

The Man Outside.

(Continued.)

To my dream-picture, I saw a man fire, and the other drop, while his murderer clutched from the table the prize, to gain which he had fired and fled from the room. I saw it all as clearly now in my dream as I had really on the fatal night six years before.

I awoke from my reverie with a shiver, the photo had fallen from my hand, and mechanically I raised it from the carpet. As I did so, I saw the ring shine, and glanced curiously at the gold. I knew now why the workmanship appeared rough; it had been fashioned by some little jeweller out there from the next gutter poor Armitage had found, and the diamond had for years before been his mascot.

I replaced the photo in its dirty envelope, and hid both it and the ring next my breast, when I looked at the time; it was 5 a. m., and I switched off the light.

'I'll have an hour's sleep anyway,' I muttered to myself, 'and I don't fancy Lady Nora will have to give her answer to-morrow after all.'

In the cold grey dawn, I slipped out of the Guilford Hotel, and a very short time after, Inspector Grayson, of Scotland Yard, sat opposite to me, with the ring and photo in his hand, listening to my story.

'And you are positive it's the same man?' he asked, when I had finished. 'I'd stake my life on it, for I never forget a face,' I answered. 'Here's his photo; perhaps you have one of the men who was wanted six years ago for the murder of Cecil Armitage.'

Grayson rose. 'I believe we have somewhere, but the search has virtually been abandoned after such a long interval,' he said, as he touched a bell and gave some orders to the sergeant who answered it.

The latter returned, having turned up the old photo, and laying the two upon the table, Grayson looked long and earnestly at them.

'Yes,' he said, decisively, at last. 'You are right, Mr. Calthorpe; Count Zeilten and Joshua Dixon are one and the same man. I have no doubt that the initials on the back of the view of Melbourne—J. D.—are his, and, after calling the police there, I shall arrest him on suspicion to-day.'

'Grayson,' I said, as I rose to go, 'there are two things I am not clear about. Perhaps you can help me.'

He looked distinctly flustered.

'Anything I can ever do for you, Mr. Calthorpe, will be a pleasure.'

'Can you suggest any reason why Joshua Dixon, alias Count Zeilten, should have tried to force Lady Nora Marchbank into marrying him?'

Grayson stroked his chin thoughtfully. 'A murderer's conscience is never really at rest, otherwise we shouldn't catch as many of 'em as we do,' he replied slowly. 'Josh Dixon or, baldly thought, and quite rightly, too.

SAFE EVEN FOR CHILDREN

There is not a Trace of Opium or Morphine in "Father Morriessy's No. 10" (Lung Tonic).

A cough is merely a symptom of an irritated, inflamed or diseased condition of the air passages or the lungs themselves. Many cough mixtures are simply preparations containing enough Opium, Morphine or similar drugs to deaden the irritation. They relieve the cough but they do not remove the unhealthy condition that caused it. Moreover any medicine containing opium or opium is unsafe unless prescribed by a competent physician.

"Father Morriessy's No. 10" (Lung Tonic) contains absolutely no drugs of this character. It relieves a cough by removing the cause.

Made of Roots, Barks and Balsams, Nature's own remedies, it clears the mucus from the passages, soothes and relaxes the inflamed membranes, and strengthens the lungs and whole system so that they can throw off the disease entirely. Thousands have proved it. Trial bottle 25c. Regular size 50c. At your dealer's, or from Father Morriessy's Medicine Co., Ltd., Chatham, N.S.

that the last person who would ever be taken for him would be Lady Nora's husband; also he is a gambler, to whom an intrusion into his particular set would most likely have meant a rich harvest from his well-vised method of card shar'ing.

I smiled as I heard his simple solution; it was the right one, I had no doubt, yet all the while I had been searching for some reason of a much more romantic nature—for a romantic, now I came to think of it, for Joshua Dixon.

'I'll give you one more riddle to solve,' I said, laughing. 'Who put the ring in the coffee?'

'Ah!' exclaimed Grayson, ruefully, 'there you beat me, though I am inclined to fancy it was an ordinary theft. I wish you had seen the man's face properly from outside the grating. I'm afraid we shall never spot him now.'

And they never did. It remains one of the unsolved problems of Scotland Yard—and of 'yours truly'; but the arrest, subsequent confession, and execution of Joshua Dixon was the sensation of London and Continental society.

The Life Policy.

BESIDES being the confidential advisers, attorneys are the "confessors" of modern England; and the revelations—delicate, serious, not unfrequently involving life as well as fortune and character—confided to the purchased fidelity and professional honor of men whom romances of all ages have stereotyped as the ghouls and vampires of civilized society, are, it is impossible to deny, as rarely divulged as those which the penitents of the Greek and Latin churches impart to their spiritual guides and helpers; and this, possibly, for the somewhat vulgar, but very sufficient reason, that a "breach of confidence" would as certainly involve the professional ruin of an attorney as the commission of a felony. An able but eccentric juriconsult, Mr. Jeremy Bentham, was desirous that attorneys should be compelled to disclose on oath whatever guilty secrets might be confided to them by their clients; the only objection to which ingenious devices for the conviction of rogues being, that if such a power existed, there would be no secrets to disclose; and, as a necessary consequence, that the imperfectly-informed attorney would be unable to render his client the justice to which every personal, however criminal, is clearly entitled—that of having his or her case presented before the court appointed to decide upon it in the best and most advantageous manner possible. Let it not be forgotten either that the attorney is the only real, practical defender of the humble and needy against the illegal oppressions of the rich and powerful—the shrewd, indomitable agent who gives prosaic reality to the figurative eloquence of old Chancellor Fortescue, when he says, "that the lightning may flash through the thunder shake, the tempest beat, upon the English peasant's hut, but the king of England, with all

The three branches of the Fishermen's Union at Badger's Quay, Brookfield and Wesleyville, moved in a monster parade on Union Day, Feb. 29. They attended Divine Service in the Methodist Church at Wesleyville, and were there addressed by the Rev. J. A. Blake, who read the address of the more keen and eager Mr. Attorney to prosecute the suit; for he is then sure of his costs, if he succeed! Again, I cheerfully admit the extreme vulgarity of the motive; but its effect in protecting the legal rights of the humble is not, I contend, lessened because the reward of exertion and success is counted out in good, honest sovereigns, or notes of the Governor and Company of the Bank of England.

This much by way of conciliatory prologue to the narrative of a few incidents revealed in the attorney's privileged confession; throughout which I have of course, in order to avoid any possible recognition of those events or incidents, changed the name of every person concerned. Our old city firm, then, which I am happy to say, still flourishes under the able direction of our active successors, I will call—adopting the nomenclature appropriated to us by imagin-

IN MEMORIAM—JESSE PARSONS.

It is my melancholy duty to chronicle the sad news of the death by drowning of Mr. Jesse Parsons, of Newtown, at the time of his death a student at Durham University. Particulars of the sad occurrence have not yet arrived. The deceased is a son of Mr. James Parsons, of Newtown, being born here about 24 years ago. He was adopted by the Rev. T. W. Upward on his appointment to the incumbency of this mission eleven years ago. In 1905 and 1906 he was a pupil at Bishop Field College, and secured the A. A. before leaving. He was a teacher and lay-reader at Newtown the following two years. In 1906 he left for England and entered St. Chad's College which is in affiliation with Durham University, with the intention of entering Holy Orders. His record since having studied there has been one of unbroken and brilliant success. High hopes had been built on his promising future, and the crushing intelligence of his death—doubtless and owing to the circumstances of it, is indeed a heavy blow to his parents and to Rev. and Mrs. Upward, his sister. May they find in God, in this their hour of sorrow, the solace and comfort that he alone can afford.

DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's Vegetable Compound

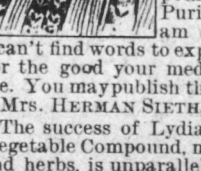

Pound, Wis.—"I am glad to announce that I have been cured of dyspepsia and female troubles by your medicine. I had been troubled with both for fourteen years and consulted several different doctors, but failed to get any relief. After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I can say I am a well woman. I can't find words to express my thanks for the good your medicine has done me. You may publish this if you wish."

Mrs. HERMAN SEITZ, Pound, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

The three branches of the Fishermen's Union at Badger's Quay, Brookfield and Wesleyville, moved in a monster parade on Union Day, Feb. 29. They attended Divine Service in the Methodist Church at Wesleyville, and were there addressed by the Rev. J. A. Blake, who read the address of the more keen and eager Mr. Attorney to prosecute the suit; for he is then sure of his costs, if he succeed! Again, I cheerfully admit the extreme vulgarity of the motive; but its effect in protecting the legal rights of the humble is not, I contend, lessened because the reward of exertion and success is counted out in good, honest sovereigns, or notes of the Governor and Company of the Bank of England.

This much by way of conciliatory prologue to the narrative of a few incidents revealed in the attorney's privileged confession; throughout which I have of course, in order to avoid any possible recognition of those events or incidents, changed the name of every person concerned. Our old city firm, then, which I am happy to say, still flourishes under the able direction of our active successors, I will call—adopting the nomenclature appropriated to us by imagin-

IN MEMORIAM—JESSE PARSONS.

It is my melancholy duty to chronicle the sad news of the death by drowning of Mr. Jesse Parsons, of Newtown, at the time of his death a student at Durham University. Particulars of the sad occurrence have not yet arrived. The deceased is a son of Mr. James Parsons, of Newtown, being born here about 24 years ago. He was adopted by the Rev. T. W. Upward on his appointment to the incumbency of this mission eleven years ago. In 1905 and 1906 he was a pupil at Bishop Field College, and secured the A. A. before leaving. He was a teacher and lay-reader at Newtown the following two years. In 1906 he left for England and entered St. Chad's College which is in affiliation with Durham University, with the intention of entering Holy Orders. His record since having studied there has been one of unbroken and brilliant success. High hopes had been built on his promising future, and the crushing intelligence of his death—doubtless and owing to the circumstances of it, is indeed a heavy blow to his parents and to Rev. and Mrs. Upward, his sister. May they find in God, in this their hour of sorrow, the solace and comfort that he alone can afford.

DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's Vegetable Compound

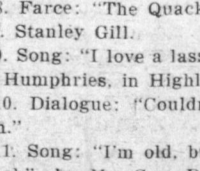

Pound, Wis.—"I am glad to announce that I have been cured of dyspepsia and female troubles by your medicine. I had been troubled with both for fourteen years and consulted several different doctors, but failed to get any relief. After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I can say I am a well woman. I can't find words to express my thanks for the good your medicine has done me. You may publish this if you wish."

Mrs. HERMAN SEITZ, Pound, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

The Evening Chit-Chat

By RUTH CAMERON

There was a young lady from Kent
Who always said just what she meant.
Said her friends, 'She's a dear,
So unique, so sincere'—
And they shunned her by common consent.

Why is it, I wonder that people who pride themselves on saying just what they mean, somehow seem to mean disagreeable things most of the time? Why is it that people who pride themselves on seeing clearly seem to see flaws so much often than good points? A little neighbour of mine put on her new gown for our inspection the other day and awaited our admiration with all the excitement and enthusiasm of a young person who doesn't have any pretty gowns often enough to conceal her pride and delight.

A good relation of the lady from Kent, a person who prides herself on her sincerity and goes about rebuking the rest of the world for their lack of it happened to be present. "Yes, it's pretty, but there's something wrong with the sleeves," was her immediate comment.

My little neighbour's pretty rancid gave place to a look of disappointment and anxiety as suddenly as if a cloud had hidden the sun. And I had all I could do not to suggest to the lady that she consult an oculist for those abnormally flaw-seeking eyes of hers.

You say that if there was anything the matter with the gown it was well for the possessor to know about it that she might have the fault corrected. Quite so.

But why need that have been the only thing the lady saw and the first thing she said? Why might she not have noticed and remarked that the lines of the skirt were excellent, that the color was most becoming and that the whole effect was thoroughly attractive, and then later have made the suggestion about the sleeves?

She would have done just as much good and caused less unhappiness. One may see clearly and yet see kindly; one may say just what one means without being a kill-joy. If one will go about it in the proper spirit.

For I think one can be sincere and yet remember and live by Heine's definition of the purpose of the tongue: "God has given us our tongues where we may say pleasant things to our neighbors."

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of cases treated were cured. Such a record would be remarkable if it were not proved by hundreds of other cases. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Household Notes.

Keep tacks in bottles. It saves opening many boxes to find a particular kind.
Cakes will not stick to their tins if placed on a damp cloth when removed from the oven.
In making a crust of any kind, do not melt the lard in the flour. Melting will injure the crust.
If gravy is too salty, put a pinch of brown sugar in it. This does not spoil the gravy in the least.
A tin kettle or coffee-pot is easily cleaned by being rubbed with a wooden rag soaked in paraffin.
When cleaning house use plenty of turpentine in the scrub water. It means certain death to moths.
A spoonful of vinegar put into the water in which meat or fowls are boiled will make them tender.
Braid of check material is best mended by using several shades of silk or thread in one needle.

Nervous? Let your doctor prescribe the medicine. He knows best. The fact, however, that Ayer's Sarsaparilla has such strong tonic properties, and is entirely free from alcohol, may make it precisely to his liking.

CHRONIC BRONCHITIS

Cannot be cured with ordinary soothing syrups. The disease must be attacked at the root to eradicate the irritation of the lungs, heal the wounds and strengthen the respiratory organs. The composition of

AGAINST HEADACHE there is no remedy so active as Mathieu's Nerve Powders which contain no opium, morphine or chloral. 25 cts. per box of 18 powders.

Plucky Police and Burglars.

Desperate Encounters of Recent Years Recalled by the Murder of the Houndsditch police.

The attempted burglary of a jeweller's shop in Houndsditch, which resulted in the death of three constables at the hands of the baffled miscreants, may, in the suddenness of its awful catastrophe, be said to stand alone in the annals of English crime. It surpasses even the tragedy of January 26th, 1909, when Constable Taylor lost his life while gallantly striving to apprehend two Poles, named Heffel and Lepidus, who, after a desperate resistance, involving two deaths, besides numerous injuries to others who had taken up the pursuit, finally, by shooting themselves, evaded justice.

Police Heroes.
Wheatley and Wright, having successfully burgled the warehouse of Mr. Elsbach, a Hoxton, furrier, were accosted by a policeman, who, despite a bad thigh wound from a revolver bullet, managed to apprehend the former. Wright contrived to escape, and, having shot down a constable who attempted to seize him, gained the roof of a block of houses lying between East Road and City Road, where, after a struggle, he was captured.

A narrow escape was that of Constable Robinson, when on November 17th, 1878, he attempted to arrest a burglar who had just quitted a house in St. John's Park, Blackheath. Five shots from a revolver were aimed at the policeman, who, although severely wounded, retained his hold, threw his man to the ground, and ultimately, after a desperate struggle, secured him.
Not so fortunate was an officer named Cole, who, on the night of December 1st, 1882, being on duty in Ashwin Street, saw a man clambering over the wall in front of the Baptist Chapel. Thinking that all was not right he proceeded to arrest the suspect, who, in his turn attempted to break loose, and on finding that he could not effect his purpose, whipped

90 Below Zero

Six and a Half Miles Above the Earth at Toronto.

Toronto, March 9. — Ninety below zero at a height of 6 1/2 miles above the earth, between Toronto and the vicinity of Peterboro, is the interesting knowledge gained as a result of the sending out of the first of a series of balloons from the meteorological observatory. The balloon was of rubber, 39 inches in diameter, and charged with hydrogen gas, so that on reaching a certain altitude it would burst, thus releasing a miniature parachute carrying an ingenious recording instrument. In this case, the balloon rose 7 1/2 miles, and 6 1/2 miles the 90 below mark was reached.

Murderous Attack

On Aged Colored Woman Near St. John.

St. John, N. B., March 9.—Mrs. Ann Davidson, a coloured woman, aged about 70 years, is dying at her home in Willow Grove, as the result of a brutal assault and murderous attack. The shocking affair occurred at a settlement of colored folk, about 12 miles from the city, on St. Martin's Road, some time last night. It is said a young colored man went to the old woman's house at a late hour, and after assaulting her cut her throat from ear to ear. She was discovered this morning in a dying condition, and Dr. Baxter was summoned from the city. When the name of the assailant was learned the police were notified, and officers were despatched to the scene. The suspected young man has already served a term on a charge of assault.

SENSATION IN A QUEBEC COUNTY.

INVALID RESTORED TO HEALTH AFTER FIVE YEARS SUFFERING.

Antoine Bouchard cured his Kidneys by using Dodd's Kidney Pills, and his Drops, Cramps and Backache were cured too.

St. Hilairon, Charlevoix Co., Que., Mar. 17. (Special).—Charlevoix County is ringing with the wonderful cure of Antoine Bouchard. For five years he was practically an invalid; to-day he is a well man. Dodd's Kidney Pills did it, and the people of this neighborhood are more than ever convinced that they are the one sure cure for all Kidney ailments.

Interviewed concerning his cure, Mr. Bouchard said: "My sickness started with a cold, which developed into Kidney Disease, and for five years I suffered from Dropsy, Cramps in the Muscles, Backache and Nervousness. It took two dozen boxes of Dodd's Kidney Pills to cure me, but they did cure me completely. They are a wonderful remedy."

Dodd's Kidney Pills simply cure diseased Kidneys. But the different diseases Mr. Bouchard suffered from are all caused by diseased Kidneys. Dodd's Kidney Pills cured them by curing the Kidneys.

PHOSPHONOL

(The Electric Restorer)
MAKES WEAK MEN STRONG

PHOSPHONOL restores every nerve in the body to its normal tension. Nerves that have been dormant for years will vibrate once more with vigor. Two boxes of PHOSPHONOL have been known to make weak men feel as they did at eighteen.

Weakness is converted into strength where PHOSPHONOL is used; premature decay is impossible; sexual weakness is converted into strong manhood, both physically and mentally.

PHOSPHONOL is your medicine, regardless of your condition or age. PHOSPHONOL is a new remedy, prepared upon purely scientific principles, by expert chemists. It produces results.

PHOSPHONOL promptly dispels all forms of nerve weakness, such as lack of control, twitching of nerves and muscles, dizziness, mental worry, blues, indecision, weak heart and impoverished blood.

Price: \$3.00 a box, or two boxes for \$5.00. We will mail this to any address under separate cover on receipt of price. THE PHOSPHONOL DRUG CO., St. Catherine, Ont. McMurdo & Co. agents for Nfld.

Another Mystery.

New York, March 9.—In the depths of Chinatown there developed to-day a murder mystery that for strange features has been unequalled since the death of Elsie Siegel. This time the victim is Dr. Eugene Post, a dentist with offices at 19 Catherine St. Though two persons a man and a woman have been arrested, the police admit that they are baffled by the case. Mr. Post was shot yesterday at his office.

Lulu Smith has been arrested, but while she admits being a close friend of Post, and was in his office just after the shooting, declares she had no hand in it.

Special Evening Telegram.
MEXICO CITY, March 17: A complete reorganization of the Diaz Cabinet with the possibility of the aged President himself retiring, if a strong man can be found to succeed him, is possible as a result of the recent political chaos in Mexico. It is believed that only a change of administration can put a stop to the revolution, which appears to be gaining strength.

Had Eczema In Both Legs

Remarkable cure of Chronic Eczema by use of DR. CHASE'S OINTMENT.

You could scarcely imagine a more severe test of this ointment than the cure of Mrs. Clark recorded here. For twenty years she suffered all the tortures of this terrible disease and tried in vain the prescriptions of doctors and the cures commonly recommended. Mr. Fred W. Clark, Petworth, Ont., writes: "My mother had Eczema in both legs for about 20 years and suffered from the dreadful itching, stinging sensations which can never be described. She doctored and tried everything for it but got no relief until she used Dr. Chase's Ointment which was recommended to her by a friend. She found that this brought relief and by continuing its use has been cured of Eczema. I do not think any one could have this horrible disease any worse than she did and can recommend Dr. Chase's Ointment as a thorough cure for Eczema."

Honor to Whom Honor is Due.

Editor Evening Telegram:—

Sir.—In presenting the Old Age Pension Resolutions the Premier gave the history of the inception of the scheme and stated that it was first advanced during the '97 election by A. B. Morison, but in making this reference Sir Edward remarked that he was under correction. Where was Mr. Morison now that he did not at once set Sir Edward right! Surely the Minister's memory has not become so defective as to forget who really was the "father of the mighty thought." Allow me to mention the facts which are briefly these:

In the '88 elections Mr. Alfred Vincent, of H. M. Customs, was a candidate and colleague of Messrs. Morison and Morison, and in stamping the District of Bonavista Bay strongly advocated this pension scheme. When sitting in the cold shades of Opposition Mr. Morison did not forget this little incident but when necessary reminded the House from whose brain this Old Age Pension originated. (See Daily News back numbers).

No doubt the Minister's memory is becoming a little cloudy as old age creeps upon him! But now that his memory has been refreshed he will not fail to give his old colleague "Honor to whom honour is due."

Yours truly,
BONAVIDA BAYMAN.

Indigestion & Dyspepsia

In all its Forms can be Cured.

It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything, I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

Successful Presentation of that Beautiful Irish Drama, "The Road to Kenmare."

A large audience assembled at St. Patrick's Theatre last night to witness the production by the B.I.S. Dramatic Co. of the "Road to Kenmare." The leading character "Dan Majority" was taken by Mr. P. F. Moore, who starred in the part. He was ably assisted by Messrs. J. M. Abington as Clement Farley; T. P. Hally as Reg. Donald; J. E. Pippy as Earl of Kenmare; W. White as Bently Hadden; J. Donnelly as the Baron; W. B. Comerford as Martin Keen; P. J. O'Neill as Con O'Neil; Peter O'Mara as Mulkenar Hogan; P. Grace as Patrick O'Shale; Geo. Knight as John; J. J. Donnelly as McShann; P. Brown as Jerry; Miss Viguers as Rose Donald; and Mrs. P. Dalton as Honora Mullooney. The drama is a very beautiful one and replete with pathos and humor and well balanced. The costumes and stage settings were very fine and added to the success of the play. Amongst the audience were, His Grace the Archbishop, His Excellency Sir Ralph Williams and his lady, Secretary Fitzherbert, Rt. Rev. Mon. Roache and Fr. Sheehan. After the first act His Excellency went behind the scenes and presumably congratulated Mr. Moore and his talented company on the excellence of their acting. Songs were interspersed between the acts and the audience were delighted with Mr. Moore's execution of the song "Rose of Kenmare and the Legend of Majuire. He brought down the house with rounds of applause. The same may be said of Miss P. Jordan's rendition of the song "Ireland I Love Thee" and her encore "Come Back to Erin." Mr. J. L. Slattery carried the audience off their feet by his singing of Thos. Davis' song "A Nation once Again," and his encores. The whole programme was one immense success and Mr. Moore, Miss Viguers, Mr. Hally and Mr. White, who made his debut last night; are worthy of particular mention. It is to be hoped that Mr. Moore and his company will repeat their play after Easter.

Death of Mr. A. D. Fraser

This morning Mr. P. T. McGrath, editor of the Evening Chronicle, received a message telling of the unexpected death at Sydney of his brother-in-law, Mr. A. D. Fraser. On Sunday last the deceased was taken ill of pneumonia and on Tuesday Mr. and Mrs. Blackie left for Sydney, but had been detained at Port aux Basques, waiting for the Bruce. A message to Mr. McGrath late last night showed the serious turn the illness had taken and this morning tidings of death were received. Deceased leaves a widow and four children. To them and others of the bereaved relatives, we extend our sympathy in their sad trial.

Catholic Association Movements.

At Burin on St. Patrick's Day. Special to Evening Telegram.

BURIN, To-Day. The annual parade of the Catholic Association took place yesterday. At an early hour members from Marytown, Frenchman's Cove, Little Bay, Fox Cove and Corbin assembled to take part in the day's amusements. The new brass band lately inaugurated by Professor Power made a grand showing and this together with the fife and drum band discoursed splendidly during the parade. In the afternoon Father Macnamara had a splendid play staged, which was most creditably performed. Between the acts the brass band rendered several selections. All present enjoyed the dramatic as well as the musical treat offered to them on this enjoyable occasion.

Diphtheria in the General Hospital.

Misses Roberts and Lilly, two of the nurses in the General Hospital, developed diphtheria last Wednesday, and two patients there also became afflicted with the malady. Old Age Pensions.

FIGURES TRANSPOSED.

In reporting Sir Robert Bond's speech on Old Age Pensions in Thursday's issue two amounts became transposed, \$206,100 appeared for \$251,900 and vice versa. We publish the part of the speech in which this occurred in its corrected form:

"Taking 65 as the age limit and (\$50) fifty dollars per year as the annuity, what amount should we require for a universal scheme of Old Age Pensions?"

9,160 old people at \$50 per annum equals \$458,000.00. But we must deduct

For those whose incomes exceed say \$2.00 per week say 50 per cent. . . . \$229,000.00
For aliens, criminals, lunatics and permanent paupers, 5 per cent. . . . 22,900.00
\$251,900.00

The cost then of the estimated number of pensionable poor persons, say 5,038, would amount to \$206,100 per annum, or \$206,100 per year. This means that 100,000 persons, male and female, over 65 years of age Fifty dollars per year pension. The Government's proposal is to vote twenty thousand dollars. That amount will only provide four hundred persons with \$50 per year and leave four thousand six hundred and thirty-eight pensionable persons without any provision whatever under this bill."

ENGAGEMENT ANNOUNCED.—The engagement is announced of Miss Elena M. C. Perez, daughter of Mrs. and the late J. M. Perez, Spanish Consul, to Dr. J. J. Lomas, of Montreal, and now practicing with the A. N. D. Co. at Millertown.

Empire Arrived.

The Empire, Capt. Smith, arrived here last night, 29 days from Oporto bringing 110 tons sand and 8 tons of wine. The first part of the voyage was fair but the past ten days when coming on this coast the weather was very stormy and the crew had a hard time. When 30 miles south of Cape Race Capt. Smith ran into a string of ice extending 20 miles towards the land. Last Sunday Capt. Smith saw the Ethel, she is bound for St. John's 34 days from Oporto, and must have had to contend with much ice as her water line was badly chafed. Capt. Smith thinks that her plank would not stand much more of it, and that he went off south to make a detour in order to get clear of the ice. Yesterday the Empire spoke the Damaraland on her way to Brazil. She also is chafed along the water line, and must have had a hard time in getting through the ice. After that Capt. Smith came through eight miles of it.

Splendid Sealing News.

Ships on the Front Taking Seals.

At 5.15 p.m. Thursday Messrs. Bowring Bros. received the following wireless message from the Florizel via Belle Isle in the Straits:

"Position noon to-day seventy-five miles south by east from Cape John, forty-five miles north by east of Funks, stopped in same position last night with about three or four hundred whitecoats. All ships in sight; Eagle furthest north. Algerine in wake. Adventure, Bonaventure, Bloodhound in vicinity. Very heavy ice, course north. Florizel took lead at Cape Bonavista and steamed out of sight until met heavy ice."

"(Sgd.) A. KEAN."

At 11.45 Thursday night the firm had another wire as follows:

"Struck seals at 1 o'clock to-day. Dense fog, cannot see size of patch. Crew hauling on board. Sent message to Eagle. Bonaventure in our wake."

"A. KEAN."

After receiving these messages, Mr. Munn yesterday morning wired Capt. Kean to keep him fully advised of the work being done by the ships and general information. After the messages were received, Mr. P. F. Collins, the enterprising dry goods merchant, who has been "down" and so keen was the interest displayed by the public that the place was besieged and the police had their work cut out for them to keep the sidewalk clear. The same occurred yesterday. The belief is that all the ships have struck the big patch together and this being so each ship will get her share, but none will load as quickly as if a few were alone in the patch and had them to themselves, so that we may not have an arrival as quickly as would on first consideration seem probable. The Florizel is proving herself a lucky boat. Last year she struck the harps appropriately at 11.30 a.m. on St. Patrick's Day, but this year she was among them a day earlier. When the Florizel struck the patch last year the Bellaventure was the first ship to come in with Capt. Kean, but the whitecoats were not at first plentiful and so the ship forced her way ahead and struck scattered patches in the afternoon, with the Algerine about 6 miles N.W. of her and foraging in a N.E. direction. St. Patrick's night last year the Florizel had the following wireless from the Eagle:

"Judge you to be 20 miles N.E. of us. Plenty of whitecoats all around. All ready for morning. Good luck. Marconi can't be jammed."

On the 18th all the Florizel's men were out all day killing and panning, and hardly a man was left on board. All the crew were back to the ship by 7 p.m. and accounted for 18,000 harps that day. On the 19th all were on board by nightfall, and had killed and panned 15,000 more, and every day afterwards the good but gory business continued until she bore up for St. John's at 3.45 p.m. on March 20th with, as Capt. Kean thought, fully 50,000 seals, though the number tallied on board was 47,260, and turned out here when landed and officially checked, 49,969. The ship with her record trip arrived at St. John's on April 1st, the men sharing \$148.36. We hope to see her duplicate her work of last year, or better if it be possible, and wish the same to all the others of the fleet.

Job Bros. had the following message from Capt. Barbour of the Beothic shortly after Bowring had theirs from Belle Isle:

"4 p.m. Wednesday — Position, longitude 53.52, latitude 59.40. Took lead when leaving St. John's. Ice very small. Patch whitecoats; prospects good; all steel fleet together. Neptune, Erik and Diana about ten miles astern. Ice will break, steamer, attempt to get through; all well."

"(Sgd.) G. BARBOUR."

A. J. Harvey & Co. had the following messages Thursday evening:

From Capt. J. Kneel of the Bellaventure:

"Struck whitecoats p.m. Wednesday, Funks, bearing S.W. by S. 90 miles. Seals are small, 4,000 on board, weather thick. Adventure, Beothic close by. Our men report plenty of seals to the S. E."

From Capt. Jacob Kean, of the Adventure, who was the first to wire:

"Struck whitecoats on Wednesday at 11 p.m., Funks, bearing 40 miles N.E. I do not think it is the main patch. Bellaventure, Florizel, Bonaventure and Beothic in company."

Messrs. Bowring Bros. Ltd. received the following message from Capt. Kean this morning, dated midnight Friday:

"Panned 8,000 seals noon. Other steel steamers here. Eagle, Algerine coming slowly."

"(Sgd.) A. KEAN."

The Magdalens report to the Marine and Fisheries Department to-day that three sealing steamers are in sight, but what they are doing is not stated.

In the Assembly

ON THURSDAY.

In the Assembly Thursday afternoon Mr. Earle presented a petition from Musgrave Harbor, Dotting Cove and Carmanville for slips at the Wadhams, and Hon. R. Watson presented some for roads at New Melbourne and White Rock, and for a fog alarm and light house at the Horse Chops.

In reply to Mr. Roberts' question as to why some workmen on the Branch lines last year were only paid \$1.00 and \$1.25 per day though the contract called for \$1.50.

The Premier said this was the first he had heard of the like occurring so that he wrote Messrs. Reid on the matter and furnished the questioner with the correspondence which showed that men working on the line were paid \$1.50 per day, but that some 15 to 20 boys from 12 to 15 years working there received only \$1.00 and \$1.25.

As to the question of Mr. Roberts re autos owned by the Messrs. Reid being imported and being allowed in without payment of duty or presentation of invoices the Minister of Finance and Customs said that the machines had been valued by the Government and that \$1,450 and \$900 duty in reply to Mr. Roberts' question as to the distribution of silver to the Reid Co. and Crosbie & Co. from July 1st to date, the Minister of Finance stated that the Reid Co. had bought \$56,000 worth of the silver, that it was not customary to distribute it through any bank, it was the property of the Colony and as such the Colony had a perfect right to sell to any individual or firm applying for it.

As regards Mr. Roberts question re the King's Wharf, St. John's, if the material had been bought from Crosbie & Co. for \$22 per thousand, and if similar plank had been bought for the Kelligrews wharf at \$16 per thousand.

The Minister of Marine and Fisheries said that the plank for the King's Wharf was bought from Crosbie & Co. for \$22 and was altogether different from that used at the Kelligrews wharf. It was the best Canadian spruce and No. 1 material. The plank bought for Kelligrews was a mixture of spruce and fir and altogether different timber.

Mr. Earle was informed by the Hon. Colonel Secretary that no advances were paid the Reid Nfld. Co. last year prior to the performance of work on the Bonavista Branch Railway.

The House went into Committee to consider Resolutions for the confirmation of a contract with the Western Union Telegraph Co. Ltd.

The Minister of Justice introduced and explained the nature of the Resolutions.

Mr. Bennett noted the rush there was on the part of cable companies to come into this country the past few years. People wondered why this was, and he thought the geographical position of the country had some peculiar significance that made it desirable to come on our shore. It was the duty of the Legislature then to approve the law of the country by properly valuing the concessions or advantages granted them. In future a higher assessment than \$4,000 should be placed on cables.

The Minister of Justice observed that the Legislature could at any time raise the tax to a fair and proper sum. A Bill giving effect to the Resolutions was read a first time.

The House also went into Committee to consider Resolutions for a contract with the Direct United States Cable Co. A Bill to give effect to the Resolutions in this case was also read a first time.

When the House went into Committee the Minister of Justice explained the object and purport of the Resolutions.

ON THE PILOTAGE BILL.

Mr. Geo. Shea said that the Commissioners of Pilots had to increase the Pilots' fee from \$15 to \$20. It would impose no additional burden on the pilots, as a matter of fact they would be better off than before, they need not incur the expense of boats and apprentices, and they were more comfortable than when the open boats were used. To maintain the boat for a year, from \$1,500 to \$1,600 would year and \$600 from the Pilot Fund, be required. They got about \$1,100 out of taxes that pilots made last year. They only paid \$50, had the use of the cutter and enjoyed comforts they had not before. The Commissioners will provide a boat of their own attached to the cutter for the use of the pilots; they will be clear of the upkeep of the boats, which cost \$100. With so many large steamers arriving, a change in the system was necessary; the system has worked well to date and next year they hope to make it much more efficient and have a permanent man in charge of the cutter. They will remain on the ground in foggy weather. The men earn from \$900 to \$1,000 and they do not consider the tax a heavy one. From \$1,200 to \$1,500 were collected on "hobbies," and this will give the men \$80 to \$90 more. The change of the

pilot system would work for the good of the men and the trade generally. The Minister of Marine and Fisheries, Mr. Piccott, supported the Resolutions and paid a tribute to the new system of pilotage, which was most satisfactory. Mr. Bennett and the Premier also had a good word for it. The Bill passed the Committee stage and will be read a third time Monday.

The Forest Fires Bill was sent to the Upper House for its concurrence.

PENSION BILL.

Opposition Amendment.

Rt. Hon. Sir Robert Bond moved the following amendment to the Old Pension Scheme.

WHEREAS in the session of 1906 this House unanimously decided in favour of Old Age Pensions, and both political parties in the House were therefore pledged to the carrying out of such scheme as soon as the finances of the Colony warranted the same.

AND WHEREAS the revenues of the Colony now evidence that without imposing any extra taxation a universal scheme of Old Age Pensions is within the competency of this country.

RESOLVED, that in the opinion of this House the proposal outlined in the bill before the chair is neither practical nor adequate, and that a sufficient sum of money should be voted by this House to provide a pension of fifty dollars per annum to all persons of 65 years of age and upwards.

The amendment was lost on division by a vote of 15 to 5, and the bill passed the Committee stage.

The Fire Patrol Bill was read a second time and goes before the Committee Monday.

The Minister of Marine and Fisheries gave notice of a bill to amend the Game and Fishery Act of 1910, and the Premier gave notice of Resolutions to confirm agreements with the Nfld. Produce Co. in relation to coastal services.

The Minister of Finance and Customs tabled the Auditor General's report on the finances of the Municipal Council.

Just before the House closed Mr. Monlon presented a petition from the inhabitants of Burgeo & LaPolle asking that the clause in the act prohibiting rabbits and hares be extended to March 1st, for partridge to Feb. 15th, and for deer to March 1st. The people were very strong on this subject, holding that under present conditions they cannot get any of this food which is left to sportsmen only. The people, Mr. Monlon, declared, were unjustly treated in this regard; they required fresh food and as Providence had given them a plentiful supply in the shape of this game, the present laws should be altered to meet their just demands.

Mr. Emerson, Mr. Bennett, Mr. Piccott and the Premier spoke on the matter and hoped that something could be done to meet the desire of petitioners.

The House then adjourned until 3 p.m. Monday.

ACCIDENT AT BAKERY. — James Kean, working at the Browning Bakery, met with a serious accident this morning. He was putting dough under a roller when his arm slipped in, right up to the shoulder and was crushed badly. He was taken to the Hospital, to-day in a sleigh for treatment.

Eczema's Tortures

All treatments failed for three long years—Cure complete with DR. CHASE'S OINTMENT.

Mrs. Link, 12 Walker St., Halifax, N. S., writes: "After three years of miserable tortures and sleepless nights with terrible eczema, and after trying over a dozen remedies without obtaining anything but temporary relief, I have been perfectly and entirely cured by Dr. Chase's Ointment. After three or four applications of this grand ointment I obtained relief, and a few boxes were sufficient to make a thorough cure. It is six months since I was freed of my wretched skin disease, and as there has been no return of the trouble I consider the cure a permanent one."

Such cures are not brought about by imitations and substitutes for Dr. Chase's Ointment. It is therefore necessary for you to be certain that the portrait and signature of A. W. Chase, M. High Mass was sung by Piggly assisted by Rev. Dr. Deagan and Rev. Fr. Kelly. Dr. Deagan, the priest, occupied the throne, Rev. Roche and Rev. Fr. St. John. The officers of the Society provided with seats within the church.

The sermon of the night was preached by Rev. Father Mott, of St. Patrick's, who took from the 11th chapter of the text: "The sermon was eloquent and masterly, revealing the history of the Irish race from the present century. The preacher repudiated the notion entertained by some moderns that wherever the Church of St. Patrick and religion dwell, the people of Europe are degraded from the glorious Irish history from the 5th century. Ireland a Catholic was then the home of religious music and all the arts of the tended to reform and elevate. St. Patrick's Day Events.

FEAST CELEBRATED BY BENEVOLENT IRISH SOCIETY.

The Benevolent Irish Society held their annual parade yesterday and marched to St. Patrick's Church from their Hall at 9.45 by way of Queen's Road, Theatre Hill, New Gower and Hamilton Streets. The brass bands of the C. C. C. and C. L. B. accompanied the procession and played Irish music along the route.

High Mass was sung by Rev. Fr. Phipps assisted by Rev. Dr. Greene, as Deacon, and Rev. Fr. Kelly, as Sub-Deacon. His Grace the Archbishop occupied the throne. Rev. Monsignor Roche and Rev. Fr. St. John attending him. The officers of the Society were provided with seats within the sanctuary. The sermon of the occasion was preached by Rev. Father McDermott, of St. Patrick's, who took his text from the 4th chap. of Ecclesiastics. The sermon was a learned, eloquent and masterly review of the history of the Irish race from the fifth to the present century. The rev. preacher repudiated the notion that is entertained by some modern writers that wherever the Church predominated liberty, intellectual growth, patriotism and religion declined. Fr. McDermott showed how foolish and groundless this statement is when he quoted from the glorious pages of Irish history from the fifth to the 10th century. Ireland a Catholic country was then the home of religion, poetry, music and all the arts of the time that tended to reform and elevate the soul. Liberty, intellectual growth and religion show forth with such brilliancy that the people of Europe looked to the schools of Erin to receive their education. Ireland also flourished in trade and commerce, and her ships up to the 17th century carried on the commerce with all the ports of

Europe. Her commerce and institutions were destroyed by the jealous laws of England and then came the blight of religious persecution. The faith of St. Patrick could not be rooted out of their hearts however, and it might be that the time is coming when a free Ireland will again as she did in

the 6th to the 10th centuries be called on by the Head of the Churches to again send her missionaries into Europe to awaken the nation and rekindle the light of faith. We regret that the claims on our space to-day will not allow us to give a more extended report of this beautiful discourse.

After Mass the Society marched to Government House by way of Water Street, Cochrane and New Gower Streets, called on His Excellency the Governor and paid their respects to the King and Queen through their representative. Cheers were given for Sir Ralph and his lady who appeared in the portico with a bunch of shamrock in her breast. After the President, Hon. J. D. Ryan had tendered the compliments of the Society His Excellency delivered a short address in which he thanked the Society for calling on him and for the expressions of loyalty to the King. He alluded to the proposed visit of King George to India. He would probably return by way of Canada, and it would not be

the fault of the people of Newfoundland if His Majesty failed to respond to their loyal and loving wishes to see him once again. His Excellency then alluded to the three great Patron Saints—St. Patrick, St. George, and St. Andrew, and eulogized the B. I. S. for their love and veneration towards the great Patron Saint of Ireland. After the band played the National Anthem the officers of the Society were invited to the hospitable board of the Governor where they wet the shamrock in the usual way. The Society then reformed the ranks and marched up Military Road to the Episcopal Library where they tendered their respects to His Grace the Archbishop. President Ryan tendered the compliments of the Society and called for cheers for the Archbishop which were given with enthusiasm. The C. C. C. band then played a selection in good style. His Grace made a request to the C. L. B. band to play and they did so in their usual good style. The Archbishop then addressed the Society and congratulated them on attaining the 10th anniversary. The society had the honor of being one of the oldest in America and had done good work since its inception. The century was a peaceful one and the Society founded by Protestants and Catholics was always on friendly terms with the other local Associations. The presence of the C. L. B. Band here to-day was a good proof of this harmony and good feeling prevailed. His Grace alluded to the prospects of Home Rule and expressed the hope that Ireland would have the boon of self-government by this time next year. He paid a tribute of praise to John E. Redmond, especially his moderation, good common sense and diplomacy. The Irish people's ambition was to have their house of Parliament on College Green. Under Home Rule the Empire would be greatly strengthened. All Irish hearts would rally to its support.

Rev. Monsignor Roche addressed the Society also and eulogized the work done in the cause of education. Rev. Bro. Kennedy, Principal of St. Patrick's School, also delivered a short but fluent address in which he testified to the good work done by the Benevolent Irish Society in the cause of education. The Society then returned to their Hall and disbanded.

Irish Night.

A fine programme of Irish music was rendered in the Methodist College Hall last night to a large audience. Mrs. King sang "Bendamer's Stream from Ulster Rook" and the "Last Rose of Summer"; Miss Albert sang "The Exile's Return" and "Kathleen Mavourneen"; Miss Coady rendered "The Days of the Kerr; Dancing" and Miss Strang gave the old favorite, "Believe Me if All Those Endearing Charms," from Moore. Mr. King and Mr. Hutton pleased the audience by their humorous recitals and the C. C. C. band gave selections. Mr. Woods and Mr. Truff also sang with much acceptance. The instrument broke down at the beginning of Mr. King's organ recital and he was not able to go on. The audience enjoyed the concert thoroughly.

Annual Sociable.

OF LEEMING LODGE.

The following is the programme rendered at the annual sociable of Leeming Lodge last evening:
Piano Solo—Mr. A. Crocker.
Song—Mr. W. Edwards.
Instrumental Duets—Misses Edwards and Goodland.
Recitation—Mr. P. Butler.
Club Singing—Mr. F. Christie.
Banjo Selection—Adjutant Hap Kirk, S.A.
Song—Mr. F. Miller.
Recitation—Mr. G. Rabbitts.
Song—Mr. H. Crocker.
Vocal Duets—Messrs. Hart and Andrews.
Song—Adj. Hap Kirk, S.A.

The event was held in Victoria Hall under the auspices of the L.O.A. Mr. J. A. Squires filled the chair. Teas were served by the lady friends of the members before the programme began. Mr. J. C. Puddister was presented with a Past Master's jewel in recognition of the excellent work he has done for the Lodge. The Chairman paid him a warm compliment to which Mr. Puddister replied in suitable terms. The event was brought to a close at 10.30, with the singing of "God Save the King."
