Round-Up of Alleged Reds Covers 33 Cities From Coast to Coast; 800 Arrested in New York City

COMMUNIST AND COMMUNIST LABOR PARTY MEMBERS SPECIAL OBJECTS OF RAID, CASES OF EXTREME RADICALS TO BE PRESSED FOR DEPORTATION, DEPARTMENT OF JUSTICE SAY

BUFFALO, Jan. 3.—Thousands of alleged radicals were arrested on federal warrant last night, in raids by department of justice agents, in 33 cities throughout the United States. The raids, it was announced in Washington were part of the government's programme of driving from the country every man who advocates "overthrowing by force the existing form of government."

May Not Be a Session Until Late in March

Nothing Decided Upon as Yet With Reference to When Premier Drury Will Call the First Session.

TORONTO, Jan. 3.—The United Farmers of Ontario legislature will not likely meet until late in March, according to rumor. Premier E. C. Drury, Hon. Manning Doherty and Hon. W. E. Raney are yet without seats in prospect. J. J. Morrison, secretary of the United Farmers of Ontario and co-chairman of the committee of the party which is to secure seats for the ministers, stated yesterday that there was nothing decided as yet. He goes to Winnipeg to attend the Canadian Council of Agriculture and will not be back until the middle of the month. Until his return the committee will not likely meet. When or where the election may be, the reports have to be issued three weeks before nomination, so the elections cannot be held until the middle of February. The legislation, therefore, could not be called till about the end of February at the earliest. Messrs. R. W. Burnaby, president; R. H. Halbert and Harold Currie are accompanying Mr. Morrison.

LITTLE BITS OF CANADIAN NEWS

Brantford—The children of Brantford will be given until January 19 before they will be required to show their vaccination certificates.

Chatham—Depositors and debenture holders of the defunct Standard Bellance Loan Company have received cheques for the interest of their respective amounts from June 18th.

Brantford—All the Separate School Trustees were elected by acclamation. They are as follows:—Ward 1, G. O'Connor; Ward 2, A. L. McIntyre; Ward 3—John Morrison; Ward 4—T. E. Convery; Ward 5—James Gilen.

Galt—The Separate School Board has been elected by acclamation, the following members getting two year terms: Rev. Father Doyle, Frank Smith, A. Haid, L. L. Lang, and W. J. Sullivan.

Halifax—Archibald S. Mitchell, collector of customs for the port of Halifax, retired from office Friday after fifteen years' service.

Chatham—Henry Labadie of Dover and his son Harry, were before Magistrate Arnold in the County Police Court Friday afternoon on the charge of false pretences. It is alleged that they attended an auction sale in Chatham to the amount of \$695, for which they gave a note said to be for one week.

Eltham—At a special meeting of the School Board of S. S. No. 6, East Wawanosh, following the annual meeting of ratepayers, Mr. Raymond R. Redmond was re-engaged as teacher for the coming year at a salary of \$1,200 per annum. Mr. Redmond's nine years of successful work in this school along academic and musical lines prompted the board's action.

THE WEATHER

TORONTO, Jan. 3.—The weather is fair and decidedly cold from Manitoba to the Maritime Provinces and comparatively mild in Saskatchewan and Alberta.

FORECASTS—Mostly fair and decidedly cold today and on Sunday.

CHINA REDUCES BUT STILL HAS LARGEST ARMY

HAS MILLION AND QUARTER SOLDIERS NOW—DECREASE TO 980,000

WASHINGTON, Jan. 3.—Officials in Washington have been advised that the plans for the demobilization of the Chinese army contemplate reducing the military strength of China to a standing army of 980,000 men. Advice received indicates that China still has approximately 1,250,000 men under arms, which would mean that this is the largest army now maintained by any country. Even after the contemplated reduction of China's army to 980,000 men, consisting of 50 divisions and 120 mixed brigades, it would be numerically greater than the established military forces of any other nation.

Advices from Peking state that the proposed demobilization is supported by the most influential of the northern Tughans, and that the central Government has given informal assurance to the representatives of the various foreign powers that the plan will be carried out as soon as the necessary arrangements can be completed.

Military experts in Peking, both Chinese and foreign, declared that even the reduced forces will be unnecessarily large. They are said that an army of 500,000, of which 200,000 men would be stationed along the borders and 300,000 quartered at various points in the interior, would be ample both to protect Chinese territory from possible invasion and to assure the suppression of bandit activities and the maintenance of order within the country.

EXCHANGE LIKELY OF BRITISH PRISONERS

British Representative to Copenhagen Negotiations Conclude Success.

LONDON, Jan. 3.—On the eve of his return to Copenhagen to resume the prisoner exchange negotiations with Maxim Litvinoff, the Bolshevik representative, James O'Grady told The Mirror correspondent that he believed the negotiations would be successful, and that the repatriation of British prisoners and British civilian residents of Soviet Russia would be effected by the end of January.

Mr. O'Grady said his consultations since his return from Copenhagen would aid materially in bringing about a settlement. He expressed it as his opinion that Russia would save herself if left alone.

"She is now like a small child groping in the dark, but she is growing up," he declared. "Ninety per cent. of Russia's population is illiterate," continued Mr. O'Grady. "The other ten per cent. is purely predatory. They are Asiatic people and are at least a thousand years behind our civilization. We must give them time and help them. Russia will regenerate herself by her own resources. I believe she will become the America of another world. The Soviet Government today is far more humanitarian, far saner and far more statesmanlike than the Soviet Government of a year ago. Atrocities, of course, are being committed by these Asiatics, but I know that when the perpetrators are adjudged guilty they are exterminated."

LABOR HAS A TICKET

Bridgeburg Electors Advise as to Municipal Candidates.

BRIDGEBURG, Ont., Jan. 3.—The Bridgeburg trades and labor council has endorsed these candidates for municipal offices: For mayor, Peter Gordon; for reeve, Charles Davies; for the council, Fred Vye, J. H. Woodley, F. W. Clark and C. Williams.

Sample ballots will be distributed to-day instructing the voters how to mark their ballots on Monday. The labor interests are confident that they "elect their men in the provincial elections last October, a Labor man Charles Swayne, won against the Conservative, Dr. J. G. Musgrove. This had been a traditional Conservative town constituency in a traditionally Conservative riding.

BOARD RE-ELECTED

At the Separate School nominations the old members were all re-elected. F. H. Morey taking the place of the late M. J. McCarron.

THE SCHOOLS WILL REOPEN ON MONDAY

The schools will reopen on Monday according to present arrangements. All children who have been vaccinated can attend for the first week on showing a certificate of vaccination. Dr. Curry, Medical Health Officer, said today at the beginning of the second week they must have certificates of successful vaccination.

Criminals Forced To Watch Hanging Worry Over Eats

'When Do We Eat,' Chorus Chanted During Last Act of Prisoner's Life.

CHICAGO, Ill., Jan. 3.—An experiment in psychology was tried yesterday morning at the county jail in the dim hour of dawn, when 200 prisoners were forced to witness the hanging of Raffulo Durrage, convicted murderer. Hardened criminals—selected from among murderers and felons whose expiation is not yet the gallows—were placed in cells, tier on tier of which surrounded the square in which the scaffold had been erected. Sheriff Peters maintained that the sight of the gruesome trappings would have a most salutary effect upon those in whose life might come future temptations to slay or to rob or to burn.

The sheriff persisted in his idea despite the protests from scores of prisoners who thought the scheme unnecessarily brutal. Accordingly the stage was set in the death chamber, Durrage was led forth. The quiet in the death chamber became absolute for a moment. Then the noise slipped over the murderer's head. From one of the higher tiers came a strident shout: "When do we eat?"

Tier by tier, cell by cell, the cry was taken up. It became a roar above which the warden's voice could not be heard.

The trap was sprung. Durrage dropped into the space beneath the scaffold—dead.

"When do we eat?" was his requiem.

Sheriff Peters declared after the execution that Governor Lowden, secretary telephoned the jail, and asked regarding plans for the hanging, but did not object to the sheriff's programme.

Sheriff's Defense. Sheriff Charles W. Peters, later issued a statement answering critics who opposed his action. The statement reads as follows:

"In my opinion the modern codification of criminals by well meaning, but misguided, sympathetic, theoretical reformers and self constituted organizations is one of the greatest causes of the present crime wave in this city. Their interference with the vigorous enforcement of the law has destroyed the fear of punishment by criminals to the extent that it is no longer a deterrent to the further commission of crime to be incarcerated in our penal institutions. A large number of prisoners openly acknowledge that they would prefer to be incarcerated in the county jail where they are better fed and where sanitary conditions are far better than in ordinary environments.

"The reformers are constantly advocating the adoption and enactment of laws which are for the purpose of alleviating the punishment of the criminal, forgetting and entirely losing sight of the protection that the law abiding and peaceable citizen is entitled to as against these human parasites.

"If one half of the energy now spent in sympathy on murderers and criminals would be devoted to the families of the victims and the other half to bringing to justice the brutes who have blotted out the lives of law abiding and peaceful citizens and darkening forever the lives of others, this would be a happier and a safer world to live in."

Telephone Received Taken Down. Just before the execution, the receiver of the only telephone connecting the jail with the outside world was removed from its hook in Jailer Davies's office.

It was reported that this action was taken to prevent a possible reprieve of the condemned man at the last minute. When asked for an explanation Jailer Davies smiled and said:

"I can't say why it was done. You see the telephone is 'out of order.'"

STRIKE THREATENS WATER FAMINE IN CITY OF MONTREAL

SHORTAGE TEMPORARILY RELIEVED BY ASSISTANCE FURNISHED BY PRIVATE COMPANY.

MONTREAL, Jan. 3.—A water famine in this city resulting from a strike of engineers at the municipal waterworks was relieved yesterday after lives of patients in steam-heated hospitals had been endangered by lack of heat during zero weather and holes had been bored in the ice of a canal lest firemen be unable to prevent a conflagration if a serious fire started.

On Friday a private company which supplies outlying districts, turned its surplus into the city mains and Mayor Martin began to hire new engineers after an unsuccessful attempt to placate the strikers, who went out for higher wages Thursday morning. It was reported last night that the engineers of the private company contemplated going out also.

Attempts to induce the police and the firemen to strike in sympathy with the engineers were unsuccessful. Policemen who were approached by strikers with this end in view said that they were far too busy trying to prevent conditions due to the strike from becoming worse.

The meager supply of water became available at the hospitals yesterday just in time. Water for drinking purposes, which had been stored in bottles before the strike, was nearly exhausted. A conference of all the doctors in the city was in session at city hall on measures designed to prevent serious mortality, when the faucets began to run again. The supply, however, was so light that much discretion had to be exercised in its use. There was not enough adequately to heat the hospitals and nurses, continued to keep patients warm by piling quilts on their beds.

GIFT APPRECIATED

Sir Robert Borden Thanks John D. Rockefeller.

OTTAWA, Jan. 3.—Sir Robert Borden has written to John D. Rockefeller, expressing his deep appreciation for Mr. Rockefeller's gift of \$5,000,000 to promote medical education in Canada. Sir Robert's letter reads:

My Dear Mr. Rockefeller: I should like to express to you my deep appreciation of your munificent gift just announced for the promotion of medical education in Canada. The friendly motives impelling you to this course, so finely disclosed in your public statement, are no less appreciated. You may be sure the gift will be of the greatest value to the medical profession here, which has nobly shown its worth by its conspicuous services in the war in which your country and Canada fought as comrades in arms to preserve a common ideal. I trust the relations between these two neighboring countries will always be inspired with the "spirit that has animated your action."

Mrs. Eliza Brooks passed away at her daughter's home in Belleville at the age of one hundred years nine months twenty five days.

The Dominion of Canada Chess Association will hold its national championship tournament here during the first week in February.

ST. MARK'S UNVEILS MEMORIAL TABLETS

NIAGARA-ON-THE-LAKE, Jan. 3.—An impressive ceremony will take place in St. Mark's church on Sunday morning, January 4th when there will be unveiled two brass memorial tablets to the members of the congregation who lost their lives either through sickness or wounds received in battle during the war.

One of these tablets is being put up by the congregation, and the other by Mr. and Mrs. Joseph Houghton and family in honor of their two brave sons, Robert Charles and Thomas Hadley Houghton. On this occasion there will be a special memorial service in which both the Rector, Rev. Mr. Smith and Canon Garrett will take part. It is earnestly hoped that every member of St. Mark's will avail themselves of this opportunity to honor the memory of those who so unselfishly gave their lives in defence of their homes and country.

Rum Runners Likely to Get Prison Terms

MICHIGAN JUDGES WILL GIVE MAXIMUM SENTENCE FOR LIQUOR-SMUGGLING

DETROIT, Mich., Jan. 3.—Rum runners who try to cross the Detroit River with liquor are liable to a fine of \$5,000 and imprisonment for two years as a maximum sentence.

Federal Judge Tumble declared yesterday that he will give the extreme penalty to offenders wherever possible.

Booze toters from Windsor will also face prosecution in the Federal courts under the Customs laws, as liquor banned in the United States is considered in the same class with those who attempt to bring it into Detroit will be smuggling.

Every Avenue Guarded. Customs officials warn Detroiters against trying to bring a bottle across the river, even for home consumption, as every possible entrance to the city and district surrounding the city available by river traffic will be watched closely.

As there is no appropriation for the hiring of more men to watch the ports, the present Customs staff will be forced to assume the added responsibility of checking the liquor stream.

Depots and ferry docks will be especially well guarded. Inspectors have been ordered to search every piece of baggage closely, and to be particularly careful with passengers who carry no baggage, but who might have a quart or so somewhere.

May Cross On Ice

Collector of Customs Lawson expects that with the river frozen over a large number of people will try to get some liquor into the city by walking across.

James D. Burns, proprietor of the E. Clair Hotel, and former Wayne County Sheriff, had his automobile seized yesterday by Customs officials. It is alleged that Burns had several quarts in the machine as he drove it from the Windsor ferry.

The Dominion of Canada Chess Association will hold its national championship tournament here during the first week in February.

Mrs. Ada Hutton Elects to Go to Jury For Trial

Was Arraigned Before Judge Campbell This Morning to Elect as to Her Trial

Mrs. Ada Hutton, the Port Dalhousie woman who is charged with forgery, libel and demanding property with menaces, was arraigned before Judge Campbell this morning to elect as to how she will be tried on the three counts.

Through her Counsel, Terence McCarron, she elected to be tried by a jury, and will appear at the next court, which will likely be the Supreme Court opening March first. She was not asked to plead today and no new application was made for bail.

So far she has been unable to raise \$2000 bonds necessary for her release. She will have to go to jail to await trial.

It is believed an application will be made to have her examined as to her sanity, the language she used in some of the letters written to another woman being the basis of the supposition that she is not mentally responsible.

STATE EXCISE MEN RAID 29 BUFFALO SALOONS

BUFFALO, Jan. 3.—Buffalo saloonkeepers who gave up their state licenses and continued to take a chance by keeping liquor on their premises received a rude shock yesterday when Jay Farrier of Onondaga, a deputy excise commissioner, and 35 special agents came to town and paid them a visit.

After completing the round of New York calls the deputies had assembled a considerable quantity of liquor and 29 saloonkeepers faced charges of violating the state excise law, punishment for which a fine of \$200 to \$1200 and imprisonment for 30 days to one year. The courts have held that both fine and imprisonment must be imposed on conviction.

HAS NEW EXCUSE FOR HITTING WIFE

WINNIPEG, Jan. 3.—When Rudolph Botcher was fined in the Police Court yesterday for beating his wife she told Magistrate Macdonald that she made him miss church for the first time in fourteen years on New Year's Day, and then accused him of going around with other women. His wife said that Botcher hit her over the head because she was half an hour late for church. He was bound over to keep the peace hereafter.

THE TEMPERATURE DOWN TO ZERO

Last night was the coldest night so far, the icy wind making it seem colder than it really was. Reports from various sections say the mercury was down to zero. Many water pipes froze up and some burst and the plumbers are busy people today.

All cannery and fishing license restrictions in the district of Prince Rupert, B.C., have been withdrawn, and the industry is now open to all British subjects.

Influenza has reappeared in Paris, and several deaths have been reported in the past few days.

HOW C. P. R. ENGINEER WON VICTORIA CROSS

It fell to the lot of a C.P.R. engineer Pte. John Peter Robertson to win the much coveted Victoria Cross at Passchendaele. Robertson, enlisted at Leithbridge with the 175th and was an engineer on that division. He was better known as "Pete" to his Leithbridge friends. He was born in Pictou, Nova Scotia, but lived most of his life in Medicine Hat with his mother, Mrs. Alex. Robertson.

Robertson was aged thirty-four, won his distinction in connection with operations at Passchendaele, November 8, 1917. Details came through authoritative channels that during his battalion's attack Robertson's platoon was held up by uncut wire two hundred yards from the final objective. Our guns were still busy cutting a way through the wire when a German machine gun opened fire and inflicted very heavy losses on the Canadians. Robertson, without waiting for orders, rushed entirely on his own initiative towards the German gun, defying the machine guns' withering fire. Moreover, our artillery barrage was so intense that death seemed almost certain. Working his way to the tank, he eventually found an opening in the wire, got through, and crawled until the end of the

emplacment was reached. Rising suddenly to his feet he charged down on the astonished Germans, and killed four of the gun crew before they could recover from their surprise. The remainder fled in terror, but their flight was soon cut short when Robertson seized the abandoned gun, screwed it around and poured a hail of bullets upon the backs of the fast disappearing enemy. Several of them fell victims to their own weapon and others were caught by our shells. When the remainder of the platoon arrived Robertson was still firing the captured gun. It was entirely due to his heroic action that the whole line was enabled to advance and capture the final objective. Robertson went forward with the first wave, taking a gun with him. He used it very effectively to keep down the fire of German machine guns and snipers, while his platoon consolidated the new position. Later in the day Robertson, without waiting for orders, rushed into the trench, where he ventured in front of our lines and wounded Robertson volunteered to bring them in. He went into the open, although exposed to a heavy enemy fire, lifted one man on his back and carried him safely to the trench, and immediately returned to the second man, staggering back with his unconscious burden while

Pte. Peter Robertson who won the Victoria Cross

the bullets whistled around him. But as if cruel fate were awaiting until the last possible moment to overtake him, he was killed on the very parapet of the trench, his mission almost accomplished. His splendidly heroic end, like his dashingly work done earlier in the day, had a most inspiring effect.

Prominent Women Say

Ont.—"I found Dr. Pierce's Favorite Prescription very beneficial during pregnancy. I felt quite healthy, was not nauseated and sick, could not eat anything and I was extremely nervous and weak. I took Favorite Prescription and it soon stopped the nausea, my appetite returned and I was able to eat and sleep. I was very healthy and I was able to take care of my baby. I can recommend Favorite Prescription to build Mrs. E. Martin, 297

MILTON WITNESS

Ont.—"A few months ago I was advised to take Dr. Pierce's Favorite Prescription. I was very weak and nervous, and I was unable to take care of my baby. I took Favorite Prescription and it soon stopped the nausea, my appetite returned and I was able to eat and sleep. I was very healthy and I was able to take care of my baby. I can recommend Favorite Prescription to build Mrs. E. Martin, 297

EDITORIAL NOTES

The new Mayor-elect starts out with one consolation—he has not a press which is set against him. So long as he does just about what Queen Street tells him to do, he will be a hero and a success. Just as soon as he does the other thing, his military successes and his executive talent won't count for much.

About next December 24th, we will turn up some of the newspaper files and re-print what the soldier-labor candidates promised to do if elected and what they have, if permitted, done. The records will show whether they accomplished anything for either soldiers or labor that the Council of 1919.

Mr. Peter Grant can now write an essay on "How to make Councilmen without becoming one yourself."

New Councils start with new hopes, ambitions and resolutions. After fifty or sixty meetings have come and gone the comfort of the home fire-side will become like one of the blessings of life that you cannot attain.

And now gentlemen, (and lady), listen to the virtues of the gravel pit for a new Collegiate site.

Judging by the vote on the daylight saving bill everybody in this metropolitan centre doesn't want to get out of bed an hour earlier.

Now that the Bunting site has been rejected by the ratepayers would it not be better for the City Council to decide how and where it is going to get money to build a new Collegiate before it buys a site? There is no use getting property and paying interest for months before the funds can be obtained for a building.

WHAT EXCHANGES SAY

SIR WILLIAM OSLER

Sir William Osler, the great physician, lived to refute his dictum, that "it would be to the general good if men at 60 were retired from active work." He lived to round out 70 years, and was in active practice of his profession up to the last; he died in the fullness of his powers. The last 10 years of his life were perhaps his most fruitful years. Greater demand were made on him in the year period than ever had been made before, and he proved more than equal to them. The world of medicine would have been greatly the poorer if he had seen fit to retire at the time he fixed as the limit of usefulness.

Sir William lived to see men of 60 years and more jump into harness in the war emergency and keep the wheels of industry humming when youth was called to the colors. They proved their worth then, the oldsters beyond question. Without them in the factories and the fields, the armies could not have carried on to victory. If Sir William doubted their capacity, when as a man of 65 years he inveighed against them, he had no doubt when he had passed the time limit of his ruling and found himself laboring with them in the most exacting service. Age is a relative matter; it is of infinite variety and capacity. No dictum can stand against it.

DAYLIGHT SAVING

(From the New York Tribune)
The French are a very practical people. They are hard up for coal. They want to cut down their light and power bills. So they have decided to put the summer daylight

AN IDEAL TONIC FOR WEAK PEOPLE

DR. WILLIAMS' PINK PILLS ACT DIRECTLY ON THE BLOOD AND NERVES.

Food is as important to the sick person as medicine, more so in most cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often feeble and depressed.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are the most popular tonic medicine in the world, harmless and certain in their action, which is to build up the blood and restore the vitality of the run down system. For growing girls who become thin and pale, for pale, tired women and for old people who fall in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands of people have testified to the health giving qualities of Dr. Williams' Pink Pills, and in many homes they are the only medicine used. Among the homes in which the benefit of this medicine has been proved is that of Mr. E. A. Underwood, Kingston, Ont.

Mr. Underwood says: "I have used Dr. Williams' Pink Pills with the most beneficial results. As the result of hard work I was very much run down, and my appetite was very poor. I got a supply of the pills which I used regularly for some weeks with the result that they restored me to my old time strength. They also proved a blessing to my daughter, who was in a very anemic condition, and who seemed not to get more than temporary relief from any medicine until she took Dr. Williams' Pink Pills. She took the pills for about three months, and is now enjoying the best of health. For these reasons I can strongly recommend Dr. Williams' Pink Pills."

"At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Dr. Williams' Pink Pills are a saving law into effect this year on February 1. No account is taken of complaints that French milkmen and truck garden farmers in the neighborhood of the big cities will have to get up an hour ahead of the sun's schedule in order to catch deliveries. That the United States is not now painfully short of coal is only an accident. We may run short almost any time, if the coal workers' unions take it into their heads to strike. Even when supplies are normal it is a waste to use coal to produce artificial light when sunlight can be drawn on free of charge for illumination during working hours.

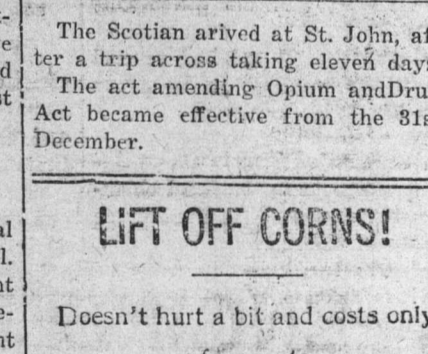

The cities can help themselves in this matter if they are willing to take the slight pains necessary to revive the day light saving system.

Wood's Peppermint Cure. The Great English Remedy. Tones and invigorates the whole nervous system, makes new blood, cures Croup, Whooping Cough, Bronchitis, Asthma, Sore Throat, Hoarseness, Loss of Voice, Spasms of the Heart, Pulling Membranes. Price 50¢ per box, 25¢ for 25¢. Sold by all druggists or mailed to you on receipt of 25¢. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT. (Incorporated in Ontario)

The Scotian arrived at St. John, after a trip across taking eleven days. The act amending Opium and Drug Act became effective from the 31st December.

LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Warsaw is holding demonstrations to show its gratitude to Paderewski for his services to the country.

CURING LYMPHANGITIS

The "Monday Morning Disease" Affecting Horses.

Symptoms Described, and a Course of Treatment Suggested for Alleviating and Curing the Troublesome Working Over Apparatus and Rhubarb Beds.

LYMPHANGITIS, a commonly called "Monday morning disease," is a common ailment in horses. Some horses are predisposed to the trouble and suffer after being exposed to slight exciting causes. It occurs in horses that are accustomed to regular work and high feeding, when such are given a rest for a day or longer and in the meantime receive their regular ration of grain, hence the name "Monday morning disease." It frequently being noticed on Monday morning in work horses that have stood idle and been well fed since the Saturday evening preceding.

It consists in inflammation of the lymphatic glands, usually those of the hind limb, but it is not uncommon for the fore limbs to be the seat.

Symptoms.—The first symptoms usually are rigors (chills) followed by well marked increase of temperature, but as these symptoms usually occur at night they are not often noticed. The first symptoms usually noticed are well marked soreness and lameness, usually of a hind limb. From reasons not understood the right hind limb is more frequently involved than the near one. Pressure upon the inner surface of the limb from the sheath or mammal downwards reveals well marked soreness, and at first a beaded condition to the touch. If a fore leg is the seat this condition will exist on the inner surface of the fore arm. There is usually well marked increase in temperature, a full, rapid pulse and often more or less well marked labored breathing. Appetite more or less impaired, and in some cases colicky pains are noticed. The swelling of the parts usually increases rapidly and the beaded condition disappears, and there is usually a decrease in soreness and lameness. Exercise reduces the swelling and lameness, but they reappear during the night, and as each time this occurs there is a tendency to organization of some of the exudate which may result in a chronic big leg, hence it is not wise to exercise or work until the acute lameness has disappeared.

Treatment.—If colicky pains be well marked, give a colic drench, as one oz. each of laudanum, sweet spirits of nitre and tincture of belladonna in a pint of water. Follow up with a brisk purgative of 1 to 2 drams aloes (according to size of patient) and two drams ginger. Give the purgative at first in colicky pains and not well marked. Follow up with four drams nitrate of potassium twice daily for two days. Keep the patient in comfortable stall excluded from drafts and bathe the affected leg frequently with hot water. Apply a wetting rub well with a stimulant liniment, as one made of 2 oz. oil of turpentine, 1 oz. tincture of iodine, 1/2 oz. gum camphor, 6 oz. alcohol, and water to make a pint. Feed bran only until purgation commences, then feed reasonable quantities of hay, but no grain. Continue treatment until the acute soreness and lameness have passed, then give regular work or exercise. The swelling will reappear at night for a few days. Prevention consists in either materially reducing the grain ration on days that the horse is not working, or seeing that he gets exercise in some way.

Repeated attacks usually result in a chronic big leg, called elephantitis, which is incurable.—J. H. R., Ontario Agricultural College, Guelph.

Working Over Apparatus and Rhubarb Beds.

The handling of apparatus and rhubarb beds in the spring of the year is largely dependent on the situation of them and the time that the owner has at his disposal both in the fall and spring.

Where properly handled the apparatus beds in the fall of the year should have had all tops removed and burned and the soil ploughed over the top of the row so that a furrow would be left to remove the water.

In the spring of the year the apparatus bed, if ploughed in the fall, should be ploughed back and then given a thorough disking so that the soil would warm up quickly, especially around the crown of the plant. After this cultivation should be practiced until the 1st of July when cutting should cease and the bed receive a heavy coating of good manure and a considerable quantity of commercial fertilizer.

Rhubarb beds in the fall of the year should be manured heavily with well-rotted manure after the tops have been removed.

Rhubarb beds in the spring of the year are generally given a cultivation and much of the rougher manure carried from the roots of the plants and the crown. This permits the warming up of the soil and consequent early growth.—A. H. McLean, Vegetable Specialist.

Clover Seed and Hay Crop.

A crop of seed and of hay can be made from the second crop of clover just as well as only one crop, according to the experience of a Pennsylvania farmer. In his practice the crop is cut when most of the heads are filled and brown. It is then cured in the usual way for hay and when good and dry the hatters will get out all the seed as well as if the stalks were dead and weatherbeaten. The resulting hay, while not of the best quality, is very good and the cattle will eat it even to the last bit.

GEE, BUT IT'S GOOD FOR A BAD COLD

Nothing Can Touch Catarrh—zone in Curing Quickly

You may dislike taking medicine—but coughs are best cured without medicine. The modern treatment is "Catharhizone"—it isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, nothing so sure, so pleasant as Catharhizone. Beware of dangerous substitutes meant to deceive you for genuine Catharhizone! Large size which lasts two months, price \$1.00; small size 50¢; sample size 25¢; at all dealers.

The Province of Quebec Farmers' Union has been incorporated, with a capital of \$99,000 and headquarters at Montreal.

NURSE KILLED BY STREET CAR

MISS ALEXANDER, ON FIRST DAY OF DUTY, COMES TO A TRAGIC END.

TORONTO, Jan. 3.—Struck by an eastbound Bathurst street car on Front street, near the corner of Spadina avenue, Miss Lavinia Alexander, a nurse of the Victorian Order, was instantly killed Thursday morning at 10 o'clock. It was Miss Alexander's first day on duty with the order, and she was proceeding out on a case when the accident happened.

Motorman Alex. Mitchell, 127 Perth avenue, and Conductor Thomas Patterson, who were in charge of the car, were held while an investigation was conducted but were afterwards released. The dead nurse came from Thornbury, Ontario, and was 40 years of age.

Miss Alexander ran in front of the car apparently to get to the stop at Spadina, and the motorman had little opportunity to stop in time. The emergency brake was applied, and the power reversed, but Miss Alexander was already pinned under the front truck wheels. After the body had been released Dr. J. F. L. Kilgus pronounced life extinct, and the body was removed to the morgue.

HAVE DARK HAIR AND LOOK YOUNG

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur compound," you will get a large bottle of this oldtime recipe, improved by the addition of

other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says "everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful."

New York funds were steady on the local market at 8 9-16.

Coming Events Cast Their Shadows Before

Not since the pre-Confederation days has the political life of Canada been surcharged with so much uncertainty.

Great events in Canadian politics are about to take place. The reorganizing and rehabilitating of great political parties is in progress. New leaders are appearing.

The order is changing. All things are becoming new.

THE next two years will be a momentous period in the political life of the country. Reconstruction is a greater task than Confederation.

How will you take your place in the affairs of the nation? What opinions will you form? How will you cast your ballot intelligently if you do not keep in touch and inform yourself on the great questions of the day by reading a daily newspaper national in viewpoint and international in scope?

This is the task and responsibility of The Globe—to give all the news, progressive views, and space for opposing opinions. Such was the threefold purpose of George Brown. His ideal was a Great Family Newspaper with a place in every home. That is The Globe's ideal today.

It is not a party organ, but a medium for the development of public opinion and an advocate of reform. It is the servant of the people from whose needs it draws its inspiration.

To be informed of the progress of events, you should avail yourself of The Globe's great news gathering organization. For an analysis of these developments, and clear, sober thought upon them, read its editorial discussions from day to day. They are written by close students of economics, politics, industry, commerce, social reform and religion.

And further, what The Globe has been in the past is a sure guarantee of what it will be in the future. The personality and ambitions of its founder ever dominate the activities of its publishers.

Therefore, nothing will be left undone to make The Globe the newspaper that George Brown would have it be and to earn a place for it in every Canadian home.

MUSIC AND DRAMA

"MAYTIME" COLLING

"Maytime," the exceptionally popular entertainment which the Messrs. Shubert are to present at the Grand Opera House, Monday, Jan. 12th, differs so radically in both theme and treatment from the conventional musical comedy as to mark a distinct innovation in stage fare. Its classification as a "play with music" is exact, for it is a dramatic narrative embellished with auxiliary music which enhances the action by fitting logically into the story. "Maytime" was written by Rida Johnson Young, author of "Brown of Harvard," "Naughty Marietta," "Capt. Kidd Jr." and other recent successes. Its musical setting came from Sigmond Romberg, composer of "Her Soldier Boy" and many of the song hits in the Winter Garden shows. The story, opening in a Washington Square Garden in 1840, proceeds through the years for three quarters of a century. The last of the four acts, or episodes, shows a happy culmination in the lives of the grandchildren of the romance of their ancestors, blighted two generations before by parental opposition. The intermediate acts present striking pictures of New York life at widely different periods, the salient characteristic of each of the eras being accurately reproduced. The Messrs. Shubert, with their customary prodigality have provided an excellent cast. There is, of course, a chorus, and an augmented orchestra.

THE LURE OF HOME

It is in the home that good or bad taste is formed. Musically speaking, homes may be divided into three classes. First is the musicless home, where there is no musical instrument, no sound of happy song. In such a home musical instincts die for lack of food. No one would dream of starving a child's color sense by forcing him to gaze all day at utterly blank white walls. The home without color and devoid of pictures is unknown, but the home without music still persists among us. Then there is the musically uneducated home. Here there may be several instruments, but the music played is usually trashy and the singing is of the sort popular in vaudeville. A child reared in such a home will grow up with no real knowledge or love of music. Popular music need not be totally forsworn, but see to it that your children hear in their home

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU

32 Hickory St., Ottawa, Ont. "I was for many years a victim of that terrible disease, Rheumatism. In 1918, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician. I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again. I look upon this fruit medicine, 'Fruit-a-tives,' as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

AMEDEO GARCEAU.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

at least some really fine, noble music to refine and ennoble their spirits. Last, and hitherto, unfortunately, least numerous, is the truly musical home, where good music is recognized to be not merely a luxury, but a necessity, where the child's spirit is fed with good music as his body is nourished with good food and his mind with good books. Music strengthens and beautifies home life. Gather the children and their friends about the piano in the evening for a good "sing." Perhaps some, more musically gifted, can form a string quartette or band. But whether the performance is, artistically considered, a success or not, it will draw the family together, make the home a centre of youthful happiness and destroy the lure of the great outside.

YELLOW SUGAR

If the Canadians Don't Want It, Out-siders Do.

OTTAWA, Jan. 2.—If the people of Canada want a certain large quantity of yellow sugar, which is available for use in the Dominion, they will have to speak for it, according to a notice which, it is understood, is to be sent out by the Canadian trade commission through various channels. There is, it is stated, a large quantity of yellow sugar available in Canada, but at the present time there appears to be "no takers," and this sugar is not being ordered from the refiners and wholesalers in whose hands it is lying. There are, however, people outside of Canada who are anxious to have this sugar exported to them, but the Canadian trade commission will not sanction the export if the people at home will use the supply of granulated sugar. If the Canadian people do not want yellow sugar it will build up an export trade and the supplies now available will be released to buyers in other countries who are anxiously seeking it.

SOFT COAL INDUSTRY

Committee Representing Operators Busy With Plans.

CHICAGO, Jan. 2.—Committees appointed by coal operators of the central competitive bituminous fields yesterday began formulating plans to put the entire soft coal industry on a stable basis. They will report early in the new year. The operators agreed that any raise at present in the price of coal used for domestic purposes would be unjustified and would be due solely to the retailers. One operator stated that the prices on a few grades of steam coal had been raised 14 per cent.

IN SERIOUS CONDITION

REGINA, Sask., Jan. 2.—John Wilson, accused of the murder of his wife, Mary, on September 28, 1919, while on the trail between Waldheim and Petrofka, will be given his preliminary hearing at Saskatoon, Jan. 12th, Wilson, who is in Prince Albert jail, is said to be in a state bordering on collapse.

"DANDERINE" FOR FALLING HAIR

A small bottle of Danderine costs but a few cents at any store. It stops falling hair, itching scalp and ends dandruff, besides it doubles the beauty of your hair, making it appear twice as heavy, thick and abundant. Try it!

The shipyard workers of North Vancouver have joined the growing list of industrial workers that have linked on to music. A band has been organized with the encouragement of the management of the works. The bandmaster is George B. McClellan, recently returned from active service in his war experience he found that men coming under the influence of music take more interest in their work and are more contented. The band is to furnish music to the employees.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE. There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS. Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, saits and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man

HEALTH FOR THE BABY

The baby of today is the man or woman of tomorrow. Thus the success of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill nourished it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers, it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus make baby healthy and strong. Concerning them Mrs. W. Orser, Elginburg, Ont., writes: "I have a fine healthy boy three years and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

INCREASES YOUR WEIGHT
RESTORES LOST STRENGTH
PREVENTS ILLNESS

Every day come new converts to that great army of men and women who rejoice in new found health that came to them through the use of that wonderful blood renewing preparation called "FERROZONE." Very simple how it acts. All you have to do is take two small chocolate coated tablets with a sip of water at the close of each meal.

Ferrozone is a marvel. It contains just what thin blood lacks—lots of iron, but mark you, the kind of iron your blood is able to absorb. Ferrozone puts life and vim into the blood. Makes it rich, red and nourishing. Naturally the body is better fed and grows stronger day by day.

Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves the purpose admirably. Those who use it, enjoy appetite and digestive powers far beyond the ordinary.

That tired feeling is replaced by the buoyant, joyous sensation of health and vigor. Day by day as your strength increases, you feel new energy surging through your veins, and know that a great tonic of great merit is at work.

No remedy more nourishing or uplifting, no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what run down folks need; it cures because it supplies more nutriment than you can get in any other way. 50c per box or six for \$2.50 at all dealers, or by mail from The Cattarhozone Co., Kingston, Ont.

Incubator For Sale. Chatham (Manso-Campbell) make; 160 egg capacity. Price \$12. Can be seen at 198 Lake Avenue.

"FIDDLERS THREE"

Theatre goers are awaiting with anticipation "Fiddlers Three" at the Grand next Thursday evening. It comes well recommended, having delighted audiences elsewhere and will undoubtedly do the same here. It carries a sumptuous cast of fifty people with the Beauty Battalion and Tavie Belge the Belgian prima donna. The seat sale opens Tuesday.

The Last Opportunity

Tonight will be the last opportunity of enjoying the holiday vaudeville in lux bill at the Grand. These high priced vaudeville bills have delighted large audiences in spite of many counter attractions and Manager Odum is to be congratulated on bringing such attractions to St. Catharines. Tonight there will be a crowded house and people are advised to go early.

FRIENDLY ENEMIES.

The most important theatrical event of the season will be the forthcoming production of "Friendly Enemies," the famous comedy which A. H. Woods will present at the Grand soon for an engagement of one night direct from its phenomenally successful run in New York where it played for an entire year. This celebrated play of today which has been seen by millions of people and which has been aptly called "the nation's play" is too familiar to need more than passing mention. It will be presented by a notable company.

MONTREAL, Jan. 2.—No liquor has been shipped to border points in the province of Quebec, for shipment to Ontario. Chief Inspector J. W. Lewis made this statement and gave as the explanation for this that express companies are not permitted to carry it under the present law. There is, the usual large amount being shipped to Ontario vendors, but not a jar has been shipped to the border in any special effort to get it to Ottawa.

Thick, Tender Savory Meal

cr chops—the kind, you know, that make your guests praise your hospitality, your cooking, your entertainment. Why not this kind of meat instead of the doubtful cuts and inferior meats? We want you to know our meats. A sirloin or porterhouse steak, a roast, chops from the loin, etc., will enable you to judge quality.

C. H. SHELLY MEATS AND PROVISIONS LAKE ST. AND CHAPLIN AVE. Phone 1853

M. MALLOY Light and Heavy Trucking. Local and Long Distance Moving. Phone 1878 65 Lowell Ave

The police court slate today was a blank.

The cold weather kept many farmers away from the market today and it was only thinly attended. Those farmers who came disposed of their produce in a hurry and departed for home.

There is a good thickness of ice on the canals and ice cutting is in full blast. Last winter there was no ice and ice had to be shipped into the city to supply the dealers. With plentiful supplies this winter right at hand prices should be lower next summer in St. Catharines.

ALMOST LYNCHED

It happened to a local druggist that sold a cheap acid corn salve instead of the reliable Putnam's Corn Extractor. Substitutes burn the flesh—Putnam's cures the corn. Use only the best—"Putnam's" 25c. at all dealers.

The funeral of the late Samuel Eymann took place from the residence of his son in law, James E. Smith, Francis street. The Captain of the Salvation Army conducted a short service at the house. The remains were then taken to the North Pelham Presbyterian Church where a service was conducted by Rev. D. A. Ferguson. The bearers were Samuel Jones, A. C. Hansler, Andrew Bee, W. L. Horton, Farmer Miller and F. H. Disher.

Next week will be held the Week of Prayer meetings of the Ministerial Association. There will be meetings every night of this week but Saturday at Knox Church. Special speakers have been arranged for each evening, with special music by the city choirs.

Yesterday afternoon the firemen were called to a small fire at Austin's butcher shop on St. Paul street where some burning grease had caught fire. There was practically no damage and the blaze was soon out.

A reception was held last night at Jordan by the members of St. Johns Church for the new Rector Rev. John W. Hamilton. At the same time a farewell was given for Rev. H. A. West who has had charge of the Parish for sometime.

New York had a strong market most of the day, money dropping from 15 to 6 per cent.

Wouldn't you sound words of praise for the Dentist who served you without pain?

Wouldn't you appreciate him if he served you with great skill and at prices of extreme modesty? For just these reasons WE are so warmly spoken of and honestly appreciated by thousands of people who have turned to this office for Dental treatments.

Every branch of Dental work in this office is in the hands of a trained Specialist. We have found that this specialized form of treatment insures best results and aids in the saving of time and money.

Whether it is a tiny cavity or a difficult and extracting operation of bridgework that must be given attention you will find that our treatments are free from pain and equally free from excessive cost.

Fillings 50c. and up.
Crown and Bridgework \$3.00 a tooth.
Excellent Plates \$8.00.

DR. ARTHUR B. COBB Dentist Offices: Corner of Main and Eagle Streets Buffalo, N.Y. (Formerly known as "White Dental Offices", Dr. Cobb, Proprietor). Open until eight. No Sunday work

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; relaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Allies Are Soon To Demand the Hun Emperor

William is Not Enjoying Good Health and Sees Visions. What Might Have Been

THE HAGUE, Jan. 5.—The new feeling in the atmosphere of the diplomatic world here that was awaited demand for the extradition of William Hohenzollern, the allied and associated Governments is not only pending, but very imminent and will probably be made as soon as peace is ratified. Speculation runs rife here, not as to the Dutch Government's attitude, but as to the attitude of the Allies, which is quite definite, but as to the result of this demand, as to whether America's attitude will be, whether the allies would not be of an excuse to accept a refusal on Holland's traditions and according to her laws and treaties. What will be the attitude of the Allies, who changes and so frequently, and who after all, only be considered a pathological case? What he does to do today is not necessarily to I will do at the crucial moment. I learn that the possibility of Kaiser voluntarily giving him up has been considered, and, in fact, is still being considered. In this way the ex-Kaiser would become a hero and martyr in the eyes of the German people, and those who are opposed and do not want the trial will be put in awkward position of having a white elephant on their hands. From one who has talked with Kaiser within the last ten days, it is learned that William Hohenzollern has been so shaky that his only poured out in half glances he sees visions much more recently. In the middle of a conversation he will suddenly stop and see visions of himself with armies at the front or himself Emperor in Berlin or Potsdam.

Reported That Sanford Co'y Opens Factory

The Journal understands that the Sanford Manufacturing Co. of Toronto will shortly establish a branch of their clothing factory in this city, the property of Mr. Jas. Sanford, near the corner of Queenston and Geneva streets. The site has been purchased through Mr. C. E. K. Manager of Oak Hall Clothing

TO THE GRAVE

All that was mortal of the Ellen McConochie was laid to rest in Lakeview cemetery, on Saturday afternoon, the funeral taking place from the residence, town line Merrittville. Arthur Cooper, pastor of the Methodist church was the officiating minister and spoke in a very comforting manner to those who are left. Mrs. William Boyle, Henry Robert Dundas, Jeremiah William Wilson, Robert Wilson and other relatives were many and

FRIENDLY ENEMIES

The most important theatrical event of the season will be the forthcoming production of "Friendly Enemies," the famous comedy which A. H. Woods will present at the Grand soon for an engagement of one night direct from its phenomenally successful run in New York where it played for an entire year. This celebrated play of today which has been seen by millions of people and which has been aptly called "the nation's play" is too familiar to need more than passing mention. It will be presented by a notable company.

MAY HE BE RIGHT

One of our local weather prophets predicts a change to clearness in the weather after the moon becomes full this afternoon.
