T. L. BUCKLEE, Manager,

PUBLIC RECORDS CANADA OFFICE.

Good Wholesome Bread can be produced by using the famous

"GOLD  YEAST."

This YEAST derives its name from the GOLD MEDAL awarded it at the WORLD'S FAIR in VIENNA, in 1872, against fifteen other competitors from all parts of the globe. Also the FIRST MEDAL and Favourable Mention at the CENTENNIAL EXHIBITION in 1876. It is the ONLY YEAST that ever received a GOLD MEDAL.

Its qualities are unapproachable, making bread from 1 to 3 hours quicker than ony other brand known. It is warranted for one year, or money refunded. All we ask is—GIVE IT A TRIAL. Free Samples will be given to every Housekeeper in the Dominion. ASK YOUR GROCER FOR IT. Take no other but GOLD YEAST.

ASTONISHING.

Astonishing Studies have been made in Electric discoveries, and wonderful inventions have been brought out. We can now not only send messages in cipher, but we can speak to one another thousands of miles away as plainly as if we were face to face. Electric science has also developed itself as a curative power second to none. No other remedy can compare with it for the cure of Nervous Diseases, diseases caused by bad circulation and exhaustion. But the most wonderful and beneficial form of applying Electricity that Science has yet discovered for the relief of suffering humanity is found in ELECTRIC BELTS, BANDS and INSOLES, which are comfortable and the safest mode, whilst they are powerful and for hours pour that vitalizing fluid into the weak parts, which cannot be done by any other appliances.

The "ISOLATED RISK FIRE INSURANCE COMPANY" having been established solely with the view of Insuring against loss or damage by fire the owners of ISOLATED or NON-HAZARDOUS Properties, the Directors therefore respectfully direct the attention of Insurers to the following: It will adjust all losses without delay, and pay over the CASH AT ONCE. Being the first Stock Company to give REASONABLE RATES, and not to impose on those whose Properties are NON-HAZARDOUS the burden of making up the losses by those whose Properties ARE HAZARDOUS, the Directors would, with every confidence, look to the public for support.

AND WELL BORING MACHINERY.

With this machine two men and a horse or three men can bore and wall a 17 inch well in a few hours. We bore any size from 6 to 48 inches, and wall with sewer pipe, galvanized iron, wood or brick.

This machine is the only one that will bore in hard pan sand-stone, or handle quick-sand and boulders successfully.

Wells have been sunk with this machine from 30 to 2,300 feet, some of which supply 50 to 200 gals. per minute.

Gold Medal awarded by Centennial Commission.

View of machine at work. A B shows sewer pipe, and C wood pipe used for walling the well, all the work done from the top.

The subscribers undertake to sink wells in any part of the city or country. We can supply more water with 7 inch well than can be supplied with the ordinary dug well, as we can bore into the fountain head of the spring, and as it is tubed to the top, no rats, dirt, sewage or surface water can enter the well. We can bore on the bottom of old wells without disturbing the present wall.

READ THE FOLLOWING:

This is to certify that Messrs. Holt & Co., bored me a 17 inch well 54 feet deep, and tubed it with sewer pipe at my residence on Ontario Street. As a proof that all the surface water is excluded, I would state it is only 3 feet distant from my old well, only 13 feet deep, in which the water is very salty and remains at its old level, and the level of the water in the new well is 10 feet lower and free from any salty or unpleasant flavour.

THE MONTREAL TELEGRAPH COMPANY.

This popular Company, which has its wires laid along the line of railways and connections, was incorporated in the year 1847, with a capital of $50,000, and began its operations with 12 or 15 offices between Montreal and Quebec. Its history has been an uninterrupted success from the start, its lines having been extended to the remotest sections of the country wherever they can be maintained, and offices opened in nearly every village and hamlet throughout the country. Its capital stock has been increased to $2,000,000; its miles of lines to 22,000; and its number of offices to over 1,500. Extensions are constantly going forward into newer and remoter sections of the country as routes are opened up, and new offices are almost daily being opened.

This Company is apparently unaffected in its prosperity by rival schemes, having outlived several in the course of its history. No country in the world is probably better served in the matter of telegraphic communication than Canada. The great abilities and enterprising spirit of Sir Hugh Allan, the President of the Company, have been as serviceable in developing the organization we are now describing as in founding the magnificent system of Oceanic communication with which his name is so similiarly identified. An enterprising, but at the same time shrewd and far-seeing policy has, in fact, characterized the Company's operations from the very outset. In this respect, and in all questions demanding liberal and comprehensive action, this Company has been greatly assisted by possessing in Mr. H. P. Dwight, the Superintendent of the Western District, a gentleman who has had regard not so much for an immediate return for work undertaken as the certain, steady expansion of business in a corresponding ratio with the increase of trade or population. Mr. Dwight's engagement extends over the most important section of the Company's history.

The Publishers take pleasure in presenting to the public THE TORONTO DIRECTORY for

HAND-IN-HAND

Mutual Fire Insurance

COMPANY.

FOUNDED - - - - - - - - 1873.

The originators of this Company believe that we have arrived at that stage in the history of our young Dominion when we should control within ourselves the important interest of Insurance, and conduct it on the soundest basis that can be gathered from past experience. The equitable principle of dividing at the end of each year the surplus funds amongst policy-holders—at the same time building up a Rest—which has been tested and proved such a profit and protection in Life Assurance, has not hitherto been applied in its entirety to Fire Insurance; and in this respect the HAND-IN-HAND will be the pioneer Company. The following extract from the By-law adopted by the Directors will more fully explain the principle:

DIVISION OF SURPLUS.

FIRST.—On or immediately after the first day of January in each year, the Board of Directors shall ascertain as nearly as may be the net surplus funds, if any, arising from Premiums, Investments, and other sources, during the year ending on the 31st day of December then last, and after making provision for all expenses, losses, and liabilities of the same year, including claims for losses not yet adjusted; and the amount of the said surplus ascertained as aforesaid, shall be binding on all persons interested therein.

SECOND.—The Board of Directors shall then appropriate to every person who shall have been insured with the Company during the said year such a proportion of the said surplus funds, ascertained as aforesaid, as the total amount of cash premium received by the Company from him during the said year, exclusive of sums returned upon cancelled or rejected risks, bears to the aggregate amount of the premiums so received from all such persons. But no appropriation of the said funds shall be made to any person whose proportion thereof would be less than five dollars; and if the proportion of the said funds to which any person would be entitled shall exceed five dollars, so much thereof as shall exceed the largest multiple of five dollars contained therein shall not be appropriated to him, and the part of the said funds, if any, thus unappropriated, shall be carried to the account of the revenue for the current year; and no premium received for any insurance which has become void by reason of any act of the insured, or which has been cancelled by the Company, shall be included in the computation and appropriation of surplus funds.

THIRD.—The said scrip funds shall be applicable without limit, if necessary, for all losses of the Company by fire or otherwise, and for expenses over and above the cash receipts of any year, the same being applied in the inverse order of their dates, the fund of a later year being applied first, and so on to the earliest date; and the scrip represented by the funds so applied shall be proportionately reduced or wholly cancelled accordingly, and the scrip funds of the Company shall be resorted to, and if necessary exhausted, before any assessment shall be made upon the undertakings of the insurers.

FOURTH.—Whenever the scrip funds in the hands of the Company shall amount in the aggregate to $250,000, the Board of Directors shall thereupon apply a part thereof, not less than one-half of the excess over $250,000 from year to year, towards the redemption of existing scrip, commencing with the earliest in date, and shall continue so to do until the scrip funds shall amount to $500,000, when a part thereof equal to the entire annual excess over $500,000, shall be applied to the redemption of scrip in the order aforesaid.

The Companies that have somewhat approximated the plan laid down by this Company are the "Hand-in-Hand" of England, established in 1696, the "Manufacturers" of Boston, and the "Continental" of New York. The first Company referred to has returned to its policy-holders 66 per cent. of the premium paid. The average rate returned by the "Manufacturers" for the twenty-two years during which it has been doing business is 67½ per cent., and no assessment; and the "Continental" paid its large loss by the Chicago fire, amounting to over ONE AND A QUARTER MILLION DOLLARS, out of the scrip issued to its participating policy-holders, and has redeemed several years' issue previously.

The Directors feel justified, by the foregoing actual experience, in founding this Company on the basis they have adopted, which, on close examination, they believe will be found peculiarly adapted to Canada, and will supply the want to a certain extent now felt by insurers.

W. H. HOWLAND,
President.

LEGAL AND JUDICIARY.

Supreme Court of the Dominion and Court of Exchequer.

The Supreme Court, as a high Court of Appeal, constituted by Dominion Statute 38 Vic., cap. 2, assented to 8th April, 1875, is composed of a Chief Justice and five Puisne Judges, and has appellate civil and criminal jurisdiction within and throughout the Dominion of Canada. The Judges reside at Ottawa, where the Supreme Court holds annually two sessions, beginning respectively on the third Monday in January and June. The Exchequer Court, presided over by the same Judges, possesses concurrent original jurisdiction in

the Dominion in all cases in which it is sought to enforce any law relating to the revenue, and exclusive original jurisdiction in all cases in which demand is made or relief sought in respect of any matter which might in England be the subject of a suit or action in the Court of Exchequer on its revenue side against the Crown or any officer of the Cown.

The Law Society of Ontario.

The Law Society was first established in 1797, by the Act 37 George III., c. 13, which enabled the then practitioners of the law to form themselves into a society and make rules for its government. By the Act of 1822, 2. George IV., c. 5, "the Treasurer and Benchers of the Law Society" were formally incorporated; and under these and other statutes the Society has continued to be governed by a Board of Benchers, in the same manner as the various Law Societies of England. By the Act 34 Vic., c. 15, the Benchers theretofore appointed from time to time by their own body, are made, exclusive of *ex officio* members, elective by the Bar, the *ex officio* consisting of the Attorney-General for the time being, and all members of the bar of Ontario who have at any time held the office of Attorney or Solicitor General of the former Province of Upper Canada, and any retired Judge of the Superior Courts of Law or Equity of Ontario; the *elective*, thirty in number, being chosen by ballot, for a term of five years, by the members of the Bar, in the manner prescribed by the Act. Vacancies during the term are filled by the remaining Benchers. The Judges of the Superior Courts are visitors of the Society, and, on the first day of Easter Term, annually, the Benchers appoint one of their body to be Treasurer, who is also President of the Society. The Benchers sit in convocation every term for the call of Barristers, the admission of Attorneys and Solicitors to practise, and of Students to enter the Society, the fees paid by whom form the revenue of the Society. Osgoode Hall, appropriately named after the first Chief Justice, is the Ontario "Inn of Court," or headquarters of the Society, in which is provided accommodation for the Courts of Equity, and the Court of Appeal, and for the sittings in term of the Superior Courts; with a valuable and extensive library.

Sittings at Toronto first Monday in January and July in each year. Clerk of Commissioners, W. B. Heward.

COURTS FOR THE TRIAL OF CONTROVERTED ELECTIONS.—The nature of these Courts is sufficiently indicated in their title. The Judges of the Court of Appeal and of the Superior Courts of Law and Equity meet annually in Michaelmas Term, and severally select, by a majority of votes, a Judge of their respective Courts to be placed on the rota for the trial of election petitions. In the case of death or illness of a Judge so chosen, the Court of which he is a member meet and elect another Judge. At trials referring to the Dominion Parliament, two Judges preside, and appeals lie to the Supreme Court at Ottawa. At those relating to the Legislature of Ontario, a single Judge presides, and the appeal is to the Court of Appeal of that Province.

COUNTY COURTS.—Presided over by a resident Judge in each county, assisted in some counties by a Deputy or Junior Judge. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed $200; and to all suits relating to debt or covenant or contract, where the amount is ascertained by the acts of the parties or signature of the defendant, to $400; and to all bail bonds and recognizances of bail given in the County Court, to any amount; but not to cases involving the title to lands, validity of wills, or actions for libel, slander, crim. con., or seduction. An appeal lies to the Court of Appeal of Ontario.

COUNTY COURT SITTINGS AND COURTS OF GENERAL SESSIONS.—The County Judge in each county holds a sitting of his Court and a Court of General Sessions in his county semi-annually on the second Tuesday in June and December, except in the County of York, in which county said Court is held four times, commencing on the second Tuesday in March, May, September and December, the latter Courts for the trial of cases of felony and misdemeanor, but treason and capital felonies are exempted from their jurisdiction. The Judge may also, in his discretion, hold additional sittings at such times as may be deemed expedient to expedite business, but only for the trial of issues of fact without a jury.

COUNTY JUDGE'S CRIMINAL COURT.—Persons committed to jail for trial, on charge of being guilty of any offence for which they may be tried at a Court of General Sessions, *may with their own consent*, and subject to the provisions of the Act in that behalf, be forthwith tried by the Judge of the County Court and General Sessions without a jury, and, if convicted, be sentenced by the said Judge; and the Judge sitting on any such trial for all the purposes thereof, is constituted a Court of Record, and the record in any such case shall be filed among the records of the Court of General Sessions last mentioned.

COURTS OF REVISION.—The County Judges hold annually Courts of final revision of the Assessment Rolls of each Municipality, being in the light of Courts of Appeal from the first Court of Revision held by the Municipality; and also Courts for the Revision of the Voters' Lists, being equivalent to the Courts held by Revising Barristers in England.

INSOLVENT DEBTORS' COURTS.—These Courts, which have reference to traders only, are regulated by the Act known as "the Insolvent Act of 1875," which consolidated and assimilated the practice in Bankruptcy and Insolvency in the several Provinces of the Dominion. The County Judges in the several counties preside, and official assignees are nominated by the Governor in Council, and are officers of the Court, having jurisdiction in the county or district for which they are appointed. An appeal lies to the Court of Appeal of Ontario.

SURROGATE COURTS.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting or revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effects in Upper Canada, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Court of Chancery. The County Judges are also Judges of the Surrogate Courts. Chief Surrogate Clerk at Toronto—Sir J. L. Robinson, Bart.

DIVISION COURTS for the summary disposal of cases by the presiding Judge, being the County Judge or his Deputy, or any Barrister appointed to hold the same, but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract amounting to $100; injuries or torts to personal chattels amounting to $40; and personal actions to that amount, if not excepted from their jurisdiction; but not ta actions for gambling debts, liquors drank in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P., for anything done by him in the execution of his office if he objects to it. Each judicial district is divided into Court divisions, and Courts are held once in two months in each division or oftener, at the discretion of the Judge. The divisions are established by the

The Courts of Queen's Bench and Common Pleas have power also at their discretion, to hold sittings in banc in time of vacation (except long vacation), by virtue of a rule or order of the Court respectively to be made in or out of term, for the hearing of such special cases or rules for new trials as shall be named in a list to be attached to any such rulh or order, and for giving of judgments in cases previously argued, and for disposing of such other business as the Court in its discretion shall see fit; and one of the Judges of either of the Superior Courts sits in open Court on Tuesday and Friday of every week, as well in as out of Term, except during vacation, for the purpose of disposing of all Court business which may be transacted by a single Judge, subject to an appeal to the full Court, which for that purpose may be constituted of two Judges.

The Courts of Assize and Nisi Prius may, in the discretion of the Judges, be held separate and apart from the Courts of Oyer and Terminer and General Gaol Delivery, and the Assizes for any County are not put an end to by the commencement of Term, but may continue and be holden during Term, subject to special rules in such case for moving against the verdict or for new trials.
