OLD LAND MARK GONE

One of the best known and most respected citizens of King's county, John S. Woodworth, died suddenly at Berwick on Thursday evening. Mr. Woodworth had been ill for some weeks, but none of his family or friends were expecting his sudden demise. Born in Cornwallis in 1832, son of Benjamin Woodworth, John S. settled in Berwick in 1856, and from then till the present day has been prominent in the public life of the country; made a Justice of the Peace, he sat in the late court of sessions with the late Samuel Chipman, Dr. Hamilton, T. L. Dodge and others, whose names are still honored among us. As a member of the school board, Mr. Woodworth, has for years, advanced the educational interests of this county. As a public land surveyor, his chain and compass are familiar in every district of the county, and he knew more about its lines and boundaries than any man now living. A life-long conservative, yet he put men before methods, and desired good government rather than party advancement. As a lover of peace and a man of good judgment, his sound advice has tended to settle many disputes. Mr. Woodworth was married in 1856 to Elizabeth Corbett, who still survives. William H., is the only son of the deceased; two daughters having died some years hence. The funeral was held last Sunday and was largely attended.

Obituary

Mrs. Geo. Gordon

The death of Mrs. Clara Gordon, daughter of Wm. and Cecelia Campbell of Newport, Hants Co., and wife of George Gordon of the firm of Jas. Gordon & Son, occurred on Sunday afternoon September 29th, at her late residence in Tremont. She was 27 years of age. Her sudden death was caused by an abscess on the brain. She was highly esteemed by all who knew her which was shown by the large number who attended the funeral.

The funeral services were conducted by Rev. Mr. Simons, rector of St. Mary's Episcopal church of Aylesford, at the Tremont Baptist Church on Tuesday afternoon.

Much sympathy is felt for Mr. Gordon in his bereavement and for Mr. and Mrs. Campbell in the loss of their only child.

Capt. Beriner who intends to seek for the North Pole under the Canadian flag, is anxiously seeking funds. Lord Strathcona has promised him \$5000 providing the other \$25,000 is raised. He hopes that ten Canadian cities will give \$2000 each and is anxious to have the boat built this winter so that he may begin his trip early next summer.

Mr. B. B. Witter, jeweler of Keesville, N. Y. is making a visit to this county and gave the Advertiser a call last week. Mr. Witter is a native of Canada and was engaged in shipbuilding with Messrs. B. & G. Bigelow Canning building vessels in Cornwallis and Pugwash. He met with losses in shipbuilding and left Kings Co. for Lawrence, Mass., and afterwards went to Keesville, N. Y. where he has a good business.

The Harold Borden Memorial Fund has now reached over \$1200.

The defeat of the Shamrock II is being taken to heart by some Canadians and they propose building a challenger for the American cup.

The D. A. R. workshops here have turned out during the last month two fine new cattle cars and two new flat cars. These cars look to be as well built as any produced in the large car work shops elsewhere.

MOUNT DENSON

Oct. 7th.—Miss Grace Lynch is visiting in Boston.

Miss Minnie Sutherland has returned to Boston.

Miss J. Lynch spent Sunday at her home in Ellershouse.

Mr. Lawrence Toye of Peabody, Mass., spent a few days of last week at the home of Mr. H. L. Shaw.

Mrs. Elbert Rathburn and son returned to their home in Boston on Saturday.

Miss C. Coade was the guest of Miss Welsh over Sunday.

Look out for a surprise! Two surprise parties took place at the same house on Saturday evening, one for Mr. John Layton and the other for his grand-daughter, Miss Welsh.

The evening was spent in music, games and after refreshments, the friends left for their homes.

Mrs. J. Layton and Mrs. DeBrenner are visiting friends in Waverley and Halifax.

Miss Annie Welsh left for her home in Montreal on Monday morning.

Mrs. Zeigler of Lynn, called on friends here on Monday last.

KEMPT SHORE

Three threshing machines have been at work in the vicinity recently and the grain is about all cleaned up.

The summer visitors have nearly all returned to their homes.

Mrs. W. Rolf of Boston, who is visiting her parents, Mr. and Mrs. M. Skaling, will leave soon for home.

Mrs. Bagnall and daughter who have visited at Rev. W. Mason's, returned to their P. E. I. home on Friday last.

Some of our young people who have been employed in Sydney are home on a short vacation.

WOMAN IS AS OLD AS SHE LOOKS

It is not age but disease, weakness and ill-health that makes women look old, care-worn and wrinkled.

You cannot look your best unless you feel well, strong and vigorous, with pure, rich blood and steady nerves.

Dr. Chase's Nerve Food makes good looks because it makes good health, restores the healthful glow to the complexion, rounds out the form and gives elasticity to every motion of the body.

MISS STONE WILL BE PROTECTED

London, Oct. 4.—The United States government is determined to exact full revenge upon everyone concerned, says the Constantinople correspondent of the Daily Telegraph, and if anything happens to Miss Stone it will not hesitate to ask permission to bring a fleet through the Dardanelles and force the Bulgarian government to act.

SOMETHING ABOUT FAITH CURES

What a great variety of faith cures there must be some have faith in so-called divine healers, others in certain doctors and still others in the medicines they use.

Every person who has tested Dr. Chase's Kidney-Liver Pills has faith in them, but faith or no faith they cure just the same, for they act directly and specifically on the kidneys, liver and bowels, and make these organs healthy, active and vigorous.

Judging from the enormous demand for these Pills there must be hosts of people that have faith in them.

Lockhartville

The pie social held at the residence of Mrs. John Lockhart Friday evening, Oct. 4th, was a grand success.

The fore part of the day being stormy, the roads were in bad condition. But a large crowd came out and spent a pleasant evening and left quite a sum of money which is to aid in improving interior of the church.

Mr. Cann, who has been our resident pastor during the summer, has resumed his studies at Acadia. He will preach to us once every fortnight during the winter.

Mr. Melbogue Fitzgerald is spending a few weeks in the United States.

Mrs. McDonald who has been visiting in Berwick has returned to relatives in Lockhartville.

Mrs. John Dickie who has for many years been a resident of this vicinity has gone to Wolfville. After a brief visit with relatives, there, she will go to United States, where her future home will be.

Miss Ina Dickie has returned to Uncle Sam's domains.

Important repairs are being made on the Baptist church. New shingles on the roof, aisle carpets, a new coat of paint on interior woodwork, and a new stove are among the improvements.

Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right.

All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.

Send for free sample. SCOTT & BOWNE, Toronto, Canada.

BURLINGTON, HANTS CO.

Not seeing any items of news from Burlington for some time past, I thought it not out of place to send a word or so from here.

You know Mr. Editor, a word to the wise is sufficient, and everyone is very wise since the election. We have very little news in our village at present, only Capt. Liswell's new wire fence. Where completed, this fence will be a great improvement to the place.

We are very glad to see Mr. James Sanford able to be out again. Several of our town ladies are on a visit to Uncle Sam's domain. We wish them a pleasant trip.

Sled and Cart tongues can be supplied in any quantity during the Fall and Winter as quite a number were out Election day.

The high tides lately did considerable damage to the Dyke and Cogmagun river but judging from appearances there was not quite enough water for some of the Dyke owners.

Mr. and Mrs. O. M. Sanford of Halifax have been in Burlington for a few days.

Conundrums

A leading article—String. Part of speech—The lips. Why do sailors call their miles knots?

You see they go on the ocean tied. My first is my end; you are in the centre and my last has no end. What is it?—Eod a-ring.

Fadrier, is it right to spell it business?

No, mine poy, you must always have an "i" to the business.

Why is coal the most contradictory article known to commerce?

Because, when purchased, instead of going to the buyer, it goes to the cellar.

There are hundreds of cough medicines which relieve coughs, all coughs, except bad ones! The medicine which has been curing the worst of bad coughs for 60 years is Ayer's Cherry Pectoral.

Here is evidence:

"My wife was troubled with a deep-seated cough on her lungs for three years. One day I thought of how Ayer's Cherry Pectoral saved the life of my sister after the doctors had all given her up to die. So I purchased two bottles, and it cured my wife completely. It took only one bottle to cure my sister. So you see that three bottles (one dollar each) saved two lives. We all send you our heart-felt thanks for what you have done for us."—J. H. BURGER, Macon, Col., Jan. 13, 1899.

Our prospective coal mine is about ready for development, and boring will begin right away. It was found necessary to send to New York for some part of the steam drill, and the steam will not be turned on until the part arrives. However, some preliminary work is being done already in adjusting drill by hand and soon everything will be ready to make things hum in the vicinity of the old freestone quarry.

THE POISE

Of a woman in perfect health attracts the eye at once. Such a woman is all too rarely seen. The most of women bear scars of suffering on their faces which no smiles can hide, and often in their very carriage betray the womanly weakness which oppresses them.

There can be no perfect health for the woman who suffers from disease of the delicate womanly organs. Her general health is so intimately related to the local health of the womanly organs that these must be cured before the general health can be established.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures womanly disorders and diseases; brightens the dull eye, rounds out the hollow cheek and gives strength for wifely duties and maternal cares.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

FRATERNAL VISIT

A very pleasant visit was paid to Avonmore Division, Burlington, on Saturday evening Sept. 28th by twenty five members of the Highfield Division. The evening was all that could be desired—pleasant and warm. A pleasing entertainment was provided by both Divisions. Perhaps the most amusing feature of the evening was the play given by Miss Alberta King, Miss Corretta Sanford and Mr. Lewis Blackburn. The vocabulary of the elderly spinster, together with the bashfulness of the lover, provoked much applause during the entire play. A reading by Miss Sanford of Burlington, also one by brother Blackburn of Highfield, a recitation by Mrs J. N. Card, and solo by Mr. Jas Kennickill of Grand Pre were much enjoyed. While the occupants of the double team seemed a merry party. The three couples in single teams seemed no less happy. We were also pleased to have with us Mr. and Mrs. Zwicker of Summerville. While we hope to be able to pay them a visit sometime in the future, we cordially invite them to visit us again whenever convenient. Burlington.

OBITUARY

Mrs. T. A. Robinson.
Hantsport Advance

The death of Mrs. T. A. Robinson occurred at her residence on Prince street, Hantsport, at an early hour Sunday morning, in the 72nd year of her age. The deceased was the eldest daughter of the late David Messenger, Tremont, Kings county, Mrs. Robinson formerly lived in Kingston, but about 15 years ago with her husband removed to Hantsport, where they have since resided. The departed body was a consistent member of the Baptist church, and although in late years a great sufferer, she bore her allotted trials with Christian fortitude. Mrs. Robinson will be much missed by her acquaintances for her happy and bright disposition. The funeral was held Tuesday afternoon at 2.30, and was largely attended by relatives and friends. Rev. Messrs. White and Aikens officiated at the services. Interment was at River Bank cemetery. The floral offerings were beautiful. A sorrowing and aged husband and four children survive. Mrs. W. W. Saunders, Wolfville, Mrs. (Dr.) C. I. Margeson, Hantsport, Rev. W. H. Robinson, Antigonish, and Mrs. H. B. Short, Digby. Mrs. Robinson was the eldest of a family of 15, the following of whom are living. Mrs. Dr. Weldon, Toronto, Mrs. Gilbert Fowler, Winnipeg, Mrs. Beasle Neiley, Brooklyn, N. Y., Mrs. J. W. Churchill, Hantsport, and four sons, Elijah Messenger, Tremont, Milledge D., Brooklyn, N. Y., Talford, Montana, and Rupert, Arizona. The death of Mrs. Robinson severs the first link in a chain of five generations, as follows. Mrs. Messenger, the deceased lady's mother living in Hantsport at the age of 90 years; Mrs. Robinson, Mrs. (Dr.) Margeson of Hantsport, the latter's daughter, Mrs. A. W. Davison, Vancouver, and Mrs. Davison's little child. The five generations held a family reunion this summer and were photographed by Hantsport's local artist A. E. Cornwell. The sorrowing relatives and friends of the late Mrs. Robinson have the sincere sympathy of their acquaintance.

Paine's Celery Compound

Cures Chronic and Complicated Cases of Rheumatism

IT BANISHES EVERY TRACE OF POISONOUS ACID FROM THE BLOOD

Has Made More Permanent and Wonderful Cures Than All Other Medicines in The World

All rheumatic sufferers dread the variable and trying weather of October and November. Sufferers from the various forms of rheumatism—articular, muscular, inflammatory, gout and lumbago—suffer more intensely in the autumn months. Chilling winds, damp air, cold rains and night frosts, aggravate existing misery and agony. Thousands of victims of rheumatism have come back from summer health resorts only to find themselves as badly tortured and crippled as they were before they started for their false Mecca of health. Mineral springs, baths and massage systems can never drive out the morbid principle of terrible rheumatism from the blood and joints.

THE AMERICAN APPLE CROP OF THIS YEAR IS ESTIMATED AT FROM 10,000,000 TO 11,250,000 BARRELS, WHILE LAST YEAR FROM 50,000,000 TO 60,000,000 BARRELS WERE HARVESTED IN THAT COUNTRY.

The American apple crop of this year is estimated at from 10,000,000 to 11,250,000 barrels, while last year from 50,000,000 to 60,000,000 barrels were harvested in that country.

CRYING BABIES

The Cry of an Infant is Nature's Signal of Distress

Babies never cry unless there is some very good reason for it. The cry of a baby is nature's warning signal that there is something wrong. Every mother ought to get to work immediately to find out what that something wrong may be. If the fretfulness and irritation are not caused by exterior sources, it is conclusive evidence that the crying baby is ill. The only safe and judicious thing to do is to administer Baby's Own Tablets without the slightest delay.

For indigestion, sleeplessness, the irritation accompanying the cutting of teeth, diarrhoea, constipation, colic, and simple fevers, these marvellous little tablets have given relief in thousands of cases and saved many precious baby lives. Do not give a child scented soothing medicines; such only stupefy and produce unnatural sleep. Baby's Own Tablets are guaranteed to contain no opiate or other harmful drugs; they promote sound, healthy sleep because they go directly to the root of baby troubles. Dissolved in water these tablets can be given to the youngest infant. Mrs. Walter Brown, Milby, Que., says:—I have never used any medicine for baby that did as much good as Baby's Own Tablets. I would not be without them.

Baby's Own Tablets are for sale at all drug stores, or will be sent direct on receipt of price (25 cents a box) by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

PROPER ORGANIZATION

The recent election and disastrous defeat of the Liberal Conservative candidates in this county show beyond a doubt the utter disorganization of the party here.

After the convention was held, and the candidates chosen had time to communicate with each other before accepting the nominations, only about a week was left for active work in the contest.

Kings Co. can be placed in the Conservative column if the party as a whole awakes and organizes thoroughly, looking after the lists each year and has candidates voted early in the field to solicit the votes of the people.

Now is the time to organize and with officers appointed throughout the county endorse with energy and good executive abilities and the work continued, then we would look for a different result at the next election.

WHAT ABOUT A RINK?

This is what is being heard from the lips of our hockey enthusiasts. Is it not time that some of our capitalists were making a move towards the erection of a rink? Not only for a winter's pastime, it is needed for other purposes.

We do not hesitate to say, that if a subscription list was circulated about town, that many would not refuse to give something. Why not the business men donate a sum and then the Pastime Club, one of the wealthiest Athletic associations in the Province, also give a sum and the balance wanted be raised by subscription in and about town?

Last year two of our enterprising citizens took the responsibility upon themselves and made an open air rink but it was so late in the season it did not pay. We have drawn the attention of the citizens early in the season so that there will be ample time for plans to mature. Let something be done in the matter.

It has been said that the Liberal Conservative platform was too high for this county. We should be sorry to believe this, if fairly tested and we claim for the Liberal Conservatives of Kings County the honor and credit of having initiated a policy in running elections that must yet be recognized by both parties as the only safe guard of the people's rights.

Messrs. Innes and Ryan fought a clean battle on the lines laid down by the Liberal Conservative convention namely "no money nor liquor" to be used to debauch the electorate or influence votes. Had their opponents, even with the prestige and support of two governments at their backs, dared to conduct their campaign on the same lines, the results might have been quite different—as witness Grand Pre and Port Williams where it was understood that the committees agreed to this plank in the Liberal Conservative platform.

From the returns of the recent Provincial elections there were seven Tories and two Independent candidates who lost their deposits of \$100.

The "Nova Scotia Election Act," says: "The sum deposited by any candidate shall be returned to him in the event of his being elected, or of his obtaining a number of votes at least equal to one half the number of votes polled in favor of the candidate elected having the smallest number of votes, otherwise it shall belong to His Majesty for the uses of this province."

Those who lost their deposits are: Tobin, Con., Digby. Dugas, Con., " Harding, Con., Gaysboro. Keating, Con., " Stewart, Con., Richmond. Landry, Con., " McCabe, Con., Victoria. McDonald, Ind., Inverness. Hood, Ind., Shelburne.

KINGS COUNTY SCIENTISTS

Mr. G. W. Gesner of New York, well known for his scientific attainments in metallurgy has been stopping in town for several weeks at the residence of Mr. J. F. Hanson. He is accompanied by his wife and daughter.

Mr. Gesner is the grandson of Henry Gesner and son of Dr. Abraham Gesner, both of whom will be remembered by the old residents of this section. The Gesner homestead is near Kentville, being the farm upon which Mr. A. S. Harris now lives. Dr. Abraham Gesner who was noted for scientific attainments in many branches of geology and mineralogy as the one who, with the assistance of his son, who is now in Kentville, extracted illuminating oil from coal and other bituminous substances and in 1854 patented it under the name of Kerosene. This invention as will readily be seen laid the foundation for the enormous petroleum industry of the present time.

Dr. Abraham Gesner from the time he began the practice of medicine at Parrboro to his death was closely identified with the geology and mineralogy of the province. He published a book, Remarks on Geology and Mineralogy, in 1836 and two years later was appointed Provincial Geologist of the Province of New Brunswick. While residing at St. John he founded the Gesner Museum. After leaving St. John Mr. Gesner returned to Cornwallis and here and in Halifax, where he afterwards resided he wrote several scientific works.

The geological researches of the father have descended to the son, Mr. G. W. Gesner. When the latter was but 17 years of age he with his father installed a gas light at the gate of Dartmouth Ferry. They carried a bag of gas 45 miles from Halifax to Windsor on the stage coach and used it there for the first time in a hall. Mr. G. W. Gesner subsequently helped to found the gas company of that town. He conducted his researches early in New York and later on the coast range of California. He went to Alabama and exploited iron there seeking to make it non-corrodible. He has recently taken out patents in Great Britain, Canada and the United States in connection with iron. In the United States he has constructed two chemical works of the first class and three of the second class.

Mr. Gesner is a man of broad ideas and is a ready conversationalist. He is particularly interested in his native home and may return to reside here. He is anxious that his inventive facilities may prove of particular value to his native land and would like to find mineral yet undiscovered which would prove of great value to this province.

With Military Honors

The body of Bugler Harry Redden of No. 4 Co., R. C. R. I., at Fredericton who was drowned on June 29th last was found on Thursday the 3rd inst. The body was found by a lumberman who was crossing over a raft of logs. While on his journey he noticed a body of a man floating in an opening. The Coroner was notified and was soon upon the scene and the body identified as that of Redden by the military clothes. It was badly decomposed and could not have been identified any other way only by the clothes. The deceased was the son of Mr. and Mrs. Benjamin Redden of this town.

The Fredericton Gleaner of the 4th inst. says:—The funeral of the late Bugler Harry Redden of the Royal Regiment, took place at 10 o'clock this morning, the burial being made with military honors. At 9.45 the men of the Company were drawn up on the barracks square, Major MacDougall being in command, and Adjutant Capt. Lester, Capt. Layborne and Lieut. Fisher being present, as were also Lt. Col. Danbar, D. O. C., and Surg. Col. McLearn.

The casket containing the remains were borne upon a Maxim gun carriage, and was covered with a Union Jack, and upon it was placed a handsome floral wreath, a tribute from Redden's former comrades. The beautiful Church of England service for the dead was solemnized on the barracks square by Canon Roberts, D. D., the Company being drawn up in hollow square about the catafalque. Music appropriate to the occasion was rendered by the Company's own band, under the leadership of Sergt. Little.

The large assemblage of people about the square uncovered their heads during the solemnization of the funeral service, after which the procession to the grave began, the band playing the Dead March from Saul. Blinds of stores and offices along Queen, York and King streets, the route taken by the procession, were lowered as the cortege passed.

The firing party was in command of Sergt. Shaw, and consisted of Corp. Miles, Ptes. Ross, Allen, Coates, Morash, Porter, Scott, Kaulback, Monteith, Estabrooks, Matteson, Ronney and Spotswood.

The gun carriage with the casket was drawn by nine comrades of the deceased, Ptes. Marsh, Curtail, Hallamore, Billideau, H. Brown, C. Brown, Gregory, Heanard and Endall, in command of Sergt. Sheldon.

The chaplain preceded the gun detachment, which was followed by the remainder of the company. At the cemetery the usual rites were observed and the customary valleys fired. The fine appearance of the men and the steady marching, even to a slow march, was generally commented upon.

A year ago last Tuesday Oct. 8th the thermometer was 80 degrees in the shade.

A GIRL OF GRIT.

BY MAJOR ARTHUR GRIFFITHS.

COPYRIGHT, 1900, BY R. S. FENNELL & CO.

"I shall tell you nothing. I am captain of this ship."

"But will not be so very long, I think, after this voyage, if you adopt such a high handed and unwarrantable course as to accuse a passenger of theft, yet give him no reason for it."

This shot told. His fiery eyes faltered for a moment, and there was less assurance in his voice when he went on, "I am answerable to my employers, not to you."

"And, pardon me to the public, of whom I am one, and to the British government, whom I represent, Captain Sherborne."

His jaw fell, and he looked rather helplessly at the pursuer, who stooped over and whispered a few words in his ear. They only seemed to still further stir up his bile and more sturdily vindicate his authority.

"By heaven," he shouted, "I'll not be bounced by every longshore scallywag that chooses to face me out with thundering lies! On board my own ship too! British government be damned! What have I to do with it in midatlantic and with 50 fathoms of blue water under my keel? Besides, it's what you say. How are we to know it's true? You admitted you were sailing under false colors. What's your real name?"

That moment I had intended to tell him everything, but now I did not trust his discretion.

"You shall know all in good time when it suits me. Meanwhile I hold you responsible."

"Yah! You're worse than a sea lawyer, tacking and veering all round the compass. Answer my question. Did you steal those papers?"

"What papers? Whose?"

"The duke's, Terry Grada's, you know. You were seen near his state-room."

"That's untrue, for I never went there and don't know where it is. But as for the papers—Well, yes, I have them here—I touched my pocket—and I mean to keep them."

The skipper all but bounded from his chair. "I think you must be stark, staring mad; a raging lunatic, no less. I shall have to clap you in irons and send you down for safety to Sand alley. Hand them over now in a brass of shakes, or I'll—"

He rose menacingly. "Keep your distance. Don't lay a finger on me or don't touch those papers. No one must see them. They belong to the British government."

"Then how came they in the possession of this duke's? Yah! Try another."

"He acquired them wrongfully and will have to answer for that and other things—he and those with him."

"Including that millionaire youth, I suppose, Captain Wood, who seems even more upset at this robbery—your robbery."

I could contain myself no longer.

"He is not Captain Wood. He is an impostor. I am Captain Wood. Mr. McFaught's heir."

The skipper here burst into an uproarious fit of laughter, which the pursuer echoed heartily.

"By the everlasting Jim, this is too much! Quartermaster!" cried the captain.

"I am Captain Wood, Mr. McFaught's heir."

"Including that millionaire youth, I suppose, Captain Wood, who seems even more upset at this robbery—your robbery."

Before they could touch me I made one step to the open porthole and with a quick movement threw the parcel out into the sea.

"You desperate ruffian! I'll have the ship stopped, a boat lowered, run up to the bridge, quartermaster."

"They're heavy enough to sink, Captain Sherborne, long before you could get a boat down."

do what you like now. My mind's perfectly easy."

"I shall confront you with the boss who owns those papers."

"That he never did, nor will any one else now. But again I warn you to be careful. If you bring us face to face, there will be mischief done."

"No, for I shall have seized you first, made you so fast you won't be able to stir a finger or even look crooked, my fine fellow."

"The boot's on the other leg, captain. The mischief will be done to me, and I tell you whatever happens will be laid on you. I claim your protection. Withhold it at your peril."

The skipper looked nonplused. No doubt he was still inclined to think me a lunatic, but I spoke so quietly and collectedly that he was a little shaken in his first impression.

"Upon my soul I don't know what to say or do. What d'ye advise, Mr. Boffin?" This to the pursuer.

"He says he's Captain Wood. We have reason to believe he's not, not according to this—the pursuer touched a printed list of passengers lying on the table—or if he is the other most be an impostor. Ask him, sir, what proof he can give us that he is the real Simon Pure. Can he refer to any one on board who will bear out this monstrous assertion?"

"That's a good idea, Boffin. Come, my man, what do you say? Can you do it?"

"Easily if I choose. There are two ladies who would bear me out, but I would rather not bring them into it. I am engaged to be married to one of them."

The captain grinned. This was rather against me—a fresh proof of lunacy.

"And a young fellow who is practically in my employ, although one of Saraband's people."

"That's New York detective agency? I've heard of them."

"And he may not care to have you know who he is."

"So that you can offer us no guarantees of your good faith, eh? Strikes me you're in a sinking condition and will soon be a complete wreck, unless the captain."

"The whole thing is ugly—your landing round where you shouldn't, your unlawful possession of the papers which you make away with when tackled, your claiming another man's name. I don't like it, and I'll tell you what I mean to do with you, keep you a close prisoner till we make New York. There you can answer to the proper authorities. Meanwhile I'll stand the racket. I must look to the name and credit of my ship."

"Where shall I be imprisoned?"

"In a spare cabin the pursuer will find you. You shall have your meals and all attention, but you'll stay below under lock and key until Uncle Sam sends on board to fetch you after we've alongside the wharf."

"I protest, and, as I have already said, will hold you responsible. You will be sorry!"

At this moment an urgent message came down to the captain from the bridge. The officer of the watch reported that the large steamer that had been overhauling the Chattahoochee for the last few hours was now within signaling distance.

"Signals she wants to speak us, sir," said the fourth officer, who brought the message. "Can't make out her number, but she's a new man-of-war cruiser, British, and Mr. Anton says she's steaming 23 knots an hour."

"She's after those papers, Captain Sherborne, unless I'm much mistaken."

I put in, with a little laugh of satisfaction. "Perhaps there will be some one on board who knows me."

The captain glared at me, but his eyes fell before my steady glance, and I could read his thoughts plainly; the growing doubts, the fear that he might be all in the wrong, the trouble that might come upon him if he misused me without clearer proof. Yet he carried it with a high hand to the last.

"It'll settle with you later, my fine fellow, and handsomely. You shan't bluff me."

"If I might suggest, Captain Sherborne, your place is on your bridge. I don't presume to teach you your duty, but a man is apt to forget it when he loses his temper and his self control. But I warn you against using any violence. I may have friends in that ship astern!"

I could see fresh rage gathering in his face at my words, but he restrained himself, and with no more than a parting oath and an order to cast me loose I went on deck without further let or hindrance and took my situation by the fore companion. I was much interested in what went on around. Every one was excited at the approach of this splendid warship. The rumor that she had some business with us had already strengthened by the many colored funnels, and my friend ran in. "Call in a couple of hands with a rope's end and seize this chap down. It's not safe to let him range about the ship loose. But first of all hoist those papers out of him. They're in the inner pocket."

Before they could touch me I made one step to the open porthole and with a quick movement threw the parcel out into the sea.

"You desperate ruffian! I'll have the ship stopped, a boat lowered, run up to the bridge, quartermaster."

"They're heavy enough to sink, Captain Sherborne, long before you could get a boat down."

Now the butcher of the Chattahoochee joined me where I stood, somewhat apart. He was an acquaintance through Roy, somewhat surly and uncommunicative, but I found him suddenly quite glib and friendly. He was an old man-of-war's man, and his spirit was stirred at the sight of the white ensign.

"It's grand, you. Grand to see that iron kettle, 13,000 tons displacement, riding triumphant like a wee birdie on the surface of the mighty waters. It means man's conquest of nature, science and knowledge and above all pluck. There's a sight, my man! The finest and newest cruiser afloat—H. M. S. Victrix!"

"You know her, then?"

"Aye, laddie. My own sister's third cousin is fourth engineer aboard, and I was all over her not a week syne when she lay in the Solent. She was under orders then for the China seas. Dell ha' me if I know what brings her into midatlantic."

"Some special order, I suppose?"

"War mayhap. These are fearsome times, laddie, and I read in the papers there was trouble brewing. What if she is sent to warn our shipping?"

"We shall soon know. See, she has lowered a boat, and we're going now under easy steam to take them on board."

The Victrix lay half a mile off, and her boat, looking like a cockleshell compared to her great bulk as it left her side, came bravely along, lifted over the long Atlantic swell by the well cadenced stroke of 18 oars. In the stern was a group of three, and as they got within range of my glasses I saw that one was a naval officer, no doubt in command of the boat, and two other persons in plain clothes.

When it Hurts To Cough

The cough that hurts, the cough that gets tight in the chest is due to getting deeper and deeper into the bronchial tubes and is making directly for the lungs, to become pneumonia, inflammation of the lungs or consumption.

Such coughs are sometimes referred to as "graveyard cough," because they usually bring their victim to that last resting place.

Dr. Chase's Syrup of Linseed and Turpentine has long been known as mother's favorite remedy for croup, bronchitis, coughs and colds. It gains in popularity every day and now has by far the largest sale of any similar preparation.

It loosens the tightness in the chest, always the inflammation, cures the cold and prevents pneumonia, consumption and other lung troubles. 25c. at all dealers, or Edmansons, Bates & Co., Toronto.

Dr. Chase's Syrup of Linseed and Turpentine.

The St. John Sun says:—The St. John Pulp Company mills on Oct. 1st defaulted in payment of interest on the bond issue. It is stated that the payment will be made later. Managerial difficulties are stated to be the cause. The mills are located in Nova Scotia, but the controlling interest is held in Montreal.

Lord Strathcona has promised Capt. Bernier \$5,000 towards the outfitting of his polar expedition, as soon as the public subscribe the remaining \$55,000 with which sum, \$60,000, promised by the Dominion Government, will outfit the expedition.

The London Express says it understands that when the war in South Africa is over King Edward and Queen Alexandra intend to visit the colonies and India, and that while in India His Majesty will be crowned Emperor of India.

Many School Children are Pale, Weak and Nervous.

Debilitated and Exhausted in Mind and Body—Dr. Chase's Nerve Food is Surprisingly Beneficial for Children.

The severe and ever-increasing strain of competitive examinations coming at a time when every boy and girl is undergoing trying physiological changes does much towards making mental and physical wrecks of school children. Run down in health, with the blood thin and watery and the nervous system exhausted, children have no chance to escape the many ills that beset a feeble body. There is no treatment known to science that so naturally and thoroughly restores strength and vitality to the nervous system as Dr. Chase's Nerve Food. It makes parents happy by bringing back the color to the faces and the strength and elasticity to the bodies of their pale, puny children.

Mrs. E. Dempsey, Albany, Ont., writes:—"My little granddaughter, nine years old, was pale and weak, she had no appetite and seemed to be gradually growing weaker. Dr. Chase's Nerve Food proved invaluable in her case, restoring health and color and making her strong and well."

Fifty cents a box, at all dealers or Edmansons, Bates & Co., Toronto.

Crutches Discarded

Mrs. Wells, of Mochelle, Annapolis, Annapolis Co., writes:

May 8th, 1900

"I am an old woman, nearly eighty years of age. Sometime ago I fell and injured my hip. I was afterwards troubled with Sciatica; at times my sufferings were intense; I could not get about my room without the aid of a pair of crutches. I tried many remedies; none did me any good; some of them made me worse. At last I read of Egyptian Rheumatic Oil and tried that. I am happy to say that it has given me great relief, removing the pain and enabling me to move around much better than I could. I think Egyptian Rheumatic Oil a splendid liniment for use in cases of Rheumatism."

Mount Unjacke

Sept 30th.—Miss Alice Glassey, Klondyke House, gave a party to her young friends last Friday, which was very much enjoyed.

Mrs. E. H. Pentz spent last Tuesday with relatives in Beaver Bank.

Mrs. Unjacke and daughter, Miss Helena, were last Wednesday in Halifax.

Miss Maggie Wier, Rawdon, spent last week at the Klondyke House, the guest of her cousin Miss Alice Glassey.

Mr. and Mrs. Irven Pentz spent last Sunday with relatives in Sackville.

Mr. James Weatherhead of Rawdon, has resigned his position as mail carrier which he has held for four years; we miss 'Jimmie's' smiling face from our circle of young people.

Mr. Charles Barrett, Beaver Bank, paid a brief visit to his aunt, Mrs. E. Pentz last week.

Mr. Orland Pentz was in Windsor last Thursday.

Mr. John Burgess, Annapolis, formerly of Hillsdale, paid a visit here last week; we were glad to see his familiar face again.

ONE BETTER EVERY TIME

It seems to matter not what other newspapers may offer as premiums, the Family Herald and Weekly Star of Montreal, can always get them one better, and this year they have again clearly outshined all competitors.

Subscribers to that great family paper will this season receive the biggest value ever offered. In addition to a very much improved paper each subscriber will receive no less than three valuable and desirable premium pictures.

The pictures are large portraits of our new King, Edward VII., a dainty beautiful Queen, Alexandra, each 18 x 24 inches, on beautiful paper, making a lovely picture ready for framing, and which should be found in every Canadian home.

The third picture is a good surprise. We have all heard of the renowned Gainsborough picture of the Duchess of Devonshire, the picture stolen and recovered after 25 years and recently purchased by J. P. Morgan for \$75,000 cash. The publishers of the Family Herald are giving each subscriber this beautiful copy of this historical picture (22 x 38 inches) in three colours, same as the original, hanging with the pictures of King and Queen. All these pictures and a year's subscription to the best family paper on the continent for one dollar is certainly a big dollars worth.

The plates of the King and Queen will be a surprise. No such plates were ever given with a newspaper.

LOWER AYLESFORD

Oct. 3rd.—The elections passed off very quietly Wednesday.

Messrs Jones and Ryan's meeting at Kingston was well attended and their speeches were very convincing, but I fear that those who were convinced against their will are of the same opinion still.

Chas. Alders of Rockville Notch, aged 17 years, was interred at Tremont on Tuesday.

The following fine residences are being built:—Hennigar Neily, Joseph Neily and H. L. Baker of North Kingston, Mrs. Jas. Palmer of Kingston Station and Mr. George Meister of Greenwood.

Mr. Fred Foster of Greenwood, has a very fine variety of strawberries which bore an abundance of beautiful berries in the Spring and had a small crop at drill time with which he treated the officers when they visited him.

Mr. Joseph Neily of North Kingston, has sold his farm to Mr Edward Foster. The supply of apples seems to be very unevenly distributed, some orchards have good crops others very few. Near the North Mountain there was no June frost and the crop is good. Near the South Mt. the frost struck some people's crops and orchards and not others.

Mr. N. R. Neily who sold his farm to Edward Lucy last year has bought the Gibson place at Bridgetown.

Edred Cole of Marlboro, Mass., has bought a farm from Chas Palmer of Meadowdale.

Mrs. Pineo of Grafton, is the guest of her sister, Mrs. Joshua Bowby of Tremont.

CAMBRIDGE

October 3rd.—Election passed off very quietly here.

Mr. Cuthbert Harrison is preparing to build a new house.

Mrs. T. T. Orsig, Brooklyn Street, returned Monday from a visit with relatives in Bridgetown.

Mrs. Randal Hiley of Somerset and Mrs. J. R. Webster of Kentville, spent Monday with their mother, Mrs. J. Caldwell.

Mr. Frank Tupper has moved into his new house.

Mrs. George L. Webster and baby Mary, are visiting at Maplewood, Mass., the guest of Mrs. Webster's aunt, Mrs. James Huntington.

Rev. Lyman has gone to Boston.

Miss Effie McCall who has been spending the summer with her parents, intends returning to Stoughton, Mass., Saturday.

Mr. William Taylor died last Sunday after a long illness and was buried Tuesday, the Rev. E. O. Reid performing the funeral services.

Mrs. Susan Woodman who has been very sick is improving slowly.

Miss Lucy Neily is quite ill. Dr. S. E. Shaw is in attendance.

Miss Beulah Palmer and Miss Julia West of Morristown, visited Mrs. Egos Knowlton and Mrs. Otis Nichols last week.

We have a new Station agent, Mr. Trethewey of New Germany.

Business is rushing at the Station. Craig Caldwell is handling the apples and potatoes for High at a rapid rate.

J. H. Cox is busy in the same line for Fullerton and Emerson Graves is doing a big business in agricultural implements.

Mr. Snettinger of Colburn, Ontario, apple buyer, is located here for some weeks.

Mrs. Urie Waterman of Brookline and Mr. Enos Lyons of Boston, visited their aunt, Mrs. Freeman Rachford last week. Their visit to Nova Scotia was a sad one, as they came with the remains of their father, the late Mr. Alfred Lyons, son of Mr. John Lyons of Berwick, which was brought here for burial in the interment took place at the Berwick Cemetery Monday the 23rd September.

Mrs. Albert Bullerwell of Parrsboro, is the guest of her sister, Mrs. Will Bullerwell.

Sore arms, are again quite fashionable.

Address and Presentation

Miss Lena Dewar of Ottawa, who has been spending a few years with her sister, Mrs. David Sutton, Church Street, left for home on October 4th via Boston.

Before her leaving about thirty friends gathered at the home of Mr. Sutton and gave Miss Dewar a thorough surprise. Each came armed with a well filled basket and after a jointly served tea an address was read and Miss Dewar was presented with a beautiful silk umbrella with her name engraved on a silver clasp.

Miss Dewar has been a great favorite in our midst both in religious and in social circles and her piece will be hard to fill. We wish her a safe and pleasant journey.

The Canadian Order of Foresters

Among the many fraternal and sick benefit societies in the Dominion of Canada, the Canadian Order of Foresters stands at the head as regards finances, having the largest surplus per \$1000 of risk of any society doing business in this country. The membership now numbers 43,000 and the surplus in the insurance fund at the end of August last was \$1,082,000 and it is increasing at an average of about \$18,000 per month. The business of the society is confined to the Dominion of Canada, hence the death rate is very low, being only 4.56 per 1000 of membership in the year 1898, 4.43 in 1899, 4.88 in 1900 and the average death rate since the organization of the society in 1879 has been only 4.33. The society is adding largely to its membership, new Courts being established in all parts of the Dominion and the old Courts strengthened. Insurance policies are issued for \$500, \$1000, \$1500 or \$2000, the latter amount being the largest sum written on any life. The insurance premiums are very low, being as follows, payable monthly in advance.

Between the age of 18 to 25 25 to 30 30 to 35 35 to 40 40 to 45

\$500 \$1000 \$1500 \$2000 On On On On On

18 to 25 .25 .60 .90 \$1.20

25 to 30 .40 .65 .98 1.30

30 to 35 .55 .70 \$1.05 1.40

35 to 40 .70 .85 1.28 1.70

40 to 45 .85 \$1.00 1.50 2.00

The sick benefit department though an optional feature, is very popular among the membership, upwards of 22,000 being enrolled in that department. The benefits are very liberal, namely \$3 per week for the first two weeks of illness, and \$5 per week for the following ten weeks, altogether \$56 during any year, besides a funeral benefit of \$30 considering the low rates charged, which are as follows, payable monthly in advance:

Between 18 and 25 years. 25 cents

" 25 and 30 years. 30 cents

" 30 and 35 years. 35 cents

" 35 and 40 years. 40 cents

" 40 and 45 years. 45 cents

All physically and morally qualified males, between the ages of 18 and 45 years, who are not debarred on account of occupation, are accepted for membership.

For further particulars enquire of any of the officers or members of the Order, or address:

Shorthorn Prizes for the Winter Fair at Amherst

The following letter has been received by the Secretary of the Maritime Stock Breeders' Association in reference to the Maritime Winter Fair to be held at Amherst on the 17th, 18th and 19th of December next:—

Toronto, Ont., Sept 28th, 1901. W. W. Hubbard, Esq. Sect. Maritime Stock Breeders' Association, Halifax, N. S.

Dear Sir,—At a meeting of the Committee of the Dominion Shorthorn Breeders' Association the sum of \$110 was voted towards supplementing the premiums to be given at your Maritime Winter Fair, to be given in the way of Specials, as follows:—

Shorthorn Specials

Shorthorn Steer, any age, \$20.

" Female, " " 20.

Grade Steer sired by Shorthorn bull 25.

" 2nd \$15.

" Female sired by " " 20.

" 2nd \$10.

The conditions are: All Shorthorn cattle receiving these prizes must be recorded in the Dominion Shorthorn Herd Book; in case of Steers, sire and dam must be recorded. In the Shorthorn grade class the sire must be recorded in the Dominion Shorthorn Herd Book. Hoping that this prize will be appreciated by your Association, I remain,

H. Wade, Secretary.

It is being reported that fruit growers are offered \$3.50 per barrel for their whole crop of winter fruit and some will not accept that price. Apples are trumps this year and the farmer who has a full hand is the one who has plenty of fruit.

No Danger

There is no danger of heart burn or heart troubles from the use of Cheung Tobacco, if it has been properly manufactured. Great care is taken by the manufacture of "OLD FOX" and "BOBS" Cheung Tobacco, to use only pure and wholesome ingredients, which will leave no bad after effects. If you are not already using these brands, try them. Even the tags are valuable. Save them; and ask your dealer for our new illustrated premium catalogue.
