States She Was Told Papers Belonged to Mrs. Small—Intention Was to Send the Bonds to Attorney-General on Christmas Day, But Her Brother's Arrest Upset the Plan—Judge Declines Request of Counsel to Take Case From Jury—Trial Is Likely to End Today.

The sensation caused by the trial of John Doughty for the theft of \$105,000 worth of bonds from Ambrose Small will be reduced to almost a negative quantity by this afternoon.

Immediately on the crown completing its case yesterday afternoon Mr. Hellmuth made an eloquent appeal to the judge to take the case away from the jury as there was no evidence, he declared, which could convict.

Mr. Hellmuth further contended that there was not a single bit of evidence to show that Doughty knew a circular had been issued offering a reward for his arrest until one was presented to him by Detective Mitchell. It must not be assumed, Mr. Hellmuth declared, that Doughty knew when Small would return to Toronto and to Small alone he had testified in returning the bonds.

Every circumstance contended Mr. Hellmuth, proves there was no evidence of theft, according to the code. "Not a coupon had been cashed, a dollar lost." It was a case where a man had removed a horse from one pasture to another to await the owner's return.

Judge Denton in dismissing the application, said there was evidence upon which the jury could find a verdict of some nature and he declined to consent to withdraw the case from their consideration.

The lovers of the sensational and the seekers of the exciting are plenty of each kind to please them in yesterday's proceedings. The excitement started early when a crown witness testified that he had seen Mr. Hellmuth at certain phrases in a statement he had made to Detective Sergeant Mitchell had never been used by him. Later in the day the police officer declared that Reeve had made the statements. Mr. Hellmuth said that he left it to the two of them to fight it out as to which one was telling the truth.

WARNS QUEBEC CATHOLIC LABOR

Racial and Religious Strife Possible Outcome of Movement, Says Robertson.

REQUEST LEGISLATION

Deputation Visiting Minister of Labor Is Told Union May Cause Friction.

Ottawa, March 23.—(Can. Press)—That racial and religious strife are the possible outcome of the growth of the Quebec Catholic labor movement, was the warning conveyed by Hon. G. D. Robertson, minister of labor, to a deputation representing these organizations, which met him today.

The deputation came to submit its program of legislation, which it drafted at a convention held by the Catholic unions at Chicoutimi, Que., and the item which provoked the minister's warning was a request that the Catholic unions be given representation in the building trades conference to be held in Ottawa on May 3 next.

"Last year I pleaded with your organization," declared the minister to Abbe Fortin, who headed the labor men, "to proceed very carefully along the lines you have been following, for if it once gets in the hands of the people that your province for a man to get along in his work he must accept a certain religious guidance, it will not be conducive to the improvement of relations between your province and other parts of the Dominion."

Abbe Fortin charged the department with recognizing only the international trade unions, despite the fact that the Catholic federated unions in Quebec numbered between 40,000 and 50,000 members.

He further contended that the labor section of the peace treaty made such provision.

Robertson's Reply. Senator Robertson pointed out that the agreement of all nations subscribing to the peace treaty was that each country should recognize associations of employers and associations of labor which would give each class the greatest representation in Canada these organizations were respectively the Canadian Manufacturers' Association and the Dominion Trades and Labor Congress.

Laborists Protest. Ernest Lapointe, member for Quebec West, who introduced the deputation, protested against the decision of the minister.

The requests of the deputation, in brief, were: Federal aid to the shipbuilding industry; seizure of all undeveloped lands by the government.

No Ship Industry Aid. The minister did not see any likelihood of further federal aid to the shipbuilding industry. In this regard, he declared that some 24 per cent of Britain's manilla marine was made in Quebec.

He then promised to submit the request for amendments to the housing act, which he observed had been borrowed at five per cent, was borrowed by the government at five and one-half per cent.

TRIALS NEXT MAY OF WAR CRIMINALS

Cases Brought by the British Government to Be Taken Up First.

Berlin, March 23.—The trials of "war criminals" before the supreme court at Leipzig are expected to commence at the beginning of May. According to the newspapers, the cases brought by the British government will be taken up first, witnesses coming to Germany from England to testify.

The first case will be against a non-commissioned Landsturmer officer named Heine for ill-treating prisoners in the Ruhr region, where British and French troops were interned.

The second case will be against Naval Lieutenant Neuman for sinking the hospital ship Dover Castle, while the third case will be against Lieut. Werner, charged with sinking the steamer Torrington and drowning the crew, except the captain, by submerging while they were on the deck of the submarine. Lieutenant Commander Patzig will be charged with sinking the hospital ship Llandoverly Castle. Charges will also be brought against Captain Mueller for criminal neglect in a prison camp.

The British and French are also bringing charges against the former commandant of M.E.T., General von Oven.

THOUGHTS GROW BY USE OF WORDS

Language Expands and Develops Minds as It Conveys Ideas.

The use of language is not limited to the mere communication of ideas. An equally important function is that of the instrumentality of thought. It is not merely its vehicle, but its means of expansion—hardly any of our intellectual operations could be carried on without the agency of words. Language is, then, not only the offspring of thought—but its spouse as well. In every process of reasoning words are an essential element. By their means we fashion and embody our ideas.

A dictionary is therefore, a necessity more than ever before. It should be at one's elbow, whether at home, in the office, school, shop or study. For these reasons we have taken great pleasure in placing a good dictionary, such as the New Universities Dictionary, within reach of every one of our readers. Our coupon, published daily, gives the terms.

be no demand for the prior surrender of arms as a condition of such negotiations. The surrender of arms would only be required as a prior condition of a truce or an armistice.

Laboring for Peace. Mr. Lloyd George declared he was laboring to keep the door open to peace and conciliation open to the Irishman ought to assist. Some of the speakers in the English House of Commons, he said, had tried, but failed, to solve the Irish problem. He and his colleagues felt no shame that up to the present time they had failed.

He feared that the real reason which prevented negotiations was that there was no Irish leader possessing moral courage to face his people and tell them he was going to abandon certain demands for the sake of Ireland, which was impossible for the British government to concede.

SELECT MEMBERS FOR GRAIN INQUIRY

H. W. Wood, Head of Alberta Farmers, One Nominee, Says He Cannot Act.

Ottawa, March 23.—(By Canadian Press)—While nothing officially has been announced by the government on the appointment of a grain inquiry board, the Canadian Press learned on good authority today that the three members who will compose the board are: H. W. Wood, president of the United Farmers of Alberta, and J. J. MacNeil, chairman of the National Farmers' Union, Winnipeg, and a third member, whose name has not yet been announced.

Mr. Wood, president of the United Farmers of Alberta, said today that he cannot accept the nomination, but he is in favor of the inquiry board. He said that he is a member of the board, but he is unable to act because of his other commitments.

CANADA NEEDS TO SAVE COAL

(Continued From Page 1).

portance of improving transportation facilities to get Alberta coal to the east. It would compete with the Pennsylvania product if brought to Ontario. From the Maritime Provinces, D. D. McKenna (North Cape Breton) declared that the supply of coal in Nova Scotia was extremely large and that some means should be found for bringing it up to Ontario.

Debate on Dr. Steele's resolution was eventually adjourned, the prime minister supporting appointment of the parliamentary committee proposed.

Freight Costs Vital. The prime minister, after referring to the great coal resources in the west and the success which attended the experiments on transporting, said the great question was that of freight. He believed that while water power would go a long way to help solve the fuel problem, yet would never entirely solve the fuel problem of the eastern provinces. As he had said, he was delighted with the success of the briquetting scheme, but the cost of transportation had next to be dealt with.

Turning to the resolution, the premier said such a committee could do no harm and would undoubtedly do a lot of good if it brought the attention of the house to the real factors of this one of Canada's most important problems. As there were several others to speak on the resolution, however, he thought it better to give them an opportunity to do so.

Ontario's Peat Fields. H. C. Hocken (West Toronto), in supporting the resolution, declared that the question of the development of the Ontario peat fields was of vast importance. He strongly favored the establishment of central heating plants in municipalities to distribute heat to private and public buildings. This method, he claimed, would save millions of dollars and render a more efficient service.

W. F. Maclean (South York) suggested that Canada could well power to the United States and take more coal in return.

J. C. Douglas (Cape Breton) moved adjournment at 6:12.

KINGSTON DECIDES ON MOTORIZATION

Calgary, Alta., March 23.—A distinct duty reposes on those who are chief stockholders in this country, to support the militia, as it is their interest to have the honor which is protected by the maintenance of such a force," declared Major-Gen. Sir Henry Burstall, inspector-general of Canadian forces, at a luncheon given in his honor here today. Major-Gen. Burstall appeared to entertain the fear that Bolshevism was seeking an opportunity to rear its head in Canada.

PARIS WELCOMES HER 'TIGER' BACK

Clemenceau Roughly Dressed and Looking Picture of Health.

Paris, March 23.—Former Premier Clemenceau was given a warm welcome on his return to Paris today from his tiger-hunting trip in India. It was a small but very enthusiastic group of French patriots, many of whom were women, and several of whom presented him with bouquets and kissed the "Tiger" heartily.

Mr. Clemenceau, who was wearing a canvas shoes, a tweed suit and his characteristic battered hat. As he stepped lightly from the Nice train, she declared that she was strongly attracted on his face, which had been bronzed by his outdoor life. The former premier looked the picture of health.

An attempt by several friends to assist M. Clemenceau to alight from the train brought forth a protest from the old chief, who laughingly said: "Don't you let me be the youngest man in this crowd."

At this rally the crowd laughed and cheered. The only comment M. Clemenceau had to make to the newsmen was that he was very glad to be at home again.

FRENCH PREMIER EXPECTS NEW GERMAN PROPOSALS

Paris, March 23.—Premier Briand today informed the senate committee on finances and foreign affairs that he expected new German propositions regarding reparations, particularly concerning industrial participation in the devastated regions.

The payment of 200,000,000 gold marks before May 1, and more immediately the payment of 1,000,000,000 francs, M. Briand declared that if the Germans did not pay, the treaty of Versailles would be annulled, and two of the treaty covered such failure to pay.

FLOOD IS ABATING AT PARRY SOUND

Water Depth Fallen Two Feet—Dams Higher Up River Are Holding.

TOWN IS HOPEFUL

Damage May Be Less Than at First Was Reported

Parry Sound, Ont., March 23.—Fifty-five hours after the breaking of the wing dam of the electric power house, the mighty flood of water continues to pour thru the break and over the top of the main dam, but the roadway on Cascade street is washing away in front of the two-story house overhanging the flood, the house still stands, held in place by the centre supporting wall, while the angry waters rage and foam against it, they madly plunge down to the lower waters of the river. The flood, however, has begun to subside and the water has fallen nearly two feet since the break occurred, a fall of four inches in its level during the night and of an inch from seven this morning to about eleven o'clock.

Opinion of Gen. Mitchell. Speaking to The World yesterday, Brig-General Mitchell, of Mitchell & Mitchell, the engineers of the Parry Sound power plant, believed that the dam would hold, although nothing could be done in the way of reconstruction until the flood went down. The dam was built of concrete and earth, and was ordinarily strong enough to resist spring floods, said the general, but in this instance, the water rose so high that the side of the dam, weakening the support. About 24 inches of rain fell on Saturday, March 19, an amount equal to the usual rainfall for a whole month. To-day the dam is showing signs of strain, extra pressure was put on the dam by the Manitowishgan dam going out.

Dams Holding. Your correspondent visited Mill Lake, a mile up the river from the power dam, and found the lake fully two feet higher than the dam, which holds Parry Sound's power. Water was pouring over the more than a quarter of a mile of the dam to a depth of two feet and the dam was holding without a leak.

Information from up the river is to the effect that all the dams on the river are holding and the government dam at Manitowish Lake, over which, at least two feet of water are pouring, is intact. The town is quieting down under the disaster and the hope is that the damage will not be as great as was at first feared. Leave as it will be there is less desire to make a scapegoat of anybody, but await the official inquiry before censuring anybody.

DOMINION ASSISTS TORONTO WORKLESS

Four police court interpreters were yesterday afternoon suspended by the board of police commissioners until after the judicial investigation into certain charges which have been made against these officials. Those affected by the board's order are Mr. and Mrs. Alec. Markowitz, Mrs. Bagnato and Joseph Schenoff.

Following the meeting Judge Morrison and the commissioners, stated that the members of the board wished it known that they were in no way concerned in the judicial inquiry into the affairs of the police court or the condition of its present officers, as they have no jurisdiction in the matter, neither have they intimated to the board any intention that they would incur the fullest investigation, nor have they concurred in the board of control's recommendation for a board of control's station into the police court methods.

In the case of Mrs. Bagnato, Judge Morrison stated that she had been suspended from her position as interpreter at the police court by the board of police commissioners. He said that J. Walter Curry, M.L.A., had made certain charges against Mrs. Bagnato, but he had declined to appear before the board to press these charges.

Since that time Judge Morrison stated further copies of material had been received by the board, which would require into and deal with. He explained that the appointment of interpreters rested with the crown attorney.

The board accepted the resignation of Acting Detective George Crowe, P.C. Menick (53) and Probationary Constables Spears and Warburton.

Patrol Sergeant Roney was granted a merit mark for effecting the capture of John J. O'Hara who was sentenced to four years in Kingston penitentiary. Two months' leave of absence was granted to Staff Inspector Gregory to visit the grave of his son, who was killed in France; Patrol Sergeant Francis, to go west, and P.C. Roney (49) to visit his parents in England.

Permission was granted to the Police War Veterans' Association to hold an annual meeting on April 23 in Oddfellows' Hall. P.C. Mitchell (118) and P.C. Lans (153) were dismissed for neglecting their years' service and the latter thirteen years.

The board approved of the plan to provide a cup to be competed for annually by the Toronto Police Bowling Association, and also provide a championship cup to be competed for at the annual games.

The board refused to reinstate Constable Williams, who, before going overseas, was a pianist.

CARDINAL GIBBONS IS AT DEATH'S DOOR

Condition Is Such That the End Is Expected at Any Time.

Baltimore, Md., March 23.—The condition of Cardinal Gibbons is such that his death is expected at any time. Early in the night his physicians believed that he would not have strength to live till morning, but later in the night his pulse became stronger, and members of his household expressed the belief that he might last for several days.

Throughout the day the cardinal's condition was precarious. He lapsed into unconsciousness several times, but in the evening he regained consciousness and the end had come. A constant watch was kept at the aged prelate's bedside by the physicians and every effort was made to ward off the hour of his death.

In all the catholic churches of the city prayers were offered for his recovery or happy death.

Anxious inquiries were made at the archbishop's residence, and of the newspapers for news concerning the cardinal throughout the day. Several times rumors circulated that he had died early in the afternoon.

The extreme illness of the cardinal, who, until last Sunday, was believed to be slowly regaining his health, cast an additional gloom over holy week, but in event of his death the holy week services will continue uninterrupted, it was stated by the cathedral authorities. The Tenebrae service held tonight at the cathedral was the first in many years at which Cardinal Gibbons did not preside and sing the Benedictus.

Easter services will be celebrated elaborately in all the Catholic churches as usual, it was said, the difference being the lack of a pontifical mass at the cathedral.

SEEKING REPRIEVE FOR NIK SIGLESKI

Ottawa, March 23.—In an attempt to save the life of Nik Sigleski, who was found guilty of the murder of Mike Kurdirsky and William Kuswan, in the Hull criminal assizes today, his counsel will ask for a reprieve in order to secure a new trial for him. It is expected that Judge McDougall will sentence the prisoner tomorrow.

CITY RECEIVES SHOCK WHEN MONEY RETURNED

The city got quite a shock yesterday when a letter was received at the city hall containing the information that part of a grant which had been made two or three years ago to the veterans' reunion council was being returned. After meeting necessary expenses the council found itself with \$2500 over and this sum has been divided between the city and the province in proportion to the donations, namely: \$1557 to the province, and \$943 to the city.

SAY INEQUALITY IN TEACHERS' SALARIES

Board of Management Investigates Claim of Dissatisfied Employees.

That there were 400 Toronto teachers who were not in the proper salary scale, was the claim advanced at yesterday afternoon's meeting of the board of management of the board of education by representatives of 18 teachers' organizations. Discussion as to the best means of remedying the inequalities was adjourned at 5:45 p.m. until a week Wednesday will be continued thereafter every alternative Wednesday until full information on the subject is in the hands of the board, when some action will be decided upon.

Miss H. Anbutnut, representing the Women Teachers' Federation, was of the opinion that the salaries received by the teachers should be the same as those received by the men teachers, and her contention was ably supported by other representatives of her sex who were present.

Principal W. D. Hanna, president of the Principals' Association, took exception to this, expressing the view that this would be unfair, as many of the men teachers had families to support and were, therefore, entitled to higher salaries. He was espoused in his claim by representatives of the male teachers.

It was brought out by the discussion that there were one-half to two-thirds of high school and technical school teachers in the proper salary scale, 10 manual training teachers, 20 to 25 assistant masters, 60 principals, and many inequities among public school principals.

SUGGEST DIVISION OF BIG FOUR FUND

Suggestions were formulated at Saturday's round-table conference of four ex-service men's organizations respecting the apportionment of the \$25,000 fund collected some time ago for club houses by the "Big Four." These suggestions will be submitted in due course to Justice Logie to effect a solution if possible of the problem of apportioning the amount collected. The matter is sub-judice, and the round-table conference was merely a friendly suggestion.

SAYS CLOSED SHOP MENACE TO STATE

James Emery of Washington Declares Institution Is "Rank Monopoly."

"Labor will have to agree to the abolition of the closed shop before any real progress can be made. The closed shop is one of the most rank monopolies of restraint of trade that has yet been introduced into the world, and is contrary to all laws of democracy and liberty, and is nothing but a blight upon our social and industrial system."

These were a few of the statements made to the World last night by James A. Emery of Washington, who arrived in the city last night. He will address tonight at the cathedral on "The Open Shop—Why is it? Why Should it Prevail?" Mr. Emery is rated one of the foremost authorities on economic and social matters of the day.

A labor union should not be able by the use of coercion to tie up great industries, the tying up of which makes the whole public suffer. The closed shop enables them to do this and also prohibits and strangles individual merit. The closed shop is a menace to the state," he said.

"Don't get the idea that I am opposed to the labor union idea, for I think it is the best thing we could have. The unions have done much to stop a lot of injustices and they have also brought realization to the worker of his position in regard to society. I have also brought emphasis in declaring that a labor union should be subordinate to the general good of the country, the same as any other organization. When an organization does something which hurts the state, then it is time to call a halt. The question is not whether we should have labor unions or not, but what kind of unions we shall have."

KIWANIS MEMBERS JOHN HYGIENE CLUB

Over One Thousand Register and Large Sum Received in Subscriptions.

The total results given at the Kiwanis dinner, held last night, with regard to the Five Thousand Club for mental hygiene, showed that 188 members had been secured by the Kiwanis Club and \$4,932 in subscriptions. In announcing the results, John O'Connor, the chairman of the campaign committee, felt that the club which had been furthered by the Kiwanis club would owe its success to the extent the public discussed it, and other speakers believed that Kiwanis in Toronto had started something which would be taken up by other Kiwanis clubs in Canada, with far-reaching results.

The International Kiwanis convention was fully discussed during the meeting. Geo. Ross, international trustee, suggested the program by which Americans would ever remember the "Canadian Hour." If a thousand Canadians went to Cleveland next week, they would be able to increase American respect for Canada, and they could still be gained at such a convention and dinner. A table was reserved at the luncheon for those members who had pledged themselves to do so.

Norman Tovell, president of the Rotary Club, also spoke, and in addition to both Rotary and Kiwanis had one thing in view, "That was the unity of the Anglo-American people."

Short addresses were also given by Roger Hayes, chairman of the convention, and F. Treleven, president of the Hamilton Kiwanis Club; Frank Hoag, president of the Kingston club; Mr. Willard, Galt; Mr. Lincoln, Kitchener; Leo Richter, Buffalo, and others.

Entertainment was furnished by Jules Brazil and the O'Connor sisters, which was greatly appreciated, and the distribution of the attendance prizes.

BAKER REFUSED TO WORK; IS NOW HELD AS VAGRANT

When a baker will not bake, but prefers to live at the expense of a generous city, the police have a remedy, which John Scanran, aged 21, 102 Spadina avenue, found to his dismay yesterday afternoon. Scanran was locked up in Court street police station last night on a charge of vagrancy.

Scanran, who is a baker by trade, has been out of employment for some time and receiving his three square meals a day thru the medium of city meal tickets. Yesterday morning the government employment bureau found a position for the man in a local bread baking establishment. For some reason the position did not appeal to Scanran and he returned at noon to the bureau, handed in his employment ticket, stating that he did not want the job but wanted a further supply of meal tickets. His request was politely refused.

The man became abusive, it is said, and declares that he would "go for a certain officer who was incompetent to the point that he would refuse a poor man food. The official stood for the abuse as long as his patience would stand, but he was not to be tampered with. He was escorted to the Tait (113), who escorted the baker to the police station, where he was locked up."

BABY'S BODY FOUND; INQUEST TO BE HELD

No Information Laid as Yet Against Viola Hicks, Chambermaid.

The body of a new-born male child was found shortly after noon yesterday in a room occupied by Viola Hicks, chambermaid, at the Hotel Hamilton. The body was found in a chambermaid's room, and was taken to the coroner's inquest at the order of the chief coroner. An inquest is to be held.

Miss Hicks, who is 26 years of age, and is said to be the mother of the child, was questioned at length by Inspector Greer of the morality department, after which she was taken to St. Michael's Hospital. At the hospital last night, The World was informed that the young woman's condition is not regarded as serious.

Miss Hicks is said to have admitted that she gave birth to the child on Friday last without medical attendance. She continued on with her work on Saturday and the following day.

Inspector Greer stated to The World last night that no information as yet had been laid against Miss Hicks.

HAMILTON

Hamilton, March 23.—Every effort to prevent the passing of the bill of W. A. Crockett, M.L.A., of South Wentworth, which would make it compulsory for municipalities with sewage systems and waterworks to supply outlying districts, will be made by the board of control. The members at a meeting this afternoon thought the bill unwise and decided to petition other cities to fight against it.

Hamilton, March 23.—That the new gas franchise is too big an undertaking to be rushed thru at the present session of the legislature, was the announcement of Controller C. I. Atchison tonight, and he said he would oppose any attempt to rush thru the agreement. Controller Atchison mentioned here after the importance of drafting the franchise, and said it was a matter which should have careful consideration, and not be hurried along.

Hamilton, March 23.—Mrs. Harriet Dewey, widow of George Carmichael, who was born in Hamilton 72 years ago and who died after her husband died tonight at the family residence, 266 North Hughson street. Deceased was one of Hamilton's oldest citizens, and was well known and highly esteemed.

Hamilton, March 23.—After an exciting chase down the beach tonight, Chief Taplin arrested Joseph Watson of Buffalo on a charge of attempting to break into the home of F. W. Mills on the sands strip.

SUGGEST LOANS TO HELP THE VETERANS

Last night's Dominion executive session of the G.A.A.U. held at 19 East Grand street, formulated a plan to be presented in union if possible with the G.A.A.U. relative to re-establishment before the parliament committee at Ottawa. Among suggestions which will be discussed with G.W. McNeill, secretary-general of the G.W.A., as a basis for argument before this committee will be one to inaugurate a system of loans to those in distress. Such loans if made would form an extension of the system of land settlement loans already in force. Under the new scheme, if adopted, all ex-service men unemployed and in distress in any case would after they had been properly investigated, be granted loans up to, say, \$5,000, payable within 20 years. Such a scheme, it was pointed out, would open up industry and initiative in Canada. Above all else it would serve to partially solve the problem of gratifying the claims of the veterans by substituting in their stead well regulated loans to properly qualified and thoroughly deserving men and families.

FAIR RENTS BILL HITS HOUSING CO.

City Will Have to Assume Bonds if the Proposed Measure Is Enacted.

At the meeting of property owners this week the following announcement was made by the officer in charge of the finances of the Toronto Housing Company, whose bonds are guaranteed by the city:

"If the proposed bill becomes law and is put into operation in Toronto, the sum of \$25,000 will have to be returned to present tenants to cover difference in rent from October 8 last, and the company has no funds to meet this claim.

"Furthermore, if rents are reduced to rates prevailing in January, 1919, plus ten per cent, as the bill provides, the company will not be able to carry on and the city will have to assume the burden of the bonds, under their guarantee; in other words, the city will have to take over the various properties of the Toronto Housing Company, in addition to the initial setback of \$25,000."

FEARS THOUSANDS WILL LOSE VOTES

(Continued From Page 1.) Then the Clause D, Rule 14, Schedule A, Section 32, on which Col. Biggar bases his opinion, does not, even reading it with the recent amendment, apply at all, because there has been no registration in fact.

The proposed contention would prevent a man putting in the name of his wife or daughter, unless each one appears in person, and, in addition, no one would be held enough to qualify for the vote.

Knobs N.P. President. I have been more or less asking party voters' list privileges for many years, and never knew the rule of personal appearance until the recent amendment.

The voters' list of 1919, taken as the basis of revision, did not require personal appearance, and the narrow view proposed would be unjust discrimination between the two classes of voters, and would be a hardship on those who would be required to appear personally.

The Rule 12, Sec. 32, Schedule A, of the act, says: "Every revision officer... save as otherwise provided, may prescribe or confirm such procedure as to notice, voting, and the manner of voting, as is fair and reasonable according to the circumstances, and in case any matter is in dispute respecting the revising officer shall refer the matter to the revising officer for a decision, and his decision shall be final, subject to appeal to a judge of a court of record in any action pending in his court."

And, again, in Rule 14, Clause 1, it is said: "In all proceedings under this act, the revising officers shall have with reference to the matters in this act contained all the powers which belong to a judge exercised by a judge of a court of record in any action pending in his court."

"I have no objection to the proposed amendment, which would give to all young bachelors, returned soldiers, a most capable group of young men, and I am advised each of them to accept such evidence as satisfies him fairly and honestly that a name is entitled to be placed on the voters' list. I see no reason to change that advice.

Ex-officio Revising Officer, Toronto and York. Proxy Will Not Do. Col. Biggar says in his statement that it follows, as a consequence of his ruling, that no application can be made by proxy, or by a relative or the proxy is a relative or employer.

It is required that a voter in an urban district must be present at the polls at the time he applies to be placed on the list, but in a rural district it is sufficient if a voter has attained that age by polling day.

WILL OPPOSE ATTEMPTS AT WAGE REDUCTION

A delegation from the Hamilton Building Trades Council, comprising Messrs. E. Dickerson, J. Farrell, and B. Dwyer, held a conference with the executive of the Toronto Building Trades Council yesterday afternoon. It was understood that the workers of the Amalgamated City will strongly oppose any attempt made at wage reduction.

OVERCOME BY GAS.

Sitting up on the floor of his room at 809 West Queen street in a semi-conscious condition, with the attached tube of the gas heater clutched in his hand and gas escaping from the open pipe, John Rutko was found yesterday afternoon by P. J. Jeeves of Claremont street police station. The man was removed to the Western Hospital, where his condition is not regarded as serious. Rutko is believed to have gone to his room intoxicated, and in trying to get up to the bathroom, he had the floor, clutched at the tube, detaching it and allowing the gas to escape from the open pipe.

NEW ATTRACTIONS AT LOCAL THEATRES

"Passing Show" at the Royal —"Wynn Carnival" for the Princess.

Coming to the Princess Theatre next week, B. C. Whitney will present "The Wynn Carnival," a musical revue in two acts and twelve scenes, with Ed. Wynn, "the perfect fool," as the star. The large company includes, besides the formidable Wynn, Lillian Fitzgerald, Lillian Wagner, Muriel Harrison, Charles Bannet, Harry Cowley, Reginald Moore, the Mayakos Trio of Japanese, Ray Miller's Black and White Melody Boys, Ted Brown, and the Wynn ensemble of gipsy girls. An augmented orchestra will be under the direction of Wynn's musical director, Jimmie Cooper's Revue at Star.

There is a big burlesque treat in store for lovers of entertainment of the laugh variety at the Star Theatre next week, when Jimmie Cooper's Revue will dispense fast, snappy burlesque, Vaudeville, Too, at Pantages.

White Charles Chaplin in "The Kid" will be shown at the Fantasia simultaneously with the Regent and Strand, the latter also being a full vaudeville bill of six acts, headed by "Little Nip," "Chimpanzee with almost human intelligence. The program will further include Cooper and his orchestra, offering "Aw, Gimme the Ring"; Aleki, Panthea and Frasco, Greek singing; Gayford and Herron, Lullaby; and Kate and Wiley, Special performance Monday.

"Bostenians" at the Gayety. An unusually amusing pot is unfolded in "From Hux to Shanghai," which will be produced at the Gayety Theatre all next week by "The Bostenians." The principals and the characters they will portray are: Frank Finney, chief comedian, who, in the Irish comedy character of Sweeney, becomes engaged in the secret service efforts to stamp out the opium traffic; Jack Witta, who, as Leo Hop Toy, a Chinese mandarin, is involved in the plotting; Jack Richards, the juvenile, who helps carry the threads of a love counter-plot; Nettie Nelson, who, as a woman, is involved in the opium mystery; Tina Glenn, who has a mystery of her own to unravel; Helen Du Ross, to whom has been sent from China the plate on which is engraved the secret formula for making opium; Tina Glenn, who adds to the love interest; Andy Francis and John Ross.

Charles Chaplin in "The Kid." Charles Chaplin, the world's greatest comedian, in his greatest picture, entitled "The Kid," will be presented simultaneously during all of Easter week at three Toronto theatres, Fantasia, the Regent and the Strand. Mr. Chaplin's form pictures have been two reels in length. The "Kid" is six reels and three times as funny. Mr. Chaplin has dared to insist a formidable rival to himself in the person of a young girl, who is played by Jackie Cooper, the adorable small boy, aged five, who gives the picture its title. The "Kid" is a real one, and a picture of a wide-awake kiddie, and handsome as a cherub, the youngster is easily the greatest actor of his age, weight and class on the screen. His scenes with the more experienced Mr. Chaplin are all gems of the comic and pictorial stage. In "The Kid," Mr. Chaplin has produced his greatest work in his blending of broad humor and brief strokes of sentiment, that make the fun more pronounced, and the comedy more poignant.

comedians, who has struck a new note in comedy. Easter Monday Matinee at the Grand. The artistic manner in which the English Players are presenting the old English plays at the Grand Opera House is attracting the attention of all theatre-goers, and their appreciation of this talented organization is shown in the liberal patronage. For the third week of the engagement, and opening with a special matinee on Easter Monday, there will be presented for the first time here, another of Walter Edwards' famous English dramas, "Her Love Against the World," a delightful story of mother love and a woman's sacrifice. It will be given a stage setting, specially constructed for the company, and will be up to the standard already established by the popular combination. Besides the Easter Monday matinee, afternoon performances will be given on Wednesday and Saturday.

"Visions of 1871" at Sheela's. Julia Verne was supposed to have an unusual imagination when he wrote a certain little romance, but his imaginative powers were no greater than those of Jack Lat, the author of "Visions of 1871," which will be presented by Percy Bronson and Winnie Baldwin at Sheela's during next week, Easter week. Irving and Jack Kaufman have made several million records for phonograph companies. Now they are singing in vaudeville and conducting a little comedy side line. Dainty Marie, the Venus of the Air, offers fine art poses while clinging to a ribbon hung from the ceiling. The Leightons are a merry duo, who have a brilliant line of comedy talk and songs. Harry Lester Mason gives the latest interpretation of "The Waiter." Boyce Combe appears in "Tales and Tunes." The "Kid" W. Horlick was principal male dancer with Pavlova in America and is now in a dancing act of his own with the Hippodrome.

Pearl White at Hippodrome. A famous star in a famous story is to grace the program at the Hippodrome during next week. Pearl White in "The Mountain Woman" plays the role of a girl whose beauty fired men's hearts and set women's tongues wagging. The story is from the story by Charles Neville. Buck, entitled "A Fagan of the Hills," a novel of primitive people and turbulent passions. The screen version is a picture of enthralling interest, telling as it does, the story of a beautiful girl who lived in a wild country and was given a man's training by a father who was disappointed that she had not been a boy. Seymour's Happy Family present the latest in novelty canine acts, while Hanley and Howard speed along with a comedy, singing and talking line. Kafka and Stanley, as equilibrist, are kings of the air and the program is rounded out by the Hippodrome News Revue.

Hear Gluck and Zimballat. The raptures of delight, hearing Alma Gluck and Efrim Zimballat, distinguished husband, in joint recital, are well remembered by all who have heard them. Thus, it is that Wednesday, March 26th, has already been set aside by hundreds of music lovers, for then, they appear in Massey Hall. The seats are now on sale.

T.M.A. Show at Royal. The 8th annual performance of the Theatrical Mutual Association will be held Friday afternoon, April 1. In all proceedings under this act, the revising officers shall have with reference to the matters in this act contained all the powers which belong to a judge exercised by a judge of a court of record in any action pending in his court."

"The Beggars Opera." Quaint, charming, melodious, "The Beggars Opera," which a few weeks ago created such favorable comment when presented at the Royal Alexandra Theatre, will be the attraction at the same playhouse for the week of April 4. The original company, intact as seen here before, will be presented.

"The Passing Show of 1919." The Messrs. Lee and J. J. Shubert will present the New York Winter Garden's eighth annual revue, "The Passing Show of 1919," at the Royal Alexandra next week, with a company of 150 entertainers, including 100 bewitching beauties. There are two acts and eighteen scenes in "The Passing Show," and twenty-two musical numbers. Jean Schwartz wrote the music and Harold Atteridge the dialogue and lyrics. Watson Barrett designed the scenes for the "Passing Show." Prominent in the cast which comes to this city, exactly as it was seen in New York, Chicago, Boston and Philadelphia, are James Barton, the Avon Comedy Four, Kyrle, Lon Hasall, Frankie Ford, four Healey Sisters, Hazel Cox, Rath Brothers, Jack Leslie, Harry Turpin, Al Martin, Eddie Miller, Marie Hartwell, Peggy Merriman and Tilla Barton. As has been the custom with all "Passing Shows," the present one includes travesties on the most important New York hits, including "Lightnin'," "The Jest," "The Koods of Destiny," "East is West," and "Tumble Inn." There is a satirical scene on the liquor traffic. In the finale of the first act is shown King Solomon's court in all its oriental glory, a scene rivaling in beauty and gorgeousness the "Mecca" setting in the new "Passing Show" now at the Winter Garden in New York City. Seats are now on sale.

DID NOT ESCAPE FROM TORONTO JAIL

Governor Basher of Toronto jail pointed out an error in yesterday's dispatch from London, Ont., which reported the escape from a Toronto prison of Fred Brown on Saturday. He states there has been no escape from Toronto jail, but that the escape occurred at the jail farm.

RUSSIAN DELEGATES DISLIKED IN ROME

Head Verbally Attacked by French Engineer in Their Hotel.

Rome, March 23.—Feeling against the Russian commercial delegation at present in this city is running high, at the hotel where members of the party are staying. At dinner last night, a French engineer, for many years a resident of Russia, asked M. Vorovsky, head of the delegation, in a loud voice how the Russians got the treasures found by the customs authorities in their baggage when they arrived. These treasures have been turned over to the director of customs.

M. Vorovsky did not answer, and the Frenchman continued by saying the Bolsheviks had demanded that his sister surrender her gold wrist watch. He declared that when she refused to obey they had beaten her unconscious and then taken the watch. "This is only a mild example," he added.

Still reminding M. Vorovsky beckoned a doctor charged with his protection, who merely noted his complaint, and then bowed to the Frenchman, who, as a paring shot, said:

"The Russian delegate still imagines himself in Russia, but, fortunately, we are in Italy."

Demand They Leave.

Virtually all the guests at the hotel have signed a demand that the Russians must leave, or that the guests will not be answerable for any unpleasant consequences. Answering questions concerning the baggage of the Russian delegation in the chamber of deputies yesterday Signor Bentoni, under-secretary of finance, said the foreign office had granted free passage for the Russians, but declared that this did not include exemption from customs examinations. He said the Russians refused to submit their baggage for inspection, alleging the boxes contained only personal effects and some of the articles were rugs may not be imported under the law, the under-secretary said that their presence necessitated an examination, which disclosed the presence of other prohibited articles. He announced that the Russians had been fined more than 20,000 lire for importing contraband.

CIVIL SERVICE BONUS REDUCED ONE-FOURTH

Ottawa, March 23.—(By Canadian Press)—Premier Meighen announced that the government had decided, in view of increased salaries resulting from reclassification and reductions in the cost of living, to reduce the civil service bonus for the coming fiscal year 25 per cent. Mr. Meighen explained that the bonus had been given to meet the abnormal increase in living costs. Last year it aggregated \$12,500,000, bringing the total appropriation for the civil service up to \$60,000,000.

DISPUTE PATERNITY OF TWO CHILDREN

Affidavits Filed in Divorce Case of Millionaire Bank President.

White Plains, N.Y., March 23.—Paternity of two children, Guy Stillman, aged 28 months, and Jay Leeds, three months older, is questioned in affidavits filed with Supreme Court Justice Morchauer here today after preliminary arguments by counsel in the divorce suit brought by James A. Stillman, president of the National City Bank, against his wife, the former "Fifi" Potter.

Delaney Nicholl, counsel for the bank president, arguing on the defendant's motion for \$10,000 a month alimony and counsel fees of \$75,000, openly charged that Mrs. Stillman had taken "as her lover an Indian" by whom she had an infant son. The child in question is Guy Stillman. A general denial to this charge was made by the society woman's counsel, who filed affidavits denying all of Mr. Stillman's allegations.

Setting up an "affirmative answer" to the banker's suit, counsel for the wife filed additional affidavits, which were not made public, bringing into the case the name of a "Mrs. Florence H. Leeds," a former chorus girl, and that of her child, Jay, alleged to have been born out of wedlock and whose father is said to be the bank president.

Guy Stillman, whose paternity is questioned by the bank president, was born November 13, 1918. Fred Beaulvais, an Indian guide, formerly employed at the Stillman summer camp at Three Rivers, Que., is mentioned by the banker as the child's father. Mrs. Stillman and Mrs. Leeds are reported to have separated in March, 1920, and the divorce action was started the following July.

WILL DISCUSS CITY'S FINANCIAL SITUATION

The board of control will have a conference with the heads of the various city departments at eleven o'clock this morning on the question of the city's financial situation and the necessity of keeping the estimates down to a certain level.

The board will go over all the estimates next Tuesday and make any revisions they deem necessary before sending them on to council.

INDUSTRIAL LABOR REFUSED PASSAGES

Under-Secretary for Colonies Says Discretion in Emigration Being Exercised.

London, March 23.—Questioned in the house of commons last evening regarding the free passages to the dominions issued by the Overseas Settlement Committee, Col. L. S. Amery, colonial under-secretary, reiterated that no free passages were granted without the approval of the representatives of the dominions. The government was aware, the under-secretary admitted, that unemployment existed on a considerable scale in the dominions, and as a result of the attitude of the dominions representatives, large classes of industrial workers had been refused passages.

Some industrial workers had gone to the dominions for their own expense, and found themselves in difficulties, but the machinery set up by the government had done its part in discouraging the workers from going to the dominions for the reason of unemployment. Col. Amery said.

Asked concerning the rights to maintenance of the deserted wives of colonial soldiers, the under-secretary replied that further legislation on the matter awaited the passing of reciprocal legislation by the dominions.

TRIED FOR A YEAR TO DELIVER COAL

Troubles of Schooner Bound for Argentina Ended by Sinking.

Boston, Mass., March 23.—The troubles of the five-masted schooner Governor Brooks, which for nearly a year has been trying to deliver at Buenos Aires a cargo of coal shipped at Norfolk, are at an end. The vessel has been abandoned by her crew off the Brazilian coast, messages received here today said.

Sailing from Norfolk on May 7, 1920, the Governor Brooks encountered severe storms off the equator on July 25 and was forced to put into Rio de Janeiro for repairs. While at that port she was in collision with another vessel. Her cargo, unloaded to facilitate the repairs, was again stowed in her bunkers and on Feb. 8 she once more put to sea, hopeful of making Buenos Aires.

However, serious leaks developed and her crew was forced to abandon her near Castilo, Brazil. They reached shore safely.

The Governor Brooks was built at Bath, Maine, in 1907.

EX-KAISER ABUSING DUTCH HOSPITALITY

Book Shows He Has Not Retired Definitely From Political Life.

London, March 23.—Public opinion in Holland has been greatly stirred by the publication of former Emperor William's book, which is regarded as proving that he is abusing Dutch hospitality by dealing with political questions, says an Exchange Telegraph despatch from Amsterdam today.

The newspapers point out that the ex-kaiser's self-defence was written in Amsterdam after he had given a pledge to the government at the Hague not to interfere in political questions.

The book also, it is contended, shows that the former German ruler has not yet retired definitely from political life, his presence in Holland thus constituting "a serious menace."

Also the government does not intend to invite the ex-emperor to leave the country, it is stated that the cabinet will make representations to him at Doorn and draw his attention to the obligations arising from his enjoyment of the Dutch right of asylum.

SOCIALISM NOW GREATEST PERIL

Lloyd George Says It Seeks to Root Out Whole System of Society.

London, March 23.—A bitter attack on Socialism was made by the prime minister in a speech at a luncheon today of the new members of the coalition group. The participants in the luncheon party were styled "The military dangers which united the parties have disappeared," said Mr. Lloyd George, "but greater, more insidious, more permanent dangers still confront us. The great peril is this rise to power of a new party with new purposes of the most subversive character."

"It calls itself 'labor.' It is really Socialism. It is tearing the parties to pieces. Those who are inclined to agree with Mr. Asquith and Lord Balfour that the Labor party is a bogey should read the Socialist and Labor press for a week. Socialism is fighting to destroy everything that the great prophets and leaders of both parties—Unionist and Liberal—have labored for generations to uphold. Parliamentary institutions are as much menaced as private interests, and the rule of the majority is to be substituted for them. Those still inclined to regard the Labor party as a bogey should look at the by-elections of 1920 and 1921. The addition of four per cent. would put the Socialists in the majority, and there is a margin of 15 to 20 per cent. who do not vote.

"Suppose that by the working up of grievances the coalition was defeated and the Socialists won a majority. They would not seek to remove these grievances, but would endeavor to root out the whole system of society."

The prime minister asked those who realized the danger to close their ranks. They must take all possible steps he said, to instruct the electors who must at no distant date decide the issue.

PROTEST DELAYING WORK ON VIADUCT

Unfortunate Time to Defer Building, Says Toronto Board of Trade

DANGER TO PUBLIC

Mayor Suggests Civic Representation at Hearing of Railway's Request

Mayor Church announced at the board of control yesterday that the viaduct question would be before the railway board on the 31st, and he suggested that a representative of the board be sent. Notice was read that the railroads were asking, not only for a postponement of the viaduct order, but an order providing for the opening of the new Union Station.

The Toronto board of trade has also registered a protest against delaying the construction of the viaduct, the following communication having been sent to the board of railway commissioners: 1. The present of an unfortunate time at which to postpone the doing of any useful work. It is to be ultimately done at all, and, in view of the present unemployment, work of this character, largely involving unskilled labor, ought to be pressed on instead of postponed.

2. The board of trade desires to draw the attention of the commission to the continuous danger incurred by the public in using the crossing at the foot of Yonge and Bay streets, where the traffic is constantly increasing, and on this account also delay is a serious matter.

3. The board of trade cannot overlook the fact that the Toronto harbor commissioners and the city of Toronto and the Dominion government itself have been expending sums of money in connection with harbor improvements here, predicated upon the construction of a viaduct, and if the viaduct is not to be built, immediately a large part of this money has been lost and wasted.

4. The board of trade submits that every argument that was originally used in seeking viaduct orders and agreements is still more pressing and immediately applicable today, and that the need of a viaduct is more urgent than ever. It is felt that there should be no postponement of the work sanctioned by the board of railway commissioners.

HONOR BRAVE GIRL WHO SAVES LIVES

Louie Coulson of Brockville Had Rescued Four Children From Drowning

Brockville, Ont., March 23.—For bravery in rescuing four children from drowning in the St. Lawrence of the waterworks dock on July 25, 1920, Louie Coulson, a girl pupil of Victoria School in her 13th year, was this afternoon presented at the school with the bronze medal of the Royal Canadian Humane Society. The youthful heroine was bathing near the shore, when the four children, Donald Dexter, aged 10; Harvey Fox, aged 7; John Fox, aged 9; and Kenneth Fox, aged 9, jumped from a punt which had sprung a leak, 75 to 100 feet out in stream. The girl rescued all four, two at a time. The presentation was made by Rev. L. E. Davis, rector of St. Paul's Church, the Sunday school of which all the principals belong.

SIX NATIONS INDIANS APPEAL TO KING GEORGE

Buffalo, N.Y., March 23.—The council of Six Nations Indians, which has been in session here for two days, decided today to appeal to King George against the proposed enfranchisement of Indians in Canada.

The Indians desire to retain their tribal form of government and are said to be considering a general exodus to the United States.

The message sent to the King reads: "Canadian six nation Indians respectfully appeal to your majesty to veto or withhold operation Indian enfranchisement act against them in consideration of our case from Dominion officials to enter the path of such your majesty direct."

LIFE WAS BURDEN TO HIM, HE SAYS

Gains Fourteen Pounds and Is Restored to Perfect Health by Taking Tanlac

"I am now enjoying splendid health for the first time in years and I owe it all to Tanlac," declared Edwin J. Cleve, 164 Market St., Hamilton, Ont. "Tanlac has built me up fourteen pounds in weight," said Mr. Cleve, "and has relieved me of a combination of troubles that made my life a burden. Nine years ago my stomach went back on me completely. After meals I had a distressed feeling of fullness, intense pains in the pit of my stomach, and an awful feeling of suffocation.

"I never dared eat an apple, and there were lots of other things I could not eat without suffering agonies afterwards. I suffered from constipation and headaches and my nervousness and misery often kept me awake all night long. I took enough medicine to have set up a little drugstore of my own, but nothing reached my case until I got Tanlac.

"But Tanlac acted different from any other medicine I ever saw. By the time I had finished the second bottle I could eat solid food without any after distress, and now I can eat just anything I please and never feel a touch of indigestion. I am as good a man physically as I ever was in my life, and never have an ache or a pain of any kind. Tanlac is simply a world beater."

Tanlac is sold in Toronto by Establin Drug Stores, and by an established agency in every town.

LIBRARY EXPENSES SHOW BIG INCREASE

Costs Seventeen Cents to Issue Book or Magazine—Circulation Drops

The expenses of the public libraries have been mounting rapidly in the last couple of years, while the circulation of books has been decreasing, especially in the last year.

The City Auditor Scott has just completed an audit of the accounts of the public library and reports as follows: "The amount received from the city for maintenance has risen from \$178,833 in 1913 to \$247,000 in 1920, an increase of \$138,167.

"The amount expended on general salaries has risen from \$48,766.54 in 1913 to \$151,153.20 in 1920. The general salaries in 1920 exceeded those of 1913 by \$47,607.76.

"The number of books and pamphlets in the possession of the library has risen from 212,061 in 1912 to 391,954 in 1920.

"In 1913 salaries absorbed 39 per cent of the library rates, and in 1920 they absorbed 61 per cent.

"The circulation of books and magazines has increased from 885,568 in 1913 to 1,233,301 in 1920. The 1920 circulation shows a decided drop from the circulation of the years 1916, 1917 and 1918. In 1917 the circulation was 1,708,880 and in 1918 it was 1,755,079.

"Comparing the circulation with the expense, the auditor shows that the cost of issuing a book or magazine from the library is now 17 cents, altho up to the end of 1919 it was only about half that amount. The rise in the cost of maintenance and the drop in the circulation has radically changed the situation.

RELIEF REQUESTS SHOWING DECLINE

Temporary Jobs Only Work Available Just Now—New Registrations

Relief figures issued yesterday show that 17,740 persons are now receiving civic relief, compared with 18,451 a week ago and 20,105 a month ago.

The relief is spread among 3,105 families, estimated at 15,525 persons, and about 2,000 single men.

Yesterday's relief applicants at the Krausman Hostel numbered 2,042. There were many out-of-town seekers for meal tickets, too, but they were all turned away.

At the government employment bureau 116 new applicants registered for jobs. The repeats were 803, making a total registration for the day of 919.

The only jobs available yesterday were of a very temporary nature, consisting of a few hours' work at repairs or moving furniture. Spring cleaning seems to be about the only work offering at the present time.

FUNERAL SERVICE FOR PRINCIPAL DYER

A funeral service for the late Principal Dyer, M.A., D.D., D.Sc., of Albert College, Belleville, was held at the residence of his daughter, Mrs. Dr. Dawson, Lauder avenue, yesterday afternoon.

The service was conducted by Rev. T. W. Neal, president of Toronto Methodist conference, who was a former student under Dr. Dyer. Prior to his death, Dr. Dyer made the request that Rev. Mr. Neal conduct the funeral service. Burial will take place in Belleville this afternoon, when a public service will be held.

FORD TAKES TRIAL TRIP IN NEW GASOLINE COACH

Adrian, Mich., March 23.—In a gasoline-propelled passenger coach recently perfected, Henry Ford and a party of business associates are making a tour of inspection over the main line of the Detroit, Toledo and Ironton Railroad, which he recently acquired. Altho no definite statement has been made, appearance of the gasoline-driven coach, revived reports that Mr. Ford plans to equip the road with this type of rolling stock.

The new coach has a carrying capacity of the average street car.

CHARGES PROVINCE GRABS CITY TAXES

Takes Revenue From Permits and Still Want Police Protection Produced

MAYOR INDIGNANT

York Township Council Asks City to Bear Cost of New Street

Mayor Church appeared before the board of control yesterday with a list of bills which he said were all assigned to grant Toronto taxes and usurp powers that properly belonged to the municipalities. In one bill, said the mayor, the province was taking over control of pool and billiard rooms along with the revenue from permits. They still wanted the city to police these places.

"Both Controller Maguire and Hiltz thought the bill to impose a two-mill tax on real estate transfers was a very pernicious piece of legislation. After taking the farmers' government fore and aft for a quarter of an hour Controller Nesbitt said: 'Well, you wanted a change, and you've got it. The people have their choice.'

Notice was received from the Toronto & York Radial Railway that the company would be willing to accept \$31,000 in full settlement of claims totalling \$142,000 in connection with North Toronto grade separation and other matters, and a conference will be held. Con. Maguire said that any claims of that nature would come to the city in the clean-up deal.

Still Wants Park

Thomas Jones of Earlscourt, who is almost as familiar a figure around the city hall as the gargoyle on the tower, was on hand again with a denunciation consisting of what he termed "a bunch of lies," to ask for the establishment of a park on the hill in Wychwood, at a cost of about \$30,000 an acre.

Mayor Church said council could put up an excellent park on the park lands. In any case he said the matter had been referred to the parks committee.

The Railway Association asked that daylight saving time be made effective from May 1 to comply with their new summer schedule, but the board decided not to change the date locally from May 15.

On motion of Controller Nesbitt, the board accepted the highest tender for the work of tearing down the Grosvenor Street Presbyterian Church which has been purchased by the city in connection with the extension of Graydon street. Controllers Maguire and Gibbons wanted the work done by day labor to help the unemployed, but the others thought that this was a work that should be done by experts.

On motion of Controller Maguire, the board decided to close the city hall on Easter Monday, a regular bank holiday.

Thru Cemetery

J. H. Spence, councilor for York township, appeared before the board and announced that the township was planning to put two streets thru Prospect Cemetery, east and west, one of them within a few feet of the city limits. He thought the city should bear the cost of this one, as it would be used mostly by city people and by city children going to a city school located in the township.

Solicitor Johnston said it was a question whether the city could vote money for such a purpose, and the board promised to give the matter consideration and advise the township authorities.

BARNS GRAND DAUGHTERS FROM GOING ON STAGE

Provision is Also Made in Toronto to Will That They Must Not Wed Catholics

Dr. Nelson Washington bequeathed the residuary income from his \$47,761 estate after the death of his wife to his four grand daughters, Dorothy Rowland, 346 59th street, Brooklyn; Margery Rowland, Margaret and Ruth Blaisdell, 35 St. Edmund's drive, Toronto, provided that they do not marry Roman Catholics and that they do not become actresses, and appear on the theatrical stage.

His estate included 13 mortgages, valued at \$30,397; \$2,364 cash and Nos. 73 and 80 McCaul street, 090. Dr. Washington died on February 15, 1921, having made a will on August 8, 1914, which was probated the same day and a third in September, 1920. He bequeathed the income from his estate to his widow, Mrs. Harriet Elizabeth Washington, except \$50 a month to his daughter, Mrs. Florence Blaisdell, who is to receive \$100 a month on the death of her mother. His grand daughters inherit as stated above and a brother, Alvin Washington, Orangeville, will not have to pay the interest on a \$900 mortgage.

John Groat, nephew, Oshawa, receives a legacy of \$200 in trust for his children, and six nieces and a nephew in Orangeville receive \$200 apiece upon the death of his widow.

ONE OF ORIGINALS DIES IN TORONTO

Signaller William Laird, a hero of Mons and an 'Original' died at his home, 25 Macdonell street, yesterday. He had been suffering for three months with an abscess on the

lung, and had been in the General Hospital. Deceased was born in Scotland, and came to Toronto 15 years ago, when he was 18 years old.

On August 26, 1914, Laird joined the 48th Highlanders, and went overseas with the first contingent on August 29, 1914. He served thru Mons and was badly gassed during his 19 months in the trenches. In September, 1916, he was discharged as unfit and came back to Canada. For two years afterwards Laird was unable to do any work by virtue of his disability. He was a laborer by trade and a Presbyterian in religion. He was a member of the Original Club and a former member of the G.W.V.A., under whose auspices he will be buried tomorrow. Surviving him are his mother, Mrs. Janet Laird, four sisters and one brother, who also served in the war.

JAPAN TO FORTIFY THE BONIN ISLANDS

Tokio, March 23.—General Fukuda, assistant chief of the Japanese general staff, has called for the Bonin Islands, a Japanese group about 500 miles southwest of the main Japanese chain, for the purpose of studying conditions on the islands preparatory to the carrying out of the enlarged fortification project there, it is reported by today's newspapers. The general called on the cruiser Chihaya.

ITALY AND SLOVAKIA SIGN TRADE TREATY

Rome, March 23.—The commercial treaty between Italy and Czechoslovakia, which has been under negotiation for more than a month past, was signed at the foreign ministry here today. This, it was declared, was the first actual treaty of commerce to be concluded in Europe since the war.

The convention is advantageous to Italy, since it opens the road for the transportation of coal from Upper Silesia thru Bohemia, while Czechoslovakia is favored by traffic privileges thru the port of Trieste to the Levant and Mediterranean districts generally.

OXFORD CHANCES IMPROVE FOR NEXT WEEK'S BOAT RACE

London, March 23.—(By Can. Associated Press)—The bad luck which dogged the Oxford crew in the early days of its training for the annual boat races with Cambridge seems now to have deserted it, and to have shifted to the light blues.

On Monday it covered the full race course from Putney to Mortlake, and a quarter miles, in the good time of 20 minutes 9 seconds. Yesterday it did a section of the course in record time.

Last week Cambridge was without the services of its regular No. 7, Hon. J. W. H. Freeman, who has returned to the boat, but his ability to keep up training and to race is a matter of some doubt.

The final game of the morning should bring together the fast St. Peter's team, champions of the Western City League, and the Toronto Hockey League, winners of the Western City League.

ROWING DATES CLASH

The clashing of dates between the American and Canadian A.O. is in a fair way to be settled amicably. The American selected July 29 to 30, no matter what the fact that the Canadian Henley has always been Friday and Saturday before Toronto Civic Holiday—this year Monday, Aug. 1—which would make the St. Catharines event July 29 and 30, the same as the one that was awarded for the National at Buffalo.

CURRY PROMISES TO PRODUCE BOOKS

Had But Few Applications for Appeals in O.T.A. Cases.

STREET RAILWAY FARES

Conservative Member Has Bill Proposing Amendments to Act.

Attorney-General Raney was again the storm center at yesterday's sitting of the legislature. J. A. Pinard, the Liberal member for East Ottawa, had inquired as to the number of applications made for the remission of fines under the O.T.A., in which J. W. Curry (Southeast Toronto) had acted personally and professionally. He was told that the information was not available, because no such records were kept. This might have satisfied the inquirer, but then Mr. Raney proceeded to read a letter from Chairman J. D. Flavell to this effect and also stating that as far as he could remember Mr. Raney had had fewer cases before the license board than any other Toronto lawyer.

Liberal Leader Dewar and Mr. Pinard both held that the attorney-general had not given a satisfactory answer and further, he had no right to embody in his answer a letter from an official, introducing extraneous matter. The speaker, however, ruled the attorney-general in order and the stage was all set for another verbal bout, which, however, was finally averted when the attorney-general agreed, in spite of the great amount of work it would involve, to furnish the information in the form of a return, for which Mr. Pinard moved.

Mr. Curry interjected that if it would help matters he would send his own personal docket, showing all O.T.A. cases he had ever engaged in. Street Railway Fares. Charles McCrea (Sudbury) introduced a bill doing away with the maximum fare clause in the Ontario railway act. By the bill, the Ontario railway act is to be amended so that: "Notwithstanding anything to the contrary contained in any agreement with a municipal corporation or other person, or in any special act, the fare to be taken by a company on a railway operated by electricity shall first be approved by the Ontario board, and no fare shall be charged upon such railways which has not been so approved."

Section 231, providing for a maximum fare, is to be repealed. "Notwithstanding anything to the contrary contained in any agreement with a municipal corporation or other person, or in any special act, the company and the council of any municipality in which a railway is constructed may, by agreement with the approval of the board vary the terms under which the said railway is operated without a vote of the electors, provided, however, that no such variation shall have the effect of extending the term of the franchise beyond the limit previously agreed upon."

Section 256, which deals with the condition when the railway board takes possession of a railway, is amended by adding: "Providing always that unless within sixty days from the taking of possession by the board, the company and the council of the municipality make such agreement as is in the opinion of the board will provide an ample and efficient service, and enable the company to obtain sufficient revenue to keep the railway in a reasonably safe condition, and to meet the working expenses and such return on the capital actually invested, as the said board shall deem fair and reasonable, and the board shall, upon application by either the company or the council of the municipality, make such order as it deems just and reasonable, and such order shall be binding upon the company and the municipality, subject to the right of either party to apply for a revision thereof at the expiration of any fifty days thereafter, upon giving one month's notice."

NAME JUDGE DENTON TO CONDUCT INQUIRY

Special Meeting of Council to Act on Resolution of Controllors.

A special meeting of the city council will be held at noon today to act on the recommendation of the board of control that the Singer charges be investigated. The recommendation as adopted by the board of control unanimously yesterday was that a petition be presented to the lieutenant-governor-in-council praying that under the authority of the public enquiries act His Honor Judge Denton should be employed as a commissioner to investigate the charges relating to the matter of the Singer charges before the board of control yesterday. Mayor Church said that the police commission would act at once.

Not Police Officials. The mayor said he was quite willing for the aidemur to order all the investigations they liked. He wanted it understood that the interpreters who were involved were not officials under the police commission. None of the police officers were concerned in the matter. Controller Gibbons said an independent and full investigation should be held, and Controller Ellis suggested a special meeting of council to pass the order for the inquiry. The meeting will be held at noon today. A report was read from Corporation Council Geary giving the opinion that under the authority of the public enquiries act a commissioner would have a former official of the police court. At the same sitting council will ratify the agreement between the city and the government and the university regarding the site of the reception hospital on university property off Surrey place near the General Hospital. The university is giving the site with the understanding that the clinic privileges will be accorded them. The city provides the \$100,000 necessary to erect the building, and the provincial government will maintain it. The building will accommodate 80 patients and an early start will be made on construction.

SISTER OF DOUGHTY TELLS OF RECEIVING

(Continued From Page 1). A great witness, but Jean Doughty was greater. She was clear in her enunciation, but still far clearer in her brain power. She escaped from the tight corners of examination with the skill of a lawyer and Colonel Greer had great difficulty in pinning her down to anything she did not want to say. Miss Doughty was in an awkward position—she was anxious to tell all the truth and at the same time do her best for her brother. She accomplished both purposes admirably. She had her mentally under great control. At times she would close her eyes in answering a question; at other times she would appeal with tears in her eyes to the judge for direction as to how to answer a question; at other times she would appeal with tears in her eyes to the judge for direction as to how to answer a question; at other times she would appeal with tears in her eyes to the judge for direction as to how to answer a question.

SPRINGS TWO SURPRISES

Miss Doughty sprang two surprises of her own upon the court. She declared that her sister, Mrs. Labett, wanted to return the bonds to Mr. Ambrose Small, but that the latter lady absolutely refused to have anything to do with her sister. She referred them to the police.

DID SMALL GOOD TURN

The first witness on the stand yesterday was Ernest Reeve, who supplies chocolates to the theatres. He said he had done Small a good turn in the fall of 1919 by informing him that the Peterboro theatre was to be bought over and suggested a plan. Doughty told him that he had to collect some of the bonds and suggested to witness that they should get together and get something out of them.

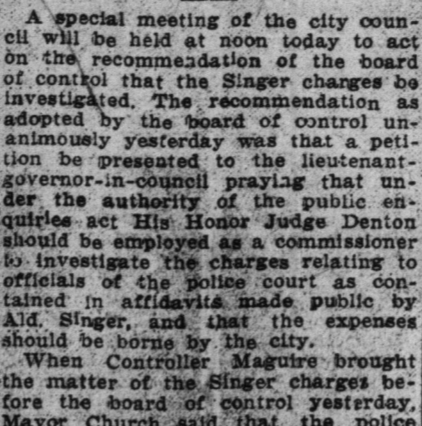

IN CROSS-EXAMINATION

In cross-examination by Mr. Hellmuth the witness was informed that Small bought the Peterboro theatre in the spring of 1919, and he confessed that he was mistaken in his dates. He further stated that he only made his statement to the police fifteen days ago and he did not know how they came to find him out. On being taken through the signed statement which he said was written by Detective-Sergeant Mitchell, witness emphatically denied that he had ever made any such statements.

When Colonel Greer asked witness if the contents of the papers were disclosed at the family table, Miss Doughty quietly retorted: "Did I not tell you before that I had not to tell anyone about the parcel?"
