These pictures of Victoria Park, the city itself and Springbank, illustrate perfectly how well London is entitled to call itself the "Forest City." In Victoria Park, the monument and bandstand are prominent; in the view of the city, the white market square stands out as a landmark; at Springbank, the pavilion and amusement park are unmistakable.

One Hundred and Fifty Passengers Have Miraculous Escape From Death.

LONDONERS ABOARD

Accident Due To Misunderstanding of a Railway Signal.

Toronto, June 17.—One hundred and fifty passengers and the crew of the International Limited, G. T. R., eastbound, due here at 9:13 this morning, had a miraculous escape from death or serious injury when the train was derailed on the 20-foot-high Sunnyside embankment, just west of this city. The engine, baggage car and two coaches left the rails, but as the train was running on one of the centre tracks, all remained on the embankment and nobody was hurt. The accident is said to have been caused by a misunderstanding of the misplacing of a signal to stop at a point where workmen were making repairs.

The London passengers on the train were C. A. Whitman, Mr. and Mrs. W. J. Lashbrook, Thos. Stuart Reid, and Frank Laughlin.

30000 MONTREAL WORKERS TO BE ON STRIKE SOON

Serious Tie-Up Is Anticipated by the End of This Week.

TROUBLES INCREASING

No Sign of Settlement At Present in Any of the Strikes.

Montreal, June 17.—Montreal's labor troubles are piling up and present indications are that they will be a serious tie-up by the end of the week. The railway shopmen's executive committee has issued the strike order for Wednesday morning, apparently having abandoned any hope of a settlement before the expiration of the time limit. The full result of their action cannot be estimated, but it is feared that the thousands of other workers whose trades are closely related to those of the shopmen will be drawn into the strike. The strike of the building trade electricians is said to be the forerunner of a general walkout of the dozen trades affiliated with the building trades council. It is thought that over 30,000 will be involved by the end of the week. There is no sign in sight of any settlement of the strikes at present.

VANCOUVER STRIKERS RETURNING TO WORK

Vancouver, June 17.—The Vancouver Engineering Works, employing about 200 men, threw open its doors for the resumption of work yesterday, and it is stated that about 75 per cent of the men went back to their tasks, with other reporting during the day. This concern, it is pointed out, was not closed down by the general strike order. Some of the company's employees went out on sympathetic strike, and two or three days later the management closed the works, telling the men to take a few days' holiday.

Several of the telephone operators who were retained to operate the switchboards. The telephone service in Vancouver is fast approaching normal conditions, and no attempts have been made to interfere with the workers.

VANCOUVER PRINTERS OBJECT TO TEXTS OF STRIKE ADVERTISEMENTS

Vancouver, B. C., June 17.—The Vancouver Union of Printers, who have been in the city today to publish full editions. Growing out of the strike serious complications took place today in local newspaper offices. Objection was taken by local printers to the texts of two half-page advertisements ordered for insertion in the two evening papers. One of them was submitted by the Citizens' League, the other by the Citizens' Law and Order League.

The Sun paper, which had a disagreement with its staff on Saturday morning over an editorial to which the paper objected, has not yet resumed publication. President M. G. Scott, of the International Typographical Union, today wired that he had ordered the Sun chapel back to work immediately.

TELEPHONE WORKERS IN CALIFORNIA STRIKE

Newcastle, N. B., June 17.—Lord Beaverbrook, who arrived in Canada on the Olympic last Friday, arrived here yesterday to spend some time with his mother in his old home. He was met at the station by Mayor Doyle and the council and a large number of citizens, and given a hearty welcome. Lord Beaverbrook, who is an energetic advertiser, is spending his time renewing old acquaintanceships.

LONDON PHOTOGRAPHER HAS AN ENJOYABLE AND BUSY TIME SNAPPING CITY FROM THE AIR

Gets Forty Films in Thirty Minutes and Does Not Feel Nervous or Insecure While Flying.

Arthur A. Gleason of this city holds the distinction of being the first Londoner to make aerial photographs of his own home town. He probably holds the long distance record locally for speed in photographing as well. He took 40 pictures in the space of 30 minutes from the "cabin" of Lieut. Wilshire's airplane, and of these 20 or more were an entire session.

"I have photographed yacht races from a small open motor boat in a choppy sea," he says, "and I had in view a casual sea-sickness of sailing against wind and balance. Shortly after the excursion aviators arrived in town, Mr. Gleason made his arrangements to go up in the air to take birdseye pictures of the city and the surrounding country. It was necessary to wait several days for ideal conditions, clear atmosphere and entire absence of haze.

The psychological time arrived, and at seven minutes to one a good flying machine was provided for the pointing out of the city. Mr. Gleason today said: "I didn't think about nerves. I didn't have a second to wait, so fully was my time occupied with the camera. Before the picture collecting flight was started, the seat was removed from the cabin of the airplane and the camera mounted on a fixture placed on a revolving ring on the deck. An adjustment was made for the pointing out of the camera.

Owing to the nature of the work to be done, a possible freedom of motion was necessary. Was the photographer tied in the machine? Not a bit of it. He stood right up like a veteran, though it was positively his first time up, the deck coming suddenly up to his chest.

Net Worrying.

"For danger or feeling of insecurity, it is not to be compared with making MISSING EXHIBITS NOW IN POSSESSION OF PROPER TRIBUNAL

Decision Will Be Reached, It Is Expected, Within Ten Days.

Montreal, June 17.—After adjournment of the public hearing of the newsprint inquiry yesterday, a new trial was given to the situation by the production of almost all the missing exhibits. The public hearing, which was in possession, the tribunal settled down to consideration of the evidence, and it is now understood that the tribunal will reach an early decision, which is expected within ten days. This will preclude all likelihood of the tribunal's jurisdiction lapsing before judgment is given.

\$5,000,000 DAMAGE DONE BY FIRE AT LIVERPOOL DOCKS

Blaze Sweeps Through Warehouses Stored With Inflammable Goods.

LONDON, June 17.—A big fire broke out on the Alexandra dock in Liverpool last night. Warehouses stored with timber, cotton, oil, 400 barrels of turpentine and other inflammable materials were destroyed, and are still burning. Several vessels were safely removed from the danger zone, but a blazing roof from one warehouse fell on the American steamship Noctella, which was badly damaged. The crew of the ship escaped. Newspaper dispatches estimate the damage at £1,000,000.

WINNIPEG STRIKE LEADERS PLACED UNDER ARREST AND SPIRITED AWAY FROM CITY

GERMANS HOWL IN INDIGNATION AT NEW TERMS

Allied Reply Is Received With Utmost Depression.

Winnipeg, June 17.—The new allied terms reached here late last night and the first apparent effect upon the German leaders, who remained awake to wait for the terms was that of depression. A report passed rapidly through the old castle where the government heads are residing temporarily, that the signing of the Peace terms by Germany was highly improbable.

No one would talk for publication, but every official and every member of the foreign office available expressed the deepest pessimism and resentment at the alleged cruelty of the terms.

Germans were specially embittered over a report that a French mob had stoned the helpless German delegates at Versailles.

N. Y. DOCTOR CLAIMS TO HAVE SURE CURE FOR SPANISH "FLU"

Dread Diseases Need Be Feared No More Than Boil.

IMMUNIZES PATIENT

Discovery Pronounced To Be the Greatest of the Age.

New York, June 17.—Influenza and pneumonia are no more to be feared than a boil on the back of your neck, according to Dr. Chas. H. Duncan, one of the founders of the Volunteer Hospital, who gave an address here before the convention of the Allied Medical Association of America described his method of combating Spanish influenza by means of "immunizing a patient to his own person."

Upon 254 patients ill with pneumonia and influenza last winter, Dr. Duncan said, he had used the treatment "without a single fatality or any complications."

"Briely," the physician said, "I take one drachm of mucus from the infected area and pasteurize it in one ounce of filtered water, where it remains several hours. One cubic centimetre of this toxine, injected subcutaneously, would effect a spontaneous cure of Spanish influenza, pneumonia or any similar localized infection. It will stop any cough, except tuberculosis, inside of 24 hours."

Dr. George F. Laidlow, professor of the history of medicine and diagnosis at Flower Hospital, in discussing the Duncan method, said the discoverer "had solved a problem that has been germinating in medicine for 2,000 years."

Dr. Duncan's work marks the conclusion of Pasteur and Wright and is a decided step forward in the bacterial development of bacterial therapy."

Dominion Government Launches Campaign Against Sedition in the West—Rev. William Ivens Among Those Seized by Authorities—Labor Temple Is Raided by Members of Northwest Mounted Police and Literature Said To Be of a Bolshevik Nature Seized.

Winnipeg, June 17.—Acting on authority from the Federal Government at Ottawa, armed with warrants issued by the Dominion Government officials, nine men whom secret service authorities had marked down as leaders of Bolshevik propaganda were arrested this morning, according to an official statement issued by Acting Chief of Police Chris. H. Newton at 10 o'clock this morning. It was declared that all of those taken into custody played a prominent part in the sympathetic strike, now in its fifth week. They were taken to Stony Mountain Penitentiary.

Rezeruk, admiral of Bolshevik theories, Russian birth. **VANCOUVER POLICE HAVE NO KNOWLEDGE OF ARRESTS THERE**

Vancouver, June 17.—The police department stated this morning that they had "no knowledge" of any arrest of strike leaders in Vancouver. The same answer was given out at the office of the Mounted Police at 8:45 a.m.

TRAIN RUN ON SCHEDULE.

Winnipeg, June 17.—Lashed news last night in regard to the strike of some of the employees of the running trades, was that all the Canadian Pacific Railway passenger trains got off on schedule, and that those of the Canadian Northern Railway were dispatched with some delay. The Canadian Pacific Railway, it was reported, was satisfactorily handling freight, and it was announced that there had been no interruption in the freight situation in the Canadian Northern Railway.

NORMAL IN CALGARY.

Calgary, Alta., June 17.—There have been no developments in the local strike situation for some time. Save for the postoffice confusion, one would scarcely know a strike existed here. The postoffice has one man working for everyone that is on strike, and though they are inexperienced, the mail service is growing better each day.

FOREST FIRES DO HEAVY DAMAGE IN NEWFOUNDLAND

St. John's, Nfld., June 17.—Forest fires in various sections of Newfoundland, have destroyed valuable timber tracts and threatened isolated settlements during the past week. Reports received today indicate that rainstorms have probably extinguished most of the fires, but it will be several days before the extent of damage to settlements can be learned.

FAILED TO REPORT, PAY FINES OF \$250

Heidelberg and Bayfield Men Convicted.

Sergeant John Wilson, of the local Special Service Branch of the Dominion Police has been very busy recently prosecuting deserters and absentees under the Military Service Act in this district. In addition to handling all local cases, Sergeant Wilson secured two out-of-town convictions last week.

Harry Koehler of Heidelberg, appeared before Magistrate Watts of Guelph, charged with being a member of group three, and absconding himself, the accused not reporting for duty when ordered to do so. He was fined \$250. The fine was paid.

Robert W. Spackman of Bayfield, also a member of group three, appeared before Magistrate Andrews at Bayfield, on a similar charge and was fined \$250. This man was exempted until May 1st 1918, but being between the ages of 22 to 23, his exemption automatically ceased on May 1st 1918. He failed to report when ordered to do so and prosecution followed. The prisoner was represented by counsel, and the fine was paid.

PASTURE COSTS MONEY

Jacob Smith Fined \$1 and Says Others Do Same.

Jacob Smith was fined \$1 in police court for allowing his horse to pasture on Colborne street. He said there were others doing the same thing. Magistrate Graydon advised him to lay an information against them if he wished any action to be taken. One drunk paid \$10 and costs for drinking blood that contained more than the prescribed two and a half per cent of alcohol.

CHARGE OF ALLOWING HIS HORSE TO WORK WHILE IN UNFIT CONDITION DISMISSED

Russell Payne Was Not at Place of Business Day It Occurred.

The charge against Russell Payne of the City Parcel Express of allowing one of his horses which had sores on its body to be driven about the city was dismissed in police court this morning.

Sergeant Thomas Bolton, who discovered the horse in that condition, declared that there were two large sores on the left side immediately behind the front leg. On the bellyband there was blood and a piece of the scab which had rubbed off. Underneath the collar on both the left and right shoulder there were large sores, the one on the left shoulder was as big as the palm of the hand. This case was somewhat deep.

John Murtach, the driver of the wagon, declared that the horse had not been worked since Saturday previous to the Thursday on which Sergeant Bolton made the arrest. Mr. Payne, his employer, had been ill since Saturday. On that day Murtach had told him of the sores and he instructed him to leave the horse in the barn for three or four days.

Only for the fact that Payne was absent from his place of employment at the time that the boy took the horse out, Magistrate A. H. M. Graydon informed him that he would have imposed a heavy fine. You should be responsible for the actions of these boys," he told them.

TROOPSHIPS EN ROUTE HAVE VETERANS ABOARD THEM FOR THIS DISTRICT

The military authorities here have been advised that the liner Aquitania, with five officers, 1 cadet and 150 other ranks for London and district, will arrive at Halifax on or about June 13. The liner Scotian is scheduled to dock at Montreal about June 20. This troopship, according to military authorities, has three officers for London and district.

PAYS \$5 FINE FOR SPEEDING, ANOTHER FOR DAMAGING CAR

Leonard Erskine Alleged To Have Had Wild Ride.

Leonard Erskine was fined \$5 in police court this morning for speeding, and also paid the street railway company \$5 for damaging the fender of one of its street cars which he struck while trying to beat Barney Oldfield's records for fast driving.

Frank Buchanan and Matthew J. Easton, both employed on the car that was struck, stated that they were coming along Beaufield avenue after making a trip to Springfield, when Erskine tried to pass them before they reached a car that was standing by the side of the road. Both the street car and Erskine's car reached there at the same time, and in turning out to avoid the standing car, the accused struck the street car. Easton declared the speeder was going about 20 miles per hour.

Other Evidence.

Charles Johnston, a passenger on the Springfield car, stated that Erskine also hit the other auto, striking the hood.

R. A. Young, who was on the Rid-out car behind the Springfield, said that the top of the auto in which the young man was driving, was hanging along the side of the car. It struck a horse and buggy, which a man and woman were driving, he added. The auto did not stop, however.

Calvin S. Patton, who witnessed the accident, thought that the speeder showed very bad judgment. "If he had been going about 10 miles an hour faster, he would have been all right," he said, "for he would have passed the auto before the street car came."

His Own Car Damaged.

It was 10:30 o'clock in the evening when the accident occurred, Erskine remarked. The body of his car was damaged as a result.

When asked as to his sobriety by Chief of Police W. T. T. Williams, he stated that he never touched liquor. He admitted having five bottles of ginger ale in the car, but denied being possessed of any. He was asked if he chief then wanted to know why he left a door of the auto lying in the road after it had been knocked off. Erskine attributed this to the excitement of the moment. Basil McKay was in the auto with him.

Strawberries Come In Such Quantities Price Drops Rapidly

Before Noon Boxes Were Selling At 20 Cents Retail.

The local market today was much larger than the usual mid-week market. There was an abundance of strawberries offered for sale. Despite the fact that they were offered as low as 18 to 20 cents per box wholesale, and 20 to 25 cents per box retail, the fact that on Saturday the fruit was bringing 40 cents per box retail, brought in some strawberries, and the general public was unaware this morning of the drop in price.

Local buyers were quick to take advantage of the low prices. In evidence on the local market this morning, 15 cents per box being asked for them.

SPEEDERS AND OTHERS CONTRIBUTE \$21 TO THE POLICE COURT COFFERS

One Case Enlarged for Two Days for Investigation.

Arthur W. White, who was charged in police court this morning with speeding on Saturday, June 1, declared that he had been in the car at the time of the offence, and that his car had been in the garage. Police Constable G. E. Thorne, who had Mr. White's car number 46300, went from the house to Grosvenor street on Monday in 18 seconds. A young man and lady were in it. The accused asked that the case be enlarged in order that he might see his son about it. The case was adjourned until July 1st.

Chester King paid \$5 and costs; A. J. Reid and John Hutchinson, \$3 and costs; Allen Woods, \$3; and Jacob Harris \$2 for breaches of the motor vehicles act. All these men contributed their money before the court opened.

Guessed He Was Guilty, So Must Pay \$200 Fine

Thomas Murray Had Bottle of Whiskey In Possession.

"Oh, I guess I'm guilty all right," said Thomas Murray, when asked his opinion of the charge of having a bottle of whiskey in his possession and being intoxicated, which were laid against him in police court this morning.

Two hundred dollars and costs or three months in jail, remarked Magistrate Graydon.

When he was arrested he was near the Grand Truck works on Ridout street.

CONSERVATORY PUPILS IN FINE RECITAL

Misses Ulah Kennedy, Gladys McEvoy and Bessie Kerr Win Applause.

A most enjoyable recital was given last night in the Auditorium by three advanced students of the piano works on the program, the conservatory faculty. The three students were the Misses Ulah Kennedy, Gladys McEvoy and Bessie Kerr.

Miss Ulah Kennedy gave several delightful numbers, which showed her brilliant soprano voice to great advantage. She has a happy faculty of acting her songs "across," and the appeal she made to her audience was shown by the applause given her at the close of every number.

Miss Gladys McEvoy has a beautiful contralto voice, and her numbers were rendered with great expression. Her "Daddy Boy" was greatly appreciated for its sympathetic rendering, and her other songs gave evidence of fine technique and voice control.

Miss Bessie Kerr has a brilliant manner of execution. She gave several fine interpretations of the piano works on the program, but perhaps her best number was "Concertstück" by Weber, accompanied by the conservatory string ensemble. The orchestra, also, gave a group of pieces which were enthusiastically received.

The three ladies were showered with bouquets. Little Mary Percy and Peggy Willgoose acting as flower girls.

PAGE OF INTEREST TO WOMEN

IMPORTANT MATTERS WILL BE DISCUSSED AT NATIONAL COUNCIL

Eight-Hour Day For Pupil Nurses and Minimum Wage
Board For Women To Come Under
Consideration.

Today the 25th annual meeting of the National Council of Women opens session in Regina, Sask., with Mrs. Gordon Wright representing London.

At this meeting matters of great importance will be brought forward. "Equal pay for equal work" is contained in a resolution which the Victoria council will bring up. Another vital matter will be the suggestion that a child welfare week be held throughout the Dominion of Canada, this to be brought in by the Victoria Local Council. London council will suggest the decoration of all mothers in the Dominion who have lost sons during the war.

"Made in Canada" Goods. The MacLeod local council wishes to bring in a resolution which, if it is successful, will increase the sale of made in Canada goods. This council says that if the objection is made to purchasing home-made goods, because they are not as cheap as those imported, the Women's Council should try to remedy the trouble. The suggestion will be made that correspondence be carried on with the Canadian trade commission with the object of ascertaining in what way they can reduce the cost of Canadian goods. The Toronto council will further suggest that a committee from the Women's Manufacturers' Association in an attempt to secure a better understanding between manufacturer and consumer as to quality and price of "made in Canada" goods.

Minimum Wage for Women. The Winnipeg council will ask that the national union the various provinces to create a minimum wage board for women, there being such a board in Manitoba, which has been most beneficial in raising women's wages.

The Ontario Women's Citizens' Association will bring forward the suggestion that no one in Canada be allowed to vote unless he or she has an

adequate speaking and reading knowledge of the English language.

Victoria Women's Council will move that the women of Canada be given an opportunity to register at an early date in order that they may be able to vote at the next Dominion election. Mothers Co-Guardian of Children. Another matter to be brought up by the Ontario Women's Citizens' Association is the demand for legislation making mothers co-guardians of their children. The Canadian Suffrage Association will also suggest that the Federal Government be urged to remove all legal disabilities from children of unmarried parents.

A resolution on the designing of

women's clothes will be brought up by the Moose Jaw council. In connection with war memorials, the Vancouver council suggests that these be made to include nurses, as well as soldiers, and the United Women of Alberta suggest that the best war memorial for the men would be their ample provision and care of their widows and children.

Welland local council will bring in a resolution advocating an eight-hour day for pupil nurses in hospital training schools. The Montreal council will ask for discussion of the subject of a distinctive Canadian flag.

Holiday Proposed. A perpetual, national or empire holiday for the day on which the peace proclamation is signed will be advocated by West Alberta. This council also suggests that recognition be given to the late Mrs. Fessenden of Hamilton, founder of Empire Day, by the placing of a tablet to her memory in the new Parliament buildings, Ottawa.

The single Tax Association will bring in a resolution to the effect that all revenue raised by collecting the annual rental value of land.

The Ontario Women's Citizens' Association will bring in a resolution to the effect that the railway fares of delegates be pooled.

WINIFRED BLACK

Writes About "One Woman's Job."

Copyright, 1919, by Newspaper Feature Service, Inc.

Young, not bad looking, not entirely stupid; a good husband, a comfortable home, two pretty children. You'd think those were all the ingredients for real happiness, wouldn't you?

Not so. The woman who is married and has these things is miserable indeed. She says her husband is a good business man, but not so good as she would like in his place, and she worries about it. Oh, yes, he can't think to support her and the children. But that's not how much more she could earn, and it would be so easy, too—no breakfast to get in the morning, no dinner to fuss over at night, no curtains to hang, no "welcome" to put on the mat. Just a neat little business suit and a type-a-day long, and lunch on a restaurant down town, and office chums and office gossip and office politics—oh, it would be great!

How About Husband? So unloving, so unsatisfying to the soul! But, then, there are the children. What shall she do with them? She worries a good deal about it.

Oh, yes, the children are not good—they're mischievous and selfish and quarrelsome—and she hates to bother with them, and yet, what is her duty? What on earth is getting into all this?

Why can't they see that there's such a thing as right and wrong, and duty and honor? How can they expect to take one job and get paid for it, and then go and get another job and get paid for that? Oh, yes, that's what it is—marriage and home-making, and child rearing and child training—it's a job, and a good, hard job, too, and it takes a woman that's a real woman to handle it.

Those children and that husband and

the home are that woman's job—why doesn't she attend to it?

What right has a woman with such ideas as this to marry at all? Suppose her husband went to a factory to get a job and said, "I'll come here and work for you, and I expect good living wages, but I want you to understand this work at all. There's something else I'd rather be doing, and just as soon as I can I'm going to do it. I'm going to quit the factory."

That do you think of his chances of getting a job? Help her husband, by going down town to business with him and putting her children away in school somewhere. She won't help her husband. She'll hinder him—no matter how clever she is.

What Will Happen? Himself she may help—but her husband she will hurt. She will hurt his pride and his respect, and his sense of responsibility. And the first thing she knows he'll be thinking within his heart, "Oh, well, she doesn't need me; she can take care of herself, and there is that dear little helpless acquaintance of mine, who's just dying for a home—I wonder if there's some way we can manage it, so that we'll all be happier."

Oh, yes, she is going to happen—maybe it should not, but it will. And the children? Oh, well, what are they, and what are they doing? They should trouble about them? They'll soon be old enough, poor things, to shift for themselves, anyhow.

Excellent Work of I. O. D. E. Among the Military Patients

Hospital Visiting Committee Reports at Cronyn Hall.

A meeting of the soldiers' comforts and military hospital visiting committee, I. O. D. E., took place in Cronyn Hall yesterday afternoon, with Mrs. J. B. McKillop, convenor in the chair. At this meeting it was decided to discontinue all hospital visiting until September, but to continue the Tuesday evening convicts at Tecumseh Barracks, making them as entertaining for the men as possible.

The report of the committee showed that during the month of May 55 wards had been visited, 25 girls and 19 friends doing the visiting. In this way 35 men and 76 in isolation were provided for the value of the articles taken to the hospitals being \$31.70.

During May the Sir George Ross Chapter and the Abigail Ross Chapter, while the Overseas Chapter, Senator Coffee Chapter and No. 28 Nursing Division, gave concerts and dances there, thus giving the I. O. D. E. and associations working under it are doing excellent work in this way among the soldiers who are ill.

Daily Bible Question Club
SUGGESTIVE QUESTIONS ON THE UNIFORM LESSON FOR SUNDAY, JUNE 22, 1919.
ONE GOLDEN TEXT QUESTION.
By Rev. F. S. Lindsay, D.D.
Love, 1 Cor. 13.
QUESTIONS FOR TODAY.
5. Verse 2.—What necessary moral prize is due to a man who has the gift of prophecy and has intuitive knowledge of mystery?
6. Why should any more necessary prize be accorded to a big man than to a little man?
7. If God gives a man the faith so he can remove a mountain and he at the same time is without love, what good is the faith to him?

Golden text—Now abideth faith, hope, love, these three; and the greatest of these is love. Faith becomes an exact science to the thoughtful Christian, however. It is no longer a matter of chance, luck, or speculation, but it is a scientific certainty. Just as we know other things from experience, so we know that faith in God is simply a trustful reliance, that God does all things well; what has been, what is and what is to come we know will be in our highest interest. With such a faith, there is no room for doubt or fear, or misgiving, for just as we depend upon other well-known phenomena we depend upon God. Faith takes all regret out of lives, it makes everything turn to gold for us; there is no poverty of soul, no painful regret, for it is a rock of certainty upon which we build, and we know all is well.

Advertiser Patterns

A Pretty Summer Frock. 2816—This is a charming model, especially for slender figures. It is just the thing for evening, dainty, voile and crepe, and will require little trimming excepting a smart sash or belt of bright ribbon. The skirt is with collar of organdie or net edged with Valenciennes lace, and a sash of Chinese yellow or liberty red would be very attractive for this style.

The pattern is cut in four sizes, 14, 16, 18 and 20 years. Size 18 will require 6 1/2 yards of 27-inch material. The skirt measures about 2 yards at the foot, with plaits drawn out.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

SOCIAL AND PERSONAL

Miss Beth Evans, Hale street, is holidaying with her brother in New York.

Mr. and Mrs. W. J. Ross Mank of London are guests at the Sunset Hotel, Goderich.

Dr. Thomas Cuthbertson of Chicago paid a flying visit to the city on Sunday, when he was the guest of Mrs. Marshall, Central avenue.

Mrs. Cook of Chicago, Mrs. Chapman of Rainy River, and Mr. and Mrs. George MacEwan of Trochu Falls were in the city to attend the Nugent-Forbes wedding.

Dr. Peever, Rev. J. Holmes, Rev. W. H. Robinson, Rev. Louis Barber and Rev. W. J. Ashton were guests at Sunset Hotel, Goderich, during conference week.

A pretty but quiet wedding was solemnized at the Methodist parsonage, Thamesville, when Lillie, second daughter of Mr. and Mrs. Samuel Peters, was united in marriage to Lee Smith, son of Mr. and Mrs. George Smith of Croton, the Rev. Mr. Whitehall officiating. Miss Olive Peters, sister of the bride, acted as bridesmaid, and Mr. Cameron Smith supported the groom. After the ceremony Mr. and Mrs. Smith left for St. Thomas and Niagara Falls. On their return they will reside at the groom's farm near Croton.

One of the prettiest of June weddings took place at the home of Neil R. Gray, 338 St. James street, when his niece, Marguerite Gray Forbes, was united in marriage to E. Howell Nugent, accountant at the Canada Trust and Huron & Erie Corporation, this city, the Rev. James MacKay performing the ceremony.

The house was pretty with masses of spring flowers, and peonies forming the greater part of the decoration. On one end of the living-room, banked with white peonies, to which the bride and groom were seated, stood the bride's mother, Mrs. George MacEwan, sister of the groom, played the wedding music. The bride was wearing a gown of ivory georgette crepe and carried a shower bouquet of roses and sweet peas. She wore the gift of the groom, a handsome platinum barpin set with diamonds. Only the immediate friends and relatives of the families were present, about 35 in all.

After the ceremony the happy couple left for a trip up the lakes, the bride traveling in a serge tailored suit and had trimmed with plumes. They were the recipients of many handsome presents, among them a beautiful chest of silver, the gift of the groom's father, and a silver tea service from the Huron & Erie.

FLORENCE PATRIOTIC LEAGUE DISBANDED.

The spacious lawn of Mr. and Mrs. Robert Currie was the scene of a unique event, when the members of the Women's Patriotic League, with their husbands and families, met for the purpose of disbanding, after their patriotic work during the war. Mrs. Jones, the president, was in the chair. The program consisted of a duet by Messrs. H. E. Forshee and G. H. Powell, both returned soldiers; a solo

by H. Forshee, a solo by Miss Edna Webster, speeches by Rev. Mr. Jones and Rev. Mr. Streeter, together with readings.

After the preliminary program had ended all repaired to the nicely-seated lawn, when the boys, H. Forshee, G. Powell and Will Howell, were each presented with \$25 in gold, the address and presentation being made by Mrs. Jones.

This was followed by a decoration ceremony, when Dr. Kelly decorated three mothers, Mrs. Lampman, Mrs. Fulcher and Mrs. Reeves, each of whom lost a son in the war. At the close of the decoration ceremony Mrs. James Beatty, secretary, and Mrs. McCreary presented the president, Mrs. (Rev.) Jones with some old colony silverware, consisting of a berry spoon, cold meat fork, butter knife, pickle fork and half dozen knives and forks. Mrs. Jones has been a faithful president. In replying she did not fail to comment upon the success of the Patriotic League, placing all credit to the splendid co-operation of the women back of her. At the close a beautiful supper was served to all on the lawn.

SHEPHERD W. M. S. The auxiliary of the W. M. S. of Shepherd invited the Florence and Hattie Auxiliaries to meet with them in a social way at the Shetland Methodist Church, when a very interesting and most instructive address was given by Miss Anna Martin of Victoria, B. C. She related some of her experiences as a missionary among the Chinese and Japanese in the Oriental home and school in Victoria, B. C. Miss Martin is a former resident of Euphemia and is very widely known. Mrs. Douglas, district organizer, was also present and presided over the meeting. Solos were rendered, and at the close of the program the Shetland women served refreshments, the Mission Band boys and girls acting as waiters. The church was beautifully decorated with pretty colored streamers and flowers.
