Steady on Part of Line Advancing Elsewhere That Is News From The Fighting Allies Today

Spirited Clash of Arms Between Yser Mouth and Lens—Several More of the Enemy's Batteries Are Destroyed

Paris, Oct. 27.—The French official announcement given out at two o'clock this afternoon says that spirited fighting continues between the mouth of the Yser and Lens; that in this district the lines have not drawn back, and that they have continued to advance in the region between Ypres and Roulers, and elsewhere.

FRANCE PLEASED WITH NEWS

Paris, Oct. 27.—Paris today began another twenty-four hours of waiting for news from the north, where the fiercest fighting of the war is now going on. The announcement that the Germans had been unable to make headway after their costly crossing of the Yser canal brought keen satisfaction to the people of the capital.

ALLIES SOON IN OSTEND AGAIN IS BELIEF

London, Oct. 27.—Telegraphing from Flushing, under date of Sunday, the Daily Mail correspondent says: "The general opinion is that the allies will soon be in Ostend again. Ostend is a port of great importance, and its capture would be a great blow to the Germans."

YISER LEADER OF VICTED ARMIES

London, Oct. 27.—The Copenhagen correspondent of the Times learns from a reliable source that the Yser leader of the allied troops is now in the hands of the Germans. The source says that the Yser leader was captured near the mouth of the Yser, and is now being held in a prisoner of war camp.

Prize's Chateau

London, Oct. 27.—A despatch from Paris to the Exchange Telegraph Company says the Germans have seized the chateau of the prize of the Yser, near Rethel, and declare they will blow it up unless the prize pays a million dollars. The prize has already agreed to pay the sum.

Plieux and Phereind

London, Oct. 27.—An Amsterdam despatch to Reuters says: "From Sintis comes a report that the Yser villages around Roulers are being devastated by the Germans, partly for strategic reasons. Many inhabitants have lost their lives through their negligence in not evacuating."

Defeat of Maritz

London, Oct. 27.—An official despatch from Colonel Wylie at Canning, Cape Province, describing Colonel Britz's attack on Lieutenant-Colonel Maritz's force north of Kalamas on October 24, says that Maritz defended the town for only about an hour and then retreated. The losses sustained by the followers of Maritz are not known, but the number of wounded, captured and surrendered men is large. Maritz was wounded in the leg, though not dangerously. His forces retreated hurriedly. They left their tents standing and they abandoned large quantities of stores and a wagon load of ammunition.

Maritime—Showery today, followed night and Wednesday by north and west gales and becoming colder.

Maritime—Showery today, followed night and Wednesday by north and west gales and becoming colder. New England—Fair tonight with rising temperature. Wednesday fair, calm cool, fresh northwest winds.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service. Synopsis—The disturbance of yesterday is now centered south of Nova Scotia, and the western high area is moving towards the middle states and another disturbance is coming in north of the Lake Lakes. Severe frosts have occurred throughout Ontario and Quebec, and light snow has fallen at some places.

GERMAN CASUALTIES ARE 10,000 A DAY

Rome, Oct. 27.—According to official reports received here the German casualties daily average 10,000 men in killed and wounded. Of those slightly or not gravely wounded, an average of from 70 to 80 per cent. return to the ranks after a relatively short time.

TELL OF THE VOYAGE

Major Sturdee Discloses the N. B. Men's Fighting Name—Incidents of the Journey to England

Many a home about the city was brightened today by the receipt of a letter from some loved one across the seas with the first Canadian contingent, and the visit of the mailman was never more welcome to many an anxious mother or wife than when he handed her the first message she had received for nearly three weeks.

Practically all the letters were written on ship-board, and mailed immediately upon arrival on the other side. They depicted the trip across which was said to have been delightful, with just enough training each day to keep the lads in trim. Aboard each military ship military order prevailed and there was the best of discipline. The quarters provided for the men were comfortable, and they were given hearty rations throughout the trip.

The word among the troops seemed to be that they expected to stay a three months' stay in England before being sent into action on the continent.

From Major J. McGowan. The letter to Lieutenant Colonel J. L. McEvilly, C.M.G. (now Major) H. E. C. Sturdee tells of some of the incidents of the last few days in Canada as well as of the trip across.

He announced, with regret, the death of one of the men of his company at Quebec. The man, O. Baxter, fell on the day of the immigration building day before they left and died twenty minutes after he was found. He was buried in Quebec the next day. His next of kin is a woman residing in England.

The men, 1,500 of them, all had comfortable quarters on the Scotian and excellent food. The men received complete new outfits of everything they required before sailing but will have to be outfitted again after landing and on this account, as well as the work involved in collecting stores, horses, etc., he does not think that they would be ready for the front for some time after landing.

The trip seemed to be agreeing with them in conditions with the Dugald report. When asked about the progress being made in collecting stores, horses, etc., he said that they were all getting fat as a result of the sea voyage. Bruce Caldwell was the one man who was wounded.

The major sent his regards to all his friends in St. John.

Partnership ended. The partnership between Arthur McCloskey and J. Whitehouse in the Galley Theatre, Fairville, has been dissolved. Mr. McCloskey is now engaged with the Thompson-Woods Stock Co., and Mr. Whitehouse has acquired his interest in the theatre.

The Lives of 2,500 in Peril As Channel Steamer's Boiler Bursts All But 30 Saved by Gallant Work of Crew of Queen—British Destroyers Stand by and Men Help in Rescue

London, Oct. 27.—It is officially announced that the channel steamer Queen rescued 2,600 passengers from the French steamer Admiral Ganteaume, off Boulogne yesterday. An appeal has been made for help for the distressed people. When the steamer Queen left the scene of the accident, the Admiral Ganteaume was still afloat and British destroyers were standing by.

A. Bowder Dead In London New Brunswick's Agent Passes Away Suddenly

The death of A. Bowder, representative of the New Brunswick government in Great Britain, occurred suddenly today.

This sad news was contained in a cablegram received this morning by Hon. George J. Clarke, acting premier of the province, and came as a great shock, as there had been no intimation that he was in London.

Speaking of the government's late representative, Hon. Mr. Clarke said yesterday that he was an admirable man in every way and that he had accomplished much excellent work for the province.

Before receiving his government appointment, Mr. Bowder resided in Gibson, N. B., and had many friends throughout the province. He is survived by his second wife, to whom he was married a few weeks ago, when his first wife died.

EARTHQUAKE SHOCKS IN ITALY CONTINUE; NO LOSS OF LIFE YET

Florence, Italy, Oct. 27.—A severe earthquake was felt in this city today. The inhabitants were thrown into a condition of panic, but no shock did it damage. There have been earth disturbances in the northern part of Italy for twenty-four hours.

TURKEYS AND POTATOES WANTED IN ENGLAND

Ottawa, Oct. 27.—Canadian Trade Commissioner Ray, of Birmingham, reports that there will be an increased demand in England this winter for Canadian turkeys and potatoes. The war has cut down the usual supplies available from Serbia, Hungary, Austria, France and Russia.

TRIED TO KILL VILLA

El Paso, Texas, Oct. 27.—An attempt has been made to assassinate General Francisco Villa by an agent said to have been commissioned and paid by General Pablo Gonzalez, Carranza's staunch supporter. This said a message sent by the Associated Press today by Luis Aguirre Benavides, Villa's first secretary. The would-be assassin, Francisco L. Mugia, was executed after making a confession before the American consular agent.

GERMANS SEND MORE TROOPS TO FIGHTING LINE

London, Oct. 27.—The Germans are continuing to send large masses of troops to the westward and the southwestward, according to a despatch from Terrence, Holland, published in the Amsterdam Courant today.

Gallant British Keep 250,000 Of Germans in Check For Five Days Hold Position Though Situation Critical—Terrific Onslaughts Met With Bayonet Charges

London, Oct. 27.—Telegraphing about the fighting in Belgium, the correspondent of the Times in Northern France says: "The enemy's most furious and most vigorous attack along the line of the Yser, was at Ypres, where a quarter of a million Germans, for five critical days were held back by the British force."

ENTOMBED IN MINE ST. JOHN BOY SCOUTS

Thirty Bodies Recovered—More Than 200 Still Locked in

St. Louis, Oct. 27.—News was received here today that 250 miners were entombed in a mine at Royalton, Ill., eighty-five miles southeast of here, on St. Louis Iron Mountains and Southern Railway. A mine rescue car has been sent from Benton, Ill.

SPEND WINTER IN THE POSITION NEAR RHEIMS GERMAN INTENTION?

London, Oct. 27.—A Morning Post correspondent writing from a point near Rheims under date of Saturday and discussing the situation in the eastern part of the Alsine Valley, says:

"It is possible the Germans intend to spend this winter, and if they fortify their positions, it is quite possible that they can do so. It is certain that they can make no further move forward in the territory."

DEATH OF MISS KANE

A telegram received today by Mrs. Wm. Kane, of Sea Street, Bay Shore, brought the sad news of the death of Miss Helen Frances, daughter of John J. Kane, who passed away this morning in Sussex. She was twenty-one years of age, and was popular with many friends who will hear of her death with regret. Her father is survived by her parents and two sisters, Misses Beatrice and Irene. Her father is well known in St. John. He is now trustee superintendent at St. Vincent de Paul penitentiary, Quebec, and previously held similar position at Dorchester penitentiary. His family still live at Dorchester, and the funeral will take place there on Thursday. The sincere sympathy of a wide circle will be extended to all in their hour of sorrow.

WHEAT MARKET WREAK

Chicago, Ill., Oct. 27.—Wheat prices weakened today owing to the absence of any important buying. In the face of heavy receipts, the traders appeared to be ignoring the large export business that continued in progress. Disquieting crop reports from Argentina, which were said to have had a bullish effect at Liverpool, received little or no attention here. After opening 8-8 off, to 1-8 up, the market sagged all around, and failed to react with any spirit.

BRITISH GUN EFFECTIVE AGAINST GERMAN AIRSHIPS

London, Oct. 27.—A British gun, used for the first time in recent days, says the correspondent of the Times in northern France, has provided a fresh target for German airmen. The gun succeeds in finding its target with great facility.

THE WAR

(Continued from page 1.) has been driven back. The situation generally is unchanged. Berlin, Oct. 26.—By wireless to Sarville, L. 1 Oct. 27.—An official Austrian war bulletin given out in Berlin today says that combined Austrian and German forces hold strong positions in the long and almost continuous battle line from Slavy and Sambor...

CANADA IN THE WAR

Captain H. E. C. Sturdee was promoted to the rank of major on his arrival in England with the Canadian troops and as now commands No. 1 Double Company, 12th Battalion, 4th Brigade Canadian. Only citizens of the United States for at least ten years will be allowed to go back and forth across the border according to a new immigration regulation. This will prevent German and Austrian sympathizers from crossing the border. It is expected that the Canadians now at Salisbury Plains will be drilled there until January before being sent to the front. The second expeditionary force will go through a thorough drilling in Canada and are not likely to go to England until the first contingent is sent to the firing line, when a full division, 25,000 strong, will be sent over with all its branches, horse, foot and artillery.

DOWNING CASE OFF TILL NEXT SESSION OF SUPREME COURT

Moncton, N. B., Oct. 27.—The case in which Jethrow Downing is charged with poisoning Carl Johnson has been postponed till the next session of the supreme court. It is ruled that the country court has no jurisdiction. At the officers' council of the St. John division of the Salvation Army, Brigadier Taylor of St. John presided and addressed were delivered by the brigadier and Mrs. Coombs.

FARM ONE ACRE EACH FOR PATRIOTIC FUND

Saskatchewan Grain Growers' Association Makes Unique Appeal to its Members. Moose Jaw, Sask., Oct. 27.—Acting on a suggestion from one of the members of the Saskatchewan Grain Growers' Association, the central organization is making a unique patriotic appeal to the farmers of this province. The appeal is that each grain grower will set apart one acre of land, and sow it with wheat next spring, the proceeds to be given to the Patriotic Fund. The central organization has adopted this plan, and it appeals to them as a fair one in which all farmers, whether they had a poor crop this year or not, may take part. As the association has 830 locals, it is anticipated that the area under cultivation for patriotic purposes will be 830,000 acres, and the selling of Tea Leaf from your grocer at 85c a pound, Blue Label at 45c, and Red Label at 65c a pound, and these teas are from the choicest gardens in the island of Ceylon. All "SALADA" Teas are Clean, Pure and free from dust, which is many other teas are loaded with, to reduce their cost.

GLOOM GATHERS IN KAISER'S CAPITAL

People Now Know of Appalling Losses in the Field MORE THAN 250,000 SLAIN

Proportion of Killed Among Casualties Nearly One-half—Ominous Murmurs Are Beginning to Be Heard—The People Duped

Amsterdam, Oct. 27.—Germany's gloom increases. The boisterous gaiety of the earliest stages of the war is being rapidly replaced by a subdued, sullen, and morose. Intermingled with the lowest depths of depression, bad news travels quickly, and now something of the nature of the position is beginning to dawn on the Kaiser's subjects. The retreat of the German armies in France is known everywhere besides in the capital, and the comments of the more independent newspapers, cautious as they are, can leave no doubt in the minds of those who read between the lines. The elaborate organization created by the German government to disseminate distorted news for their own purposes is not efficient enough to conceal all the facts from all the German people. So many tens of thousands have received a notification from the military agencies telling of the death of a son or a husband; so many hundreds of thousands have learned that one of their family has been wounded in action. The wounded soldiers, too, have come home, and they have talked in whispers, perhaps, but still they have made their meaning clear. There are countless channels through which information has come into the interior of Germany, notwithstanding all efforts to conceal the real situation.

PERSONALS

Mr. C. F. Dodge (see McDonald) will return to his home in Exeter on Wednesday afternoon and evening at her home, 210 Winslow street, West. Rev. W. E. MacIntyre, Rev. Dr. L. Hutchinson, and Rev. W. Camp, left last evening for Toronto, to attend the annual meeting of the Wesleyan Conference, which is being held at the Victoria Mission Board, which is meeting there on October 27, and 28. Mrs. E. F. Winslow, of Fredericton, has been named as the matron of the Victoria Hospital for appendicitis, has sufficiently recovered to be removed to her residence at her father, Seneca St. P. Thompson.

GETS SHORE POSITION

Out of a large number of applications for the post of Tyneside agent to the Imperial Merchant Service Guild, Captain R. Whitehead, a member of the maritime profession residing on the north-east coast of England, has been appointed. Captain Whitehead, who belongs to Blyth, for thirty-three years served in the Royal Navy, and was (Port Line) of London and Newcastle-on-Tyne, twenty-one years of which he was in command of a ship. He also commanded a troopship by the United States government. He also commanded the same steamship which served as transport during the Boxer Rising in China.

Rheumatism

A Home Cure Given by One Who Had It. In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years, I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Do not send a cent; simply mail your name and address and I will send it free to you. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send me your name and address and I will send it to you. I do not want your money unless you are perfectly satisfied. I will send it, isn't that fair? Why suffer any longer when positive relief is just a few days away? Don't delay. Write today. Mark H. Jackson, No. 400A, Gurney Ridge, Syracuse, N. Y.

USE THE WANT AD WAY

Peeps

What are they?

Peeps is the name bestowed upon a new scientific preparation put up into tablet or pastille form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles. Did it never occur to you as peculiar that when you have a cough or a cold, or any chest trouble, you should apply medicine not to your lungs, but to your stomach? Look at it the other way-round. Suppose you suffered from some stomach complaint—indigestion or ulceration. How strange you would think it if you were asked to take medicine which had to be breathed in, and which went—not to your stomach, but to your lungs and breathing passages? Peeps—this newest remedy for coughs, colds, and lung troubles—goes to the lungs and breathing tubes, direct. Peeps are really pine tincture and certain highly beneficial medicinal extracts specially prepared by a new scientific process and then condensed into tablet-form. It is like making a breathable gas solid!

FREE TRIAL

Get out this article, write across it the name of this paper, and mail it to Peeps Co., Toronto, or 52 Princess Street, Winnipeg. We will send you a cent stamp to pay for return postage. A free trial packet of Peeps will be mailed you by return. If you have a friend suffering from a cough, cold, or any chest or lung trouble, hand this to him.

INSURING THE SOLDIERS. A representative of the Times called on F. C. McLean, superintendent of the Metropolitan Life Insurance Co. and enquired concerning the rate of insurance for men going to the front. He was informed that his company would entertain applications for \$1,000 or \$2,000, without extra premium charge. This is certainly a remarkable offer.

AN INTERESTING FILM. There are perhaps a very few people in St. John who realize the amount of the work which is being done in their behalf to enjoy their favorite beverage, tea. This week you will be given an opportunity to see the working of a large tea plantation, showing in detail the growing, picking, packing, etc. of the crop.

C. A. Munro, the New Brunswick agent for Lipton's celebrated tea has been able to secure a 2,000-foot film showing all the above work on one of the tea plantations in Ceylon. The film is to be shown for the first time in this city at the "Star" Theatre, on Wednesday (tomorrow) and Thursday. This film is very instructive and interesting.

At these performances samples of Lipton's Teas, Jelly and cocoa will be given away.

BUILD GOOD ROADS IS EDISON'S ADVICE

Noted Inventor's Suggestion to Meet Unemployment Situation. Thomas Edison, the inventor of the phonograph, was in Chatham, Ont., the other day, and in an interview commented upon the great number of unemployed in the city. He suggested that the most feasible scheme to overcome this lack of employment, the government building of trunk roads through the country. This, he said, would not only keep men employed during the winter, but would also do much to benefit the communities through which they would run.

Water Main Renewals and Permanent Sidewalks in Main Street Authorized — Report on Labor Protest

One of the most interesting features of the meeting of the common council yesterday was the application from two syndicates for the guarantee of bonds for the erection of dwelling houses. Both properties suggested are outside of the city limits, but the fact that a petition is being circulated to secure the extension of the water service and renewing of old mains in Charles, Dorchester and Clifton streets, west end, and Wellington Row were adopted.

The lease of a lot of land on Little River to the Dominion government for the establishment of a fish breeding pond was authorized at \$50 a year.

Renewal leases to William J. Reid and Main street pavements to lay permanent sidewalks in that street.

An amendment to the by-laws by which the city power to force the gas company to reduce protruding stop-cock boxes to the level of the street was given its first reading Wednesday and Thursday. The evening shows will commence at 7 and 9.

REAL ESTATE NEWS

The following real estate transfers have been recorded in St. John county: S. H. Ewing et al. to Andrew Crozier, property in Simons. S. H. Ewing et al. to Wm. Thorne, property in Simons. Mrs. Sarah R. Handren to J. A. Godsoe, \$120, property at St. Martin's. W. P. Kirby to Andrew Crozier, property in Simons. Harry Fillmore to Willard Fillmore, property in Hampton. George Hallett to Blanche I. Hendricks, property in Sussex. Sarah E. Leonard to D. J. Floyd, \$600, property in Uplam. Heirs of Kate Mills to H. S. Francis, \$1,500, property in Kar. A. J. Sprague to W. H. Sprague, property in Springfield. To the Editor of The Times: Dear Sir,—Having noticed in the public press that Mr. A. H. Lively had presented a proposition for the development of the Davidson farm property to provide workmen's homes at a reasonable figure; and having seen the plans prepared for the proposed homes; and, also, having read a synopsis of the agreement proposed between the city and Mr. Lively; and believing that the Courtney Bay district is bound to develop, in the future, into a residential district, and that the city is ready to undertake some proposition of this nature; and that the union rate of wages be paid in the construction of buildings and in the developing of the property. This would make it possible for contractors who are paying a decent living wage to tender for the work.

WORKINGMEN'S HOMES

Mr. Editor, Courtney Bay section of the city is to be developed by the building of docks, etc. what accommodation as the longshoremen and mechanics, who must necessarily be employed there, going to have in the way of housing some proposition of this nature is assisted by the city or unless the city is ready to undertake some proposition of this nature itself. It might be argued that these men can find accommodation in the city proper. That may be all very well, but we hope this city is going to grow in population and some provision must be made for the increase in population. Working people in other cities find it to their advantage to live in the suburbs and St. John workmen will be compelled to do likewise. Yours, etc., J. L. SUGRUE.

HOME DEFENCE COMPANY

A movement is now under way in Fredericton for the organization of a company of volunteers for home defence. A. D. Thomas started with a list Saturday evening, and in less than two hours had twenty-five volunteers. A greater number are clerks, students, business men. It is the intention of Mr. Thomas to have a list of fifty or more. He is also in the process of enlisting a number of men to be trained in the use of arms, and will drill twice weekly. The company will be formed before the end of this week.

Piles for Fifteen Year

Cured by Zam-Buk. To those who suffer from this painful malady the following letters will be of deep interest. Mr. J. McEwen of Dundas, Ont., writes: "For fifteen years I suffered with piles and could get no permanent cure until I tried Zam-Buk. After having given Zam-Buk a fair trial I found I was getting better, and in a few days it completely cured me." Mr. James Ruddy, of Killebrae, Ont., says: "I suffered greatly from piles. The pain from them, as anyone who suffers from them will know, was at times most unbearable. I tried first one remedy and then another, but all without effect. The piles still continued as ever. I heard about Zam-Buk and commenced with the treatment. To my great joy, after perseverance, I obtained relief from the agonizing pain of the piles. Having been cured by Zam-Buk, I heartily recommend the balm to all sufferers from piles."

**KITCHENER OVERAWED HER**

The London Daily News in 1900 printed a remarkable article by its war correspondent on the spy system of Germany in South Africa, dealing particularly with a woman about thirty years of age who was especially active. The following paragraph tells of her encounter with Kitchener.

**Couldn't Fool Kitchener.**

If the Boers ever write the true history of the war they will stagger England with the revelations they make in regard to their secret service. Their spies were everywhere, active, intelligent, daring and well paid, and at the end of them moved the woman of hamster, "Madame," with her close-cut eyes, magnetic touch and clear, clear head. When Kitchener of Kharmer arrived in South Africa she met him, for she knew that if she did get inside his secrets she could not be caught.

She made it her business to come casually in contact with the tall, gaunt figure, the rugged face. She looked into the prominent, all-seeing eyes, and knew at once that she was face to face with a man who was the most dangerous man in Britain, she said, "I feel as if I were in the shadow of death when I am near him. He is a man for men to conquer. No woman can reach him to see; he would read me like an open book in an hour, and I believe he would not me as he would shut a Kaffir if he caught me."

**THE HISTORY OF H. P.**

Every popular commodity has a history of paramount interest to somebody. Here is the history of H. P. Sauce—we think it will interest you.

At Birmingham, England, there is a very large malt vinegar brewery, in fact, the largest in the world, and at malt vinegar is the essential foundation of all high-class sauces, the proprietors of the vinegar brewery are constantly in touch with all kinds of sauces.

Now some time ago, it occurred to them that nearly all the sauces on the market were far too thin and pungent, and too imperfectly blended to be worthy of the name of relishes and that if a rich sauce, a super-excellent fruity flavor, and thick, creamy consistence were produced, and placed on the shelves of the grocer, it would be a success where it was not.

The forthwith began to experiment very carefully at their great vinegar brewery. The choicest Oriental fruits, and skillfully blended with pure malt vinegar, but not until the new production was a clean, fruity taste in the mouth, instead of the burning and stinging sensation left behind by old fashioned vinegars.

It does not separate in the bottle, there is no sediment and it therefore requires no shaking, if poured on the edge of a plate it can be taken with the most like mustard. It possesses a delicious flavor, quite distinctively its own and all sauces made with it are of a rich, clean, fruity taste in the mouth, instead of the burning and stinging sensation left behind by old fashioned vinegars.

Dr. A. Bostock Hill, M.D., D.P., H.F. I. C. county analyst in analysing a bottle of H. P. Sauce reported:—"It is made from the best materials, is of pleasing and piquant flavor, and is in every respect thoroughly good. Sauce's of this exceptionally favorable character, it is a small wonder that the history of H. P. is so well known and so highly appreciated."

**ST. JOSEPH'S OFFICERS.**

George H. Flood was elected president of the St. Joseph's Society at the meeting in the society's rooms last evening for the annual election of officers. Rev. J. H. McMillan presided. Other officers elected for the ensuing year are: Warren Nugent, vice-president; H. A. Kane, secretary; Harry McLaughlin, financial secretary; John Stanton, treasurer; George F. Cunningham, dramatic secretary; James McNulty, chairman of sports committee; J. H. McHugh, chairman of social committee; J. Morrison, sergeant at arms.

**ENGAGEMENTS.**

Mr. and Mrs. William J. Graham, of Milltown, announce the engagement of their daughter, Mary Elizabeth, to Dr. Matthew E. Ronan of Antigonish, N. S. The wedding will take place in November.

The death of Captain C. Henry Greenwood occurred on Tuesday last at his home at Wilson's Beach, N. B., where he has resided for more than twenty years. Three sons and one daughter survive.

**GUARANTEED RELIEF FROM ALL BOWEL ILLS**

If your bowels are out of order, instead of using some harsh salt or other physic, take a Rexall Orderite tonight, and tomorrow you will feel great. They taste good and act so easily that there isn't a particle of griping or purging, nor the excessive looseness that follows the taking of salts and most pills. They soothe and strengthen the bowels, promptly relieving the constipation, making it unlikely to occur again.

We don't believe there is any other bowel remedy anywhere near so good, and at the same time so easy and pleasant to take as Rexall Orderites. We know you will agree with us and believe you will thank us for telling you about them. If they don't satisfy you in every way, come back and tell us, we will give back your money without a word of question. You have no reason to hesitate when we give you the opportunity, as we hereby do, to try them at our risk. Invest-packet tin boxes; 10c, 25c, 50c. **Health and Beauty Hints**  
(By Mrs. Mac Martyn)

June: The "French complexion" you inquire about is probably the craze for liquid powders. They are thought to be more wholesome for the skin, as well as more beautifying and less likely to show, than ordinary powder. The following receipt is a clear, light, home from ingredients to be purchased from any druggist. Get 4 ounces sponges, two ounces vinegar. It is splendid in effect, looks very natural and clings as if it belonged to your skin.

Lily: You will find shampooing with a teaspoonful of Almondin dissolved in a cup of hot water is a quick and pleasing way to free the scalp of dust, dandruff and excess oil. This is a clear, safe and invigorant most appreciated by one whose scalp is either dry, scaly and itchy or profusely oily. Its use induces the hair to come in plentifully, with a gloss, and greatly enriches color.

Bees: The best blood-cleanser I know is kerdene because it acts on the liver, kidneys and, if, as you say, you are troubled with severe and constant headaches, it is an indication that your kidneys need most attention. To prepare, put one ounce kerdene (from the drug store) into half pint alcohol (whisky would not be used) then add one half cupful sugar and hot water to one measure. A tablespoonful be tonic gently expels poisonous waste from the body and tones up the internal organs so they can do their work. You will find this tonic good for lost appetite, falling strength, and to clean up the complexion.

Lozels: Even the woman of middle age nowadays is determined to keep her flesh down so that she can blame her, not that present styles demand slinness? I always recommend parrots (which I mix up at home) as the safest, cheapest and best fresh remedy. Get four ounces parrots at druggist's and dissolve in one and one half pint hot water. Cool, strain, and take a tablespoonful before each meal. Dieting or exercise is not necessary with this.

Mrs. S: My own experience with wrinkles was three years ago when I removed them with a very simple and expensive preparation which I made by mixing an ounce of Almondin (from my druggist's) in a half pint cold water adding two teaspoonful glycerine. This, by contracting the skin slowly, restores healthy firmness and keeps the surface circulation of the blood so good that a perfectly natural glow develops in the cheeks. I have used it ever since.

Madge: No, you need not have lots of money in order to get you hair and scalp perfect care. I often recommend many made-at-home items which are even better than high-priced patents. As a hair tonic I get an ounce of quinine at the druggist's, dissolve it in one half pint of alcohol and add one half pint of water. Rub a little at a time well into the scalp and your dandruff will disappear and you will keep your scalp healthy.

Felix: I brighten my eyes and red them when tired by putting a few drops of crysals solution into each and bathing the lids with the same. I make the tonic by getting an ounce of crysals from the drug store and dissolving it in a pint of clear water. It will not smart and is soothing and healing. It is the safest way of making the eyes sparkling and expressive.

**BROWN TAIL MOTH HUNTING SEASON**

Brown tail moth surveys, similar to those carried on during the last two years in New Brunswick, will be commenced on November 20, for the coming winter.

A crew of sixteen, including men appointed by both the Dominion and provincial departments of agriculture, have been selected and the preliminary arrangements for the starting of the surveys are now being made.

L. S. McLaine, Dominion entomologist, who was in charge of the work last year, will again be in charge of the crews. The same territory covered in 1913 will be scoured by the Brown Tail hunters this year.

**NO MORE WAR INSURANCE**

London, Oct. 27—Officials at the London office of American Life Insurance companies say that, in view of the policies held in Europe, it is probable that a good deal of money will have to be paid out as a result of the deaths of policyholders in the present conflict. It is impossible to learn how many policyholders there are in the different armies. An official of the Mutual Life Insurance Company of New York said that

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 27, 1914.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE WAR NEWS.

In the absence of news of a more satisfactory nature, the war correspondents and of boys of sixteen and seventeen years are found in the German trenches; that the Germans have lost men in tens of thousands; that their officers appear crazed with mortification; that the troops are disheartened, and that they were deceived with assurances that they were close to Paris and would soon be in that city.

done quickly, for the great need of the Empire at this moment is men, well drilled and well equipped, and on the firing line.

CHILDREN'S AID

A copy of the Moose Jaw Times of recent date presents a picture of the handsome cottage which is used by the Children's Aid Society of that city, and tells of splendid work done in taking care of the little children whose parents neglect that important duty.

There is still no news from Russia to encourage the belief that the Russian army is making any more satisfactory progress than the armies of France and Britain.

It is a fine thing to encourage in the school children the spirit of giving for the benefit of those in need, and the example of Moose Jaw is worthy of emulation.

A London cable says that the government has forced down the wholesale price of sugar sixty cents per hundred pounds.

It would be to the advantage of East St. John to become incorporated with the city. There is likely to be fairly rapid growth in that suburb, and it would be in the interests of the whole community to have the boundaries of the city extended.

The evidence which accumulates to prove that the war is to be prolonged furnishes the strongest argument for a great effort on the part of agriculturists throughout Canada to produce much larger crops next year.

Efforts to establish the boy scout movement in St. John have thus far not met with as much success as they deserve. Apparently the greatest difficulty has been to get qualified and enthusiastic scout masters.

The shipbuilding record for the Penobscot River and Bangor district will be practically a blank for 1914, with the exception of a few small sloops and power boats.

THE ONLY CURE FOR CONSTIPATION

Is "Fruit-a-tives"—That Wonderful Remedy Made From Fruit Juices

AVON, ONT., May 14, 1913. "I have used 'Fruit-a-tives' for indigestion and Constipation with most excellent results, and they continue to be my only medicine. When I first started about six years ago to use them, I took four at a dose but gradually reduced the dose to one tablet at night.

THE KARLSRUHE The cruiser Karlsruhe, a ship of a tonnage of 5,000 tons, has had in this war a career as eventful in the Atlantic as that of her smaller sister ship, the Emden, in the Indian Ocean.

The Karlsruhe first came into notice at the outbreak of the war when she appeared in the vicinity of Sandy Hook, apparently in wait for British merchantmen leaving New York.

On August 9 the Karlsruhe appeared in the harbor of San Juan, P. R., where she was engaged in a running fight with the British cruisers Suffolk and Bristol.

It appears that the British cruisers came unexpectedly upon the Karlsruhe while she was coaling from the German steamship Kronprinz Wilhelm.

The Karlsruhe is a comparatively new ship, having gone into commission early in 1913. She is very fast, having a speed of twenty-seven knots, which has enabled her thus far to elude successfully the persistent British pursuit.

A London cable says that the government has forced down the wholesale price of sugar sixty cents per hundred pounds.

Samuel H. Lackland of Cleveland ofered 50 cents to a grocer for a hand ful of eggs. Upon acceptance of the offer he showed that, with him, 26 eggs was a handful. Once he carried twenty four eggs in one hand for about half a mile.

In a transfer of land in Dearborn, Mich., a deed seventy-nine years old was recorded for the first time. At the time the value of the land was \$882 since then it has increased in value more than \$40,000.

USE THE WANT AD. WAY

A Woman's Way

Who says a woman's part is only "watch and wait"?

True, a woman cannot shoulder a rifle and go to the front, but there is a way in which she can help and which is just as important. That way is in supporting the prosperity of Canada.

**GLASS OF SALTS IF YOUR KIDNEYS HURT**  
 Eat Less Meat if You Feel Back-  
 achy or Have Bladder  
 Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

**SMOKER FOR MEN OF ST. PAUL'S CHURCH**

An informal smoker and social gathering of the men of St. Paul's church was held in St. Paul's school room last evening. There was a good attendance and a very entertaining programme was carried out. Rev. E. B. Hooper, rector of St. Paul's, made a short address in which he again expressed the hope that more of the young men of his congregation should offer themselves for the service of the empire. His Lordship Bishop Richardson, who was present, heartily endorsed the sentiments of the rector, saying that he would like to be able to go himself, and announced that four clergymen in the city had expressed to him their willingness to go as chaplains. Mr. Justice Grimmer, who has lately become attached to St. Paul's congregation after having been for twenty-five years warden of Christ church, St. Stephen, spoke very highly of the efficiency of the rector whom he had known since boyhood and felt proud in knowing that he had offered his services for the empire in her present crisis. He said that he had just received word from his own son who had landed safely with the Canadian contingent. J. B. Cudde, church warden, announced that the finances of the church were in a satisfactory condition and expressed the hope that the young men of the church would take a greater interest in its welfare. He referred to the great loss suffered by the congregation in the death of T. Barclay Robinson who always took a very active part in the work of the church.

Songs were sung by T. Guy and Chester Gandy. A Twining Harp recited. Admirals All G. F. Palmer sang "Hearts of Oak and Drinking which were exceedingly well rendered. Fredrick Moore greatly pleased the audience by singing "Thora and two Irish songs by H. A. Allison were also well received. A song by Chester Bourne was heartily applauded. A. C. Shelton sang "Mandaly and Hale Betanika with fine effect, the audience joining heartily in the chorus of the latter which was followed by the National anthem. Percy Bourne proved a very efficient accompanist. Coffee and sandwiches were served at the close. The rector was very heartily congratulated on the success of the evening.

At a fair in Hart, Mich., one display was that of eighty-four varieties of apples picked from a single tree. G. W. Haight, who owns the tree, has it grafted to 185 varieties.

**INSURING GOOD DIGESTION**  
 Importance of Preventing Food Fermentation in Stomach.

Good digestion usually means good health. So long as the stomach does its work properly disease can find no lodgment in the human system; the liver, kidneys and intestines will perform their work perfectly and remain in perfect health; but permit anything to interfere with the proper digestion of food, an unending train of troubles is set in motion. About the only thing that will upset the stomach and interfere with digestion is an excess of acid, usually caused by food fermentation. Food fermentation is due to chemical action in the food itself. This fermentation causes the formation of gas, or wind, as well as acid, resulting in the unnatural distention of the stomach and the burning by the acid of the delicate lining of the stomach.

Medicine and tonics cannot relieve this condition—they usually make it worse. The fermentation and acid are to blame and these must be overcome and prevented by taking after meals a teaspoonful of bisulphated magnesia in a little hot or cold water. Physicians recommend bisulphated magnesia especially because it stops and prevents fermentation of food and neutralizes the acid instantly, making it bland and harmless, without irritating the stomach in any way. Get a little bisulphated magnesia from your druggist and try it the next time your food ferments and upsets your stomach. Note how quickly the acid is neutralized and how soon you forget that you have such a thing as a stomach.

**Fine Points of the Game**  
 New York, Oct. 26—John Evers was discussing major and minor league baseball. "A marked difference in the two," said the crafty Trojan, "is in working the fine points of the game. To illustrate. We were playing the Cardinals this week. I was on the Cobs—and the St. Louis pitcher was a spit baller. We noticed that at certain times Arnold Heuser, who was playing short, would wet his finger, stoop and rub it in the dirt. We got to thinking that he had a reason for doing this. So we watched. Then we discovered that every time he dried the finger in the dirt he was getting ready to handle a spit ball in case one came his way. That tipped us off as to when a spit ball was coming and we took full advantage of the discovery.

**The Phillies**

Philadelphia, Oct. 27—Before leaving for an automobile trip up state, Charles Dootin, the deposed manager of the Phillies, asserted that he had presented his resignation to President Baker two months ago.

Dootin told reporters that he was incensed at the financial policy of the club, and that he could not get the money to purchase players.

He also charged that the club did not let him know that waters had been asked on First Baseman Hottelitz of the Cincinnati team, who finally signed with the Red Sox. Dootin declared that Hobby was out of the National League before he knew that Waters had been signed.

"I would have snapped Hobby up," Dootin continued "if I had known that he was on doing this. So we watched. Dootin also said that he had asked President Baker for his unconditional release, but that he had not been granted this, although he has been on the team since 1909.

Unquestionably the deposed manager will be traded. He is slated to go to Boston. However, there is a good chance that he and Hans Lohret will hop to the Reds.

The Phillies have two star receivers left. The appointment of Pat Moran to the managerial post meets with the general approval of fans here. Moran knows inside baseball thoroughly, and it is believed will get good results out of the players. Moran has had a great deal to do with the success of the pitchers. He coached Alexander and Mayer into winners, and asserts he will make a star out of Epps Riser.

An old tale was revived when it was said that Connie Mack would resign as manager of the Athletics to accept the presidency of the club.

The report is without foundation, for Benjamin F. Shibe has no thought of retiring and will hold the position as long as he wishes.

PLAN TO GET APPLES FOR POOR OF CITY

Citizen Places \$60 at Disposal of Rev. Mr. Barracough to Assist in Project

A generous citizen has placed \$60 at the disposal of Rev. Mr. Barracough, and intimated that it might be increased to \$100, to get apples from country orchards for distribution among the poor families of the city.

The apples would be distributed among all the pastors in the city, without distinction of creed, so that the benefit might be universal.

There is as yet no definite plan. It is known that farmers along the river have tons of apples literally going to waste. Doubtless they would be glad to contribute some of them for this worthy purpose. In that case the only expense would be in picking, barreling and freighting them to the city, and doubtless the freight would be a merely nominal sum.

Rev. Mr. Barracough would be glad to hear from any farmers who will contribute fruit. The apples should be sound fall apples, and perhaps some No. 2 winter fruit could be included. As the time is so short not much can be done this fall, but next year an earlier start may be made and the farmers aided in getting at least something for all their fruit, while poor people will get a supply at small cost.

Rev. Mr. Barracough will be glad to have the cooperation of any citizen in this work. It is for the benefit of the poor of all the churches, and especially the children.

LOCAL NEWS

BURIED TODAY

The funeral of Mrs. Daniel Daley was held this morning from her late residence, 41 Broad street, to St. John the Baptist church, where high mass of requiem was celebrated by Very Rev. Monsignor Chapman, V.G. Interment was in the old Catholic cemetery.

CHURCH ANNIVERSARY

Carleton Methodist church will observe its 78th anniversary on Sunday next with appropriate services. Rev. Dr. J. H. McVicar will preach in the morning. On Tuesday evening John T. Hawke, editor of the Moncton Transcript, is to lecture on "Germany's Crime Against Belgium and Hostility to the British Empire."

FELL ON STAIRS

Friends of Elizabeth Colohan of Barker street will regret to learn that she is ill as the result of a fall on some stairs in her home there. She is now in the general public hospital where her injuries are being attended to. Mrs. Colohan was not badly hurt but received a severe shaking up.

DIED OF WOUNDS

Mrs. MacKeen, of Maplewood, Halifax, has received a cable announcing the death of her nephew in the hospital as the result of wounds received in action "at the front." He was Nigel John Lawson Boyd, a son of Win. Boyd, of Victoria, and grandson of the late John Cerar, of Nova Scotia. He was but twenty years of age, was a second lieutenant in the Black Watch.

C. OF E. INSTITUTE

The anniversary services of the Church of England Institute are being held today. The service in Trinity Church this morning was conducted by Archdeacon Raymond and Rev. E. B. Hooper, both former presidents of the Institute. The offerings today are for the furnishing of the Institute building at 116 Princess street, which has recently been completed. It is hoped that arrangements can be made for the dedication of the building on January 25, the 80th anniversary of the founding of the Institute.

GETTING SALMON SPAWN

The work of taking the spawn from the salmon in the government salmon ponds at Little River has been commenced. The favorable weather of the last few days has helped to expedite the work and good progress is being made. It is expected that the spawning this year does not present such difficulties as in previous years. On account of the presence of the government hatchery at Silver Falls, which is capable of handling a large amount of the eggs produced at Little River. Formerly it was necessary to forward the spawn to a hatchery in the province where hatcheries are situated.

MORTON-BURNS

A very pretty wedding took place in St. Peter's church on Monday morning, when Marie Gertrude, eldest daughter of Mrs. John Burns was united in marriage to Frederick A. Morton. The ceremony was performed by Rev. Charles McCormick, C. S. R. The bride looked charming in a gown of tango silk with overdraped shadow lace and pearl trimmings and wore a bridal veil with orange blossoms and carried a bouquet of white roses. The bridegroom wore a tuxedo and carried a blue silk sash with picture hat to match. Many friends were present at the wedding and the bride and groom received many beautiful presents, including a pair of cultured pearls, a diamond watch, and a diamond ring. Mr. and Mrs. Morton will reside in Prospect avenue.

South African Veteran Despondent Over Being Rejected

Brantford, Ont., Oct. 27.—Despondent because he had been turned down when he applied to the Dufferin Rifles to enlist in the active service contingent, Ernest Fuller of Brantford, a South African veteran and a soldier of many years' experience attempted to commit suicide last evening. He went to cut his throat with a razor, but was stopped before he could effect any damage.

NIGHT SCHOOL TO BE OPENED NEXT WEEK

The night school which has been conducted with much success during the last few years will be re-opened in the Centennial building next week. It is expected that the attendance will be larger even than last year, when it was particularly good, more than sixty pupils being enrolled. W. S. Vial and R. R. Cormier will be the teachers, the latter having charge of the arithmetic class, and the former giving instructions in practical mechanical drafting. Classes will be conducted on Monday, Wednesday and Friday evenings. An entrance fee of \$2 is charged each pupil on beginning the school, but principally to assure a steady attendance. For instance, if there is an attendance of 100 per cent. by any one scholar, he receives back his total fee, from 90 to 99 per cent, he gets back four-fifths, and so on down to from 60 to 69 per cent, when he gets back two-fifths.

IN NEW C.P.R. HOME LAST OF NEXT WEEK

It was said this morning at the C. P. R. offices that although the occupation of the new building at the corner of King and German streets had been anticipated on November 1, it was not likely that they would get the offices moved until the last of next week. The interior of the building is complete with the exception of a few finishing touches, which will be in order in a short time. As the removal of the furniture, fixtures, etc. will require only a day or two, it is not expected that the workings of the departments will be hindered to any extent.

Clifford Jamieson Fined For Not Moving Along When Asked and For Bad Language

Clifford Jamieson was fined \$20 or two months in jail for not moving from the corner of Union and Charlotte streets last evening when requested to do so by Policeman O'Neil. He was also fined \$8 or two months in jail for using obscene language. He pleaded not guilty to both charges.

Policeman O'Neil said he saw four men standing on the corner about ten o'clock. He asked them to move on and all did so except the defendant who went only a few feet and walked back and forward two or three times elbowing the policeman as he passed. The magistrate upheld the action of the policeman in arresting Jamieson.

Malcolm Dempster, charged with interfering with Special Policeman Fitzgerald, was fined \$16 or two months in jail for the offense besides \$8 or two months for drunkenness. Blizard said Dempster tried to keep an Indian from being arrested and shoved him back three times against Policemen Jeffries and Sergeant Scott in arresting the Indian and his squaw, both of whom pleaded guilty to drunkenness. The squaw was sent to the Home of the Good Shepherd and the Indian was remanded to jail. The Indian said some man in the street bought the liquor for him and he gave some to his wife.

AMERICAN CONSUL DOES NOT EXPECT ANY DIFFICULTY

Matter of German Sailors Taken From American Tug Here

H. S. Calver, United States consul at St. John, said this morning that he had so far done nothing with regard to the three German sailors taken yesterday from the Standard Oil tug Security by the Standard Oil tug Security. He anticipated that there would be any unpleasantness or difficulty resulting from the action.

Asked if he had satisfied himself as to the militia's authority in taking the men from the vessel, Mr. Calver said: "War makes authority which might not be recognized in time of peace. So far as the case here is concerned, I am not clear on the point and therefore have not desired to discuss it. I have, however, referred to several cases and find that the idea prevails that when foreigners ship on a vessel of another country they for the time are treated as citizens of that country under whose flag the vessel sails. In one of the cases a United States vessel arrived at Hamburg, Germany, and aboard her was a German sailor who was liable for military duty. He was taken off and later the German authorities were compelled to release him."

Altogether four men were taken from the Security on her arrival here yesterday, but one of them was able to show that he was a naturalized American subject and was allowed to go. The other three were found to be German and although one of them represented to the American consul that he had made his first application for citizenship in the United States some two or three months ago, but so far had not been accepted. He tried to still at the armory and their detention has been reported to the divisional headquarters at Halifax, as is usual in all cases of this kind, but no instructions have been received.

Colonel McAvity said this morning that the fact that there were Germans aboard the Security was reported to him by the collector of customs and his action followed.

THE FUNDS

Donations to the Patriotic Fund today included \$60 from Kane & Ring, and \$215 from the Women's Institute of Richardson, Charlotte county, through Mrs. T. H. Bullock. This organization has also forwarded \$15 to Mayor Frink for the Belgian Relief fund.

The committee in charge of the fund locally desire to have to hand all the subscription lists now in circulation about the city, in stores and other places, together with any amounts collected. These sheets can be returned to the office of C. B. Allan, 122 Prince Wm. street.

While Mayor Frink is out of the city a day or two, H. E. Wardrop, Common Clerk, is accepting contributions for the Belgian fund. The amounts acknowledged this morning are as follows: C. W. Hope Grant, \$10; Grant Hope, \$5.

GOVERNMENT MEETING

A meeting of the provincial government will be held in their rooms here this evening. The members will meet tomorrow morning as commissioners of the Provincial Hospital and will continue their sessions all day. Hon. George J. Clarke, acting premier, said this morning that the business to come before them was chiefly routine with but little general interest on the programme.

"Co-Operation"

The Dictionary Meaning: "The act of operating jointly with another."

The Manufacturer's Part: The act of producing an article of substantial worth and creating a demand for it by advertising.

The Retailer's Part: The act of stocking his shelves with the article so advertised, displaying it on his counters and inviting the customer to purchase the demand created by the manufacturer.

The Newspaper's Part: The act of working with the manufacturer, retailer, and consumer, to bring about the "great end" of the greatest number in the easiest and least expensive way—through its own ADVERTISING COLUMNS.
