## SOVIETS EXTEND GREAT WELCOME TO DEPORTEES

The Whole Party Permitted to Enter Bolsheviki Russia Where Everything Will be Done for Their Comfort.

## BETTER CONDITIONS IN PETROGRAD

Each Person Has Greater Bread Allowance, Wood and Fuel More Abundant and Life More Pleasant.

## Break Backbone Of Radicals In The Northwest

Seattle, Wash., Jan. 20.—Department of Justice agents and Seattle police last night arrested more than seven hundred persons on deportation warrants. Officers said the raids were intended to "break the backbone of radical activities in the Northwest," and were part of a new national campaign against Reds.

Terjoki, Finland, Monday, Jan. 19.—Radicals, who were deported from the United States, were given an official reception just outside of this village today. In the crowd that greeted Alexander Berkman, Emma Goldman and their "comrades," was M. Zorlen, member of the All Soviets Executive Committee, who, after a brief conference with Berkman, agreed to permit the whole party to enter Bolsheviki Russia. "There is no question that they will be welcomed in Russia," said M. Zorlen. "We will give them work, according to their professions, but first we must provide them with comfortable homes and feed them well."

Madame Gorky, wife of the prominent Russian novelist, said when she met the deportees, "Russia opens her arms to all who are politically persecuted."

Conditions improved. Conditions have improved in Petrograd, according to M. Zorlen, who said everyone there was getting one and a quarter pounds of bread per day. There is comparatively little illness, and wood and fuel are more abundant, making life more pleasant than heretofore, he said. The greatest difficulty had been experienced in getting coal to operate factories, but recently, as a result of improved transport, some had been brought up from the south.

M. Zorlen spoke enthusiastically to the correspondent of the Associated Press of an experiment begun last week in organizing military forces for work. "Our crack Third Army, which was the best of those used in Siberia against Kolchak, was withdrawn from the front," he said, "and although this organization is kept under strict military discipline, it is no longer fighting, but it is a working machine. Its principal task is supplying Petrograd with food, which is secured direct from peasants, and bringing in wood. As our military requirements decrease, we hope to convert some of our troops to industrial purposes, still keeping each unit intact on a military footing."

## FEDERAL AGENTS READY TO ENFORCE PROHIBITION LAW

"Flying Squadron" Organized to Protect New England and New York State.

Boston, Mass., Jan. 20.—A flying squadron of revenue agents will be organized to protect New England and New York State against violations of the National Prohibition Law, William J. McCarthy, supervising Federal prohibition agent for the Northeast Department, announced today. The agents will be distributed among divisional headquarters at Albany and Buffalo, in New York State; Portsmouth, N. H.; Bangor, Maine, and Burlington, Vt., and this city, he said. They will be organized for routine enforcement service and for hunting down moonshiners in the forest country, and patrolling the twenty-seven bridges on the Canadian border.

## Court Decision Protects Rights of The Soldier Settlement Board

Ottawa, Jan. 20.—In the First Division Court of the County of Carleton, Judge O'Brien has given judgment in favor of the Soldier Settlement Board of Canada in a suit to recover livestock sold to H. B. Boyd by John F. Conway, a soldier settler. His Honor ruled that the stock was the property of the Board till paid for and that the settler had no right to dispose of it until he had discharged his obligations. It is the intention to proceed against any settler who disposes of livestock or chattels, the ownership of which is vested in the Soldiers Settlement Board, and persons buying such property from settlers will likewise be prosecuted.

## Prem. Drury To Run In Halton Co.

U. F. O. Members Elected to Provincial Legislature of Ontario Stepping Aside to Make Room for Ministers.

## OPPOSITION TO ATTORNEY GENERAL

Writs for By-Elections Will be Issued Immediately—Drury May Face Fight in Halton.

Toronto, Ont., Jan. 20.—Premier E. C. Drury is to run in Halton County, and Hon. Manning Doherty, Minister of Agriculture, is to run in East Kent. Hon. W. E. Roney, Attorney-General, is to wait a while longer before a prospective seat is selected for him. This is the gist of an official announcement made here tonight by Mr. Grant, Minister of Education in the Drury Government.

The nominations in the by-elections will be made on February 9, and the elections a week later. Writs for the by-elections in Halton and East Kent will be issued immediately. In Halton County, John F. Ford, the U. F. O. member-elect, has resigned in order to give the Premier an opportunity to obtain a seat in the Legislature. The East Kent seat is thrown open by the resignation of J. B. Clark, U. F. O. member.

In Halton, Mr. Ford, the retiring member, won the seat in the Provincial general elections on October 20 in a three-cornered contest, with a majority of about 250. Formerly Halton was considered a Conservative riding. East Kent was won by J. B. Clark on October 20 by a majority of about 1,300. His opponent was J. N. Mowbray, a Liberal.

In an interview, Hon. Mr. Grant is quoted as having said: "The reason we are not running three elections at the one time is because Mr. Roney will be opposed, and we want the others over so as to be able to concentrate our efforts and get him elected. If the election of Mr. Drury and Mr. Doherty will strengthen Mr. Roney we want him to have this advantage."

## Winnipeg Feeling Effects of Loss of Daily Newspapers

Aside from the Unrest Caused by Stoppage of News There is a Serious Stoppage of Business Activities.

Winnipeg, Jan. 20.—(Canadian Press)—This city is now beginning to feel the effects of the lack of a public utility, the daily newspaper. While the community suffers considerable unrest from the loss of its ready diffusion of news and the consequent development of all sorts of sensational rumors that always arise in a state of ignorance of happenings in the outside world, there is also a serious stoppage of business without newspapers. The Manitoba Commercial interests are suffering to a degree, both from lack of reliable information and lack of confidence due to cessation of information and the ready money and other business that accrues from the means to advertise the goods the public wants. There is an uncertainty in the atmosphere in many branches of community interests that is growing more irksome and expensive as the prospects of the resumption of the publication of the daily press seem farther off, owing to failure to adjust the differences at the Fort Frances Paper Mills in order to get news print for the publications of Manitoba.

## DEATH FROM NATURAL CAUSES

Special to The Standard. Digby, Jan. 20.—On Saturday last Vincent T. Deveau, of Maville, went into the woods for a load of firewood. Later the oxen returned home alone, and a searching party, who followed the tracks back, found Deveau's body. An inquest was held before W. J. Foley, J. P., and a verdict of death from natural causes was found.

## MACHINERY TO REPLACE MEN

Ottawa, Ont., Jan. 20.—About \$163,000 of new machinery, according to the report of Arthur Young & Company of Chicago, was to be bought for the printing bureau to replace in part about the four hundred men now about to be dismissed. Some of the men leave almost immediately, but as yet there is no sign of the new machinery.

## SULTAN ISSUES AN ADDRESS TO COUNTRYMEN

Expresses the Hope That the Peace to be Concluded With Entente Will be One Full of Dignity.

## SAYS NOTHING CAN DESTROY RIGHT

Appeals to Parliament to Support the Gov't in Order That Havoc Wrought by War May be Righted.

Constantinople, Saturday, Jan. 17.—Turkey's right to political existence is upheld in an address issued to the people today by the Sultan. Hope is expressed that the peace to be concluded with the Entente Powers will be one of dignity and will result in the retirement of Allied forces who are at present holding portions of the empire.

"Right dominates everything, and nothing can destroy it," the address declares. "The reverses of war cannot injure a nation's right to political existence as long as its legislative and executive functions maintain close collaboration and unite their efforts toward safeguarding the rights and interests of the State. I hope it will be possible, by divine grace, to secure a peace safeguarding the unity of our Empire as well as the honor and dignity of the nation and assuring the deliverance of our invaded provinces."

"I appeal to Parliament to support the Government so that measures intended to repair the effects of war may be carried out, that all branches of administration may be reformed and that the guarantees of the rights of minorities may be respected."

The need of most rigid economy is emphasized by the Sultan.

## CARLETON COUNCIL ATTACK PROV. HEALTH LAW

Hold Up Request of Board of Health Until Further Investigation of Expenditures is Made.

Special to The Standard. Woodstock, Jan. 20.—The semi-annual meeting of the County Council opened today. The newly elected councilors, as follows, with the exception of Councillor A. S. Benn, of Woodstock, who is absent in California for his health, took their seats: Aberdeen, Arthur McIntosh, James Miller; Brighton, W. D. Keith, Fred Smith; Kent, W. Perry, Stephen Kinney; Northampton, Henry Phillips, Arthur Gibson; Peel, E. W. Melville, Frank Tompkins; Richmond, W. E. Fleming, Wilmet Watson; Simonds, Odour Shaw, James Stevens, James W. Gallagher, A. S. Benn; Hartland Town, E. C. Morgan. This morning W. E. Fleming, the Warden for two years, was succeeded by W. Melville, of Peel, who was elected unanimously. Speeches were made by both gentlemen.

This afternoon the following committees were appointed: Bills and Accounts, Fleming, McIntosh, Bell; Finance, Gallagher, Phillips, Keith; Building, Stevens, Clark, Fulton. It was decided to increase the re-issuers' fee from \$10 to \$20, owing to the work in addition to the women. Councillors Phillips, Peters and Tracy were appointed a committee to adjust the claims of those who had sheep killed by dogs, the payment to be made out of the dog fund.

The Board of Health asked for an appropriation of \$2,500 for the year. In respect of politics, every councillor attacked the Health Law, Councilor Carroll, Liberal, leading off, claiming the most of the money went for salaries, while Councilor W. E. Fleming, Conservative, was the only one who made a mild defence. The attack was so strenuous that Councilor Fleming withdrew the report until he secured further information to justify the proposed expenditure. Tomorrow the Councilors will visit the recently purchased poor farm, and work on the bills and accounts. Council will meet tomorrow afternoon.

## FIRE DRIVES SIR SIFTON'S FAMILY FROM THEIR HOME

Ontario, Jan. 20.—Mayor Louis Ondaatje of Hull, Que., who was returning by automobile as the chief magistrate of that city today, was driven from his home by a fire which started in the roof, supposed to have been caused by defective wiring, and which caused damage to the extent of about \$6,000. Sir Clifford and Lady Sifton spent the night at a friend's house.

## PROSPECTS ARE BRIGHTER FOR A UNITED IRELAND

Official London Professes to Find in the Irish Municipal Election Returns Results That Are Cheering.

## SINN FEIN HAVE 31 PER CENT. OF SEATS

Labor and Sinn Fein Together Control Just a Shade Under Half of Municipal Seats of the Country.

London, Jan. 20.—(By the Associated Press.)—While the Sinn Fein is celebrating what is called a victory in the Irish Municipal elections, official circles in London profess to find in the election returns an element which makes the prospects brighter for a united Ireland under the proposed Home Rule bill. This element is said to lie in the fact that voting showed neither Southern Ireland to be solid Sinn Fein, nor Northern Ireland to be solid Unionist.

Neither the Sinn Feiners nor Unionists appeared to have gained a majority of their seats in their respective strongholds. Therefore, it is claimed that since the sections are mixed there is much more chance for them to come together quickly under one Parliament as proposed by Premier Lloyd George in his recent speech in the House of Commons.

## CHARLOTTE COUNTY COUNCIL REPORTS MOST GRATIFYING

Balance Sheet Shows Most Pleasing Results With \$14,000 to County's Credit.

Special to The Standard. St. Andrews, N. B., Jan. 20.—Charlotte County Council met in annual session here this afternoon, the opening being delayed until four o'clock by the late arrival of the train. Thirty-two out of thirty-five members were in attendance. Joan, Herman Marshall, of St. David parish, was unanimously elected Warden and made a graceful acknowledgment of the honor. The annual report of Frank Mallory, county auditor, on the accounts of the county revealed that the balance sheet showed the most gratifying results of any recent year with a balance of \$14,000 to the credit of the county. A resolution, offered by Gouny, A. Richardson, of Deer Island, directed that the county's grant to Chipman Memorial Hospital in St. Stephen be increased to \$1,000 if necessary, but that it be given on condition that it be not used in the general fund of the hospital, but be set aside as a special fund to aid poor patients from Charlotte County in the payment of bills for medical and hospital attendance. The matter was referred to the Finance Committee of which Councilor John Russell was appointed chairman. Adjournment was made till Wednesday morning.

## WLAND COUNCIL IN SESSION

C. B. Keith of Moncton Elected Warden—Four New Members Take Seats at Board.

Special to The Standard. Dorchester, N. B., Jan. 20.—C. B. Keith, of Moncton parish, was unanimously elected Warden of the Municipality of Westmorland at the first session of the newly-elected County Council here this afternoon. It is worthy of note that Warden Keith is the first representative from the Parish of Moncton to occupy the Warden's chair. The retiring Warden, is Coun. J. W. Carter, of Salisbury. The election of Warden was practically all the business transacted at this afternoon's session of the council. As a result of the elections last October four new members from Westmorland parish, one from Dorchester and one from Shediac, appeared at the board today.

## MAYOR TO BOOM CITY OF HULL

Calls on the Motion Picture Man to Get Busy and Set Town Right.

Ontario, Jan. 20.—Mayor Louis Ondaatje of Hull, Que., who was returning by automobile as the chief magistrate of that city today, was driven from his home by a fire which started in the roof, supposed to have been caused by defective wiring, and which caused damage to the extent of about \$6,000. Sir Clifford and Lady Sifton spent the night at a friend's house.

## DISAGREEMENTS IN BI-PARTISAN CONFERENCE

Failure to Reach Compromise on Peace Treaty Reservations in U. S. Senate Brought Senate Leaders Near a Break.

## EQUALITY OF VOTING CAUSE OF TROUBLE

Scheme on Foot to Bring Treaty Again to Floor of Senate for Open Consideration of Reservations.

Washington, Jan. 20.—Disagreements in the bi-partisan conference looking to compromise Peace Treaty reservations today brought the Senate leaders' committee to the verge of a break and caused a movement among the Senate rank and file toward a different solution of the treaty deadlock. Open rupture today of the leaders' conference was averted, temporarily at least, by passing over the dispute on the Lodge reservation regarding equality of voting in the League of Nations. The bi-partisan conference will meet again late tomorrow, but with leaders of both factions doubtful as to the possibility of ultimate agreement.

Several of the "mild reservation" Republicans were said to favor a combination with the Democrats to bring the Treaty again to the floor of the Senate for open consideration of compromise reservations.

## CHICAGO FLU CASES REACHED HIGH POINT

A Total of 2,514 Cases Reported to Board of Health Yesterday With Twenty-Six Deaths.

Chicago, Jan. 20.—The number of new influenza cases in Chicago today passed the high point for any one day of last year's epidemic. A total of 2,514 cases was reported to the Board of Health today, with twenty-six deaths. The new pneumonia cases numbered 297, with 57 fatalities. The greatest number of influenza cases for a single day last year was 2,400. Health Commissioner Robertson said tonight that, in his opinion, the peak of the epidemic had passed.

## TUG BISON'S CREW REGISTER KICK WITH U. S. CONSUL

## MERELY OUTLINES GENERAL VIEWS

Declares it the Duty of French Citizens to Produce More and Consume Less—Pays Tribute to Clemenceau.

Paris, Jan. 20.—The new cabinet's declaration of policy, to be read to Parliament Thursday, was submitted to the council of ministers tonight by Premier Millerand, and received the approval of the council. The declaration outlines general views without dealing in detail with many of the problems growing out of the war which, it says, are in general of equal importance. It declares it the duty of French citizens to produce more and consume less and the duty of the country to assume new fiscal burdens to pay the nation's war debt.

The declaration opens with a tribute to former Premier Clemenceau. Regarding foreign affairs it affirms it to be the Cabinet's intention to follow French political terms in full accord with France's allies.

The declaration calls for exact execution of the German Peace Treaty, as says the League of Nations can be of great aid in that direction and should be strengthened and developed.

Concerning internal affairs, besides urging new taxation, greater production and less consumption, the declaration promises fulfillment of the government's pledges to soldiers. The document concludes by recalling that the Republic intends to govern the country without religious intolerance, remarking that separation of Church and State is not a state of war, but of liberty.

## ST. STEPHEN MAN FOUND IN MONTREAL

Mysteriously Disappeared Week Ago—Has No Recollection of His Travels.

Fredericton, Jan. 20.—John P. Ryder, of St. Stephen, who disappeared suddenly a week ago tonight from New-Castle, where he was employed in the customs department, has turned up just as suddenly in Montreal. Last evening a telegram came to his brother, Frank H. Ryder, stating that he was at Montreal, had no recollection of having left New-Castle and wanted money forwarded to him so he could return.

## THE AIRPLANE FOR SMUGGLING OF LIQUORS TO WORRY U. S. OFFICERS

New York, Jan. 20.—Wholesale smuggling of liquor from Canada by airplane was prophesied today by Byron R. Newton, collector of the port of New York. He declared it would be extremely difficult to check such attempts over the four thousand miles of Canadian border.

He explained that a single airplane could carry nearly two thousand pounds of contraband and land at some unfrequented spot where the liquor could be transferred to motor trucks and brought under cover of darkness into thousands of communities.

To prevent smuggling into the New York district his force would have to be doubled, the collector said, and a similar increase in the National force would be necessary to make the country thoroughly dry.

## British Mission Quit The French Capital Today

Paris, Jan. 20.—Before receipt today of the Jugo Slav answer with regard to their proposed solution of the Adriatic question, it was announced at British headquarters that Premier Lloyd George and others of the British mission in Paris would leave the French capital Wednesday morning. It was stated late today that the French Peace delegates, including M. Clemenceau, would resign immediately.

Paris, Jan. 20.—The Jugo Slavs tonight submitted to the Supreme Council their "supreme effort" in the way of concessions to effect an agreement with Italy.

The Jugo-Slavs accept internationalization under the League of Nations, for Plume and Zara, concede to Italy the islands of Lussin and Pelagosa and agree to the demilitarization of the Adriatic islands with the condition that the island of Lissa remain Jugo-Slav.

The right of the Italians in Dalmatia to choose Italian nationality without leaving Jugo Slavia is recognized by the Jugo-Slavs. They also agree that Italian National rights in Dalmatia industries shall be guaranteed by an international convention. They refuse to make any alteration of the line drawn by President Wilson. The note says the desire of the Albanians for independence will be respected but, if necessary, the Jugo-Slavs will accept all the proposals.

## COUNCIL DISBANDED

Paris, Dec. 20.—The Supreme Council disbanded tonight without settling the Adriatic question. Signor Nitti, the Italian premier, left this evening for Rome and David Lloyd George, the British Premier, will depart for England tomorrow morning. M. Clemenceau indicated this evening that he would turn over the affairs of the Council tomorrow.

The Council this afternoon held a further discussion of Great Britain's announcement of her inability to send her quota of troops into the plebiscite areas. During the session Premier Lloyd George, Premier Nitti, Hugh C. Wallace, the American Ambassador, and Baron Matsui, the Japanese ambassador, extolled M. Clemenceau in brief formal farewell addresses.

No definite arrangements were made by the Council before disbanding for turning over the Turkish, Adriatic and other problems to other hands, but it was indicated that the proposed council of ambassadors would be empowered shortly to continue this work.

Reduce Your Fat Without Dieting

Years ago the formula for fat reduction was "diet" - "exercise". Today it is "Take Marmola Prescription Tablets."

Friends tell friends - doctors tell their patients, until thousands know and use this convenient, harmless method - they eat what they like, live as they like, and still lose their weight.

Business men and women are apt to fall for the popular theories advanced by food faddists. But it isn't what you eat but what you digest and assimilate that should command thought and attention.

Many physicians prescribe these Marmola Tablets for dyspepsia, indigestion, and other digestive disorders.

### Common Council Special Meeting

Certain Market Tolls to be Increased—Mayor Announced that More Than \$40,000 of 1919 Assessment Had Not Been Collected—Other Business.

A special meeting of the Common Council was held yesterday morning. The business transacted included adoption of a recommendation by the Commissioner of Safety that certain market tolls be increased 10 per cent. An application for a grant for the Agricultural Society was received and a report for consideration; a petition concerning garbage removal was referred to the Commissioner of Public Works, along with comment by the Mayor that he would oppose free removal of garbage; a request from the Department of Agriculture about the milk supply here was referred to the Commissioner of Safety, and announcement was made by the Mayor that there was a deficit of \$40,973 in the collection for the past year.

All the members of the Council were present, and it was decided, in order to expedite dealing with estimates, to hold a special committee meeting this morning beginning at 11 o'clock. The report of the meeting of the whole was taken up section by section and a clause relating to operation of bonuses of the previous year through this year until the estimates for this year were passed was struck out. The reason was that the pay roll for the fortnight had been made up and it was decided to have a motion later to provide for the dating back of increases. Recommendation was adopted that the stalls, commission stands, racks and shelves in the City Market be leased for a term of one year to certain persons named at 10 per cent. increase over the rates of last year, and that the weighing scales at York Point be leased to G. M. Robinson for \$50 for the current year.

### Had To Go To Bed Headaches So Bad

Milburn's Laxa-Liver Pills Made Her Well.

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under the right shoulder, muddy and brown spotted complexion, etc. Help the liver to return its proper function by removing the bile that is circulating in the blood and poisoning the system. Mrs. E. Bainbridge, 30 Maple Ave., Amherst, N. S., writes:—"I take pleasure in writing you of the good I have received by using Milburn's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine and I was glad to have made me as well as I can be. Milburn's Laxa-Liver Pills are small and easy to take, do not grip, weaken or sicken and do not leave any bad after-effects. Price 25c; retail at all dealers, or mailed direct in receipt of price by the T. Milburn Co., Limited, Toronto, Ont."

Special to The Standard. Minneapolis, Minn., Jan. 20—The Northwestern Miller, in its weekly trade review, says erratic and lower wheat prices have been followed by a drop of fifteen to thirty cents per barrel in flour. The car situation grows steadily worse. The Grain Corporation has advanced Government straight soft winter wheat flour forty cents, and claims to have sold a quarter of a million barrels since sale from Argentine wheat into the port.

### A CLEAR SKIN AND RUDDY CHEEKS SIGN OF HEALTH

A clear complexion, ruddy cheeks and bright clear eyes are impossible in the body whose liver is weakened by various poisons which are not eradicated in the ordinary internal process. If the action of the liver in destroying these poisonous matters is interfered with it will result in lessening the strength of the blood, a loss of vitality in the system, causing a general tired feeling, a falling off of the appetite, and troubled sleep. In addition to this there are oftentimes headaches, dizziness, constipation and gaseous stomach—these signs indicate that the liver is out of order. What is to be done? If it is not put right the result will be serious. But it can be put right, and that very quickly, by the use of "Liv-rite Tonic," a remedy which has effected many such cures already and which has rapidly made firm friends. If your druggist can't supply you with "Liv-rite Tonic," send his name to the Maritime Drug Co., 108 Prince William street, or else send them a dollar and they will supply you. You will never regret having used this great preparation of iron and vegetable matter. Advt.

### THREE BURNED TO DEATH IN NEW YORK FIRE

New York, Jan. 20—Three men were burned to death and another was killed when he leaped to the street, as fire swept a five story building in Lower Manhattan late today. Scores of persons narrowly escaped death. Thousands of office workers, who were on their way home, viewed spectacular efforts of the firemen to rescue persons imperilled on the upper floors. The clothing of Charles Holmes, a fireman, was aflame as he fought his way up the fire escapes to the top floor in the attempt to save persons who had been seen at the windows. Fellow firemen turned their hoses on him to save him from burning. Fire Chief Kenton later led two companies up the escapes to the fifth floor where the bodies of the three burned victims were found, together with two persons still alive, who were saved.

## THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time in Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL. Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the advice of physicians to thin, delicate nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body

with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health. Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Kelle, M. D., editor of New York Physicians' "Who's Who," says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase

strength and nerve force and to enrich the blood." Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anaemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance." Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."

CAUTION—Although Bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on flesh.

### CURZON ON COALITION.

Earl Curzon, Grand Master of the Primrose League, writes in a New Year's message to the league that a disruption of the alliance that won the war might jeopardise the victory, and adds: "The year has been marked by profound unrest in the labor world, by constant strikes, and by social phenomena that under a surface of apparent prosperity and extravagance fail to conceal much underlying discontent, strife, and under suffering. In what direction are we tending?"

The Coalition Government continues in power, and has not so far been seriously weakened. It is pursuing the task of reconstruction with unflagging energy. But even more important than Coalition measures or a Coalition Ministry is the Coalition spirit, of which our league is one of the most powerful and influential exponents. The Coalition spirit takes little account of a party; it concentrates only on principles; it aims at a solution of our difficulties not by conflict, but by co-operation.

The present atmosphere, therefore, is one in which the Primrose League should find a great stimulus to its activity and a wide extension of its influence. The men and women who belong to it, no longer diverted from their many political functions by war work, can address themselves with unabated zeal to the task of teaching sound doctrine, of keeping the nation's head straight, and of avoiding the pitfalls of party prejudice or class dissension.

### A CANADIAN VICTORY.

The Montreal Star says: "A matter of pride which belongs to every Canadian lies in the fact that Canada's treatment of the wounded soldier is generally the best of all the Allied and enemy nations. The fact is brought out by a comparative table presented in November, 1919, to the British Parliament by the Ministry of Pensions, which shows the weekly rates of war pensions and allowances granted to men disabled, and to the dependents of men deceased, as a result of the great war. "For the totally disabled man, Great Britain, New Zealand and South Africa provide forty shillings weekly, which is the highest grant next to Canada's forty-seven shillings, eleven pence. The United States allows twenty-eight shillings, ten pence. "For the disabled married man Canada grants sixty-two shillings, three pence, which is considerably in excess of the sum contributed to such cases by any other Government except those of New Zealand and South Africa, which give sixty shillings. And so on, down the whole list—allowances for children, dependents, for partial disablement, minor disablement, etc. Canada tops the list. "Peace hath her victories, as the poet says. The name of this country amongst the Allies stands measurably higher because the Canadian soldier disabled in the war receives more than the man who went out to fight for any other country. As an expression of the Canadian people's feeling for those who have suffered, and still suffer, the increased amount given to the soldiers of the Maple Leaf is entirely fitting. It should inspire the country with new vigor for bearing the burdens of taxation, however great these may be."

### BATTLEFIELDS OF FRANCE.

Boston Transcript: Canada leads the way in providing memorials in France and Belgium, of the valor of her soldiers. The Dominion Government has acquired title from the Belgian and French Governments and from private owners, to the fields of Saint Julien and Passchendaele and of Observatoire Ridge in Belgium, and to Bourton Wood, to Vimy Ridge, to Drury Crossroads, to Courcette Field and the Hospital Woods in France. At all of these spots brave Canadians laid down their lives, and there their dust mingled with a soil which has become forever sacred to their countrymen. Presumably these sites will be maintained for all time, by the Canadian Government and people, as memorials of the battles fought, and in some cases as a resting place for the honored dead.

### THE NEW POLISH GOVERNMENT.

We have hardly had time to realize the very great changes which the resignation of M. Paderewski of the Polish Premiership have brought about in Poland's foreign policy. M. Paderewski's leanings and towards the Right, which retained a certain sympathy for the Russian loyalists in their struggle against Bolshevism. M. Paderewski had obtained the Allies the necessary military material and money, would have been willing to embark on a great Polish campaign against the Bolsheviks alongside of General Denikin and Judentch.

To this Russophile policy the new cabinet, which leans decidedly towards the Centre and the Left, is strongly

opposed. It regards Denikin, Koichak, and Judentch as Tsarists and Pan-Russianians, and as a menace to the future independence of all the border States, Poland included. It even regards an eventual alliance between this Russian group and the German reaction as a certainty. For that reason, while strictly prohibiting the crossing of the Polish frontier by "Red" troops or civilians, the new Warsaw Government has flatly declined to assist Denikin in his struggle against the Soviet armies. Their intervention might have saved him. But they deem him of greater peril to the Poles than the Bolsheviks themselves. The only form of intervention against the "Reds" the Poles would contemplate would be a military alliance between themselves, the Ukrainians and the Baltic States. Such an alliance, which enjoys the support of General Pilsudski, now the real Premier of Poland, is said to be on its way.

### REPUBLICAN SPLIT.

A Washington correspondent states that the irreconcilable foes of the League of Nations have decided to sever relations with Senator Lodge and to adopt delaying tactics against any form of compromise presented to the Senate. This decision is the result of a belief on their part that Senator Lodge is weakening on the question of reservations owing to the insistent demands of the mild reservationists, and that Senator Lodge will take the lead in bringing about a compromise.

The irreconcilables have been bringing all possible pressure to bear upon Senator Lodge to force him to stand firm. They say that "they are through with talking to him," and are going to fight him as hard as they fought the deputies who supported unqualified ratification. The irreconcilables state that their strongest point is the statement by Lodge and his supporters that the reservations constituted the irreducible minimum of safeguards for the United States, and the acceptance of anything less is the acceptance of an admittedly dangerous settlement. The leaders of the compromise movements are not disturbed by the threats of the irreconcilables. They say that the latter have made their attempt at killing the Treaty and must now stand aside for the Moderates.

### IN THE EDITOR'S MAIL

St. John, N. B., Jan. 19, 1920. Editor Standard: Sir, I beg to ask space to acknowledge my obligations to the Dominion Archives for furnishing me with a facsimile of the first history of this Province, that of Peter Fisher in 1825. This work being out of print, and only two copies of the first edition known to exist—and one of them in the Archives—I applied through the Local Archives Officer for the loan of it. In place of a loan, I received, within a few days, the gift of a facsimile copy, executed by the photostat process. In sending my thanks to the Archivist-in-Chief—Colonel Dougherty—for his kind and prompt response, I would also add that the educational resources of the Province are greatly increased by having at their disposal the great treasures collected at the Ottawa Archives.

### WHAT THEY SAY

Waiting for Harness. (London Free Press.) Arguing that atomic force is the power of the future Sir Oliver Lodge declares that if the atomic energy in an ounce of matter could be realized it would be sufficient to raise the German ships sunk in the Scaev Flow and pile them on the top of the Scottish mountains.

Dense Sir Andrew. (London Free Press.) Sir Andrew Macphail is of the opinion that women are of no use in public life because, as he puts it, "Men positively will not work with women." Sir Andrew will reincarnate a couple of hundred years hence for the purpose of eating his words. Evolution like the mills the gods is a slow-working device—in patience it stands waiting, with exactness it will bring about things of which the pessimist cannot even dream.

Unkind Sir John. (Montreal Herald.) As Lieutenant-Governor, Sir John Hendrie placed, Mr. Drury in power as First Minister of the Province of Ontario. The new Premier took the oath of office standing up and he remains still without a seat. So far he represents nobody but the late Lieutenant-Governor, who having created a possible Frankenstein, forthwith took himself home to Hamilton and the quiet peace of a private life. It was unkind of Colonel Hendrie not to have included a seat in the prize package handed to Mr. Drury.

Sir George Palah. (Hamilton Herald.) Sir George Palah, the English financier who has arrived in the United States to propose an immense American loan to Britain, represents nobody but himself. "Who is Palah?" asks the London Daily Mail. "The self-imposed mission of this entirely

unimportant person would provoke laughter if it were not so mischievous. Great Britain requires no money from the United States. This country is perfectly capable of financing itself."

### A BIT OF VERSE

TO THE HEIGHTS AGAIN! Do you remember—it was not long ago— How near to God your spirit seemed to be? His cause was yours to fight for, blow by blow; You would have died to set the peoples free.

And those around you, those who faded, faded, Crusaders were, who sought the Holy Grail; Your sword was righteousness, and Faith your shield, You were of them who in God's name prevail.

Have you forgotten—it was but yesterday? You'd conquered self, and climbed a wondrous height Where souls are purged of littleness and fear— Where you were armed to struggle for the right.

Do you remember, or have you sunk again? Into the slough from which you sprang anon, Devoured by self, contemptible as when Your petty hopes were all you built upon?

Nay, do not answer! Go search your soul and pray To Him you served when war took toll of men That you may find a guide-post to the way That leads you upward to the light again. —Edward S. Van Zile, in New York Times.

### A BIT OF FUN

Difficult. A judge, after passing sentence, always gave advice to prisoners. Having before him a man found guilty of stealing, he started thus: "If you want to succeed in this world you must keep straight. Now, do you understand?"

"Well, not quite," said the prisoner. "But if your lordship will tell me how a man is to keep straight when he is trying to make both ends meet, I might."—London Tit-Bits.

Modern Love. She—'d like to ask you a question. He—Ask it, dear. She—Am I the only girl whose money you ever loved?—London Opinion.

Keep Smiling. Put the needless cares away, turn from futile sorrow; Never spoil a cheerful day with the light burning for you. Down a dismal way they jaunt who let envy haunt them; If you can't have things you want, learn to cease to want them.

Considerateness Considered. "Have I not been a considerate wife?" she asked, reproachfully. "Considerate!" he exclaimed bitterly. "In what way?" "Has there ever been a night when you were out late that I haven't left the light burning for you?" "And you call that being considerate? You have—but who pays the bills?"

The Problem again. "Is this a fashionable residence district?" "I judge so." "One sees a great many chauffeurs, but few nursemaids."—Birmingham Age-Herald.

## ONE HUNDRED AND FIFTY DELEGATES ATTENDING Y.M.C.A. CONVENTION AT TORONTO

Reports Show Military Expenditures During 1918 Totalled \$3,628,096.14—Industrial Work, a New Venture for the Association, Proving Very Successful.

Toronto, Jan. 20.—The third convention of the Canadian Y. M. C. A. opened at the Central Y. M. C. A. this afternoon, when some 150 delegates from all parts of the Dominion were in attendance.

The afternoon's address was delivered by Rev. G. C. Edgewood, D. D., the retiring president, J. A. McPhail, of Ottawa, presided. The feature was the report of the national council, delivered by G. H. Wood.

The report showed that there had been a slight falling away of membership due to the war, there being 41,594 members of all associations, compared with 46,798 in 1914. Military service expenditures (1918) totalled \$3,628,096.14. There are now 54 city associations, compared with 59 before the war.

The student department, which had suffered during the war, regained its former condition as soon as the armistice had been signed, and now the registration of students in 1920, at which time some of them may be taken over

industrial works, a comparatively new venture for the Y. M. C. A. in Canada, has met with much success and there is every prospect of it developing into an important branch. Much attention has also been given to boy's work.

"These advances will drive business off Queen street to King and other streets," predicted one merchant.

"The City Council is absolutely powerless to act," declared Mayor Hanson. Many householders say they will have to submit to the increase in rent because of their inability to obtain other accommodations.

True. Another old pest who has disappeared with his friend J. Barfeyevorn is Mr. Morse. You know him—R. E. Morst.

Build Now There's no prospect of lower prices; the tendency is rather to advance. But, St. John prices are low by comparison; for example: In Boston, all grades of spruce for house building averages \$75 per 1000, with 'refuse' at \$50 per 1000. In St. John, spruce averages \$48 per 1000, with 'refuse' at \$33 per 1000. BUILD, AND MAKE REPAIRS NOW, to guard against advance in prices. We furnish EVERYTHING IN WOOD AND GLASS FOR BUILDINGS. Our advice to those who

We are advised by those in

Company. Evidence was given by the defendant and by Frank A. Kinnes. The court

**Couldn't Work For Whole Year**

**Veteran Was All Run Down But Gains Fifteen Pounds and is in Best of Health, Now.**

"For one year before I began taking Taniac I was so weak I could not do a lick of work, but now I have gained fifteen pounds in weight and am in the very best of health," said Arthur F. Ingram of 4 George street, Halifax, N. S., just a few days ago. Mr. Ingram saw four years of service in France with the Canadian Expeditionary Forces, being attached to the Fifth Artillery. He was engaged in some of the heaviest fighting of the whole war including the battles of the Somme and Cambrai.

"I have been in miserable health ever since I got out of the Army, late last spring, in fact, my troubles started when I was gassed in France just before the Armistice was signed," continued Mr. Ingram. "In six months' time I lost forty pounds in weight and some days I was so weak that I came near collapsing. My appetite was so poor that I had to force myself to eat enough to keep alive. Sometimes just the smell of food would make me so sick so that I had to get out of the house. You can imagine how weak I was when I tell you I went for days at a time without eating a bite. I could hardly retain a thing on my stomach, why, sometimes I would become so nauseated while sitting at the table that I would have to get up and leave. The cramps and pains in my stomach would nearly draw me double and at times the agony was almost more than I could bear. I was so nervous and restless that I got but little sleep and some nights I lay awake the whole night through.

"My brother-in-law had been taking Taniac and it had done him so much good that he advised me to try it, too. I had taken so many medicines that I had about lost faith in them, but I made up my mind to give it a trial. Well, sir, I was so surprised when I began to improve that I could hardly believe it. That gave me encouragement and I kept right on taking it without missing a dose until now I have finished my fourth bottle. And today it seems almost too good to be true, but it is a fact just the same—I am in perfect health and feeling as fine as a man could want to feel. I have a splendid appetite and can eat anything I please. My stomach is never in better condition and I digest everything I eat without the least trouble of any kind. The cramping pains have all disappeared and it is no trouble for me to retain what I eat. I sleep like a log every night and when I get up of mornings I am ready for as big a day's work as any man. My strength and energy have come back and all ready I have gained fifteen pounds and am still gaining right along. In my opinion, Taniac has no equal as a medicine and I recommend it in the very highest terms."

Taniac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Taniac representative.—Advt.

DEALINGS ON STOCK MARKET WERE AT LOW EBB

Transactions Were the Smallest and in Other Respects Least Significant in Some Weeks.

New York, N. Y., Jan. 20.—Transactions on the stock exchange today were the smallest and in most other respects the least significant of any full session for several weeks.

Not only was public participation or interest again at low ebb, but even the professional element evinced no disposition to extend its recent varied commitments on the short side of the market.

Surface indications, so far as they had any drift at all, pointed to a hold-out condition. This was obvious from the absence of selling pressure, except at rare intervals and the gradual hardening of standard industrial securities.

Even the issues of recent flotations, including those whose intrinsic values are yet to be established, were responsive to the change of sentiment, though remaining mostly in the background.

Developments of the day embraced another drop in call or demand loans to lower rates in several months and recurrent weakness in foreign exchange. The London quotation fell to within 1-1/2 cents of its minimum and new low levels of depreciation were registered by Italian, German and Australian remittances.

The Federal Reserve Board was in conference at Washington during the greater part of the market session, but adjourned according to the statement of official without taking further measures to curtail credits.

Motors, oils, steels, utilities and food issues, more or less in the order named, featured the day's operation at extreme gains of one to five points, rarely playing no part in the trading.

Bonds were inclined to yield, especially Liberty group, and international were slightly lower.

Total sales (par value) were 113,800,000.

United States bonds were unchanged on call.

N. Y. MARKET PRICES HELD WELL

(Furnished by McDougall & Cowans.)

New York, Jan. 20, 1920

The market continued dull in the afternoon, but prices held well and in places worked higher. Absence of announcement from the Federal Reserve Board after today's meeting and a disposition on the part of bankers to regard higher federal discount rates as a negligible factor in the stock market had some effect in brightening the prevailing market sentiment. Call money loaned at 6 p. c. in the afternoon. The best prices of the day were made in the last hour when the market became somewhat more active. On the whole the day's transaction had little significant effect to testify further to the good technical position of the market and the effect in brightening the prevailing situation, the railway situation, and the money situation.

### PROVINCIAL MEMORIAL HOME FOR CHILDREN FORMAL OPENING

Nearly One Thousand Persons Visited Home on Wright Street Yesterday Afternoon and Evening—Addresses Delivered by Lieut.-Governor Pugsley and Others—Management Praised—Home Comfortably Furnished by Many Donors.

Carrying out the last wish of the dying soldier, "Take care of my children," was the way in which the work being accomplished by the Provincial Memorial Home on Wright street was characterized by the President, Dr. James Manning, in his address at the formal opening of the home held yesterday afternoon and evening, and good addresses were given.

The guests were received by Dr. James Manning, Mrs. G. O. Akerley, vice-president, and Mr. W. B. Green, secretary. After an inspection of the home had been made and the white dressed and healthy looking children had been admitted, speeches were made in the children's playroom which was on the second floor of the building.

Dr. Manning spoke of the utter need of poor, homeless children, and showed that up till now there had not been anything like sufficient accommodation for all in the Province who were entitled to protection and shelter. This home is primarily a memorial home and better than a brass plate or marble shaft, will fulfil the desire of the donor.

His Honor the Lieutenant-Governor said that the President had given the best of reasons why this institution should appeal to the whole community for support, and he hoped they might have no limit as to the capacity of accommodation. He was delighted to hear that the doors would be open to children whenever and wherever they may need a home.

STATE BAR URGES AMERICA TO JOIN WORLD TRIBUNAL Report Asks the President and Senate to Conciliate Their Differences.

New York, Jan. 17.—Stating that the United States has outgrown its necessity for a separatist policy and should join with other nations in a covenant that would make future wars less probable and promote the settlement of international disputes by peaceful methods, the Committee on International Arbitration of the New York State Bar Association yesterday submitted its report to the association in annual meeting.

The committee declared that, as public discussion of the treaty still continues, the matter will come before the Senate again in some form or other. It submitted the following resolution: "That this association respectfully urges the President and the Senate of the United States to consider the great importance of a speedy agreement upon the terms of peace between the nations which have recently been engaged in war, and upon such a covenant between them as may in the future make wars less probable, and promote the settlement of international disputes by peaceful methods, and provide for annual conferences at which subjects of mutual interest may be deliberately considered. It respectfully recommends that the same method of mutual conciliation and concession which prevailed during the consideration by the plenipotentiaries of the different nations of the terms of the pending treaty between them should be continued so as to lead to an adjustment of present differences between the Executive and the Senate, remembering that under the Constitution on the one hand the Senate has no power to make a treaty, and on the other hand that ratification by two-thirds of the Senators present is necessary to the validity of the treaty."

### St. John's Greatest Mercantile Event

Oak Hall's 31st Anniversary Sale Ends Saturday Night.

Oak Hall's 31st Anniversary Sale which is now concluded to be St. John's Greatest Mercantile Event, will come to an end Saturday night at ten o'clock, but between now and then are many shopping hours during the hundreds of money-saving opportunities.

Because this great event is more than half over it does not mean that there are only half ends left on the tables. Oak Hall prepared for an enormous volume of business, bought thousands of dollars worth of new merchandise as well as reducing every article in the store, so that each day the tables are replenished with new stocks. This arrangement gives those who were unable to attend this event the first few days ample opportunity to fill their requirements with every assurance that they are securing equally as good selection as would have been made during the opening days.

The buying public fully realize that this is not an ordinary sale. They realize that it is a tremendous offer for their good will with their large and ever-growing clientele and to continue to widen their circle of customers to a greater sphere. To accomplish this Oak Hall set aside these ten days for the buying benefit, offering everything in their great store at substantially reduced prices, buying in large quantities of new merchandise at prices for cash at less than market quotations and marking at a very minimum of profit, so that this sale is really unique in character and has truly earned its place as St. John's Greatest Mercantile Event.

### SEARCH NEW YORK FOR MISSING TORONTO MAN

Toronto, Jan. 19.—The mysterious disappearance of Ambrose J. Small, former owner of the Grand Opera House here, who sold his theatrical interests to the Trans-Canada Theatres, Limited, and received a check for a million dollars when the deal was completed, December 2, and has not been seen or heard from since that date, is now attributed to kidnapping. A Toronto lawyer, accompanied by a local lawyer, has gone to New York city to try to obtain some clue to the missing man. It is stated the Gotham visit is the result of the receipt of a communication by the police here.

### BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it may have a serious result. It leaves the throat or lungs, or both, affected. Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis is the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous and stimulating the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sundblad, Francis, Sask., writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can heartily recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c and 50c. Manner manufactured by The T. Milburn Co., Limited, Toronto, Ont.

### Police Court Cases Yesterday

Thomas Grant Sent Up for Trial—Evidence Taken in a Case Where Louis Corey is Charged With Fraudulent Misappropriation of \$800.

Only one prisoner was charged in the police court yesterday morning, the zero weather of the previous evening having induced all others to keep to the straight and narrow path. The charge against Dr. F. X. Morris was again read, his counsel, Scott E. Morrell asked for bail, but it was refused and the accused remained. The case will be heard this afternoon at three o'clock at the Maternity Home. E. S. Ritchie is acting for the woman complainant.

Evidence was given by Thomas Grant in his own defense. He is charged with stealing incense from the store of Max Chester, Mill-street, on December 22nd. The accused was sent up for trial. The case against George Drew, on suspicion of breaking and entering the store of Sidney Isaacs, was again postponed, because of the illness of Mr. Isaacs, who is now a patient at the Infirmary. J. A. Barry is appearing for the defense.

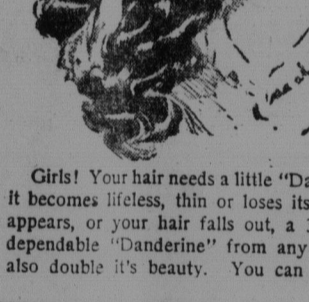

The case against Louis Corey charged with the fraudulent misappropriation of \$800, the property of Sydney Kerr and others, was resumed in the afternoon, after having been postponed for one month.

Evidence was given by three witnesses who stated that they had been hired by a boss named Nick to go to work at Albert Mines. They were to have been paid \$4 a day but never received a cent. One of them stated that Corey had told them: "Don't you move boys, I'll pay you every cent that is coming to you." They were 22 days out at Albert Mines and did not work at all during that time. Nick paid their fare to the Mines, he did not know who paid their board. They went to the mines in January, 1919.

Dr. J. M. Smith, who was called to give evidence said that he had gone to the mines the latter part of last January. He arrived there about three in the afternoon. On entering the boarding house he found some five men seated around a table. He was talking to them when the defendant called him upstairs and said: "What do you want to talk to that class of men for. They are merely having a rest and are no expense to the company."

The defendant, who held the lease on the land, with Kerr said no man would put a shovel in the land. Kerr said, a junior in the Bank of Commerce brought a check up from the bank bearing the signature of Corey and Kerr which was offered in evidence. This closed the case for the prosecution.

W. M. Ryan for the defence asked that the case be dismissed for lack of evidence. The charge was the fraudulent misappropriation of funds amounting to some \$800. Account books had been submitted in

### PRICE CHANGES SHOW DECLINE

Montreal, Que., Jan. 20.—Trading today was the quietest we have had for some time past. Price changes that took place as a rule showed small declines. The most active stock was Sugar; it was under pressure all day and declined to 90, closing better at 91 1/2. Quebec was the next active; it was in good demand at the opening at 31 3/4, but declined to 31. Brazilian was again weak and made a new low on this movement, selling at 48 1/4. The war bonds were much stronger, the short term ones selling at 100. There have been some calling of loans, and it looks as if the market will be quiet until money becomes easier.

### Try Making Your Own Cough Remedy

You can save about \$1, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and breaks the sore, irritated membrane so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept any substitute or money promptly refunded. The Pinex Co., Toronto, Ont.

## PROVINCIAL MEMORIAL HOME FOR CHILDREN FORMAL OPENING

Nearly One Thousand Persons Visited Home on Wright Street Yesterday Afternoon and Evening—Addresses Delivered by Lieut-Governor Pugsley and Others—Management Praised—Home Comfortably Furnished by Many Donors.

Evening Session.

Rev. W. R. Robinson at 8 o'clock last evening gave an interesting account of the establishment of the Home. Mayor Hayes spoke, congratulating the management on the splendid work they are doing, and pledged his unqualified support. He felt sure the boys and girls of the Home would be the leaders in our city in years to come. An address was given by Commissioner Thornton, after which Dr. Manning spoke words of welcome to the assembly. H. Usher Miller thanked those who had contributed so liberally towards the purchase of the property and maintenance of the Home. He referred to the fact that the children are not obliged to wear a uniform, but are urged to cultivate their own individuality. All are privileged to attend the public schools and to go to Evangelical Churches. He appealed to the public for support in carrying on this work. Delightful music was furnished by a quartet composed of the McEACHERN brothers, and Blacks' Orchestra gave several selections. Hon. J. B. M. Baxter and H. A. Powell were unable to be present. The Home is most comfortably furnished. On the left, on entering the door, is the children's playroom, with pictures given by the W. C. T. U. of the Narrows.

Across the hall is a large room furnished by the L. O. B. A. The L. O. B. A. have likewise furnished the main hall, the reception room and the main's room, done so liberally and well. The halls downstairs are finished in mahogany and with fumed oak furniture, and nicely carpeted.

The nursery is an especially bright and attractive room with several small beds and two cradles which were occupied yesterday by two attractive babies.

PROPERTY PURCHASED.

The C. P. R. has purchased the Mullin property on Main street, near the cold storage and, having recently taken over the Kjerstead property, now own all the area from their local offices on Mill street to the cold stor- age building on Main street. General Superintendent Grant, in reply to in- terrogations about the purchase, con- firmed the taking over of the prop- erty and said that, while there might be extension of the cold storage facil- ities, the reason for the purchase was that the property were surrounded by C. P. R. property and were bought as one owner, at least, was content- ing development.

INDIGNATION WAS EXPRESSED BY LOCAL COUNCIL OF WOMEN

Members Yesterday Unanimous That It Was Insult to St. John Workers for Halifax Ladies to Come Here to Welcome Chinese—Delegates from United Women's Methodist Missionary Society Welcomed—Special Arrangements for Annual Meeting Made—Other Business

Very great indignation was expressed yesterday at the meeting of the Local Council of Women over the com- ing from Halifax of two ladies to wel- come the shipload of Chinese at this port. The matter was thoroughly discussed before a large and repre- sentative gathering held at The King's Daughters' Guild and the feeling was practically unanimous that it was an insult to St. John workers who are capable, willing, and ready to meet, welcome and cheer any soldiers, sail- ors, dependents, overseas workers or immigrants coming to this port by land or rail. The question was asked if the action on the part of the Halifax lad- ies, Miss Dennis and Mrs. Dobson, was individual or if they represented any society and it was felt that com- mon courtesy would demand that per- mission should be asked of the mayor before coming. If proper arrangements had been made, it was said an inter- change of courtesy could have been arranged but St. John ladies would have hesitated before invading Halifax knowing that the ladies of Halifax are fully capable of looking after their own port needs.

St. John women do not feel, it was said, that they have to have women from a sister city to do work which is theirs. The ladies of the Local Council could not understand the matter and it was said that it was treating the St. John women as infants. They are not so infant, and the President stated that all that was necessary was for St. John women to know the need and the need would be supplied. One mem- ber remarked that it looked to her like someone else trying to entertain a guest in her home. The coming of the Halifax ladies, while no doubt done with the best intention was characterized as overlapping. The question was brought up by Mrs. Mul- cahy in speaking of the lack of knowl- edge of St. John and its port. The work accomplished by the Chi- nese overseas was praised and the experiences of missionaries among them described.

After a general discussion in which strong feelings of resentment were ex- pressed the matter was referred to the Citizens' Reception Committee, two members of which, Mrs. Powell and Miss Travers, were present to in- quire into the matter. Delegates from the United Women's Methodist Missionary Society were present and were welcomed. W. C. T. U. HELD REGULAR MEETING

At the regular meeting of the W. C. T. U. held yesterday afternoon, Mrs. Hipwell presided. A communication was read regarding the Juvenile Court and a copy of the letter which had been sent to the various officials. One reply had been received from Commis- sioner Fisher and the Union appreciat- ed this courtesy. The attitude of the Trades and Labor Council towards the Juvenile Court was discussed and it was felt that they did not understand the working of such a court. A good report was received from Mrs. James L. Davis on her work at the Hospital. The president spoke of the entertain- ment to be given at the Seamen's Institute and told of plans made by Mrs. Mary Seymour, who is not yet able to attend the meetings. The County President, Mrs. R. D. Christie, brought the matter of affilia- tion with the Local Council before the members and it was approved of. Members of other unions signed ap- proval. EVANGELISTIC SERVICE.

The evangelistic service in Centon- ary church was largely attended last evening; a good interest was manifest on the part of the audience. The sing- ing under the leadership of Mr. Brom- field was very much enjoyed. Evan- gelist Dixon delivered a very interesting and appealing address on the scrip- ture passage "And he did not, because he prepared not his heart to seek the Lord." (Chronicles 12:14.) He showed that evil in life was not so much the result of environment or association, but simply neglect to prepare the heart to receive the Christ.

ANOTHER BONEHEAD.

EASILY FLEECE OF 50 DOLLAR ROLL

Little Three Card Monte Game in Church Pew Cost Stranger His Roll

Montreal, Que., Jan. 20.—While view- ing the beauties of St. James' Cathed- ral, Dominion Square, James Farrow, of Brockville, Ontario, was approached by another apparent visitor and, to- gether, they discussed the grandeur of the Cathedral and its resemblance to St. Peter's at Rome. By some means the stranger enticed Farrow into a little three card monte game in a pew at the rear of the church, and thus heaved him of fifty dollars. At this point the game was brought to a sud- den halt by the stranger calling, "Run, here comes the warden." Snatching the action to his words, he was soon out of sight.
