BOBBY KERR THE STAR OF OLYMPIC MEETING TODAY

Canadian Athlete Won His Heat in 200 Metres Race Defeating American Crack in Fast Time.

London, July 21.—There are only two finals on today's programme of field and track events in the Olympic games of the stadium, the running high jump and the 200 metre flat race. While both of these events will create some interest, there are some heats to be run off, the results of which are more eagerly awaited, notably the semi-finals in the 100 metre dash and the 400 metre hurdles. The morning, which is somewhat clearer than previous days saw commencement of the running high jump and the heats of the first round of the 200 metre flat race. As there are fifteen heats in the latter event there was little time for anything else but they managed to get to the third of the high jump.

London, July 21.—Kerr, of Canada, who was more feared by the United States sprinters than any other foreign competitor, carried off his heat in the 200-metre flat race today, defeating W. W. May, University of Illinois, one of the best men in the American team. It was a good race, May pushing Kerr right up to the tape.

George, of the United Kingdom, won the first heat of the 200 metre dash, beating Henney, of Holland, the only other competitor, time 23.25 seconds. Huff, United States, won the second heat from Duffy, South Africa, time 24.5 seconds. Rouche, United Kingdom, won the 3d heat from Robertson, American, time 24.5 seconds. Cartmell, American, won the fourth heat in 23 seconds.

The fifth heat went to Malait, France, who defeated R. C. Duncan, United Kingdom, time 22.95 seconds. Charles A. Laflamme, Sweden, won the sixth heat in 23.45 seconds. Radoczy, Hungary, had a walkover in the seventh heat.

Goughen, American, captured the eighth heat easily from Barozzi, Italy. The ninth heat was won by Hurdfield, United Kingdom, time 23.35 seconds. Hamilton, United States, won the tenth heat, defeating Sebert, Canada, time 23.25 seconds.

Kerr, Canada, won the eleventh heat, beating May, United States, by two and one half yards. Time 23.15 seconds. The twelfth heat was won by D. R. Sherman, United States, who beat Morton, former champion of the United Kingdom, time 22.45 seconds. Reed, United Kingdom, won the thirteenth heat, time 22.15 seconds. Gutormsen, Norway, won the fourteenth heat, there being no other entry.

The fifteenth heat was won by Hawkins, United Kingdom, time 22.45 seconds. In the first round of the catch as can wrestling, middle weight to 161 pounds, Craig and Nargens, United States, drew byes. In the second round Beck, United Kingdom, threw Nargens and Hansen, Sweden, beat Craig on points after the two men had struggled on the mat for the full fifteen minutes, without either securing a throw.

In the first section of the running high jump, Monson, Norway, and Leader, United Kingdom, each cleared the bar at 5 feet, 10.78 inches. Gidday, United States, was third with 5 feet 10.24 inches. In the second section of the running

MORE WITNESSES TELL OF UNSOLICITED PRESENTS OF CENTRAL RAILWAY STOCK

R. A. Irving and Ernest Hutchinson Tell Railway Commission of Holding Shares of Stock for Which They Never Paid—Mr. Hutchinson Resigned From Old Company Because He Did Not Believe in Their Methods.

The inquiry into the affairs of the Central Railway by the royal commission appointed by the government was resumed in the Admiralty Court Chambers in the Pugsley building this morning. The witnesses examined were R. A. Irving, of Buteouche; Ernest Hutchinson, of Douglastown; E. B. LeRoy and E. M. Shodahl. The evidence had mainly to do with the organization of the New Brunswick Coal & Railway Company and the issues of bonds and their disposal.

The inquiry opened at 10.15 o'clock. There were present the commissioners, Judge Landry, A. J. Teed and Fulton Mc Dougall, H. A. Powell, A. P. Barnhill, F. B. Carvell, M. P., M. G. Teed, and others. Mr. Carvell announced that he appeared for the N. B. Coal & Ry. Co. The first witness was R. A. Irving, barrister, of Buteouche. He had been a stockholder in the N. B. Coal & Ry. Co. at the solicitation of Hon. James Barnes. He did not remember of a meeting being held previous to organization.

He was one of the original members of the company by act of legislature and attended the meeting of the company at Fredericton in summer of 1901, after the close of the legislature. He could not remember if any members of the government were present. Mr. Carvell objected to the form of some of Mr. Powell's questions and a little clash occurred between the two. Witness said he remembered Geo. Allen and Mr. Winslow were present. Adjournment was made to St. John and he thought Mr. Hutchinson, Mr. Bruce, A. P. Barnhill and possibly Messrs. Pugsley and Skinner were present. He did not think Mr. Tweedie was present.

He was elected a director of the company and was also secretary. He could not remember whether he attended any other meetings. He had no part in the negotiations for the Central Railway. He did not know anything about the terms. He could not remember the date when the company was organized. He could not recall if he had subscribed to any stock in the company. Asked by Mr. Powell if a subscription list such as he read of from a book was received by him, he said he had an indefinite recollection. The par value of the stock was, he thought, \$100 a share. He did not know any other details of the subscription. He could not recall if he had subscribed to the \$100 worth of Mr. Powell referred to. He did not pay for his share.

Mr. Hutchinson was president of the company. E. Byron Winslow was treasurer and Geo. W. Allen, secretary. He did not remember of a large distribution of stock. He had received 10 shares for nothing. He did not know if he had done anything to deserve such a gift. He did not know of any large block of stock being given to Mr. Skinner. He did nothing as a director in attending to the business of the company and had simply dropped out.

Among those who took an active part in the affairs of the company were Mr. Pugsley, Mr. Barnhill and other directors. He knew of no trust deed being given to the Royal Trust Co. During the past five years he did not think he had received any notices to attend meetings. He knew of a contract being entered into with James Barnes, but knew nothing of the terms. He knew nothing of the government bonds being sold. He never saw any account books. To Mr. Teed witness said he considered he had certain duties to perform as a director. He never saw any statements of the company's business. To Judge Landry's witness thought he got his stock from Mr. Allen. To Mr. Carvell witness said there was no construction work being carried on at the time he attended meetings, so that no accounts of expenditures would be made at that time. Ernest Hutchinson, Douglastown, was the next witness. He remembered the organization meeting of the company at St. John. He had consented to enter the company at the solicitation of Mr. Tweedie. He had not spent a moment on the matter previous to organization. He could not remember subscribing for stock and though he supposed he had signed shares he could not remember. He remembered getting ten shares and paid nothing for them. He thought there were 500 shares issued. The directors got ten shares each and the balance went to Mr. Skinner. He supposed it was given to Mr. Skinner to dispose of. He was president of the company about a year.

He did not know that the stock given to Mr. Skinner was at his absolute discretion to do with as he wished. Mr. Powell, taking up the minute book of the company, asked witness if he had attended a meeting in St. John on August 2, 1901. He did not look on the stock as of any value. He did not care what Mr. Skinner did with it. He had nothing to do with negotiations with the government. The reason he had severed his connection was mainly by committee, who reported to the directors. He remembered of Mr. Barnes' offer was accepted for some reason, though Mr. Whelan's tender was never. About \$100,000 lower, he thought. He did not know that Mr. Whelan had a wide experience as a contractor. Regarding the issue of bonds he presumed he had signed the deed of trust in 1901. He had signed the whole \$200,000 in bonds. He was the intention to put them in the trust company as collateral for a loan. He was president for about a year, he resigned in 1902. He had intended resigning as a director as well. The reason he had severed his connection with the company because their way of doing business was not in accordance with his plan or profile. He was expelled in the way of developing the coal fields. The reason he had severed his connection with the company was because he had anything to do with the finances and was not to be connected with the company. He could not remember of any arrangement being made with Mr. Evans for taking over the Central Railway. After resigning he abandoned all connection with the company. He could not recall anything about the negotiations for taking over the Central Railway. He thought all arrangements had been left to a committee. He did not recall that a resolution was passed at a meeting on May 10, 1901, authorizing the directors to amalgamate with the Central Railway. He did not think that matter had come up "so early in the game."

Mr. Powell read a resolution under date of Oct. 29, 1901, authorizing the issue of \$200,000 bonds for raising money for construction work, etc. The witness could not recall anything about the bond transactions. Mr. Powell read a later resolution of the same date in which the committee was given power to make the financial arrangements with the bank and witness said he had no recollection of it. He presumed he had signed documents but could not remember what. Another resolution was read of the same date but witness could not remember it. Mr. Powell read another section in which it was shown that the committee appointed to arrange for the amalgamation with the Central Railway, was composed of Mr. Hutchinson, Mr. Barnhill, Mr. Tweedie and Mr. Pugsley. Witness said this committee had not done anything except confer about the by-laws. He did not recall doing any work on such committee. Mr. Barnhill also remarked that he did not remember being on such a committee. Witness had some recollection of dealing with E. G. Evans regarding rights of way, bonds, \$40,000, and on June 29, 1904, also to Mr. Carvell—witness said some steps had been taken toward developing the mines. E. G. Evans had made an investigation and an expert from Philadelphia had also made a report. To Mr. Powell, he did not recall a large coal area being acquired by the company. E. B. LeRoy, manager of the Canada

Permanent Mort. Co., was the next witness. He had been manager since May, 1905, and was aware of certain transactions with the N. B. Coal and Ry. Co. Among the papers of the company was an application for a loan in September, 1903, of \$45,000. This was secured by \$50,000 worth of bonds. A certificate was read authorizing the provincial secretary to sign and guarantee bonds of the N. B. Coal and Ry. Co. to the extent of \$75,000. The date was Dec. 23, 1903. The bonds were redeemed in March, 1905; before the loan was due. Another application was also made over signature of A. I. Trueman, on Dec. 7, 1903, for a loan of \$50,000 at 6 per cent on security of \$55,000 of first mortgage debentures, guaranteed by the province. The loan was to be for 1 or 3 years. The proceeds of the check was \$49,964. A letter was read from W. E. Stavers, in which he referred to having in the Bank of N. B. certain bonds of the N. B. Coal and Ry. Company, which were transferred to the Con. Perm. Mortgage Corporation. Another letter was read from Geo. Meade, advising that certain bonds amounting to \$97,000, plus a bonus of \$25,000, were transferred to the Dominion Securities Co. Mr. LeRoy assumed that the \$25,000 was given as an indemnity in consideration of terminating a profitable contract before the period expired. He was not present when Hammond Evans was not before when called. He had dealings with the Royal Trust Co. for the province of N. B. He was the next witness. He said he had dealings with the N. B. Coal & Ry. Co. construction in 1908. An issue of bonds amounting to \$250,000 was put on the market by the company previously and a new issue of \$400,000 was issued in June 29, 1903. The old issue was bonded to Weldon & McClean and partly burned. He had received the \$250,000 bonds as follows: \$70,000 from Bank of Montreal, Fredericton; \$20,000 from Bank of N. B., St. John; and \$160,000 from Bank of New Brunswick, St. John. They were all 6 per cent.

Bonds of the new issue amounting to \$90,000 each, 4 per cent, were bonded to him about the time the old issue was surrendered. He had delivered these bonds to different parties. Of the number, 470 were ordered by the government and the balance Dr. Pugsley told him would be endorsed. Some were endorsed by A. I. Trueman for Dr. Pugsley. On August 6, 1903, he had bonded to the Bank of Montreal, Fredericton, 140 bonds of \$250 each, for value \$35,000; to Bank of N. B., 40 bonds, value \$20,000; to Bank of N. B., 54 bonds, value \$27,000; same bank on behalf of Peoples Bank, 140 bonds, value \$70,000; to same bank, 123 bonds value \$61,500 and to A. I. Trueman 171 bonds value \$85,500. This was a total of \$352,500 to that date. Receipts were produced for these transfers. The bonds given to the Bank of Montreal and Bank of N. B. were in exchange for old bonds. Later on November 6, 1903, witness delivered 40 bonds, value \$20,000, to A. I. Trueman, representing the provincial government. On November 17, he delivered to A. I. Trueman, 30 bonds, \$15,000. On January 20, 1904 he delivered to Dr. Pugsley, 8 bonds, \$4,000, and on June 29, 1904, also to Dr. Pugsley, 105 bonds, \$52,500, for which he gave receipts as a director of the company, representing the provincial government. This was the whole issue of 900 bonds. These bonds had been bonded over to the Trust Company to have them marked as a first mortgage on the property. The inquiry adjourned until 2.30.

MAKING THE WORLD TOUR ON A BICYCLE German Cyclist Arrives in Chicago After Completing the First Section of His Trip.

Chicago, July 21.—After completing the first section of a bicycle tour around the world, Robert Hellmich, of the Wünderbrüder Bicycle Club of Shandaut, Germany, arrived in Chicago only to be deserted by the man who rode with him from New York and to have his wheel stolen from Social Turner Hall, Chief of Police Schuchler interested himself in the matter, and a Chicago firm has agreed to supply the tourist with a new wheel. He will start next Monday in company with F. G. Koegel, now a resident of this city, who holds the Fox medal for a making tour around the world, which he finished in 1886. The pair will follow most of the route taken by the automobiles in the New York to Paris race. Hellmich is making the ride on a \$2,500 wester, made by a member of the Wünderbrüder club and has two years to complete the journey.

PAPERS CENSURE DEAD ADMIRAL

St. Petersburg Press Comments Uncharitably on Death of Rojstvensky.

St. Petersburg, July 21.—The papers of St. Petersburg comment uncharitably on the death two years ago of Vice-Admiral Rojstvensky at Bad Nauheim, Germany. The Reich says that although acquitted by court martial, he was condemned by public opinion as one of the guilty naval officers who personally contributed to the Russian naval disaster in the sea of Japan before it occurred. At the notorious manoeuvres off Royal in the presence of the Emperor, Rojstvensky's fleet, the papers declare, attained brilliant flying averages by means of fraudulent targets, also that he superintended the building of useless battleships.

TODAY'S PICNIC AT SEASIDE PARK

There will be the usual sports and games. In the evening a grand light fireworks will be set off between 6.30 and 7 p.m. The four-coured race will take place.

PROMINENT ENGINEER DEAD

New York, July 21.—Anicelo Garcia Menocal, a prominent civil engineer and authority on hydraulics, died yesterday at his home here. His death was due to solidification of the arteries. Mr. Menocal was born in Havana, Cuba, September 1, 1858. In the service of the United States government he acted as chief engineer on all the government surveys for establishing the practicability of a ship canal at Nicaragua.

LAYS BLAME ON DEAD MAN

Winnipeg, Man., July 21 (Special).—J. Clarke inspector of accidents on the Railways Commission returned yesterday from an inspection of the scene of the wreck at Medicine Hat, where seven men met death and has no hesitation in laying all the blame on Nicholson, one of the dead engineers.

Cashier's Nerve all That Prevented Them From Making Big Haul—Bloodhounds on Trail.

Ada, Ohio, July 21.—Six masked men rode into this place late last night and attempted to rob the local bank. While three of the gang waited near the bank building, the other three went to the home of Cashier Meyers, and arousing him, compelled him to go to the bank with them. They attempted to compel Meyers to open the safe. The cashier, however, convinced the men that the safe was equipped with a time lock, and that it could not be opened. Thereupon two of the robbers took Meyers to a nearby wood, tied him up, the other four remaining at the bank to blow the safe. Meyers managed to escape from his captors, and promptly turned in a fire alarm arousing the citizens. The crackmen jumped on their horses and galloped out of town. They were pursued for some distance, but finally escaped in the darkness. Bloodhounds were placed on their trail. The robbers did not succeed in opening the safe.

MEDICOS IN SESSION

New Brunswick Medical Society Opened Its Annual Meeting in St. Stephen This Morning. St. Stephen, N. B., July 21 (Special).—The twenty-eighth annual session of the New Brunswick Medical Society opened this morning in the Masonic hall. Dr. Deacon presided, and twenty physicians were in attendance, others arriving by the noon train. Papers were read by Dr. Murray MacLaren of St. John, Dr. Percy Baile of Madam, and Dr. Deacon of Milltown. This afternoon the questions of fees for insurance examinations and of raising the fees for registration in the society from \$20 to \$30 will be considered. Appropriate reference was made to the demise of Dr. Bayard St. John, deceased, by Dr. Deacon, President Deacon stated that he had extended an invitation to present to the physicians of Washington county, Maine.

EQUITY COURT

Mullin vs. Corkery case confirmed. Re Lawton estate case application was made for instructions as to accumulated income. Argument set down for hearing next Tuesday. An arm was hung in at noon for an inconsequential fire in an old shed owned by John Davis in the rear of 42 Forest street. While the firemen were extinguishing the slight blaze a woman who lived in the vicinity named Elizabeth Dunlop assumed the spectator by her speech and actions. The police were obliged to intervene. The woman is believed to be irresponsible and it is stated she has annoyed the neighbors for some time. While the Ludlow was entering her east side berth this afternoon she crashed into the boats, tearing eight or nine holes and breaking an iron post. The gate leading to the ladies' waiting rooms on the steamer was demolished.

THE TIMES NEW REPORTER

A GALLANT CAVALIER.

Mr. Hiram Hornbeam says that if he could spare the time from his horseback, he would go to Boston with the Knights of Pythias. The desire came to him this morning as he was driving into the city. He met one of the most excited members of the order, who was riding on horseback, getting in some saddle practice, as he is to wear golden spurs and ride a high-stepping and richly caparisoned charger in the grand parade. "I seen the feller comin'," said Hiram, "an' I noticed his horse went kind o' wobbly, an' he was bobbin' up an' down like one o' these here jumpin' jacks. Well, sir, when I come up to 'em, I seen what was the matter. I'm darned if he hadn't the bit under the horse's chin instead of in his mouth. I holloed to 'em," he

AT THE POST OFFICE.

The Times new reporter went down for the mail this morning. On arrival in the post office he found a young lady standing in front of the Times' box leisurely removing the mail from another box. She took the letters out one by one, read each the address on each, turned each over to see that it was properly sealed, read all the postal cards, and found time

TO ADJUST SOME LOOSE LOCKS THAT WERE STRAYING UNDER HER HAT.

Some of the postal cards were evidently interesting and some were badly written. The young lady completed her task in about ten minutes. Just as this young lady withdrew the new reporter heard the swish of skirts, and before he could rush to the box it was hidden by the form of a second young lady, who had a larger mail box and more time—also more loose locks. At the expiration of twenty minutes she had absorbed the contents of the postal cards, noted the address and postmark on each letter, and no doubt gathered much information of real value. Before this young lady stepped down another arrived, and where she began her work the new reporter discovered that a skirt still interposed between him and the mail he sought. The young man sighed and withdrew. At the door met another young lady, and on the sidewalk another. He will try to get the mail this evening, when the threat of knowledge is less pronounced.

SPENT \$3,000 SEARCHING FOR HEALTH.

FROM SHOAL LAKE MAN COMES THE FOLLOWING WONDERFUL STORY. Mr. Robert Squires says:—“I have spent over \$3,000 in search for health; have travelled from place to place looking for suitable climate. I came to the conclusion that climate made no difference in curing throat and lung troubles. At the health resorts consumptives died there as at any place else so I determined to find a home remedy. A friend advised me to use Psychine. The first few bottles gave great relief from coughing and seemed to ease the pain in the lungs. Within a month the cough and night sweats had disappeared, and I had greatly regained my strength. I used ten bottles, but my case was a serious one, and I didn't begrudge the cost, for I was completely cured after medical men considered my case hopeless. My lungs are now sound and no sign of disease whatever is apparent.”

CHAPTER I. No. 3, Johnson's Men. "Is there no hope, doctor?" "Absolutely none—now."

"If she had gone to the—workhouse infirmary—would she have lived?" "He tried professional severity, and bestowed some care on the buttoning of a glove."

"No, sir. We are alone in the world."

"Don't be stupid, Philip. That is your name, is it not? When I want my fee I will ask for it. Your mother needs a nurse, wine, chicken broth."

"The doctor paused. The gulp before that hateful word was not lost on him. He tried professional severity, and bestowed some care on the buttoning of a glove."

"No, sir. We are alone in the world."

For an instant the great brown eyes blazed fiercely at him. "Am I to pray that mother shall be taken from me?"

"Even that, if it be God's will."

"Surely," he said, "I can buy some small amount of wine, in the shops they sell things in tins that make chicken broth, don't they? I have a fire and a kettle."

"No, sir. We are alone in the world."

SECOND READING OF PENSION BILL PASSED BY LORDS

In Course of Debate Lord Cromer Advises Britain to Prepare for European War.

London, July 20.—The House of Lords tonight passed the second reading of the old age pension bills thus insuring its becoming a law. In the course of the debate on the bill, Lord Rosebery and Lord Cromer, both vigorously attacked the measure on the ground of its Socialistic tendency, both predicting that it would eventually involve the country in a policy of protection.

THE BANK OF YARMOUTH Directors of the Defunct Institution Will Pay Over \$32,000.

Halifax, N.S., July 20.—An application will be made to the supreme court to approve of a compromise of the action brought by the shareholders against the directors of the defunct Bank of Yarmouth. The compromise agreed upon by Mr. Stewart and the directors is \$22,000. The supreme court ordered the directors to pay all moneys lost to the bank by reason of Redding's failure from 17th of July 1907 until the bank suspended; also the dividend paid 1st February, 1908, amounting to \$7,500, the court holding the directors had lost the money by their neglect. The directors appealed to the privy council but this settlement closes the matter. It is said the court will approve of any settlement recommended by the liquidators.

EXCITEMENT AT NICKEL Tossed about on the surging seas of the bay of Monaco—indeed until numerous onlookers felt almost seasick—the great French racing motor boats created a veritable sensation at the Nickel last evening.

The picture upon its spirited finish. No sporting motion photo yet shown at the great big picture theatre has aroused the speed-lust so readily as this one, the low rakish flyers seeming veritable torpedoes in their wild fight for supremacy. Further than this the wonderful "ricochete," (flat-bottomed motor boats), was a startling innovation to local aquatic lovers, their speed being next to incredible. But this was not all the programme by any means; there were three other brand new Pathe features as well—"The Spectre," a grand, ghostly and elaborately scenic drama; "Unconscious Flirt," a Parisian farce with tri-photo introductions, and a social comedy, "Wanted: A Husband."

Mr. Gurney made a pronounced hit in the Irish melody "Tipperary," and the crowd took up the chorus lustily. Miss Foley in "When Sweet Marie Was Sweet Sweeney," was accorded time and again; same big show today.

BIG BOWS TRIM MIDSUMMER RUN ABOUT CHAPEAUX.

The big hat bow has come again and it is fast to be a popular trimming for mid-summer traveling and runabout wear. Such hats, and the newest are of linen rajah, usually have brims which turn becomingly away from the face at one point while shading it at another. The huge bow is made up of from four to eight wide, long loops, with a cross-piece centre. A great deal of tulle and satin one-tone sash ribbon is employed, but so also are figured ribbons in cretonne and pompadour effects, as well as the plaids and borders. The bow is sometimes made of narrow ribbon, broadly edged with such soft fancy silk as the scrolled and coin-spotted found used on the latest Gage models.

ROYAL BANK IN FINE NEW HOME "House Warming" Reception Yesterday Afternoon Attended by Many Citizens and Greatly Enjoyed.

The St. John branch of the Royal Bank of Canada went into occupation of the new and spacious premises on the ground floor of the bank's building in King street, at the corner of Canterbury, yesterday, and in honor of the event an informal reception was held from 4 to 6 o'clock in the afternoon. It was evident that interest had been aroused in the published descriptions of the beauty of the interior arrangements and fittings. Between the hours named, streams of visitors were entering or leaving the bank and the expressions of opinion which were heard, left no room for doubt that the citizens of St. John were delighted with the latest addition to the ornamental buildings in the city. No invitations to the opening were issued, save the general one through the newspapers. The guests, among whom were many ladies, were received on entering by T. B. Blair, the manager, and were taken in hand by members of the staff, and shown through the bank's quarters. Special interest was taken in the vaults, and the time took on the heavy steel door, aroused much curiosity. A round of the commodious and beautiful premises having been made, the visitors were invited to enter the elevator, and were conducted to the top floor, where light refreshments were served. The room was delightfully cool, floral decorations on the tables made a charming effect, and the opportunity was afforded of the appetizing dainties which were handed round by the staff was much enjoyed. Before leaving, many of the guests took the opportunity to express to Mr. Blair their admiration of the handsome new home with which the bank is now provided. The ladies in particular, after a lingering glance at the glistening marble walls and handsome doors, were heard to remark that it would be delightful to a stonographer and such palatial surroundings. The directors of the bank are certainly to be congratulated on their enterprise in erecting in St. John, probably the finest banking establishment in the maritime provinces. The flowers used in connection with the opening were afterwards sent by the bank to the General Public Hospital, for the pleasure of the patients there.

FAMOUS RUSSIAN ADMIRAL PASSED AWAY YESTERDAY

Rojestvensky, Veteran of the Battle of the Sea of Japan Succumbed to Heart Affection.

Bad Nauheim, Germany, July 20.—Vice-Admiral Rojestvensky, who commanded the ill-fated Russian fleet, which was annihilated by the Japanese in the Sea of Japan in May, 1905, died here last night from heart trouble.

Sinoi Petrovitch Rojestvensky was about sixty years of age and for many years bore the reputation of being one of the most cool-headed and scientific naval officers in the Russian service.

During the late war between Russia and Japan, Admiral Rojestvensky was ordered early in August, 1904, to have his squadron in readiness to proceed from the Baltic around to Vladivostok.

The battle of the Sea of Japan, otherwise known as the battle of Tsushima, was the result of this meeting. It was the greatest naval struggle since Trafalgar.

The Russian fleet was completely annihilated, and the Japanese captured six Russian ships, including six battleships and four cruisers.

A naval court of inquiry on September 7, 1906, recommended an indictment against Admiral Rojestvensky for surrendering to the enemy.

ANTISEPTIC

POLITICIANS ARE IN A TIMBER DEAL FOR 20,000 MILES

New Deal Involves Immense Areas in Keewatin—Promoters Want Pulpwood Concessions.

Ottawa, July 20.—It is reported that another proposed timber deal, involving a large area of some 20,000 square miles in Keewatin.

It will be recalled that the government is retaining the control of the land in the new territory awarded to Manitoba, and the promoters in this deal are supposed to get the timber alleged to be of pulpwood size, on ten or twelve million acres.

The syndicate which has made the proposition is said to have a credit of \$500,000 in a leading bank.

This morning in the house, Mr. Borden asked some questions. He particularly wanted to know whether the government proposed to depart from its decided policy to give no more timber concessions except on public competition.

Sir Wilfrid Laurier, and Mr. Oliver were both absent, and Mr. Fielding's reply was indefinite.

The fate of the Empire depends on this effort. Let every man do his utmost.

The battle lasted until the afternoon of May 28, and included a general engagement and a torpedo attack on the night of May 27.

The Japanese lost in the fight being fired about two o'clock in the afternoon of May 27.

The Japanese, in the engagement, lost three torpedo boats, 18 service men were killed and 538 were wounded.

A naval court of inquiry on September 7, 1906, recommended an indictment against Admiral Rojestvensky for surrendering to the enemy.

TOUCH OF HISTORIC POETRY IN SCENES AT QUEBEC YESTERDAY WHEN THREE NATIONS UNITED

Ships of Great Britain, France and United States Strive to Outdo Each Other in the Thunderous Volume of Their Salutes of Welcome—Ten Thousand More Visitors Arrived Yesterday—Pageants Witnessed by Thousands of Sight Seers.

Quebec, July 20.—The fleets of three nations joined today in saluting the reopening of the three-hundredth birthday of the Dominion of Canada.

There was a touch of historic poetry in the scene today when the United States battleship, the New Hampshire, arrived.

The three nations most intimately concerned with the war were represented—France, which won on the Plains of Abraham, and the United Kingdom, which failed.

The ships of the three nations met at the scene of their former fierce combats and where in time past they had fired powder for the stern purposes of war.

There were more incidents of naval ceremonial in the afternoon. At 3 o'clock Rear-Admiral Cowie, whose flag the New Hampshire flies, and who by the way is a brother-in-law of President Roosevelt, came on shore to visit the governor-general.

The most interesting of the naval ceremonies so far will be carried out on Wednesday morning when Vice-President Fairbanks arrives.

The final rehearsal of the pageants was held this afternoon on the Plains of Abraham, and were attended by more than 15,000 people.

The pageants went off splendidly, the difficulties going smoothly and effectively, once they were started.

The scene was much more brilliant in the evening, when for the first time the pageants were witnessed by thousands of sight seers.

The city almost every large building was illuminated from end to end, the Chateau Frontenac being decked out with electric lights.

The first official presentation of the pageants starting at 5 o'clock in the afternoon, and the first performance of Felix Davin's symphonic ode, Christophe Colomb, as the features of tomorrow's programme.

Customs in the uniforms of the time of Champlain, and under the command of Capt. Charrier, mounted heralds at arms and men of the guild appeared on the streets for the first time this evening.

Seventy-five persons considered undesirable in view of past records have already been quietly told by the police and detective force to leave the city.

PROMINENT LABOR LEADERS HALED FOR CONTEMPT OF COURT

Messrs Gompers, Mitchell and Morrison Charged With Violating Supreme Court Order.

Washington, D. C., July 20.—In the Buck Stove and Range Company's case, Justice Anderson, of the district supreme court today summoned Samuel Gompers, president of the American Federation of Labor, secretary Frank Morrison, of that organization, and John Mitchell, of the executive council and former president of the United Mine Workers of America, to appear in court on September 8 next.

The citation is based on a petition of the Buck Stove and Range Company, of St. Louis, which alleges that an order issued by Justice Gould forbidding an alleged boycott by the American Federation of Labor had been violated by the three labor leaders named.

TOM LONGBOAT WILL START IN THE MARATHON AFTER ALL AND SHOULD FINISH FIRST

Canadian Indian Arrives in London Tomorrow and Will Train Over Marathon Course at Once--Simpson of Canada Picked For Second Place

ATHLETES PRACTICING AT BRITISH STADIUM.

Montreal, July 20.—A special London cable says: "Bobbie Kerr, of Hamilton, easily won his heat in the hundred metres race in eleven seconds and some watches registered ten and four-fifths, which would be a record."

Tom Longboat has recovered from his injuries and arrives in London on Wednesday. He proposes straight to Windsor to start training over the Marathon course. He hopes to be in the pink of condition on Friday.

"Manager Tucker is pleased with the Canadian's showing. He says he did not expect much the first week but thinks they will do better in the sprints with Kerr. He now thinks Longboat is a sure winner of the Marathon with Simpson a good second."

SPORTING NOTES

In Eugene Tremblay, the world's champion lightweight wrestler, the Council possesses one of the greatest grapplers yet produced. He has inflicted three decisive defeats on George Bothner, the famous ex-champion and has bested every legitimate lightweight he has faced.

LONDON POLICE WILL PULL AMERICAN TEAM UNDER ANY OLD TERMS London, July 20.—The City of London police team, which won the Olympic trophy of war, has issued a challenge for a match with the American team, the members of both teams to be in their stocking feet, and the match to be for love or any charity.

WOMAN PROMINENT IN NEW YORK SOCIAL LIFE HAS SON ARRESTED

John A. Van Rensselaer Tries to Extort Money From His Mother and Lands in Jail—Wrote that He Wanted \$5,000 or He Would Blow Her Head Off.

New York, July 20.—John A. Van Rensselaer, son of Mrs. John King Van Rensselaer and a member of one of New York's oldest families, was taken into custody tonight on a charge of attempted extortion. The arrest was made on orders from Chief of Police Crowley, of Newport (R. I.), who received a complaint from Mrs. Van Rensselaer that her son had written a letter threatening her bodily harm unless she provided him with funds. Van Rensselaer is thirty-four years old and married.

entirely, forgotten in circles once tread. "I am now in no humor to be trifled with and I want to go on record that I will take action on sight, unless something is done at once. You gave Harold \$5,000 and a trip to Europe. What have I had for my money?" (signed) "J. A. VAN RENSSELAER."

CLIPPERS PROTEST IS NOT PERMITTED

Executive Meeting of the St. John Baseball League—Post Season Games Arranged.

A special meeting of the executive of the St. John Baseball League, with Frank White in the chair, was held last evening. The business of the meeting was especially to deal with a protest by the Clippers against a game played against Esmouth Y. M. C. A. on June 30. As there was practically no evidence to support the protest, it was dismissed.

NOT MANY LEAVING FOR QUEBEC CELEBRATION

Travellers Report No Great Increase of Business Because of the Centenary.

A sufficient increase has not been offered by the public, the Elder Dempster Steamship Company announces through their local agents, J. H. Scamell & Co., that the demand for passage to Quebec for the centenary celebration, and the demand for tickets has not yet been up to expectations.

DR. DANIEL M. P. EXPECTS TO SEE GENERAL ELECTION THIS FALL

St. John Representative Home From Ottawa Says That is the Opinion in the Capital—October or November the Probable Month—A Review of Session's Work.

Dr. Daniel M.P., arrived home from Ottawa Monday. When asked by a Telegraph reporter as to the probable date of the Dominion elections, he said the general expectation was that they would take place in October or November. With regard to the work of the session, he spoke of the tremendous amount of financial obligations either undertaken or promised by the government and as an instance mentioned that if all the estimates for the year were passed, there would be an expense of \$23 for every man, woman and child in the Dominion. The opposition, he said, was fairly well satisfied with the Dominion elections act as it was finally passed.

which are accumulating, and use a little more discretion. Take for example the situation as regards the G.P.F. While the construction of the eastern section will cost \$115,000,000, that by no means ends the obligations the country has assumed with regard to that great enterprise. We are the guarantors of the bonds of the G.P.F. to the amount of 75 per cent of the \$13,000 a mile on the prairie section and 75 per cent of what ever may be the whole cost of the mountain section as well as having to pay the interest on the mountain section for seven years without recompense. So that all told, the country is under a liability of \$250,000,000 with this one undertaking. It may not be called upon to pay all this obligation, but nevertheless it is in the first instance liable."

HORSE NOTES

Carolin (No. 14) is the 21st 2:10 trotter to the credit of the great sire McKinstry. Sally Simmons, 2d, is credited with a mile in 2:27 over the Poughkeepsie track. Vallejo Girl (2:14 1/4) by McKinstry, recently trotted a half at Pleasanton, Cal. A new world's record for trotting geldings in a race, 2:03 3/4, by Highball, displacing the former record of 2:04 1/2, set by Tiverton, 1905. The record was made in a second heat and equalled Sweet Marie's world's record for mares, made here in 1904. As it was preceded by a first heat, 2:08 1/4, Highball also broke the world's record for a second heat, by a gelding, 2:03 3/4, 2:06 1/4, formerly held (since 1903) by The Monk.

NEW WORLD'S RECORD

The recent arrival at Percis, Ill., was one of the greatest events of the turf for some time and during its progress no less than three new world's records were established. They were: A new world's record for trotting geldings in a race, 2:03 3/4, by Highball, displacing the former record of 2:04 1/2, set by Tiverton, 1905. The record was made in a second heat and equalled Sweet Marie's world's record for mares, made here in 1904. As it was preceded by a first heat, 2:08 1/4, Highball also broke the world's record for a second heat, by a gelding, 2:03 3/4, 2:06 1/4, formerly held (since 1903) by The Monk.

CREAMED POTATOES.

A housekeeper who prides herself on her creamed potatoes, or makes a creamed dressing the basis as most cooks do. Instead, she slices her potatoes thin into the saucpan in which they are to be cooked and then covers them with a generous sprinkling of flour and pepper and salt. Next she adds many small lumps of butter, setting the spider in the oven until the butter is melted and thoroughly mixed with the flour. Then she adds the milk, puts the pan on the top of the stove and stirs frequently to see that the potatoes do not burn.

LATE LOCALS

Miss Ada Gronville, who has recently graduated from New Haven hospital, is visiting her parents at 190 Main street.

The glad hand is being extended to Mr. Arthur F. Cassidy, the popular manager of J. W. Montgomery, on the birth of a daughter. Congratulations to Mr. and Mrs. Cassidy.

William Turner, twenty-two years of age, and a native of Nova Scotia, was arrested by Policeman Smith this morning at the instance of Henry Hilyard, charged with stealing \$200 worth of rope from the mill pond on Strait Shore.

The death occurred on Monday afternoon of Mary Hughes, wife of John Hughes, Milford. She was 29 years old and is survived by her husband. Burial will take place from the residence of her father, Thomas Marshall, at Milford, tomorrow.

Madame F. Ramsey of the Sacred Heart order at Montreal, a daughter of Mr. and Mrs. H. Ramsey of this city, passed through today, en route to Halifax, accompanied by Mother Hughes and Madame McLean. They will be stationed at the sister city for the present.

County Secretary George R. Vincent has laid information with Magistrate Mason against Hugh McCormick for selling liquor during prohibited hours. McCormick was fined \$50 ten days ago for the same offence and was then cautioned that a repetition would mean a heavier penalty and the possible loss of his license. The case will be heard on Friday.

POLICE COURT

Several Drunks Were Summarily Dealt With This Morning.

In the absence of Judge Ritchie, who is attending the Quebec Tercentenary, Mr. Henderson presided in the police court this morning.

Felix Holland, a habitual offender, was fined \$5 or two months in jail for drunkenness.

George Wilson and John Nagle were fined four dollars for drunkenness.

Frank Hopper, another habitual drunkard, denied being drunk, and as the policeman who arrested him, was not present, the matter was stood over.

John Henderson, a carpenter, arrested on a warrant issued by William Cook for alleged assault in a Union street saloon, pleaded not guilty. Cook did not appear in court this morning and therefore the case was not heard.

David McMassee, who was arrested on Saturday night, failed to appear in court this morning to answer the charge of drunkenness, and his \$5 deposit was forfeited.

Fred Lupee, charged Bertha Kennedy, a colored resident of Union alley, with annoying him. The woman declared it was vice versa. Lupee alleges that yesterday when he visited the house occupied by the woman's mother, the latter threw a flatiron at his head, narrowly missing the target. Both mother and daughter have abused him, and he decided to seek redress in court. A settlement was amicably arranged.

Frank M. Burns, charged with the theft of \$7.50 from P. F. Collier's local agency, was remanded until Friday to give the prisoner an opportunity to arrive at a decision relative to which court he desires to appear before.

Indictments on several other charges of misappropriation are pending against Burns, Patrick McHugh, Fred Love and Lawrence Conway are reported for violating the I. C. R. trackman's rules.

A LARGE FUNERAL

Body of Sergt Tilley P. Urquhart Borne to Grave Today With Military Honors.

The funeral of the late Sergeant Tilley P. Urquhart of the 62nd, Fuziliers, who met such a tragic death on Sunday morning on the military special, was held this morning.

The local militia had complete control of the funeral.

At 11:15 the caasket was carried from his late residence at 17 Brindley street to the street by four members of the Canadian Order of Foresters. It was then enshrouded in the national colors and placed on the gun carriage provided by the R. C. A. The cortege then started with the members of the Canadian Order of Foresters in the van followed by the Artillery Band, 62nd Fusiliers, gun carriage containing the body with eight R. C. A. men as guard of honor, the R. C. A., and a large number of friends and acquaintances of the deceased.

The route of the funeral was Brindley street to City Road, Pond to Mill streets to Main. Lieut. Colonel George Holt White, D. O. C. personally superintended the arrangements and walked with the 62nd.

The 62nd was in command of Lieut. Col. M. B. Edwards, Capt. Gillespie and Lieut. Sanction.

Although both local regiments were largely depleted through the excursion to Quebec, all those who remained home attended the obsequies.

Rev. J. W. Kuestel, of the Tabernacle Church, conducted the services at the house. Lieut. Magee was in charge of the R. C. A., owing to the absence of superior officers.

A pathetic incident occurred immediately prior to the departure from the house, when Mrs. Riecker, the mother, and Mrs. Urquhart, the wife, were practically carried to a cab by male escorts. Their grief was pitiable to witness and the shocking affair seemed destined to seriously impair the health of both ladies.

The two children were placed in a hack with their mother and grandmother. The body was taken up at 1 o'clock on the steamship Chamblin to Belleisle, where interment will occur tomorrow.

A guard of honor will accompany the body and fire a salute at the grave.

Joseph W. Corkery

The death occurred this morning of Joseph W. Corkery, a well known North End man, who has been ailing for some time.

The funeral will be held tomorrow morning at 8:45 from his late residence, 132 Douglas avenue, Requiem Mass will be conducted at St. Peter's Church.
