior B.B. team will play the Senecas at the old national skating rink at the corner of Broadview and Danforth streets at 2:30 p.m.

The following players are requested to be on hand at 2 o'clock: Adams, Robinson, Kenzie, Crawford, Neville, Graves, Castles, Malton.

WHERE CAN THE HIRED MAN WASH HIS FEET?

The homely question so bluntly put to the public by a hired man in the columns of yesterday's World ought to be answered. There are a great many people who would rather wash their feet in a tub or in a bucket than in a wash tub or in a wash tub.

But the farmer and every man who keeps a hired man must answer it.

This same question came to modern military generals and those charged with maintaining the efficiency of soldiers in the field and they have found an answer to it in every up-to-date army; especially in war time is the hygiene of the feet of the men of supreme importance.

Proper socks, proper boots, foot inspection and the washing of the feet are now carefully attended to. In some of the armies one man is made responsible for the feet of himself and four or six others and there is regular foot inspection, inspection of footwear, proper treatment for anyone who is suffering from foot trouble. The result has been that the marching efficiency and the fighting efficiency of the men have been largely increased.

The same thing comes home to those engaged in big construction works and on some contracts where large gangs of navvies are employed. A hospital staff looks after the men's feet and their footwear, and it is found to be an excellent investment.

A man who is working wants to wash his feet, and ought to wash them often, wants serviceable footwear, and if he has both he is a better workman. Many a man, many a woman is incapacitated because of neglect of the feet and the hired man who spoke thru the World yesterday voiced a substantial grievance of many of the race. They are working all over every day and they have no place or chance to wash their feet.

A foot bath, next to what the Yankee calls "a tub bath," is a tonic and ought to be available to every man engaged in hard work after the day's labor. The World proposes to put this question to the public and to those who undertake especially to enter the agricultural interests of this country. The minister of agriculture either in the province or the Dominion might well investigate the subject and some of his deputies who are around the country barn-storming in the matter of early planting and fall plowing and how to kill the tussock moth might more advantageously discuss the homely subject that the hired man has made his own in his phrase: "Where can the hired man wash his feet?"

Can Hon. Mr. Montetoh, minister of agriculture in Mr. Whitney's cabinet, tell the hired man where he can wash his feet?

Can Hon. Sydney Fisher at Ottawa tell him?

Can Peter Christie, M. P. (South Ontario), tell him?

Can any of the deputy-ministers of agriculture tell him?

Can the heads of the agricultural shows tell him?

Or the head of the Agricultural College at Guelph tell him?

Can the editor of The Farmer's Advocate tell him?

Can Capt. Smith of The Farmer's Sun tell him?

Can the editor of The Globe tell him?

Lord Roberts and Lord Kitchener

can answer this question to the satisfaction of the British soldier. Every British soldier can have a foot bath and knows now the value of good feet, well looked after.

But who is doing the same service for the greater and nobler army of hired men? Is the farmer doing his part and is the minister of agriculture doing his part? If we were minister we would not tire until every hired man had a chance to wash his feet.

INDUSTRIAL EDUCATION IN AUSTRIA.

Austria is not generally regarded as occupying such a position in educational concerns as would naturally prompt western nations to look there for light and guidance. Yet it possesses a highly organized system comprising elementary schools, gymnasias and other preparatory schools, technical training institutions, colleges and universities.

On the industrial side a method has been developed within the last decade which merits notice. Its object is to co-ordinate theoretical instruction with trade practice, and it forms the subject of a suggestive report, to the United States department of commerce by A. B. Butman, one of its special agents.

According to the summary of the report given in The New York Evening Post, the best results have been attained by those schools, requiring as one of the terms of admission some years' previous practice in workshops, these pupils forming the most promising material and proving the more eager students.

While the general features of these institutions are common to others of their class in all countries, they offer in addition to cheap courses in the chemical and metal trades and in the higher branches of education absolutely free tuition in woodworking, plumbing, carpentering and joining, shoemaking, dressmaking and tailoring, etc.—small model shops with foremen and managers being provided for the purpose.

Thus in the shoemakers' course, which lasts for six weeks, instruction is given in the anatomy of the feet, measuring, cutting, computing and other necessary points. During the eight weeks' journey course, the scientific treatment of woods is taught, and in every case legal instruction pertaining to the particular course is given. The government provides stipends and scholarships to aid needy students, and also maintains teachers who travel regularly in the provinces and give similar courses in remote country districts. That these schools are appreciated is shown by the number of artisans taking advantage of them.

The Technological Trade Museum of Vienna, since its opening, has alone given trade instruction to 3026 artisans.

INDIAN COTTON TRADE.

India is represented by British free traders to be hostile to a protective tariff and to the establishment of a system of imperial inter-trade preference. This is true only to this extent, that the fiscal policy of India is controlled by British government in the interest of British manufacturers.

Neither Indian nor Anglo-Indian opinion is consulted—if it were India would be found in line with the other British states that are seeking to scale up their home industries, and are prepared to grant a preferential scale of duties in aid of closer imperial union.

In a recent U. S. consular report some interesting figures are given regarding the Indian cotton industry. While the number of spindles running in 1906 was 2,600,000, this only represented an increase of 100,000 over 1903.

But weaving showed a very remarkable expansion, the number of looms increasing in the same period from 23,000 to 29,000. If the comparison is extended to 1896, when the counter-voicing duty of 3 1/2 per cent. was imposed on Indian cloth in order to protect the Lancashire manufacturers, the revenue yielded was about \$37,000.

In 1906 it reached nearly \$1,000,000, despite the counter-voicing duty. The duty of 2 1/2 per cent. on imported cloth was imposed for revenue purposes, a course admitted even by free traders to be justifiable. But the imperial government, under Lancashire pressure, compelled the Indian government to place an equivalent duty on the home fabrics. There is no doubt the remark in the consular report is correct that if this counter-voicing duty were removed the impetus to the Indian weaving trade would be immense. The added comment that Lancashire will never permit this is equally undeniable. But how unjustifiable it is to claim India as favoring a system of free imports when its fiscal policy is dictated by the British government for the protection of British producers!

THE HAGUE CONFERENCE.

Circumstances both favorable and unfavorable attend the second meeting of The Hague Conference, which opens to-day. It has lost the first glimmer that rested upon its first assembly on May 18, 1899, prefaced as that was by the emphasis laid in the initial communication issued by the czar on the danger attending the system of national armaments a outrance. This, he declared, was transforming the armed peace of the day into a crushing burden which the peoples have more and more difficulty in bearing.

But despite the czar's appeal nothing was accomplished in the direction of the limitation of armaments. These have since been steadily increased and the nations have continued to vie with each other either in retaining or improving their place of power on sea and land.

The limitation of armaments to-day

finds no official place on the agenda of the conference, tho the British government has intimated its intention of introducing it as a subject of debate. This intimation nearly wrecked the preliminary negotiations, Germany adopting a strongly hostile attitude and finally consenting to be represented only under reservation her right to withdraw from the discussion of the question. The prolonged diplomatic wrangle is indicative in some measure of the political affinities of the great powers and the outcome will probably find them aligned according to their most recent groupings. Spain and the United States will actively support the British motion; Italy, tho a member of the Triple Alliance, will accord it a benevolent neutrality.

France, hampered by the German thunders, will be similarly disposed; Russia and Austria, with Germany, will decline interference. Where the proposition will fall down on the lack of any concrete plan, which indeed under present conditions it would be impossible to produce.

Greater hope exists of establishing future Hague conferences on the basis of a permanent and comprehensive international union and of opening the court of arbitration to all nations. Accompanying this the foundation may be laid for a general arbitration treaty with improved provisions for reference to the court of all international disputes and for an agreement that in all cases resort to arms will be preceded by a request for the intervention of a commission of enquiry or for mediation by one or more friendly powers. Important discussions may be expected on the questions of amending the laws and customs of war on land and of providing better protection for the rights of neutrals both by land and sea. In this latter connection the matter of declaring all private property, whether of neutrals or belligerents, immune from capture will be raised, and on this point a sharp division of opinion exists in Great Britain, tho the government is understood to favor it.

What is known as the Drago doctrine, prohibiting the collection of private debts by a national armed force, is also likely to be debated, but any general agreement at this time can hardly be reached. It must be remembered that unanimity is a condition precedent to adoption of any recommendation, and this second Hague Conference cannot reasonably be expected to do more as regards the more serious topics than pave the way for the ultimate evolution of a real international parliament.

A WORD TO CHIEF GRASSET.

Editor World: I should like to know what Chief of Police Grasset has to say regarding the comparative ease with which revolvers can be purchased in any hardware or second-hand shop in the city.

The Boyd incident is a striking example. He had been compelled to obtain a permit from the police department to buy a revolver, his victim to-day. Boyd in question bought a second-hand pistol for a mere song (a child, so far as price is concerned, could purchase one) and a pistol stands in the shadow of the gallows. Why is not the sale of revolvers restricted in the same manner as carbolic acid?

An unrestricted sale of pistols is much more dangerous to the general community than carbolic acid. A drunken man can purchase a revolver, and, running amuck, can do infinitely more harm than possessed of a bottle of carbolic acid. Even at the police auction sale annually revolvers that have been retrieved from the hands of thugs and assassins are sold without regard to the purchaser, many of which are found to be into-armed-laden channels without delay.

Could not a city bylaw be introduced prohibiting the sale of revolvers unless by permission of the police department or Chief Grasset? A Stitch In Time.

This Seems Real.

The atmospheric conditions last night were such as to create in the minds of those who witnessed the phenomena the impression that summer had at last arrived. And this is a fact, as everyone will admit who enjoyed last night's balmy air. To-day everyone will be on the move to take advantage of the lake trips and Yonge-street Wharf will likely present a gay appearance.

The Hamilton steamers Modjeska and Macassa will carry the crowds who patronize this favorite route, the boats leaving Toronto at 9 a.m., 2 and 6.15 p.m., and leaving Hamilton at 8.30 a.m., 2 and 6.15 p.m. A 50-cent return fare is in force on these steamers, the boats being good on all trips for the day.

Coming For Greer.

The sheriff of County, Mich., wired Inspector of Detectives Dunch, yesterday that he was leaving to take back Hopkin J. Greer, wanted there for embezzlement.

SWEET CAPORAL

RICHMOND HILL, June 14.—A meeting is called for Tuesday evening to reorganize the Tennis Club.

The entrance examination will be held in the high school here on June 21, 27 and 28.

The lot of education here offered Miss Morden and Miss Edwards an advance of \$50. The caretaker will get \$25 extra.

A. E. Snitzer and George Gee are lay delegates to the Methodist conference.

There will be a large delegation of townships at the annual meeting of the Victoria-square Methodist Sabbath School to-morrow. A great program of sports of all kinds will take place on the grounds of Ross Nicholl.

King Township.

Nearly 300 residents of King and adjoining townships met at the home of Mrs. Sarah Hillborn, lot 30, concessive day to celebrate the centenary of the venerable lady Mrs. Hillborn, whose maiden name was Rogers, was born on lot 6, concession 1, of township 22 north of William Hillborn on May 3, 1840. Her husband died in 1867, and her only son last year.

Standing her extreme age, Mrs. Hillborn retains her faculties, and is a most interesting personage. She was the recipient of many kindly testimonials.

TRACTION ENGINE NEXT TO AID ANIMIC WARFARE

Service Corps Officers Say That Equipment Must Include Balloons and Autos.

NIAGARA-FOR-THE-LAKE, June 14.—(Special.)—It is possible that inside of two years a traction train will steam into Niagara camp laden with the supplies, tents, etc., instead of as is now the case, transporting everything either by train or advance teams.

Officers prominently connected with the Army Service Corps, which have charge of all small items, with equipment, say that the army to be equipped efficiently for modern warfare must have a traction train, and in time, balloons and automobiles. The train will be introduced here first.

The South African war exemplified the usefulness both from standpoints of economy and practicality.

The present "stagnant" supplies prove an exorbitant drain on a country's treasury. Hay, for instance, has been known to cost \$9 a ton to deliver on the scene of action. This figure of course included the amount consumed by the stage horses on the way, which was no small item. A traction engine eats no hay and in addition drawing its own fuel, will draw a large string of heavily laden wagons.

Much dissatisfaction is expressed by the recruiting officers of the various regiments at the "bugaboo" order requiring that all recruits must be duly registered seven days before camp opens. It is this restriction which is practically every infantry company, they say, and the sooner it is revoked the better. A major said to-day that the present system kept the most desirable men from volunteering. The "gentlemen of leisure" would sign anywhere and everywhere—six months ahead, if necessary—and he was just liable to back out at the last minute.

The enterprising chap, however, who was back home of his community, scarcely felt at liberty to sign documents ahead of time. They were busy up some part of the day and were never certain whether they could get away or not, but if they were permitted to sign right up to the last day, they could get things into shape and enlist.

There is said to be only one infantry company in the whole camp that can claim to be a regular company in its strength. It belongs to the 37th Regiment of Brant and is entirely made up of Indians.

Cruciating Weapons.

In this regard there is another edict which some of the commanding officers find somewhat awkward and they intend to take action to have it rescinded. It is an order from the department that the extra pay for good conduct and efficiency will not be added to the regular stipend unless the recruit score at least 50 per cent. of a "possible" at the time he is being considered for promotion.

It is considered a most unfair rule, but with the present arms, which have been subjected to being used for five or six years, a 50 per cent. score is next to impossible. The commanding officer keeps records to test their identity with the arms. Some of their crack shots and oldest men have declared that they could not hit a target at 200 yards, even with the rifle in the hands of an expert. He might be made to jump, but his chances of being wounded would be slim.

The idea of paying 20, 40 and 50 cents per day extra for good conduct and efficiency is an excellent one, but the idea of reducing the prize money to the few who happen to hit the target is put down as most discouraging to the troops.

Drill Does Them Good.

The weather continues excellent. The rain of yesterday subsided early in the evening and the sun has worked overtime to-day—and the troops already show the benefit of three days' unbroken weather. The three infantry brigades marching off this evening, headed by the regimental bands, was inspiring. An army of regulars could not have appeared more imposing.

At headquarters it is stated that such marked improvement in so short a time has never been known. All the men are taking to the technique intelligently, but their improvement is mainly accounted for in the rigorous training they have undergone.

Every corps and every section is expected to show a marked improvement in the weather unfavorable, allow each brigade to attend service in the regimental marquee.

Service To-Morrow.

Divine service will be held on Sunday, rain or shine. As a special favor to Chaplain Rev. A. J. Bell of Milton, Ont., General Otter has consented to, each brigade to attend service in the regimental marquee.

Richmond Hill.

RICHMOND HILL, June 14.—A meeting is called for Tuesday evening to reorganize the Tennis Club.

The entrance examination will be held in the high school here on June 21, 27 and 28.

The lot of education here offered Miss Morden and Miss Edwards an advance of \$50. The caretaker will get \$25 extra.

A. E. Snitzer and George Gee are lay delegates to the Methodist conference.

There will be a large delegation of townships at the annual meeting of the Victoria-square Methodist Sabbath School to-morrow. A great program of sports of all kinds will take place on the grounds of Ross Nicholl.

King Township.

Nearly 300 residents of King and adjoining townships met at the home of Mrs. Sarah Hillborn, lot 30, concessive day to celebrate the centenary of the venerable lady Mrs. Hillborn, whose maiden name was Rogers, was born on lot 6, concession 1, of township 22 north of William Hillborn on May 3, 1840. AT OSGOOD HALL

ANNOUNCEMENTS FOR MONDAY.

Chambers. Cartwright, master, at 11 a.m. Toronto Non-Jury Sittings. Peremptory list for 11 a.m.: 1.—National Life v. Trusts & Guarantees. 2.—Gallagher v. Bridges. 3.—McMurrich v. Kennedy. 4.—McCann v. Martin. 5.—McGuire v. Graham. 6.—Walker v. Gananoque. Divisional Court. Peremptory list for 11 a.m.: 1.—Williams v. A.O.U.W. 2.—Dreany v. New Ontario. 3.—Donaldson v. Dereham. 4.—Lincoln v. McKinnon. 5.—Speers v. Bouvier.

Conviction Confirmed. On May last Hiram McEwan was charged before Police Magistrate Gorman of Sarnia with unlawfully deposited refuse and filth on a dock in this city, contrary to a certain bylaw. McEwan was convicted and fined \$1, without costs. A stated case was submitted for the opinion of the court as to whether or not McEwan should have been convicted. The defendant alleged that the refuse was ashes, bottles, rags, etc., and not dangerous to the public health, and as the dock is a private one he is at liberty to fill it in with anything that does not menace public health. Judge Clute, before whom the motion came, affirmed the conviction without costs.

To Commit For Contempt. Application was made to Mr. Justice Clute in chambers for an order for attachment to commit Richard Russell and Samuel Cox to jail for contempt in refusing to attend for examination, produce certain documents, and answer certain questions relating to matters in connection with Local Union No. 30, Amalgamated Sheet Metal Workers' International Association. His lordship directed the defendants to attend and answer the questions and produce papers on Monday next.

Balance of Account. W. J. Bourke of the Village of Weston has been made defendant in an action brought by Tait & Co. of Toronto for a claim of \$88.11 on a promissory note and balance of account.

York Co. Loan Suit. The York County Loan & Savings Co. have begun an action against The Toronto Life Insurance Company, asking an account of monies received by defendants and to recover the sum of \$21,500, balance on the purchase of certain properties.

Promissory Note. Alonzo Samuel Bowen is claiming \$5000 on a promissory note made by The Kempsville Milling Company in his favor. A writ has been issued to enforce the claim.

Called His Grandchildren Nephews. When Stephen Johnston of the Town of Ridgeway died he left a will, in which he gave bequests to certain persons whom he called his nephews. He had no nephews of the names mentioned, but the names were the names of his grandchildren. His executors asked Judge Clute, in single court, for a declaration that the persons named, and for whom the bequests are intended, are the grandchildren of deceased. The order was made as asked.

Balance Due. A writ of summons has been issued by The Gall Lumber Company against T. L. Baile of North Bay, claiming \$152 as balance of account rendered. Claim For Injuries. Edwin Weeks has issued a writ against the Imperial Paper Mills of Canada, claiming damages for injuries received while in the employ of the company.

Plaintiff Wins. In the action entered as a result in a dispute over the transfer of the assets of the Dominion Brewery Company, Justice Riddell gave judgment yesterday to the effect that the plaintiff in the suit of Cludeell against Lovell is entitled to full discovery. No order for committal was made against H. J. Wright or Massey Morris.

Cayuga at 2 P.M. The steamer Cayuga of the Niagara Navigation Company leaves at 2 o'clock this afternoon for Niagara, Lewiston and Queenston. Return trip 75 cents. Music by the Governor-General's Body Guard Band.

WEDNESDAY, June 13, 89 Edzard, 26th-street, last night for Robert McEwen, 26th-street, from his wagon on Dawson-street and his right leg was broken. He was removed to St. Michael's Hospital.

Two Railway Accidents. SAULT STE. MARIE, Ont., June 14.—(Special.)—Two railway accidents, one resulting fatally, occurred on roads connecting with Canadian 800 last night. J. Pasutti, an Italian, 18 years of age, who in company with a number of other workmen was on a hand-car on the Algoma Central, was killed. Deceased has no relative in this country, his parents being dead. A brother in Italy was notified.

George Wright, a merchant of Gordon Lake, aged 69 years, was proceeding to his home from the Soo yesterday afternoon on the local C.P.R. train. He attempted to leave the train at Desbarats and in alighting, while it was in motion, he was drawn under the wheels and lost his left foot.

Money cannot buy better Coffee than Michie's finest blend Java and Mocha, 45c lb. Michie & Co., Limited.

NEW SCHOOL AT MIMICO OPENS FORMALLY TO-DAY

Erected at Cost of \$20,000 to Replace Building That Was Burned.

This afternoon the new school building of the Victoria Industrial School at Mimico, erected at a cost of \$20,000, will be formally opened in connection with the annual meeting of the Industrial School board.

As will be seen from the cut here-with the building is of two-stories and basement. It is of red brick with stone facings and slate roof.

The assembly room will seat about 200 persons and will be used for concerts, lectures and meetings of various kinds and for the Sunday school classes.

The entranceway to the school is particularly attractive, the flooring being that of marble chips set in cement and polished.

NEW WING NEXT YEAR

Parliament Will Vote Money For Addition. It is probable that a new wing will be added to the parliament building next year.

PLANS FOR A CITY HALL

BRANTFORD TO SPEND SEVENTY THOUSAND IN NEW BUILDING. The buildings and grounds committee of the city council are having plans prepared by local architects for an elaborate four-story city hall and market building combined, to cost \$70,000.

GREAT BUILDING BOOM SHOWN BY STATISTICS

Never Such Prosperity—Tendency is Towards the West End.

On a general way Toronto is away ahead of all previous years, and work is of a healthier character from a building standpoint. The warehouses, factories and small dwellings seem to be the principal lines of building industry this year.

The general tendency of all house building is to the west. "It's so all over the world," remarks Mr. Price, who says Greely's advice was no joke.

The north end of the city is also showing in the general building boom. At the city architect's office they say plainly that it is a shame that cheap houses are not being made for the people who need them.

In the northwest end it seems that a rented house is a rarity. It is, of course, a new section of the city, and the people who are building are doing it for themselves, and not to rent.

As a general thing all around the city people with warehouses are either building or extending their places, as will be noted by the table. There are not so many new firms, but the old firms are expanding.

One man is building 50 houses on Crawford-street, south of Bloor-street, and on Olive-avenue, which is the maximum number of permits to one person issued this year.

New School at Mimico—To Be Formally Opened To-day.

NEW BRANCH LIBRARY OPENED IN NORTH END

First of Carnegie Gifts is Dedicated to Public Use—A Handsome Structure.

The ceremony of opening the new Carnegie library on Yorkville-avenue, the first of a series of four branch institutions, to be erected in Toronto as bounty of the steel king, was conducted Thursday night in the presence of Mayor Coatsworth.

LOOKING FOR FACTORY SITES

Wood Bros. of Brantford are in the city looking for a site for a flour mill. Robert M. McKeown of the Universal Tool Company of Springfield, Mass., is in the city looking for a site for a factory.

ARTHUR INGHAM MEMORIAL

A movement has been inaugurated to create a fund for the benefit of the family of the late Arthur Ingham, of Crawford-street, south of Bloor-street, and on Olive-avenue, which is the maximum number of permits to one person issued this year.

NEW BRANCH LIBRARY OPENED IN NORTH END

OLD G.T.R. BELT LINE IS TO BE REBUILT

Railway Decides to Reopen the Line for Traffic in Fall.

The Grand Trunk "Belt Line" after fifteen years' disuse, is to be reconstructed and will be in operation again from the Don Valley into the city by Oct. 1.

CANNERS CRY FOR HELP

Ask Colonization Department to Send Immigrants. The Ontario Canners' Association is finding it very difficult to get employees and has written to Mr. Southworth, superintendent of colonization, asking him to provide them with help from among the immigrants arriving in the province.

EDWARD WANDLE BURIED

The body of Edward Wandle, who was shot by John Boyd Tuesday, was buried in Mount Pleasant Cemetery yesterday afternoon. The service was conducted by Rev. W. H. Wallace of Beverly-street Baptist Church.

HALFBREED A HERO

Jumps Into River and Saves Boy's Life at Risk of His Own. O-TTAWA, June 14.—(Special.)—William Swanson, a half breed, made a heroic rescue last evening. An 8-year-old boy named Oscar Lesage was playing on the logs when he slipped, falling into about twelve feet of water.

MANHOOD—WOMANHOOD

The Turning Point of Health. Growth, hard study and the tax of social life, entered upon with the zest of youth, is a severe tax on the strength.

SUNDAY HOURS FOR DRUGGISTS

The last meeting of the Toronto Retail Druggists' Association was mainly devoted to a discussion of the hours for Sunday business which were adopted a few weeks ago.

IS YOUR BACK LAME?

Why suffer when relief is so readily secured by rubbing on "Nervine"? Penetrating, sinks to the core of the pain, eases from the first application.

NEW BUILDING

OBITUARY

Episcopal Minister Dead. DETROIT, Mich., June 14.—Rev. William Dault, an Episcopal minister of Huron, Ont., deceased, is dead at St. Luke's Hospital, aged 79 years.

Rev. John Trotter. Rev. John Trotter, a well-known Baptist clergyman, died suddenly in Port Hope yesterday. He was formerly pastor of Beverly-street Baptist Church, had been stationed in St. Catharines and Peterboro, and was a past president of the Baptist Association of Ontario and Quebec.

Mrs. Annie Miller. While conversing with members of her family, Mrs. Annie Miller, wife of the late John Miller, was seized with an attack of heart failure and passed away at her home, 99 Ross-avenue, nearly 60 years ago from Kent, Eng., with her father, Charles K. Davis, who located in Toronto, the family home being on Jarvis-street. Her husband predeceased her 30 years. She is survived by a sister, Miss Mary A. Davids, four sons and two daughters.

Mrs. Katherine F. Daniel. There passed away at the family residence, 55 Elm-avenue, Parkdale, at 10 o'clock yesterday, Mrs. Katherine Fanny Daniel, widow of the late Daniel Daniel, after an illness extending over some months. Mrs. Daniel was in her 75th year and came to Canada nearly 60 years ago from Kent, Eng., with her father, Charles K. Davis, who located in Toronto, the family home being on Jarvis-street. Her husband predeceased her 30 years. She is survived by a sister, Miss Mary A. Davids, four sons and two daughters.

INGERSOLL, Ont., June 14.—For selling liquor without a license, Mrs. Annie Evans of Youngville was today fined \$50 and costs by Magistrate Morrison. She was given until June 20 to pay up and in default is to go to Woodstock jail for three months.

ROSEDALE HEIGHTS. This beautiful property is now on the market, elevation about 300 feet above the city, giving a magnificent view over Rosedale and the lake. Immediate purchasers have a choice of a few of these beautiful lots at \$25 to \$125 per foot. Reasonable terms. Don't delay your selection. This is the choicest residential district in Toronto. Call at main office or see our representative on the grounds. Take Church St. car. Office just north of St. Andrew's College. F. B. ROBINS 50-52 Victoria St. Main 90, Main 7171. BLING... Meers, Falcom... M. 2933

The Faulty Shoe

Grinding, binding, blistering inside

The feet work harder than any part of the body. They must walk long distances behind the plow or on fatiguing city pavements stand many tedious hours behind counter or before bench, or endure irksome confinement under desk or machine.

Do they deserve kind treatment? Yes!

Do they get it? No!

Man is kind to horses' feet—cruel to his own. He shoes his horse with skill and care to insure perfect comfort, but shoes himself with any old shoes—shoes that squeeze, pinch, deform and blister his feet.

If you want to be kind to your faithful, burden-bearing, hard-tolling feet, we'll tell you how. Call on the Foot-rite retailer. Don't be timid.

The "Improved Shoe"

Foot-rite Easy Inside

Let us fit you with a pair of Foot-rites. You'll find something unusual about their insides. You'll find your feet feeling almost as free, unconfined and comfortable as unshod feet. Why? Because Foot-rites are built with Easy Insides. And why have they Easy Insides? Ask the Foot-rite retailer. He'll explain how the Easy Insides are constructed—with supple Normal-Calf-skin in the uppers to give the feet a soft, soothing covering. With wrinkleless uppers free from hard, stiff creases which rub and grind the foot's top surface with emery-like roughness. With an inside shape that's the precise shape of your foot, due to the Foot-sculptured Last over which the inside was molded. And with a lot of other easy inside devices such as Toe-Freedom Uncollapsible Box Toes, Heel-Comforting Counters, Hurtless Instep Seams, Ivory-like Insoles, and "Won't Blister" Hooks and Eyes.

Foot-rite Easy Insides deserve the name of *Kind Insides*. You'll be for them strong after a few day's wear.

A Wooden Walk

ALLOWS  
NATURAL  
WALKING

IMPROVEMENT  
NUMBER NINE

The Foot-rite Natural Walk

The average shoe is a splint, the rigid, unbudgeable heel and sole being the board, and the hard, brittle, corset-formed upper leather being the tightly drawn bandages, and the feet the afflicted part.

These splints force the wearer to walk wooden. They grip tight and stiff, allowing the feet no liberty—no chance to draw up and expand as they walk, and as Nature intended. The wearer walks with the ankle muscles ever lifting and lowering the feet, as if so rough lifeless wood. None of the foot muscles, tendons or toes come into play. The wearer doesn't walk, he simply lifts up and lets down the two stiff, lifeless, imprisoned wooden feet.

Foot-rites allow natural walking. Why?

Their soles and heels are of the finest fibered "butt" cowhide, sun seasoned and tanned with oaktree bark, which renders them stout, but soft and pliable.

Their insides, being shaped over foot-sculpture lasts, are the exact form of the feet which inhabit them.

Their uppers are made of "Sable-Calf," a sun seasoned leather almost as soft and supple as the calf's live skin.

Their toe-freedom, uncollapsible box toes give the foot's fingers unhampered liberty to grasp the sole at each step.

Their heel-comforting, ball and socket counters give the heel its natural action as it lifts and lowers.

Their plumb-line level heel and sole converts the wigwag walk into a level gait.

Their hurtless instep seam relieves rubbing and binding at the instep. The Foot-rite Shoe, though strong and bracing, gives moccasin freedom.

The door of the Foot-rite retailer in your town swings inward but never outward to find a more welcome store. His name's below. He has a natural walk in store for you.

Anywhere in America, Canada or Great Britain—\$4.00 and \$5.00. Every pair Goodyear Welted.

**LOCAL OPTION CAMPAIGN.** "UNWRITTEN LAW" FOR HER.

East and West Flamboro and Township of Ancaster Organizing.

Woman, Sentenced For Murder, Pardoned by Southern Governor.

**JACKSON, Miss.** June 14.—Holding that the unwritten law was made to apply to both men and women, Governor Vardaman has announced that he will overrule the decision of the supreme court and pardon Mrs. Angie Robinson, who was sentenced to life in the penitentiary for killing Dr. Thomas H. Butler, her family physician and counselor, because Dr. Butler had boasted of his relations with Mrs. Birdson.

The governor has granted a respite of thirty days, when a formal petition for clemency will be presented and granted. In the meantime Mrs. Birdson remains at her home, in Copley Church, with practically no surveillance.

**AMERICANS USE DYNAMITE.** Caught Illegally Fishing, But Not Molested.

**DEER ISLAND, N. B.** June 14.—(Special.)—Although the Canadian authorities, as a result of their experience last year, have made preparations to prevent United States fishermen from using dynamite in Canadian waters, enforcement has been made this season, with disastrous results.

A few days ago a number of Eastern port, Me., dynamite crossed over to Canada's waters, where potholes were schooling, and were destroying the fish in immense quantities, when the fishery cruiser Curlew appeared. Captain Robinson apparently was not on the game and the dynamiters continued their work unmolested.

**SHOOTING CANADIAN CATTLE.** MEDICINE HAT, June 14.—(Special.)—A large number of Canadian cattle have been shot down by American sheep ranchers south of Wild Horse Lake. A band of about 150 were the last victims.

**HELP FOR RAILWAYS.** NEW YORK, June 13.—That the national government will be forced to lend its credit to finance the needs of the railroads of the country was the statement made by James J. Hill today.

**Windsor Record's Party.** The party of young ladies who are scouring the United States and Canada at present, at the expense of The Windsor Record, will arrive in Toronto this morning and will be the guests of Hon. Dr. Reame in the Speaker's chambers at noon. The minister will be assisted by the young ladies of his department in entertaining his guests.

**ILL-Treated His Son.** BELLEVILLE, June 14.—William King of North Hastings was tried in the county court and found guilty of ill-treating his son. He was sentenced to one month in jail.

## SITUATION IN MANCHURIA MAKES RUSSIANS NERVOUS

Unable to Withstand Advances of Japanese—Unfriendly Relations.

HARBIN, June 11, via Mukden, June 13.—Russia's plan of reconstruction in the far east now appears to be based on fear of China. Notwithstanding a lack of money, Russia is endeavoring to greatly strengthen her Siberian borders. The effect of their loss of prestige with the Chinese, especially the Manchurians, and the breaking away of high Mandarin beneficiaries, despite the subsidies paid them, together with the lofty attitude of China, no longer the Japanese as regarded as hectoring and browbeating them, powerfully impresses the Russian people.

All the Russian employed on Saghalien have abandoned the Japanese there, tho they are needed in various industries. The frontier line in Saghalien and Port Hope Pale (richest of all malts). Flavor that pleases the taste, quality that tones and enriches the blood—Port Hope Pale Ale does people real good and agrees with anybody. Try it in pints or quarts—order from all reliable dealers.

The Port Hope Brewing and Malting Company At Port Hope, Canada

**Port Hope Pale Ale**

brewed in the old-time way from Highland Spring water (clear as clear air) and Kentish hops (finer hops don't grow) and whole Canadian malt (richest of all malts). Flavor that pleases the taste, quality that tones and enriches the blood—Port Hope Pale Ale does people real good and agrees with anybody. Try it in pints or quarts—order from all reliable dealers.

The Port Hope Brewing and Malting Company At Port Hope, Canada

**IMMIGRANTS OFFERED JOBS AT \$15 MONTH**

Three Men With Families Made Dependent on Generosity of Countryside.

"Humanity" writes The World from Sundridge, in Parry Sound District, concerning the pitiable plight of displaced immigrants, saying:

"During the last few days there have been sent to Sundridge several immigrants just out from England. The first arrived at a late mill, about four miles from the town, and the rate of wages is \$15 per month inclusive. These men were sent to Toronto thru the Immigration Society of London, England, to Toronto Society at Toronto forwarded them on, saying that they would find employment at once, not, however, saying what the wage was to be.

"The first arrivals were a man, with wife and three little children, and, to be candid, the man should not have been permitted to leave the old country, having defective eyesight and being very indigent health, altho willing to do his best. He could not accept the wage of \$15 per month, or a little over 5 cents an hour, and, being stranded, did not know what to do.

"Fortunately, a business man in the town, seeing the plight of this family, took an interest in them, provided food and bed for the night, and arranged for the man an engagement at \$15 per month, which position, altho hard work, the poor fellow is anxious to keep.

"The third case is a poor fellow with wife and one child, in great straits. The agents in Toronto should not send unskilled men to this district, and the labor required of the cheapest. The agents ought to find some few particulars before sending men out of the city, also the rate of wage that was offered to employees.

"I may add that each of these families was sent to the district without means of any provision being made for their reception."

**Depth of Eastern Channel.** Government Engineer's survey made a diagram of the eastern channel to the bay showing that at only one place is the channel less than 18 feet deep, and he recommends that this be dredged.

**SKIN DISEASES**

Salt Rheum, Pimples, Erysipelas, Ringworm, Shingles, Scald Head, Itching Sores.

All diseases of the skin are more or less directly caused by a bad state of the blood, which produces acid humors and corrupts the secretions.

No one can expect to have a clear, bright skin when the blood is in a disordered condition, and the stomach, liver and bowels acting feebly in consequence.

All the above skin diseases, in fact, any disease arising from a bad condition of the blood, are curable by

**BURDOCK BLOOD BITTERS**

through its wonderful cleansing, purifying powers on the blood, and its renovating action on the system.

Mr. A. Squire, Dominion, N.S., tells how he was cured of Salt Rheum. He writes: "For years I suffered with Salt Rheum, and was unable to find a curable remedy. Out of all the medicines I took, and Physicians consulted. Finally I was urged by a friend to try Burdock Blood Bitters, and after a very short space of time I was completely cured. I shall always recommend B.B.B. for such cases, as I consider it an indispensable remedy."

Price \$1.00 per bottle or 6 bottles for \$5.00.

**22 PUBLIC 22 AMUSEMENTS**

The management of Scarborough Beach has succeeded in securing for next week the greatest attraction of the New York Hippodrome, the Four Bathus, who have just completed an engagement of twenty weeks there. They are known as the greatest equilibristas of Europe, and will make their first appearance here on Monday. In their act they will appear the Japanese troupe of five people, the Kishizuna, in balancing feats, barrel kicking, head and foot juggling, wire walking, and other stunts. The act is said to be even sensational.

The infant incubator institute has how five incubators, which require the most scientific treatment in the struggle for life. They are being treated in royal fashion, and every care that can be given, and the most complete outfit that could be devised for a hospital. Miss Manning, the matron in charge, is an experienced graduate nurse, and is highly delighted with her institution.

The other attractions at Scarborough Beach have been well patronized during the week. The band renders concerts every afternoon and evening.

**NEARLY ASPHYXIATED.** GUELPH, June 14.—A man whose name is given as W. McLeod, a Texas man, staying at the Royal Hotel since last Saturday, narrowly escaped being asphyxiated by gas last night.

It seemed there was a gas man on the same pipe, and on turning off the one the other was partially turned on.

**Two Cobalt Men Drowned.** HAMILTON, June 14.—A double drowning is the most recent fatality of the mining camps of the north.

A McKenna, a young man who came from New York City, and a Cobalt man, whose name is not known, were drowned thru the upsetting of their canoe on the Montreal River and their bodies have not been recovered.

**Joint Gaelic Picnic.** The Gaelic League (Irish) has decided to hold a joint picnic with the Gaelic Society (Scottish) at High Park on Saturday, the 23rd. There will be speeches, dances, pipe music and a special feature will be a tug-of-war between the Highlanders and the Irish. Dr. Arey Hinds is president of the Gaelic League and Alex. Fraser is president of the Gaelic Society.

**Perfect Manhood**

Our "Restorine" CURES are THE TEST.

North Bay, Ont., July 2nd, 1916.

Dear Sir:—Have finished taking your 30 days treatment, and am feeling very improved. I weigh 30 lbs. more, and am much stronger, and my nerves are very much better.

Yours sincerely, H. B. (Sworn Testimonial.)

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood: it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. Five Days' Trial Treatment sent absolutely free. Write To-Day. (11)

**ASK RENEWAL OF OFFER TO BUILD SPUR LINE**

Grand Trunk Will Again Be Approached—Inland Lake Idea Squelched.

The question of the Ashbridge's Bay spur line bobbed up again yesterday before the civic works committee, when it was decided to approach the Grand Trunk with a view to discovering whether the railway would offer to build the line still holds good.

The sub-committee appointed to wait on the railway consists of Ald. Geary, McGhie, Chisholm, McBride and Sanderson. A conference will also be held with the Riverdale Business Men's Association before making a report.

Discussion on the subject of the spur showed that the committee was prepared almost unanimously to adopt the city engineer's view that the Grand Trunk should build the line. Ald. Sanderson alone appeared to hold to the opinion that the city could probably control the line. The estimated cost of \$90,000, the fact that the Grand Trunk would have to be given a lease, and the greater expedition with which the company could build the spur were given as reasons why the city should undertake the railway to carry out the undertaking.

The cost of Inland Lake. Whereas it would cost only \$120,000 for a seawall 200 feet out from shore, the cost of such a wall, 500 feet out, would be \$1,000,000.

These were figures prepared by Mr. Rust. Incidentally they proved a final check on the plan of Government Engineer Sing for removing the western channel farther south. Mr. Sing has sent the mayor a plan showing the depth of water at the approaches to the eastern channel from the bay and the lake, and also in the neck of the channel. Following are the depths on the north side: 20.9, 21.2, 22.2, 21.5, 20.2, 18.2, 17.2, 18.3, 25.0, 27.0, 23.4, 21.0. On the bay side: 23.1, 23.0, 23.0 and 24.0 feet.

The New Union Station will be built on Front-street, according to the city engineer, who declares that there has never been any plan to build on the Government House site.

Waverly-road will be graded pending the laying of a pavement, and proceed-ings will be taken against residents who continue to dump on the thoroughfare accumulations of water in the cellars.

The cost of a new 100-foot sidewalk from Sunnyside to the Humber would be \$11,000, so the city engineer estimates.

Manager Fleming has written City Engineer Rust that he will be glad to confer at any time on the latter's new time-table. His view is, however, that not all the relaxing of rails is completed no change should be made in the schedule.

It is not expected that the city's action against the street railway for damage done to water pipes thru electrolysis will be taken up in the courts till this morning, and Engineer James Fleming of Carlton Place was killed.

**Liquor and Tobacco Habits**

100 Per Cent. Advance After Saturday, June 22nd.

The underwriting price of 15 cents a share for first allotment of shares in the "Bonanza Gold," of Larder Lake, will be withdrawn Saturday, June 22nd. The Company will then be chartered, and thereafter all further sales will be at an advance of 100 per cent.

This Company will take over 960 acres of mining claims, consisting of twelve 40-acre claims a little south and south-west of Larder Lake; eight 40-acre claims in the section lying to the north of Larder Lake; three 40-acre claims a short distance north-west of Round Lake, in Otto Township; and near the railroad; three 40-acre claims near Lake Abitibi.

The underwriting of the first allotment of shares in this Company is on the basis of \$15.00 for each 100 shares, par value \$1.00. All applications for an interest in this proposition at this first underwriting price must be mailed not later than the 22nd of June.

Any further information desired will promptly be furnished upon request. Applications made by telegraph, to be followed by remittance, will be accepted. Reservations will be made by telephoning to the office. Phone Main 6454. P. V. FRASER & COMPANY, Financial Agents, 23 Toronto Street, Toronto, Ont., Can. U.S. Office: A. M. Cottrill & Co., 138 North Avenue, Plainfield, N.J.

Canadian Pacific Cobalt Development Co., Limited

100,000 Shares Are Now Offered the Public at 15c Per Share

I had to refuse a number of orders at 12c, the allotment being largely over-subscribed. I advise an immediate investment as development work now going on indicates another early advance. Write for Map and Prospectus or, better still, send order by first mail and secure the stock at the low price of 15c per share.

LOSS MADE GOOD.

Beaver Buildings Burned, But Quickly Replaced

A portion of the machinery buildings on the Beaver were burned down last Friday night with a loss of about \$200. As soon as F. L. Culver was apprised of the loss he immediately advised that the buildings must be replaced immediately. The mine manager lost no time, as by Wednesday the compressor was again working as the nothing had happened. The reports from the Beaver are exceedingly flattering, as the development work proceeds.

Morton & Company, brokers, in Toronto Bank Building, offer to trade a block of stock in a good Petroleum Oil Company, earning ten per cent. for stock in Cobalt Mining Companies, in shipping class.

Foster Company Meeting.

The board of directors of the Foster Cobalt Mining Company have called a meeting for 4 p.m. June 27 at 29 West King-street, when reports made by F. C. Loring and W. Hamilton Merritt will be presented and other business of interest to the shareholders will be transacted.

While some criticism has been offered through the press elsewhere regarding the management of this company, much of this has been discounted by the fact that the directors are men of proved probity and acknowledged business ability. True they have outlived and pursued a conservative policy, but they believe good results will come from it.

Reports presented to them go to show that the silver-lead on the property and by proper mining operations can be got out to the advantage of all holders of the stock. The members of the board are: John Cowan, Kent, George H. Doran, Toronto; Simon Dymally, Barrie; Jackson Booth, Ottawa; Hamilton Fisher, Montreal.

INJURED IN RUNAWAY.

AURORA, June 14.—Mr. Thomas Geer was returning from the railway station, where he had taken his daughter to go on the summer excursion yesterday, when his team ran away. He fell on his head and shoulders, and when removed to his home he had not regained consciousness. His farm is about a mile north of the town.

Christian Science.

Attention is called to the notice of Edward A. Kimball, C.S.D., of Chicago, an authorized lecturer on Christian Science, will deliver a lecture on this apparently new phase of religious faith on Sunday, June 23, at 3 p.m. in Massey Hall. The lecture is free.

British Embassy in Summer.

WASHINGTON, June 14.—For the remainder of the summer season, the work of the British embassy will be conducted at Intervale, N.H., where headquarters have been established.

WILLS & COY. BROKERS Weekly Bulletin.

Toronto, June 15th, 1907. The market in the past week has been purely speculative. There has been very little dealing by the outside public, with the exception of a little investment buying of the standard stocks, especially Thretheway, Nipissing, Watts and a few others.

It is rumored that a meeting of the shareholders of the Foster Cobalt Mining Company will be called at an early date. This is the right policy for the board to pursue. The shareholders are certainly entitled to know the exact condition of affairs.

Green-Meehan is out with a statement, but what the shareholders would like to know is the exact amount that was received from the shipments that were made, and in what direction the money was expended. There is also some enquiry as to what price the treasury stock is being sold at.

Several new finds of great importance have been made in the camp. These finds, however, are not causing the furries that they have in the past, as this proposition has gotten down to a basis of actual values.

We have not changed our opinion, but still believe the property is worth some lower. However, it is about time to begin to average. Good profits can be made on the purchase of the treasury shares at the present selling prices, if they are held for three or four months.

Yours very truly, WILLS & CO.

Foster-Cobalt Mining Company Ltd. (NO PERSONAL LIABILITY)

Toronto, June 15th, 1907.

Notice is hereby given that a Special General Meeting of the Shareholders of the Foster-Cobalt Mining Company, Limited, will be held at the McConkey's Restaurant, 29 King-street West, Toronto, on Thursday, the 27th day of June, at the hour of four o'clock in the afternoon, for the following purposes:

To read and consider the report of Mr. Frank C. Loring and Mr. W. Hamilton Merritt, engineers.

To determine the composition of the Board and the remuneration of Directors; to consider and determine whether to sanction a by-law of the Company increasing the number of Directors to seven.

To add to the Directors as to the future course of development of the mine.

To sanction a by-law of the Company fixing the rate and conditions of sale of Treasury Stock.

The Transfer Books will be closed from 10 a.m. to 12 noon on Tuesday, June 18, at 10 a.m.

By order of the Board, JAMES GEORGE, Secretary.

FOR SALE.

25 shares of National Portland Cement stock, in blocks of 5 shares each, at \$75 per share. The company paid 10 per cent. last year. J. E. CARTER, Investment Broker, Phone 428, 545, GUELPH, ONT.

TRADE BRISK IN JAMAICA.

More Money in Circulation Than Before Earthquake.

OTTAWA, June 14.—Mr. G. E. Burke, Canadian trade agent in Jamaica, reports to the department of trade and commerce that more money is in circulation now in the island than before the earthquake of last January.

Building operations are very brisk and there is a good opening for Canadian trade in building materials, etc. Good trade might also be developed in flour, meat, corn, oats, butter and condensed milk. The British government has given a free grant of \$200,000 to the company, and a loan of \$200,000.

NEW BOOKS FOR LIBRARY.

At a meeting of the public library board yesterday donations of books were announced by the following: Rev. A. Baldwin, Lowell Observatory, Lowell, Mass.; Silk Association of America, J. White, F.R.G.S., Michigan board of health, E. H. Chelton, Toronto, U.S. consul; Goldwin Smith, Georgetown, Norway; Northwestern University, secretary of the English genealogical Society; Nova Scotia Institute of Science, J. A. Murray, and A. Sanderson.

One hundred and twenty books at a cost of \$196 will be purchased for the main library.

THREE BURNED TO DEATH.

CINCINNATI, June 14.—Three women were burned to death and two men seriously injured in a fire that destroyed four houses in the White-water settlement near Harrison, Ohio, today.

APPROVES TRUST MERGER.

ALBANY, June 14.—Superintendent Keep of the state banking department has approved the proposed merger of the Equitable and Mercantile Trust companies of New York.

Funeral of John Waidie.

The remains of the late John Waidie, lumberman and financier, were conveyed to Burlington yesterday afternoon by special train.

A private service was held at the residence, "Glenhurst," Rosedale, at 12 o'clock for the family and immediate friends of deceased. In the absence of Rev. John Neil, pastor of Westminster Presbyterian Church, with which Mr. Waidie had been connected for years, Rev. Mr. Duran, his assistant, officiated. He was assisted by Rev. Canon Cody of St. Paul's Anglican Church.

In Burlington the clergymen were Rev. Dr. Grant of Odellia, an old friend, and Rev. Mr. Anderson, the local Presbyterian clergyman. The pallbearers were the sons and sons-in-law. They are: Messrs. F. N. Waidie, R. S. Waidie, W. S. Waidie and C. P. Waidie, sons, and Messrs. R. C. Sprague, R. C. H. Cassels, Dr. C. A. Temple and C. G. Marriott, sons-in-law.

Pay Tribute to Godwin.

LONDON, June 14.—At a meeting of Dundee United Free Church, Rev. A. B. MacAulay paid a tribute to the scholarship and pastoral care of Rev. A. R. Godwin, who is appointed to the chair of the Old Testament literature in the Presbyterian College, at Montreal.

THE PHILADELPHIA-COBALT MINING COMPANY

CAPITAL STOCK, \$2,000,000 PAR VALUE SHARES \$1.00 EACH Full Paid and Non-Assessable. No Personal Liability

Organized Under the Laws of the State of Maine and Charter Filed in Ontario.

OFFICERS AND DIRECTORS
PRESIDENT: H. B. HANFORD, Wholesale Merchant, Philadelphia, Pa.
FIRST VICE-PRESIDENT: JAMES M. FORTIER, Manufacturer and Exporter, Montreal, Canada.
SECOND VICE-PRESIDENT: EUGENE CARRAINE, Manufacturer of Paper Specialties, Philadelphia, Pa.
SECRETARY AND TREASURER: EDWIN WALLACE, Investments, Philadelphia, Pa., and Hartford, Conn.
JAMES D. McDONALD, Dist. Passenger Agt., G.T.R., Toronto, Ont., Can.
W. J. GRAY, of Wm. Gray & Sons, Stone Contractors, Philadelphia, Pa.

It is safe to say, in view of the extensive and valuable properties owned and controlled by this Philadelphia Company, that it has lower capitalization than almost any mining company now operating in the World-famous Cobalt district, as is evidenced by the following:

The Company's property consists of four tracts of land, three of 40 acres each and one of 140 acres. One of the 40-acre tracts contains a shipping mine, known as the St. Denis or Fortier Mine, which is being operated with a force of men developing same. High-grade ore is being sacked and shipments that will run several thousand dollars per ton, will be made in the near future. This tract of land is located in the Township of Lorraine, N.W. 1-4 of S. 1-2 lot 3, concession 11, and is in the heart of the Cobalt District. In this tract of land there are seven known veins; in fact it is believed that there is a network of veins, and that further development will expose the same as a very rich vein.

The development of this property consists of several hundred feet of prospecting and trenching, and has also a forty-foot shaft and twenty-foot drift at the bottom. The shaft and drift expose seven veins which show ore equally rich to anything ever shipped from the district, some of it running almost pure silver, pieces of rock actually being held together by silver that will bend back and forth without breaking. This property can soon be put on a heavy shipping basis.

SACKING HIGH-GRADE ORE. We are working a force of men in our Lorraine property sacking ore that will run from \$5000 to \$10,000 per ton. We have purchased the S.W. 1-4 of S. 1-2 lot 3, concession 11, in the Township of Lorraine, known as the Laval Mine.

FORTUNES AWAIT STOCKHOLDERS OF THE PHILADELPHIA-COBALT MINING CO. The other 40-acre tract is also in the heart of the Cobalt district, being S.E. of N. 1-2, lot 9, concession 2, Township of Bucks, known as the Gamey Mine. There are three veins on this property; one has been developed by open cuts, trenching and shafts, and it makes a splendid showing. Ore has been opened up at the surface that assays as high as \$40 per ton in silver, besides some Cobalt. This property is close to the Green-Meehan Mine, which is one of the BONANZAS of Cobalt. This lot is in the direct course of the Temiskaming main vein, and experts in the district believe this wonderful vein passes through this tract.

The Philadelphia-Cobalt Mining Company has been careful in selecting properties that show from one to seven or more veins of valuable ore in each. Our engineer says additional veins will undoubtedly be discovered. These have all been reported on by the Ontario Government engineer, and passed upon as containing "VALUABLE DISCOVERIES OF MINERAL IN PLACE."

Extract from a Statement Given out by the Green-Meehan Mining Company, Our Dear Neighbor: When it is known that we have only been in possession of the property a trifle over two months and that much of the work was done under adverse weather conditions, and further, that we have hardly started the work of ore extraction or shaft development, I think it is safe to say that the productive possibilities of the Green-Meehan Mine are yet in the initial stage.

Table with 2 columns: Item, Value. Includes: Number of days worked (58), Average number of men employed (35), Number of tons extracted (2,000,000), Actual cost of production per ton (\$4,349.62), Actual cost of production per ton (\$92.85), Estimated value of ore shipped (\$87,340.09), This shows a profit of more than \$82,000 at an expenditure of only \$4,349.62.

The 140-acre tract has had no development, but is in the direct course of the mineral belt, and rich finds have been reported close to it.

We have been extremely careful in this selection, having had old experienced mining men on the ground for more than six months prior to purchasing these properties.

It is our intention to actively prosecute development on these properties, and it is believed that in six months we will be on a heavy shipping basis, and large dividends can be paid in less than a year.

COBALT MINES ARE MAKING MILLIONS FOR THEIR STOCKHOLDERS

Read a proof of what some of Cobalt's famous mines have earned:

Table with 2 columns: Mine Name, Value. Includes: Canadian Mahoe \$20,000,000 in COBALT, Messrs. Timmins, McMartin & LaRose have made in Cobalt (\$10,000,000), Canadian Mahoe sold out (they were Canadian) (\$250,000), The Fosters have made (at least) out of Nipissing (\$2,500,000), Tretheways took out of Foster (at least) (\$700,000), Tretheways took out of Tretheway (at least) (\$700,000), The University crowd got over (\$1,000,000), The Jacobs would not sell for over (\$2,000,000), The Lawson is held in Canada and is worth (\$2,000,000), Canadian made in Foster (\$2,000,000).

This little list totals over \$20,000,000, and if other mines were included in the computation the total would run into many more millions. These take no account of the fortunes made by Americans.

The Timmins mine was located in 1903, and a half interest was sold for \$2000. Fifteen carloads of ore shipped from this mine aggregated \$500,000 in silver alone, and the mine to-day is worth over \$15,000,000, and is earning 3,000 per cent. for its stockholders. Recently a mass of ore weighing 3,500 pounds, and assaying 5,000 ounces of silver to the ton, was taken from the bottom of the Timmins shaft (the pioneer mine of Cobalt), the deepest shaft in the Cobalt district, on which diamond drilling has been carried down 520 feet and exceptionally high silver values found.

The greatest mining engineers now agree that the silver fissure veins in Cobalt are equal in depth to any in the world, and greater in richness by many hundreds per cent. than any other world has ever known. Values of the silver ore increase as the shafts go down.

Hudson Bay, another great Cobalt property, has paid the magnificent total in dividends of 3,200 per cent. to its stockholders. Only a year ago this stock sold at \$1.00 per share, and to-day is hard to buy on the Standard Exchange in Toronto at \$160 per share.

The immense richness of the Cobalt ore is demonstrated from the following: The first car from LaRose mine brought \$124,000. The first car from the Tretheway brought \$38,000. The first car from the Silver Queen brought \$58,000. The first car from the Foster brought over \$100,000. The first car from the O'Brien brought \$55,000, and a car of ore from any of the mines seldom runs under \$35,000.

The Temiskaming and Northern Ontario Railway Co., owned by the government, has given the Right-of-way Mining Co. a 999-years lease on three miles of its right of way in return for \$50,000 in cash and a flat royalty on all ore mined. This company is taking out ore yielding 6,000 ounces per ton.

The great Nipissing mine produced \$2,500,000 the first two years at a cost of \$250,000, including all buildings, machinery and outlay of every description. There is but one other camp in the world that can equal such a production with such a profit, and that is Goldfield, Nevada, and it is doubtful if the latter can show a better record.

The LaRose Mine has been developed more systematically than any other in the district. A shaft has been sunk, and about 250 feet of drifting has been done at the 80-foot level, following the vein in both directions from the shaft. The drifts prove that the vein is at least as large and rich at this depth as it has ever been. In the 250 feet it drifts have passed through comparatively barren ground. Approximately \$1,000,000 worth of ore has been blocked out on this vein.

To give an idea of the character of ore of one of our other veins, it may be said that an open cut about 50 feet long and 25 feet deep, on the Tretheway vein, location J. B. 7, has produced approximately \$2,000,000 of ore.

In addition to the Cobalt properties we have secured twenty mining claims, of 40 acres each, total 800 acres, in the famous Larder Lake District, in Ontario. These claims show marvelously rich gold ore. Great results are expected from these coming summer. We have under option four claims in Coleman.

United States investors are rapidly awakening to the unparalleled richness of the Cobalt silver mines.

It is the intention to sell 200,000 shares of stock at 50 cents per share before putting it on the curb and exchanges. The first allotment of stock will be pooled August 1st, 1907. This means the stock will be issued to the purchaser and deposited with the Union Trust Company of Philadelphia, and when the pool expires it will deliver the stock to the owner. The object of this pool is to keep this allotment of stock from being thrown on the market while the Company is selling stock for the purchase of property and development purposes.

The first allotment is being sold at a low price (50 cents per share).

During the time the first allotment of stock is pooled the Company will develop its most favorable properties, and will no doubt place several of its numerous mines on a good commercial shipping basis. It is believed that when the pool is dissolved the stock should be selling from \$2 to \$4 per share on the market.

As soon as the first 200,000 shares have been disposed of the stock will be placed on the market at \$1 per share, and will be made an active stock on the curb-and-mining exchanges.

The Board of Directors consists of well-known prominent business men of Philadelphia, Toronto and Montreal, with headquarters in Philadelphia.

INVESTORS

This Company, and urge everyone to secure it at the present price.

In making application for stock, send draft, cheque, postoffice or express money order, payable to the order of UNION TRUST CO., Limited, TRUSTEES, Temple Building, Toronto, or H. W. Van Every, General Agent for Ontario, Toronto.

Any further information desired will gladly be given. Mr. Edwin Wallace, a mining man of twenty-two years' active experience in mining, with not a single failure in his record of developments, will be General Manager. Mr. Wallace recommends the purchase of the stock, fully believing in the great future of the Company.

REGISTRAR

The Union Trust Company, Philadelphia, Pa.

For Stock Sold in Canada: UNION TRUST COMPANY, Limited, Trustees, Toronto, Ont., Can.

14 KING STREET WEST, TORONTO. Capital Subscribed \$2,000,000.00 Capital Paid Up and Surplus 1,200,000.00 Assets at December 31, 1906 3,216,023.51 JAMES J. WARREN, Managing Director.

YORK LOAN SUES.

Begins Action to Recover \$21,500 From Toronto Life.

The York Loan Company has brought suit at Osgoode Hall against the Toronto Life Insurance Company for a full accounting of money alleged to have been received on account of the plaintiff firm, and \$21,500 insurance on property on Roncesvalles-avenue, and \$1200 for office rent and other items mentioned in the suit.

Grey County Old Boys and Girls are running one of their popular excursions to Owen Sound on July 20. Beach Brothers have secured from Master-in-Chambers Cartwright judgment against the Town of Hildesbury for \$421 for electric lighting.

GOOD CLASS OF IMMIGRANTS.

One Hundred Families of Best Type Coming Shortly.

Thomas Southworth, superintendent of immigration, expects that about 100 families will be sent out to Toronto within the next three weeks by the East End Immigration Society of London, Eng.

These immigrants will all be of the most respectable class and most of them will come direct to situations which have already been secured for them.

Admitted to Royal College.

LONDON, June 14.—R. D. Forbes and F. E. McKenly of McGill University are admitted fellows of the Royal College of Surgeons.

A Message to Weak Men

Spring is here, and it is a time of the year that, with its changeable climate, brings out the defects in all men. If you are not equal to these sudden changes of weather, be sure that this condition will manifest itself now. If you have not taken care of yourself through the winter months; if you have overworked; if you have been careless in diet and your blood circulation is sluggish and your system is full of impurities, now you will pay the penalty, now you will feel the loss of that vital energy that makes life worth living. Now is the time when weak men suffer the most; the time when their weakness is a constant worry to them. Now is the time when you must sacrifice to regain your lost manhood, to be able to hold up your head and feel that you are the equal of any man? Here is the chance for you, weak, sickly men, to regain your lost vigor and energy, to become men of power, bounding with the vim of life and strength in every vital organ and muscle of your body. Men have come to me almost without hope, discouraged, and I can point to these men to-day, after their having worn my

Dr. McLaughlin's Electric Belt

happy, enthused and shouting with gladness in the possession of the full vigor of perfect manhood. These men will at any time be glad to tell you what I have done for them. If you have thought much of your trouble you know that the force which keeps up the health and strength of your body is nothing more or less than electricity. All the motive power in your body is born of electricity. That is what you lack, and that force given to your weak organism, as I will give it, will renew your strength. You will be able to enjoy life. You will be strong again.

The confidence I have in the wonderful curative power of my Belt allows me to offer any man or woman who can give me reasonable security the use of the Belt at my risk, and they can

PAY WHEN CURED.

Proof from all parts of the Dominion will be furnished on request. Write me at once and get the bona fide proof of my claims.

CALL TO-DAY—FREE BOOK.

This book should be read by every man. It tells facts that are of interest to every man who wants to remain young in vitality at any age. Call if you can; if you can't, send coupon for my beautifully illustrated 80-page Free Book.

Dr. M. O. McLaughlin, 112 Yonge St., Toronto, Can. Please send me your book, free.

LEADING WHEAT MARKETS

Table with columns for Location (New York, Toledo, St. Louis, Minneapolis), Month (July, Sept., Dec.), and Price. Includes sub-tables for Chicago Markets and Open High Low Close.

CHICAGO GOSSIP

Marshall, Spader & Co. wired J. G. Beatty at the board. Wheat—Continued pressure from the Pacific interests, more favorable weather conditions and improvement in cables resulted in an easier market in wheat to-day. Commission houses have been on both sides of the market. News, as a whole, has been quite mixed, the more bullish than bearish. Broomhall says German crops appear light, and an unexpected frost in the Russian crop advice are getting worse and supplies rapidly decreasing. Advances from Russia together with reports of crop improvement claim that half the fields in some sections will not be harvested. We can see only one side to wheat, and that the buying side. Elias & Stoppant wired to J. L. Mitchell. Wheat—More favorable weather conditions together with reports of crop improvement and bright sunshine locally, proved too much for the bulls in wheat to-day, and from opening of session until the close there was a constant stream of selling orders, with sentiment in favor of a still lower range of prices. For a time during the session some of yesterday's buyers made efforts to support the market, but the professional element pounded the market and prices gradually worked off. We look upon this move as purely speculative and wholly unwarranted. The we are inclined to advise purchases on any further decline. Corn and oats were quite steady most of the session, but weakened towards the close under persistent selling by some of the commission houses and professional traders. The improved weather was a serious factor in the decline. Melady & Co. had the following at the close: Wheat—Liverpool refused to respond to our rally yesterday and closed 1/4c lower, at the same time reporting the enquiry for cargoes very disappointing. This, with the growing weather in the States, gave wheat a weak start, from which it had very little recovery. Export sales were fairly large, but sentiment is still bearish, and the reaction of the market to-day was a great disappointment to friends of the cereal. We look for some recovery tomorrow, but see no definite prospect of a sustained upward movement in the near future. Corn—The market showed some signs of strength, but finally yielded to the weakness in other grains. The selling came from strong sources, and indicated a determined effort to force prices lower, regardless of ordinary considerations, although September oats appear to be reasonably steady.

NEW YORK DAIRY MARKET

NEW YORK, June 14.—Butter—Steady, unchanged, receipts, 670. Cheese—Weak, receipts, 3711; new state, full cream, colored and white, small and large, 115c; fair to good, 10c to 11c; inferior, 7c to 9c; skims, 1c to 2c. Eggs—Firm, unchanged; receipts, 15,008. LIVERPOOL GRAIN AND PRODUCE. LIVERPOOL, June 14.—Wheat—Spot, No. 2 red western winter, quiet, 8s 10d; No. 1 California, steady, 11s 1d; futures, July, 8s 10d; Sept., 7s 10d. Corn—Spot steady; Hiss dried, 3s; old No. 2 yellow, 2s 10d; futures, July, 2s 10d; nominal, Sept., 2s 10d. Bacon—Cumberland cut quiet, 5s; short London, 4s; shoulders, quiet, 4s 2d. Lard—Prime western, in tins, 4s; 4s 6d; American refined, in tins, 4s; 4s 6d. Hops—In London (Pacific coast), quiet, 2s 10d to 2s 5s. NEW YORK GRAIN AND PRODUCE. NEW YORK, June 14.—Flour—Receipts, 1,000 barrels; sales, 2,450 barrels; sales, 100 barrels; dull and barely steady. Rye flour, dull, nominal—Barely steady. Wheat—Receipts, 1,000 bushels; exports, 138,314 bushels; sales, 6,000,000 bushels. Spot week, No. 2 red, 95c; elevator, No. 2 red, 94c; f.o.b., admt. No. 1 northern, Duluth, 1.04 1/4; f.o.b., admt. No. 2 hard winter, 99c; f.o.b., admt. With the exception of a brief rally in the first hour, wheat was heavy all day, closing at about the lowest point of the session. About Liverpool cables, better weather, small weekly receipts and bearish Russian news were factors. Final prices represented 1/2c to 3/4c net decline, July 97c to 98c, closed 96c; Sept. closed at 95c; Dec. closed at 94c, to 1.00c, closed 1.00c. Corn—Receipts, 10,700 bushels; exports, 61,111 bushels; sales, 240 bushels spot. Spot easy; No. 2 corn, 61c; elevator, and 61c; f.o.b., admt. No. 2 white, 62c; admt. No. 2 yellow, 57c; f.o.b., admt. Option market was without transactions, closing 1/2c to 3/4c net lower. July closed at 69c; Sept. closed at 68c; Dec. closed at 67c. Oats—Receipts, 24,000 bushels; exports, 82,000 bushels; sales, 240 bushels spot. Spot easy; No. 2, 45c; natural white, 30 to 33 lbs., 48c to 50c; clipped white, 38 to 40 lbs., 48c to 50c. CATTLE MARKETS. Cables Steady—Hogs Higher at Buffalo and Chicago. NEW YORK, June 14.—Beef—Receipts, 2,238; steers steady; bulls 1c to 2c lower; cows 1c to 1c lower; steers, 47c to 56c; 1c to 2c lower; 2c to 3c, bulls, 48c to 56c; 1c to 2c lower. Exports to-day, 3,000 quarters of beef. Cattle—Receipts, 314; veals steady; buttermilk calves more freely; veals, 4c to 5c; buttermilk, 3c to 4c; culs, 3c to 4c. Sheep and Lambs—Receipts, 4,500; sheep and lambs, 45c to 50c; natural white, 30 to 33 lbs., 48c to 50c; clipped white, 38 to 40 lbs., 48c to 50c. Hogs—Receipts, 2,190; firmer; at 45.50 to 46.00.

CHICAGO CATTLE MARKET

CHICAGO, June 14.—Cattle—Receipts, 2,000; market steady; common to prime steers, 47c to 55c; cows, 32c to 42c; heifers, 35c to 45c; bulls, 35c to 45c; calves, 35c to 45c; stockers and feeders, 35c to 45c. Hogs—Receipts, 10,000; 5c higher; good to prime, heavy, 35.75c to 36c medium to good, heavy, 35.50c to 35.75c; butchers' weights, 35.50c to 36c; good to prime, mixed, 35.50c to 36c; light, mixed, 35.50c to 36c.

WOMAN FOUND IN BAY MISSING SINCE MAY 22

Had Been Drinking Hard at Time of Disappearance—Daughter in England. The badly decomposed body of William McKier, a member of the Amalgamated Society of Engineers, was found floating in the bay at the foot of Bathurst-street yesterday morning. There were two ugly wounds on the head. J. Rosebank of the National Yacht Club discovered the body while rowing out to his boat. He towed it to shore, when it was removed to the morgue. Identification was effected by means of a unique blue book found on the body. Payment was then marked up till April 23 of the present year. A young lady had called there several times to see him and also two men, one young and one elderly. None had called since his disappearance. The body was found at the foot of Bathurst-street yesterday morning. The body was found at the foot of Bathurst-street yesterday morning. East Buffalo Live Stock. EAST BUFFALO, June 14.—Cattle—Receipts, 125 head; slow and steady. Hogs—Receipts, 350 head; active and 50 to the higher, 35.10 to 35.25; mixed, 35.25; Yorkers and pigs, 35.30 to 35.35; roughs, 35.10 to 35.25. Sheep and Lambs—Receipts, 12,000; market dull; sheep, 35.15 to 35.20; lambs, 35 to 36.

British Cattle Markets. LONDON, June 14.—Liverpool and London cattle have shown something of a dressed weight; refrigerator beef is quoted at 9c to 9 1/2c per lb. Total Live Stock. The total receipts of live stock at the City and Junction Markets were as follows for the past week: City Junction, Total. Cows, 182 83 278. Sheep, 2472 1700 3842. Hogs, 3030 3000 3030. Pigs, 883 102 985. Calves, 82 82 164. Horses, 55 15 70.

NEW MAIL REGULATION COSTLY TO CANADIANS

Subscribers to U.S. Magazines Forced to Send Cash Across the Border. Steps are being taken by a number of Canadian publishers in the direction of bringing pressure to bear on the government for a modification of the new postal regulations as affecting, more especially, the magazines. It is claimed that it will cost Canadian readers of U. S. periodicals at least \$500,000 a year more for their favorite journals. This amount does not benefit this country, either, but is contributed in extra charges to Uncle Sam's postal department. There is a magazine agency in this city which has 10,000 subscribers all over Canada. Yesterday a prominent Baptist clergyman who was paying up his subscription for several periodicals was subjected to a most annoying experience. He reported fairly good. Collections are fair. Produce is generally coming forward well. Receipts of butter are heavy, receipts of eggs are very firm and hogs easier. The demand for provisions is brisk with prices firm.

LONGSHOREMEN BEATEN

President of Union Weeps in Breaking News to Men. NEW YORK, June 14.—There was a pathetic scene at the meeting of the longshoremen, whose strike for increased pay was declared off. Patrick Connor, leader of the strikers, broke down and wept when compelled to make the acknowledgment that the men were beaten. There was a moment's silence, and the hall rang with cheers for the leader, while many of the men who had faced privation in the effort to win their demands hurried to the platform, shook Connor by the hand, and assured him that he had made a good fight. More than 12,000 of the original 20,000 strikers who remained on the picket line, lasted nearly six weeks, and was a great financial loss to the steamship companies and to the workers. The loss of wages to the longshoremen has been close to a million dollars.

GIRL FATALLY BURNED

Bertha Cogswell Played With Fire—Mother Tried to Save Her. Despite the heroic effort of her mother to extinguish the flames, Bertha Cogswell, three years and six months old, was so burned at her home, 63 Niagara-street, yesterday morning, that she died at St. Michael's Hospital in the afternoon. The child was playing in the kitchen, when she thrust a broom into the stove. In withdrawing it her clothing took fire. Her screams attracted her mother, who strove to beat out the flames. She rolled her in a tablecloth and poured water over her, but too late to prevent fatal injuries. Back to Minnesota. J. Z. Barnard, state agent of Minnesota, and P. H. Whitney, head keeper of the St. Cloud state reformatory, left last night for North Bay on their way back with Peter Wooding, who broke his parole from that institution.

Excitement Among the Clergy as Result of Stand Taken by the Anglican Synod. OTTAWA, June 14.—(Special.)—There is more than a trifle of excitement among the clergy of the Anglican Synod of Ottawa over the refusal of that body to pass a resolution condemning corruption and immorality among our public men. It seems that the resolution, which was tabled by C. S. Smith of Cornwall and Dr. A. W. Westgate of Ottawa, was conveniently classed under such business as could only be discussed if the synod was unanimous that it be brought forward. It only required one dissenting voice to defeat the bringing forward of the resolution. Justice Burdidge was the dissentient. The clergy of the action taken by the Toronto synod upon the same matter, many of the local Anglican clergy express themselves as disconcerted and chagrined.

SCHOOL SUPPLIES.

Contracts Awarded Yesterday For Coal and Other Necessaries.

At the regular meeting of the property committee of the board of education yesterday afternoon the following tenders were let: For high schools, soft coal, \$4.88 per ton; hard wood, \$8 per cord; pine wood, \$7.75; P. Burns & Co. hard coal to the Central Anthracite Company as follows: Grade 1, \$5.88 per ton, and egg, stove and nut at \$5.46. The expressage was given to J. W. Gillard at 39 cents per hour, and the contract for garden hose to the Voices Hardware Co., and hardware sundries to J. Caslon. For the public schools the contracts allotted were: Soft coal, P. Burns & Co., at the same price; also hardwood at \$8.75. The Central Anthracite Co. will furnish the hard coal, and Copeland-Chatwin will supply 2000 order blanks.

Falls From Car.

Maggie Hunter, waitress, 157 West King-street, fell from a car at King and Dorset-streets. She was removed to Grace Hospital in an unconscious condition. She was injured about the head.

THE HOUSE THAT QUALITY BUILDS

Quality Shop For Your Summer Haberdashery

When you think it over there's a lot in the fact that we import direct for our own special trade every "stitch" of high-class haberdashery that we sell.

It's a guarantee for exclusiveness in style and color. And a warrant for the quality—a point we never fail on.

YORK COUNCIL TURN DOWN "GOOD ROADS" SCHEME

Members Visit Industrial Home—Eglington School Has Great Picnic—Notes.

By a vote of 16 to 10 the members of the York County council yesterday decided not to adopt the county system of "good roads" as outlined by the legislature. This decision was not arrived at without a great deal of controversy, and it developed the first snappy debate of the session. While the general sentiment of the council was strongly in favor of the principle of the act, it was regarded in some clauses as being unfair to the smaller towns and municipalities, in that they were required to contribute to the general fund, while the question of a rebate was left to the will of the county council. A motion by Councillors Poole and Hill that the bylaw should be submitted for the approval or rejection of the electors at the municipal elections was lost. Another one by Messrs Knowles and Irwin that the bylaw come before the council for the third reading at the November session was likewise lost. As a last resort the bylaw was submitted for instant approval with the result stated, 16 to 10. The vote was for the bylaw: Barker (York), Evans, Henry, Irwin, Nelson, Peterson, Pusey (Richmond Hill), Slater, Watson, Norman.

This finally disposes of the "good roads" matter for the present year. Warden Baker and Reeve Evans were appointed delegates to the Ontario Municipal Association. Weston was granted \$150 for a new lock-up.

The town of Markham was granted the sum of \$3000, the balance of a grant of \$6000, toward the new steel bridge over the Hammer at Scarlett's road, to cost \$7000.

A bylaw was passed permitting the county to borrow the sum of \$15,000 to defray current expenses.

The education committee presented their report. The county grants to high schools are: \$350 each to Newmarket, Weston, East Toronto, and Aurora; \$350.00 to Markham, and \$150 to Richmond Hill.

The report of the county commission recommended a new steel bridge over the Hammer at Scarlett's road, to cost \$7000. At 3.30 council adjourned and went to visit the Industrial Home at Newmarket, a special car being provided for the county fathers. At the home the party were received by Supt. Landry and Mr. Armstrong and escorted thru the buildings and over the farm. Everywhere the greatest cleanliness and order were perceptible, and general satisfaction was expressed. There are at present 70 inmates, 48 men and 22 women. Luncheon was served, and the members returned home, reaching the city shortly after 9 o'clock.

North Toronto.

NORTH TORONTO, June 14.—The weather for holding picnics to-day was ideal, and this grove at Stillbush's flat was filled to overflowing with the pupils of Eglington public school and their parents. Great credit is due for the successful success of this first picnic held in 15 years under the auspices of this school, to School Trustee James Legie, Principal Walter Hopkins and his staff of teachers. At 1 o'clock sharp this afternoon the classes fell in line and marched out onto Erskine-avenue, where several photos were taken, after which the march to the grounds commenced. The children carrying flags and the silk banner of the school taking the lead. Owing to the forethought of Counsellor H. J. Lawrence the tickets were saved from the long march, he having a rig in attendance carrying over 30 of them to the grounds. Thanks to the indefatigable energy of Mrs. J. Legie and her willing workers, the refreshments desired. All the races were keenly contested, and a night study over the western horizon before the grounds were cleaned. The prize-winners were: Girls, 14 and over—Daisy Taylor, E. Legie and M. Peers. Girls, 13—D. Wilshire, R. Houle, E. Black and E. Day. Girls, 12—H. Pugsley, E. Harrison and M. Carlino. Girls, 11—E. Courtney, L. Tomlinson, R. Williams and W. Dance. Girls, 10—A. Collett, G. Rhodes, G. Day, N. Cummer and F. Pearson. Girls, 9—H. Mull, M. Pritchard, A. Spittel and V. Mantou. Girls, 8—M. Wilshire, L. Houle, E. Waithe, N. Klink and W. Lawton. Girls, 7—A. Bryce, H. Leeder, H. Thompson and V. Fisher. Girls, 6—May Nichols, M. Carlino, H. Bullmer and A. Bankwitz. Girls, 5—A. Palmer, G. Beavan and M. Erdman. Boys, half mile—C. Gordon, H. Brown, O. Morgan and D. Jeffs. Boys, 15 and 14—S. Murphy, H. Brown and C. Gordon. Boys, 13—D. Bullmer, H. Matthews and L. Tomlinson. Boys, 12—W. Collett, J. Wilshire and W. Stockdale. Boys, 11—G. Klink, E. Barnes, R. Gaston and L. Kyles. Boys, 10—H. Jardine, E. Carter, P. Sturdy and W. Logie. Boys, 9—N. Klink, B. Williams and A. Bevington. Boys, 8—L. Kirk, J. Bond, J. Carter, and T. Ballton. Boys, 7—L. Williams, J. Kyles, E. Lamb and B. Palmer. Boys, 6—E. Peers, C. Wilshire, W. Robinson and E. Black. Boys, 5—N. Williams and F. Pearson. Girls' needle race—P. Letesche, D. Wilshire, B. Hopkins and D. Logie.

North Toronto. Girls' potato race—G. Rhodes, E. Day, P. Letesche and D. Wilshire. Girls' relay race—L. Letesche, E. Lawrence, H. Pugsley, A. Collett, G. Quilton and N. Klink. Ex-pupils, girls' race—W. Lawrence, Miss Courtney, Miss Gaston and Miss Spittel. Girls' consolation race—J. Gaston, K. Woodie, O. Cummer, E. Williams, E. Atkinson and M. Robinson. Boys' sack race—D. Douglas, R. Gaston, W. Collett, L. Tomlinson and H. Letesche. Boys' three-legged race—S. Murphy and H. Erdman, N. Jardine and A. Jones, H. Brown and C. Gordon. Boys' boat race—J. Bond, A. Bevington, E. Atkinson, S. Courtney, H. Warrington and E. Williams. Boys' relay race—C. Gordon, E. Matshieva, A. Jones, G. Klink, N. Klink and E. Peers. Ex-pupils, boy race—R. Tomlinson and P. Drake. Boys' consolation race—S. Bird, G. Wilshire, W. Black, D. Bird, F. Lamb, R. Letesche. Invalids' race—L. Letesche, R. Williams, L. Lawrence and E. Hopkins. Besides the above prizes, each pupil received a box of candies. On Tuesday morning the Rev. H. E. Wellwood, B. A., B. D., son of the pastor, will preach in the Eglington Methodist Church and the Rev. J. W. Stewart, a former pastor of the church, will preach in the evening. An open session of the Eglington Methodist Sunday school will be held on Sunday afternoon and brief addresses will be given by the Rev. H. E. Wellwood and P. Drake. Eglington Lodge, No. 112, A. O. U. W., will have a church parade to St. Clement's on Sunday morning. The Rev. Mr. Ashcroft, rector of St. John's Church, York Mills, will conduct the services. Cucumber cream, which hasel cream, almond cream, in fact all the leading kinds of cream food at Twiddy's drug store, Yonge-street and Eglington-avenue.

Miss Cowling, teacher of the junior fourth class and senior third class of the Eglington public school, was yesterday presented with a ring by her pupils.

East Toronto. EAST TORONTO, June 15.—The East Toronto football team will play the Crescents in the "eye field" on Saturday afternoon, at 3.30. The Little York football team play the Thistles the first game in the final series in the Senior City League tomorrow afternoon. Arrangements were last night completed by the Balmly Beach Canoe Club for entering a crew in the "Shea Shield." There was a good turnout. East Toronto Tennis Club play the Kew Beach team tomorrow afternoon, at 2 o'clock. East Toronto play the St. Joseph's, and at 4 the Balmly Beach team meet the Evangelists. Driving or walking along the Kingston-road times is rendered intolerable by reason of the clouds of dust, due more especially to the great number of automobiles. The speed is terrific, and the local magistrates promise to make it interesting to any drivers brought before them for exceeding the speed limit.

Toronto Junction. TORONTO JUNCTION, June 14.—Three youths between the ages of 5 and 7 appeared before Magistrate Ellis this morning charged with breaking a seal on some C.P.R. cars that are stored on a track between Elizabeth and James-streets, and were allowed to go on suspended sentence. C.P.R. Detective Robinson told the magistrate that in four days 50 cars had been broken open, and \$10 worth of goods had been stolen. In the education contest held in St. James' Hall last night under the auspices of the Royal Templars of Temperance, Miss Mary Able won the medal from six other contestants. There was a large attendance. The judges were Messrs. Wilson, Bullmer and Evans. Miss Able's selection was "The Saverdine."

The Myrtle-avenue Presbyterian Mission held an entertainment in Elizabeth-street school house to-night. The cantata, "Old Mother Hubbard," was rendered by thirty-five boys and girls, and eight adults. There was a large and appreciative audience.

The first home game of Senior Shamrock Intermediate Lacrosse will be played on the new athletic grounds against Orangeville to-morrow afternoon. The grounds are in better shape than they were last Saturday, as the sodding between the goals has been completed. A special meeting of the public school board will be held to-morrow night when tenders will be received for the installation of a new set of flush closets in Arnette-street school. The board decided some time ago to do away with the Smead-Dowd system. Mrs. W. J. Brown's New Ice Cream Parlors are now open at Brown's Hotel, 630 Weston-road, Junction. Ice cream in bricks and bulk. Garden and social parties supplied. Branch office, Toronto World, Toronto Junction.

YORK MILLS. YORK MILLS, June 14.—The Rev. Richard Ashcroft will preach to the A. O. U. W. in St. Clement's Church at 11 o'clock next Sunday, and the Rev. T. W. Powell, rector of St. Clement's Church, Eglington, at the same hour will occupy the pulpit of St. John's Church. St. John's Church annual festival, which has been held almost every year for the past half century, will take place this year at Whitton's grove next Saturday, the 22nd inst. The Broadview Cadet brass band will be in attendance.

AURORA. AURORA, June 14.—The Liberals of North York have arranged for a picnic in the town park, Aurora, on Friday, June 21. The program is arranged as follows: 11 a.m., assemble at the park; from 11 to 12 m., band concert; from 12 to 1, refreshments; 1 to 2 p.m., games and sports and at 4 o'clock, addresses by Hon. A. B. Bayesworth, Hon. Rudolph Lemieux, Hon. G. F. Graham, Fred Underhill, Liberal candidate in North York; E. G. Inwood and others. The Newmarket military band will furnish music for the occasion.

MIMICO. MIMICO, June 14.—The last moment a game has been satisfactorily arranged between the Senior Stars and a team from the north end. It is proposed to hold a field day in the interest of the lacrosse club on July 1, and at a meeting, held at

Well-dressed men cannot find any Summer Suits neater or better fitting than ours. We have been very particular about the selection of cloths and the workmanship has our own guarantee. They are in the long-rell, three-button sack style so popular now. We make especial mention of our wide range of greys, plain, and in herringbone and shadow plaid patterns, which we are selling for

\$12.00

FANCY VESTS Every variety of pattern shown by the best makers is here to choose from: in linen, pique and Marcell cloths. \$1.50 to \$5.00

FLANNEL TROUSERS White and grey, all sizes, specially designed to afford easy movement with graceful fit. \$3.00 and \$4.00

STRAW HATS

We have an unusually large selection of Straw Hats this season. All the brads, chips and Panamas. We have the finest line of English Sensit Straws we ever saw. In fact, all our Straw Hats are very smart in style and of extra good quality. We represent such makers as Knox, Peel, Christy and Glyn.

\$1.50 to \$6.00

SOFT FELT HATS Take notice that there are some very seductive shapes in summer felt hats this season. It is worth while buying where you know that the goods are all this year's styles. In grey, and tan shades and plain black. \$2.00 to \$8.00

FURNISHINGS Saturday is a day for men to fill up the gaps in their wardrobes. Gloves, Ties, Handkerchiefs, Socks, Underwear, Shirts, Collars; in fact, everything that belongs to the Furnishing Department. We have many exclusive things, and prices are no higher than in any other store.

MANY ORANGE LODGES

Have cut out liquor. As a consequence these lodges are rising in intelligence and power. Today a society, a man or a woman loses respect and influence by using liquor and by treating. Orangemen are determined to be a power for good, and they have done the right thing by cutting out liquor. York Township should cut it out. Let Local Option as it—it will cut out the bar.

LOCAL OPTION.
