Local and Other Items.

The Harrison Tribune gives the Reformers in the editorial division in Cote-wold, Minto, well deserved credit for large majority of 51 which they gave for Higginbotham.

The people of Elmira gave a complimentary supper to Mr. J. Y. Savage, on Monday evening last, the 12th inst., on the eve of his departure to Toronto to finish his medical course.

The Enterprise says that the Spring crops about Drayton are very fair, perhaps equal to last year, if not better. The Fall Wheat is damaged some with rust. The Spring Wheat is excellent, and about ready to cut. Barley is also good, but oats in some places are not very good, but on the whole, very fair. The potato crop is better than last year, and promise a fair crop. The root crop is not very good. Pease are splendid.

TRIAL OF THE WOOLWICH INFANT.—Last week, a 700lb. shell was fired from the "Woolwich Infant," against a composite target of wood and iron 300 inches thick at a range of 70 yards. The first shot broke the front plate of the target, and pushed it bodily back, foundations and all, nearly four inches; while the second shot, which was fired from the rear, and iron, and scattered splinters and fragments in the rear. As this was stronger than the sides of any ship yet built, we may congratulate ourselves on the possession of an effective gun for the defence of our shores.

BRUTAL.—A most brutal and fiendish crime has been committed in the township of Easthope, some villain who disregards the name of man having cut on the tongues of two fine hounds belonging to Mr. W. Weinbuck, whilst they were grazing in the pasture field. The discovery was made on Wednesday morning, on the poor animals being brought into the stable, when they were found unable to eat their oats. An examination showed that about six inches had been cut off the tongue of one of the offending brutes, and the tongue of the other had been severed to the root. Mr. Weinbuck is a Reformer, and held in high respect. He is unaware of giving any offence, political or otherwise, to any one, and the brutality is therefore entirely without provocation. Severe measures ought to be taken to suppress this inhuman crime.

GARDEN PARTY.—Last (Friday) evening the Garden Party at the residence of Mr. A. Lemon on behalf of the Organ Fund of St. George's Church was a great success about 250 being present. The House and gardens were brilliantly illuminated with Chinese Lanterns and presented a very picturesque and attractive appearance. The Ventil Horn Band was present and played some of its choicest music, indeed so enthralling were its strains that the ladies were found to be tripping the "light fantastic on the green sward" with great vigour and delight. It was just the hour and place for fortune seekers, and the Gipsy's tent was largely patronized by those anxious to have their destiny foretold by the "old woman." Altogether the affair was greatly appreciated for its romantic novelty and its charming success, and will doubtless be speedily followed up by another.

ACCIDENT.—This forenoon, as a mason named McIntyre was engaged at work on the window above the entrance door in the tower of the New English Church, one of the steps of the ladder on which he was standing broke, and McIntyre tumbled some 24 feet, falling on his feet, and afterwards on his back. The unfortunate man was speedily conveyed to his home on the Waterloo Road, where Dr. Tuck was soon in attendance, and ascertained that beyond two ribs being broken, and a general shock to the system, the extent of the injuries is wonderfully small, and the nature of them not likely to prove serious. It is worthy of remark that during the entire process of erection of this extensive pile of buildings, this is the first accident that has occurred in connection with it, and in ten minutes more the masonry portion of the contract would have been completed.

THE NORTH WEST.—A gentleman who has considerable property in the North West mineral region, has just returned after a three weeks trip. He reports progress, but not to such an extent as was anticipated last season. Silver is set as rich as ever, but the main haul has not yet proved as prolific as was hoped for. Shales are continually being sunk, and explorations pushed, but the work has been retarded by the rascally tin swindle of last season. A company proposed to discover a tin mine and at the close of navigation brought down nine shares of this metal which they took to New York. On the strength of this they got up a stock company, and did the sharp New Yorkers out of about \$350,000 before they discovered the tin had come from Cornwall, England. Some of the sharpest are now in the city toms, but the New Yorkers have lost faith in Lake Superior mining stock. A good deal of building is being done at Prince Arthur's Landing, but still many of the people are dwellers in tents. A large hotel for tourists, and a much needed dock, is also in construction. A large saw mill is being erected at Fort William, the logs for which will be sent on the upper Kaministiquia river. Duluth shows a marvellous increase and realizes its early promise. The Americans afford room for the rapidly increasing trade of the Lake, and are building a second canal at the Sault, a facility badly needed.

MARTIN THE WIZARD.—Prof. Martin, the world-renowned wizard and ventriloquist, assisted by his talented and gifted lady in her mysterious and incomprehensible physiologic science of second sight, will visit Guelph next week, commencing on Monday evening. These performances are highly spoken of by the press generally, and no doubt all who pay a visit to the hall will be delighted. In addition to the performances the wizard will give away 100 valuable presents each evening.

Base Ball Notes.

The International Match Between the Maple Leafs and Baltimore.

(From the Baltimore American.)

The International Base Ball match on Monday afternoon between the Maple Leaf Club of Guelph, Canada, and the Lord Baltimore, of this city, though by no means among the best played upon the Newington Grounds, was interesting from its commencement to its close. Quite a large concourse of people were brought together, amongst whom were a number of ladies, and the very best of feeling was manifested on the part of the audience. The players upon both sides were applauded to the echo whenever they indulged in the more delicate exhibitions of skill, and if anything the sympathy appeared to be with the strangers who had come such a long distance to meet the home club.

The Canadians reached the Park about fifteen minutes before the game was called, and were welcomed by repeated cheers. They immediately spread themselves out over the field and tried the grounds. They were a handsome set of men, wiry, active and athletic, and in their unique but tasty uniforms appeared to advantage. The uniform of the club differs somewhat from that generally worn in the United States. It consists of a white shirt trimmed with green on the bosom of which is a maple leaf, grey pants, and stockings of a peculiar but neat pattern of plaid, which gives a picturesque effect to the uniform. The fielding of the club was in some respects admirable. The second baseman and centre fielder played their positions perfectly, and led for the plaudits of the spectators again and again, but the nine found it almost impossible to bat Matthews' balls, seven of the club being disposed of by strikes during the progress of the game. A catch made by McLean in the fourth inning deserves special mention. Force sent a hot ball to centre field fully fifty yards from where he was standing, but he started for the ball by the time it had hit the bat and took it at full speed, to the astonishment of every one on the ground. The Baltimore players were remarkably well. Neither York nor Craver were out, but Pike very handsomely played the former's position, while Higham filled that of Craver almost as efficiently as he could have done it himself. Force, the new man, played third base, and he did credit to the sagacity of the management which placed him there. He covered the position beautifully, and in spite of his diminutive stature, scarce a ball escaped him. Very few errors were made by the Baltimore team, and there is no reason why the club by careful practice should not yet be able to retrieve the disasters that have lately overtaken them in the diamond field.

The Baltimore, as usual lately, lost the first two innings, but in the third, the first innings, Force, the new acquisition, bringing in two hands on a good hit. The Kanucks managed to score one run for their share, Colson getting his base on called balls, stealing second and third, and scoring five runs. Force made the Baltimore were whitewashed in the second inning after Radcliffe had made a safe two base hit, and the Kanucks scored another run, chiefly by good batting. In the third inning the Baltimore batted freely and scored five runs. Force made the third base hit and bringing in two hands. The Kanucks were blanked in this and the next four innings, principally on strikes and fouls, the Baltimore in the meanwhile scoring eight additional runs by safe hits and some wild throwing on the part of the visitors. In the eighth inning the Baltimore scored eight runs, batting Stanley with the greatest ease, while the Maple scored two. McLean after getting a life twice made his base on a safe hit as came to third on a hot ball from Matthews to Mills, and was brought home on Stevenson's hit through Radcliffe, while Smith got his base on called balls and was brought home on Stanley's safe hit. The last inning closed with the Baltimore again blanked, the side being retired on a good throw of Nichols and brilliant catch and play of Madcock at second by which Higham was retired after reaching first on a weak hit. The visitors scored one additional run in this inning by a three base hit of Jackson.

Of the five runs made by the Maple Leaf, Jackson scored 2, Colson, Smith and McLean each scoring 1. Jackson is credited for the only double play in the game.—E.L.

The New York World of Friday says: The Maple Leaf arrived here yesterday, and played a game with the Mutual Club, on the Union Ground, Williamsburg. There was not a large attendance, the prestige attaching to them as champions of Canada having been discounted considerably in consequence of their defeat by the Baltimore and Athletics on Monday and Wednesday. They deserved, however, a much better attendance on their own merits, and played a very good game, with wonderful precision and quickness. They are a fine muscular set of men, and appear to be in a good state of discipline. The pitcher is regular in his delivery, high hits on the part of the batsmen, Messrs. Smith, Nichols, Jackson and McLean each scored 1 run. Time 1h. 15m. The runs each innings were: Mutuals, 2 2 0 0 0 1 2 1 1-9 Maple Leaf 3 0 0 0 0 1 2 1-4

A friendly match was played in Toronto on Thursday afternoon between the Victoria of Bowmanville and the Druntless of Toronto, and after a very spirited contest resulted in favor of the former by two runs. The runs each innings were: Victoria 5 0 0 0 0 0 0 0 0-9 Druntless 3 0 0 0 0 4 2 5-30

The return match between McCree's factory employees and Heppburn's shoemakers takes place this afternoon on the Fair Ground, and we are informed the nines are to be laid in action by their respective employers. Stick to the last, boys, or they'll wax you again.

POLICE COURT.

Before T. W. Saunders, Esq., P. M. Saturday, Aug. 17.

John Armstrong was brought up on a charge (preferred by the Bank of Commerce) of fraud. The case was remanded for 10 days, and in the meantime he was let out on bail.

John Ryan was charged with assault and battery on his wife Mary Ryan. Fined \$15 and costs, in default, two months; and fined sureties to keep the peace for 12 months. Committed.

Suicide in Woolwich.

A Young Woman Cuts Her Throat with a Razor.

(From the Berlin Telegraph.)

The neighborhood of Woolwich, in the Township of Woolwich, was thrown into a great state of excitement on Friday morning last, by the sad news that a daughter of Mr. James Jupp had committed suicide by cutting her throat with a razor. It appears that Miss Jupp had for some time previously been in a state of great mental depression, and had manifested at times such groundless grief, about trifling matters, that her friends had taken medical advice concerning her health and mental condition. Some days before the sad occurrence, however, she had seemed more cheerful, and was thought by both herself and her friends to be much better. But on Thursday evening she relapsed into a state of melancholy again, and when her mother left her only for a moment in the room alone, she disappeared out of the window and made off in the direction of the Grand River, where she no doubt intended to make a dash for herself. The attempt was frustrated by her meeting some person coming across the fields from a neighboring farm house, and she returned to her home, where her friends were making diligent search for her. She was asked by her mother where she had been, she replied that she would not go away so far as never to be found, for they would feel very bad if she was to go away and never return. A careful watch was kept over her through the night by her friends, and during all the long hours she did not sleep and was very restless. In the morning about four o'clock footsteps were heard by her mother going down the stairs, and for fear that she should get away with herself, the mother led her immediately sent down to have an eye upon her. They followed not more than two minutes after, but, sad to relate, the time was too long—the fatal gash had been inflicted, and when they opened the kitchen door she was leaning over the end of the table and a stream of blood pouring, as they supposed, from her mouth. In this they were too sadly disappointed, for on being spoken to by her mother, a gurgling breath supplied the correct reply—"My neck, mother, cut at my neck." Dr. Ferguson, of Elmira, was immediately sent for, and every domestic means used, but life was extinct long before the doctor arrived. She lived long enough, however, to tell her friends how and by what means the rash deed had been accomplished. It was done with the blade of a razor without a handle, and as it is not known where she obtained the fatal weapon, the presumption is that she had contemplated her self-destruction for some time, and had this blade secreted for the purpose. The great gash was frightful to behold, making more than a quarter the circle of the neck, long and deep and jagged at the edges, as if the hand had trembled, or the blade struck her throat with violence, rendered a saving action or several desperate efforts necessary to sever the skin.

The blow falls heavily upon the aged and respected parents, who in their great affliction have the deep sympathy of the community, and especially of those with in the circle of their own acquaintance. Coroner Pipe was summoned, under the impression that an inquest would be necessary, but after a review of all the circumstances, saw clearly the poor creature had destroyed herself while labouring under a fit of temporary insanity, and that therefore a Coroner's inquest could serve no good purpose, neither to the advantage of the living nor the memory of the dead.

Death of the Rev. Father Sherlock.

It is with feelings of very great regret that we have to announce the death of this estimable gentleman, at the Roman Catholic Parsonage, on Friday evening at 8 o'clock. It will be recollected that on learning the tidings of the melancholy death of Mrs. Rainer, Father Sherlock listened in his buggy to visit the bereaved husband and children, and had just reached the house, situate near Allan's bridge, when a passing train so startled the horse he was driving that the Rev. gentleman got out to hold it, and whilst doing so the animal managed somehow to knock down and whilst on the ground trampled on him, by which it is supposed one of his ribs was fractured, and besides he received other intestinal injuries which ultimately caused his death. Father Sherlock lay for four days in the most excruciating pain, but bore it all with admirable fortitude and patience. Dr. Herod was most assiduous in his professional attendance from first to last and did everything that medical skill could devise to assuage the extreme agony of the sufferer and to prolong his life. Unfortunately, however, everything proved unavailing, and Father Sherlock has now gone to that "bourn whence no traveller returns," amidst the universal regret of all who came in contact with him, whether pastorally or casually, and we feel sure there is not a citizen whose sympathies are not stirred by the very mournful circumstance under which the Rev. gentleman has been prematurely deprived of life.

Father Sherlock was born in Dublin on the 14th of September, 1831, was educated partly in France, came to New York in 1848 or 1849, thence went to Chatham, Ontario, where he remained till 1864 or 1865, since which time he has been attached to the Guelph Mission of his Church, labouring with much zeal and acceptance amongst its members.

The funeral takes place to-day at 5 o'clock in the afternoon, when the remains will be deposited in the church below the altar, where lie two of his predecessors in the priestly office, Messrs Gibney and McToga.

The wife of Mr. Mark Hodgson, Egrement, was struck by lightning on Friday last, and was partially paralyzed on one side. She still lies in a critical condition. There were 5,000 people at the Canadian gathering yesterday. Dinnie and Fleming the Scottish athletes, were present. Sir G. E. Cartier was on the ground.

The Elora Times on Drew's Defeat.

We are not at all surprised that the Elora Times should feel terribly chagrined at Mr. Drew's defeat in North Wellington. We should rather be surprised if it was not so. Apart from business and other connections with the late member, it was the only paper in the County that warmly espoused his cause, and valiantly fought to the end to secure his election. The Tory Herald in Guelph made one or two little spots in his favour, but with these exceptions it left him to fight the battle alone, and concentrated its whole energies on its pet in the Centre Riding. We can, therefore, make allowance for a great deal which the Times says in accounting for the defeat of its candidate, but there are two charges it makes which we cannot allow to pass over in silence.

It states first, that Hon. Mr. McKellar appeared in the field and made a personal canvass. Now, this is not correct. Mr. McKellar did, it is true, appear in the field. He addressed one meeting at Cotswold; he was present and spoke at the nomination; and if we mistake not he spoke again at a meeting in Arthur. But he made no personal canvass. And who, we would ask, was the cause of Mr. McKellar going into the North Riding. None but Mr. Drew himself. During the canvass, and at all his meetings he almost entirely ignored the questions connected with the legislation of the Dominion Parliament, and sought most unjustly to damage his opponent and the Local Government of Ontario, by bringing charges against it, which were unfounded in themselves, and which should not have come up for discussion at a Dominion election. Mr. McKellar appeared in the field to answer these charges, to vindicate the character of the Government to which he belonged; and his presence there, his truthful statements, and his able and convincing addresses had the desired effect. Had Mr. Drew confined himself to the question which legitimately belonged to the Parliament to which he sought to be elected, he would not have been troubled with Mr. McKellar. But he chose to summon the Local Government to the bar of public opinion, and Mr. McKellar did no more than his duty in appearing as its advocate, and defending its course, which he did to the satisfaction of every candid elector.

The second charge the Times makes is that the Crown Land Valuator for the North Riding "menaced the electors, and poor settlers who were in arrears for their lands were made to tremble in their shoes; some were told plainly that they voted right the price of their lands would be reduced." Now, we brand the above statement as an unmitigated falsehood. Mr. Drew in the course of his speech at the nomination alluded to the presence of Mr. John Milloy at that gathering, but he had not the hardihood to make this bold and unblushing statement himself at that time, but now gives it currency through his organ. He said there that he had no evidence that Mr. Milloy was interfering in election matters at all, and we happen to know that he continued to keep aloof from any canvassing whatsoever. The charge therefore does Mr. Milloy great injustice. That gentleman is an elector in the North Riding, and why should he—simply because he happens to have a temporary appointment from the Government—be precluded from attending any public gathering, or taking an interest as an individual elector in the contest.

With regard to the other charges which the Times makes about bribery and other influences employed, the less it says about these the better. We happen to know too much about the means used by Mr. Drew during his canvass, and if the Times is anxious for information we can supply it with more than might be agreeable. It is better for our contemporary to own up that Mr. Drew has been fairly beaten, and say no more about it.

The Kilkenny Cats.

Yesterday we copied a paragraph from the Canadian Freeman, in which Mr. G. A. Drew is handled rather roughly. The Elora Times of course comes to Geo. A.'s rescue, and makes an accusation against the editor, with respect to Fenianism which we believe is entirely without foundation and of a most scandalous character. Still, it shows how these Tory editors, when they fall out, abuse each other without stint or mercy. Had the Freeman only supported Mr. Drew, and condescended with him over his defeat, what a nice fellow Moylan would have been in the estimation of the Times. The following is the little gem from the Times:

A FENIAN CUT-THROAT. Our attention has just been called to an article in a disreputable sheet called the Canadian Freeman, published in Toronto, whose editor lately occupied the position of Dominion Emigrant Agent in Ireland, but who has been lately dismissed in consequence of his badly cloaked sympathies with Fenianism and who since his return to this country has, as it is well known, been privately fraternizing with his Fenian brethren whilst pretending publicly to support the Government which he is endeavoring to undermine. The above editor's name is Moylan, and he no doubt gloats over Mr. Drew's defeat, because he is known to have no Fenian sympathies. In our next issue we will again refer to this cut-throat and endeavor to depict him in his true colors.

Speaking of the Wentworths, the Hamilton Times says—"North Wentworth is perfectly safe. All parties admit that Mr. Bain will be elected by a very handsome majority over his opponent, Mr. McKechnie. Both are Scotchmen, but Mr. McKechnie is a Tory, and the stubbornness, intractability, and fossilism of Scotch Tories has become proverbial. Mr. Bain is a Reformer, a man of high abilities, and liberal in all his views, and will, we are assured, command a sweeping majority. In South Wentworth the contest will be a little closer than in the North Riding. Dr. Bethune, though a highly respectable man, is not a good public speaker, and is no match for Mr. Bynal on the stump. That he has some popularity as a gentleman and a practi-

tioner of medicine, we have no doubt, but all parties admit "honest Joe's" independence, his natural and acquired abilities, and, therefore, we have no fears for his success.

ELECTION NEWS.

Sir Francis Hincks has given up hope of carrying Brant, and has written to parties in East Grey, stating that he was "an available candidate for that Riding." The Tories there couldn't see it, and declined his offer. "Wha wants me?" is now the question which Sir Francis would like to have solved.

The nomination for the North Riding of the County of Brant took place at Paris on Friday, when the following gentlemen were nominated:—A. H. Baird; Gavin Fleming; J. J. Hawkins, of Brantford; Hugh Finlayson; Alfred Watts, of Brantford; William Turnbull; Hon. John O'Connor, of Essex; Arthur Hardy, of Brantford; Claudius Byrne, of Brantford, and J. W. Bowley, of Brantford. All retired but Messrs. Baird and Fleming.

We notice Sir John A. Macdonald and William McDougall—a precious pair—are travelling up westward to influence the elections shortly to take place in that direction. To-day they are to address a meeting at Clinton.

In New Brunswick we are happy to announce the election of Mr. Cutler, a decided Oppositionist, for Kent, defeating Mr. Renaud, the Government candidate.

The Globe says:—We have full returns from Nova Scotia, and in spite of the return of the Ministerial candidates for Halifax, we are happy to find that the Government have only elected ten out of the twenty-one representatives. The remaining 11 are not all avowed Oppositionists, but we believe that every one of them will gladly join in bringing about a change of Government if their votes will accomplish it.

The Brockville Recorder charges the Returning Officer for the Brockville election, Mr. Redmond, with being guilty of a mean trick. He, it would appear, appointed twelve Deputy Returning Officers from the Conservative ranks, young men who had no votes. As soon as they were sworn in they were instructed to select their poll clerks from the Reform ranks, which they did, thus killing twelve votes for the Reform candidate.

The Hon. John O'Connor, President of the Council, hurried from Windsor to assist his friend, Hon. John Hillyard Cameron, the ex-Grand Master of the Orange Order, but the intelligent Catholic electors of Peel ignored his advice and voted in a body for Mr. Smith, the Opposition candidate.

The Newmarket Era has information from a tolerably reliable source that the rejected of Peel, Hon. J. H. Cameron, is making arrangements to find a resting place in Cardwell. The hero of "Spitton" notoriety has been in consultation with the Knight of Kingstons, who promised to make things agreeable, provided Tom would give way. Terms were agreed upon, we understand; and the distinguished of South Simcoe has consented to take a back seat. The price to be paid has not transpired; but rumour has it, Ferguson is to be shelved! We presume he has succeeded satisfactorily for himself, while the members of both the Commons and Local Legislature will rejoice to get rid of one of the greatest bores that ever occupied a seat in the Halls of a Canadian Legislature.

The following is the official statement of the votes polled for each candidate in South Grey:—

Table with columns for candidates (JACKSON, LANDERKIN) and vote counts for various locations (Normanby, Bentinck, Gleneig, Egremont, Total) and majority for Landerkin.

On Wednesday evening a man named John Winters was shot at Lonsdale, in the County of Hastings, by three desperadoes named Dominick Tye, James Smith and Daniel Smith, who are still at large. Winters is still alive, but small hopes are entertained of his recovery.

Chief Justice Morris arrived at Fort Garry on Monday, and was sworn into office by the Lieutenant Governor, at the Government House.

The Largest of any Company in the World.

This Society has led the van in the Insurance world for many years; it has introduced more improvements and given greater impetus to the business than any Life Company in the United States, and is deserving in this respect of the praise and gratitude of the community.

There are many reasons for selecting the Equitable Life Assurance Society.

1st—No company has such large annual transactions, thereby insuring its business constant accession of fresh and selected lives which is one of the greatest elements of strength.

2nd—Liberality in dealing with all claims; observing at the same time, a due regard to the interests of its present large body of policy-holders by a firm resistance to any attempt at imposition.

3rd—Perfect organization in every department, which renders official information easily attainable and secures a complete administration of its affairs.

4th—Being one of the most progressive institutions of its kind in the world, it is ever prepared to seize at once upon all the improvements in the business, that science can suggest.

The Equitable Life Assurance Society issues every recognized form of policy, and especially the

TONTINE SAVINGS FUND INSURANCE

which the Company introduced. This new plan has become very popular, as equalizing among all who are insured, and it has advantages which arise from the profits of the business, without in any respect infringing upon the normal results for which Life Insurance was first instituted.

The EQUITABLE feels that it has the strongest claims upon public confidence. Under the management that distinguishes it and the principles by which it is guided, perfect security is given for the future, than which no greater inducement can be held out to all who wish to insure their lives.

Further information regarding the different kinds of Policies issued by the Society can readily be obtained at

man, Clark & Co., Montreal, and North-
rop & Lyman, Newcastle, Ontario, have
purchased the enormous quantity of
forty-nine thousand four hundred bot-
tles of Fellows' Compound Syrup of Hy-
poprophites.

SPOTS ON THE SUN.—The sun has of
late become an object of great anxiety to
many scientific men. Spots are quite
common on that orb, as may be seen by
any one who may take the trouble to look
at it through a piece of smoked glass;
but although these phenomena have of
late assumed an appearance which astonish
astronomers, how much more astonishing
is the wonderful effect of the "Canadian
Pain Destroyer" in cases of severe colic,
rheumatism, neuralgia, pains in the back,
stomach, &c. For sale by druggists and
country dealers. Price 25 cents per bot-
tle.

FRENCH HORSES.—Many persons
physic their horses frequently—especially
every spring. This is a great error, and
one which has caused the loss of many
valuable horses, as physic is it usually
given, often produces inflammation of
the bowels, which generally proves
fatal; it also weakens the horse and thus
renders him more liable to disease, or
less able to throw it off—what is required
is a medicine which will operate gently
upon the bowels, and act upon the liver
and lungs, removing all obstructions
therefrom, purifying the blood and en-
abling all the organs to do their work
without overtaxing any, which is accom-
plished by the use of "Darley's Condition
Powders and Arabian Heave Remedy"—
it is always safe and certain. Remember
the name, and see that the signature of
Hard & Co. is on each package. North-
rop & Lyman, Newcastle, Ont., proprie-
tors for Canada. Sold by all medicine
dealers.

**A Chemical Food and Nutri-
tive Tonic.**

Without Phosphorus no thought, say the
Germans, and they might add, no action
since Phosphorus and the Compounds are
known to be the basis of the power of the
muscular system. They constitute more
than half the material of the human
body, being found in every tissue, and their
presence is absolutely essential to nutrition,
as they promote the conversion of albumen
in the food into fibrine, which is the vital-
izing agent of pure, healthy blood. They are
now coming into universal use in Europe
and America in the treatment of Scrophulous,
Consumptive and Venereal diseases, which
are caused by impoverished or poisoned
blood; and in diseases of women suffering
from irregularities, obstructions and ex-
hausting discharges, in pale, young children,
and that condition of the system known as
prostration resulting from bad habits, excessive
use of stimulants and tobacco, and all that
traffic of evil known as fast life. The great
reliability and promptness in its effects in
immediately and permanently restoring the
deteriorated constitution, has made
WHEELER'S COMPOUND PHOSPHATE OF
SODIUM AND CALCIUM a great favorite
with the Physicians and Public. Sold at

The Corporation of the County
of Wellington.

BY-LAW No. —

A By-Law to provide for the Erection
of a Registry Office for the North
Riding of the County of Well-
ington, the Repair of the Registry
Office in Guelph, and to amend in
making certain Roads and Bridges
in the said County, and for issuing
Debtentures to the amount of \$20,000
for these purposes.

WHEREAS it is necessary to provide
for the erection of a Registry Office for
the North Riding of the County of Well-
ington, which Riding has been set apart
for Registration purposes, and it is also
necessary to provide for the repair and
improvement of the County Registry
Office in the Town of Guelph.

And whereas for these purposes the
sum of five thousand dollars is required,
And whereas it is expedient to grant
aid by way of a grant of money, payable
as hereinafter mentioned, to the several
Townships and Villages and the Town
of Guelph hereinafter mentioned towards
opening and making the new Roads and

DENIS COFFEY, dw

ment, out of any part thereof, was
according to the last revised and equalized
assessment rolls of the said County
of Wellington, \$18,996,298.

And whereas for paying the interest
and creating an annual sinking fund for
the payment of the principal of the said
sum of twenty thousand dollars it will
require an equal annual special rate of
one-fourth of a mill in the dollar to be levied
in addition to all other rates.

And whereas the amount of the exist-
ing debt of the Corporation of the Coun-
ty of Wellington is for principal the sum
of \$90,640.00, and for interest the sum
of \$30,680.39.

And whereas there is no interest in ar-
rear.

And whereas the Corporation of the
County of Wellington hath not in the
municipal year concluded any debts of
loans over and above the sum required
for its ordinary expenses which, inclu-
ding the said sum of twenty thousand
dollars, exceed twenty thousand dollars.

And whereas a copy of this by-law
hath been duly published according to
law. Therefore the Corporation of the
County of Wellington, in pursuance of
the powers in it in that behalf vested,
and by the Council thereof constituted as
follows: That the Warden of the said
County for the time being, be, and he is
herby authorized, empowered, and re-
quired for the purposes aforesaid, to issue
in due form of law the sum of twenty
thousand dollars in debtentures by each
said Corporation of the said County in
sums of not less than one hundred dol-
lars each, payable twelve years at far-
thest from the day on which this by-law
is appointed to take effect, at the office
of the Treasurer of the said County, and
that every such debtenture shall bear in-
terest at the rate of six per cent per
annum from the date of its issue, payable
half yearly at its said office, and shall be
signed by the Warden, and countersigned
by the Treasurer for the time being of
the said County, and shall have the
effect and force of law, and the payment
thereof shall be a charge on the rate of
said interest, which debtentures the
Warden is hereby authorized to negoti-
ate and dispose of.

AND BE IT ENACTED that, for the
purpose of forming a sinking fund for
the payment of said debtentures and in-
terest, an equal special rate of one-fourth
of a mill in the dollar, in addition to all
other rates raised, levied, and collect-
ed in each year upon all rateable prop-
erty in the said County during the contin-
uance of the said debtentures.

AND BE IT ENACTED that, the pro-
ceeds of the said debtentures shall be ap-
plied and apportioned to the several pur-
poses hereinafter mentioned, and in the
amounts and proportion aforesaid, the
grants of the said local municipalities to
be paid to the Treasurers thereof respec-
tively, to be applied by them strictly to
the purposes aforesaid, and an account of
such application to be rendered by each
Reeve to the Council of the said County,
at the next December Session of this
Council.

No person lending money upon or pur-
chasing said Debtentures shall be bound
to see to the application of the proceeds
thereof.

AND BE IT ENACTED that, this By-
law shall take effect upon, from and after
the first day of October, in the year
of our Lord one thousand eight hundred
and seventy-two.

The above is a true copy of a proposed
By-law to be taken into consideration by
the Municipality of the County of Well-
ington, at the Court House, in the Town
of Guelph, in the said County, on the
first day of October, 1872, at the hour of
two o'clock in the afternoon, at which
time and place the members of the
Council are hereby required to attend
for the purpose aforesaid.
