THE WATCH FACTORY AT WALTHAM, MASS.

Every sixth minute in the working day a finished watch movement is the average production of the above factory. Yet, at this enormous rate of manufacture, the Company can but barely supply the demand. They have already produced almost
HALF A MILLION OF WATCHES.
 most of which are in the pockets of the people, testifying to their superior merits as timekeepers. They are now almost exclusively used on
ALL THE LEADING RAILWAYS.
 Where they are found to run with perfect accuracy, in spite of the constant jar, which so much affects ordinary watches.
SHIP CAPTAINS
 and other officers, who are frequently absent on long voyages, prefer The American Watch to any other, as they are not perceptibly affected by change of climate, and do not require frequent regulating. The story of the twenty-five dollar "Elmer's" watch that was carried five years by a soldier in the Army of the Potomac, and that varied one minute and a half in that time, WITHOUT CARE OR CLEANING, could hardly be told of any other watch of the price that ever was made.
TO LUMBERMEN
 these watches are of great value, not being liable to stop or get out of repair during their months of absence in the woods. They are admirably
ADAPTED FOR PRESENTATION,
 as the movements are not only reliable, but the cases in gold are rich and handsome and of guaranteed fitness. Thousands of these watches are now worn in Canada—every day they are becoming more popular. Very soon they will be the only watches sold in any quantity in the Dominion. Buyers should always require the guarantee of the Company with each watch, to avoid being imposed upon by spurious Swiss imitations. These watches may be ordered through any Jeweler in the Dominion in gold or silver cases, for ladies or gentlemen; or in districts where there are no watchmakers, we supply them to general merchants by the dozen. To the wearer they are the cheapest watches in the world!

POETRY.
THE FIRELIGHT.
 Oh! the leaping, dancing firelight,
 Gleaming brighter than the daylight,
 Through the shadows of the twilight.
 Who is there who would not ever,
 In the cheerless winter weather,
 When the shades of evening gather,
 Sit down in the merry glow;
 Listening to the beating snow,
 Dreaming dreams of long ago.
 While the cat purrs on the hearth,
 And the kettle in its mirth
 Taps a cheery song gives birth;
 And the clock ticks on the shelf,
 And the dresser, stored with delf,
 Fancies fills with many an elf;
 As the bright flames rise and fall,
 Glistening shadows on the wall,
 Shape themselves in fancy's call
 Into many a fitful form,
 Dancing in the firelight warm,
 To the bleating of the storm.
 Many a picture memory dashes
 With her pencil in the ashes:
 Lit by the firelight's gleam.
 Oh! in all our weary years,
 Shaded oft by sighs and tears,
 And alternate hopes and fears
 Happy we, if in our homes
 When the evening shadows come,
 Gathering round our bright hearthstones,
 We may claim our hour of twilight,
 Careless of the careless daylight,
 And sit dreaming in the firelight.

MISCELLANEOUS ITEMS.
Mr. John G. Bowman of Waterloo, is about to start a sewing machine factory in that village.

There has been a split in the Wallace and Alma Agricultural Society; and the latter township has promptly organized a Society of its own.

It is believed that the Hon. Wm. McDougall left England yesterday forenoon, in consequence of the illness of Mrs. McDougall who is still ailing, but is expected to die at any moment.

It is said that the Toronto City Chamberlain has been served with an injunction in Chancery, as the first step in proceedings that have been instituted for the purpose of preventing the by-laws granting aid to the Toronto Grey and Bruce, and Toronto and Nippissing Railways from going to the people.

It turns out that the man who was recently lodged in Berlin gaol, on suspicion of horse stealing, is the identical horse thief for whose arrest a gentleman in London township, who had lost a filly, offered a reward of \$200. Two gentlemen, one a resident of London and the other of Listowel, made the discovery and will claim the premium.

A serious accident from the careless use of a circular saw, occurred at Stevenson's mill, in Alton, on Monday last. A young man named Rollin Crawford, the main support of a fatherless family, was engaged in sawing lath, and forgetting the dangerous nature of his employment, turned round to converse with a bystander when the saw caught his left hand, severing it off a little below the wrist.

DEATH OF THE REV. JAMES THOM.—We regret to record the death of this venerable minister, which took place at his residence in Winterborne on the 28th of November, aged 70 years. The deceased had laboured for the last fifteen years as pastor of the Presbyterian church, in connection with the church of Scotland, Woolwich, and was deservedly esteemed by his congregation, as well as by all who had the pleasure of his acquaintance, for his many christian virtues.

MELANCHOLY ACCIDENT.—We learn that an accident resulting in the death of a young man, who was on a visit to the office of his father, James Crawford, in Morristown, opposite Brockville, occurred on Monday. The young man was named Canfield, and belonged to near Water-town, N. Y., where his friends reside. He went out to shoot with Mr. Barnard, to whose daughter he was about to be married, and by some accident Canfield's gun went off the charge entering the back part of the head, causing instant death.—Recorder

FRIGHTFUL ACCIDENT.—Two farmers, named respectively Valentine Winebold and John Zurbriggen, were returning home by a sideline between Shakespeare and New Hamburg, in a double wagon, on Monday last, when they were run into by the No. 4, afternoon Express train. Both of the horses were instantly killed, and the wagon shattered into a thousand fragments. Upon examination it was found that Zurbriggen was dead, and that Winebold had sustained a dreadful fracture of the right arm near the shoulder joint, in fact the bone was found to be crushed in several small pieces.

A BOUNDARY QUESTION SETTLED.—The *Champion* publishes the following report of C. J. Mackintosh, Esq., P. L. S. on the vexed question of boundary line between Nassagaweya and Nelson:—I beg leave to report that I have found no direct evidence of any movement or trace of the original survey of this boundary line, and that the best evidence I could find is of a second-hand nature. It seems that Provincial Land Surveyor, Hugh Black, went in to survey for the settlers, immediately, or soon after the original survey took place; and no doubt he saw, or had an opportunity of seeing, if not all, the marks of the original movement along the line; and the stakes he planted, and the points in which some of them stood before they rotted away, are pointed out and held to by the people, as being the points where he laid the original stakes. I adhered to those points, and in so doing found that no person's rights are encroached upon; for, on measuring the width of the lot on each side of the line, I found a large surplus. Along the third, sixth, and part of the seventh concessions are the only portions of the line used as a thoroughfare by the public; the remainder is so broken by the mountain, rocky ridges, precipices, and rocks generally, that I may say it is still in its original state, and is likely to continue so.

Wellington County Council.

FRIDAY, Dec. 4th.
 The Council met at 3 p. m. The Warden in the chair, and twenty-eight members present.
 Mr. Sturton introduced a by-law to appoint a County Treasurer, and a Deputy Treasurer, to determine their duties and emoluments.
 On motion the Council went into committee of the whole on the By-law, Mr. Whitelaw in the chair.
 Mr. Dobbin moved, and Mr. Massie seconded that the first blank be filled up with the name of Mr. Newton as Treasurer. The motion was lost, only five members voting for it.
 Mr. Jull moved, seconded by Mr. Gillespie, that the blank be filled up with the name of Mr. Reynolds. Sixteen members voted for the motion.
 Mr. Sturton asked the chairman if he considered this number a majority of the whole Council, to which Mr. Whitelaw replied that he did, the Council being composed of thirty-one members exclusive of the Warden. Mr. Sturton said that in that case it were useless to propose any other name.
 The remaining blanks were then filled up as follows: Wm. Hewitt, Deputy Treasurer, office hours from 9 a. m. till 4 p. m.; Treasurer's salary \$700, and Deputy's \$500 per annum; the former to give security himself in \$20,000, and two freeholders in \$20,000 each.

The Committee rose and reported, the Warden resumed the chair, and the report as filled up was adopted in Council.
 Mr. Whitelaw moved, seconded by Mr. McManus, that rule 33 be suspended and that the by-law be read a third time and passed.—Lost.
 Moved by Mr. Swan, seconded by Mr. Saunders, that four sureties in the sum of \$10,000 each be substituted for two sureties in \$20,000 each.—Carried.
 Mr. Saunders moved, seconded by Mr. Gordon, that the by-law as amended be read a third time and passed.—Carried.
 Mr. Sturton desired the yeas and nays to be taken, when the vote stood as follows: Yeas—Messrs. Boyd, Broadfoot, Cornock, Cross, Dobbin, Gillespie, Gordon, Hunter, Johnston, Jull, Mair, Maxwell, Mitchell, McInnes, Saunders, Stephenson, and Swan.—17. Nays—Messrs. Cassin, Connell, Darby, Duffield, Massie, Melvin, McManus, McMillan, Pasmore, Rae, Sturton, Sutherland and Whitelaw—13.

Mr. Sturton presented the second report of the Committee on Finance, which recommended that books be provided for the Registrar of the Surrogate Court, the expense not to exceed \$12; and that the Warden issue his order on the Treasurer for \$24, the amount of the expenses incurred by a special meeting of the Finance Committee in July last. Report adopted.
 Mr. Sturton presented the following report of the Special Committee on the Statement of the Treasurer.
SPECIAL COMMITTEE REPORT.
 Your Committee have had under their consideration the document referred to, and have also examined a similar document prepared by the Manager of the Bank. Your Committee regret to observe a very great discrepancy between the two documents, but a more recent communication from the Treasurer explains the difference, stating that the balances included in the statement embrace certain balances in his own possession. Your Committee would also state that they have examined the Bank pass-book of the Treasurer and find that the entries in said book correspond with the statement furnished by the Manager of the Bank, and have no doubt that the entries are correct. The total indebtedness of the County to the Bank on the 2nd inst., was \$28,492.14. All of which, &c.—Adopted.
 An account from the County Solicitor for \$22. 5s. 4d. was presented, also an account from G. H. Todd, Inspector of Weights and Measures, for \$53.45. Both referred to Finance Committee.

Mr. Massie moved, seconded by Mr. Melvin, that the following gentlemen be a special committee to consider and approve of the bonds to be offered by Mr. Reynolds, as security for the due fulfilment of his duties as Treasurer, viz Mr. Sturton, the Warden and the mover.—Carried.
 Moved by Mr. Sturton, seconded by Mr. Whitelaw, that the Council offer a reward of \$400 for the apprehension of John McWhinnie, of Minto, for the murder of John Scroggie, of the same township, and on a certificate (from the judge presiding at the trial of McWhinnie) of his conviction being presented to the Warden, he issue his order on the Treasurer in favour of the person who procured McWhinnie's arrest; and that the Clerk give publicity in the usual manner that the reward is offered.—Carried.
 Moved by Mr. Massie, seconded by Mr. Melvin, that the auditors be instructed to present Treasurer's books, and have the cash balances correctly ascertained, and that whatever balance the books show to be in the hands of the present Treasurer be handed over to Mr. Reynolds on his assuming the office of Treasurer; and that he get a new set of books and keep them by double entry.—Carried.
 The Council adjourned till 9 a. m., tomorrow.

CHURCH RE-OPENING AT MITCHELL.—On Sunday last, the Rev. W. S. Ball of Guelph, re-opened Knox Church (Congregationalist) in Mitchell. The reverend gentleman took for his text in the morning, Romans VIII, 2 verse; in the evening, Psalm XLVII, 12, 13, 14 verses; and on both preached discourses of more than ordinary interest, while the talented pastor, Rev. J. W. Mitchell, M. A., conducted the services in the forenoon. The congregation who worship in this church having greatly increased since Mr. Mitchell's induction, felt their old church too small for their comfort, and so added 30 feet to the side of the building, at an expense of over \$1000. The interior is very tastefully and substantially furnished by the ladies of the congregation and presents a very pleasing appearance. On Monday evening a large number assembled in the town hall, and after doing justice to the sumptuous repast provided, were entertained by instructive and humorous addresses from their pastor, and the Rev. J. Edgar Croly, B. A., and Rev. Mr. Simpson. The collections on Sunday and the proceeds of the soiree realized the handsome sum of \$150.—Beacon.
 Mr. Wm. Owen, Principal of the Stratford Common School, was fined \$5 last week for punishing a boy who had given him insolence. The punishment does not appear to have been severe, but the mayor thought a stick two feet long and half an inch thick was a barbarous weapon, though lightly applied. A splendid theory for the boys and one they will make them most of.

Legislature of Ontario.

TORONTO Dec. 4.
 The bill relating to fees to Sheriffs was read a third time and passed, also the bill relating to the execution of Discharges of Mortgages and Deeds of conveyance, by married women, was read a third time and passed. The bill to provide for the establishment and government of Central District Prisons within the Province of Ontario was read a second time.
 After some discussion, the Mining Bill was read a second time.
 Mr. Wood moved the second reading of the bill respecting Taverns and Shop Licenses. In this measure he left the fixing of the number of taverns and the municipalities themselves, and imposed very heavy penalties upon those who violated the law. He proposed also to take away the right of appeal in liquor cases, and to make the Magistrate's decision in such cases final. Another change, which he proposed to make, was with regard to the hours of opening and closing. The provisions of the present law upon this point were useless, as no one observed them; and he held that they could never be enforced, because they went before the public sentiment; and he, therefore, proposed that the municipalities should be allowed to fix the hours of opening and closing. His measure also made provision for the punishment of any party or parties who might compromise a liquor suit; and no municipality should have the power to remit any fine that might be inflicted upon the violators of the law. It might do at temperance meetings to talk about a Maine Liquor Law; but the time for that had gone past. His primary object was, of course, to increase the revenue of the Province; but he also wished to lessen intemperance.
 Mr. McKellar objected to the way in which the bill was being hurried through the House.
 Mr. Rykert thought that the Bill did not go quite far enough. He thought it would be much better to take the management out of the hands of the municipalities altogether.
 Mr. Gray did not have an opportunity of considering the bill fully, but so far as his knowledge went, he was opposed to it in toto, inasmuch as it would allow municipalities to pass by-laws allowing the sale of liquor on the Sabbath.

Mr. Wood said no such powers were allowed the municipalities.
 It being 6 o'clock the debate was adjourned.
THE GUELPH POLICE COURT.
 Before T. W. Saunders, Esq., Police Magistrate.
SATURDAY 5th.—Robert Sodon was charged by his wife Mary Sodon with assault. Defendant did not appear, and the case was proceeded with *ex parte*, when he was fined \$5 and costs, or 20 days.
 John Ewing and John Barrett were charged with being disorderly in the Great Western Hotel. The former was fined \$5 and \$2.57 1/2 costs, or a week in gaol; the latter \$10 and a similar amount for 15 days, or fifteen days in gaol. Mr. Guthrie appeared for Ewing and Mr. Palmer for Barrett.

LOSS OF THE FRANCES SMITH.—The Owen Sound Advertiser furnishes us with further particulars respecting the loss of the *Frances Smith*. She struck on a reef, hidden beneath the water some four feet, and about five miles distant from land, and fifteen miles from Byng Inlet, for which place she was making when she grounded. Finding that the vessel was not to be got off, and that the heavy sea, which swept upon her with violence, was racking her badly, it was thought best to settle her deeper in the water, in order to steady her. An attempt was made with the steamer *Bonnie Maggie* to get her off, but it proved futile. The steamer now lies filled with water and will probably have to remain so during the winter, but it is to be hoped that in the spring, efforts to get her afloat may prove successful. It is to be feared however that the stress of weather, and crush of ice, she will have to undergo before that time; will pretty effectually finish her. She is insured for \$22,000, one-third her value.

ORDINATION AND INDUCTION.—In accordance with its decree the Presbytery of Stratford met at Millbank, on Wednesday, the 25th Nov., at 11 a. m., for the ordination and induction of the Rev. J. Edgar Croly, B. A. The Rev. Mr. Massie preached the sermon, after which the Rev. Mr. Hall, moderator, proceeded with the ordination. Mr. Croly having given satisfactory answers to the customary queries, was ordained by the solemn laying on of hands, the moderator leading in prayer. Afterwards the Rev. Mr. Boyd gave a suitable address to the minister, and the Rev. Mr. Melpherson to the assembled people. The proceedings were of the most solemn and interesting character, and were listened to with marked attention by between three and four hundred persons for the space of four hours. Towards the close, Mr. Croly was duly elected a member of the Presbytery and the congregation formally entrusted to him.

A strange metallic substance has been found in the township of Binbrook, county of Wentworth. It is of a light color, much like silver, and although long known to the residents as existing in large quantities, has never been submitted to the proper test. The Hamilton Times says that at the time of the war of 1812, it was brought into use by the militiamen for the manufacture of bullets, the supposition at first being that the ore was lead. It was found, however, to be considerably harder than that metal, inasmuch as it would prove injurious to the barrels of the muskets when discharged, and its use for that purpose was finally abandoned.

NOT YET SETTLED.—A despatch from New York says that Secretary Seward insists that Great Britain, in the Alabama claims arbitration, shall acknowledge that the recognition of the Confederate Government as a belligerent power was a violation of the neutrality laws which England herself established, and that, moreover, all claims against citizens of this Government, which have been decided in our favor by the Courts of England, shall be excluded from the consideration of the commission.

Incredible as it may appear that one compound should be adapted to the treatment of such a variety of diseases, it is nevertheless true that Briggs' Aillevator has proved of incalculable benefit in affording prompt relief in thousands of cases of painful and distressing attacks.
 Its grand object is to subdue pain and bring glad tidings to the suffering.
 Its capacity for doing good is unequalled, and no family should be without it, as it may be the means of saving life in those sudden visitations of disease that require prompt measures to prevent a fatal termination. It is conceded to be the most valuable medicine of its class on account of its adaptation to a wider range of diseases than any other preparation, and therefore more convenient as an every day remedy.
 It is valuable not only as a counter-irritant to drive pain and inflammation to the external organs to the surface, thereby relieving deep seated injuries and organic lesions, but will be specially useful in restoring the skin to a healthy condition in all those annoying affections attended with inflammation and eruptions.
 Briggs' Aillevator is sold by E. Harvey & Co., Guelph, and by druggists and general merchants everywhere. Dr. J. Briggs & Co., proprietors, 205 Broadway, N. Y. C. H. Wright & Co., Hamilton, Ont., general agents for the British possessions.

SATURDAY EVENING, DEC. 5, 1868.

The Whalen Case Before the Judges.

Whalen was brought before the Court of Queen's Bench in Toronto on Friday, being the day fixed for hearing the arrangements on the Writ of Error. The prisoner was brought up to the Hall in the same manner as on the previous occasions on which he appeared before the judges, was dressed in the same sombre black but was evidently more concerned than on any previous appearance at Court. He took his seat near the reporters' desk, but shifted his position in his seat frequently and was nervous and agitated. A very large crowd assembled in front of the enclosure of the Court room, and as the doors opened a rush was made to the seats, which filled up in a very short time. Mr. John Hilliard Cameron appeared for the prisoner, and Messrs. O'Reilly, C. Robinson, and J. T. Anderson for the Crown.

Mr. Cameron's first objection to the validity of the trial was that no commission had been issued to the Judge to hold it. He contended that, whether there was a commission, or no commission, the authority to hold the court should appear on the record, because it was a recognized principle that the king can do nothing in the way of making any grant or order, unless it be by some instrument, with one or other of the seals recognized by law attached to it. He fortified this view by an elaborate reference to the Statutes bearing on the subject, and by numerous citations from English law authorities. Mr. Cameron then proceeded to adduce arguments and authorities in support of his second objection.—That no jury process is awarded upon the said record, nor could any such process be legally awarded by the said William Buell Richards as such Chief Justice, inasmuch as, for the reason first above assigned, he had no jurisdiction nor authority to order or award such process as a Justice of Oyer and Terminer and General Gaol Delivery for the said County of Carleton. Wherefore in that there is manifest error." He contended that, from the terms of the record, the Court was merely a Court of Oyer and Terminer, and not a Court of General Gaol Delivery—a distinction which he held was of essential importance, as regarded the form of the jury process.

He then proceeded to refer to the challenging of the jurors. He would ask—first, was the challenge for cause good, as it appeared on the record? Secondly, could it be made before the peremptory challenges were exhausted? Thirdly, was there a waiver by the prisoner of the challenge for cause; and, if so, did that cure the error of the Court, if the Court was in error? Fourthly, is a writ of error the proper way to bring the matter before the Court. He proceeded to argue these points at great length, and held that the prisoner had not been allowed the full right to challenge. He then considered the fourth objection. In the Jurors Act, Consolidated Statutes, U. C., page 362, provision was made for empowering the "until twelve jurors were drawn, who do appear, and who after all just causes of challenge allowed, remain as fair and indifferent." He contended that in this case, all just causes of challenge were not allowed, because the prisoner had a right peremptorily to challenge Benj. Hodgins, and that challenge was set aside. He thought they would decide that, if the prisoner had been improperly interferred with in his right of peremptory challenge, and that if they held the ruling of the court below to be erroneous, nothing done by the prisoner could be a waiver of his right; and that if he had lost one of his peremptory challenges by error of court nothing he afterwards did could deprive him of the right given him by statute and by the common law, that he should be tried by a jury of his peers, free and indifferent. Mr. Cameron concluded by apologizing for having detained the Court at such length, having spoken upwards of two hours. Mr. Christopher Robinson replied on behalf of the Crown, and he was followed by Mr. Anderson on the same side. The learned counsel took up the objections *seriatim* and by argument and cases cited, held that the objections were not valid.

Mr. Cameron replied, and at the close the prisoner was remanded till their Lordships' ruling is known.

\$500 REWARD.—The County Council of Wellington have done a just and proper thing in offering a reward of \$400 for the apprehension and conviction of John McWhinnie who, spurred by jealousy, with fierce deliberation took the life of John Scroggie. This sum with the \$100 already offered by the Township Council of Minto, will make the reward \$500, and it is to be hoped that some clever detective will now think it worth while to follow up the murderer and bring him low where justice awaits him. Hitherto it was not to be expected that the search for McWhinnie would extend much beyond the neighbourhood where the crime was committed. So long as there was reason to believe that he might be lurking in the vicinity of his home constables might exercise vigilance, but when it became more than probable that he had effected his escape to the States, and when \$100 which would perhaps not pay half the ex-

penses, was all the remuneration that was to be had for bringing him back, it is no wonder that he has thus far enjoyed perfect immunity from all punishment save that inflicted by his own conscience. But \$500 will go a considerable length, and we may now hope that the disgrace of allowing a murderer to escape with scarcely the pretense of an attempt to capture him will not stand against us much longer. Had John Sandfield MacDonald's government not been such work-shippers of its money huge justice might have been done ere now; but we understand that although the Premier was appealed to be refused anything in the way of reward, remarking that these things never did any good. To find McWhinnie would be a task of no great difficulty for a detective of ordinary abilities; he was widely known, and had a "phiz" that would render him easily distinguishable; and when caught, the trouble would be over, for his guilt is so clear that his acquittal would be simply impossible.

LOCAL ITEMS.

A resolution, complimenting Archibald Campbell, Esq., of Nassagaweya, was unanimously passed at the late meeting of the Halton County Council. This vote was well deserved.

SOME PORK.—Mr. Shortreed, of Guelph township, brought twenty-one dressed hogs to market on Friday, which together weighed 5,520 lbs., and were bought by Mr. J. T. Brill for \$7.90 per cwt.

We are glad to hear that Mr. Charles Clarke, of Elora, is so far recovered as to be able to attend in his store again. He has been confined to the house ever since last July in consequence of the injury to his knee by a fall from his horse while attending battalion drill at Guelph.

On Wednesday afternoon two boys were skating on the millpond at Elora, when one of them named Kilpatrick, venturing out too far broke through the ice and sank. He was rescued by a youthful tyro named Frazer, who brought a board into a boat, and brought the drowning boy to land.

GRAND CHARITY CONCERT IN ELORA.—A grand concert in aid of the orphans of St. Joseph's Hospital, Guelph, will be given in the Drill Shed, Elora, by the choir from Hamilton, on Tuesday, the 12th of January. Tickets, 25 cents. The programme will be carefully selected, and as some of the singers are well-known for their great musical ability, the entertainment promises to be, in all respects, a first-class one. The object is a most laudable one, and well worthy of patronage.

SOCIAL PARTY.—Mr. Miller, of the Castle Garden Saloon, took advantage of the meeting of the St. Andrew's Society Celebration Committee last night, to invite them to an oyster supper at his house. About a dozen gentlemen sat down to a splendid spread, and after they had done ample justice to the good things, the health of the host and hostess was drunk by the company, who highly complimented them on the satisfactory way in which they had catered for the Celebration on Monday night. Other toasts followed, and a couple of hours were pleasantly spent around Mr. Miller's table.

HAMILTON BANKING AND EXCHANGE OFFICE.—We should have noticed earlier the advertisement of Mr. Arch. McKeand, who has succeeded to the business formerly carried on by Mr. John W. Murton, in the well-known Banking and Exchange offices, 9 James Street, Hamilton. From Mr. McKeand's well-known ability and experience we have no doubt he will continue to keep up the character and business of the office. As will be seen by the advertisement, he is prepared to buy and sell specie, bonds, drafts, &c., at the lowest rates. He is also agent for several steamship and railroad lines. All business, whether attended to personally or by letter, will be promptly executed by Mr. McKeand.

DR. HOWITT'S LECTURES.—As already announced the first of Dr. Howitt's series of lectures in connection with the Mechanics' Institute will take place next Friday evening. The tickets of admission are so arranged that one issued for the season will admit a whole family—the price being \$1. From the number already sold of these, and the avidity with which they are bought, we are certain that this scheme of the Institute will prove a splendid success. We would advise all our young readers to procure tickets for the course, as well as heads of families, and set apart every Friday night throughout the winter for attending the lectures, as we are convinced they will derive a great deal of benefit from them.

The Braes of Yarrow

An Historical Tale of the Sixteenth Century.

The rope was thrown over the branch, and two stout fellows held the end ready to hoist the victim into the air at the signal from the chief. 'If you want to say a pater,' he said mockingly, 'you will have time enough to say it whilst you are making your dance; we have not time to wait for your saying beforehand.' She was about to cry for mercy, when an unexpected interruption in the proceedings was caused by the arrival of Heron Barras, who galloped up in hot haste. 'I have been at the tower seeking you,' he said, reining up beside Tushielaw, and then suddenly perceiving what was going forward, he cried, 'why, what play are you at now?—hallo!

VERY NATURAL.—When a person has proved an article and found it good, and answering the purpose for which it is intended, he will not readily abandon it for one of doubtful reputation, one concerning which he knows nothing. We are led to make these remarks owing to the course always pursued by those who have used that celebrated and truly valuable horse medicine known as "Darley's Condition Powders and Arabian Heave Remedy." All are so well pleased with it that they will not use any other; many have waited several weeks until the agent could obtain a new supply. There is nothing equal to it as a condition medicine, or for any complaint affecting the wind of horses. Remember the name, and see that the signature of Hart & Co. is on each package.
