

THE PROTESTANT AND EVANGELICAL WITNESS.

men make them a thousand times happier without them. To mention my own case, God has been depriving me of one mercy after another; but as soon as I recovered, He has come in and filled up its place.

THE Protestant & Evangelical Witness.

SATURDAY, JANUARY 23, 1860.

Young Men's Christian Association and Literary Institute.

The Annual Public meeting of this Association was held in the Temperance Hall, on the evening of Thursday, the 18th inst.,—the President, Captain O'Rourke, in the chair.

The Rev. D. Fitz Gerald then moved the following Resolution:— 1. That the Report now read be adopted and printed, under the direction of the Committee.

The Association bought them because some of the officers of that institution, said it could not possibly exist. It was the intention of the managers of the Association to procure good instruments from time to time.

1. That this Association be henceforth called "The Young Men's Christian Association and Literary Institute." 2. That the Institute be dissolved during the session, each session being held in the month of June.

It is desirable to have it stated here, that the Association has adopted a portion of the Report of the Committee, and has resolved to proceed to the carrying out of the same.

On Thursday evening last, the Rev. R. S. Patterson, of Quebec, delivered an able and instructive lecture before the Young Men's Christian Association on the subject of "The Papacy reviewed in the Light of Scripture."

On Thursday evening, the 21st of February, instead of the usual lecture before the Association, addresses will be delivered by several ministers and laymen on the best means of advancing the religious and temporal interests of the Colony.

Charles Palmer Esq. moved the next Resolution:— 2. That this Association, formed to promote Christian union, and built upon a foundation of prayer, should with pleasure to the utmost of its power, promote the same.

He would leave the Resolution entirely to the meeting. He wondered who did not hail with pleasure this extension of the spirit of prayer.

Isaac Smith, Esq. seconded the Resolution. It adverted to the fact that the Association was commenced in prayer, and built up in prayer.

1. That the Report now read be adopted and printed, under the direction of the Committee. Moreover, we express our gratification at the changes recently made in the name and working of the Association, and trust they will conduce to the benefit of the Institute.

He said similar institutions were a very remarkable feature of the present time. They were spreading in the United States, the mother country, and in the continent of Europe.

He would leave the Resolution entirely to the meeting. He wondered who did not hail with pleasure this extension of the spirit of prayer.

DIOCESAN CHURCH SOCIETY.

The Annual General Meeting of this Society was held in the Sunday School Room on Tuesday evening last, and although the state of the roads prevented many of our members from attending.

1. That the Report now read be adopted and printed, under the direction of the Committee. Moreover, we express our gratification at the changes recently made in the name and working of the Association, and trust they will conduce to the benefit of the Institute.

On Thursday evening last, the Rev. R. S. Patterson, of Quebec, delivered an able and instructive lecture before the Young Men's Christian Association on the subject of "The Papacy reviewed in the Light of Scripture."

On Thursday evening, the 21st of February, instead of the usual lecture before the Association, addresses will be delivered by several ministers and laymen on the best means of advancing the religious and temporal interests of the Colony.

Irish Revivals, Public Affairs, &c.

As for the Irish Revivals, I have heard and read a great deal in regard to them, and the impression left on my mind may be as follows:—That the movement had a genuine beginning in earnest prayer among a few obscure Christian men, who had no thought of drawing the attention of the public.

He would leave the Resolution entirely to the meeting. He wondered who did not hail with pleasure this extension of the spirit of prayer.

Isaac Smith, Esq. seconded the Resolution. It adverted to the fact that the Association was commenced in prayer, and built up in prayer.

1. That the Report now read be adopted and printed, under the direction of the Committee. Moreover, we express our gratification at the changes recently made in the name and working of the Association, and trust they will conduce to the benefit of the Institute.

STRANGE THOUGHTS.

From an account of the funeral obsequies of the late Bishop, published in the Examiner of the 16th inst., and in the Standard of the 20th, we copy the following paragraph:—

As the procession led its steady march, as the Register states, and the Bishop lay in state, what thoughts were those which sprang up within us? Were they thoughts of the past, or of the future?...

What thoughts indeed were these! and how swift, since they flew to the confines of eternity, where even thought is not a place without an existence!...

We are inclined to think that the writer had not recovered from his distraction when he penned the concluding sentence on the obsequies, which reads thus:—

The weather of late has in general been remarkably mild for the month of January. On Monday last snow fell to about the depth of three inches...

On Thursday evening, the 6th February, Mr. Silas Bernard will deliver a lecture on "Combustion and Artificial Light," before the Mechanics' Inst., which will be illustrated by some interesting experiments.

A British officer writing from Tiberias, Panna, in the London Times, writes—"A Catholic girl manufactured by an American chemist (Dr. J. C. Ayer, of Lowell, Mass.) was cured of a skin disease by the use of his medicine."

The following statement from James B. Child, M. D., of New York City, after a thorough examination of the subject, leaves no doubt in his mind as to a reliable opinion.

We have known Dr. J. C. Ayer for many years as a gentleman of high standing, and a chemist in whom we have every confidence.

Dr. J. C. Ayer, Lowell, Mass., U. S. A. I have the pleasure to state that having used your CATHARTIC PILLS in my family, I have found them superior to any other medicine I have ever used.
