N. Y. Herald Calls on U. S. Government To Take Action

Bring Prussianism to Quick Account For Sinking of Stephano—Submarine Not Heard From For More Than Day and Night

New York, Oct. 10.—The New York Herald, under one caption: "This time for action not for 'weasel words,' says: "Surely even the most pugnacious pacifist cannot find excuse for delay on the part of the government of the United States in bringing Prussianism to an immediate account for the sinking of the Red Cross liner Stephano, plying between St. John and New York.

There was much speculation as to whether the German commander trusted to chance when he virtually advertised what he was going to do and went about doing it so deliberately or whether his apparent confidence in his plans was based on an exact knowledge that a vital strip of the American seaboard had been left unprotected by the British patrol.

"We are all Americans on this side of the Atlantic. The Stephano was engaged in peaceful commerce between two American ports. Her international status was just as clearly that of an American vessel engaged in American coastwise trade as if she were of American registry and flew the flag of the United States.

"She bore no relation to the conflict in Europe. The Stephano was engaged in peaceful commerce between two American ports. Her international status was just as clearly that of an American vessel engaged in American coastwise trade as if she were of American registry and flew the flag of the United States.

"The warfare instituted by Prussian submarines in American waters is just as much an attack upon the Monroe doctrine as would be a Prussian attempt to invade Canada."

JELICOE CALLS TO MEN OF CANADA

Appeal For Recruits For Imperial Navy

Toronto, Oct. 10.—Hon. Robert Guinness, who is conducting a campaign in Canada for recruits for the imperial navy, has received the following appeal from Admiral Sir John Jellicoe, in command of the grand fleet:—"H. M. S. Iron Duke. Dear Captain Guinness:—I wish you all success in your mission to Canada and feel sure the response of the dominion to the call of the imperial navy will equal—in proportion—that grand response given by Canada to the empire on the declaration of war.

"I give you the following message to the people of Canada. On a memorable occasion early in the war, the navy watched with pride the magnificent stand made by Canadian troops, when their self-sacrifice, gallantry and tenacity saved a very critical situation.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

NEW FILM SERVICE. New films are to be seen at the Palace Theatre, beginning tomorrow. "The Lone Trail," a wonderful five part Pathe play will be presented with splendid orchestra music, and Friday and Saturday the new Universal Serial "Liberty," a twenty episode story of war, intrigue and love, featuring Marie Walcamp, Eddie Bohn and Jack Holt, three of the most renowned stars of the Universal city, combined in absolutely the best story yet produced in serial form by the famous Universal Company.

TOMORROW AT THE IMPERIAL. Tomorrow the Imperial will present the wonderful little Ella Hall and good-natured Bob Leonard, the stars of the favorite serial story "The Master Key" in a most elaborate five-reel Bluebird production entitled "The Crippled Hand." This film will introduce numerous surprises, such as trick photography of an artistic character, which used to be seen in the early French pictures about eight or ten years ago and which caused such wonderment and delight. "The Crippled Hand" is a sort of modern fantasy, devoid of tragedy—very sweet and lovely.

AT THE GEM. Last two chances tonight to see the great DeWolf Hopper in "Crazy at the Hat" and "Fatty" at "The Walters' Ball," a rousing good program. An absorbing chapter of "The Yellow Menace" and another big feature are billed for Wednesday and Thursday.

Pure Rich Blood Prevents Disease

Bad blood—that is, blood that is impure or impoverished, thin and pale—is responsible for more ailments than any other disease. It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles. It is responsible for run-down conditions, and is the most common cause of disease.

PATRIOTIC CAUSES

Tomorrow Afternoon. The monthly meeting of the Soldiers' Comfort Association will be held in the Centenary church parlors at three o'clock on Wednesday afternoon.

Catarrh Cannot Be Cured with local applications as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials free.

"Banking interests are inclined to take a calm view of the submarine situation." Representative market circles of the street appear to expect a trading market until the present excitement calms down. They expect further liquidation, but no overvaluing sales in view of the big margins provided.

Attention is being directed to the point that the present prosperity is not all due to the war supply business, but that a large part is now owing to domestic requirements which are increasing on account of the spreading influence of nervous war expenditures.

Big speculative interests in certain large institutions of the street are under scrutiny. There may be investigations as to market activities. Manipulation of certain developments has been charged, and much heated conversation is noted in this connection among bankers. Several active and influential commission houses are advising their clients about the standard street issues, especially U. S. Steel, Lackawana, and Great Northern Ore, saying the feverish market is providing good buying opportunities not to be neglected.

Easy money conditions are operating for continued investment absorption despite the submarine war. In private banking offices this fact is brought out prominently as an argument against any prolonged or important setback from present levels in the standard issues, especially rails.

There is a good demand from active investment circles for preferred industrial stocks which are looked upon as being in a very solid position. Mention is made of good buying in Central Leather Pfd., Railway Pfd., U. S. Rubber 1st Pfd., A. B. S. Pfd., A. F. Pfd., and W. Y. Pfd.

LIQUOR IN HALIFAX

(Halifax Echo) Intoxicating liquor is being sold openly, in the streets, on the wharves and in a hundred and one places which could and should be ferreted out. But Mayor Martin and his colleagues are making no move. Instead, by defeating every movement aimed at the proper enforcement of the law and by doing nothing in the face of the most flagrant violation of the law, they have in effect rendered notice on the boot-leggers, the blind-peddlers and the hole-in-the-wall men that they are not to be molested unless somebody "splitts" on them, in the police court.

And so we have the spectacle of the men who have sworn to enforce the law, aiding and abetting in its violation. What is official Halifax coming to, anyway?

THEY TELL IT IN NEWARK

Story of a Man Who Couldn't Remember His Own Name. Chester R. Hoag tells of an old-time citizen of Newark, who, though he could remember figures and business details with startling clearness, had a wretched memory for names. It was in the days before letter carriers. One day Mr. Hoag's hero, whom he may call Jones, called at the post office for his letters.

"My mail please," said he. "What is the name?" asked the man behind the window. "You see, I'm a new clerk here."

The man outside tried hard to think, but after a moment, without a word, he turned and went away. Half a block down the street he met an acquaintance.

"Good morning, sir," said he. "Good morning, Mr. Jones," said the acquaintance.

"Ah, thank you," said Mr. Jones, and went back to the post office.—Newark News.

A record of 487 feet penetration in 27 days was recently made by the forces working on the Roosevelt drainage tunnel near Cripple Creek, Col. The best previous record of 400 feet a day was made in January, 1909. The tunnel is four miles long and 1800 feet below the surface. Its width is nine feet and its height eight feet. The workmen have to wear rubber boots and clothing, as water is coming out of the fissures at the rate of 10,000 gallons a minute.

The "bun fishing" race in the sports at the garden party for wounded soldiers given at the Firs, Clazyate, England. There were four sorts of event and Canada was represented among the hostesses as well as among the injured men.

FISHERMEN BLOWN OUT TO SEA BY A GALE

A sudden gale caught the fishing fleet at Colombus and blew nearly 200 native fishermen out to sea. Many were saved by incoming steamers in addition to those rescued by tugboats which were sent out the next day. Photo shown them just before they were hauled aboard a rescue ship. The men were badly bruised and could not stand.

**DIG INCREASE IN CARS PREDICTED**

**Benjamin Briscoe Believes There Will be 5,000,000 Automobiles in Use in 1919**

Five million automobiles in America by 1919, or 2,600,000 more than the number now in use, is the forecast made by Benjamin Briscoe, president of the Briscoe Motor Corporation, in his book "Looking Forward in the Automobile Industry," advance copies of which have just come from the press. Mr. Briscoe estimates that the output for 1916 will aggregate 1,200,000 cars, and, to illustrate the gigantic strides which the industry has made, sets this enormous figure alongside 3,700, the number of cars of all makes produced in 1899.

"We have in use today practically 3,400,000 automobiles," says Mr. Briscoe in his book, "and the estimate of production for this year is 1,200,000. This estimate probably is somewhat extravagant on account of the difficulties experienced by many manufacturers in obtaining material and labor. The automobiles made in 1911 will have gone out of commission some time in the course of 1916, so if there should be, say, 1,100,000 cars made this year the increase in the number of automobiles at the end of 1916 would be about 800,000. This would start 1917 with 3,900,000 cars.

"For the year 1917 we would deduct the 1916 production of 400,000 and add 1,400,000 cars, which probably will be the production for 1917 (production still being influenced by shortage of material and labor), giving us a total at the end of 1917 of 4,000,000 cars in use. At the end of 1918 deduct the production of 1918 on approximately 600,000 and add 1,900,000, making a net increase of 1,000,000 cars. Therefore, July 1, 1919, there will be 5,000,000 automobiles in use. Estimating these figures as being approximately correct (and they may vary up 500,000 or down 500,000), there will then be 'rolling in the United States a total number of about 5,000,000 automobiles."

Mr. Briscoe concludes from income statistics, population increases, wealth gains, etc., that the "saturation" point is more likely to be 8,000,000 cars than 5,000,000. He states that half the machines now being sold are bought by farmers, and that of all the farmers in America at least fifty per cent eventually will have automobiles within the next few years, giving more than 3,000,000 automobiles to the agriculturists alone.

Going further into the future, Mr. Briscoe says that in 1920 the 1915 cars will have to be replaced. He estimates the number at 900,000. To this will be added the sales from the increase in

**SUGGESTIONS TO SICK WOMEN**  
How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unobscured testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

**NAVY'S GREAT RECORD**  
Not a Single Life Lost in Transporting Armies to France.

In a report to the admiralty, reviewing the operations of the Dover patrol since December, 1915, and recommending numerous officers for meritorious conduct, Vice-Admiral Sir Reginald Bacon, commander of the patrol, says that in the six months more than 21,000 merchant ships, apart from men of war and auxiliaries, passed through the patrol lines. Of these only 21 were lost or seriously damaged by enemy vessels. "But to effect this security to merchant shipping," says the admiralty, "this vast transport has been so thoroughly safeguarded that not a single life has been lost during the sea passage."

When Mr. Peterson was paged at a St. Paul, Minn., hotel to answer a telephone call seven men of that name were found in the lobby. The man wanted was among them.

  - 6.—Only a limited number will be sold during this sale.

**A Centralized Storehouse**

The Vital Part of Your Cabinet  
The picture above shows how the scientific arrangement of the Hoosier makes it a real helper. Storage space is above and below. There is plenty of unhampered room above and around the aluminum work-table.

There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it.

Come and see these six exclusive Hoosier features:

- 1.—The all-metal glass front flour bin.
- 2.—The gear-driven shaker flour sifter which makes flour light and fluffy.
- 3.—Scientific arrangement—articles needed most frequently easiest reached.
- 4.—Revolving caster (shown in center of illustration).
- 5.—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
- 6.—Finally, either doors with a handy rack for small utensils, or rolling doors.

Thanksgiving services were held by several of the city churches yesterday. The Presbyterians had a union session at Cal'n church and the service for the Baptist church was held in the evening at Waterloo street church under the auspices of the Baptist ministers' conference. All these services were well attended.

The little three-year-old daughter of Mr. and Mrs. J. Chlp Hunter of East Florenceville was instantly killed on Saturday morning when she fell from the top of a load of potatoes, being driven by her father, and one wheel of the vehicle passed over her. The funeral was held on Sunday at the East Florenceville Methodist church.

Dr. McIntosh, who left Hartland a year ago to join the R. A. M. C. in England, returned home on Sunday. He has during his absence, seen service in Egypt and other parts of the eastern war zone. He was given a splendid reception at his home town on arrival. He will resume his practice in Hartland after a short rest.

It is reported from St. Andrews that the Booth Fisheries, Ltd., expects to rack 20,000 cases of sardines this season. Good catches of sardines are reported about the mouth of the Digbyquash river and the Magaguadavic river. A wooden weir has been jacked in the Magaguadavic river as an experiment and if it works well a metal weir of similar construction will be placed in its stead.

Sunday afternoon Detectives Briggs and acting Detective Armstrong were notified that the residence of H. G. Marr, 248 Germain street, had been broken into and many articles of wearing apparel, also \$100 in cash, stolen. The wearing apparel was found in the grip of Della M. Scott, a former employe of the Marr family. She was taken to police headquarters.

Andrew Ingraham Robertson, who says he is a returned soldier, now faces several charges of theft. He was arrested last evening in a boarding house on Princess street, as a result of a complaint made by Mr. McIntyre, barber. He is charged with the theft of twenty-six shares in the Scotland Woolen Mills, the property of Alexander Ingraham, also with the theft of a safety razor.

W. T. Brokaw, the well known New York millionaire, has acquired about 160 acres of land at McDougall's Lake, near St. Andrews. C. W. Macdonald, of St. John visited the property last week and made estimates on the new camp which this New Yorker intends to erect there. Mr. Brokaw intends to establish a hunting centre at McDougall's Lake for the benefit of big game hunters in the S. metropolis.

Yesterday at noon telephone communication with West St. John was re-established and subscribers on both sides of the harbor were heartily glad. The vast amount of work necessary to move the new exchange was carried out with rapidity by the men of the N. B. Telephone Company and in fact the work was completed in less than a week. The period of the inactivity of the West Side exchange was not unprofitable. During the period of the inactivity of the West Side exchange, the British army were set up and 440 lines connected. Three additional operators will be employed in the new exchange.

Reports have reached the city to the effect that Lieutenant Percy Sherran, member of the Royal Flying Corps, has brought down five machines in one day single-handed, while the British army aviators on that front watched with wonderment and surprise his magnificent feat, and on several occasions he has been mentioned in despatches. He was a member of the staff of the Bank of Nova Scotia here when the call came for men of the 29th he signed on, but after his arrival in England was turned down as being locally unfit. He later, however, joined the 29th, and was wounded. On recovering he quitted and joined the Royal Flying Corps.

Although the weather was unfavorable over the holiday the younger set in the city persisted in carrying out its plans in the vicinity of instances. The theatres throughout the city did capacity business at each and every performance while many pleasure seekers went out of town. Thanksgiving Day marked the "beginning of the end" of the summer "winter" all along the shores and these resorts will soon be deserted. The winter series game in the afternoon caused considerable interest but many of the fans preferred to remain indoors and use the telephone to discover who the winners were while a few of the more heroic souls remained before the bulletin board shrine until the last inning had been announced.

**WEEK-END CASUALTIES**

That Private John McIvor of the 14th Battalion had been admitted to Lee's Court Hospital, Faversham, England, on September 30, suffering from shrapnel wounds in one leg was the word received on Saturday by his father, John McIvor of this city.

Mrs. George Collins of 237 Brussels street received word yesterday to the effect that her brother, Private John N. McIvor had been killed in action. He is the son of Mr. and Mrs. John E. McIvor of Halifax. He was only eighteen years of age. He is survived by six sisters, all of whom, with the exception of Mrs. Collins, are residents of Halifax.

Charles Robinson, secretary of the Returned Soldiers' Aid Commission, received word yesterday to the effect that his nephew, Sergeant Major Alexander Ingram, son of Mr. and Mrs. Henry Ingram of Newcastle, N. B., had been killed in action. Sergeant Ingram was a printer by trade and shortly prior to enlistment was employed on one of the Stoucton newspapers. He was nineteen years old and besides his parents is survived by one brother, Havlock, who is a member of the 65th Battalion, Woodstock.

William J. Wood, of 209 Thorne avenue, has received the first card from his son, Private Wood of the First Canadian Field Ammunition, to the effect that he has been wounded and is being sent to the base. Prior to going overseas he was in the employ of the St. John street railway.

Three young officers of this city have all made the supreme sacrifice. Lieut. Ernest Havlock Welch, Lieut. Fred D. Foley and Lieut. S. K. L. Macdonald, Lieut. Welch was perhaps one of the most prominent and popular young men of this city prior to enlistment was a traveler in the employ of W. J. Wetmore. Besides his mother, Mrs. Annie P. Welch, he is survived by his wife, who is at present residing at Folkestone,

**NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES**

"Pape's Diapepsin" is the Only Real Stomach Regulator Known.

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just makes Pape's Diapepsin the largest selling stomach regulator in the world. If you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acids; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regular. It belongs to your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's quick-acting and most harmless stomach regulator in the world.

England. He was attached to the 26th battalion.

Lieutenant Foley was attending the University of New Brunswick and went to England with the 53th battalion and was later transferred to the 29th battalion. He was twenty-three years old and was son of Mr. and Mrs. Fred Foley of this city.

Lieutenant S. K. L. Macdonald, son of Charles A. Macdonald of this city, enlisted with the ammunition column under Lt.-Colonel W. H. Harrison with the 25th battalion. He was three months ago transferred to a howitzer battery on the western front. Prior to going overseas he was identified with the London Guarantee and Accident Insurance Company of this city.

Private William H. Chambers, in writing from a London hospital to his mother at 224 Union street, says that during the last charge he was wounded in the neck. The wound, however, is not serious and that he is doing well.

**IF SUBJECT TO COLDS HERE IS GOOD ADVICE**

Don't load your stomach with cough syrups. Send healing medication through the nostrils—and it into the passages that are subject to colds and catarrhs. Do this with Catarrhose, which has a cold in ten minutes. Even to the lungs goes the healing vapor of Catarrhose—all through the bronchial tubes, nostrils and air passages—everywhere. A trace of disease remains with Catarrhose follow. You will not have colds or you will suffer from sniffles, bronchitis or throat trouble if Catarrhose is used. Get it today but beware of dangerous substitutes meant to deceive you for genuine Catarrhose. All dealers sell Catarrhose. Large size, two month's treatment, costs \$1.00; small size 50c; sample size 25c.

**GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF**

Hair Becomes Charming, Wavy, Lustrous and Thick In Few Moments

Every Bit of Dandruff Disappears and Hair Steps Coming Out

For 25 cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Dandine. Also try this—moisten a cloth with a little Dandine and carefully draw it through your hair, taking one strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Dandine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Dandine from any drug store or toilet counter and just try it.

**TO HELP WOMEN**

After terrible sufferings, numberless women have used Lydia E. Pinkham's Vegetable Compound and recovered from ailments peculiar to their sex. Many of these, who cannot bear the other women should suffer as they did without knowing what to do, have written letters telling their experience to be published to the world. These honest, helpful stories are constantly appearing in the newspapers. Read them! Alling women, they are written with no motive but your good.

**WILL YOU COME AND SEE THE NEW STYLES IN THE NEW FURS**

**H. Mont. Jones'**

The model Coats and Sets we are showing are happy combinations of smart styles and utility; where two furs are employed in one garment, the contrast is lovely and in perfect taste and prices are amazingly small even in face of prevailing war prices.

And you can apply attractiveness to the styles—the exclusiveness, the quality, the value, the prices—and any other point in your own good judgment you wish to.

We invite a visit—for comparison, inspection and criticism—if you will.

**MARSHALL SAYS A G. O. P. VICTORY MEANS WAR**

Milwaukee, Wis., Oct. 9.—In a speech here Vice-President Marshall declared that a Republican victory this fall, likely meant war.

"There is no one who wants war save Roosevelt," said Mr. Marshall. "And if the Republicans are successful you will witness Roosevelt marching on Berlin by way of Mexico."

Mr. Marshall defended the Adamson eight-hour day law and the administration's stand on the tariff.

**AN OLD FRIEND RETURNS**

A. Turner B. Howard requests the Times to publish this announcement to all his friends:—

"I have returned to St. John to work this winter, and I am willing to resume my missionary work in aid of the Seaman's Mission and other works; so all of you who have magazines, books or papers, of good reading for soldiers and sailors, I want you to give them to me. Please send your address to the Lilliot Hotel, Germain street, and after this week I will attend to it. Any work that I can do in aid of the Belgian or Patriotic or Red Cross work I will do with

ACID STOMACHS ARE DANGEROUS

Nine-Tenths of All Stomach Trouble Due to Acidity Says New York Physician. A well-known New York physician who has made a special study of stomach and intestinal diseases recently made the startling statement that nearly all intestinal trouble as well as many diseases of the vital organs, are directly traceable to excessive stomach acidity commonly termed sour stomach or heartburn which not only irritates and inflames the delicate lining of the stomach but may often cause gastritis and dangerous stomach ulcers.

NOT JUST FOR FUN

A Scotsman and an Irishman were discussing the recent revolt in Ireland. The Scotsman remarked that so much fun was a dangerous thing. "What's that got to do with the rebellion in Ireland?" says Pat. "Well," says Sandy, "I've seen it started with Larkin, and finished up in earnest."

NO SECRET ABOUT VINOL

The Complete Formula of this Great Tonic, Strength Creator is Printed On Every Label.

There is no secret about the reason why Vinol surpasses all other tonics and cod liver oil preparations to create strength for weak, run-down, overworked, debilitated men and women, after sickness, for feeble old people and delicate children. It is because it is a scientific combination of the greatest tonics known to medicine, viz., beef and cod liver peptides, iron and manganese peptonates and glycerophosphates, etc. That is why Vinol quickens the appetite, aids digestion, supplies iron to the blood and brings back the strength of renewed health.

There seems to have been a systematic, putting the Roumanian prisoners in batches and shooting them in the market places and other convenient spaces."

"There is in the hospital today in Bucharest a raving lunatic, a lady of good Roumanian family, wife of a Judge, who, hearing that the Roumanians were being massacred, rushed half dressed to the tribunal to save her husband. She arrived just in time to see a hatchet descend on his head and cleave his body nearly in halves. She was found and recognized by some Roumanian officers who brought her to the capital.

"During the fighting the Bulgarian women and children followed the lines, stabbing and torturing the wounded. Bodies were found with twenty and thirty cuts and wounds. There are a dozen Roumanian soldiers in hospital bearing as many wounds who still live to suffer torture. Many of the women had rifles. More than one wounded soldier was shot in the back.

A chicken valued at fifty cents cost Mrs. Albert Barnes and John Jakinsky, both of Drifton, Penn., \$30. To settle a dispute as to the ownership of the bird, Jakinsky caused the arrest of Mrs. Barnes. The contest was too much for Squire Malley of Freeland. Unable to decide who was the real owner, he divided the cost and other expenses, amounting to \$30, between the litigants.

German Dug-Outs Are Like Underground Houses, Some With Comfortable Furniture

Officers' Quarters Found With Mirrors, Beds, Pictures and Wall Paper—Whole German Trench System Far More Elaborate Than British

Along many miles of the western front, as it was till the end of June, it is now possible to stand at one's ease in the middle of "No Man's Land" and observe the differences between a German front trench on the one hand and a French or British front trench on the other. The first point to be noticed is that the allies' wire is only cut across by neat lanes or gangways at convenient intervals, while the German wire lies in a tangled mess on the ground. Then the allies support their barbed wire mainly with wooden stakes; the Ger-

DO YOU FEEL SEEDY?

If You are Nervous, Depressed, Sleepless and Suffer from Sick Stomach, Headache, Constipation and Indigestion You Need Ferronone to build Up the System

Thousands are in this dreadful condition, only half alive, unable to stand the strain of work and worry. There is no sense or reason in trying to be comfortable with the idea that it will pass off and that you are going to be better soon. Unless the system is cleansed of the impurities that poison the blood, you will never be better. The best remedy is Ferronone. It achieves marvellous results in chronic wasting diseases, nervous prostration, faulty nutrition, heart disease and stomach troubles. Ferronone promotes healthy digestion which results in all food being assimilated. Nutrition is vastly improved, the blood grows rich and red and gives stability to the entire system. The store of nerve energy and force increases daily by the use of Ferronone. The process of waste is arrested, and in its place a rebuilding of the whole system takes place.

Diseased conditions cannot exist where Ferronone is used. It attacks disease at the very foundation, and by keeping the body well nourished and supplied with strong blood and a powerful nervous organization prevents and keeps away all manner of sickness. There is no blood builder, nerve tonic and strength producer that can equal Ferronone, and few people are so well that could derive great benefit from its use. It is valuable in Nervous Dyspepsia, Anæmia, Weakness, Impure Blood, Bronchitis, Neuralgia and Rheumatism. It is prepared in the form of a chocolate coated tablet and is both pleasant and convenient to use. Ferronone produces that high standard of health so much desired by every one. It brings back the rosy tint to the pale cheeks of the Anæmic girls and women. It puts grace and elasticity into their movements, gives lustre and brightness to the eye and symmetry and roundness to the form. It gives a man purpose his daily toil and can be relied upon at all times to benefit and give perfect satisfaction. You can't invest half a dollar to better advantage than in a box of Ferronone. Your druggist has it.

DO YOU IMAGINE

that your skin trouble is incurable because ordinary treatments have failed? If so get Zam-Buk and prove, as thousands of others have, that Zam-Buk is capable of healing after everything else has failed! Mrs. Horan, of 183 Manning Ave., Toronto, writes: "For eight months my little son's face was simply covered with eczema. The pain and irritation were so intense that he could not sleep. He received treatment at a hospital, but it did him no good. Then I heard of Zam-Buk and commenced using it. It really worked wonders. The pain and irritation soon disappeared, and I could notice a decided improvement. I persevered with the treatment until now his face is quite free from sores and his skin is perfectly clear. I cannot be grateful enough for what Zam-Buk has done, and I shall never be without it."

Zam-Buk is equally good for ringworm, salt rheum, blood-poisoning, ulcers, old sores, piles, burns, scalds, cuts and all skin injuries. 50c box, 3 for \$1.25, all druggists or Zam-Buk Co., Toronto.

Prepare This for a Bad Cough—It's Fine

Prepared and Easily Made, but Does the Work Quickly. The finest cough syrup that money can buy—costing only about one-fifth as much as really-made preparations—can easily be made up at home. The way it takes hold and conquers distressing coughs, croup and chest colds will really make you enthusiastic about it. Any druggist can supply you with 2 1/2 ounces of Pinex (50 cents worth), four 1/2 ounce bottles and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 64 cents and gives you 10 ounces—a family supply of a most effective, pleasant tasting remedy. It keeps perfectly. It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat, membranes, and gradually but surely the annoying, throat tickle and wheezing cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with gaulther and it knows the world over for its prompt healing effect on the throat membranes. Avoid disappointment by asking your druggist for "2 1/2 ounce Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction money promptly refunded goes with this preparation. The Pinex Co., Toronto, Ont.

New McAvity Plant Is One of the Best

The first unit of the T. McAvity & Son new plant here is now completed, and operations are at present under way for the output of a small order of 8-inch shells. As soon as these are finished additional equipment, which is now being installed, will enable the plant to start on the production of 9.2-inch shells. Not only is the building utilitarian and attractive on the exterior, but also in its machine and tool equipment and the general layout of the plant and its provision for the health of the employees. Canadian Machinery says that it is perhaps one of the most up-to-date of its kind in the Dominion. About 225 men are at present employed, and a similar number is still required by the management.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" can't harm tender stomach or bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels when they become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleaning" is often all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

CONSOLIDATED SCHOOL PROMISES TRANSFORMATION OF RURAL COMMUNITY

(American Lumberman.) There is nothing new about the consolidated rural school idea, but in view of its soundness and true economy rural communities have been very slow in adopting the idea. In numerous communities throughout the United States excellent consolidated schools are in operation, demonstrating their practicability and economy not only as educational but as socializing influences.

TO SAVE TROUBLE

When the housewife is preparing home made dishes with cold meat which has been left over, she tries to give a new relish to the dish by adding various kinds of spices and flavorings. How frequently the result is a failure. Just a little too much pepper and the dish is too hot, or a slight error in the mixing, and one particular flavor drowns all the others.

# WHAT'S NEW AT THE MOVIES

## BIG HIT SCORED BY IMPERIAL SINGERS

Splendid Novelty and Powerful Picture Programme Greatly Enjoyed

Thanksgiving cheer characterized Imperial's programme yesterday which received its final renditions today. Those who were unable to see the show yesterday because of other duties or festivities, can bank on a good bill. In the first place the novelty of the show was the singing trio, Kette, Langton & White, three Boston boys who certainly are masters of close harmony and as interpreters of the popular music of the hour. That they made a hit would be putting it quite mildly for their bright and snappy numbers and

sweet sentimental songs struck all audiences on a responsive chord, which of course spells instant success. There were solos and concerted selections, all of them good and all of them loudly enjoyed. The track numbers were: "The Old Dominion Limer," "Over the Hills to Virginia," "Turn Back The Universe," "The Hoko-Moko Isle," "The Rocky Road to Dublin," "They Called It Dixieland."

Much has been read in the newspapers about German plots to wreck munition plants engaged on contracts for the Allies, but up to the issue of the "The Redemption of Dave Darcey" no motion picture story ever touched on this subject. The Vitaphone five-reel just mentioned, tells how a youth of the underworld, buffeted about as one of the criminal class, vindicates his honor by frustrating an attempt of a slick group of German spies who set several bombs in one of the big munition factories. The scenes of this story are very thrilling indeed and of course elicited great plaudits from the St. John audiences who saw them yesterday. James Morrison, Mary Maurice, Robert Galliard and other well-known Vitaphone stars played the leading roles.

## Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and stinging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

The Patriotic pictures as contained in the British Gazette show how the British capture hostile submarines, gives an exhibition of bomb-throwing, down the Hun defences on the Somme, and a most inspiring picture of King Ferdinand of Roumania reviewing his splendid fighting army at Bucharest.

## GREAT BASEBALL STORY ON GEM CURTAIN

Famous de Wolf Hepper Gives Splendid Performance With City Baseball Mad

With the city in turmoil of interest in the world series baseball games between the Red Sox and Brooklyn, the production built around the baseball classic poem "Casey at the Bat" had almost everybody who knows baseball has read it or knows of it and many also know that deWolf Hepper in his stage career before the days of the movies, added undying fame to his reputation for his criticism of the famous verses. Time after time he has been called to the front of the stage in wildly enthusiastic epoues. Now Mr. Hepper is acting before the camera and he is here today in the story written around the noted Casey and his exploit.

The picture is a big production and in addition to its striking baseball characteristics, also provides a very interesting story in which Hepper, one of the world's most noted actors in his line, plays the principal part. It, therefore, was keenly enjoyed by not only enthusiasts of the game, but by those who are not so well versed in or so much interested in the national summer pastime. The picture made a decided hit.

For those who want real rich fun, and who does not utter in a while, Roscoe Arbuckle (Fatty) provided it in "The Waiters' Ball," a happy Keystone conceit pictured in two rapid five-reel reels which kept all convulsed with laughter. These two features made a delightful Thanksgiving Day bill which was keenly enjoyed. It will be repeated tonight. For Wednesday and Thursday the Gem will have a new episode of "The Yellow Menace" and another big feature.

## NEW CHANCE TO INVEST IN PATRIOTIC MANNER

Ottawa, Oct. 9.—A new Dominion five per cent three-year debenture stock, maturing on October 1, 1919, with interest from date of purchase, payable by check free of exchange, is being issued by the finance department. The new stock will be available for purchase at par at any time and will be advertised in a few days at which time all particulars will be given. The new issue promises to be very popular as a safe, patriotic and profitable investment.

## BOY SCOUT NOTES

A Bucharest despatch states that when German aeroplanes dropped bombs on the city, killing about forty civilians, "Boy Scouts engaged courageously in maintaining order among the entire population." In the early part of 1916, Bristol, Eng., introduced a practical scheme for utilizing all her Boy Scouts in the event of air-craft raids. The scheme caught on there with such enthusiasm that it was unanimously adopted in other parts of the continent. This scheme was introduced with the one idea of giving large numbers of Boy Scouts an opportunity to "be prepared" if occasion should unhappily arise.

In the event of an air-craft raid a scout's duty consists of assisting in rescue work, procuring equipment from nearest troop headquarters, sending for police and other assistance, calling attention to dangers from explosives and cables, giving first aid assistance and performing numerous other duties.

His Royal Highness the Duke of Connaught, in his capacity as chief scout for Canada said farewell to the Boy Scouts of Montreal recently. In the course of his remarks he said:

"It has been a labor of love for me to do what I could to further the scout movement in Canada and show my strong personal interest in everybody and everything connected with the great movement. But I am happy to say that I by no means cease my connection with the Boy Scouts movement, because I am a proud member of the Boy Scouts in England. During the five years I have been chief scout here it has been a great pleasure to me to see how this movement has progressed in Canada and the excellent work accomplished. This has been shown many times in the rewards given to scouts for saving life at the risk of their own. This is as it should be—it is the duty and the pleasure of every good scout at all times to help others. "Remember, the Boy Scouts are bound by their oath to be respectful to their seniors, to help those in distress, to behave in an honorable manner, so as always to be a pride to the Boy Scouts. You boys are growing up fast and will be the next generation in Canada. I hope you will always remember what you have learned as Boy Scouts and that when you grow up you will always be loyal to your sovereign and your country."

## AROUND-THE-WORLD BAND FAIR SUCCESS

Hundreds Attended Big Attraction During Holiday in St. Andrew's Rink; Event Splendidly Conducted

The "Around-the-World" fair, held by the city council last night in St. Andrew's rink, was very successful and about 1,000 persons were in attendance. The different attractions were well patronized and the affair lent new interest to the holiday offerings. Among those who assisted were: Mrs. J. T. Sheehan, Miss Anna Fitzgerald, Miss Kate Siney, Miss Mary McManus, Miss Gertrude McManus, Mrs. E. J. McLaughlin, Mrs. Melville, Mrs. E. Finnigan, Miss Winifred McNeill, Miss S. Wallace, Anna Fitzgerald, Mary Moran, Mrs. W. O. Sullivan, Misses Mary and Alice Cully, Miss Scott, Miss Irene O'Connor, Miss S. Evelyn Walsh, Miss F. Blanche O'Brien, Miss Kathleen McCrossin, Mrs. M. J. Higgins, Miss Harrington, Miss Cowan, Miss K. McCullough, Miss K. Higgins, Miss M. Doyle, Miss Ella Connolly, Miss Mary McManus, Miss Gene McNeill, Miss Marcel Brown, Miss Vera Pike, Miss S. Garacet and Miss K. Hurley.

## FLORENCE TURNER AT LYRIC CHARMS ALL

Seen in Master Picture, "The Welsh Singer"—Vaudeville Also Enjoyed

Possibly one of the first actresses to make a star on the legitimate stage and become a star on the screen was Miss Florence Turner. For several seasons she was leading woman with the Vitaphone Company, playing opposite Maurice Costello. She is now at the head of her own company in England, producing for the Mutual Film Corporation.

As a special Thanksgiving Day attraction she was seen at the Lyric Theatre yesterday in an unusual master picture called "The Welsh Singer." The production is typically English and the views of the Welsh hills are surely a delight. Miss Turner has lost none of her old time vitality and her personality is as charming as ever. In the leading character of Allen Rain's well known novel, she is seen at her best. First the little shepherdess of the hills she captures the heart of every spectator and then when the girl grows up and becomes a famous operatic star, the emotional acting and wonderful expression which she brings into play, offers the very best in the art of pantomime. The play deals with plain Welsh folk, a landlord suggesting a modern Shylock, a shepherd and his sweetheart and one of those little old-fashioned comedies which are so familiar to the people of the smaller towns in England. The supporting cast is an excellent one and the vehicle is one in which Miss Turner's abilities are well demonstrated. The vaudeville act of Baker & Murray fitted right into the holiday programme and the large audiences in attendance were very appreciative.

## UNIQUE DRAWS MANY HOLIDAY PATRONS

Second Episode of "The Shielding Shadow" Keeps up Gripping Interest

"Into the Depths" is the title of the second episode of Pathe's greatest serial "The Shielding Shadow." It was viewed yesterday at the Unique Theatre by capacity audiences and while the first edition of this continued play was a phenomenal success, the second chapter grows in interest and is even better than the first.

"The Shielding Shadow" has not yet made its appearance and as to what form or guise it will take is a matter of conjecture with those who have signified their intention to follow this masterpiece in serials. The second chapter deals with the escape of the hero after having been accused of murder. A thrilling motor-boat chase is one of the outstanding scenes as is also the escape

Pte. J. B. Rainford of Fredericton, of the 26th Battalion, who was invalided home and who spent some time in hospital in St. John; is now in the Military Hospital in Halifax, where he is operated on for hernia on Sept. 22. He is still confined to bed. He sends the Times the following verses:
We'll stick to you, John Bull,
We're at your beck and call;
Though the ocean does divide us
Our hearts are British all.
We showed the Huns at Ypres,
And in other battles, too,
What the boys from Canada
When called upon can do.

**"MOVE QUICKLY" ON FERRY FLOATS**

"Move Quickly" will doubtless stare in the face of passengers using the ferry as they meander up the floats if an idea which Commissioner Russell now has under consideration is carried out. It has been pointed out to the commissioner by people that the majority of passengers on the ferry boats have unconsciously dropped into the habit of moving along after the manner of a funeral procession when they leave the ferry. This pace suits the average lady who goes shopping or those who are sight-seeing, but the business men need must hustle and to do this he is forced to take the track set apart for vehicles. Commissioner Russell is considering the erection of signs bearing the request "Move Quickly"

**LOCAL NEWS**

**LOSES A FINGER**

Rupert Mosher of Brussels street, is receiving treatment in the General Public Hospital, having been taken there as a result of an injury sustained to his forefinger this morning while he was at work in the Canadian Brush factory. The accident necessitated the amputation of the finger.

**WILL BRING BODY HERE.**

No further word has yet reached Mrs. Sydney Donkin relative to the death of her husband, who was accidentally killed while at work in New York. Relatives have sent several telegrams to the New York inquiring for particulars but there has been no reply. Yesterday morning C. H. Green, a brother-in-law, left for New York to bring the body back.

**ACIDENT**

George Ramsey of 297 Brussels street, sustained painful but not serious injury this morning while he was at work on one of the steamers lying at Long wharf. Mr. Ramsey is employed by Swanton Bros. elevators, and was assisting other workmen in unloading sulphur from the steamer. The rope which holds the tackle broke and the heavy tackle fell and struck Mr. Ramsey on the back of the head and shoulders. The ambulance was rushed to the scene and the man was conveyed to the hospital. Examination revealed that there was a severe cut in the head and that the right shoulder was also injured.

**STREET CARS USE THE MILL STREET RAILS AGAIN**

Progress of Street Work in North End and Graveling of Marsh Road

Last night the street cars were allowed free passage along Mill street for the first time since the new street work was begun there. Although the concrete laying had been completed the street car traffic was tied up until the new work had time to "set". The granite block work is not yet completed and today the men are working on the western side of the street, the eastern side will be attended to in turn.

The work on this important artery of traffic is being rushed to completion, but under present conditions there is very little inconvenience caused to vehicular traffic by the granite block work which is in progress.

That portion of the improvements to be put on Main street which is being done by the city by the day's labor method is in progress and Commissioner Fisher told the Times he thought the work of laying the concrete would be begun some time today on that portion of the street lying between Simonds street and Douglas avenue.

Tenders for the portion of the work which is to be carried out with contract were closed yesterday. The offers will be considered at a meeting of the council this afternoon. This section to be carried out by contract is to be laid with granite block and lies between Acadia and Fort streets and the Marsh road from the One Mile House toward the city being carried out with the greatest possible dispatch and although the commissioner has not had an opportunity of visiting the scene of operations during the past forty-eight hours he has received reports indicating that good progress is being made. One of the large trucks of the department has been out of commission during the past fortnight and this necessitated the hindered the normal prosecution of the work in different parts of the city.

A new plan of Clarendon street, showing lines and grades will be presented to the council at the meeting this afternoon and it is understood that proposals are on foot to bring about some improvements on that portion of roadway.

**POLICE COURT**

Business in the police court today was light despite the fact that it was a court day. There has not been any court held since last Saturday so that the accumulated business of three days was ready to be disposed of but despite this the number of delinquents on the sheet was small one. Two men, charged with drunkenness, each forfeited a deposit of \$8 and another was fined \$8 while two more were remanded.

Thos. Gibbons, recently charged with absconding himself without leave from his battalion and allowed to go on suspended sentence, was again in court charged with vagrancy. He said that he had been unable to pass the medical examination for the army.

His honor inquired minutely into his history. Gibbons said that he has a chance to secure a job on the Valley Railway and he was remanded to jail until the up river boat sails this afternoon.

Della Scott was charged with breaking and entering the residence of H. G. Marr, Germain street on Sunday afternoon and stealing \$100 in cash and articles of wear valued at \$88. The girl was arrested at the depot on Sunday afternoon by Detective Bridges and Acting Detective Hopkins. Her case was set over today pending further enquiries.

Andrew Robertson, charged with theft was again in court and remanded.

The disappearance of an automobile belonging to a local doctor on Saturday caused the appearance of a sixteen-year-old boy in court. It transpired that the chauffeur had taken the car out without the doctor's knowledge. The chauffeur has not yet been located so the matter is yet pending.

**LOCAL NEWS OF SOLDIERS**

Lieutenant F. A. Courtenay of the 140th Battalion, who did not proceed overseas with the unit owing to the fact that he was one of the surplus officers, has received an appointment to a C. 2. E. draft and will proceed overseas at an early date.

Captain J. R. Jago, engineer of the 6th division, Halifax, is in the city today in connection with the fitting up of the military buildings for the occupation of troops this winter.

A new course of physical training was inaugurated this morning for the members of the 16th Battalion under Lieutenant A. H. Belliveau. This training will be taken not only by the N. C. O.'s and men, but by the officers.

**SHELL WHICH WOUNDED SAINT JOHN SOLDIER KILLED TWO OTHERS**

Three More Were Hit—Private Freeman Gardner Writes Home of Big Offensive on Somme Front

"At last a big one burst right behind the party that I was in and got six of us. Two of them died in a few moments and three got it in different parts of the body—I got it in the neck, right where the chicken got the axe," writes home Pte. Freeman Gardner, who is now wounded and in a hospital in Boulogne, France, in the course of his story of the great British advance on the Somme front.

With stoic complacency he writes that his wound is not very serious, although he admits that it was made by a shrapnel bullet, which would not likely make a very light injury.

Speaking of the Somme offensive he says: "I suppose you have read about that big advance at the Somme on September 14. Well, that's when I got it. We had been up digging a trench from our old front line up to the new front line, the one we had taken that morning and at half past eleven we started for dinner.

"We were getting along nicely and were just about ready to jump across what was the German front line, the night before, but who's our third then, when 'Frits' started to send over some shrapnel. Well, they were bursting all around us and at last one burst right behind the party I was in."

The damage caused by the bursting of that particular shell is already related. Pte. Gardner says that he is being given excellent treatment at the hospital and expects to be around again in a short time. It is a noteworthy fact that he is one of two brothers now at the front and his father is also serving in a C. E. unit. The family lives at 124 Thorne avenue.

**CAUGHT IT EARLY OR MUCH DAMAGE MIGHT HAVE RESULTED**

Quite a Bad Water Situation Discovered in Vicinity of One Mile House

A small sized river that had lost its check rein and was running wild was discovered by Commissioner Wigmore and his assistants on Saturday afternoon when they went to the vicinity of the One Mile House for the purpose of installing the new meter boxes.

Arriving at the point where the work was to be effected the men heard a great rushing of water and found that the brick vault and three tiers of brick in concrete and the break is immediately adjacent to the wall, so that a large part of it will have to be torn away before the work can be properly accomplished.

A very fortunate feature of the whole thing is that the turning off of the big main, which was necessary before repairs could be made, did not leave any portion of the city without water and since the work was begun the lowest pressure recorded has been twenty-two pounds. A new throat was installed on Sunday and it being found that the stopcock on the "M" was also out of order a new one has been installed. The commissioner hopes to have the repairs completed within a very short time now, and every effort is being made to rush the work.

**CAPT. CORELLI RETURNS**

Captain A. D. Corelli arrived in the city yesterday from Valenciennes where he has been for the last few months on the staff of the New Brunswick brigade as brigade captain. It is not definitely known just what position he is to fill in St. John, but it is understood that he will be attached to the 16th Battalion as an instructor. Captain Corelli was the O. C. of the branch of the R. I. 1 which was conducted here last winter, and when the school was broken up he was transferred to Valenciennes where he was attached to Brigadier-General McLean's brigade.

**A VETERAN JOURNALIST**

Still vigorous and cheerful in his seventy-seventh year, after sixty years in the printing business, J. J. Anslow of Windsor, N.S., is in the city on business, and is going north to see old friends before returning home. Mr. Anslow is one of the old guard. He worked for the Daily Telegraph in Dr. Elder's day, and has long been a newspaper publisher on his own account. A couple of years ago he gave over the Hants Journal to his son Harold, and has since busied himself to some extent with his garden and a little fire insurance business, but the old habit remains and he still does some newspaper work, including recently a three column report of a notable memorial service. Mr. Anslow's reminiscences of old times in newspaper work are very interesting and he should find time to put them on paper.

**The Man Who Buys Oak Hall Clothes This Fall Is Assured Highest Quality and Greatest Value at Any Price He Pays**

You can't get away from cold facts and there are unquestionable facts to prove that for twenty-seven years the men of Saint John have gotten and still get better clothing for the money at Oak Hall than at any other store in town. Our rise to leadership among all the Clothing Stores of the city proves it.

Our constantly growing business, proves it.

Our unequalled showing of smart new Autumn styles all prices—at a time when good merchandise is so scarce and hard to get, is further proof of our ability to do things that others find impossible.

So from every standpoint—quality, style, variety and value there's a decided advantage in buying Oak Hall Clothes.

**Office Furniture**

In our show room, 37 Canterbury street, we are displaying the largest stock of Office Furniture to be found in this city.

This includes every style of desk—flat top, roll top typewriter and standing bookkeepers' desks, in various woods and at all prices; also swivel and tilting chairs, with armchairs and small chairs to match; typewriter chairs, high stools, both swivel top and stationary; wardrobes, costumers, etc.

We are agents for St. John for the famous "Macey" Inter-Inter Filing Devices, and can supply cabinets fitted to meet the requirements of practically any business, as well as including the devices in the Macey Desk when so desired.
