### Greater Demand Forces Prices Up

The increased consumption of tea in 1921, (during which year, by agreement, the tea growers of Ceylon and India had curtailed production) forced the price of tea steadily upwards to the present abnormally high level. The lowering of the duty in England will mean still greater demand, and authorities on tea tell us that still higher prices may be expected.

### Receives Notification Of Death of Sister At Pittsfield, Mass

Mr. J. G. A. Colquhoun Friday morning received a telegram announcing the death of his sister, Mrs. W. H. Adams, Pittsfield, Mass. Mrs. Adams had been ill only a few days, and her death was quite unexpected.

### HOLIDAY

Tomorrow, Victoria Day, will be observed as a public holiday.

The Royal Gazette of New Brunswick contains a notice of a Charter being granted incorporating the Big Sevogle Fishing Club Limited under the New Brunswick Companies' Act, 1916, to acquire and take over a certain fishing lease granted the 22nd day of March, 1922, for CERTAIN FISHING RIGHTS ALONG THE Big Sevogle River in Northumberland County. The incorporators are, Willy, K. C.

## BY-ELECTIONS IN THREE COUNTIES JUNE 10 AND 17

The Provincial Government opened its postponed May session Thursday night.

At noon today Premier Foster announced that John S. Martin, M. P. of Northumberland, had been appointed representative of New Brunswick on the Employment Service Council of Canada.

One very important matter was the announcement of dates for the by-elections. Monday, June 10th, is the day for the by-elections of St. John and Madawaska Counties. Monday June 17th, is the day in King's County. Premier Foster said that representations had been made that the 17th would be more convenient for the electors of King's than the 10th.

### Chatham Magistrate

T. M. Gaynor, mayor of Chatham, was appointed police magistrate of that town. A largely signed petition of citizens of Chatham prayed for the appointment of Mayor Gaynor.

Herman S. Murray of Chatham was appointed registrar of probate for Northumberland. Mr. Murray is a son-in-law of Hon. Robert Murray, ex M. P. P., formerly Provincial Secretary, and is in partnership with him. The appointee had strong support from the G. W. V. A. for the office.

## WRECK AT DERBY JCT.

The entire traffic on the main line of the C. N. R. was suspended on Sunday for over sixteen hours due to a bad wreck at Derby Junction.

A North bound freight in charge of Conductor John Murphy, jumped the rails about one o'clock on Sunday morning, and ten cars piled into the ditch.

The roadbed was torn up for a considerable distance and before the line could be cleared it was necessary to get crews from both Campbellton and Moncton.

No one was hurt, but several of the cars were demolished, including two tanks cars loaded with gasoline, and about twenty-five thousand gallons of "gas" flowed like a river along the road-side, much to the delight of motorists, who were busy salvaging it into every kind of a can available.

### FIRE ALARM

A fire alarm was sent in this morning for a small blaze on the roof of the Castle Import and Trading Co. store on Castle street. The fire was soon extinguished on the arrival of the fire department.

### CHURCHES UNITE

Union arrangements have been completed between the Methodist and Presbyterian churches in La combe, Alberta. Rev. W. G. Firth becomes minister of the new congregation which is to be known as St. Andrew's United. Mr. Firth is originally from Campbellton, and is a brother of Rev. A. Firth of Douglastown and Nelson.

Ilan F. Humphrey, Everett H. Price Frederick W. Winter, Bertram E. Smith, and Fred C. Jones; capital \$2,400, divided into 500 shares. The petition was forwarded by E. A. Reilly, K. C.

## OBITUARY

### MISS AMY SOBEY

News was received last week by Mr. Joseph Sobe, of Maple Glen, of the death of his daughter, Miss Amy who was teaching school in the Canadian West. Deceased was twenty-eight years of age. The body was sent home for burial, and arrived here Wednesday night. The funeral was held Friday. Rev. J. B. Champion conducted the services.

### MRS MARY J VANDERBECK

The death of Mary J. Vanderbeck, wife of Perley W. Vanderbeck, of Millerton took place at the Miramichi Hospital at 1 a. m. Wednesday the 17 inst. Deceased was only 28 years of age and was sick only a few days, having taken ill Sunday the 14th inst.

She is survived by her husband, and two young children, Catherine aged seven years and Russell aged five years. Also surviving are her mother, Mrs. Thomas Clancy, step father, two brothers Roy and George all of Chatham, and four sisters, Mrs. Roscoe Meahan of Calais, Maine Mrs. Leo Moran, May and Margaret of Chatham.

The funeral was held at 8.30 (Friday) morning from her mother's home to St. Michael's Cathedral, Chatham. Interment in St. Michael's cemetery.

### DAVID SHESGREEN

David Shesgreen, age 88, 2713 1/2 West Third street, died yesterday at his home. He is survived by three sons and two daughters. They are James of New York City; Edward of Bellingham, Wash; Joseph of Vancouver, B. C.; Mary Shesgreen and Mrs. A. M. Lyons of Duluth. The funeral will be held at 10.30 a. m. Thursday from St. Clement's Catholic Church, Twenty-first avenue West and Third street. Burial will be in Calvary cemetery. Duluth (Minn.) Tribune, April 5th 1922.

Many of the older residents of Newcastle and Miramichi will regret to hear of Mr. Shesgreen's death. He occupied the position of book-keeper and foreman for the late Charles Sargeant and left with his family for the west with a very honorable record.

### TAX BILLS

Chief of Police Ashford is now distributing this year's tax bills, so we may all expect a call from him in the next few days.

## BASE BALL SEASON OPENS TOMORROW

The opening of the Miramichi Base Ball League will take place in Newcastle, tomorrow, Victoria Day. The opening game will be played between Newcastle and Douglastown and preparations have already been made to make this game one of the big hits of the season. Fandom will be in a position to patronize this game on account of the holiday and encouragement and support is looked for by the home team.

The game starts at ship 2.30 p. m. and as both teams are fast aggregations a snappy game is in store for the fans.

President of the League, Mr. J. R. Lawlor, will be on hand and will make the announcement, while His Worship Mayor C. E. Fish will force the first ball across the plate.

Following is the schedule for the summer:—

# Political Letter

Personnel of the Fourteenth Parliament, only two months old, is already changing gradually. In addition to the Senate vacancy caused by the death of Hon. F. P. Thompson, of Fredericton, two Quebec members Liberals, of course have been called from the Commons. Major Gustave Boyer, of Vandreuil-Soulaines, now sits in the Upper Chamber, and has been succeeded by J. R. Ouimet. The Kamouraska seat was vacated a few days ago by Adolphe Stein, on appointment to a judgeship, and the by-election date set for May 29. Capt. J. T. Shaw took his seat for Calgary West about a month after the session began, but is still threatened with defeat, as Hon. R. B. Bennett has taken the election case to a higher court, and the decision rests on the marking of a very few ballots. Among those mentioned as possibilities for the forthcoming Senate appointment is one member of the Commons Onesiphore Turgeon, member for Gloucester, N. B., since 1900.

A pious hope has been expressed by some Liberals, privately, that the Government may see fit to elevate to the Senate or the bench one or two of the present Cabinet Ministers who are not regarded as sources of strength altogether. Hon. Geo. F. Graham appears himself to regard his position at head of the Militia Department as rather a misfit. Hon. D. D. McKenzie, Solicitor-General is well known to be slated for a seat in the Supreme Court of Nova Scotia when the proper time comes. As for Hon. Jas. Murdock, he has had some rough passages in the House, in connection with which active sup-

port from his colleagues was conspicuously missing. There were times when it looked as if Hon. James might wreck the government if the government did not drop him first.

The government's majority of 17 on the railway rates division—or 15 as the Liberal Chief Whip admitted next day—shows what must happen should Progressive and Conservative opposition deliberately combine. The government has a total strength of about 116, with the Speaker in the chair, while the Opposition can muster 118. On the division referred to, nine Progressives and several Conservatives were away without being paired, while two Progressives and the Independent member, A. W. Neill, of Comox-Alberni voted with the government. It was a curious anti-climax to Premier King's appeal for a Dominion-wide viewpoint in the matter, that three opposition members should throw in their lot with the Government, on this vote, stating specifically that they were influenced thereto by local considerations in British Columbia, in respect of certain freight schedules!

Donald Sutherland (Conservative, South Oxford) had a poser for the government in regard to its decision to saddle upon a special committee of Parliament the responsibility of finding out the right thing to do about the Crow's Nest Pass agreement. When the Premier admitted that conferences had already been held between the Ministry and the railway executives, and the latter had expressed concurrence in the necessity of an immediate reduction on basic commodities, Mr. Sutherland rose to point out that the Government, in sending the issue to a committee, was thus responsible for deferring such rate reduction. He said:

"The Prime Minister has told us that the railway companies are prepared to make a reduction in freight rates, but are waiting to see what the government will do with regard to renewing the suspension of the Crow's Nest Pass agreement. Not-

"I suffered with all the symptoms of Female trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. A doctor advised me to have an operation.

I started taking "Fruit-a-tives" and this medicine has completely relieved me of all my misery and suffering.

I am free of pain and headaches and the terrible Constipation, and what saved me is the fruit medicine, "Fruit-a-tives."

withstanding that, the responsibility to be placed upon (is not a committee of this House because, apparently, the government has not the courage to declare what it intends to do. Surely these are not the men who were so emphatic in telling the country what they were going to do in regard to this and other matters.

The Government's safety really lies in the fact that neither section of the Opposition desires an election this year. After the troubled years of the war and the period immediately succeeding, it is time to get down to business. There are big problems before the administration, and although the Cabinet shows a disposition to delegate its responsibility to special committees, and the first half of the session has seen but little of importance accomplished, private members are anxious to expedite constructive work. Standing committees are well attended, and problems of agriculture, fisheries, railways and soldiers re-establishment grappled with conscientiously. So far, the west has virtually monopolized the agricultural committee's attention, with the Wheat Board difficulty.

In the Public Accounts Committee, "Tommy" Vien (Lib., Lobnitz) has been quizzing militia department officials and ex-officials, with a view of finding out all about Canadian war expenditure overseas. He asked Major-Gen. MacBrien if records could be produced in connection with one matter under discussion, and the Chief of the General Staff said, "Yes, but they would fill three rooms like this." It is in the Public Accounts Committee that scandals come to light, when there are any, and it is worth noting that the late Government came through preceding sessions with a clean record, though members of the Liberal opposition had every facility to challenge it. Another phase of this "fishing" is no doubt shown by the long lists of questions placed on the Order Paper this session by Liberal members, dealing with all manner of appointments, administrative changes, departmental decisions and other transactions of the government prior to last December. With a Liberal government in office, if not in power, there ought to be no difficulty in supplying the information desired by members on the Government side, but the lack of charges would appear to indicate a lack of material highly disappointing to scandal seekers.

Militia camps will be seriously affected, if held at all, this year, as a result of reduction in the estimates following a show of force by Quebec members in the House. Unsupported by his colleagues in the government, or by any member on his own side, Hon. G. P. Graham was in the peculiar position of a Minister withholding his estimates with the aid of the Conservative opposition only. The result was that he held them over, and in the subsequent party caucus met the Quebec insurgents with a compromise. Last year's estimates for annual training amounted

to \$1,500,000. This year the King cabinet brought in an estimate of \$1,400,000, which, it is understood, has been cut to \$1,000,000. As city corps training, according to custom, in the early months of the year, have already used their proportion, it is not difficult to understand the view of a highly placed official who describes the vote as "No good at all".

Brig-Genl. J. A. Clark, Conservative member for Burrard, who made a special appeal in the House against any such compromise, quoted extracts to the effect that omission of training for a year would result in disorganization of the whole Militia Force. Canada's expenditure, by the way, on defense, is much less than that of other British Dominions, per capita, or that of any civilized country in the world.

Before Hon. Mr. Graham withdrew his estimates, temporarily, he was faced with an amendment to cut them by \$1,100,000., almost wiping out the grant. This amendment was proposed by no less a person than C. G. Power (Liberal, Quebec South) Among those supporting it was Fernand Rinfret (St. James) editor of Le Canada, in which paper Sir Lomer Gouin and other Quebec statesmen are interested. In view of the personnel of other Quebec members attacking the militia estimates, and the silence of the Ministers, it may be taken that some of latter, at least, were sympathetic. In future, the government will probably take the precaution to air controversial matters in caucus beforehand.

Major C. G. Power, who moved the reduction of the Militia trailing vote, is brother of a recent appointee to Quebec Harbor Commission. Displacement of the former members of that body came under discussion in the House when a vote of \$1,500,000 to be "advanced" to the commission for terminal facilities was put through. Here again the government found itself on the defensive, and not the least interesting feature was the unusually candid admission of Hon. Ernest Lapointe, Minister of Marine, that the administration had been governed by the good old patronage principle. Resignations of Sir David Watson, Brig-Gen. Tremblay and Mr. Gravel, members of the Board, were asked when the new Government assumed office. Efficiency was unquestioned, and the two first named had rendered distinguished service overseas. In reply to enquiry by Rt. Hon. Arthur Meighen, Mr. Lapointe confessed that General Watson as owner of the "Quebec Chronicle" was persona non grata to the new administration, which could not be expected to work with a gentleman whose newspaper criticized the Department. S.W. Jacobs (Liberal, George Etienne Cartier) declared that the Chronicle attacked the Government "every morning before breakfast." As a matter of fact, investigations show no such series of attacks or severe criticism of any kind. Rt. Hon. Mr. Meighen read some correspondence on the subject which placed the Government in a very unpleasant light, and quoted one close friend of Sir David as writing: "I do not consider it too much to say that what the Huns failed to do the Liberals succeeded in accomplishing killing him" in any event the action of the Gov-

ernment in declining against the proposal of a newspaper owner rendering public service on such a body as the Harbour Commission is a curious variation from its pronouncement against the McMaster Resolution aimed against the practice of men who hold directorships in big corporations serving as ministers of the Crown.

Not even the testimony of the Liberal press is lacking in regard to the powers of Rt. Hon. Arthur Meighen as debated and parliamentarian. On several most important issues of this session, he had been in the position virtually of leader of the House, not alone the Conservative Opposition. Aside from this interesting situation, however, he has quite evidently risen high in the esteem of the Progressives, many of whom had evidently pictured him as a specialist chiefly in caustic criticism. As the session has advanced, they have found in him a wonderful grasp of public questions, and an ability, through experience, study and mental activity, to see further ahead than most men. No member of the House is listened to more attentively (Continued on page 6)

**AMERICAN COMMANDER HONORS CANADA'S DEAD**

ON the occasion of his recent visit to Montreal to receive a degree from McGill University, General John J. Pershing, Commander-in-Chief of the United States Army, paid graceful tribute to Canada's soldiers who gave their lives in the Great War. At the end of the day, as he went to his private car in the Windsor Street C.P.R. Station, General Pershing took occasion to pay a visit to the bronze group erected to the memory of eleven hundred C.P.R. employees who died in the service of their country.

"I think no army that served in the world war suffered more than the Canadians; some were more gallant;

none came home with greater laurels than those American representatives from north of the 49th parallel. I do not wish to draw any comparisons, but out of those 450,000 Canadians who went overseas to fight for liberty and justice about half were casualties. No army has a better record than that, and it is something of which Canadians and Americans are justly proud—for we are all Americans in a broad sense."

As the General approached the status he stood to attention and saluted, and later on, with the greatest of good nature, agreed to pose in front of it for the benefit of the press photographers. General Pershing is accompanied by Colonel J. I. Loree (right), and Major Marshall, his aide-de-camp.

The following is a continuation of "A Synopsis of Miramichi History." The great fire had made a hundred mile sweep; leaving behind it ashes and sorrow. In Newcastle only twelve houses were left standing.

The following statement exhibits an account of lives lost and property consumed by the fire:

Persons burnt or drowned	160
Buildings destroyed	595
Domestic animals lost	875

Several ships in the harbour at the time were burnt.

Newcastle arose from the ashes more beautiful than ever, and Douglastown emerged much larger than before the fire. Lower Miramichi also displayed an equal share of the general renovation.

**DOCTOR'S DAUGHTER'S STORY.**

Another Toronto home provides evidence of how a simple cut, scratch or bruise, may pave the way to deadly blood-poison. Doesn't it show there's a vital need for keeping a reliable antiseptic like zam-buk, always handy?

When called upon at 3, Bushness Avenue, Mrs. J. E. Zealley, daughter of the late Dr. Bevan, of St. David's, S. Wales, said—"My boy Alfred scratched his leg with the brass tag of a shoe lace. A nasty poisoned sore developed and it defied all the usual ointments. Hearing splendid reports about zam-buk I decided to give it a trial. To my great relief, the balm soon caused healing to set in. All inflammation and poisonous matter was quickly removed by zam-buk. It healed the sore without leaving a scar."

"Again when I fell over a steel fender and injured my knee badly, zam-buk alone saved me. My daughter, a nurse, was of the opinion that only an operation would remove the mass of inflammation and pus. But I again picked my faith to zam-buk, and it cleared and healed the wound in a few days." Equally valuable for eczema, pimples, cuts, burns, etc.

**Salary Of Provincial Minister Liable For Dominion Income Tax**

Ottawa, May 17—The Supreme Court of Canada decided today that the salary of a provincial minister is liable to assessment for dominion income tax. The case came up in an appeal from Hon. J. E. Caron, Minister of Colonization for the Province of Quebec, against a ruling of the Exchequer Court, which also held that such salary was liable to income tax. The supreme Court dismissed Mr. Caron's appeal with costs.

**Salmon Angling Leases Sold At Fredericton**

Fredericton, May 17—Two five year salmon angling leases were sold at noon today at public auction. The leases were rod fishing privileges on land and were the only two five year leases were rod fishing privileges on 22. The Rafting Ground Reserve on the Restigouche river was sold at the upset price of \$100 to Sigmund M. Lehman, New York, while the Patapeia River, southwest bank from its mouth to the Quebec line was sold to Edward R. Hewitt, New York, for \$155, the upset price being \$50.

Mr. Hewitt also holds the Quebec rights on this stream.

No bids were made for the twelve ten-year leases which remained unsold at the conclusion of the March sale.

**Stiffness**

It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.

**Gives Great Relief**

Mrs. A. R. Collett, 26 Park Ave., Guelph, Ont., writes—"My husband has used Minard's Liniment frequently, always with good results. Friends of mine use it for rheumatism and tell me that it gives great relief."

Mrs. Fred Johnston, Box 735, Thorold, Ont., writes—"I suffered very much with rheumatism in my feet last winter, and I tried to use Minard's Liniment, and was relieved immediately after first application. I renewed it in using it, and it has entirely gone. The winter I can go out without tying up my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."

#### CORRESPONDENCE

Tabusintac, N. B.  
May 18, 1922  
One of Alnwick's Hollow Pine Re-  
presentatives, gets position as Fish-  
ery Officer.  
To the Editor of The Advocate  
Dear Sir,

Trusting you will allow me a small  
space in your valuable paper in which  
to make a few remarks.

I wish to bring before the same  
thinking public and especially the  
returned men, who fought and bled  
for their country, the stern part that  
a number of them are being robbed  
of their livelihood by men who  
call themselves politicians.

Wake up the G. W. V. A. and all  
returned men.

I understood that all appointments  
or at least ninety-eight per cent of  
them, were made by the Civil Ser-  
vice Commission of Canada. This  
Commission was appointed by a  
clean Government and this Commis-  
sion was not to be ruled by politics.  
Appointments to be made on merit  
only. I call your attention to C. S.  
Act, 1918, section 39 and amendments  
which reads: A preference is given  
by law to the candidate with over-  
seas active service to his credit, and  
of these the returned man, who has  
a war disability is given a further  
preference over his more fortunate  
comrades.

I think that the man appointed  
in Alnwick, has not any of these  
qualifications to his credit, nor did  
he support the Union Government  
but fought against it as he fought to  
get a soft job in this Government.

It is gently rumored that he even  
banished his eligible son or sons to  
the hollow pines while the boys in  
Flanders were worked nearly to their  
death for want of reinforcements.  
If I remember rightly, it is only quite  
recently that the party I refer to  
after a very strenuous trip to Fred-  
erickton, held a responsible position  
in the Provincial Government. Writer  
would like to know why he was  
dismissed or if he resigned on the  
head of this new position.

I also observe that a civilian was  
appointed as Fishery Officer at Hard-  
wick. I cannot, however, quite  
credit this last case to politics be-  
cause before and at the Election, he  
was a staunch Conservative, but af-  
ter the Election nothing but a turn-  
coat.

Thanking you for your valuable  
space,

I remain

#### Railway News

Montreal.—Graham W. Curtis is  
appointed Industrial Commissioner  
for Eastern Lines, Canadian Pacific  
Railway, succeeding Mr. H. P. Tim-  
merman, retired. Mr. Curtis joined  
the C. P. R. service in February,  
1904, as stenographer in the Freight  
Traffic Department, Montreal; in  
April, 1904, he was transferred to  
the office of the Vice-President in  
charge of Traffic; January, 1909,  
clerk, same office; April, 1909, chief  
clerk, same office; February, 1913,  
Industrial Agent; November, 1916,  
went on military service; January,  
1919, returned to C. P. R. again as  
Industrial Agent.

Montreal.—Total acreage pre-  
pared for seed in the Prairie Pro-  
vinces, Manitoba, Saskatchewan and  
Alberta, is reported to be 28.3 per  
cent greater than that of last year,  
with a total of 16,468,548 acres, ac-  
cording to crop bulletin handed out  
by the Canadian Pacific Agricultural  
Agent, who adds that conditions  
are, on the whole, very favorable.  
Ground conditions are stated to be  
excellent, a large amount of mois-  
ture having assured the spring  
needs. In some respects conditions  
are reported to be the best for many  
years past.

As to farm help, no shortage is  
anticipated, a large supply being  
available from the cities where un-  
employment has been acute during  
the past winter.

St. John.—George E. Carter has  
been appointed C. P. travelling pas-  
senger agent in this district. He has  
been in the employ of the C. P. R.  
since 1914. At that time he joined  
the ticket office staff and early in  
1915 was granted leave of absence  
to proceed overseas. He went with  
reinforcements from McGill  
University to join the Princess Pats,  
and later was transferred to a ma-  
chine corps. While with that branch  
of service he obtained a commission  
and was slightly wounded during  
one of the late advances prior to the  
signing of the armistice. On his re-  
turn he was appointed to the port  
staff of the C. P. R. and has since  
been engaged with them both at  
Quebec and St. John.

Winnipeg.—Starting from Reg-  
ina the latter part of May,  
the Canadian Pacific Railway Com-  
pany, with the co-operation of the  
Saskatchewan Government, will run  
a better Bull Special train through  
the central and northern parts of the  
province. This train will correspond  
in many respects to the Livestock  
Improvement Special which the  
Manitoba Government, Canadian Pa-  
cific Railway and Cattle Breeders'  
Association operate through Mani-  
toba during the month of May. The  
Saskatchewan itinerary is an elab-  
orate one, including visits to at  
least fifty-four towns and covering  
nearly seven hundred miles of Rail-  
way. Many points will be included  
which have not heretofore had the  
benefit of a visit by a demonstration  
train. The C. P. R. is assuming all  
expenses in supplying, equipping  
and operating the train. An official  
of the Company's Agricultural de-  
partment will accompany the train  
during the tour.

Winnipeg.—The first passenger  
train in the Dominion of Canada  
equipped with a radio apparatus left  
Winnipeg Monday morning, May 1,  
from the local yards of the Cana-  
dian Pacific Railway, company officials  
announced recently. The radio-  
graph has been installed in the live-  
stock improvement train which con-  
sists of seventeen cars scheduled to  
tour the province in Manitoba prac-  
tically the whole month of May.  
The radio machine has been in-  
stalled by a local commercial con-  
cern at the request of the Canadian  
Pacific Railway; two Marconi rep-  
resentatives and a mechanic accom-  
pany the train. Demonstrations are  
given on the train each day and it  
is clearly indicated that this feature  
meets with keen interest by those  
attending the lectures. Arrange-  
ments have been completed for the  
receiving of concerts and general  
word news from Winnipeg.

The livestock improvement train  
is equipped and maintained by the  
Canadian Pacific Railway. The pro-  
ject is backed by the Dominion de-  
partment of agriculture, the provin-  
cial department of agriculture, the  
agricultural colleges, livestock ex-  
change, the packing companies, the  
cattle breeders associations of Mani-  
toba. While the lectures are being  
carried on for men in one car, classes  
are held for women, boys and girls  
in other sections of the train.  
Special addresses on birds are given  
to the boys and girls attending. The  
train is one of the best equipped of  
its kind which has been assembled  
in Canada.

As an example of the way in  
which railway crossing accidents fre-  
quently occur, an event which took  
place at an Ontario town last week  
was an outstanding example. A lady  
driving a horse and buggy along a  
country road approached a level  
crossing at the same time as did a  
train. It is apparent that ordinary  
precautions such as are altogether  
necessary when crossing a railway  
were not in this instance observed.  
The first part of the train got by  
the road without incident, but the  
speed at which the lady was driving  
prevented her pulling up in time to  
let the train by, with the result that  
she drove into the rear car. The  
buggy was overturned and the lady  
sustained three broken ribs, as well  
as other more or less serious in-  
juries as a result of her carelessness.  
Fortunately the train crew saw the  
accident, and stopping the train  
before it could reach the lady's bug-  
gy, he is reported to have pulled her  
out. The fact remains that the  
lady in this case was certainly in  
the wrong.

#### Childhood Indigestion

Nothing is more common in child-  
hood than indigestion. Nothing is  
more dangerous to proper growth,  
more weakening to the constitution  
or more likely to pave the way to di-  
verse disease. Fully nine-tenths of  
all the minor ills of childhood have  
their root in indigestion. There is  
no medicine for little ones to equal  
Baby's Own Tablets in relieving this  
trouble in thousands of homes. Con-  
cerning them Mrs. Jos. Lunette, Im-  
maculate Conception, Que., writes:  
"My baby was a great sufferer from  
indigestion, but the Tablets soon set  
her right and now I would not be  
without them." Baby's Own Tablets  
are sold by medicine dealers or by  
mail at 25 cents a box from The Dr.  
Williams' Medicine Co.; Brockville  
Ont.

#### MEMORIAL SERVICE AT JACQUET RIVER

An impressive service was held  
in Jacquet River Presbyterian  
Church on Tuesday evening, May  
16, by the Presbytery of Miramichi  
in memory of the late Dr. Kate Mac-  
Millan, who had gone forth from that  
congregation as medical missionary  
to Korea, and whose death occurred  
in Ham Heung, Korea, Feb. 25th last  
after twenty one years of faithful  
and fruitful service.

The church was filled with people  
of the community who came to pay  
their tribute to the memory and life  
work of one who had represented  
them in Christian service in the far-  
off field. Rev. L. H. MacLean, Mod-  
erator of the Presbytery, presided  
and was assisted in the devotional  
hour by Rev. J. H. A. Anderson.  
Rev. Macintosh McLeod, minister  
of the congregation, gave a brief sketch  
of her career from her birth in 1867,  
through her years as scholar and  
teacher in the public schools of the  
province her medical course in New  
York and practice there until in an-  
swer to her offer of service in 1898  
she was appointed medical mission-  
ary to Korea by the Presbyterian  
Church in Canada in 1901. He also  
read the resolution passed by the  
Mission Council of Korea in which  
high tribute was paid to her worth  
and work, and deep sorrow at the  
great loss to the mission sustained  
in her death. He also gave a few  
extracts from a letter to her friends  
written by a fellow missionary in  
Ham Heung, Rev. Duncan McRae,  
giving a touching account of her ill-  
ness and death and the universal  
sorrow felt not only in the mission  
quarters but throughout the whole  
city among all classes, upon whom  
she had so favorably impressed her-  
self in her kindly ministry as Chris-  
tian physician and teacher.

The congregation heard with deep  
interest the address of Rev. D. W.  
McDonald, a fellow-worker in Korea,  
now home on furlough, who brought  
first hand knowledge of the life and  
work of Dr. McMillan. He told the  
story of her missionary labors from  
pioneer days of small beginning in

## LARGE AUDIENCE AT STYLE SHOW

Fourteen charming local ladies presented the latest styles in aid of the Miramichi Hospital Nurses' Home Fund to an audience filling the Opera House almost to capacity.

The hats presented in the showing were from Mrs. A. H. Cole's stock which spoke of smartness and loveliness to the utmost detail.

All the garments shown were from A. D. Farrar & Co's own stock and the following are the character of the garments worn by the models in presenting the latest styles in dress.

Sport costumes, daytime dresses, afternoon dresses, three piece suits, cape dresses, summer organdies and tub frocks.

The models displayed most beautifully in showing the garments and deserve much praise and thanks.

The returns from sale of tickets and dresses amounted to eighty five dollars.

## Railway News in Brief

Forestburg, Alta.—Word was received by J. Smyth, convenor of the board of trade railway committee, that work is being done on the C. P. R. branch from Coronation running northwest through Bulwark, and that a gang of men is employed fixing up the trestle work on the bridge a little north of Lorraine.

St. John.—Track work on the C. P. R. improvement project throughout the New Brunswick District is commencing now, General Superintendent Woodman advised recently. He said that in addition to replacement of worn-out ties, there would be laid on the main lines upwards of fifty miles of new heavy steel and that upwards of 80 miles of the branch lines, including the Shore Line.

Fort William.—Over half a million dollars will be spent by the Canadian Pacific Railway this summer upon improvements to the big coal docks on Island Number One, at the mouth of the McKellar river. Superintendent Hawkins announced recently that the 1922 estimates included an appropriation for this work, and that construction would start sometime during the end of the present month. The improvement will consist of a huge storing or distribution crane, and general enlargement of the coal handling and storage facilities of the docks.

St. John.—While crossing from Gothenburg to London, in order to join the Canadian Pacific liner "Melita" at Liverpool, a Swede named Mr. Peter Hendricksen, a widower, fell in love with Mrs. Margaret Crams, a widow, who was accompanied by her two daughters, who are also proceeding to Canada. Within twenty four hours of arrival in Liverpool a special license was obtained and the marriage took place at the Registrar's Office. Mrs. Crams' age was given as 35, while Mr. Hendricksen is 58. The honeymoon was spent crossing the Atlantic on the "Melita," and the happy party is settling at Minnedosa, Manitoba, where the bridegroom has a farm. Both bride and bridegroom are of Swedish nationality.

Vancouver.—Mr. H. J. Louchran, who is in charge of the farm land department of the Canadian Pacific Railway at Vancouver, reports that business was very satisfactory during 1921 and prospects are better than ever for this year.

During the year there were received at the office 6,820 enquiries for information regarding land, timber, and general conditions in British Columbia and the prairies.

Sales were made directly and indirectly to 320 parties, of whom eighty were single men and the remainder men with families. About 182,000 acres of land were disposed of at an average price of \$18 per acre, about \$2,376,000 of property being sold.

During the past two months the company has been advertising Columbia Valley lands, as a result of which 397 enquiries have been received and forty applications for land made.

With the intention of still further popularizing the St. Lawrence route to Europe the Canadian Pacific Railway has instituted a greatly improved service to the market of train connections of Canadian Pacific trains with Canadian Pacific steamers at the ports of Montreal and Quebec. Under this arrangement which is made possible by the joint management of railway and ocean lines, passengers from Victoria and Vancouver and all intermediate points bound for Europe are practically guaranteed an uninterrupted journey to their destination.

For some years Canadian Pacific steamships have been sailing at 10 a.m. Passengers travelling by afternoon trains from Detroit and Toronto, and by night trains from Hamilton and Toronto (Yonge Street Station) both due at Montreal at 8 a.m., will connect with steamships sailing from Montreal at 10 a.m., or with the steamship special leaving Montreal at 9 a.m. for steamships sailing from Quebec. Under the new arrangement this guarantee of connection with steamships is extended more surely to travellers from points farther west. If any of the trains from western points bearing steamship passengers are delayed in arrival at Montreal, the steamships will be held two hours, if by so doing the passengers can embark at that point. If the delay is longer, the steamship will proceed to Quebec and there await the delayed passengers. Every effort will be made to have these trains connect with the steamships special from Montreal to Quebec, the Company will arrange transportation from Montreal to Quebec for passengers booked to sail from Montreal. Attendants will meet trains at Windsor Street Station, Montreal, to assist passengers in transferring to the steamships; or if sailing from Quebec, to assist their transfer to the train that is to carry them to the steamship dock at the latter port.

## OBITUARY

MRS JAMES MCKENZIE

The death of Mrs. James McKenzie occurred at her home, Nelson Reserve, at four o'clock Thursday morning after a lingering illness. She was 59 years of age and leaves to mourn one daughter Mrs. Robert McLaughlin of Nelson and four sons William and Lester at home; Fred of Edmundston, Lyman of Tide Head Services were held at deceased's residence at 2.30 Saturday afternoon Funeral at 3 o'clock to St. Mark's churchyard, Nelson. It is painful thought that the beautifully painted face to today will be weather beaten and beyond restoration within a few short years.

## Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this latter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

**A COMPARISON**

The report of Mr. J. B. Hawthorne, Chief Inspector under Prohibitory Act for the Province of New Brunswick, has been published. Some comparisons between this report and that of Chief Inspector Wilson for the preceding year may be of interest.

Chief Inspector Hawthorne reports three wholesale and seventy-nine retail licenses granted during his term. For the previous year there were two wholesale and sixty-three retail licenses. Of the sixty-three retail licenses issued by Inspector Wilson, six were cancelled by him for cause. New licenses were issued to the same person under Inspector Hawthorne. Inspector Wilson's report for 1921, says:—"There were fifteen retail licensees, either by themselves or by their clerks, before the courts for violation of the Prohibitory Act, thirteen of whom pleaded "Guilty." Two others failed to put in an appearance, one of them forfeited four hundred dollars, and the other two hundred dollars.

Vendors licenses were also issued by Inspector Hawthorne to some who had been fined for violation of the law. One such case was Mrs. Harry Haley, of Milltown, the business being carried on by her son. A quantity of liquor was seized from this vendor and a complaint laid against her for violation of the law. The case was withdrawn and the liquor returned. Later, Mary Haley died and a license was issued to her daughters, Mrs. Fannie Thieck-

**Toronto Woman Gives Credit to Lydia E. Pinkham's Vegetable Compound**

Toronto, Ontario.—"I suffered with irregular periods, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy, and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman, use them as you please."—Mrs. J. F. PEASEY, 337 King St., West, Toronto, Ontario.

Various forms of female weakness many times make work almost impossible. Lydia E. Pinkham's Vegetable Compound has helped thousands of women over these troubles.

ens, of New Hampshire, U. S. A., and the business goes on.

One wholesale licensee, the Canadian Drug Company, of St. John, was reported for violation of the Prohibitory Act on June 20, 1920. On December 8, a conviction was recorded. Another case against the same company was disposed of on the same date a conviction being recorded. This made the fourth conviction recorded against this company. Inspector Hawthorne had a license granted them after these four convictions.

In 1921, the price of vendors licenses was increased from \$25 to \$100, making an increase of revenue from this source of about \$6,000.

Inspector Hawthorne reports six hundred and eighty prosecutions in 1921 with five hundred and ninety one convictions. The previous year there were reported nine hundred and twenty-four prosecutions with eight hundred and twenty-four convictions, a difference of 238 prosecutions and 233 convictions—in favor of Wilson.

Inspector Hawthorne reports that the wholesale license system was done away with during the year; but he does not report that during the year he issued a wholesale license to a concern that was convicted and fined for the fourth time.

In his report for 1920, Inspector Wilson writes as follows:—"The experience of the past four years teach us that if the Prohibitory Act is to be successfully enforced and

more a working success, there are several things to be kept in mind.

The first is that in towns and cities there are too many licenses. Before an inspector can be expected to have a measure of success in his work, licenses should be reduced to a minimum. The wholesale license system ought to be done away with and a commission organized to distribute the sale of all liquors for medicinal purposes in New Brunswick. This would give the officers a chance to check up all liquors handled by the retailers, something that cannot be done successfully at present. The retail license system could and should be changed. Too many places in a community where liquors might be purchased is only increasing the difficulties of enforcement. To prevent the abuse of monopoly, the Government, through its commission, may control the profits and also prices of all liquors sold. It appears to me that there are great possibilities in this method, and steps might be taken to prevent the many complaints of overcharging that arise from time to time."

The Commission has been organized since the above report was made. Instead of the number of retail licenses being reduced, as four years' experience of the former Inspector had him to suggest, they have been practically increased as stated above. The expenses of enforcing the Prohibitory Act in 1921 were \$16,000 more than in 1920 when Mr. Wilson was Inspector.

Some of the largest items in the Estimates of the Trade and Commerce Department still remain for consideration by the House. One of these is a proposed Vote of \$280,000—the same as last year, for Trade Commissioners and Commercial Agents, Hon. H. H. Stevens, Conservative member for Vancouver Centre, and ex minister of Trade and Commerce, is to discuss the item when it comes up again. It will be recalled that Western Ontario United Boards of Trade, meeting in Windsor last February, urged the Government to make more adequate provision for Canada's organization of trade commissioners abroad.

**HOW SNOW HELPS SOIL**

In a handful of snow there might be 20,000 crystals, and no two of them would be alike.

Sleet is snow which, in its passage to the earth, has passed through a layer of warmer air, and becomes partially melted.

Snow is early or late, according to whether the summer was short and soon over or extended to the autumn. A short, early summer, means that the earth cools more quickly.

Ground which is covered with snow very rarely falls below freezing point, although the air may be fifteen to twenty degrees colder. This is because snow is a very bad conductor of heat—it holds the heat in the ground and stops radiation.

The reference in the Psalms: "He giveth snow like wool," is not to the fact that snow and wool are alike in appearance, but to the warmth of each.

Snow is warm because air is held in its minute crystal interstices. No heat escapes from anything covered with snow. Snow is, literally, a valuable manure, and nourishes the earth with its carbonic acid which penetrates slowly into the soil and is thus fully absorbed.

Finally, snow is ruinous to shoe leather, because it warms the leather, opens it, and then penetrates.

THE life of a battery depends upon the plates. That is why Prest-O-Lite, when it set out to make the Automobile Battery better, began with the plates.

Always a maker of a better plate, it turned its scientific skill and research to improving it and produced Prest-O-Lite Plates—the long-lasting Plate.

Here is a battery plate as different from ordinary plates as gold is from gilt. Unusual hardness combined with a peculiar porosity gives it unrivaled durability.

This explains its ready reserve power in biting zero weather and its great non-buckling strength that resists overheating in summer.

That is why the Prest-O-Lite Battery outlives an ordinary battery and

why it is the best all-weather battery. Drive around to the local Prest-O-Lite Service Station and ask about a Prest-O-Lite for your car.

### OFTEN HAD TO BE SENT HOME FROM HER SHOP

But Miss Kewley Was Completely Relieved By Taking Tanlac, She Declares in Public Statement.

"I took Tanlac because I heard it was good for the rheumatism, but it not only took away my rheumatism but relieved me of other ailments," was the statement of Miss Frances Kewley, with T. H. Easterbrook, tea merchants.

"I suffered about five years with acute rheumatism in my back and limbs. Two years ago I had the 'flu' and after that was never well. Sometimes I got so faint I had to be sent home from work. I got so nervous and irritable I simply lost all interest in life. My friends were afraid I was going into a decline.

"But now I am glad to state that five bottles of Tanlac have completely restored my health. I am sure it is excellent for all cases like mine."

### Eastern Steamship Lines Between St. John and Boston

The resumption of service on the International Line between St. John and Boston on May 24, marks the opening of the service for the summer season for both passengers and freight.

The passenger service is particularly attractive, and it is anticipated that travel will be unusually heavy during the coming summer season. The popular Steamship Governor Dingley will leave St. John every Wednesday morning at 8 a. m. and every Saturday night at 11 a. m. (Atlantic Time). The Wednesday trips will be via Eastport and Lubec, while the Saturday evening trips will be to Boston direct.

The Steamship Governor Dingley has been thoroughly overhauled and refitted being equipped with oil for fuel. The trip from St. John to Boston will be one of pleasure as the discomfort which often arises from cinders is now entirely removed. The staterooms are large and commodious, well-ventilated and the meals served are of the best products that the market affords.

For the expeditious transportation and handling of freight, this line will render the best possible service to Boston, where connection is made with the Metropolitan Line express steamers for New York via the Cape Cod Canal. This line has special facilities for the transportation of automobiles, horses and express freight.

### Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ### FATHER AND SON

One sidelight of the recent Anglican synod was the evidence of continuity of service from father to son. Four fathers and four sons were among those present. The Rev. Dr. Campbell, long retired from active service and his son, Dr. J. Roy Campbell; Rev. A. W. Teed and his son, W. H. Teed; Rev. W. J. Bate and his son, Rev. A. F. Bate; and Rev. R. P. McKim and his son, Rev. R. Taylor McKim.

### FUNNY HUMANS

**TAG DAY**  
Capt. and Mrs. Goodwin held a Self Denial Tag Day on last Saturday as the first of this year's appeal. The result was a most gratifying one \$74.89 being collected and the local officers wish to thank all who so kindly contributed to their fund.

**WARM WAVE**  
A warm wave was experienced in this vicinity during the week-end, thermometers on Saturday and Sunday registering anywhere around 75 degrees Fahrenheit. On Saturday the heat of Old Sol was tempered by a high wind which blew throughout the afternoon and calmed with the setting of the sun. On Sunday, while there was not much wind, there were several warm showers of rain.

**VARIETY SHOWER A SUCCESS**  
The Variety Shower held in the A. O. H. hall, Tuesday evening under the auspices of the Catholic Ladies' Club, was a decided success. Quite a number of pretty pieces of finished work were received. These articles will be sold at the annual tea and sale which the Club intend to have some time in June. During the evening a musical program was carried out, and luncheon was served.

**WILL SIGN AFFIDAVITS**  
Mr. E. W. Watling of Chatham was in town last evening attending a meeting of Athletic enthusiasts, and explained fully the Covey Affidavit. After considerable discussion it was felt by those present that there was nothing to prevent the Newcastle Baseball players from signing the affidavit. It was unanimously agreed that the Newcastle players would sign the affidavit and play amateur baseball.

**BOY KNOCKED UNCONSCIOUS BY BASE BALL**  
While sitting with his father watching a game of baseball at Chatham Head Sunday afternoon, the five-year old son of Middy Henry, was struck on the left temple by a ball and knocked unconscious. First aid was rendered and after a time the lad came around and was reported resting fairly well tonight. Had the ball hit an inch higher it is believed the lad would have been instantly killed. The ball game was between Nelson and Newcastle.

**Creamed Tea.**  
Milk when used with Blue Bird Tea takes on the cloudiness of cream. For Blue Bird creams as 1/2 cools—a mark of good tea.

**FAILED TO MAKE RETURNS**  
Deputy Sheriff Arthur Doran arrested Henry Swim of Doaktown on Saturday on a charge of failure to make returns to the county of about \$2,000 collected for taxes. Mr Swim obtained bail on Monday and was released. The case came up for hearing before Police Magistrate Lawlor last week.

**ESCAPED DROWNING**  
Little Gordon Davidson, son of Mr. and Mrs. Gordon Davidson narrowly escaped drowning yesterday, when he fell in the river in rear of Castle Street. The little lad was playing with his chums and fell from the wharf. His playmate Arthur Maltby caught him and held him until assistance arrived from citizens who heard the cries for help.

**FASHION SHOW**  
The Fashion Show given in the Opera House last Thursday evening in aid of the Miramichi Nurses' Home was a grand success. The hall was filled to the doors and one and all thoroughly enjoyed the evening. The pictures and music were highly commented on and were most appropriate for the occasion. The showing of dresses and millinery was of an exceptionally classic nature and much appreciated by the large audience. Several garments were auctioned off by Mr. J. L. Lawlor, and ready bidders were found for the articles. The entire proceeds of the evening will be given to the Miramichi Hospital Nurses' Home Fund.

**Be Vacation-Minded.**  
It is unfortunate that every individual cannot have a real vacation away from his business. But for those who cannot, to be vacation-minded, and to keep that way as long as they possibly can, is the next best thing. Few businesses are so active in the summer time that a little let-down in hours and attention will do any great harm. So why not shorten hours and let down a bit, performing only such part of the day's labors as are absolutely necessary to maintain the existence of the undertaking, and letting every other detail go? The time gained should be spent like any vacation time, in the coolest and pleasantest spots possible. Nothing is surer than that work will be there when we get back. The Lord saw to that when he sent man forth to earn his bread in the sweat of his face.—Concord Monitor.

**Tablet to Long-Eared Heroes.**  
A bronze tablet commemorating the services of the 243,135 horses and mules attached to the American forces during the war, 68,682 of which perished, was unveiled in the state, war and navy building, Washington, recently. The tablet, which is placed in the east wall of the building, just inside the Pennsylvania avenue entrance, was presented by Dr. W. O. Stillman, president of the American Humane association, and was received on behalf of the government by Maj. Gen. Willard Holtbrook, chief of cavalry.

After training the firing detachment will proceed to Petawawa for competitive practise some time in the month of July. Those wishing to take part in this year's training are requested to make application immediately to the O. C., Major J.L. Lawlor.

### Pale, Weak Girls And Delicate Women

#### Can Find New Health by Enriching Their Blood Supply.

Nature intended every girl and every woman to be happy, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins, and sunken lusterless eyes, are in this condition because they have not enough red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. When the blood becomes thin and watery it can be enriched through the use of Dr. Williams' Pink Pills and the troubles that come from poor blood disappear. In almost every neighborhood you will find some formerly ailing woman, or pale breathless girl who has a good word to say for this medicine. Among them there is Miss Laura Monaghan, Campbellton, P. E. I., who says:—"Before using Dr. Williams' Pink Pills I was in a badly run down condition. I was pale, thin and scarcely able to go about. The least exertion made my heart palpitate so violently that I actually was afraid one of those spells might carry me off. Often my nights were sleepless and as the treatment I was taking did not help me I was almost in despair. Finally a friend advised the use of Dr. Williams' Pink Pills, and in the course of a few weeks after beginning this treatment there was a decided improvement in my condition. I continued using the pills, and am now enjoying good health. I am glad to give you my experience in the hope that some other sufferer may find the way to better health." These pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
