Reports of Riots By  
Canadians Exaggerated

Disappearance at Kimmel Park in Wales Due to Disappointment Over Delay in Returning Home—Special Court of Inquiry Has Been Ordered to Conduct an Investigation

London, March 7.—(By the Associated Press)—An official statement issued by Canadian military headquarters in reference to rioting at Kimmel Park, says it is regretted that some of the accounts of the fighting, in which Canadian soldiers took part, exaggerate the seriousness of the incident, but gives no details of what happened.

It is explained that the lack of shipping facilities to Canada soldiers back home is due partly to strikes, and it is said that the dissatisfaction of the soldiers over alleged preferential treatment in embarkation may be attributed to the fact that the men have been divided into sections according to the Canadian military districts from which they come.

Conference Arranging For Renewal of Negotiations  
THE TERMS PROPOSED

Germany Must Hand Over Ships but Allies Will Provide Food Until Next Harvest in Exchange for German Products

Paris, March 7.—(By the Associated Press)—The council of the great powers took action today toward relieving the rather acute situation created by the interruption of the negotiations at Spa concerning the taking over of German ships and supplying Germany with food.

Final action was not until tomorrow but meetings in conference between Premier Lloyd George and Premier Clemenceau and Col. Edward M. House of the American peace delegation, a resolution drawn by Lord Robert Cecil, member of the British peace commission, was tentatively approved for adoption.

This resolution provides that on the delivery of the ships the Allies shall undertake to revictual the Germans until the next harvest, payment being made in coal, potatoes, nitrates and other products which Germany has and the Allies want.

The agreement reached between the British, French and American members of the council leads to the expectation that the council will accomplish a settlement tomorrow and that negotiations at Spa will be resumed.

Must Revise Treaties.  
Paris, March 7.—(By the Associated Press)—The report of the commission on Belgian affairs, charged with investigation of the differences between Belgium and Holland, was submitted to the council today.

STREETS OF BERLIN

Artillery, Flame Throwers, Gas and Trench Weapons of all Kinds Used; Government Troops Prove Successful; Workmen Decide to Extend Strike to Electric Power Plants and Waterworks

London, March 7.—(By the Associated Press)—The fighting in Berlin on Thursday night was described by the Exchange Telegraph Company from Copenhagen as during the whole night there were sounds of heavy detonations of cannon and explosions in the districts where fighting was taking place.

Flame-throwers and trench weapons of all kinds were employed in the struggle which was particularly violent around the police headquarters, which the Spartacists made desperate efforts to capture.

At a stormy meeting held on Thursday evening the soldiers and workmen's councils decided to extend the strike to the electric power plants, the gas and waterworks, it is reported.

COL. GUTHRIE ARRIVES  
Famous Sign Soon Will Disappear From His Office Door—Tributes to the Private Soldiers Who Won the War

Portland, Maine, March 8.—The 370 wounded Canadian soldiers who arrived here on the hospital ship Essequibo late yesterday were on their way home to all points in Canada today.

The men were in much better condition physically than those on the first ship to arrive here two weeks ago. There were only four serious cases. Less than a score were confined to cots, and there were no deaths.

Colonel Guthrie upon reporting at Fredericton will remove a sign placed on his law office door more than two years ago, which reads: "Gone for the duration of the war."

His Wife the Hero.  
As he sat in his berth to which he was confined while suffering from the effects of some of his many wounds, he was asked to tell about himself.

When asked concerning the hardships in Germany, he did not wish to talk about them; apparently he had no desire to recall his experiences as a prisoner of war.

After having spent a considerable time in the hospital in Belgium, he was kept in a hospital in Aachen, where he was kept until sent to a prison camp in Friedrichsfeld.

Shortly after the armistice was signed, he was released by way of Denmark, and was allowed to stay two weeks in Copenhagen.

On Tuesday next he will proceed to Ottawa, where he will get on board the army, and will go to his home in Vancouver, where a kindly and enthusiastic welcome awaits him.

MUCH WORK ALONG THE C. P. R. LINES  
Spring Programme Includes New Dwellings for Employees and Extensive Repairs and Renewals on the Railway

The C. P. R. has issued a programme of work planned for the New Brunswick district and it includes building operations, extensive track replacement, several concrete culverts and the erection of bridges at various points.

Three dwellings will be erected at Brownville Junction for divisional officers and ten dwellings at McAdam for C. P. R. employees.

Herbert Albert Laurens Fisher was born in London March 21, 1868. He received his education at New College, Oxford, and in Paris and Göttingen.

plans for more extensive planting in this district have been made. At least two miles are under consideration and the work of planting will be done under the direction of the C. P. R. forestry staff, who have jurisdiction along the eastern lines.

PRIVATE W. H. ELLIS  
DIED OVERSEAS

Survived Three Years of War but Fell Victim to Disease—His Son and Son-in-Law With Him in 4th Siege Battery

Mr. William H. Ellis of 177 Pitt street, received a telegram this morning announcing the death of his son, Private W. H. Ellis, of the 4th Siege Battery.

He died of broncho-pneumonia, at 48 Casulty station on Feb. 28. The family did not even know that Pte. Ellis was ill, and were expecting him home this month.

He was with the 4th Siege Battery and had been through all the battles in which it was engaged. The last letter received from him was from Germany, where the military of shipping were unable to furnish sufficient ships to carry out the programme, as promised to the Canadians.

March the shipment of troops have fallen short by fully one-third. These occurred a backing-up from Kimmel Camp through the area in England, and through them to France.

It has caused very great disappointment to Canadian soldiers who have been overseas for periods ranging up to four years or more without leave to their homes.

Immediately upon the matter being reported to the chief of the general staff, Lieut. General Sir Richard Turner, C. C. B., he went to Kimmel Park and addressed the men in fifteen different places. They seemed to appreciate his explanations, and there are no likely to be any further disturbances.

There are at Kimmel Camp approximately 15,000 troops, all ranks, who have been despatched there as being the last step before home-ship to Canada.

Had the number of men been able to embark in February according to the programme which it was confidently thought could have occurred, but the shipping situation, owing to strikes and for other reasons, is admitted to be an extremely difficult matter to control.

However, it is hoped by the Canadian authorities, that there will be no recurrence of the delays which have hitherto taken place.

Many Arrests Made.  
It is not attempted in the slightest degree to excuse the conduct of the men who took part in the disturbance. Many of the offenders have already been placed under arrest, with others involved, will be rigorously dealt with.

During the disturbance there was a certain amount of damage done and it was discovered that civilians were concerned. Up to the present time twelve of these civilians have been arrested and handed over to the civil authorities.

Five Killed.  
During the disturbance there were killed, three rioters and two men in the riotous. There were twenty-one wounded, of whom two were officers. There is no foundation for the report that a major who is a V. C., has been either killed or injured.

ONTARIO WILL  
TAKE REFERENDUM  
ON PROHIBITION

Toronto, Ont., March 8.—Hon. T. W. McGarry, provincial treasurer, speaking at a meeting of Ward 9 last evening said that a wide open referendum on the prohibition question will be taken in Ontario, possibly in September next or sooner for the people to determine what measure they want.

New Brunswick Delegates.  
Fredericton, N. B., March 8.—Five delegates will be sent from New Brunswick to represent the Temperance Alliance at the meeting of the dominion prohibition committee at Ottawa on Friday next.

WIDOW BRUTALLY KILLED; BROTHER-IN-LAW IS ACCUSED BY NEIGHBORS  
Boston, March 7.—The body of Mrs. Adele Schowry, a widow, with three children, was found by the police tonight near the door of her home in the south end. It bore eleven knife wounds.

Two women who live in the same block told the police that the woman had been murdered by her brother-in-law, a discharged soldier, after Mrs. Schowry had refused to marry him. Late tonight no arrest had been made.

apparent if any promises were made to the men regarding their departure for Canada and not kept, it would not be easy to maintain discipline.

Dr. Chown referred to a practice in the camp which contributed to the unrest. Men were given leave of absence. All are numbered and are supposed to come in this order to Canada, but when they returned to the camp after their leave of absence, they found that they had forfeited their place in the line.

This was the sort of thing, and the promises which were not kept that troubled the men and made them angry. Dr. Chown pointed out that Canadians are not garrison troops, although they were the fiercest fighters of the Allied armies.

"The men feel that, now that the fighting is over, they have no place in Europe and that they should be home. They are not garrison troops. They are active spirits."

ITALY GIVES HER  
VERSION OF THE  
LAIBACH AFFAIR

New York, March 7.—The Italian bureau of information issued a statement here tonight giving Italy's version of the Laibach affair.

The statement charges that Italy was hampering the work of distributing food to the Czechoslovaks and which were ordered by the League of Nations to be distributed by the peace conference today.

According to the statement, the first trouble arose about the middle of February when civilians and soldiers of the Serbian army stopped a train load of Italian flags from the train, desecrating them and insulting the passengers.

The officer in charge, it was asserted, made a formal protest to the Serbian officer in charge, but no action was taken to punish the offenders.

Shortly thereafter, the statement continues, Italian officers attached to the inter-Allied commission in charge of the distribution at Laibach of food supplies concentrated there by the United States for the relief of war sufferers were "questioned to leave" by the local Slovaks government.

This, it was declared, was another way of saying they were expelled. Thereupon, the statement says, Italy closed her frontier, as by the action of the local Slovaks government, "was unable to act with the other members of Allied commissions in administering their part of the common trust of food relief, and could not assume responsibility for supervising the food sent from Italy."

Italy, it was declared, continued to send food to the Czechoslovaks, although action by the Serbian military commander at Laibach compels Italy to send this food by another and longer indirect route.

MRS. FHELOVE LYMAN.  
After a lingering illness, the death of Mrs. Fhelove Lyman occurred today at the home of her daughter, Mrs. Joseph Taylor, 174 Guilford street, West St. John, in the seventy-eighth year of her age.

She is survived by three daughters, Mrs. Joseph Taylor, Mrs. F. J. Miller and Mrs. William Belyea, and one brother, Charles Sweet, all of West St. John. The many friends of the family extend their deepest sympathies to those left. The funeral will take place from her daughter's residence, 174 Guilford street, on Monday afternoon at 3:30 o'clock.

SAW MUCH OF  
HULLAND WHILE  
PRISONER OF WAR

Pte. Percy W. Ogilvie, Formerly of St. John and Later of Vancouver, Had Unusual Experiences After Capture by Germans

The story of what was probably one of the most extensive trips through Germany, Belgium and Russian Poland as a prisoner of war, was related this morning to a Times reporter by Private Percy W. Ogilvie, son of John Ogilvie, formerly of this city, but now of Vancouver, B. C.

Private Ogilvie enlisted in Vancouver with the 20th Battalion in November, 1914. After spending about six months in training in Canada, he went overseas in May, 1915. The bulk was kept in training in England for a few months and was sent to France in September, 1914. After seven months' service at the front, Private Ogilvie was wounded and taken prisoner at the Battle of St. Mihiel, in June, 1915.

When asked concerning the hardships in Germany, he did not wish to talk about them; apparently he had no desire to recall his experiences as a prisoner of war.

After having spent a considerable time in the hospital in Belgium, he was kept in a hospital in Aachen, where he was kept until sent to a prison camp in Friedrichsfeld.

Shortly after the armistice was signed, he was released by way of Denmark, and was allowed to stay two weeks in Copenhagen.

On Tuesday next he will proceed to Ottawa, where he will get on board the army, and will go to his home in Vancouver, where a kindly and enthusiastic welcome awaits him.

Do not waste time, but if you have the first symptoms of a cold, take a dose of that old and well-tried family remedy, "Mathieu Syrup of Tar and Cod Liver Oil."

It is wonderfully effective. In a matter of your health it is almost criminal to use untried and doubtful remedies. Insist on the "Mathieu Syrup."

ONE BURIAL ENOUGH, IS COURT'S DECISION. Montreal, March 8—Justice Ducloux delivered judgment in the practice division of the superior court yesterday dismissing the petition of Mary Flynn, widow of Arthur Baugh, who sought permission to remove the remains of her husband from the Protestant cemetery at Mount Royal in order to have the body reinterred in the Catholic cemetery of St. Patrick at Quebec.

ALL SOLDIERS AND THEIR FAMILIES SHOULD SEE "THE BETTER OLE". What the Returned Men at Whitty Military Hospital Said.

A Sergeant—A darn good picture. The best I ever saw.

A Corporal—The most realistic version of life at the front that I have ever seen.

A Gunner—Great. The last word in war plays, and I have seen nearly all war pictures produced.

A Private—Seen it twice; want to see it again. This is the picture for anyone who has a relative at the front.

An Officer—Never thought it was possible to reproduce on the screen as you see it at the front. "The Better Ole" has accomplished this.

A Nursing Sister—Wonderful. It will give the public an inside view of the life of our wonderful men. Advise everyone to see it.

A Private—Liked it for many reasons better than any picture I have ever seen. It is not a gloom-dispenser, but a gloom chaser. This is the real dope. No camouflage to this picture. One of the best points is that this picture is British from start to finish. Full of pep. The greatest ever.

The matrons will be popular doubtless at the Unique all next week as practically every returned soldier is advising their fathers, mothers, sisters, and sweethearts to see the picture which reproduces on the screen a realistic view of life at the front without fighting.

HUN ESPIONAGE STILL WORKING

Berlin, March 8—(French Wireless Service)—The Czechoslovak government, in its investigations of the activities of the German vice-consul Schwartz, who was arrested several days ago, has learned that Schwartz was the active worker in Bohemia in a plan to provoke disorders in German Bohemia and Moravia. The German plan, according to advices received from Prague, was to throw troops across the frontier into Bohemia as soon as insurrections planned for Prague, Brno, and Badweis and Hlubava had gained a good start.

German and Austrian spies it is said have been discovered in a great number in Bohemia. The Czechoslovak government announces that it will make public the names of the spies, including Austrian officers who were arrested in Bohemia and Moravia. The German authorities of the government (German Austria) were particularly active in the towns of Reichenberg and Imeritz. The Bohemian government covered a considerable quantity of arms in the town of Trautman, near the German border.

BRITISH DOMINATE THE CASPIAN SEA

London, March 8—Naval forces under British command now dominate the situation in the Caspian Sea, according to official information secured by Reuters.

For some months past there have been British naval forces in the Caspian Sea, they were originally sent to prevent the Bolsheviks from dominating the situation. This naval force seized certain armed steamers which are now manned by Russian crews which marched up by land from Mesopotamia with British force as a nucleus. These steamers are commanded by British naval officers.

The original Russian flotilla in the Caspian, it is added, consisted of two gunboats, two dispatch vessels and three other steamers. These have also just been taken over by the British-Russian naval forces.

LABOR OPPOSES FRONTIER CHANGES INSPIRED BY DESIRE OF CONQUEST. Paris, March 8—The managing committee of the general labor federation has adopted a resolution which condemns any rectification of frontiers which is inspired by desire of conquest and opposes armed intervention in Russia.

Responsibility is declined according to the resolution, for "social events which may occur in case the French delegates at the peace conference systematically disregard popular aspirations and the desire of the laboring classes, which are those of humanity as a whole."

#### THE OPPOSITION PARTY.

There is much curiosity as to the attitude, the other members of the provincial opposition will take toward certain of their number who are under a cloud. Apparently they have decided to brazen it out. Hon. B. Frank Smith sprang in front of the spot-light yesterday with a series of questions, which seem to indicate that so far as he is concerned everybody may go hang. Perhaps the coming reports and the coming opposition convention may effect some changes, but at present the opposition plan appears to be to stand pat and see what happens. It is not a very courageous attitude for men elected to represent the people. The record of the opposition is before the country and the people are watching their representatives with much more than usual keenness and interest. The events of which the story is now being told, and there must be a reckoning. The province has an unsavory political reputation because of the scandals exposed during the last two years, and to go on without any mark of disapproval would be to invite contempt. The government will do its part, but will it be supported by the better element of the opposition in the house? The issue cannot be dodged. Everybody must stand up to be counted.

#### THE BEER QUESTION.

Premier Foster has given the very satisfactory assurance that there will be no increase in the percentage of alcohol in beer until the people have voted on the Temperance Alliance was admirably set before the government at Fredericton yesterday. The delegation assured the government that while they saw no good reason for a referendum, they had never opposed it, and had no fear as to the result. They are the more justified in their confidence by the fact that if a vote is taken the votes of the women will be thrown into the scale. Those who ask for stronger beer virtually ask for the restoration of the saloon. Beer causes drunkenness. The record in England shows that clearly, and indeed we need not go beyond past history of this province for the proof. What we have in prohibition we should hold.

The Alliance also asks the government to take over the distribution and sale of liquor, to restrict the sale of essences used as substitutes, and to make some change in regard to the issue of prescriptions by physicians. They were assured these matters would receive the earnest attention of the government.

The tribute paid by one speaker to Inspector W. D. Wilson was a deserved tribute to a man who devotes himself conscientiously and with keen intelligence to his arduous task.

It must have been gratifying to the government to receive the assurance of the Alliance that their administration of the law has given complete satisfaction, and that the difficulty of suppressing the boot-legal and other violators of the law is fully recognized. The government has kept faith, and the Alliance delegation has recorded its approval. Rev. Thomas Marshall gave special expression to his appreciation of Premier Foster's fairness and good faith. The premier was perfectly frank in his statement yesterday of the government's position, the difficulties of the situation, and the demands presented for its consideration. That is the kind of man a delegation likes to do business with.

#### A statement made by Premier Martin of Saskatchewan yesterday on his return home from Ottawa will give great satisfaction in the maritime provinces.

Referring to the proposal that the western natural resources be given by the federal parliament to the western provinces, he said that while he did not think the claims of Ontario and Quebec for increased subsidies would be recognized, the maritime provinces were in a different position and he thought the Dominion would make a re-arrangement of financial terms with them. This is what the premiers of New Brunswick, Nova Scotia and Prince Edward Island have been pressing upon the attention of the federal government. These provinces have a stake in the western lands and should have some compensation when the lands are transferred to the western group.

#### In an editorial yesterday the Fredericton Gleaner said:—"It is certainly gratifying to feel that after a certain date, and let us hope an early date, we are to have good liquor, and good liquor at a reasonable price."

Is this a modern version of what the governor of North Carolina said to the governor of South Carolina?

#### If Hon. Mr. Baxter's solicitude for the feeling of Acadian members of the legislature, expressed on the opening day, continues throughout the session, we may expect to hear him address the house in the language so dear to them, and which he has mastered in his leisure moments, greatly to his credit.

#### The number of reports already laid on the table in the legislature shows that the government is well ahead with its work for the session.

#### The universal approval of the choice of Hon. J. E. Hetherington as speaker of the legislature is a tribute to a gentleman whose fine qualities commend him to all. He brings unflinching good nature as well as dignity to the position. And he looks the part.

The municipal authorities should take such action in regard to any transfer of property near the Municipal Home as will ensure that the Institution is either protected there or established on another site on terms fair to the municipality.

#### There can be no reasonable excuse for refusing the South End Improvement League the use of the assembly hall of the King Edward school. Last evening a crowd was packed into a North End school building to the extent that those present were warned to be as still as possible lest the place collapse.

#### That was a most deplorable occurrence at a military camp in Wales where Canadian soldiers rioted and several were killed and many wounded. The Canadian people do not like news of that kind after the splendid record made by their sons and brothers at the front. A full enquiry is necessary.

#### When school teachers unite to protest against any use of school buildings by the parents of children attending the school, it can hardly be said that they desire to get into closer touch with the parents in the interests of the children.

#### The people of New Brunswick will do well to follow closely the proceedings at Fredericton during the next six weeks. It is the business of all the people that is being transacted.

#### The Irish gentleman who threatens to wreck the peace conference must dearly love a shindy.

#### Police Court.

Alice Sparks, a domestic, was in the police court yesterday afternoon, charged with stealing some valuable articles from a lady with whom she was employed in Coburg street. Among the most valuable of the articles was a diamond ring. After a diligent search the detectives arrested the accused and found in her possession many of the missing articles. When the ring in question was found missing, the accused was questioned by her mistress as to its whereabouts, but she denied having seen anything of it. The goods were produced in court and consisted of some embroidery work, silver soap box, and some toilet articles, besides other goods totaling (with the exception of the ring) a value of \$40. The ring does not belong to the lady with whom the accused was working but to a sister who is out of town. It is understood that the charge will not be pressed further should the valuable ring be recovered. The case was adjourned until Tuesday afternoon at 2:30.

#### Children's Entertainment.

A very successful missionary entertainment was held last evening at the Central Baptist church under the auspices of the junior mission band of the church. A patriotic missionary march was participated in by about sixty children. Geneva Jenner gave a piano solo. Twenty-five of the little ones gave a Mother Goose exhibition, and then Gladys Dykeman sang a solo. The feature of the evening was a missionary drama, "The Conquering Cross."

#### Presented Medal.

Lieutenant Governor Pugsley presented, yesterday, to Mrs. H. Dickson of Sackville, wife of Baggage Master Dickson, of that place, a military medal won by her son, Private Dickson, who was killed at the front. The presentation was made at Fredericton.

### Notices of Inquiry By Opposition

Fredericton, March 7.—The legislature sat for little more than half an hour this afternoon. Several bills were introduced and several reports laid on the table. The opposition made it clear that they are on the trail of the minister of public works. Hon. B. Frank Smith gave notice of motion for an exhaustive list of enquiries regarding bridge contracts in Carleton county and Mr. Taylor of Charlotte revealed a like curiosity concerning road work performed in the neighborhood of St. George. These questions are up for Tuesday next.

Hon. Mr. Veniot listened attentively and with a smiling mien, which suggested a gracious disposition to give the enquirers all the information they wanted, and then some.

The government party held a caucus during the afternoon.

Next week is expected to start with a bang. The debate on the address will be resumed and quite a number of members will speak. It is also understood that the Friel and McQueen reports will be tabled, and afford material for controversy. The members of the opposition are not too good natured, and the developments of next week may not tend to make them more so. So far as the government is concerned it has its business well in hand and there need be no delay on that score.

The opposition held still more caucuses today and it is said the plan of holding a provincial convention during the session grows in popularity. Hon. J. A. Murray is expected to arrive on Monday.

#### (Official Report)

Fredericton, March 7.—The house met at 3 o'clock. Hon. Mr. Foster reported for the committee appointed to nominate all standing committees, and asked leave to make a further report. The following notices of inquiry were given for Tuesday next:

By Mr. Smith (Carleton)—As to progress of the work on the Florenceville bridge; as to whether the tender of Frank Millerton was \$30,000 less than that of the Concrete Builders Limited, and as to the amount paid on the contract to date; also, as to whether the contract for the Presque Isle month bridge has been let to Concrete Builders Limited and the estimated cost of the same; also as to whether plans have been prepared for a bridge at Hartland and the class of structure decided upon.

By Mr. Taylor—As to the amount expended on permanent roads in the parish of St. George, Charlotte county, and the name of the supervisor and his remuneration.

#### The Registry Act.

Hon. Mr. Foster introduced a bill to amend the registry act relating to the city and county of St. John. He explained that the registrar was asking for a salary increase and that the same

"For three years I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then he told me I must undergo an operation. This I refused to permit. I heard about 'Fruit-a-lives' and the wonderful results it was giving because this medicine is made from fruit juices, so decided to try it.

The first box gave great relief; and I continued the treatment, taking six boxes more. Now my health is excellent—I am free of pain and swelling—and I give 'Fruit-a-lives' my warmest thanks."

### CICCOLINI TESTS THE \$3,000,000 PHONOGRAPH IN PRESENCE OF CHICAGO OPERA STARS

As Alfredo in Traviata, the initial offering of the Chicago Opera Association this season, Ciccolini scored a distinct success. Next day he dropped into a music studio accompanied by his friends, Carolina and Virgilio Lazzari, the famous contralto and basso of the organization. They started playing some of their own Recreations on the New Edison. As the strains of Marechire, the delightful Neapolitan street song soared through the room, the distinguished tenor joined in, as pictured above, singing in unison with his own Recreation.

"Bravo!" shouted Virgilio Lazzari. "A duet. I swear you can't tell the two apart. I'll try to."

He shut his eyes. Gradually Ciccolini sang more softly. Finally he ceased.

"Why don't you stop?" inquired listener a moment later, "so that I can tell the difference?"

Three million dollars was spent in perfecting

Ciccolini and Signorina Lazzari burst into laughter. Lazzari, the great basso, with ears attuned to the subtlest variations of the human voice; even he had been unable to say when it was Ciccolini he heard and when his Recreation.

Edison tone tests in which the artist sang in direct comparison with his own Recreations have been held before audiences totalling more than two million people. More than thirty great stars, both vocalists and instrumentalists, have conducted them; more than five hundred newspaper critics have reported them favorably. You may read their verdicts in the booklet: "What the Critics Say." Out of this vast throng not one person has been found who could distinguish artist from instrument.

Wearing Quality!  
**SHOES THAT WEAR**  
As Well As They Fit.

There is more to a good shoe than its appearance or its fit. And the beauty of these shoes is more than in the lustre and smoothness of the leather, or the true shaping of the last; for these shoes are made of leathers selected to hold their shape in the uppers and give full service to the last step in the soles. The sewing and finishing is given the most careful workmanship—and the price is no more than you would pay for shoes not half so good in make or wear.

**FOR WOMEN**

We carry a wide range of suitable spring shoes in the following high-grade makes—"Dorothy Dodd," "J. & T. Bell," "Winnie Walker" and "W. & R. Specials," at Prices from \$6.00 to \$12.00, in blacks and browns.

**FOR MEN**

Shoes made by the following firms—well known for their wearing quality—"Hart's," "Just Wright," "J. & T. Bell" and "Slater," guarantee you the best in footwear. Prices from \$7.00 to \$12.00, in blacks and brown.

**PLANS FOR SEA WALL**  
The idea of building a sea wall near the "black rocks" at the foot of Sydney street, at Barracks Point, is not a dead issue by any means. The proposal was made recently in the annual report of the road engineer, G. N. Hatfield, who advised it as a step toward the systematic development of the harbor works. The commissioner of public works, G. Fred Fisher, is also giving consideration to the scheme and he has discussed it with Commissioner T. H. Bullock, of the harbor and ferry department, to see if the two departments couldn't co-operate in the work. It would be a big financial undertaking but at the same time it would be a valuable reclamation of land. The value of the work done is already shown for it is understood at city hall that a company is to make application to the city within a short time for the leasing of the reclaimed area. Commissioner Fisher is providing no new dumping grounds for next year. He believes Victoria square and the place at the Barracks Point will be sufficient for this year. The Crown street site, which was a dumping ground for many years, has now been well built for traffic from Leinster to Queen street and it is possible that this year the road will be fixed up to carry traffic as far as Mecklenburg street. It is not intended, however, to continue the street beyond St. James street. Mrs. R. T. Mosely, wife of the manager of the Royal Bank of Canada at Rexton, is in the city, guest of Doctor and Mrs. Mahoney.

**Lemons for Complexion**  
Juice of two lemons made into creamy lotion can be used to bleach, whiten and soften the skin. Make a quarter pint cheaply!

The beauty lotion which is becoming so popular throughout the country is easily prepared by anyone, and a whole quarter pint of it doesn't cost any more than a small jar of the common, ordinary cold cream. Add the juice of two fresh lemons to three ounces of orchard white and shake well in a bottle. Strain the lemon juice two or three times through a fine cloth so no pulp gets into the lotion, then it will keep fresh for months. Regardless of what price you pay or how highly advertised, there is nothing else really so satisfactory in beautifying, softening and clearing the skin. As a tan and blemish remover, also to remove oiliness, freckles and sallowness, lemon juice has no rival. Massage it into the face, neck, and arms once or twice each day, and see if it doesn't bring out the roses and hidden beauty! Lemons have always been used to bleach the skin, but pure lemon juice is too highly acid, therefore irritating. Try it! This sweetly fragrant lotion will speak for itself. Any drug store or toilet counter will supply the three ounces of orchard white at very little cost, and the grocer will supply the lemons.

**S. E. Elkin, M. P., on Peace Problems**

War's Legacy of Four Big Questions Discussed Before Women's Canadian Club - Review of Club's War Work

The Women's Canadian Club reviewed its tremendous war activities and listened with the keenest pleasure and interest to a masterly address from Stanley E. Elkin, M.P., at its meeting held in the Germain street Baptist Institute last evening. In clear and concise statements Mr. Elkin reviewed industrial conditions before the war and after in Europe, Canada and the United States. He referred to the work before the Peace Conference, showed the danger which faces Canadian industry because of President Wilson's attitude to Canadian credit in Europe. He said no chance of great immigration into Canada or of a big industrial boom, and warned his hearers of the danger of a disaffection amongst the returned men by sentimentality. Germany's methods of technically training her industrial men, he said, must be followed in Canada.

In concluding he laid before his audience the four big problems to be dealt with, namely, that of the deflating currency; of the government control which would deaden individual enterprise; tendency to distribute raw material not according to price but according to political ends, and therefore cause international jealousy and kill the League of Nations; and lastly, the danger of labor unrest and of harboring hopes of a new heaven and new earth. Mr. G. A. Kuhring, the president, was in the chair and was supported by the honorary president, Mrs. E. Atherton Smith, and the president, Mrs. George F. Smith, seconded by Mrs. John A. McAvity and endorsed by Mrs. Atherton Smith.

**Club's Work During War.**  
The secretary, Miss Ethel Jarvis, presented her report of the club's war activities in a most amazing list which included the following items: Formation of the Soldiers' Club since handed to the military W. M. C. A.; the equipping of the Parks Convalescent Home for Soldiers; the organization of the corps of workers now become the V. A. D's; the donation of Christmas stockings since undertaken by the Red Cross; the introduction of manual training since taken over by the government; the entertaining of sailors and soldiers by the Navy League; assisting with the Returned Soldiers' Welcome Committee; corresponding with wounded New Brunswick soldiers; contributing \$2,000 to the prisoners of war fund since taken up by the Red Cross; providing Christmas cheer for soldiers at the camp at home and overseas; the equipping of a diet kitchen in the military hospital since taken over by the Red Cross; the collection of money for various patriotic causes; the holding of a toy exhibit to encourage the manufacture of toys by soldiers and sailors; the holding of a war token exhibition; providing refreshments for the arriving and departing troops in conjunction with the citizens' welcome committee; the bringing to the city of many distinguished speakers; providing the band instruments for the 140th battalion and gramophones for the Great War Veterans; providing wreaths for funerals; the making of kit bags and socks; sending postcard scrap albums to soldiers overseas; assisting at patriotic fairs and receptions and holding a recruiting meeting; and carrying out an Empire Day programme. Miss Jarvis closed her excellent report by saying that the club had now over 900 members and that "forward" was still its watchword, while much remained to do and little had been done.

Miss C. O. McGivern gave a remarkably accurate and full report which showed that the total money raised for war purposes by the club had amounted to \$17,184.83. Mrs. Beattie reported for the sphagnum moss work now being done by the club and Mrs. Melrose spoke of the Thrift Stamp campaign. Many members started Thrift savings, and it was decided to form a war savings society in the club. Mrs. Kuhring, before introducing the speaker of the evening spoke of the future activities of the club as being more chiefly inspirational and educational and said that at the parting of the ways from war activities the club would be still ever hopeful and animated by a spirit of goodwill.

**RECENT DEATHS**

Mrs. Fannie Kinney passed away at the home of her son, Counselor Stephen Kinney in Mineral, N. M., recently at the advanced age of 101 years. She was born in Wicklow in the county of Carleton, on September 18, 1818. She had twelve children, 116 grandchildren, 123 great grandchildren and twelve great-great-grandchildren. Ten sons and daughters are still living.  
The death of Donald Ross Baird took place at the home of his parents, Woodstock, N. B., on March 8, after a few days illness from pneumonia. He was seven years old and was the second son of Rev. Frank Baird.  
The death of W. Allen Schofield took place at his home in Collins, on March 6, at the age of seventy-two years. He survived by his wife, one daughter and one brother.  
After a lingering illness, Mrs. Albert Elliot passed away on Sunday morning at the home of her son, Rev. G. H. Elliot, St. Andrews, N. B. Besides her husband, she leaves two sons and one daughter.  
The residents of Kars, N. B., were shocked to learn of the death of Caleb Jones, one of their oldest residents. He had lived a man 820 or a sentence of one year in jail because he was ordered to report for duty to the local military authorities on Jan. 16, 1918, and failed to do so. It is understood that he would have received notice to report, it is said, the young man left the country and went to Newfoundland beyond the authority of the militia department. Some time ago he was seen about the streets by dominion police officers. He had believed that now the war was over the matter would be forgotten. He was taken into custody on Feb. 19 by Fred Lucas, who brought him before the magistrate last night.  
AMENDMENTS TO THE PROTECTION ACT  
A draft of the proposed amendments to the present Children's Protection Act was completed last night by the committee appointed for the purpose, namely J. King Kelly, A. M. Melding, A. R. Crookshank and Rev. George Scott. It is understood that the main changes in the act will be those making contributors to juvenile delinquency as liable for correction as the offender himself; the establishment of a juvenile court with properly qualified judge and probation officer, and other matters which were threshed out at the meeting held in the Y. M. C. A. parlors ten days ago.

ADDRESSED EPWORTH LEAGUE. The senior Epworth League of Portland Methodist church met last evening in the Y. M. C. A. hall. John Howe, vice-president, presided. Rev. F. H. Wentworth gave an interesting address on citizenship. A vote of thanks, moved by H. Maxwell, seconded by Mrs. John Howe, was tendered Mr. Wentworth. Mrs. John Howe gave a reading.

PASSENGERS ON MELTA. Among the passengers who went out on the C. P. O. S. liner Melta, which sailed for Liverpool early this morning, was F. W. Sumner, agent-general of New Brunswick, Maritime Lodge and Thomas Williams of Moncton. They will attend the adjourned meeting of the N. B. Gas & Oil Fields, Limited, in Edinburgh, Scotland, August 1st. Summer expects to remain in England for about two months.

GAME POSTPONED. The High School boys and girls, too, were on the qui vive this forenoon in anticipation of a spirited basketball match between their champions and the Fredericton Normal School. They were doomed to disappointment, however, as the game was cancelled owing to difficulties at the Fredericton end of the argument, sickness of one of the principal players. The game was to have been played in the Y. M. C. A. and the girls were preparing for a regular "college rush."

FOR THE OLD LADIES. Members of the Lend-A-Hand Circle of the King's Daughters gave a very enjoyable concert to the guests of the Old Ladies' Home on Thursday evening. The programme included the following: Vocal solos by Mrs. Colby Smith, Mrs. Murray Long, Mrs. Geo. Amland, Miss Bessie McKay and Miss Gertrude Heales; readings by Miss Verta Roberts and Miss Ethel McGinnis; piano duet by Mrs. John B. Jones and Miss Alicia Heales, and vocal duet by Mrs. McGinnis and Miss Brown. The evening's entertainment was closed by the serving of delicious refreshments were served by the ladies of the circle.

WILLIAM DONOVAN. Word was received yesterday by friends in this city of the death of William Donovan, which occurred very suddenly in Boston on March 2. The sad news was a great shock to his many friends. He formerly belonged to Peterborough, Queens Co., N. B. He leaves five sisters and four brothers: Mrs. Thomas Breen and James Donovan of St. John, John of Bangor, George of New York, Mrs. Fred Jenney and Miss Alice of Winthrop, Mass. Mrs. Henry of New Jersey, Daniel of Virginia, and Mrs. John Mooney of Gasperau. The sincere sympathy of their friends goes out to them in their sad loss, particularly as only a few months ago they were bereft of a sister.

LAW SUIT OF INTEREST HERE. Three libels have been filed in New York against the plant line Aqueduct of the Canard line by the owners of the freight steamer Lord Dufferin, rammed and sunk in New York harbor on Feb. 28th, amounting to over \$1,650,000, a million of which concerns the vessel and the remaining \$650,000 on the cargo. One of the libels is filed at the instance of the Atlantic Sugar Refining Co. of Delaware, the corporation owning the refinery in this city. The Canard company is worth a million and covering the loss of a large amount of raw sugar destined for St. John. It is stated that the refinery will be considerably delayed and get back in its operations through this loss of material. The Canard company is claiming that their ship was in the employ of the British government engaged in war work and is entitled to furnish bonds to secure the release of the craft. However the judge in the case has indicated that the boat's sailings will not be interfered with.

PREPARING WELCOME FOR SOLDIER SON

Charles H. Thomas of 89 Carlton street, has his home gaily decorated in honor of the home-coming of his son, Pte. H. J. Thomas, who is expected to arrive in Halifax today on a trans-Atlantic liner and who is due to reach the city tomorrow. Private Thomas joined the 42nd King's Battalion in Boston and went overseas about two years ago. He participated in many of the big battles until the signing of the armistice, but fortunately escaped injury. Pte. John A. Tennant, a grandson of Mr. Thomas, is also expected to arrive on the same steamer. He is a grandson of John Tennant of Fredericton, and is well known both in this city and the capital. Mr. Thomas had three grandsons in the war in addition to his own son. One of the former, Pte. George McLaren, was killed in action. One of the flags that have been placed on the house is there in memory of this brave youth, who made the supreme sacrifice for his King and country.

CASH AND CARRY CHAIN OF STORES IS PLANNED

A chain or neighborhood distribution of cash-and-carry groceries under a central management and ownership is the newest step in the business life of St. John. While the promoters of the scheme are not yet ready to make definite announcements, it is expected the idea will be pretty fully materialized by May 1. Stores in the Elliott row-King street east section, in Fairville, Marsh Road district, lower Main street, North End; South End and in Carleton and possibly elsewhere are to be instituted. It is stated, with a special system of merchandizing and new ideas in managing. The trade is naturally rather alert to the situation and householders too are interested, especially to find out how much the new plan is going to reduce the "nightmare" and "daisy" nature too—familiarly known even by its initials—H. C. L.

MILITARY NOTES.

The following officers have been struck off the strength of M. D. No. 7: Major G. S. Kinnear, Lieutenants W. R. Currie, R. J. Maxwell, E. C. Vincent and A. M. Cameron. The following officers are appointed to the reserve of officers are as follows: Captain A. J. McIntyre, Lieutenants W. L. Bouché, W. C. Ewing and D. Biskney. Lt.-Col. W. J. Osborne, formerly officer commanding district depot No. 7, at Fredericton, has been appointed Lt.-Col. on the retired list. Major K. S. McCrimmon went to Fredericton last evening and is expected to return today.

THE OTHER SIDE OF THAT STORY

School Buildings Used to Offset the Influence of Saloons and Cheap Dance Halls in Great Cities

The superintendent of schools in St. John told the school board recently, when a delegation sought the use of the unused assembly hall of the King Edward school once or twice a month for meetings of an educational character, and making for better citizenship, that in the United States the experiment of using school buildings for community work had proved entirely satisfactory. The following extract from a Cleveland newspaper tells the other side of the story: "Smokers, parties, dances and movie shows in public school buildings, as proposed at the National Educational Association at the National Educational Association at Chicago Friday, was heartily endorsed by Acting Superintendent Jones, who has just returned from a Cleveland conference. Mrs. Virginia D. Green, too, member of the School Board, also approved it. "It's a plan I have advocated for years," said Mrs. Green.

Harold O. Berg, assistant superintendent of schools at Milwaukee, suggested the plan for amusements in the school. He said it was required to take the place of saloons and supplant cheap public dance halls. "Mr. Berg said one-cent movies had been successful in providing after-school entertainment at Milwaukee. The chief superintendent of education for New Brunswick, the premier of the province and leading public men expressed great surprise at any attempt to restrict the legitimate use of school buildings for the advancement of the public welfare.

PLANS ON WHICH SANITARIUM WILL BE TAKEN OVER

The bill introduced in the legislature to confirm an agreement in regard to the Jordan Memorial Sanitarium provides that the federal department of soldiers' civil re-establishment take over the property as from October, 1918, for a period of five years, with option of renewal. All additions and alterations necessary are to be made by the department, and to become the property of the provincial commission at the expiration of the term, any such work to be done under the direction of the commission.

The department is to provide accommodation for thirty civilian patients to be cared for at a cost to the province not to exceed \$15 per week. The province may at its own expense make provision for ten more civilian patients, to be cared for on the same terms as the others. The provincial commission on its part undertakes to make the road from River Glade station to motor vehicles. The federal department will do same as the pay for, at cost price, all perishable food stuffs and coal on hand Oct. 1, 1918, and the commission will do same as the end of the term. The like is to be done in regard to live stock, implements, etc. Certain work already jointly undertaken is to be completed, but not at a cost to the province of more than \$25,000. The name, Jordan Memorial Sanitarium, is to be retained. The federal department is to be responsible for any taxes and for insurance, but not for erecting any building that might be destroyed by fire. The department is to operate the farm, but not do so on a larger scale than heretofore prevailed. The building of a laundry and ice-house, and running of pipes and power-house is to be done by the commission at the expense of the department.

FINE ALLOWED TO STAND. Harold Robinson was in the police court this morning charged with driving his car over the crossings at Haymarket Square at 11:05 Thursday morning at a higher rate of speed than that provided by highway rules. Police Constable McLessee reported the incident as a result of some complaints to him on account of the lives of those crossing the streets being endangered. Mr. Robinson pleaded guilty to the charge but offered an explanation to the court to the effect that he was getting a running start for the Waterloo street hill, having lost one of his chains previously; without the running start the machine would not have been able to make the hill. Judge Ritchie said that the crossing at Haymarket square was one of five places in the city where drivers of all kinds of vehicles should be exceedingly careful. A fine was imposed upon Mr. Robinson, but was allowed to stand, as this was his first offence.

VITAL STATISTICS. There were no deaths from influenza this week. Pneumonia claimed two people, while heart disease seemed to be the most prevalent of all, claiming three people during the week. The total number of deaths during the week was twenty. The causes are as follows: Heart disease, three; pneumonia, two; inanition, two; cerebral hemorrhage two; convulsions, bronchitis, endocarditis, peritonitis, meningitis, septicaemia, premature birth, broncho pneumonia, congestion of the lungs, arterio sclerosis and internal obstruction, one each. The number this week is nine less than last week. Thirteen births were reported to the registrar during the week, four boys and nine girls. Four marriages were recorded.

CANADA'S LYONS EXHIBIT ATTRACTS GREAT ATTENTION. Paris, March 7.—(Special cable from Leon Trepanier)—The interest which Canada is attracting at the Lyons Fair is shown by the action of the fair authorities who requested that Canada hold special gatherings for the school children in order to instruct and interest them in Canada generally. Two such gatherings are to be held daily during the remainder of the exhibition.

## GAME COUNTRY IN COMPETITION WITH WAR ZONE

### New Brunswick Must Hustle To Hold the Tourists

#### ADVERTISING THAT PAYS

### Harry Allen, Famous Guide, Tells of Missionary Work Across the Border That Lures Monied Sportsmen to Our Forests and Streams

Guide Harry Allen, whose name is synonymous with lording moose, fighting salmon and the gamiest of trout, is back from another of his triumphant tours of American cities, where in his plain guidesman way he regaled dress-suited club men and audiences of open-air enthusiasts with tales about our own New Brunswick and its boundless opportunities for invigorating sport.

"Look here," said the husky Harry to a Times man, "I've—meaning New Brunswick—'don't get more motion pictures of our hunting grounds and our big game into the American centres we will lose a lot of the wealthy tourist business, which is sure to go to Europe as soon as the steamship people are in a position to start their 'battlegrounds' tours."

To bring the natural game resources of New Brunswick into direct competition with the scenes of the European war zone is a queer suggestion, but on reflection it must be said the redoubtable Harry is as keen on human nature as he is on the instincts of the lower animals.

For a number of years past Guide Allen, who has been going to the American centres in a missionary effort on behalf of tourist sportsmen traffic and to bring this province and its unequalled game areas into the limelight. As a result, millions and millions of people have seen the first of the good fishing period.

St. John people already have seen motion pictures of Guide Allen and groups of notable fishing sportsmen, tramping after moose and after writers, lawyers, judges and prominent people have gone back to the homes and the faces of New Brunswick has spread like wildfire. "Harry" by audience in the eastern states.

At the recent dinner of the Canadian Camp, held in New York, Guide Allen showed again his movies of salmon fishing in which a party of Saturday evening Post writers participated, and some thirty moose on Cain's River and a logging scene. They were received with unbounded enthusiasm although the same film was familiar to many present.

"These people, in fact everybody that I came across were delighted with our pictures and some of the more practical minds suggested we get more and still more of them for future exhibition," said Guide Allen. "I am happy to say that on the job this summer and Donald Fraser, the lumberman, is going to make all the arrangements for pictures of salmon fishing on the Tobique. In fact the party who are to come will be his guests in a sense."

### A Government Camera?

It is thought that sufficient evidence of the value of motion pictures in advertising the game resources of this province has been adduced to prompt the local government to buy a movie camera. Such a matter is under consideration at the present time. A camera would make it possible to picture the advantages of New Brunswick in other directions and news-weekly moving picture firms would be glad of the opportunity to include these scenes in their world-wide circuits.

"We had a great time at the Canadian Camp dinner in New York," said the booster guide, "and little old New Brunswick registered another hit. The menu included tommy cod, skate wings and young New Brunswick moose meat and these sportsmen eat all the dishes of their various hunting grounds, even the reindeer of the frozen Canadian north. Stefansson, the explorer, was there and his contribution to the spread was the reindeer meat. He told that when in the north he saw a herd of these deer four miles wide which took three days to pass his camp, roughly about three million animals. The Arctic explorer also related how an enterprising spirit took a lot of the deer meat to New York to sell at twenty-five cents per pound, but it did not 'catch on' and spoiled. He brought another shipment to the metropolis and sold it at a quarter dollar higher than beef and he couldn't supply the demand."

Among the Canadian speakers at this camp dinner were Col. Harry Melcor of Fredericton, whose address was entitled "The Big Woods," and H. H. Charlton of the Grand Trunk Railway; Lieut. L. T. Sugden of the C. P. R., and others.

The gathering was a most notable one of newspaper men, professional persons and others of national epistle belonging to New York and surrounding cities.

### Wildly Enthusiastic.

Before starting for home Guide Allen addressed a big gathering in Cleveland, Ohio, the guest of Morris Ackerman, the famous sporting expert and writer, who was with Mr. Allen in the Cain's River district, York county, last season. The explanation of the pictures shown was made in the Winton Hotel to 1,200 wildly enthusiastic sportsmen. Every once in a while as the spirited pictures sent a tingle through some advent hunter there would be a shout "Good boy, Harry! That's the stuff," etc.

In Syracuse Guide Allen appeared before the big Rotary Club and in Patterson, N. J., he lectured in School No. 21

## A BLIGHTED ROMANCE

A strange case of romance mingled with tragedy was brought a few days ago to the attention of patriotic women workers who attend the arrival of returned soldiers at West St. John and care for the soldiers' dependents.

In receiving and conversing with the many English brides who have cast in their lot with Canadian lads and who have come to this country to settle with their soldier husbands, their notice was attracted to a particularly distinguished looking young lady, cultured and of fine attainments. On inquiry they learned that this English girl of splendid family had become acquainted with a New Brunswick Indian in the ranks of the army. He presented himself to her as being chief of a great tribe and wielding immense influence over a vast territory. The possibility of being queen of such a realm no doubt appealed to her romantic nature after her quiet life among the peaceful pastoral surroundings of the English country village, and the two were wed.

It took but few minutes for the women to realize that the pretty bride had been victimized as much by her own false conceptions perhaps as by misrepresentations, but at the same time they approached with reluctance the task of disillusioning her.

Finally the young bride consented that she would travel with the two local women to a place not many miles from St. John, where the Indian had made his home. There her romantic vision received a rude jolt. Instead of the encampment she had been told of, she found a few huts and her husband's relatives living in squalor without relieving her of her own false conceptions.

The next train back to St. John brought the bride of a few weeks and her two guardians. After but a few minutes' visit to what she expected would be her home, she gave up dreams of future glory and returned to her Indian husband. The next boat took her back to England to rejoin her family.

**TWICE WIDOWED, GETS PENSION SECOND TIME**

Precedents Broken in Unique Case of Mrs. Florence Leach

(Toronto Star.)  
To have lost two soldier husbands through death is the strange experience of Mrs. Florence Leach, 801 Shaw street, city, for whom a second widow's pension has just been arranged. Word was received in the city from Ottawa Saturday that, through the efforts of the G. W. V. A., a full widow's pension, with allowance for her one child, had been granted by the Dominion Pension Board. The matter has been under adjustment since October of last year.

Incidentally her case creates a situation with regard to the final granting of the pension, for which there is no precedent in the Dominion. It is the first time that the Canadian government has ever granted a pension to a soldier's widow after she had re-married. It is also the first time a pension has been awarded to the widow of a soldier who married her husband after he had incurred the disabilities for which he himself was entitled to a pension for the term of his life.

**First Husband Killed.**

In September, 1914, Mrs. Leach then Miss Florence Barnes, was married to Pte. Harold Goodall, of Blinker street, city, who came from Valcartier for the ceremony. Pte. Goodall was a member of the famous 8th Battalion, and left Canada in October, 1914, with that unit, which formed a part of the first contingent. On the 23rd of April, 1915, at the immortal engagement of St. Julien, he was killed in action. In the due course of time his widow and little child were awarded a pension.

Mrs. Leach would probably have remained a widow for the rest of her days had she not met at Muskoka, in 1916, Pte. Alfred E. Leach, formerly of the 23rd Battery, who had returned from the war, classed in the language of his discharge certificate as a "total disability." He had been wounded in France, having his leg broken by a shell, and had contracted tubercular trouble during his service. Leach was a fine young man and had been one of the brightest of soldiers. A close friendship sprang up between Mrs. Goodall and the disabled soldier, during the former's visit to Muskoka and on the second of October they were married. It was a case of a young and cheerful woman determined to make life happy for one of the boys who had given of his very best in the defence of his country.

**Proof of Good Faith.**

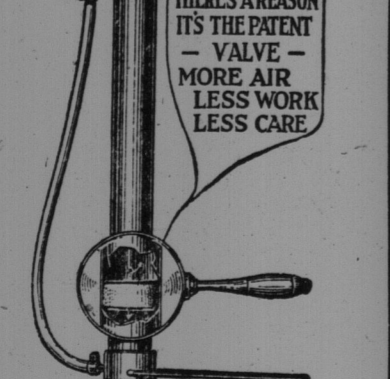

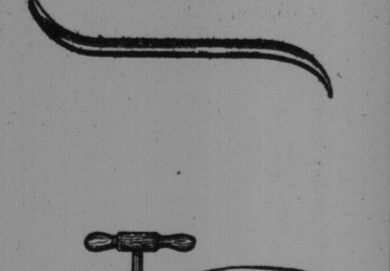

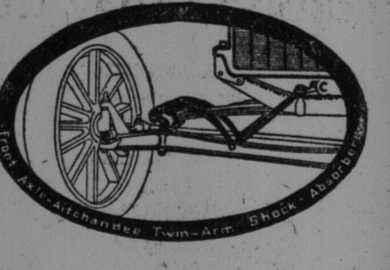

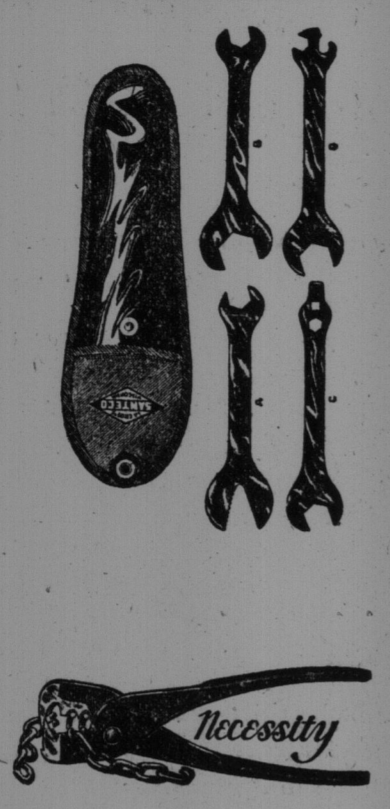

In October of last year Pte. Leach died. For two reasons Mrs. Leach was left without a pension. The pensions due her owing to the death of her first husband were cancelled immediately upon re-marriage. Under the pension regulations, too, no woman who married a disabled soldier, after he had incurred his disability, is entitled to a pension after his death. But in this instance, after her case had been taken up by the G. W. V. A., the government was disposed to make an exception. The fact that to marry Pte. Leach Mrs. Goodall gave up her pension was sufficient, it was argued in her behalf, to show that she had no intention of annexing the pension of her second husband. For this reason the pension has been granted, and Mrs. Leach will be in receipt of approximately \$800 a year for the support of herself and her two-year old son.

**BRITAIN'S COAL**

Great Britain owes its position in the world of commerce and industry today to coal more than anything else. Not only do the coal mines employ more than a million men, but they provide for the cotton, woollen, iron, shipbuilding, and many other noted industries, without which England would soon be poor. It is a fact that Great Britain produces a fourth of all the coal used in the world. The total output of coal in 1916 was about 255,850,000 tons. Unmined coal reserve figures of Great Britain are estimated at 209,000,000,000 tons, of which 12,000,000,000 is anthracite. Coal is money to Great Britain, for it pays, in place of money, for thousands of commodities which are imported into that country, and which no amount of reconstruction could enable the English to produce within their own borders. At the estimate of unmined coal above, and the present rate of consumption, it will last for many centuries to come.

### Jury Suggests Removal of Teacher and Inquiry Into Punishment Methods

#### Finds Death of Harold Higgins Due to Cerebro-Spinal Meningitis But Too Much Punishment Administered in This School

Immediate removal of Miss Spencer as a member of the teaching staff of the Alexandra school and the appointment of a commission to investigate the administration of corporal punishment in this school were recommended by the jury in the Higgins inquest last night, although a verdict of death due to cerebro spinal meningitis was brought in.

The assembly hall of the Alexandra school was crowded to its utmost capacity and large numbers of people were not able to gain entrance to hear the final session of the inquest. This inquest has caused more public interest among the citizens of the North End than was at first anticipated, and there have been large crowds of teachers and parents at all the sessions. The crowd was so large last night that Dr. Kenney warned them to remain as still as possible as there were no elders under the assembly hall and there was danger of its collapsing. J. Starr Tait and J. M. Trueman appeared on behalf of James Higgins, while J. H. A. L. Fairweather and H. A. Powell appeared in the interests of Miss Spencer.

The following verdict was brought in by the jury last evening:

"We find that Harold Higgins came to his death on February 18, 1919, at his father's residence, from cerebro spinal meningitis. It is the opinion of the jury that too much corporal punishment is administered in this school and we recommend the immediate removal of the teacher, Miss Spencer."

"And we further recommend that a commission be appointed to investigate the administration of corporal punishment in this school."

The jury were: Fred McMillin, foreman, E. Robinson, G. Reynolds, W. Wetmore, R. Dykeman, Blake Ferris and W. Turner.

The first witness last evening was Mrs. Gertrude Belyea, who resides at 39 Kennedy street. Mrs. Belyea said that as she was passing the Higgins house on Monday evening at about 7 o'clock, when she was called by Harold's sister to see the baby. While she was in the house she saw Harold lying down and went over to him and asked him if he was sick. In reply he just twisted his shoulders. She then asked him if he had been fighting, but he said not. Mrs. Belyea said that she then touched him on the shoulders, and he flinched. She then touched him on the head, and he told her, "Don't do that, it hurts." The witness stated that she noticed the back of his left hand and his wrist, which were both swollen. There was also a small three-cornered red mark over his right eye. When asked what was the trouble, he told Mrs. Belyea that he "had got a darned hard licking from his teacher."

When questioned by Mr. Tait the witness said that the back of Harold's left hand and his wrist was swollen, puffed and red.

Gordon Everett, who testified at the first session on a recent Thursday night, was recalled to stand owing to the fact that he had stated that Harold Higgins had been punished twice on Monday afternoon by Miss Spencer. When questioned by Dr. Kenney the witness said that Harold was first punished with nine or ten slaps on the arms, at about 1:25 o'clock, shortly before the bell rang. She second punishment was given after the spelling lesson, about ten minutes after 2 o'clock, and this time he only received three or four slaps on the hands.

When questioned by Mr. Trueman the witness said that he was correcting his arithmetic questions the first time Harold was slapped.

When asked by Mr. Tait if all the pupils were present the first time that Harold was slapped, the witness replied that he couldn't remember.

When asked by Mr. Fairweather as to the cause of the punishments, the witness said that the first punishment was because Harold had been absent from school in the morning and had come back in the afternoon without his books, while the second punishment was because he had too many mistakes in his spelling.

When asked by Juror Robinson if he had seen Miss McClelland in the hall, the witness said that he had not, and also that he couldn't see the sink from where he sat.

Dr. Bridges on Stand.

Dr. H. S. Bridges, superintendent of city schools, was the next witness. Dr. Bridges said that his duties consisted of making reports to the board, recommending teachers, investigating school buildings, and visiting the schools, which he did daily.

When asked if he was familiar with the portion of the school act dealing with corporal punishment, he said that he was, quoting it that "a teacher should practice such discipline as such as a kind, wise and judicious parent would practice in his own family."

When asked by Dr. Kenney if, considering the pupils' evidence concerning the punishment, he thought it such as the act called for, Dr. Bridges replied that it would depend on the circumstances. An older teacher might have adopted a different method, but a younger teacher in such a case where the boy had been playing truant so often, might have done as this teacher did. Dr. Bridges also ad-

ed that there might be some misconception about the compulsory law. This law required the pupil to be present every day of the week, and every hour of the day, and if he was not present he was really violating the law, unless he was kept home on account of illness or sickness in the family.

When asked by the coroner if he was a believer in corporal punishment, Dr. Bridges replied by telling Dr. Kenney that the coroner had been in his class for five years and had never been slapped. Dr. Bridges went on to say that he did not have the faith in corporal punishment that he had during the first two

in Miss Spencer's room for the last month he said that it was \$2.60, which was very good.

Dr. Clark, the physician who attended Harold Higgins, was then recalled to the stand by request of Mr. Tait. Mr. Tait asked about certain authorities on the disease of cerebro spinal meningitis and also about the thymus gland. Dr. Clark said that this gland was one of the least known in the human body but there were several signs whereby the enlarged thymus might be diagnosed. A pathologist was able to tell as he examined the gland after death. There was a certain average size of the thymus for different ages, and an enlarged thymus might be found by weighing. Dr. Clark went on to say that an enlarged thymus had been known to cause death in special cases; depression of the body is one, and it had also been known to cause death under an anesthetic. The witness said that cerebro spinal meningitis was an acute infectious disease caused by a germ.

When questioned by Dr. Kenney as to Dr. Osler, the witness replied that he was an authority on the disease, and that the treatment for it was quietness, rest, freedom from excitement, placing of ice on the head and the administration of anti-meningitis serum. He also said that he had known patients to die from five to twenty-four hours after infection.

In reply to H. A. Powell the witness recalled that the real cause of death was disclosed by the post-mortem.

Several of the jury were in favor of Miss Spencer appearing on the stand, but she did not wish to give any evidence, consequently she was not called.

This concluded the evidence.

Coroner's Review.

Dr. Kenney then proceeded to review the evidence. He pointed out that Harold Higgins was twelve and a half years old, while the fellow pupils were mostly ten and eleven. He had also been before Magistrate Ritchie on Saturday for truancy, and had been held at school Monday morning, but he did not go until the afternoon. After being punished Monday afternoon he went down to the Indian town ferry, later he went home, and in the evening he complained of pains in his shoulders, and headache. He died the following day.

Dr. Abraham, the provincial pathologist, found on post-mortem examination death to be due to cerebro spinal meningitis. According to the evidence of the children, three-quarters say that he was only slapped three or four times on each hand, while one says he was slapped on the shoulders, and another says that he was punished twice. Dr. Kenney finished by pointing out that they were at liberty to make recommendations regarding corporal punishment in the schools.

The jury then retired and brought in the following verdict:

Then is when Tire Chains prove their Real value—they add so much to your brake power. Without them brakes would be useless.

It's these unexpected emergencies that make a driver think quick and act like lightning. When suddenly the children dash out from the pavement and are almost under your wheels before you realize it—you instinctively jam down your foot-brake and frantically grab the emergency.

What if your brakes slipped and didn't hold? Wouldn't the consequences be awful? It's positively criminal for a driver of a motor car to overlook even the slightest safety precaution. Unquestionably the most effective supplementary addition to brake power when the roads and pavements are wet and slippery, is in the use of

**WEED TIRE CHAINS**

Cars with chainless tires on wet-greasy-slippery pavements lack brake power to the same degree as they would if their brake linings were made of wet-greasy-slippery bands of rubber.

Wet rubber slips—never grips. It slides like a cake of soap on moistened hands. It lacks the bite and hang-on ability of chains. Good brakes and Weed Tire Chains are undoubtedly the greatest factor in preventing motor accidents.

It's the height of folly to even attempt to drive without chains on all four tires when the roads are slippery and uncertain.

**SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"**

Spend a Few Cents! Dandruff Disappears and Hair Stops Coming Out

Try This Hair Gets Beautiful, Wavy and Thick in Few Moments

If you care for heavy hair, that glimmers with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flake, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and long life to it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually why not now?

Mr. Lobb left a family of seven to do his bit and is extended a hearty welcome on his return.

**CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED**

Look, Mother! See if Tongue is Coated, Breath Hot or Stomach Sour.

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping. When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When the little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given. Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Company."

**CAPT. TURNER WINS HONORS**

The following is copied from an Old Country paper: "Captain (A. Major) G. R. Turner, M. C., D. C. M., 1st Battalion Canadian Engineers: For conspicuous gallantry and devotion to duty during the attack on the Drocourt-Quant trench system on Sept. 2, 1918. He followed the infantry advance with his company, and under heavy fire made roads passable for lorry traffic until the advance was held up, and there were no infantry in front of him. He then placed his company in the trenches to repel any enemy counter attack. Next day, under heavy fire, he reconnoitered the road to be repaired, and pushed forward the work as the infantry advanced. His courage and initiative prevented any delay in the traffic." Major Turner left New Brunswick with the first contingent as a private, but won well merited promotion owing to services rendered on the field of battle. He not only won the Military Medal, but has added a bar to it as well. He is a son of Mrs. A. K. Turner, of Aroostook Junction, Victoria county. His wife is living in this city with her mother, Mrs. L. B. Osborne, 16 Sydney street. Captain Turner was formerly a school teacher.

**Will U.S. Senate Defeat the League of Nations?**

So violent and sweeping is the criticism of President Wilson's League of Nations program that has flared up in the United States Senate that some editorial observers are asking whether it is possible that this covenant against war will be wrecked at last by the nation that has been regarded as its special sponsor.

The Evening Sun, New York, dismisses it as a "project of transcendental fatuity." As Senator Borah sees it "this is the first step in internationalism and in the sterilizing of nationalism," while to join the League insists Senator Reed, would be to "surrender by the pen what Washington gained by the sword." On the other hand "we want a League of Nations to prevent war, and we ought to be able to get it," thinks the Minneapolis Tribune, and the Philadelphia Public Ledger accuses some of our Senators of flaunting "scarecrows" to frighten America away from the league and declares that "to cast coal-oil on the flames of smoldering Europe just now is neither senatorial or sane."

THAT'S the result of the shave you get with an AutoStrop Razor. Its clean, sure stroke, adjustable for light or close shaving, removes the beard quickly and thoroughly, leaving the face soft and smooth.

Such comfort is possible only with an AutoStrop Razor. Why the AutoStrop Razor in particular? Because with its stropping feature there's always a sharp blade ready for use. A few turns on the strop re-aligns the saw-like edge that results from shaving; it keeps the blade free from rust; and gives you for each day's shave a keen-edged blade. You do not need to take the blade out to sharpen it, nor do you have to take the AutoStrop Razor apart to clean it.

Self-stropping, shaving and cleaning are all done without removing the blade from the razor.

Everywhere—razor, strop and 12 blades, complete for \$3.00.

N. B. MEN REACH PORTLAND, ME.

Portland, Maine, March 7.—The hospital ship Essequibo arrived here late today from Liverpool with 570 wounded Canadian soldiers.

Twenty-one New Brunswick men, including seven belonging to this city, were among 570 Canadian soldiers who arrived on the hospital ship Essequibo at Portland (Me.) yesterday.

The Nova Scotians left Portland in special cars attached to the Boston train which express at 10:30 o'clock last night, eastern time.

The Nova Scotians will pass through here this afternoon and it is probable that the New Brunswick boys will be sent directly to Fredericton for discharge, as was the case when the last hospital ship went to Portland.

Among those in the New Brunswick party are Lieut.-Colonel Penno, a member of the McLean Killies; Major Willett, of Bathurst; Lieutenant W. D. Atkinson, of Moncton, and Lieutenant C. P. Graman, of the North End, a nephew of the late Philip Graman, ex-M. P.

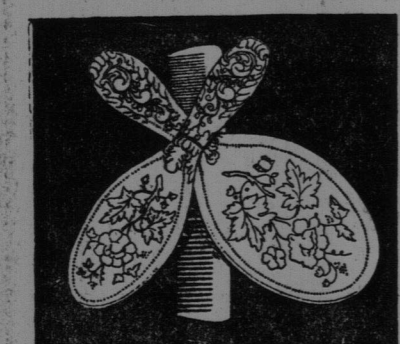

The other men from the province are Privates E. D. Howard, 126 Watson street, West Side; J. R. McEilhaney, 209 Paradise row, St. John; G. Strachan, 802 Main street, North End; J. W. Lamb, St. John; J. Murray, St. John; Corporal S. Shanks, 280 Douglas avenue, North End; Privates P. Alexander, Watt Junction; A. L. Gaudet, Moncton; K. Hicks, Belle Verre; F. T. Keith, Steves Settlement, Westmorland county; W. M. Mabee, W. D. Thompson, St. Andrews; H. Friar, Sussex; G. Grover, Campbellton; Oulona, Fredericton; J. L. Ward, Moncton; Gunner R. G. Warman, Moncton.

Secretary Charles Robinson, of the Returned Soldiers' Aid Commission, has gone to meet the Boston train.

**MANY CASUALTIES  
AMONG CANADIANS  
IN FIERCE RIOTS**

London, March 7.—From eight to twenty-seven persons are estimated to have been killed and from twenty-five to seventy-three wounded in rioting during the past three days at the Kimmel military camp at Rhyll, Wales, according to a Liverpool despatch received here tonight. Great property damage was caused, the despatch adds.

According to latest reports from Liverpool the riot was started by about two hundred malcontents. There were 25,000 Canadians in the camp awaiting demobilization and embarkation. The men who caused the trouble were war casualties who had served for three years or more in France. They complained that their embarkation had been postponed while other men who had seen less service were sent home.

After the destruction of stores of all kinds on Tuesday by the discontented men, the situation took a more serious turn on Wednesday when the cavalry was called out but was forbidden to use its arms.

Troops from Chester interposed between the rioters in their march upon Abergele, near Rhyll, and also prevented a threatened raid on the latter place. Five men were killed and forty injured in the course of this fighting, it is reported.

There was further promiscuous shooting early Thursday morning, but at no time was there organized firing by any armed party. Most of the deaths were due to crushing, it is said. An unnamed major holding the Victoria Cross and believed to be from New Brunswick, is reported to have been virtually trampled to death while attempting to defend the officers' quarters against great odds.

The Daily Mail says that the Canadian authorities restored order without the assistance of British troops and declares that the matter is solely one for Canadian disciplinary action.

The Canadian officials have informed the war office that they do not desire any increase in shipping facilities as a

consequence of the outbreak as they do not intend to be coerced by the action of the rioters. It is stated that twenty or thirty of the ringleaders, most of foreign extraction, have been arrested by the Canadian authorities, co-operating with the civilian police. It is understood that these men will be brought to London and lodged in the Bow street station.

Later, on Thursday, numbers of the men paraded in Rhyll. They made noisy demonstrations, but committed no damage. The outbreak began Tuesday night

with the signal cry, "Come on Bolsheviks!" uttered by a man said to belong to the Canadian forces. A large number of men then wrecked the stores building and thousands of loaves of bread were trampled into the mud. The women's auxiliary quarters were then rushed and the women's clothes carried off. The rioters seized stores of ammunition, fired on the officers' quarters and then began a march in the direction of Abergele, but were held up.

A staff officer flew from the war office

in London by airplane and addressed the men, undertaking that their grievances regarding demobilization and pay, which caused the outbreak, should be immediately remedied. He declared that ten thousand men would be away by the week after next and that four transports would be placed at the disposal of the colonials.

London, March 7.—In the house of commons this afternoon William Tyson Wilson, M. P. for Lancashire, asked Lord Edmund Talbot, representing the government, for a statement regarding the incidents reported at the Kimmel Camp at Rhyll, Wales. Lord Edmund replied that he had no further information.

The gravest view was taken on the news when it reached Canadian headquarters in London. General Turner, chief of staff, went immediately to the Kimmel camp where he addressed the men, returning to London today.

The Evening Standard says it learns that the Canadian authorities in London this morning estimated that five persons had been killed and nineteen wounded in the rioting. The report that a major with the Victoria Cross had been killed while keeping insubordinate troops from the officers' mess, was denied, the newspaper adds.

London, March 7.—Canadian military headquarters in London today issued a statement with reference to the riot by soldiers at Kingmel Park. The statement says the disturbance was entirely due to the delay in getting the men back to Canada. It was impossible to keep the promises given the men, the statement adds, owing to the shortage of vessels to convey them home.

The authorities, however, the statement adds, do not regard the rioting as justified and the offenders, many of whom already are under arrest, will be vigorously dealt with.

A number of civilians took part in the disturbance, and twelve of these also have been arrested and handed over to the civil authorities.

In the course of the trouble three rioters and two sentries were killed and twenty-one persons are injured, including two officers, according to the statement.

There has been no previous report of rioting at Kingmel Park.

**MONTREAL SURVEY  
FOR BABY HEALTH**

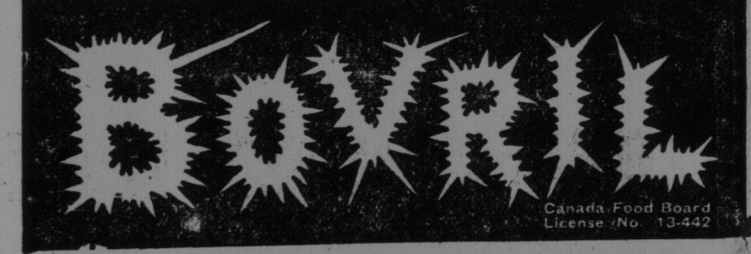

(Montreal Herald).

A survey of conditions relating to child mortality and the questions of baby welfare will be made in Montreal shortly by experts from the International Health Board of the Rockefeller Foundation of New York. In 1914, Mr. Rockefeller gave \$100,000,000 to the International

Health Board, the income of which is to be devoted annually to the betterment of human health in any part of the world. The Rockefeller Foundation is doing public health work in twenty-seven countries.

Two delegates from the Montreal Baby Welfare Committee last January visited New York, on a tour of investigation with a view to having a survey made in Montreal. As a result of the report of these delegates, Dr. Victor Heiser, Rockefeller delegate, was invited to Montreal, with the sanction of the administrative commission.

Yesterday afternoon Chairman E. R. Decary and members of the Administrative Commission received Dr. Victor Heiser and a number of representative citizens. Dr. Heiser outlined the policy of the Foundation in such matters and his scheme for Montreal. The outcome of

this meeting was that the Administrative Commission of Montreal decided upon inviting the International Health Board, Rockefeller Foundation, to conduct a comprehensive health survey among the children of Montreal. Dr. S. Boucher volunteered the fullest co-operation of the Montreal Health Department, whilst Mgr. Lepaflleur, on behalf of the French clergy, promised entire support of the scheme. Chairman Decary advised those present that the Administrative Commission would lend every possible assistance to the survey, as it was the intention of their body to ameliorate the Montreal health situation.

MADE IN CANADA

WE were among the first to put up tea in sealed packages.

We were the first to use automatic electric weighing machines so as to insure accurate weights.

We were the first to make known the qualities of the now world-famous ASSAM teas.

And we are now the first to adopt a new package for the better protection of these fine quality teas.

The lead package has served its purpose well for generations, but it was easily broken or torn, allowing not only a loss of tea from the package but exposing the tea to the air, odors and dust that it was so necessary to protect the tea against.

Our new package—the waxed board carton—is stronger, more secure and more completely airtight; altogether the best container for tea that has yet been devised.

"CANDIES are among the attractive and useful forms in which sugar is used as a food." *Canada Lancet.*

Have you eaten your share of candy to-day?

There is a certain amount due to you, you know—for your system requires it to supply bodily needs.

Eminent authorities on food state that about 4 ounces of sugar are required by an adult every twenty-four hours.

Besides sugar, candy contains nuts, fruits, corn syrup, chocolate, some fats such as butter, and flavoring. All these ingredients are recognized as useful foods and essential to the maintenance of good health.

Candy has established itself as a wonderful food product. It is no longer considered a luxury. Men and women everywhere have found it to be an excellent food.

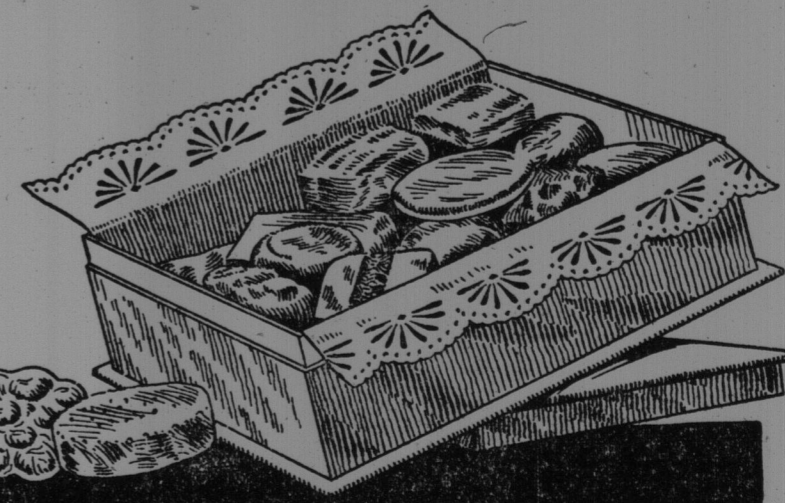

Because of its food value, candy was classified as a necessity for both soldiers and sailors.

While at the Front, General Pershing cabled: "Send candy if you have to omit oatmeal."

There are times each day when you feel the need for something to tone you up and restore your vigor—try candy.

Eat candy in rational quantities and nothing but good can result.
