Grand Trunk Calls Upon Government To Take Over G. T. P. **OUEBEC-ST. JOHN LINE**

> Bill Introduced Provides for Government Operation of the Railway.

By a Staff Reporter. OPTAWA, May 3.—The house spent all of today upon the railway estimates and the proposed subsidy to the Quebec and St. John Railway. The resolution pre-viding for the subsidy passed. The bill founded upon the same was introduced. The bill not only provides for the subsidy, but for the leasing, equipment and operation of the read by the government raliway system.

The Hudson Bay Railway estimates called forth considerable criticism on the selection of Nelson instead of Churchill for the terminus, but they were finally passed without division.

OTTAWA, Ont., May 3.—Colonel Lieut. Roy Ryan is Gazetted A. D. C. to Colonel Steele.

Canadian Associated Press Cable.

LONDON, May 3.—The following changes in the Canadian contingent are reported:

Lieutenant Barry, A.D.C., promoted to staff captain; Lieut. Ray Ryan, artillery, promoted captain and A.D.C. to General Steele; Lieut. Hugh Miller, appointed adjutant in the army service training depot; Lieut. Appleton, appointed officer in charge of the machine gun bases; Sergt. Mitchell of the overseas corps, appointed lieutenant in the engineers; Sergt. Bisland, of headquarters, promoted lieutenant; Corporal Jacques Martin, mounted rifies, appointed lieutenant; Quartermaster-Sergeant Clifford receives a commission in the Royal Flying Corps; James O'Rielly, of the army service corps, joins the field artillery. der Bertram. SUBSIDY IS APPROVED

Debate Showed No Strong Opposition to New Conscription Measure.

GREETED WITH CHEERS

Passage of Bill Next Week is Expected by Walter Long.

LONDON, May 3.—The government's military bill for immediate general compulsion passed its first reading in the house of commons tonight. Its passage was loudly cheered.

The debate revealed no very deadly opposition to the compulsion bill. The only interesting point was the suggestion by Col. Craig that Ireland should be included. Walter Hume Long, president of the

ocal government board, who was sponsor for the bill, replied to this suggestion that there was no objection. if the Nationalist members approved the idea and it found an echo in Ireland. Mr. Long hoped that the bill would be passed next week. Given Month's Grace.

visions of the bill Premier Asquith wound in the hand; Lieut. Torrance, said that youths reaching the age of cidental gun wound in left leg. 18 would be given a month's grace to enlist voluntarily. The same exemp-

Situation in Ireland Quiet Is Official Assurance Given

Collection of Arms and Arrest of Fugitive Rebels Is Progressing in Satisfactory Manner.

LONDON, May 3, 7.53 p.m.—"The situation in Ireland is quiet," says an official statement issued tis evening. "The collection of arms and the arrest of fugitive rebels is progressing satisfactorily. A strict cordon is still maintained.

"Galway: The police barracks at Oranmore, about 7 miles east of Galway, was attacked by a party of rebels, but held out until relieved. "West Riding of Galway: The situation is well in hand. The rebels have been dispersed.

"The south of Ireland is quiet. Steady progress is being made toward the restoration of normal conditions. "The situation in Ulster is normal."

NEW RECORD MADE SEEM ASSURED

Threatened Revolt Against Million and Three Hundred Government Program Seems

to Have Collapsed.

Hopes of Prorogation Next Favorable Balance Reported Week May Meet Disappointment.

By a Staff Reporter OTTAWA, May 3.—The prorogation s confidently expected next week, there are still several subjects to be disposed of by parliament. They include the appropriations in aid of the Canadian Northern and the Grand Trunk Pacific. As yet the Liberals have not intimated their position, but it is generally believed that the estimates will pass after

a general discussion of the entire railway situation. The threatened revolt of some Quebec Conservatives has apparently collapsed and it is not believed that the legislation will be opposed by Messrs. R. B. Bennett and W. F. Nickle. who so vigorously fought the Canadian Northern bill at the 1914 session. Quite unexpectedly comes the quasi-

which is an excess of \$249,088,274 over imports.
Compared with the preceding year's total, these figures showed an increase of \$450,617,455. Exports jumped from \$461,442,509 to \$779,300,070, and imports from \$497,461,902 to \$530,211,796.
The year 1915, of course, was a poorer trade year than either 1914 or 1913; altho exports increased \$6,000,000 in 1915, total trade declined to \$953,-894,411 over total trade for 1914, the then record of \$1,090,948,716, the present fiscal year shows an increase of \$218,563,150. official announcement tonight that a resolution dealing with the bilingual situation will be offered in the house on Tuesday next. Just what will result from the expected debate no one can tell. The time limit for disallowing the Ontario statute expired on the 28th ult. but the resolution to be offered may ask for friendly intervention by the

Raid on English and Scottish Coasts Achieved No Military Results-Daylight Attack on Deal---Raider Wrecked Off Norway's Coast.

LONDON, May 8,-7.30 p.m.-The zeppelin air raid on the northeast coast of England and southeast coast of Scotland last night resulted in 36 casualties. This announcement was made officially today. One hundred bombs were dropped.

Another official announcement states that Deal was visited by a German aeroplane this afternoon. Several houses were damaged and one man

The zeppelin L-20 has been completely destroyed and driven ashore on the western side of Hafso Firth, Norway, according to advices from Stavanger. Some of the crew were The official statements and results

of German air raids follow: Fleet of Zeppelins.

"The zeppelin raid last night covered a considerable extent of the eastern coast. At least five or six airships actually crossed the

shore.

"Reports from reliable observers, made at various times during the night at many points, some as far distant as Rattray Head, Scotland, down to the porth coast of land, down to the north coast of Norfolk, would point to the possibility of a greater number of airships having been employed off our coasts. The enemy, however, made only two attempts to penetrate inland.

"About one hundred bombs were dropped, scattered over many localities. The exact number is difficult to sive, since a great number fell in uninhabited areas and some into the sea.

into the sea.

"In only a single locality did the raiders cause any casualtics or effect much damage. In this case the bombs amounted to 12 explosive and four incendiary, and 18 houses were damaged. The casualties totaled six men—one of them a soldier—and three women killed and 19 men, including three soldiers and eight women injured—a total of 36.

total of 36.

"The remaining 70 odd bombs occasioned only two casualties, one soldier and one child slightly injured.

"The damage effected—on a storehouse and a few cottages—was mostly broken glass.
"The raiders only twice came within range of any anti-aircraft artillery. On both occasions they retreated out of range without delay."

Attack on Deal.

"A hostile aeroplane visited Deal this evening, coming from the direction of Ramsgate. It dropped six bombs on the railway station and several houses were badly damaged. One man badly injured is at present the only casualty known.

known,
"The aeroplane made off, flying above the clouds, Our aircraft, went in pursuit."

Zeppelin Broke in Two.

The zeppelin L-20 passed north of Sandnaes about 10 o'clock in the morning, says a Reuter despatch from Stavanger. She was flying at a low altitude and was in a damaged condition. Boats put out to their assistance and the commander and one seaman were rescued and taken to a hospital.

The zeppelin was then driven over the hilltops and against a hillside. Its afterbody broke in two and part of it fell to the ground. Some of the crew jumped or were hurled out.

The zeppelin then rose a little and sauft. One hundred prisoners and four machine guns were taken. The and the airship descended rapidly.

A torpedo boat which had been following along the coast, went to its aswas driven westward, but the bag of sauft. One hundred prisoners and four machine guns were taken. The bombardment was violent in the Avocourt sector. An attack of the Germans in force of three companies (750 men), covered by a spirited bombardment with irritating shells, was defeated by the French in the trenches between La Harrazee and Four de Paris. A French longe-range gun bombarded the railway station at Sebastopol, east of Vigneulles. Patrols fought each other in Lorraine.

The Germans today asserted that they had brought down five French aeroplanes yesterday.

The Daily Calendar in the centre and the airship descended 'rapidly. A torpedo boat which had been following along the coast, went to its assistance and rescued three men still in the cabin. A fourth man had jumped out shortly before.

Grave Situation.
In closing Mr. Smithers remarked: The railway situation in Canada is a serious one and any default on the part of the Grand Trunk Pacific Railway Company might lead to grave consequences as to the general financial position in Canada. The board believe this danger will pass away if the government accept their proposal, thus saving the general situation and enabling the Grand Trunk Railway Company to fulfil its duty to the pub-

Mr. Smithers makes an important reference in the course of his letter to an offer which Sir Robert Borden had made, of advancing loans for five years sufficient to keep the road in opera-

Advances by Company. A statement from Mr. Frank Scott, treasurer of the Grand Trunk, shows that that company advanced \$801,783 to the G. T. P., \$13,369,000 to the G. T. P. Branch Lines Co., \$214,000 to the G. T. P. Saskatchewan Railway Co., velopment Co., a total to the G. T. P. and its subsidiaries of \$26,179,000. The G. T.R. holds notes from the G. T. P. subsidiary companies for \$24,-334.000. The Grand Trunk is also entitled to branch line companies bonds guaranteed by Saskatchewan and Alberta, to the extent of \$3,868,000.

and Alberta, to the extent of \$3,868,000, representing expenditures on branch lines and terminals, when the amount has been finally settled.

C. N. R.'s Indebtodness.

An audit of the floating indebtedness of the C.N.R. system shows it to total \$92,450,882. This includes: Lordon loans of \$20,006,000, Dominion Government loan of \$10,000,000, C.N.R. two year and one year notes amounting to \$14,000,000, temporary loans covering \$14,000,000, temporary loans covering interest, construction, etc., \$10,000,900; contractors, subcontractors, materials, \$5,921,000; sundry accounts \$13,997,-090, less \$10,780,000 cash on hand, ac-

Artillery Actions Fought on Both Sides in Flanders.

British front have been confined to artillery actions on both sides, some light and some heavy, and to some mining activity. Sir Douglas Haig reported from the front in France and Belgium mines east of Souchez today and bombarded German trenches in that vicinity. Fairly heavy bombardments were conducted by both sides from St. Eloi and to the south of it on a front of 1000 yards.

British aircraft conducted a considerable amount of work yesterday in spite of thunderstorms and they saw few German aircraft.

BERLIN, May 3.—By wireless to Tuckerton—"Pope Benedict," says the Overseas News Agency, "has sent a letter to Emperor Nicholas requesting the release of the Rev. Andreas Szeptycki, the archbishop of Lemberg, who for the past eighteen months has been

FOUR REVOLT LEADERS SHOT CASEMENT TO BE TRIED SOON

Pearse, Connolly, Clark and MacDonagh Paid Extreme Penalty---Birrell, in Offering Resignation, Admitted Policy in Ireland Caused Disaster.

Mr. Birrell said that when he viewed

the view that the danger of an outbreak was not a real one, and perhaps what he had said in conversation might have influenced Mr. Birrell.

Connelly Active Socialist James Connelly lived for some years in New York, where he was active as a Socialist and labor agitator. He re-

cabinet has ridden over one, more crisis and made what atonement was possible for permitting rebellion to flame up by dropping overboard the chief secretary for Ireland, Augustine Birrell, who theoretically was responsible for the control of that country. This solution was in accordance with the traditions of the British Government and excites no protest.

Premier Asquith announced to the house of commons the execution today of three (note) of the Sinn Fein leaders and that Sir Roger Casement would be tried with the utmost expedition. Then Mr. Birrell made explanations of the motives for his leniency in dealing with the long-smouldering sedition. The retiring secretary spoke with deep emotion of the ruin of his hopes and plans, and had a sympathetic audience, except for Laurence Ginnell, independent Nationalist, who interrupted him with denunciatory exclamations.

Redmond Urged Clemency.

with denunciatory exclamations.

Redmond Urged Clemency.

John Redmond, leader of the Irish
parliamentary party, begged the govmass of those involved in the revolt, and said he was partly to blame for ruins of his own ambitions, there was Mr. Birrell's earlier complacency respecting conditions in Ireland, as he had concurred in the secretarie's view that the danger of an outbreak was not real one.

The Times describes Mr. Birrell as

The Times describes Mr. Birrell as The Times describes Mr. Birrell as "a barrister, a man of letters and wit," and declares that there have been widespread doubts of Mr. Birrell's suitability for the Irish post, but that no public man commands more perno public man commands more per-

without emotion and sympathy, and he assured Mr. Birrell that he possessed It points out that the difficult problems remaining are the unraveling of the widespread Sinn Fein organization

Mr. Redmond said that the whole and the payment of the people of Dublin who lost their houses, shops and sods and public buildings.

"How shall be converged by the converged

"How shall the government deal with the Sinn Fein leaders?" asks The Times. "Some of them are men of position and high attainments, who did door. sition and high attainments, who did take up arms, but have been paving the way for the rebellion by their writings and in speeches. Dublin cannot afford to pay the bills for material damages and probably the government will be obliged to give relief.
Ginnell's Outburst.

While approving the vigorous quelling of the rebellion, Mr. Redmond begged the government not to show undue harshness to "the great mass of un-Laurence Ginnell, member for the harshness to "the great me north division of Westmeath, who is classed as a nationalist, but follows Pearse's Career. the leadership of no party, greeted the announcement of the premier that some of the leaders of the Irish rebellion had been shot, with the cry of "Huns". For some minutes he prevented Mr. Birrell from making a personal statement, and gave notice that he would make a resulting of the leaders, the "provisional president of Ireland," was about 34 years of age and was known in Ireland as a leading student of Gaelic literature. He was a barrister by profession, but devoted most of his personal statement, and gave notice that he would make a resulting to literary and educational pursuits. that he would move a resolution calling attention to the shooting of "in of The Gaelic Journal in Dublin, and later founded St. Enda's School, which ment."

said he would have an opportunity, as a private member, of taking part in the debate on the Irish rising. He candidly admitted that he had made an untrue estimate of the Sinn Fein support of his school. Pearse was of movement and the possibility of dis-turbances such as had occurred in Dublin, especially in respect to the mode of warfare which had been pursued and the desperate folly dis-played by the leaders and their dupes Therefore, at the moment he learned from Gen. Sir John Maxwell that the insurrection had been quelled, he placed his resignation in the hands of the prime minister and it had been turned to Ireland about five years ago to aid in organizing the Irish Labor party. Connelly was about fifty years of age and was self-educated. He was the author of a book entitled "Labor Party of the prime minister and it had been turned to Ireland about five years ago to aid in organizing the Irish Labor party.

Final Effort to Bring It Up to Strength.

MUNITION INVESTIGATION

Witnesses Testify That Nine-Hour Day Should Be Inaugurated in All Factories.

HAMILTON, Thursday, May 4.-The City of Hamilton Battalion is still under strength, and must recruit a hundred more men before moving into its summer quarters. An earnest appeal is issued to elegible young men of the city to fall in and spend the summer under canvas with the unit: at Niagara camp. Capt. A. L. MacDonald, who has been acting as quartermaster, has been transferred to C Company, and will be second

ferred to C Company, and will be second in command.

Recruiting was poor yesterday, and the total at all depots was 13 applicants and seven fit men. The 205th Battalion continues to lead in the race for recruits, and the personal efforts of the special recruiting squad are now beginning to bear fruit and men are gradually being obtained.

Rev. J. B. Paulin was made the recipient of a purse of \$600 by the congregation of St. Giles' Presbyterian Church. Rev. Mr. Paulin has been connected with the church for some time, and recently resigned his pastorate to become chaplain of the 86th Machine Gun Battalion, which is leaving for overseas shortly. Albert Draper died at his residence, 224 Napier street, last evening. He has resided in Hamilton all his life and was employed as a cigarmaker at Tuckett's. sided in Hamilton all his life and was employed as a cigarmaker at Tuckett's. He leaves a wife and seven children. The commission appointed by the government to investigate conditions in Toronto and Hamilton munition plants met at the court house here yesterday. His Honor Judge Snider presiding. The evidence submitted yesterday showed that the munition workers are satisfied with the conditions in the majority of the factories, but it was the general opinion of all that a nine-hour day should be inaugurated, with time and a half for all overtime. The investigation will be continued this morning.

time. The investigation will be continued this morning.
Word was received here yesterday of the death of Lieut. Harry Addie of St. Catharines; but well known in the City of Hamilton. Lieut. Addie went overseas with the 19th Battalion, and late transferred into the Royal Flying Corps.

The body of Mrs. Margaret Maclesn, sister of ex-Ald. William Findiay, arrived in the city last evening. She was killed in a motor car accident at Chicago last Sunday. The remains were removed to the home of her mother, Mrs. J. Findlay, 315 Aberdeen avenue. Patrick H. Pearse, the "provisional president of Ireland," was about 34

he conducted up to the time of the Sinn Fein rebellion. He was unmarsupport of his school. Pearse was of English descent, but was born in Dub-

quarters of her iron ore supply from the mines of Lorraine, and it But Whole Situation is Well Un-

mineral province by the terms of peace. She will, therefore, defend it as a vital factor in her future life. She canno the expected to be driven out of it until she is utterly defeated. If she is utterly defeated reland, arrived here today from Dublin aboard the yacht Helga, after having As iron is one of the principal sinews of war, it is obvious that if the spent several days in revolution-torn Ireland. The secretary immediately boarded a special train for London.

Mr. Birrell's face bore its customary kindly smile, but showed plainly traces of the great strain which the secretary had undergone. He spoke a few reassuring words, but seemed worried and anxious to avoid an extended interview.

"The revolution is entirely in hand and virtually over," said Mr. Birrell. "We have received word from our commanders in various parts of Ireland that all the main bodies of revolutionists have surrendered. Dublin itself is quiet. The shops reopened there today.

"Of course there is still some sniping at one place or another, but the whole situation thruout the country is well under the control of the troops. The military operations, however, have not yet ended and martial law will still be maintained." spent several days in revolution-torn allies once control German Lorraine and merely hold on to it and beat off German offensives to recover it, they can starve out Germany in a material sense. She is known to have laid up vast stores of iron which she accumulated by intensive mining since the beginning of the war, but these The capture of a German position lying northwest of Le Mort Homme in a brilliant dash by the French was the only incident worth reporting in the Verdun region yesterday. No counter-attack was made by the Germans. Not only have they lost their punch, but they have, apparently, lost The conscription bill passed its first reading in the British House of Commons last night and it was loudly cheerde. This fact marks an important departure in the military policy of the empire. People who have

FIJI ISLANDS SHARE

NEW YORK, May 3 .- Sir Bickham Sweet-Escott, governor of the Figure 1981 slands, and his wife, arrived here toin Berlin, it is said, 25 persons were killed and 200 wounded. German day on the Anchor Line Steamship Cuscania from Glasgow, on their way back to their home at Suva, Fiji Islands. The governor said that the Islands. islands had sent two contingents to the war, numbering 120 men in each, gary have been closed down. Woolen goods have vanished and if the war and that 25 per cent, had been killed in action, among them the governor's drags over next winter, the German army will be grivously short of son. There were no natives in either contingent, he said.

SENATORS DISLIKE **ANTI-LIQUOR LAW**

Doherty's Bill to Aid Provinces Given Some Hard Knocks.

HYPOCRISY IS ALLEGED

Hundred and Twentieth to Make Senator Domville Believes Psalm-Singers Are Unduly in Evidence.

> OTTAWA, May 3.—Some opposition developed in the senate today to the sovernment's bill to aid provincial legislation prohibiting and restricting the sale or use of intoxicating liquors. The six months' hoist was moved. Hon. Senator province which had not adopted to a proprovince which had not adopted to a province which had, if the latter so wished. Senator Power said he was opposed to the bill. While there had "been an epidemic of emotion sweeping the world and Canada had experienced a share of it." the senator thought prohibitory legislation led to hypocrisy. A member of the Nova Scotia legislature, whom he knew, made a practice of going across Granville street for a drink after every speech on prohibition he made in the house. Senator Power said tea and overeating did as much harm to the people of Canada as liquor. He moved that the bill be given six months' hoist and was seconded by Senator McSweeny.
>
> Too Many Psalm-Singers.
>
> Senator Domville said he did not propose to be run by women and preachers. Canada was a great nation, too great to be controlled by a lot of psalm-singers. He believed in salvation, but doubted that he had enough money to be saved as there seemed to be a constant call for contributions. Psalm-singers were no good in the trenches and he believed the senate should not pass the bill on sentimental grounds.
>
> Senator Casgrain said the restriction on trade between the provinces was a violation of the confederation agreement and the British North America Act.
>
> Senator Cloran said the legislation had only one leg. It proposed to protect a dry province from wet provinces, but not from liquor shipments from the United States or England.
>
> Senator Bostock said he favored the principle of the bill, which was to help each province doing what it wanted to do. Some features might have to be altered.
>
> Senator Choquette did not favor prohivince which had, if the latter so wished.

altered.

Doesn't Affect Quebec.

Senator Choquette did not favor prohibition, but was prepared to support the bill because it would not affect Quebec and because it would help every province to do what it wished to do.

Senator Davis of Prince Albert said the bill would help Saskatoon by completing the government's monopoly of the liquor business. He was against the principle of the legislation.

Senator Beique said there was little danger of the bill being found ultra vires. He said that this was not a prohibition measure at all.

measure at all.

Senator Dandurand said he would vote against the amendment. He favored restricting the use of liquor.

Senator McSweeny adjourned the de-

HOLYHEAD, Wales, via London, May 3.—Three hundred more prisoners from Ireland, of whom twenty were wounded were landed here today. The prisoners included a considerable number of persons evidently of somewhat higher station than those landed two days ago. Some of them were intellectuals who heretofore have been identified mainly with the Irish literary movement. Others were clerks, sportsmen, tradesmen or farmers. Most of them appeared to be greatly exhausted.

Altho all the prisoners were men's clothing, it was reported that several were women, thirty or forty of whom have been made prisoner. Only about five per cent, of the prisoners wore the Sinn Fein uniform. There are undoubtedly many prisoners who are truthful in saying they knew nothing of the impending revolt when they were mobilized. Whether that will in any way mitigate their treatment by the government is not known.

A number of the prisoners indicated their willingness to turn state's evidence, and it is stated that some startling in. A number of the prisoners indicated their willingness to turn state's evidence, and it is stated that some startling information will come to the government

SIMPSON TRIAL NEXT WEEK. He Argues to Dispence With Calling

WINNIPEG, May 3.—Dr. R. M. Simpson has agreed, thru counsel, to dispense with calling witnesses and taking evidence in the preliminary hearing of the charges against him, and the depositions made in the preli-minary hearing of the ex-ministers will be accepted as the made in the present case. This was settled before Magis-

trate Noble today.

Dr. Simpson will be committed for trial next week, after the magistrate has gone thru the formality of reading the evidence taken in the ex-minister's p.m., via Paris, May 4, 12.20 a.m.—Germany's reply to the American note will be handed to Ambassador Gerard tomorrow afternoon, says a despatch received from Berlin, quoting The Lokal Anzeiger as authority for the statement. in respect of them will be entered into. erican Line ships. At Kirkwall her erence was promised in favor of union members.

Official War Statements

The following British official communication was issued late last night:

"Nothing of importance has happened in the past twenty-four hours. The operations on both sides have been confined to artillery actions, some of them light and some heavy, together with a little mining activity. Today we blew up three mines east of Souchez, and at the same time bombarded enemy trenches in that vicinity.

"There also have been fairly heavy bombardments by both sides, from St. Eloi to the south of it, on a front of about 1000 yards.

"Yesterday our aircraft carried out a considerable amount of work, in spite of the Germans were continuing their heavy bombardment west of the Meuse, while on the opposite side of the river, the big south of the continuing their heavy bombardment west of the Meuse, while on the opposite side of the river, the big south of the continuing their heavy bombardment west of the Meuse, while on the opposite side of the river, the big south as Damioup. The French, replying vigorously broke up German movements around Vaux pond and the Chauffour woods.

French.

The French official communication issued last night reads:
"West of the Meuse there was a violent bombardment in the sector of Avocourt. Toward the end of the afternoon our troops by a brilliant assault captured German positions northwest of Le Mort Homme. We took about 100 prisoners and four machine guns. and four machine guns.
"On the rest of the front are artillery

"Artillery duels continued all night in the region of Dixmude and were resumed with violence this morning. The bombardment lost its intensity this afternoon. There is nothing to report on the rest of the front."

The French official communique yesterday said:

"In the Argonne district, after a spirited bombardment with shells which released irritating gases, the enemy undertook yesterday evening a small attack, in which three companies took part, upon our trenches between Harazee and Four de Paris. The Germans were successful in gaining a footing for a few moments in our advanced positions, but they were not able to maintain this success and had

MAXWELL GIVES PRAISE

TO IRISH REGIMENTS Their Services in Crushing Rebellion Call for Special

DUBLIN, May 2, via London, May 3. -in an order of the day thanking the troops engaged in the suppression of the rebellion here, Lieut .-Gen. Sir John Maxwell, the military commander, says that owing to the tireless efforts of the soldiers all the rebels in this city have now surrendered The order says further:
"I specially wish to express my
gratitude to the Irish regiments, which have so largely helped to crush the rising."

. He is unable to refer in the present order, Gen. Maxwell says, to the gallant behavior of the men, but he expresses his admiration for a small detachment, which, while convoying ammunition, was attacked in Charles street. After a splendid de-fence of three and one-half days, during which its leaders were struck down, the detachment delivered the ammunition safely.

CLOSED DOOR POLICY?

Japan and Russia Are Reported in an Agreement.

NEW YORK, May 3.—According to a New York Journal despetch from Pekin today Japan and Russia have agreed upon a "closed door" policy for China. It says: "A new treaty estab-China. It says: "A new treaty establishing Russian and Japanese rights in Chinese territory has been negotiated between Tokio and Petrograd, by which the 'open door' on the Chinese coast is to be closed.

"Advices from Tokio which escaped the attention of the censor by reason of being sent by post instead of telegraph indicate that Japan and Russia, taking advantage of the turbulent situation brought about by the world war. uation brought about by the world war, are planning to settle the fate of China between themselves."

MORE STRIKERS IN NEW YORK. Sixty-five Thousand Are Now Walk ing Streets.

NEW YORK, May 3.—The number of garment workers out of work was brought up to 65,000 today with the strike of 35,000 in sympathy with those held for examination. The British of-ficials at the port refused to give any explanation for their act. The women gave their names as Mrs. Gertrude Evelin and daughter, Miss Anna Maria Evelin.

The Ryndam on her trip over came

to reinc. They sustained heavy losses by our fire.

"In the region of Verdun there has been fairly intense activity on the part of the opposing artillery forces in the sectors of Dead Man's Hill and Douaumont. One of our long-range pieces bombarded the railroad station at Sebastopol, to the east of Vigneulles. Flames were observed at the station.

"In the Lorraine district there have

Moncel.

"The night passed quietly on the remainder of the front."

Last night's statement reported that the Germans were continuing their heavy bombardment west of the Meuse, while on the opposite side of the river, the big guns were beiching as far south as Damloup. The French, replying vigorously broke up German movements around Vaux pond and the Chauffour woods.

After/a violent bombardment opened at daybreak yesterday on the Belgian positions immediately north of Dixmude, the Germans launched a sudden attack on a post east of the Yser, and gained a footway in three of the Belgian advanced posts. The enemy was immediately driven out, however.

The German war office reported yes-The German war terday:

"North of Dixmude our detachments succeeded by a surprise attack in entering the Belgian line and took several dozen soldiers prisoners. In the Four departs sector our patrols reached the second French line and returned after capturing several prisoners. The situation remains unchanged in the Meuse (Verdun) sector.

PEOPLE OF DUBLIN **MOVE ABOUT FREELY**

-Fifth Floor. Light Weight Running Shoes That Give Comfort

and Long Service E VERY EXPERIENCED CANOEIST knows the absolute necessity of wearing a pair of rubber soled, canvas shoes. They are light cool and comfortable on the feet; give spring and snap to the footstep and take firm hold, when carrying the canoe along the sand over rocks, or up a slope. They enable the paddler to spring quickly into his boat after pushing off from shore, and their softness and smoothness does not scratch the varnished or painted woodwork.

The running shoe season is here and we're ready with a fresh new stock of Oxford or balmorals in white duck with white or black soles in sizes and styles for men, women and children. You'll note the following prices are no higher and in some cases lower in price than last year despite the increase in the cost of rub-

WHITE DUCK YACHTING OR TENNIS SHOES with white corrugated rubber soles and heels and smooth leather insoles. Men's sizes, 6 to 11. Oxfords, \$1.10. Boots 1.25 Women's sizes, 21/2 to 7. Oxfords, 95c. A WARM WELCOME HOME

BATTALIONS WILL HELP MOVEMENT

Play Big Part in Making Kitchener Tag Day a Success.

TO MARCH THRU CITY

Eighty Recruits Accepted : Yesterday-More Buttons Are Issued

Active service battalions will play part in making Kitchener Tag Day a success. Military headquarters has requested officers commanding battalions to assist the movement by carrying out a route march which will take their units thru the downtown sections of the city. Several hundred men were handled by the Toronto Recruiting Depot yesterday. One hundred and forty-nine men offered to enlist, 80 of them being accepted. In addition 177, previously rejected, were

addition 177, previously rejected, were given the official rejection buttons, making a total of 1286 buttons distributed this week.

The Beavers' Battalion secured 14 of the 80 recruits attested. The Irish-Canadians and the Mississaugas each secured ten, the Buffs seven, Bantams four, and Toronto Light Infantry three. The strengths of battalions are now:

Mississaugas 820
Buffs 814
Toronto Light Inf. 417
Beavers 766

Irish-Canadians

Bantams

Coming from Kingston.

The band of the 166th Queen's Own
Battalion, with the 12th Artillery Brisade and Brigade Ammunition Column
from Exhibition camp, will be at the
Union Station at noon tomorrow to welcome the 53rd Battery, which is coming
from Kingston. The artillerymen will
march to the city hall, where Mayor
Church will welcome them. At night a
civic dinner will be tendered them.

The regimental and King's colors of
the 10th Royal Grenadiers will be presented by the regiment to the 123rd Overseas Battalion (Royal Grenadiers) next
Sunday, the ceremony to be held on the
campus of Toronto University. This is
the spot where, nineteen years ago this
month, the women of Toronto presented
these colors to the 10th Royal Grenadiers.

Queen's Own Parade.

J. Elton, paymaster; Lieut. C. H. R. Fuller, machine gun officer; Lieut. J. W. Crashley, signaling officer, and Lt. Mc-Kissock, bombing officer.

Captain J. V. N. Williams, command of A Company, Captain S. K. Bennett second in command: Captain A. E. Murdock, B Company; Capt. J. C. Wreyford aeqond in command: Capt. R. J. Blaney, Company, Captain W. B. Collier second in command, and Captain M. R. McCallium, D Company.

The Heutenants for the platoons of A and B Companies have been named, as follows: Lt. G. T. Roach, No. 1 Platoon; Lt. A. A. Rogers, No. 2; Lt. T. E. Walker, No. 3; Lt. H. Currie, No. 4; Lt. C. E. Morris, No. 5; Lt. Kliner, No. 6; Lt. Crane, No. 7; Lt. H. Firstbrook, No. 8.

It. Crane, No. 7; Lt. H. Firstbrook, No. 8.

To See Trench System.

The front-line trench in the window of the headcuarters of the 201st Battalion attracts the attention both of the public and of the men in training, Major G. N. Bramfitt, instructor at the P.S.I. lectured to the officers in training on field engineering yesterday, and then all went over and saw the trench system constructed under the direction of Major Bennett of the 201st.

No. 2 Company, Canadian Army Service Corps, wants for the horse transport wheelers, saddlers, farriers and thirty drivers. For the mechanical transport, wagon-cleaners, drivers, turners, blacksmiths and wheelers are required. There is another call for active service recruits of the Army Service Corps. Men are wanted for both the A.M.C. Training Depot, No. 2, and for the camp sanitary section.

Must Stop Smeking.

pot, No. 2, and for the camp sanitary section.

Must Stop Smoking.

"It has been reported that soldiers are in the habit of smoking on street cars going to and from the city and have refused to stop smoking when ordered to do so by the conductors," states an order at Exhibition Camp yesterday.

"Officers will warn their men that smoking in the street cars is prohibited by law and officers and N.O.C.'s observing men smoking on street cars will take names of the offenders and report such to this office in order that they may be severley dealt with."

Rules regarding the subsistence allowance to be paid officers, N.O.C.'s and men of the C.E.F., attending instructional courses outside of their own districts, have been set forth as follows by military headquarters: ary headquarters:

-fit has been brought to notice that, in many cases, officers, N.C.O.'s and men attend certain courses, other than the schools provided for under militia or-

THE BEST THING

Why Pepsin, Pancreatin, Etc., So Frequently Fail.

So Frequently Fail.

An international specialist whose articles on stomach trouble have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as pepsin and pancreatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the smoke, instead of the fire. He claims, and facts seem to justify his claim, that hearly nine-tenths of all stomach trouble is due to acidity and food fermentation, and that the only way in which to secure permanent relief is to get rid of the cause, i.e., to neutralize the acid and stop the fermentation. For this purpose, he strongly recommends the plan now generally adopted throughout Europe of taking a teaspoonful of ordinary bisurated magnesia in a little water immediately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a horman smanner and thus by removing the cause mables nature to quickly restore the immediately active active to the convenience of travelers it may be noted that most druggists are now able to supply bisurated magnesia in 5-grain tablets, 3 or 3 of which will almost indigestion.

Weight championship continue to dike a porous plaster at the Gayety Theater. They will be shown during the remainder of the week in aid of the 208th (Irish) Battlion. A continuous performance from noon until 11 p.m., will be given daily, and popular prices will prevail.

PRO. BOXING FOR OTTAWA.

OTTAWA. May 2.—Chairman Sam Rosenthal, of the boxing committee for the S.P.A. Victoria Day celebration, an nounced this morning that the necessary sanction had been granted by Chief Ross to bring a pair of skilled men to Ottawa as a feature to the glove attraction. For the convenience of rayelers in a horman and permits the stomach lining to a perfectly healthy natural condition. For the conv

officer.

A concert was given in the A. M. C. quarters, Dairy Building, Exhibition Park, last night by the staff of the Army Medical Training Depot, No. 2, in honor of Lt.-Col. T. B. Richardson. on the first anniversary of his taking over command of the A. M. C. and the camp hospital.

TORONTO IS SECOND TO NEW YORK PORT

Figures Published Under Customs Department Show Splendid Results.

THIRTY MILLION

Yearly Estimated Rate of Re venue at the Port of Toronto.

Few residents in Toronto realize that they are citizens of the second largest port on the North American continent. Figures published hereunder by the customs department of

first contingent.

strument—String Quartet

der by the customs department of Toronto show the "Queen City" revenues to be at the rate of over \$30,-000,000 a year, or second only to the port of New York.

The customs revenue at the port of Toronto for April, 1916, totals \$2,767,-307, a gain of \$1,264,510 over April 1915; it is also another record month, being the greatest of any month to date.

The largest April prior to 1916 was in 1913, when the receipts were \$1,-887,289.

For the first four months of 1916 Toronto's revenue amounts to \$10,307,-769, or at the rate of over \$30,000,000

these colors to the 10th Royal Grenadiers.

Queen's Own Parade.

The Queen's Own Rifles paraded, 604
Major S. W. Band. The regiment went thru the physical training drill for the first time this season.

Pte. Jas. Ness of the 4th Divisional sanitary Section died in the camp hospital. Exhibition Park, yesterday. He had collapsed the previous night while walking on Yonge street, and never recevered consciousness. He lived at 149 Collier street, and has two sons in Toronto units—George, in the 216th, and Herbert, in the 34th.

The 216th (Bantams) Staff.

The 216th (Bantams) Battalion, Lieut.-Col. F. L. Burton, O.C., announced its staff organization yesterday, as follows:
Major A. C. Lewis, second in command; Major Austin Campbell, junior major; Captain A. R. O'Regan, adjutant; Capt. H. A. Cooch, quartermaster; Captain W. Struthers, medical officer; Captain W. Struthers, medical officer; Captain W. E. Struthers, medical officer; Captain W. Crashley, signaling officer, and It. W. Crashley, and 769, or at the rate of over \$30,000,000 a year.

The only other port in America at present which has a larger customs revenue than Toronto is New York.

Total United States Customs.

The total customs revenue of the United States is at present about \$200,000,000 a year, and the collections of the 12 largest ports for the last fiscal year are as shown hereunder:

Port.

Year's Revenue.

4,788,144 Agar Adamson.

were more than delighted with the entire program and showed their appreciation in continued rounds of applause, which won several encores, which were well rendered.

Miss Morely brings to her playing a youthful optimism that adds much to the value of her interpretations. Her playing is finished and her technique perfect. Last night she showed herself at all times master of her instrument and the program showed her wide range of ability.

Particularly pleasing were her selections from Chopin; while to those of lighter tastes, The Idylle and Novelette of Macdowell were gems of lightness. These were played in a way that infected the large audience with the very spirit of the composition and resulted in round after round of applause.

The quintet was rendered with splendid ensemble. The four selections covering a range of emotion, gave ample opportunity for the Toronto String Quartet to illustrate its scope and completely win the audience.

During the evening Miss Morely was made the recipient of many floral tributes from her admirers and she more April 5..... \$144,590 April 17. 153,516

SMOKER AT WOODBRIDGE HELD BY YORK RANGERS

ST. LOUIS, May 3.—George Sisler, that matter-of-fact youth who plays first base for Fielder Jones' Browns, is handicapped by a terrible burden. He has to live up to two reputations local fans have given him—i.e., being a second Ty Cobb in the outfield and a second Hal Chase at first base. The former University of Michigan star has also taken a whirl on the mound, and will do so this year, but unluckily he has not earned the sobriquet of "Dutch Leonard II." As it is, the fans here think he is the most valuable player in either league. Sisler is probably one of the most popular men in the American League. The fans like his businesslike way of playing the game. One would think he had years and years of major league experience the way he handles himself on the field. Fielder Jones wasted no time in nominating the youth captain of the Browns. A smoker was held in the Orange Hall at Woodbridge on Tuesday evening, May 2, under the auspices of the 220th O.S. Battalion, York Rangers. The program consisted of moving pictures and singing. Corp. Wyatt, a returned soldier; A. E. Donovan, M.L.A., and Col. Brown, father of and officer commanding the battalion, were the speakers of the evening.

THE GREAT RUG SALE,

The great Annual Auction Sale of Genuine Persian Rugs will be continued this afternoon at 2.30, and every following afternoon until the entire stock is sold—at the corner of King and Victoria streets. Never in this city has such an opportunity presented itself to Rug buyers. The collections Rug buyers. The collections being the largest and most magnificent ever offered in Canada. Mr. Chas. M. Henderson is conducting the sale.

Pte. Herbert Ashfield of 18 Carling avenue, was welcomed by the entire street when he arrived back from the front, wounded, a day or so ago. This photograph shows Ashfield standing in front of his home. He was with "C" Company, 48th Highlanders, in the 15th Battalion, 3rd Brigade,

Assisted.

Assisted.

Miss Mary Morely, assisted by the Toronto String Quartet, gave a piano recital in the Conservatory of Music Hall last night, in aid of the Belgian children's fund, conducted by Mrs. Agar Adamson.

The recital was under the distinguished patronage of His Honor the Lieutenant-Governor and Lady Hendrie, Sir Glenholme and Lady Falconbridge, Sir Glenholme and Lady Falconbridge, Sir Donald and L A communication was also received from G. W. Curtis, industrial agent C.P. R.. Montreal, inviting the members of the publicity committee to accompany him on a tour of the district, and suggesting means for the development of same.

same.

It was decided to accept the invitation of the industrial agent.

It was also arranged to send an invitation to Mayor Church to attend the next meeting.

Satisfactory progress was reported in the matter of the Wednesday afternoon early closing movement.

RAIN HAS DELAYED SEEDING OPERATIONS

Land Flooded in Many Districts

and Work in County is at Standstill.

Ex-warden Jonathan Nigh of York county said yesterday that the land was never, at this season of the year, so wet as at the present time, and that practically all seeding operations were laid over until next week at the earliest. In the Almira district nothing has been done, Mr. Nish himself not having sown an acre. The land is having sown an acre. The land is flooded in many localities, according to farmers arriving in the city and all work is at a standstill. Fall wheat however, is looking fine and all spring seeds promise well. Fruit trees in all the midland counties are making great progress toward budding, and pasture lands are well forward.

RANGERS' OFFICERS

HELD WEEKLY MESS

The officers of the 127th York Rangers' Overseas Battasion held their regular weekly mess in the new barracks gular-weekly mess in the new barracks at Mount Dennis last night, when a fine program of music by the regimental band was given. Mr. Palmer, general manager of the Canadian Kodak Company, was the guest of honor, and received an ovation at the conclusion of a short address. W. F. Maclean, M. P. (South York), was prevented from attending thru his parliamentry duties at Ottawa. Lieut.-Col. F. F. Clarke presided. Clarke presided.

The Braves tumbled off their high and lofty perch and landed on the third rung of the National League ladder when the Phillies bunched hits off Barnes, Alexander was invincible as usual.

Lawn Tennis League of W. Ontario Suspends

LONDON, May 2.—It was announced some time ago that Secretary Dr. F. G. Hendry, of Delhi, of the Wostern Ontario Tennis League, would ask for a vote of the clubs as to the advisability of suspending operations till after the of suspending operations till after the war.

Yesterday he gave out that it was found that a vote of the officers of the league was sufficient. A vote was taken of these officers, each one a convener of his district, and it was practically unanimous for the suspension. A reply was received from all the members of the executive, but one and all heartily approved of the suggestion not to reorganize till after the war.

The replies from the various officers were: The replies from the various officers were:

Major McTaggart, of Clinton, says:

"Our group is practically shot to pieces."

Mr. Bernie, of Listowel, reports only three members left.

Mr. McKinnon, of St. Catharines, states the feeling in his club is strong for suspension. states the feeling in his club is strong for suspension.

Mr. Pequegnat, of Waterloo, thinks that suspension would help the league instead of hurting it, as the stand taken would be approved by everyone.

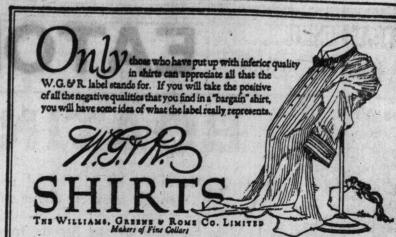

President C. H. Reid, of St. Thomas, puts it that neither the mcn's nor the ladies' sections should be reorganized till after the war.

Mr. W. E. Saunders, of London, and Dr. Tisdale are both heartily in accord with the suggestion.

Gordon B. Coyne, of St. Thomas, has been successful in securing an appointment to the staff of the Army Service Corps school until his turn comes to

Neal Ball's Triple Play.

Answer to Markham correspondent: Neal Ball, last year with Toronto and now the Bridgeport manager, when with the Clevelands, made the only unassisted triple play ever pulled off in the major leagues. It was against the Boston Red Sox on July 19, 1909. Wagner was on second and Stahl on first; Ball caught McConnell's liner, touched Stahl out and touched second, retiring Wagner.

BEAVERS LED SINCE

CAMPAIGN STARTED Irish-Canadians Gaining Ground and Challenge Two Hundred and Fourth.

Interesting figures, which have been prepared to show the respective rates of growth of the various battalions now recruiting, indicate that since the day the Beavers officially opened recruiting on March 14, they have headed the list week by week. From March 14 to May 2 the Beavers have taken on 656 men, while the next nearest are the Irish, with 496. The following table shows the men on the different battalions on March 14

and up to date: Beavers, 204th ... 96
Irish-Canadians, 208th 75
Buffs, 198th ... 312
Mississaugas, 170th ... 474
Tor. Light Infantry,

Bantams, 216th ... 249 752 571 807 810

TORONTO MAN DIES AT ATLANTIC CITY

Late Chas. Pearson Was Promin ent Real Estate Man-Was Born in U. S.

Charles Pearson, of the well-known real estate firm of Pearson Bros., died in Atlantic City Tuesday. Mr. Pearson was 67 years of age and was brought to Toronto when a baby from his birthplace in the United States. He will be greatly missed from the Queen City Curling Club, of which he was a prominent member. He was also a member of the Lambton Golf Club and attended the Sherbourne Street Methodist Church. Methodist Church,

His widow, one son (Charles) and one daughter (Kathleen) reside at 12 Homewood avenue, to which address the remains will be brought for burial.

GALT MAN WOUNDED IN ACTION IN FLANDERS

Special to The Toronto World. GALT, Ont., May 3.—After having had a year's continuous fighting, Quartermaster-Sergeant C. Mills, aged 28, a Galt man, was today reported wounded. Sergt. Mills was one of the first Galt men to enlist for active service, and is a well-known member of the 29th Regiment. His father was a veteran of the British army. His next of kin, a sister, came to Galt about a month ago from England.

Private Herbert Morris, another Galt man, was also reported wounded today.

RAILWAY MAN KILLED AT NIAGARA FALLS

Special to The Toronto World.

NIAGARA FALLS, May 3.—Transfer Conductor John Neil, aged 70, employed in the Montrose Michigan Central yards, was killed last night. His body was found under an engine by Engineer Lawson. Neil was one of the oldest trainmen in the employ of the road, having been 32 years in the service.

Interesting Turn of Events Murder Trial at Orange-

ORANGEVILLE, May 3.-Hamilton Duckworth, arrested last week in Toronto on six charges of perjury in con-nection with the trial of his brother Thomas Duckworth, whose execution is fixed for May 12, appeared befor Police Magistrate Pattullo today, and the case was remanded a week.

The stated case granted by Justice Kelly as to the admissibility of the cvidence taken at the injuest will likely be argued before the court of appeal at Osgoode Hall on Friday. C. R. McKeown, K.C., and T. C. Robinette will appear for the prisoner, and the latter will present the petition for executive elemency to the minister of justice at Ottawa on Saturday. Samuel Duckworth, father of the convicted man, was in town yesterday and had an interview with his son, who still maintains his attitude of stolid indifference and unconcern as to his position. He never contemplates anything else but the commutation of his sentence. Police Magistrate Pattullo today, and

OWN JUDGMENT He Indignantly Denied That

knew all about the mechanical parts of a fuse, but nothing about the load-Mr. Hellmuth had the general dentify and then put in evidence a letter from Gen. Hughes to the shell committee in September, 1914, authorizing them to furnish the British Government 200,000 good shells, and also stating that a credit of \$2,000,000 would be extended to them for that purpose, we letter was signed "Sam Hughes, and and minister of milities and can are and minister of milities and can be seen as a seel and minister of milities and can be seen as a seel and minister of milities and can be seen as a seel and minister of milities and can be seen as a seel as a Col. Allison met them at the station. They went with Allison to the hotel where Bassick, Cadwell, Yoakum, Gladdeck and foremen from several factories had assembled to meet them. The purpose of the visit was to enable

General Bertram-Merely as an on-General Bertram said that on the afternoon of May 14 he went with Bassick, Cadwell and Col. Carnegie to Bridgeport, Conn. He looked over Bas-

Bridgeport, Conn. He looked over Bassick's plant which was a very fine one. He sized up Cadwell as knowing all about mechanics.

He also met a Mr. Carpenter from the American Tobacco Co, whe had invented a cigaret machine, and was impressed with his ability.

"I am a mechanic," Gen. Bertram observed, "and I can tell whether a man knows his business. There is a freemasonry among us mechanics"

not suffer any loss, and he was told in effect to "go ahead and not worry." negie stayed over to see the British consul, and the manufacturers to whom As a matter of fact the shell commit-tee came out of this transaction with a surplus of \$52,000, and they were un-certain what to do with it. Gen. Berthe referred them, and then returned to Canada. Bassick and Yoakum fol-lowed and also Dr. John A. Harris. There were negotiations back and forth and the letter of May 21, to Bassick and the letter of May 21, to Bas-sick and the letter of May 26 26 to Dr. John A. Harris were written with his approval and signed by him. He corroborated Col. Carnegie's statement as to the subsequent modifica-tions of these orders which crystallized in the contracts of June 19,1915, giving an order to the International Co. for 2,500,000 time fuses at \$4.50, and a contract to the American Ammunition Co. for 833,334 time fuses at \$4.50

> make these contracts? Gen. Bertram-No. Mr. Hellmuth-Were you influenced,

make these contracts?
Gen. Bertram—No; do you think I im a fool?

milions, and Gen. Bertram consulted to high authority as to what should be done with it. He asked to be excused from saying who the high authority was or the result of his interview but by the time the shell, committee was dissolved on Nov. 29, 1915, the surplus amounted to over \$41,000,000. the fuses by the orders you gave to Gen. Bertram-Yes, I was glad to

Mr. Hellmuth asked if Gen. Bertrant had ever considered that the members of the shell committee were entitled to divide this surplus as personal proget rid of them.

He remembered that Russell and Lloyd Harris had come to Ottawa after May 26, and were quite disappointed, but they did not make any scene. A good many other people were been a deficit aggregating \$598,000, disappointed from time to time. His That is to say, they paid more for the supplies than the price fixed by the war office, but, allowing for this, and deducting everyhead everynment the most of the supplies that the promised to supplie the Russell Motor Co. consideration when future orders were given for the supplies that the promised to supplie the supplies that the promised to supplies the suppli

Justice Duff's Query. Mr. Justice Duff at this point called attention to some points which had evidently been overlooked by counsel. He said the shell committee, in giving the first orders to the American firms, had evidently misapprehended the inreceiving a cable on May 28, had to materially modify the orders before they gave the final contracts. on June 19. He asked why it was that no report of the orders given by letter to the American firms had been made to the shell committee at the meeting of that committee on June 4. It did not appear that the military members of committee had been consulted at

Gen, Bertram could not throw much light on this point, and Mr. Hellmuth said he would recall Mr. Carnegie before closing his case, Unaware of Rake-offs. Gen. Bertram most emphatically de-nied all knowledge of any commissions,

tracted to pay \$41,656,650, but the shell committee paid for the supplies \$31,457,900. This showed the astonishing surplus of \$10,000,000.

Hellmuth incredulous.

Mr. Hellmuth was incredulous, but Gen. Bertram said he had no reason to teered the statement in New York.

of a fuse, but nothing about the loading end. He necessarily relied upon the expert advice of Col. Carnegie, and all details as to contracts were left to him. He knew, however, there was great urgency for fuses, as the war office was constantly clamoring for fixed ammunition. He went with Carnegie in New York, on May 14, 1915, and Col. Allison met them at the station.

Carnegie to size up the experts. There was no discussion of prices at that in-Plant Impressed Bertram.
Mr. Hellmuth—In what capacity were you at the meeting?

Assurance that in case the contract prices proved to be too low the members of the shell committee would a freemasonry among us mechanics."
The general said that he and Car-

and 1,666,666 graze fuses at \$4 a fuse.

No Allison influence.

Mr. Hellmuth—Were you induced or influenced by J. Wesley Allison to

Sir William Meredith promised a

contracts, but this over-estimate of \$10,000,000 on an order by the war office seemed beyond belief.

Sir William Meredith: They piled up a surplus of \$41,000,000 in the course of 14 months, you remember.

Gen. Bertram was then examined about the fuse contracts, but could give very little information. He knew that fuses had to be procured, but he left the matter almost entirely in the hands of Col. Carnegie. Carnegie was responsible. Gen. Bertram said he knew all about the mechanical parts of a fuse, but nothing about the load-

Royal Commission, General Bertram said that the shell committee had been repeatedly offered picric acid but had

repeatedly offered picric acid but had never purchased any because upon inquiry they learned that the war office did not require any.

Those Mislaid Telegrams.

Missing telegrams from T. A. Russell and Lloyd Harris of the Russell Motor Car Co. to the shell committee. in reference to the company's prepar-ations to handle fuse contracts let May 21 and 25 to the American Munition and International Fuse Company

were produced at the morning sitting.

I. F. Hellmuth, K.C., gevernment counsel, said the telegrams which were dated May 19 and May 21 had been unearthed in the shipping file in the unearthed in the shipping file in the long that the shell committee. They know that Mr. Russell bought all the office of the shell committee. They reached the committee's Montreal ofoffice of the shell committee. They reached the committee's Montreal office about the time it was moved to Ottawa.

The wire of May 19, which had foling the wire of May 19, which had 19, which had

The wire of May 19, which had followed Col. Carnegie, shell committee ordnance expert, from Montreal to New York, notified the shell committee that the company was making good progress. Another message dated May 21, intimated the Russell Company had arranged for expert help to handle

the fuses.
A letter from the Standard Asbestos Company, of April 17, read that they offered to make time and percussion fuses for \$4.90. The Canadian West-inghouse Company of Hamilton wrote Mr. Nesbitt: After that did the Russell Company sublet the more im-portant parts of the fuses in the lelivering fuse contracts on May 11. E. F. B. Johnston, K.C., asked Col. Carnegie if there was any other correspondence in his files relating to fuses, and the witness said he found none, but remembered the Northern Electric fuses could not be made in Canada

Mr. Johnston next asked Col. Car-negle if he had any letters from D. A. Thomas, representative of the British Mr. Hellmuth said he had examined ing in the States and Canada? them and found they contained nothing about the fuse contracts under in-

westigation.

Mr. Johnston asked Col. Carnegie if he could produce the correspondence.
Col. Carnegie said he would if he commission of the secured permission from the commissioners and Mr. Hellmuth, Sir William Meredith said he would speak about the letters to J. W. Flavelle, chairman of the imperial munitions board, which succeeded the shell

Mr. Johnston at this point asked a illustrate the number of questions to illustrate the attitude of Sir Sam Hughes, minister militia, to the shell committee, contracts?

Col. Carnegie: Gen. Bertram, the chairman, with the approval of the Carnegie "Practical Man."
Mr. Johnston: Who was the practical
man on the shell committee and who
carried out the contracts? Col. Carnegie: I was the technical ordnance advisor and when a member

of the committee co-operated with my Mr. Johnston: The reason why I asked is because a number of letters are initialed "D. C." Col. Carnegie: Their contents were Gen. Bertram's. I drafted out his idea. We constantly conferred, as our of-

fices adjoined.

Mr. Johnston: Did Col. Allison have anything to do with fixing prices?
Col. Carnegie: No.
Mr. Johnston: Did he effect a re-

duction in prices?

Col. Carnegie: You are safe in believing that a reduction in fuse prices was effected by Col. Allison bringing the manufacturers together. But he than the waterbottle on the co sioner's desk.
Mr. Johnston: Who did that?

Col. Carnegie: I have stated a dozen times I did that. I take the whole reponsibility and am not attempting to Mr. Johnston: Was anybody over the Col. Carnegie: Nobody

ight to dictate to it.

Mr. Johnston: Not Gen. Hughes?
Col. Carnegie: No.
Mr. Johnston: Did he attend the neetings of the committee? Government to the British war office, approved by it, and finally appointed Col. Carnegie: No, only the final urial. We never went to Gen. Hughes for sanction for contract prices, prominary or final.
Mr. Johnston: Then statements to the contrary would not be correct?
Col. Carnegie: That is so. Gen. Bertram and I talked over the Russell Mo-

tor Co. contract, and the general thought \$5 a fuse wa too much and difference between the price allowed by the war office and the figure at should be cut down.
Mr. Johnston: Was that the only which sub-contractors took orders and time you saw Gen. Hughes? Mr. Carnegie: Oh, no, no. Gen. Hughes was our inspiration. When we case of \$8-1b, shells, where the war of-fice price for shells was \$8.50 each and were tired out after a bad day, and often nights' work, we used to go to his office. He told us stories of South contracts were let for \$8.46, the four cents difference was used for admin-Africa, It was a great relief.
Mr. Johnston: Among those referred istration purposes.

Gen. Bertram swore that he had no

to was Gen. Hughes?
Gen. Hughes: None of Mr. Johnston's friends were concerned.
Mr. Johnston turned to the taking over of the affairs of the shell com-mittee by the imperial munitions board organized by Lionel Hitchens, repre-senting David Lloyd George, British minister of munitions.

Why Committee Disbanded.

Mr. Johnston: What caused the shell

committee to be disbanded? Col. Carnegie: Press and politics had a lot to do with it. Mr. Johnston: Upon whose initiative Mr. Johnston: Open whose initiative was the shell committee disbanded? Col. Carnegie: That of Mr. Hitchens. Mr. Johnston: Why? Col. Carnegie: I don't know exactly.

Col. Carnegie: I don't know exactly Mr. Hellmuth explained that a letter from Mr. Hitchens to the prime minister, on Dec. 1, on the reason for appointing the imperial munitions board had appeared in the press. Mr. Johnston, Mr. Hellmuth and Mr. Ewart, for Sir Sam Hughes, then discussed the problem of what part. of the correspondence relating to the disbanding of the shell committee was pertinent to the investigation. Mr,

Was Conducive to High Values and Strong Market Yesterday.

WHEAT RECOVERS FORMER GROUND

Reports of Damage to Crops by Pests Stimulate. Chicago.

Much Canadian-Grown Grain Disposed of at Chicago.

EXPORT SALE MADE

CHICAGO, May 8.—Reports of crep damage from green bugs in Oklahoma and from Hessian fly in Illinois resulted today in higher prices for wheat. The close was firm at 1/2 to 1/2 net advance, with May at \$1.151/2 and July \$1.151/2. Corn finished unchanged to 1/2 higher. and from Hessian fly in Illinois resulted today in higher prices for wheat. The close was firm at %c to %c net advance, with May at \$1.15% and July \$1.15%. Oorn finished unchanged to %c higher, oats a shade off to %c up and provisions varying from 15c decline to a rise of 2%c. Wheat prices at first showed much uncertainty, being influenced to a considerable extent by improved weather in the northwest and by the consequent better outlook for spring seeding. At one time afterward, the bears were also favored by a decline in prices for Manitoba wheat at Liverpool. Downturns here, however, failed to last in the face of authoritative statements that actual damage from green bugs could be observed in Okiahoma. Builtsh sentiment was noticeably increased later when reports were spread that injury from Hessian fly had caused some plowing up of fields in Illinois. Announcement that export business amounting to 1,000,000 bushels had been transacted today helped to strengthen the wheat market in the last part of the session. Builts were disposed to connect this fact with word that arrivals at Liverpool had been inadequate and that shipments from India had been stopped altogether. On the other hand, all of the export business noted today was said to consist of Canadian-grown wheat.

Corn did not make much response to the wheat strength. Oats were builtishly affected by reports of damage from greed bugs in Okiahoma. Tightness in the May option became more pronounced.

Lower prices on hogs pulled down previsions, Lard made a good recovery.

1. Don't beat your hogs, bruises mean immense losses to farmers, drovers and packers.

2. Farmers should bed wagons well and not overload when bringing hogs to town.

3. Don't stuff or overfeed your hogs when shipping. It is a dangerous practice and often results in suffocation, especially in warm weather.

4. Bed cars during warm weather with sand; straw and sawdust will heat

5. Partition off all weak, crippled and vicious animals,

6. Do not market thin unfinished hogs.

A thin, growing pig will produce follars to the farmer, and is worth little to the packer.

packer.

The most desirable weights are 175 to 220 lbs. QUARTER DOLLAR DROP

Demand Continued Good, for Cattle, Tho Quality Was Medium.

IN HOGS AT MONTREAL

MONTREAL, May 3 .- At the C.P.R. steers or heifers offered today, but there were a few good ones on the market, for which the demand was steady and sales were made at \$8.75 to \$9, while the lower grades sold from that down to \$6.75, and butchers' cows brought from \$6.25 to \$8 and bulls from \$7 to \$8.25 per cwt.

In hogs, the prices paid were 25c per cwt. lower than on Monday. The demand was good and sales of selected lots were made at \$12 to \$12.25 per cwt. weighed off cars.

Calves active and steady. Choice stock sold at 7½c to 8c and lower grades 5c to 6½c per pound.

Sheep and lambs steady. Spring lambs sold at \$5 to \$8 each.

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials

pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely

better investment.

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no

There should be no waste in war-time. Canada could

THURSDAY MORNING, MAY 4TH.

bitrarily in refusing to sanction the transference of the medical inspection from the school authorities to the board of health. It was suggested, however. by the local committee, that the withdrawal of the proposal might be followed up by an endeavor to get all the parties together in order to arrive at a settlement.

The board of education is within its strict rights, as it is advised, in proposing the action it did, and the board of education is not only permitted, but is required as a duty to undertake this inspection. The work has to be done under the approval of the minister of education, and proper reports have to be submitted. Elaborate reports are bublished as a matter of fact at the bublished as a matter of fact at the submitted. fortnightly meetings of the board, and der Goltz attempted to obtain addiall these reports are passed on by the management and the finance commit-The department has them all sent up annually for approval. The beard of education is not, therefore,

acting without authority. The question of the advisability or combining their work with the city work involves a step which is simply a change of policy, and there is room for a conference on the matter, Unfortunately the provincial government has been so much in the habit of passing village legislation that it has not yet been able to consider the needs of cities of half a million people. There are many municipal matters where improvement is required as well as this.

It would not be unwise, with all these considerations in view, if the city authorities took the whole affair a little more calmly and sought for some kind of working agreement with the board of education and the education department before going to law.

Developments at the Front

New developments are undoubtedly pending on the French and Flanders front of war. Whether the first blow will be struck by the Germans or by ourselves cannot be determined, but both sides are preparing for heavy fighting. The British supplies of munitions have been brought up to where they should have been a year ago, and if the general staff conceives itself to man's tones. have men enough no doubt an advance will be made.

The fighting will be of the usual artillery character, followed by infantry rushes, and that it will be deadly those who have followed the accounts of the Verdun attacks have no need to be told. Whether the Germans or the allies make the advance there can be no doubt about the casualty lists. A preponderance of arthfery on the part of the British line is therefore the strongest hope the empire can have. With artillery superior to the enemy's it will be possible to curtail the losses to a degree that may make an attack upon the enemy desirable, rather than a continuance of the deadlock which is so wearing and which apparently achieves so little

There have been a good many jeers of late in "neutral" comments about the weakness of British generalship. Even were our generals weaker than they have given us reason to think they are, we know they enjoy the confidence of the French and Russian generals, fit to commence the hunt of the of late in "neutral" comments about they are in consultation with them, and the whole plan of campaign is a joint affair. We need not be aiarmed about the issue of any action taken. The delay has been unavoidable, and it was wiser to wait than to be walloped. It may be necessary to wait a little longer, but when the waiting is over there should be no doubt about the soults of the battalion, the buffer of the Huns. A World photographer in passing thru Uxbridge recently was enabled to obtain, thru the courtesy of Lieut.-Col. Sharpe, a number of interesting group views of this crack battalion. These will appear in the art section of this week's Sunday World The page of pictures includes Col. Sharpe with his officers; others the scouts of the battalion, the bugle band and the non-com. class. There they are in consultation with them, Huns, who will get the walloping.

The Toronto World DEVOY AND RYAN **AWARE OF PLOT**

of Gaelic-American Editor and Buffalo Lawyer Are Mentioned.

FRESH INDICTMENTS

Against Welland Attempt Canal Described as Military Enterprise.

NEW YORK, May 3,-John Devoy ditor of Gaelic-American, and John T. Ryan, a Buffalo attorney, were nentioned in superseding indictments handed down here today by the fed-eral grand jury which investigated the alleged German plot to blow up the Welland Canal. Horst von der Goltz, Carl Tuchendler and Frederick Busse Carl Tuchendler and Frederick Busse are also mentioned. The men were not indicted, but are alleged to have had cognizance of the conspiracy. The new indictments go into the details of the alleged plot, and for the first time in pro-German conspiracy cases, state that it was aimed to assist the German emperor. The indictments are against Capt. Franz von Papen, recalled German military attache, Wolfe von Igel, his secretary. Carl Tauscher, agent of the Krupps in the U. S., Alfred A. Fritzen and Constantine Covani. Von Igel and Capt. Tauscher are the only ones under arrest.

The Medical Inspection Fight
It seems a pity that the city council and the board of education can find no better method of settling their disputes than by going to law. Law is not any better than any other kind of fighting, and with all the conflicts going on in the world at present a little conciliation among our city fathers would have no bad result.

We think, and said so at the time, that the government acted rather arbitrarily in refusing to sanction the control of the military operations of the Emperor of Germany by means of bombs, dynamite and other explosives to blow up and destroy the Welland Canal, a Canadian waterway."

The indictments allege that the plot was a military enterprise."

The indictments allege that the plot was a military enterprise."

The indictments allege that the plot was a military enterprise, and "the aim of the defendants was the obstruction of the military operations of the Emperor of Germany by means of bombs, dynamite and other explosives to blow up and destroy the Welland Canal, a Canadian waterway."

The charge is made that Capt. von Papen, Von Igel and Capt. Tauscher furnished the initiative and funds for the expedition, and that Fritzen and Covani were to have been the perpet-Covani were to have been the perpetrators with the assistance of five other men, "German subjects" engaged by Von der Goltz in Baltimore in August, 1914. The leaders, the indictments state, furnished the others with automatic revolvers, ammunition, bombs, dynamite and other explosives.

Von Papen Furnished Cash.

The accusation is repeated that Captain Tauscher purchased from the local office of the Du Pont Powder Co. 300 pounds of "60-per cent." dynamite to have been used in the work of destruction and that the explosive was obtained by Von der Goltz on Tauzcher's written order.

Fritzen, Covani and the others left this city for Buffalo on September 14, ed as a matter of fact at the arrival of the party in Buffalo, Von

> agent of Von Igel.
> Ryan Was Cautious. Ryan was suspicious and would not assist von der Goltz until he could produce proper credentials, it is asserted. Von der Goltz notified Von Igel, who got in touch with Devoy thru whom, it is alleged, he communi cated with Ryan.

As a result, the indictments state

Devoy sent a telegram to Ryan at his office in Buffalo, on September 16, 1914, in behalf of Von der Goltz. Ryan, on the receipt of the telegram, the indictment states, gave Von der Goltz \$400. This money was to be used by the agents of Captain von Papen to invade Canadian territory, the government charges, for the pur-pose of carrying out a "military enterprise." The government alleges its case is strengthened by the fact that all of the indicted men are on the rolls of the German imperial army.

QUIET NEIGHBORHOOD RECEIVED BAD SCARE

Residents of Church and Bloor Streets Imagined Murder in Early Morning Hours.

Cries of "Help! Murder! Police!" startled the serenity of the usually quiet neighborhood of Church and Bloor streets early yesterday morning. The cries came from a house on the east side of Church street, a few doors south of Bloor street, and were uttered in a

Instantly the windows of the houses in the vicinity became alive with heads. and the few pedestrians on the street hurried toward the house from which the ominous cries proceeded. Several people tried to force an entrance into the house, but the door was locked. Policeman 664, hearing the racket, rushed to the rear of the house and forced the back door.
Inside the house the policeman found

a cringing old man begging for life from imaginary thugs, and yelling at the top of his voice, while the wife strove to quiet him. She explained to the policeman that her husband had been ill for some time and was delirious. But the appearance of a with a bottle of soothing syrup calmed with a bottle of soothing syrup calmed the old man and restored the neighborhood to its usual calm.

QUEBEC, May 8.—In a letter writ-

ten to a resident of Quebec, Brig.-Gen. David Watson hopes that the "regret-table misunderstandings" between the two great races in Canada will soon become a thing of the past. "It has been suggested by the small-minded ones at home, that the British are not doing their share, and that only 50 miles of the lines are held by them. That is a contemptible lie, and only worthy of the equally contemptible mind that invented it. The British have at least 100 miles of frontage and their navy controls the sea today which far more than compensates for the difference in area of trenches held.

LOYD GEORGE TO MAKE **NEW "WAKE UP" SPEECH**

The decision of the supreme court not only compels the T. R. Ca to pay \$8000 towards the cost of the subway, the total cost of which is \$80,000, but sets aside the claim of the company that, under their agreement with the city, they must be provided with a right of way for their tracks.

'Justice Britton refused to grant an injunction to S. W. Gordon, restraining Exceedingly Candid Review of Situation is Expected on injunction to S. W. Gordon, restraining the Robins, Limited, the Linton Realty Co. and the bailiff, from selling the chattels of the Vendome Hotel un-Saturday.

NEW YORK, May 3.—The London cor-espondent of The Tribune cables as follows:

David Lloyd George is going to make a remarkably frank speech on Saturday, rivaling in interest his now famous "too late" address in the house of commons last December. It is expected that his speech will have a direct bearing on his future official life, as well as lay bare Great Britain's position. Nothing equal in frankness has been said publicly to any cabinet minister since the war began. der a landlord's distraint for rent.
Following is today's list for the second divisional appellate court: Coffey v. Dies; Plaunt v. Berry; Hammill v. Millar; Taylor v. Morin; re Hoffman.

NEW SOUTH WALES CABINET HAS RESIGNED

SYDNEY, N.S.W., via London, May 3.

The New South Wales ministry has resigned lowing to the unwillingness of its members to put into effect the abolition of the upper house, as demanded by the Labor party. bor commission and the Imperial Oil Company. A ten-acre site was desired by the company, but they will not lease it on account of their objection to erecting buildings on leased land. The board of control must not lease the land unless it roceives the consent of the city and the government, according to the statute. ILLNESS HALTS ENQUIRY Brunner Not Able to Appear Before Judges. The case was discussed in private but no decision was reached.

REGINA, May 8.-H. R. Sampson REGINA, May 3.—H. R. Sampson, the crown prosecutor, announced, when the supreme court opened this morning, that he was unable to proceed with the conspiracy charges against the four hotelmen, on account of the illness of Frank Brunner. On Tuesday, if Brunner is well enough, charges of conspiring to bribe, laid against Clayton Peterson, Grant Waddel and C. E. Willson, all of Regina, and James Dallas of Moose Jaw, will be taken up. Sergeant Cohen of the 216th (Ban-tam) Battalion is organizing a Jewish platoon to be composed of men physically fit, not above the height of 5 feet 2 inches. The members will enjoy the right of their religious faith in a body. Seventy-eight men will compose the platoon.

PENELOPE BADLY DAMAGED. Berlin Reports British Light Cruises Cannot Be Repaired.

BERLIN, May 8.—The British light cruiser Penelope was so badly damag-ed in the recent naval encounter off owestoft that she cannot be repaired, according to information brought to Rotterdam today by the crew of the Dutch steamer Berkelstrom, recently sunk. The Berkelstrom's crew reported that they were in the harbor of Har-wich, England, when the Penelope was

CHRISTIE ST. AWARD AROUSES CONTROLLERS

Mayor and His Colleagues Not in Favor of Paying Seventy-Five Hundred Dollars.

City Solicitor Johnston's recommendation that an award of 7544.11 be paid to John Edwards and others, for the expropriation of 11 feet 2½ inches in depth, for a distance of 417 feet along their property on Christie street, resulted in protests from the mayor and controllers, at the meeting of the board of control vesterday.

controllers, at the meeting of the board of control yesterday.

"These arbitrations are becoming voluminous; the Bank of England could not stand some of them," exclaimed his worship. It was decided to pay the award, however.

The mayor, controllers, and the senior members from each ward were appointed as a committee to redistribute the wards, in accordance with the legislation put thru at the last meeting of the legislature.

FOUND DEAD IN ROOM GAS JET PARTLY OPEN

Friends of Mrs. H. J. Crozier Believe Death Was Accidental -Lived on Pembroke St.

Mrs. H. J. Crozier, 5 Pembroke st., 25 years of age, was discovered dead in her room yesterday morning. Death was apparently due to having inhaled illuminating gas from the pipe of a gas plate which had been left

partly open.

The smell of escaping gas caused The smell of escaping gas caused another roomer to make an investigation, with the result that Mrs. Crozler was discovered. She had been dead for some time. The fact of the door being unlocked and the window of the room open leads the occupants of the house to believe that the woman's death was accidental.

It has not yet been decided whether an inquest will be held.

ESTABLISH REST-HOUSE FOR SIMPSON'S EMPLOYES

Soldiers' Aid Would Have "Tag Days," Etc., Regulated by Government.

HELP RETURNED MEN

Many Positions Have Been Found by Commission-Disablement Fund.

Independent organizations desiring to take up collections for patriotic purposes may be required first to obtain authorization from the government. The Soldiers' Aid Coumission, at their meeting yesterday, discussed asking for an order in council making this compulsory. They spoke, too, of asking for legislation providing for the oversight of such collections and for government supervision of disbursed ments. Instances of collections for solifish purposes were cited.

Women's organizations now working for the patriotic fund, or for the Red Cross Society, may be asked to continue their activities for a "provincial disablement fund," after the need for their present activities is over. This was another suggestion discussed by the commission.

Returned soldiers in Ontario now

the commission.

Returned soldiers in Ontario now number 1719. Of these 688 are in Toronto. Only 16 of these need employment. Eleven are put down as ne'erdo-wells. There is at present no need for advertising for positions for returned soldiers, as the number of variancies listed exceeds the number of applicants.

vancies listed exceeds the number of applicants,

Many Got Positions.

In Toronto convalescent homes are 480 returned soldiers, 184 in other places. Positions have been found for 714 men; 15 went out yesterday to interview employers; 150 are employed on military duty as guards, and so on and 165 have returned to their old jobs.

Thirty-seven branches of the commission have been formed thrucut the province. A man from the department will be sent out to check over their work, to increase their efficiency. His office may be made permanent as that of "organizing secretary." He will present a report of his findings at the next meeting of the commission.

sent a report of his findings at the next meeting of the commission.

Fifty-seven returned soldiers have signified their willingness to accept the offer of the Rotary Club of Toronto to assist them in gardening. The club offers the free use of vacant land for market gardening, to plow, harrow and fertilize the land, and to give seeds and plants without charge. Prizes will be offered, and a market found for produce. The club believes that the work would be helpful to returned soldiers, both financially and physically. The commission sent out circulars regarding the offer. W. D. McPherson, M.L. A., the chairman, suggested that similar action might be taken in other cities of the commission between the commission sent out circulars regarding the offer. W. D. McPherson, M.L. A., the chairman, suggested that similar action might be taken in other cities of the commission. on might be taken in other

cities of the province.

To Relieve Situation.

Most difficulty in finding employmost difficulty in finding employment for returned soldiers was reported from Ottawa. Steps will be taken to relieve the situation there after a report has been presented as to the capabilities of each man, and as to whether he would be willing to go elsewhere for work. The commission is empowered to provide for transporter.

empowered to provide for transport An unsolicited subscription has been sent in to assist the work of the com-mission. The money forms the nucleus of a new fund, which will be disbursed for special cases. Mr. McPherson said that it might be found a good plan to induce the women's societies now working for the patriotic fund and the Red Cross to continue their activities to increase this fund, to give extra aid where precessary beyond the persons. where necessary beyond the pension to wives and children of soldiers. The grants of the patriotic fund ceased with the granting of pensions, and the work of the Red Cross naturally would cease with the cessation of hostilities. The new fund might be called the "Provincial Disablement Fund."

As a "collateral branch" of the work of the commission, a survey was being made from all available sources of the families of dead soldiers thruout the province. The commission plan keep in touch with them and to be in a position to give aid where neces-

There were present at the meeting besides Mr. McPherson, K. W. McKay, St. Thomas; E. G. Henderson, Windsor; W. L. Best, Ottawa; William Banks, sr., and J. B. Laidlaw.

UNTARIO'S LEGISLATION

Separate School Commission of Ottawa is Not Interfered With.

HEARST MADE REPORT

Dominion Government Satisfied With Presentation of Pro-

vince's Case. By a Staff Reporter OTTAWA, May 3.—The papers relat-

ing to the petitions asking for the dis-allowance of the Ontario legislation es-tablishing the separate school commit-tee of Ottawa have been public by the

The definite refusal of the govern ment to disallow the Ontario legisla-tion is contained in a report of the privy council dated April 28, the last day on which the legislation could have been disallowed. The report states that the minister of justice recommends that these statutes be left to such operation as they have, and the council concurred in his recommenda-

The papers, as presented to parliament, show that the petition, when received, was referred to the Ontario Government for a report, and on April Premier Hearst replied, stating that the Ontario Government objected to

the Ontario Government objected to the disallowance. Among the reasons given were the following: Ontario's Objections. It is intra vires of the Ontario Legis-lature, and has been so held by the courts. Regulation 17 was in force three years before the statute appoint. three years before the statute appointing the committee was passed, and would remain in force even if the statute were disallowed.

If it was intended to ask for disallowance the petition should have been presented at an earlier stage, be-

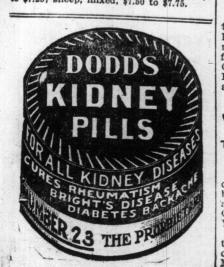

commission was appointed and placed in charge.
Provincial legislation affecting legislation should be disallowed, unless it contravenes Section 93 of the British North America Act.

greatest cause of disease and suffering today is constipation. Artificial food and sedentary indoor life combine to induce torpid, sluggish action of the liver, kidneys and bowels. As a result poisonous waste matter remains in the system and gives rise to pains and aches and affords a starting point for serious disease. Infectious and contagious diseases

are little known to persons whose liver, kidneys and bowels are kept in health-ful activity, for there are no suitable conditions for disease germs to thrive in. Even common colds usually take their start when they find the system in a constiputed, poisonous condition.

Mrs. Ed. Miller, West Flamboro,

pains at the left side of the back. walked across the kitchen floor would have to sit and rest. That, I think, was terrible for a woman of 20 years. The condition of my blood was years. The condition of my blood was shown by pimples breaking out on my face. I suffered so much from pains and stiffness in the back, I am sure my system was full of poison. Dr. Chase's Kidney-Liver Pills have entirely cured me, and I feel better than I have felt for many years." cure for constipation Dr. Chase's Kidney-Liver Pills stand alone. for by their action on the liver they awaken the activity of this organ, cause a good flow of bie, and hence re-

ALL IS FORGIVEN CAME FROM BEHIND

First Victory of Real Variety -Birds Not Stingy With Errors.

Special to The Toronto World. BALTIMORE, Md., May 3 .- The worm turned, the rope had its end and the lane turned this afternoon as far as Toronto was concerned, and as a result Joe Birmingham's crowd butted into the won column for the first time this season to the music of 8 to-5. After getting five straight bumpings, a victory of any old kind would have tasted sweet, but the manner of winning today's made the victory all the more palatable, for the Leafs came from behind when they looked like sure losers. With the count 5 to 2 against them when the eighth round started, the Canucks went in and tied the count in that session and then rushed three more over in the ninth, assuring them of victory. Walter Manning, who the fans said was so ancient that he could not get a ball to the plate and who the players said had nothing but a prayer and his gloye, was the boy to turn the trick for the Leafs. Manning may not have a world of speed and the most varied assortment of curves, but the fact remains that he knows how to pitch, and that is a most valuable asset for any twirler, young or old. Knowlson opposed the former Yank and the wonder of it all is that Toronto did not make more runs than it actually did. The seventh was the only round in which but three Leafs faced the Oriole twirler, and this was due to a sensational catch by Miller, which resulted in a double play. Again the fielding of the Leafs stood out in prominent contrast to that furnished by the Birds, who chalked up no less than seven miscues, while Toronto kept its slate clean. It is worthy of mention that Birmingham's boys have but one black mark put against them in the three contests played.

It is noteworthy that all of the runs charged against Manning were due to turned, the rope had its end and the lane turned this afternoon as far as Toronto

Birmingham's boys have but one black mark put against them in the three contests played.

It is noteworthy that all of the runs charged against Manning—were due to home run drives, there being three of them, two by Twombley and one by Bates. They were the first of the season here.

Toronto started off auspiciously. Becker walked and stole second. Lamar dropped Truesdale's fly, Becker stopping at third and Truesdale pulling up at second. Brackett singled to right, Becker scoring and Truesdale also racing in when McAvoy let Lamar's throw go thru him. Brackett stopped at second. Graham singled to left, Brackett stopping at third. Miller made a nice catch of Blackburne's liner, holding the runners on the bases. Layden fouled to McAvoy and Graham died stealing.

The Birds went ahead in the third. With one down Knowlson singled past second. Bates walked. Kopf fanned, but Twombley hoisted one over the left field fence. Bates put one over the right field wall in the fifth and Twombley got another one over the left field pallings in the sixth.

The lead did not look so good in view of the feet that Knowlson was not going

lead did not look so good in view fact that Knowlson was not going Dunn having warmed up all of the He took chance after chance, as the crash came in the eighth.

A base on balls to Blackburne, Layden's single, Knowison's error on Twombley's throw of Martin's grounder, Kelly's single and Ritter's bad peg of Manning's bounder gave Toronto three runs and left men on third and first with none down in the eighth. The first three men of the Canuck batting order, however, could not bring any more across.

It was a fusillade of bingles in the

bring any more across.

It was a fusillade of bingles in the ninth. Graham singled to centre, Biackburne tripled to right, Layden singled to left, Martin singled to centre and Knowlson beat it for the showers, All of this, with an error by Kopf following a force hit, counted three runs.

Just before the game Pitcher McQuillan was hit in the eye by a batted ball from Manager Birmingham's bat. Birmingham was having a bit of punting practice when it happened. Mac is how carrying a vari-colored shiner. Score:

SPORT FOR THE ANGLER.

To the excellence of the fishing to be enjoyed in Algonquin Park there is undisputed testimony. Fish caught in the waters of the Park have won each year many of the National comeach year many of the National competitions open to the anglers of the Continent. The brook trout of Algonquin Park are of the genuine square tailed, red spotted or speckled variety. Black bass are plentiful in the Rock Lake district and are of the small-mouthed variety. Salmon trout are found in all the waters of the park and are much gamier than the same and are much gamier than the same species in the southern part of the Province. Splendid camp sites, unwant them. Easy of access, only 200 miles north of Toronto. Illustrated descriptive literature giving full par-ticulars for the asking. Apply to W. J. Moffatt, C.P.A., King and Yonge streets; C. E. Horning, D.P.A., Toron-to, Ont.

JINX IS AFTER JOHNNY McGRAW

John McGraw is thinking of hiring Bellevue Hospital outright to house his injured third-sackers. Another red-corner player was added to the long list at Brooklyn yesterday when Hunter was spiked.

The Bisons bunched hits in two innings at Providence with a run to spare.

Like old wine Nap Lajoie ripens with age. The skittish old-young man hit a home run at Philadelphia yesterday with Oldring on base. It was enough to let the Athletics win over the Yankees in the only American League game scheduled.

Rochester is the only team in three eagues without a victory to its credit. The Giants were unable to run their winning streak into any more than one straight. The Dodgers won a teninnings battle from the New York outfit when Cutshaw doubled in the tenth to score two runs.

Newark marches bravely along and has yet to meet a defeat. The Indians hit

The Reds fattened their clouting averages at the expense of four Cardinal pitchers. "Storm Window" Meadows was the first to get a royal reception and Slim Sallee the last.

SPORTSMEN'S SHOW AT STAR THEATRE

Fight fans had better not miss the at the Star Theatre. At the close of the first burlesque several of the keenest fought battles will be staged. One feature of the bouts is that they will be fought to a decision. The Canadian amateur champion, Pte. Danny Johnson of the 180th Battalion, will meet Pte. Mike Crawford of the 170th. This bout will be worth the price of admission alone. Crawford has been fighting Hilliard Lang right along and Johnson has just returned from winning fights in the States. Bugler Russell will meet Pte. Ted Price of the 170th. Pte. Glover will give some real "strong man" stunts. Pte. Goolah will sing. This will be given as well as the regular performance of the Star Girls.

TREET WEST.

Possibility That Hillcrest and Dufferin Will Stay Closed-Woodbine Gossip.

The Toronto owners of the new track at Windsor are actively engaged in fix-It is pretty generally known that it is the half-mile interests that are soins after the pig game beside Detroit. At a result it is among the possibilities that Hillerest and Dufferin Park may keep their gates closed this year.

Exercise work was the order at the Woodbine yesterday on account of the continual drizzle all mornins.

Trainer McDaniel, before the weather got too bad, worked Fountain Fay and King Hamburg three-quarters in 1.21. Britannia, Impress and Graphic, two-year-olds, worked three-eighths in .38 2-5.

Chas. Crew's plator, Old Pop, accompanied by Pepper Sauce, worked three-quarters of a mile in the mud.

Trainer E. J. Salt arrived from Havred Grace with the horses of Capt. Press of Ottawa, who races under the hame of the Ottawa stable. He had King K., Gentlewoman and Waukeag.

A carload arrived in Montreal on Tuesday from Maryland, in which there were sixteen horses, including Dryad, Reybourn, River King and Scaramouch, owned by A. C. Paretto; Quick and Lord Wells, owned by P. E. Fitzgerald; Elk-ridge and a two-year-old, owned by S. A. Clopton, which have been sent over to W. Westmoreland to train; A. M. Stowe, with Sir Dyke and Muzanti, and My Gal, owned by Owen Pons. The Delorimier races are on the same seven days as Woodbine Park. the half-mile interests that are soins

Consolidation Considered the Most Successful Gold Mine Anywhere,

ENLARGED MILL

Weekly Estimated Profit Will Seventy Thousand Dollars-More Later.

It is plain that the big gold mines of Northern Ontario are in Porcupine. Seven years ago we had no really im-Seven years ago we had no really important property in any part of Ontario. Now the Hollinger Consolidated has assumed the payment of 13 percent, per annum on an issued capital of \$24,000,000; and it is more than able to make good. By the middle of the present month the mill will be treating 1900 tons of ore per day, and the estimated profit will be \$70,000 per week, while dividend requirements are only \$60,000. Besides the plant is being enlarged, and by the first of October next the mill will be handling 3000 tons of ore per day, bringing the prolits of \$110,000 per week, or \$5,720,000 per year. With this increase in tonnage sent to the mill, an increase in milling can and will be still further extended. In fact the ultimate objective is 1,500,000 tons of ore per year. On this the profit should be at least

\$5 per ton.
The Hollinger Consolidated has made steady and very rapid progress, and it may now be fairly described as the most successful gold mine the world has ever known. The three best mines in the United States have a combined profit of less than \$5,000,000 per year tho the great Republic holds the world's record for sold. Its lode and placer mines have produced approxi-mately \$4,000,000,000 since the late

be fairly classed with the Hollinger Consolidated. The ore there is of low-er grade; the costs of mining and reing it are high in proportion to

492,500 in gold above the 1400-foot the beginning of the year under level. Then he very significantly adds varying conditions with the result as "the property promises infinitely than can be assumed." "Infinmore than can be assumed." "Infinitely" is a very strong word, based on a very thoro study of the property for the past five years. It implies persistence in depth, and the development of all the ore bodies which are be-

ical mining depths. These deposits are found in pre cambrian schists, similar to those in South Africa, In-lia and Western Australia, where values have already been proved to depths of over 5000 feet.

Porcupine has an unusual number ore bodies. On the Hollinger Consolidated over sixty are now known, but as yet not one-quarter are being worked, An idea of the total produ tion from this number may be gaine from the fact that the Mysore mine i india has taken \$82,620,000 from single shoot 800 feet long by four fe

1, 7 and 10 do not appear to be a well developed as the eastern. Or bodies occur here 100 feet wide, bu not of high grade. On the east there is \$14 ore in one vein at the 1250 foot level. In another vein at a dept of 800 feet there is \$50 ore over 28 fee another vein slightly over \$10 per ton over a widt of 20 feet. A sensation occurred in the 'Kaffir Circus' in London, when one of the prominent mines of the Rand obtained \$10 per ton over a similar

It will be seen that the six com partment deep working shaft is cen trally located at the southwest corner of claim numbered 6, convenient to the

property, occurs on claim 3. This seems to cut off the eastern portion of the property claims 3, 4, and the greater part of 5 from the rest of the min-ing area. The geological map just is-sued by the mining department of the Government of Ontario shows here a well defined zone of coarse-grained volcanic highly silicious rock. It is greatly sheared and shattered, and probably much of the silica is secondary a formation which is considered the most favorable for ore deposits. Shaft No. 14 is going down in this ore zone, and a cross cut from the central shaft, a distance of 2500 feet, is now under way.

It will be seen that the property is still very much in its infancy. Only a small part of the ground has been ex-plored, and even that not sufficiently A 40-stamp mill began crushing in

July, 1912. Dividends of 39 per cent. per annum on \$3,000,000 were declared in November following. In January, 1914, the rate was increased to 52 per cent, per annum, and this the old shareholders in the Hollinger will still receive for their former holdings are

Dividends of \$7,000,000 were paid for two years by one mine in Nevada. This constitutes a world's record, But this exceptional result was due to sec-ondary enrichment, and production at once declined. But the ore deposits of Porcupine were formed under deepseated conditions, and are not subject to sudden changes in either value or volume of ore, and the future of the llinger Consolidated will be even

mated properties allowed by the minister of finance. It is reported that the amount of this impost is practically negligible, and will not in any way hinder the development of the great gold fields of Northern Ontario. The remarkable progress of the Hollinger Consolidated must attract a great deal of capital to this region more especially as the better known gold areas of the world are nearing exhaustion. of the world are nearing exhaustion

Mining Notes

Proposed Hollinger merger, says. The Montreal News, has all the earmarks of a classy proposition. With the output more than double the present capacity of 1500 tons a day, the shipments will ensure profits in proportion, and within a twelvementh it would not be surprising if the dividend would be placed on a basis con-siderably higher than the present level. This action is the more likely owing to the tremendous ore reserves, proved quantities, which are sufficient to ensure disbursements for a con-Epps and Co., of New York, say n their market letter: Nipissing's

finances appear to be in most excellent condition as revealed in the statement which came with dividend cheques last week. The cash and quick assets amounted to \$1.918.685. According to the annual report these items amounted to \$1,721,785 on December 31st, 1915. As it is quite certain that Nipissing had a great deal of ore yet unmined on its property, it dividends is promised, and it is ceris very evident that the advancing
tain that the operations of mining and tendency in the price of the metal will affect most favorably the earning capacity of the company, and we believe will soon increase the market value of these shares. Last year Nipissing's production yielded them an average of about 50c net per ounce, which was acqual to shout \$120 per duction from the present price of the metal would give their present production a net value of 48c per ounce instead of 31c last year. In other words, if Nipissing were to produce this year the same amount of ore that they did last year with no higher rates of costs, and were able to get the present price for their product their net revenue would be equal to \$1.64 per share, while dividend requirements are only \$1 per share yearly.

value, the profits not exceeding \$2.40 per ton, and without operations on a large scale and economies in every possible direction dividends could not be paid.

Mr. P. A. Robbins, general manager ence to ball mills in their addition to the mill.

Careful tests have been run since

It is expected that the annual report of the Dome Mines will be is-sued by the middle of May.

sistence in depth, and the development of all the ore bodies which are believed to occur on the property.

All the experts are agreed that the Porcupine deposits are deep-seated, and barring geological change, will prieid payable ore to the lowest practical payable or the lowest practical payable payable or the lowest practical payable The purpose of this work is to get a line on the faulting and to pick the extension of No. 1 vein system. The cyanide plant was put into commission on Thursday after preliminary tests. tests. So far it appears to give every

Market Had Stronger Feeling With Recovery in Prices.

With silver advancing to a new high level at 77 1-4, an advance since Monday of 4 3-8 cents per ounce, the market at the Standard Stock Exchange ket at the Standard Stock Exchange yesterday took a strong turn and recoverles from declines made thru liquidation the duy before were recorded all thru the Cobalt list and stocks closed in most cases 1 to 2 points above the close of the previous day. Renewed buying was brought in by he soaring price of silver, besides many of those who took profits tried to get back in again. Some of these had difficulty in making purchases, as stocks now-a-days are extramely senstocks now-a-days are extremely senitive to buying.

Trading was in good volume, totaling some 222,000 shares for the day. Business was better distributed, the Porcupines sharing in the proceedings to a greater extent than for some

In the Porcupine list Dome Extension was active and stronger, selling up to 36 1-2 and closing at 35 1-4.. The up to 36 1-2 and closing at 35 1-4. The report persists that there is a big accumulation of this stock going on and an outburst of trading is being looked for in consequence some time in the future. Big Dome showed signs of returning strength, selling up to \$25.00. The feeling toward this stock is builish, as figures published yesterday show that the April production was greater than for any month this year. greater than for any month this year, and altho the grade of ore melted was lower there was an increase of close on to \$4000.

The receipt of the annual report of Hollinger, altho obviously of a favorable nature, caused no flurry. The stock sold up to \$29.75 and closed at \$29.50. Trustice had been sold up to \$29.75 and closed at \$29.50. Jupiter held around 24 and McIntyre advanced again to 109, closing at 108. Rumors on the street stated that a strike had been made on the McIntyre Extension. The stock showed the effects of the bullish rushowed the effects of the bullish rumor by jumping 8 points from 24 to 82. This issue has been quiescent for some time, but it came to life with a vengeance and sales totaled 37,000 shares. Vipond reacted from 54 1-2 to 51 1-2. West Done Consolidated sold between 22 to 23 1-2.

In the Cobalts, Adanac held strong, closing at 69 1-2. New York interests are said to be bullish over this new issue, and recent showings are said to be similar to those made on the original Timisks ming. Beaver recovered to 50 1-2 and closed at 49 1-2. This stock seems to be coming into public favor more and more. A short time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the week ended April 30, \$3,166,000; time ago the traders took no particular by the property of the

lar notice of Beaver, which bids fair to become one of the biggest producers in the Cobalt camp, should President Culver's hopes of striking values at the lower contact materialize.

Chambers-Ferland was in active demand, selling up to 33 1-2 and closing at 32 3-4. Timiskaming took a stronger turn and advanced to 80, the previous day's high point, but failed to hold it when profit-taking sales came in. It closed fairly strong at 71, however,. Trethewey sold up from 29 to 30; Right of Way changed hands between 6 1-2 and 6 3-4.

Peterson Lake was a feature, open. notice of Beaver, which bids fair

Peterson Lake was a feature, open-ing at 31, selling up 3 points to 34 and closing at 32 1-2. The New York in-terests, who put Peterson Lake up cver 40, were again active, and the rumors say there will be some new directors on the Peterson Lake board after the annual meeting, which is to be held shortly.

McKinley-Darragh was strong, selling from 68 to 70, and Nipissing was higher, advancing to \$8.25. Coniagas made a new high at \$5.85.

WAR MAY MAKE SILVER A MONEY STANDARD AGAIN

The war has produced many innovations thought impossible in days of peace and there is an opinion among many competent financiers that the remonetization of silver is not altogether an impossibility. War expenditures will leave a tremendous demand for a metal cover for the huge amounts of paper currency now affoat and failing a sufficiency of gold, silver will be the only other bullion to fall back upon for this purpose. Bar silver made another rise yesterday to 77% c an ounce, the overnight jump being 2 3-8c. The higher the price rises the stronger are the advances and there is no method by which a top can be even suggested. The Cobalt companies received about \$12,000,000 for their ore last year and it begins to look as the the returns for 1916 will be almost doubled, and this can only mean extra dividends and bonuses for shareholders. The increased production of copper was expected to result in much greater silver production, but the output from the copper mines has proved disappointing. Low-grade ores in Cobalt, of which there are vast supplies and hitherto unprofitable, will now be milled and the Trethewey is one of the companies which will benefit because of this change. Timiskaming and Beaver have been exceptionally lucky in storing their bullion in London for many months and only a small portion has been sold at current prices. The daily quotation for the white metal does not appear to represent the actual position, as the Cobalt companies are repeatedly offered above these quotations for supplies and some sales are being made on these lines. Arsenic and cobalt, which have had little market since the war began, are being accumulated and will be a substantial reserve for stockholders later on. Many people who have carried Cobalt stocks for a long time have been recent sellers before acquainting themselves with the reasons for the rise in their securities and are now desirous of buying them back. The rebound in the prices of several stocks yesterday was evidence of the persistent demand for silver shares. Only as far back as 1890 silver sold at \$1.05 an ounce, and this was under peace conditions,

Mining Capital Wanted for Porcupine

An experienced mining man wants a capitalist to join him in securing control one of the most valuable properties in Porcupine, situated in the immediate cinity of the big mines. Advertiser is prepared to contribute two-thirds of the man required, or might on fair terms give an option on his portion, thus passing f. or might on fair terms give an The initial payment required is

This is a very exceptional opportunity. It can be satisfactorly proved that the property in question will make a very big mine, equal to anything in the camp, \$1,000,000 can be made in less than three years. All communications strictly confidential. Principals only.

For full particulars apply in the first place to Box 87, World Office.

American Expert Greatly Impressed by Visit to Cobalt and Porcupine.

In an article published in The Mining and Engineering World, Samuel W. Osgood, a well-known American mining man, has the following to say about the gold camps of northern Ontario:

The great finds of the fall of the season of 1915 were at Boston Creek first and later three to six miles south in Pecaud Township. The rapidity with which this wonderful district grows is impressive to the new comer, and only will illustrate the way man will build for the rich platty gold of the "finds" in this country of won-

DOMINION RAND COMPANY HAVE BIG COPPER SHIPPER

When Break-Up is Over Car a a Day Will Be Sent Out-Gold Claims Promising .

COBALT, May 2.—(Special.)—The Dominion Rand Company, which is operating a copper mine near the T. and N. O. at Temagami, shipped another car of ore early in the week, which weighed 68,920 pounds. This is the third car shipped within a short time, and as soon as the break-up is of the T. and N. O. Railway, and it may be found advantageous to lay a switch to the mine. Work on the gold group of properties in Deloro, owned by the company, is being rushed and in opening up the diabase contact nice samples have been uncov-

VEIN ON McINTYRE EXT. AT THOUSAND FT. LEVEL

A rumor that a strike had been made on the McIntyre Extension created a buying movement for the resterday, and the price advanced from 24 to 32. Col. Hay confirmed the rumor late yesterday, but said the extent and value of the vein had not yet been determined and the find is an important one in that it was made at the 1000-foot level in the cross-cut from the old Pearl Lake shaft towards the McIntyre property. Values at this depth have also an important bearing on McIntyre,

NEW YORK, May 3.—Bar silver 77/2d.

MARK HARRIS MINES and MINING

SILVER.

SILVER.

Mark Harris & Co., New York, May 2nd, 1916. Standard Bank Bldg., Toronto, Ont.

I have underwritten two hundred and fifty thousand (250,000) shares Lorrain Consolidated at twenty cents net to the company, This is the best silver offering I know. Allot to our clients only at twenty-two cents. Arrangements for listing will be made at once. Mark Harris.

The above is a copy of the telegram I sent to my Toronto office immediately after signing underwriting agreement.

The present sensational advance in silver is entirely justified by world-wide conditions and it is the consensus of opinion that the advance will continue until one dollar an ounce, or more, is reached. Last week I said "Silver is King," and today you must acknowl-

edge it is the cynosure of all speculative eyes. Every well informed man who had studied conditions realized, weeks ago, that silver was selling too low and that it was only a question of time until the demand should force up prices.

Many of the largest producers in Northern Ontario have consistently held back shipments and even the high prices of today do not tempt them, so confident are they of new record breaking prices in the near future.

This tremendous advance in the white metal means fully as much to Cobalt, South Lorrain, and other silver camps, as the sensational advance in copper means to Butte, Anaconda and all other copper districts, and those who purchase the better class of silver stocks at present prices will undoubtedly reap the benefit in a like

For instance, Nipissing and Kerr Lake are both paying dividends at the rate of 20 per cent, yearly on 50 cent silver, and as both companies have held back shipments for some time, it is almost a certainty that they will sell this year's product at an average of 70, 80 or 90 cents, which will mean earnings equivalent to 40, 60 or 80 per cent. on total capitalization and the best of this is that it is only the beginning, for silver will stay above 75 cents for many years after peace is declared.

There is no mystery about the rise in silver—it is thoroughly justified by supply and demand and as the supply of silver is limited the brokers who need the metal must bid up prices to fill their requirements.

When copper advanced to 25 cents, there was a great boom in the metal from Chili to Alaska. Hundreds of new mines were hurriedly opened; old mines purchased new equipment to double or quadruple their output, while many abandoned copper properties came to life and began producing the red metal.

The fighting world wanted copper and Chili, United States and

Canada earnestly endeavored to supply the demand, with the result that the total output for 1916 will be the greatest in the history of copper mining.

This increase was possible with copper, but it is absolutely impossible in silver unless the unexpected should happen in the finding of new and rich silver mines.

The producing silver mines will do their best—they will work day and night—but with all this the actual increase will be infinitesimal compared to the demand and I predict very high prices for silver for the next ten years or more. Knowing the value of this big silver boom, I have quietly been

searching for a high-class silver property, that would have all the earmarks of a winner, and at the same time could be offered at a low figure to my clients.

In connection with this, I visited Cobalt and South Lorrain and, out of many, selected one that I can honestly recommend as a highclass speculation.

I refer to "Lorrain Consolidated"—a property of exceptional merit, controlled and managed by men whose names stand for everything that is honorable in mining.

The president of "Lorrain Consolidated" is Mr. D. M. Steindler, well-known as the vice-president of Kerr Lake Mining Company, president of the Croesus Mining Company (the sensational gold producer in Munro Township), and also president of the Dominion Reduction Company of Cobalt. The managing director is the wellknown engineer, Samuel W. Cohen, E.M., who has had charge of such well-known mines as the Crown Reserve of Cobalt-Porcupine Crown of Porcupine—and the Croesus Mine. Mr. Frank C. Loring, E.M., the eminent engineer, well-known in Rossland, Cobalt, Kirkland Lake and Porcupine Districts, gives his unqualified endorsement and advises aggressive development.

Considerable development work has already been accomplished, there being one shaft sunk to the 160 foot level and another to the 110 foot and several hundred feet of cross-cutting on the 100 and 150 foot levels. In addition, the company has a complete equipment for mining, including tools, etc., as well as houses for miners, superintendent and others.

I attended the Annual Meeting of the Company, which was held in New York on Monday, and while there arranged to underwrite 250,000 shares of treasury stock at 20 cents per share net to the treasury of the company. I am now prepared to offer my friends and clients 100,000 shares of this same stock at 22 cents per share, the additional 2 cents being charged to cover actual expenses.

It is the policy of the "House of Harris" to offer their clients

an opportunity to participate in all underwritings at the actual underwriting figures, plus a very small charge to cover actual expenses. Clients who purchase this stock will know that 20 cents out of every 22 cents paid will go direct to the treasury of the company to be expended in aggressive development. I firmly believe in the future of this company because the pro

erty is right—the management is right, and with ample capital in over the company expect to ship one or two cars daily. The importance of the property has come to the attention of the T. and N. O. Railway, and it At the present moment, the stock of this company is not listed on any exchange, but application will be made promptly for listing

on the Standard Stock Exchange of Toronto and the New York and Boston curbs, thereby giving the shares the broadest possible market. I do not advise clients to subscribe heavily for this stock, but do urse them to take a reasonable amount, for with every subscription of 1000 shares or more

take a reasonable amount, for with every subscription of 1000 shares or more I will give a 60 day option for double the amount taken at 25 cents per share. This means that if you subscribe for 1000 shares or more, immediately, at 22 cents por share, I will give you an option for 60 days on double the number at 25 cents and will guarantee to deliver these additional shares at any time is double or treble that figure.

In this way, you not only share in the underwriting, but you are also in a with sliver already at record prices and going higher every week, it is reasonable to look forward to a very active demand for silver shares and this must of necessity be reflected in the market for "Lorrain Consolidated."

I have no hesitation in endorsing this stock as a high-class speculation,

I have no hesitation in endorsing this stock as a high-class speculation,

and firmly believe every purchaser will have good cause to congratulate mack Harris

P.S.—BOSTON & MONTANA. The stock I have so insistently urged my clients to purchase for several months, had a sensational advance this past week, selling in New York and Boston as high as \$1 5-16. Ten weeks ago, when the stock was quoted at 35 cents, I called my clients attention to its merit—since then I have sent my clients two special builetins, one when it sold at 10 cents and the second only ten days are, when the figure was 72 sold at to cents and the second only ten days ago, when the figure was 72

I have carefully investigated Boston & Montana and feel safe in saying its intrinsic value is more than \$2.00 per share. I firmly believe the shares will some day sell at par, \$5.00 per share, on merit alone.

Shipments Arrived Yesterday and

Sold at Fifteen and Twenty Cents a Pound.

BERMUDA ONIONS DECLINE

Imported Outside Grown Rhubarb Also Dropped in Price on Wholesale.

Texas Bermuda onions have declined slightly in price, the yellow variety selling at \$2.40 to \$2.50 per 50-pound crate, and the white at \$2.50 to \$2.65.

The imported outside-grown rhubarb declined again yesterday, selling at 50c to 60c per dozen bunches.

New Brunswick Delaware potatoes were also on the decline, selling at \$1.30 to \$1.85 per bag.

Hothouse tomatoes came back on the market again, after being absent for some time, McWilliam & Everist having a shipment from the Eric Co-operative Company, the No. 2's selling at 15c per 1b., and the No. 1's at 20c per lb.

White & Co. had a car of navel oranges; a car of strawberries (Louisiana), selling at 20c per box; a shipment of mushrooms, selling at \$2 per six-quart basket; a shipment of new maple syrup, the wine measure selling at \$1 per gallon, and imperial at \$1.50 per gallon; also maple sugar at 15c per lb.

Stronach & Sons had a car of Texas Bermuda onions, selling at \$2.50 per 50-ib, crate.

Chas. S. Simpson had a shipment of

Bermuda onions, selling at \$2.50 per 50-ib. crate.

Chas. S. Simpson had a shipment of
Boston head lettuce, selling at \$4.50 to
\$4.75 per hamper; also California cher-ries at \$3.50 per 10-lb. box

A. A. McKinnon had a can of Texas
Bermuda onions, selling at \$2.40 to \$2.50
per 50-lb. crate, and a car of Delaware,
N.B., potatoes, selling at \$1.80 to \$1.85
per bag. N.B., potatoes, selling at \$1.80 to \$1.85 per bag.

H. Peters had a car of Florida tomatoes, selling at \$3 to \$3.75 per six-basket crate; a car of celery, selling at \$2.50 per case.

Clemes Bros. had another car of Upland Quali brand navel oranges, selling at \$2.25 to \$4.25 per case.

The rapid advance in bar silver is significant, and corroborates the cable advices, of an alarming scarcity of the precious white metal in London, as well as exceptionally large orders being received almost daily for spot delivery from Russia. India and China. The silver situation is becoming decidedly interesting and the auxiety of the monetary powers in London, England, to buy this metal, is clearly defined in the two cents per ounce daily advance, which is truly phenomenal, and as clearly barometers what is inevitable in the Cobalt share market. Every visible sign would indicate.

BAR SILVER AT 85 CENTS PER OUNCE SOON The most influential silversmiths in New York believe the price will soar to at least \$1.00 per ounce before the end of the year; also, that after the close of the war a further advance of 35% is most likely. The fact that no element of speculation is apparent in the world-wide buying of the metal is conclusive evidence to me.

NO TELLING HOW HIGH THE PRICE WILL GO A careful analysis of the metal situation also makes me positive in the opinion, the Cobait securities have by no means discounted the spectacular advances in bar silver. In other words, this market is the most attractive of all, in so far as profit-making possibilities are concerned, and wherein

A 50% ADVANCE IS ABSOLUTELY WARRANTED Candidly, for the time being, I advise the Investing Public to CONFINE ALL MARKET BUYING TO COBALTS The biggest advance in years is comins, and purchases made in the silver securities of merit will undoubtedly show a higher percentage of profits, within a reasonable time, than I would care to estimate. All I

Crude Oil to \$4 a Barrel

The growing demand for oil makes \$4.00 crude probable. The real opportunities of America are in the Middle West Oil Fields. Great financiers are making millions by consolidating oil properties and through rich benkers floating new securities, backed by oil properties. These big men know that oil will double in value if war comes and likewise will greatly advance to help build after peace is secured.

The Uncle Sam Oil Company is the pioneer independent. It built the first three independent refineries in Kansas and Oklahoma.

It has capable men at the head of its different departments, and is gaining wealth every week. It is owned by over eighteen thousand stockhoiders, representing every congressional district in the Union. It is the real people's company, that in time is sure to put its red, white and blue tank wagons and auto trucks to delivering Uncle Sam Oil in at least thirty states.

This Company is established. It has demonstrated its ability to protect itself from the treachery and intrigue of the Oil Monopoly gang, having fought its way through persecution to prosperity, and now desires to put in operation the balance of 40 to 50 drills and keep them going until its production is at least ten thousand barrels per day.

The oil fields of Utah, Wyoming, Colorado, Kansas, Oklahoma, Arkansas, Louisiana, New Mexico and Texas have hardly been scratched.

The future of a powerful organization in this great district—that is now able to maintain forty to fifty drills in continuous operation—will certainly mean a gain on this stock of from 10 to 100 times.

Stock that you can secure under the secrifice offer herein will certainly in a

stock that you can secure under the sacrifice offer herein will certainly in a few years pay more in dividends yearly than you need now remit to own it. The Uncle Sam Oil Company now has under headway nineteen (19) different

The Uncle Sam Oil Company in the Hed Wells. We have one property in the Hed Fork district within three miles of our Tulsa, Oklahoma, Refinery that gives great promise of being the richest lease in that territory, and will not surprise our field men if it produces over Two Million Dollars of oil when developed during the next eighteen months. There are three producing sands in this district and besides a deep production possible. The Uncle Sam Oil Company controls about fourteen hundred acres in this Red Fork district. Two new wells started natural at about two hundred fifty barrels per day. We will have in five more new wells on this property within four to fifteen days. We have at least two hundred locations in the deep and shallow gands on this one property. Our chances are good to have from 800 to 2,000 barrels daily of high grade oil in this district within a few weeks.

The pipeline of The Uncle Sam Oil Company is completed and in operation for over 165 miles, connecting the larger percentage of its oil producing property. We will soon have one hundred fifty (150) producing wells and room lett on practically proven grounds for 400 to 500

two states. Surrounding these refineries are The Uncle Sam marketing stations, where our own auto trucks and tank wagons can deliver ten thousand barrels per day direct to the people.

When you join The Uncle Sam Oil Company you make your remittance count for principle as well as financial gain.

count for principle as well as financial gain.

The Oil Monopoly has lately, through friendly bankers, grabbed nearly complete control of practically all other refineries, leaving a clear field for this great, growing independent, that for over ten years has maintained the first independent, direct-to-the-people marketing stations.

Even though the prices of refined oils are from 15 to 25 per cent, cheaper to the people in the states where our marketing stations are located, we can now secure, when refined at small expense at our refiners, about \$2.46 to \$2.60 per barrel.

keting stations are located, we can now secure, when refined at small expense at our refiners, about \$2.46 to \$2.60 per barrel.

On this basis our combined daily production should soon reach (\$5,000) five thousand dollars per day, and it may reach double that sum in 90 to 120 days.

The Uncle Sam Oil Company controls a total of about (20,000) twenty thousand acres of lands and leases in the real oil beit. It is continually offered new development propositions. The land owners of the Middle West know that The Uncle Sam Oil Company has the only independent market—and that we want more production and that we will not "crook" a test hole—but if we find a new field will at once develop it—and under such circumstances a lot of land owners refuse to turn their leases to speculators sneaking for the Trust, but hold for The Uncle Sam Oil Company, which is a household word among independent farmers in the oil belt states.

This Company has work started on three deep tests in the Cushing field—near the centre of the township, that developed a reported fourteen thousand barrel well a few weeks ago.

One of these wells is now 3272 feet and will be drilled to 3800 feet. We have just proved up in two new test wells from 38 to 45 feet of rich Laxton Oil sand on our Cushing property.

In rich Range Seven, which has produced more high grade oil gushers than any other district in the world—The Uncle Sam Oil Company has work under headway on tweive deep wells, through the heart of about four thousand acres of its perpetual oil and gas leases.

The knockers can knock and the henchmen in the pay of the Big Bunch of Rich Schemers can insinuate and attempt to belittle The Uncle Sam Oil Company, but any investor who doubts our word can come and go over the properties and see for himself.

We may have a hundred million barrels of oil in our present lands and leases. Your remittance combined with a hundred more will drill a test on one of our many properties and may open a rich pool that will your out millions. We offer you this stock no

grade oil in this district within a few weeks.

The pipeline of The Uncle Sam Oil Company is completed and in operation for over 165 miles, connecting the larger percentage of its oil producing property.

We will soon have one hundred fifty (150) producing wells and room left on practically proven grounds for 400 to 500 addictional producers.

This oil from this rich, new Red Fork pool that should soon reach from 300 to 2,000 barrels per day is about one-fourth gasoline. This splendid lease is connected with two of our refineries in

editt

Sam Oil Company is Four Hundred Million Shares. The loyal stockholders own their stock at less than four mills per share. Our properties by new development and advances in prices of oil have reasonably increased at least ten times in value—but we can place new capital at big advantage and will let you have stock at the sacrifice offer of six mills per share. The real book value, I believe, Is now about twice that sum, and wells now drilling may increase it several times more.

If you will remit quickly, you will secure the advantage of a dividend allotment which is a conditional stock dividend.

The larger your first remittance the greater will be your allotment privilege.

The Uncle Sam Oil Company is controlled by a Board of Twenty-one Directors—all of whom are large stockholders. The Company is on a check and voucher system. Every dollar is deposited the same day it is received in the name of the Company and paid out only on the legitimate claims by Company check, signed by four different officers.

Weekly development reports are sent to stockholders, keeping them informed in detail.

A big oil stock company can be operated just as honestly as any other business concern. We want only red-blooded citizens as stockholders who will stand by the Company in its big effort for splendid success.

If you will heed the truth when you read it forward your remittance for from \$15.00 to \$1,500.00, and join a real winner before this stock is all sold or greatly advanced, or inclose four cents in stamps and late reports and further particulars will at once be sent to you.

Remember, some of our drills will be digging at the cap rock of production while you read this notice, which will reach about Twenty Million readers. The future will prove that the time to secure this stock is right now.

As part of the consideration the Company reserves the right to approve or reject any subscription to, or transfer of its stock. The stock is non-assessable. Subject to prior raie, remittances will be accepted on the following basis:

Put an X opposite the stock you want and make all remittances payable to The Uncle Sam Oil Company, by check, draft or money order. Write your name and address plainly.

SPECIAL INTERES'

PLAYS, PICTURES AND MUSIC

BATTLE CRY OF PEACE.

All next week the superb and spectacular photo drama, "The Battle Cry sey Hall by Robert S. Marvin. Advices from the United States report that wherever this picture—the greatest achievement in the moving-picture world—is being shown all over that country, it is jamming and packing every theatre where it is being presented, and is arousing the intensest.

Murphy and Lachmar are real nut connedians, who have a varied line of funny sayings and new jokes. Ethel McDonough has a strong and well-trained voice, which she uses to good effect in new songs and clever parodies. Ben and Hazel Mann are very good fun furnishers. Tood Nobds, in a thrilling acrobatic number: "A Study in Art," and the sixth instalment of the "Iron Claw" rounds out a high-class performance. of Peace," will be presented at Massented, and is arousing the intensest enthusiasm. It has quite taken the wind out of the sails of the "No Preparedness" party. It has its warning for people in this country, too. And whoever misses it, will miss a photo drama, which is nothing short of epoch-making. Seats are on sale all this week, and the thing to do, is to book as early as possible, and ensure a comfortable and convenient location.

No Canadian who misses this wonderful spectacle will fall to regret it.

STRONG PLAY AT STRAND.

The feature at the Strand Theatre for today and for the balance of this week will be the superbly strong and spectacular photo drama, "Thou Shalt Not Covet." The plot deals with the remptation which came to an upright and honorable man, who was madly in love with his neighbor's wife. Thru the wreck of a liner in mid-ocean, she is placed in his power, helpless, and is placed in his power, helpless, and in such state of mental disarrangement from shock, that she believes him to be her husband. The denouement is as unexpected as it is dramatic. The film is in five sensational acts, which include the wreck of the liner in midocean, while thousands of men, women and children are seen battling desperately for life. Tyrone Power is seen in the part of the hero and Kathlyn Williams, the lovely and alluring. Williams, the lovely and alluring, plays the role of the neighbor's wife.

LOEW'S NEXT WEEK.

For next week the Loew management offer vaudeville's greatest old-time favorites, James and Bonnie Thornton, in an up-to-date comedy ratti and his capable company of en-tertainers offer one of the best singing

and dancing numbers ever sent out on this circuit.

Murphy and Lachmar are real nut

"BELIEVE ME, XANTIPPE."

"Believe Me, Xantippe," the clever LADY ABERDEEN SPEAKS three-act play, written by Frederick Ballard, author of this season's triumph, "Young America," will be the attraction offered by the Robins Players at the Alexandra Theatre next week. Seats will be placed on sale today. The capacity houses that are greeting the Robins Players this week indicates that this will be one of the most successful stock seasons in the history of Toronto. The prices are the same as last summer.

MADISON THEATRE.

Dustin Farnum as Ben Blair, the strong-hearted plainsman in the Pallas picture, "Ben Blair." is given a role that wins the respect and sympathies of all those who enjoy a stirring western story well told. In this production, which is the attraction at the Madison Theatre Thursday, Friday and Saturday, Dustin Farnum has an exceptionally suitable part to display his robust talents.

The screen adaptation is from the well-known book, "Ben Blair," written by the late Will Lillibridge.

Winnifred Kingston plays the principal feminine role, the part of Florence Winthrop, who after a girlhood in the west deserts it for the general state. in the west, deserts it for the gayeties

WOMAN GOOD RECRUITER

Thornton, in an up-to-date comedy singing and dancing act. The two Thorntons are a very clever pair of old-time funmakers and can easily be remembered by theatre patrons who attended the many different houses in which they have appeared in at the head of the bill. TO NATIONAL COUNCIL

Twenty-Five Delegates Attend Recruiting League Aims to Raise Session of the Executive at Ottawa.

Yesterday a two-days' session of the executive of the National Council of Women was inaugurated at Otta- cruiting by giving, everyone what he wa, Mrs. F. H. Torrington, president of the National Council, presiding. Some twenty-five delegates are in

presence of the founder of the council, the Marchioness of Aberdeen and Temair, who last evening gave her illustrated address on "Peasant Cottages in Ireland," which was delivered at the Chateau Laurier under the auspices of the local council of Ottawa.

The delegates are the recipients of many courtesies, a private luncheon being given at Murphy-Gamble's tearooms, which was arranged by the lo-cal council and on Tuesday and Wed-nesday special teas were served by

Ottawa hostesses. The business of the meeting dealt with matters of importance along patriotic lines and along the lines of social and moral betterment.

The officers are: President, Mrs.

Torrington, Toronto; vice-president, 36th Peel Regiment.

Lady Borden, Mrs. Francis Frost, Mrs. Adam Shortt, Ottawa, and Mrs. W. E. Sanford, Hamilton; corresnding secretary, Mrs. Willoughby Cummings, Toronto; treasurer, Mrs. George Watt, Brantford; recording secretary, Mrs. Plumptre, Toronto.

EVERYONE'S ASSISTANCE WILL BE ASKED TODAY

Thirty-Four Thousand Dol-

This is Kitchener Day and the citizens are asked to aid the cause of reor she can afford, towards the \$34,000 asked for by those who have inaugurated the campaign. The organization for collecting and the division of the city into districts have all been done by Mrs. G. R. Baker, as voluntary ser

vice in the cause. The central neadquarters of movement is the city hall, where the returns will be collected at 5 o'clock. Almost every women in the city known for her interest in patriotic projects will be among the workers. Lady Hendrie will be at the city hall at noon and Mrs. W. H. Hearst will be one of the chaperones of the day.

'The battalions to benefit are: 180th, 204th, 216th, 198th, 201st, 208th, 95th, 123rd, 134th, 169th, 166th, 170th, the Queen's Cwn. the 10th Royal Grenadiers, 48th Highlanders, the 109th, 9th Mississauga Horse, Governor-General's Almost every women in the city known Mississauga Horse, Governor-General's Body Guard, 12th York Rangers and

ANGLICAN AUXILIARY HAS BIG MEMBERSHIP

Reports read at the 13th annual meeting of the Anglican Women's Auxiliary show that the organization has a senior membership of 6799, the number of branches being 196, and the total list of life members 518.

The treasurer showed that the total revenue aggregates \$29,000. The sum of \$2622.44 had been spent on ecclesi-astical furnishings and in answer to The juniors, which consist of

branches, support six children in "Door of Hope" Orphanage, and in other institutions. Their total ceipts were \$1264.59. Ten candidates are in training

work under the general board, the expense coming out of the united thank offering, which at present amounts to \$2157.68. Mrs. Cartwright presided at

PATRIOTIC WORKS

One of the latest successes amongst patriotic workers was the sale of home-made cooking put on in Tyrrell's old stand by the Women's Canadian Historical Society, the proceeds of which amount to \$190, besides a collection of silver which has yet to go into the melting pot. With the aid obtained in this way the association will be able to achieve its object of completing its 2000 pairs of socks for completing its 2000 pairs of socks for the boys in the tenches. Wool may be obtained by members for knitting from Mrs. Horace Eaton, 631 Sherbourne street.

HOLD SUCCESSFUL SALE

Week-End Fares Now in Effect. Saturday to Monday tickets are now on sale from Toronto to a great many points in Ontario, via Canadian Pa-cific Railway, at single fare plus 25 cents for the round trip, good going Saturday and Sunday, valid returning up to and including Monday following date of issue. SOCIETIES AMALGAMATE TO AID RED CROSS WORK

Officers Were Elected at Special Meeting in St. Anthony's Parish Hall Yesterday.

At a special meeting held in St. Anthony's parish hall, Gladstone avenue, Fey. Father McGrand, pastor, presided and introduced Miss Marie Macdonell who can't nell, who gave an interesting talk on the war and the work of the Red Cross. She also read some letters from the boys in the trenches, which gave a very graphic idea of things as they really are in the war zone.

Much enthusiasm was shown by the fifty women present who represents the representation.

Much enthusiasm was shown by the fifty women present, who represented the different societies which had been employed along various lines of patriotic work since the outbreak of the war. It was thought well to amalgamate, and in addition to the objects upon which they were already engaged it was decided to supply comforts for the sixty boys from St. Anthony's parish who have gone to the front. There will be two working meetings a week will be two working meetings a

will be two working meetings a week for this purpose.

The officers elected for the amalgamated society are: Hon. president, Miss Marie Macdonell; president, Mrs. Pitts; vice-president Mrs. O'Leary; treasurer, Miss Kathleen McCrohan, secretary. Miss Mary Irene Foy; convenor of purchasing committee, Mrs. Renshaw.

WILLS PROBATED

The estate of George E. Post, car-center, who died on March 21 last, is an insurance policy for \$2000. His only surviving heir is Frances R. Post of 120 Garden avenue, who is under 21

years of age. Helen Broderick, a spinster, Toronto, who died Nov. 25, 1911, had \$2650 cauli, and administration of the estate gives one-third to a sister, Mrs. M. Gilligan of Portersville, and the remainder di-

phew. An estate valued at \$1146.16 was owned by Walter James Dicker of 115 Pape avenue, a soldier, who died May 4, 1915. In disposing of his estate in the will deceased gave \$50 to Mrs. Nelson Aldred. The residue is equally divided between his sister, Hilda Kate Dicker of England, and the children of his brother, Walter E. Dicker, also of England.

INDIANS GIVE PLAINS FOR AVIATION GROUND

Mohawk Council Offers Land to Col. Merritt for Use.

DESERONTO, May 3.—At a meeting of the Bay of Quinte band of Mohawk Indian Council, at the council house on the Indian reserve this afternoon, it was unanimously agreed to allow the Canadian aviation fund the exclusive use of the "plains" for an aviation school. John Malone, who represented Col. Merritt, pronounces this part of the land as being very suitable for this purpose. The plains are situated about two miles west of Deseronto and are separated from the Bay of Quinte by two hills. They are about one and one-half miles long by a half-mile in width and are perfectly level. The Canadian Northern Railway passes between the range of hills way passes between the range of hills and the plains.

MAJOR AND MRS. GAULT SUE FOR SEPARATION

Both Cases Will Be Heard Concurrently in Montreal Court.

MONTREAL, May 3.—The court having granted permission to Mrs. Hamilton Gault to enter suit against her husband, Major Hamilton Gault, for separation as to bed and board, a similar action of the latter against the former fixed for hearing before Justine former, fixed for hearing before Justice Weir, tomorrow, will be adjourned. The issues on the cross demand are not yet complete and these are essential, as the two cases will be heard concurrently. Evidence taken in the divorce proceedings at Ottawa, will it is understood, be allowed in plea.

BADGES FOR RELATIVES.

The wives and mothers of the men of the 216th Overseas Batttalion, C.E. F. (Bantams), are to be presented with a silver badge in the form of a brooch and bear the words "I also serve."

STORIES OF THE OPERAS Gluck's "ORPHEUS and

EURYDICE' Condensed by ADRIEN TOURNIER RPHEUS AND EURYDICE' is

based upon the mythological tale of the wonderful musician who descended into the depths of hades who descended into the depths of hades to rescue his dead wife.

Within the tomb of Eurydice—the bride of Orpheus, who died from the bite of a serpent on her wedding day—the musician, who is able to charm all things with his sweet music, and his friends gather to lament her loss. Orpheus prays to the gods to restore her to him, promising to make any sacrifice—even to descend into hades in order to bring her to the upper world. The gods are touched by the sincerity of his grief, and Amor is sent to bear the message that he may make the the message that he may make the journey, but that he must trust only journey, but that he must trust only to his powers of music to overcome all dangers. Ho is also told that unless he refrains from looking upon the face of Furydice until he has led her safely from the land of darkness Pluto will again seize her, and he will be separated from forever. Orpheus accepts the conditions and calls upon

Amor to sustain him during the perils of his journey. Orpheus descends into a rocky Orpheus descends into a rocky chasm, which is the entrance to hades, the abode of the departed. About him swarm shades and furies who challenge his right as a mortal to enter the abode of the dead. He begs them to have mercy upon him, telling of his inconsolable grief that inspired his quest. He sings so sweetly that their rige is abated, and they command Cerherus to open the portals and allow

Little Stories Told in Homely Rhyme

"IF MOTHER COULD SEE ME."

Copyright, 1916, by the Author, Bide Dudley.
Copyright, 1916, by the Author, Bide Dudley.

Boy, ponder on that. Just let it sink into your brain. It may stir the gray matter under your hat. And now let me make myself plain! Suppose, as you stand with your foot on the rail, your elbows at rest on the bar, it flashed thru your mind! Don't you reckon you'd pale and hesitate, boy? There you are! "If mother could see me!" Again let's suppose! This time you are bucking the wheel. Or, maybe it's poker —the horses, who knows? Imagine, my boy, how you'd feel if into your mind rather vividly came the thought that I'm harping about. Say, wouldn't your face show a wee blush of shame? I think so—beyond a doubt. "If mother could see me!" Remember it, lad! You'll find it will help you a heap. Now, I'm not a preacher; I've been pretty bad: I've lulied all my scruples to sleep, oh, many a time, but they've wakened, you bet, when that little thought struck my dome. "If mother could see me!" will head off regret and trouble each time it hits home.

MOVING PICTURE FANS

TERE'S the thing you've been waiting for-

A department in The Toronto World every morning devoted exclusively to news of the screen world, the plays, players, release dates, photographs and everything connected with moving pictures.

If there is anything you want to know about moving pictures or moving picture actors, moving picture theatres, writing moving picture plays, how moving pictures are made, and where, the salaries paid to moving picture actors, or anything at all either directly of remotely connected with moving pictures, write a letter and it will be answered in The World. Make them short, and write on one side of the paper only. If you have an idea that you would like to see worked into a play, write it. If you see anything on the screen that you think could be improved, write that. Write anything you like, so long as it is connected with the moving picture business.

The moving picture news will appear in this space-

AND IT WILL BE HERE EVERY MORNING

Don't miss any of it. Send in your order to have The World delivered to you every morning, so that you will be sure to get it each day. This department is YOURS. There will be a theatre directory, by which you can

tell at a glance what films are running each day, and where. If you want to know anything about moving pictures write—don't telephone—to the

MOVING PICTURE DEPARTMENT. THE TORONTO WORLD.

The Amateur Gardener

of hollyhock. These may be single or double kinds, according to the reaction.

The single varieties generally grow. single or double kinds, according to the taste of the owner of the garden and the chance there is to display them effectively.

prominence in it there is where half a dozen varieties with single flowers will produce a most stately and dignified effect, as they are taller than the double sorts.

But for the more ordinary locations in the border, among other perennials the double kinds will doubless give greater satisfaction, as their flowers give a more solid color effect. The question is often asked: Can

flower the first season? The answer to this question is no. If you want flowering plants for the present season it will be necessary to order seed-lings of last year from your florist. I would advise you to sow a package of seed from which to obtain plants for use next season.

The soil in which to grow this plant

The single varieties senerally grow to a height of seven or eight feet, and each root will send up from three to half a dozen flower stalks. The double varieties seldom grow to a greater height than six feet, but because of their larger flowers they give a stronger effect than the singles.

Who Got His Apple?

An oldish man, having an apple stand, was approached by a hungry looking lad, who asked: "Say, ain't you goin' to gimme an

apple? "I'll give you to the station first," was the gruff reply,
"You declare war, do you! All right, my old buckshot! I'll stand right here for the next hour and tell everybody that you golf on your apples and then that you spit on your apples and then burnish 'em on your greasy old coat sleeve! We'll see who'll come out ahead in this mad struggle!"

The soil in which to grow this plant The boy did, as he got his apple in must be quite rich and mellow to the five seconds.

—Tit Bits.

RECIPES FOR THE CARD INDEX COOK BOOK

Savory Batter

INGREDIENTS ounces flour.

% pint milk. pound onions and to-

1/4 pound breadcrumbs.

Pepper and salt.

Sift the flour and a little salt into a bowl, make a hole in the centre and put ingthe eggs. Mix well together and then add the milk very gradually, beating well, so as to avoid lumps. Continue beating until well mixed and fight; then leave for at least 30 minutes. Cut the onions in slices and fry them in butter; skin the tomatoes and then add to the onlons; fry very gently for 30 minutes. Spread this mixture on the bottom of a deep dish, sprinkle on the breadcrumbs and pepper and salt; then pour on the batter and bake in a quick oven for about eight minutes, or until the batter is

From Far Japan

The Japanese are thoroughly awake to the possibilities of supplanting the German and Austrian manufacturers in the markets of the Allies.

An outstanding instance is the "Royal Nippon" China, which has now the white body of the best European wear, and none of that roughness of edge which formerly characterized the less expensive Japanese china. See these pieces today.
