GERMAN OFFENSIVE NORTH OF YPRES IS SPENT AND ALLIES AGAIN THE ATTACKERS

TROOPS LANDED ON BOTH SIDES OF THE GALLIPOLI PENINSULA BY ALLIES

Aided by Navy are Strengthening Foothold and Breaking Turks' Defence—French Troops Occupy Turkish Village on Asiatic Side of Dardanelles.

London, April 27.—A joint war office and Admiralty statement issued tonight on the Dardanelles operations says:

"After days of hard fighting in a difficult country the troops landed on Gallipoli peninsula are thoroughly making good their footing with the effective help of the navy. The French have taken 500 prisoners."

The statement appends the following, which, it says, is officially published at Cairo:

"The allied forces under General Sir Ian Hamilton have effected a landing on both sides of the Dardanelles under excellent conditions. Many prisoners have been taken and our forces are continuing their advance."

FRENCH TAKE KUMKALEH.

Paris, April 27.—French troops have occupied the village of Kumkaleh, on the Asiatic side of the entrance to the Dardanelles. This announcement was made officially tonight.

"During the disembarkation Sunday of the allied forces at the Dardanelles, the official communication says, French troops, comprising infantry and artillery, had been designated particularly for operations at Kumkaleh, on the Asiatic side. This mission was completely and successfully fulfilled.

"Aided by the cannon of the French fleet, and under the fire of the enemy, our troops succeeded in occupying the village and have continued its occupation, despite seven counter-attacks at night, supported by heavy artillery.

"We took five hundred prisoners, and the losses to the enemy appear to have been considerable.

"The general disembarkation of the allied forces continues under good conditions."

CANADA'S TRADE FOR YEAR OVER BILLION DOLLARS

Splendid Showing in Spite of Abnormal Conditions—Big Increase in Exports of Made-in-Canada Goods.

Special to The Standard.

Ottawa, April 27.—The trade of Canada for the fiscal year ended March 31 last was over a billion dollars, according to the statement issued today by Hon. J. D. Reid, Minister of Customs. The figures for the year totalled \$1,078,173,000 compared with \$1,112,562,000 for the previous fiscal year. Taking into consideration the disturbed economic conditions as a result of the war, the showing of Canadian trade is satisfactory and proves that Canada's prosperity is based on solid foundations. Domestic merchandise exported reached the large total of \$409,418,836 as against \$481,588,000 for the preceding year. The export of manufactured articles totalled \$359,539,000 against \$374,453,000 for the year 1913-14. Exports of animals and their products also were largely in excess of the corresponding year, being \$74,390,000 as against \$53,349,000. There was slight decrease during the year in the export of products of the mine, fisheries and forest, the figures being: Mine, \$51,740,000, against \$59,019,000 for 1913-14; fisheries, \$19,587,000 as against \$20,623,000 and forest, \$42,650,000 against \$42,792,000.

The total imports of dutiable goods were \$279,717,000, as compared with \$416,130,000 in 1913-14; free goods imported amounted to \$175,650,000 as against \$208,198,000. There was a large increase in coin and bullion imported, the figures being \$131,992,000 as against \$16,325,000 for the preceding year. The grand total imports, including coin and bullion were \$587,244,000 against \$612,564,000 for 1913-14.

CHANGING FLAGS—SIR WILFRID LAURIER ABANDONS RECIPROCITY FOR THE TIME BEING.

MORE PRAISE FROM GENERAL FRENCH FOR CANADIANS' SPLENDID WORK

Ottawa, April 27.—Sir John French has given further praise to the Canadian division for their recent fighting near Ypres. Colonel J. J. Carrick, M. P., the Canadian eye-witness, today cabled Sir Robert Borden:

"In an interview this morning with Sir John French he authorized me to cable you that the Canadians fought magnificently and splendidly, and their action will be one of the greatest factors in cementing in closer union the bonds of the British Empire in the eyes of the world."

Premier Denham of Queensland, Australia, today cabled Sir Robert Borden, the Premier: "Queensland regards with boundless admiration and pride heroic deeds of Canadian troops in Flanders." The Premier replied: "We send our warmest thanks for your telegram, which will be deeply appreciated throughout the Dominion. Canada is filled with pride in the valor of her sons, and with sorrow for those who have fallen."

HAS GIVEN AN IMPETUS TO RECRUITING

News of Glorious Work of Canadians at Ypres Brings Forth Large Number of Volunteers.

Ottawa, April 27.—A further list of casualties received by General Hughes tonight intimates that six more officers were killed in the fighting around Ypres on Sunday and 24 officers wounded. The killed are Major G. W. Bennet of Peterboro, Capt. W. F. F. Gordon of Toronto, a son of Lockhart Gordon; Lt. H. N. Klots of Toronto, Lt. W. J. Duxee of Campbellford; Lt. C. W. Day of Kingston and Lt. W. Fitzpatrick of Pipestone, Man. Lt. Pipestone was formerly reported seriously wounded.

General Hughes stated tonight that so far only 32 officers and men have been reported as missing which would seem to discount the German statement that one thousand Canadian prisoners had been taken. There is no news yet from Col. John A. Currie, M. P., of Toronto. Capt. Clark Kennedy of Montreal, who was reported killed, is now reported alive and well. It will be a week yet before all the Ypres casualties are known. The Canadians are still resting after their terrific work. Many of the men had to go without food for 48 hours. The casualties amongst the officers total 129 to date.

The temper of the Canadian people is shown by the great impetus which has been given to recruiting by the news of the great battle. Men all over the country are coming forward to take the places of those who have fallen. General Hughes states that recruits are coming in faster than before.

HON. WALLACE GRAHAM CHIEF JUSTICE OF N. S.

Hallifax, April 27.—Hon. Wallace Graham, senior judge of the Supreme Court of Nova Scotia, has been appointed chief justice of the Province of Nova Scotia, succeeding Sir Charles Townshend, who retired from the bench a few weeks ago.

COLLECTED \$300,000 IN LESS THAN 24 HOURS. London, April 27.—The appeal of the British Committee for Relief in Belgium has resulted in \$300,000 being collected in less than 24 hours. New South Wales contributed \$143,750. The Lord Mayor of Melbourne's fund aggregated \$100,000.

Reports Say Germany Trying To Buy Up Four Years' Food Supply

London, April 27.—A telegram to the Evening News from Copenhagen quotes the German Councillor of State, Herr Gottschalk, as saying that systematic efforts were being inaugurated in Germany for the purchase of sufficient foodstuffs for four years' supply. This is being done, it is said, on instructions to German chambers of commerce from Dr. Von Bethmann-Hollweg, the Imperial Chancellor, on the ground that Germans "must be prepared for at least this length."

Bombarding Interior Forts of Dardanelles

London, April 28.—The Daily Mail's Athens correspondent, telegraphing Monday, says: "The bombardment of the interior forts of the Dardanelles which began Sunday, continued today and resulted in heavy damage to the forts. It is reported that the forts on the coast near Smyrna also were bombarded, but this report has not been confirmed."

ONE OF THE ALLIES' TORPEDOBOATSSUNK IN THE STRAITS? AN OPPORTUNITY FOR DOCTORS FROM CANADA

Bulletin—Constantinople, April 27, via London, April 28, 1.58 a. m.—"When the enemy's fleet approached the Straits our fire sank one of their torpedo boats and damaged another so severely that it had to be towed to Tenedos. The enemy did not undertake any operations from the sea against the Dardanelles the following day."

ALLIES DRIVE GERMANS FROM LIZERNE; FRENCH CROSS CANAL TAKE HET SAS

Germans' Whirlwind Attack Stopped and Allies Now on the Offensive and Striking Towards St. Julien, Which Enemy Captured Last Week.

London, April 27.—On the narrow, rocky Gallipoli peninsula in Turkey, and on a restricted front stretching northward from Ypres in Belgium, two of the most vital struggles of the war are now in progress. Neither struggle has yet reached a stage which would permit of a prediction of the ultimate result.

In the Gallipoli peninsula a picturesque assortment of Allied troops landed Sunday, supported by the fire of the warships and are trying to batter their way through thousands of German-officered Turks in an effort to force the Dardanelles—the main gateway of the Ottoman Empire—and reach Constantinople.

According to the British claim, the attack is progressing, but a Turkish communication received tonight declares that although the Allies landed forces at four points these forces are being beaten back to the coast, while the Moslems in the French ranks are deserting and casting their lot with their co-religionists.

Equally contradictory are the official statements concerning the fighting in the vicinity of Ypres. It would appear that the German offensive north of that city, which resulted in their recent gain of nearly three miles, has

MEMORIAL SERVICE TO BE HELD AT OTTAWA ENORMOUS WAR ORDER FOR CANADA

For Canada's Heroes—Service on Parliament Hill tomorrow morning with Governor-General and Suite in attendance.

Ottawa, April 28.—Brigadier-General Hodgins, Adjutant General of the Canadian Militia, tonight issued orders for a public service in commemoration of those Canadians who have recently fallen in battle. The service will be held Thursday morning, 29th instant, at 10.30 on Parliament Hill. His Royal Highness the Duke of Connaught and suite will attend, as well as members of the Ottawa garrison, overseas troops in training in the capital, members of the cabinet, and the general public. The troops will march past His Royal Highness after the service.

KAISER HOPES TO INTIMIDATE GREECE

Sends Sister, Queen of Greece, Report of German Successes and Warns Greece Against Joining Allies.

London, April 28, 1.42 a. m.—A Reuters despatch from Sofia says that the German emperor recently sent to his sister, the Queen of Greece, a telegram in plain language describing the German success both on the western and eastern fronts, and affirming his conviction of eventual victory for Germany and Austria, adding that "this will serve as a warning to any countries venturing to join Germany's enemies."

Special to The Standard.

Ottawa, April 27.—General Hughes intimated tonight that orders for shells for the allies to the extent of \$175,000,000 were being executed in Canada. He gave the further most important information that arrangements at Saul Ste. Marie, Ont., and Sydney, C. B., were now so far forward that henceforth Canada would refine her own copper, purify her own zinc and manufacture her own brass for war munitions.

MAJOR MERSEREAU AMONG THE WOUNDED

Formerly Engaged in Real Estate and Fox business here.

News that Major C. J. Mersereau was seriously injured in the fighting last week in Flanders will be heard with sincere regret by his many friends in this city and province. Major C. J. Mersereau was formerly a member of the firm of Kelstead & Mersereau, real estate and fox brokers with offices in Dock street. Major Mersereau had his home at Hampton and recruited the corps of Guides, which was made up when the first call for troops came. He went to Valcartier with the members of the first Canadian contingent and sailed with it to the Old Country.

MANY DEATHS AMONG CANADIANS DUE TO ASPHYXIATING GASES USED BY THE GERMANS

ESTIMATES THE CANADIAN CASUALTIES LAST WEEK 2,000

London, April 27.—A reliable report received in London places the Canadian casualties at two thousand in the fighting of last week, with twenty-five officers killed and 100 wounded. The British War Office, in a statement tonight, supplementing its previous charges that the Germans in their fighting are using noxious gases, says:

"Medical evidence shows that Canadian soldiers have lost their lives in the recent fighting, not from wounds, but from poisoning by gases employed by the enemy."

London, April 27.—The heavy casualty list among the Canadians at the front resulted in an emergency call for reinforcements on Monday night, when a body of officers and men, both from the base details and the recent arrivals, paraded and embarked for a special destination. The departure of these troops was not secret, as is usually the case, but was open, and the Folkestone citizens gave them a rousing farewell.

A most successful function took place today at Folkestone, when the Mayor and Mayoress, Sir Stephen and Lady Penfold, gave a reception at the Hotel Metropole to Major General Babington and Brigadier General MacDougall, commanding the Canadians, with other British and Canadian officers. Sir George and Lady Perley and a large number of leading Canadians were present.

The Borough of Folkestone has done its utmost to give a welcome and show its appreciation of the Canadian contingent.

Canadian soldiers in London yesterday and today were lined up on all sides. Whenever they boarded the cars they were the subjects of approving glances or uttered admiration.

TOTAL CASUALTIES AMONG CANADIAN OFFICERS NOW 130

Ottawa, April 27.—Five officers killed, one reported killed, two wounded and missing, and twenty-two wounded are included in a casualty list issued tonight by Major General Hughes, who received the list from the Canadian Record Office, London, by private cables.

Captain Clark Kennedy, of Montreal, who was reported killed, is now reported alive and well. No information has yet been received confirming the report from Berlin that a thousand Canadians have been captured. The total casualties among Canadian officers is now upwards of 130.

The list follows:

SECOND BATTALION.
Killed.
Major G. W. Bennett, Peterboro, Ont.
Capt. W. Lockhart-Gordon, Toronto, Ont.
Lieut. Herbert N. Klotz, Toronto, Ont.
Lieut. C. W. Day, Kingston, Ont.
Lieut. W. J. Doxsee, Campbellford, Ont.

FIRST FIELD AMBULANCE.
Reported Killed.
Lieut. W. Fitzpatrick, Pipestone, Man.

SECOND BATTALION.
Wounded.
Major H. G. Bolster, Cobourg, Ont. (missing).
Lieut. Otis Whelen, Ottawa.
Lieut. C. T. Richardson, Kingston, Ont.
Captain W. H. B. Hooper, Carleton Place, Ont.
Lieut. E. C. Culling, Ottawa.
Lieut. R. A. Stirling, Quebec.

These troops were not secret, as is usually the case, but was open, and the Folkestone citizens gave them a rousing farewell.

A most successful function took place today at Folkestone, when the Mayor and Mayoress, Sir Stephen and Lady Penfold, gave a reception at the Hotel Metropole to Major General Babington and Brigadier General MacDougall, commanding the Canadians, with other British and Canadian officers. LAST WEEK OF SESSION OF LEGISLATURE

House Last Night Considered New Succession Duties Act and Absconding Debtors' Bill.

Special to The Standard.

Fredericton, April 27.—The Legislature resumed business this evening on the last lap of the session, the program calling for prorogation the latter part of the week, probably not before Friday and perhaps not until Saturday.

Most of tonight's sitting was taken up with consideration of the new succession duties act. One of the government bills introduced, that to amend the Audit Act, provides for increasing the salary of the Auditor-General from \$1,800 to \$2,100 per annum.

There is to be a caucus of the government party tomorrow morning when it is expected that the Valley Railway legislation will be one of the matters considered. There are many rumors as to what the conditions of the bill will be.

Today's arrivals at the Barker House include A. R. Gould, president of the St. John and Quebec Railway Co., who is just back from the Panama-Pacific Exposition; F. H. Markey, K. C. of Montreal, solicitor for the Prudential Trust Co., and P. Lemaitre, of Montreal, also of the Prudential Trust Co., which holds the proceeds of guaranteed bonds.

The House met at 8:30 p. m. Hon. Mr. Clarke introduced a bill to amend the law respecting mechanics' liens, to amend the New Brunswick Elections Act and to amend the Audit Act.

Mr. Stewart moved for return of bond and other indebtedness of the province.

Hon. Mr. Clarke said the papers would be brought down without formality of an address.

Bill Respecting Debtors.

The House went into committee with Mr. Munro in the chair and agreed to the bill to amend the Agricultural Act, which enables agricultural societies to make temporary loans; also respecting trespasses on crown lands, which provides power to expel squatters and others who locate themselves without any authority upon crown lands upon order to the sheriff or other person appointed by the Minister of Lands and Mines; also respecting absconding, concealed and absent debtors. This bill assimilates procedure for dealing with these debtors with that in use under the Assignments Act. The present form of procedure for dealing with absconding, concealed and absent debtors is expensive and dilatory and the object of the new act was to simplify it.

Mr. Tilley asked if a man died in Quebec leaving property in New Brunswick how would it be affected by this act. Also if a man dies domiciled in this province leaving property in some other province which will exact duty on it, would duty have to be paid in this province as well, thus taxing it twice over.

Hon. Mr. Baxter said in the first case the property in this province of a man living in Quebec is liable for duty under the present law and would be so in future; and in the second case it would be a factor in calculating the amount of duty to be paid in this province, that duty had to be paid in the other province also. He was looking, however, at no distant date to some sort of reciprocity in taxation in matters of this sort between the provinces, when the matter would probably be adjusted.

Mr. Tilley thought that the provision calling for double rate of duty to be paid by legatees and living outside pro-

MARRIAGE OF JACK AND JILL GAVE DELIGHT TO LARGE AUDIENCE

Children's entertainment at St. Mathew's church was very clever and much enjoyed.

The Marriage of Jack and Jill was presented by the children of St. Mathew's Presbyterian Sunday school in the church hall last evening to a large and appreciative audience. The performance was under the direction of the primary teachers Miss Jennie Keen and Mrs. Murdo Urquhart, who deserve the highest praise for the manner in which the children carried out the programme. Many of the children taking part in the performance are in the primary department. The children rendered their parts with great spirit and kept the audience in roars of laughter. The cast of characters follows: Minister, Dr. Foster—Thos. Urquhart, Bride, Miss Jill Pumpkinator—Irene Brown, Groom, Mr. Jack Spratt, Jr.—Harold Bishop.

G.P.R. TELEGRAPH HAS FINE NEW ROOMS

Modern equipment in top floor at King and Germain Streets.

The C. P. R. Telegraph Company commenced business last night in their new quarters on the top floor of the C. P. R. building, corner of King and Germain streets, and are now occupying the most modern telegraph office in Canada.

The C. P. R. Telegraph Company first opened their office in St. John in the year 1883 in the basement of Bank of Montreal building, on the corner of King and Prince William streets under the management of the late P. W. Snider. The company at that time only occupied a small space and the old style battery jars were used in obtaining current, since that time, however, the business has increased to a wonderful extent and as the years rolled by the plant became more modern, and instead of the old fashioned jars with vitrol, water, zinc and copper, the office is now supplied with the very latest type of storage battery cells.

For a long time the company did business in the bank building, but as the business increased this space proved too small, and when the Aberdeen Hotel went out of business in the Pugsley building on Prince William street the C. P. R. plant was moved to this building. The business was still under the management of the late P. W. Snider. On the demise of the latter, Frank Mahon, the chief operator, was appointed manager. Mr. Mahon is now in charge of the office at Saskatoon. When Mr. Mahon was transferred west the management was turned over to Walter C. Godard, the present manager, who is in charge with James M. Barnes as chief operator.

While the company's business office is on the ground floor of the new building where telegrams are received and delivered, the operating room and the rest of the plant is on the fifth or top floor of the building. In this large room there are fourteen quadruple tables with accommodation for 56 operators. There are six quadruple devices, which means that four men can work on one wire at the same time, also six duplex, where two men can work on the same wire at the same time, and in addition to these there are numerous single and way instruments. The current is now stored and can be drawn off as required.

There are over five hundred of these storage battery cells and there are three hundred wires running into the building.

The system of lighting is indirect and casts no shadows. The plant is in every particular up-to-date, and it is safe to say that the C. P. R. office is the most modern equipped in Canada today, having the very latest appliances that experts have been able to devise to facilitate quick transmission, and St. John is fortunate in the fact that all wires run direct to the large centres. The tables are built of oak, and are like the rest of the furnishings and instruments, all brand new.

The charging switch is of the very latest design and was made by the Vaughan Electric Company, Ltd. It is something new in this line, and is a credit to the firm. Previously it was found necessary to send to the States or Montreal for such a switch. Everything that could be purchased in St. John in the equipment of the office was purchased here.

For the sending of messages from the ground floor office to the operating room on the fifth floor, a compressed air tube has been installed and the pressure is so great that the message will travel from the bottom to the top floor in the sixtieth part of a second.

After midnight the business office on the ground floor will be closed and persons who cannot find it convenient to telephone for a messenger will find the entrance to the operating room on Germain street.

The operating room, with the battery room, takes in the entire top floor of the building, and it has a very large floor space. The rooms have been very tastefully decorated by the painters, and is so modern that the comparison between the present time and in '83 when the company first started here is very great.

SUNDAY MEMORIAL DAY FOR CANADIANS WHO FELL IN BATTLE

Montreal, April 27.—It is probable that next Sunday will be a general memorial day in the Montreal churches for the Canadians who died in battle last week. Arrangements for the holding of memorial services in the Anglican churches will likely be made tomorrow, when Col. R. W. Whiston, D. D., will confer with Bishop Parthing and Captain the Rev. A. B. Shaford, chaplain of the 24th Victoria Rifles, with reference to the matter.

vice might work hardships, particularly in the case of a person who was of no relation to the testator, when the duty would be twenty per cent. Some time ago a case came under his own notice where a testator in this province left \$5,000 to an old friend in Toronto. It seemed to him that it was a distinct hardship to deduct twenty per cent. or \$1,000 from that legacy.

Mr. Slipp agreed and said such rate was far too heavy and he thought ten per cent. duty was ample.

Hon. Mr. Baxter said he would take the matter into further consideration and moved that the section stand.

The committee then reported progress.

The House adjourned at 11:15 p. m.

NEW ATTEMPT TO INVAD BUKOWINA

London, April 28, 3:11 a. m.—"The Russians have made a fresh attempt to invade Bukovina," says the Times Bucharest correspondent. "After the fighting on April 22 and 23, they drove the enemy back toward Malenki, and made prisoners of two officers and 180 men. A concentration of Russian forces also is reported at Bojan, in Northern Bukovina, where an attempt is expected to be made to force a passage of the river Pruth."

THE LESSON TO BE LEARNED FROM DEATH OF CANADA'S SOLDIERS

Toronto, April 27.—At the annual meeting of the Toronto Canadian Club, held today, President Falconer, of the University of Toronto, speaking of Canada's fallen heroes, said:

"It means more to be called a Canadian today than it did a week ago. If they could come back to us, from whom would they be willing to accept congratulations? Only from those of us who would be ready to do what they have done. What they have done to save is worth living to maintain, and we hope that those who have been bereaved will be able to endure with the same heroism as those who have gone."

MET TO CONSIDER M. F. GARLAND'S STATUS

Sittsville, Ont., April 27.—The executive of the Liberal-Conservative Association met here today to determine the status of Mr. W. F. Garland, M. P., who was recently practically read out of the Conservative party by Sir Robert Borden for his connection with the militia field dressing contracts. Thirteen members of the executive were present, six of whom urged Mr. Garland's resignation, and seven of whom favored him as a candidate again. A motion was put asking Mr. Garland to resign his seat, but was defeated, and an amendment, endorsed by the seven which favored waiting on Premier Borden to ask him to explain "the situation more fully" was carried. It will, it is understood, depend on Sir Robert's explanation whether Mr. Garland's name will go before the party convention.

The executive met behind closed doors and it is said discussion waxed warm at times. Mr. Garland attended the session, which lasted four hours. Addressing the members, he held that he was politically pure, but admitted that it was indiscreet for him to recommend his clerk as agent for the field dressings. He frankly stated he had no intention of resigning, and said his side of the matter had not yet been fully heard.

The party convention will not be held until after the premier has been interviewed on the situation.

THE EASIEST WAY TO END DANDRUFF

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Mark Lee Luther's Renowned Novel and Play Picturized in Five Parts by The Famous Players Co., Featuring **MARGUERITE CLARK** IN **"THE CRUCIBLE"**

"THE CRUCIBLE," the powerful story of a girl's triumph, through suffering, over threatening evil, from the gifted pen of Mark Lee Luther, offers abundant opportunities for the display of the talents and abilities of that charming favorite, Marguerite Clark. This five-part film production, one of the best-known novels of the day, is a Famous Players-Paramount feature, and unusually virile in its conception and development.

BRITISH PRISONERS SHOT DOWN IN COLD BLOOD BY GERMAN CAPTORS, LORD KITCHENER SAYS

WAR SECRETARY SAYS BRITISH PRISONERS ARE CRUELY TREATED

London, April 27.—The British Parliament occupied itself solely today with discussions on the treatment of British prisoners of war in Germany. In both the House of Lords and the House of Commons, gratitude was expressed for the efforts that have been made by the United States to ameliorate the conditions of the prisoners.

Lord Kitchener's speech in the House of Lords, in which, as a soldier, he said he lamented what he was convinced was German inhumanity toward British soldiers, was the most notable expression of the day. There were, however, equally striking notes in both houses, notably by Lord Lansdowne, leader of the opposition, and Lord Cromer, who expressed regret in the House of Lords that the British Admiralty had seen fit to segregate captured German submarine crews, and by Premier Asquith in the House of Commons, who declared that at the end of the war the British people would exact reparation. No definite course of action concerning the treatment of prisoners was agreed on by either house.

London, April 27.—War Secretary Kitchener told the House of Lords today that British prisoners had been insulted, maltreated, and even shot down by their German captors. He made a statement to the House on this subject, in which he spoke in part as follows:

"I have been forced with reluctance to accept as indisputably true the maltreatment by the Germans of British prisoners. The Hague convention has been flagrantly disregarded by German officers. Our prisoners have been stripped and maltreated in various ways, and in some cases the evidence goes to prove that they have been shot in cold blood. Our officers, even when wounded, have been wantonly insulted and frequently struck."

Earl Kitchener said that as a soldier he hitherto had always held officers of the German army in respect, but constant testimony that has come in, not only from our own escaped prisoners but from French, Russian, Belgian and American sources, has brought it home to all who have seen the evidence that the inhumanity displayed by the German authorities towards British prisoners especially, is beyond doubt.

Hague Laws Violated.

The Secretary quoted articles from the conventions adopted at The Hague relating to the treatment of prisoners of war, and asserted that they had been disregarded flagrantly by German officers. He added:

"I think it only fair and right to say that the German hospitals should be excepted in any charges of deliberate inhumanity. There have been indications of a lamentable lack of medical skill and, in individual cases, of neglect and of indifference to suffering on the part of hospital orderlies. On the other hand, there are statements from prisoners who have been released as incapacitated, that their experience in the hospitals did not form any ground for special complaint."

"Treatment of prisoners in the detention camps in Germany varies considerably according to locality. Our men in most cases suffered from the want of food and have received differential treatment as compared with their French and Russian comrades, and many acts of violence have been complained of. Lately, however, there does appear to be a slight improvement in some respects, due perhaps to visits of inspection made from time to time through the American Ambassador."

"Recently some of our officers have been subjected to solitary confinement in retaliation for the supposed ill-treatment of Germans in this country. The Hague Convention does not admit of such confinement of prisoners of war, except as an indispensable measure of safety, and I hope before long to obtain some evidence of the manner in which these officers are now being treated by Germany."

"Germany has for many years posed before the civilized world as a great military nation. She has abundantly proved her military skill and courage. But surely it was also for her to set

up a standard of military honor and conduct which would gain the respect of not the friendship, of nations. Instead, she has stooped to acts which will surely stain indelibly her military history, and which would vie with the barbarous savagery of the Derivishes of Sudan."

"I do not think there can be a soldier of any nationality, even amongst the Germans themselves, who is not heartily ashamed of the slur which has been thus brought upon the profession of arms. The usages of war have not only been outraged by the infliction of cruelties on British prisoners, but by a contrivance which must have arrested Your Lordship's attention the Germans have, in the last week, introduced a method of placing their opponents hors de combat, by the use of asphyxiating and deleterious gases, and they employ these poisonous methods to prevail when they attack, according to the rules of war, might otherwise have failed."

Charges Proved.

Lord Lansdowne, leader of the opposition in the House of Lords, also spoke. He said the charges against Germany "of callous, inhuman treatment of prisoners had been proved to the hilt," but that England had reason to be grateful to the American government for the manner in which it had seconded the efforts of its Secretary of State to secure redress.

Lord Lansdowne said he deplored the fact that the Admiralty had been forced to have recourse in a policy of reprisals against captive German submarine crews. The real culprits, he declared, were the German government, "which had given them their ruthless commissions." Lord Lansdowne added that the sufferers at the hands of the Germans might be compensated by levying on German property in Great Britain.

Lord Cromer, former British agent and consul general in Egypt, declared there was a strong feeling in the army against the policy of the Admiralty regarding the treatment of German submarine prisoners.

Lord Lucas, President of the Board of Agriculture, stated, on behalf of the government, that the special treatment for captured submarine crews had been adopted, not as a policy of reprisal but as an expression of the highest moral disapproval of German methods. The treatment of the submarine prisoners, however, conformed to the provisions of The Hague convention.

He was glad to announce, Lord Lucas added, that the German government had given James W. Gerard, the United States Ambassador to Germany, permission to visit the prisoners, and he and the government hoped that Mr. Gerard also would be permitted to investigate the treatment of the thirty-nine British officers who are being held in prison as reprisals against Great Britain's treatment of German submarine prisoners.

Speaking in the debate on the treatment of British prisoners in Germany Premier Asquith said:

"It is a horrible story from every point of view—one of the blackest spots on even German methods of war. My object in rising is to say, with all emphasis and all deliberation, that we shall not forget, and we ought not to forget, this horrible record of calculated cruelty and crime."

"We shall at the end of this war hold it to be our duty to exact such reparation against those who are proved to be guilty against us in this matter, as it may be possible for us to inflict. I do not think we would be doing our duty, either to those brave unfortunate men or to the honor of our country, or to the plain dictates of humanity if we should be content with anything less than that."

Travelling Field Kitchen.

An interesting demonstration of a travelling field kitchen was given at noon today on the Y. M. C. A. grounds on Hazen avenue. A number of interested parties, including Mayor Frink and a large delegation from the Daughters of the Empire witnessed the demonstration and were highly impressed with the efficiency of the kitchen.

SAYS ALLIES' LAND FORCES DRIVEN BACK

Constantinople reports failure of forces to land on Gallipoli Peninsula from Allies' warships.

Constantinople, April 27, via Amsterdam and London, 8:05 p. m.—The Turkish war department today gave out the following official statement: "Under the protection of warships the enemy attempted to land troops Sunday at four points on the west of Gallipoli, namely at the mouth of Sighindere, on the coast of Kabatopch, on the coast of Tekoburun and in the neighborhood of Kumkaleh."

"The troops of the enemy which landed at Tekoburun were forced to retreat at the point of the bayonet and were pushed back to the coast. Part of these forces on Monday night were obliged hastily to return to their ships. The Turkish attacks at all points are progressing successfully."

"Simultaneously a fleet approached the Dardanelles in order to force the straits from the sea, but it was obliged to retreat before our fire. "The forces of the enemy which landed at Kumkaleh advanced under the protection of warships, but despite a heavy bombardment from all sides our troops drove them back to the coast."

"The enemy lost four hundred men killed and two hundred taken prisoners. Our losses were insignificant. "A party of Moslem soldiers who landed with the French troops on this point of the coast deserted the French and joined our forces."

"Before Kabatopch we captured a number of English and Australian soldiers, among them a captain and a lieutenant."

LADY DRUMMOND TWICE BEREAVED BY THE WAR

Besides son, Lt. Guy Drummond, killed in action, her brother died of Pneumonia.

London, April 27.—Lady Drummond, who has been in London since the early winter, engaged in Red Cross work, received late on Sunday the news that her son, Lieut. Guy Drummond of the Montreal Highlanders, had been killed in action. Lady Drummond, with her son's wife, has been staying at Brown's Hotel in Piccadilly. Her son's death was the second bereavement Lady Drummond has sustained during the war, her brother, Lieut. E. W. Parker, having succumbed to pneumonia in London while engaged in Red Cross work.

Col. Ryerson, Toronto, head of the Canadian Red Cross, one of whose sons, Captain George Ryerson of the Third Battalion, was killed by shrapnel, and another son, Lieut. Arthur Ryerson of the Divisional Artillery, was wounded, left today for France to bring his wounded son to England.

VAUDEVILLE BOOKING AGENCIES BEGIN A LEGAL BATTLE

Suit for \$600,000 for alleged conspiracy to "Freeze Out" vaudeville act.

New York, April 27.—The leading vaudeville booking agencies of the United States are made defendants in Sherman law suits for \$600,000 damages filed in the Federal District Court here today in which conspiracy is charged in their refusal to book certain acts and attractions offered them by the plaintiffs.

GERMANY'S BARBAROUS MODE OF WARFARE MUST BE PUBLICLY BRANDED

Winston Churchill Says German Reprisal Against British Officers Will Not Deflect Great Britain From Policy Which is Humane and Just in Dealing With Enemy's Submarine Crews.

London, April 27.—Winston Spencer Churchill, First Lord of the Admiralty, explained Great Britain's policy in the matter of the treatment of German sailors captured on board submarines in the House of Commons this afternoon. Answering a question on this subject Mr. Churchill said:

"We cannot admit that the reprisals which Germany has taken against numbers of our own officers can be allowed to deflect us from a policy which we regard as humane and just in itself."

Mr. Churchill also made reference to Germany's answer in this matter. Continuing, the First Lord said:

"It is necessary publicly to brand this form of warfare and prevent it taking its place among the methods open to belligerent nations."

ASKS THAT CRUELTY AGAINST ARMENIANS BE STOPPED

Washington, April 27.—The State Department late today made representations to the Turkish government regarding the reported massacre of Armenians in Turkey, urging that steps be taken for the prevention of further outrages. Secretary Bryan acted upon the request of the Russian government, submitted through Mr. Bakmeff.

submarines because they fought as such, but only to those engaged in "wantonly killing non-combatants, neutrals, and women on the high seas."

Incidents like the sinking of the Oriole at night without warning (the Oriole presumably was lost early in February, with a crew of 20 men); the sinking of the Falaba (with a loss of over 100 lives), and the blowing up of fishing vessels decided the government. Mr. Churchill declared, "to place all submarine prisoners taken after February 18, and so long as this system of warfare continued, in a distinct category." The speaker pointed out that the conditions under which these prisoners were confined were in every way humane.

"We have offered to allow a representative of the United States to visit these prisoners," he said, "and make a report provided reciprocal facilities were accorded us."

MELVIN SHEPPARD'S SUIT

New York, April 27.—Melvin W. Sheppard, holder of world's championship amateur running records and representative of the United States in several Olympic contests, filed suit today for \$25,000 for damages because of injuries sustained by a fall in Madison Square Garden February 10 last, which he alleges removed him from the field of athletics.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

CANADA'S PART

As the details of the fighting of the past few days in Flanders become known the splendid work of the Canadian soldiers grows more apparent. Cables received yesterday, written from the German standpoint, indicated that the stand of the Canadian soldiers practically saved the day for the Allies as it upset all German calculations. Unfortunately, the casualties were very heavy, but how severe will probably not be known for some days, but enough is known now to establish that hundreds of young men, men who, before the war, occupied good positions in the Canadian business, industrial and social world, have made the supreme sacrifice for the Empire. The memory of last week's fighting should serve to bring to the relatives of every man whose name will appear on the list of dead and wounded the sincere sympathy of all Canada. It should also add to the respect we all feel for the wearer of the King's uniform, be he officer, "non-com." or private.

In St. John at the present time are almost 2,000 soldiers cheerfully waiting the call to go to the front. They have sacrificed business and social ties, perhaps for ever, because they desire to do their share for the Empire. In months to come the cables from the war zone will recount the brave deeds of the men of the 26th New Brunswick Infantry, or the 55th, or of the other corps represented here, and then St. John will recall with pride the days when the men of the regiments mentioned were stationed in this city.

New Brunswick of course will always feel an especial interest in the fortunes of the 26th as it will be the first distinctive battalion to go forward representing this province, but New Brunswick sons are to be found in practically every battalion of the Canadian forces now at the front or enroute there. Already the Empire has had an indication of what the men of Canada can do, and it is a certainty that the story of their bravery, as already told, will be but repeated whenever they are brought face to face with the foe. Canada is proud of her soldiers. They are doing their duty well.

THE UNHAPPY TELEGRAPH

The "bought and paid for" Telegraph, in yesterday's issue, devoted considerable space to an expression of the fear in which that paper labors lest Mr. Flemming should represent Carleton-Victoria in the next Dominion parliament. As it is one of the duties of the Telegraph to keep Mr. Carvell in the public life of this country as long as possible, it is not surprising that it should strain every nerve to discredit his opponent. Such a course is merely the game of political journalism as the Telegraph understands it; it is one of the things the Telegraph is supposed to do and, consequently, the viciousness of that newspaper deludes no one. It was quite as vicious regarding Mr. Pugsley when it was told to be.

In the case of Mr. Flemming, however, it is not content with political viciousness, but it goes a step farther and, patterning once more after Mr. Carvell, indulges in direct misrepresentation. In its article of yesterday it stated that Mr. Flemming "held up a railway contractor for \$2,000." This statement is a deliberate falsehood and cannot be proven by the report of the Royal Commission which investigated the case. The Commission found that in the incident in question the contractor had received his contract before he had contributed to any campaign fund.

The Telegraph does not say much regarding the other case in which charges were made against Mr. Flemming—the matter of the timber limits. It conveniently chooses to forget that lumbermen went on the stand in that enquiry and testified that they had contributed to campaign funds under former governments. And while it attacks Mr. Flemming the Telegraph does not deal at all with the case of Mr. Oliver, who played such a prominent part in the scandals in connection with western lands. The Telegraph steers far away from mention of the N. T. R. scandals, the most serious ever ventilated in Canada.

The Telegraph scores the army boots, but has no word of condemnation for the Grit grafters who enabled Michael Patrick Davis and others of his ilk to reap handsome fortunes without giving the country value for the money. The Telegraph attacks Mr. Flemming, but the Telegraph cannot show where one cent of public money was misappropriated during the tenure of the Flemming government. Can the Telegraph say the same regarding the period of administration by the governments which it favored prior to the coming of Mr. Hazen into power?

The Telegraph would paint Mr. Flemming as a sinner and his opponent as a saint, but the Telegraph does not dare to publish Mr. Carvell's references to the Canadian militia, particularly the one where he said, "all you get in the militia of Canada is that you teach about twenty-five per cent of the men of Canada how to get drunk." The Telegraph criticizes the present Provincial Government, but it does not dare to turn back to its own files and republish the editorial opinions it expressed concerning the Robinson government. In short, the Telegraph in attacking Mr. Flemming, or anyone else, is merely playing the old game so familiar to the Canterbury street newspaper offices and trimming its opinions to the tune of the men behind. But the fact remains that Mr. Flemming will, in all probability, be the man to put an end to the political career of one F. B. Carvell. And by that act he will win the approval and gratitude of thousands of independent Canadians even though he may cause pain to the Telegraph.

CONCERNING AN ELECTION

The silly Times grows almost pathetic when it says "Do the Conservatives think in view of what is transpiring in Flanders today that this country should be thrown into a bitter political campaign?" In this way the Times attempts to make its readers believe that if an election comes and the country is divided on political questions the Conservatives must be held to account for the bitterness engendered. The Times' music is not new. The Telegraph has played the same tune a little more expertly, while the Toronto Globe, the Toronto Star and the "Independent" Ottawa Citizen have chanted it so often that they know it by heart.

The Toronto Star, possibly the most expert of the "political peace" party, reasons that whatever political bickering and dissension exists in Canada today would be stopped if the Government withheld an election. It says "a general election at this time will not encourage and stimulate a common patriotism but will promote disunion and strife." The Star's contention is wide of the mark. An election would clear the air and do more to stop political differences than any other medium which might be chosen. The dissension has been largely created by the opposition. They have challenged the policy of the Government and declared against the methods employed in the collection of the necessary war taxes. The honor and integrity of the Government is daily called into question and even its loyalty is made an issue.

Were the electors to be given the opportunity they would decide whether the Government is or is not worthy of its trust. Their decision would settle the matter. We should then have an end to the indecent and unpatriotic attempt of the opposition to misrepresent the Government and people of this country before the world. With nothing to be gained by hiding and perverting the truth, the partisanship of the opposition would possibly be submerged to the higher interests of the people, the nation and the Empire.

A general election could not do more toward promoting disunion and strife than is witnessed today, when the opposition goes even to the trenches in France to endeavor to stir up a feeling among the soldiers of Canada that they are neglected and have great grievances.

Every day brings additional testimony from Canadians on the fighting line that the boots supplied to the soldiers are superior to the English boots. Still the Liberal newspapers attempted to show that the Canadian

manufacturers of boots were trafficking in the health and safety of the soldiers by supplying them with an inferior article. The charge was mean and baseless, and has completely collapsed. Canadians now know that Liberal criticism of the army boots was merely another device for the manufacture of political capital. But it failed to come up to expectations.

Mr. Oliver is speedily qualifying as the political Dr. Jekyll and Mr. Hyde. He demands honesty in others but the Ferguson report shows he did not carry it into practice himself. What does Sir Wilfrid Laurier intend to do about it?

The landing by the Allies of troops on both sides of the Dardanelles marks another step toward the elimination of the Turk.

IMPRESSIONS OF A SUNDAY IN ST. JOHN

To the Editor of The Standard.
Sir.—Being the Sabbath day everyone here seems to be observing it; some most zealously, others indifferently and some not at all.

The first type everyone here is aware of; they evince a greater power of noise making on holy days than they usually expound on ordinary working days; and, not only do they do this once on this Sabbath day but twice.

Whether their noise sounds louder on account of the quietness of the day or not is hard to say, but it not only seems so, but, I believe, it is so; although, they do seem good, yet, I question whether that entitles them to so much noise making on such a quiet day.

The second type seems to every casual observer and even to the close student, to be more in natural harmony with the Sabbath day inasmuch as they relax, in every sense, from their daily pursuits.

As for the third type, they are the "purveyors" to the people and, under the guise of "public utilities" they ply their daily occupation with greater energy and profit than on other days—a strange paradox indeed—when we consider that the Sabbath day implies "rest"; "public necessities" should, in consequence, be less in demand and not more.

The majority of our modern world get their chances of enjoying the "God-given delights of the day" only on Sundays and other holy or civic holidays—the most of the weeks and years the evenings and nights only are vouchsafed to them, simply because our system is so beautifully imperfect—yet we have amongst us some self-centered brethren who deprive this majority of their brothers and sisters of every chance of enjoying this day to the full—with their restrictions and deprivation.

Mark you, however, enterprises that are large and wherein no doubt they (these self sacrificing big) have some interests, are permitted to carry on their trade on these days even more than on any other day—regardless of the fact that every employer is flagrantly violating the Sabbath day, but the small caterers who cater to the physical wants of the week day slaves—such as refreshments, etc., are barred.

What impressed me as peculiar was the crest-fallen inanimate appearance of the local police—whether this enervating Sabbath day has taken the stamina out of the entire force or only a few I cannot say, as I am not here long enough; but the few I have seen confirmed the impression.

One officer I met near Sydney and Union streets certainly looked as if he was wearing his grandfather's uniform—helmet included. I feel sure he must have felt the wind chasing itself up and down, from his collar button to his boot laces.

Two others I met at the head of King street, who were trying hard to rouse themselves by imbibing the inharmonious music let loose by the sanctioning noise-makers; for they certainly looked like a pair just pulled out of a ditch, nay, worse, as if pulled out of a tank of treacle—for everything about them seemed to be drooping, their helmets, countenances, moustaches, shoulders, arms, and coats—what woe-begone looks.

Being representatives of the civic administration they certainly were a good reflection of the doleful kind of day they wish this Loyalist city should be on such Sabbath day—to them, Solomon day.

One should not forget though, that the most solemn are not always—in fact seldom—the most sacred; therefore, a little more of true sacredness and less hypocritical solemnity will please the Lord on High most. A FORMER RESIDENT AND WELL-WISHER OF THE CITY OF ST. JOHN.

Little Eye Troubles Lead to Big Ones

Neglect of the eyes is responsible for almost all of the trouble with vision and many cases of total blindness.

And because the eyes are adjusted so unconsciously, little troubles are often neglected for the simple reason that the sufferer doesn't know they exist. They are not found out until they become big troubles.

Because that is true every one ought to have the eyes examined regularly every two or three years and follow the expert's advice about taking care of your eyes.

If you know you have eye troubles, and even if you think your eyes are all right, you ought to consult Sharpe's optometrists. Doing so is being sure of the right care for your eyes.

POLICE COURT.

In the police court yesterday morning four men arrested on drunkenness charges were fined \$8 or two months in jail.

L. Coram arrested on a drunkenness charge and also charged with resisting arrest and using obscene language was told that he was liable to a fine of \$80 or four months in jail. He was remanded as he desired to procure witnesses. Special Patrolman Barrett testified against him.

A girl, aged seventeen, was fined \$20 or two months in jail on a charge of drunkenness and wilfully breaking windows in a house in Main street.

Manning Haley, arrested last evening for refusing to pay Myles Carroll for a meal which he had disposed of, was allowed to go with a warning and a fine of \$8 or two months standing against him.

BRITISH GOV'T MAY SEND TO CANADA FOR SKILLED WORKMEN

London, April 27.—Free trips to England and return are foreshadowed for skilled workmen in the United States and in the colonies of Great Britain, who are willing to fill the shortage among the armament firms in the British Isles.

Francis D. Ackland, Financial Secretary of the Treasury, announced in the House of Commons this afternoon that the government was taking steps to obtain such help in the production of munitions of war. Free transportation would be arranged, he said, if suitable labor were discovered without displacing the men already effectively engaged in those countries.

CRUSTS IN THE NOSE, FREQUENT SNEEZING, YOU HAVE CATARRH—A DISGUSTING DISEASE

Relief in Five Minutes—Certain Cure Follows if "Catarrhazone" is Used.

Don't stay stuffed up with a sore nose, eyes running and breath bad. Full of power to cure every type of throat trouble, hoarseness, pain over the eyes, bronchitis and Catarrh.

Germs that may be lurking in the mouth, nose or throat, Catarrhazone will destroy them. In this way it prevents many an ill.

"I am never without Catarrhazone Inhaler," writes E. J. Jameson of Huntington. "Use it for a minute and it stops a cold at its beginning. If the cold has a start, or if its catarrh or a bad throat, you can easily cure it with Catarrhazone."

If suffering from throat droppings, running eyes, active nasal discharge, choked condition in the nostrils—remember Catarrhazone will quickly cure you. Get the large \$1.00 outfit. It does the trick sure. Small size 50c; sample size 25c. at all dealers everywhere.

Take one breath through the Inhaler—just one single breath and see how it clears out the nose, how it makes you breathe free and easy.

Use Catarrhazone!

Relief from Catarrhazone is quick and effective—you don't have to wait all day to get it either.

No other treatment is like Catarrhazone or is able to drive catarrh so completely out of the system.

You don't take anything internally in using Catarrhazone—you don't run the chance of spoiling digestion or lessening appetite with a bad tasting medicine. Just breathe in that soothing piney vapor, so rich in healing, so

BANQUET OF Y.M.C.A. PHYSICAL DEPARTMENT A PRONOUNCED SUCCESS

Good work during past year—Addresses and Music—Fine Speech by Dr. G. A. Smith, of Montreal.

The banquet of the Y. M. C. A. physical department, held at the headquarters of the association last evening was attended by nearly one hundred persons. Horace A. Porter presided. After the banquet which began at seven o'clock, much of the success of which was due to the Ladies' Auxiliary and the Young Ladies' League, songs, toasts and short addresses were given by the chairman and several class and club members. The feature of the evening was an address on Play and Physical Exercise, by Dr. G. A. Smith, M. D., physical director of the Central Y. M. C. A., Montreal.

In opening the proceedings after the banquet Mr. Porter said:

Gentlemen: The first outstanding feature of the year's activities was the extension work done last summer when Mr. Howard was put to work organizing summer play and assisting the Play Grounds Association. This move was apparently so fruitful of good results that the Play Grounds Association saw fit to acquire Mr. Howard's services all the year round.

Since Mr. Bonk's arrival the physical activities in the building have been in full swing and during the past season there have been held 326 classes, with a total attendance of 6,242 or an average of over nineteen. This is very satisfactory, but there is no reason why we should not do better, if all will lend a hand. It would entail little, if any, more work on the Physical Director to conduct classes of twice the size; the expense to the association would be practically nil, while the benefits accruing would be tremendous. Let each one here realize his responsibility in this connection.

The facilities have also been used extensively apart from the regular classes. The bowling alleys have been patronized to the extent of nearly 4,000 games and four leagues have been successfully run in this department. In basket ball seven leagues have been maintained averaging four teams to a league. The business men ran a volleyball league with six teams participating. In addition some 1,655 have used the department for other purposes. These figures do not include the soldiers who during the last few months have been using the building in increasing numbers, the figures for

March alone showing 629 having used the showers and tank, 479 of whom also went on the floor.

During the season two exhibitions were given in the gymnasium and one in Fairville in connection with the extension work being carried on by Mr. Frank Thorne, to whom is due much praise for his persistent and effective work there.

In short the past year has been one full of encouragement. Our staff came to us last fall, strangers to us, our city and each other and I cannot help but feel that now that they have struck their stride, this institution whose work fills so important a place in the young life of our city will thrive and increase both in activity, opportunity and accomplishment."

Thomas Guy having given two solos, Wedding Morn and The Drum Major, in good form, the toast to Our King and Empire, proposed by Rev. J. A. MacKelsan, was duly honored. This was followed by a song "God Save the King," by C. Brooke Skelton, and a duet by Mr. Guy and Mr. Skelton. J. M. Roche then offered a few remarks, advocating athletic classes for business men; Harry Heans spoke for the young men's class, expressing the view that there should be more members in so large a city as St. John; F. Thorne offered a few remarks on the senior leaders' extension work; A. W. Estey, bowling chairman, showed that the bowling season had been a great success, and A. S. McAllister, national maritime secretary of the Y. M. C. A., made a few remarks in which he drew attention to the advantages of clean sport and good work being accomplished by the association in this direction. The toast to The Ladies, proposed by S. F. Jameson then followed and was enthusiastically received.

The president of the association, J. Hunter White, then introduced Dr. Smith who in an interesting way referred to the advantages of training along athletic lines and to the lasting effects of physical culture. In speaking of the general principles on which the activities of the Y. M. C. A. are based he claimed that during the present war much of the success that has attended the work of the troops of the Empire had been the result of physical training through the organized methods of the Y. M. C. A., which had always maintained the view that exercise is a great factor in the building up of a healthy body. Dr. Smith then spoke of the need of cultivating a willingness to help one another as a basic principle which should never be lost sight of. He advocated the spirit of "play" as a factor leading to success. "The man who is lacking in the spirit of play," he said, "is sure to go under sooner or later." He thought the number of those in the business men's class should be increased by co-operation, and that men should engage in physical training bearing in mind the fact that considerations of health should prevail over wealth and everything else. The speaker referred to the spirit that should dominate the father who should see to the proper physical training of his children as well as to their general education and other requirements. He pleaded for the bringing up of the boy in the principles of the Christian

Tired Nerves

Since the days of Eve housework has been the drudgery of woman's life. It keeps her indoors, where the air is vitiated, and when the system gets run down the monotony of housework breaks down the nerves.

If you could only get away from it all and rest. But there are meals to get, the house to keep clean, the children to look after, and an endless routine to dishearten and discourage.

Why not give Dr. Chase's Nerve Food a chance to help you? It is the greatest of nerve restoratives. You hear everywhere about the great good it is accomplishing for people who are tired out, run down, nervous, irritable and sleepless. Just try half a dozen boxes, and there will be an end to headaches, bodily pains and depressed spirits.

At this season of the year, as at no other time, you need just such assistance as this great Food Cure will bring you. It is a true tonic, and its upbuilding influence is both thorough and lasting.

Considerable interest is being shown in the two men league and all the games so far are up to a high standard. This league contains a new class of bowlers, more than seventy-five per cent. of the bowlers being first year men. Some extra good games are seen in this league and more than half the bowlers are over the ninety average.
In the Two Men League last night No. 8 team and No. 2 team clashed, with No. 2 team coming out on top, winning 5 points.

ALL WORRY OVER GIANTS BUT M'GRAW

What's the matter with the Giants? The query is prompted over the fact that the Giants have dropped six straight games in a row. The average New York fan may be a bit worried because the Polo Grounders have started poorly, but John McGraw doesn't feel the least bit doubtful as to the ultimate result.
The Giants started their races almost as badly as they have started this one. Yet they won the pennant. For the benefit of those who wish to know just what Mr. McGraw thinks about his team—here's the answer: A person who is close to the little Napoleon recently asked him what he thought of his chances this season and in reply McGraw said: "I'm not worried a bit. I've got the best team I have had in years." And when McGraw makes a confession of this sort it means something. So while the Giants experience trouble at the start don't be misled by thinking that the Giants have cracked and have no chance to win the pennant.
McGraw doesn't say he is going to win the pennant; that would be a violation of his policy. When he says he has a good team you can rest assured, for there's no better judge of strength in the baseball world than John J. McGraw. The Giants as is usually the case are slow getting started.

Though the Giants are capable of playing better ball than they have been for the past six days the fact stands out that their efforts in many respects have been very weak. The work they did against the Phillies will never win a pennant for them. Nor will the brand of ball they played in the opening game against Robins yesterday net them results. The Giants have been slow to start before, and though the Phillies and some of the other clubs are dashing merrily to the front just now it's a pretty sure thing McGraw's men will find themselves when these clubs begin to slip. When the Giants rush to the front they generally stay there. It often takes them a long time to get started, but when they do their endurance is consistent, and this is what tells the story in the long run.

ARE NOT PLEASED WITH COLLINS

In spite of his great work in former years and the fact that he was extremely happy when Comiskey bought his release from the Athletics for \$50,000 last winter Eddie Collins seems unable to hit a balloon this spring. His weak batting, coupled with the failure of the Sox to win every game, has made Chicago fans wonder whether Connie Mack knew that Collins would prove a disappointment when he sold him to the Old Romans of course Collins will hit successfully later on, but the impatient Chicago rooters can't understand why he isn't killing the ball now in return for his \$15,000 salary. Tris Speaker of the Red Sox, who draws \$15,500 for playing center field, also has done practically nothing with the bat since the opening of the campaign. But Magnate Lannin, like Magnate Comiskey, must pay the freight just the same.

While the Phillies are stirring up the fans in Quakerstown popular interest in the once invincible Athletics is falling off in a way that is alarming the other American League clubs. Why? Surely Connie Mack has not made enemies in Philadelphia by building up world's championship teams. Perhaps the business methods employed by the Shibes, who control half the club, are responsible for the long rows of empty seats at Shibe park this spring. The Shibes, it is reported, tried to prevent a reproduction of the Athletics' games on a newspaper bulletin board last year. They also were charged with attempting to stop the circulation of baseball scores over the ticker tape. When the two world's series games were played last fall at Shibe Park it was alleged that speculators had secured a large percentage of the tickets. There is no doubt that Philadelphia fans appreciate what Mack has accomplished, but at the same time baseball men say that Mack has fallen into disfavor because of the fatal mistakes of his business partners. It's a good bet that the Athletic club will soon be subjected to a terrific shake-up. President Ben Johnson is on his way east.

MET A SURPRISE.
Melbourne Inman, the English billiard champion, met with a big surprise in his first game at home after his extended tour of the United States and Canada. (Conceding Falkner 3, 000 points start in a game of 15,500 points up, the champion lost a close game by 518 points.

ENGLISH GOLFERS COMING.

In addition to Harry Vardon and Edward Ray two more of the leading English golfers will leave for America on May 15 by the Lusitania, George Duncan, the Hanger Hill professional, and C. H. Mayo, of Bursill, having definitely decided to compete in the open championship at Baltusrol in June. It was no surprise to hear that Mayo was to accompany Duncan, as the pair have been connected many times in foursome games in different parts of the country. While not a brilliant player, the Bursill professional can be relied upon to put up a useful game and should give a good account of himself in the American open. J. H. Taylor and James Braid will make their decisions known by the end of this week.

IS PACIFIC CHAMPION.

Harry K. B. Davis, of the Presidio Golf Club, San Francisco, won the Panama-Pacific Exposition golf championship last Sunday by defeating Heinrich Schmidt, of the Claremont Country Club, of Oakland, at the San Francisco Golf and Country Club, 1 up.
Schmidt, formerly of New England, has an international reputation, having competed in the British amateur tournament. He put Charles Evans, Western champion, out of the present meet.
Davis is not well known outside the Pacific coast States, but with splendid golf won his matches handily in the present contest, eliminating H. Chandler Egan, formerly national champion, in the semi-final.
Today's match was the closest of

the tournament, the result wavering until Davis won on the thirty-sixth green.

James Madison—"Father of the Constitution"

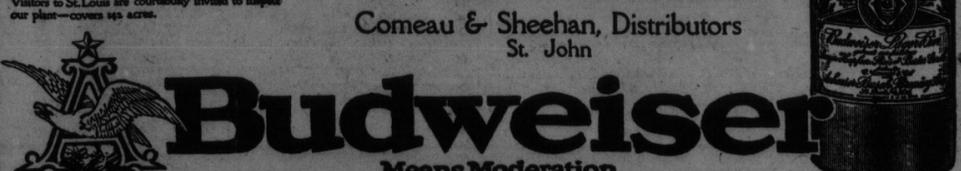

THE FOURTH PRESIDENT of the United States considered it a greater honor to be declared the Father of the Constitution than to have been elected twice to the highest office in the gift of his countrymen. No more ardent, intelligent, far-sighted and constant student of governmental problems ever lived than Madison. They were his life-long passion. He it was who labored with all his gigantic ability and indomitable will to have deeply imbedded in our National Law those vital principles which forever guarantee to all Americans Religious, Commercial and Personal Liberty. In private life he was genial and social—yet temperate. Many a foaming glass of good barley-malt beer he drank with his bosom friend Thomas Jefferson—"Father of the Declaration of Independence." Madison died at 85 and Jefferson at 83; both were unalterably opposed to tyrannous Prohibition Laws, and advocated legislation which encouraged the brewing industry. Upon the terms of the Constitution of the U.S.A. (to which Madison devoted the best of his genius) Anheuser-Busch 58 years ago founded their great institution. To-day 7500 people are daily required to produce and market their honest brews. Their chief brand Budweiser is sold throughout the civilized world—the drink of your forefathers—the drink of the noblest men who ever lived—the drink of the great triumphant nations. Budweiser sales exceed any other beer by millions of bottles.

REVIEW OF LAST WEEK'S MARKET CONDITIONS IN U.S.

J. S. Bache & Co. review of situation—Less excitement and more good judgment looked for in trading henceforth.

The copper stocks furnished the principal underlying strength in the market last week, the specialties dropping into comparative inactivity, with interest growing in railroad stocks. Probably nearly all the "distress" stock that Europe had to sell on the American market was sold long ago. But that has not stopped foreign selling. The sales of international stock that are taking place now come out on advances. Whenever Pennsylvania, New York Central, Atchafalaya, Northern Pacific, Great Northern, Union Pacific, Southern Pacific, Erie and other international stocks, advance on our market, there is fresh selling, principally by London and Amsterdam. These stocks are taken on this side largely for investment and paid for much of the absorption is through private sales. It is a sign of a great supply of cash among our people that these sales do not offset the advance. Many of them are simply bought and disappear into strong boxes.

The market is getting into a position where, having given its wild oats, it is apt to progress with less excitement and more deliberate good judgment. Bonds have been fairly active and give promise of taking on a volume which would insure a genuine upspring security market. A market of this character has much solid ground upon which to base its existence. These grounds lie in the remarkable conditions which have developed in this country; a scientific banking system, insuring fluidity of credit, an enormous gold supply with low rates for money and a demand from the whole world for things we have for sale. Depressed periods in business are due to marked insufficiency in demand, to absorb current supply. Buying orders in great volume at such times are needed to fill the gap in demand for goods in the general business of the country. To an extent, these buying orders have been supplied by bank purchases for war account. These are consistent and increasing and have swung our foreign trade balance to highest figures in the history of the United States. To further fill the gap, prosperity for the railroads is eventually essential for a great trade movement, as it insures enormous buying orders from the roads. All the roads need to buy some things. Some of them need to buy very large amounts. The aggregate of their actual needs is something enormous. They are beginning to buy, led by the Pennsylvania and mean-time railroad earnings are commencing to show gains.

EXTENSIVE SELLING MOVEMENT IN LAST HOUR WIPED OUT MANY EARLIER GAINS

Foreign news affected market conditions—Steel chief feature of the session—Street perturbed over report that Italy recalled foreign representatives from European capitals.

New York, April 27.—Such activity as was manifested by today's stock market was almost wholly at the expense of quoted values. Trading in the first half of the session was the lightest of any day for several weeks, but this condition was reversed in the last hour when an extensive selling movement wiped out a good part of the early gains and caused some net losses. The selling was preceded by reports that Italy had recalled her diplomatic representatives at the leading European capitals, including Berlin. This was regarded as a new and more menacing phase of the foreign situation and coming upon yesterday's war news excited general apprehension. There were some recoveries from lowest prices, notably in United States Steel, but the closing was distinctly irregular. Steel was easily the chief feature of the session, re-ansuming its place as leader. It registered a small decline at the outset, but grew steadily stronger with the progress of the session and was at its best when the late liquidation checked its course. The movement in Steel was watched with unusual interest because it

Important War developments do not have unfavorable effect—Americans strong, led by Steel common.

London, April 26.—Stock markets dealings in securities on the stock exchange here were fairly brisk today, and the markets displayed firmness. The great battle in Belgium did not have a harmful effect. The war loan was harder. It was estimated that only £15,000,000 was involved in the payment of the final instalment today on account of the fact that a large proportion of the issue has been paid for in full. American shares were strong on advice from United States. Steel was buoyant. Canadian Pacific rallied. The home railway group improved.

PRESENTATION TO SUSSEX CLERGYMEN

Dean - Designate Neales presented with Gold-headed Cane and Address on eve of departure.

Sussex, April 27.—Last evening the Corporation of Trinity Church met in the Medley Memorial Hall and on behalf of the parishioners of the Parish of Sussex presented the Rev. S. Neales with a gold-headed walking cane, suitably inscribed, and the following address was read by the senior warden, Rev. D. Campbell of Hampton was present.

To the Reverend Scovell Neales, M. A., Dean-Designate of Christ Church Cathedral, Fredericton, Rev. and Dear Sir:

The Warden and Vestry of Trinity Church on behalf of the parishioners, meet you this evening to express their deep and sincere regret at your departure from this parish. When you came to Sussex eighteen years ago you found the parish torn and the parishioners divided against themselves. You undertook a difficult task and by your earnest effort and true Christian spirit you have succeeded in banishing strife and uniting us in one harmonious family.

During the years that you have been going about among us, as our adviser, our minister and always our friend, you have baptised our children, you have prepared many for confirmation, you have united our young men and women in marriage, you have administered the Holy Sacrament to the hale and hearty and the dying, you have rejoiced with us in our joys, you have sorrowed with us in our sorrows.

Your moral and Christian life and teachings have done much to keep our rejoicings within bounds and your Christian sympathy and love have often sustained us in our sorrows, teaching us that we do not sorrow as those without hope.

We have always believed in your worth and ability, have realized the prominence that you have attained in our Diocese and Synod and are not surprised that you have been called to our Deanery. We heartily congratulate you, knowing that you will fill the position in a thoroughly acceptable manner. Briefly, we sorrow in our loss but we rejoice in your promotion.

We wish you, Mrs. Neales and family a long life with every measure of success and happiness in your new home.

We ask you to accept this cane as a slight memento of our love and affection for you and as a token of our appreciation of your labors in our parish.

Dated at Sussex, N. B., April 26th, A. D., 1915. In behalf of the parishioners of Trinity Church. (Signed) Sydney J. Goodfellow, senior warden; James I. Jeffries, junior warden; E. A. Charters, vestry clerk.

GENEROUS GIFT TO ACADIA UNIVERSITY

B. J. Raynor's gift of \$16,000 to help rebuild students' residence.

Through the generosity of B. J. Raynor, Esq., of Alberton, P. E. I., the rebuilding of the students' residence belonging to the preparatory department of Acadia University, known as Acadia Collegiate Academy, Wolfville, is assured. Mr. Raynor has very generously offered to the Governors of Acadia \$16,000 to be used for that purpose. The contract for the new stone building will be let at once, in order that it may be ready for occupancy at the beginning of the new term, September 1st next.

It is evident that Acadia University is very fortunate in having friends with which to meet every emergency. It will be remembered that on February 3rd, last, the Academy Residence, which had boarding accommodations for 80 students, was destroyed by fire. Plans were immediately made for a new stone building, thoroughly modern in every respect, with accommodations for as many students as the old residence. The work has been delayed, however, for lack of funds. This generous gift of Mr. Raynor, together with \$8,000 promised by D. C. Clark, Esq., of St. John (previously announced), and the insurance funds already in hand, will be sufficient to warrant the Governors in proceeding with the construction of the new residence to be known as the B. J. Rayner Hall.

The new building will be 133 feet long, with three stories and basement, divided into sections by fire-proof brick walls. The plans, prepared by Architect A. R. Cobb, S. M., of Halifax, provide club-room and students' rooms, all arranged according to the most modern system for a Residential School for Boys and Young Men. It will be one of the most up-to-date institutions of the kind in Eastern Canada.

By his generous gift Mr. Rayner has shown his interest in the public welfare, and has carried into effect his desire to assist worthy young men in their preparation for their life-work. According to the terms of the gift, one room shall be occupied, rent free, by two worthy and needy students, to be named by Mr. Rayner, or by the Principal of the school.

CIVIC COMMITTEES IN NEWCASTLE, N. B. CHOSEN BY COUNCIL.
Newcastle, April 27.—Newcastle Town Council met last night for the appointment of standing committees. Mayor Stathart appointed Ald. Mackay, Doyle and Ritchie a nominating committee. They reported as follows: Finance committee—Ald. F. C. McGrath, C. C. Hayward, H. H. Stuart, Public Works—Ald. A. P. Doyle, D. Ritchie, Hayward.

Light, water and sewerage—Ald. A. H. Mackay, McGrath, Ritchie. Police and appointment to office—Ald. Hayward, James Stables, Doyle, Park and fire—Ald. Stables, D. S. Creaghan, Ritchie.

By-laws, petitions and licensing—Ald. Stuart, Creaghan, Stables. Industrial and publicity—Ald. Ritchie, McGrath, Stuart.

There were too many candidates for the police appointment to office committee which has the appointment and oversight of the policemen and Scott Act inspector, and from among Ald. Hayward, Stables, Doyle and Stuart, the first three were selected.

The nominating committee's report was adopted as read, and the first named in each committee was chosen as chairman.

Half Dollars FOR Boys and Girls Who Can Color a Picture

An Interesting Competition for Standard Readers

In the Saturday, May 1st, issue of The Standard, we will publish another sketch which we want every boy and girl under 14 years of age to try and color with water colors or chalks. To the young artist who does it the best we will give a prize of half a dollar. It's a simple competition, no hard rules, no entrance fees, just cut the picture out, paint or color it the way you think best, save six coupons the same as the one shown on this page each morning from The Standard, fill them up, pin them to the painting and send them all addressed to THE STANDARD, ST. JOHN, N. B.

Mark your envelopes in the top left hand corner "Art Competition," then watch for your name appearing as the winner of the prize.

You must save the coupons from six consecutive issues of the paper. Start cutting these coupons now to be ready for next Saturday's picture.

place on Sunday afternoon from his late residence. Services were conducted by the Rev. S. W. Schurman, and the hymns, "Shall We Gather at the River," "In the Sweet Bye and Bye," and "Abide with Me," were effectively rendered by the mixed quartette of the First Baptist Church. Interment was made in the Gray's Island cemetery. The floral tributes were beautiful; among the contributions were: Cross, wife of deceased; carnations, Mrs. Jas. Wallace; Dr. and Mrs. Somers, crescent; wreath, Mr. and Mrs. W. H. Duffy.

The ladies of the Patriotic League will hold a social in the Albert Manufacturing Company's hall on Friday evening, April 30. Ice cream, cake and coffee will be sold. Admission, 10c. Proceeds for patriotic fund.

As the result of the recent contest among the pupils of the Hillsborough High School, (in which the losing side agreed to entertain the victors), on Friday evening about fifty young people, together with the teachers of the Hillsborough and Surrey schools, gathered in the hall of the Albert Manufacturing Company for a social evening.

The committee in charge of the amusements of the evening were: Charles Stanley, Frank Edgett and Gordon Steves, Mr. and Mrs. C. A. Peck and Mr. and Mrs. C. W. Dobson were the chaperons of the evening. After an enjoyable time was spent in the making and pulling of candy, refreshments consisting of beans, biscuits, cake and coffee were served by the young ladies. The prize, which was awarded for the most appropriate costume for a "hard times" entertainment, was won by Stanley Bishop. The evening was a happy success, and a glad ending to the contest which has been in full swing for the past months, for individual work for high class standing.

Around the City

At Marsh Bridge Commissioner Potts has a crew of men engaged raising the sidewalk at the Marsh Bridge.

Lectures in West Side Church Mrs. E. A. Smith delivered an interesting lecture in the Carleton Methodist church last evening before an appreciative audience.

Police Activities. The police were called to Mrs. Flanagan's house on German street yesterday to assist in ejecting a woman who was not wanted there.

No Council Yesterday The city commissioners did not have their usual meeting yesterday afternoon. Commissioner Potts arrived at City Hall at three o'clock and was told by the Common Clerk that the meeting would not be held.

Bridge Still There A. R. Wetmore, engineer of the Provincial Department of Public Works, was in the city yesterday. Asked about the rumor that the new bridge at Newcastle had started to slide into the Miramichi, Mr. Wetmore said: "I heard the rumor, but officially speaking I don't know how it originated."

The First Straw Hat Yesterday The first straw hat of the season appeared in the streets yesterday. A gentleman, who came in on the Pacific Express, wore a new Panama and it stood out prominently among the other hats in the station.

PERSONAL.

George D. Prescott, M. L. A. of Albert is at the Dufferin. Hon. J. A. Murray was in the city yesterday and returned last evening to Fredericton.

The engagement is announced of Miss Evelyn Read Bennett, eldest daughter of the late Mr. and Mrs. H. J. Bennett, of Hopewell Cape, N. B., to Dr. Horace Weldon Costes, of Vancouver, B. C.

F. P. Robinson, secretary of the Public Utilities Commission, came from Fredericton last night. Hon. James A. Murray, Hon. John Morrissey and Hon. J. B. M. Baxter were passengers on the Pacific express to Fredericton last evening.

INTERESTING LETTERS FROM THE WAR ZONE

Mrs. E. Atherton Smith receives communications from Col. Shillington and Canon Almond.

Two of the most interesting letters from the front, interesting particularly in connection with the supply of comforts for the soldier boys, were received yesterday by Mrs. E. Atherton Smith. One of the letters, under date of April 9th, was from Rev. Canon Almond, one of the chaplains with the first Canadian contingent and, incidentally, Mrs. Smith's cousin.

Major Rev. Canon Almond, Headquarters Divisional Artillery, in care of Col. Murray, First Canadian Divisional Ordnance, British Expeditionary Force, France, would insure delivery somewhere along the line of trenches—let us hope near Berlin.

We have been holding a few miles of the front for the past month, and our men are doing splendidly. You will be pleased to hear that Major Frank Magee has been complimented several times on the accuracy of his guns.

The other letter was from Lt. Col. A. T. Shillington of No. 2 Stationary Hospital. He writes: Le Toquet, Paris-Plage, France. 9-4-15.

Dear Mrs. Smith:—Your letter of March 18th received yesterday, with cheques for \$18 francs enclosed, from the local Red Cross Society of Newcastle, New Brunswick. I am writing them also, thanking them for this donation.

I wish to tell you that after your first letter and before fixing up New Brunswick ward, we changed the names of some of the wards and gave New Brunswick one of the best wards in the hospital, on the second floor. We are having it fitted up in a most excellent manner for a military hospital.

I hope, in a short time, to be able to forward you photographs of the buildings and tents, also photographs of the operating room, eye and ear room, and other rooms in New Brunswick ward, as we expect to have a complete set in the near future.

We are spending the money according to your instructions as near as possible. Of course in the purchase of anaesthetics and requisites of this kind, we cannot confine their use to one ward. We will not forget to let patients from New Brunswick know what you are doing for their comfort when they are sick and wounded.

SUDDEN DEMISE OF FRANK C. CRAIBE

In usual good health until stricken about nine o'clock last night.

The many friends of Frank C. Craibe of 80 Sydney street, were shocked last night to learn of his sudden death. Mr. Craibe was at his place of business with A. Chipman Smith and Co., druggists, Charlotte street, as usual all day yesterday and went to his home about six o'clock. He was apparently in the best of health. About nine o'clock he was stricken with apoplexy and died almost immediately.

Mr. Craibe was in the 60th year of his age and besides his wife, who is a daughter of the late John Roop of this city, he leaves one son, C. Walker Craibe, at present in Cincinnati, Ohio, and one daughter, Mrs. Arthur Irvine of Westmount, Montreal.

The late Frank C. Craibe was perhaps one of the best known citizens in St. John and had been connected with the drug business nearly all his life. He began the drug business with the late George Stewart on King street and later entered the employe of T. B. Barker and Son, also of King street, but during the past number of years was the chief clerk with the firm of A. Chipman Smith and Co., in the drug business on Charlotte street.

He was a man who was beloved by all who had the pleasure of his acquaintance and will be greatly missed by a very wide circle of friends.

An efficient committee of the lodge provided refreshments for all present. The meeting closed shortly before 11 o'clock.

ANNUAL MEETING OF CANADIAN CLUB

Reports show much good work done during past year—Officers elected.

The annual meeting of the Canadian Club was held last evening in the board room of the School Trustees, there being a good attendance. The president, Dr. H. S. Bridges, occupied the chair. The reports of the secretary, H. Lester Smith, and the corresponding secretary, Rev. J. James McCaskill, were read and adopted.

Both showed good work done during the year. The following officers were elected for the ensuing year: President, J. Hunter White; first vice-president, R. O'Brien; second vice-president, R. T. Hayes; secretary, H. Lester Smith; treasurer, Horace Porter; corresponding secretary, Rev. J. James McCaskill; finance committee, William Brodie, James Jack, H. O. McInerney; members of executive, A. M. Belding, Sheriff A. A. Wilson and H. O. McInerney, with all past presidents.

A resolution was passed thanking the School Trustees for the use of the board room for the meetings of the club, and to the retiring president, Dr. Bridges for his capable work during his period of office. The report of the corresponding secretary reviewed the work of the club in the past year and referred in detail to the subjects taken by the different speakers who had addressed the club. These speakers were thirteen in number and those who were here before August dealt with subjects of general interest, but of those who followed five successively gave addresses on some of the phases of the war. Major-General Sam Hughes drew the largest audience. Other speakers whose addresses were listened to by large gatherings were Dr. H. S. Bridges, whose topic was Canada and the War; Mr. Adams, who gave an address on Town Planning; and Mr. Alexander, whose theme was Our Boys as a Civic Asset. Most of the speakers were well attended. During the year a meeting was held in conjunction with the Women's Canadian Club and

CONSTRUCTING NEW ROADWAYS IN WEST SIDE

First Concrete Gutter for St. John - Broken stone ready for street improvement.

The first real effort to construct good streets in Carleton has been started by Commissioner Potts, who has a crew of men laying a macadam roadway in Rodney street from Union north to the mill pond. Commissioner Potts said yesterday that he would do what he could. He considered the West Side as one of the best residential sections. He hoped that the people there would assist by planting trees and flowers in their lots and otherwise helping to beautify the prospect of the streets.

In Rodney street too there is being constructed the first concrete gutter ever laid in St. John and it promises to be a pattern after which other gutters will be fashioned. The roadway in Rodney street will be of water bound macadam in the center, while the edges will be of tar bound macadam. The surface resulting will be similar to that in church and Princess streets, East Side.

Commissioner Potts suggested also that the property owners along Rodney street might be interested in the concrete sidewalks and if they wished walks of this nature they could have them by sustaining half the cost of construction. He felt that such sidewalks would add much to the appearance of the street and be an example to other citizens.

In the work of placing the new street surfaces in condition the big eleven ton steam roller has been taken to the West Side and for the first time will be used in street construction there. In other years the broken stone was used there for repairs, but the surface of the roadways was rolled into shape.

During the winter the portable steam crusher has been engaged in preparing stone for the roadways. The stone has been cut from the upper end of Rodney street and eventually there will be a complete roadway from Rodney street right up into Lancaster street. The amount of stone crushed was 1,510 tons and this will be used on the West Side streets. Commissioner Potts intended having more stone prepared, but on account of the lack of money the work had to be curtailed. As many streets as possible, however, will be fitted up.

Some work too has been done in Winslow street. A crown will be placed in the roadway and in places the sidewalk will be widened. The steam roller is at present engaged in this work, but as soon as possible will be used on the roads.
