## LOCAL ELECTIONS ON FEBRUARY 24th

Premier Clark Has Resigned and Mr. Murray Chosen to Form Government.

As was pretty generally understood, the present local administration has decided not to meet the house in session, where many embarrassing questions would have to be answered, and perhaps further disclosure made, but have dissolved parliament.

Nomination will be Saturday, February 17th with polling day one week later, Saturday, February 24th. This is about as short a campaign as the law allows.

But no matter how short the campaign is it will be difficult to explain the Fleming steal, the Patriotic Potato graft, the road money squandered late last fall, and many other questionable transactions of the present administration.

In many of the counties strong opposition candidates have been in the field for some months and much organization work has been done.

In Restigouche at a convention held in Dec. 1915, Messrs. Wm. Currie and A. T. LeBlanc were chosen as the Opposition standard bearers, and they have visited practically every section of the county and have laid their platform convincingly before the electors.

In all section honest electors who have voted for the present administration for years have turned from their party in disgust and have pledged to support any candidate who are pledged to give the province an honest, business-like administration.

N. B. will follow lead of B. C. Manitoba, and turn hoodlums out. The following Opposition candidates have already been chosen for their respective counties.

**Restigouche.**  
William Currie.  
Arthur LeBlanc.  
Kent.  
Phileas Melanson.  
A. A. Dymart.  
A. Z. Bordage.  
Moncton City.  
Hon. C. W. Robinson.  
Westmorland.  
Dr. E. A. Smith.  
Fred Magee.  
C. M. Legere.  
Francis J. Sweeney.  
Kings.  
Edward S. Carter.  
Dr. George N. Pearson.  
Fred Sharpe.  
St. John County.  
Walter E. Foster.  
Alison F. Bentley.  
Sunbury.  
Robert Smith.  
David Mersereau.  
Victoria.  
J. F. Tweeddale.  
James Burgess.

An Opposition convention will be held in Gloucester county on Tuesday of next week. There is no doubt that a strong ticket will be chosen.

Northumberland Opposition workers will meet Monday. It is said that Hon. J. P. Burchill, Robt. Murray, D. J. Buckley and Dave Allain will be the men. This looks like a winning ticket.

Carleton and York Counties will choose its Opposition tickets Saturday, Madawaska and Albert counties today.

The political pot is beginning to boil.

It is only four months ago that Mr. and Mrs. Pratt were called upon to mourn the death of their son, Gordon, who was killed on the battle fields of France.

Two scrub teams played an interesting game of hockey at the rink on Friday evening. The game was quite fast considering the lack of practise this season. The teams had the respective names of "Loafers" and "Bums." The score was 5 to 4 in favor of the "Bums." The line-up was as follows:

BUMS		LOAFERS	
W. Powell	Goal	W. Sheehan	
A. McNeil	Pt.	B. McKay	
M. McKay	Cover Pt.	J. Driscoll	
V. Mott	R. Wing	R. Coleman	
G. Goodspeed	L. Wing	G. McNeil

The fire broke out again in a big flame about 8 o'clock but was soon extinguished as the hose was already there.

The relatives of Pte. Ernest McKay of this town received the sad news on Monday that he had been found dead on the morning of the 28th. The telegram did not say whether he had died of wounds or not. Pte. McKay was living at his home here up till a few years ago when he went out West. Shortly after the beginning of the war he enlisted with the gallant 1st Canadian Pioneers of Vancouver and went to France with this Battalion. He was in all of the terrific battles of last spring and summer and came out unscathed. Further information about his death will probably be forthcoming. Much sympathy is expressed for the stricken family in the loss of so heroic a son and brother.

One of Robinsonville's best known and most highly esteemed residents passed away Sunday morning, Jan. 28th at his home at the age of sixty-eight.

Mr. Murray was born in River John, Nova Scotia and came to Robinsonville when a very young man, where he resided until his death. He occupied a large place in the life of the community and will be missed by a great circle of friends. He held the office as elder in the Presbyterian Church for 35 years. Before there was a church in the community, he gathered the children to his home on Sunday's and taught them the great Truth's of the Master whom he served so well.

He had been ailing for a couple of weeks, and on Sunday morning was suddenly seized with severe pain and expired within a few minutes. The great suddenness of his death came as a shock to the community.

The funeral service, which was conducted by Rev. J. R. Miller was largely attended.

He leaves to mourn the loss of a kind and loving father—three daughters, Mrs. Geo. R. Thomas Mrs. Henry Moores and Grace at home. Four sons, Donald, William and George of Robinsonville; Russell overseas with the 171st Battalion.

The St. John Standard in a recent issue printed a picture of D.A. Stewart, M. L. A. and underneath it put Arthur Culligan's name. This is surely sufficient cause for an action of libel on Mr. Stewart's part. Of course the Standard will apologise for the harshness of our good looking member.

**GOVERNMENT CONVENTION**  
A meeting of the friends of the local government met in the Murray Hall here Wednesday afternoon, and nominated Arthur Culligan and D. A. Stewart to contest the county in the government interests. There was not much enthusiasm as the result of the meeting was a foregone conclusion.

**CORRECTION.**  
In our obituary notice last week referring to the late Mrs. Edmund Lodge she was incorrectly stated as being a daughter of the late John Dawson, Esq. which she is not.

**CAUSE FOR LIBEL ACTION**  
The St. John Standard in a recent issue printed a picture of D.A. Stewart, M. L. A. and underneath it put Arthur Culligan's name. This is surely sufficient cause for an action of libel on Mr. Stewart's part. Of course the Standard will apologise for the harshness of our good looking member.

### OBITUARY

At Couillardville, Oconto County, Wis., December 4, 1916, after a lingering illness that she bore with Christian resignation to the Divine will, occurred the death of Mrs. Archie McAllister in the 72nd year of her age.

Mrs. McAllister, whose maiden name was Isabella Gerrard, was born at Tide Head, Restigouche County, New Brunswick, January 12, 1845. She came to Oconto with her brother, George, October 15, 1872, where she resided until the time of her death. She was married to Archie McAllister, November 9, 1874. She leaves to mourn her loss a husband and two children, Mrs. C. McGee and Stanley McAllister, also two step children, Mrs. J. Johnson and Sam McAllister, all of Oconto, Wis. Two brothers and two sisters also survive her, Robert D. Gerrard of Tide Head, N. B., and Geo. Gerrard of Ontonagon, Mich., and Mrs. M. Phelan of Racine, Wis., and Mrs. F. Ferguson of San Francisco, California.

Mrs. McAllister had been a member of the Presbyterian church for 56 years and lived a devout Christian life and was beloved by all who knew her. The funeral of the late Mrs. A. McAllister was held from the Presbyterian church at Couillardville December 7, Rev. C. A. Parker officiating and remains laid to rest in Evergreen cemetery. A large concourse of friends attending, showing the high esteem in which deceased was held in the community.

Relatives from outside who attended the funeral were Mrs. A. A. Phelan, Miss Annetta Phelan and Gerrard Phelan of Racine, Wis., Mrs. W. C. McCurdy of Menominee, Mich., and Geo. Gerrard, Sr., of Ontonagon, Mich.—Oconto World.

On Sunday, January 28th, 1917, there passed away, Jessie Menzies, wife of the late Edmund Menzies. Born in Scotland about 78 years ago, she came to this country when 3 years old and settled at New Richmond. Of late years she resided at the home of her only son, Thomas McLean of Dalhousie Junction and it was there that she passed peacefully away. Mrs. Menzies had been an invalid for about 3 years, but bore her affliction with Christian fortitude, calmly awaiting the summons from on high. She is survived by one son, Thomas and four daughters, Mrs. Margaret McNeish of Dalhousie Junction, Mrs. John Campbell, Mrs. Wilson Howatson of Dalhousie and Mrs. Archibald Cook of Missouri. Sorrowing friends accompanied the remains to New Mills where interment took place. The burial services were conducted by Rev. J. H. McLean of Dalhousie, assisted by Rev. F. L. Jobb of New Mills.

Not dead—oh, no! but borne beyond the shadows  
Into the full, clear light;  
Forever done with mist and cloud and tempest,  
Where all is calm and bright.

Many friends will regret to learn of the death of Norman Campbell of Maple Green which occurred on Friday February 2nd, at the age of 35 years and eleven months. The deceased had been in failing health for sometime past. He leaves to mourn his loss a bereaved father and mother, five brothers, Alexander of Mill Creek, B. C., Walter of Seattle, U. S. A., Thomas Garfield and Gordon at home and two sisters, Mrs. James Blake of Vancouver, B. C., and Mrs. Crozier Sullivan of Richardsville. The funeral which took place on Monday at 2.30 p. m., was largely attended by friends and relatives which showed the high esteem in which the deceased was held. The pall-bearers were: Messrs. S. S. Harrison, James Adams, Charles Taylor, and James Evans. The family have the sympathy of the community in this hour of bereavement.

We regret to learn of the demise of Mrs. James Mill of Maria, P. Q., which sad event took place on Saturday, February 3rd, at the residence of her son, Mr. Thomas J. Mill. Although in failing health for the last two or three years, Mrs. Mill's death came somewhat suddenly and we extend our sympathies to the bereaved family. She was the mother of Messrs. John and Thomas Mill and Mrs. Thos. Clap-

and more, people with chest and throat troubles have tried to cure them by pouring cough syrups, lung tonics and the like into their stomachs. All a mistake! The Peps way is different. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing. Try a 50c. box of Peps for your cold, your cough, bronchitis or asthma. perton, of Maria, of Mr. James E. Mill, Advocate, of New Carlisle and Mr. David W. Mill, Inspector of Surveys, for the Province of Quebec, of Quebec City. In her death Maria loses one who was noted for her virtuous life, well filled with many charitable acts and in whom nothing but kindness and benignity were found.

The death occurred at Phillips, Wis. of Mr. H. Young. The deceased was formerly of Millville, York County N. B. but has been residing with his son in Phillips for some time. He is survived by two sons, John of Millville, N. B. and Earnest of Phillips, Wis. and two daughters Mrs. Albert Fawcett of Nortonville, N. B., and Mrs. Wm. Sansom of Campbellton, N. B.

## SAYS CANADA IS DOING LEAST OF THE DOMINIONS

London, Feb. 8.—One who is called "a prominent Anglo-Colonial just returned from a tour of the principal Dominions," whose identity it is not difficult to discover, publishes the following somewhat remarkable statement:—

"New Zealand is the gem of our Crown. I don't believe there is a single able-bodied man left in the colony. All have responded to the call of patriotism."

"Australia is also nobly doing a big part, and will do more when the political situation straightens out. "Canada, however, is somewhat of a mystery. Some fifty per cent of the people there have given their all, sons, brothers, fathers and money, but the remainder appear to take only a lukewarm interest in the war. "In my speeches I was able to assure them of the wonderful part taken by the Mother Country, and so was able to silence all criticism. "Canada, I am certain will yet prove true to herself."

## AMERICANS RUSH BACK TO STATES

London, Feb. 2.—The German note has resulted in a rush of Americans to procure passage to New York on the first available boat. Large numbers who expected to sail with in a fortnight have decided to leave Saturday and before noon all the first class accommodations on the steamer were booked.

Among those applying for passage are 120 persons who intended to sail on the Holland American liner Nieuw Amsterdam, which was to have left Falmouth on Tuesday. This ship, however, has been recalled to Rotterdam, whence she sailed two days ago.

## A SHORT TALK To Those Who Require PRINTING

INSTANT FIELDS LOOK GREEN, but upon investigation you may find that they are not a bit greener than those right at home.

The larger printing houses in the cities and towns may tell you a pleasing and impressive story in regard to their facilities for doing your work and the low price which they will charge if you entrust them with your orders. But why go so far afield? Why not give the printing office nearer home a trial? Presumably you have no objection to seeing more labor employed in this town, then why not give your local printer the preference. Service does not necessarily go with exceptional equipment. You do not need a guillotine to cut a hen's head off and the chances are that your printer can look after all your printing requirements much better than any outside firm could possibly do. If the outside company would save you money why then it would be a different matter, but in ninety cases out of a hundred we believe that you will do better with your local printer, who understands your requirements and is ready to serve you to the best of his ability.

We have splendid equipment for turning out your work. We have the machines, we have the men, we have the brains and energy. Don't take it for granted that we cannot do some particular piece of work, try us and see. Then it will be up to us and we are ready to stand the test.

## GERMAN VESSELS WAR PRIZES

An even hundred German and Austrian merchant ships are tied up in American harbors. There are some at Honolulu, some in Porto Rico, some in the Philippines, but the great majority are in Atlantic and Pacific coast ports. Some of the ships are tramps, some are palatial liners of the most modern type. These ships are free to take their chances at sea under present conditions, will become prizes of war if war between the United States and the Teutonic powers develops as a result of existing conditions. These ships, worth many millions of dollars and aggregating approximately 350,000 net tons, would be such a valuable addition to the Entente supply fleet that Germany is expected, if a rep-

ture comes, to make a desperate effort to prevent their loss. It is even suggested that they may be scuttled at their docks. American port authorities are now watching carefully these enemy ships, but the Germans understand well the advantage these hundred ships would be to the Allies and have had ample time to make any preparations they have in view to render them unseaworthy.

Effective. - A lady entered a railroad car and took a seat in front of a newly married couple. She was hardly seated before they began making remarks about her.

Her last year's bonnet and coat were fully criticised with more or less giggling on the bride's part, and there is no telling what might have come next if the lady had not put a sudden stop to the conversation by a bit of strategy.

She turned her head, noticed that the bride was considerably older than the groom, and, in the smoothest of tones, said:

"Madam, will you please ask your son to close the window?"

The "son" closed his mouth, and the bride no longer giggled. - New York Times.

## BRITISH PUBLIC NOT MUCH WORRIED OVER SITUATION

Holds That Germany Has Already Done All She Can by Submarines.

(Canadian Press Despatch)

London, Feb. 2. - Twenty-four hours reflection over Germany's latest threat appears to have left the British public less worried than appears to be the state of public mind in most neutral countries. Two points of the issue stand out strongly in all public criticism. First, that the German decision is the council of desperation and a virtual confession that she had abandoned hope for military victory in the field and second that having shown no restraint in recent months in her submarine warfare on shipping bound to opposing belligerent countries, it is needless to feel dismayed at what she is likely to do in the future since probably all available submarines have been in full employ and it is unlikely that in the near future Germany can have a much greater number of under water boats at her command.

It cannot be said that the British public is displaying any special alarm. There are some who are even inclined to welcome threats as providing a useful stimulus to the government and the nation. To the former as tending in the direction of the admiralty to take whatever steps are possible to counteract submarine activity and to measure on the part of the government to speed up the construction of merchant shipping in order to replace daily losses, to the nation in inducing a stronger recognition of urgent economy, especially in the consumption of food. In this connection, there has been considerable criticism of the government action in taking skilled farm hands for the army when the immediate imperative need of the country was to increase the food production at home to the utmost. This question of the conflicting interests of the army and agriculture may be brought to a head by the present situation.

The German press, on the other hand, appears less confident of the happy results of the latest stroke. The German papers are warning their readers not to expect too much immediately from the new submarine campaign. Disappointment seems to be reflected in the German press that the new move has failed to bring about further negotiations with the United States on the peace question.

## UNITED STATES AND GERMANY

New In Lists and Looks Like War—Preparation Being Made.

Washington, Feb. 3. - Ambassador Bernstorff was officially handed his passports at 1.57 p. m. today.

Washington, Feb. 3. - Cabled instructions have been sent by the State Department to Ambassador Gerard at Berlin to get all Americans, who wish to leave, out of Germany.

Norfolk, Va., Feb. 3. - United States officials today boarded the interned ship Appam, brought into port a German prize crew, and formally took possession.

NO HYPHEN—AMERICA FIRST Cincinnati, Ohio, Feb. 3. - "I am for America," was the declaration today of the German-American Alliance.

Discussing the break with Germany, he said:

"We are all American citizens. We cannot do otherwise than stand by the President. It is our duty. Every German-American is an American. I am for America."

Washington, Feb. 3. - Switzerland has taken over Germany's interests in the United States, Ambassador von Bernstorff said today.

Washington, Feb. 3. - The Naval Department today issued instructions to all Government navy yard commanders to close the gates against visitors.

Orders also were issued to all naval officers instructing them to prohibit visitors on shipboard "until further orders."

Washington, Feb. 3. - While official announcement of action by the Navy Department, was absolutely refused, it became known just before noon that every wireless station chartered in Government archives in now virtually under Government control.

Such wireless stations include Sayville, Tuckeron and all other great German stations.

Washington, Feb. 3. - Ambassador Gerard's instructions are to close his Embassy as well as all the Consulates in Germany. All Embassy attaches, consuls, consular agents and their staffs are to be brought out of Germany.

This makes the severance of relations more complete than is usual in such cases. Spain will take over the diplomatic interests of the United States in Berlin.

Washington, Feb. 3. - The State Justice Department are co-operating to guard against German bomb plots in this country.

This was interpretation placed today on a brief conference between the Assistant Attorney-General, Mr. Warren, and Counsellor Polk, of the State Department. The parties refused to discuss the nature of their conference.

Then note the improvement in your appetite, your strength, your general condition.

## HEADACHES, BILIOUSNESS CONSTIPATION INDIGESTION.

The bottle of Syrup contains three times as much as the 50c size.

## MASK THROWN ASIDE BY HUNS.

Inhumanity is Now Officially Proclaimed as Hun Policy.

London, Feb. 2. - The Times says that there is nothing surprising in the German note to those who are nearest the war. It contends that the communication is merely "the logical application of principals upon which Germany has acted from the outset, namely, necessity knows no law." The Times sees in the speech of Chancellor Von Bethmann Hollweg a proof that his real attitude on the submarine question has been consistent throughout although in his dealings with the United States "he was sometimes sacrificed principals to expediency."

"He now proclaims," says the Times, "that he was always ready to adopt ruthless U-boat war as soon as it seemed likely to bring Germany victorious peace. So he flings aside the pretense of humanity uncutiously affected in his former notes to President Wilson."

Referring to the note to the United States, the Times says: "It is for the American government and people and for them alone, to take the grave decision that these insolent demands require."

## BRITISH CRUISERS SUNK RAIDER SAYS CONSULAR CLERK

Buenos Ayres, Feb. 3. - A Pernambuco despatch today quotes a Belgian Consular clerk as declaring that the British cruisers Glasgow, Amethyst and Kent sunk the German raider in a forty minute naval engagement.

The story is unconfirmed from other sources.

According to the Pernambuco report, the three British cruisers laid a clever trap for the raider. Her whereabouts being rumored in a certain locality off the Brazilian coast, a British freight ship was used as a bait with which to draw the sea rover on.

The warships kept just out of sight of the bait, which steamed slowly into the locality where the raider was supposed to be. The German sighted the freighter, ordered her to stop, and formally took possession.

By this time the freighter had wireless a coded message, and within a short time the three powerful cruisers were within range of the captor. A running engagement ensued.

According to the Belgian clerk, the cruiser Amethyst was greatly damaged in the fight, but the raider was sunk with her entire crew.

It was assumed, however, that the departments were either on the trail of plots or were taking unusual precautions against them.

Washington, Feb. 3. - Senator Thomas, of Colorado, today introduced a resolution authorizing the issue of \$500,000,000 of bonds to enable the Government to put the country in a state of military and naval preparedness.

While Senate leaders denied they were ready to authorize huge expenditures at this time unless the President asked for them, the action of Senator Thomas points clearly to the fact that there is a general sentiment in favor of getting the nation ready for war if complications continue to get worse.

Whether or not there is an actual declaration of war following upon the President's action depends on Germany. This preparations have been going on for weeks, it was learned today. Announcement of the President's decision was held up in order that all last details might be carefully attended to.

A similar course of action will be taken by the President toward other Central Powers should the same determination to wage relentless warfare be officially decided upon by them and the decisions officially communicated to this Government.

### CONSTERNATION IN CAPITAL

When the news of the President's action broke out through the Capitol it aroused the greatest consternation.

### 14-YEAR-OLD GIRL RESCUES CHILDREN IN MONCTON FIRE

Body of B. O. Hennessy, Killed in Maine, Home for Burial—

Moncton, Feb. 2.—Charles Doucet's residence, Robinson street, was damaged by fire today to the extent of about \$900. The heroic act of a fourteen-year-old girl in carrying out her three-year-old brother and a baby probably saved the lives of these children.

The body of Basil O. Hennessy, who was killed in Maine arrived in Moncton today and was taken to his father's residence, Thomas Hennessy, J. P., Irish-town. Basil Hennessy was killed at Oakland (Me.) while in the cab of the engine he noticed steam escaping and immediately jumped to the ground to ascertain where the leak was. He stepped back from the steam for a moment, not noticing an approaching train which passed over him, killing him instantly.

The new War Saving Certificates which have been created by the Government to encourage thrift and economy and to give everyone an opportunity to assist in financing our war expenditure, are now on sale at every bank and money order post office in Canada. The \$25 certificate sells for \$21.50, the \$50 for \$43, and the \$100 for \$86.

As an investment these certificates offer many attractive features—chief of which are the absolute security and the excellent interest return. For every \$21.50 lent to the Government now, \$25 will be returned at the end of three years.

There are two other features which are especially interesting to small investors. First, the certificates may be surrendered at any time, if the buyer should need his money; and second, each certificate is registered at Ottawa in the buyer's name and, if lost or stolen, is therefore valueless to any one else.

But while they are excellent from an investment standpoint, the certificates should appeal strongly to Canadians because they offer to those who must serve at home a splendid opportunity for a most important patriotic service. The person who honestly saves to the extent of his ability and places his savings at the disposal of the Government by purchasing these certificates may feel that he is having a direct share in feeding, equipping and munitioning our Canadian soldiers, who are so nobly doing their part.

### THE WAY TO THE GOOD JOB

If you can work and keep your smile And not be grumbling all the while, If you are glad to do your share And sometimes more, and still not care And take the gain or take the loss, And still be loyal to your boss, You need not fear the frowning fates, For you a good job surely waits.

If you put into all you do The very heart and soul of you And give unto the simplest test That spirit which is called your best, And use your brain along the way, It makes no difference what to-day You're being called upon to do A good job surely waits for you.

Men do not rise by handsome looks, Or from the things they've read in books, Or even from the facts they know, But from the knowledge that they show.

If you are patient and will work And do the tasks that fret and irk Without complaining, in good time The ladder of success you'll climb.

If you will think about your task And of yourself this question ask: "With this would I be satisfied If I were on the buyer's side?" And never let it pass until It marks the summit of your skill, Be not dismayed nor live in dread, A better job is just ahead.

To-day is but a stepping stone To glories that are still unknown, The sunbeams of to-morrow raise The seeds of all our yesterday's; In what we are men near us see What in the future we shall be. The good job blossoms on the soil That has been tilled with honest toil.

### WASTE PAPER

The present necessity for conservation along all lines that effect economic and industrial conditions is very great, and many appeals are being made to the people of the Empire to recognize this and to assist in overcoming a situation that unless checked will become acute. Under normal conditions in all probability no charge could be made against the Canadian people regarding their extravagance in the matter of their use of paper. If it were generously used it was because it was easily obtained and the market value of the best quality of letter paper was no greater prior to last year than is the market value of some kinds of waste paper to-day. All over the Empire paper is scarce, and the terrible depletion of European forests by the war as well as the fact that wood is needed for the constant repairing and rebuilding and maintaining of the sea tonnage makes it imperative that every bit of wood shall be strictly preserved. In England the paper shortage is becoming acute, and is being more keenly felt than as yet it has effected Canada. Here, however, the government has asked that every means be taken to conserve paper, rags and rubber, and has given every facility to any organization endeavoring to aid in this work. Because the work of the Red Cross appeals especially to a majority of persons in many parts of Canada, this collecting of waste paper has been handed over to committees from that society, the proceeds from the sale of the paper being given to the Red Cross for its various needs. In Hamilton, where there are large mills, the situation once threatened to become acute as a lack of work would effect many families but within a short time the school children were able to collect sufficient waste material to avert a crisis and to hand over to the local Red Cross a very large sum of money as well.

True Pleasure—"Major Rasher, I saw a man to-day who would like the pleasure of kicking you," said a friend. "Kicking me!" exploded the Major. "Kicking me! Give me his name at once!" "I hardly like to tell you," said the other. "I insist upon knowing," said the Major. "Ah, well, I'll tell you," said the other. "It's a soldier who's in the hospital with both legs off."

Hollow Hopes—"Never despair. Somewhere beyond the clouds the sun is shining." "Yes, and somewhere below the sea there's a solid bottom. But that doesn't help a man when he falls overboard."

Costly Error—"Hey, what did you go and sell them apples for?" "Ain't they for sale?" "No. Them was the samples we take out to our automobile customers."

### MERCHANT'S WIFE ADVISES CAMPBELLTON WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else caused me to vomit. I was miserable until I tried Buck-Ar-Ar-Ar. ONE SPOONFUL benefited me INSTANTLY." Because Buck-Ar-Ar empties BOTH large and small intestines it relieves ANY case of constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. McE. McDonald, Druggist.
