POPULAR ACTOR PRAISES TANLAC

Talented Montreal Citizen Declares it Fully Restored Health, Weight and Strength.

Rock E. Boisseau, 1834 Chabot St. Montreal, Que., well-known and talented musician and actor, is still another popular young citizen to come forward with a public endorsement of the Tanlac treatment. Mr. Boisseau recently sang the prologue for "Passion" at the Allen Theatre, and also had the leading role in "The Dream of a Young Lover," moving picture drama. He was formerly a teller for the Hochelaga Bank.

"Tanlac did me so much good," said Mr. Boisseau, "that every member of my family except my father has taken it too, and all have benefited. As for myself I was in a badly run-down condition and felt weak and worn out all the time. I gradually lost weight and was a long way from my usual good health."

"But a few bottles of Tanlac made me feel like a different man. I began to gain weight, my old time energy came back, and my work is now a real pleasure. I can positively recommend Tanlac, for it is the best medicine I ever saw."

"Tanlac is for sale by all good druggists. Accept no substitute. Over 30 million bottles sold."

In an aeroplane flight made during a thunderstorm, he reports, at the height of two thousand feet, he could watch the lightning leave the clouds and strike the earth, and soon afterwards see the smoke rising from the fire thus caused. During the one flight five fires were observed to start in this way.

The Evening Times and Star

ST. JOHN, N. B., APRIL 9, 1923.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE THREE GROUPS.

There are three distinct groups in opposition to a civic distribution system in St. John, although they are all working to the same end. There is, first, the New Brunswick Power Company group, with its eye on that capitalization of \$5,100,000, on which it wants a return. There is, second, a small group of citizens who have been misled by the false cry of increased taxation and the alleged danger of a second distribution system. There is, third, a small but noisy group who would rather see St. John remain in the clutches of the Power Company than that those who have fought against them for hydro should succeed. Of the three groups the New Brunswick Power Company group is doing just what everybody would naturally expect. With the second group one may at least sympathize to some extent because of the nature of the campaign carried on by the enemies of hydro; but the third group is worthy of severe condemnation. It is narrow, and without civic spirit. An analysis of the situation, however, shows that they were last November, except that they are growing restive and uneasy because of delays in carrying out the policy which they have three times endorsed. It is not surprising that they use it to go to the polls and vote for that for which they vote to be denied them, or their authority questioned in any quarter. That community is most progressive which when a large majority has decided upon a course of action, sinks its differences and sets out to make a success of the venture. St. John ought to be in that class.

PROFITEERS HARD HIT.

An illustration of tardy justice in the United States is found in the case of fourteen men jailed in Boston last week for an offence which they were convicted four years ago. They found guilty of conspiracy to keep the price of fish in war-time high. The men were able to defeat the ends of justice by further action in the city until last week. Perhaps had they been men of less prominence they would not have evaded the penalty so long. The leader among them, and the organizer of what was termed the Bay State Fishing Company, was Frederick Monroe Dyer, president of F. M. Dyer & Co. investment securities, New York, and Boston, and president also of the Alston Steel and Sewing Company of New York. He and four of the biggest fish dealers, who were officers of the "fish trust," were sentenced last week to ten months with hard labor, and fines of \$1,000 each. The other dealers were sent up for five months and fined \$500 each. Another was not sentenced because of ill health, and still another had abandoned the legal fight and went to Deer Island in February, where he has now been joined by the other fourteen. Their crime merited more speedy punishment, but it is at least satisfactory that in the end the law is vindicated.

MORNING NEWS OVER THE WIRES

John H. McLean of Moncton, N. B., a freeman on the Ocean Limited, was instantly killed yesterday when in some unaccountable manner he fell from the top of the train when it was near Newcastle. He was twenty-eight years of age and is survived by his parents, his wife and one sister. Rev. Father Verette of the Cathedral of St. Charles in Moncton was appointed to curate to a parish in Madawaska county. He was chaplain of the Young Men's Catholic Club and a great favorite with all. An epidemic of smallpox has broken out at Ingonish, a fishing and farming village in North Victoria County, N. S. It is said the disease is spreading rapidly because proper medicines and supplies are lacking. The village has been isolated as heavy ice lines the shore and unprecedented banks of snow block the roads. A doctor was reported travelling on snow shoes from Cape North to Ingonish. Herbert McDonald, a freeman, was instantly killed and Charles Vincent, engineer, was seriously injured early this morning while working in the C. N. R. yards at Moncton. The engine on which the men were working sideswiped some cars. Mr. McDonald is survived by his wife and a young son. The Minister of Immigration has received a telegram from Fritz Beck, who is in charge of Swiss immigrants, denying statements credited to him, in which he was reported to have criticized immigration officials upon the arrival of his party in Halifax. Baron Byng of Vimy has been elected honorary president of the National Council of Education in Toronto on Saturday. Vincent Massey was elected president and Dr. J. Clarence Webster of Sheldale, a member of the board for New Brunswick.

NATURALLY THE FEDERAL LIGHT AND TRACTION COMPANY OF NEW YORK WANTS HYDRO.

It has already brought the water in the New Brunswick Power Company's stock. There are some people who would like another plebiscite on hydro, not because they think for a moment that the people have changed their minds, but because it would result in further delay and delay in the interests of the New Brunswick Power Company.

The Marriage Game

The Snappiest of Pastimes As Played to a Decision Every Day By Mr. and Mrs. Arnold Hatton

MORE ABOUT THE S. OF H.

Her Play—We were speaking only yesterday about the masculine sense of humor. I confess no woman will ever understand it, my love. Why, for example, does a man think that the yow he pledges when he marries—to "cherish and love beyond all others," and so forth—is that humorous? Yet no man ever speaks of the marriage vow he pledges without laughing in a half-polemic manner, as if he were discussing a joke that was in perhaps bad taste. I cannot understand it. No man ever suggests that the yow his wife has pledged to love and obey is comical. I dare say that if I were to apologize for that and laugh it off casually you would clamp your hand on my forehead and say, "What is that so funny about a wedding? That is so funny about a marriage ceremony? What is so humorous about that when a man announces that he has become a father you thump him on the back, shout loudly and behave as if he were excited by the news of the birth of a child? Why is that so funny? And when you speak of a physician in charge of a hospital ward, you shrug and grin. Is that another good joke? You men and your sense of humor!—See here, stop nagging me! The Referee—Does she win? Ah, easily. (Copyright John F. Dille Co.)

TO THE LEADER OF THE MIGRATING WILD-GEESE

(By Agnes Jones.) Strange guide of that strange V-shaped caravan A-pointing white; of winged travelers Against a cold gray sky; who carry most prized possession—wild, sweet life—into Another realm! We envy you your Leadership—Your compass now! We only know there is no compass made By man that's half so true! Your little fear lest the marauder, O'ertake your caravan upon the way And rob you of your priceless jewel—That secret, wild call came wafted on the winds; You took the sporting chance—I cast aside The cold, hard fact that life must ever be Sustained by sacrifice of life, and wish You safe arrival at your journey's end!

IN LIGHTER VEIN.

Practical. "Practical Counsel—Now, sir, supposing I made a fierce remark to you and you tried to knock you down. How would you describe my action?" "Bury Wilton! He should say you was bawdy!"—Punch (London). "Is the boss in?" asked the visitor. "The office boy, with his chair tilted back and his legs stretched out on a desk, made no reply. "I asked if the boss was in," said the visitor. "The office boy glanced at him, but remained silent. "Didn't you hear me?" snapped the visitor. "Of course, I heard you," answered the boy, scornfully. "Then why the dickens didn't you tell me if the boss is in?" "Now, I ask you," retorted the boss, as he reared his legs on the desk, "does it look like it?"—Los Angeles Times.

SUE AND STYL.

Some years ago Mr. Balfour explained a bound-up ankle by saying: "I was crossing my brother's ground when I came to a gate, I had to climb over it, by which I came in contact with the first bar and caused a slight extravasation of blood." "You may thank your lucky stars," said Sue, "for the fact that your brother's gate was not as lofty as your style, or you must have broken your neck."—Boston Transcript.

IMPROVING THE SYSTEM.

Pat was telling Mike how he picked winners at the races. "Ye see, I held up a list of the horses and got the wife to shut her eyes and jab a hatpin into the list, an' begorra, the one the hatpin goes through wins every time." "It's a great scheme ye have, Pat," said Mike, "and, faith, I'll try the same myself. But not with a hatpin; it's a fork I'll use, and so I'll get three winners—first, second an' third."—Boston Transcript.

TO HELP JEWISH EMIGRANTS

New York, April 8.—More than 200,000 Jewish women will be represented at the American-European Conference of Jewish Women which is to be held at Vienna May 10 to 18, according to Estelle M. Sternberg, national executive secretary of the council. The conference will consider the possibilities of remedying the conditions reported by the council's field workers in Europe by providing better hotels for emigrant women and children on their way from one country to another, and by securing employment for those who are detained for an indefinite period in European cities.

MORE AIRPLANES.

London, April 8.—While estimates for the army are parcel and expenditure on the navy is seriously trimmed the British Air Force will be increased by fifteen squadrons during the coming year, a reserve of 700 officers will also be created and special instructions are being offered to former pilots and suitable civil aviators to

INTERESTING CANADIAN WOMEN

(Mrs. E. Atherton Smith) British & Colonial Press Ltd., Toronto.—Mrs. Smith, a native of New Brunswick and a resident of St. John, has many interests in the women's organizations of the Dominion. She is vice-president for New Brunswick of the National Council of Women, president of the Royal Standard chapter, I. O. D. E., an active organization in St. John, with which society she accomplished important work, being afterwards decorated by the King of the Belgians. She is actively engaged in hospital work and the organization of Canadian Clubs. In recognition of her literary work and her ability as a lecturer, she was made an associate member of the Royal Colonial Institute, of London, England. Mrs. Smith is also interested in educational and social service work.

HIGH PRAISE FOR THE PUBLIC HEALTH NURSE

In the Bulletin of the Academy of Medicine, Paris, France, December 1922, Professor Leon Bernard visiting North American public health departments, as the guest of the Rockefeller Foundation, references to Toronto's department form a very prominent part, excerpts of which follow: "I wish to speak very particularly of a public health organization where the public health nurse is truly the nurse of the whole system. The city of Toronto, Canada, is divided into eight districts, each provided with a physician and other medical services, and public health nurses; these number 112 in all. Each district, therefore, has a population of from two to five thousand, and is served by a public health nurse. In this little circle, the public health nurse is entrusted with everything which concerns the health of the families, whom she knows and visits, and over whom she acquires a real authority; she looks after the infant, as well as the children of school age or the parents who have tuberculosis, syphilis, or an infectious disease. She is consulted at the hospital. When the hospitalized patients leave she gives to the public health nurse. Whenever the latter sends some one to the hospital for consultation or admission, she has a full report of her observations. There is a constant co-operation between the nurse and the medical services at the hospital. In one word, in the Toronto system, which is rightly considered one of the best municipal public health organizations in America, the medical services for the various branches of health are divided into special clinics, not dependent on the municipal administration and the greater part of which are in each district into the hands of the public health nurses, especially educated for this. It is useless to dwell upon the advantages, both economic and technical, of this system, which, leaving to the various organizations relief and treatment, assures their effective and efficient co-operation."

POCKETS FULL OF ALMOST WORTHLESS PAPER MONEY

Ottawa, April 9.—Impressions of the various countries of Europe received during her trip recently were given by Mrs. John Dillon, president of the Ottawa Women's Club the other day. Industrial conditions in Germany, she said, had advanced a great deal since the war, she said. Bohemia of Germany, has progressed so that at the present time it has a budget with a surplus, and has made the miseries of Austria, where she said she had five dollars was worth five dollars, to a country where one pound equaled 40,000 kronen. Tourists and profiteers were seen with pockets bulging with this almost worthless paper money.

CONFESSES THEFT WHEN JURY FAVORS ACCUSAL

New York, April 9.—Phillip O'Brien is disgraced. Just as his case was going to the jury on Friday before Judge Francis Mancuso in General Sessions O'Brien pleaded guilty to having criminally received 400 stolen radio tubes. He thought that by so doing he would receive a more lenient sentence. The jurors. All twelve said they would have voted for acquittal.

RESIDENCE BURNED.

Dublin, April 8.—The country residence of Sir John Dillon, in Ennismulleigh, was burned to the ground this morning by six armed men, who entered the house at midnight and set fire to his wife and daughter, who were "sorry" but they were acting under orders, then helped remove a few articles selected by the family before setting fire to the place.

IN OPPOSITION TO CHURCH UNION

A general meeting in opposition to the proposed union of the Presbyterian, Methodist and Congregational denominations was held yesterday afternoon in the Imperial Theatre under the auspices of the St. John branch of the Presbyterian Association and was addressed by Rev. Robert Johnston, of New Glasgow, and Rev. G. Brown, of Red Deer, Alta. The president of the local branch of the association, Col. Dr. Murray MacLaren, C. M. G., M. P., was the chairman until he was obliged to leave to catch a train and then the vice-president, Col. Dr. G. Corbett, took the chair. Upwards of 800 people were present and many of them by the warmth of their applause, showed their sympathy with the sentiments expressed by the speakers in their fervid addresses. Mrs. J. Milton Barnes was at the piano for the singing of the opening hymn and was the accompanist for Mr. Blake Ferris when he sang as solo "The Prodigal Son." Rev. A. F. Fisher of the Central Baptist church, of Port Jervis, was the speaker for the Congregationalists. The national anthem was sung at the close.

YESTERDAY IN CITY CHURCHES

In the Waterloo street Baptist church yesterday Rev. Gideon Swin was the preacher both morning and evening. At the evening service the singing was led by a male choir from the Central Baptist church, which was directed by Dr. L. W. N. Baker. Quartette numbers were sung by Dr. Baker, U. Smith, Douglas Mawhinney and S. J. Holder. The congregation was much gratified to learn that the pastor, Rev. J. A. Swetnam, was so far improved that he was able to be out for a short time yesterday.

Skull Fractured In Street Accident

Joseph Fleming 33 North street, suffered a fractured skull on Saturday evening when he was struck by a taxicab in City Road, and he is now lying in a serious though not critical condition in the General Public Hospital. Edward Kearns was driving the taxi along the car tracks in City road about 8:30 o'clock and had just passed the crest of the hill when he saw a man ahead of him. He was unable to stop in time and the heavy car struck the man, hurling him to the ground with great force. Mr. Kearns and the passenger with him picked up the unfortunate pedestrian and notified the authorities. The patrol wagon took the injured man, who was found to be Mr. Fleming, to the hospital, where it was found that he had suffered a fracture of the skull. Mr. Kearns went to the police station last night to explain his part in the affair. The police and detectives are investigating the affair on account of the serious nature of Mr. Fleming's injuries.

GOLDEN WEDDINGS

(Los Angeles Times.) We hope the whole wide world will take note of the fact that when a local theatre gave a special performance and reception to which only couples that had been married fifty years were invited, 280 persons attended. While divorce is not unknown in Los Angeles and its environs, it is generally held that it is a wholly erroneous idea of the high percentage of fidelity and happy married life here. Any divorce case, no matter how unimportant in the public eye, is a matter of news, whereas the case of a couple who live happily together in the same neighborhood a divorce case comes from as so much dust and is not mentioned in the papers. There are as yet—bigger cities in the United States than Los Angeles, but it is doubtful if any of them can produce 128 couples who have celebrated their golden wedding anniversary at any one gathering. If Chicago or New York can beat that record let them step right out and do it. In fact, Southern California probably has a higher percentage of happy homes than any other region. That is natural. People who are grouches elsewhere become pleasant company after imbibing the fresh air of Southern California. Folks who couldn't live happily anywhere else get along splendidly here, and anyone who couldn't live in peace and harmony here couldn't anywhere.

Joseph H. Stevens. At the General Public Hospital yesterday morning, Joseph H. Stevens of 118 Hilyard street, died, following an illness of only two weeks. He is survived by his wife, two sons, Charles A. and Harold P.; one daughter, Mrs. her niece, Mrs. A. L. Ferris, Waterborough, Queens County. Miss Alma Gale, teacher in the St. John High School, is a niece.

BOMB BLAST SETS JAIL IN BIG PANIC

Three Prisoners Injured in Attempted Jail Delivery in Ohio.

Warren, Ohio, April 9.—Three prisoners were injured and thirty others were panic when a dynamite bomb was exploded under a window in the west corridor of the Trumbull county jail here.

The blast tore a hole through the four-foot stone wall on the west side of the building, too small, however, to permit the wholesale jail delivery, which it is thought, was the aim of the perpetrators of the bombing. Windows throughout the jail were shattered by the explosion, and glass showered upon prisoners, some of whom cowered in their cells while others, with the freedom of the corridors, ran shouting and screaming in terror.

Overcrowded with prisoners, including bootleggers, thieves, murder suspects and others, some of whom are under sentence to the penitentiary and scheduled to leave for Columbus to start their terms soon the jail was in panic for several minutes after the blast.

Sheriff John E. Thomas, whose residence adjoins the jail in the rear, together with his family, was awakened by the blast and pushed into the jail proper, where the wildest scenes of disorder were being enacted as some of the prisoners sought means of escaping, and others in the cells beat their fists against the bars and shouted to be turned loose.

John Chaffee, turnkey, who sleeps in a small office just outside the cell department, also was awakened by the explosion and rushed into the jail proper to assist Sheriff Thomas in restoring order.

Sheriff Thomas started a round-up immediately after the explosion, and three or four prisoners suspected of probable complicity in the dynamiting were placed in solitary confinement.

ment to await investigation of the blast. The sheriff is of the opinion that the dynamite was smuggled into the building by friends visiting some of the prisoners, and that some person manufactured a bomb, which was placed under a window probably with the idea that it would be easy to blow out a section large enough to permit escape. The heavy wall, however, resisted the explosion.

**HORSE DROWNED;
DRIVER FLED**
Sydney Nurses Get Scare. Call Police—Youth Heard from Two Miles Away.

Sydney, N. S., April 9. — Hearing screams of "Help, I'm drowning," nurses of the Ross Hospital last night telephoned the police, who hastened to the harbor to find a horse struggling in an open hole in the ice, off the mouth of Wentworth Creek. A fire truck with a rope rescued the animal, but it died from exposure. After they had been grappling some time for the driver of the team, who was supposed to be at the bottom of the hole, they were called up from Coxheath by the "corpse," who informed them that he was all right and asked what had happened to his steed.

He was Tommy Routledge, a Reserve youth, who had hired a horse and spent the day visiting at Coxheath. Returning after dark, the horse wandered into the hole in the ice, and Routledge leaped off the sleigh and ran all the way back to Coxheath, two miles up river.

Mrs. H. P. Newcombe gave an address on Temperance yesterday afternoon at the session of the Queen Square Methodist Sunday school. Newton Rogers, superintendent of the Sunday school, presided and the children sang appropriate hymns and choruses. The programme was arranged by Mrs. C. A. Pratt and her assistant, Mrs. F. Blizard, and was under the auspices of the temperance department.

BOSTON HAS FIRST THUNDER STORM
Heavy Fall of Rain, but Little Damage Done.

The first electrical storm of the year visited Boston on last Thursday evening, with heavy rainfall but no damage. Telephone lines were affected in some localities, especially in Middlesex county, and electric lights in Wakefield were out of commission for an hour.

In Quincy lightning struck and shattered the flag pole on the postoffice building on Washington street, fragments being hurled across the street to the lawn of the Thomas Crane library. Bolts also hit the electric light wires leading to the Quincy Theatre and the Alhambra Theatre. The heavy crash of the bolts threw several women in both theatres into hysterics, but they were soon quieted.

Lightning also burned out a transformer in the N. Y., N. H. and H. yard and a fuse-box at Whitney road and Hancock street. Lights in Masonic hall, City square, and in many private houses were affected.

The storm started shortly after 8 o'clock and nearly half an inch of rain fell in the following two hours. The lightning was brilliant. The temperature was 37 degrees, only five from the freezing point.

In earlier times the Eskimos lived as far south as the Gulf of St. Lawrence.

WINS IN SUIT**

Daughter's Husband Had Brought Action for Damages

Interesting Case in England in Which Manners at Home are Given Some Attention—The Wife's Bill of Complaint.

(Canadian Press)
London, April 9.—A remarkable case in which a Keighley man alleged that his mother-in-law enticed his wife away from him and persuaded her to go back to South Africa to her former home was recently tried before Justice Darling. The husband, Charles Sanderson, a cashier, failed in his action for damages for the loss of his wife's affection.

The mother-in-law, Mrs. Hannah Hudson, a widow, resides at Port Elizabeth, South Africa. She denied having used her persuasive eloquence on her daughter but admitted that her daughter was unhappy with the husband. According to Sanderson's story in court the mother-in-law was the sole cause of the separation. The trouble dated from July, 1921, when Mrs. Hudson arrived from South Africa on a year's visit at his home.

**MISS GOULD'S
Engagement
Is Confirmed**

Betrothal of Miss Gloria to H. A. Bishop, Jr. Announced by Brother, Mr. Kingdon, at Dance.

New York, April 8.—The engagement of Miss Gloria Gould, youngest daughter of Mr. George Jay Gould, to Mr. Henry A. Bishop, Jr., published a month ago and denied at the time, was formally announced last week by her brother, Mr. Kingdon Gould, at a dance which Mr. and Mrs. Gould gave in her honor at Sherry's.

Miss Gould is the youngest of the seven children of Mr. Gould and the late Edith Kingdon Gould. She has appeared frequently in amateur entertainments as a solo part in an entertainment by the Chalf School at Carnegie Hall. Her brothers and sisters, in the order of their ages, are Mr. Jay Gould, Mrs. Anthony J. Drexel, Jr., Lady Decies, Mr. George Jay Gould, Jr., who is with his father in Mentone; Mr. Kingdon Gould, and Mrs. Carroll L. Walnwright.

Mr. Bishop, Yale student.

Mr. Bishop is a son of Mr. Henry A. Bishop, of Bridgeport, and is a student at Yale. He is a great-grandson of Alfred Bishop, who was the builder of the Maritime Canal and of a large part of the New York, New Haven & Hartford Railroad, of which he was the first president. Mr. Bishop's mother was Miss Jessie Alford Trabee. He is the youngest of four children, the oldest of whom died in 1886. His sisters are Miss Henrietta Bishop and Mrs. H. Le Baron Peters, wife of Dr. Peters, of Bridgeport. His father belongs to the Union and other clubs and is a director of many large organizations.

The dance last night was attended by about three hundred guests, who on their arrival, were received by Mr. and Mrs. Kingdon Gould and Miss Gould. The latter wore a gown of silver cloth, covered with lace.

The dancing was in the main ballroom on the ground floor, which was elaborately decorated with yellow and lavender flowers, California wood-wardia ferns, large bouquets, palms and ferns. The ceiling was covered with Southern smilax.

On the second floor, where the supper was served at 100 tables, the decorations were most elaborate. The tables were covered with peach blossoms, there were arbors of bamboo canes, covered with Darwin tulips, lavender flowers, California wood-wardia ferns, large bouquets, palms and ferns.

During the supper there was an entertainment, which consisted of dances by Rosina Galli and Giuseppe Bonfiglio, and a ballet of several girls trained by Galli.

THE FOREST AND RESEARCH

Canada spends about \$800,000 a year on agricultural research and not more than \$85,000 is devoted to forest research. The forests of Canada occupy about eighty per cent. of the inhabitable area and directly per cent. of our country will have to be attracted by forest industries.

**Gibbard
Solid Walnut**

"Yes, Madam, This Suite is Guaranteed"

"SEE, here is the Guarantee attached to the furniture." And Mr. Wood pointed to the Gibbard Guarantee Tag.

Mrs. Hunt stepped over, took the Guarantee Tag in her hand and read it.

"Splendid! That's a real guarantee, Mr. Wood. I feel perfectly safe in buying this dining suite. When a manufacturer gives a printed and signed guarantee with his furniture, it takes all the risk out of buying. It shows he knows the furniture is all right or he wouldn't dare put his name on it and guarantee it."

"Right you are, Mrs. Hunt. And it's a pleasure for me to sell you a Gibbard suite. Gibbard's put either real, genuine Solid Walnut or Solid Mahogany or Solid Oak into their suites—just what the guarantee says.

Gibbard Genuine Quality

"Even the extra leaves for this extension table are of Genuine Solid Walnut—not some cheaper wood stained to look like walnut, as is so often done. These leaves match the walnut table top exactly. That just goes to show you the genuine quality of Gibbard Furniture, Mrs. Hunt."

"You needn't say anything more, Mr. Wood. Just deliver

the suite as soon as you can to our new home."

Don't you, too, want to buy furniture of known quality? Don't you want a real guarantee given you when you buy?

If you do, ask for Gibbard suites. Then, look for the Gibbard name plate on the furniture and the Gibbard Guarantee Tag attached to each suite.

If your dealer happens to be out of Gibbard Furniture, ask him to show you the Gibbard Catalogue. Practically every enterprising dealer has the Gibbard Catalogue.

Choose from the Catalogue

From the Colonial, Chippendale, Queen Anne and Italian Period lines shown in the Gibbard Catalogue, you can readily choose a dining-room or a bed-room suite, a writing desk or a library table that will please you in every way. And at a price you will be willing to pay.

By specializing on Solid Walnut, Solid Mahogany and Solid Oak Furniture, the Gibbard Furniture Company are able to make good furniture at a price that people of moderate means can afford.

Recently at Long Eaton, where I am engaged as a painter, I was advised by the doctor there to try Clarke's Blood Mixture, but I refused. TENNIS AUTHORITY FAVORS MONTREAL
 R. Innes-Taylor Regards the Courts There as Logical Venue for Davis Cup Matches.

Montreal, April 9.—It is considered that Montreal has, indeed, a very fair chance to obtain the Davis Cup match. Certainly this city is the logical place for the contest between Canada and Japan," R. Innes-Taylor, of Toronto, editor of the official journal of the Canadian Lawn Tennis Association, was in Montreal.

Mr. Innes-Taylor further expressed the opinion that it would be an excellent fillip for the game in this section should the match be played at the courts of the Mount Royal Club. "These matches will attract great attention," he said, "and it is certain that there would be audiences of between five and six thousand people every day."

"There has been a wonderful development of tennis in Canada. This is due to many causes, for instance, the great interest caused by the international matches, but chiefly because of the game itself, which is a great one, always full of thrills.

"I think Canada has a fair chance against Japan. Of course, Japan is exceedingly strong in players, but there has been a great improvement in the quality of Canadian players, so that no one need take the result as a foregone conclusion. Then it is probable

Matters Before The Hydro Commission

The Civic Power Commission on Saturday afternoon decided that it should be impressed upon the Common Council that there was need for immediate action in the matter of awarding the contract for ornamental street lighting, and accordingly plans were made to wait upon the Council this morning. R. A. McAvity, chairman of the commission, repeated that the city had notified the Power Company that the company would not be required to furnish street lighting after June 30, and in view of that the city must be ready by that time to supply its own. P. S. A. McMullin, president of the Trades and Labor Council, said he was sick, sore and tired of the innuendoes being heaped on the commission by those citizens with whom he was quite willing to match his technical skill. He delivered a strong denunciation of these "armchair critics."

Harding and John N. Flood both spoke strongly of the need of an immediate decision one way or the other. With reference to the charge that the work of the commission was being done by day's work and not by tender, Mr. McAvity said that \$400,000 of the \$600,000 provided for in the Kribs estimate was for materials alone and that the materials were being purchased by tender. Even the digging for the poles of the distribution system would be done by tender.

The D. F. Brown Paper Box Company wrote asking if their factory at Coldbrooks could be supplied with hydro current by April 15. This is a matter for the provincial commission, owing to the fact that it is outside the city limits, but the commission will cooperate in every way possible to accommodate the applicants. The city gets the credit for all power distributed within a radius of fifteen miles of the city.

The business part of the meeting was short. A recommendation from the Commission engineer that the tender of the Canadian General Electric Co., Ltd., of \$11,267.26, for outside

switching equipment for the civic substation was adopted and will be forwarded to the Common Council for approval. The N. B. Electric Power Commission has agreed to pay \$2,952.50 of this amount, thus making the city's bill \$8,314.76. This is the last item of expenditure of the sub-station and brings the total cost up to about \$67,000, which compares very favorably with the original \$79,000 estimate of Engineer Kribs placed before the Common Council but not approved by it. This includes a ten per cent. item for engineering and contingencies.

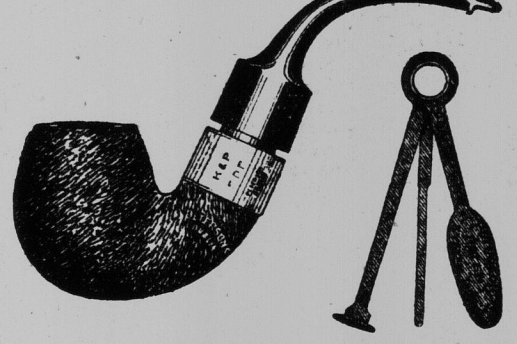

About 145 this morning an alarm from Box 41 gave warning of a fire in the St. James Hotel, 7 St. James street. The fire, which originated in the kitchen around the stove, caused a great deal of smoke, but no great damage was done. The hotel is operated by Mrs. Margaret Brewer, who was ill in bed in an upstairs room and remained there until the blaze was extinguished. The house is owned by the field estate.

Y. M. C. A. CIRCUS REPEATED.

The second performance of the Y. M. C. A. circus on Saturday evening drew a capacity house and delighted the audience. Half an hour before the performance was due to begin the comedy members of the troupe set out in a finely rigged motor truck and made a tour of some of the most frequented thoroughfares. At the head of King street, by prearranged signal, the motor stalled. The funnyface cop descended from his high seat in the car and with splendid antics and much persuasion he held the crowd in check while the clowns got to work under the car. The sparks emanating from the machine were terrifying in the extreme but nevertheless a big crowd gathered and enjoyed the comedy. The circus is to be given for the last time this evening.

The regular monthly meeting of the International Longshoremen's Association, Local 278, was held yesterday afternoon in the rooms in Water street.

SAYS ATHLETICS DO NOT INJURE HEART

Penn Director Declares the Young Man Immune to Danger.

Philadelphia, April 8.—A sound heart in a young man cannot be seriously injured by athletics, but there is a real danger of overstrain in the man of middle life taking violent exercise. Dr. R. Tait Mackenzie, director of physical education at the University of Pennsylvania, told the American congress of internal medicine at one of the many clinics held in connection with its annual meeting.

Discussing the effects of athletics on the heart, Dr. Mackenzie warned against the over-straining of growing boys in preparatory schools by sending them through long and exhaustive races. He told of cases that had been "burnt out" by such practices and had not been able to maintain their records at college. He declared that the life of the sound athlete was longer than that of the average man.

Dr. Mackenzie cited many instances of young men entering college with recommendations from their home physicians not to take part in athletics owing to weak heart or other defects and told how, by proper classification as to their physical capacity and exercise along proper lines, they had become able not only to participate in sports, but had gained athletic prowess. The chief advantage of proper athletic supervision, he said, was to turn out strong, able men, instead of weaklings who felt themselves a part from normal students.

that Ichi Kumasage will not play for Japan."

Discussing the growth of the game in the Dominion, Mr. Innes-Taylor said that there were certainly more tennis players than golf members, and in stanced that in the Ottawa district there were 3,000 members of tennis clubs.

Mr. Innes-Taylor is manager of the international tournament held annually at Niagara during the first week in August, and which this year will be held at the Clifton. "The indications are that it will be bigger than ever," he said. M. Innes-Taylor remarked that the Niagara tournament is probably the oldest tourney on the American continent.

CONNORS CASE IN CIRCUIT TODAY

Matter of Raincoats—Denial by Defendant—Exchange Case is Continued.

The case of Arthur Connors, indicted upon a charge of fraudulently converting to his own use moneys alleged to have been collected for another was begun in the Circuit Court before Chief Justice McKeown this morning. The evidence of the Crown was similar to that already published in The Times from the hearing in the Police Court. It had to do with a transaction made between the defendant and Lorne Haasen, by which the latter agreed to supply and the former to sell a quantity of raincoats, the proceeds from which were to go to Mr. Haasen in payment of a certain commission to the defendant. Mr. Haasen repeated his evidence this morning.

The defendant denied any wrong doing upon his part in connection with the matter. He said he had not made any money and that expenses had more than wiped out the proceeds of any sales. In addition he said several of the coats had been stolen. The case will be continued this afternoon. Dr. W. B. Wallace appears for the Crown and E. J. Hennessey for the prisoner, Exchange Case.

Before Mr. Justice Chandler this morning further evidence was heard in the matter of Philip Bond & Co. vs. the Maritime Mall Works, Ltd., a suit to recover money paid in American exchange upon a contract running to about \$9,000. Argument of counsel was begun. Dr. H. H. Taylor and A. N. Carter are for the plaintiff and M. G. Teed, K. C., and J. D. P. Lewin, the defendant. Adjournment was made to this afternoon.

County Court.

In the County Court before Judge Armstrong this morning evidence was given by Robert Millican and John Hayes in the case of Comans vs. Denning. G. H. V. Belyea, K. C., appeared for the plaintiff, and L. A. Conlon for the defendant. The case will continue this afternoon.

DOUGLAS AVE. CHURCH.

A communication was reported this morning by R. E. Armstrong, secretary of the St. John Board of Trade, from the Montreal board, telling of visits made to merchants of points west of Montreal. The letter urged the necessity of a conference of the boards of trade of the Dominion to get the outlook of the whole country on some matter of national importance. The Montreal board extended an invitation to the local board to send a delegation to a conference in Montreal on October 9, 10 and 11 of the Board of Trade of the various cities in Canada. It said that a representative attendance was desired so that the results might assume the character of an expression of the views of the commercial men of all the country. The only subjects to be discussed were to be of national importance.

REV. DR. FRASER ON CHURCH UNION

Former St. John Minister Calls for Demonstration of Strength to Preserve Identity.

Ottawa, April 8.—Initial steps were taken at a week end meeting of women of the Presbyterian churches of Ottawa, Ontario, for the purpose of forming an Ottawa branch of the Women's League of the Presbyterian Church Association. The meeting was held at the home of Mrs. J. W. Fraser, principal of the Presbyterian Theological College, at Montreal, and president of the Presbyterian Church Association in Canada, said that no Presbyterian minister in Ottawa was in sympathy with the movement against church union.

Rev. Dr. D. J. Fraser, principal of the Presbyterian Theological College, at Montreal, and president of the Presbyterian Church Association in Canada, said that no Presbyterian minister in Ottawa was in sympathy with the movement against church union.

"Though your ministers are not in sympathy, I do not want you to feel that you are without support—the support, yes of many people throughout Ottawa," he said.

Rev. Dr. Fraser referred to letters which had appeared in the public press as the result of the meeting of the Presbyterian Church Association had made a direct appeal to the women of the Presbyterian churches in opposing church union.

"That is not so," said Dr. Fraser. "The women came to the Association and asked to be permitted to help the organization. Organic union with others, it seems to me will be achieved through disunion of our own church. Only by a counter demonstration of our identity can the identity of the Presbyterian church in Canada be maintained," concluded Rev. Dr. Fraser.

Rev. Dr. Fraser was formerly of St. John.

All these boats have been transferred to the summer service.

The fortnightly summer service to St. John will be continued and the change will mean the cutting down of the service to about half.

Three Boys to The Industrial Home

Three juveniles were sentenced this morning to indeterminate terms in the Boys' Industrial Home, not to exceed four years. Two of them are seven and the third fourteen. Two pleaded guilty to a charge of breaking glass in the store of Michael Kelly, a blind citizen, at the corner of Richmond and St. Patrick streets on Friday night and also to stealing a bottle of jam from the store of R. F. Brewster in Waterloo street on the same night. The other one was present at the party at Mr. Kelly's but left before the merry-makers went on to Brewster's. They have made things hum around the police station since Saturday and finally it was necessary to place them in a black hole. It did not seem to have a dampening effect on their spirits. The magistrate went to the police station yesterday morning in an endeavour to do something with them but it was declared useless. They departed blithely today for their new home.
