MAJOR GAYNOR IS DOING WELL

Doctors Say There is no Immediate Cause for Alarm—Gallagher Justifies His Attempted Murder.

NEW YORK, Aug. 10.—William J. Gaynor, mayor of New York, lies in St. Mary's Hospital in Hoboken to-night with two segments of a split bullet, fired yesterday by James J. Gallagher, who sought to assassinate him, still buried in his neck and mouth, but he has not shown one alarming symptom. It is beyond human power to say whether he will recover, for no one can say whether blood poisoning will be the aftermath, but as yet the mayor's temperature has given no cause for alarm on this score. Every indication is that the wound is healing beautifully.

Bulletins issued to-day and to-night did not vary in their tone of optimism, and so cheerful was the patient, and so hopeful were his attendants, that Mrs. Gaynor, after an almost sleepless vigil at the bedside, left the mayor's side late this afternoon for a 40-minute spin by automobile.

Quartered in a larger and better lighted room in the hospital, the mayor chatted pleasantly with those who are allowed to see him, and confidently predicts that he will be out in a few days. As yet he has not discussed in any way the tragedy of yesterday, or is he even aware of the identity of his assailant.

The mayor's highest temperature during the day was 100 3-5. As blood poisoning invariably indicates its beginning and spread by a rise in the patient's temperature, the nearly normal standard maintained to-day was one of the most cheering signs to his physicians. His appetite is good, and his diet is necessarily limited to broths and liquid foods; he has shown great stamina of body and mind, and so far as those who conversed with him can learn, he is not worrying greatly over the outcome.

One of the most extended conferences on the mayor's condition was held to-night, but at its conclusion there was issued merely a brief bulletin, and no announcement was made as to when, if at all, an operation would be performed. In this respect, it is pointed out that many persons have lived with bullets in their bodies, and as living proof of this, a man recently wounded in a manner almost identical to that in which the mayor was shot, visited the hospital this evening.

Rested Well. The following bulletin on Mayor Gaynor's condition was issued at 3:30 to-night: "The mayor's progress to-day has been satisfactory. He had good strength, has rested well, his diet is considerably improved and is in good condition this evening."

"The bulletins disguise nothing," said Dr. Arlitz, commenting on the 3:30 bulletin. "We are trying to tell the whole truth."

Interest, of course, centres on the mayor's condition, but Gallagher, now professing to trace penitence for his deed, commanded further notoriety from his cell in Jersey City this evening. An anonymous letter, vulgarly couched and addressed to the office of Street Cleaning Commissioner Wm. H. Edwards, whose blows felled Gallagher to the deck of the Kaiser Wilhelm der Grosser, started a perfunctory police investigation, but generally the communication is attributed to a crank. Altho it predicted for Big Bill a fate similar to the mayor's, the former football player was unconcerned.

Two young girls, who declared that they overheard an intoxicated policeman indiscreetly remark on Monday night that the mayor would be shot either on his departure for or on his return from Europe, furnished the foundation for another police inquiry. Policeman Jos. P. Hook of the Madison-street station, whose number, 7846, is the number given by the girls, was assigned on duty to-night, pending investigation.

Assailant Talks. Gallagher's statement, made this evening, was his first frank talk concerning the crime. "While I will not say that I am sorry," he said, "I now

Has Anybody Here Seen Brebner?

Where is James Brebner, registrar of the University of Toronto? Is it right that he should be away holidaying in the Roman fashion in the old country, while over a thousand anxious students are waiting for examination results, only to have before being made public have to bear his mighty Hall Mark?

The papers of the Senior Matriculation students which have been all examined by the department of education at the Normal School, and have all been sent up to the university, at the present time, he waiting on the registrar's table for his return. Is it fair that the anxious minds of thousands of eager students should be kept in such a state of suspense in order that one single individual may have his vacation of the year? Scores of inquiries have been made at the World office during the past few days by interested students, who are unable to plan their courses for the coming year until they obtain their allotted standing. It is Mrs. Santa Claus taking his vacation on the eve of the 25th of December.

GENERAL OTTER WILL SUCCEED GENERAL LAKE IN THE POSITION.

OTTAWA, Aug. 10.—It is practically certain that Gen. Otter will become inspector-general when Gen. Lake goes home. He is now chief of the general staff, and while it is explained that his new appointment will not raise his rank, it will alter his duties. The war office will shortly appoint an imperial officer to the post of chief of the general staff. Col. Lessard, adjutant-general, leaves on Aug. 23 for England, to attend the army manoeuvres at Aldershot.

PREMIER DRIVES THE FIRST SPIKE

With the Assistance of Hon. George P. Graham, Sir Wilfrid Laurier Inaugurated Work on the Alberta Central Railway.

He will be the new Inspector-General of the Canadian Forces.

RED DEER, Alta., Aug. 10.—(Special.)—In the role of a railroad mechanic, Sir Wilfrid Laurier, with the assistance of Hon. Geo. P. Graham, drove the first spike in the Alberta Central Railway here this afternoon. The company is operating under its own charter, but the general belief is that the C. P. R. is behind the project. Simultaneously with the ceremony at Red Deer, the Canadian Northern and Alberta Central locked horns before the railway commission in Ottawa over right of way plans.

The charter of the Alberta Central includes a line from Moose Jaw to Red Deer, and it is the intention to push the line thru to the Pacific, altho there is a more southerly route to Vancouver.

Red Deer is the constituency which sends to parliament Dr. M. Clark, who has made a name for himself by taking the views of the Manchester school in parliament, even when it meant criticism of the government. This least special interest to the representatives of the United Farmers of Alberta, which here were presented by the executive of the provincial association. Their arguments were presented in written form. They recognized that Sir Wilfrid agreed with them in having free trade as his ideal, but the memorandum received from the government for having made practically no reductions in the tariff in fourteen years. Tho it seemed, stated the deputation, that Britain received preference, yet American imports had the advantage over British. Protection was useless to the farmers, it argued, because the prices of farm products were higher in the United States than in Canada. Statements were also presented on co-operation, the Hudson Bay Railway and the chilled meats trade, on which the former politician said the association opposed all subsidies to private corporations, and wanted a government system of abattoirs only.

The premier postponed his reply till the public meeting to-morrow afternoon. On the way to Red Deer from Edmonton, Sir Wilfrid made a brief visit at Wetaskiwin, Ponoka and Lacombe. At the latter place, a motor trip was made to the experimental farm, where extensive experiments are being carried on in the values of different kinds of oats. Receptions along the line were good, and at Red Deer the welcome was participated in by a company of the 15th Light Rifles and a cadet corps.

Two young girls, who declared that they overheard an intoxicated policeman indiscreetly remark on Monday night that the mayor would be shot either on his departure for or on his return from Europe, furnished the foundation for another police inquiry. Policeman Jos. P. Hook of the Madison-street station, whose number, 7846, is the number given by the girls, was assigned on duty to-night, pending investigation.

Assailant Talks. Gallagher's statement, made this evening, was his first frank talk concerning the crime. "While I will not say that I am sorry," he said, "I now

WILL BE INSPECTOR-GENERAL

General Otter Will Succeed General Lake in the Position.

OTTAWA, Aug. 10.—It is practically certain that Gen. Otter will become inspector-general when Gen. Lake goes home. He is now chief of the general staff, and while it is explained that his new appointment will not raise his rank, it will alter his duties. The war office will shortly appoint an imperial officer to the post of chief of the general staff. Col. Lessard, adjutant-general, leaves on Aug. 23 for England, to attend the army manoeuvres at Aldershot.

DROWNED NEAR THE WHARF.

BARRIE, Aug. 10.—A sad drowning fatality occurred this afternoon at the pretty summer village of Shanty Bay, five miles east of here, of which Sarah Merrydew of Toronto, a servant employed by W. Stewart of that city at his summer home was the victim. The accident occurred close to the wharf about 7 feet of water. A companion plunged from a boat to assist the drowning girl, but was unable to effect a rescue. Deceased was an English girl, and had been in Canada a year and a half.

HIS AEROPLANE TURNED TURTLE

Walter Brookins Painfully Injured in Attempting to Avoid Crashing Into Crowd of Spectators.

ASBURY PARK, Aug. 10.—A serious mishap to Walter Brookins, in which the daring Wright aviator was painfully but not dangerously hurt, marred the opening day of the aviation meet here. Brookins was dashed to earth when his machine suddenly turned turtle, after he had been forced to swerve suddenly to avoid crashing into a crowd of spectators. Seven other persons, among whom the machine tumbled, were more or less seriously injured. Brookins was pinned under the wreckage, and was only half conscious when friends reached him. This started a report that he had been fatally injured. An examination showed that his nose was broken, and that he had been badly bruised and shaken up, but not seriously hurt.

The mishap was directly due to the thronging of spectators out into the field. Brookins in descending had no room to operate the machine, and was driven to make a sudden turn to avoid crashing among the watchers. The tricky wind caught the machine and sent it spinning over backwards.

The machine tumbled amid a small crowd of watchers, mostly boys. One youngster was rushed to a hospital, where it was reported that he had a fracture of the skull. Six other youths were less seriously hurt.

Walter Brookins shared with Count de Lesseps the honors of the Montreal aviation meet, where he did some sensational high flying. He came to the Toronto aviation meet, but only remained for one day.

German Aviator Hurt. JOHANNESBAD, Germany, Aug. 10.—The aeroplane pilot met with a serious accident at the aviation meeting here this afternoon. While flying at a height of about 225 feet in a Wright machine, one of the propellers broke. The other continued to run, causing the craft to turn over several times. It fell with a crash and was completely demolished. Helm was immediately carried off the field unconscious. Later he regained consciousness, but his injuries are considered very grave.

RAN AWAY WITH AEROPLANE

Borrower Did Some Daring High Flying Stunts.

PITTSBURG, Aug. 10.—While J. C. Mars, the aeronaut, slept at a hotel somebody else attempted to borrow his plane. The aeroplane was used in the meet were kept and "borrowing" the eight cylinder biplane left in charge of Mars by Glenn Curtis sailed aloft.

The entire river valley turned out to see the flight, which was better and higher than any attempted here before. The aviator was up almost an hour. He settled about a mile from the place of starting, but before any time he was seen to alight across the country he had risen again.

By 9 o'clock the aviator had returned the machine to the tents and disappeared. Everybody supposed that he was Mars. It was not until Mars read the afternoon papers that he knew his machine had been used by some other aviator.

ALL BACK IN THREE WEEKS IS BERRY'S PREDICTION

There is Talk of a Brotherhood Pension Fund, But Nothing Definite, He Says.

Vice-President S. N. Berry of the Order of Railway Conductors stated last night that he expected all the men would be back on their jobs in two or three weeks. There were several of the younger conductors who had left the Grand Trunk entirely and gone to other roads, but most of the conductors he expected to return.

TWO STRUCK BY CAR

Young Italian Woman Seriously Hurt—Chinaman Also Victim.

A young Italian woman, whose identity could not be learned up to a late hour last night, was knocked down by a west-bound King car near Jameson-avenue yesterday, and has been lying in a semi-conscious state in Western Hospital since.

The family seek the soothing solace of piscatorial pursuits in a rural retreat.

R. L. BORDEN OPENS HIS MARITIME TOUR

Attacks the Laurier Government as a So-Called Business Administration.

Halifax, Aug. 10.—(Special.)—R. L. Borden opened the first of a series of meetings arranged for this province in Truro to-day. The leader was in excellent voice and spoke for an hour on the issues of the day.

Before the meeting a convention was held to nominate candidates for the approaching provincial contest. Mayor G. W. Stuart and Frank Stanfield, brother of John Stanfield, M.P., were nominated to contest the riding. About 3,000 were in attendance, and the first meeting of the tour was a success from every standpoint.

Mr. Borden pointed out how the Laurier Government has been forced by public opinion to adopt its most important provisions. He attacked the present government as a business administration, and said that, altho the people of Canada may not have a jeweler's crucible and some plaster of paris. One of the trio who has a knowledge of electricity cut in on the electric light wires in Hanley's cell, attached two pieces of carbon and placed them on a small sheet of iron covered with treproof cement. On the white hot carbon the crucible was placed, the metal was melted and the coins were manufactured in a plaster of paris mould.

It is suspected that there was an accomplice outside the jail who assisted in the distribution of the coins and the supplying of material for their manufacture.

DEMANDS AN INQUEST TO ALLAY SUSPICION

Joseph Fritzeley Deeded House by Frederick Smith, Who Died Suddenly.

Uneasy in mind lest suspicion might be aroused by the sudden death of Frederick Smith, who some time ago deeded to him the house at 221 Manning-avenue, where they both lived, Joseph Fritzeley has arranged that an inquest be held. Coroner J. T. Clark Smith, who was a single man, fifty years of age and who had no relatives, compacted with Fritzeley, when the transfer was made, that the latter should keep him in board and lodging for the remainder of his days.

HIT BY AUTO, MAY DIE

Walter Hayward, Aged 72, in Critical Condition at Hospital.

Run down yesterday by an auto, he lingered in the hospital for a few days, but is now in a critical condition, altho he is lying in critical condition at his son's home, 44 Charles-street.

HAD COUNTERFEITING OUTFIT IN THE PRISON

Inmates Devised Ingenious Plan for Turning Out the Bogus Coin.

BOSTON, Aug. 10.—How three inmates of the state prison at Charlestown were able to construct a counterfeiting outfit and manufacture spurious half dollars has been discovered by secret service officers. Ever since July 21, when the state prison officials learned that counterfeit half dollars were in circulation in the prison, and that some had got outside, an investigation has been in progress. At that time it became known that Patrick Hanley of Lynn, who is serving a 25 year sentence as an habitual criminal, was involved.

To-night it was stated that two other prisoners had been found to be accomplices of Hanley, and that the cases of all three would be presented to the federal grand jury next fall. The method of the counterfeiting was ingenious. They secured from unknown sources some scraps of tin and lead, a jeweler's crucible and some plaster of paris. One of the trio who has a knowledge of electricity cut in on the electric light wires in Hanley's cell, attached two pieces of carbon and placed them on a small sheet of iron covered with treproof cement. On the white hot carbon the crucible was placed, the metal was melted and the coins were manufactured in a plaster of paris mould.

It is suspected that there was an accomplice outside the jail who assisted in the distribution of the coins and the supplying of material for their manufacture.

CALMLY WADED INTO RIVER ABOVE THE FALLS

Another Suicide at Niagara—Cause Said to Be Losses in Stocks.

NIAGARA FALLS, N. Y., Aug. 10.—(Special.)—In plain view of hundreds of tourists, a man, thought to be Chas. E. Stols of Buffalo, committed suicide late to-day by going over the American Falls.

Prospect Park was filled with tourists when the man leisurely deposited his coat, hat and umbrella on the river bank, midway between Green Island bridge and Prospect Point. He attracted no attention by this act, as the day was warm and many others had acted similarly.

The crowd was horrified when, instead of lying down by his discarded wearing apparel, the man coolly walked to the river and waded into the swift current a distance of nearly 50 yards before the water carried him over the cataract. After entering the water, the man did not so much as glance back over his shoulder at the wildly gesticulating crowd on the bank, whose calls he must have heard above the roar of the falls.

When the swirling waters carried him from his feet, the suicide was whirled around several times. Watchers say there was no look of terror on his features, but rather a smile of delight. A woman who watched from near the point where the man entered the water, faintly as the suicide disappeared over the brink.

GEN. FRENCH'S REPORT

On Canadian Militia Said to Be Very Severe.

OTTAWA, Aug. 10.—It is further stated by those who are in a position to know, that the report of General Sir John French, on the conditions obtaining in the Canadian militia, contains three cardinal features: (1) That the peace organization and composition of the militia should be changed in the event of war breaking out, the forces would be ready to take the field forthwith. The general staff of the militia is not so well equipped as at present.

SIR JAMES FOR ENGLAND.

It is altogether likely that Sir James Whitney will sail by C. N. E. steamer for the old country on Aug. 13, on his annual vacation. While in England, it is understood that the premier will investigate the colonization system, a matter which has been worrying him more than a little of late. He will likely be away a month or six weeks.

CANADA'S HONOR UPHELD BY O. O. R.

Lieutenant-Governor Gibson, Sir James Whitney and Mayor Geary Make Stirring Addresses at "Send Off" to O. O. R.

Verbal and manuscript bouquets in great profusion were presented to Sir Henry Pellatt and his regiment, the Queen's Own Rifles, by Hon. J. M. Gibson, lieutenant-governor, and Sir James Whitney, premier, on behalf of the Province of Ontario, and by Mayor Geary on behalf of the City of Toronto, at the official send-off held at the armory last night. There were probably 3000 people, including the regiment, of whom there were 800 present. The others were mostly friends and relatives of the soldiers.

After the speeches praising Sir Henry and the regiment had been delivered, Sir Henry replied: "My feelings are so confused this evening that I can hardly find words to express the appreciation I feel for all the kind things said, not only for the regiment, but for myself."

His Honor's Address. His honor, the lieutenant-governor spoke first. "It is a special pleasure apart from any representative capacity I may have, to be present on such an occasion," he said. "Nearly 50 years ago I was a young private in 'K' company of the Queen's Own Rifles. I used to practice the 'goose-step,' learned the old manual and platoon drill. We used to march down from the university to the old city hall where our arms were stored and get instruction."

"It is not altogether inappropriate to look back 50 years over a period when you, as a regiment, have done great service, and have distinguished yourselves, not merely in the drill hall, but on the field in active service. "It is a new departure that you should, under your gallant commanding officer, Sir Henry Pellatt, now seek to perform your annual drill on the soil of the mother country; that you should, in other words, put in a month or so at Aldershot, rubbing shoulders with the best men of the army of our empire."

"I will be no picnic. You are not going over merely as a show or a pageant or anything of that nature. You will have hard work and any man who undertakes what you will go thru is not afraid of hard work. Promotes Imperialism. "We, as the government, feel proud of what Sir Henry Pellatt and the Queen's Own are about to show to the world by their trip to the old country. Many things have occurred going to show that there is a growth, maybe imperceptible, but a growth of the spirit of imperial federation on the part of all branches of the empire. We are becoming more closely allied with the Australasian colonies and the South Africa new union and we are becoming more closely attached to the mother country."

"I know of no movement which in itself will be a greater demonstration and have greater significance in regard to the growth of Canada than this trip. You are about to take as soldiers of the King and soldiers of the empire, to march side by side with the old British regiments and satisfy them that there is the right kind of stuff in Canada."

"I know of no more interesting ocular demonstration, that will go so far to show that our attachment to the mother country is not merely lip loyalty, professed attachment, but is something real, something earnest. "I can only say further that this is a great sacrifice your commanding officer has been making. He has made sacrifices in the shape of time, positive labor and financial sacrifices. I doubt if any other man in the whole Dominion, even if willing to make the sacrifices, could have done as Sir Henry Pellatt is doing. (Great applause.)

"Personally I congratulate the commissioned officers, non-commissioned officers and men of the regiment on the condition and excellent shape they are in to go on this expedition."

Premier's Warm Tribute. Sir James Whitney rose next and was widely applauded. He read a formal order-in-council conveying the thanks of the government and the people of Ontario to Sir Henry and regiment for the "spirit of self-sacrificing patriotism they have displayed." The order also remarked on there being no parallel to the affair and that it could not have occurred "but for the enter-

A RETROSPECT.

Aug. 11, 1858: River St. Lawrence was discovered. Aug. 11, 1718: Byng defeated Spanish fleet off Cape Passaro. Aug. 11, 1844: Royal assents him, the order to an act which made the legislative council of Canada elective.

Aug. 11, 1867: The Atlantic cable, being laid out by the United States frigate Niagara, broke, after 335 miles had been laid on the bottom of the ocean. Aug. 11, 1891: In consequence of charges made against his department altho he was careless, Hector Langevin resigned his position as minister of public works and retired into private life.

GOOD MORNING, FALL HAT.

As a matter of fact, though the summer is not yet over, the Fall Hat is here. An advance shipment of them, The Dinegan Company have now on sale this season's blocks by the big English makers and by many of the American designers of men's hats. Store open every evening.

HAMILTON HAPPENINGS

HAMILTON NEWSBOYS WENT OUT ON STRIKE

It Was Called Off, However, After an Hour's Lively Hostilities.

HAMILTON, Aug. 10.—(Special.)—The three city papers were hampered in getting out their issues this afternoon by a newsboys' strike. The boys have been grumbling for some time past about the arrangement they have with the papers, and matters came to a head to-day, when there was a formal demand for two papers for one cent, instead of one and a half papers for a cent, which was made and turned down. The boys, to the number of several hundred, struck and congregated around the publishing rooms of the papers, leaving at the strikebreakers, who were brought in to handle the issues. They insisted several of the strikebreakers in one way or another, and finally the police were called in. Two boys were taken care of by the police until the racket was over, as they seemed to be the prime offenders. The strike was called off after an hour's hostilities for the reason, given by one boy, that they want to take in a newsboys' outing at the expense of the Spectator to-morrow.

Dilly Coleman, son of Dilly and Nellie Coleman, Stony Creek, died this afternoon from lockjaw. The boy, who was three years old, had on some glass fifteen days and cut his foot. Tetanus set in, and, despite the fact that six doctors were called in to attend him at one time and another, he died.

The grievance committee of the Street Railwaymen's Union, to which was referred the matter of bringing the men's request for an increase of wages before the company, has not yet met the management. Before the end of the week this committee will approach Mr. Coleman with a written statement of the increases they wish, and will ask him to consider it and lay it before the directors at the next meeting on Monday morning. The men are a little doubtful as to securing the increase that they intend asking for, but think that the company will do something for them.

While playing together at 14 Arthur-street, two little foreign boys, the sons of Mr. and Mrs. Cornell, began quarreling, resulting in the older one grabbing a pair of scissors and ramming them into the back of the other child. Fortunately the scissors struck a rib, breaking off the points and leaving them in the lad's back. He was rushed to the City Hospital, where he was placed under chloroform and the points of the scissors extracted. He was later removed to his home, and it is expected that he will recover. Dr. Parry is attending to him.

At the police court this morning Reginald Atkinson, 16 years of age, was sent down for three years for stealing a small sum of money. The magistrate believed that the boy had no desire to turn over a new leaf.

The local coal merchants have increased the price of coal from \$6.50 to \$6.75 per ton cash and to \$7 per ton when charged. Increased demand is given as the reason. The raise will go into effect to-day.

GETTING MARRIED.

The New Responsibilities and Their Relation to Art.

Getting married has many advantages. Sometimes as Liszt realized, it stops the career of some young woman who threatens to be a musician without a goal. On one occasion Liszt, the master's friend, a tall young woman playing Mendelssohn's Rondo Capriccioso. It was not a great performance technically or temperamentally, but Liszt grasped her by the hand when she had finished and said, "My dear, get married. There are thousands of young people who love the famous Rondo, but whose attempts to play it are to say the least, unhappy. Their fingers have not the facility of the Goulay-Angelus. This marvelous instrument provides a finished technique for every one. The operator has at his command every possible gradation in tempo and in dynamics. By the pressure of one finger he can accomplish wonders. If the player is operated by a person of sensitive musical temperament the result is fully as good as the artistic view-point as the performance of a Hoffman or a Paderewski. This is a large claim, but it is supported by Fritz Kreisler, the eminent violinist, whose musical sense no one will question. Mr. Kreisler, speaking of the Angelus, offers the possibility of obtaining every expression, and accentuation in playing, and to produce the finest shading of tone and dynamics. A combination of the Angelus as a part of such a sterling piano as the Goulay is worthy of the attention of every musician. The firm of Goulay, Winter & Leeming has accomplished a great thing in the production of the Goulay-Angelus. See it at the Yonge-street warehouses, next door to Eaton's.

Will Buy Elevators Thru Arbitration. WINNIPEG, Aug. 10.—It is understood that the Manitoba Government has decided upon the policy of buying all the elevators offered to the elevator commission by arbitration, and has appointed F. G. Simpson an arbitrator to represent the Manitoba elevator commission in all negotiations.

PROBE FOR WORKS DEPT. MAYOR'S IDEA ADOPTED

Intention is to Clear the Air of Rumors, Explains His Worship.

In view of numerous charges, most of them general in character, and many of them ridiculous, according to Controller Spence, having been made against the civic works department, the board of control yesterday decided to hold an investigation into all branches except the electrical department. The investigation will be held after the one into the management of the Isolation Hospital. Judge Winchester having expressed a willingness to conduct the latter investigation at any time.

CHARGED WITH BIGAMY

Building Contractor, Married Here, Said to Have Wed in England.

Charged by Staff-Inspector Kennedy with bigamy, George H. Ruff, a contracting builder, of 48 St. David-st., was arrested at his home last night by P. C. Bloodworth.

PRIVATE CAR FOR DOG.

NEW YORK, Aug. 10.—The most pampered bulldog in the world left the Grand Central Station yesterday noon for San Francisco in a private car which had been specially chartered for him at a cost of \$2,045.

TIES ACROSS THE RAILS.

BELLEVILLE, Aug. 10.—(Special.)—When the Grand Trunk local from Toronto, due to arrive in Belleville at 8:10 last night, was about 3 miles west of the city, the engineer saw what he believed to be a pile of ties laid across the rails. He was able to slow sufficiently so that when the engine struck the obstruction no harm was done. Several of the ties jammed under the pilot of the engine and were carried some distance in that position, but were not able to derail the train. The affair is being investigated.

HOW TORONTO GROWS.

Permits were granted by the city architect yesterday to the Canada Lined Oil Company for a three-story brick and concrete mill on Scoraure-avenue at a cost of \$35,000; Robt. Simpson & Co. Ltd., for wagon, storage and harness shop, Dal-housie-street, cost \$35,000, and Ideal Women's Wear Co., alterations to factory, 682 to 684 West King-street, cost \$15,000.

M'CURDY OF STRATFORD WINS SEAGRAM TROPHY

Wins Twin City Bowling Final From Eddie Seagram by Garrison Finish.

BERLIN, Ont., Aug. 10.—(Special.)—After reaching final stage in eight different bowling tournaments during the last three years Tom McCurdy of Stratford captured the Seagram trophy this afternoon at the Twin City tournament by defeating Eddie Seagram in a close and exciting game. These two skips met in the final at London three years ago. The Waterloo man had the lead until the last two ends, when McCurdy scored a three-er and a one end and won by the score of 21 to 19. The game was witnessed by a gallery of over 500 people, and the play-ers of both links were loudly applauded after every good play.

In the Kuntz trophy series Connor and Schielde, Berlin, are still in the running, and will play off to-morrow. The third round of the Berlin bowlers' trophy series has been reached, and will be completed to-morrow. To-day's scores are:—

EATON'S DAILY STORE NEWS

August Furniture Sale

Were the trees of the forest possessed of human minds, some of them might be inclined to detect a similarity between their own connection with the present month and that of the somewhat mournful relation between the fine young turkey and Thanksgiving Day or Christmas. In view of the abounding display of mahogany and oak brought into requisition for the August Furniture Sale, the comparison would, indeed, seem justified. But whereas it is the fowl's dour fate to be slain and consumed, the felling of the tree is only a happy matter of re-embodiment, a transmigration from trunk and bough to bureau, table and the sundry objects that serve for the beautification and comfort of the dwelling-place.

The Furniture Department has extended its boundaries. It has acquired the section the fourth floor recently added to the Store on Queen Street, and the whole broad stretch of territory has been devoted to the sale of all manner of furniture at specially low prices. The offering includes the numerous phases of cabinet making suitable for the various needs of the home, and ranges in choice from the superb old colonial serving table, in rich mahogany, reduced to one hundred and ninety dollars, to the extension dining-room table in golden oak finish at seven dollars and seventy-five cents.

In bedroom pieces the whole gamut of selection in the way of beds, dressing tables, mirrors, chairs and desks is run, each price ticket representing a sum lower than the usual cost, an uncommon tuna wood suite, the bureau marked at twenty-nine dollars and a half, an artistic cheffonier in beautiful bird's-eye maple at twenty-six and a half, and a genuine mahogany cheffonier at thirty-nine and a half, providing a good idea of the values that prevail. A mahogany bed carved in reproduction of one of the old masterpiece designs, and a dainty French cheval glass, priced each at fifty dollars, testify to the embracing of the most exclusive specimens in the general reduction-making.

An artistic little oak buffet in early English finish brought down to nine dollars—a mere shadow of its former cost—and a quarter-cut golden oak sideboard at twenty-two dollars are suggestive of the bargains to be picked up amongst the dining-room requisites, while the saving made possible by present purchase of brass or enamel beds can best be intimated by stating that the best English lacquer beds, with continuous or straight posts with ball tips, in polished or satin finish, are available at twenty-three dollars and seventy-five cents. Similar moderation of cost is also characteristic of the designs distinguished by square top rails, extended high head and extended bow front. Plain white enamel beds, some ornamented with brass knobs, are obtainable from two dollars and twenty cents to ten dollars. And so on the story of lowered prices runs.

The poppy is August's particular flower. The sardonyx is the gem ascribed by traditions as symbolic of the month. And now in as true a sense, has furniture come to itself with these Mid-

Constantly Adding to the Oriental Rug Stocks

The wonderful prices have proved an irresistible attraction to hundreds of alert housekeepers and homemakers. We have been urging the incoming stock to keep the supply at the high-water mark. Yet the grade has not lowered in any respect. The only basis for choice is a preference for one style, or the matching of the color scheme of the room at home. Each rug is like a picture painted by some great artist, full of life and interest. The difficulty of choice is merely a question of what to give up, for you'll want them all.

Now Arrive Seamed Wilton Rugs for the August Sale of Rugs

We have been waiting for these reinforcements to the otherwise perfect stocks of sale Rugs. The seamed Wiltons are made from a grade of material in no way inferior to that used in the seamless goods; but the greater ease with which they can be manufactured in the narrower strips is accountable for the very large difference in the price.

In addition to the usual difference in price there is to be deducted the special August Rug Sale Discount. We have been able to name prices on these Wilton Seamed Rugs actually lower than the cost of putting down a Brussels Carpet at the usual rates. The material is a really fine one, giving good hard wear, and the designs, styles and colors can be suited to almost any room in your home.

Size, 3 x 3 yards	\$15.00	Size, 3 x 4 1/2 yards	\$22.50
Size, 3 x 3 1/2 yards	17.50	Size, 3 3/4 x 4 yards	25.00
Size, 3 x 4 yards	20.00	Size, 3 3/4 x 4 1/2 yards	28.00

The Time to Buy Summer Rugs is Now

American Fibre Rugs are one of the best grades of popular priced carpets. The designs are snappy, and the colors more or less on the "natural" order; soft and restful.

30x60 inches	85c	18x36 inches	95c
36x72 inches	\$1.00	18x54 inches	\$1.65
2x3 yards	4.25	36x63 inches	2.25
2 1/2 x 3 1/2 yards	5.25		
2 3/4 x 3 1/2 yards	6.75		
3x4 yards	7.75		

Others are the Wool and Fibre Runners, which you will find exceedingly inexpensive, Japanese Stenciled Matting Rugs that have all the complexity of pattern you'd find in an Oriental Rug, and a host of others.

500 Cotton Bath Rugs, washable and in color combinations of blue or green, with white, are wonderful value at these prices:—

18x36 inches	95c
18x54 inches	\$1.65
36x63 inches	2.25

Hit and Miss Axminster are made from the yarns that are too short to be woven into intricate patterns. The grade and wearing qualities are equal to those of the best Axminster carpets, and the hit and miss patterns are very pretty indeed, very suitable for living room or bedroom; size 3x4 feet 5 inches, in olive green and gold. August Sale price \$1.39

Made of English semi-porcelain, prettily decorated with neat floral design in blue, edges and handles embossed. Very serviceable ware, only 600, specially priced, each..... 5c

Breakfast Plates to match above cups, each..... 4c

—Basement.

Huron Red Hot Furnaces

They possess numbers of exclusive commendable features. Has an unusual large area exposed to direct influence of fire. All smoke and gases are compelled to circulate All Around the furnace radiator, and pass from top to bottom several times in making the one circuit. This prevents possibility of one-half of the radiator becoming ineffective. It has actually three radiating surfaces. The Fire Pot proper is sectional, in two rings, lessening possibilities of damage by cracking. Has two pairs of rolling gates, a method now conceded to be the best in furnace construction. Economical and exceptionally easy to operate.

- For Ordinary 6-roomed House, \$22.50

The Great Problem of a Clean Home Solved by the Vacuum Process of Cleaning

We are making special inducements for you to buy a Vacuum Cleaner. Every facility is offered for inspection in our showroom, and the simplicity and perfection of the process is carefully explained. The use of the Vacuum Cleaner means actual removal of the dust. Why not make sure of the health of your family in this particular!

Special Offer: The Vacuum Cleaner \$69.50

We will sell a limited number of these thoroughly efficient cleaners at a discount equal to nearly one-third from their original price. They must be sold to make way for the new goods on order, and now due. The machines are all perfect, high-grade cleaners, operated by alternating current. The working parts are enclosed in a handsome hardwood case. The suction is strong and steady, and the weight is about sixty pounds. This size is large enough for use in churches, lodge rooms and public buildings of all sorts. Its six different nozzles give it almost unlimited usefulness in its field. While the lot lasts the price will be..... \$69.50

The Empire Vacuum Cleaner—This very compact machine has as much power as many heavier machines, although it weighs only 40 pounds. Its work is very thorough in every way, as it has many nozzles, a good reliable motor, can be easily emptied of dust without soiling the hands, and it has a blower attachment to be used in cleaning radiators and other inaccessible places. An observation glass enables the operator to see what results are being had from the machine. Price..... \$100.00

The Automatic Hand Power Vacuum Cleaner has an exceedingly strong suction for a machine operated by hand power. It is made entirely of iron and aluminum, weighs about 28 pounds, is easily portable and operated without unnecessary effort, with only 5 to 10 per cent. resistance in place of the usual 190 per cent. This machine has both blower and suction, and can be used for cleaning carpets, rugs, upholstery, mattresses, tapestries, etc. Complete with 12 feet of wire woven hose, one 4 1/2-foot rod, and one six-inch nozzle..... \$25.00

—Third Floor.

The Diamond Polishing Oil

An oil that is positively non-injurious, and specially prepared for polishing pianos, organs, furniture, and any varnished or oil surface. Makes everything look like new with one application, and only requires a little rubbing. Put up in bottles, and all ready for use..... 25c

The Wax to Use on Hardwood

Try Diamond E Special; it leaves a bright, glossy surface, that always looks well and lasts well; adapted also for soft wood floors; 1-lb. cans, 40c; 2-lb., 80c; 5-lb..... \$2.00

Paste Wood-filler

Before varnishing or oiling, fill up the little holes in woodwork with our special application; makes clean job. Put up in cans, 1-lb. cans, 18c; 2-lb., 35c; 5-lb..... 85c

Weighted-Floor Polishing Brushes

Makes floor polishing easy. Brushes are made with strong bristles, specially weighted, obviating the necessity of pressing on brush. Made in two weights—15-lb., \$1.85; 25-lb., \$2.25

—Third Floor, Queen St.

Baseball Supplies Half-price

For one week, beginning TO-DAY, we will place all Baseball Supplies on sale at exactly half-price. This is most important to baseball players, as they may secure a complete supply for this or next season. Consider the opportunity of getting a Reach's Decker for \$1.25, which sells usually at twice this amount. These are not damaged goods; all new and regular stock, but as the season is well advanced we do not desire to carry them over. All out at half-price. Here's Thursday's list:

- Reach's Finger Gloves, horsehide palm and back, triple seam, leather lined, half-price..... \$1.25
- Reach's Deckers, horsehide palm and back, leather bound, laced, half-price..... \$1.25

REITERATES BELIEF IN DECREASED APPLE CROP

Prof. Crowe of the O.A.C. Repeats His Statements and Gives His Reasons.

ST. CATHARINES, Aug. 10.—(Special.)—At a largely attended picnic of Lincoln Farmers' Institute at Vineland this afternoon, Prof. Crowe, Guelph Agricultural College, explained his statements on the Ontario apple crop decrease. "I am not a knocker, but a booster of the Ontario type," he said, but repeated his statement that the fruit industry of the province was not increasing.

Weekly Tests of Water. The board of control has ordered the medical health officer to make weekly tests of the water from the mouth of the intake pipe. Dr. Sheard, however, is not alarmed as yet about another outbreak of typhoid fever.

BEATON FORCED BUT? STRONG RUMORS AFLOAT

Dissatisfaction Abroad Over Orillia Asylum Appointment Not Confined to Liberals

The resignation of Dr. A. H. Beaton from the position of superintendent of the Asylum for the Insane at Orillia, and the subsequent almost immediate appointment of Joseph Downey, former M. L. A. for South Wellington, to the position, are causing considerable comment in the various political circles throughout the province.

An announcement from the provincial secretary's office of three weeks ago states that Dr. Beaton had resigned from the service "in view of his advanced years."

Rumor has it from Liberals who profess to know, and as A. H. Beaton, the well-known Liberal organizer, is a son of the doctor's, there is possibly some good foundation for the statement that Dr. Beaton's resignation was asked for by the department, and this, in spite of the fact that all thru the doctor's term of office no reasonable fault could be found in his record as a government servant.

It is also understood that Dr. Beaton, inspector of asylums, went to Orillia with the resignation, and presented it for the doctor's immediate signature. This was given, and the doctor will have vacated the premises by Monday next. It is expected that Mr. Downey will immediately proceed to move into his new quarters.

Mr. Downey is the fourth member of the legislative assembly to be appointed to a position with an emolument under the government. Charles Lamarche, now local registrar, stood aside in East Nipissing to make room for the Hon. Frank Cochrane, and also Edward Little of Carleton Place, who was allotted a similar position. Andrew Carnegie was appointed to a position in the law stamp office at Osgoode Hall.

It is also stated that dissatisfaction with the appointment exists in the riding among Conservatives, who state that the same patronage in connection with the asylum was used against them most effectively when the Liberals were in power.

HANDBOOK MAN FINED Evidence Showed That John Colbert Accepted Bets.

John D. Colbert, a colored barber, 101 1/2 Victoria-street, was fined \$20 and costs yesterday on a charge of running a handbook on his premises. Two witnesses testified to having laid bets. One had played a winner, but declared he was refused his money when he went to cash in.

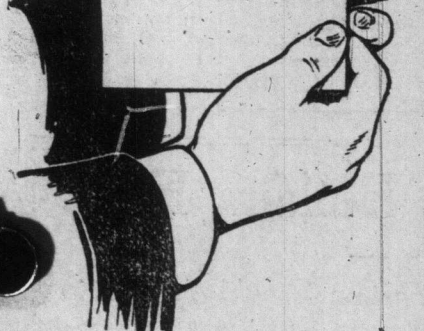

NO FIRE APPLIANCES. BELFAST, Aug. 10.—At the inquest in connection with the Kelvin Hotel fire in which Rev. Mr. McCaughan, formerly of Toronto, lost his life, it was stated that there were no fire appliances, and the only exits were the front and back doors. The fire brigade officers said the engines were on the scene within three minutes after the alarm.

LONDON PLANS FOR Q.O.R. (Canadian Associated Press Cable.) LONDON, Aug. 10.—The London and Northwestern Railway is making special preparations for the conveyance of the Queen's Own Rifles to Aldershot. The Q. O. R. while in London will be quartered at the Duke of York's Schools, Chelsea.

THE CADET MOVEMENT. (Canadian Associated Press Cable.) LONDON, Aug. 10.—In the course of an interview regarding the cadet movement here, Lord Dundonald said Gen. Lake, in a recent report to the Canadian Government, entirely agreed with the views previously expressed by himself. There had been a great change of opinion in Canada lately on the question.

City Mission's Good Week. At Toronto's City Mission, it is stated, that 228 persons, mostly sickly women and children from the crowded districts of the city, have been given a two weeks' free recuperation at the Bronte Fresh Air Home. The fifth contingent returned yesterday, and another leaves to-day.

MUTUAL REGULATION

Of Fisheries, the Claim of Senator Eilhu Root.

(Canadian Associated Press Cable.) LONDON, Aug. 10.—Continuing his argument before the Fisheries Tribunal for the United States, Senator Eilhu Root contested the assertion that after the conclusion of the treaty of 1818 the United States in certain cases acknowledged her fishery rights were subordinate to British fishery legislation. America only recognized the validity of laws which are not conflicting with the treaty.

Mr. Root maintained that Lord Bathurst in 1815, Malmesbury in 1832, and Salisbury in 1839, admitted that the rights of Americans were not limited to the absolute jurisdiction of Great Britain, and that in the present case Britain could not uphold the idea that she could draw up any regulations she liked for fisheries because she had herself acknowledged such regulations should be reasonable, necessary, and equitable. Great Britain could not be the sole judge of necessity or equity in fishery laws. Mr. Root declared America by no means based the inviolability of her right on an analogy of this right with the "servitudo" of Roman law, but on the rules of interpretation constituted by international law applied to the treaty of 1818, which might belong to that category of rights.

As regards United States territory the tribunal could not reject this conception without rejecting at the same time the general opinion concerning international law prevailing throughout the world. Mr. Root expressed the opinion that the tribunal would decide the laws governing fisheries should not effect American fishermen without the consent of the United States, with the right of appeal in case of a disagreement, to arbitration tribunal. The way would thus be smoothed for the mutual regulations of fisheries.

A CROP OF LAWSUITS Result of Enquiry into Alleged Masonic Scandal.

MONTREAL, Aug. 10.—The crop of actions and threatened actions arising out of the Millette charges that the members of Emancipation Lodge were in a plot to lure priests attending the Eucharistic Congress to disreputable houses bids fair to prove a record. German B. Beaulieu notified the city that at the end of the thirty days' delay required by the city charter he will sue the Mayor, as Mayor and chairman of the investigating committee, claiming \$25,000 damages for mentioning his name in the inquiry, whereas he is not a member of the lodge.

It is also stated by members of Emancipation Lodge that criminal actions will be taken against some of those who are behind the present inquiry, and civil actions against the members of the committee individually. Then there is the injunction asked by Mr. Fortier to prevent the city going on with the investigation. Till this is decided the inquiry can go no farther.

SAILORS JUMPED OVERBOARD. HALIFAX, Aug. 10.—Worried over the scarcity of bait and fish, the captain of a Portuguese schooner fishing off the Grand Banks, jumped overboard and drowned himself several days ago, to be followed by one of his crew three days later. Both along shore and on the Banks there is a great scarcity of bait and fish, something unusual for this time of year. An American fishing schooner that arrived at Louisburg brings news of the suicide of the Portuguese captain and one of his sailors.

DR. BRUCE HOPKINS INJURED. LINDSAY, Aug. 10.—Dr. Bruce Hopkins of the Toronto General Hospital, who is visiting his father in Lindsay, Ont., was injured in an accident. Mr. G. H. Hopkins, K.C., figured in an exciting accident, when he and his father were thrown out of a motor car by the large glass shield and into a deep ditch. Painful bruises and cuts were sustained.

Government House Plans. Competition for plans for the new Government House, to be erected on East Bloor-street, closed yesterday at noon. Over a dozen sets of architectural drawings have been handed in to the department of public works. The competition is to be judged by three local architects, of whom F. R. Heakes, of the provincial department will be one.

The winner of the competition gets a plan. The restriction that all plans submitted are to become the property of the department, and the fact that the architect drawing the selected plans may not necessarily be chosen to carry out his work, has kept some of the larger architects from entering the competition.

The Royal Edward, C.N.R. liner, has clipped four hours off the transatlantic record.

SCHURMAN FOR GOVERNOR

President of Cornell Mentioned for Executive of New York State.

OYSTER BAY, N. Y., Aug. 10.—Theodore Roosevelt is in touch with the political situation in New York to-day as a result of a long conference with Wm. Loeb, Jr., collector of the port.

The conference began last evening, lasted until nearly midnight and was resumed this morning, concluding only when Mr. Loeb left for New York City, Mr. Roosevelt was not attempt to state who the Republican nominee for governor shall be, but it is understood that Loeb told his former chief, whom he would appoint. Report has it that Jacob Gould Schurman, president of Cornell, will be the man.

Crop Conditions on the Grand Trunk Pacific. The latest reports from the Grand Trunk Pacific to headquarters in Montreal are very encouraging as to the crop prospects.

Rivers—Expects wheat to yield 12 to 15 bushels, oats 25, barley 20. Cays—25 bushels to the acre. Ituna—Reports say that the harvest in that section will be as good as last year.

Canora—Is looking for 30 bushels of oats to the acre, despite the dry season. Cobles—Reports wheat probably 15 bushels to 20 bushels per acre. Kingley—Because of the drought will not reap more than 12 bushels to the acre.

Kellier—Is most fortunate. In that district there is every indication of 25 bushels of wheat to the acre. Biggar—Reports that in this district about 20 bushels per acre. Balgarnie—Looks for 30 bushels. Regina—18 to 20. Melville—23. Yorkton—25. Punnichy—20. Chamberlain—12 bushels. Scott—18. And this about the way the report averages except in Wainwright and also about Tramping Lake. In the latter district the yield will be from 25 to 30 bushels per acre.

WANT EMBARGO RAISED. (Canadian Associated Press Cable.) LONDON, Aug. 10.—The Canadian Associated Press understands a renewed effort will be made to induce the government to remove the restrictions on Canadian cattle, and chambers of commerce throughout the United Kingdom are to be memorialized in support of a formal resolution urging this policy, which will be submitted at the autumn meeting of the association of the chambers of commerce.

Aged Owner of Millions Weds Youth. CHICAGO, Aug. 10.—Mrs. Mary B. Train, who gave her age as 70 years, married here to-day to James Dibs of New York, a Syrian linen salesman, 23 years old.

Match Ignited Gas. In locating a gas leak in the basement of the Quebec Bank with a match Edward Wilkinson, porter, was badly burned about the head. He is in St. Michael's.

Tobacco Habit Dr. McTaggart's tobacco remedy removes all desire for the weed in a few days. A vegetable medicine, and only requires a few drops, with its own price, 25c.

Liquor Habit Marvellous results from taking his remedy for the liquor habit. Safe and inexpensive home treatment; no hypodermic injections; no publicity; no loss of time from business, and a cure guaranteed.

The Royal Edward, C.N.R. liner, has clipped four hours off the transatlantic record.

Interest on Loan Lowered. OTTAWA, Aug. 10.—A Canadian loan of \$5,000,000 falls due on October 1 in London, and will be renewed at 3 1/2 per cent. The old loan was at 4 per cent.

Last Excursion All Round Muskoka Lakes

Saturday, August 13th, 10 a.m. FOUR DAYS--\$2.60

BALA PARK AND TORRANCE--\$1.60 Tickets cover railway journey to Bala Park or Lake Joseph, four days' travel on the Muskoka Lakes on any of the twelve steamers of the Navigation Company.

MUSKOKA AT ITS BEST

DO NOT MISS THIS OPPORTUNITY. Only a small proportion of Toronto people have seen these beautiful lakes; they put it off and say: "We will take the next excursion." This is your last opportunity for a cheap excursion this year.

Secure tickets at City Office, corner King and Toronto Streets. See that your ticket reads Canadian Northern Ontario Railway—the only route with two lake-side ports.

New Goods Arriving Too Fast! Can You Take Them To-Morrow At These Prices?

Never before have we accepted such early delivery of new Autumn Goods! They are pouring into every department and clamouring for recognition. Because department space is limited, these new goods must either go right into the hands of our customers or replace some other merchandise that will go the same way.

Some Surprises in August Furniture

Persistently we have been making the statement that we are in closest touch with the best furniture manufacturers. This statement means nothing to you unless it is verified by our selling you good furniture at the lowest prices.
