SOME GOOD THINGS

—FOR—

SATURDAY

HE demands for hot weather goods has set in, in earnest. We had our preparations completed to meet these wants, a month ago, but the weather man was a little slow this season. Here are some of the lines that will make brisk selling on Saturday.

White Shirtwaists at \$1.19

A special line with short sleeves, a good quality of white lawn, neatly trimmed with embroidery. A very good waist for the price \$1.19.

Long Silk Gloves at 75c

In white only, not many of them but a good assortment of sizes. There has been a big demand for these, and they will sell out early.

Embroidered Wash Belts

There has been a big rush for these, at all prices. We have them at 15c, 35c. and 45c. Among them are special sizes for stout ladies.

Silver Belts

The popular fad. We show two lines of these much asked for belts at 55c. and 75c.

Cotton Hose at 25c

The popular price for Ladies, Boys, Misses and Children's. We have all the makes—plain, full fashioned, the small neat ribbed, so popular for wear and appearance as well as the wide rib for boys. See them.

Ribbons

A number of special values for neck ribbons will be displayed on our counters for Saturday. You know what our values are. It is only necessary to mention them.

Children's Straw Hats

We are showing a big variety of good things, all this season's styles at 20c, 25c, 29c, 35c, 45c and up to \$1.00.

Dress Muslins

A complete assortment of all the new designs, so much worn this season. Large florals, neat white and black, white dotted. They are all here at a variety of prices.

TEACHERS OF EAST KENT

Annual Convention Being held in the London Normal Schools

A LARGE ATTENDANCE

About one hundred members of the East Kent Teachers' Association arrived in London yesterday noon.

The party occupied special cars, and after putting up at the hotels and with friends, met at the Normal school.

A short business meeting was held, and the majority of the party journeyed to Springbank.

The disagreeable weather somewhat marred the occasion, but most of the party enjoyed themselves.

The teachers expressed great pleasure at holding the convention in London, especially at the Normal school.

Many of the party are graduates of the school and the visit recalled pleasant memories.

In the evening Dr. Merchant, of the Normal school, lectured on "Radium Activity." The assembly hall was crowded and Dr. Merchant's address was deemed by all one of the best he has ever delivered.

The speaker's remarks on radium activity were profitable and interesting. The subject itself, while widely discussed, is still a source of wonder. The various uses to which radium may be subjected were referred to by Dr. Merchant.

The teachers will continue in session until this evening. Addresses will be given and organization meetings held.

A LARGE FUNERAL

The Remains of the Late W. H. Harper Were Reverently Laid to Rest on Wednesday

The funeral of the late W. H. Harper, which took place on Wednesday, was one of the largest ever witnessed here. The deceased's popularity was clearly shown by the large number of business men who attended. The news of the accident at Erieau came as a sudden shock that it was with difficulty that his many friends realized his death with its accompanying sadness and regret. The funeral service was conducted at the grave by the Masonic order. They were presided over by W. Bro. Geo. Massey. The Elks Lodge attended in a body and a deputation was also present from the City Council, the deceased being an ex-alderman.

Rev. J. W. Hodgins and Rev. W. H. G. Collier conducted the service at Christ Church, where the remains were taken. During this service a selection, "Safe in the Arms of Jesus," was rendered by the Christ Church male quartet.

The pall bearers were Messrs. Jas. Holmes, S. Stephenson, C. C. Greening, G. W. Sulman, Judge Houston and W. E. Ripin.

Among those from out of town who were present at the funeral were: W. Marshall, C. P. R., Toronto; W. H. Switzer, C. P. R., Dresden; E. Fremlin, C. P. R., Toronto; A. J. Taylor, C. M. & St. P. R., Toronto; B. H. Bennett, C. & N. W. R., Toronto; H. Foster Chaffee, R. & O. N. Co., Toronto; W. Buntin, G. T. R., Peterboro; E. de la Houke, C. P. R., London; John J. Rose, C. P. R., Toronto; James Houston, C. P. R., London; D. H. Bowen, agent C. P. R. Telegraph Co., London; W. McIlroy, C. P. R., Peterboro; Joe Madill, C. P. R., Windsor; A. E. Edmonds, C. P. R., Detroit; W. Fulton, C. P. R., London; Andrew C. Stephenson, Inspector Liverpool & London & Globe Insurance Co., Toronto; H. M. Pousett, General Agent Canada Life, Sarnia; D. V. Hicks, Agent Canada Life, Dresden; H. N. De Witt, Inspector Guardian Assurance Co., Limited, Montreal; Fred T. Bryers, Inspector Alliance Assurance Co., Montreal; W. S. Jopling, Inspector Commercial Union Assurance Co., Montreal; W. Robins, Western Insurance Co., Toronto; A. R. Pringle, Western Insurance Co., Toronto; John Killer, London Mutual Insurance Co., Waterloo; William Power, Adjuster of Insurance, Toronto; Wm. Walsh, Assistant to General Manager Dominion Express Co., Toronto; F. G. McKay, Route Agent Dominion Express Co., London; A. E. Berube, Agent Dominion Express Co., London; C. B. Foster, Assistant General Passenger Agent C. P. R., Toronto; W. T. Dockrill, Travelling Passenger Agent C. P. R., Toronto.

A telegram was also received from Robert J. Halle, of Chicago, regretting his inability to be present.

Extortion at San Francisco. San Francisco, May 25.—Extortionate charges to the city for automobile hire during the first two weeks following the fire may develop into a huge scandal. In the tabulated statement filed with the committee of forty Saturday there appears a charge of \$157,599 for automobile service. Only 129 claims were presented to cover this sum. The average rental a day was \$55.

Some people are so cautious that they even look before they creep.

BIG CROWDS AT THE RACES

McRae's Dillard Pacers of Wallaceburg First in Two Events

GOOD RUNNING EVENTS

More people were at the fair grounds yesterday watching the horses go around than have assembled there in many a day. With racing, lacrosse and cricket on, the first named proved the big drawing card, and over 3,000 people saw the half mile track.

While harness horses are not in shape for speed at this early season, the time made in two of the events was very good, considering the fact that the naturally slow track was made more so by a brisk noon shower. Halves in 1:10 or better are not forcing matches over here by any means, although two half sisters that won the pacing events could have done a little better had they been hard pressed.

The racing was a triumph for Capt. McRae, the Detroit manufacturer, whose Sydenham Bailey Stock Farm, at Wallaceburg, is one of the biggest in these parts. Daisy Dillard had not been sent more than a few slow miles thus far on the farm track, but her heat in 1:08 was the best of the afternoon. Topsy Dillard, owned by G. Collins, of Wallaceburg, ran away seven miles from a fright on Monday, but, as the race followers said, "it was only a good workout for her." She was in front all the while in her event.

JESSIE HAROLD WAS SLOW.

The 2:18 pace brought out four, and among them Jessie Harold, the out-hungest of the west end in Detroit. This old mare has been pulling a delivery wagon all winter and acted as though she had been driven to Chatham with one, for she did not have a bit of brush as she usually does. Topsy Dillard beat her with ease twice, and last time College Queen tried but could not keep pace with the winner.

The 2:50 pace hung in the balance for three heats. Daisy Dillard marched with the first, although she had but made a couple of bad heats in the next, and College King won. Trailing College King for a quarter of a mile in the third heat Daisy Dillard came up to him at the start of the last turn, and raced the black horse into submission, although the middle quarter was as pretty a contest as anybody ever saw. The fourth heat was no particular trick for this Dillard.

The named race was a mixture of split heats and looppies. A lot of local pacers made up the field of six, and heats were won in the order by I. X. L., Capt. Jay and Ola B. Then Capt. Jay took the fourth one and the rest of the story is for tomorrow.

There were two running events, owing to the number of entries. Frank Collins, owned by the Richard boys of Windsor, won the first impressively. Australia and Tholand were heat winners in the other, which was unfinished.

The card for Friday includes the free-for-all pace, 2:25 pace and 2:20 trot mixed, 2:25 trot and a half mile race for the runners. The summaries:

ANTI-PRESTON RESOLUTION

Labor Educational Association Want Him Dismissed

ANNUAL CONVENTION

Whereas, in the opinion of this convention of the Labor Educational Association of Ontario, representing trades and labor councils and local trades unions of the Province of Ontario, immigration agent W. T. R. Preston has been guilty of conspiring against the interest of the toilers in conjunction with the manufacturers association for the purpose of importing strike breakers into Canada. Be it therefore resolved: that this association in convention assembled demand the dismissal of said W. T. R. Preston as a Government official and that said resolution be sent to the press of the province for publication.

The Labor Educational Association of Ontario, at its fourth annual convention held in London yesterday with seventy delegates in attendance, unanimously adopted the foregoing anti-Preston resolution.

LIGHTNING'S WORK

Samuel Clark Loses His Life at Selton in the Severe Storm

Ridgetown, May 24.—A terrible fatality happened at Selton about 1:30 o'clock this afternoon, whereby Samuel Clark lost his life. Mr. Clark, who was working for Mrs. Hutton on the farm, had just driven the horses into the barn for shelter from the approaching storm and was in the act of returning to the doorway when a bolt of lightning struck him on the forehead and passed down the body, tearing one of his shoes from his foot.

Death was instantaneous.

Deceased, who was aged over seventy years, was well known in these parts, where he had lived for many years. John Clark, Church street, Ridgetown, is a brother.

A SERIOUS FIRE

Residence of James McCarron of Wallaceburg Was Totally Destroyed

A little after five o'clock on Tuesday morning last the residence of James McCarron, about a mile away from Wallaceburg, was totally destroyed by fire.

The cause of the conflagration, which started in a top garret of the house, is unknown, and, as the family were all in bed at the time of the outbreak, several of them had narrow escapes. The flames had got a good grip on the building before the inmates discovered them and all that they were able to save was a portion of their clothing.

The loss caused by the fire is fairly heavy as, although the house was insured, the contents were not covered by insurance and the family thus lost all their household effects without compensation of any kind. Much sympathy is felt for Mr. McCarron and his family in their misfortune.

STARTS FOR SPAIN

Royal Family and Spanish Colony Give Her Good Send-Off.

London, May 25.—Princess Ena and her mother, Princess Henry of Battenberg, left London yesterday for Spain, at the frontier of which Alfonso will await his future bride.

The departure of the princess from Victoria station was the occasion for an enthusiastic demonstration on the part of the Spanish colony here, while the platform was crowded with English friends, who gave the future queen a hearty send-off. King Edward, Queen Alexandra, the Prince and Princess of Wales, the Duke and Duchess of Connaught and other members of the royal family and the staff of the Spanish embassy were among those present.

Go to Meet His Bride. Madrid, May 25.—King Alfonso, accompanied by Premier Moret, the Minister of War and a brilliant suite of officials and court dignitaries, left Madrid yesterday afternoon for the frontier, where he will meet the future Queen of Spain. Vast crowds witnessed the departure. The King will arrive at Irún at daylight to-day, and the bride will reach there an hour later. The royal train will return to Madrid at 8:30 o'clock to-night.

THE HIGH COURT CASES

Non Jury Sitings Were Concluded Here on Wednesday

IMPORTANT DECISIONS

The sitting of the High Court before Mr. Justice Falconbridge was concluded on Wednesday.

The case of O'Keefe vs. Dr. Smith, Mount Clemens, was decided in favor of the plaintiff. This is a case where the plaintiff sued the defendant for \$3,000 on a note. Ward Stanworth for plaintiff and Lewis & Richards for defendant.

Judgment was given in favor of the defendant in the case of the Bank of Montreal vs. Scott.

This is a claim of \$5,000 and interest on a demand note made in favor of Scott Bros. & Co., endorsed by Margaret Scott and negotiated with the Bank of Montreal as collateral security to the account of Scott Bros. & Co. in May, 1903.

The bank endeavored to realize on the collateral in view of the action of the principal debtors Scott Bros. & Co., who failed, and defaulted in their payments.

The defense set up is one that is based on the decision of the Supreme Court, which has been the subject of a great deal of comment amongst lawyers. In the Supreme Court a short time ago it was decided that before any person can hold a married woman on a promissory note given in benefit of her husband, it is necessary to prove that she had competent and independent advice as to the nature of the transaction, and her liability.

In the present case J. G. Kerr appeared for the Bank of Montreal and Wilson, Pike & Gundy appeared for Mrs. Scott.

In the case of McCallum vs. Bourne, judgment was given in favor of the plaintiff for \$300. J. S. Fraser for the plaintiff and A. B. Carscallen for the defendant.

In Ouellette vs. Reaume, judgment was reserved. Wilson & Co. for the plaintiff and J. W. Hanna for the defendant.

The action of Houston vs. Smith was dismissed. Houston & Stone for plaintiff and J. S. Fraser for the defendant.

Policeman Shoots a Thief.

Auburn, N. Y., May 25.—Three men, while trying to break into a saloon at 3 o'clock yesterday morning, started to run when surprised by a patrolman. Refusing to halt, the latter fired one shot. The shot took effect in a vital part of Daniel McCarthy, who died in a few minutes after reaching the city hospital.

Artist Murdered in London.

London, May 25.—Archibald Waskely, an artist and a regular exhibitor at the Royal Academy, was found murdered in his rooms at Bayswater yesterday. The front of his skull was battered in but the weapon used was not found. There is no clue to the perpetrators of the crime.

OPEN WINTER RESULTS

Agriculturists Learn New Things of Wheat and Clover.

Ontario Crop Bulletin For May Has Varying Reports From Correspondents of the Department—Best Reports From Lake Erie and Lake Ontario Counties—Quality and Cost of Labor Serious Problem.

Toronto, May 23.—The following information concerning the spring conditions of agriculture in the province has been issued by the Ontario Department of Agriculture.

Fall Wheat.
When the new fall wheat was reported on in November, it was described as having had a good start at seedling time, and the only fear then expressed was that the young plants had perhaps too much head.

The gold, dry, and changes of temperature varying from extremely mild conditions to intense cold, led growers of fall wheat to fear the outcome. The gold, dry, and generally backward spring was also unfavorable. However, the general situation in the third week of May may be described as better than was expected, although reports vary greatly in the different parts of the province. Some reports are enthusiastic, while others from the same district speak of failure more or less marked. High lands did well compared with flat or low-lying places, and rich, sharp, well-drained soils also prospered. Fields sown early did much better than those sown later, and wheat sown on sod was markedly ahead of that grown on stubble land. A considerable area at scattered points will be plowed up and reseeded to other crops, but in many cases barley will be drilled into the "patchy" spots. The presence of the wire-worm was pointed out by a number of correspondents, but no serious injury was reported from that or other insects. The most favorable reports, relatively regarding fall wheat, come from Lake Erie and Lake Ontario counties.

Clover.
Clover suffered from lack of protection of snow during the winter, and much of the crop was heavily, resulting in considerable loss. Old fields showed most injury, the young clover coming through in remarkably good form. Notwithstanding the many complaints of poor fields, there are a number of favorable accounts of a splendid showing, the two winter crops of clover and fall wheat never have called forth more varied reports as to prospects.

Fruits.
Winter losses of orchard trees are smaller than for several years. In various quarters a number of old plum trees are reported as having succumbed, but opinion was expressed that the severe winters of the two or three years immediately preceding was the cause. Except in a few localities in the Lake Erie Counties, peaches appear to have sustained but little injury. There has been a generous amount of blossoming on nearly all classes of orchard trees, and should heavy rains keep off during the period of "setting" a large crop may be looked for. Complaints of the presence of San Jose scale, the oystershell, bark louse, and black knot are made, and orchardists will have to continue the good fight against them if the best results are to be had.

Live Stock.
The open winter appears to have favored live stock. There was sufficient provender of all kinds except roots, as many of the turnips rotted; although the backward spring caused an outlook for rind to be made upon surplus fodder. Horses came through the winter in splendid condition, except where troubled with a light form of distemper, and the cool, dry weather kept them in good condition during the spring work. More mares have been bred of late than formerly, and while some speak of an unusual mortality among colts, the general tone of the reports are favorable in this regard.

Cattle. are described as being rather thin, but healthy. Several correspondents claim that this class of live stock was turned out upon the grass this season before there was a good bite for them. Sheep are now more into favor, and are giving good satisfaction. They would be much more largely kept, but for the dog nuisance. Lambs are coming in good and strong, to quote a correspondent. Swine are kept in large numbers, and have wintered well, but there are reports of heavy mortality among spring litters, a large number of young pigs dying when about a month old. But for the fact that many farmers have lost confidence in the stability of the market, the output of hogs would be immensely increased.

Farm Labor.
The quality and cost, and not the quantity of labor, is the great question facing the Ontario farmer to-day. Rates of wages continue high; in fact, many report that farmers cannot pay such wages and succeed. Domestic servants are, if possible, harder to secure than ever before.

Fairbanks, Alaska, On Fire.
Fairbanks, Alaska, May 23.—A fire which broke out here yesterday, is threatening the town with destruction. The Washington-Alaska Bank has been burned and the flames have crossed First and Second avenues and are rushing up Sushman street.

The National Bank is doomed.
Child Falls Forty Feet.
Cornwall, May 23.—Dennis Ranger, the three-year-old son of O. Ranger, proprietor of the Grand Union Hotel, Alexandria, fell from a third storey window, a distance of nearly 40 feet. The little lad's spine was injured.

Patent Medicine Kills.
Montreal, May 23.—The coroner has investigated the death of Victoria Jarvis at Lachine, and the jury returned a verdict that death was due to administering a concoction of syrup of anise, bought at a corner grocery.

Opposed 8-Hour Bill.
Washington, May 23.—A. C. Hayden, representing the Carnegie Steel Co., opposed the 8-hour bill yesterday before the House committee on labor.

Thin Blood

Experience count anything with you? Then what do you think of 60 years' experience with Ayer's Sarsaparilla? Sixty years of curing thin blood, weak nerves, general debility! We wish you would ask your own doctor about this. Ask him to tell you honestly what he thinks it will do for your case. Then do precisely as he says.

EYEGLASSES.

How to Put Them on and Take Them Off Properly.

There is nothing which more completely changes the effect of a pair of eyeglasses than the habit of crowding them on the nose with one hand. The best effort at fitting and adjusting are lost to naught by a person who has acquired that habit.

The proper way to take off glasses is to take hold of the bridge and lift gently without dragging or pulling out of shape. To take off spectacles the take hold of the right temple with the right hand and lift it off the ear. Then turn the head to the right and the left temple will fall off easily.

The average wearer of glasses when he is cleaning them takes hold of the bridge. The consequence is that he gradually works the bridge out of shape, and every rub he gives the lens gives a twist to the bridge, and in course of time the bridge or the lens breaks when he least expects it. There are probably more glasses broken in this way than any other.

The correct way to clean them is to take hold of one of the eye pieces where the glass is screwed on the outer edge and clean the lens, and then reverse the glasses, take it by the other end piece and repeat the process on that lens.

SOME WORDS BEGINNING WITH H.

Most persons ascribe the initial letter of "humble" nowadays and write "a humble" just as they write "a humbug" or "a humming bird." But there are very many who would not naturally sound an h in "humble," or in "herb," "hospital," or even "humor." Before the nineteenth century nobody did, though it is clear that the aspirate had become regular by the time of Shakespeare's time, from the "David Copperfield's" time, from the "David Copperfield's" time, from the "David Copperfield's" time.

A RIGHT WAY and A WRONG WAY

Many people have many ways to bring about the same result. Most of them are mistaken ways, but this is not the point. The test of time points plainly to the error. Practically there are but two ways to accomplish anything; a right way and a wrong way. Take, for instance, a man with a bad back, there are lots of them, and of various kinds, some with stitches and twinges, others with cricks and sprains; then there's the dull, heavy continuous kind that lasts all day and doesn't sleep at night. They're all bad enough, they're all hard enough to get rid of. Some people rub the back with liniment, others cover it with plaster, either or both means often bring relief, but the pain comes back—it's the wrong way to cure the trouble.

DOAN'S KIDNEY PILLS

have a way to cure backache, a way that's all their own—the right way. They're all their own—the right way. They're all their own—the right way. They're all their own—the right way.

Doan's Kidney Pills cure every form of kidney trouble, and that's why they bring such quick relief from backache. Mr. Fred Corner, N.B., writes: "I was greatly troubled with pain across my back. I procured a box of Doan's Kidney Pills and received so much benefit from them that I consider them the best remedy for kidney trouble there is. I would not be without them in my house."

Price 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Afternoon Calls.

The afternoon call is a survival of an age when nobody had anything to do except visit friends. The bitter part of the whole sad business is that, unless one pays calls, one does not get asked to dinner.—London Globe.

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, from dyspepsia, another from heart disease, another from nervous exhaustion, another from liver or kidney trouble, and in this way they all present alike to themselves and their easy-going doctor, or over-busy doctor, supposing them to be such, prescribe pills, and in reality, they are all suffering from the same disease, the disease of suffering, the disease of suffering, the disease of suffering.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, an expert in the treatment of women's ailments, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects on any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs directly feminine in particular. For overworked, worn-out, "run-down" girls, debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon the functional and organic diseases of the female system. It induces refreshing sleep and relieves mental anxiety and depression. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

The best portion of a good man's life is his little nameless, unremembered acts of kindness and love.

THE BUDGET SPEECH.

Hon. Mr. Fielding In One Hour Forecasts a Big Loan—Tariff Changes Are Few.

Ottawa, May 23.—At the opening of the House yesterday afternoon, E. A. Kemp (Toronto East) drew a parallel with the Armstrong Insurance Committee, and said the way the Dominion Insurance dawdled was a public scandal.

Hon. Mr. Brodeur, who led the House at the moment, said he would confer with the Minister of Finance and the Minister of Justice and see if it could not be expedited.

The Budget Speech.

Hon. Mr. Fielding broke a record yesterday, delivering the budget speech in little more than an hour.

He dwelt at some length on the increase in bank deposits, postal receipts and the like as proof of the country's prosperity.

He admitted that he had underestimated the expenditure of year, but estimated a surplus of seven million dollars.

For the fiscal year ending June 30, 1906, he promised a surplus of twelve million dollars, of which \$900,000 is expected from the postoffice department.

The public debt during the past year has increased five million dollars, and a deficit of \$800,000 is expected for the coming fiscal year (nine months), ending March 31, 1907.

An important announcement, hurriedly glared over, foretold a huge national loan. The Dominion Government has an overdraft of \$400,000 at the Bank of Montreal, while treasury notes to the amount of three million dollars are outstanding. Moreover by 1910 something like \$140,000,000 must be repaid or refunded, not including the demands for the Grand Trunk Pacific, reckoned at \$10,000,000 per annum.

There are practically no changes in the tariff. The exemptions are continued till the end of the year respecting machinery for alluvial gold mining and take up old rails and have them rolled in the United States, only paying 25 per cent. duty on the value of the labor. The tariff revision in November will make certain changes to meet existing conditions and will probably give slightly higher protection.

Hon. George E. Foster spoke at considerable length, and reviewed the misdoings of the Laurier Government. Mr. Paterson replied on behalf of the Government.

Macoun-Borden Nuptials.

Ottawa, May 23.—The marriage of Julia Maud Borden, second daughter of Sir Frederick Borden, to Leslie Stewart Macoun of Ottawa, took place at 2 o'clock yesterday afternoon in the Dominion Methodist Church.

NO. 6. MASTER MINDS ON MUSIC

Being the sixth of a series of ten talks introducing sayings of great men, applicable to the Nordheimer Piano, the symbol of perfect music.

O music, sphere descended maid, Friend of pleasure, wisdom's aid.
—Collins.

The Nordheimer Piano

Such an instrument as this high-class piano is an aid to wisdom as well, as only in a perfect musical instrument can one find perfect music and learn the art as it should be learned.

The art of piano playing depends not only on the player's talents but upon the talent of the man who constructed the instrument used. Those who construct the NORDHEIMER are artists in piano-making. They are more than piano makers—they are tone makers. We invite all to visit our warerooms and hear the NORDHEIMER tone.

CELEBRATORS WERE MANY

Large Crowds Were Attracted to the Maple City Yesterday

ABSENCE OF ROWDYISM

Victoria Day was observed with much enthusiasm by Chathamites, both young and old, the fireworks displays of the former marking the occasion in a most demonstrative way. Local amusements were centered in the events at the Driving Park, a cricket match on Tecumseh Park and, in the evening a band concert excursion to the Eau.

Many people took advantage of the excursion to Detroit on the City of Chatham, the steamer being crowded, while a large number of Chathamites enjoyed the return trips at single fare which were in force for the day on the railways. From out-side towns there came crowds of visitors, and, altogether, a large number of Chathamites enjoyed the return trips at single fare which were in force for the day on the railways. From out-side towns there came crowds of visitors, and, altogether, a large number of Chathamites enjoyed the return trips at single fare which were in force for the day on the railways.

By far the most successful affair of the day was the race meeting, larger crowds being in attendance than have been recorded for several years. Except for a slight thunder shower the day was bright and warm, and canoes and launches in plenty made trips up the river.

Altogether the auspicious 24th was observed, as it should be, with an enthusiasm befitting the anniversary of the birthday of the noble Queen, whose memory will ever be cherished in the hearts of the loyal subjects of her royal son.

There was very little drinking in evidence and no riotous behavior. One drunk was put in the Police Station yesterday, but was allowed to go after he had paid a fine of \$5. There was no docket whatever this morning.

LIST OF ACCIDENTS

Yesterday Was Record Breaker in This Line—The List

Toronto, May 25.—Wm. Corlett, a brakeman on the Grand Trunk, was killed yesterday morning at Blackwater Junction.

While uncoupling the engine from the baggage car he was jammed between them, and it was over two minutes before he was released. Then he dropped dead on the track.

The train that Corlett was braking on was a special to Lindsay, which left Toronto at 7.50 a. m. At Blackwater Junction it was necessary to make some change of engines, which were attached to two engines. When Corlett uncoupled the engine the two engines moved forward a couple of yards. Instead of going on, as he expected, they backed, while he was fixing the air brake. He was caught in the chest, and the middle of the back, and so tightly was he wedged between the car and the engine that blood rushed in a stream out of his mouth and nose.

Corlett was an Englishman out from the old country about a year. He was about 40 years of age, and was married about three weeks ago. His home was in Lindsay, where the body was taken for burial.

Young Brakeman May Die.
Belleville, May 25.—An accident which may prove fatal occurred in the east-end of the station yard here. An east-bound freight had just pulled out, when the engine broke loose from the train, and in the mix-up, Herman Brown, brakeman, was jolted out and run over. His right leg was cut off and his left foot and leg so badly hurt that they may have to be amputated. The injured man's home is in Brookville. He is 22 years of age, and has only been married two months.

Accidentally Shot at London.
London, May 25.—A shooting fatality occurred in the woods south of here yesterday morning, when Norman Richmond, 18 years of age, was accidentally killed by Patrick Taylor, aged 16. An inquest will be held to-day.

A Double Drowning.
Pembroke, May 25.—A tragedy occurred near Westmeath, Ont., yesterday morning. Two Westmeath young men, Thomas Dudson, school teacher, and Dick Murdoch, telegraph operator, attempted to run Paquet's Rapids, when their canoe upset. Both were drowned. The bodies are not yet recovered.

Drowning Near Newmarket.
Newmarket, May 25.—A drowning accident occurred yesterday afternoon at the residence of Mr. Needham, on the 2nd concession of King. Mrs. Needham's sister, Mrs. Booth, of Gifford, was spending the holiday with him and was accompanied by her son, a child of six years. The little fellow went on a raft on a neighboring pond of water.

Mr. Booth's boy accidentally fell off the raft and was drowned.

Succumbs to Gas.
Sault Ste. Marie, May 25.—While working on a blast furnace of the Algoma Steel Co., James McBurney, the overcome by gas. He died after the doctors had worked over him several hours. He leaves a wife and four children. He was 54 years of age.

Falls Under Own Wagon.
Orangeville, May 25.—Wednesday, David Heaslip, a farm laborer, in the employ of Peter Norris, was driving a load of potatoes and his horse started suddenly, he fell underneath the heavily-loaded wagon. Two of the wheels passed over him, crushing in seven of his ribs, some penetrating his lungs and crushing the liver. He lived an hour.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Quebec and One in Beauport, Que

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss Alma Robitaille, of 78 rue St. Francois, Quebec, Que., tells women how to avoid such suffering; she writes: Dear Mrs. Pinkham:—

"Overwork and long hours at the office, together with a neglected cold, brought on a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and I was soon well and able to go back to work again. I am certain that your medicine for sick women worthy of praise, and am indeed glad to endorse it."

Miss Clara Beaubien of Beauport, Quebec, writes:

Dear Mrs. Pinkham:—

"For several years I have suffered with female trouble which has been a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was very much better and stronger, and in four months I was well, no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound and I consider it without equal for the ills of women."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacements with all its horrors will no more cruel. Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your suffering to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

MOTHER'S HUG AND KISS

Sweetest Thing in Hamilton's Welcome to Marathon Hero.

Home City Gives Him Such a Reception as He Deserved So Well—\$3,500 Already Collected For Testimonial There and Announcement of Government Employment Made—Great Reception at Toronto.

Hamilton, May 23.—Hamilton's welcome to Sherring last night was such as the Marathon hero deserved. If there were any of the 60,000 citizens missing their absence was not noticed. The streets along the route of the procession from the Hamilton steamboat wharf to Victoria Park were lined deep on both sides. The buildings were gay with flags and bunting.

The procession was fully a mile long, and nearly everybody was well supplied with colored torches. Every band in the city and district turned out. The Modjeska tied up at the wharf about 8 o'clock, and the procession was quickly formed, with the hero at the head of it. When the procession reached Victoria

W. J. SHERRING.
(Winner of 1906 Marathon Road Race.)

Park, Sherring was cheered for several minutes.

Mayor Biggar presented him with a civic address, telling him how Hamiltonians appreciated his achievement. Robert Hobson, the chairman of the general committee, then announced that the testimonial had already reached the sum of \$3,500. He also announced that he had received a telegram from Adam Zimmerman, saying that the Government had confirmed Sherring's appointment, and that he would continue to make his home here.

Hug and Kiss From Mother.
Sherring made a brief address, in which he thanked the citizens for their warm welcome. He was then turned over to St. Patrick's club. After getting a hug and a kiss from his mother, he was taken to the clubrooms, where a reception was tendered to him.

Yesterday morning Mrs. P. D. Creger and other members of the Daughters of the Empire called on Sherring's mother and left a British flag and an embossed address for her son. St. Patrick's Club presented the hero with a diamond pin.

Welcome at Toronto.
Toronto, May 23.—The welcome in Toronto yesterday to W. J. Sherring was as warm, genial and genuine as the weather. The day was as fine as anyone could desire. The Hamilton hero of the Marathon race in Athens arrived here from Montreal, at 5 a. m., and when he departed for his home on the steamer Modjeska at 5 p. m. he had spent a day of greetings the like of which fall to the lot of but few mortals.

At the City Hall, which never before was so crowded, owing to the absence of Mayor Coatsworth and the sudden illness of Controller Shaw the honors were done by Controller Hubbard for the city, and as Premier Whitney was also away, Hon. J. J. Foy represented the Government.

On behalf of the reception committee, James L. Hughes presented him with a purse of gold, containing \$400.

After viewing the ball game for three of four innings, he left, amid the cheers of the crowd, for Hamilton.

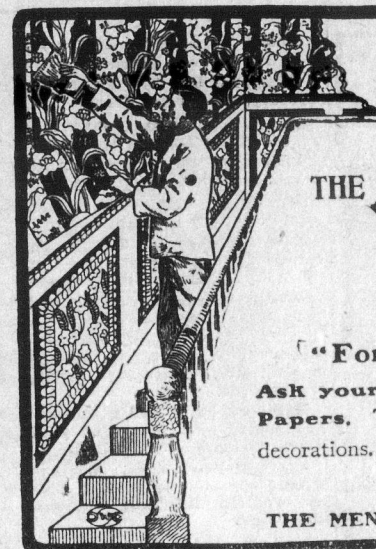

There were 3,000 people at the game, and the Ball Club turned over the receipts—\$1,269.75—to Sherring.

Bolt Works Burned.
Toronto, May 23.—Fire which broke out about 2:30 yesterday morning, in the main building of the Toronto Bolt & Forging Co.'s works at Swansea, caused a loss of about \$200,000. There is insurance of \$137,500. The 300 employees were ordered to report as usual this morning, while yesterday morning, with the ruins still smoking, men were making out sites for temporary buildings. The manager expects to have the works in operation in two weeks. Many employees lose tool kits, some worth up to \$200.

Four Hurt in Wreck.
Toronto, May 22.—Two C. P. R. engines, running light, collided at Teeswater yesterday. The auxiliary train was sent from Toronto Junction to clean up, and in going to the scene of the wreck jumped the rails at Grand Valley. Four men were hurt. At midnight the track was blocked in two places. It is expected to be cleared by to-night. Conductor Campbell was the most seriously injured of the four.

DOMINION TO PROVINCE.

Power Exportation Bill Will Go Over Till Next Session.

Toronto, May 23.—The Dominion Government will allow the bill introduced by Hon. Mr. Flanagan, dealing with the regulation of the exportation of electric power by Canadian companies to remain over till next session.

This was the gratifying assurance contained in a letter from Hon. Mr. Flanagan, which Premier Whitney received yesterday, in reply to the one sent by him a few days ago, in which he pointed out that a proposed amendment to the bill would free the Ontario Power Co. from such wholesale restriction, and would therefore upset the whole intent of the bill. The Premier is naturally well pleased.

IT HEALS THE LUNGS.

When the antiseptic vapor of "Catarhozone" is inhaled it spreads through the breathing organs, carrying healing and health to the sore spots. An irritable throat "Catarhozone" cures in five minutes, bronchitis, it soothes instantly, weak lungs are fed and quickly nourished back to health. To be free from colds and coughs, to avoid catarrh and bronchitis—use Catarhozone: it is prescribed by more than twenty thousand physicians in America alone and used by the people of nine nations.

W. T. R. Preston Says He Handled \$6,000 For Fares.

Money Was Furnished by the Crow's Nest Pass Coal Co.—Witness Promises to Give Statement Showing Probable Profits of the North Atlantic Trading Co. — Parliamentary Committee Adjourns Without Voting

Ottawa, May 23.—Yesterday W. T. R. Preston handed to the press copies of correspondence marked "private and confidential" giving some history of the Leopold Labor Bureau incident. These letters were written by Preston to John Ennis, general manager of the Allan Line at Liverpool, and in some manner fell into the hands of parties not friendly to Preston.

Mr. Preston, examined by Hon. Sydney Fisher, said that most of the European countries have very strict laws respecting emigration, and public regulations were most arbitrary. The booking agents are licensed, and have to put up deposits with the governments that are liable to forfeiture. In Scandinavia it was not even permitted to circulate printed matter over a booking agent's counter. A British consul in Scandinavia had been heavily fined for what looked like a very trivial offence. Mr. Preston alluded to the operation of what is known as the North Atlantic Steamship conference, and declared that this combination of steamship companies gave much more favorable rates to Argentine than to the United States or Canada, although the latter were not half as far distant.

Speaking of the way in which the North Atlantic Trading Co. carried on work in Europe, Mr. Preston said it included the distribution of literature, personal visits, and enquiry and the collection of the addresses from clergymen and others of individuals desirous of changing their abode. If the work was discontinued he was sure that the movement of settlers to Canada would quickly drop off.

Artisans For Canada. Ralph Smith, M. P., put a series of questions on the subject of the Canadian Labor Bureau conducted by Louis Leopold. Mr. Smith read from a recent statement of the Minister of the Interior that the Canadian immigration officials had standing instructions since 1896 to encourage only agriculturists and domestic servants to Canada. Mr. Preston declared, however, that he received no specific instructions on this head until recently. He did not understand that the Government policy was to refuse admission to skilled artisans to the Dominion.

An official of his office had issued a circular advising skilled labor to apply to the Canadian Labor Bureau. When he learned of this circular he had it at once withdrawn. The witness never heard of this Canadian Labor Bureau of Leopold sending workmen out to Canada to break strikes.

In reply to Mr. Gervais of Montreal, the witness stated that Brazil and some other of the South American States are paying much larger bonuses for settlers than Canada.

Mr. Gervais tried to ascertain from Mr. Preston what profit the North Atlantic Trading Co. was enjoying on its contract. The witness answered that the order bonus for the carriage of these workmen were brought to Canada they were not much money left to divide.

Strike-Breakers For Crow's Nest. Preston admitted to Ralph Smith having had \$6,000 from the Crow's Nest Pass Coal Co. for the payment of the fares of workmen that Leopold was securing in England. Mr. Smith asked if Preston knew that these men were wanted as strike-breakers. He said he did not. The company countermanded its order before the payment of these workmen were brought to Canada they were not found satisfactory.

Reverting to the North Atlantic Trading Co., Mr. Preston promised to give a statement showing the probable profits that the company was earning. The witness declared that the company had matter advertising Canadian immigration inserted in twenty-eight newspapers in Denmark, thirty-two newspapers in Finland, twenty-five newspapers in Sweden. Not one of these could have appeared over the names of Canadian Government agents or a booking agent. It was only accepted because the North Atlantic Trading Co. agents conducted what were known as information bureaus.

F. D. Monk moved that the committee report Mr. Preston's evidence so far taken to the House to ascertain whether the witness should be compelled to answer the questions he had refused to answer.

Mr. Carvell, Liberal M. P., offered an amendment to the effect that if the House should decide that the witness be compelled to disclose the names of the shareholders of the North Atlantic Trading Co. then the examination be continued; otherwise it should be closed.

After a hot debate the committee rose without any vote having been taken.

Strathcona Not In It. London, May 23.—(O. A. P.)—Interviewed on this despatch marked "confidential," which has just been published, Lord Strathcona told The Standard that far from having in any way lent personal support or sanction to the North Atlantic Trading Co., his nomination only came to his knowledge by reason of his official position. Strathcona considers his office has been dragged into the controversy gratuitously, and apart from the personal annoyance he has been put to be has no interest in the matter.

Medal For Dr. Bell. London, May 23.—At the Royal Geographical Society dinner yesterday Sir George Goldie presented Dr. Bell of Ottawa with a medal. Lord Strathcona responding for the guests, said he was proud that a Canadian has gained the medal. He praised the Hudson Bay Co.

Bleeding Piles Cured

—after Years of Suffering.

Miracle-days may be past—but the day of saving people from suffering is ever-present.

What is more distressing than itching, bleeding Piles? Some say the only cure is the knife. We say, operations are unnecessary. Read this letter:

"For years I had Piles, which protruded and bled freely. The itching pain was sometimes almost unbearable. Often I suffered so severely it was next to impossible to remain on duty. It was a hardship to walk. I tried many remedies, but with poor success."

"This winter, in New York—at the Branch Show—I suffered greatly—and almost compelled to remain in my room. I tried several remedies—without relief. I used it. In only a short time, all the irritation and pain ceased. I can now walk with ease and attend my duties as a member of the Fire Department."

"I strongly recommend Mira Ointment to anyone suffering from this annoying complaint."

ATTEMPTED MURDER.

Albert Stewart, identified by Farmer Morrison, committed for trial.

Owen Sound, May 23.—Albert Stewart, the youth charged with attempting to murder Angus Morrison, farmer, Feb. 21 last, had his preliminary hearing today, and was committed for trial. Morrison, who has lost the sight of one eye entirely, and will never regain full use of the other, recognized the prisoner as the one he had given a "lift," and who had suddenly opened fire on him.

Doctors testified that Morrison's escape from death had been miraculous.

A GOOD FAMILY LINIMENT.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Sold by all druggists.

Literally Translated.

On visiting Ireland the great traveler Livingstone was much feted. In Dublin at a dinner party he happened to be placed next to a literary lady who was a very stout woman. She worried him greatly about the language of the savage cannibals among whom he had managed to live and wanted to know the sound of their language. He spoke a sentence of it to satisfy her, and answered, "Being translated, what does that mean?" "It means," he replied, "there is great cutting on you."

WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when an application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it, hoping only for a short relief from suffering, have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett, of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." Sold by all druggists.

Tobacco Penalties.

CHILDREN'S HATS.

Dainty and Attractive Shapes For School and Sunday "Best."

There is indeed a great charm in the child's straw hat, whether it is for dress wear or a school hat. For the former there are tuscans and open-work fancy crinolines straws that shine like silver gauze or take on flower colors in all delicate shades. These hats are bent into lovely lines and trimmed either with the most fascinat-

A PRETTY LEGHORN HAT.

ing bows and straps, twists and knots or with flower garlands of white flowering vines, pompons or tulles, clusters of forget-me-nots and narrow wreaths of the same. Lovely are the branches of moss rose buds or buds of the wild rose, with a tint of pink and now and then a half blown rose.

For school hats straws come in deeper color tones, besides the burnt and ecru woven straws. Red, blue and green are the color favorites, with grays and browns to match the pretty walking suits so much in vogue. Quills and ribbon trimmings are the best choice for such hats, as they give the longest wear. All things considered, the worn hats look best on children from ten years old upward. Altogether children's hats are trimmed with flowers or ribbons, often with both. Fine Italian straws in white and colors are in fashion for children to wear, more especially white ones trimmed with white satin ribbon. Broad brimmed hats are in contrast to the folded up marquis style, with its feathery white pompons, says Vogue.

Red straws trimmed with inch and a half wide red velvet ribbon are most becoming to little brunettes. For every little head may be found the very hat that should adorn it, as the great quantity to choose from is almost too perplexing. Duck hats in white, gray and tan shades are very well shaped this season and hint of beach, pails and shovels, socks and bare legs, and the romper suits are for outdoor play.

The hat seen in the cut is a simple affair in leghorn. The wide, floppy brim is faced with white malines laid in soft folds. A lion's head of pompadour ribbon is the only trimming.

An Original Party. If you want something original in the way of entertainments try a "something new" party. Each guest at this festivity must bring something new, it matters not what, depending wholly upon the originality and fertile brain of the guest to secure something unknown to the rest of the party.

At a function of this sort recently given by a leading socialite of the south the programme was extremely diversified. The guests had brought entirely new songs, which were sung for the company; new waltzes and two-steps, which were danced; new books, which were discussed; new jokes, new games, new styles of hairdressing or gowns, and several brought visiting friends, new to the rest of the company.

The hostess tried to make the menu as "new" as possible, and in it were several new dishes, such as lemons stuffed with raisins, oysters rolled in cracker crumbs, chopped celery and tomato sauce and a molded brick of turkey and cranberries in lemon jelly.

A Place For Everything.

"If a house contains six bureaus, eleven armchairs, seven chiffoniers and fifty-three miscellaneous drawers, how many of 'em is the husband entitled to and how many is the wife?" asked the young clubman.

The second clubman laughed harshly.

"You are young and have much to learn," he said. "You may as well be damned first as last that if there were in your house a mile of bureaus, three acres of armchairs and 17,000 drawers, all these would still be stuffed full of velvet, rushing, hampins, ribbons, silk stockings, petticoats, powder puffs and safety pins, and the best course for you to pursue would be to wrap your own things—your shirts, underclothes and so on—in a newspaper and keep them under the bed."—New Haven Palladium.

A New Way to Serve an Orange.

A new way to serve an orange when the occasion is slightly gala has the advantage of novelty. The skin is cut just to the pulp around the center of the orange and separated from it up to each end. Then the two halves of the rind are turned back so as to form cups at each end. The orange is then set on a plate, and in the upper cup are placed five pieces of loaf sugar, a pinch of cinnamon, cloves and mace. Just before serving a teaspoonful of brandy is poured over the sugar and ignited. A delicious syrup forms in the cup, which is then removed so that the orange may be parted into sections. These are dipped into the syrup as they are eaten.

A Decided Advantage.

"My husband has a great advantage over most men."

"Indeed?"

"He walks in his sleep."

"Well?"

"He can carry the baby all night long and still get his natural rest."

Your Doctor

We wish you would ask your doctor what he thinks of Vapo-Cresoleine. He will say "It's certainly the best way of reaching the throat and lungs, this inhaling method." You see, it brings the medicine right in contact with the weak places. If it's asthma, bronchitis, whooping-cough, croup, or any such trouble, the Cresoleine vapor touches every inflamed place. Relief is quick, certain.

Vapo-Cresoleine sold by druggists, or sent express prepaid on receipt of price. A Vapo-Cresoleine outfit including a bottle of Cresoleine, complete \$1.50. Send for free illustrated booklet. LEXINGTON, MISSOURI. Agents: 205 St. James Street, Montreal, Can.

In Short.

"Chumpleigh was down to the club last night and started telling us one of his long winded stories."

"About that horse of his, I suppose?"

"Yes, and we doctored his tale."

Mother's Discipline.

This is the way a mother disciplines: She spansks her child for crying for a slice of cake, and then when it cries because of the spanking, she gives it the whole cake to comfort it.—Atholton Globe.

Minard's Liniment Co., Limited.

Yarmouth, N. S. Gentlemen,—In January last, Francis Leclaire, one of the men employed by me, working on a timber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet.

We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

Friends and Enemies.

Be assured that those will be thy worst enemies not to whom thou hast done evil, but who have done evil to thee. And those will be thy best friends not to whom thou hast done good, but who have done good to thee.—Lavater.

The English "society for the Prevention of Consumption" presided over by the Prince of Wales, was recently addressed by Sir William Broadbent, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case. There is no such thing as inherited consumption. There may be local weakness which tends to consumption, but the germ has absolutely to be planted in the weak spot before consumption can ensue. This ought to comfort thousands of people who have "weak chests" or "weak lungs." They are not forced victims of this dread disease. All that is needed to bid absolute defiance to the deadly germ is to be able to strengthen the weak lungs, and build up a strong body. The answer to this need is found in Dr. Pierce's Golden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off, and the weak organs are nourished into perfect health, which defies germs of every kind. People, given up by doctors, emaciated, bleeding at the lungs, with obstinate, lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is strictly temperance containing no alcohol, whiskey or other intoxicant.

STOP IT, BOYS!

One of the greatest pleasures to be derived by the citizens of Chatham during the summer months is boating on the river. Those who are fortunate enough to have canoes, boats, or launches take advantage of it to a great extent. The season has already opened, but the pleasure in many instances is greatly marred by a number of young boys who congregate on the park shore and throw stones at the passing pleasure parties. The other evening a large stone was thrown into one launch and it was through the merest chance that a young lady was not seriously injured. The police have been notified and they have decided to make an example of the first boy who is found indulging in this pastime.

It is the mind that makes the man.

MACAULAY---WRIGLEY

A pretty private wedding took place Wednesday afternoon at the bride's home on Selkirk street, of Mr. Bruce Macaulay to Miss Annie Wrigley, daughter of Mr. Albert Wrigley.

The nuptial knot was tied by Rev. F. E. Malott, and the happy couple left on the evening train for the east, where they will spend their honeymoon.

A GOOD PIANO

In mentioning the different exhibits at the Fair of Nations the fact that a Girard Heintzman Piano was in use was inadvertently omitted. This piano was in the German Booth and many were attracted by the excellent tone of the instrument.

WILL MAKE IMPROVEMENTS

Rond Eau Park Will Undergo Several Important Necessary Changes

THE OFFICIAL VISIT

Ridgetown, May 25.—Hon. F. Cochrane, Minister of Crown Lands and Mines; Dr. Clark, of Guelph, the great reforestry man, and P. H. Bowyer, M. P. P., and B. W. Wilson, of Ridgetown, visited Rond Eau Government Park last week to decide on improvements for the coming season.

Both Mr. Cochrane and Dr. Clark expressed themselves as very much surprised with the natural beauties of this famous summer resort. The new pavilion will have a 15 foot lean-to at the back and a verandah 10 feet wide will grace one end and the side fronting on the Eau.

A sawmill will likely be operated on the park next winter when the fallen timber will be cut up into lumber to be used in making improvements the following summer.

The road leading through the woods to the point at Erietta, a distance of seven miles, will also be improved, so as to allow rigs free access to the point.

100 BARRELS A DAY

A Great Oil Well Was Struck Six Miles East of Tilbury—A Gusher

Tilbury, May 25.—At 4.30 to-day a monster oil well was struck by Church, Norton and Bowby on the Harwood Marshall farm six miles east of Tilbury at a depth of 1,370 feet.

A flow of oil was encountered in the upper strata, which is flowing to-day at the rate of 100 barrels per day.

In this territory, the second and third pays are much richer than the first.

Drilling has been suspended pending the erection of several 250 barrel tanks.

This is the fourth well in this territory and is by far the most prolific producer.

Oil men are very sanguine and are making desperate efforts to lease territory.

FULL OF "GIN-GER"

Garner House and Rankin House Will go After a few High Balls on June 1

The following challenge was made and accepted all within half an hour on Wednesday, and the game is looked forward to with great expectation by the many sports who are acquainted with the people interested. Neither one of the teams have had very much time to practice, especially the Rankin House team.

They have all been working very hard since the first day of May. They have nearly caught up with their lost work, however, and can now take a day off. Rubbers, etc., will be on hand early, and it is said the game will be a "spirited" one.

We hereby challenge the employees and permanent boarders of the Garner House to play a game of baseball on Friday, the first day of June, contest to be for one hundred loaves of Aunt Mary's Bread. John Pleasence for Rankin House, John M. McCaig for Garner Hotel. Accepted.

SUMMER SCHOOLS

They Will Be Held This Year for the Benefit of Teachers of the Province

The Education Department has made arrangements for summer schools for teachers to be held at the Normal College, Hamilton, and at the Normal schools in Toronto, Ottawa and London.

The main purpose of the schools is to give instruction in Manual Training, Household Science, Nature Study and art.

Persons who desire to avail themselves of the privileges offered should make application at an early date, not to this Department, but to the Principal of the institution they purpose attending. No special form of application will be needed. (A summer school is also announced at the MacDonald Institute, Guelph, for which information may be obtained from the President.)

WILSON--PHOENIX

A quiet wedding took place last evening at the residence of Robert Kane, Balaclava street, when John A. Wilson, of Tilbury, was united in marriage to Miss Emily Phoenix, of Comber, Ont. Rev. H. W. Reade, of Alma street church, performed the ceremony. Walter Kane, of the Pere Marquette, assisted the groom and Miss Ruby F. Kane assisted the bride. Only a few intimate friends were present, and after the ceremony was over, all sat down to a dainty lunch, prepared by Miss Ruby V. Kane. Miss Rosa Dack played the wedding march.

Mr. and Mrs. Wilson left this morning on No. 32 M. O. R. express for Buffalo and points east and shippers of rice and good wishes from their friends. On their return they will take up their residence in Tilbury, Ont.—St. Thomas Times.

If You Buy Here You're Safe!

It's a great idea—when a merchant asks Ten Dollars for a Suit—the buyer offers six and the merchant "takes him up."

The question is, what does "he" get? If the "he" means the merchant, he gets the man's six dollars and his suspicion for evermore. If the "he" is the man.

HE GETS LEFT!

If that merchant could afford to sell the garment for less than he asked, why did he not name the lowest price at once? Is that merchant reliable? Can you afford to risk his judgment? He certainly takes quite a load on his shoulder, when he attempts to carry trade that way. We guarantee that you will pay here fully as much as your neighbor—and just as surely you'll pay just as little. We further guarantee you your money back on demand, if you find your purchase unsatisfactory when you get home. If you buy here, you're safe. If you are interested in Spring Suits or Overcoats we want to show you our handsome spring lines at \$7.50, \$8.00, \$10.00 or \$12.00 to \$15.00. If you pay less elsewhere, you'll get less value.
