Advance! BY REV. H. B. WARDWELL. Advance!-the word is grand with meaning The watch-word of heroic souls; Dissolves the mists of idle dreaming, And Truth's inspiring chart unrolls: t makes the struggling soul victorious; It crowns the conquests of the brave; t makes the future's pages glorious, As shining beacons light the wave. dvance, past stormy breakers roaring,

Brave mariner, upon the deep! Though round thy bark the wraith is lower-And wild the thundering surges sweep. There is a calm and peaceful haven Beyond the white seas' tossing foam; And there are hearts with love engraven, That wait to bid the welcome home.

Advance, where rugged heights are frown-Swart climber, 'mid the mountain air! Hold on thy way, all fear dis wning. If thou would'st stand a conqueror there Thus shalt thou gain the summit's glory, And see the grandeurs of the world: The sail-flecked ocean, vast and hoary,

And far horizon's cloud unfurled.

Advance where duty's pathway leads thee Pilgrim of time! for night steals on; There, there, celestial manna feeds thee, And the sweet peace of God is won. trust in God for thy salvation! Cleave to the right and onward move; And when assailed with fierce temptation,

Trust in the Saviour's conquering love. Advance toward the eternal city; Shun every enterprise of wrong; God, who for man shows boundless pity, Awaits thee with the angelic throng. And there beside the golden portals Wearing the beauty of immortals, They wait to meet thee in the skies.

The whole story of life has been by Jean Ingelow: 'Sweet is childhood-childhood's over,

Kiss and part. Sweet is youth; but youth's a rover-So's my heart. eet is rest; but all by showing Toil is nigh, We must go. Alas! the going,

> Say, Good-by.' \*\*\*\*

The Rock of Ages It is the well-anthenticated story of a spring was suddenly overtaken in a something of the spirit of heaven down wild glen among the mountains, by to earth, he has been a tongne of th AUCTIONEER AND COMMISSION what was long recalled by her fellow- for us to say we can do nothing, bevillagers as "the first May storm," cause we cannot follow the exact plan that after attempting in vain for some of some such life. It is given to us all time, with her infant in her arms, to to do some of that work. A noble of Carrington's most powerful magbuffet the whirling eddies, she laid the child down among the heather

Work in life is open to every one, in some direction.

After Mr. Beecher finished speaking and ferns in the deep cleft of a rock, he gave an opportunity, as usual, for with the brave resolve, if possible, to any one who wished to make remarks, make her own way home through the and Brother Lyman Abbott rose and said he had a conversation last evendriving sleet, and obtain a succour for ing (Thursday) with Dr. Deems, in her little one. She was found by the which Dr. Deems told him of Vanderanxious neighbors, next morning, bilt's liking for the Pilgrim's Progress stretched cold and stiff on a snowy and for several particular hymns, as shroud. But the cries of the babe his wife, and Brother Abbott seemed directed them to the rock crevice to think Mr. Beecher did not do Vanwhere it lay, all unconscious of its derbilt justice as regards spiritual danger, and from which it was rescued in safety. Many long years after- glad he liked the hymns, but if he ward that child returned from distant and sung them thirty years ago it original. Said he; 'I ken give ye the lands a disabled soldier, covered with would have made a great difference. facts, squire, and ye can judge for honorable wounds. The first Sabbath He did not sing hymns as long as he yourself. When I were a young man, of his home-coming, on repairing to a city church, he listened to an aged of our lives. If our God deserves anything He de-Claims collected and promptly paid clergyman unfolding in Celtic accents, serves everything. Life is not long was called Betsy Jane. Wm. J. Melanson, David Leahy, Sam'l P. Melanson, Peter P. Hachey, Directors. Our Chatham contemporaries WE WANT reliable, energetic canvass re somewhat astray respecting the Our Chatham contemporaries are somewhat astray respecting the Alms House accounts published in the Advocate last week. The Gleaner is informed that we did not publish a report by the Chairman and Auditor of the Commissioners. What we did publish was a report prepared from the Commissioners of the Commissioners. What we did publish was a report prepared from the Commissioners of the Commissioners of the Commissioners. What we did publish was a report prepared from the Commissioners of the publish was a report prepared from the books by one of our staff. The Manager of the Advance is informed that P. Call. Fac. did not submit that P. R. Call. Fac. did not submit to make the books by one of our staff. The Manager of the Advance is informed that P. R. Call. Fac. did not submit to write for our private property of the pr Manager of the Advance is informed that R. R. Call, Esq., did not submit the accounts to this paper prior to their being laid before the Council.—

The books were in the Auditor's office, and an Advocate reporter was kindly allowed by the Auditor the privilege of glancing over the same.

Runaway.—As Councillor Somers

Pay! Don't fail to write for our private terms, sample pages, etc. This is a grand opportunity for school teachers to make more than double their salaries without interfering with their professional duties. The work is being manufactured at a cost of over \$20,000 for the literary, artistic and mechanical work of producing the plates, by the old well-known, reliable Lovell' Printing and Publishing Co., of Montreal. All letters from agents must be addressed to the Publishers' general agents as follows:—

and Constable J. O'Sullivan were returning home from the Council on Saturday evening, their team was passed by a runaway horse, harnessed to the shafts and the balance of what had a short time before been a sleigh.

After they had gone on short a mile.

Thomas' Eclectric Oil! Worth Ten Coffee always ready. After they had gone on about a mile they came up with the horse, (which was exhausted with the run) and fastened him to a tree by the side of the road. Shortly after they met two per-There are but few preparations of medi-cine which have withstood the impartia sons coming to Newcastle, who kindly offered to take the horse and the judgment of the people for any great length wreck of the sleigh to Mr. Sinclair's of time. One of these is THOMAS' ECLECwreck of the sleigh to Mr. Sinclair's, Bridgetown. The runaway belongs to Mr. Anthony Adams, Northesk.

t and battery on Luke Harding.

January 13, 1877 .- Charles Menzies. New

To the Editor or the Advocate. Sir:—In the last issue of the Ad-vance, I saw something very personal against me, as Fishery Warden. I have always done my duty when I had a chance. I would like to know of this protean malady, Dr. Wilson's Family how the Editor of the Advance knew Anti-Bilious Pills will exert the most whether I did my duty or not about this smelt fishing. I wrote to the the functions of the Stomach, Liver, Bowels, Government and received no answer.

I wanted regulations for the smelt as well as bass and other fishing.

There was a meeting at Benjamin Sweezey's on the 28th of Dec. The meeting passed regulations that no net be set nearer the bridge than 50

what I had told them, I would have

seized their nets, or it I had got any

information I would have brought

them up for it, if there was any law

my sons are no more to me than any

other person. My son Alexander

lived there; he has property above the

meeting passed regulations that no net be set nearer the bridge than 50 fathoms; when I came home that night my eldest son, who had been down, said he saw persons about the bridge: I went down and saw my son bridge for the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and by a careful-application of the principles of the laws that govern disease, and the two Loggies are the laws that govern disease, and the l fishing at the bridge; the Loggies were fishing there also. I forbade ment is beneficial. these. My sons referred to are of age and I have, therefore, no control of their business. I told one of the Loggies to come along with me, and makes us glad to appeared to are one from a Loggies to come along with me, and went with him all around the bridge; there were no other persons that night fishing at the bridge; the holes at the bridge were frozen over. I live about two miles from the bridge. We all left the bridge together and I went up home with them. When I got home with them. When I got home the bridge together and I went up home with the bridge together and I went up home with them. When I got home together a prior to provide a course of practice extending over half the bridge together and I went up home with the provided to the public of its value. Professor J. Bracy Clark, the noted Veterinary Surgeon of Great Britain, has brought before our people "Clark's Derby Condition Powders," which were used by him with unfailing success throughout a course of practice extending over half it was eleven o'clock at night. Next a century, and we hear the most flattering morning two of my sons were getting comments on its success from all owners of ready for the fishing, and I told them to be sure and not fish at the bridge any more. Alexander had been told that morning that the regulations made at the meeting at Sweezey's were not binding until they became law. Loggie and he had put a net each in near the bridge. My two sons told them, I had said not to put their FURS AT COST. nets in. It I had gone down that morning or had known of it, after Stock of

The Larmer's Corner. Raise more Parsnips.

The value of parsnips for feeding purposes has heretotore, by many farmers' been under-estimated. By referring to Schenk's "Gardeners' Text-Book" we see it stated that To Robert Ferguson, of RICHIBUCTO, in the parsnip has many valuable qualities which commend it to both wife, and to all whom it may concern:farmer and gardener. Hogs and farmer and gardener. Hogs and bullocks are fattened upon it in a Power of Sale contained in a certain very short, space of time, and the Indenture of Mortgage, bearing date the first bullocks are fattened upon it in a very short space of time, and the flesh is considered of superior flavour; while in cows it produces an extraordinary yield of milk having a rich color and affording butter of excellent quality. The culture of parsnips is largely extending in France for cattle feeding, as an ordinary garden vegetable it. as an ordinary garden vegetable it is also in great demand. The soil SATURDAY, the 23rd day of betaken up during the winter as required; frost does them no harm.—
The ration is sixteen pounds, three times a day, and the roots cut.—
When given to pigs, they ought to be cooked. In the west of France the parsnip replaces the oats that suits beets will satisfy the the parsnip replaces the oats of the same down stream to the place of for horses, and, being nutritive, animals quickly put up flesh when granted by the Crown to the late William granted by the Crown to the late William to the late will be compared by the Crown to the late will be compared by the crown to the late will be compared by the crown to the late will be compared by the crown to the fed on this root. Vick, in one of his annual catalogues, says that for feeding cattle no root is superior to the parsnip. In the Island of Guernsey a few years ago—and perhaps the same state of things still exists-pigs and cattle were almost Dated this 11th day of October, A. D. 1876. or entirely fattened on this root .-We have always thought that American farmers did not realize the value of this root. One great advantage in raising this root is that it can be left in the ground and dug in the

SUNDRY MATTERS .- Be careful of lights in the barns and stables .-Safe lanterns only should be used. We have used the glass globe lan- EX "IBERIAN terns, protected with wire, for many years without the least accident, or breaking one of them. Only perfectly safe oil should be used .-Devoe's and Pratt's oils may be used with perfect safety anywhere. With these oils, if a lamp should fall, there can be no fire if it is picked up again immediately .-Choose a perfectly insolvent insurance company in which to be insured and take no risks. Keep roofs, roads, and side-walks clear of snow. Ventilate the cellars whenever the weather is sufficiently mild. A tub of water placed in the cellar on very vegetables from freezing. Clean HAIRPINS & COMBS up all machines and tools and oil them, coat the bright parts with tallow, and cover them to keep out dust and dirt, Prepare for packing ice by and by, or pack it now if possible. A few loads of saw-dust should be hauled when convenient, so that it will be ready when wanted; when the wagon-box is filled, pile on filled bags to complete the load. Keep the shoes of the horses and oxen sharpened or roughened, and do not attempt to drive unshed Fineral & Firnishing Undertaker oxen; it is poor economy to save a set of shoes and lose half of their working power. LIVE STOCK.—Regular attention

attended to one day and neglected will attend to the the next. But it is poor economy to stint food. 'The liberal soul should be made fat.' To see one's stock contented, comfortable, and happy, to parties who may favor me with their is not only happiness to a good farm- patronage. er, but money in his pocket. Reg-shop-In rear of the Bank of Monular hours of feeding, regular water-treal. See Sign. ing, regular rations, and regular rest, are conducive to comfort.-With regularity there is no haste, no waste, nothing is forgotten, and nothing is done twice over. Animals then digest what they eat, and

Poultry.-If early eggs are desired, the pullets and young bens should be fed in the mornings with some cracked corn steeped in boiling water until it is only moderately warm .-In the afternoons some corn warmed FIRE WOOD SAW MILLS, in the oven may be given. Between these meals some mixed feed of potato peelings, house scraps, and wheat screenings boiled together, and seasoned with red pepper will be useful. A cabbage may be hung in the yard for them to peck at .-Provide a clean, warm, but well-ven-tilated house, and nests of clean
