SALMON CLUB WINS FISHING CASE

Privy Council Decision of Supreme Court in Favour of Club

Judgment handed down by the Privy Council in the case of the Salmon Club, which was decided in favour of the club, after a long and arduous fight.

The case was heard by the Privy Council, which is the highest court of appeal in the British Empire, and the decision was a landmark one.

The club had been fighting the case for some time, and the decision was a great victory for them.

TRAFFIC LAW IGNORED

Cars and Trucks Run on Wrong Side of Street and Stop

The Campbellton Police have issued a warning to drivers of cars and trucks to obey the traffic laws.

The police have noticed that many vehicles are running on the wrong side of the street, which is a dangerous practice.

The police have also noticed that many vehicles are stopping in the middle of the street, which is also a dangerous practice.

COLTS TRIM C. F. D. TEAM

Monday Night's Ball Game One of Best of the Season

The Campbellton Colts team has won a victory over the C. F. D. team in a baseball game.

The game was a close one, but the Colts were able to pull out the win in the final innings.

The Colts team is looking good and is expected to continue their winning streak.

GRIM TRAGEDY AT NEGUAC

James Ross of Tabernacle Shot and Killed in Farm

A grim tragedy occurred in Neguac when James Ross, of Tabernacle, was shot and killed in his farm.

The shooting was the result of a dispute, and the death was a great loss to the community.

The police are investigating the case and hope to identify the person responsible for the shooting.

MUCH LUMBER WAS BURNED

Twenty-One Million Feet of Sawn Lumber Destroyed Last Week

A disastrous fire which started in the lumber yard of the Fraser Company, Ltd., last week, destroyed twenty-one million feet of sawn lumber.

The fire was caused by a spark from a machine, and it spread very quickly, destroying a large amount of lumber.

The Fraser Company is now working to replace the lost lumber, and the fire has caused a significant loss to the company.

FARE \$10.00. STAYOONS \$2.00 up.

Direct connection at Boston with the Metropolitan passenger and freight steamer to New York via Cape Cod Canal.

For steamers, rates and additional information apply to
A. C. CURRIE, Agent,
St. John.

Standardization means this is something of the country that here in Campbellton there is a complete hospital with obstetrical department, medicine and surgical wards, private rooms, fully equipped up-to-date X-Ray apparatus, a laboratory where all clinical analyses are done, a fully equipped operating room and an accurate and complete case record of every patient admitted to the hospital. It means that the Hotel Dieu has striven to reach a degree of efficiency equal to that of any other modern service that can be given to the humblest patient.

It also means a high professional ethical code on the part of all connected with the institution. It means more than this to the patient because it brings in a factor more important than medicine, it gives confidence in the management of the house, which

corned-larks consumed enormous quantities in one day. This same author, however, Mr. Norman Schell, Director in Entomology in Manitoba, declares that six crows are capable of consuming three bushels of grain in one season. It is recorded that certain hawks in Manitoba, even of the variety have been seen feeding by the grain-sower owing to the presence of large flocks of gulls. In light of these facts it is gratifying to be informed by Dr. Norman Entomologist, Mr. Arthur Glenn, that the importance of protecting our useful birds is becoming more and more recognized, especially by farmers and

Conrad and Riddett.
Monologues—Miss Creagut.
Tablans—Home Sweet Home.
Dialogues—Miss Riddett.
Quartette—Trippel, Mrs. J. P. Henry, Miss Gilker, Messrs. Conrad and Riddett.
Monologues—Mr. McKay.
Vivette Solo—Mr. Dwyer.
Chorus & Tablans—The Campfire.
Dialogues—The Premature Proposal.
Chorus—My Home Town.
The performers all did their parts well but we feel that Mrs. Henderson and Creagut, and Mr. Gilker, in the dialogues, are worthy of special mention.

Amount taking part carried away with it.
A most successful affair, in all the best of the kind ever attempted.

New Carline.
The proceeds of this concert given in New Richmond amounted to \$214.00 and in New Carline \$84.00.

COAL FOR SALE.
Call on W. S. Dimock if you want the best coal at the best prices. Telephone South Residence 336, or Summer

Lift off Corns!
Doesn't hurt a bit and Preserves only a few cents

With your finger nail, push your hard corn, callus, warts, corns, and the hard corns, out of the skin. A dry little "Preserver" will lift them off, and the corn will fall off, and the skin will be smooth and healthy.

Thursday from a trip to Campbellton.
Miss Eunice Caldwell of New Canaan
spent the week-end here the guest
of Miss Rente McNair.

Satisfaction for Every Cent OF ITS COST IS ASSURED WHEN YOU USE

"SALADA" TEA

The perfect flavor of pure, fresh tea is incomparable—and in "Salada" you will always get that flavor.

"Experience Teaches"—

Twenty four million dollars was paid to beneficiaries by the Life Insurance Companies in Canada last year, and thirty-one million dollars was paid to living policy-holders.

Of the 11,430 policies which became claims:

\$50 policies were in force less than one year.
1,000 less than two years.
2,100 between three and five years.
2,450 between five and ten years.
2,500 between ten and twenty years.
2,200 more than twenty years.

and all of these persons were in good health when they applied for Life Insurance.

Life is very uncertain, as last year's death claims show, and, on the other hand, insurance money has brought untold benefit to thousands of homes and individuals.

For further particulars apply to

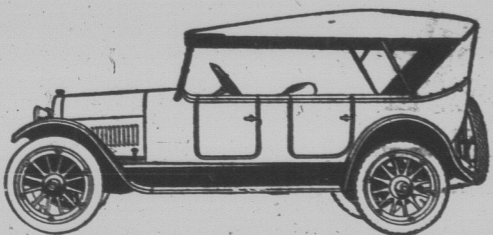

P. M. SHANNON,
General Insurance.

When in St. John stop at the LA TEUR HOTEL overlooking King's Square. 60 rooms, 20 with private bath. Garage in connection.

Performance heads the list of essentials of those who actually drive the car. Ruggedness of chassis that spells dependability; engine power and flexibility that result in quick acceleration; plenty of speed and rare pulling and climbing ability—these are inherent in Oldsmobile "Four."

This touring car brings to the family all the comforts of a very high grade automobile at a cost that the man of average means can comfortably afford. And the moderate investment price is enhanced by the very low cost of operation.

Ask for a demonstration. I will be pleased to take you for a spin.

Also, Agency for Hudson, Essex and Maxwell Cars, Motor Supplies Etc.

E. A. LeGALLAIS,

Next Ferguson & Wallace.

Campbellton N. B.

ANTHRACITE COAL—1921

To those who are hoping for lower prices:

We are in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think further subsidies are likely. Present ultra wage agreements don't expire until March 31, 1922.

There isn't much hope of general reduction in freight rates.

If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 15.50 or even 25 cents after next July 1st.

Coal is far cheaper today than it will be in the near future.

You received the same advice a year ago. You will receive it again.

There will be no more subsidies.

We are simply appealing to your common sense.

You insure your home against fire, don't you? But because you expect fire, but as a protection to your home, you insure it.

The best insurance you can buy now is to buy insurance against what's coming next winter.

The Best Anthracite of Montreal recently had a survey made, with a view to determining what coal he bought now, and stored to the best of his ability.

The Manufacturer's Record of Baltimore says:

"Protect yourself at once for all family and factory coal needs."

There is no question about the spring and autumn. In this way, you can be sure of your coal.

Call us up—we'll work with you.

R. K. SHIVES Coal & Insurance

TORONTO TO BRITISH COLUMBIA

Impressions of the Trip With the Canadian Weekly Press Association Party.

As the trip from Toronto to Vancouver is completed it will perhaps be in order to say something of the special train and the management of the Canadian National Railways which carried us across Canada and looked after our comfort and pleasure en route.

The train in which we made this transcontinental trip represented the last word in travel comfort. The out-going journey was made over the Canadian National Railways and the return by the Canadian Pacific. Each of these roads supplied their latest type of equipment for the train, which consisted of six standard drawing room sleeping cars, dining car, tourist and baggage car.

The party were very much interested in inspecting the many new features introduced in the 1921 type of Canadian National sleeping cars, in the train. These steel cars were the latest expression of the railway car builders' art, quietly but luxuriously upholstered, having individual heating control, which can be regulated from each berth; thermos bottles in drawing rooms, and several other devices calculated to make transcontinental travel as pleasant as possible.

The dining car was also one of the most modern Canadian National types, paneled in oak. The Canadian National took advantage of the editors' trip over their lines to the Pacific Coast to place in service their new dining car menu, on which were described in text and illustrations the various stages of Canada's development.

The baggage car was specially fitted and in charge of a special man. Passengers had access to this car at all hours, a privilege which was most highly appreciated.

This splendid train was the home of the party for 15 days, although during the convention several of them stayed at the Hotel Vancouver. All through the trip the officials did everything they possibly could to make travelling as pleasant as possible.

The officials in charge of the train on the westward journey were: C. K. Howard, General Tourist Agent, Montreal; H. J. Lambkin, Inspector of Dining and Sleeping Cars, Winnipeg; J. J. Kelly, Steward in charge of dining, Winnipeg; Walter Thompson, Publicity Agent of Grand Trunk, Montreal; R. Creelman, Assistant Traffic Passenger Manager, Winnipeg; W. C. Riddell, Publicity Agent of the Canadian National, Winnipeg; Osborne Scott, General Passenger Agent, Vancouver. An electrician, also a superintendent and master mechanic of each division looked after the safety of the party.

During the trip the party learned something of what it means to be "personally conducted" by a great National Railway. Each officer was kindness itself and nothing that could give enjoyment or add to the pleasure of their guests was in any way omitted or overlooked by the officials in charge of the Special Press train.

At the various stops the arrangements for the trip were made by Mr. Howard in conjunction with the Association Manager. At Jasper Park the entire party were guests of the C. N. R.

And I would like to impress upon the readers of the Graphic that the C. N. R. is their own railway.

When going west or travelling anywhere in Canada or in shipping, all things being equal, they should at all times use their own railway. The service is every way as good as any other railway; the roadbed is excellent; the scenery is just as grand. When you go west travel by the people's own railway.

Next week Victoria will be the place of interest.

H. B. A.

SHE TOOK HER MOTHER'S ADVICE

Now is in the Best of Health because she took Lydia E. Pinkham's Vegetable Compound.

Keweenaw, Sask.—My mother has been ill for many years. I have taken Lydia E. Pinkham's Vegetable Compound and I feel much better in every way. I am willing for you to use my letter as a testimonial. I recommend your medicine. —Mrs. LEMMA NELSON, Keweenaw, Sask.

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite often the woman who does her own work at home. When backaches and headaches and all kinds of ailments, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

THROUGH RAIL SERVICE

ATLANTIC TO PACIFIC

Canadian National Railways Furnish Connections With Famous "Continental Limited" Out Of Montreal.

The finest train service to the Pacific Coast is afforded by the Canadian National-Grand Trunk "Continental Limited" daily, and by the Maritime Express daily except Sundays. The "Continental Limited" now leaving at 9:00 P. M. daily from Bonaventure Station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane and via the Transcontinental to Winnipeg and by the Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National railways to Vancouver—the finest of routes through the Rocky Mountains and over the smooth roadbed.

From Montreal there is connection by Ocean Limited with the coast. The Maritime Express arriving in Montreal at 10:00 P. M. affords the most direct connection to the coast by the Ocean Limited which will have the advantage of a day spent in Montreal. The Maritime Express leaving Montreal at 1:00 P. M. affords connection with the Ocean Limited at 5:00 P. M. This route makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two direct routes.

There is also the through service to the Pacific coast by leaving Toronto on the "Continental Limited" at 10:00 P. M., via Sudbury, Port Arthur, Port William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal, and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents, and folders and illustrated matter may be obtained by application to any of the City Ticket Offices or by writing the General Passenger Department, Montreal, N. B.

July 24—5.

Canadian National Railways

TENDERS FOR TIES

Sealed tenders addressed to the undersigned and enclosed "Tender for Ties" will be received at this office until twelve o'clock noon, Saturday, 17th day of September, 1921, for 1,000,000 Railway ties to be manufactured between October, 1921, and May, 1922, and delivered between December 1st, 1921, and September 30th, 1922, on Canadian National Lines between Quebec and Sydney, including Halifax & South Western, in accordance with Tie Specification No. 3856, dated March 16th, 1919.

Tender forms and Specifications can be obtained at the office of the General Tie Agent, Union Station, Toronto, J. C. Stewart, Tie Agent, Montreal, or J. Raim, Superintendent, Bridgton, N. B.

Tenders will not be considered unless made on forms supplied by the Railway.

No tender for quantities less than 10,000 ties will be considered.

The lowest or any tender not necessarily accepted.

Special arrangements will be made to purchase ties fully up to specification, manufactured and delivered by actual settlers from their own lands.

W. H. GRANT,

General Tie Agent,

Canadian National Railways, Toronto, Ontario.

Toronto, July 21st, 1921.

MORE MEN THAN WOMEN

subject to appendicitis, although many sudden cases occur among women. It can be prevented by preventing intestinal infection. The intestinal antiseptic, Adler's, acts on BOTH upper and lower bowels, removing all foul, decaying matter which causes infection. It brings out matter you never thought was in your system and which was poisoning your blood.

Adler's is EXCELLENT for gas on the stomach. A. Mott McDonald, Druggist.

HARVEST EXCURSIONS VIA "CAN. NAT."

30,000 Urgently Needed to Gather in the Bumper Wheat Crop of Canada.

To garner in Canada's bumper crop of golden grain, 30,000 harvesters are needed from Eastern Canada.

From all parts of New Brunswick there will be special fares by special trains on August 4th and August 10th, via Canadian National Railways. The fare from Campbellton to Winnipeg by these trains will be \$21.50.

There will be proportionately low fares from Winnipeg for those returning. The fare to points beyond Winnipeg is one half cent per mile.

Special accommodation will be furnished on these excursion trains. Lunch Counter Cars will be carried, serving meals, and the best type of Convertible (berth) colonist cars will form the equipment.

There is this opportunity for those who wish to visit the west and participate in the harvesting. The rates are extremely moderate, and the accommodation most comfortable.

Particulars regarding these excursions can be secured from all ticket agents of the Canadian National Railways, or by writing F. W. Robertson, General Passenger Agent, Montreal, N. B.

WHEN USING

WILSON'S

FLY PADS

READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY

Sports

A story from the C. G. I. T. camp near Chipman writes:

"Well, here we are under canvas, twenty-five of us, representing all parts of New Brunswick, to burn how to carry out our program. The first thing we did was to elect a president. The man who has been elected is John Williams, a fine fellow, one of five tribes of Indians, with Indian names, each tribe having a big and tall chief, a song, yell, and motto. We have a flag, a drum, a bugle, a victory for the magnificent province, a camp director, with leaders for each tribe and water sports officer.

"Mr. and Mrs. Robert Taylor of Fredericton were the guests of honor at the camp. J. D. Hunter of St. John is our business manager and manager. The first edition of the Tully (Indian name for newspaper) was published last night by Jean MacIntyre of St. John. Our lively efficient editor in chief, is being abashed with congratulations.

"The boys of the Chipman camp will have to look to their records, because they are not just good sports, if not better. We have a much larger camp than the boys. Donaghue has been chosen as the favorite fruit of the camp. He is a very nice fellow, but more clever and brave."

Friday and Saturday Mrs. Bedford of Moncton, the swimming expert conducted the first series of races among the girls who could swim. In the first race, fifty feet out and return Elizabeth Anslow of Campbellton won out of fourteen starters. In a relay race, Elizabeth Anslow won in her relay. Then in the swim off of winners in the relays Elizabeth Anslow again won, so she was pronounced the champion of the camp.

NEW FEATURE FOR EXHIBITION

**Many Good Attractions Already
Booked—Live Stock Entries
Large.**

Something new and novel in lighting effects is being planned this year for the St. John Exhibition, which opens its doors on September 3, and which promises to be the biggest fair in history.

A ship's mast is to be erected in the centre of the grounds, with yards complete, and will be completely lighted, thus making the entire open space, during the evening, light as day. Another change of importance is the removal of the poultry department from underneath the grand stand, to a space in the Agriculture Hall. The space underneath the grand stand is to be a part of the Mid-Way, thus relieving the congestion on the road in the rear, and giving more space for mid-way attractions.

Announcements of importance regarding the amusements booked for the fair are now made. The exhibition has secured some of the most famous acts in the museum world, and those who attend the exhibition are sure of a rare treat.

Chute jumps, will give daily exhibitions in front of the grand stand, rising to a height of a mile in the balloon and making several successful drops from parachutes, featuring the smoke discharge descent. Mr. Bonett has an experience of many years in this particular act, and has had several narrow escapes from death.

Also coming for the open air performance is the famous baboon family. These educated simians will convince many skeptics of the truth of the Darwinian theory, and they wind up their last performance with the famous baboon shop scene.

Also there is a trick bicycle act, and a high wire act, both of comic nature and the Malia-Barte Troupe, the slapstick team with the successful record of three years run at New York hypodrome.

Manager Porter reports the livestock filling up, with several inquiries from Ontario and Quebec exhibitors who have never before shown in St. John.

Further interest is being taken in the announcements that an exhibit of fisheries will made by the Canadian Government being most complete of the kind. Some years ago there was an exhibit of this kind, and crowds were always thick about the tanks where the live fish were displaying themselves. This is also a feature of the National Exhibition held at Toronto every year.

Plans are being completed for the 1954 B. Kennel Club Show in connection with the Exhibition. Announcement has already been made that a special effort will be put forth to bring some of the best Nova Scotia dogs to the show. It will be of interest to Nova Scotia owners to know that a special trophy in the form of a handsome silver cup will be offered for the best dog.

As the work proceeds and plans mature, the fact is becoming evident that the St. John Exhibition will establish a new record this year in illustrating the agriculture, live-stock, industrial possibilities and natural resources of the Maritime Provinces.

SPECIAL DELIVERY
POSTAGE DOUBLE

Ottawa, July 23.—On and after the first of August, 1921, the fee for the special delivery of letters in Canadian cities as provided for in section 14 of the official postal guide shall be 20 cents for each letter in addition to the ordinary postage charged. NEW BRUNSWICK FOR TOURISTS

Province of Beauty and Opportunity Needs only Advertising.

The poet who wrote that beautiful hymn about singing birds, ringing words, dancing waters and nature's other inspirations, must surely have tasted of the summer delights of our own little province down by the sea. Its broad rivers, romantic beaches and water stretches, lakes and mountains, fields and fountains, reversing falls, its smooth roadways, with their borders of sweet-smelling flowered shrubs, its deer and moose and other forest game, and its other natural resources, possess a charm and attraction, that certainly mark New Brunswick as a most delightful and alluring summer vacation region.

Possessing these allures, the New Brunswick Tourist and Resources Association which is now a provincial organization—is appealing to the town and county councils, the board of trade, commercial clubs and public spirited citizens, from end to end of the province to interest themselves in making these advantages better known to the outside world, and for the promoting plans for provincial and local improvement and beautification. One of the greatest necessities in many attractive localities would seem to be improved hotel and housing accommodation.

At the late meeting of the Association in Sackville, N.S., it was decided to publish a provincial pamphlet setting forth the attractions and advantages as a summer camping ground as well as a permanent abiding place. On this point, the Association secretary, Mr. C. B. Allan, of St. John, would be pleased to receive suggestions and information, as to the best routes to be followed in reaching specially attractive areas, the hotel or housing accommodation available, and such local resources or attractions as would prove most interesting. Our increase in the dollar membership is also desired, with a view to strengthening its influence and enabling it to carry on an extensive pamphlet propaganda covering all sections of the province.

The Association, since becoming provincialized has held meeting in St. John, Dalhousie, and Sackville. Next season it is booked to meet in Edmundston, Madawaska, where it is hoped there will be a large representation from all parts of the province.

Our readers who are interested in promoting the welfare of the province, are asked to lend their aid in building up this important provincial organization.

THE BOY SCOUTS ASSOCIATION.

The Boy in the Man meets the Man in the Boy.

There is only one way to be reasonably sure that we are going to get our sons safely over the rough places in their lives, and that is by becoming their chums. We must not allow our waking hours to be so full of business that we shall lack time to help the boys fight those battles every lad must face.

Your Case.

Must come out to meet the man that is within the boy and they must walk and play together.

CHARLIE'S CASE.

The following anecdote, though unusual, contains a note of warning to which every father should give heed. A prominent Canadian Judge of a Juvenile Court tells of a visit which he made to a place of detention where he became interested in two bright looking boys of about sixteen years of age. In conversation with one, he said: "Charlie, how did you come to get in to this trouble? I knew your father well. He was one of the best ministers in Canada. It must have broken his heart to see you going wrong. Why didn't you take him into your confidence when you found yourself slipping?" The boy hung his head, and mumbled: "I never could get within forty feet of my dad. He was always so busy."

Jim's Case.

There was a wonderful similarity between Charlie's case and that of the other boy, Jim, whose father was a writer of legal books. Jim complained that several times when in trouble he had tried to have a talk with his father but was always was greeted with "Run away, Jim, my boy, I am just in the middle of a very important chapter and I cannot take the time just now to talk to you."

Perhaps by this time you are saying: "Yes, I know and I only wish I had more time to devote to my boy, but I am in that moment to be tied hand and foot. My business takes me away a great deal, or I must attend meetings at night, or I work long hours in the office. My life is just a series of struggles."

It was to meet such cases as yours that the Scout Movement was devised by Sir Robert Baden-Powell, who spent years studying every phase of the different movements among boys.

What Scouting Is.

Baden-Powell says: "Scouting is a game in which elder brothers can give

DALHOUSIE

Dalhousie, Aug. 2.—The Rev. F. L. and Mrs. Jobb and daughter Muriel, passed through town Friday, on a motor trip from Ontario, to spend their vacation at New Mills.

Mrs. P. LeBlanc of Schreiber, Ont., is visiting her parents, Mr. and Mrs. Ned. Pasquet.

Professor Brino gave a magic performance in the Convent Hall on Tuesday evening, before a most interested audience.

The results of the High School Entrance examinations, so far as the Dalhousie Superior School is concerned, are as follows:—Mederic Baigue, 905; Mary Coleman, 731; Hugh Connacher, 551; Alice Campbell, 481; Anne Miller, 452.

Mrs. E. R. Kane and her two children of St. Flavie, P. Q., who were visiting Mrs. James Harquail last week, have returned home.

Miss Mattie Cook, of the Royal Bank staff, is away on her annual vacation.

Wallace M. Sheehan's famous Canadian-bred English bulldog, Rocky Silent Witness was found dead recently at Dr. Villeneuve's kennels, Montreal. Death was due to the terrific heat.

Mrs. A. Fullerton, accompanied her sister, Mrs. W. McKean in her motor trip to Halifax, on Thursday morning. Frank Barriere, their brother, went with them as far as Chatham.

The Rev. Daniel and Mrs. Hattie, in the course of their honeymoon trip by motor, from their home near Ottawa, made a call on the Rev. J. H. and Mrs. McLean.

Gregor McKean, on Friday morning had the misfortune to injure his jaw while climbing the Dalhousie Lumbar Company's tractor. Medical aid was procured, which enabled Mr. McKean to resume work in the afternoon.

The manse is in the hands of the carpenters and the masons. Considerable repairs are being made to the foundation walls; the cellar is being enlarged and a new drain is being put in the cellar floor is being concreted and a new set of steps leading up to the front door is being built.

Miss Dorothy Williams of St. Stephen, is home for a month's vacation. Mr. J. Hubert spent the week-end with his family.

Mr. and Mrs. Albert McFarlane were the guests of Mr. and Mrs. A. W. Gallop for the week-end.

Their younger brothers healthy environment and encourage them to healthy activities such as will help them develop citizenship.

"Is strongest appeal is through Nature Study and Woodcraft. It deals with the individual and not with the company. It raises intellectual as well as purely physical or purely moral qualities. It tries to lead him to aim for these ends—now by experience. It is known that, where properly handled, it gains them."

Would Bring Back Luck.

Guest (pointing down over house): "So this is your kitchen. It seems splendidly appointed; but why have you so many mirrors around? They must be done at last."

Host.—(Shaking the soap in very cold water, but superstitious, so she doesn't dare throw things about here.)

Your Clothes

Your clothes should be the best that money can buy.

Clothes do not make the man, but they make him presentable, and he is often judged by his appearance.

Call and see our line of Blue and Black Serges absolutely guaranteed.

Bernier, The Tailor

EDITOR'S MAIL

THE CAUSE OF THE BLIND.

Dear Sir:—

On arriving in Campbellton last night I learned from Mr. Havelock Sanson that a meeting had been held on Sunday night last to consider the cause of the blind children of this county. Since I was unable to be present at that meeting, and since the people of Campbellton have shown their evident interest in this matter, may I ask a little of your valuable space in which to express a few ideas concerning this worthy cause.

One unacquainted with the problem might very naturally ask, "Is the training of the blind possible, and if so, is it worth while?"

Both questions can best be answered by taking a local illustration. About two years ago, in September, 1919, there came to the School for the Blind in Halifax, two blind boys from the Tobique Head named Ernest Cleave and William Barth. These boys' both in their teens and never attended a school of any kind, and lacked the simplest fundaments of what we commonly call education. But, as it turned out, both had a fair share of ability and a great deal of determination. During that year (1919-20) prizes were offered at the school for those making most progress. Of one hundred, and twenty attending that year the first and second prizes were carried off by the two boys from the Tobique Head. Both boys returned for the term of 1920-21, and continued their rapid progress throughout the year. At the present time these boys can read and write Braille (the raised-point system used by the blind). By this means they have access to and constantly use the best of literature from the scholarly, extensive library, and are also able to read the Braille monthly magazines. Starting from "two and two" they are now able to perform mentally any ordinary operation in arithmetic required in a general store and involving addition, subtraction, multiplication and division. They already have a fund of knowledge of geography, matters of general interest, and practical knowledge of the correct use of English. In the industrial department they are doing equally well, having learned cane-seating of chairs, and made rapid progress with their broom-making and piano-tuning. All this in the space of two years! One of these boys said to me a few months ago, "where would I have been now if I had come here a small boy?"

The aim of the School for the Blind is to prepare its pupils so that they may become self-supporting; independent citizens. Cases of successful graduates could be cited almost without number.

The School is a free school, that is the pupils are boarded, lodged, treated for sickness, educated and given a trade or trades without any charge whatever against the parents. Pupils are expected only to pay railway fares and their own clothing.

Right here, I understand, comes your local problem, but in view of the worthiness of the cause involved, and I trust, sir, that we may have no fear the annual success thus far attained, has but there will be sufficient public spirit shown in Campbellton to assist Mr. Sanson in overcoming this small factor in the problem.

Aside from the more important and human phase of the matter all will readily grant that it is good business to make community assets out of what might easily become community liabilities.

Thanking you, sir, for your valuable space, I am,

Yours faithfully,

E. CHESELEY ALLEN,

Asst. Supt. Halifax School for the Blind.

Campbellton, N. B., Aug. 3, 1921.

Nearly Swindled.

"Oh," cried Mrs. Gush, "what a darling blouse! How much is this gorgeous creation?"

"Fifty shillings, madam!" was the answer.

"Fifty shillings, and so sweet for the price," continued Mrs. Gush. "It's a daisy, just exactly what I want. The price is just exactly what I want."

"I think I will take it, though fifty shillings—"

"Fifty shillings, madam," said the assistant. "It's a daisy, just exactly what I want. The price is just exactly what I want."

"Oh, I see! Well, show me something a little better."—Answered.
