MONDAY MORNING MARCH 5 1917—TWELVE PAGES

BRITISH THRUST COMPELS RUSSIANS TAKE HAMADAN AND VILLAGE NEAR BIJAR

Offensive in Persia Results in Turks Being Driven From Two Places With Heavy Losses.

Petrograd, March 4, via London-The capture of Hamadan, in Persia, slightly more than 100 miles from the Mesopotamian border, was officially announced by the war office today. The town was taken from the Turks on March 2. Russian troops also are on the offensive further northwest, and have captured the village within two miles of Bijar, eighty miles northwest of Hamadan and about the same distance from the border. The official statement reads:

"Caucasus front: In Persia our detachments assumed the offensive in the direction of Bijar and occupied the Village of Khanakali, two miles southwest of Bijar.

"As the result of operations in the Hamadan region the Town of Hamadan was captured by our troops on March 2. Western front: In the neighborhood of the little town of Krevo we made a ras attack which caused alarm in the

"Rumanian front: There has been reciprocal firing activity."
The capture of Hamadan by the Russians may mean that the czar's troops will again attempt an advance into Mesepotamia from Persia, to aid the British in their advance up the Tigris toward Bagdad. Hamadan, which is 240 miles northeast of Bagdad has been the center of much fighting between the Russians and Turks. In April, 1915 it was occupied by Turkish troops, but in December, 1915, it was taken by the Russians, who continued their advance westward toward the Turkish frontier, later capturing Kermanshah and Khanikin, on the Persian border, 130 miles northeast of Bagdad.

Sir Douglas Haig's Men Carry in Two Days' Operations German Positions on Fronts of Five and Two Miles, Despite Stubborn Resistance, North of Ancre-Enemy Also Loses Important Point North of Somme.

FURTHER ENEMY RETREAT

London, March 4 .- In the past two days, despite a desperate resistance by the Germans, British troops have made two big advances up the Ancre valley, the first one of about 500 yards on a five-mile front and the second one of about 1200 yards on a two-mile front east of Gommecourt and northeast of Puisieux-au-Mont.

Besides making the foregoing progress in the Ancre valley the British attacked the German lines east of Bouchavesnes, north of the Somme, captured the German front and support trenches on a front of 1200 yards and took 173 prisoners and three machine guns. In this area they repulsed several German counter-attacks with great

The continued progress of the British on the Somme, despite the determined attempts of the enemy to stop them, is taken as a good augury for the opening of the spring campaign. The roads will soon become dry and the fighting will become more intense. It is expected to spread on a wide front north and south of the Somme and north of the Ancre.

Against stubborn German resistance, British troops today advanced their line north of the Ancre, in France, an average of a quarter of a mile on a front of nearly five miles, says the official statement issued by the war office last night. The British advance was made north of Puisieuxau-Mont and east of Gommecourt.

The statement follows: "During the day our troops made further progress north of Puisieux-au-Mont and east of Gommecourt, and our line has been advanced an average distance of a quarter of a mile on a front of nearly five miles. The

enemy offered stubborn resistance. Beat Off Local Attack.

"A local German counter-attack made against our advan northeast of Gueudecourt last night was stopped by our artillery barrage and rifle fire. An enemy bombing attack forced our troops to evacuate a trench east of Sailly-Saillisel this morning. An immediate counterattack was organized, which regained the whole of the lost ground.

"The enemy rushed two of our posts last night northwest of Roye; a few men are missing. Another strong enemy patrol, which attempted to approach our lines east of Givenchy and La Bassee this morning, was

"Successful trench reconnaissances were carried out by our aeroplanes

during the day. One of our machines is missing.

GAIN EAST OF GOMMECOURT.

British troops in their forward movement in the Ancre area in France have made another advance east of Gommecourt along a twomile front of about two-thirds of a mile, according to the official report from headquarters tonight. Nearly 200 prisoners were captured. The text of the report reads: This morning we attacked and captured the enemy's front and sup-

port lines east of Bouchavesnes on a front of 1200 yards, taking 173 prisoners and three machine guns. During the day we repulsed with heavy losses several counter attacks. "East of Gommecourt the enemy continues to yield ground. In this

neighborhood we advanced along a two-mile front to an average depth of

"Six prisoners were taken in a successful raid last night northeast of Ablaincourt. During the last twenty-four hours we have captured a

total of 190 prisoners, five machine guns and two trench mortars. ENEMY LINES ARE SMASHED.

Whatever may be the ultimate strategy lying behind or claimed for the German retirement between Gommecourt and Le Transloy, even most casual inspection of some of the evacuated lines near Bapaume plainly reveals the immediate reason for their abandonment. They have been smashed to pieces by the incessant and ever increasing British artillery fire.

Communication trenches, built for the purpose of bringing up food and ammunition, have been flattened almost beyond recognition and have long since ceased to serve their purpose. The wide belt of area back of the German lines has been lashed by bursting shells until it had become practically impassable. For hours at a time, often for days, the drumfire of the British guns made it impossible for any man to reach or leave the trenches.

Some of the prisoners recently taken said they had been cut off from food for 48 hours by the barrage back of their trenches. COULD NOT HOLD LINES.

The British outposts are established well beyond the old German front line positions, and, altho from their new retreats the German guns are constantly sweeping the evacuated territory with violent bombardments, it was possible yesterday to visit and inspect some of the trenches and strong points, which it was all too apparent the Germans could no longer maintain in a defensible condition. The abandoned ground was covered with hundreds of German dead.

Large British burying parties, bravely ignoring German shells and snipers, have been busy for several days clearing up the dead, but the task is still a long way from completion. In front of the old German lines near Le Barque were some bodies which had lain there since last November when the Germans attempted an attack, but were shot down while leaving their trenches. The unceasing artillery and rifle

fire had prevented their recovery. It seems that the Germans must have lost heavily in abandoning their positions, for scores of bodies were encountered beyond the lines -those of freshly fallen men. The Germans are continuing their strong defensive rear guard actions all along the line, but the British appear able to move forward and consolidate the new ground just as

rapidly as they desire.

* WAR SUMMARY *

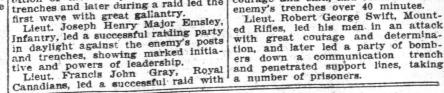

THE DAY'S EVEN IS REVIEWED

ELD MARSHAL HAIG is still keeping up his advance north of the Ancre on a wide front, and in the past two days he has pressed the Germans back north of Puisieux-au-Mont and east of Gommecourt, on Old London, the ap-IELD MARSHAL HAIG is still keeping up his advance north of the Germans back north of Puisieux-au-Mont and east of Gommecourt, on fronts of five and two miles, in two offensive operations. First he shoved merited, for Heath his men forward on the five-mile front to a depth of about 450 yards, and is, the next day followed up this success by swinging forward his left in this the sector east of Gommecourt on a two-mile front, to a depth of 1200 yards. and exclusive manu-The Germans offered stubborn resistance to the British movement on the facturer of hats in wider front, while the British official communication says that they yielded the world. His styles The Germans offered studdorf resistance to the British movement they yielded the world. His styles wider front, while the British official communication says that they yielded are almost universalground on the narrower front.

Besides making progress north of the Ancre the British also made some progress north of the Somme, southeast of Sailly-Saillisel and east of Bouchavesnes. In this region they captured yesterday the German first the United States, where it commands line and support trenches on a front of 1200 yards, taking 173 prisoners. This advance has a certain correspondence with the recent advance east of Sailly-Saillisel and it has probably as its object the turning of the Germans out of the Neuville-St. Vaast Wood.

The British advances north of the Ancre are having the effect of sharpening the Arras salient, the great bulge created in the German lines between a point north of Gommecourt and Loos by the German withdrawal from the front immediately to the south and intersected by the Ancre. The original German trenches, of course, run north and south, while the British, from the northern bank of the Ancre, are now also able to fire styles of men's hats for the spring, sue north, and thus the enemy will have to endure a fire from his front pany. Limited, 140 Yonge street, corpany.

The Truth About SANATOGEN

TNFERIOR imitations of Sanatogen, called by similar names, have recently been advertised in Canada as having "replaced Sanatogen in England."

It is just because imitations are inferior to Sanatogen, and have entirely failed to replace it in England, that an all British syndicate has at last been permitted to purchase all the British assets of the German business, with the result that Sanatogen is now absolutely and permanently British.

This has been the death-blow to imitations of Sanatogen in England; in a few months they have become practically unsaleable, and that is why hasty efforts are being made to foist them on the Canadian market before the facts become known there.

Get the Genuine Original Sanatogen-Now Absolutely British.

Genuine Sanatogen is now manufactured at the same British factory, by the same British chemists and workmen, and by the same special processes and machinery that the German firm employed. It is on these processes—used only by ourselves—that the whole efficacy of Sanatogen depends.

No other product has the same synthetic composition or the same nervestrengthening, health-giving properties—properties which, during the past ten years, have made Sanatogen famous throughout the world, both with doctors and the public.

Insist on having "the real thing"; see that the label is marked "Manufactured at our Works at Penzance, Cornwall." Later on we shall re-name it "Genatosan'-genuine Sanatogen-to distinguish it from the multitude of imitations: but for the present it will still be sold in Canada under its original name-

> LARGE WEEK-END HAUL OF COAL OVER G. T. R.

One Hundred and Fifty-Eight Cars of Fuel Were Received in Six Hours.

The Grand Trunk Railway had a big week-end haul of coal from the coal, arrived between Saturday morning and midnight on Sunday, with three en route from Niagara Falls and five from B'ack Rock.

Between 6 o'clock and midnight Sunday night 158 cars were received in the Toronto yards, consigned as follows: Consumers' Gas, 36; Rogers, 18; Standard Fuel, 14; Milnes, 4; Cox

* WAR SUMMARY * THE DAY'S EVENTS REVIEWED (Continued From Page 1.)

and his flank. The continuance of this pressure, combined with infantry advances northeast of Gommecourt and north of Puisieux-au-Mont, should soon compel the enemy to evacuate further stretches of his ofiginal front. Field Marshal Haig has apparently as his first main task the driving of the Germans from their original positions all along their front. When he examination and fourteen passed expels them from the Arras sector, the turn of the sector between Lens doctor. They were distributed as fol-and Ypres will come. Retirement of the enemy from these lines will bring lows: 208th 1; 255th 1; 256th 1; 248th the British almost to the gates of Lille.

An American correspondent who visited the ground on the Ancre vacated by the Germans telegraphs that the British artillery fire had Forcing Prices Down Again smashed the German trenches to pieces. The British barrage, which was thrown behind the German lines and over their communication trenches, often cut the trench occupants off from all communication with the outside world for 48 hours at a stretch. In their withdrawal the Germans material two years ago to last them also lost heavily, for their dead encumber the ground. The Germans had under ordinary conditions for a period suffered great losses while holding their trenches. In the light of this of five years, and at the then information it needs no seer to perceive one strong reason for the German prices. And to keep the fires burn-

On the French front the chief pressure against the enemy is February offered to wire occupied or completed houses for electric light being exerted on both banks of the Meuse before Verdun. The cannonading concealing all wires and without keeps heavy in this region, and at one place the Germans attacked the breaking the plaster or marking the French, but they could not make any gains. The British have taken over decorations, and now offer during additional frontage from the French, and their lines now extend at least March to sell any electric fixture in as far south as Roye, for they reveal this extension by recording a German attack on their outposts. This makes the British extension of lines 25 and install them free and keep there or 30 miles in the past winter. With the troops thus released the French in order for a period of ten years. can make a large concentration at some more vital point.

Simultaneously with the British advance up the Tigris the Russians In Persia have opened an offensive and captured Hamadan, near the Turkish border and on the road to Bagdad. The Turks have begun to retreat and the Russians are pursuing them. The Russians are also attacking the Turks further north, probably in order to conduct a converging movement on northern Mesopotamia, and to cut the Bagdad railway, so as to prevent the sending of reinforcements by the Turks to their moved to the Hospital for Sick Chileastern front, except by the camel track over the Syrian Desert.

The United States Senate failed to pass the bill empowering President Wilson to arm merchantmen against submarines, owing to the action of a small knot of men in talking out the session till it died with the lapse of time. The president has summoned a special session of congress to proceed with the measure. This delay in the needed legislation holds

VETERANS WERL CHEERED **DURING CHURCH PARADE**

Crowds Greeted Them as They Marched to St. Anne's Church.

The unusual sound of hearty cheers and enthusiastic applause during a Sunday church service interrupted Rev. Lawrence Skey, rector of St. Anne's Church, Cladstone and Dundas streets, Sunday afternoon during his sermon before 600 voterans of the great war and a large congregation. The occasion was the second service in connection with the raisond service in connection with the raising of a draft of 250 men for overseas service by tae 109th Regiment with the ald of returned soldiers. Rev. Mr. Skey in a forceful address declared that if Canada maintained her traditions she would raise the quota of men desired, and if they were not raised by voluntary means conscription in some form would be adopted. The spontaneity of the cheers and applause was startling. The speaker told of the need of righteous-ness before peace, and said that Britain would continue to "hold on" with the

'contemptible little army" to a force of Greater crowds and greater applause, punctuated by cheers, marked the second parade of the veterans Sunday afternoon. They assembled at Alexandra Gardens, Bathurst and St. Patrick streets, and marched under escort of the 199th Regiment to the church. Throngs of people lined the streets over which the soldiers marched both to and from the church. About 600 members of the 199th marched under Col. W. S. Dinnick:

Arrangements have been completed for a dinner which will be held for the veterans in the Cafe Royal, King street. Aniong those who will attend will be Sir Edmund Walker, Sir William Mulock, Sir William Osler, Premier Sir William H. Rowell. Greater crowds and greater applause

Continues With Most Interesting Displays of Smart, New Apparel for Women, Misses and Children. Revealing in Fascinating Manner the Authentic Styles for the Coming Season as Interpreted by Paris and New York.

All That is New in Gowns, Suits, Coats, Skirts and Blouses Being Featured in Charmingly Arranged Groups in the Several Departments and in the Yonge Street Windows

On Tuesday Your Attention is Specially Directed to

The Magnificent Collections of Dresses for Women and Misses

Wherein Fashion Presents in Alluring Guise the Garb on Which She Has Set the Seal of Her Approval for the Several Functions of Evening, Afternoon, Street or Sports Wear.

Depicting a Changed Silhouette, With its Greatest Width at the Hips

An effect achieved by plain, close-fitting bodices and the jupe tonneau or barrel skirt, which is drawn in about the ankles; by the peg-top skirt, draped over the hips; by the full basque of the Russian blouse; by huge pockets and loose panels, with as alternative the slim, straight figure, its pleated skirt and narrow-shouldered. plain bodice having a hint of the Directoire. THE COAT DRESS, buttoned from throat to hem, is a type that must be emphatically mentioned.

NEW SLEEVES are also a matter of moment, strange and wonderful cuffs appearing on all dresses of whatsoever type, with the exception of evening gowns (which are sleeveless or with just a suspicion of net or tulle). And the cuffs are of all varieties, very prominent being the sleeve that is slashed with a pendant point below the elbow, as in figure "B;" the sleeve that is wrapped over with fullness below the elbow, and Mandarin and belt sleeves on the filmier sort of afternoon dress

Also arrestingly new are the lines of the neck-severely simple-round, square or chemise shape-as shown in sketches B, C, D, or with quaint collars of every imaginable shape and dimension.

E. A study in black and white, this evening gown, cut with that artful artlessness, that cunning simplicity which betrays the hand of the master couturier. Callot Socurs are indeed responsible, the material being the soft, shimmer-ing satin of which these designers are so fond, and which is well adapted for the sinuous lines they affect. The gleam of silver is seen in the V of the corsage and beneath the arms. The long, pointed train-a frequent feature of the new evening dresses, is to derskirt of black tulle over satin. Price, \$135.00. -Women's Dress Dept.

Illustrating the close al-

liance between the Store

and the accepted authori-

ties on modes, the dress

above, a reproduction from Vogue of January 15th, may be seen in the Women's Dress Department. Its price is \$100.00.

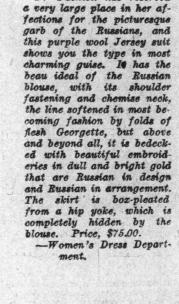

emphasized by the "old" blue cord lacings and tassels that adorn the ouriously baggy pockets and the little front. The big white satin collar, vest and ouffs, and white satin facings of the pockets ish touch, and, of course, the cleverlyfashioned Russian blouse is not only the essence of chic, but is most becoming to immature figures. Price \$35.00. -Misses' Dress See

A. Crepe meteor

in the new penguin grey, is responsible for this pretty dress, the soft bluish tons

playing with Directoire modes, here is a very charming gown with one of the newest skirt, made of a heavy silk faille in an in describable brownish plum shade. The gold satin of the quaint high-waisted bodice makes a most striking harmony in color. and introduces to you the round neck. The

D. Fashion has reserve

Soft graceful and alluring to a degree—they include crepe de Chine, crepe meteor, Georgette, shimmering satins, pussy willow and foulard, holding first place for the fashioning of afternoon and evening gowns; supple gabardines, wool jerseys and serges, for frocks of the tailored order; wool and silk Jerseys and the new printed and plain Khaki - kools. Shantungs and natural silks, for the sports costumes, which loom very large on the fashionable horizon. It is worthy of note, too, that two materials and two colors are frequently allied with charming effect.

Trimmings and Colors

The more elaborate gowns are ablaze with metallic embroideries in Persian and Russian effects, but in the simpler sort a touch of aptly applied bead or silk embroidery, soutache braiding and stitching is noteworthy, while tassels and balls are of frequent occurrence.

About the colors pages might be written, for gold, apricot, mustard, citron, apple and grass green, damson, and purple, rose, blues, of inde-scribable tints—tapestry, the new soft poilu shade, China blue and turquoise make a vivid blaze, among which stand out the neutral tones of beige, putty, clay, penguin and plat-inum greys, with white and flesh color for simpler dresses.

G. A coat dress - like Joseph's—of many colors— for though its groundwork is oyster white khaki-kool, the striped parts are all gay and vivid with color—purple, rose and turquoise blue sports attire for misses, as for women. It buttons in the accepted mode for coat dresses, from neck to hem, and the box-pleats, back as well as front, supply a very new touch. Price, \$65.00. -Misses' Dress Section.

the cult of the sports dress is also the cult of Jersey cloth, this very smart and practical dress for misses! In the fashionable old gold shade, with purfacing to the pockets, which are a matter of course on every sports dress quaint convertible collar and band across the front of purpleit is a joyous bit of color. And one of its supreme attractions--the pretty buttoned vest is made on a little separate bodice, to which the sleeres are also attached, so that another blouse could be worn with it. Price,

-Misses' Department. H. Khaki-kool the material, oyster white the color, with apple green and black block trimming—making a sports frock that would do duty for any short of formal occasions. And though the lady turns her back to you, it is not because the front is not just as pretty. This, indeed, shows the same general plan as the back—a plain panal crossed by a belt, and a pleated section in the skirt, but the collar is rounded and crossed over in shawl style, and the little bands of trimming which just appear beneath the arms are taken up and laced through the collar. Price, \$70.00.

L. All that is required of a smart street dress for misses is to be seen in this model of navy blue gabardine. It shows the long straight lines which La Mode delights in for simple frocks, accompanied by bands of grey embroidery in Persian effect, with pleated panels over the hips to give the fashionable width. The large square collar is of navy satin, but the effect of the very new round line at the neck is given by a band of embroi dery, which is carried across the shoulders. forming a pretty pointed panel down the back.

-Misses' Dress Section.

and very becoming forms of the barre bodice slopes down to points at the back, where it is tied with a sash, one side gold, the other plain. The ouffs are very new. Price, \$90.00. -Women's Dress Department.

J. Exemplifying the vogue for white, a very charming dress of gabardine, the chic little tight bodice, with its tuxedo collar of white satin drawn through a buckle, made over a very smar waistcoat of Jersey silk chequered in the new mode—yellow and white, s color note repeated in the flaps of the big pockets. The skirt, how ever, shows the turning point of the mode—cartridge pleated to give width at the sides, this pleating being met by panels both back and front. You must notice, too, the loose sleeves, with their lines of ivory buttons and loops, which run to well above the elbow. Price, \$100.00. -Women's Dress Department.

K. Stately princess in the front, with the addition of black satin panniers faced with white broadcloth to give the fashionable silhouette, but the lady buttons hem at the back, reversing the usual proceeding on a coat dress. buttons of black and buttonholes bound with white broadcloth give emphasis to the magpie effect. Her large collar of white broadcloth is edged with black satin, and the deep cuffs-of white broadcloth alsotransform her sleeve into something new. Price,

> -Women's Dress Department.

NEW REGULATIONS BOTHER IMPORTERS

Those Bringing Goods From United States Complain Shipments Are Delayed.

MUCH TIME LOST

Munition Manufacturers Complain Their Work is Being Seriously Affected.

New regulations regarding the examination of goods coming by express and freight at the Toronto custom house, is causing inconvenience to importers and delaying business. Formerly importers were permitted to have packages and cases examined in their presence and at their expense so as to be able to identify the contents with the invoices and advice notes. A change has recently been made compel-ling the importer to pay all express and freight charges before being per-mitted to view the goods, and it is also claimed that the facilities for exinvoices and advice amination at the express departments are not adequate for the prompt hand-ling of business. There is little or no trouble with English or European cases and packages as they are nearly always marked or numbered, but with American shipments there is nothing but "commercial number" by which an importer can trace his goods, and frequently these are omitted, making it difficult to identify the particular package or case an importer desires to

clear at the customs. The railroad congestion of the past four or five weeks accentuated the frouble, as both express and freight gbods have been "switched" from their regular routes, and the loss of time is being keenly felt by munition manufacturers and others. Even the customs brokers are complaining about the unnecessary delay in handling business and the red tape regulations. Thru the Board of Trade the importers intend to take the matter up with the department at Ottawa unless there is relaxation of the present stringent regulations for the examination of goods. A prominent importer told a reporter from The World that the trouble could be avoided if the local customs officials exercised common sense and did not try to "dig up" obsolote rules and regulations that hamper business and harass the importing

One of Toronto's Well-Known Hotels Closes Its Doors

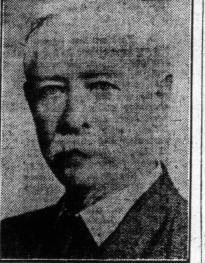

One of Toronto's first-class hotels, the Mossop, 58 Yonge street, was closed last night. A few days ago F. W. Mossop announced his intention of closing the bar and restaurant, and yesterday stated that he was forced to give up business altogether.

The hotel, which was erected about 10 years ago, represented an initial outlay of \$300,000, and when interviewed by a reporter for The World. Mr Mossop said he had placed all his money in it. He declared that, foreseeing the abolition of the bar, he en-deavored before the war to erect an addition on the premises immediately to the north, with which the place could be put on a paying basis in the event of prohibition. But the necessary financial help was not forthcoming, the various institutions deeming loans for such purposes as very inadvisable in view of the trend of public opinion.

An assignment has been made to E. R. C. Clarkson & Sons.

MOST ANNOYING.

It is most annoying to go into a store and be told that the Victrola

THE LATE MAJOR JOHN ROAF on Saturday in his 76th year. British Colonial Press Photo.

MAJOR JOHN R. BARBER

Director of Several Big Canadian Companies.

The death of Major John Roaf Barber occurred at his home in George-town on Saturday in his 76th year. Major Barber was born in George-town July 5, 1841, and received his education at Georgetown Academy and the private school there, and acquired bis business training at the Georgetown Paper Mills, owned by Barber Bros., of which firm his father was a member. This firm was one of of the first to manufacture paper in Canada, and in 1880, when his father died, he succeeded him as sole pro-prietor. He was president and manprietor. He was president and manager of the Toronto Paper Manufacturing Company at Toronto and Cornwall, and president of the firms Barber & Ellis Company, Nepigon Pulp and Paper Co., Leadville Mining Co., Canadian Brass and Tube Works, Toronto, and Floral View Greenhouse Co., Georgetown. He was also director of the Anglo-American Fire Insurance of the Anglo-American Fire Insurance with the allied flags, and among other of the Anglo-American Fire Insurance Co. and the Dominion Consolidated Mines Co. He saw service in the Fenjan raid as an officer in the 20th Rifles, and was the possessor both of the medal for the Fenjan raid and also the long service medal. In 1905 he retired with the rank of honorary major. He had been a member of the high school board and president of the mechanical institute. He was reeve of Georgetown in 1865 and 1875, warden of Halton in 1878 and represented Halton in the Ontario Legislasented Halton in the Ontario Legisla-ture in the Liberal interests from 1898 until 1904. By religion he was a Congregationalist and was a member of of the National and Ontario Clubs. Toronto. The funeral will take place to Greenwood Cemetery at 3 o'clock on Tuesday next,

FIVE MEN VOLUNTEER

FOR NAVAL SERVICE

At the close of the appeal for recruits for the navy at Loew's Theatre last evening five walked on to the stage, one of whom wore a returned button on his coat. The chair was taken by Hon. Mr. Justice Hodgins, and the speakers were likely was taken by Hon. and the speakers were J. W. Woods and Commodore Aemilius Jarvis. A stirring appeal was made by J. W. Woods, who called upon the women to assist in the task of recrulting for the navy. "Why is it that we have not yet found that half-million men?" he asked. "There is no doubt that we have have have have have have a hard a half-million men?" he asked. "There is no doubt that we have a hard a half-million men?" he creased demands for food supplies. He here should contribute like England, then outlined the promotion of to the last dollar and the last man The enly reason is that there are the Dominion Government and assiststore and be told that the Victrola Record you want is out of stock. You will never be subjected to this annoyance if you buy your Victrola Records and supplies in the Victrola Parlors of Ye Olde Firme of Heintzman Hall, 198-195-197 Yonge street.

WILL GO OVERSEAS AS SERGEANT BURGESS

Toronto Alderman Joins on as Non-Com in New Construction Battalion.

The second member of the city council to don khaki is Ald. A. E. Burgess of ward three, who has signed up with the 256th Construction Battalion as sergeant. Ald. Burgess was born in Guelph, Ont., and has been a resident of Toronto for many years, where he conducted a jewelry manufacturing business on West Adelaide street. He was alderman for ward three in 1912 and 1913, and in 1914 he ran for the office of mayor. This year he again ran as alderman 1914 he ran for the office of mayor. This year he again ran as alderman and was elected as representative. He is married and his wife and child live at Dundonald street. The other member of the council who has joined up is Controller Joe Thompson, who became paymaster of the 208th Battalion last year.

PRESENTED MOTOR CAR TO HELP DENTAL WORK

Civilian Dentists of City Donate Auto in Appreciation of Corps'. Good Work.

The Dental Corps held a reception at the dairy building, Exhibition camp, Saturday afternoon. The feature of the occasion was the presentation of a McLaughlin car to Major W. G. Thompson, assistant director of dental services, military district No. 2. Dr. Fred Conboy, the well-known dentist and educationist, made the presentation on behalf of the civilian dentists of this district, in appreciation of the corps and because of the military need of an automobile to assist in the increasing work of this branch of the service.

Major-Gen, and Mrs. Logie were Was Veteran of Fenian Raid and among the guests, and the general made a very nice speech outlining the valuable work of the dental surgeons

to the army. The officers of the C.A.D.C. gave Mrs. Logie and Mrs. W. G. Thompson a beautiful bouquet of roses. Among others present were His Worship Mayor Church, Lieut.-Col. Panet, C.O.C. Lieut.-Col. George, headquarters staff; Dean Webster of the Royce College of Dental Surgeons, and Mrs. Webster; Dr. Wallace and Mrs. Seccomb; Dr. Harold and Mrs. Clarke; Dr. Walter and Mrs. Willmott; Mr. Claude Macdonell, M.P.; Dr. F. C. and Mrs. Husband; Dr. J. F. Rhind, Dr. and Mrs Broughton, Dr. Grieves, Dr. E. Arnold Dr. Horace and Mrs. Eaton, Lieut. Og-

with the allied flags, and among other things noticeable was the modern therapeutic switchboard and X-ray machine donated by the Toronto City

INCREASED PRODUCTION AN ABSOLUTE NECESSITY

Dr. Frank T. Shutt Addresses Royal Canadian Institute on Farming in War Time.

"Agriculture in War Time" was the subject of an address by Dr. Frank T. Shutt, Dominion chemist and assistant director of the Dominion Experimental Farms, before the Royal Canadian Institute in the physics building of the University of Toronto

on Saturday night. After an appeal on patriotic motives or increased production in war time. Dr. Shutt stated that the man on the was second only to the man on creased demands for food supplies. He education campaign promulgated by

DYET?

The greater sacrifice in war falls upon you.

YOU WOMEN!

CARLTON G. BEAL .. 7.

There may be frivolous exceptions, but in the main this needs no proof.

Not only wounds to the affections Not only long waiting and uncertainty Not only loss of the provider and defender

The temporary end of home-building plans-of the hopes centred in the home

AND YET-

WE Veterans appeal to you to Send your men!

For unless more men go, your sisters who have already made their Sacrifice, may have sacrificed in vain! Unless you send your men, the civilization which shelters you and guarantees your children's freedom may fail even in this moment of victory. When you have read this sit down! Count over the cost! Re-consider all the problems, and then, steeling your heart, say the great words:

"YOU MAY GO!"

For the immediate loss-and it probably won't be permanent-you win a spiritual gain that will thrill not only you—and the man you send—but will ennoble the lives of all who know your sacrifice and endear your name and his name a thousandfold for generation after generation of your children. Don't think it is for others to make this sacrifice. It is for YOU! Make your utmost offering.

RELEASE YOUR MAN!

Send him!-if for no other reason-than because it is hard!

FOR RIGHT TO VOTE

Toronto Suffrage Association Passes Resolutions Commending Those ho Helped.

The executive of the Canadian and Toronto Suffrage Association met at Dr. Margaret Johnston's and the following resolution was passed and sent to Premier Hearst and his gov-

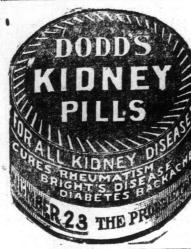

einment: Association, with its affiliated branches, including the Toronto Suffrage Society, being assembled in session, desire to express their deep Premier Sir William Hearst and the nembers of his government for the espousal of the principle of justice (which is the fundamental basis of all democracy), and that you and your government, realizing the ethics of equality, so ably and expeditiously extended to the women of this province the right to vote for the benefit and

service of our country."

Resolutions of thanks were also sent to N. W. Rowell, M.L.A., and the members of his party and a letter to A. Studholme, M.L.A., for their able assistance in helping the women of this province to have the

right to vote. INFANT FATALLY INJURED.

M. Henderson of 345 West Bloor street, was fatally injured Saturday afternoon when he fell from the verandah railing outside his home to it was bitterly cold, and there was no shortly after the accident.

OFFICERS TO JOIN AVIATION CORPS

Canadian Militia Regiments to Be Represented in Royal Flying Corps.

HONOR MAJ. THOMPSON

Increased Medical Inspection of Troops While in Training at Camps.

Canadian expeditionary force offi-cers who desire to enter the Royal Flying Corps, which is now being or-ganized for training at Camp Borden this spring by the Canadian depart-ment of militia, have been notified to resign their appointments with active resign their appointments with active service units. If appointed to the aviation corps they will be gazetted as transferred from the militia regiments to which they belong. This will enable the home regiments to receive recognition when officers are referred to in despatches from the front. It is expected that a large number of regiments from all parts of the Dominion

will in this way be represented at the Camp Borden aviation grounds.

The medical officer of every unit of the Canadian expeditionary force in Toronto Military District now makes a monthly medical inspection of the troops of which he is in medical charge, and upon the last day of each month compiles for return to headquarters a report on the physical fit-ness of his unit. Owing to train delay the California Boys' Band concert for the 199th over-seas' draft will be held tomorrow at noon, instead of today, in city hall

Thirty-three members of various units have been granted their discharge owing to medical unfitness. Thirty-seven members of the 218th Battalion have been struck off owing

to illegal absence. Officers commanding units at Ex-hibition Park Camp have just received specific instructions to see that horses and transport wagons are not driven over the lawns. The order points out that considerable damage has already been caused by this prac-

SERBIA SUFFERS **AS NEVER BEFORE**

Refugees Tell of Terrible Flight From Butchery by

bearing their burden in their homes.

To look on Serbia in former wars and then to have seen her plunge into action against those in this conflict appreciation and extend thanks to in whom she saw the greatest of all menaces to her liberty, is to admire her gallant spirit, her ardent patriotism, her glorious sacrifices. For it is not only the men who are

suffering in this war. What the women, children and the aged men have gone through is beyond descrip-tion, thousands having succumbed to the rigors of winter, typhus and other diseases, starvation, and the brutality of the Teuton hordes.

A letter from Madame Losenitch,

wife of a professor in the University of Belgrade, a woman over 60 years old, describes the suffering in the flight over the mountains: "These are the darkest days of our life, and I wonder why we still have hope, and where we expect it can come from. For two months we have been years and 4 months, son of Dr. Ernest groping blindly from place to place. We had started, but we did not know for what destination. The first night we passed on a verandah. Of course

the lawn. The boy was carried into the house, where it was found that he had fractured his skull. He died shortly after the conident a little brook to wash before we started. We were walking now, climbing Mount Tchakar (6000 feet). The way was covered with snow. We staggered into the first doorway, and though there were only two benches in the oom it seemed heaven. I shall never forget the distress of mind I felt when I woke in the morning and saw the snow falling, driven by a high wind and I knew we must go on."

And so the story goes on, day by day until the party of refugees got within a day's walk of Medua. "But there are no ships from Medua now. If only one ship would arrive for the women and children to save them from starvation, as food is very expensive and every day we can buy less and less. I really don't know what will happen in a month." Those who ultimately survived the journey are being cared for in the allied countries, a work made possible by the administration of the Serbian

THE **FORMAN MYSTERY**

By GEORGE HUGHES

(Continued From Saturday).

Why?" Warrener, his nerves on edge, sose abruptly to his feet and glared at the other. "What the devil do you mean? Why should my love for Miss Forman make you sorry for me? Come-speak!"

something akin to pity in his eyes as he gazed at Warrener, which dence of emotion only angered "What have you against Ed-Miss

But Mooney was silent. There was

"What have you against Ed-Miss Forman, that you should pity me for being in love with her? What do you know about her—you who only saw her for the first time today? Why shouldn't I love her? Tell me that!"

Thus speaking, he advanced menacingly upon Mooney. But the latter never budged. In his blue eyes there was no evidence of fear. When he was no evidence of fear. When he spoke, his voice was firm and his tone emphatic. "There is nothing on earth to stor

you from leving Miss Forman, Jack," he replied. "But, as love generally is the prejude to a situation more inti-mate, then I warn you to go easy. If mate, then I warn you to go easy. If you married her, you would never be happy. She is not a fit mate for you, and it would almost be a blessing were she to die before you arrive at the stage from which the divorce court is the only escape from an uniform the stage from the stage from an uniform the stage from happy and ignominious union."

Mooney momentarily paused in his recital, Warrener watching him mean while with eyes that were murderous Presently, he resumed, uttering each word with emphasis. "Jack Warrener I'm going to tell you the truth! If you don't heed me, then don't blame me for whatever evil befalls you in the future. You have asked for my opinion of Miss Forman's condition. Here it is-I believe Miss Forman to be suffering from the effects of overindulgence in intoxicating liquor!

Warrener was momentarily stunned by Mooney's declaration. Every atom of color had rushed from his face, and left it as white as chalk. The flame in his eyes had died down, and they were now the hue of dead ash, and were now the five of dead ash, and fixed immovably upon space. Temporary paralysis had robbed his brain of every coherent thought, save the one engendered by the pregnant phrase uttered by Mooney.

"Over-indulgence in intoxicating liquer!" The phrase recurred to him

War is no new thing to Serbia. For centuries she liad had to battle to hold her own. But until this last war most of the physical suffering has bearing their burden in their homes.

Whether inor- It would not be a case of training on ganically instead of organically ossi-fied, it is not the elastic, adaptable, 18 months. At the end of that time, system that is required. When emerit the war was still on, these 50,000 gencies arise the emergency is invited would be sent to the front. system that is required. When emerto pass by on the other side, no matter who suffers.

The war will probably be an excuse for their delay in the matter of reforms that must come before long. Premier Hearst would be well advised to look into the department of education and encourage any sparks of intelligence or embers of progress that are to be discovered there, if he does killed and three others injured, one attack for the opposition.

Military Sanitation Exemplary Nothing more interesting of the kind

of The Health Bulletin for Jannary, issued at the city hall by the health department. It is intended to the fire started shortly before 2 a.m. answer many of the questions put to Two firemen were thrown from a ladreturned soldiers as to the methods der to the sidewalk from the by which they are kept well or looked 000. after at the front. Incidentally it contains all the principles of health- BRITISH BOATS DESTROY ful living. As it is observed, "there is much to be learned by civilians from the military organization. In sanitation this is found to be singularly effective. Esprit de corps works in this as in other things, with the re ault that if some men are inclined to be lax in obeying regulation, not only the officers and non-coms. enforce them, but the clean men of the company demand cleanliness of their fellows. "There exists a certain pride of station, platoon, company, regiment or brigade, which demands that their particular unit be just as clean and smart as the unit alongside of them." If this spirit were introduced into civic captured. life for the house, the terrace, the street, the district, the ward, the whole city would speedily show the influence

tention to the laws of sanitation, diet and cleanliness is obvious from the fact that the death rate among the armies in the field from natural causes is only three per thousand, as compared with five per thousand among peace. The soldiers are valuable as men in the army, and are looked after as carefully as children, regularly fed, warmly clothed, bathed and exercized as frequently as possible, and kept in first-class condition. Because of this he is able to throw almost any germs of disease that may attack him, clared their duty was to endure The commonsense and comparatively simple general rules of health enforced in the army might well be adopted by everybody, to their own comfort and health, and the prolonga-

of such admirable emulation.

That it is worth while to pay at-

tion of their lives. It often takes people a long time to learn that health is a greater gift than wealth, or learning, or fame, or position, or power. These things may be had without health, but they lose their finest flavor without the crowning blessing of life untainted.

HAD GASOLINE ON STOVE.

A can of gasoline exploded on the top of a stove while M. Synotobik, 11 Dramer street, was cleaning some stove pipes with the liquid Saturday afternoon, and he was badly burned about the head, face, neck and arms. He was removed in the police ambulance to the Western Hospital.

As a Depository for Your Savings

we ask you to consider the strength and stability of this old-established institution. From 1855 to the present time citizens of Toronto and people in all parts of the world have found it a safe and convenient place to deposit their savings. The thrifty and conservative Scottish investors have entrusted it with many millions of pounds sterling. In the history of our city and our country there have been many "lean years," many periods of "hard times," there have been national and international financial stringencies and crises, and several financial panies, but there has never been a moment's delay in returning any funds of our depositors when called for. Today the Corporation has of fully paid-up capital, backed up by a Reserve Fund amounting to FIVE MILLION DOLLARS.

Its Assets, which are all most conservatively invested in the safest possible seourities, exceed

THIRTY-TWO MILLION DOLLARS,

But, though the Comporation has grown to such dimensions, it encourages as much as ever the depositor of small sums. It has many small accounts; in fact, its invested funds are to a large extent the accumulation of many small sums. It has also some large accounts, which have grown to their present proportions from very small beginnings. For this reason it cordially welcomes the deposit of a dollar, knowing that in most cases the incentive to save and the regular addition of interest will ensure a steady increase in the balance at the depositor's credit. Interest is credited to the account at

NILSON'S PLAN

Majority's Will Throttled.

The twelve senators who went

from congress in the crisis were:

down the fillbuster conceived a way to thwart LaFollette's well-laid plans to

occupy the centre of the legislative stage at the climax of the bitter fight.

Its execution brought the session to a dramatic end, with LaFollette fighting

vainly for a chance to deliver a speech on which he had worked many days.

Instead of LaFollette, Senator Hitch-

portunity to the minute, Senator La-

Follette entered the senate chamber

shortly after 9 o'clock this morning,

prepared to take the centre of the stage for the last act of the tragedy.

tor Hitchcock prevented his recogni-

were shaken at the presiding officer,

while the crowded floor and galleries looked on breathlessly. But the inci-

dent soon passed without violence. The chair recognized Senator Hitch-

cock, and LaFollette's opportunity was

The closing moments of the sessio were tense and impressive. Te

minutes before the end Senator Hitchcock had made his last appeal

for unanimous consent for a vote on the bill. La Fallotte objetced. The

The Late J. Lorne Campbell

Well-known Toronto stock-broker, who died suddenly at midnight on Saturday, at his residence, 509 Huron street, in his 60th year.

WAS PROMINENT BROKER AND MILITIA OFFICER

Lorne Campbell Dies After ar Illness Lasting Only a Few iDays.

Toronto lost another of the most prom inent members of her financial circles on Saturday by the death of J. Lorne Campbell, the well known stock broker, at his late residence, 509 Huron street, in his 60th year. He had been enjoying the best of health until a few days before his death, so that his demise came

before his death, so that his demise came as a great shock to his relatives. A native of Simoce, Ont., and the son of the late Duncan Campbell of Lynwood, he moved to Toronto twenty years ago and opened a brokerage office, becoming a member of the Toronto Stock Exchange, of which institution he held the honor of being president on three occasions. He had held the position of major in the militia at Simcoe and his only son, Lieut. Gordon Campbell, was permitted, thru the intercession of his commanding officer, Lieut.-Col. John A. Cooper of the 198th Bufts Battalion, to leave his unit at St. John and return to this city last night to attend the funeral of his father tomorrow.

Mr. Campbell was married twice, and is survived by his widow and three daughters. Miss Marry Campbell, New York, Miss Ckare and Miss Mariory, of Toronto. Two sisters, Mrs. Beecher and Mirs. Geoffrey Hale, both of London, also survive him. Mr. J. Campbell Beecher of Toronto is a nephew. He was a member of the Toronto. R.C.Y.C., aud Golf Hunt Clubs, was a Conservative, and an Anglican.

AURA LEE JUNIOR CHAMPIONS AGAIN SMOTHERED KITCHENER IN RETURN GAME

After Ten Minutes the Visitors' Attack Collapsed-Winners Were Tireless at Back Checking.

Aura Lee is singing. "We're champions again," for they captured the junior O.H.A. title for the second year Seturday night at the Arena when they defeated Kitchener juniors by the score of 16 to 3, thus taking the finals and the round by thirteen goals, as truey lost in Kitchener by the score of 3 to 2. The only consolation that Kitchener have is that they were nearly champions again, as they were put out of the running last year also by the same team and also reached the finals the year previously. previously.

Before the game it was generally expected that the champions would be able to regain their one-goal margin, but no one expected them to pull of the runaway they did. The rink was well filled. The visitors came heralded as a game bunch of pluggers who never let up and were never beaten until the

iet up and were never beaten until the let up and were never beaten until the let irans.

They lived up to their reputation allight, but they were beaten long before their powers of endurance had any chance to turn the tables. It proved to be a one-sided game with Aura Lee scoring almost at will and the visitors hammering their way down the ice trying to break away from the incessant checking of the champions. They were up against a hopeless task which culminated in a bit of burlesque in which even the Kitchener goalie assisted to the public's delight. For possibly the first ten minutes Kitchener had a ghost of a charace and their checking and team play kept the Avenue road hill boys busy looking to their laurels. Then the big ice began to tell on them. They were literally sweet off their feet by the onsleught made by their opponents. The Aura Lee forward line were mercliess in their attacks and tallies soon told the tale, throwing the count against the visitors.

their attacks and tallies such that tale, throwing the count against the visitions.

To pick the best man on the ice for the winners is almost futile. No two spectations would agree, for everyone of the boys on the winners played the game of his life. Little Forbes in goal fasn't worrying much about his end, as his error column shows. McKay and Fox checked and rushed like veberans. They broke up likely attacks in a systematic way and they led attacks against the enemy which often as not resulted in goals. Louis Hudson as captain of the victorious septet was a lion for strength. He skated almost as fast as flox, and his threless work was one of the bright spots of the evening. Hughes was possibly the most useful member of the team. He was always on the job, battling wherever the puck was, checking like a fiend and following up as if gived to the elusive rubber disc. Dyelvas a scream. His antics around the visitors' nets kept the crowd in an uproar, while Huehnergard might have been a target and Dye a machine gum if one dook into consideration the way shots were poured on the Kitohener goalie by this aggressive little forward. Sullivan never plaped better, and he had a good

PUBLIC SKATING AT THE ARENA TONIGHT.

Public skating at the Arena tonight, with band in attendance. Seats for the O.H.A. senior final between Dentals and Riversides are now on sale at the Arena and Moodey's. Riversides expoot to overome the two-goal margin secured by the Dentals in the first game, and will likely make a couple of changes in their lineup. It is expected the largest crowd of the season will be in attendance, and patrons should secure their seats at once if they desire to see what promises to be the greatest hockey match of the year.

TORONTO EXPERTS WIN AT HAMILTON

Twelve a Side Play in Rooms of Chess Club-New Publication.

to chess players who journeyed to Hamilton Saturday.

Their voyage started with trouble and ended with victory and a burst of enthusiasm which was never equaled in Canada. The trouble was that one darling little lamb had made all the arrangements towards securing twelve return. ments towards securing twelve return fares to the Queen City, but lo! he forget them in his every-day trousers. A genial conductor lent a good-natured ear to the pleadings of the trouble-mander, and all was hunky-dory ever after.

The battle (on the chess board) we fought at the Litster building in trooms of the Hamilton Chess Club, it ween 12 players on each side, with a following result:

S. Morrison. 1 J. J. Cooke... G. Hunter 0 Chas. Ritchie Perry 1, J. W. Moneur Willans. 14 Dr. Gilrie Total. Total .

*This game was agreed to a draw on account of Dr. Girie being called away account of Dr. Glirie being called away on an urgent case.

The best game of the event was undoubtedly the plucky fight put up by J. J. Corke against Canadian Champion Morrison, while the victory of Chas. Ritchio over R. G. Hunter was a pleasant surprise to the Hamilton members. The Torontonians were afterwards treated to a great dinner. Whether it was the dinner or the good brand of cigars (the truth will very likely remain a dark mystery), after the short speech by R. G. Hunter, answered by J. Reuben, Mr. W. F. Moore of Dundas electrified everyone by his suggestion, which was to the effect that Canadians have been spectators of chess doings too long. It was time they should get on the stage them selves, and for that purpose a magazine time they should get on the stage them selves, and for that purpose a magazine or gazette or something should be started at once. Before the discussion was over an editor was found, advertising contracts were secured and subscriptions were collected quickly. Therefore, to make it short, a new enterprise was born and christened at the end of a memorable chess day, which had started with trouble and ended in success.

SAMMY STEVENSON **FASTEST ICEBOAT**

Nine Started in First of Season Over the Bay Triangle.

The first iceboat race of the season took place on Saturday afternoon over the ten-mile course on the bay with nine starters. It was in the 250-foot class, Eddie Durnan sending them away in a line at 3.30. Joe Goodwin was the judge. The John Durnan was first to show in front. The finish was as follows:

1. Sammy Stevenson; 2, W. Stevenson:
3. John Lurnan; 4, The Tiger; 5, The Pathinder: 6. The Grey Ghost.

The Grey Ghost took three starts on the last round. The course was from York street to Ward's, 1 mile; to Hanlan's, 1¼ miles, and back three times lan's, 1¼ niles, and back three times round. Weather permitting, the next race will be on Wednesday.

Ottawa Qualifies to Play for N. H. A. Title

Ottawa, March 4—The Ottawas wound up the regular schedule season of the N. H.A. last night by overwhelming the Quebee team at the local arena, breaking all scoring records, winning 16 to 1 and thus qualifying to play off against the Canadiens for the N.H.A. championship. Incidentally Frank Nighbor scored five yoals, held Joe Maione without a tally and thus arew up on even terms with the Quebec star for first place among the crack shots in the pro loop. Ottawa got 11 goals in the last period. The crowd was the largest that has witnessed a game in Ottawa for years. Line-up: beo team at the local arena, breaking all NORTHERN UNION RUGBY.
London, March 3.—Rugby games in the

Rochester Track Team Winners

central boys showing the fighting spirit all the way, and in most of the events were beaten by the smallest margin.

The eight-man relay, each man running two lays, was the best event of its kind seen on Central's track, both teams were on edge, and the spectators were more so. Central's first three men got a good lead and things looked bright till near the end, when one of the men faltered and Rochester caught them, and won out by a yard.

good lead and things looked bright till near the end, when one of the men faltered and Rochester caught them, and won out by a yard.

The first heat of the 30-yard dash went to McLean of Central with Keachie, also of Central second, and Binder third.

The second heat was also won by Central when Macklem beet Neff and Shehan of Rochester. The final was a dandy. Neff got the jump on the starter and need Macklem and McLean out in 3 3-5 weconds.

The standing broad jump went to Mader, Rochester, who won out from Macey of Central on the last leap.

The first heat of the 220-yard dash went to Binder of Rochester, who covered the distance in 27 3-5 seconds, with Atkins second.

Neff just beat McLean out on the last lap in the second heat.

The running high, jump was Centrals event, Marshall showing great form when he cleared the bar easily at 5 ft. 6 in., and Stover, his team mate, also did the same trick on his second jump. Maler and Sheehan of Rochester were ted for third at 5 ft. 5 in.

The running broad jump went to Rochester with Sheehan, who showed lovely form, first, at 21 ft. 10½ inches: Maier second, and Binder third.

Duffus, Rochester, and Atkins, Central, put up a great race in the 440 yards, the latter won at Rochester, but Duffus reversed the score Saturday when he covered the quarter in 1 minute even: Atkins second at 61 secs.

Vass of Rochester won the second heat with Macey a yard behind, while Reburn of Central won the final heat from Siebold.

Smith of Rochester proved the winner in the shot put, displaying lovely form when he heaved the 12 lbs, over 44 feet. Sharp, Central's new putter, also showed up fine, getting second easily from Maloney.

Basketball.

The basketball game was a great climax to the program, here Central out-

Maloney.

Basketball.

The basketball game was a great climax to the program, here Central outplayed their opponents and won by 35-26.

McLean started the excitement, scoring twice before Rochester touched the ball. Neff then got a basket, and Marshall and McLean followed. Both these players were shooting well, and in five minutes Central led 10-1. Before half-time Rochester gave the home team a scare by tying the score, but Central pulled ahear! 18-15 at half time.

Rochester changed their defence to try and hold McLean, but they found it impossible to stop him, as he scored from all angles. Reburn put up a good game at centre, while Macklem and Keachie checked their men hard all thru the contest. Central pulled away and won handly. Len Parker handled the game quite satisfactory.

The Summary.

30-yard dash—First heat—1, McLean (C.); 2, Keachie C.) Time 3 4-5 secs.

Second heat—1, Macklem (C.); 2, Neff (R.) Time 3 3-5 secs.

Standing broad jump—1, Maier (R.);

Basketball.

PABIES IN TRAFALGAR.

The effect of the mad-dog scare has not subsided in the neighborhood of Posiville. Fred Stephens, whose dog deman, has had to kill two steers. Robert Gorman has had to kill and burn seven Aromer sneep was killed outright by dogs. His herd of sheep was valuable, comprising Leicesters and Shropshires. There is only one dog left on Dundas street between Postville and

Shropshires. There is only one dog left on Dundas street between Postville and the sixteen.

Fred Silvertherne, living four miles north of Stouffville, had ten valuable sheep so badly torn by dogs last Monday night that they had to be killed. They were valued at \$27.50 each. Even with that remumeration his loss will be a heavy one.

The question of obligation for Townships to collect dog tax is answered in the Municipal World, as follows: The Dog and Sheep Prosection Act is in force in every township. The dog tax must be collected and sheep killed by dogs unknown should be considered by the council. This answer will be of inperest to many fermers. Section 18 of the Dog Tay and Sheep Protection Act decides the council liability. It is conceded that the dog is the most faithful creaturg to man, yet contrarywise the dog afflicted with rebies is terribly dangerous. The owner noticing a change in the dogs ways should at once fasten or close it up for careful inspection. In the present condition of the livestock industry we can in rowise afford to lose any sheep or cattle, whose whole body must be burned or deeply burled.

The dog nuisance is not so casily controlled. Thousands upon thousands have been lost by the sheep breeders of the Maritime Provinces thru the ravages of dogs.

The Nova Scotia farmers resolution:

doss.

The Nova Scotia farmers resolution:
The worrying and killing of sheep by deg has caused a great decreass in the number of sheep maintained in the Province of Nova Scotia and other provinces of the Dominion, have enacted laws, which provide for the protection of sheep from depredation by dogs. Therefore resolved, that the farmers of Nova Scotia assembled in convention at Amherst appoint a committee whose duty it shall be to go before the legislature to present the views of this convention to enact such regulation in this matter as we deem advisable.

The farmers recommended a tax of \$1 on dogs and \$5 on bitches.

2. The privilege to kill roaming dogs, as now permitted by present act.

3. Compensation for damage done out of the funds of the municipality.

What is the use of the federal and local department of agriculture to spend time and roney in efforts to stimulate the sheep industry when the sheep owners has no protection for his taxed sheep from untaxed dogs.

The World can heartly endone the leading article in The Maritime Farmer, headed, "Open Letter to Sheep Owners and Fair-Minded Dog Owners." The Nova Scotia farmers resolution:

SOME OF THE FARMS THAT HAVE CHANGED OWNERS IN ONTARIO.

I. J. Merner has solu his 60-acre farm on the 15th con., Hay, to William Miller, Zurich, Zurich.

Isaac Witmer has purchased the 100acre farm of John Wein, being lot 3, con.

11. Hay. The price paid was \$7000.

The farm on the 9th con. belonging to
A. D. Strong has been purchased by his
brother, W. G. Strong, Fortwich.

Fred Oster, 5th con.. Grey Township,
has sold his 150 acres to William Bray of
Brussels, who takes 100 acres, and Peter
Lancut, Mr. Oster's neighbor, who gets
50 acres.

farm to soll Breat of Napanee from Charles Vandervoort. Edgar Brown of Townsend Centre has sold his farm there to Audrey Hellyer. Mr. Brown has purchased John HHI's

farm. Albert Lantenschlager has sold his fine farm to Oscar Triessler for a good figare.

Archibald Milioy has purchased the 100-acre farm belonging to Howard Hawes situated on the Orangeville road, East Garafraxa. The figure is over \$40,-

T. D. Kerr, Mimosa, has sold his fine farm, Maplehurst, to Alex. McMillan of the town line of Erin and Eramosa. The rice is around \$5500. H. Dobson, Ethel, has bought Mr. Eck-pier's 180-acre farm for the sum of \$8-

PROLIFIC LIVE STOCK.

D. S. McLellan, lot 10, con. 7, Erin Township, is the possessor of a ewe which gave birth to two ewe lambs on Jan. 31. This same ewe has given birth to three pair of ewe lambs in twenty-two months, and last spring clipped 18 lbs. of wool. Surely this ewe is doing its best toward the supply and demand problem. Thomas Walton, Prector, owns a sow Thomas Walton, Proctor, owns a sow which gave birth recently to twenty-one porkers. At last report seventeen of the number were alive and thriving. Mr. Walton is in luck with such an increase when the price of hogs is around \$14 per

With cattle selling at the highest price in many years. Henry Hossfeld, the well-known stock breeder of Carrick Township, has a grade cow which rivals the famous goose that laid the golden eggs. On three occasions during the past 26 months this cow, has given high to two

On Wednesday, Feb. 21; on the Unio Stock Yards, Winnipeg, hogs advanced veloped rabies, biting him and the hired 25c per cwt., and "select" hogs sold a

25c per cwt., and "select" hogs sold at the highest price on record in Winnipeg. Prices were more liberal than they were on the two previous days, the quality also was a shade better. 'The price was \$14 per cwt.

On the same day the Chicago report is: Hogs sold within 5c of \$13 a cwt. at the Union Stock Yards today, the highest price paid in the history of the Chicago market. A year ago today hogs sold on the Chicago market at \$8.85 per owt.

On the same day at the Buffalo Live Stock Market there were 15 cars of hogs, the prices ranging from \$13 to \$13.25

prices ranging from \$13 to \$13.25 cwt.

the same day at the Toronto Union

The farm on the 9th con. belonging to A. D. Strong has been purchased by his brother, W. G. Strong, Fordwich.

Fred Oster, 9th con., Grey Township, has sold his 150 acres to William Bray of Brussels, who takes 100 acres, and Poter Lamont, Mr. Oster's neighbor, who sets of acres.

Joseph Dowling, Croydon, sold his farm to John Breault and has bought a farm three miles east of Napanee from Charles Vandervoort.

Edgar Brown of Townsend Centre has sold his farm there to Audrey Hellyer. If. Brown has purchased John Hill's Albert Lantenschlager has sold his fine.

At the Simcoc market potatoes are the most talked of feature. Wholesalers with talked of feature. Photoselists at starding the sum of \$477.

Noonan Bros. of Perth, the well-known buyers, recently paid the sum of \$75 for one hog. It was not a pure-bred one, but an animal prepared for slaughter, weighing upwards of 500 lbs.

W. Hallman purchased a fine bunch of hogs from L. Murray, Springbank, at \$14 per bag.

The farmers who have potatoes are talling imported potatoes a

date contains the following significant paragraph:

"Twenty-one carloads of Canadian potatoes, comprising about 15,000 bushels, which were intended for chipment to Cuba aboard the steam San Jose, were placed on the Boston market today. The potatoes arrived here in bond for export. For some time past about forty carloads of potatoes have been coming to Boston each week for shipment to Cuba. The steamer Esparta, which sailed on Feb. 9, carried fifty-seven carloads, and the Limon, which sailed a week later, carried thirty-five carloads. Canadian potatoes intended for domestic consumption are subject to duty of ten per cent, ad valorem, and must pass government inspection."

These shipments of potatoes seem at first to predudicall to the Canadian

These shipments of potatoes seem at first to predudicall to the Canadian consumer. The season is too far advanced to ship any more potatoes to the West Indies. There is a prospect that next season the Maritime Provinces will be able to ship any surplus stock of potatoes direct from St. John, N.B., to the West Indies. All potatoes from the Maritime Provinces should be forwarded from Canadian ports to the British West Indies.

carload of horses to the Edmonton dis-

The monthly fair day last Wednesday at Mount Forest was a lively market. Buyers shipped eight cars of horses, and there were also many private sales. there were also many private sales.

Fridhan & Dulmage, Harriston, shipped two cars of cattle and one car of hogs last Saturday, February 24. The cattle ranged in price from 9c to 11c, hogs bring-last farmer, 141c. ing the farmer 14%c. Alex. Stewart brought in 12 head that tipped the scale at 24,890 lbs., an average of over 1300 lbs. a shaping up into good beef cattle. These are items well worth recording of live stock in Ontario. The owners knew when they possessed a good sow, ewe and are cow, they retained them on their farm; they generously treated them, and now they are richly rewarded for their labor and care of the live stock.

| Romisough & Rupert, Finch, loaded a fine lot of live stock on Monday for the Montreal market. James Fennessy loaded a car of live stock on Saturday at Renfrew for the Montreal market.

IN U. S. SHRINKS (By Charles S. Thomas, United States Senator from Colorado, in The New York our mails are carried and distributed Public ownership of railways seems to our mails are carried and distributed in common with passengers and general me inevitable. It will not come at once,

stretches of the republic, constitute the arterial system of the body politic. The stream of traffic flowing along them is its social and economic life blood. Upon the regularity of this movement its vitality depends. Stagnation and congestion are equally dangerous to its health and well-being. Its vigor is regulated by the normal and constant movement of its trade currents, just as the vigor and health of man depend upon the ceaseless circulation of the blood. A system so interwoven with the national life, and so indispensable to its well-being, is essentially public, and therefore governmental. Its early devel-On the same day at the Toronto Union Stock Yards the "select" hogs brought 33,000,000 bushels of wheat remained for kings brought 10c higher.

These quotations are all on the same basis, fed and watered. Considering the undisputed fact that the Chicago live stock market is the largest in the world the daily prices at the Chicago market affect the quotations on all the other live stock markets in the United States.

The Canadian farmers through the Dominion should smile on receiving from the live stock markets in the States.

The Canadian farmers through the Dominion should smile on receiving from the live stock buyers at least \$1.75 for every 100 pounds of "select" hogs more than their neighbors to the south receive for their heavier hogs. Therefore, watch closely your healthy hogs; should any sign of sickness manifest itself at once notify the proper authority. At the close of last week's live stock market the prices for choice hogs were \$15.0 to \$15.25. There was a liberal run of hogs through the week on the Toronto market, so the farmer can still smile, but he should watch the daily report.

At the Alberta Stock Yards, Calgary, on Saturday, Feb. 24, the price of hogs was steady at \$14 per cwt. The beginning of the week the buyers reluctantly paid \$13.25 to \$13.50. On Wednesday east in the world the same time of the week of the prices for choice hogs were \$15.00 to \$10.000,000 to bushels too high. Aside from the figures on the exportable simplus, and been 30,000,000 bushels too high. Aside from the figures on the exportable simplus, and that shipments to Europe would, in consensual to the same time that their particles to Guid the Alberta Stock Yards, Calgary, on Saturday, Feb. 24, the price of hogs was steady at \$14 per cwt. The beginning of the week the buyers reductantly paid \$13.50. On Wednesday east in the order of the prices for choices were stated that the chierage of the exportable simplus, and that shipments to Europe would, in consensual to the prices for choice hogs were \$15.10 to \$10.000, \$10.000,

should water the daily report.

At the Alberta Stock Yards, Calgary, on Saturday, Feb. 24, the price of logs was steaded as \$14 the price of logs was steaded as \$14 the price of logs of the week. This is the record price of logs for Calgary.

The week's recelpts were: Horses \$24. The price was maintained to the close of the week. This is the record price of logs for Calgary.

The week's recelpts were: Horses \$24. The price was maintained to the close of the week. This is the record price of logs for Calgary.

The week's recelpts were: Horses \$24. The price was received by the price was still carried to the close of the week. This is the record price of logs for Calgary.

The week's receipts were: Horses \$24. The price was still soaring put the domestic farm reckings, 12 cars of hogs to Toronto, one car to Chicago, 12 cars of hogs to Toronto, 12 cars to Moose Jaw, two cars to Montreal, three cars to Toronto, one car to the strength of other grains. Thade was a still price, and the strength of other grains. Thade was a still price, and the strength of other grains. Thade was a still price, and the strength of other grains. The only expense to the domestic price were sold at the market by the Alberta, as a slight commission is charged which socs to the funds of the union, and an other small commission is charged which so to the funds of the union, and an other small c

the railroad world. They become more formidable as the railways extend and the brotherhoods increase. These always seriously menace and frequently interfere with essential traffic movements, to the demoralization of business and the injury of the public. Boun sides or neither side may be to hame for these disturbances, but the primal fact is that while they are acpple a great government one which suspends the operation of the injurious, since the railway company is body else in difficulties, it resists by whatever neens it can command.

The railways are burdened with mountains of debt, which will never be paid. They impose a vast and constantly increasing fixed charge upon earnings, and collapses. To accomplish this, bettereconomics instituted, and local charges increased. Hard times mean bankruptcy and reorganization, thru which investors suffer, and absorptions of weaker by more vigorous systems are promoted. These absorptions are always attended by increased bond and share issues, which swell the aggregate liabilities to the further detriment of producer and consumer. Share speculation by bulls and bears alike receives fresh stimulus from the practice, which only the strongest systems can survive. Some of these, of which the New Haven is an example, encounter peril from their very strength, and finally go the way of all enterprises conducted for private gain, as distinguished from the public welfare.

ready well supplied with lines of transexisting lines, thereby forcing consolidations, or divisions of business, which are of but momentary benefit to their patrons. Other sections of the country, poorly served, and needing better and cheaper traffic facilities, suffer thru this practice, since their needs, tho real, are less tice, since their needs, the real, are less private control, nor that the government ernment, and therefore essential to effialluring to enterprise combined with pri- should administer them as a source cient and satisfactory public administra-

nd interest

From this amount was paid four quarterly dividends on the eight per cent cumulative preferred stock for the year to December 31st, 1916

Leaving to be carried forward to the credit of profit and loss account the sum of ... \$3,535,086,98

The operations of the Company during the year were carried on under many difficulties, such as scarcity of labor, supplies, and railway congestion.

The Capital Expenditure during the year has been necessarily high, mainly in connection with munitions work.

The sinking of the new Jubilee Shaft The sinking of the new Jubilee Shaft at Sydney Mines, work on which was discontinued in May, 1914, was resumed in April last. The shaft is now sunk to the depth of 740 feet, and by the use of a temporary hoisting plant this colliery is now producing about 550 tons of coal daily.

Good progress was made in driving the new pair of slopes at Wabana. At the close of the year over 70 per cent. of this work had been completed, and it is confidently expected that the driving

\$1,095,661.00

of these slopes will be finished before the close of the present year.

As a result of the increased capital expenditure in the Iron and Steel Department, the output of forged shells during the year was 90 per cent. greater in number and 120 per cent. greater in number and 120 per cent. greater in weight than in 1915, while the total shipments of finished steel, forgings, etc., exceeded those of the previous year by 64 per cent. The Eastern Car Company had a somewhat unsatisfactory year. The impossibility of obtaining prompt delivery of materials greatly restricted the output. The experience gained in the production of a foreign type of car, and the much higher prices at which recent orders were taken, will, it is confidently expected, make the present year's operation show a satisfactory profit.

The Bank advances and bills payable are abnormally high. This is due to the large increase in business and is more than offset by increased inventories, and by loans to the Eastern Car Company, Limited, to enable them to finance contracts on hand.

The orders for steel products on the Company's books at the present time are equal to 74 per cent, of last year's shipments, and are sufficient to keep the prant fully employed for the next six months, and there is every prospect that this condition will prevail during the entire year.

President.

Cottonseed oil—Hull refined, spot, 52s.

LONDON WOOL.

London, March 3.—The offerings at the wool auction sales today amounted to 4100 bales. There was a strong demand, and the auctions closed firm and 10 per cent. higher. Medium merinos were offered, often, 15 per cent. up. Fears of a shortage of future supply caused the keen demand during the sales, and practically all the available 91,000 bales were sold, only a few being held over.

WINNIPEG GRAIN MARKET.

Winnipeg, March 3.—Wheat closed 3%c igher for May. 3%c up for July, and 3%c etter for October.

Oats gained 1%c in May and July. Bar-Oats gained 1%c in May and July. Barley was up 2c. Flax gained 1%c to 1%c Today's was the strongest market of the year, and one of the strongest of the season. Wheat advanced steadily from the opening, on limited buying. Commission houses bought freely. Cash demand for wheat was very good for the contract grades, with premiums %c better. Oats were in good demand.

BUFFALO INTERESTS ACQUIRE BLACK CLAIMS

Another Kirkland Lake Property Changes Hands-Price High.

Another big Kirkland Lake deal was recently closed when the Black claim was taken under option by Mr. Frank L. Cohen and his associates of Buffalo, according to The Cobalt Nugget. The purchase price is understood to be a large one, running up into six figures and a very substantial cash payment has already been made.

Mr. Alex McNiven of Buffalo and Mr. George Young of Toronto are understood to have promoted the deal. Mr. McNiven was a prominent figure in the early days of South Lorraine sctivities.
The Black claim, which consists of

approximately 40 acres, and adjoins the Wright-Hargraves on the south, is considered to be one of the most promising prospects in the camp. A shaft was put down by the former owner to a depth of 50 feet on a three foot vein, in which free gold is said to be in evidence.

A contract was let recently for the sinking of the shaft to the 100-foot level, at which point a station will be cut and lateral work commenced. A good set of camps are already on the

TALK OF REOPENING COBALT PROVINCIAL

property, and the work of sinking will begin about Monday next.

The old Cobalt Provincial, which adjoins the Savage property, will probably be reopened by John Reddington and J. T. Mil'iken. Quite a lot of work was done on the property and some silver produced some time ago. It is proposed to more thoroly prospect the property, and it is underswood that there remains about forty acres not developed un-derground.—Northern Miner.

CROESUS BUILDING LOW GRADE MILL

Munro will have its first mill since 1908, when a boom at that time resulted in mills being built before developments justified, says The Northern Miner. These buildings were wiped out by the fire last year, The Croesus is now preparing to build a mill to treat the rejects from high-grade on the dump and the lower grade ore of the mine. The mill will have a capacity of 50 tons a day and will treat the highest grade gold ore mined in Northern Ontario. The treating will be crushing in a ball mill and amalgamating on plates in closed circuit. This treatment, it is thought, will be satisfactory owing to practically all the gold being free from sulphides.

aturday's Market Shows Greatest Strength of Any in Past Week.

STEEL STOCKS STRONG

C.P.R. and Other Active Railway Stocks Make Substantial Gains.

New York, March 3 .- Advices from ngton, appearing to dispose of cospects of an extra session of and a report that the stat ent held that ships carrying munitions had a right to arm, were received with undisquised satisfaction in the financial district today. stock market during the brief than on any previous day of the week especially in the final hour, when the entire list bounded forward under the lead of U. S. Steel.

C N R COMMISSION coppers, shippings and some of standard rails.
S. Steel made an extreme gain

two for snares of the Steel old stock at 189 3-4.

tt 139 3-2.

Utah, Anaconda and American melting featured the metals at adamces of 1 to 2 1-2 points. Oils. otors, equipments and shippings motors, equipments and shippings rose one, two and even four points, and American Woolen, Industrial Alcohol, General Electric and American Beet Sugar trailed along more Canadian Pacific, New York Cen-tral, St. Paul, Chicago and North-western and Norfolk and Western

dvanced one to two points on small lings, with a fair demand for Barrett Shares Weak.

Weakness in Barrett Company isues was attributed to the announcenent of a new stock issue, the comshares making a gross de-of eight and one-half points. Studebaker was heavy at the outset, but made up the greater part of its loss on hurried short covering. Total sales aggregated \$78,000 shares. General news of the day inc'uded Jinuary statements of the Reading

stem and the Chicago and North-Railway, the former showing a decided decrease in profits from op-Mons and the latter disclosing a estantial net gain. The hank statement again upset milations with only a nominal cash gain and an expansion of almost \$51 .-

000.000 in the lean account, reserves

acting about \$3,000,000.

WALL ST. STRENGTH AIDS LOCAL STOCKS that is now being carried out by the

Dominion Steel Well Bought and Makes a Sustained and Firm Advance.

A strong Wall Street market on Saturday lent a little more enthusiasm to local traders, and buyers had to pay more for the speculative issues. If there was any feature to the market it was in Dominion Steel, which showed individual strength. In addition to the ordinary speculator, investors are picking up these shares on the grounds of securing what they think will be a permanent dividend payer. Most of the other speculative issues traded in were operated in conjunction with the general market outlook. The present price recovery is a \$10.75 per ton, and with mine ore renormal market action, but too much should not be expected in the way of advance. The war loan will seriously interfere with any attempt of speculative buoyancy and besides it will take some time to get speculators back into the fold after the drastic treatment in the market last fall.

Appointed industrial commissioner of Canadian Northern Railway.

C. N. R. COMMISSIONER

of two points at 108 1-2, with one to two for shares of the same class and Heads New Department of Resources-to Foster New Industries.

> Dr. D. B. Hanna, vice-president of the Canadian Northern Railway, announces the organization of a department of resources, and the appoint ment of Daniel F. Coyle, of Winnipeg, as industrial commissioner for the railway, with headquarters at Winnipeg. Vice-President Hanna in his

circular says in part:
"In anticipation of the industrial organization and development which will follow the conclusion of peace, and in view of the great number of industrial opportunities on the lines of the Canadian Northern Railway system, the company has decided to extend its operations in that regard by creating a department of resources.

"Mr. D. F. Doyle has been appointed administrator of this work, under the title of 'industrial commissioner,' with headquarters at Winnipeg, Manitoba. As the aim of the department is to locate industries and to develop the natural resources along the company's lines, it is confidently expected that the municipal authorities will cooperate with Mr. Doyle in his work."

Few of the younger railway men in the west are as well known as Mr. Dan Coyle, and the positions which he has covered to make the company's steady at 18½ to 18½. Timiskaming was firm at 56, and Beaver continued steady at 43½ to 44. Adanac displayed firmness at 28½, with 30 paid for an odd lot.

In the Porcupiae list Apex was strong at 9 to 9½. Davidson, opening at 80, gained a point. McIntyre was properly to 183, Figures of the Malatana to 183, Figures of the Malatana thousand shares changing hands between 13 3-4 and 14. Hargraves held comparatively steady at 18½ to 18½. Timiskaming was firm at 56, and Beaver continued steady at 43½ to 44. Adanac displayed firmness at 28½, with 30 paid for an odd lot.

In the Porcupiae list Apex was strong at 9 to 9½. Davidson, opening at 80, gained a point. McIntyre was properly the properly t adian Pacific Railway and the Can-adian Northern Railway have given him experience that will fit him pre-eminently for the big undertaking

H. B. Wills in his market letter has The earnings of McIntyre mines FOR DAVIDSON STOCK uring the month just closed are rethe following: during the month just closed are re-ported to be on a par with January, and this in spite of the milling plan being shut down continually for over 48 hours in order to permit of the changing in equipment necessary to increase the daily capacity from 450 to over 600 tons. TORONTO, ONTARIO,

IMPROVEMENT IN THE MINING STOCKS

More Cheerful Tone in Evidence-McIntyre Rallied Two Points.

The mining market on Saturday as-umed a more cheerful tone, and on fairly active trading some substantial gains were made. The announced change in the control of Peterson Lake was the one big item of news to influence the market, and some improvement took place in the Pete Lake stock. There seemed to be a wide divergence of opinion with regard to the change, but the bulls seemed to have a little the best of the argument. After opening at 121/2 the stock went up a half point to 13. Great Northern, another of the silver group, broke out into considerable activity, several thousand shares changing hands between 13 3-4 and

Dan Coyle, and the positions which he has occupied with both the Canadian Pacific Railway and the C Figures of the McIntyre production for February have not been published yet, but despite the short month and the fact that the plant was closed down for a couple of days while alterations were being made, it is reported that the output will compare favorably with that of January, which

OFFIR REPORTED

Outside Interests Anxious to Get Control-Offer Not Accepted.

It is learned that a very attractive serves increasing rapidly as driving offer, comprising a price per share along the 1000-foot level continues, considerably above the present market there is every indication that McIn- level, has been made for the controlling interest in the Davidson Gold With the changing in equipment Mines, Limited, but that it will not be from cage to skip, the hoisting of ore acted on as the present control is de-

main shaft, situated on the old McIn- The Davidson has had a remarkable tyre Extension property. The new record since the property was reopened aerial tram is already running smooth-ly, and will economically land the ore directly to the mill. Additional transport of the mill of the mile of th motor capacity is already installed to velopment is proceeding on the first meet the increased demands, and there and third levels, and will be resumed s small doubt that the March output shortly on the second level. The prowill be the largest on record. Drifting perty is coming to the front as one An application to restrain the operations on the 1000-foot level are of the big mines of the Porcupine of now about 925 feet in length, and the camp, and it will probably join the list Timiskaming shareholders on Monday drillers now practically at the boundary afternoon, called for the purpose of ratifying a bylaw to permit the extension and the solution of the purpose of this work has continued in high-grade be wider than those of any other mine the solution of Timiskaming that the solution of the

> The present controlling interest has Ry. McIntyre well to the fore as a heavy producer. In addition, however, to this vein system, there is a very large as a mine, and in view of the favor-tonnage in reserve on the very large

ORE CONTINUALLY

The Hargraves management is hoisting mill ore thru the No. 1 shaft, which is being shipped to the Dominion Reduction Company right There are three machines working n ore underground.

Hargraves is located about the centre of the operating and produc-ing section of Cobalt, about one mile from Beaver. These mines have some graite which Hargraves has not. Hargraves has a little conglomerate at the northwest of the No. 1 claim. It has about 80 feet of conglomerate in the northwest corner. The No. 1 shaft is sunk in the conglomerate. The conlomerate area consists of about one acre. The rest of the territory is diabase on the surface and they get keewatin down around the 375 feet depth. Hargraves is in the centre of the most productive 400 acres of Cobalt, which includes Crown Reserve, Kerr Lake, the Cobalt Comet or Drum-mond and the Lawson claim, owned by LaRose.

STOCKS ARE CHEAP.

Heron & Co. had the following at the close: Montreal March 3.—There was a really good market here today, and for the first time in some weeks the public participated in the trading to no small extent. The technical post-tion of the market is excellent and tion of the market is excellent and stocks are very cheap, so there is every reason to expect a good market with advancing prices.

A RECOMMENDATION

The Porcupine mining companies will produce close \$14,000,000 this year, against \$9,800,000 last year, and will pay \$5,060,000 in dividends, against \$4,160,000 in 1916. Are you participating?

The outlook is for much higher prices for many of the Porcupine issues, and the prospects are that big profits will be made in the mining market. Will you

participate? We recommend that you communicate with us immediately concerning an unusual opportunity now available in the Porcupine list.
