## W. A. ANNUAL MEETINGS

### St. Andrew's, Newcastle and St. Mark's, Nelson Officers Elected

The annual meeting of the Woman's Auxiliary, St. Andrew's branch, Newcastle was held at the Rectory on Thursday afternoon, Nov. 5th, with Mrs. W. J. Bate presiding. Very satisfactory reports were read and the following officers were elected for the coming year:

President—Mrs. W. J. Bate.  
1st. Vice-Pres.—Mrs. W. Morell.  
2nd. Vice-Pres.—Mrs. S. V. Sisson.  
Rec.-Sec.—Mrs. Harris.  
Cor.-Sec.—Mrs. B. M. Maltby.  
Deaconess—Mrs. J. W. Davidson.  
Treasurer—Mrs. Chas. Sargeant.  
Supt. of Juniors—Mrs. E. E. Benson.

Supt. of Little Helpers—Mrs. E. Hogbin.

The Delegates elected to attend the Diocesan Annual were Mrs. W. J. Bate, Mrs. J. W. Davidson and Miss Mona Landon; Substitutes—Mrs. W. Morell, Mrs. B. M. Maltby, Mrs. S. V. Sisson.

### ST. MARK'S

At the annual meeting of St. Mark's, Nelson, Woman's Auxiliary held at the home of Mrs. R. McLaughlin on Tuesday, Nov. 10th, the following officers were elected for the ensuing year:

Hon. President—Mrs. W. J. Bate.  
President—Mrs. R. McLaughlin.  
1st. Vice-Pres.—Miss J. McKenzie.  
2nd. Vice-Pres.—Mrs. S. Hubbard.  
3rd. Vice-Pres.—Mrs. T. Drillen.  
Cor.-Sec.—Mrs. R. McLaughlin.  
Rec.-Sec.—Mable Hubbard.  
Treasurer—Mrs. R. MacKenzie.  
E. C. D. Treas.—Florence MacKenzie.  
Deaconess—Miss A. Flett.

## Millerton Women Hold Meetings

The regular monthly meeting of the Millerton Women's Institute met at the home of Mrs. Burton Vanderbeck on Tuesday afternoon, Nov. 10, with the vice-president Mrs. Wm. Monahan in the chair. Roll call was answered by a "Thanks giving quotation."

The secretary reported of having received a government grant of \$10 from H. Mitchell, secretary of agriculture. She also reported of receiving

## VALUABLE SHIPMENT PASSED THROUGH

Two extra sleeping cars on the Maritime Tuesday night carried about 40 prominent Prince Edward Island business men who are connected with the black fox industry, enroute to Toronto where they will attend the Royal Agricultural Show and Winter Fair.

Connected to the same train was an express car containing 200 of the finest specimens of the black fox of Prince Edward Island. These foxes are valued at \$200,000 and will be on exhibition at the fair.

## Presented Gift on Leaving Newcastle

Friends of Mr. and Mrs. D. R. Brown paid a surprise visit to their home last Monday evening and presented Mr. Brown an address and travelling bag. The address was read by Mayor John Russell, who also made the presentation. Mr. Brown replied, expressing regret that he was leaving Newcastle and thanking the company for the gift.

Mr. Brown, who has been accountant of the James Robinson Lumber Co., left Newcastle for Saint John, Wednesday. During their stay in Newcastle Mr. and Mrs. Brown and family made many friends.

## THE POPULAR VOTE.

As compared with the Liberals the Conservatives polled majorities of the popular vote in Nova Scotia, New Brunswick, Ontario, Manitoba, Alberta, British Columbia and the Yukon. The Liberals secured majorities in Quebec and Saskatchewan, with a pretty even break in Prince Edward Island. The official returns are not yet complete but the Dominion over the popular vote for the Conservatives will be nearly if not quite equal to the combined vote cast for the Liberals, Progressives, Laborites and Independents. Leading the votes cast for protectionist Liberals out of the count and the Conservatives would have a large majority over all other parties.

ing a check of \$3.36 for prizes won at exhibitions.

The Auxiliary of the Miramichi Hospital Aid held a bean supper on Tuesday evening, Oct. 27, at the home of Mrs. J. D. Lyon, Millerton. The proceeds amounted to \$27.

## Presbyterians Extend Call To Rev. Dr. Stevenson

Last Wednesday evening the Presbyterian Congregations of Newcastle and Chatham met in their respective towns, at Congregational meetings, duly called, for the purpose of moderating in a call to a minister. The two meetings unanimously decided to extend a call to Rev. R. M. Stevenson, B. D., Ph. D., F. R. G. S.; formerly of Edinburgh, Scotland, who at present is occupying the pulpit at the services of these congregations. Rev. F. G. Mackintosh, Moderator, occupied the chair.

The call to Dr. Stevenson was largely subscribed to by members and adherents of both congregations, and will be presented to the Presbytery of Miramichi, for sustentation, at a pro-nata meeting, to be held in

Edmonton on Wednesday evening, November, 18th.

Rev. Dr. Stevenson is recognized as a great scholar and preacher and is highly recommended. He is a gentleman of wide travel and is a well-informed divine. He has held important positions in Canada, including the Hudson Bay territory and was at one time a missionary to the South Sea Islands. He has been a minister of Presbyterian Churches, not only in Scotland but in almost every part of the world. Dr. Stevenson will conduct services here during the month of November and next Sunday will hold service in Newcastle in the Opera House at 7 o'clock in the evening, to which all are cordially invited to attend.

## FOOTBALL NOTES

The final and deciding game of the North Shore Intercollegiate Rugby League was played at Newcastle on Friday, November 6th.

The Harkins High School team won by a score of 6-3. This gives the championship of the northern section to the Newcastle boys.

The game was keenly contested on a wet field, by teams which were evenly matched. The Newcastle boys turned in the better game and played a slightly better brand of football.

The local scrim although considerably lighter than their opponents managed to control the ball for the greater part of the game while the Newcastle backs gave a good exhibition of running and passing.

Shortly after the beginning of the play, Jack Keating made a ten yard run scoring the first try of the game. Mahoney of Chatham followed with a score when he barely managed to fall over the line.

The Newcastle three-quarters made a number of fine runs during the second period, but only one of these was successful. After ten minutes of play Jack Keating again went over for Newcastle. The margin was slight but Newcastle managed to hold it against the attacks of their heavier opponents.

It is pleasing to note that while the boys representing both institutions played a hard, rugged game,

there was little or no display of temper such as has characterized some of the games in the past.

Charlie Morris refereed impartially, and to the satisfaction of all concerned.

The Harkins High School football team, champions of the North Shore Intercollegiate Football League, met with an overwhelming defeat at the hands of the Fredericton High School team in the first of the games which will decide the interscholastic championship for the Province. The final score was 35-0. Jack Keating being the outstanding player for Newcastle while Dugan of Fredericton was probably their most effective player.

The heavier and faster Fredericton team completely outclassed the Newcastle team in all departments of the game and managed to cross the Newcastle goal line on eleven occasions. Only once did the Fredericton "Kickers" convert. This is the weak point of their offensive tactics and might have proved a serious handicap in a closer game.

This was the first time that a Newcastle team have ever participated in a play off for the Provincial Championship and although the boys were defeated they realize that it was by a better and more experienced team. The boys are determined that they will make a more impressive record another year, and with faithful training and support from the school and town will doubtless make an enviable showing.

## GOVERNMENT GOES ANNUAL REPORT WITH PREMIER LITTLE HELPERS

Hamilton, Ont., Nov. 12—Senator Geo. Lynch Staunton is referring to the political situation at Ottawa raised the point yesterday that the political death of a Federal prime minister automatically results in the non existence of his government because the premier is virtually the government as he is the sole means of communication between the Crown and the Cabinet.

The Premier, Senator Staunton continued, has been entrusted by the Crown with the duty of organizing a government. In the eyes of the Crown he is virtually the government. No other cabinet minister can take his place. Should the Premier die the government automatically goes out of existence and a new one must be formed. But the premier must have a seat in Parliament. Senator Staunton contends. One who is not a member of either House of Parliament cannot be prime minister, in the opinion of Senator Staunton.

## The Conservative Leader in Senate

A successor to the late Sir James Loughheed, as leader of the Conservative Forces in the Senate, is not likely to be appointed until an opportunity is afforded for the holding of a caucus of members of the Opposition in the Upper Chamber.

Senator Robertson is prominently mentioned, however, as the probable successor to Sir James.

Senator Robertson led the opposition in the Senate for two months last session during the absence on illness of Sir James, and was Minister of Labor in the former administration of Rt. Hon. Arthur Meighen.

## Is Not Presbyterian

St. Andrew's Society, Chaplain Barred From Pulpit.

Kingston, Ont., Nov. 11—The request of St. Andrew's Society that its chaplain, Rev. George A. Brown be allowed to preach to the members at the evening service in St. Andrew's Presbyterian Church on Nov. 29th, has been refused by the session of that church. The session passed a resolution which made it clear that while sincerely welcoming St. Andrew's Society to the church on an occasion, and more especially for their annual church parade, a minister of the United Church of Canada would not be acceptable as the special preacher for the occasion.

Rev. Mr. Brown is a minister of the United Church, being in charge of Chalmers Church of this city. It has been the custom of the society to have its chaplain who is elected from year to year, to preach to it at its annual church parade.

## Secretary's Annual Report of Little Helpers of Newcastle and Nelson

In submitting the report of the Little Helpers of Newcastle and Nelson, I beg to state that the work has been carried on along the usual lines. Six new members have been enrolled during the year while several others have reached the age limit and are no longer members.

The following is the financial statement, Nelson:—

John Bunchill	\$2.00
Ruth Jarvis	2.14
Dorothy Croft	3.07
Allan McKenzie	1.00
Florence & Grace Pilkington	.70
Murdock McKenzie	.50
Melvin McLaughlin	.50
Herbert, Gladys & Vera Drillen	\$1.00
Ruby & Lillian McKenzie	1.00
Stanley & Mildred Goodfellow	.85
Catherine, Florence, Ian & Donald Houlston	1.00
Althea & Ceola Vye	1.00

Newcastle,  
Lawrence & Billy Toser \$1.00  
Jim, Hugh & Mary Astle .50  
Helen & Stafford McCormack \$1.00

Arthur & Godfrey Malmberg \$1.00

David Ritchie 2.19  
Betty & Wendell Ritchie 2.50

Ivy & Maysie, Mary & Phyllis Hogbin 1.27  
Annie, Lily & Edith Maltby 1.00

Wallace & Elsie Maltby 1.00  
Horace, Fred & George Morell \$1.00

Kenneth Sisson \$1.00  
Margaret & Dickie Gough .50  
Herbert & Empress Craik 1.05

William & George Pell .50  
Florence Kethro .50  
Jean Uncles 1.00

Isabel & Randolph Miller 1.00  
Harry & Vaughan Russell .49  
Edith, Warren, Lorna & Stickney Harris .77

Myrtle Benson .50  
Olga Wattling .50  
Eldon Grey .34

Respectfully Submitted,  
GERTRUDE R. RITCHIE.

Secretary.

## Deaf, They "Hear" With Finger Tips

NEW YORK, Nov. 10—Nine deaf children, ranging in years from six to ten, pupils of the Central Institute for the Deaf of St. Louis, Mo., gave a practical demonstration of the oral and acoustic methods taught there, before a large assembly last night at the New York Academy of Medicine, 17 West Forty-third Street.

By placing their fingers on the top of a grand piano they were able to conquer the handicap of mutism and pitched their voices to the tone of the musical instrument. They sang several songs, recited and answered questions readily about the topography of New York with all the spirit and alertness of children not suffering from the handicap of deafness.

Their response to all sound impressions was made into a microphone installed by the Western Electric Company—which produced, in tones loudly audible in every part of the auditorium, even the slightest of the consonants made by the breath of the children.

### World Wide

Sept. 25th, shipments went out to the following widely scattered points: St. Pierre, Newfoundland, Australia, New

Zealand, England, Scotland, South Africa, and Singapore (strait Settlement, 18 days from New York).

There certainly must be thousands of people who are enjoying the world-wide acceptance.

# Cure For Cancer is Announced to Toronto Medical Men by Prof. Bell, of Liverpool, Eng.

### Discovery of World-wide Interest, as Told Academy of Medicine, Consists of Treatment by Chemical Agent, Lead.

#### Discoverer Tells of Successful Treatments Which Not Only Arrested the Growth of the Dreaded Tumor but Also Cured it Outright--A Great Boon to Humanity--Compliment to Canada is being Selected as the County in which the Great Discovery is Announced--Apparently Hopeless Cases Selected for Experiments

Toronto, Nov. 16.—Selecting a meeting of the Toronto Academy of Medicine for an announcement of world-wide interest to the medical profession and victims of cancer, Prof. W. Blair Bell, of Liverpool University, and Honorary Director of the Liverpool cancer research, told leading physicians of the city here tonight of the successful treatment of the dread disease by the chemical agent, lead. He cited several instances in which remarkable success had been achieved and assured the members of the Academy that fifty or so patients were believed to be well out of about 200, mostly hopeless cases, treated.

Two cases were specially singled out. Five years ago to the day, a woman was admitted to his maternity ward at the Royal Infirmary, Liverpool, for her confinement which took place a few days later. She was suffering with an extensive ulcerated carcinoma of the left breast with glands in the axilla. Operation had been considered useless six months

previously by two surgeons. Her growth had been accelerated during pregnancy as is usual in these circumstances.

"I was looking for just such a hopeless case," stated the professor. "A section was prepared from a piece of tissue adjacent to the ulcerated area and intravenous injections of lead were given. Not only is the patient well today, five years and one day later, but also she has had two more babies in the interval, both of whom she has nursed at the breast."

The other case was that of a woman of 38, who, ordinarily, had only a few weeks to live, for sections showed the growth to be a most rapidly growing spindle-cell sarcoma. "The treatment with lead injections has led to a considerable decrease in the size of the tumor, while the patient has herself increased in weight by 21 pounds and is now in robust health and without a symptom," Prof. Bell declared. "She has been married today, November 10th."

## ONTARIO DEFICIT REACHES \$6,000,000

### Luxury and Gasoline Tax Revenue is Disappointing.

Instead of a deficit of three million dollars for the province of Ontario for the fiscal year which ended October 31st last, as estimated in his budget speech on March 5, Provincial Treasurer Price will be faced with a deficit for the year of about six millions, according to information given to the Telegram today. Inasmuch as the accounts have not yet been all made up, and the books are not yet finally closed, this figure is approximate, and may be altered somewhat in either direction, more likely downwards, by the time a full accounting of the past year's transactions have been made.

The newspaper states that while ordinary expenditures will be very close to the estimated \$49,000,000 revenue in some respects, however, has fallen down, and while it has been expected it would reach \$26,000,000 this belief was predicted on the assumption that the gasoline tax would net for the remainder of that fiscal year about \$2,300,000. From this source about \$2,000,000 is collected so far. And in the absence of any official "statement," the Telegram continues, "the total receipts under the head of luxury tax, which includes beer and soft drink taxes, were but \$250,000 about two months ago, whereas \$2,200,000 had been counted on. So from these two sources alone the revenue for this year is now below expectations to the extent of \$2,250,000."

Revenue from the lands and forests branch and the succession duties branch, the administration's greatest revenue-producing department will exceed those of last year, the Telegram says.

"Inasmuch as the Government relied on the new special taxes of last year to not only offset greater interest charges for the year, but also to provide funds to reduce the inevitable deficit for this year," the newspaper says, "the showing that will be made in the treasurer's statement cannot be expected to come up to the mark set." Every reasonable step to curtail expenditures has been taken, and to build up the revenues in other directions, the Telegram remarks.

## Want Spuds Sent Them From Old Home

Boston, Nov. 9.—Potatoes at \$1 a peck have caused hundreds of Massachusetts people to seek relief from this price by making plans to have some shipped from the old home town in the Canadian provinces. The local Customs employes have been deluged with inquiries during the last two weeks as to what the rate of duty is on "spuds" from Nova Scotia and New Brunswick. The duty on potatoes is 50 cents for 100 pounds or one-half cent a pound.

Local producers, when queried as to the possible shipments of potatoes from the Maritime Provinces to this section of New England, admitted that such was being done now. The retail prices of a dollar a peck cannot be avoided owing to the conditions of the local and Maine markets and no relief is in sight, they maintain.

Governor Fuller brought the potato situation to the attention of the committee on necessities of life last Tuesday but no action was taken following the report of the wholesalers and Retail Dealers' Association.

## ROYAL YEAST CAKES

For Perfect Bread

NOTE: If you take YEAST for your health, try this: Soak a ROYAL YEAST cake over night in tepid water with a little sugar. Stir well, strain and drink the liquid. Delicious when taken in orange juice.

## YOUR HEALTH

I can think of no practice so silly, and possibly harmful, as the medication habit. Some folks never go to bed till they have gargled the throat, put oil up the nose, swabbed out the ears with an antiseptic, squirted drops into the eyes, taken a cathartic, greased the face and brushed the teeth.

The wonder to me is that they are not deaf, blind and otherwise diseased not from natural causes, but from the liberties they have taken with their precious bodies. When people live right all these foolish practices are unnecessary. More than this, no matter how they live, most of these habits are damaging.

Don't go away now and say I am opposed to brushing the teeth. That would not be the truth. Nobody should go to bed until the teeth have been thoroughly cleansed. The eating habits of civilization cannot be changed in a generation. Until they do become more simple—perhaps I should say more primitive—it will be necessary to use the tooth brush and dental floss.

The lower animals eat rough, fibrous food. The very chewing of it cleans and polishes the teeth. But the denatured and refined foods of the modern table give the teeth little exercise and, in consequence,

particular care must be used to keep them in condition.

The nose, throat and ears were not made for medication. They will take care of themselves if given half a chance. If they do become diseased the family doctor may advise local treatment, but without his advice, you are perpetrating upon these organs self-inflicted malpractice if you apply any sort of medicine. The eyes are too precious to be trifled with by unskilled hands. Nature has provided special glands—the lachrymal glands—and a remarkable drainage system, to irrigate and cleanse the delicate eye-lenses of all dust and other foreign materials. You don't need to interfere with what is Nature's business and not yours.

The cathartic habit and the headache pill habit and the digestive tablet habit are bad habits. What right have you to hurry the intestinal action, the heart's beatings, the stomach performance? Who taught you the nature of powerful drugs and their action upon the human system? Would you go into a high-powered electric light station and make playthings of the switches and brushes and intricate wiring of the place? Of course you wouldn't. At once you would say, "I have too much sense for that!"

But have you sense enough to keep from trifling and playing with the delicate and easily damaged machinery of the body?

I beg of you to stop the medication habit. Leave that to the doctor. You will live longer and be more efficient while you are alive.

## Protect Your CHEST

THE seeds of bronchial trouble are sown during the present trying weather. For both strong and weak-chested a few Peps tablets afford the best and surest defence.

Peps quickly soothe and heal raw, sore throats; they banish coughs, colds, and chills, and strengthen the whole of the bronchial tubes.

As a Peps tablet dissolves in the mouth, certain healing and germicidal fumes are released which permeate the whole of the respiratory tract. Thus, the healing Peps medicine is breathed deep into lungs and to all the vital parts. It reaches sore and inflamed membranes never touched by mixtures and syrups swallowed into the stomach.

Peps are now obtainable at druggists and stores everywhere or from Peps Co., 200 St. Toronto. 25c. box contains 10 tablets.

### Here and There

The total handlings at the new internal government elevator in Edmonton, Alta., since its opening last fall, amount to 2,359,000 bushels. Of this quantity of grain handled, more than 2,000,000 bushels was wheat.

With the completion of the 1925 assessment for Toronto, the Chief Assessor announced that the city's population is now 549,429, or 7,012 greater than last year. The total assessment for 1925 is \$891,673,797, which is \$16,259,443 higher than for 1924.

A new high-water mark for the 1925 season of navigation in regard to number of passengers landed at Quebec over a week-end, was established during the week-end of September 6th when six boats docked with nearly 5,000 passengers. The three Canadian Pacific steamers, the Montroyal, Maribach and Melita, brought 2,524 of the total passengers landed.

Between four and five hundred travelling passenger agents, representing railway throughout the United States and Mexico, united with representatives of the Canadian railways and steamship companies in Montreal during the week ending September 19th, for the fiftieth annual convention of the American Association of Travelling Passenger Agents.

In succession to Captain James Gillies, who was recently appointed general manager Canadian Pacific steamships in London, Captain R. G. Latta has been appointed to the command of the Empress of Scotland, flagship of the Canadian Pacific fleet. Captain Latta was previously on the bridge of the "Montroyal" and other vessels of the same line.

Arrangements are being made for the holding of the western annual meeting in Winnipeg from November 3rd to 5th of the Canadian Institute of Mining and Metallurgy. The meetings will be held in the Royal Alexander Hotel. Delegates from all points in the West, as well as from Eastern Canada, are expected to attend.

A memorial known as "The Altar of Peace" has recently been unveiled in Stanley Park, Vancouver, to symbolize the spirit of international good-will existing between the United States and Canada. The memorial was raised by joint subscription of United States and Canadian Kiwanis Clubs, and stands on the spot where the late President Harding delivered the last speech of his life while visiting Canada, in July, 1923.

One of the largest shipments of live foxes for export ever to leave Prince Edward Island, left recently for New York for transshipment to Norway. The shipment comprised 200 foxes in all, with a gross value of \$40,000. Several small shipments of animals were consigned to Norway last year and this large order has followed the success which the Norwegian breeders have had with those animals previously sent from this country.

As illustrating the volume of grain delivered by the Port of Montreal compared with that of Vancouver, figures given by the Pacific coast port for the crop year ending July 31 last, show Montreal deliveries were six and three-quarters times those from the British Columbia port. Vancouver shipped 25,133,215 bushels of grain for the crop year ending July 31, while Montreal, during this period, disposed of 169,929,618 bushels.

E. W. Beatty, president and chairman of the Canadian Pacific Railway, accompanied by several of his directors is at present engaged in the annual tour of inspection of the company's system. In an address to the directors of the Canadian National Exhibition in Toronto, Mr. Beatty declared that the "only safe and certain cure for the relief of the Dominion's railway obligations rested upon the country's industrial and agricultural development."

### Here and There

The output of silver from Cobalt during July amounted to about 400,000 ounces, according to preliminary estimates. This had a value of less than \$300,000, or at the rate of about \$3,500,000 a year.

All attendance records for the Central Canada Exhibition were broken this year. There was a total attendance of 349,200, or 42,400 greater than the previous record of 307,000, made in 1922.

The first Italian ship to visit Vancouver in several years will be the steamer Piave II, of the Navigazione Libera Trestina, due here at the end of this month. This boat will inaugurate a new service between this port and points on the Mediterranean.

Production of paper by the Powell River Company, at Vancouver, will be increased 80 per cent by the completion of a \$5,000,000 development programme, now under way, according to an announcement made by M. J. Scanlan, a director of the company. At present the plant is turning out about 75,000 tons a year.

Signs of returning prosperity to Canada are evidenced by the fact that more Canadians are registered in the Canadian Pacific Rocky Mountain resorts during the past week than at any time since the beginning of the year. These resorts, which are usually filled almost entirely by Americans, contain a guest list last week which is 50 per cent Canadian.

Production of gold in Ontario for the first six months of this year amounted to \$14,506,219, as compared with \$11,810,060 in the corresponding period of last year, according to a report issued by the Provincial Department of Mines. Silver production increased from \$3,262,100 to \$3,792,662. Total mineral production was \$41,560,355, as compared with \$37,997,776.

John Edwin Hoag and Frank S. Wilton, who travelled across the entire continent in a small motor-boat arrived recently in Montreal and moored their craft to Canadian Pacific Pier No. 8 having come from Astoria, Oregon, via Columbia River, Celilo Falls, Fort Benton, the Missouri and Mississippi Rivers, the Chicago Drainage Canal and Lake Michigan since May, 20th. From Montreal they continued their journey to New York and returned to the States, via Canadian Pacific Railway to Vancouver and Seattle in order to see the country.

The groundwork for what promises to be a big industry is now being developed by the Singer Sewing Machine Company at Thurso, a point on the Canadian Pacific Railway, on the north shore line to Ottawa. It is planned by the Singer Company to manufacture at Thurso all the woodwork required for their numerous plants in different parts of the world. Work on the new plant is being pushed with all possible speed and it is anticipated that shipments from Thurso will commence sometime early next year.

While the Canadian Railway Commission is besieged with all kinds of applications for reductions in Canadian freight rates, the Western group of railways in the United States is asking for a five per cent increase and the northwestern section of the group is asking more than that "as a measure of relief." Some of these roads are in the hands of the receivers. Yet these American railways already have higher rates than the Canadian roads, the freight revenues in the U.S.A. being 1,293 cents per ton mile on western lines as compared with 1,011 cents on all Canadian railways. The average American rate is 28 per cent above the average Canadian rate. Owing to the low grain rates in Canada, the G.P.R.'s average rate is 1,011 per ton mile, so that the average rate on American western lines is more than 30 per cent above the average C.P.R. rate.

## CANADA'S TOTAL 1925 WHEAT YIELD 422,327,000 BUS.

The total yield of wheat in Canada is now provisionally estimated, according to a report issued by the Dominion Bureau of Statistics at 422,327,000 bushels. This total yield is 30,508,000 bushels more than the preliminary estimate of 391,819,000 bushels published on September 16.

Of this excess difference 27,306,000 bushels is for the single province of Saskatchewan, where threshing results have exceeded expectations. The total yield of wheat now estimated is the second largest on record for Canada.

### Coming Session Of Parliament

Premier King has announced that Parliament will meet on December 10 if the legal requirements can be met at that time, but in political circles it is not deemed practicable for the House to be convened so early a date. Premier King explains that by calling an early session he hopes to have the vital question of which party is to govern the country settled before the Christmas season when an adjournment might be made until after New Year's before the House got down to regular routine. The Premier also announced the resignation of all his defeated Ministers with the exception of Hon. George P. Graham, Minister of Railways and Canals, who has been induced to remain for the present at least, and who, it is presumed, will seek reelection in some Ontario seat.

As far as the future is concerned the country is confronted with a kind of deadlock which promises no stability of government. And this point of view, which is of supreme importance especially to the business section of the community, is by no means reassuring, at the very time when the country is in dire need of a strong Government, supported by a firm majority. What will come of the situation it is too early to say. The popular verdict of the electorate cannot help but be a disappointment to those who looked for the installation of a vigorous Government.

It is fair to presume that, before any long period has passed, perhaps no more than a few months, it will be necessary to consult the electorate once again, with the object of obtaining once and for all, for one or other of the two parties, a definite mandate, permitting it to establish administration, which can resolutely devote all its energies to the needs of government.

### Political Retribution.

When making slighting references during the recent election campaign to the material at Mr. Meighen's disposal in event of his being called upon to form a Government, Premier King does not appear to have taken into consideration what the people might do to himself and his colleagues. The complete list of casualties among members of the King Government at the polls last month is given as follows:

- Hon. William Lyon Mackenzie King, Prime Minister.
- Hon. George Percy Graham, Minister of Railways.
- Hon. Thomas A. Low, Minister of Trade and Commerce.
- Hon. John Ewen Sinclair, P. E. Island, Minister without portfolio.
- Hon. Vincent Massey, taken into the Cabinet at dissolution, to be given one of the best portfolios.
- Hon. Tobias Crawford Norris, to be taken in from Manitoba.
- Hon. Walter Edward Foster, taken in from New Brunswick.
- Hon. Herbert Marler taken in from Montreal.
- Hon. John Henry Drayton, former Minister of Finance, Ontario.
- Hon. George Perley, former Minister without portfolio, Quebec.
- Hon. Henry Herbert Stevens, former Minister of Trade and Commerce British Columbia.
- Hon. Robert James Manion, former Minister of Soldiers' Civil Re-establishment, Ontario.
- Hon. Edmund Bristol, former Minister without portfolio, Ontario.
- Hon. Simon Fraser Tolmie, former Minister of Agriculture, British Columbia.
- Hon. Hugh Guthrie, former Solicitor-General, Ontario.
- Hon. Sydney Chilton Newburn, former Minister of Militia, Ontario.
- Hon. John Wesley Edwards, former Minister of Immigration, Ontario.
- Hon. Richard Bedford Bennett, former Minister of Justice, Alberta.
- Hon. Robert Rogers, former Minister of Public Works, Manitoba.

### NEW LAMP BURNS 94% AIR

#### Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities, and found to be superior to 19 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, no siphoning, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, J. M. Johnson, 210 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

#### Trade and Commerce.

- Hon. James Murdoch, Minister of Labor.
- Hon. George Newcombe Gordon, Minister of Immigration.
- Hon. Vincent Massey, taken into the Cabinet at dissolution, to be given one of the best portfolios.
- Hon. Tobias Crawford Norris, to be taken in from Manitoba.
- Hon. Walter Edward Foster, taken in from New Brunswick.
- Hon. Herbert Marler taken in from Montreal.

#### Hon. John Ewen Sinclair, P. E. Island, Minister without portfolio.

While Premier King and his colleagues suffered something like a rout and not more than a dozen Government supporters in the last House were able to secure reelection outside the Province of Quebec, Mr. Meighen and his able lieutenants fared very well not only in their being defeated. Here is a list of former Conservative Ministers elected last month:

- Right Hon. Arthur Meighen, former Prime Minister, Manitoba.
- Sir Henry Drayton, former Minister of Finance, Ontario.
- Sir George Perley, former Minister without portfolio, Quebec.
- Hon. Henry Herbert Stevens, former Minister of Trade and Commerce British Columbia.
- Hon. Robert James Manion, former Minister of Soldiers' Civil Re-establishment, Ontario.
- Hon. Edmund Bristol, former Minister without portfolio, Ontario.
- Hon. Simon Fraser Tolmie, former Minister of Agriculture, British Columbia.
- Hon. Hugh Guthrie, former Solicitor-General, Ontario.
- Hon. Sydney Chilton Newburn, former Minister of Militia, Ontario.
- Hon. John Wesley Edwards, former Minister of Immigration, Ontario.
- Hon. Richard Bedford Bennett, former Minister of Justice, Alberta.
- Hon. Robert Rogers, former Minister of Public Works, Manitoba.

From among his twenty-six supporters returned from the Maritime Provinces Mr. Meighen would find Cabinet timber far superior to our representation in the King Cabinet at dissolution and no doubt Quebec will be in line before very long.

### Plants Sensitive Much Like Humans

London, Nov. 8.—Further details of the remarkable discoveries made by Sir Jagadis Chandra Bose in Darjeeling regarding the existence of muscular tissues in plants almost seem to indicate that the legend of the mandrake, which screamed when pulled up by the roots, had a basis of scientific fact. Sir Jagadis, states the Calcutta correspondent of the Morning Post, contends that there is no sensitiveness in a human being which is not only found in plants. He demonstrated that the mimosas, for instance, is provided with a highly developed muscular system, which contracts when struck, and that plants treated with alcohol showed first a depression and then an exaltation, as observed in human beings.

Another remarkable demonstration showed that plants have periods of consciousness as typified in human beings by sleep. An experiment started in the evening at five o'clock showed the plant fully conscious until after midnight, a drowsiness gradually following and the plant being "asleep" at six o'clock and fully awake again at noon.

He showed by experiment that a plant reacted in a certain manner if a human being touched it. It showed depression if a cloud passed over the sun.

A stout palm tree growing at a high angle from the ground bent toward the ground when the temple bells began ringing and rose again in the morning to normal condition. The tree is regarded as a marvel and has attracted pilgrims from all parts of India.

Dr. Bose found the phenomenon is no way unique, for all trees, he says exhibit the same trait under the same influence in various degrees of intensity.

### PAINS IN BACK AND SIDES

#### Ended by Taking Lydia E. Pinkham's Vegetable Compound

Fustler, Sask.—"For two or three days every so often I would have such pains in my back and sides that I could not do anything—could not even lie quietly in bed, and my head ached, too. I was this way about three years, but was worse after I was married. I was on a farm with not a house nearer than five miles and there was not a person to advise me, as my folks live in Manitoba. My sister-in-law told me about Lydia E. Pinkham's Vegetable Compound and told me to try it. I took her advice and after taking the medicine for three months I can say it has helped me a lot and I am doing fine. I am glad to recommend the Vegetable Compound to others and you may publish my testimonial."—Mrs. HELEN BALANOFF, Fustler, Saskatchewan.

Often some slight trouble will cause a general upset of the system. Such symptoms as nervousness, painful times, irregularity, backache and headache indicate some form of female weakness. Women so bothered should give Lydia E. Pinkham's Vegetable Compound a trial. This dependable medicine has helped thousands of women and it is reasonable to expect that it will help you. Try it today. Your druggist sells this medicine.

## FREDERICTON HIGH SWAMPED NEWCASTLE HIGH, 35-0

Fredericton, N. B., Nov. 11.—Fredericton High School swamped Newcastle High School, champions of the North Shore League, 35 to 0, this afternoon in the first of the playoffs for the inter-scholastic rugby championship of New Brunswick.

Fredericton High School will next play Mount Allison Academy, champions of the Westmorland County League, and the winners will play Pictou Academy, Nova Scotia title holders for the Maritime Interscholastic championship.

Fredericton is therefore celebrating two rugby victories tonight. University of New Brunswick's team having won the Maritime intercollegiate championship by their 14 to 3 victory over Nova Scotia Technical College at Sackville today. The U. N. B. team will return to Fredericton tomorrow night and leave on Friday afternoon for Montreal to play Montreal English for the McTier cup.

## HEAVY LUMBER CUT FOR RESTIGOUCHE

CAMPBELLTON, N. B., Nov. 7.—The lumber cut in the Restigouche district this winter is expected to total at least 80,000 feet a favorable comparison with the amount brought out in last spring's drive.

This estimate shows an increase of 30,000,000 feet in the pre-season's estimates of 50,000,000 feet. Most of the larger companies have already contracted for an average supply of lumber for the mills in this district in the Gaspé district it is also expected that the cut will be up to the average, if not more. One company alone is expected to cut 10,000,000 feet more than during the past winter.

## New Zealand Still In Wet Column

The prohibitionists have not yet succeeded in their effort to make New Zealand dry. The question whether New Zealand should continue its present liquor license system, adopt "state purchase" or government control of liquor, or swing to prohibition, was voted on in a referendum during yesterday's general elections.

The counting of the vote is as yet incomplete, but the results thus far ascertained show approximately that the prohibitionists cast 277,981 votes as against 310,596 by their opponents.

In the parliamentary election the government won a decisive victory Premier Coats obtained a good majority in the next Parliament. On the first count, it was thought that the New Zealand Parliament was to have its first woman member in Miss Melville. A recount of the vote, however, showed that she had been defeated for the seat for Grey Lynn by the Laborite candidate.

THE "STR. MAX. AITKEN."

Friday's Chatham Gazette gave some very undesired criticism to the "Str. Max Aitken," because she had already been taken off the route between Newcastle and Chatham. The Gazette offered this undue criticism before first looking into the matter thoroughly, which if it had been done, the writer of the article would never have taken up his pen to write it, but we notice from yesterday's Gazette that the scribe has been enlightened on the matter and has published a correct statement relative to the subject.

The Str. "Max Aitken" is subsidised only to ply between Newcastle and Redbank. This she does beginning as early in the spring as it is possible for her to do and continues through the summer until as late in the fall as the ice in the river permits. Regarding the service performed it is impossible for any one to find any fault. The service given by the steamer between Newcastle and Chatham is given entirely at the volition of the company and for which no subsidy is received. It is indeed, rather difficult to understand, why the company should be criticised for taking the boat off a route for which it is not subsidised and which it performs the service given, merely because no service between the two towns is arranged for by the government and the company feeling that it was filling a community need.

The Str. "Max Aitken" has been providing an excellent service between Redbank, Newcastle and Chatham for a number of years, for which it has been receiving a very small subsidy for its service between Newcastle and Redbank, from the Provincial Government. This subsidy is altogether too inadequate and the result is that the company each year is making a considerable loss. The owners do not wish to dispose of the boat, thereby making this service an ostensible, if it can be avoided, but unless a substantial increase in subsidy is arranged for, it will probably become necessary for the company to discontinue the service, as it is impossible for it to continue piling up deficits and at the same time receive undue criticism for that which the public are not in any way contributing.

It is a true saying that "you never miss the water until the well runs dry." This apparently is true of those in Chatham, who through the Gazette were expressing indignation because the boat was taken off the route. It is hoped that these same people will now intensify themselves and use their influence with their local members to provide a suitable subsidy for this boat which has been giving them such excellent service gratuitously in the past, and which they miss so much when the steamer is taken off her route. To do this, would be doing something worth while, whereas to knock and criticize, that over which they have no control, will accomplish less than nothing.

The Newcastle Steamboat Company is willing, anxious and desirous of providing the very best service possible on the Miramichi River with their steamer, the "Max Aitken", but the public of Chatham, Newcastle, Redbank and all intermediate points should also be as interested in this matter as the company, and the public should demand from their representatives, that an adequate subsidy be provided for this service, so that the company will not be required to make up heavy deficits each year. We will await to see what action the public takes, and will then be in a better position to judge whether those in Chatham, who voiced their condemnation in the Gazette, are really sincere or not.

MEIGHEN AND QUEBEC

There is really no good reason why any one in Quebec should object to Mr. Meighen's leadership of the Conservative party. Conscription was the cry raised against Mr. Meighen in the recent election but that was a far cry and if ever justified is open to condemnation now in view of the economic and other issues that should have first consideration. It fell to Mr. Meighen's lot as a member of the war government, composed of equal numbers of Liberals and Conservatives, to frame the equal military service act, so much denounced. England and Canada had gone to war to save France and Belgium from German aggression. All the countries at war had conscription. The Entente Allies were fighting with their backs to the wall; a false step might have placed the Hun in possession of Paris and London and Canada might today be paying tribute to Berlin. It was in these circumstances that the Equal Military Service law was enacted in this country, just as a similar law was enacted in the United States when that country entered the war. The military Service Act placed the people of Quebec in exactly the same position as it placed the people of Ontario, the people of the West and the people of the Maritime Provinces. Had special treatment been accorded the people of Quebec it would have been a declaration to the rest of Canada and to the world that they were unwilling to fight for their mother countries, France and England, engaged in a just war. Certainly the people of Quebec did not want to be placed in any such position and those who raise the conscription cry only seek to blind the eyes of the people to their own political shortcomings in bringing about in this country a condition that is worse than war.

Here and There

"Canada has the greatest opportunity of any community on the face of the earth," stated St. Lee Strachy, editor and proprietor of the London Spectator, in the course of a recent address before the Canadian Club. He stressed the advantages the country enjoyed in her large wheat area, electrical energy, wood pulp and mineral assets.

Between 20,000 and 25,000 men are expected to work in the forests of the Province of Quebec during the coming winter, according to the chief forester of the province. It is anticipated there will be a good season in the pulp and paper products, but that the cut of lumber will not be so heavy owing to the low price prevalent for sawn lumber.

King Cole ORANGE PEKOE THE EXTRA IN CHOICE TEA

FIVE THOUSAND RETURN TO QUEBEC

The Quebec Government has just announced that the French-Canadians are returning to the homeland from the United States in a steady stream, says a Canadian Pacific bulletin. More than 5,000 have gone back there in the past three years. The present movement is expected to continue, as a result of efforts being made by the Quebec government to induce the return of more of the 848,209 persons of French-Canadian origin listed in the United States Census of 1920 as residents of this country. The bulletin continues:

"According to the last Canadian census, the French-Canadian population of the Dominion was 2,452,751, or approximately 28 per cent. of Canada's population. The bulk of the French-Canadian population of Canada is concentrated in the Province of Quebec, where there are 1,889,177 persons of French origin, though there are close to 250,000 French-speaking people in Ontario and substantial numbers in other provinces. The distribution of French Canadians, according to the census, is as follows:—Ontario, 248,275; New Brunswick, 121,111; Nova Scotia, 56,638; Saskatchewan, 42,152; Manitoba, 40,638; Alberta, 30,913; Prince Edward Island, 11,971; and British Columbia, 11,246.

"In the Province of Quebec 80 per cent. of the total population is French-speaking. More than half of the total, or 1,322,569, reside in rural districts, and the balance of 1,038,630 live in cities. More than 40 per cent. of the total population live in twenty-one cities, and two-thirds of these are in Montreal. It is seldom realized that after Paris, Montreal is the greatest French-speaking city in the world. Forty-five per cent. of the population live in farms, and the remaining 15 per cent. in the eighty-six towns and 256 villages scattered throughout the Province.

"Seventy-seven per cent. of Canada's French-Canadian population is in Quebec Province. The greatest number is engaged in agriculture, or 204,616 of the total. In manufacturing, which is the next activity in importance, 141,921 are employed. Net production figures for the Province, showing the value of all the goods produced in all lines of industry in 1923, indicate that each family was responsible for adding \$1,648 to the wealth of the country."

PROVINCIAL DEPARTMENT OF AGRICULTURE

October Crop Report

November 13, 1925. The provisional estimate of the yields of grain received today as issued by the Dominion Bureau of Statistics, shows an increase over the forecast estimates in the quantities of all small grains, excepting wheat and rye. The usual amount of fall ploughing has been done on account of the very heavy rainfall. The month closed with a total rainfall of 8.03 inches—the greatest for a period of twenty-five years. The temperature during the last two weeks was low. These two factors caused farm work generally to lag. Cattle were housed earlier than usual on account of the inclemency of the weather. This will have an influence in reducing the year's surplus amount of hay.

The production of dairy products and milk supply was greater than during corresponding months of last year and prices, particularly during the closing months of the factory season, were high. The highest price of the year was realized for the October output for cheese. Local markets for farmer's products have shown a brisk demand for butter, eggs, poultry and pork.

The crop of strawberries and small fruits was in excess of last year's crop and prices were very much higher. Strawberries, in cartons, sold at an advance of thirty percent (30%) over last year's prices. The apple crop, on the other hand, has realized a lower price than last year. The crop, which in the early part of the season gave indications of being short, improved toward picking time and is only slightly below an average crop.

The harvesting of the root crop is in progress. Some activity occurred in the shipping of turnips to U. S. A markets where the price during the latter half of the month was attractive.

The Bureau's provisional estimate of the potato crop is expected to vary but little, if any, from the earlier forecast of 3,580,000 cwt. The prevailing tendency of rising prices for potatoes apparently reached its height for the fall shipping season on October 31st. The jump in price from \$2.50 to \$5.50 per barrel during the month provided the sensation of the season's trading. A large part of the exportable surplus of potatoes was sold on one-half, has been sold off the farms.

Pure Rich Blood Means Good Health

Also it Means Bright Eyes, Red Lips and Rosy Cheeks.

The lack of sufficient red, health-giving blood does not end merely in pale faces and lustreless eyes. It is much more serious. Bloodless people are the tired languid, run-down folk who have no enjoyment in life. They have heart palpitation, headaches and backaches, no appetite, sometimes fainting spells, and always nervousness. Just a little more rich red blood and these troubles vanish. To get this new, rich, red blood Dr. Williams' Pink Pills are just the thing you need. That is why these pills have a world-wide reputation as a blood and nerve tonic. Among those who have proved the truth of these statements is Miss Annie M. Blonski, Woodridge, Man., who says:—"I became very weak and nervous had pains in my side and back and suffered from frequent sick headaches. I was hardly able to do anything about the house and would awake with a start at night, with my heart pounding violently. If I walked upstairs, I would be breathless and my heart would flutter rapidly. I used doctor's medicine but it did not do me any permanent good. Then I was advised to take Dr. Williams' Pink Pills and decided to try them, and I can only say that they did wonders for me. I am now well and strong again and able to do all my work, and this is all due to Dr. Williams' Pink Pills. I have recommended the pills to others who have taken them with equally good results. You can get the pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Lowell, Mass., U.S.A."

News That Is Odd And Interesting

Malay parents never punish their children.

The potato forms one-quarter of all the food of Americans and Europeans.

Wednesday is regarded as an unlucky day by the Alsatians and is never chosen for a wedding.

The potato was scarcely known before the 17th century and was not greatly cultivated until the middle of the 18th.

Bricks sufficient to house the entire world could be made from the clay deposits of the Hudson River valley.

The first Government vessel built on the Pacific Coast was the monitor Comanche, completed at San Francisco in 1862.

In food value a pound of baked potatoes is equal to eight eggs, to a pound of chicken, or to seven ounces of the best bread.

There have been over one thousand different varieties of potatoes, but only a few of these have been found worth cultivating.

Among the Turks, so deep is the belief in the evil influences of the number thirteen that the word for it is seldom spoken.

The Germans are the biggest growers of potatoes, and the Belgians the largest consumers, the Irish coming second in this respect.

The best sugar industry was first introduced into the United States by David Lee Child, a New England journalist, who in 1856 made a special visit to Belgium to learn the process of its manufacture.

The smallest Catholic church in the world is on the old Palo Alto plantation in Louisiana. The chapel is large enough for a small altar and standing room for the priest celebrating mass. The congregation of worshippers outside of the chapel is limited to the priest and his wife.

A Hindu woman, on returning home with her baby from a journey, is careful before entering the house, to pass seven small stones seven times around the infant's head, and then scatter them in different directions, believing that in this way she destroys any evil which may have been contracted during the trip. No person living to-day can either read or speak the language used by the early Massachusetts Indians, yet there is at least one book in existence in that strange tongue. It is the only known copy of Barter's "Call to the Unconverted" in this Indian language, and was translated by John Eliot, the famous "Apostle to the Indians," and printed at Cambridge, Mass., in 1664.

Here and There

During July thousands of osteopaths and members of allied professions gathered in Toronto from all parts of the United States and Canada to attend the International Convention of Osteopaths. Several of the visitors toured the country in the interests of osteopathy.

Final figures showing the total live lobster catch on the Nova Scotia coast, for the season ending June 1st, show a total of 4,905,000 lbs. valued at \$1,244,141, an increase over the 1924 season of 3,507,000 lbs., in quantity and approximately half a million dollars in value.

During his tour of Western Canada over the Canadian Pacific Road, Field Marshal Lord Haig was received on all sides by cheering and enthusiastic crowds. At towns in northern Ontario and elsewhere he shook hands and exchanged reminiscences with local ex-service men, many of whom he recognized.

Having concluded his visit to the Pacific Coast, His Excellency Lord Byng, Governor-General of Canada, has returned to Ottawa. Before leaving the West His Excellency stayed at a few days at Seattle to meet Lord Haig, and the two former military greats, some time together talking over old times.

**HEALTH QUEST**

The quest for a strong body often continues from childhood to old age. Nature builds health and a sound body best through nourishment.

**Scott's Emulsion**  
of invigorating cod-liver oil is a dependable ally to those of any age in the quest for health and a sound body. Take Scott's Emulsion!  
Scott & Bowne, Toronto, Ont. 15-39

**TRACADIE CHURCH DESTROYED BY FIRE WITH \$200,000 LOSS**

The beautiful Catholic Church at Tracadie was totally destroyed by fire Sunday evening. The value of the building is placed at \$200,000 and the loss is partly covered by insurance. The church, one of the finest in a county noted for fine churches, was of Freestone construction and beautifully finished throughout. The origin of the fire is unknown.

**SEVERE WINTER WITH HEAVY SNOW PREDICTED**

Washington, Nov. 11--A severe winter for the American continent with heavy snow fall and long continuing cold waves broken by warm periods of brief duration, is predicted by Herdert J. Brown, widely known ocean meteorologist. An abnormal condition, the holds is pointed to by many factors, including the record-breaking cold in many sections of the continent this fall, beginning with the first snows in the northwest on September 18, four days before the official close of summer. The winter, he believes, will be followed by a late spring.

Primarily the predictions are based upon a study of ocean surface temperatures as determined by the amount of the sun's heat reaching the earth. This solar radiation for more than three years has been below normal. The present weather situation, he says, indicate that the world is facing a condition which will interfere seriously with crops, the cold fall and winter in prospect being forerunners of the next two years.

All factors, of which the condition of the sun is the most important, Mr. Browne says supports his view. The sun, which is described by the Smithsonian institution and others, as a variable star, it is for some unknown reason in a period of low activity with decreased radiation.

**Chief-Inspector Remains in Office**

It is reported that the Government will not, at present, make any new appointment to the position of Chief Inspector under the Prohibition Act. It is said Chief Inspector John B. Hawthorne will continue indefinitely in office until the new year at least.

Donald Fraser, Plaster Rock, President of the N. B. Temperance Alliance, says L. A. Gagnon, now Chief Game Warden, was the nominee of the Alliance.

"We recommended Mr. Gagnon to the Veniot Government for appointment as Chief Inspector," said Mr. Fraser, "and we have recommended him to the present Government, but I don't know what is going to be the outcome of it."

Premier Baxter said the matter had not been reached yet.

**"BUY AT HOME"**

**Unknown Soldier Was Dis-Interred By Canadian**

Five years ago November 11, there was laid in Westminster Abbey, London, in the presence of a vast multitude, the body of the Empire's "unknown soldier." Every safeguard was employed to hide the identity of the "unknown soldier" even those who disinterred the body, do not know it.

It is now disclosed that the responsible task of locating the body was entrusted to a Winnipeg officer. He is Captain J. J. Walsh of the Connaught Rifles, formerly on the staff of the Imperial War Graves Commission.

It is a closely guarded secret who conceived the idea of burying an "unknown soldier" in Westminster Abbey, but the order is known to have come from an officer high on the general staff. Captain Walsh's account of the search is related as follows:

"After receiving instructions, I took 12 men with me and went out to one of the great battlefields. Official reticence prevented me from saying which battlefield was visited. We were able to tell from the color of the soil, where bodies might be found. Several were disinterred—until we came across one that was absolutely without identification. There was nothing on the clothing or anything at all to show whose body it might be."

"All I can say is that it had on a private's uniform but even that is not significant, for many officers wore private's uniforms when going into action."

"The body was brought to camp, stripped of its clothing, wrapped in a canvas shroud, placed in a coffin and forwarded to London."

"That is all that can be known or ever will be known."

**Scheme to Create Sixth Great Lake**

Kingston, Ont., Nov. 9.- An outline of his scheme for the creation of a "Sixth Great Lake" in Northern Ontario, at the north of Lake Nipigon, by damming the Albany and Ogokir Rivers for the purpose of overcoming the situation produced by Chicago's diversion of the waters of Lake Michigan, was placed before the associated boards of Trade and Chambers of Commerce of Ontario at their annual banquet at this centre last night, by C. Lorne Campbell, of Toronto.

The proposal, in chief, as outlined by Mr. Campbell, means the building of two dams across the Albany and Ogokir rivers to turn the waters of those two waterways away from James and Hudson Bays and into Lake Nipigon. That would mean the creation of a sixth Great Lake in the north, twice the size of Lake Ontario, that is two hundred miles long by ninety miles wide, and in the course of that creation an area of 18,000 square miles would be financed at approximately \$200,000,000, but nothing of that expense would fall upon the shoulders of the province of Ontario.

In all, the increase in electrical energy from the scheme would amount to 500,000 horse power.

Mr. Campbell explained that in his opinion it would result in the development of one of the largest pulp and paper industries in the Dominion, as much of the 18,000 square miles are now covered with pulp wood. Further, a great deal of employment would be given in Canada, for the scheme, if put through, would employ 20,000 men for six years.

The one drawback, according to some of the board of trade representatives, was that the flooding of that large area would submerge iron ore tracts; and Mr. Campbell admitted that an iron ore range some two miles wide by fifteen long would be buried at the bottom of the new lake.

**First Impressions Are Important**

FOR Lumbago

**ASPIRIN**

Proved safe by millions and prescribed by physicians for

Lumbago	Colds	Neuritis	Neuralgia
Headache	Pain	Toothache	Rheumatism

**DOES NOT AFFECT THE HEART**

*Safe* → Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer, Manufacturer of Monoacetic acid ester of Salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

*"That's a great pie, mother"*

How the whole family enjoys mother's wonderful pies! Crisp, crunchy pastry that brings the plates of boys and girls back for more.

And mother's pies are *always* delicious. With Quaker Flour her recipes always bake the same, for Quaker Flour is *always* the same.

Quaker Flour is best for all baking purposes. During the milling it is tested hourly to our standard. It is baked every day in our own bake-shop. That is why we can guarantee you absolute satisfaction with a money-back offer.

**Here and There**

Major-General Sir Fabian Ware,  
vice-chairman of the Imperial War  
Graves Commission, who has been  
visiting in Canada during October,  
has been recalled to England much  
earlier than he expected. Prior to  
sailing on the Canadian Pacific  
liner, Montclare, from Montreal, he  
expressed the hope that he would  
be able to come to Canada again  
next spring so that he could give  
Canadians in the West some idea  
of what the Imperial Commission  
is doing in caring for the graves of  
western youths who perished dur-  
ing the war.

Robert L. Rice, Jr., of Boston, and  
J. Y. Cole, of Harvard, took big  
chances when they attempted to  
travel by canoe from Rouyn to An-  
gliers at the end of October. Al-  
though they started in beautiful In-  
dian summer weather they ran  
within a few hours into a bad storm  
which filled their canoe with half  
melted snow and almost froze them  
into unconsciousness. Fortunately  
they arrived in the nick of time at  
a fire-ranger's hut where they  
stayed a few days until the storm  
abated. They were prospecting in  
the neighborhood and were none the  
worse for their perilous trip when  
they finally reached Montreal.

Bob Shawkey, New York Yankee  
veteran pitcher, who organized the  
party of major league baseball play-  
ers now hunting big game in New  
Brunswick, shot a moose with antlers  
spreading 56 inches and having 28  
points, according to word received  
at Fredericton, N.B. Shawkey shot  
his moose the first day the party  
spent in the woods. This informa-  
tion is conveyed by another party of  
hunters who passed the camp of the  
ball players at Nepesiqui Lakes. In  
the group are some of the best  
known players in the American  
League, Eddie Collins, Babe Ruth  
and Muddy Ruel being among them.

The romance of a world cruise  
culminated in New York City re-  
cently when Dorothy Holmes  
O'Ryan, daughter of Major-General  
and Mrs. John F. O'Ryan, of New  
York, married Darwin Curtis, of  
Chicago. The couple met for the  
first time a year ago on board the  
Canadian Pacific liner Empress of  
France which was then making a  
tour of the world. It is feared they  
had no eyes for the world marvels  
which were unrolled before them on  
the tour, since it is stated they fell  
in love at first sight and could only  
see each other. The marriage was  
performed by the Rev. Father Fran-  
cis P. Duffy, chaplain of the "Figh-  
ting Sixty-ninth," a regiment com-  
manded by the bride's father during  
the war.

Good reading for Canadian Pac-  
ific shareholders is furnished in the  
September statement of gross earn-  
ings, working expenses and net  
profits. It has been the most fa-  
vorable month for the company in  
a long time. The gross earnings  
were \$18,909,071, the greatest shown  
in any month since October, 1924.  
Operating expenses were \$12,641,-  
452 and the difference between the  
two, the net profits \$6,267,619, an  
increase of \$1,719,973 over the cor-  
responding month of last year. Net  
earnings for the first three quar-  
ters of this year, ending Septem-  
ber 30th, is \$1,190,039 greater than  
the 1924 figures, despite a decrease  
in gross earnings of over four and  
a half million dollars. This was  
made possible by the company's  
policy of rigid economy.

To bring the Arctic within the  
scope of tourist traffic is the object  
of the Marquis M. N. degli Abizzi,  
winter sports director at Lake Pla-  
cid, who is organizing pack horse  
trips of thirty days' duration next  
year from the Canadian Pacific  
Rockies as far north as the Colum-  
bia Ice Fields within the Arctic  
Circle. "We are going to swim our  
horses and outfit across the Sak-  
atchewan River and camp near  
the sources of the Athabasca which  
empties into Great Slave Lake and  
thence into the Arctic," the Mar-  
quis asserts. The first of these trips  
is scheduled between June 28 and  
July 27 next year.

**SEAWEED AS A FERTILIZER**

Seaweed is a useful fertilizer for  
all classes of crops along our At-  
lantic and Pacific coasts where it  
can be collected at many places in  
large quantities at little ex-  
pense. It is especially valuable  
for roots, vegetables, and other  
plants with an abundance of foli-  
age, which required potash and  
nitrogen. A new pamphlet is-  
sued by the Chemistry Division  
of the Dominion Department of  
Agriculture gives the results of  
analysis of samples of seaweeds  
collected from different beaches.  
These analyses show that sea-  
weeds are essentially potassic in  
character and they also contain a  
high percentage of nitrogen. Ac-  
cording to the pamphlet which  
may be obtained free from the  
Publications Branch, Depart-  
ment of Agriculture, Ottawa, sea-  
weed compares very favorably,  
weight for weight, with barnyard  
manure, and besides it does not  
bring to the farm any weed seeds  
or insects or fungus pests. Its  
manurial value is greatly enhanced  
by its ready decomposition in  
the soil, rapidly liberating its con-  
stituents in forms available  
for plant nutrition. The best  
way to use it is to apply it direct  
to the soil as soon as possible  
after collecting.

**Canadian Dollar Remains Above Par**

NEW YORK Nov. 12.—With  
its technical structure plainly  
strengthened by the recent reac-  
tion the stock market made  
further progress on its recovery  
at today's opening. Expectations  
of a large extra dividend by  
General Motors at today's meeting,  
sent that stock up more than five  
points, making it the feature of  
the initial dealings. Gains of 1 to  
3 points embraced American  
Sugar, U. S. Steel, American Can  
Fisher Body, Studebaker, Owens  
Bottle and Baldwin.

With the stock market greatly  
strengthened by its recent reac-  
tion, prices early today bounded  
upward almost as rapidly as they  
fell earlier in the week. Expecta-  
tions of a large extra dividend to  
General Motors stockholders  
brought in a rush of buying  
orders for that stock, carrying it  
up more than six points, while  
Dupont soared almost 25 points  
to a record high, at 271. Chrysler  
rallied ten points, and U. S. Steel  
headed a strong upward move-  
ment in other pivotal industrials.

**CANADA MAKES RULES TO OUST SQUEALING SET**

Radio Branch of Marine and Fisheries Department Publishes Directions

Education of fans in the proper operation of regenerative receivers has been undertaken by the radio branch of the Department of Marine and Fisheries of Canada. It is an attempt to reduce the amount of interference to radio reception caused by squealing sets.

To get the best results from such receivers and still keep from interfering with other fans enjoyment, fans are asked to follow these rules:

1. Practice on tuning powerful stations first and do not try to pick up weak distant stations until you become expert.
2. Use both hands, one hand on the regeneration control and the other hand for the tuning control.
3. Keep the regeneration control always just below the point of oscillation, your set is then in the most sensitive condition. This is the reason for using your two hands for tuning.
4. If your set then accidentally breaks into oscillation, turn back the regeneration control at once.
5. Do not try to find a station by the "whistle." If your set is turned just below the whistling point the signals will come in clear and your regeneration control can then be turned a little further to increase the volume!
6. Do not force regeneration in an attempt to obtain loud-speaker volume from a set not designed for the purpose.
7. Do not force regeneration in an attempt to hear stations beyond the range of your set; be content with those you can really hear.

**Winter Time is Carnival Time in Banff**

Banff in winter time is fairyland. Shafts of the sun strike the white snow-covered mountains and valleys of the Canadian Rockies, changing them into a landscape of flashing iridescence. Colors—blue, red, green and purple—dance over the scene, as gaily costumed devotees of the snow shoe, the skate and the ski move in the pastel of the great outdoors.

Fancy skaters swing gracefully into intricate figures on the rinks. Ski jumpers thrill the spectators with their marvellous leaps through the air from the ski jump on the top of a nearby mountain. Ski-jorers dash down the Bow River behind fleet mountain ponies. Blanket-coated snow-shoe trampers take the trail to the snowy woodlands. In the evening, the brilliant scene is softened by the silver gleam of the moon.

Winter time is carnival time in Banff. February 3rd to 17th has been set for the 1926 Winter Carnival, and Mrs. Basil Gardom has been chosen as the fair Queen. A splendid palace of glittering ice, sparkling with myriads of bright colored electric lights is being built for the chosen beauty. With true regal pomp and splendor she will be crowned and seated on her throne as the culminating triumph of the carnival.

Trains pull into the station at Banff. Passengers on their way west stop off to disport themselves in the snowy, gay little town. Passengers on their way east delay long enough to see the famous ski jumpers breaking world records. Passengers from both east and west with Banff as their objective, and snow shoes, skates and skis in their luggage, hurry to attend the festivities in honor of the carnival queen.

Mr. J. F. R. MacMichael, well known C. N. R. train despatcher and Mrs. MacMichael left on Saturday's Maritime Express on an extended trip to Western Canada and the Pacific Coast. Enroute they will visit in North Bay, Ont., afterwards going to Winnipeg where they will spend some time with Mrs. MacMichael's parents, before going on to the Coast, where they will be the guests in Victoria, B. C., of ex-Ald. Alex Curran and Mrs. Curran, formerly of Moncton.

**G W V A. NOTES.**  
The G. W. V. A. wish to announce that No. 446 is the winner of the tub of land, door prize at their benefit night held in the Opera House on Nov. 11th and 12th. If holder will please present, duplicate check to T. P. Ronan, Newcastle, the prize will be delivered.

The veterans wish to thank the general public for their patronage at both nights of their entertainment, also for Poppy Day collections which proved a wonderful success. The veterans also wish to thank the gentleman who so kindly donated the handsome table for use in their hall; Mr. A. J. Bell for floor runners and Mr. William Sheppard for a fireplace for the hall.

**ARMISTICE DAY AT MILLERTON**  
On Wednesday forenoon the Rev. Robert M. Brodie conducted an open air Memorial Service at Millerton in honor of those who gave their lives for us. The Hymns sung being "O God our help in ages past" and "Nearer My God to Thee". Special prayers in keeping with Armistice Day being offered. A short address by the Rev. gentleman in which he spoke on the Locarno agreement as one of the most tremendous events in history. It meant peace at least for fifty years which meant that if war did ever come, the present generation would be too old to fight. It ought to make everyone clap their hands for such an agreement and all brought through these boys whose bodies lie in unknown land. The two minutes of silence took place. The proceedings closed with the Benediction.

**Mothers Treat Colds The New "Direct" Way**  
No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds  
Children's digestions are easily upset by too much "dosing". Vicks VapoRub being externally applied, does not upset little stomachs.  
At the first sign of a cold, rub Vicks VapoRub on the chest, throat, and feet. There is nothing to swallow—just rub it on.

Mr. Mark E. Sinclair and family of Strathadam wish to thank their many friends for the kindness shown to them in their recent sad bereavement.

**POPPY DAY COLLECTIONS**  
Poppy Day was very successful here. The C. W. L. and I. O. D. E. organizations were in charge of the collections and satisfactory results were obtained. From the canvass made.

**CHICKEN SUPPER**  
Reserve Thursday, December 3rd, for the Chicken Supper to be given by the Ladies Aid in St. James Hall of the United Church of Canada. Further announcement will be given. 46-2

**IMMIGRATION SCHEME**  
Hon. Lewis Smith, minister of agriculture, has made an agreement with the Salvation Army under which a limited number of boys and young women would be selected in the Old Country and be brought into this province.

**CHARACTER**  
The Something called Character is not achieved over night or created at will. It is structure founded and maintained by performance. No way has been invented to hurry it, but when attained it makes past achievement an enduring part of today and a guarantee for tomorrow.

**YOUR SUBSCRIPTION**  
The date of the expiration of your subscription appears on the colored label on your paper. For instance, Aug. 22, means that subscription terminated August, 1922. Look at your label and see if you are in arrears. If you are, we would appreciate a remittance.

**LIQUOR VENDORSHIPS**  
Liquor vendorships throughout the province granted by the Provincial Government at its sessions last week at Fredericton, with the exception of Saint John city, will not be announced until Wednesday, when they will be published by the Royal Gazette, according to Hon. L. P. D. Tilley, K.C., president of the council. Nine licenses for Saint John city have been sanctioned and were released for publication, but outside of this no further official report on the matter will be made until this week.

**ARMISTICE DAY IN NEWCASTLE.**  
Armistice Day was fittingly observed here, when the G. W. V. A., Boy Scouts and citizens assembled at St. Andrew's Church Memorial Cross. The service was conducted by Rev. W. J. Bate. At 11 a. m., the two minute silence was observed. Wreaths from the G. W. V. A. and I. O. D. E. were placed at the foot of the Memorial Cross and the Last Post was sounded.  
High Mass was solemnized in St. Mary's Church for the repose of the souls of the deceased soldiers, who were killed during the Great War. Rev. B. J. Murdock, who went overseas as Chaplain with the 132nd. Battalion, was the celebrant.

**CANT OUT-TALK A PRINTER**  
The late P. T. Barnum said: "If you have \$10 to use, put \$10 of it into advertising. I can out-talk any man but a printer. The man who talks every week to a thousand men while I am talking to a few, is the man I am afraid of and I want to be his friend. Trade with the men who advertise and you get bargains and the worth of your money. Patronize your paper as your paper, and as you would any other enterprise, because it helps you. The local papers are religiously read and are the very best avenues for inserting to customers or producers simple, but extremely important information."

**Nerve-Worn Women Gain Strength and Vigor by Using Dr. CHASE'S NERVE FOOD**

**PRESENTATIONS.**  
A large number of people of St. Andrew's Church, Blackville, met at the home of E. S. Vye on October 30th and tendered a farewell party to Miss Marion Johnson, who left Monday morning for St. Stephen, where she will take up a business course. During the evening she was presented with a purse and her Sunday School Teacher, Miss Iva MacLae read the following address:  
Miss Marion Johnson.

**Dear Marion:—**  
We as teachers, pupils, and Choir of St. Andrew's Church are gathered here this evening, to tender you dear fellow workers, our best wishes for your success and happiness in the new work which you are about to take up.  
While it is with feelings of regret that we have learned of your approaching departure from us, yet we would not have it otherwise, if it be your wish.

We shall miss you sorely, both from the Choir and in the Sabbath School, when your willingness to help has made you a friend to all; but we realize that our loss will be a gain for others.  
We wish to thank you for the interest you have always taken in the carrying on of the work, and your kindness and willingness to help, and we ask you to kindly accept the accompanying purse, as a token of our love and regard for you, and may every blessing and happiness be yours in the years to come. Presented with the good will of your many friends of the Church.  
Miss Shirley Haines made the presentation.

Again the following evening a number of her associates of the Blackville Superior School called at her home and tendered her a surprise party and before leaving, Harold Connors, on behalf of her school companions, presented her with a Parker Duofold Pencil and Miss Gladys Quinn read the following address:  
Blackville, N. B.

**Dear Marion:—**  
Your associates and school companions have learned with deep regret of your intended departure from our midst, to a field of endeavor.  
Our sorrow and regret is the more keenly felt by the remembrance of the many happy and enjoyable moments spent in your company and we will long remember with pleasure your very genial and sunny disposition and the most pleasing and edifying intercourse which always existed between yourself and us, your warm friends and school companions.  
We sincerely trust you will meet many new friends and that your stay in your new home will be an occasion of happiness and good luck, and as a slight token of our esteem, we beg of you to accept this small gift, we trust will be a reminder of your absent and warm friends.  
Presented on behalf of your friends and well wishers.  
Luncheon was served both evenings and a most enjoyable time spent by all.

**Armistice Day**  
Armistice Day brings with it many remembrances, but over and above all the sorrow and all the joy with which the day is met is the feeling that it belongs from sunrise to sunset to the Veterans of the Great War. And it is a good thing to have a day set apart, not only to commemorate a Peace that approaches on

slow steps, but to remember the men that fought to save the country from evil and destruction. The men who came home and those who remained in the battlefields gave of their life and of their wisdom to bring to the world deliverance from mental and physical oppression. To them and to their memories, grateful peoples have erected monuments and opened institutions and have done much to keep before the countries the fact of their sacrifices. It has been impossible in the attempt to restore to normal a troubled and perplexed world to bring about peace that was so confidently expected in 1918, which is still so close to the present that all over the earth, the physical shock of war is even now felt. The soldier dealing with elemental things expected on his return that life would be simpler and that the misunderstandings, for which he had suffered and fought, would be things of the past. There were, however, so many complications; war was not the simple question of fighting an enemy to a standstill; that the soldier had done. There were settlements, reparations, readjustments; there were men high up and men low down; there were above all else debts to be met and there was the natural discontent of fried humanity. To the soldier home meant home in capital letters—peace and happiness and great love.  
The love and the peace and the happiness are all existent and have found expression in many ways. Men tried this and that. The League of Nations, looked upon with suspicion and indifference, held to its vision and now slowly from out the welter of misunderstandings and hysterical objections, the gleam of a world peace is growing stronger. There is still a long way to go before the

nations will see eye to eye and will realize that the poet's idea of peace through federation was based on knowledge and wisdom and was not an idle fancy. England says that with renewed health and a better physical outlook, she sees the beginning of a new era among her people; Russia, apposed to the menace of her neglected and orphaned children, is seeking to find spiritual and physical regeneration through a better care of these wards of the war. China, Japan, India, all aroused by the opening door of the war, are coming to a realization of the devastating effects of internal strife and seeking through education and knowledge a road that will lead to finer relations internally as well as externally. On this continent the two great nations are facing better economic conditions, renewed interest and a greater desire to promote the industrial and educational life of the peoples. The war veteran today may look out with greater assurance toward the fulfilling of his hope for Peace and, thinking of his comrades, those men who did not return to continue the struggle, he can remember them with a greater sense of justice and a deeper love—they have not given their lives in vain. He on his part returned to tell the tale of war in all its terrors and to remind men that the way of remembrance of gratitude lies in bringing to the world the Peace for which men fought and died. Armistice Day should be a day of promise, of exaltation; its services its flowers and its joys should all stand for fulfillment and achievement in honor of the war veteran and of the ideal for mankind for which he fought. In this way the civilian and the veteran meet in the great ground of unity and of a common purpose—the bringing about of a world peace.
