The copy filmed here has been reproduced thanks to the generosity of:

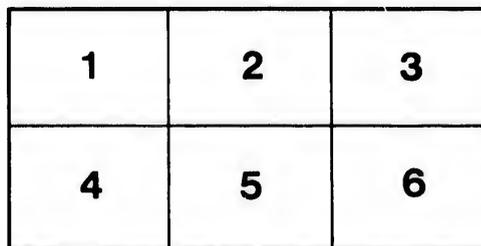

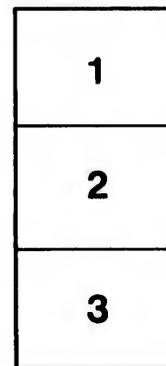

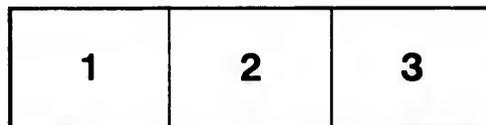

Anglican Church of Canada
Synod Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Anglican Church of Canada
Synod Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

EXTRACT FROM A LETTER OF THE SECRETARY
OF THE
SOCIETY FOR THE PROPAGATION OF THE GOSPEL,

To the Lord Bishop of the Diocese.

“In every Christian Congregation which derives help from the Society, an annual Sermon should be preached on the work of the Society, and a collection should be made in its aid. We should indeed thankfully receive, if it were offered, a token of sympathy in Missionary work from every member of the Church in your Diocese; but we have no doubt that our claim will be acknowledged, at least by those congregations *which are assisted by the Society.*”

NOTICE.

The Church Society was established in 1842.

Its objects are :

1. A Mission Fund to aid in paying missionaries to struggling congregations.

2. A General Fund to aid in the erection of churches and parsonages, in the education of the children of the Clergy, to aid struggling congregations in maintaining schools for their children, and for the general expenses of the Society.

3. A Widows' and Orphans' Fund for the clergy.

4. A Pension Fund for aged and infirm clergy.

5. To provide bibles, prayer books, and religious publications, either gratuitously or at reduced prices.

6. To receive and transmit contributions towards the Missionary Diocese of Algoma, or towards missions to the heathen in foreign lands.

Its affairs are managed,

1. By the Central Board and its sub-committees.

(a) The Central Board is composed of all the clergy, the Church Wardens, and others elected by the Society.

(b) The sub-Committees are the Finance, the Land and the Investment Committees.

2. By the Clergy Trust Committee, which manages (a) the Bishopric Endowment Fund; (b) the capital arising from the commutation of the clergy reserves, and (c) the endowment funds of the several missions and congregations.

3. By the Diocesan Board of Missions, composed of clergymen and laymen elected by the Church Society and by the Synod.

This Board pays all the missionaries of the Diocese, and receives for this purpose (a) the annual grant of the Society for the Propagation of the Gospel, (b) the Mission Fund of the Church Society, (c) the contributions or assessment of the congregations served by the missionaries, (d) a grant from the Clergy Trust Fund.

All letters referring to the assessment or contributions of congregations should be addressed to the Rev. A. A. Von Iffland, the Secretary, or to Mr. Edwin Jones, the Treasurer of the Diocesan Board.

All other letters and contributions should be addressed to the Rev. M. M. Fothergill, the Secretary, or to Mr. George Veasey, the Treasurer of the Church Society.

PRAYERS.

TO BE USED AT ALL MEETINGS OF THE SOCIETY AND OF ITS
SEVERAL ASSOCIATIONS.

PREVENT US, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help ; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally, by thy mercy, obtain everlasting life ; through Jesus Christ our Lord. *Amen.*

O Merciful God, Who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live ; have mercy upon all Jews, Turks, Infidels and Heretics, and take from them all ignorance, hardness of heart, and contempt of Thy Word, and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd. Prosper, O Lord, the labours of those societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies ; and bless in like manner with Thy Holy Spirit and Providential succour, the Society, in whose cause we are now met, and the undertakings which we have now in hand. "Prosper Thou the work of our hands upon us : O prosper Thou our handy work," for the sake, and through the merits of Thy Son Jesus Christ our Lord, Who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in heaven ; Hallowed be Thy name ; Thy kingdom come ; Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation ; But deliver us from evil ; For thine is the kingdom, the power and the glory, For ever and ever. *Amen.*

ANNUAL REPORT OF THE CENTRAL BOARD FOR THE YEAR, 1880.

Presented to the Church Society, February 2nd, 1881.

It is with satisfaction that the Central Board, in presenting its thirty-ninth Annual Report, is able to point to an increase in the funds under its control.

The following is the comparative statement of the four principal funds of the Society.

COMPARATIVE STATEMENT.

| | 1879 | 1880 | Increase. | Decrease. |

GENERAL FUND.

(To aid in the erection of Churches and Parsonages, in the support of Schools, in the Education of the children of the Clergy, in the formation of Endowments and for the general expenses of the management of the Society.)

During the year a more than usual strain has been placed upon the Fund in consequence of an increased expenditure in the formation of *four* new Endowment Funds involving an outlay of \$600.

A generous Layman of Quebec, whose liberality is widely known, offered \$200 each to Compton, Magdalen Islands, Magog, Rivière-du-Loup (en bas), Cookshire, Danville,

Valcartier, Bourg Louis, Melbourne and Richmond, Stanstead and Bury, provided the various Missions would raise \$100 by local effort to meet the Society's grant of \$150, towards forming an endowment fund. Four responded to the offer, viz.: Melbourne and Richmond, Magog, Magdalen Islands and Stanstead. The same gentleman also offered \$100 each to the following existing funds, viz.: Kingsey, Dudswell, Durham, Leeds, New Liverpool, Levis, Actonvale, Ascot Corners, and \$50 each to Ireland, Portneuf, Shigawake, Gaspé Basin, Inverness, Malbaie, Brompton, and \$40 each to Coaticooke, Hatley, Sandy Beach, St. Sylvester and Cape Cove, provided each Mission raised \$60 by local effort. The following Missions responded to the offer, viz.: Levis, Acton, Leeds, Upper Durham, Kingsey, North Inverness, Ireland, Malbaie, Brompton, St. Sylvester and Hatley (Charleston.)

In consequence of the large outlay of six hundred dollars on Endowments and other claims, the Lord Bishop at the request of the Central Board, issued a circular urging greater liberality towards the General Fund, his Lordship's circular has been responded to by an increase of \$411.24; it is fitting to point out that this increase has largely been contributed from Rural Parishes and Missions.

A very valuable circular has recently been issued to the Cathedral Congregation, which will, doubtless, bear good fruit. From that circular we gather that this Society has lost much during the past few years by removals; not a few old friends of the Society having passed away from amongst us in expectation of a joyful resurrection to eternal life.

It is believed that by renewed effort and thorough organization a much larger amount can yet be raised for the general purposes of the Society. One of the old modes of benefitting the existing clergy, where aid is most desirable,

has been re-organized, in the shape of annual grants towards educating their children ; in former years only the sons were aided, now the daughters have been assisted also. This help has proved of the utmost value to several clergymen during the past year ; enabling them to send their children to well conducted schools. It is hoped that the system will not again be allowed to collapse. The grants are made after due enquiry as to the clergyman's income, number in family, ages, and school to which it is proposed to send the children. The before mentioned liberal Layman of Quebec has very generously supplemented each grant with a similar amount for this special work. In the Treasurer's Financial Statement will be found a list of persons who have also become subscribers to the "Children of the Clergy Education Fund," and it is proposed for the future to have a special column for such subscriptions.

The following applications for grants have been received and are under the consideration of the Board, viz. : to complete the payment of the debt on the Portneuf Parsonage ; to finish the Church at Peninsula, and for the new churches at Sandhill, Mission of Lennoxville, Spooner Pond, Mission of Kingsey, Lorne, Mission of Danville, and Gaspé, Mission of Gaspé.

The Board regrets that though there has been an increase in the receipts of the General Fund, it is unable to make any grants at present to the above in consequence of the before mentioned large outlay in Endowments. In former years all grants for churches were made from a special sum generously placed at the disposal of the General Fund by the S. P. C. K. That Society now prefers dealing with individual cases rather than by granting a block sum. Your Board therefore ventures to suggest that the above mentioned applicants should apply through the Lord Bishop direct to the Society in London.

The system on which the Finances of the Diocese of Quebec is managed may certainly be called successful, and is often quoted as admirable by members of other dioceses.

The stipends of the Clergy are regularly paid, while important advantages are secured to them and their families through the W. & O., Pension, and Education Funds.

The system has during the past few years been very severely tried, in consequence of the reduction in the rate of interest on Investments, and the pressure upon our people by the continual dullness in trade. "It is hoped that now brighter days seem at hand, our people will increase their subscriptions to as large an amount as their means will permit."

MISSION FUND.

(Devoted to the payment of the Stipends of Missionaries in conjunction with the annual grant from the Society for the Propagation of the Gospel, assessments from the Rural Missions, and a grant from the Clergy Trust Fund administered by the Diocesan Board.)

The report of the Diocesan Board will furnish a full account of the Missionary labours of the Society.

WIDOWS' AND ORPHANS' FUND.

The following clergymen have, according to the terms of the By-law, made the required number of subscriptions, and are therefore paid-up members, viz:—Revds. Smith, Merrick, Lyster, Ker, Professor Roe, Von Island, Kemp, King, sr., Burrage, Woolryche, Vial, Fothergill, Housman, Jenkins and Boydell.

The following are in course of completing their payments, viz:—Revds. Ball, Hepburn, Richardson, Dinzey, Chambers, Rawson, Washer, Brock, Riopel, Boyle, Thompson, Sykes, jr., Parkin, Debbage, Alnatt, Richmond, Chapman,

Foster, Blaylock, Harding, Thorneloe, Stevens, Wurtele, Dr. Lobley and Scarth.

The Scale of Payments to Widows' and Orphans' have been increased during the year, viz:—To Widows from \$200 to \$300, and Orphans from \$40 to \$50 each.

PENSION FUND.

(For aged and retired Clergymen.)

There has been an increase in this fund of \$247.40 which has arisen through a very large offertory from the Parish of St. Michael's.

EDUCATION FUND.

The following is the list of Schools aided by the Society during the year, viz. :

During the year grants have been reduced at Portneuf No. 1, and at Maple Grove until a teacher holding a model school diploma is procured. Troutbrook and Lake Beauport are now off the Society's list. One new school has been added to the list, viz., Cropodière, in East Frampton.

Miss Convery has taken charge of No. 1 Cape Cove, vacant for the greater part of the year. Miss Scott, of the McGill Normal School, succeeds Miss McKee at Marbleton, Miss Winn has recently removed from Maple Grove to Stoneham, and Miss Ross, holding a model school diploma, has replaced Miss Bernard at Stanstead.

DEPOSITORY.

(For the sale of Bibles, Prayer Books, and other useful and instructive publications, furnished by the Society for promoting Christian knowledge.)

Your Board desires to call attention to the following letter from Mr. W. H. Carter, Secretary-Treasurer of the Depository, which speaks for itself:

QUEBEC, 18th JANUARY, 1881.

Dear Mr. Secretary,

In forwarding the usual statement of sales at the Depository during the past year, I would ask that the attention of the Clergy and Laity be directed to a monthly magazine for Sunday Schools and Parish use, published by the Society for Promoting Christian Knowledge, called "The Dawn of Day."

I have been in correspondence with the Society regarding the circulation of the magazine, which they are anxious to see increased in this Diocese, and they now offer it postage free at the very low figure of six shillings sterling per annum for 12 copies, nine shillings for 18 copies, and so on, but this rate cannot be reckoned on for smaller numbers than half-dozens.

This magazine is 12 paged, profusely illustrated, and the reading matter such, that I feel sure all who have seen it would desire that a copy should be taken in every home.

It is only necessary for an order to be sent to the Secretaries S. P. C. K., Northumberland Avenue, London, enclosing Post Office Order for number required, made out in favor of Mr. George Wilkins.

As there may be places in the Diocese in which Post Office orders on London cannot be obtained, I shall be happy to forward any order and remittance that may be sent me.

I would add that I have this day mailed a specimen copy to each Clergyman in the Diocese who has a charge.

Yours very truly,

W. H. CARTER,
Secretary-Treasurer.

Your Board trusts that the useful and extremely cheap publication of the Society for Promoting Christian Knowledge, referred to by Mr. Carter, will be extensively taken in the Diocese.

SOCIETY FOR THE PROPAGATION OF THE GOSPEL.

Your Board begs to express very deep regret that the amount remitted to the Society this year has been less than last year, there being a reduction of \$41.95.

ALGOMA DIOCESAN FUND.

The regular quota to the Episcopal Fund of \$300 has been duly paid, your Board, however, regrets that the amount for Missionary operations in the Diocese of Algoma, has been much smaller than last year, being a reduction of \$176.78. For the future these funds for the Society for the Propagation of the Gospel and Algoma will, in consequence of the action of the Provincial Synod, be managed by the Boards of Domestic and Foreign Missions; it is to be hoped that this Diocese will respond freely to the many calls for Missionary aid, outside the bounds of our own Diocese.

OBITUARY.

In last year's Report the name of one of the Society's most earnest workers, was inadvertently omitted, Mrs. Matthew Harbeson, a life member, and for a long life time a most faithful and successful collector. Your Board regrets very deeply the removal by death from amongst us of the Rev. George Hamilton, M.A., though, comparatively speaking, young in the Ministry, he had proved himself by his earnestness and zeal, a true soldier and servant of his Master. His death, a gain to him, has indeed been a loss to the whole Diocese. The removal of Mrs. G. B. Hall, of Montmorenci, is another cause of very deep regret to your Board, she rendered herself a true friend to all who needed assistance, by her unostentatious liberality. Mrs. Hall was a life member and annual contributor of sixty dollars. By bequest she has left \$2,000 for the maintenance of Divine Worship for the members of our Church at Mont-

morenci. Your Board also deploras the loss of one of its active members, in the death of Mr. C. Henry, who was ever ready to further the interests of the Church. The Society has also lost a life member in the death of Mr C. E. Levey, of Cataraqui. He has generously bequeathed \$1,000 to the Endowment Fund of St. Michael's. Mrs. W. Walker, widow of the late Hon. William Walker, a former Vice-President, has also been called to her rest "full of good works and alms deeds which she did."

The whole respectfully submitted.

REPORT
OF THE
DIOCESAN BOARD OF MISSIONS
TO THE
CHURCH SOCIETY, 1880.

The following is the abstract of the Revenue account of the Diocesan Board for the year ended Dec. 31st, 1880:--

| Dr. | Cr. |
|--|--|
| To Stipends for 1880..... \$ 21,600 74 | By Balance from last account...\$ 728 18 |
| " Pensions for 1880..... 881 80 | " Assessments received..... 7,762 23 |
| " General Expenses..... 201 66 | " S. P. G. Grant..... 8,672 50 |
| " Balance..... 2,389 33 | " S. P. G. for Pensions..... 481 80 |

| | " Interest on deposits..... 106 64 |
| \$25,072 93 | \$25,072 93 |

The chief feature in the statement as compared with that which appeared in the Report for 1879, is the large balance of \$2,389.33 remaining on hand. This is partly accounted for by the fact that some \$700 more has been received from the Sustentation Fund, than will be received during the current year—the amount paid to the Diocesan Board during 1880, including a sum of about \$700, part revenue of 1879, and partly by the increase of \$411.49 in

the subscriptions to the Mission Fund. But, with due allowance for these considerations, it is gratifying to be able to point to a very respectable surplus—a surplus which it is hoped may enable your Board, while recognizing the long admitted necessity of increasing the incomes of the Clergy, to keep steadily in view the desirability of extending the operations of the Church in Districts which have not yet participated in them, and providing for the division of such unwieldy missions as Danville and Durham.

It is true that the counsels of prudence would indicate the wisdom of setting aside this surplus for future contingencies, the gradual decrease of the S. P. G. Grant and the possible falling off of the Mission Fund, but your Board feels bound to take a more sanguine view, and believes it to be a truer prudence, as well as a higher recognition of its responsibilities to increase the number of its Missions.

We need not fear that the Church people of the Diocese will, in the future, be less liberal than in the past, particularly when they come to know that their offerings are needed all the more, the more the Church takes up new ground. And, as to the S. P. G., we may rest assured that the most effective argument which we can use for a continuation of that Society's grant, is to point to the new fields we are entering upon. If we can show that the Church is growing, that we are in reality a Missionary Church in this Diocese and that we are doing our utmost to bring within her fold those over whom religion in any form has hitherto exercised no influence, we need not despair that the S. P. G. will readily recognize our claims for aid.

While your Board also has ever deemed it injudicious and unjust to withdraw its aid from old but poor Missions, it has never turned a deaf ear to reasonable requests to extend its operations. The number of new Missions

established within the last few years, affords ample proof of this, and that no little work has been accomplished within those comparatively untrodden pastures, is abundantly shewn in the reports made from year to year by the Missionaries in charge.

Your Board has much pleasure in again drawing attention to the fact that the assessments during the past year have, upon the whole, been paid with regularity and in full. Of course, exceptional circumstances do sometimes cause prolonged delay, and there are cases where the delay occurs with the regularity of astronomical phenomena.

The assessments which have been running for the last three years, expired on 31st Dec. last, and, under ordinary circumstances, a new re-assessment would have been made, but in view of the difficulty of securing deputations to visit the different congregations, the failure of the fisheries in the Gaspé District and the continuance of an undiminished grant from the S. P. G. for 1881, the same assessments were renewed for another year.

At the approaching session of the Synod next July, it is proposed to hold a meeting of the Diocesan Board, for the purpose of assessing the Congregations in the Diocese for three years, at which members of the Synod will be invited to be present. It is hoped that, by this means, much valuable aid and counsel will be rendered by the Delegates from the various Missions concerned.

In connection with this subject, your Board would venture to suggest to the Clergy and Lay Delegates of the Missions to be assessed, that they should provide the Board by the first June next, with certain statistical information concerning their Congregations, in accordance with a form to be shortly issued.

While the Diocesan Board is convinced that in no case can voluntary subscriptions be levied without reference to

those particular conditions of a Congregation which it is impossible to classify, it is of opinion that the information asked for will materially aid it in arriving at just conclusions on the subject of the assessment.

The individual reports of the Clergy, which are hereto annexed, convey a large amount of information in detail, and indicate very clearly that the work of the several Missions is being carried on with earnestness and not without an encouraging measure of success.

These reports are, for the most part, full of interest and will abundantly repay the time spent in reading them.

One new Mission, during the past year, has been added to the list, that of St. John's, Melbourne, to which the Rev. Robert Wyndham Brown has been appointed.

The other appointments during the past year, have been those of the Rev. Clement Decimus Brown and the Rev. R. C. Tambs, the former to the Mission of Shigawake and the latter to the Mission of Rivière-du-Loup.

There is not, at the present time, a single vacant Mission in the Diocese.

All which is respectfully submitted.

J. W., QUEBEC,
Chairman.

AUDITOR :—Mr. W. Farwell.

Reports have been received from the following Missions :—
Acton, Barford, Brompton, Bury, Coaticooke, Compton,
Cookshire, Danville, Drummondville, Durham, Dudswell,
Hatley, Kingsey, Lennoxville, Magog and Georgeville,
Melbourne, Sherbrooke, Stanstead, Bishop's College Mis-
sions and from the Principal of Bishop's College.

The complexion of the Reports, of which an abstract will
be given, is alike satisfactory and encouraging.

Prominent amongst the signs of life and vigour, is the fact that the following Missions, viz.: Acton Vale, Brompton, Georgeville, Hatley, Kingsey, Magog and Stanstead, have raised, during the past year, the amount necessary to entitle them to Mr. R. Hamilton's generous subsidy towards either the creation or augmentation of a local endowment. With this statement before them, your Committee would respectfully urge upon those Missions which have so laudably begun a good work, not to allow their efforts to cease here, but to establish permanent local Committees, whose special object shall be the annual increase of their respective Endowment Funds. In this way a healthy rivalry will be created among our country Missions.

CHURCHES.

Churches are in course of erection at Spooner Pond, in the Mission of Kingsey, and at Lorne, in the Mission of Danville. It is gratifying to your Committee to be able to report the consecration of the Church at Georgeville, the consecration of St. Peter's Church, Cookshire, and that of Saint Luke, Sandhill, in connection with the Bishop's College Missions, under the pastoral charge of the Professor of Divinity.

PARSONAGES.

The Incumbent of Drummondville reports the erection of a Parsonage. Parsonages are also in course of erection in the Missions of Bury and Hatley.

It will be seen, on reference to the tabular statements, that though in some Missions the sum received during the past year for local purposes is less than that of the previous period, the total amount raised in this District for the *objects of the Association* exceeds last year by \$215.75, and this does not include sums raised for Algoma and S. P. G., which in the former amounts to \$210.55, and in the latter case to \$90.75.

The decrease in the result of amounts raised for purely local purposes, is accounted for by the unusual efforts which have been made during the past few years for building Churches and Parsonage Houses, which amounts must fluctuate from year to year, according to the necessity for local enterprise; that, in consequence of the S. P. G. having

voted an undiminished grant to this Diocese for the year 1881, the Board will continue the present assessment for the like period, and that at the ensuing Session of Synod in July next, a special meeting of the Board will be held for the purpose of re-assessing the Diocese, when it is proposed to invite the members of the Synod to aid the Board by their counsel and advice in this most difficult work. Your Committee, therefore, are of opinion that the St. Francis District Association would fail in its duty were it not to take this opportunity of urging on the Clergy and Wardens within its limits, the necessity of furnishing the delegates of Synod, not only with a list of the members of Church families, together with an accurate statement of local contributions for Church purposes during the past two years, but also with reliable information as to the ability of their Church members, to aid in the maintenance of the Clergy. Your Committee would point out the increased necessity for such information, in the case of those Missions which may have elected non-resident delegates.

It also appears to your Committee desirable that the Diocesan Board and Synod should avail themselves of the favourable opportunity of considering whether it might not be possible to agree on a uniform plan for raising local assessments, which might be tried as an experiment for a limited period of years. One advantage of a uniform plan, would be its direct tendency to educate our people in the observance of the Divine command, that "they who preach the Gospel shall live of the Gospel."

ACTON VALE.

The Sunday services of Acton Mission embrace a circuit of 25 miles, and a full service at three separate Stations. The work of material progress has been the increase of the Endowment Fund with Mr. Hamilton's subsidy of \$100, and the purchase of a chandelier. The amount raised in the Mission is, in the aggregate, \$733.93, showing an increase of \$299.56 over last year, but a decrease to the funds of the Church Society of \$3 25.

BARFORD AND HEREFORD.

Of this Mission, the Incumbent speaks of Hereford with much sorrow, spiritual deadness marks this neighbourhood.

At Perryboro his labours are recognized by a large and reverent congregation, and by hearty responses. The financial statement shows an aggregate over last year of \$15.74, and an increase to the Church Society of \$21.50.

BROMPTON.

Of the spiritual advancement of this Mission, the Incumbent speaks gratefully. Of the material progress he reports the adornment of God's house by a beautiful memorial window and a chancel carpet. The aggregate amount raised in the Mission shews a less sum than last year by \$73.16, but an increase to the Church Society of 99 cents.

COATICOOKE.

Of the spiritual advance of his people, the Incumbent speaks decidedly, evidenced as it is by an increase in the attendance at the Holy Communion. The Church and Sunday Schools are doing successful work. His finances shew a less sum than last year of \$207.88, and to the Church Society of \$17.

COMPTON.

The Rector of Compton reports a gross total of \$1,353.30 raised in his Parish during the past year. A subscription list, amounting to \$60.75, the first subscription list from this Parish for seven years. He mentions the readiness with which the people responded to his call for the Church Society. The contributions from this Parish were, last year, by offertories, amounting to \$19.10, thus giving to this year's contribution to the Church Society an increase of \$50.95.

COOKSHIRE.

The Incumbent of this Mission reports the completion and consecration of St. Peter's Church, Cookshire. The presentation of a surplice, hood and stole from the ladies of his congregation, as a "token of their respect and esteem." Financially, the account shows a total of \$525.26, being \$26.46 in excess of last year, and \$1.17 more for the Church Society.

DANVILLE.

The Missionary of Danville reports a Church in course of erection, which he has undertaken to build and finish. An increasing love and appreciation of the Church service. Financially, the sum raised this year, in the aggregate, falls short of last year by \$74.27, but shows an increase to the Church Society of \$12.75.

DRUMMONDVILLE.

The Rector of Drummondville speaks with great thankfulness of anxieties, doubts and discouragements dispelled, of the unbroken good-will of his people and of the marked increase of interest shown in the Lent and week-day services. He reports the establishment of a day school, placed entirely under his control. The material progress of his Parish, is represented by the erection of a Parsonage to replace the old one. Financially, his account shows a less sum than last year by \$139.21, and to the Church Society of \$5.31.

DURHAM.

In this Mission is reported the increase of the Endowment Fund, aided by Mr. R. Hamilton's subsidy of \$100. A carpet for St. James' Church chancel. Financially, there is a decrease in the aggregate of \$205.95, and an increase to the funds of the Church Society of \$15.43.

DUDSWELL.

Notwithstanding several severe attacks of illness of the clergyman, the services of this Mission have been kept up, with one Sunday only excepted. The Incumbent states: we have now passed through an era of Church building in this Mission, and trust we shall be able to show some more decided improvements in other directions. The financial statement shows \$194.18 less than last year, and \$6.72 more for the Church Society.

HATLEY.

In this Mission it has been decided to build a Parsonage, and already the Incumbent has received subscriptions amounting to \$800, with every prospect of increasing the

amount to \$1,000. This Mission has also benefitted by the generous subsidy of \$100 from Mr. R. Hamilton to the Endowment Fund. A carpet and altar cloth has been added to the furniture of the Church, costing \$34. The financial statement shows an increase compared with last year of \$13.15, and an increase to the Church Society's funds of \$12.50.

KINGSEY.

This Mission reports a Church partly built at Spooner Pond. An increase in the Endowment Fund through Mr. R. Hamilton's subsidy. A Church fence costing \$1240. Financially, this Mission has raised \$257.48 more than last year, but for the Church Society \$18.75 less.

LENNOXVILLE.

The Rector reports proceeds of a fair held by the ladies for a Sunday School Hall and sexton's house \$164.48, and amount raised for all purposes \$1,022.30, being \$129.33 less in the aggregate than last year, and \$5.52 more for the Church Society.

MAGOG AND GEORGEVILLE.

The Incumbent of Georgeville and Magog reports work going on satisfactorily and encouragingly, the Church at Georgeville finished, beautified, paid for and consecrated, the amount raised to meet Mr. R. Hamilton's subsidy: chairs presented for the sanctuary. The amount raised is less than last year by \$152.24, but more for the Church Society by \$6.88.

MELBOURNE.

Finances show an increase in the aggregate of \$235.26, and for the Church Society of \$15.80. A full and interesting report has been presented from Melbourne, showing that an extremely important work is being carried on in a wide and promising field, where, in every direction, the Church is gaining ground.

ROBINSON—BURY.

The Incumbent reports a highly satisfactory Sunday School in operation, the commencement of a Parsonage and

the loss of a newly built Church by a violent storm, the building being now a useless wreck. His financial statement shows \$665.76 in the aggregate, and for the Church Society, \$8.30.

SHERBROOKE.

The sum total raised in the Parish of Sherbrooke is less than last year by \$784.99, but the sum raised for the Church Society is \$63 more, being an aggregate \$530.55.

STANSTEAD.

The Incumbent of Stanstead reports the addition of a bell to the Church—an increase in the Endowment Fund aided by Mr. R. Hamilton's subsidy; and the commencement of a Church at Beebe Plain. This Mission shows an increase on the aggregate over last year of \$393.13, but a smaller sum to the Church Society by \$5.65.

BISHOP'S COLLEGE MISSIONS.

The report of the Professor of Divinity shows much work accomplished by the united efforts of the students of Bishop's College, who are in charge of Westbury, Ascot Corner and Sand Hill, refers to the completion and consecration of St. Luke's Church, Sand Hill—the gift of an altar cloth from Mrs. Williams and the guild of St. Matthew's, Quebec; and also the gift of altar linen by Col. and Mrs. Ready. The financial statement, \$400 cash, received in the neighbourhood of Sand Hill; \$300 in work to St. Luke's Church. The amount collected for the Church Society falls short of last year by \$4.59.

BISHOP'S COLLEGE.

The Rev. Dr. Lobleby says in his report:—"Since last December the number of students has increased from 19 resident and 6 non-resident, to 22 resident and 7 non-resident. The resident students are my personal charge, and very deeply do I feel the responsibility of such a charge. As to success or failure in it, I have nothing to say here. But of this I would assure my Brethren that we (my fellow-workers and I) try to do everything that we can to make

our daily and weekly services helpful to the spiritual well being of the young men committed to us.

Our Missionary Union continues its operations; and I hope is useful in maintaining an interest among our students in the great cause."

The offertories for the year have amounted to \$104.69, of which sum \$11.88 was for the Church Society.

\$17.03 were forwarded from the Missionary Union to the Bishop of Madagascar.

All which is respectfully submitted.

EDWARD CULLEN PARKIN,
Secretary, St. F. D. A.

ACTON.

The Rev. L. C. Wurtele reports:—

My Sunday circuit this year is of twenty-five miles. I have been giving a service every Sunday in Acton Vale, Roxton Falls and Upton; and considering the scanty amount of material I have to work upon, the attendance, though not great in numbers, has been fair and encouraging. The attendance at St. Mark's Church, Acton Vale, was somewhat less than usual, owing to my holding weekly services at West Wickham and in first range of Acton. By those services, however, double the number of persons have heard the blessed news of the Gospel. Many living six to eight miles from Church cannot be compelled to take advantage of the services in God's sanctuary; but, they willingly hasten to a neighbouring school house to take part in the litany service and hear the sermon.

Last spring, a generous offer was made to this Mission by a gentleman of Quebec, of \$100 to an endowment fund if the congregation raised \$60 towards it. I am happy to say the amount was raised, though it was, with great difficulty. We have also beautified the interior of our Church by the purchase of a handsome chandelier with six branches which sheds a bright light over the chancel and East end of the Church.

The following are the names of the out-stations, where I have had week-day services during the year:—River

David, West Wickham, Danby and first range of Acton. Of services, Sunday and week-day, I have held 196 and accordingly preached as many times.

My parish register shows:—Baptisms, 16; Marriages, 1; Burials, 5.

The following are the disbursements during the year:—

BARFORD AND HEREFORD.

The Rev. Albert Stevens reports:—

Though the year just passed has not been marked by great results so far as this Mission is concerned, yet I believe we are not without evidences of a slow, but healthy growth.

The services have been kept up in the five stations with as much regularity as the state of the weather and the long distances would permit.

I have long felt that we were labouring under a great disadvantage in not being able to have more than fortnightly services in each place. So last winter I obtained the assistance of Mr. R. L. Macfarlane, a Divinity Student from Bishop's College. He, with much self-denial, read the service and superintended the Sunday School at Dixville and St. Lawrence Church every fortnight until the summer holidays. As he was called away to take charge of a Mission in the Diocese of Montreal, Mr. Walter Bernard, another student very kindly offered to give up his holidays to assist me. To both of these gentlemen the work was a labour of love as they came without hope or prospect of reward.

We propose during the coming winter to purchase a site for a Church at Dixville.

At Stanhope the revival of the lumber trade has already brought several new families into the place. The school house in which we are kindly permitted to hold service has been repaired at considerable expense, and is now warm and comfortable. From an increased population and a more convenient place of worship we expect a larger congregation.

At Hereford, I am sorry to say, the congregation is very small and much spiritual deadness marks the neighborhood. The great majority of the people prefer to spend their Sundays in other ways than the worship of God.

At Perryboro, I am always greeted with a large and reverent congregation. The responses are made by both old and young, and the service is always hearty. I have lately introduced Hymns A. and M. with a view to improve the singing.

I cannot close without expressing our gratitude to Mrs. Williams for the gift of another large bundle of useful and fancy articles for our Xmas Tree.

My financial statement shows a slight increase over last year.

BROMPTON AND WINDSOR.

The Rev. C. B. Washer writes :—

In making my report for the year now closing, I have little more to say than that the missionary machinery has continued in motion. The building up of the godly disposed has been persevered in, and the wanderers from the fold have been entreated to return. Progress is slow, but, perhaps, not slower than we ought to expect. And, though I am by no means satisfied with things as they are, I have gratefully to record that there are indications of a work of grace going on in the souls of some of the flock.

Brompton.—As the adornment of the house of prayer is always a matter of interest, I may note that the east-end of our church in this neighborhood has been suitably carpeted; and that a beautiful stained glass chancel window of three lights has been given by Mrs W. G. Mack, in memory of her husband, the late William Gordon Mack; a great friend and benefactor to the work here. I would also mention that our thanks are greatly due to Mrs. Mack for her efforts in collecting, and largely herself contributing to the sixty dollars necessary to enable the mission to avail itself of Mr. R. Hamilton's kind offer of fifty dollars to increase our endowment.

Windsor.—This is a manufacturing village, as has been stated in previous reports. The population is migratory, and this last year has not been without its changes by removals. For a short time, in this division, our subscriptions to the Diocesan Board were considerably reduced. Now, however, new comers have made it possible to get rid of the arrears. A new and suitable fence has been constructed round the church acre. I resumed the Sunday School here last spring. The attendance has not been large, and certain of the scholars are somewhat irregular in coming to school, as are their parents in coming to church. We look for improvement in both children and parents.

My three services each Sunday have been regularly kept up, and I have taught a class in each of the two Sunday Schools without intermission. This, with twelve miles driving, makes my Sunday work. Our subscriptions to the funds of the Church Society show a slight rise this year, as they did last upon the year before that. I hope

the mission will annually advance in this as well as in other respects.

BURY.

The Rev. A. J. Woolryche reports:—

That there is a highly satisfactory Sunday School in connection with St. Paul's Church, under the able superintendence of Miss Gillete, assisted by an efficient, zealous and painstaking staff of teachers. Number of children on the books, 95; average attendance, 70.

The Ladies' Guild has also done good work during the past two years, and has raised \$300 towards the erection of a Parsonage.

In October last, the Bishop kindly paid us a visit of four days. His Lordship held service at Robinson, Lingwick and Canterbury, and also presided at two meetings, one at Robinson, the other at Canterbury, at the former place urging on the Members of the Mission the necessity of taking immediate steps for the erection of a much-needed Parsonage house; at the latter, sympathizing with the congregation on the loss of their newly-erected Church, and counselling them as to its re-erection.

The Bishop baptized four adults, and confirmed 52 candidates.

It is with much regret that I report the complete wreck of the Church at St. Thomas by a violent tornado, a Church which had been built mainly by the manual labour and contributions of the people. Its loss, therefore, has been a severe blow and discouragement to the congregation, who are, at present, obliged to worship in two separate school-rooms, distant from the village respectively five and ten miles.

My Mission work embraces four congregations: Robinson, St. John's, St. Paul's and Lingwick. My Sunday

services are three, and two on alternate Sundays. Through the kind assistance of the Incumbent of Cookshire, I have been able to open a monthly service at Barterville, thus connecting the two Missions of Cookshire and Bury.

CAPE COVE.

The Rev. William Gore Lyster reports :—

The past year has been peculiarly uneventful; consequently material for a report has been scanty.

It is unnecessary to say that the services of the Church have been duly performed and have been well attended, and that our Sunday and daily schools have been in operation as usual. One at least of our daily schools would have been closed only for the valuable aid of the Church and Colonial Church Societies, for school funds were never so difficult to collect, owing to the exceptional scarcity of money in the place.

Anxious as I am to take a cheerful view of the prospects of this Mission, I am compelled to acknowledge that its financial condition is at the present moment far worse than it ever has been since I took charge of it.

The gradual failure of the fishery and the reduced price of fish in the markets, owing to Norwegian competition, have at length compelled the merchants to modify their system to an extent that has proved very trying to the poorer inhabitants. And though the stoppage of advances may lead to the total abolition of the wretched barter system which prevails here and is a curse to the coast, in the meantime, people brought up in the old ways, suffer from the change, having made little preparation or provision for it.

It is to be hoped that increased attention will be paid to agriculture, and that, in the long run, the pressure which

is now severely felt, will lead to the independence and renewed prosperity of the industrious.

From what I have said, it will not seem surprising that with the exception of \$130 gained by a fancy sale in January, not a shilling has been collected this year in the place towards the completion of our Church.

For the same reason no addition has been made to our Endowment Fund, as we were unable to make the required effort to meet Mr. R. Hamilton's generous offer.

During the year, two families and several young men left us, for Ontario and the United States.

COATICOOKE.

The Rev. John Foster reports :—

The Church work in this Mission has been done during the year, with all the zeal and energy which I possess. Services at both the Churches have been kept up with un-failing regularity. There are three services every Lord's Day, two at St Stephen's Church, and an afternoon service at Christ Church. Services are also held on the principal holydays, and twice a week during the Lenten season.

At all these services the Rev. Andrew Balfour renders me most willing help, for which my people are thankful, and I myself am deeply grateful.

The attendance at St. Stephen's Church, in the morning, is very good, and the service is very hearty, all the worshippers joining in the responses with great earnestness and devotion.

The cotton factory, established here during the current year, has not, I regret to say, brought with it, the number of Church people which I anxiously and confidently looked for.

There are very few (if any) Church people among the operatives, the great majority being French.

Mr. Hobbs, the manager, and his large family are most exemplary and liberal members of the Church, who are always in their places at the services, let the weather be what it may. They are a most valuable acquisition to the Church in this Mission.

Two Sunday Schools are in operation, and are well attended.

I have a staff of most painstaking and excellent teachers, who never seem to grow weary in the arduous task of training the young of the Mission in the principles of the Church.

The loss, by death, within the last two or three years, of so many of our most generous contributors to the Church's funds, is sorely felt by us this year, when we are making our annual effort to clear off the debt upon the Parsonage. Nevertheless now that the dawn of more prosperous days is upon us, we hope to extinguish the debt altogether within the next three or four years.

The Church School is in successful operation, under the management of Miss Young, who is now in her third year with us.

I hope and believe that the spiritual life of my people is being gradually and surely developed, as witnessed in the devout demeanour during divine service, and the increasing number who regularly and devoutly partake of the Holy Communion. Moreover I may say that the utmost harmony and kind Christian feeling reigns amongst my people, of which many indisputable proofs have come under my notice during the current year.

I cannot close my report without acknowledging the very efficient services of Mr. W. T. Francis, and Mr. W. C. Webster, Wardens of St. Stephen's Church, to whose zeal for the Church's welfare this parish is mainly indebted for being able to tide over the terrible crisis through which we have passed.

COOKSHIRE.

Rev. E. C. Parkin reports :—

St. Peter's Church was consecrated by the Lord Bishop of Quebec on the 17th of October, thus bringing to a happy termination a work which has cost over \$5,000 and has engaged the untiring efforts of myself and people for the past twelve years, the last twelve years of a ministry of thirty-six. I often wonder where the money came from in its pound, shilling and pence offerings, and feel that the successful issue of the work affords an instance of encouragement, and shows what patience, care and perseverance can accomplish. Repairs have just been made to the Parsonage to render it more comfortable for the present; but there exists a strong desire to build a Parsonage nearer the village.

It is with sorrow I record the removal of Mrs. Charles Pennoyer, a staunch supporter of our Church and a zealous co-operator in bringing our Church to a completion, but what is our loss will be Stanstead's gain.

It is with deep regret I have to state that any accessions to our numbers by emigration have not added to our strength or means; with very few exceptions the new comers neither attend Church or contribute to any Church objects presented to them. This example by those who are supposed to bring with them from the "old country" a love for and appreciation of the Church tends very greatly to turn others aside into the paths of carelessness and neglect; and instead of strengthening the clergyman's hands, is a source of very great weakness to him.

I gratefully acknowledge the presentation, from the ladies of my congregation, of a handsome surplice, hood and stole as "a token of their respect and esteem."

To Mrs. Tregge the Congregation owes their best thanks for her untiring efforts to place our assessment in its present satisfactory condition.

To Mrs. French we are also indebted for the interest manifested in the Sunday School.

DANVILLE, TROUTBROOK AND LORNE.

The Rev. H. J. Petry, says:—

The substance of what I reported last year, regarding the state, size and work of these Missions, will apply now, with this difference, that the work is increasing beyond the control of a Missionary, single handed.

It will be remembered that the country I have to travel over, embraces four hundred square miles. The Church at Lorne is expected to be finished next Spring, there will then be three Churches, each the centre of an increasing Church population, for one Missionary to watch over. I must here take the opportunity of recording my thanks to Ira Doying, Esq., formerly of Danville, now of New York City, for a handsome subscription of one hundred dollars towards the Lorne Church. This is a seventh part of a whole sum needed. A Quebec family, well and widely-known, for indefatigable benevolence, gave us one hundred and thirty dollars, many other Quebec friends kindly responded to my little circular. I must say, however, I experienced a disappointment from my own people in the Mission. With one or two exceptions, very few donations have been made, though I only asked for one dollar from each family. I refrain my making any remark. I have undertaken to build and finish that Church, and I do not intend to back down.

On the 13th June, sixteen candidates were presented for the apostolic rite of confirmation, six at Danville, ten at Troutbrook.

It is satisfactory to note an increasing love for, and appreciation of the Church's ministrations, specially among the rising population. They seem anxious to be instructed in Church principles. An increasing number can give an intelligent answer to the question "Why am I a Churchman?" Again, there is a goodly number of elderly persons, who, a few years ago, would have scorned to enter an Episcopal Church, attend our services very frequently and rarely miss the Sunday, the second in each month, on which the Church History Lecture is given.

With regard to the financial condition of the Mission, I should conclude my people are beginning to feel the effects of the *boom*, judging from the number of nice comfortable houses which they have erected, and other substantial signs of material prosperity. Farm produce of all sorts, fetches remunerative prices; this is a sign that the hard times have about disappeared.

My register shows:—Baptisms 20, Burials 10, Marriages 4, Confirmed 16.

DRUMMONDVILLE.

The Rev. F. J. B. Allnatt reports:—

During a certain brief period in the past year, the Pastor of this Parish had to encounter difficulties entailing a degree of anxiety, doubt and discouragement, arising from causes which (as is the case with so many points of interest in our Pastoral life) it is not desirable to make public, except in so far as that they were connected with the question of finance. The evil, however, turned out to be more apparent than real. The cloud soon passed away, and the result has been to establish the Rector in a cheering assurance of the un-

broken good-will and affection subsisting between himself and his flock, without (to his knowledge) an exception. He feels that he has indeed cause to "thank God and take courage." He refers to this matter only with the object of re-assuring those of his brethern to whom he has communicated the circumstances, together with others who may have become acquainted with them.

He has experienced, and continues to experience, many difficulties in his endeavours to promote the spiritual life of his flock, as, for example, in inducing them to avail themselves of the means of grace, especially the Holy Communion and week-day services and classes. But, in this point, he finds that he does not stand alone. One encouraging feature, however, in the past year's work, has been the very marked increase of interest shown in the Lent week-day evening services. These have been, for many years, carried on rather as a matter of duty than from the consciousness of any definite success or benefits arising from them. For the last year or two, however, things have been improving, and during the past season, the attendance (though still far from what it ought to be) was of a character to cheer the Pastor's heart, and stimulate him to fresh life and energy. In the arrangement of the services the points aimed at were *brightness* and *brevity*. It consisted of a short Litany, compiled from various sources, and used with the Bishop's permission, with hymns, special lessons, canticle and address, the latter founded on Bennett's Mission Sermons of 1869.

But the most successful, as regards numbers, of the Lenten services, were those which were held, as usual, on every evening in Holy week, with a series of lectures on the Passion. The attendance at these sometimes equalled an average Sunday morning's congregation.

The Rector has another cheering event to record, in the accomplishment of his long-cherished project of establishing a Church day-school in the Village. Insufficiency of means, of numbers, fears, he must also add, of unity and energy, have hitherto been the obstacles. These difficulties, however, have now been overcome, and a dissentient school has been opened, and placed entirely under the Rector's control, to direct the course of instruction, secular as well as religious, and to take such part in its visitation, examination and personal supervision as he may think desirable. It is con-

ducted by Miss Hogue, a teacher of high character and ability, and already numbers some 24 scholars.

In the last Report, mention was made of the new Parsonage, then already built and occupied. Much still remains to be done before it can be said to be finished, but it is habitable, nay, comfortable, and provided with shed, stable, &c. There are two points to which it may be well to call attention. (1) That no assistance has been asked for from without the Parish. (2) That there is no debt on the building. Work is still going on, but there are funds in hand sufficient to warrant the hope, that before Christmas Day, every dollar due on the place will be paid. Did space and the fitness of things permit, the Rector would fain say a word, in vindication, *not apology*, with reference to one item in the annexed statement of receipts, the *Entertainment*. He is fully aware of the usual objections made to this source of income, that people should be taught to give freely, without looking for a *quid pro quo*, and so on, but there are abundant opportunities for instilling this lesson, and if those who make objection could only be made aware of the *advantages* of the institution, the drawing our flock together in social intercourse, and the providing them with harmless amusement, always supposing the affair to be properly managed, they would hardly persist in their opposition. I may remark that, in the item in question, probably half the amount was contributed by friends not belonging to the congregation.

A less favourable piece of intelligence is that of the approaching removal of the firm of McLeish and Wright, Spool Manufacturers, and the loss of kind friends thereby. As several families, wholly or in part, belonging to the Church are to accompany them, the subscription list will undergo a serious diminution.

DUDSWELL.

The Rev. T. S. Chapman reports:—

There is not much to report in this Mission, except the usual round of parish work. Notwithstanding several sharp attacks of illness during the past year, I have maintained, with the exception of one Sunday, the regular services at St Paul's, Marbleton, morning and evening, and in the afternoon that of the "Good Shepherd." The Congregations, compared with Country Congregations generally, have been good.

In this Mission we have now two very neat, well appointed Churches, successfully warmed for winter use, with surroundings in the way of church-yards and cemeteries ornamentally planted with trees. These are points that may be considered small by some persons, but I confidently refer to them as furnishing their quota in the success of Church work in this Mission.

The breaking up and removal of several Church families, and the continued influx of French into our township and village, have had a sensible effect upon us both in Church and school matters. In a small village where every pupil of an age to attend school is necessary both in point of running expenses and daily attendance, an element like the French is a positive source of weakness, as they are reluctant to support Protestant schools in any way. Notwithstanding this draw-back and an epidemic of whooping cough during the past summer, we are doing our best to keep up the standard and the usefulness of our model school. There are several pupils now in preparation as teachers. Miss McKee has left us after two years of successful work, and Miss Scott, a well trained teacher from the McGill Normal School, is her successor. We have adopted a short responsive service of a churchly character for the opening and closing of school, to be had from the Rev. Geo. Thornloe, and which might be used with advantage in all our Church schools.

I must here put on record our best thanks to the Church Society, for their aid to our schools, and also to the Colonial and Continental Church Society, for their *long, continued liberality*.

The assessment payments have dragged somewhat heavily, but the close of the present quarter will, I think,

bring us up square. The Protestant population of this Mission, all told, is small compared with many in the Eastern Townships, which, with the usual division in religious belief, the pressure of mortgage claims and the payment of railway interest, make Church work an up-hill business. I am not discouraged, however, but will go and do what I can for the Church Society, the Diocesan Board and the Church generally.

We have passed through a Church building era in this Mission, now I trust we shall be able to show some more decided improvement in other directions.

DURHAM.

The Rev. G. T. Harding reports:—

In addition to the usual services in each of the three Churches of the Mission every Sunday, and on the chief fasts and festivals, special week-day services were held, during the Winter, at all the stations. In L'Avenir, they began on New Year's Day, and were continued each week, without interruption, till Easter; and in Upper and South Durham, they were held, alternately, once a week, through the season of Lent.

In L'Avenir, these services were remarkably well attended; but, in the other two places the attendance, generally speaking, was not good.

The attendance on Sundays, however, in Upper and South Durham has improved very much during the year, especially at the former Station, where I have noticed a remarkable increase in the Congregations since last Spring. I have grounds for hope, too, that in regard to the week-night services also, they will be better, at those places, during the coming season.

Holy communion, as usual, has been celebrated once a month in each Church, with tolerable regularity, which would be about equivalent to a celebration for the Mission, three Sundays out of four. I am sorry, however, to say that the number of regular communicants has not as yet increased. In June last, a confirmation was held in L'Avenir, when eight persons received the Rite. All of the candidates were of a hopeful kind.

In my last report, I had to record a falling away, in regard to our contributions for outside objects connected with your Society, but am thankful to say that they have, this year, risen again considerably. I am glad to be able to report that there is some evidence of an increasing interest being manifested in this branch of our work, and this is, itself, a greater cause of hopefulness for the future, than any particular increase in the contributions. My prayer is, that God may deepen and widen the interest which is beginning to shew itself, that it may soon become general, and bring forth larger fruits to His glory. In South Durham, especially, it ought to be noticed, great improvement in regard to the matter just mentioned has taken place, and I am convinced that great things may be expected from that part of the Mission, in time to come. Miss Ginn should be particularly noticed in this connection, as untiring in her zeal as a collector.

The sums obtained outside of the Church offertories, by means of Mission cards, for special objects, are as follows:—Miss Ginn, \$14.19; Mrs. A. Mountain, \$11.25; Miss Burrill, \$10.60; Miss Doyle, \$9.50; Miss McCrea, \$6.35; Miss Middleton, \$6.25; Ellen McDougall, \$3.75; Total, \$61.89.

This amount is nearly double of that collected in the same way last year.

I am thankful to say that a good sum was this year added to the Endowment Fund of Upper Durham and L'Avenir. This was accomplished through the generosity of Robert Hamilton, Esq., Quebec, who offered, upon our raising \$60 for the above object, to add to it \$100, thus making an increase in the fund of \$160, for I need scarcely mention that the offer was gratefully accepted and acted upon, the \$60 being raised entirely in L'Avenir.

Mention may here be made of a carpet that was lately purchased for, and laid in the chancel of St. James' Church, South Durham. The credit of this work is due to the

earnest and persevering zeal in collecting of Mrs. Carter, a lady of the Congregation. I need hardly add, that it was a very necessary work and that a great improvement has been made in the inside appearance of the Church by its accomplishment.

EAST FRAMPTON.

The Rev. Felix Boyle reports:—

The services in St. Paul's Church, Hemison, have been duly maintained, both on Sundays and many of the leading Holidays. All these services are musical, and we are doing our best to make them as hearty as possible; and the happy result is, that the Congregation, year by year, seem to be manifesting more interest, not only in the Church services, but also in all other Church work, whether of a local or outside nature.

As to Standon, I am sorry to say that I was compelled, through impaired health, (the cause of which was explained in my last report,) to suspend the services there during

the greater part of the past winter ; but, as my health improved towards spring, and the weather got milder, I again resumed the services, which have been regularly kept up since, to the apparent joy of that Congregation.

The first great event of the past season, was a visit from our Bishop in July last, who administered the Apostolic rite of Confirmation to thirty-six young members of this Congregation. The Bishop addressed the candidates both before and after Confirmation, as to the solemn nature of the work in which they were engaged. After which His Lordship preached one of his telling sermons to a crowded Congregation, which did good, I feel confident, to both Parson and people.

Several of the newly confirmed have since received the Holy Communion ; but, am sorry to say, not all ; I think, when any absent themselves from that blessed privilege, they are wanting to themselves, in their richest interests.

I am happy to inform you, that through the willing exertions of Hemison Congregation, I have been enabled to remove a want which has always been sorely felt here, viz. : a good church stable. We have now erected a good one, forty-feet long by twenty-one ; capacity, twenty stalls ; a good, substantial frame, standing on cedar foundation, which will last, with ordinary care, half a century. Though the building cost about two hundred dollars, there is no debt on it worth mentioning.

There are two schools in this Mission at present ; one at Hemison, the other at Crapodière, under the care of two efficient teachers, Misses Penney and Barthelomew. We receive assistance from the Church Society for both, and from the C. C. & S S. for Hemison. The average daily attendance at each school is about twenty pupils. I have to acknowledge, on behalf of my people, our grateful appreciation of the benefits which we are receiving from those two noble societies.

I think that any one looking at the above, and knowing the circumstances of my people, will say that they have done much, done well,—but with all, may they ever, continue year by year, to exercise a sanctified ambition to do more.

This report would not be complete, were I not to acknowledge many kind helps from the Rev. J. S. Sykes, of West Frampton, during my tardy convalescence, and especially must I acknowledge help, and good help from Mr. Edward Harper, who is a native of this Mission, and a promising aspirant to the Ministry, he is in his last year of Divinity course at that excellent institution, Lennoxville University.

GASPÉ PENINSULA AND LITTLE GASPÉ.

The Rev. J. P. Richmond reports.—

I will divide my report for the sake of clearness into two parts; the first relating to the Mission of Gaspé proper, the second to the temporary addition to the Mission, viz.: Peninsula and Little Gaspé.

The Mission of Gaspé contains two Churches.

1st.—St. Paul's, Gaspé Basin, situated in the business part of Gaspé, *i. e.* Gaspé Village. The influx of summer visitors has been very small, consequently, the weekly offering is smaller than usual.

The new Church is so far completed that the congregation will be able to use it for the first time on New Year's Day or the following Sunday. It has cost about \$2,700, and will require about \$300 more to make it passably decent for the services of the Church.

Owing to hard times, consequent on the failure of the Salmon fishery, about \$100 on the original subscription list remains unpaid, but will, I hope, be forthcoming next summer.

The freehold pew system which held sway in the old Church will not be perpetuated.

The Services at St. Paul's Church have been held regularly throughout the year, with the exception of one Sunday, when I was storm staid in Cape Cove in the month of October.

St. James' Church is three miles from Gaspé Village. The Church Edifice wants extensive repairs, which must be a matter for immediate consideration. The sills of the building are unsound, and the building has settled so that the centre row of pews are elevated above the side row by about five inches. A great deal of the mischief is due to the nature of the ground on which the Church is built. It is very disheartening to the Congregation to know that whatever they may do to the building, the foundation will be thrown out of level by the frost. Here, too, I must call attention to smaller Collections than last year, owing also to hard times. The Services have been regularly held, and the Congregations up to their average.

Peninsula.—I visit once a fortnight. Here I have to notice a lapse of regular Service on two occasions: one by reason of a storm, the other, this month, because the people found it impossible to drive round the North-West Arm after my Service at St. James' and have me at Peninsula in time for Even song.

The Church here was in greater part built before my incumbency. It is still unfinished, but, we are hoping for assistance from the Church Society. Last year the Congregation added another row of pews to the Church. This year they have provided material and partly built a substantial fence round the church-yard.

Little Gaspé Church is, I am sorry to say, in debt about one hundred and seventy dollars. The debt was contracted about thirteen years ago, and, what is worse, I see no possibility of paying the debt, and so the Church is shut out from aid from the S. P. C. K. and the Church Society. The people are poor and have been scattered, but are, I hope, coming together again. On the first Sunday after Christmas, the Church was full. A grant of Prayer Books, Catechisms, &c., would be very useful at Little Gaspé. The people thought to do something for the Church this Fall, but the fishery was a failure and they have as much as they can do to earn enough to pass through the Winter. Here and at the North-west Arm of Gaspé Bay, the Government grant of flour, &c., has been of much service to the people.

I have been able, by the assistance of Mr. John Annett, of Peninsula, to maintain the regular monthly service at Little Gaspé, without a break.

The number of baptisms, &c., in the whole Mission during the year, are as follows :

Baptisms 30, Marriages 3, Deaths 13.

I append Church Warden's financial statement.

HATLEY AND WATERVILLE.

The Rev. A. J. Balfour reports :—

I know that ministerial success does not consist in crowded churches, attentive congregations, or the approval of the religious world, but rather in altered lives, in humble obedient hearts and in unseen work recognized at the Day of Judgment of which it is always difficult for a clergyman to speak. When, however, we witness some of the more worldly evidences of progress one cannot but feel encouraged to hope that there is not wanting within the better part. Some slight evidences of this sort I am thankful to be able to report during the past year. At two at least of our regular services the average attendance has improved, and at the third, it is not less than usual. Moreover at St. James' Church and John's, Waterville, the number of communicants has increased, and both the ordinary and special collections (though still small) larger than during any year of my incumbency. At Hatley the assessment has always been promptly paid; not always so, however, at Waterville, owing to many removals and deaths of prominent persons it has been met with difficulty. Under the envelope system, however, there introduced a year ago this difficulty has been removed and each quarters due promptly paid:—it being found easier to raise \$100 under this system than \$50 under any other.

Doubtless under any system, much depends upon the efficiency of the Church Wardens; and here I may be permitted to bear grateful testimony to the efficiency of our present staff Messrs. Peter and John Bowen, of Hatley, and Mr. Geo. Watts, of Waterville.

The ladies of St. John's Church have raised by their own exertions \$34 with which to purchase an altar cloth and a chancel carpet, and if possible make some few necessary repairs to the interior of the Church.

Stimulated by Mr. Robt. Hamilton's most generous offer, the Congregation of St. James' raised, in August last \$60 with which to supplement his \$40, all to be added to the Local Endowment Fund. At an expense of about \$25 we have provided an outfit and sent a poor deaf and dumb boy to the Mackay Institute, Montreal, and have since by a special Sunday collection contributed \$9 towards that worthy Institution.

In September last the Lord Bishop of Quebec visited this Mission when he baptized 7 adults and confirmed 21. We also had during the past summer the pleasure of a visit from the Bishop of New Hampshire and the benefit of his ministrations always much prized by his proud townsmen. It is with feelings of deep sorrow that we have since learned of his having been compelled to abandon all mental labour and to seek abroad at least one year's entire rest—his very life being said to depend upon it.

It was a matter of gratification to me and my people to learn that, owing to the undiminished grant from the Parent Society, no reduction would this year, at least, be made in the aid hitherto generously extended to us by the Diocesan Board.

At a public meeting of the Vestry of St. James' Church, held three weeks ago, it was unanimously decided to take immediate steps to erect a new Parsonage, in accordance with my wish, at a cost of about \$1,500.

I, myself, was desired to circulate a subscription book, and it is with pleasure and gratitude that I bear testimony to the kindly and liberal manner in which my appeal has thus far been responded to, everyone expressing a cheerful willingness, as far as possible, to further my wishes and plans. I have already received subscriptions to the amount of \$800, with every prospect of being able, within a few weeks, to increase it to \$1,000 or more, and this all within the limits of my own Parish.

I have held Divine Service each Lord's Day, with but little interruption, at Hatley, Waterville and Massawippi, and upon many special occasions, at the two former places. I also have a regular week-day evening service in a School-House in Barnston, five miles distant. In connection with St. James' and St. John's, we have had, during the Spring, Summer and Autumn, a Sunday School. But of these, I am sorry to say, I cannot speak encouragingly.

My Parish Registers show:—750 recorded Parochial visits, Marriages 1, Baptisms 8 infants and 7 adults, confirmed 21, Buried 15.

INVERNESS.

The Rev. P. R e reports :—

The services at St. Stephen's Church, Campbell's School-house and Becancour Station have been regularly held and well attended throughout the year, when the weather and roads did not prevent the people from attending. The services at Lysander have been discontinued since Easter, because no fit place could be obtained in which to hold them. The few members of our Church in that quarter now attend St. Stephen's Church. During the summer months I held an evening service in St. Stephen's at 5 P.M.,

for the benefit of the Lysander members particularly, which was very well attended during the season. The interior of St. Stephen's has been very much improved this year: the chancel extended, new chancel rails and two chairs, a handsome lecturn, Lord's table and richly embroidered altar cloth provided, all the gift of Mr. James King, of Lyster. Miss Kate Roe having collected \$115.00 for the purchase of an organ for St. Stephen's, from the members of the Church in the Mission, a really fine instrument was purchased for that sum from Mason & Hamlin, Boston; the result is a very marked improvement in the singing and chanting, and a most gratifying increase in the interest taken in the services by the young people.

The principal event of the year was the visit of the Bishop. On the 19th September His Lordship held a Confirmation in St. Stephen's, when the Church was crowded, many not being able to obtain admission. The Bishop, before the regular services commenced, addressed the Congregation, congratulating them on the improved appearance of the Church by reason of the beautiful new chancel and furniture, lecturn, Lord's table, &c., and said he considered it would be right to consecrate these new gifts to the service of God. The Bishop then read from the Sixth Chapter of the Second Book of the Chronicles the account of the dedication of the Temple, and concluded by offering up suitable petitions, praying the Almighty to accept these our offerings for His service. After morning prayer, the Bishop confirmed twenty-six (26) young people, one of them a *French Canadian*, after which he addressed the Congregation on the subject of Confirmation, explaining the position it held in the Church, its Divine origin, and its great usefulness in helping the young Christian to consecrate himself to the service of God, and to become Christ's faithful soldier and servant unto his life's end. He then addressed those that had been confirmed, and bade them fight the good fight of faith, and be true and faithful servants of their Master and Saviour. The service was concluded by all the Congregation singing the heart stirring hymn: "Onward Christian Soldiers."

Our Sunday Schools have been well attended during the summer from May to November. In that at Campbell's school-house Miss Austin and Miss McVitty have been faithful workers, and the school now is double in number

what it was two years ago. This Sunday School has a nice little library, the money for which was collected by the teachers.

We had a Sunday School *pic-nic* in September, held in Mr. Thomas Wilton's grounds, which was largely attended and heartily enjoyed by all.

A large number of the young people assembled in Christmas week to *decorate* the Church. Some 40 attended. After the work was done, they sang the hymns for Christmas, and adjourned to the Parsonage for tea, where they spent the evening in a pleasant and I hope profitable manner.

These occasional meetings of the people and Pastor in social and friendly converse are, I think, calculated to foster a good feeling in the Congregation and throughout the Mission.

The debt on the Parsonage has been reduced about *one-half* during the year. Two generous friends of the Church in Quebec, well known for their liberality towards all Church objects, sent me large contributions. Mr. W. S. Thomas, of Lyster, very kindly paid off the contractor, and assumed the debt, and has promised to wait until next year for the balance; a large amount of the *material*, lumber, shingles, &c., used in the building, has been generously furnished *gratis* by the Messrs. King Brothers, of Lyster. We have not yet called upon the people to assist in paying off this debt, as they have been obliged to make up \$60 towards the *Endowment Fund*, so as to be able to take advantage of the liberality of a generous churchman in Quebec, who offered to give \$50, provided we raised \$60 towards the Endowment Fund.

We accomplished this through the help of our friend, Mr. James King, who headed the list with twenty-five dollars. I have to acknowledge the receipt of several sums of money from old and valued friends in Ontario towards my Parsonage Fund. Through their kindness I have been able to erect a woodshed and stable this fall, which adds very much to our comfort and convenience. I must not omit the gift of a handsome drugget carpet for the chancel, from our friend Mr. Fred. Davies, Merchant, Inverness. In the death of Mrs. G. B. Hall, Quebec, this Mission has lost a valued friend; for some years she contributed generously towards the Diocesan Board Assessment, and took a lively

interest in the work in the vicinity of Becancour Station. Her sons, no doubt, will gladly continue to assist in the work she took so much pains to promote.

On the whole, I hope things are brightening up a little in Inverness. We only can see the *outward signs*. God only knoweth the heart; but our Master has told us *that the tree is known by its FRUIT*.

IRELAND.

The Rev, T. L. Ball reports :—

Upper Ireland, the head-quarters of the Mission, naturally shows the greatest advance, though the progress is far from satisfactory. The Church has been partly clap-boarded and painted. \$40 added to the Endowment Fund, which, with \$20 from Lower Ireland, secured the additional \$50 given by Mr. Hamilton, Parish School kept open during ten months. While so many of the young men and women spend so much of their time in the United States and elsewhere at service, we cannot expect any great increase in our average attendance at Church. Confirmation administered here and throughout the Parish. The Ladies' Association still continues an important auxiliary.

Lower Ireland, with Divine Service three times a month on Sunday, is looked upon as a suitable field by the Methodist Body, for insinuating the leaven of their teaching. A move has been made towards raising funds for restoring the Church, rapidly falling into decay through age and neglect. A successful Bazaar, assisted both by the Bishop and Mrs. Williams and other kind friends, has furnished nearly \$100, as a nucleus for a Building Fund.

The Church at Adderley has been consecrated, under the name of St. Luke's. We celebrated the centenary of Sunday Schools by a grand Pic-nic, on the Shore of the Lake, near this Church. Eight Sunday Schools were represented by teachers and scholars, and the interest in this branch of work, I have no doubt, increased.

KINGSEY.

The Rev. James Boydell reports:—

The Congregation of Spooner Pond have partly built a Church, upon the property of Mr. John Evans, who generously gave the land for the site of the Church, and also enough land for a burial-ground.

This Church, when complete, will accommodate not only the Spooner Pond people, but many other families residing in the neighbourhood.

The Church has, so far, been built at the sole expense of the Congregation, who have also cheerfully worked upon the building itself.

The site and plan having been approved by the Rural Dean, we confidently look for aid from the Church Society, to enable us to complete the Building in early Spring and leave it entirely out of debt.

I am happy to state that we have raised the \$60 towards the Endowment Fund, which has enabled us to take advantage of a liberal layman's kind offer, and thus add to this fund the sum of \$160.

It is only just to the Station at Denison's Mills, to state that their share of the assessment to the Diocesan Board is sent regularly, half yearly, in advance.

LABRADOR.

The Rev. F. M. Webster reports:—

Having been appointed, by His Lordship the Bishop of Quebec, to the Mission of Labrador, after the ordination on Trinity Sunday, 1879, I proceeded to the scene of my labours as quickly as possible.

I was fortunate enough to secure a passage to the Coast in H. M. SS. "Napoleon III."

After a very delightful trip around the Gulf of St. Lawrence, having, on our way, visited Gaspé, Magdalen Islands, Bird Rocks, Cape Ray and Point Rich, we at length came in sight of this wild rocky shore upon Sunday, the 20th July. I must confess that the scene was far from being pleasant or attractive. One could not, from the deck of the vessel, see any signs of vegetation upon the coast. It seemed as if a fire had but recently devastated the country, leaving nothing but bare rocks. To make matters gloomier, several ice-bergs were sailing about in close proximity to the shore. That evening the concluding words of my Journal were, barren! barren! barren!

But things are seldom what they seem to be. This is particularly true of Labrador. We dropped anchor between Green Island and Isle-au-Bois. The agent from the latter Island soon boarded us and kindly invited me to remain at his house for the night. As it was evening when we landed, I could only give the fishermen belonging to this room one service. I was delighted to find that many of them were parishoners of my friend, Mr. Harvey, at Shigawake. The evening service was joined in by all with much apparent fervour and devotion.

My chief aim now was to endeavour to reach the headquarters of the Mission, situated at St. Clement's Bay, more commonly called Mutton Bay. As no immediate chance offered itself, I turned my face Eastward, and trespassed into the Diocese of Newfoundland, holding services at L'Anse-au-Clair, Forteau and L'Anse-au-Loup. The following Sunday I held Matins and Even-song in the "dear little Church" at Forteau, here I met with an attentive and devout Congregation, whose appreciation of the Church and her services could not be mistaken, judging from the heartiness with which the responses and singing were joined in.

I was soon journeying to head-quarters, visiting on my way the families at Long Point, Bradore, Stick Point, Bonne Espérance, Old Fort Island, Dog Islands, Lydia's Cove, Baie-des-Rochers, Thecatca, St. Augustine, Tabatière. At several of the above-mentioned places I held the services of the Church and preached.

I found 10 Church families living together in a very picturesque bay, which bears the far from euphonic name of "Mutton." Immediate steps were taken to get the Mission boat in working order for my Western cruise. It was the first week in September before I started. The people were visited and service held at the following harbours: Whale Head, Harrington, Wolfe, Casco and Kegaska. In each of these Bays the people seem to value, to a great degree, the efforts which have hitherto been made and continue to be made for their souls' health. There are no roads in Labrador, so that journeying in summer has to be done altogether in open boat. The one purchased at Quebec in my predecessor's time answers the purpose admirably.

About the middle of October, we moved into our Winter quarters, situated in a Bay, three miles East of St. Clement's Bay, where the wood, if it deserves the name, is close at hand, and the surrounding high hills protect our small winter houses from the rude blasts of Winter. Just before our removal, our school-master, Mr. Willis, arrived. I must say that his visit at this time of the year was well-timed, as I should have been very lonely during the long Winter evenings, without having a kindred spirit to talk to, amid strangers. We now settled down to steady work. The School was begun and kept up steadily during the Winter. The services were as follows:—Sunday, Matins and Litany at 10.30 a.m., Sunday School at 2 p.m., Child-

ren's service at 3 p.m., Even-song at 6 p.m., Daily-Matins at 9 a.m., which formed the opening exercises of the School, Even song at 3.30 p.m., concluded the daily School work Wednesday and Friday evenings Even song at 7 p.m., with a sermon. A short exposition of the creed, was chosen as the subject of the discourses during the week-day evening services.

Our last letters from home came in November, a month later than usual. Five long months intervened before we heard again from the outside world.

Christmas-tide was soon upon us. Long before the festival, we had been busily engaged in practising carols and hymns for the joyful season. Several days before Christmas Day, evergreens were cut and the School Chapel was tastefully adorned with boughs and suitable mottoes. The small space set apart as a chancel receiving most attention. A small white reredos, edged with fir, upon which were the usual monograms A. X. P. O. in white upon red grounds, a banner on either side of the altar, with suitable texts, made the little building look very cheerful. The services upon Christmas Day were very joyful, and although separated by so many miles from our friends, we felt joined together in spirit while using the same prayers and singing the same hymns. In the afternoon, the School children and masters, after singing the carols at Church, went by request to the house of an old lady, who, upon that day, had reached the age of three score and ten years. The poor old dame seemed to be much pleased with the singing. It was only her infirmity which prevented her attending the singing of them in Chapel. In the evening we visited the house of one of four school children, who was suffering from a severe cold and was thus hindered in joining with his school-mates. As the house was too small to admit our band of carollers, we formed a semi-circle outside the little log cabin and sang our Infant Saviour's praises in the open air.

I shall never forget the scene. It was a lovely bright moonlight night. At the window of the little cabin peered two or three little faces, listening wonderingly at the sounds outside. The snow-capped hills towering above us; the ice-bound bay beneath; the little cottage nestling among the fir trees, made up a very pretty little picture, which seems indelibly impressed upon my mind. This poor little boy for whom we had been singing, gradually got worse and

in spite of tender nursing and care, sank quietly to rest upon the eve of the Epiphany. "He shall gather the lambs with His arm and carry them in His bosom."

The old lady whom I mentioned above has since been taken to her rest. When very ill last winter I could not accede to her request, being a Deacon, to give her Holy Communion. I feel grateful that she lived to receive that Heavenly Food at my hands a short time before she passed away. "Blessed are the dead which die in the Lord, for they rest from their labours."

Upon the 19th January, I started upon my Winter journey. At the beginning we made but slow progress, owing to the roads being very heavy, caused by a recent heavy fall of snow. It was as much as the dogs could do to draw our baggage upon the sleighs. The West was first visited, and in addition to visiting the places already mentioned, West of Mutton Bay, I went up the River Musquano, to visit a solitary Parishoner.

An old English-speaking Churchman had gone up this River in order to cut the timber for a small fishing schooner, intended for use during the ensuing summer. To facilitate matters, we left our Esquimaux sleigh, called a "kometick" or "cometique" in a deserted house at the mouth of the River. We had now to take to snow-shoes. After a very pleasant tramp, we at last came in sight of the lone fisherman's tilt or cabin. The dwelling consisted of one room, one solitary pane of glass admitted the light, a bunk in one corner and a small schooner's cabin stove in another, made up the furniture of the place, a couple of sea chests were used as chairs. Thus alone, this old man lived. Here we remained for the night. During our evening service, I discovered this old veteran was not alone, for during the singing of one of the canticles, I happened to look towards the bunk and saw two little bright eyes beholding what was going on with evident amazement. Whose they were will soon turn out. After service, feeling rather tired after a long walk, I prepared to turn in. When I had lain upon the bunk for a few minutes, I felt something cold and clammy upon my neck. I raised my hand to the spot and found that a "ridiculous mouse" was making itself comfortable for the night. I removed the intruder very quickly, and in order to prevent further annoyance from a similar quarter, I donned my fur cap and pulled it as far down upon my neck as possible.

I also visited Natashquan, where I found several Churchmen at the fishing-room of Messrs. C. Robin & Co.

Upon my return from the West, before going Eastward, I spent several days with my people at Mutton Bay, visiting also Tabatière and Lac Salé and Grosse Isle. The journey Eastward was not as tedious as the Western tour, owing to the houses, as a rule, being closer together, so that the distances to be travelled before stopping are not as great as the journeys Westward, where we had often to travel most of the day before reaching a house. The limit of this trip was Red Bay, in the Straits of Belle Isle. I managed to visit all my people and hold service with them and catechise their children, besides performing other necessary offices of the Church. I spent Holy week and Easter Day at Forteau. The Easter services were very well attended, over one hundred people attended both morning and evening prayer, joining together in prayer and praise to their "Risen Lord" upon this Queen of Festivals.

When I returned home, over six hundred miles had been travelled by means of cometique, dogs, and snow-shoes.

During my whole journey, I was mercifully preserved from sickness or any other adversity by a kind and all-powerful God.

I got back to Mutton Bay upon the 14th April, when I resumed the regular services. Mr. Willis proceeded to Harrington, to give the children at that place instruction.

The School here was kept going by myself, until my departure for Quebec at the beginning of June.

After an absence of seven weeks, accompanied by Mr. Willis, I returned to the Coast, having been advanced during the interval, to the Priesthood.

I returned to the work with more confidence, being now empowered to administer the full rites of the Church. Since my arrival, I have visited all my people Eastward. In addition to the usual Matins, Litany and Even-song, I have celebrated the Holy Communion four times during the trip.

I am now about to proceed Westward. I do not expect to get settled in Winter quarters before the beginning of November, as I hope to pay another visit to the East by schooner.

Like many Missions, our wants are many and our resources small.

There are several things we absolutely need. (1) The Missionary boat requires a new suit of sails. Perhaps some generous Churchman would be glad to give us the necessary funds for such a needful purpose.

(2) Our Summer Parsonage requires finishing. To meet this want about \$180 in cash has been already raised, about half of which has been given upon the Coast. At least \$200 more will be needed.

(3) A Summer Church is an absolute want in this Bay. A large number of fishermen from various places come and go during the fishing season, and in order to render the services of God in a fitting and becoming manner, a suitable building must be erected. \$2,000 or more will be required for this purpose, as the building will have to be made in Quebec and shipped here per schooner.

We require help from the outside world. The fishermen, as a rule, subscribe handsomely in proportion to their means, but the majority of them find it difficult enough to keep the wolf from the door.

I wish to give an instance of unsought for liberality at the hands of a comparatively poor man.

While in the neighbourhood of Forteau this Summer, before leaving for home, a fisherman slipped a sovereign into my hands, telling me to devote it to whatever purpose I might think fit, adding that he would give an additional subscription to our Parsonage Fund in the Winter. This same man was in a great strait last Winter, his provisions got to a very low ebb, owing to having had nearly two hundred visitors on their way to and from a Bay where a steamer had run ashore, laden with flour and other provisions. Most of these people quietly put up at this man's house, without offering to remunerate him in the slightest way for the trouble and expense to which he had been put.

A bountiful harvest of fish this Summer has blessed this good man's past suffering and kindness to his fellow creatures.

A few words with reference to the spiritual progress of the people. It seems only but natural where families are cut off from the ministrations of the Church, and where the children are brought up in ignorance, there should be stagnation. This fact is depressing to the Missionary. To see large families of intelligent children growing up, in many instances, with less advantages, educationally, than

their parents had (many of the fathers having come from England and other places, were educated there) is a sad spectacle. Where the ministrations of the Clergy are more regular and where the children have the privilege of attending School, much solid progress, both spiritually and otherwise, I feel confident, is made. In order that a School-Master might benefit the whole Coast, a boarding-school would have to be erected in Mutton Bay, and the children gathered in from all-quarters. But, alas! such a plan would require a large amount of money. Why should not this Mission be looked upon by the Diocese as equally Missionary and as requiring proportionate support to that which Algoma receives.

Our thanks are due to Mrs. Williams, for sending to us, for the benefit of the poor of the Mission, several boxes of clothing.

A kind lady in England, whose name I do not know, has sent us, through Mrs. Williams, a beautiful set of altar linen. The care and time spent upon this handsome present, must have been very great. I feel sure that it is one of the handsomest sets in the Diocese. Such a present sent to Labrador, reminds one of the care which the old Church builders used to bestow upon even the most hidden portions of their work—seeking the praise of God rather than of men.

Our thanks are due to the good people of Quebec and Lennoxville, who have kindly sent much reading matter, which has afforded us infinite pleasure during the long Winter evenings.

Several ladies in Quebec have kindly promised to make some small articles, suitable as presents, to be hung upon our Christmas tree; these I expect to receive by the next schooner.

I feel sure that many will not forget us and our work in their prayers during the coming Winter.

LEEDS, KINNEAR'S MILLS AND BROUGHTON.

The Rev. J. Kemp reports:—

Services have been held in the several churches, and at the out stations, during the past year, with on the whole encouraging attendance. The Sunday Schools have been

kept up during the summer months with an increasing number of scholars and with, I think, increasing interest. That in St. James Church, Leeds, being superintended by Mr. George Bayne, the worthy Lay Delegate representing the Congregation in our Diocesan Synod, with the assistance of some ladies of the Congregation (all communicants). Mr. Bayne deserves great credit for his faithful and constant services, both as superintendent of the Sunday School and leader of the choir for about thirty years; our young lady organist, and the members of the choir also deserve praise for their zeal and perseverance in the good work. A Xmas tree festival in connection with Church Sunday School was held in the "Good Templars' Hall," in the village of Leeds, on the "Feast of the Holy Innocents," the children were delighted, and the elders enjoyed it as well as the children; gifts were distributed to the Sunday School scholars, and we had music and singing. Our friends were kind, both native, and from a distance, in rendering assistance. The two eldest daughters of the Rev. Peter Roe, of Inverness, came over, and lent us their valuable aid.

The Sunday School at St. Mark's Church, Kinnear's Mills, is superintended by Mr. Wm. McVittey, Church Warden, assisted by Mr. and Miss Duffett. The organ is presided over by Miss King and Miss Rogan. I find great difficulty in getting the people, generally, of this Congregation to join in the responses, which I think is owing to the overwhelming influence of "Presbyterianism," in the locality. I go as usual to Broughton once in six weeks, the distance is over twenty miles, and the roads such as make it anything but a *journey of pleasure*. A Sunday School for *all* is held during the summer, where the Church children learn the Church catechism, and the Presbyterian children the *Scotch* catechism, it is superintended by a Presbyterian. Harvey Hill Mines is now without a Congregation, only two families left. I still, however, hold service there on my way home from Broughton (very few attend.)

The subscriptions to the Church Society amounts to \$54.50 including the offertory collections. Great fault was found by a Church Warden, because I took up subscriptions for the Society this year, as they needed *all to make up* the assessments, which they find very difficult, and which without my help would not be done. Sixty dollars have also been raised to meet the liberal offer of a generous lay-

man, to augment our local endowment fund, this required a good deal of determination on my own part, and I expressed my intention to raise the amount if I had to give it all myself rather than such an opportunity should be lost. I think I shall only have to give what I voluntarily offered \$10.

I don't know whether it is worth while to mention what is only a personal matter, but as it was connected with my work I may as well relate it :—On the seventh of July last, as I was on my way to a week-day service at a place called Frizzell Hill, about five miles beyond Kinnear's Mills, my horse saw an object on the road-side, (a sugar kettle and a flour barrel) shied suddenly and ran off; I lost my balance and was thrown over the wheel, receiving very severe cuts about my face, besides, hurting my arms, it is a wonder I was not killed outright, as it is, I am a good deal shaken, and feel the effects yet, and shall I think, as long as I live, besides, being somewhat disfigured about the face, but I was only laid up for about three weeks. Mr. King and Mr. Roe each gave an evening service. Mr. Ball would have done the same (indeed would have given two on the same day, one at each Church), but by some mishap his notice did not reach the Church Wardens, and no body came, not expecting service. Our thanks are due, however, to Mr. Ball just the same, and I am to take a service for him on the 30th instant.

“On the nineteenth day of September, the Lord Bishop of the Diocese having held Confirmation in St. Stephen's Church, Inverness, came over in the evening of that day, and gave us a sermon in St. James Church, which involved extra travel of about 20 miles, both the Clergyman and the Congregation fully appreciate this act of courtesy and fatherly kindness on the part of His Lordship.”

MAGDALEN ISLANDS.

The Rev. J. Chambers reports :—

That my people scattered on the different Islands of this group, have been visited as usual, and publicly and from house to house the Gospel has been preached.

Entry Island.—Entry Island cannot be visited unless the weather is fine as it has an exposed position, and when more than an ordinary wind blows a heavy sea follows, which soon renders boating dangerous; consequently systematic visiting is impossible. Here, we have a Temperance Society which is still doing a good work, and the members for the most part have belonged to it for the past two years.

Amherst Island.—On Amherst Island we have a Church but only four Protestant families, and these attend Divine Service as often as they can. On account of the Protestant population on the Island being so small, the expenses attached to the building and churchyard will fall chiefly upon the clergyman. Two years ago we had it repainted outside and it is still in good condition, but the fencing is getting rotten and will cost some \$30 to renew it.

Grindstone Island.—Throughout the summer, daily evening service has been held on Grindstone Island and the Word of God has been preached daily which I pray may prove a blessing to many a soul.

Sunday School is conducted by me alone when on this Island before the morning and afternoon services.

Mr. Harvey Clarke, jr., has been engaged by the School Trustees as school-master for this Island only. This is very encouraging, for he is a worthy man and will doubtless exert himself for the childrens' benefit.

Grosse Isle.—I fear we shall be without a school-master this winter at Grosse Isle, as the person who has hitherto been employed, now occupies a position in the telegraph office just established here, and as yet we have not any one to fill his place.

We are much indebted to the Church Society for their gift of \$100 to the Church building on this Island which will greatly assist us in carrying on the work.

Considering that the people have to subsist the whole year upon about four months' fishing, it will be seen that very little money can be spared; but it must be said to the praise of these Grosse Isle people: they have given of their

little, right nobly. There is yet much to be done internally before the building is finished.

The Parsonage.—The Parsonage is becoming very dilapidated, and cannot remain habitable in its present state much longer. The sills are rotten and some of the beams also. The house settles in the centre from the want of central foundational support. I have tried to raise and support it, by placing large flat stones on the ground and driving stanchions between them and the beams.

The sinking has strained the building considerably, and in the winter the draft and cold rushing through various apertures is almost unbearable. It will take at least some \$250 to put the building in proper repair, which, if once well done will make it secure and comfortable for many years, but under present circumstances it is very trying to constitution and comfort.

Endowment Fund.—Quite a satisfactory nucleus has been formed for an endowment fund. R. Hamilton, Esq., of Quebec, has very kindly given \$200 and the Church Society \$150 more, the subscription on the Islands amounted to \$107.50, making a total of \$457.50.

MAGOG AND GEORGEVILLE.

The Rev. J. Hepburn reports :—

In reviewing the work of the past year, I find great cause for encouragement.

The interest in the Church is evidently deepening and extending, so that hope may be entertained of having by and by a good hold upon the country round about, as well as upon the two villages, the centres of work.

The success attending my efforts to hold regular services in school-houses has exceeded expectations.

Naturally after hearing, as I have, the failure of attempts of this kind, I had fears as to the issue. Yet I could not but undertake it, when, as I visited the settlers, many of them pressed me to do so.

The refusal to minister to those within the bounds of the parish eager to get instruction, and unable to attend the Churches, appeared criminal. Besides, it was economy to accede to their requests.

Once the people were known, and they sought ministrations, it was a lesser taxation to meet them together and train them up in the ways of the Church, than to go to the families separately: also the work could be done more effectually, bringing greater satisfaction.

I made a venture in one neighbourhood, then in another and another, cordially received everywhere, until I had established five stations; and my experience is such that, if there were only more days in the week than there are, I should continue to explore.

It has been said that such things usually go on well, till the demand is made for money; then there is a collapse. Possibly. In that case, one should be careful in his manner of presenting the subscription paper, using something of the caution necessary to guide a horse past the object he is likely to shy at.

How can he expect the untutored to be proficient in this most practical part of religion? People everywhere learn very slowly to give according to their means, and *cheerfully* to the maintenance of religion. The countless number of entertainments, bazaars, &c., so common to-day prove this great weakness. If members of the Church *all* did their duty, no such things would ever be necessary. Therefore I am not daunted if I find those who have never had any regular nor thorough training, lacking in this respect. We must go on satisfied with little things, encouraged if principles of life and conduct be accepted, being fully assured that by and by the fruit will surely be found, by others if not by ourselves.

In giving fortnightly evening services at these five stations in addition to the two Churches, my time for visiting the principal Congregations is limited; yet I strive not to neglect them.

Last year I had the satisfaction to record the gift of a bell for St. Luke's Church by one of the residents of Magog. I am equally delighted now to mention the fact that another resident, (Ralph Merry, Esq., who was confirmed in June last by the Bishop) volunteered \$100 to meet the generous offer of Robert Hamilton, Esq., of Quebec, supplemented by the Church Society, and so make a beginning towards an endowment fund. Such gifts in a small country village speak for themselves.

I am hoping to have the same amount subscribed in Georgeville soon, and secure the gift offered us, so that we

may look forward to self-support. I have also to record the gift of two very handsome chairs for the chancel of St. Luke's by Mr. William Peters. With the approbation of the members of both Churches, the celebrations of the Holy Communion have been doubled, there being now a celebration at every Sunday morning service.

I hope this is a sign of deeper spirituality.

I have to express my thanks to the teachers of the Sunday Schools for the care-taken of the scholars, for their faithfulness at the post of duty, and for unflinching kindness to all concerned. The success of the Christmas trees is to be credited to them. At Magog the Incumbent was agreeably surprised by the Sunday School presenting him with a handsome ornamental clock. During the summer months two other Sunday Schools were conducted by ladies of the parish.

His Lordship has visited the mission twice within the year, in June confirming a class of *eleven* at Magog, and consecrating the Church at Georgeville; and in September, confirming *three* at Georgeville. The Congregation here is to be congratulated upon the payment of the debt upon the Church which hung over it so long; and for repairing and beautifying the building for Consecration.

The Register shows:—At Magog—Baptisms, adults, 4; infants, 22; total, 26. Confirmation, 11 candidates; marriages, 1; burials 1. At Georgeville—Baptisms, adults, 2; infants, 7; total 9. Confirmation—Candidates, 3; burials, 3.

MALBAIE.

The Rev. G. Radley Walters reports:—

In placing before the Society the report of this Mission for the past year, I must say I find much both to encourage

and discourage one who is eager to work and win souls for our Blessed Master. The year past has been an eventful one in many respects, bearing, as it does so visibly, marks of prosperity with few, and of adversity with many,

The Winter of last year was ushered in with much sickness to the homes of many of my people, and death did its work in the homes of not a few. The services of our Church, on Sundays, and the Feasts and Festivals have been regularly held in the Parish Church, and my regularly appointed services at the Corner of the Beach, have, with but one exception, been held throughout the year.

At the celebrations of Holy Communion, I have been pleased to notice several of the younger members of the Congregation remain to communicate. Our Sunday School is attended in the Summer by from forty to fifty children. Statistically speaking, our Church members are increasing here, though it makes no material difference in the number of Church-goers and still less in the amount of offertory. In many cases where irregular attendance may be complained of, there is allowed to exist, I am afraid, a false pride, and so many fancy that the want of suitable clothes is an excuse, both to God and to man, for neglecting to assemble, as is their common duty and privilege, in God's House of Prayer; depending too, as so many do entirely, upon the fishing during the few short Summer months, to the neglect of their few acres of land; they find themselves, when the season is a failure, hard pressed for the common necessaries of life.

The fishery this year has been a total failure, and, in many cases, where my predecessors, and I have been able to ask, with a feeling of certainty, for a subscription to outside purposes; those persons have, this year, to look about them, with no little anxiety, for the flour to keep themselves and families through a long Winter. We have lost this Fall from the Mission, no less than fourteen adults, regular attendants at Church, who have gone elsewhere to try for a better livelihood, and not a few more talk of leaving in the Spring.

In spite of hard times and the cry of wolf, we have tried to do a little for our Church, and our thanks are due to the two houses of Collas and Fauvel, for their liberality in Church matters. In January last, a most successful Tea and Xmas Tree was got up by a committee of gentlemen, of whom, I must say, the leading spirit was William L. B.

Fauvel, Esq., zealously seconded by Mr. George Fauvel, Mr. Chas. L. Marquerd and Mrs. W. Bower, at the close of the evening, the proceeds handed me were \$142.59, thus with \$50 subscribed from the firms of Messrs. Collas and Fauvel, we have been enabled to place one of Beatty's Pipe-Top Organs in our Church, which adds not a little to the singing in our service. It was our intention to do something on St. Peter's day, to farther our Endowment Fund, but being stormy and a holiday, but few boats were fishing. However, our thanks are due to my energetic Church-Warden, Adolphus Collas, Esq., for generously coming to our aid with \$50; also, to Mr. John Fauvel, for a subscription of \$10 towards meeting the kind offer of an unknown friend, who supplements it with \$50. I wish we could do more every year for our Endowment Fund. I am glad to say our Church has been neatly painted outside with two coats of paint, and the doors and windows of the Parsonage also, the whole is now enclosed with a neat fence, and a pair of new gates given by Messrs. John and Elias Collas.

At the Corner of the Beach, through the exertions of Mr. George Vibert, the little Mission Chapel has been stained and varnished, a Font has been given and a carpet laid, and, with a little extra effort, the good people there have bought a small harmonium, thus their service now is more attractive and hearty.

NEW CARLISLE AND PASPEBIAC.

The Rev. Thos. Blaylock reports :—

During the first half of the year, up to the time of the Rev. Mr. Brown's appointment to the Mission, I gave one ser-

vice each month to the Churches at Port Daniel and Shigawake. These were all well attended. At Easter there were a large number of communicants, considering that for 7 years no Clergyman in Priest's orders has been in charge of the Mission. One gratifying feature was the number of young people who made their first communion. They had been carefully prepared by Miss Sutton at the meetings of the Y. W. Guild, and answered intelligently the questions put to them, showing they understood the nature of the sacred rite. At the request of the Incumbent, I also visited this Mission on St. John's Day, to administer the Xmas Communion, when the services were fairly attended.

In my own Parish, the services have been maintained as usual, with the above exceptions, and also four Sundays on which I was obliged to close my Church, on account of ill-health.

These omissions will account for the apparent falling off in the amount of the offertory as compared with previous years.

This year I am glad to be able to record a great increase in the number of communicants in both my Churches, but especially in St. Peter's, Paspébiac. May it betoken a like increase in spiritual life and personal dedication to the service of God. At an early celebration on Easter Sunday in Paspébiac, there were fifty-seven remained to obey the Lord's command "Do this in remembrance of Me." This out of an average Congregation of a hundred (100) young and old, is a large proportion. The largest number previously reached, for years past, that I have any record of, at one Communion, being thirty-four.

At St. Andrew's Church, New Carlisle, the increased attendance at Holy Communion is also marked, Forty-six being the average at the greater festivals. Average Congregations 150, though sometimes it reaches upwards of 200. We have still very hard work to raise the assessment regularly.

The two quarters' assessment we were in arrears at the close of last year, was made up by a special collection in one week. This could not have been done, except through the kindness of Geo. Romeril, Esq., chief agent of Messrs. Chas. Robin & Co., at Paspébiac, who advanced part of the amount upon the orders of the fishermen. For this and

many other kindnesses, my best thanks are due him. Thanks are also due to Daniel Cascaud, Esq., for the efficient way in which he has acted as treasurer.

I must also express my regret at the loss of my Organist, Mr. C. S. Mesney, who has given much of his spare time for the past three years to his duties in this respect. He leaves for Bishop's College, Lennoxville, to commence his studies with a view to the Ministry, and carries with him the best wishes of the whole community for success in his future career.

I have also pleasure in acknowledging with thanks a further gift of lamps from Miss E. Murison, for St. Andrew's Church.

The children of the two Paspebiac Sunday Schools had a Xmas tree and were delighted with their presents, nor were the Incumbent and his family forgotten in the distribution of the gifts.

In both the day Schools, the Church Catechism and Scripture History are taught and education progressing. I trust next year to be able to report the establishment of a "Model School" in more direct connection with the Church. This is greatly needed, as there is not, in the whole District of Gaspé, including the two Counties of Gaspé and Bonaventure, a Protestant School of a higher grade than "elementary." As a consequence, nearly all the teachers have to be imported.

Death has been very busy amongst us during the past year. A number of old people, many of them over eighty years old, were called away very suddenly. My Register records:—

PORTNEUF.

The Rev. R. Waller Colston reports :—

I am happy to be able to report *progress* in my Mission. I will try and give some of the particulars in which I think progress has been made during the past year, and which makes me feel very hopeful for the future of this Mission.

I. Little or no difficulty has been experienced in raising the assessment to the Diocesan Board. When I remember that eighteen months ago, the Mission was six months in arrears and all services stopped, and when I remember the difficulty that was then found to pay up those arrears, I cannot help thinking this a mark of progress.

II. We have commenced repairing our Church. Although this work has not been pushed forward as rapidly as I would wish, yet it is with pleasure and thankfulness that I report a commencement has been made and materials are on hand ready for work in the spring.

III. The number of worshippers in the Church at Halesboro has largely increased. During the first five months of my incumbency, that is, from August to December, 1879. The average number was 23, during the past five months, this average has increased to 45. Nearly double. The largest Congregation in 1879 was 45. The largest in 1880 was 68. During the past year services have been regularly kept up each Sunday at the Church and the village.

During advent and lent special week-day services were held in both places. These were fairly well attended, although they were something *new* and therefore by some looked on with suspicion. During Holy Week, daily prayer was said in the Mission one day in the Church and the next in the village. These services were remarkably well attended, the average being quite up to that of Sunday.

In both these stations Sunday Schools are held. The one at the Church falls altogether to my care. Miss Annie Colston teaches the one in the village, while I have a Bible class.

Occasional services have been held at Ste. Anne de la PÉrade and Ste. Geneviève de Batiscan.

The three Church Schools in the Mission are progressing favourably. In speaking of the schools, I cannot help

mentioning a very pleasing incident in connection with No. II School, that under Miss Reynolds, the week after the day of Intercession for Missions, her scholars handed to her 50 cents as their offering to Algoma. This was followed up by an offering toward the General Fund. To this young lady I am deeply indebted for her kindness in playing the organ and leading the singing in the Church.

One of the most memorable events of the year was our Xmas tree, to which, through the kindness of friends in Quebec, Miss Annie Colston was able to treat the children. Indeed it gave as much pleasure to the old people as to the young. Our friends in Quebec will be, I am sure, glad to learn that by their generosity, Xmas at Portneuf was made really a happy one to 100 little folks. To these kind friends I wish to convey my sincerest thanks.

Portneuf received during the past year two gifts for which I cannot find words to express our thanks. The first was from the Young Women's Guild of St. Matthew's Church, Quebec. It consisted of a handsome altar cloth, a beautiful set of fair linen for the Holy Table and a carpet for the chancel. The altar cloth was first used on Xmas Day. The kindness of the Guild was much talked of by the Congregation that day. I can assure the young ladies of the Guild that we feel deeply our obligations to them, and that we will not cease to pray for God's blessing on their work.

On December 16th, that noble hearted Churchwoman Miss Annie MacAdams gave a childrens' concert in Quebec, in aid of the Parsonage Fund of this Mission. The nett proceeds of which reached the handsome sum of over \$160 (the exact amount I do not yet know). No body knows how to appreciate such a magnificent gift but those who have suffered for years under the burden of a heavy debt. To say that we thank Miss MacAdams sincerely is but feebly expressing the feeling of both Pastor and people. This sum with \$35 I collected from some liberal Churchmen in Quebec and the Society's grant will clear off our indebtedness.

To the many friends in Quebec and elsewhere who have helped us in paying for our Parsonage we return our sincere thanks.

I must not forget to convey to a warm personal friend of my own, *not a churchman*, our thanks for a donation of green

blinds for the Parsonage, which has added not a little comfort during the warm summer months.

SANDY BEACH.

The Rev. M. Ker reports:—

That two subjects include all that can be advanced in regard to his work, viz.: The temporal or financial and the spiritual aspect of the Mission. On the first, he says with sorrow, that it is gloomy, and continually becoming more and more dark and unpromising. When, from the lapse of time, the Mission ought to be self-supporting, it is, as much as ever, dependant on extraneous charity for its existence, and if foreign aid be withdrawn, must immediately collapse. This sad state of things is induced, not by any unwillingness of the people to give, to the utmost of their

ability, for the support of the Church and its ordinances ; but to ever-deepening poverty, and this poverty is caused by their dependance for the means of living, being mainly placed upon the precarious basis of the fisheries. As long as their staple production (dry cod fish) maintains a remunerating price in the European markets, so long their prosperity continues, varying with the rise and fall of those markets. But as soon as those furnish no longer paying prices, want and poverty prevail here. Now, for several successive years, the fisheries have been worked at an exceedingly low rate of remuneration, and sometimes at an actual loss. Rich Merchants, who have invested the proceeds of favourable times, can stand, for a period, the poor returns and the loss of these bad seasons, but not so those whose daily bread depend upon their daily labour.

Again, agriculture forms but a small help to the maintenance of the people here ; every thing has to be purchased and brought from a distance, and, too, the cost of all the necessaries of life has greatly increased since the new tariff went into operation. The result of all these causes is, that the money raised for religion and religious purposes, has fallen off materially. Not more than one-half of the usual amount annually contributed for the Church Society, has been obtained. The assessment, stipulated to be paid to the "Diocesan Board" has not been, as yet, all collected. The matter, however, will not be finally determined till after the commencement of the New Year, so I will hope for the best. On the second point, the spiritual aspect, it is not easy to speak definitely. A great and good work may be in progress and make no outward show. The Kingdom of God cometh not with observation. The usual public services have been maintained during the year and been attended to by the people with customary punctuality and reverence ; good, therefore, must have been done, for God's Word returns not to Him void. On the whole, the people of Sandy Beach will compare favourably with any Congregation of similar numbers in the Dominion, in morality and religion. Steady progress is being made by many, (I have reason to hope) in righteousness and true holiness.

STANSTEAD.

The Rev. George Thorneloe reports:—

My register shews a record for the past year of 15 baptisms, one being that of an adult; 4 burials, and 1 marriage.

Our services at Christ Church have been maintained with their wonted regularity and have been, upon the whole, very fairly attended. Our Congregation here has been seriously affected by losses from removal and death, and its strength has not been materially increased.

At last, the long talked of *bell* has been added to the Church, a temporary turret having been erected for its reception. It is from Meneely & Co.'s factory, and gives very general satisfaction.

We have again to acknowledge our indebtedness to Robt. Hamilton, Esq., of Quebec, to whose liberality and that of the Church Society the Mission owes the establishment of an endowment fund.

Our Church School has suffered the loss of its efficient teacher Miss Barnard, who has entered Bellevue Hospital, New York. Miss Ross, a prominent graduate of the McGill Normal School, takes her place. The School is in a very encouraging condition.

The Bishop of the Diocese visited us in September and confirmed three candidates, all of whom have since been admitted to Holy Communion. As it always is, the presence of our Bishop amongst us was a great encouragement and help.

I must here record my grateful sense of the good service rendered the Church by the office bearers for the year: and especially I wish to acknowledge the self-sacrificing devotion of Miss Meigs, our organist, who throughout my incumbency, has been most unremitting in the performance of her duties. I also wish to express my personal gratitude to Mr. Sheafe, who for the greater part of the past year has read the lessons for me on Sundays. The greatness of the relief thus afforded me, none but myself can know.

I regret to say that although my health seems well nigh re-established, I have not yet been able to resume work in those out stations which sickness compelled me to abandon.

Beebe Plain is the only out Mission I have at present. In this place the work has been going on quietly throughout the year. During the latter half of it, a weekly Sunday afternoon service has been held. The work of erecting a Church which was taken in hand in the past summer has been delayed by various hindrances. But at length a very satisfactory site has been secured; and by the middle of next season we hope to have the building ready for use.

STONEHAM AND LAKE BEAUPORT.

The Rev. J. B. Debbage reports :—

During last Winter, I had only Stoneham in which to hold Divine Service. The services at Lake Beauport were suspended because the people did not meet the requirements of the Diocesan Board. However, at Easter matters were arranged and I began to hold services in both places every Sunday. This was continued during the summer. When the fall came, I had again to be content with taking each place on alternate Sundays, but now that the bush road has been opened between Lake Beauport and Stoneham for the winter, I shall have my Sundays fully occupied.

On Thanksgiving Day the Rev. Mr. Vial kindly held Divine Service at Lake Beauport, and the people proved their appreciation thereof by their attendance. I am also under a deep obligation for kindness and help from the members of Mr. Vial's family.

This fall, a number of people made a new road for me straight down from the front of the Parsonage to the public road, this is a great improvement on the old state of things. Other improvements have also been made about the Parsonage. The underbrush, &c., in the graveyard has also been cleared away, so *it* also has, to some extent lost its neglected appearance. We are proposing other improvements, which we hope to see accomplished during the incoming year.

WEST FRAMPTON AND CRANBOURNE.

The Rev. J. S. Sykes says :—

Since writing my last report, death and removals have reduced our numbers.

On Easter eve we committed to the ground the body of Andrew Ross, Esq., J.P., a regular subscriber to the Church

Society's funds since its establishment. His funeral was attended by the largest number of people I have seen together in West Frampton. People far and near gathered together to show the last token of respect to the departed, and sympathy with the survivors. Another worthy old man in the person of Wm. Bartholomew, Sr., better known as "Big Willie," a fine specimen of manhood, after a short illness, died and was buried. A very giant and yet as gentle as a child and a follower of peace. The third of our old men who has gone to his rest was Mr. Hugh Bradley, who had been bed-ridden for nearly five years—five years of patient waiting God's good time for his release. A bad type of scarlet fever visited Frampton last spring, and parents were bereaved of their children; one poor mother parting with three in a month—her all.

In the Summer, we had the cheering presence of our good Bishop. His Lordship came to confirm. In West Frampton, thirty-two were presented and received the laying on of hands; In Cranbourne, eight, all, without exception, placed themselves on the list of actual communicants, by partaking of the Sacrament of Christ's Body and Blood on the same day. It is no flattery to say that His Lordship has the gift of true eloquence *i. e.*, if we understand eloquence to mean making one's self understood. Pleased we always are to hear our Bishop. We hope the Bishop reaches his aim—our edification.

I am very glad and grateful to be able to report, that through the liberality of several friends of the Church, in Quebec, I have been enabled to reduce the debt on the Parsonage to \$150.

Departures—One family from West Frampton.

Returned—One family to Cranbourne.

By a reference to the list of subscribers, it will be seen that additions have been made to it. The people of Cranbourne have made an effort to aid the Society, by subscribing to the General Fund, and this in a year of extra expense. We have put a new fence round the burial ground at Cranbourne; as much as could be expected from so poor a Congregation for one year.

Miss Clara Calway, Miss Martha Bartholomew and Miss Henderson, have done good service to the Society as collectors. The good-will and readiness with which these young ladies undertake the, not always, pleasant task of

collecting money, is very gratifying to the Clergyman and a material lightening of his cares.

I hope it will not be considered presumption on my part, to appeal again to the friends of the Church for the remaining \$150 due on the Parsonage.

Would it not be well for Churchmen to remit their subscriptions to me by letter, instead of forcing the Clergyman to appear at their doors as a beggar, and themselves as giving "*of necessity.*" Such giving would, at the least, appear more like the cheerful giving which is pleasing to Almighty God.

To be not guilty of neglecting the confirmed *after* confirmation, I began (in addition to the other two services) a Litany Service in the afternoon, with an address suitable to the newly-confirmed, by which means I kept those who had been confirmed together, for further instruction during the Summer months. The attendance was always good, without making any difference in the attendance at the other services.

The following reports have been received from clergymen not connected with the Diocesan Board.

BISHOP'S COLLEGE, LENNOXVILLE.

The Rev. Dr. Lobley, Principal of Bishop's College, reports :—

If I were to write a full report of the religious work in College this year, it would be in its main features a repetition of that which I laid before the Association last December. I shall therefore only note a few points which may be of some interest.

Our arrangement of services remains such as it was a year ago, except that I have thought it right to have a celebration of the Holy Communion in the chapel *every* Sunday during term and on all Saints Days.

Since last December the number of students has increased from 19 resident and 6 non-resident, to 22 resident and 7 non-resident. The latter I regard as being under the spiritual care of the Parochial Clergy of Sherbrooke and Lennoxville, except in so far as the rules of the College require their attendance at College Chapel, and in so far as I may find occasion, in my official and friendly relations with them, to speak to them on religious matters. The resident-students are my pastoral charge, and very deeply do I feel the responsibility of such a charge. As to success or failure in it, I have nothing to say here. But of this I would assure my Brethren, that we (my fellow-workers and I) try to do everything that we can to make our daily and weekly services helpful to the spiritual well-being of the young men committed to us.

Our Missionary Union continues its operations; and, I hope, is useful in maintaining an interest among our students in the great cause.

The offertories in the College Chapel since the 1st December, 1879, have amounted to \$104.69, distributed as follows :—Bishop's College, \$25.30; Expenses of Chapel, \$16.66; Chapel Building Fund, \$22.35; Organ Fund, \$18.19; Mission Fund, Diocese of Quebec, \$11.88; Algoma, \$1.90; Foreign Missions, \$8.41.—Total, \$104.69.

Moreover, our Missionary Union sent to the Bishop of Madagascar last July the sum of \$17.03, for Missionary work in his diocese.

BISHOP'S COLLEGE MISSIONS.

The Rev. Dr. Roe reports:—

In the College Missions under the charge of the Professor of Divinity, services have been kept up with unfailing regularity every Sunday and on all the major festivals with the help, at Ascot Corner, of Mr. E. J. Harper, and for half the year, of Mr. F. Ritchie; at Westbury, of Mr. Percy Chambers; and at Sandhill, during the former half of the year, with the help of Messrs. Richard Hewton and A. Woods, and of Mr. A. Judge during the latter half. Mr. Chambers also opened, in the Spring, and conducted with the assistance of Mr. George Thompson, a Sunday School and Litany Service on Sunday afternoons, at the Westbury Crossing, about half way between Ascot Corner and Westbury Church, thus gathering in some children who could not otherwise be reached. The Sunday School on Moulton Hill—after being closed for two years—has been resumed, so far with encouraging success, Mr. F. Ritchie and Mr. R. L. MacFarlane being the teachers. The Mitchell School-House Sunday School has also been re-opened by Mr. Woods. During the former half of the year, Mr. MacFarlane assisted the Rev. A. Stevens at Dixville, Mr. Bernard taking Mr. MacFarlane's place during the mid-summer vacation. Three of the Divinity Students found work assisting or relieving the Clergy during the long vacation.

During the long vacation, Ascot Corner and Westbury were served once a fortnight, by the Rev. P. C. Read; and the services at Sandhill were kept up regularly every Sunday, by Mr. Stephen Pearse, of Lennoxville. These dry details represent a great amount of faithful, earnest work, each service at Westbury, for example, involving a drive of 30 miles, in all kinds of weather, while to Sandhill, the young men have generally walked, a distance, both ways, of nine or ten miles. As to progress, it is not easy to speak. I may, however, say with truth, that nearly every where *there is ground for encouragement*. For example, to select one tangible fact, the Westbury Congregation are now paying regularly \$40 a year for the carriage from Lennoxville of those who serve them. Of Sandhill, however, there is this year much to report. Last December, at the close of four years of labour from the Colloge, a ten days'

Mission was held, conducted by the Rev. Isaac Thompson. At us close, sixteen adults were baptized. To the careful preparation of those of them, who were willing to take that further step, and of others, for confirmation, I devoted the whole of last Winter, and, at Easter, I had the happiness of presenting to the Bishop of Montreal, who kindly came to us, in the absence of our own Bishop, five more candidates for baptism, and fifteen candidates for confirmation. The same day, 19 members of the Sandhill Congregation partook of the Holy Communion. The number of communicants is now 25.

The project of building a Church at Sandhill, had been for several years under consideration. but, under the influence of the religious movement just mentioned, it was accomplished with comparative ease. The necessary funds were secured from the very liberal contributions of the Church Members on the spot, and subscriptions obtained by themselves among their neighbours and others. The corner-stone was laid by the Rural Dean, on St. Barnabas' Day, and on St. Luke's Day, the Church was consecrated. It will seat comfortably 120 persons, and cost, as at present furnished, about \$1,000. The foundation, however, was put in by the people themselves, this work and a great deal besides, in the way of teaming, &c., being a free gift, in addition to their subscriptions, which, in every instance, were fully paid in cash. Of the \$1,000 which the Church cost, about \$400 in cash was provided and paid from their own resources, by eleven families of the Congregation, besides what was done in work. All the remainder of the cash spent on the Church, was collected by themselves, with the exception of \$250 which I provided. I have mentioned these facts, because I think they are eloquent in proof of the reality of the work so far done at Sandhill.

In addition to all this, the Church was no sooner finished, than the people began the building of a horse shed; and the promise of a good substantial shed, one hundred feet long, is already erected and will be finished as soon as lumber can be had. I need not say how thankful I am, at the close of eight years of incessant labour on the part of the Divinity Students of the College and myself, for these very comforting tokens of the Divine Blessing. Of course, we all understand that the work at Sandhill has only well begun. I think that we, I mean the Congrega-

tion, feel it to be so, and that incessant labour and watchfulness and prayer will be needed, to keep from falling back into old careless ways again.

The site of the Church, was the gift of Mr. John Laberer; the altar cover, of Mrs. William and the Guild, of St. Matthew's, Quebec; the Communion Linen of Colonel and Mrs. Ready. A font, a bell, an organ are still lacking.

COMPTON, ST. JAMES' CHURCH.

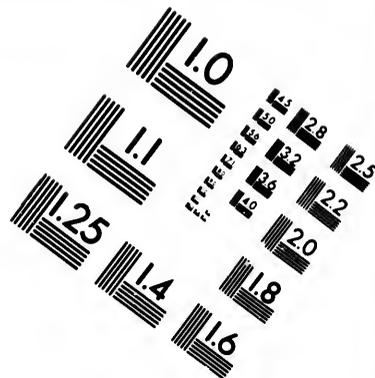

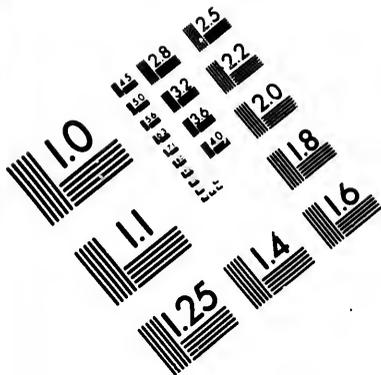

The Rev. G. H. Parker writes:—

I have much pleasure in providing with this a list of subscribers to the Church Society and statistical amount of money raised in the parish during the past year. We have had no annual subscriptions to the Church Society for some few years past, for reasons which seemed sufficient to the Rector for not bringing it before the people. The amount raised this year is \$60.75, and we hope it will in the future be an annual thing.

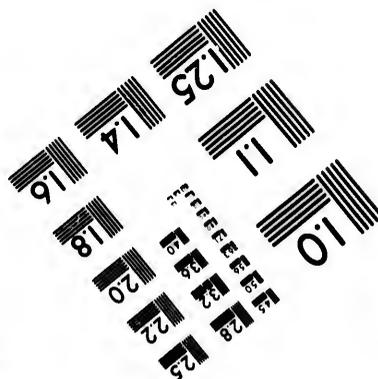

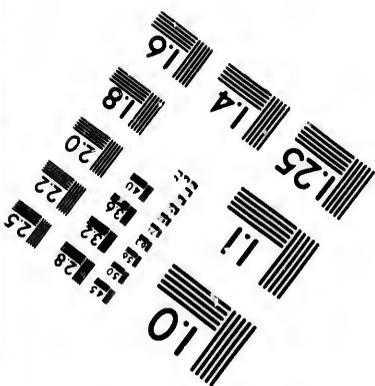

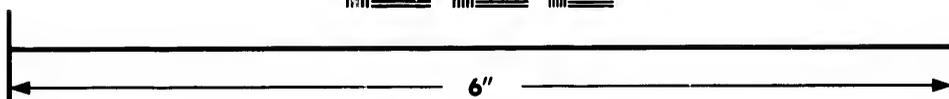

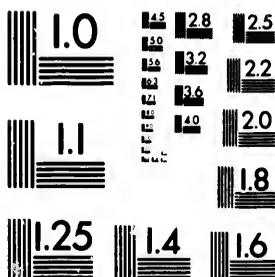

My register shows 13 baptisms, 8 infants and 5 adults, 1 marriage and 3 burials.

The services in the Parish Church have been celebrated with the usual regularity, having had occasionally the kind assistance of the Principal of the Ladies' College.

I have also conducted Divine Service once a fortnight (with an occasional omission) at a school-house on the borders of Eaton, and early in October last was very unexpectedly presented by the Congregation worshipping there with an extremely nice plated ice pitcher, as a slight token of their appreciation of the services.

The Ladies' College is of course a great addition to our Congregation, some of the young ladies rendering very valuable assistance in the choir. Their absence during the Christmas and summer vacations making a very marked difference, not only in the numbers of the Congregation, but also in the heartiness of the services. I must not forget to mention the readiness with which they responded to my call for the Church Society. It is working quietly in, and though the numbers are not so high as we could wish to see, yet we hope and believe that the day is not very far distant when the numbers will be double what they are at present.

LEVIS.

The Rev. Ernest A. Willoughby King reports:—

Services on Sunday, Chief Festivals and Fasts at 11 and 7; attendance 50 to 90. Shortened service, catechising and Sunday School at 3; average 45. In the Winter, a Festival, and in Summer, a Pic-nic, were organised for the children. On Thursday evenings, a Bible-class, a Service and Choir practice are held, but *few attend*, I am sorry to say. Communicants on Easter Day, 21 and 30=51.

Baptisms 12, Marriages 4, Burials 11.

The kind help of Clerical brethren supplied some services, besides giving special sermons during Lent and Advent, and "to Young Men" and "on Sunday Schools"; also, Missionary Addresses on "the S. P. G." and "S. P. C. Jews."

A clock for the Vestry, by Mr McWilliams, of Father Point; two beautiful mats for alms-dishes by Mrs. Burrage, widow of a former Rector; \$10 for the graveyard from Mrs. Geo. Pozer; some valuable and suggestive plans, for laying

out the new cemetery, by W. Pilkington, Esq., C.E., and \$100 towards the Endowment Fund, have considerably increased the possessions of this Parish during the year, and have evoked the thankful appreciation of the Clergyman and his Parishioners.

A new porch has been put before the Vestry door and the East end of the Church, freshly pointed with cement.

Our present wants are one or two surpliees, a flagon, two or three alms-dishes, funds for pointing other exterior parts of the Church, a new Sunday School Library and, *above all, a Sunday School House*, towards the erection of which, a fund has been hopefully, although humbly commenced. The Indian Homes, Bishop's College, the Jews, the Poor, the Funds of the Church Society and other objects, have received small contributions.

Here I would acknowledge with much pleasure the sum of \$34, sent me for the Church Society, after having been voluntarily and zealously collected by Mr. A. McFarlane, in my late Mission of Rivière-du-Loup, *during its vacancy*, which place, I may add, with others on the I. C. R., and up the Saguenay, I was called to re-visit.

NEW LIVERPOOL.

The Rev. F. A. Smith reports :—

The year past has been a quiet one in this little Parish, and has not been remarkable for any very unusual events and this, I think, is something to be thankful for. While others, in various parts of the world, have had their trials and troubles, more or less severe. We, in this quiet corner, have been blessed far beyond our deserts, with health and peace. Nor has the absence of excitement been any proof of stagnation in Church work. As a Parish, I think, we have more than held our ground. The services have been regularly maintained and fairly attended. An increase has been noticed in the number of our Communicants, though they are not yet nearly as numerous as they ought to be. Our Sunday School has so far increased, that a greater number of teachers is much needed. The Day School has been efficiently conducted, and has not gone down, though placed under the ban, by the authorities of a Church that calls itself infallible.

Fair progress has been made towards discharging the still too heavy debt on our comfortable and much-admired Parsonage. We have, indeed, suffered a loss in the departure of Mr. and Mrs. Roberts. The warm interest ever taken by the latter in the Sunday School and Parish generally, will be long and gratefully remembered. I am indebted to my Parishioners for many acts of kindness and good-will, more particularly to the Messrs. H. Atkinson, Benson Bros. and L. H. Hamilton, for a generous supply of fuel for the Parsonage.

Several objects of the Church Society's work have received no contributions from Trinity this year, owing to the unsettled state of the Congregation, but I am justified in saying that so soon as matters are settled on a permanent basis, all these objects will be properly attended to.

RICHMOND AND MELBOURNE.

The Rev. I. M. Thompson reports :—

St. Ann's Church.—This Congregation numbers 500 souls, of these 400 attend the services every Sunday. A marked improvement is visible in the rendering of the service. At the beginning of the year we had 300 Communicants. Since that we have lost by deaths and removals 68. Our late Confirmation added 30, which makes the present number in St. Ann's 262. The average number at the monthly celebrations is 75. At Xmas we had 136; at Easter 148. We have this year lost by death three of the oldest members of the parish, Mrs. G. K. Foster, Mr. Levi Cleveland and Mr. W. Crombie, all of them members of St. Ann's Church from the foundation of this parish, and among its most cheerful and earnest supporters. Mrs. Foster had been, owing to illness, unable to attend the services regularly for some time before her death, but always took a lively interest in all that concerned the welfare of the parish. Mr. Crombie was also an invalid for many years. Mr. Cleveland whose illness was of short duration, was enabled to attend Church up to within a few days of his death. His kind cheerful face will be much missed. But not only the old have been taken away, Miss Kate Lindsay, a young lady of great amiability and kindness of heart, whose name has for several years appeared in the annual report, as one who cheerfully responded to the call of her pastor to collect subscriptions towards the society's fund, was drowned whilst bathing in the St. Francis on the thirteenth of August last. Her sudden death cast a gloom over the whole parish, and I trust it will be long ere the lesson thus taught us will be forgotten. A Wednesday evening service in St. Ann's, commenced last year, has been fairly well attended, the average for the year being 40. The Ladies' Association, which as the result of 3 years' work erected

and furnished a comfortable building for the use of the Sunday School at a cost of \$1,200, is now working for a new parsonage. As the result of their first year's work for this new object the Ladies have in hand \$204. A Ladies' Missionary Union to help the Missionary cause by prayers and effort has been established. This meets every month when papers on Missionary work are read. The attendance was very small at first, but now I am glad to say many more are taking an interest in the Union.

In my last report I stated that the Vestry of St. Anns had voted their clergyman the sum of \$1,000 per annum. This was raised by an increased pew rent. It was found, however, at the end of the first year that the pew rents were now too high for persons of small means and practically excluded them from the Church. The difficulty was remedied by reducing the salary of the Rector to \$800 and making a corresponding reduction in the rental of the pews. The Sunday School of St. Ann's Church is in a prosperous condition. There are 200 names on the roll, with an average attendance of 75. These are taught by twelve earnest faithful teachers. The Lord Bishop paid us a visit in October last. His appearance amongst us again with renewed health was hailed with delight by the whole parish. He confirmed in St. Ann's 60 persons and baptized 5 adults. It is with pleasure that I am able to report that this parish has now the beginning of an Endowment Fund. Through the liberality of my friend Mr. G. K. Foster, the Congregation was enabled to meet the kind and generous offers of Mr. Hamilton and the Church Society, and now \$450 stands to the credit of this parish as the beginning of an Endowment Fund, which I hope we shall be able to increase each year until it is available for the support of the clergyman. Before closing my report of St. Ann's Church, I wish to express my thanks as well as those of the Congregation to Messrs. Wilcocks and Gawne, Church Wardens, for their unceasing attention to the Church's work for a period of three years. It is largely owing to their painstaking efforts that the financial condition of this Church is so satisfactory. A new organ in our Sunday School is the kind gift of Mr. and Mrs. Wilcocks.

The newly constituted mission of St. John's, Melbourne, still remains under my superintendence. This Mission comprising St. John's, Melbourne Ridge, Rockland and

Melbourne Quarries was formerly a part of the parish of Richmond and Melbourne, but in order to give our people living on Melbourne Ridge and at the Quarries a Sunday Service, the Diocesan Board made a grant for that purpose. Mr. Arthur Judge, Divinity Student of Bishop's College, was appointed to assist me, which he did for two years in a manner very acceptable to the people, and very creditable to himself. When Mr. Judge was called to go back to his College duties, the Rev. Robert W. Brown was appointed to succeed him in the new Mission. Mr. Brown is now fairly at work, and I have bright hopes of his success. There is abundant material to work upon, and with attention to and zeal for the souls of the people, there is no reason why a Mission equal to any in the Diocese should not be built up.

St. John's Church, which is the headquarters of the new Mission has a well established congregation. It numbers 43 Church families and 7 others who worship with us. The average attendance in summer is about 90, in winter about 50, the difference being due to the condition of the roads. Mr. Brown serves this Congregation three Sundays in the month and I the fourth for the purpose of administering the Holy Communion. The Sunday School was regularly attended this year, with 60 scholars and six teachers, Mr. Judge taking the Bible class. Mr. Robert Fraser, who had superintended this school and taught the Bible class for eleven years felt constrained to resign in consequence of failing health, much to our regret. The number of communicants reduced by deaths and removals is now 75. A few have been added during the year. The average for the year at the monthly celebrations has been 22. Thirteen were Confirmed in this Church last October. St. John's Congregation pays \$150 towards the assistant's salary.

The Congregation of Melbourne Ridge has a service every Sunday afternoon, and the increase in the attendance and interest is evident to all. There are 16 professedly Church families here, but a goodly number of others attend our services. I am quite confident that good has been done in this place, and the work is only beginning. Ten were Confirmed here in October, 4 of whom were married persons and the rest grown up young men and women. Nine of the ten became Communicants. The one draw

back to the success of our work here is the want of a Church. We have to worship in a school house, which is out of the way for a majority of our people, and it is very uncomfortable. This Congregation pays \$25 towards assistant's salary.

At Rockland Quarry, there are eleven families of Church people and many others who are not only friendly but are feeling their way towards us. There are 20 Communicants. The average at the service is about 40. This station pays \$50 towards assistant's salary. Melbourne Quarry is now closed, and our Congregation is scattered. I am sorry for the proprietor, Mr. Walton, who spent large sums of money to open these works and who was very kind and liberal to us in every way. He bought an organ and prayer and hymn books for the service and provided for the warming and the lighting of the room for the service and in addition paid \$28 towards assistant's salary. The closing of this Quarry was a great blow to the progress of the new Mission, for not only was a devout and interested little Congregation broken up, but about \$50 of an assessment lost in a stroke. It is not my intention, however, to ask for a reduction of the assessment but will try to meet the deficiency in some other way, and by another year I hope Mr. Brown will have so pushed on the work at the other stations, as that they will be able to bear the whole of the assessment, should Melbourne Quarry not be opened again.

Arthabaska Station is no longer served by me, but is now under the charge of the Rev. Mr. Jenkins, of Three Rivers. I was very sorry to give up this Station, where I have many warm friends. But as each visit involved the loss of a night's sleep, I found after 4 years' service obliged to resign the Station to Mr. Jenkins, whose railway accommodation is in this respect better than mine.

In the Township of Cleveland, we occupy three out-stations. Of these Boast School House has had a Sunday Service since Melbourne Quarry was closed. I go there on Sunday afternoon, accompanied by Mr. Samuel Hethrington who takes a warm interest in that Congregation and who with great self-denial went there every Sunday during the summer months to superintend the Sunday School. The parents in their turn coming for him and bringing him back. The Congregation averages 45, and 30 children attend the Sunday School. The reason of the selection of

this Station for a Sunday Service out of the three in Cleveland, is, because a copper mine is being opened there, which, it is expected, will cause a large number of families to be settled there during the coming summer. Boast School House is $4\frac{1}{2}$ miles from Richmond village and in the centre of a fine farming country. Many of the people living here were originally Church people, but have drifted away from us, others have remained steadfast and are gathering around me and strengthening my hands. From all I have received a hearty welcome.

New London has a Congregation which attends regularly our week-night service, of from 45 to 60 persons.

Moore's settlement is a Station which I have opened this year at the request of our own people who live in the neighbourhood. Mr. Moore kindly opening his house for the service. This settlement is near the line which divides the Townships of Shipton and Cleveland, and is six miles from Danville Village on the one hand, and eight miles from Richmond Village on the other. At the services which were held, we had 26 persons principally young people and children. There are 5 Church families which can attend this service, and there are others not professedly belonging to any Christian body who will come also. I sincerely hope that we shall be able to do for the Township of Cleveland what has been done for the Township of Melbourne, and that is, to send a clergyman to look after their spiritual interests, for while I am willing to do what I can for them, my efforts scattered over so large a surface do not amount to much compared with what might be done by a resident pastor.

ST. PETER'S CHURCH—SHERBROOKE.

The Rev. Isaac Brock reports :—

On Sunday, May 30, 1880, the Lord Bishop of Quebec held a Confirmation in St. Peter's Church, at which 47 per-

sons were confirmed, 22 males and 25 females. This is the largest class I have ever presented to the Bishop, from the Parish. During the seven years that I have been assistant in Sherbrooke, 159 persons have been confirmed.

Our present number of communicants, according to a record of the names, is 300, being an increase of 38 over last year, this increase is chiefly owing to the number of young people who, I am glad to say, have become communicants since the confirmation last Summer. There have been 32 celebrations of the Holy Communion in St. Peter's Church during the past year.

The Rector and myself have carried on the usual services through the year, in St. Peter's Church. Every year's experience of the needs of this large, and at present growing Parish, deepens our conviction, that if we are to have a full Church, that if we are to welcome those attached as yet to no Christian body, and above all if we are to attract to the services of our Church our own artisans and other families, *our greatest want is a bonâ fide Free Church.* No amount of Pastoral visitation will keep our working classes in steady attendance at a Church where the *exclusiveness* generated by the Pew-rent system prevails. No resolutions of the Vestry, as to making the Church free in the evening, will touch the root of the evil. As long as people pay for their sittings and leave their books in their pews, they will expect to occupy them in the evening as well as in the morning, and I cannot blame them.

The report of the contributions from the Parish to our Diocesan Church Society for the past year, is very encouraging. The contributions this year exhibit an increase of \$63 over last year; \$20 is owing to increased offertories and \$43 to increased or fresh subscriptions. The *total* raised in the Parish for extra Parochial objects during the past year, shows an increase of \$134 over the previous year. I hope these are indications, not only of returning prosperity, but also of an increasing appreciation amongst our Church people, of the importance of the Missionary work of our Church, and of the claims of that work on their Christian liberality.

In the financial summary below, the collections for the Church Society are made up to Nov. 27th, 1880, the other items, unless indicated by a date, are taken from the financial statements submitted by the Church-Wardens and myself to our Vestry, on last Easter Monday.

ANNUAL REPORT

OF THE

CLERGY TRUST COMMITTEE,

Presented to the Church Society at the Annual Meeting, 2nd February, 1881.

The Clergy Trust Committee beg leave to report (as heretofore) the due receipt of the whole of the Annual Revenue arising from their investments.

The following Debentures, maturing during the year, have been paid off:—

\$10,000 City of Toronto.
3,100 County of Middlesex.

\$13,100 On Account of Bishopric Endowment Fund.

\$5,200 County of Middlesex.
500 Town of Perth.

\$5,700 On Account of Clergy Trust Fund.

The following Investments have been made during the year, viz:—

| | | | |
|------------------------------------|------------------|-----|---|
| Bishopric Endowment Fund, \$13,100 | City of Hamilton | | |
| | Deb., at 9 p.c. | Pr. | |
| Clergy Trust Fund,..... | 7,200 | " | " |
| Local Endowment Funds..... | 6,800 | " | " |
| | <u>\$ 27,100</u> | | |

It will be noticed that, in consequence of the high rate of Premium which your Committee has been obliged to pay for Investments, the income during the year has been reduced, but your Committee deemed it better to pay even such a high rate, rather than allow the money to remain in the Savings Bank at 3 per cent.

Your Committee has much pleasure in announcing the formation of four new Local Endowment Funds, viz.: Melbourne and Richmond, Magog, Stanstead and Magdalen Islands.

On reference to the Treasurer's Statement hereunto annexed, it will be observed that R. Hamilton, Esq., has not only aided the above-mentioned four Endowments with \$200 each, but has also very materially assisted in increasing eleven already existing funds, the several sums required to meet his donation having been raised by Local effort. It is to be regretted that a larger number of Missions did not take advantage of Mr. Hamilton's generous offer.

The whole respectfully submitted.

Chairman.
