## THIEF ARRESTED AT DALHOUSIE

Took Money From Boarders  
at Lodging House  
Skipped

### PROMPT ARREST.

DALHOUSIE, Oct. 11.—Another robbery took place here today to be added to the many cases of this kind we have had this year. Several juveniles have been caught stealing and have been allowed to go with a reprimand.

James Campbell, a sailor, who hails from Liverpool, England, was arrested today at Dalhousie Junction by Police-man Seely, charged with stealing money from three boarders at Lure's boarding house Dalhousie. When the parties missed their money, they suspected Campbell. The Police-man was notified and upon search it was found that the suspected party had taken the forenoon train for Campbellton. Police-man Seely hurried with a team to the Junction, and on the freight was two hours late, he found his man waiting. After arresting him, he found his man waiting. After arresting him, he found his man waiting. After arresting him, he found his man waiting.

Campbell will appear before Judge of Police tomorrow to answer to the serious charge.

Police-man Seely is to be complimented on his prompt work.

WASHINGTON, Oct. 7.—In calculating the size of a national army, it is hardly possible to get beyond approximate figures; hence a calculation of the strength of the Japanese army just produced must be received on that basis, but without any suspicion that it wanders far from the truth. Indeed, the authority responsible for the statistics vouches that the actual numbers are in excess of those given. Taking the figures as they are presented it would appear the number of men actually under arms, or, in other words, serving with these colors, in Japan, is:

Infantry..... 139,960  
Artillery..... 11,750  
Engineers..... 10,400  
Communications..... 3,240  
Heavy artillery..... 5,600  
Mounted artillery..... 1,630  
Communications troops..... 2,900

Total..... 184,560

This is the military strength on a peace footing, being more than double what it was when the Russo-Japanese war broke out. On a war footing the army is put at 1,214,000, exclusive of 10,000 troops serving in Formosa; mesa; 15,000 officers and non-commissioned officers serving with the colors, and a very large number of officers and non-commissioned officers whose names are borne on the reserves.

WATER AND SEWERAGE SERVICE

All who have not obtained water and sewerage service for their premises had better do so once, as these services cannot be procured between the first day of December and the first day of May, without the special authority of the Town Council, as set forth in the Town By-Laws. Mr. Wm. J. Christie, plumber, is now doing this work. Application must be made however, to the Town Treasurer for a permit before commencing installation.

A LATE LAYER

Mr. John Annington of Broadlands, possesses a goose with a flock of goslings and on Saturday last the goslings commenced laying for another flock. Mr. Patrick Smith, who is eighty years of age, says he never heard of a goose laying eggs in the fall of the year.

## The Clothing Question

Many a man is asking it to himself—  
What is to wear this fall?  
What shall I buy?  
Where can I see authoritative styles?  
The answer to the last question is the pass word to all the rest—

### BRUCE'S CLOTHING STORE.

A display of new fall suits and overcoats will answer all your questions satisfactorily. The material and styles are handsomer than ever. Already for the men who enjoy being the first to wear the new things.

Price of suits \$10 to 30.00—a price range to suit the pocket of every man.

OVERCOATS—Something entirely new in winter overcoats, prices \$6. to 25.00.

## SAFE-BREAKERS HOTLY PURSUED BY POLICE

One Caught by Surprise Has Already  
Made a Confession to Sheriff  
Wright

### SAFE-BREAKERS HOTLY PURSUED BY POLICE

OTTAWA, Oct. 8.—In a wild gun fight at North Wakenoid shortly before one o'clock yesterday morning, with four men believed to be the gang which blew the safe and burglarized the post office and store of Joshua Elard at Wright, Quebec, early Monday morning a posse of Dominion police officers, constables Giron, Mar and Foster and C. P. R. station agent Mitchell, captured one of the party, a young fellow giving his name as Thos. Gorman, aged 26, of Toronto. He was lodged in a cell at Hull late yesterday.

The brush with the suspects took place on the railway tracks near the station, where the constables, learning that the men were seen heading south, were going in wait. The party was taken by surprise and Gorman was the first pounce upon, officer Foster covering him before he could make a move.

The others opened a hot fire from revolvers and dashed down the tracks pursued by Giron, Mitchell and Mar. Gorman, who returned the fire as they ran, was taken by surprise and Gorman was the first pounce upon, officer Foster covering him before he could make a move.

On Gorman was found evidence which practically establishes the fact that the men are the hunted safe-breakers. His pocket contained dynamite fuses and caps, about \$50 in cash and a quantity of stamps. Part of the post office loot consisted of stamps Gorman confessed to Sheriff Wright yesterday that he was present at the safe blowing.

The constables resumed the hunt at daylight and assistance was summoned from Ottawa, Sheriff Wright and a couple of Dominion Police going up the morning train. Near Wakenoid the three fugitives were seen again by two boys. They disappeared into the bush when seen and two parties of Dominion Police have conveyed at that point in hot pursuit.

Up 10 o'clock, eight Dominion Police assisted by a posse from Hull under Sheriff Wright had failed to capture the three other members of the gang who escaped from officers. Every road and exit from the district around Wakenoid where the men were seen is being guarded and it is completely expected that all three will be rounded up soon.

**\$100 REWARD, \$100.**

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full testimonials. Address F. J. CHENEY & CO., Toledo, O.

**NEW REGULATIONS  
AFFECTING CATHOLIC**

ROME, Oct. 11.—New rules affecting the bishops throughout the world were made known at the Vatican today. These prescribe that the bishops shall be allowed two years following their appointment in which to arrange the canonical visitations to their dioceses. Five years after that they must satisfy the obligation of visiting the Pope, such visits to be repeated once in every five years.

## WRECK ENQUIRY IS ADJOURNED

Trainmen and Railway Officials  
Gave Evidence at  
Opening Session.

### ENQUIRY PRIVATE.

MONCTON, Oct. 11.—The investigation into the cause of the I.C.R. wreck at Nash Creek on Wednesday morning last, was commenced in the office of Mr. F. P. Brady, I.C.R. General Superintendent, this morning and continued until noon when adjournment was made until two o'clock when further adjournment was made until evidence could be procured from Fireman Wm. Cook and Brakeman J. E. Ingram, the three injured trainmen.

The witnesses examined this morning were as follows: Conductor John H. Thompson, Fireman Hiram Smith and Brakeman Walter McNeill, who were the crew of the special freight train, I.C.R. engine No. 1, Master of Charles, C. P. Brown, agent at Campbellton; J. S. Mitten, operator at Campbellton; R. S. Henderson, dispatcher at Newmarket; Ben McNutt and A. Fox, call boys at Campbellton; C. H. Ingram, dispatcher at Campbellton; R. Howe, night foreman at Campbellton.

Those examined this afternoon were Conductor Angus McCallan, who had charge of the Maritime express, and Brakeman Alex. Cameron and John J. Montgomery, crew of the maritime; and Mr. H. H. Bray, chief dispatcher at Campbellton. The enquiry was of a private nature and the evidence could not be secured.

## SULTAN'S ROOM WERE MEAN AND SHABBY

LONDON, Oct. 9.—A gentleman well known in business circles in Constantinople, who has just had the principal work to do in connection with the throwing open of the Bosphorus to the public, has sent to the Cabinet a most interesting description of the disposed sultan's private apartments.

With a few exceptions, the private apartments contain nothing of value; the general idea of the furniture was that it was not only poor, but in exceedingly bad taste.

Adjoining the bathroom is a small room in which Abdul Hamid worked as a carpenter, and judging from the number of tools and their discolored handles, he must have used the room very often. He seems to have been particularly fond of inlaid work—inlaid of various colored woods and pearls—and some five or six panels in the study are said to be his work. They look like it. The work is bad and the mixture of colored words quite vulgar. The workmanship, however, is neat and accurate.

In another room were a few hundred boxes of shirts and vests of all kinds, and some of the shirts were very old. The sultan never wore a case of very fine rifles and revolvers and some specimens of oriental work, in which were also three bullet-proof waistcoats.

The writer's conclusion is that on the whole, interesting as the visit was, I came away with a feeling that the whole thing was mean; the windows not properly painted; one of the carpets worn and faded; the furniture of the outer buildings, where guests were received, the furniture was worthy of the reputation the Yildia had; but his quarters were almost to an extreme, I think the powers that be are right in letting folk see the whole place. It has been a sink of iniquity, and the gardens, the park, the poultry yard and the gardens, all show the same decay.

## NEWCASTLE BRIDE LEFT A WIDOW

Charles R. Crocker, Married a Month Ago, Dies of Typhoid Fever

NEWCASTLE, Oct. 10.—Chas. Rowland Crocker, an intercolonial employee who also owns a large farm and who for the past two or three weeks has been suffering from typhoid fever, died suddenly this afternoon after a physician had pronounced the crisis passed. Deceased, who was in his thirty-fifth year, was a son of the late Hugh and Helen Crocker, and a nephew of T. W. Crocker. He married Miss Logie of Napier, Miramichi, a little more than a month ago. He is survived by his wife, one sister Mrs. Lyman Lauchland, of Dundas, Ont.

The funeral of Philip Jones took place this afternoon, interment being in the Roman Catholic cemetery. Rev. Father Dixon officiating. Deceased was a native of Grand River, Ontario, but lived here for the past fifty years. He was seventy-eight years old. Deceased ruptured himself while working Thursday and died in great pain yesterday. Six children survive, all absent from home—Emma, Leva, Nora, Beatie, James, of Grand Bay, N. S. and Philip of New York. The funeral was largely attended.

## BELIEVED LOST IN THE WILDS OF CANADA

Prof. Leith and Party, Who Went to  
Hudson Bay Wilderness in June  
Are Not Heard From

### NEW YORK, Oct. 11.—A Madison, Wis. dispatch to the Tribune says that Professor C. K. Leith, of the department of geology and mines in the University of Wisconsin, who is at the head of a party investigating rock for nations near Hudson Bay, and supposed to be working in the interest of Canadian government in search of ore is believed to be lost in the Canadian wilderness.

No report of any kind has been received since the party entered the wilderness. They were expected back the latter part of September. The party, consisting of Prof. Leith, Hugh M. Ruitz, of Superior, and Frank S. Adams of Duluth, Minn., had been in the wilderness for some time.

It is believed that the party is still in the wilderness, and that they are not to be heard from. The Canadian government is doing its utmost to find them.

## GETTING POINTS ON BANKING IN CANADA FROM MR. FIELDING

Members of U. S. Commission Con-  
fer With Finance Minister on the  
Canadian Banking System.

E. B. Vreeland, and ex-Congressman R. W. Byrnes, who are members of a sub-committee of the United States congressional commission of finance and banking, had a conference with Finance Minister Fielding here today on the Canadian banking system. For two years the commission has been studying the leading countries for the purpose of devising improvements in the United States banking situation.

## DEAF AND DUMB

The Institution for the Deaf in Halifax has reopened after the summer vacation. The school receives grant from the Government of New Brunswick, consequently all children throughout the province whose hearing is so defective that they cannot be successfully taught in the ordinary school, are eligible for admission. Parents are only called upon to provide clothing and pay travelling expenses. Seventy-five per cent. of the pupils are taught speech and lip-reading. Persons knowing of such children will please communicate with the principal, Mr. J. Pearson.

On Wednesday evening, Oct. 13, a public lecture on Tuberculosis, Its Prevention and Cure will be delivered at the Opera House by Rev. Hunter Boyd, Secretary of the Anti-Tuberculosis Association for the province of New Brunswick. Rev. Mr. Boyd has been six months in the British Isles, making a study of the dreaded "White Plague." None should miss this lecture, as it is most interesting and instructive. A collection will be taken up at the close of the lecture to help defray Mr. Boyd's travelling expenses.

## COLORADO EVIDENCE

The Tribune accuses the Graphic of coloring the evidence as given at the police investigation. As yet we have published only a quotation or two to prove that even Thompson did not swear that Chief Crawford was drunk. When asked if the Chief was drunk, he stated that he was certainly feeling good. As far as we are concerned we have no interest in this matter other than to publish the facts as they are, and after we are confident that the committee in charge will carefully weigh the evidence and give their decision accordingly. ## SERIES OF MEETINGS FOR AGRICULTURISTS

The Agricultural Department has arranged for a series of meetings in different parts of the province, to be addressed by Dr. Standish, the well known farm expert of Walkerton, Ont. and S. L. Peters of Queenstown, N. B. The first of meetings in Restigouche and Gloucester is as follows:—  
Bathurst, Saturday, Oct. 23.  
New Bedford, Monday, Oct. 25.  
Fredericton, Tuesday, Oct. 26.  
Charlottetown, Wednesday, Oct. 27.  
Dalhousie, Thursday, Oct. 28.

## SLAUGHTER OF INFANTS A TRADE IN TORONTO

Mrs. Turner Guilty of Child Murder—  
Jury Suggests Home for  
Foundlings

TORONTO, Oct. 9.—Guilty of child murder was the verdict this morning of the coroner's jury in the trial of Mrs. Mabel Turner in the death of the Authors' child. In summing up the coroner referred to the awful tragedy of child murder. There were a very large number of children murdered and the bodies found in all parts of the city. Someone must be making a trade of killing illegitimate children. The accused was likely one, but there must be others. The jury also recommended a home for foundlings.

## DIDN'T THINK GUN LOADED, GAVE PULL AND GUN EXPLODES

CANBORA, Sask. Oct. 6.—A Russian youth of fifteen, today shot and killed Georgina Downs, an English speaking girl of fifteen. He pointed a shotgun at her, pulling the trigger and crying, "Your money or your life." The shot dismembered the girl, who expired before medical aid could be brought. The boy says he didn't know the gun was loaded.

## MANN & BAXTER CREDITORS MEET

Inspectors Appointed And  
Other Business Trans-

### OFFER MADE.

There was a large attendance of creditors at Mann & Baxter held at Murray's Hall yesterday afternoon and the matter was fully discussed.

An offer of twenty five cents on the dollar was made, and the creditors seemed disposed to accept same, and the firm was given four days to raise the necessary amount. The liabilities as far as ascertained amount to about \$20,000, with assets of nominally \$9,000.

It seems Mann & Baxter are not able to pay twenty five cents on the dollar the assignee was instructed to proceed with the disposal of the estate as the law directs.

Robt. St. Onge and Ed. Alexander were appointed inspectors.

## DALHOUSIE

DALHOUSIE, Oct. 11.—The Bazaar that was to have taken place last week was postponed till Tuesday of this week. The delay gave the ladies more time to prepare for what is expected to be the most interesting bazaar ever held in the shiretown.

The Curling rink has been tastefully decorated for the evening.

The Chatham orchestra will furnish music during the last nights of the bazaar, Wednesday and Thursday evening.

Besides a great variety of attractions there will be dancing the two last nights.

On account of the closing of the stores on Wednesday evening, 11th inst. it is proposed to make the bazaar especially attractive and a very good time may be expected.

Information received from the committee in charge from Mr. John M. Lyons, general passenger agent, I.C.R. Moncton goes to show that the agent at Campbellton and other I.C.R. points have instructions to issue excursion return tickets at first class one way fare to parties of ten or more who will attend the bazaar. All are cordially invited.

## MANY ARE COMING TO CANADA

OTTAWA, Oct. 10.—The total immigration into Canada for the month of August this year was 15,389, as compared with 10,982 for August of last year, an increase of 39 per cent. The immigration from the United States was 6,954, as compared with 4,848 for August of last year, an increase of 43 per cent.

The total immigration into Canada for the first five months of the present fiscal year was 195,436 as compared with 160,245 for the same period of last year, an increase of 17 per cent.

## MONEY LOSS BY I. C. R. WRECK PLACED AT \$30,000

Last Words of Engineer Who Was  
Killed

### MONCTON, Oct. 9.—A rough estimate of the financial loss caused by Wednesday's disaster at Nash Creek when the maritime express crashed head-on into the freight train, puts it at \$30,000. Both locomotives were almost to scrap iron but there still remains a foundation of pairs. The baggage and mail were practically destroyed. In addition there was loss of damage to the roadbed and other incidentals.

The baggage department has been kept busy since the wreck endeavoring to locate missing trunks and contents. The baggage car was well-stocked and only seven trunks escaped. These were especially made, and were the property of English passengers. General Baggage Agent Allen has been at the scene of the wreck until yesterday and much of the baggage has been straightened out, but there is still a considerable quantity of unclaimed freight. While working about the debris, Agent Allen picked up a torn letter and examining it found it contained a money order for nearly a hundred dollars. It was forwarded to its destination in New Brunswick.

"Right on the dot" were the last words uttered by John Morton, the unfortunate engineer killed in the wreck. The express had just passed Jacques River and the time was 2:40, being the time the train was due to pass there, and as Engineer Morton glanced at his watch and called out the above words.

Oriental Superintendent Brady, interviewed this morning, said there was no foundation for the report of the I. C. R. officials were anxious that an investigation be held. He said the matter of holding an inquest was in the hands of the coroner, and that the I. C. R. had nothing to do with it.

## OBITUARY

Though not unexpected, announcement of the death of Mrs. Jas. P. Jardine which made Friday evening last, caused much regret among all classes. Her bright and cheerful disposition and pleasing personality endeared her to both young and old and much sympathy was manifested for her illness which lasted for several months.

The deceased was in her 31st year, leaving to mourn the loss of a kind and devoted wife and mother, a bereaved husband and six small children, three daughters and three sons, John, Arnold, Horace, Jean, Irene and Joseph, six months of age, at present being cared for by Mrs. John Glicker, a sister of the deceased. To the grief stricken family the sympathy of the entire community is extended in this their sore bereavement.

The late Mrs. Jardine was formerly a Miss Allingham, and in this family leaves to mourn the loss of a kind and affectionate sister, two brothers, Edward and Fred, and one sister, Mrs. John Glicker, all of this town.

The funeral was held yesterday afternoon and was very largely attended. Interment being in the Rural Cemetery. The pall bearers were Wm. Torstion, John White, Ed. Leclerc, F. E. Shephard, Fred Campbell and Harry Wilson. The services at the house and grave were conducted by Dr. Carr assisted by Rev. Mr. Coleman.

## CAUSE OF TYPHOID AND ITS PREVENTION

Householders Cannot Be Too  
Careful of Their Premises

### AN EXPERIMENT.

It has been quite recently proven beyond a doubt that common house flies play an important part as carriers of the germs of typhoid fever. Kitchen slops containing raw or boiled potato peelings, particles of meat, bread, porridge and fruit, also wash water containing grease and soap waste are and are carried into the house by flies and in some cases at front doors. These animal and vegetable substances dry up during hot weather and just as soon as a heavy rain of rain comes, putrid decomposition sets in, which can only take place in the presence of heat and moisture and the natural atmosphere. As a result, a number of complex chemical changes take place, resulting in the development of typhoid bacilli or germs. These germs are carried by flies and deposited on articles of food and in dishes and so find their way into the human body, resulting in typhoid fever. The fact that germs are more inmates of a house contract the disease while others who have been similarly exposed escape is probably due to the fact that either the persons who have become affected were not in robust health, and hence more susceptible, from lack of adequate resistance to the poison, or that they had partaken of a larger quantity of the infected food than did the others. Microscopic examinations have revealed the presence of several millions of these typhoid germs on the legs of a single house fly. One of our local physicians a few days ago collected a small quantity of decomposed material from a deposit of kitchen slops which he noticed on the surface of the ground not ten feet from a dwelling house, and under the microscope found it to be literally alive with typhoid germs, and since that time two typhoid fever cases have developed in that same house, where no case had previously occurred. He advises all householders to burn all waste animal and vegetable matter which cannot be immediately fed to domestic animals, keep their houses and barn yards clean and protect from flies all articles of food, as well as dishes in which food is kept, and thereby lessen their chances of taking typhoid fever and other infectious diseases.

We are showing some genuine grocery bargains 5 and 10c items, not old goods, but articles which have unavoidably been kept in the back ground.

These tables will also include a number of useful articles from our tin and hardware departments.

## CANADA'S REVENUE SHOWS BIG GROWTH FOR HALF YEAR

OTTAWA, Oct. 9.—Canada's revenue during the first six months of the fiscal year totals \$47,553,819, an increase of \$6,525,297.

At the present rate the revenue for the year should be well over the hundred million mark.

The chief gain is \$2,750,000 in customs collections. In excise collections there is a decline of \$250,000. Railway revenues show an increase of \$1,000,000 and there is a gain of \$50,000 in the postal revenues.

## LOCAL AND GENERAL NEWS.

### BORN

At Campbellton, Oct. 10th, to Mr.  
and Mrs. A. V. Doyle, a daughter.

### A PROMOTION

Mr. Georges Gauthier of Matapedia,  
has just received his nomination as  
Crown Land Agent. This promotion  
is the most popular that has been  
made yet in this district.

### CHANGE OF TIME

The winter time table goes into ef-  
fect next Sunday. The Ocean Limited  
will be discontinued after that date  
and the regular trains will run much  
as last winter.

### TUNING AND REPAIRING

Walter C. Day, graduate tuner and  
repairer of pianos and organs, will be  
in town on Oct. 1st, or within a week  
of that date. Orders may be left with  
D. F. Graham. Satisfaction guaran-  
teed. Business attended to in all  
parts of the North Shore.

### GOT A MOOSE

John A. McG. McDonald and J. F.  
Andrew left last Wednesday morn-  
ing to spend a few days in the big  
game district. They went in to the  
end of the sled on the International  
and on Friday Coun. McDonald suc-  
ceeded in shooting a nice moose.

### SOLD MINING CLAIMS

A British Columbia paper of a re-  
cent date says that Jack MacKen-  
dick has sold a valuable mine claim  
on Hudson Bay mountains. This  
claim has produced the richest ore  
ever found in the district. Jack Mac-  
Kendrick mentioned is Walter John  
MacKendrick of this place, and a ne-  
phew of Postmaster A. D. MacKen-  
dick.

### OPEN EVENINGS

For the convenience of customers  
who do not have time during the  
day to order their coal, F. M. Murray  
will keep his office open from 7:00  
until 9:00 o'clock during the winter  
months. Office Bank of New Brun-  
swick building. Telephone 107.

### ANNUAL CONVENTION

The annual convention of the Meth-  
odist Women's Missionary Society  
of Chatham District will be held in  
the Methodist Church, Campbellton,  
on Friday, Oct. 15th. There will be  
three sessions, commencing at 9.2  
and 7.30 o'clock.

The programme will be interesting  
and instructive. Miss Stewart,  
Sackville, Editor of Palm Branch,  
Mrs. G. F. Dawson of Chatham Branch  
Recording Secretary and other work-  
ers will take part.

### OBITUARY

The death of Mrs. Wm. Robertson  
took place at her home, Grand Cas-  
pary, Sept. 27th, after 24 illness of  
five months. She was 76 years of age.  
She leaves to mourn four sons, Wm.  
and John of Alberta; Harold of Min-  
neapolis, Minn.; and Byers and How-  
ard at home; also three daughters.  
Mrs. C. Glicker of Maria; Mrs. J. Hook  
of Anderson, Cal.; and Mrs. A. Gille  
of Minnesota. The funeral service  
was held on Thursday, Sept. 28th,  
interment being in the New Richmond  
cemetery. Rev. W. B. MacCallum of-  
ficiated.

### A LADY SHOTS A BIG MOOSE

Mr. and Mrs. Robert Sinclair who  
were hunting on Portage River the  
past week with guide John Hays, re-  
turned home Monday. They had good  
luck, bringing with them a caribou  
and moose. The moose was shot by  
Mrs. Sinclair, and as this is her first  
visit to the big game woods she is  
naturally very proud of her success.  
Mrs. Sinclair has the distinction of  
bringing out the largest head reported  
so far this season and also the most  
valuable. The head has a spread of 21 1/2  
inches with 26 points; there are eight  
beard antlers, four on each side, about  
six inches apart. Mr. Sinclair claims  
the caribou as his share of the sport.

### SAYS HE WAS SOBER

There seems to be a strong bias  
contradictory statements as to Chief  
Crawford's actions in St. John on a  
date in the early summer. While one  
version states that he was certainly  
feeling very good another states that  
at certain hours when he had business  
with him he was sober. Mr. Thomas  
Malcolm, who was in St. John on that  
day, and who also had business with  
Mr. Crawford at different times and  
is positive that the Chief was sober.  
Mr. Malcolm states this very emphat-  
ically. He also wished the Graphic  
to state that he considered Chief Craw-  
ford the best man Campbellton ever  
had on its force, so far as dealing  
with the men in his employ is con-  
cerned.

### CONGRATULATIONS

Congratulations are being heartily  
extended to Mr. and Mrs. A. V. Doyle  
on the arrival of a daughter at their  
home on Sunday morning.

### CHOIR PRACTISE

St. Andrew's Presbyterian choir will  
meet for practice Wednesday evening  
Oct. 14th, at 7.30 p. m. so as to give  
members an opportunity after prac-  
tise to attend themselves in the Opera  
House.

### A CAMPBELLTON GIRL

Miss Mabel Jardine, who is billed  
to appear in the Opera House here  
Friday evening with Al. Marty Casey's  
Visit Co. lived here for a number  
of years and many friends will be  
glad to welcome her.

### INVESTIGATION ADJOURNED

The police investigation has been  
postponed on the request of W. A.  
Mott, Esq. who has been directed to  
represent the Attorney General at the  
inquest into the death of those killed  
at the accident at Nash's Creek last  
week.

### GOT A MOOSE

Meigs, Peter Jamieson, David Jam-  
ieson and Edna Paulsen returned  
Saturday morning from a trip out the  
N. B. where they had gone in search  
of big game. They were successful in  
their mission they having succeeded  
in bringing home the carcass of a fine  
moose. The antlers had a spread of  
fifty seven inches.

### AT THE OPERA HOUSE

Al. Marty Casey's Visit Co. will ap-  
pear at Campbellton Opera House Fri-  
day, Oct. 15, and will give all their  
money's worth in genuine amusement.  
They carry a band and Orchestra.  
Miss Mabel Jardine, a former resident  
of Campbellton, is a very pleasing vo-  
calist with this company.

### DEATH OF MRS. G. M. DUNNAN

The death of Mrs. Dunnan, wife of  
Dr. G. M. Dunnan, Bathurst, took  
place at an early hour Monday morn-  
ing after two weeks' illness. Mrs.  
Dunnan was a daughter of the late  
Hon. Robt. Gordon, and had many  
friends throughout the province who  
will sincerely mourn her death. Her  
husband, one son—Dr. Gordon Dunnan,  
and two daughters, Mrs. Douglas  
Leach and Miss Margaret, survive.

### MISSING MAIL

Considerable mail matter on the  
mail car wrecked at Nash's Creek  
last Wednesday morning was de-  
stroyed and damaged. Some of the  
therefore could not be delivered.  
Among the registered letters for  
Campbellton, one was missing. This  
proved to be the letter from the de-  
partment with checks for the officers  
and crew of the freight, St. Lawrence,  
Clark Starat, who was killed found  
a number of checks which he re-  
turned to the St. John office, with a  
full report on the matter. Two let-  
ters addressed to the Graphic, but not  
of a very important nature, failed to  
reach us, but there may have been  
others.

### BIG LUMBER DEAL

A North Shore lumber deal of large  
proportions was consummated Thursday  
when the Newbiglum Lumber Co. com-  
posed of sons of the wealthiest lum-  
bermen in the United States, took  
possession of the extensive properties  
of the Adams, Burns Co. Ltd. of Bath-  
urst. The purchase included all the  
lumber, cran lands and mill prop-  
erties, as well as the "shanties" and  
stores at Bathurst village. The price  
paid is said to be several thousand  
dollars.

The Bathurst plant at present con-  
sists of a large cedar shingle mill and  
a deal mill, which has been manu-  
facturing lumber for the English mar-  
ket. The latter mill will be torn down  
and a new one built on the site, and a  
larger and more modern mill erected  
in its place. The lumber manufactur-  
ing in this new mill will be shipped  
wholly to the United States. Already  
men have been dispatched to the  
woods and it is expected by the man-  
agement of the Newbiglum Lumber Co.  
that their cut this winter will be up-  
wards of 20,000,000 feet.

The Adams, Burns Co. has an inter-  
esting history. About fifty years  
ago it was organized by the late R. P.  
Burns, afterwards a senator, and for  
some years an extensive business was  
done. Later S. A. Adams and T. D.  
Adams of New York, became associ-  
ated with the firm and the business  
was expanded. Of late years T. D.  
Adams has been the main man act-  
ing in connection with the firm. The  
company has always done an extensive  
business. There is an impression that  
the Newbiglum Lumber Co. will soon  
branch out into the manufacture of  
pulp. At any rate their operations  
will mean much to Bathurst and the  
North Shore.

**THE OPEN DOOR  
TO WISE ECONOMY!**

The Great Public Benefit Sale that we have been  
running for some time past has shown such remarkable re-  
sults that we have decided to notify those who have not al-  
ready taken advantage of low cut prices prevailing, that it  
will continue until we are entirely sold out of General Dry  
Goods, Hardware, Tinware and Crockery.

At the present time we have a very efficient Men's Fur-  
nishing department and we can satisfy a man's wants in ev-  
ery direction. But with increasing trade, we must have more  
shelf room, which is easily obtainable by reducing the above  
mentioned lines that we do not intend stocking.

If you have purchased goods from us during this sale  
you know the bonafide values we are offering. All prices are  
the lowest ever attempted for same quality.

Space is limited and we are able to cite only a few of  
the remarkable values prevailing during this sale.
